## UNIONISTS WILL TEST ALLIANCE

Tariff Reformers Think Nationalists  
Are Opposed to Lloyd-George's  
Budget.

London, February 9.—The tariff reformers are determined to put the alliance of the Liberal and Nationalist to the test at the earliest opportunity. They believe that the Irish election is overhanging the Nationalist and that the Nationalist cannot be depended on to support a free trade government.

Accordingly, Chamberlain will move an amendment to the address in parliament raising the whole question of the existing fiscal system in the hope that the Nationalists will either vote against the government or abstain from voting.

Prémier Aquith returned to London this evening. He has called meetings of the cabinet for both Thursday and Friday and it is expected that he will go to Brighton on Friday to confer with the King. It is practically sure that the first business of parliament will be the re-consideration of the budget, which the chief Liberal whip tonight predicted will be passed into law tomorrow.

It is understood that the Prime Minister has decided that the expenses of the financial situation make this course desirable, as it is believed that the question of dealing with the veto, the House of Lords, will prove a long and difficult business.

Refuses to Recognize O'Brien.  
The two sections of the Irish party are already coming to grips. John E. Redmond, leader of the Nationalists, having called a party meeting at Dublin tomorrow, Timothy Healy, M.P. for the North Division of Louth, has written a letter to Mr. Redmond, challenging his action, and stating that every member elected, including himself, is entitled to be invited to the meeting. In spite of Mr. Redmond's protest, however, it is stated that Mr. Redmond has no intention of recognizing the O'Brian's as members of the party.

Insurance Bill in Committee.  
Senate Banking Committee Hears Amendment Proposed.  
Ottawa, Ont., February 8.—The Senate Banking Committee held its second meeting today in committee on this afternoon. Mr. Outhrie, for the Canada Licensed Fire Companies, offered a substitute for the 15 per cent. clause. It provided that before any Canadian individual or firm should be licensed as an insurance company an affidavit should be made to the superintendent of insurance, declaring that the insurance had been sought from licensed companies, without success, to four-fifths of the licensed companies doing business in the province in which the property is located.

Further insurance in unlicensed companies may be obtained through licensed brokers in Canada. He said there would not be the delay in this that might appear. If a policy was written and the property destroyed and the company declined to pay, the superintendent of insurance could compel the license of the broker and even declare his bond forfeited.

T. L. Morrissey, of Montreal, speaking for the Canadian Fire Insurance Association, held that as for unlicensed companies, it was undesirable to have them in Canada at all.

Great German Naval Base.  
Plans Have Been Completed for  
Gigantic Work.

Berlin, February 8.—Plans for the new great naval base of the German Empire at the western end of the Kaiser Wilhelm Canal at Brunsbutel, have been finished and work will be begun immediately. The total cost will be in the neighborhood of 30,000,000 marks (\$7,500,000). The work has been finally completed, which will require many years, it will be the greatest naval base on the North Sea. The construction of the new naval base carries immediately with it the deepening of the Kaiser Wilhelm Canal throughout the entire length, making it navigable by the largest German battleship now existing or to be built within the next decade.

India Censorship Passed.  
Calcutta, India, Feb. 8.—The press bill designed to suppress the dissemination of anarchistic literature, was passed by the Imperial council today. The measure requires the proprietor of newspapers and job printers to deposit with the government a sum of money which will be forfeited should the proprietor be convicted of an attempt to instigate murder or sedition or to influence the public against law and order.

Three Men Scalded to Death.  
Flint, Mich., Feb. 8.—John Smith, Henry Fuller and George Palmer, were fatally scalded this morning in a boiler explosion at the electric light plant. The others were badly scalded. The men were repairing the boiler which exploded when another boiler in the same room exploded. Four thousand men are idle today as the result of loss of power in the plant.

## MASQUERADED AS NUNS. Two Women Arrested at Lachine— Were Using Garb to Beg.

Montreal, February 8.—Two women were arrested today at Lachine. They were caught masquerading as nuns and travelling around collecting charity in that garb. Both were elderly women, one of them a mother of four and the other of seven children. They had faked up imitation nuns' clothing and started a door to door begging campaign. Their layout, however, was lacking in details, and they had not been on the beat more than a few hours before they were spotted and arrested. They were brought before the magistrate today, when one gave the name of Mrs. James Robinson and the other Mrs. Jean Lacombe, both well over forty.

Their husbands appeared in court. Both are working men, who stated they had recently moved from Hawkebury and that they knew nothing of their wives' attempts to eke out the family income. In view of their circumstances the women were let off with a sharp lecture and a fine of \$10 and costs.

## VETO OR THE BUDGET? THIS IS THE QUESTION

All Britain Heavily Discussing the  
Precedence of the Veto—Parties  
Budget and Vice Versa—Another  
Election.

London, Feb. 8.—(Special Cable to the Montreal Star)—Premier Aquith returns to London today to find his party split over the question of veto of the budget first. Lloyd-George's first public word on reaching London last night was, "Trust your leaders, they know best." But the Daily News, which is one of the most influential party newspaper combinations, still insists that if Aquith has not already received the King's guarantee, he must quickly overthrow the veto.

Meanwhile preparations are being made for a general election, despite the absence of fighting funds. The Unionists are beginning to keep their distinctive organization in the provinces and Lancashire. A weekly Transvaal has come forward to help convert Scotland. By a tariff reform organization. Radical organizers are also beginning to get funds through the newly organized Gladstone league and Free Trade union. They seek to stimulate subscriptions by the story that the tariff reformers have already received £1,000,000 and are prepared to spend another twenty millions.

Plans are now being formulated for an indefinite contesting thirty Nationalist seats, which would cause a leakage of at least 15,000 sterling from the P. O'Connor's already depleted war chest. The want of money will also be a governing factor in the decision of the labor party at Newport, Wednesday. It is supposed that they were largely financed by the Liberal party in the recent election.

To Stir Our Imaginations.  
Canadian Associated Press.  
London, Feb. 8.—The Chronicle devotes an editorial to the new governor general of Canada, and says he should be a man who would strike the imagination, and notes how greatly the imagination of the Canadians has been struck by the rumor that the Duke of Connaught would likely take the post but double whether this appointment is probable, it anticipates in any event the government will appoint a statesman of personal prestige who will maintain the traditions which have been enhanced by Earl Grey.

Cecil Horton, Liberal whip, speaking at Watworth, said that in a fortnight the budget would be passed and they would be attacking the Lords' veto. There were loud cries of "veto first." The opinion now seems to be that the graver necessity of putting the public finances on a satisfactory basis makes the passing of the budget the most urgent matter. Regarding the subject of the precedence of the veto over the budget the matter is dramatic rather than of technical importance.

Ironing Board Saved Her Life.  
New York, Feb. 8.—That homely household article, the ironing board, saved the life of Mrs. Mary Covert in Brooklyn today. When fire swept through the apartment house in which she lives, Mrs. Covert managed to pack up valuables and found her escape cut off. A cool-headed woman neighbor, then shooed the ironing board across an area-way and Mrs. Covert seized and scurried, crowded to safety in the adjoining building.

Attacks Driver Who Killed Her Child.  
New York, Feb. 8.—Mrs. Mary Lato, grief-stricken at seeing her young daughter, Anna, crushed to death under the wheels of a truck in North Avenue tonight, turned screaming on the driver and tried repeatedly to stab him with a hatpin. The police restrained her, while the driver, James Clinton, was hustled to a station house.

Daughter of Hon. Jos. Howe Dead.  
Halifax, N. S., Feb. 8.—A cable announced the death of Elizabeth, widow of Othbert Thompson, formerly of this city, in Limerick, Ireland. The deceased was 72 years of age, was appointed to report on the high cost of living in Kootenay.

## WILD STORY FROM FEDERAL CAPITAL

Ottawa Correspondent Says Opposition  
Will Force Appeal to the  
Country on Naval Issue.

Toronto, Feb. 9.—The Telegram's Ottawa correspondent wires as follows: The naval issue, newly created by the Drowshead policy of the Opposition, may yet bring about the dissolution of parliament and an appeal to the country by the Laurier government. There is enough debate in sight to last a month. The business of the government must be carried on in the meantime. That means supplies. The Opposition, it is said, will refuse to vote supplies and force an appeal to the country as was done by the Liberals in 1896. Not a dollar is available for civil government.

What Liberals Are Resolving.  
If parliament were not in session the government might resort to raising money by the Governor-General's warrant but that is not impossible. It is doubtful if Laurier can hold his Jubilee followers and restive Western liberals. The situation is said to be much more critical in government circles than has been believed or credited. Laurier's support is not nearly so solid as it looks on the surface.

## FARMERS PARLIAMENT OPENS. In Prince Albert To-day—Six Hundred Delegates in Attendance.

Prince Albert, Sask., February 8.—The greatest farmers' parliament ever held in the west opens here to-day, when the annual convention of the Saskatchewan Grain Growers opens. Today delegates have been pouring in from the surrounding country all day. Two trains were necessary to bring the contingent from the main line and the south. Six hundred are expected to face the speaker when the convention opens. The hotels are full, 150 private houses have three or four Pullman cars, on the track, are filled with delegates.

There is a suppressed air of excitement and the delegates are looking forward with enthusiasm to the work before them. The resolution committee met today and arranged topics for discussion, which include the tariff, the railway, the South African scrip. Amendments to the banking law, hall insurance, ownership of the oil and gas, and the province by the provincial government, initiating unearned increment, and initiating referendum. The direct legislation, Hudson Bay Railway direct contribution to the British navy, Federal ownership of territory, and transfer of ownership of internal elevators.

## SEVERE WEATHER IN NORTH In Alaska the Winter Has Been Very Cold—Four Perish.

Seattle, Wash., Feb. 8.—Three Nome men, who had been traveling from Nome to Fairbanks and Valdez on snow shoes and on sleds, report that the winter in the north is the most severe ever known. They left Nome December 7th, and encountered continuous heavy snow and temperature often 70 degrees below zero.

On the Valdez trail they reached Miller's road just before the height of the storm, and on entering the house found four persons frozen to death. After a brief respite the blizzard is raging again, according to cable advices. The Copper River trail road has been tied up.

## ELEVATOR DROPS SIXTY FEET Thirty-five Men Have Narrow Escape From Death.

Kenosha, Wis., Feb. 8.—Thirty-five employees of the Simmons Manufacturing company, had a remarkable escape from death here tonight, when an elevator in which they were riding from the sixth floor fell 60 feet to the bottom of the shaft. Eight men were taken out of the heap bruised and bleeding and taken to the hospital. It is feared that the accident may prove fatal to three of the men. The accident was caused by the breaking of the hydraulic shaft, which went through the bottom of the elevator.

## Castro Knocks for Admittance. Washington, D. C., Feb. 8.—The State Department has received information that former President Castro, of Venezuela, has arrived at the Canary Islands. This government has an implied contract with President Gomez of Venezuela, to keep Castro out of South America. President Zelaya, of Nicaragua, is on the way to Brussels. The U. S. understands it is their duty to keep the exit out of the beautiful western continent.

## Kootenay Presbytery Meets. Nelson, B.C., February 8.—The Presbytery of Kootenay met in session at P.O. Church here today. Rev. C. O. Mann, of Cranbrook, was selected moderator. A committee of five was appointed to visit Phoenix and Greenwood to enquire into conditions there, as certain difficulties have been encountered. A committee also was appointed to report on the high cost of living in Kootenay.

## LORD KITCHENER TO SUCCEED LORD MINTO

London, Feb. 8.—Lord Minto is to retire from the viceroyship of India in 1910, and Lord Kitchener will succeed him.

## ARRANGEMENTS FOR LEGISLATURE OPENING

Guard of Honor Will Be From "B" Squadron, Strathcona, of the A. M. R.—Aide-de-Camp Will Be Major Thibaudau and Lieut. Col. Belcher and Capt. Marriott Will Accompany.

With appropriate pomp and all due ceremony the first session of the second legislature of Alberta will be opened tomorrow afternoon at three o'clock by His Honor Lieutenant Governor Bulver. His honor will be escorted by a detachment from "B" squadron, Strathcona, of the A.M.R., in command of Lieut. L. W. May of Strathcona. The aide-de-camp of the Lieutenant Governor will be Major Thibaudau and he will be accompanied in his carriage by Lieut. Colonel Belcher and Capt. Marriott of "B" squadron A.M.R.

The ingoing mail weighs slightly in excess of 300 pounds, and is delivered by the Hudson Bay company, whose employees are both Roland and Loubit.

## 3,000,000 DOZEN EGGS IN STORAGE 100,000 Pounds of Poultry Also in Cold Storage Warehouse.

New York, Feb. 8.—There are 30,000,000 eggs in one cold storage warehouse in Jersey City, according to the information of the Hudson Bay company. N. J. grand jury today in its investigation of the big packing and other concerns which maintain extensive warehouses on the eastern side of the Hudson river. The eggs have been there since last March, it was learned, and are in perfect condition.

Prosecutor Pierre J. Garven, of Hudson county, will file an indictment against the managers of the Union Terminal Cold Storage company in which warehouse the eggs and poultry are stored, and officers of other large retailing companies, to appear before the grand jury on Friday.

## RIOT OVER TOWN CLERK. Pitched Battle Between Political Factions in Spanish Town.

Madrid, January 9.—In a pitched battle between rioters and the authorities at Santa Coloma today, a major and eight policemen were killed and a score of rioters were injured and beaten. Some of the latter are believed to have been fatally hurt, but were secretly taken to their homes. The appointment of a new town clerk brought on the trouble, in which the differing political factions took part. The mob marched on the town hall and was met by the military and the combined authorities. Troops have been rushed to the scene.

## HUSBAND TOO ILL TO HELP. Wife and Baby Fatally Burned by Explosion of Lamp.

Pittsburg, Feb. 9.—When a kerosene lamp exploded in the home of Andrew Pace at Walls, a suburb, early today, Pace, who is 32 years of age, was lying in bed ill with typhoid fever while his wife was in another room with their four-year-old baby.

In frantic efforts to rescue her child and helpless husband, Mrs. Pace was fatally burned. Her husband, who was unable to rise from his sick bed, watched the flames approach and was not rescued until the bed clothes had caught fire. He cannot live, as his condition even before the explosion was dangerous.

## Attacked Brother With An Axe. Nelson, B.C., February 8.—Martin Koesek was abusing an elderly man in a Russian settlement near the coke ovens at Fernie, when his brother, Mike Koesek, urged him to desist. Martin, enraged, attacked his brother with a double-headed axe, inflicting terrible injuries. Mike is now in a hospital in a precarious condition. Martin today was remanded by the Fernie magistrate for twenty-five days.

## Winter Carnival at Nelson. Nelson, B.C., February 8.—The thirtieth annual winter carnival opened at Rossland today. The first event was a masquerade carnival, three hundred being on the ice. The ice was in splendid condition. A large number of visitors from Kootenay and the Boundary were present.

## FAR NORTH MAIL NOW ON ITS WAY

From Lac La Biche It Will Be Conveyed  
by Dog Train to Fort  
Resolution, 1,750 Miles.

The far north mail left Tuesday on its long journey to the Herschel Islands. It will be conveyed from Edmonton to Lac La Biche and will convey it by horse and sleigh. At this point the regular carrier, Alex Loufit, will take it over and will begin the longest mail carrier's route in the world, with dog train from Lac La Biche to Fort Resolution via Fort McMurray, Fort Chipewyan, Fort Simpson, Wiglay, Norman, Good Hope and McPherson.

At Fort McPherson the carriers have the honor of completing his long trip down the Mackenzie, distributing at the following: Fort Providence, Simpson, Wiglay, Norman, Good Hope and McPherson.

The ingoing mail weighs slightly in excess of 300 pounds, and is delivered by the Hudson Bay company, whose employees are both Roland and Loubit.

## 3,000,000 DOZEN EGGS IN STORAGE 100,000 Pounds of Poultry Also in Cold Storage Warehouse.

New York, Feb. 8.—There are 30,000,000 eggs in one cold storage warehouse in Jersey City, according to the information of the Hudson Bay company. N. The ice was in splendid condition. A large number of visitors from Kootenay and the Boundary were present.

## BRITISH STEAMER TO RESCUE. Crew of Philadelphia Bark Taken Off in Heavy Sea.

Halifax, Feb. 8.—The crew of the Philadelphia bark Calcium, rescued by the British steamer Servian, off Hatteras, were brought into Halifax this morning by the Servian, which at once proceeded on her voyage from Port Arthur, Texas, for Manchester. The Calcium was sinking when the Servian came to the rescue, and when the men were taken off, the bark was fired and sank. A heavy sea was running. With great difficulty a lifeboat was lowered and seven of the Calcium's crew climbed down a rope and into the lifeboat. On the second trip, Captain Zwicker and the remainder of the crew got safely in and were taken aboard the oil tank steamer. The crew will be forwarded to their homes by the American consul.

## Suicide is Saskatchewan Man. Winning, February 8.—The man who suicided here on Monday, acting by shooting in the Arlington Hotel was identified today as Edward Brown, of Lethbridge, Saskatchewan, where his parents reside.

## TO HOIST STARS AND STRIPES AT SOUTH POLE

This is the Decision of the American  
National Geographical Society—  
The Roosevelt to be Used—Society  
to Contribute \$50,000 Toward Expedition.

Washington, D. C., Feb. 8.—The National Geographical Society has decided to hoist the stars and stripes at the South Pole. This decision was reported at a special meeting of the National Geographical Society board of managers. Prof. Gannan, president of the society, said that the expedition could be summed up in the words that it had accepted the proposition of Commander Peary, which has been published.

The joint expedition of the Peary Arctic club, and the National Geographical society will start next August. Peary and the Arctic club have put in the Roosevelt; the National Geographical society will contribute fifty thousand dollars and additional funds will be raised by popular subscription from among the 60,000 members of the society. President Gannan says that it has been decided to employ Captain Bartlett, McMillan and Borup of the Peary North Pole expedition. No one, he says, has yet been selected to lead the party.

"The primary object of course, is of this enterprise," said President Gannan, "is the discovery of the South Pole. The membership of the expedition will, however, be such that it will be prepared for the advancement of any move that the department of others may have in mind."

## UNITED STATES SQUEEZED OUT Great Britain Joins Russia and Japan Concerning Manchuria.

Washington, D. C., Feb. 8.—Press despatches via St. Petersburg from Peking, indicating that England had aligned her self with Russia and Japan in Manchuria, have had a quietening effect on the state department. The news is to the effect that the British Minister at Peking notified China that the U. S. must consult Japan and Russia before concluding arrangements with an American syndicate for the construction of the Chow Fur railway.

The impression created at the state department for the last two months has been that Great Britain was interested in furthering the interests of the British syndicate in Manchuria, as the U. S. was in advancing the interests of the American syndicate. Here will not comment on the news, but at the same time it is believed that a definite inquiry was made by the U. S. of Mr. Fletcher, its Charge d'Affaires at Peking, to ascertain the fact.

## ELOPED WITH STAFF OFFICER Daughter of King Edward's Private Secretary Makes Runaway of it.

Paris, Feb. 8.—According to the "Petit" Parisian, a fifteen-year-old daughter of Sir Henry Knolles, King Edward's private secretary, eloped six days ago with an English staff officer, whose name is unknown. The couple arrived at Marseilles on Sunday and spent the night at the Terminus Hotel. They left for Barcelona Monday morning.

Police Superintendent Arrow and two detectives are pursuing them. They arrived at Marseilles on Monday, but missed the couple by a few minutes. It is believed that the fugitives have now separated. The woman has been married for two years.

## Home Stealer in South Lethbridge, Feb. 8.—William Hanson, a home stealer in the Sundial district, sixty miles northeast of Lethbridge, committed suicide last night by cutting his throat. His father died here a few weeks ago. He has a wife and family in Chicago.

## GERMAN MENACE ENTIRELY TALK

Dr. Clark, Member For Red Deer,  
Delivers Spirited Speech on Naval  
Debate in House.

Ottawa, Ont., Feb. 8.—The second day's debate on the second reading of the Naval bill emphasized in the House of Commons today the fact that practically the whole of the opposition's case in support of Mr. Borden's amendment calling for the immediate contribution of Great Britain of twenty million dollars or the equivalent of two dreadnoughts, rests upon the supposition that there is an immediate danger of British supremacy on the seas being challenged by Germany.

"It was scarce and the waving of the Union Jack and the beating of the ultra-Imperialist drum with calcium effects of high sounding phrases; about loyalty and the singing of the National Anthem at the conclusion of Mr. Borden's speech on Thursday last, seem to be depended upon to win the support of the country rather than logical argument, a cool survey of actual conditions, and a due regard for basic principles of development of constitutional liberty and autonomous rights."

Retute Alarmist Figures.  
The assumption that Great Britain was exposed to an immediate danger of attack from Germany, as developed today by opposition speakers, Messrs. W. S. Mitchell, Martin Barrall and Dr. Spruille, was completely refuted by the quotations by F. L. Fowke, of the Ontario press, and Dr. Clark, of Red Deer, of facts and figures and opinions expressed by leading statesmen of Great Britain, in the light of the war scare was, in the light of actual facts, largely the result of the yellow press and that at the end of 1912 Britain would still be vastly superior to Germany with both men and ships.

Both speakers on the government side emphasized the fact that the only permanent solution of Canada's contribution to the defence of the Empire lay in the policy, stability and consistency advocated by the government; and that this was the only policy that would harmonize with the self respect of the Dominion as an autonomous nation within the Empire.

## Insurance Law Conference. The minister of justice announced that an inter-provincial and Dominion conference will be held to consider the constitutionality of a Federal insurance law. The conference will be held in Ottawa on Wednesday and will be attended by Messrs. F. D. Monk, who asked if the govern- ment proposed to test Judge Lea's recent judgment at Montreal, declaring the incorporation of incorporation of companies and other financial depart- ments of the Dominion as an unauthorized heretofore of C. P. R. Conductor at Spanish at the Spanish River wreck, and suggested that steps should be taken to have him awarded by King Edward medal.

## Hudson Bay Railway. Hon. George F. Grahnan gave the following revised estimates of the cost of the Hudson Bay Railway by alternative routes:

Churchill, Nelson,  
Construction ... \$11,261,220 \$ 8,981,000  
Shops, etc. .... 7,737,132 7,440,000  
Port Expnses .... 2,675,922 2,565,000  
Total .... \$21,674,274 \$21,486,000

Martin Barrall, who queried the Toronto Globe's report concerning the signing of the National Anthem in the House on Thursday last, declared that the incident occurred at the conclusion of Sir Wilfrid Laurier's address on the navy bill.

Mr. Barrall would not say that the article was sent out intentionally, but in view of the prominence which was given to it by a number of Liberal newspapers and in view of the fact that the premier last year was very severe on the morality of false telegrams, he thought they ought to have a statement from him.

## Naval Debate Resumed. Mentoring the debate on second reading of the naval bill, W. S. Mitchell, of North Grey, declared that the supremacy of British navy had been the cause of our Maritime peace for over a century. By strengthening the naval force of the Empire, we would be guaranteeing the peace of the world, but further than this, our existence depended upon British supremacy at sea. The British estimates included \$275,000,000 this year for the navy, and Canada was participating in the safety that force gave her navy and Canada got Great Britain was spending nine hundred thousand per day on the army, and the navy and Canada got the benefit of it. He regarded the im- perial navy as nothing less than an insurance policy against the horrors of war.

Mr. Middleboro expressed himself  
in the highest terms of the wisdom of Sir  
Wilfrid Laurier. In a speech at Boston  
eighteen years ago, Sir Wilfrid  
Laurier, then a member of the opposition, had said: "The interests of  
Chicago.

(Continued on Page Four)

### WITH THE FARMERS

**THE LOCAL MARKETS.**  
The past week has seen small attendances at the city market without change in prices. From present indications a number of the farmers are holding back with their products pending a rise in prices. The past weeks have witnessed a tendency towards a drop in prices and this has brought about a scarcity in some lines of farm products, but this scarcity has not as yet materially affected the prices.

Hay is about the only commodity that has been offered in large quantities, but even in this line there has been a falling off since two weeks ago. Quotations in coal remain at from \$3.25 to \$3.50 a ton, and at times some loads are disposed of at \$3.00 a ton, but this is more the exception than the rule.

Meat is being offered in large quantities and white fish is also plentiful. There has been a scarcity of dairy products and poultry being accounted for to some extent by the recent mild weather.

The quotations for the week are as follows:

Grain and Feed.	
Wheat at elevators, 75 to 82c per bus.	
Wheat to millers, 75 to 82c per bus.	
Oats at elevators, 50c to 57c per bus.	
Feed wheat, 60c to 65c per bus.	
Bran, per cwt., \$1.15	
Dairy Products.	
Dairy Butter, 20c to 25c per lb.	
Butter to dealers, 22c to 25c	
Creamery Butter, 25c to 30c per lb.	
Eggs, 35c to 40c per dozen	
Cheese, local, 15 to 18c per lb.	
Good Calves, 900 to 950 lbs., 5c to 5c	
Good Calves, 125 to 200 lbs., 3 to 3 1/2	
Middlings, 125 to 150 lbs., \$1.85	
Timothy Hay, 100 to 120 lbs., \$10 to \$12	
Upland Hay, 100 to 120 lbs., \$7 to \$9 per ton	
Greenfeed, 100 to 120 lbs., \$7 to \$9	
Live Stock.	
Choice hogs, 150 to 250 lbs., 8c to 8c	
Good fat hogs, 150 lbs., 8c to 8c	
Good fat steers, 1,000 lbs., 3 1/2 to 3 1/2	
Good fat steers, 900 to 1,000 lbs., 3 to 3 1/2	
Extra good fat heifers, 1,000 lbs., 3 to 3 1/2	
Medium quality, 900 to 1,000 lbs., 2 1/2 to 3	
Extra good fat cows, 1,000 lbs., 3 to 3 1/2	
Medium quality fat cows, 900 lbs., 2 1/2 to 2 1/2	
Light weight, poor quality, thin cattle, not wanted.	
Good Calves, 125 to 200 lbs., 3 to 3 1/2	
Good Calves, 200 to 300 lbs., 3 to 3 1/2

### MONDAY'S GRAIN MARKETS.

Winnipeg, February 7.—The market was another case of the unexpected this morning. With heavy weather shipments and a very decided bear tone to all the news, the market went up and closed fairly strong, with an advance of 1/4% in Winnipeg, 1/8% in Chicago and 1/4% in Minneapolis. In Winnipeg there was a fair demand, with again very light offers, very little export inquiry and practically no trade. The advance seemed due more to a determined effort on the part of worried bulls to force it up than anything else.

Winnipeg cash wheat—No. 1 Northern, 1.02; No. 2 Northern, 1.01; No. 3 Northern, 95; No. 4, 96; No. 5, 94 1/2; No. 6, 84 1/2; rejected 1 1/2 Northern, 85 1/2; rejected 2 1/2 Northern, 87 1/2; rejected 3 1/2 Northern, 85 1/2; rejected 4 1/2 Northern for seeds, 97 1/2; rejected 2 Northern for seeds, 96; No. 2 white, 36; No. 3 white, 30 1/2.

Winnipeg options: Wheat—February open blank close 1.02 1/2; May 1.05, 1.06 1/2; July 1.08 1/2, 1.09 1/2. Oats—February 28 1/2; May 38 1/2; July 42 1/2, 43 1/2. Flax—February 1.89, 1.88; May 1.94, 1.93. American options: Chicago—May 1.09, 1.09 1/2; July 99 1/2, 1.00 1/2; September 95 1/2, 96 1/2. Minneapolis—May 1.00 1/2, 1.01 1/2; July 1.03, 1.04 1/2.

### TUESDAY'S GRAIN MARKETS.

Winnipeg, February 9.—Liverpool came a little higher and one or two of the continental markets showed a slight advance. There were no fresh reports of damage to winter wheat, but those of yesterday seemed still to hover in the air. The Chicago bulls made a desperate effort to boost the market and with considerable success. The cash demand was good and offerings very light, though receipts were 316 cars, against 155 last year. All options in Winnipeg closed 1/4% to 1/2% lower for oats. The advance in Chicago was 1/4% all round and in Minneapolis 1/4% to 1/2%. Foreign crop summary was favorable but did not include Argentina, Australia or United States winter wheat. Winnipeg options: Wheat—February close 1.03; May 1.05 1/2, 1.06 1/2; July 1.08 1/2, 1.09 1/2. Oats—February close 28; May 38 1/2, 39 1/2; July 42 1/2, 43 1/2. Flax—February close 1.89; May 1.91, 1.90 1/2. American options: No. 1 Northern, 1.02 1/2; No. 2 Northern, 1.00 1/2; No. 3 Northern, 98 1/2; No. 4, 96 1/2; No. 5, 94 1/2; No. 6, 86 1/2; rejected 1 1/2 Northern, 87 1/2; rejected 2 1/2 Northern, 85 1/2; rejected 3 1/2 Northern, 85 1/2; rejected 4 1/2 Northern, 85 1/2.

(then, 96; rejected 1 1/2 Northern, 85; rejected 2 1/2 Northern, 85; rejected 3 1/2 Northern for seeds, 96; No. 2 white, 36; No. 3 white, 35; American options: Chicago—May 1.09 1/2, 1.10 1/2; July 1.12 1/2, 1.13 1/2; September 96 1/2, 97. Minneapolis—May 1.00 1/2, 1.01 1/2; July 1.03 1/2, 1.04 1/2.

### CHICAGO GRAIN MARKETS.

Chicago, Ill., February 8.—The farmers are again tightening their grip on the wheat in their hands. Advice received from both the spring and winter wheat belts say that farmers are refusing to sell wheat at these prices and that receipts at primary markets will show a wonderful let up after this week. There is widespread restoration of crop damage in Oklahoma and Kansas, the meeting of grain men at Kansas City, Mo., being almost a unit one way or the other," said Mr. Carruthers, the writer today that export business for Manitoba wheat were 1 to 2 cents out of line. He says the demand for abroad has fallen off materially during the past 12 days compared with the business of December.

The man across the water is likely to continue a careful buyer until such times as there is a change on the other side," said Mr. Carruthers. "It must be remembered that we are having increased Russian shipments and the world's total is big. Russia, Argentina and Australia are offering wheat freely."

Manitoba must hold a surplus of 200,000 bushels on the country elevators and farmers' hands, which must be sold for export before the end of the month. Export values are likely to pivot on Russian supplies. The government there says the surplus is enormous.

There were advances of 3/4% to 1% cents in corn on buying by shorts because of predictions of a heavy crop in the Orange Belt. The Orange Belt farmer, with unusual care, has looked into the matter of the corn supply and it says that the situation is alarming.

Ninety per cent. of the counties in Iowa report injury by October rains to the extent of 43 per cent., and Indiana, 22 per cent. North Dakota was badly injured, 65 per cent. of the counties report frost injury, while 23 per cent. make similar reports from South Dakota. Wisconsin was damaged to the extent of 43 per cent., while 98 per cent. of the counties in Minnesota were hurt.

Oats values moved in sympathy with other grains and rallied 1/4% to 1/2% higher. The market for hog products closed strong. The hog market was on the long side. Some of the smaller packers sold sparingly and there was some realizing by small holders.

### CHICAGO LIVE STOCK.

Chicago, February 8.—Cattle trade lost some of the bloom of yesterday, due to the fact that a lot of steers brought in from the market were not on sale. They did not get the benefit of the Monday's shipping demand and had to sell 10 cents lower.

Hogs market was 5 to 10 cents higher at opening. Sheep traded, although the 9-cent lamb kept in circulation.

### CHAMBERLAIN'S STILL BIG FORCE

In Interview He Declares Tariff Reform Must Be Policy of Unionist Party.

London, February 7 (Special Cable to the Montreal Star)—Joseph Chamberlain, in a spirited interview with Fabian Ware, editor of the Morning Post, has finally dismissed from the public mind the rumors set going for party purposes during the elections that Chamberlain was practically an imbecile, and that the letters published in his name were forgeries.

The interview also gives marching orders for the Unionist party in the campaign now opening. He says: "Don't be afraid of the food tax talk. I have never seen the good of giving it. Food duties are very simple to explain, and when explained they are always understood. We have many some our greatest difficulty in regard to them, for people can't go on repeating the same lie, and the little old and black birds are now played out. I don't think we shall hear much of them at the next election. If you don't give in something always happens. The elections show that the final victory will take a little longer than we hoped, but they make that victory more certain than ever."

Lost Ground in North. Chamberlain admits that tariff reform lost some of the ground previously won in Scotland. Land taxes and the budget are popular there and this month many tariff reform votes were lost owing to successful abuse and misrepresentation of the Lords and members of the House of Commons. This means that the Unionists must advance seriously, definite land reforms, and do it immediately, or a general election may come at any moment, but tariff reform must remain the main object.

"We did our best," says Mr. Chamberlain "where tariff reform was preached long. We fared worst in the North, where the people are vacillating or most timid. Tariff reform is the most popular part of our policy."

He reminded that certain weak-kneed Unionists suggested dropping the Imperial side of tariff reform. Chamberlain said: "There is no fear of that. That is its strongest side, the working classes are imperialists. I have spoken of the revolution on the Imperial question and they always respond to such an appeal. There is some talk of dropping the tariff reform. This can be no measure of tariff reform. It is a broad, deep policy, affecting the British Empire as a whole. It must have full scope or nothing."

"If the House in charge of the Department at Ottawa and the chief veterinary officer have been consulting with the board of health here. Joint action by the two governments has been decided on. The health and municipal authorities are being urged to Windsor would be well advised to order-in-council calls for the muzzling or tying up of all dogs in the city. Mr. Hanna's daughter was attacked by a collie dog on the street and severely bitten. A policeman shot the dog."

Washington, D.C., Feb. 7.—With the introduction of the Federal Incorporation bill in the House and Senate by President Taft has now before the country his plans for putting into effect the Roosevelt policies. With the interstate commerce bills and the antitrust legislation, the Federal Incorporation bill, enacted into law, the president thinks there will be at hand adequate facilities for regulation of the corporations. It is not the intention of the president at this time to press the federal incorporation bill through the House.

Several strikingly have been killed. To FIRE AT TARGET OF MAN. King's Prize Competition at Bisley to Be London, Feb. 8.—An innovation is to be made this year in the shoot for the King's prize at Bisley, when competitors at one range will fire at a target consisting of the large figure of a man. This is in line with the expressed desire of the war office that shooting conditions at Bisley should conform more closely to actual war conditions. It is not intended to make any very radical changes at one time but by a series of minor reforms gradually bring conditions into line with the Whitehall requirements. This will meet the strenuous objection voiced by veteran target marksmen who feared that their years of patient training would go for nothing.

### SENSATIONAL SUICIDE OF WOMAN AT FALLS

Beatrice Snyder, of Buffalo, Waded Out Into Niagara River, and Smiling When Who Thought to Rescue Her, Was Swept Over the American Falls to Her Death.

Niagara Falls, Ont., Feb. 7.—A young woman, believed to be Miss Beatrice Snyder, of Buffalo, N.Y., or Brooklyn, N.Y., committed suicide this afternoon by wading into the river above Prospect Point, and going over the American Falls. As the body was swept over the brink of the cataract she turned toward her would-be rescuers and smiled a farewell. Bystanders paid little attention to her until she began to run towards the river.

Without hesitation she waded into the river and turned toward her rescuers and smiled toward the men calling her to stop, but continued to move rapidly into deep water. In an instant she was whisked from her feet and careening towards the brink of the falls. As she passed out of sight she was still smiling.

On the bank was found a hand bag in which was a post card written to her parents and this note:— "Mamma and Papa—May you both forgive me for bringing this awful disgrace upon you in the last years of your life. I have now, out of heaven's father forgive all my sins. But I have been very good, thank God. You will find ship for money under your dresser chair. With my sincerest love for all your kindness and tender love, good-bye. Loving, Beatrice."

There was a card in the purse bearing the name Beatrice Snyder. With the lower river jammed with ice, and the jam increasing hourly, there is hope that the body will be recovered.

NICARAGUAN CAPITAL ALARMED. Government Victories Are Grossly Exaggerated by Officials. Managua, Feb. 7.—The jubilation that followed yesterday's victories of the Provisional President Estrada's army had been decisively defeated at Santo Tomas and that the city had thus been freed from the clutches of the revolutionary army was turned to wild alarm today by the news that General Menes and his army, who had reorganized their army, and are now only 40 miles east of Managua, and within an easy two days' march of the capital.

These reports of the government successes, it is now feared, are all doctoring by the government authorities and the plight of President Estrada's army is believed to be far worse than the early dispatches indicated.

The subject of Grain Raising will receive particular attention, with emphasis on soil cultivation. Samples of grains, grasses and weeds will be used for illustrative purposes.

Institution in Daicing will cover the production of milk to the marketing of the finished product, with general farm dairy machinery in operation.

### DAUGHTER OF HON. W. J. HANNA BITTEN BY DOG

Ontario Provincial Secretary Learns Two Hours After Having Addressed Legislature on Need of Action Against Spread of Rabies, That His Own Daughter is a Victim.

Toronto, Ont., Feb. 7.—Within two hours of his addressing the Ontario Legislature on the need of taking action to prevent the further spread of rabies in Western Ontario, Hon. W. J. Hanna, provincial secretary, received word from his home in Sarnia that his 13-year-old daughter, Margaret, had been bitten by a supposedly mad collie dog which he carried to the Pasture Institute in New York tomorrow morning.

Mr. Hanna told the House that the child was wishing to alarm the existing situation demanded the best attention of the authorities. In answering a question as to whether the government would take cognizance of the prevalence of rabies in Western Ontario, Mr. Hanna said: "I will give a different light on the reported defeat of the revolutionary army at Santo Tomas. General Menes and his army are reorganizing their army, and are now only 40 miles east of Managua, and within an easy two days' march of the capital."

The Department at Ottawa and the chief veterinary officer have been consulting with the board of health here. Joint action by the two governments has been decided on. The health and municipal authorities are being urged to Windsor would be well advised to order-in-council calls for the muzzling or tying up of all dogs in the city. Mr. Hanna's daughter was attacked by a collie dog on the street and severely bitten. A policeman shot the dog.

Many Dogs Bitten. London, February 7.—Reports of mad dog have been received from Strathroy, Adelaide township, Port Burwell, Port Rowan, Sebringville and Ellis township near West Wyalong, the party that took it. Four others of which 16 were killed. Four others have gone mad. Three children were injured. Mr. Hanna's daughter was attacked by a collie dog on the street and severely bitten. A policeman shot the dog.

First WAGE ARBITRATION. Under Erdman Act Favors Telegraphers of Illinois Central. Chicago, Feb. 7.—Arbitration, the first under the Erdman act, has now begun so far as the employees are concerned. The umpire in the arbitration between the Illinois Central and the telegraphers decided today that the latter should receive an average increase of nearly 10 per cent. The important parts of the decision were: Telegraphers in relay offices shall receive ten hours' pay for eight hours' work. Dispatchers shall receive ten hours' pay for eight hours' work. Telegraphers when they work ten hours or more shall have fifteen days' leave of absence each year with pay.

French Navy's Prominent Strength. Paris, Feb. 7.—The cabinet today approved the project of a new law fixing the permanent strength of the French navy as follows: Battle fleet, 28 battleships, 10 scout ships, 82 sea-going torpedo boats. For coast defence, 94 submarines, 2 mine layers. For distant foreign service, 10 ships. The foregoing does not take account of the various classes of special service, both transports and so forth.

Ten Injured in Wreck. Aitkin, Minn., Feb. 7.—Ten persons were injured in a collision, when the northbound passenger train No. 8, on the Northern Pacific, was derailed by a section of iron in the engine. Five passengers east of Aitkin today. The injured parties were taken to Duluth.

Change in Halifax Newspapers. St. John, N. B., Feb. 7.—The Standard (Conservative) publishes a report that the owners of the Daily Telegraph here have secured a thirty days option on the Daily Star owned by B. F. Pearson, Halifax.

## NEWS OF

### SEDEGWICK SEED FAIR.

Sedgewick and district had the most successful seed fair in the province this year. This success was due not alone to the numerous samples shown (which filled available space in the Barn yard), but by the interest taken by the fair who came to listen to the speakers and ask questions that would enable them to profit by advice given by fair officials. Sedgewick with its various districts of Flagstaff, Marlborough, and Galesburg, is rapidly vanishing along the line of scientific farming and the farmers look upon the seed fair as one of the best means of assisting them, not only to get the best sample but to be a source of information in dealing with other business on the farm.

**CHAUVIN.**

Bulletin News Service. A baby has come to this home. Mr. and Mrs. Tooth. This is the child born in the town.

At the last meeting of the Chauvin district it was decided to spend considerable money in advertising. The young people south of town gave a large dance in H. Sange's new house. About sixty were present. Refreshments were served, the goings being supplied by Mr. Chauvin.

**KEEPPILLS.**

Bulletin News Service. J. Bennett made a trip to town last week. Representatives from the Government telephone system are in the district making enquiries concerning possible subscribers.

Aubrey and Arthur Demill have returned from the McCool to the home.

Alex Osterman is now at Lobster Lake for a time.

H. G. Hearn, R. J. Porter and J. Bell made a trip together to Stony Plain last week on business.

H. Woodman is acting as councillor for this district 26-B-3 in the recent election. G. Ann making very good running against him.

H. Woodman was returned by acclamation for district 26-B-6 as councillor.

W. Ruff has returned from the Capital to his home, all with him speedily and complete recovery to perfect health.

W. Sharp paid a short visit to this district during the week.

**KEEPPILLS, Feb. 5th.**

## ADROSSAN.

Bulletin News Service. The Fairmount Methodist church is now located on lots 13 and 14, block 7. Services will be held in the tent during the winter months.

J. L. Wardrop has been suffering from bronchitis for the past two weeks. Many are glad to hear that he is recovered.

This is good weather for cutting logs. M. Hanlin is to move his saw mill to town next week.

The Adrossan post office is expected to be open for business on the 15th inst., when the mail service will be established.

The annual concert of the East Grey Bar local of the U. P. A. will be held in the school house on the evening of Feb. 15th. The usual good program and refreshments are expected. The regular spring moving in the Adrossan district is already under way. The changes are more numerous than year than usual.

J. H. Lewis, who has been acting operator at this point for some time left this morning for Loney, Saskatchewan, to attend to business.

The debate which was arranged for the meeting of the Progressives last February 15th, has been postponed till March.

The L. O. L. of Agricola will hold a social and concert in the school house this evening, February 15th.

**ADROSSAN, Feb. 7.**

ONTARIO DOGS TO BE MUZZLED

Alarming Spread of Dread Rabies Provokes Drastic Action by Authorities.

Ottawa, Feb. 6.—In Galt and Paris over sixty dogs have been killed and a few days ago a case of rabies was reported from Toronto. Dr. Rutherford states that there must now be scores of mad dogs scattered throughout the infected districts and every dog running loose is exposed to the disease. To stamp it out the only effective remedy is the one adopted and though the remedy is a severe one, the authorities believe it is amply justified by present conditions and by the danger to which the public is subjected. Just how long the order will have to be in force depends to some extent on the manner in which it can be enforced and upon the co-operation of dog owners and municipal authorities generally.

SEVEN MEN KILLED BY DYNAMITE EXPLOSION

Terrible Accident Near Kelvin, Arizona, of Copper Company's New Railroad, Becomes Impatient Over Delayed Blast, and Moved Forward.

Kelvin, Ariz., Feb. 6.—Seven men were instantly killed in an explosion today two miles from this place in the Ray Consolidated Copper company's new railroad leading from the mines to Phoenix and points to the east. The dead are: H. P. Lyal, formerly of Los Angeles; Walter Kreutz, recent graduate of California university at Berkeley; A. S. Eber, civil engineer of the Ray Consolidated; J. H. Joyce, civil engineer of the Ray Consolidated; J. H. Griffin, civil engineer of the Ray Consolidated; W. H. Froeland, of Denver; R. P. Coleman, of Salt Lake.

DUEL FOLLOWS ELOPEMENT

Private Father Challenges Son-in-Law and Kills Him.

Carrollton, Ga., Feb. 6.—In a duel with pistols fought near here today, T. R. Johnson, a wealthy planter, killed his son-in-law, Henry Camp. The duel followed the elopement of Camp with Johnson's 18-year-old daughter. Camp eloped with Miss Johnson four days ago, taking her across the line into Alabama, where they were married. Johnson, who bitterly opposed the match, swore that he would make his daughter a widow if he ever met Camp.

Senator Casgrain Swamped

Montreal, February 4.—The official returns of the recent elections were announced today, the final contingent, Dr. Guerin, the mayor-elect, a majority of 12,654 over Senator Casgrain, one of the largest in the history of the city. The total vote was far in excess of any previous registered, amounting to 45,739.

Montreal, Feb. 6.—Plans for the new terminals and annex into Montreal for the Canadian Northern are now ready and will be forwarded to Mackenzie and Mann for approval. Mr. Barclay of the C.N.R. stated today that the plans provided for an appropriation of \$5,000,000 and it is hoped that if they were approved the work would be completed within about two years. The present Canadian Northern station at Mount Royal is about three miles from the central district, so remote that people refused to go there and the through night passenger trains between Quebec, Montreal and Ottawa have been abandoned temporarily.

STEAMER WRECKED ON NORTHERN B. C. REEF

Passengers and Crew Arrive at Seward, Alaska, After a Month's Trying Experiences—Six Members of Crew Lost in Attempt to Secure Relief.

Seward, Alaska, Feb. 6.—The Alaska Steamship company's steamer Farralon is a wreck on a reef near Ilimmamma Bay and six members of her crew are believed to have perished in an attempt to obtain relief for the passengers. The passengers and other members of the crew arrived here today aboard the steamer Victoria by which they were rescued on February 3, after being nearly a month encamped in weather frequently of degrees below zero. The Farralon ran into her doom on January 5th, during a snow storm. She struck solidly. The tide was rising and soon the vessel was listing badly. There was no sea, however, and the passengers and crew managed to take to the boats without great difficulty. It also was possible to get supplies and some heavy clothing and bedding ashore and the castaways went into camp in fairly comfortable conditions.

DOG MUST BE CHAINED

Under authority of an order-in-council containing regulations in respect to rabies an order was issued Saturday by the department of agriculture on the report of Dr. Rutherford, veterinary director, general to the effect that rabies is known to exist in many widely separated parts of the western peninsula of Ontario, directing that all dogs in that part of the province, lying west of the eastern boundary of York and Simcoe counties must either be securely chained in an outdoor or other building or kept under lock and key or else kept constantly muzzled in a manner satisfactory to the veterinary inspectors of the department.

ANOTHER ROBISON CASE

St. Catherine's Ont., Feb. 6.—Daniel Eker is awaiting trial upon charges of having ruined the lives of two children, from a point a little east of Toronto, from a point a little east of Toronto and requiring the muzzling or chaining of many thousands of dogs, is bound to create a storm of protest, but both the provincial and federal authorities have agreed that the only way to effectively stop the further spread of the disease is by the above drastic methods.

OUTBREAK SPREADS

In the following month outbreaks were reported in Norfolk and Oxford. Early last year cases were reported from Waterloo, Wentworth, and Perth Counties and by July infected dogs had got as far west as Chatham in Huron County. During the past few weeks cases have been reported from

WEST MAKES RECORD IN GRAIN INSPECTIONS

Ottawa, Feb. 6.—During January, 1910, the cars of wheat inspected exceeded those inspected in January, 1909 by 1,591, and the excess of cars of grain of all kinds inspected was 2,138. For the first five months of the "crop" year ending 31st January last the inspections were 75,255 cars of all kinds of grain, 61,650 being wheat. This is the greatest quantity for this period in the history of the west. At the end of January the quantity of wheat in storage at Thunder Bay was 5,041, 667 bushels, as compared with 4,969,130 on the corresponding date of 1909.

FIRE IN SYDNEY, MANITOBA

General Store and Hotel Are Totally Destroyed.

Sydney, Man., Feb. 6.—A disastrous fire occurred here Sunday morning. About three a.m. fire was discovered in the general store of A. Biggins. The flames soon got beyond control of the volunteers, with the primitive bucket system, and efforts were concentrated on confining the fire, but this failed, the high wind igniting the Sydney House adjoining. Some of the furniture and all the private effects of the owners and boarders of the Sydney House were saved, but Mrs. Biggins and family barely escaped in their night gear.

ANOTHER MONROE COMPANY

Shareholders of Toronto Taxicab Co. Reduce Capitalization.

Toronto, Feb. 6.—The decision to wipe out \$224,000 of the \$300,800 subscribed stock of the Berna Motor and Taxicab company was reached at a meeting of the shareholders. Three-fourths of the stockholders were present, representing the great bulk of the subscribed capital. The proceedings were harmonious. A resolution in capitalization was generally agreed to be the only sound method of placing the company's affairs on a firm basis. Holders will get two shares for five originally held. The company was originally capitalized at \$500,000 and contained much watered stock. Geo. H. Monroe, a leading promoter, held \$80,000 worth. He has gone to New York.

\$600,000 FIRE IN TORONTO

Wholesale Section in York Street Threatened With Destruction.

Toronto, Feb. 5.—Fire, which broke out at 5.30 p.m. in the warehouse of Forsythe, Fraser and Weir, wholesale caps and furs, York street, gutted the entire premises and did considerable damage to the premises of H. T. Renouan an company, wholesale paper, and McMahon, Granager and company, wholesale dry goods. For over four hours the fire threatened the entire wholesale section bounded by York, Clarence, King and Richmond streets. The loss will total \$600,000 at least. The amount of insurance is not yet known.

\$500,000 C.N.R. Station at Montreal

Montreal, Feb. 6.—Plans for the new terminals and annex into Montreal for the Canadian Northern are now ready and will be forwarded to Mackenzie and Mann for approval. Mr. Barclay of the C.N.R. stated today that the plans provided for an appropriation of \$5,000,000 and it is hoped that if they were approved the work would be completed within about two years. The present Canadian Northern station at Mount Royal is about three miles from the central district, so remote that people refused to go there and the through night passenger trains between Quebec, Montreal and Ottawa have been abandoned temporarily.

MASSIEY HALL MANAGER DEAD

Toronto, Ontario, February 7.—Stewart Honouin, for years manager of the Massiey Hall and editor of the Financial Post, died this morning of typhoid pneumonia after a week's illness. He was married to Miss Beverly Robinson.

TO CONTINUE WAG ON SCHOOLS

Brest, Feb. 7.—Archbishop Duprat in his Lenten letter wishes the faithful to continue the war against the lay schools and to give the blessings of God on the forthcoming elections.

BEEF TRUST OPENLY DEFIED INJUNCTION

For Eight Years, Armour, Swift, Cudahy et al. Have Operated in New York State in Violation of Injunction—Fine and Imprisonment Now Confronts Them.

Albany, Feb. 5.—Meat trust officials are now confronted with fine and imprisonment or both, for contempt of court. Attorney General O'Malley is accumulating evidence that the Armour, Swifts and their associates have for nearly eight years flagrantly defied a New York state supreme court injunction against their fixing prices, preventing competition and otherwise violating the anti-monopoly law. The attorney general's prosecution of the ice and milk trusts and the activity he is now displaying in running down illegal meat combine warrants the prophecy that very soon a high tribunal will be called upon to say if the latter shall not be punished.

R. W. JONES TO BE GOV'T ENGINEER

Former G.T.P. District Engineer to Supervise Branch Lines Guaranteed by Government.

Premier Rutherford on Monday announced the appointment of a provincial government railway engineer in the person of R. W. Jones, who for some time past has been district engineer of the Grand Trunk Pacific with headquarters at Edmonton.

Mr. Jones will have the entire supervision of the branch lines being built under government guarantee by the Canadian Northern and the Grand Trunk Pacific, and the main line of the Alberta and Great Waterways, and it will be his who will have the say as to whether the conditions of the guarantee by the local government are complied with. The salary attached to this position is said to be about \$3,500.

HAS HAD LENGTHY EXPERIENCE

Mr. Jones has recently had the superintendence of the construction work on the main line of the Grand Trunk Pacific from Winnipeg to Wolf Creek. He is recognized as one of the foremost young engineers of the continent and his acquisition by the government will be an assurance of able supervision from the standpoint of the Provincial authorities.

Mr. Jones was for more than twelve years in the service of the Great Northern and took a prominent part in the building of that transcontinental from Havre in Montana to Seattle. He was also in charge of the construction of the Cascade tunnel. In part of 1903 he superintended the double tracking of the C.P.R. from Winnipeg to Fort Arthur.

In 1903 he entered the service of the Grand Trunk Pacific. From '03 to '06 he was employed in exploration and location work through the mountains, and from 1906 to June 1909 he was in charge of the construction of the G.T.P. from Saskatoon to Wolf Creek.

During the past few months Mr. Jones has been on a vacation trip preparatory to entering upon his duties with the Provincial government.

HON. MR. McNAB BETTER

Winnipeg, Feb. 7.—Hon. A. P. McNab left St. Boniface hospital this morning almost completely recovered from his recent serious illness. He was driven to the Royal Alexandra in a cab and will be able to proceed to his home in Saskatoon in a day or two.

NO NON-PARTY GOVERNMENT

Canadian Associated Press. Capetown, February 6.—It is stated that the negotiations for a non-party government for United South Africa have broken down, chiefly owing to the determined opposition of Premier Merx of Cape Colony.

FIRST TRAIN OVER G.T.P. BRANCH LINE

Special Train Carries Premier Rutherford and Party From Toled to Camrose.

The first train, other than construction, was run over the Toled-Camrose branch of the G. T. P. on Saturday. It was also the first train to run over a railway built under guarantee of the province.

The train left Edmonton about 10:30, reaching Camrose shortly after noon. "The town was at the station," or at least at the place where the station will be, and demonstrated satisfaction at the arrival of the first train in hearty cheers.

The guests generally expressed surprise at the progress Camrose has already made and confidence that this would be continued. There are now two railways into the town with a third on the way.

The luncheon at the Canadian club was an excellent one, presided over by Mayor Tweomey. President Cornelle, of the board of trade, President Burgess, of the Canadian club, and Mr. F. Pike, secretary of the board of trade.

Mr. C. W. Cross had travelled over the Camrose district five years ago and thought then it was a pity so fine a section had no railway.

Hon. C. W. Cross had travelled over the Camrose district five years ago and thought then it was a pity so fine a section had no railway.

Hon. C. W. Cross had travelled over the Camrose district five years ago and thought then it was a pity so fine a section had no railway.

BEER, COERCION AND SNOBBERY

These Three Elements Combined to Reduce Liberal Majority Says W. T. Stead.

London, February 7 (by William T. Stead).—The general election which has just closed will long be remembered for the extraordinary alteration of hopes and failures which each party was excited in turn.

London, February 6.—In an interview, Joseph Chamberlain said: "The final victory will only take a little longer than has been hoped."

But it did not stand alone. The Liberal party, feeling itself threatened, for the first time in their lives threw themselves up and in to the fray.

So it has come to pass that the Liberals have only one half the majority which they hoped for. It is the result of the ironies of fate that the party has lost and the landlords, who polled their very last man against the government, utterly failed to secure the changes which they most dreaded.

THE PRIZES. The Dr. Williams' Pink Pills Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 15th day of March 1910.

Every letter must be signed with the full name and correct address of the person sending it. If it describes the cure or benefit from the use of Dr. Williams' Pink Pills, described in the letter, it may be in the writer's own case, or one that has come under his or her personal observation.

Address all letters as follows: The Dr. Williams' Medicine Co., Brockville, Ont., Canada. Letter contest Department.

MORE THAN A MILLION INVOLVED IN DISPUTES

Labor Controversies in United States Embrace Many Lines of Industry—Workers Are in Every Instance Demanding Higher Wages—May 1st Deciding Day.

New York, Feb. 6.—Labor controversies coming to a head throughout the United States involve more than a million active workers.

As yet none of the large railroad companies have granted the demands of the conductors and trainmen and the engineers and firemen are presenting demands that will be submitted soon.

In this city the building trades, employes and employers are at loggerheads. The mason workers have been locked out and it is alleged that an attempt will be made to wipe out the steamfitters' organization.

Asquith Not Resigning. London, February 6.—There has been no further talk of Mr. Asquith's resignation.

Half Hoped for Majority. The old constitutional cry, "Grievances will be met," is raised, but more moderate voices urge caution.

Redmond as Prime Minister. New York, February 7.—The New York World publishes the following letter from Keir Hardie, relative to the political situation in the Old Country.

Must Be No Holding. "The one thing fatal to the Liberal party would be to halt in the campaign against the Lords. Much nonsense is being talked about the composite character of the anti-peers majority. The great issue against

ASAYA-NEURALIN

THE NEW REMEDY FOR NERVOUS EXHAUSTION

Physicians agree that a vigorous nervous system is essential to the successful treatment of Consumption. "ASAYA-NEURALIN" feeds the nerves with Lecithin (obtained from eggs), the element required for nerve repair.

Asaya-Neuralin is a powerful tonic and restorer of energy when hope is failing, and thus lends incalculable aid in throwing off the disease.

Asaya-Neuralin is a powerful tonic and restorer of energy when hope is failing, and thus lends incalculable aid in throwing off the disease.

EDMONTON NEWS

LOCAL.

Past Grand Master May, of the I.O.O.F., and a number of the members of the subcommittee of this city, will institute a lodge at Harlan, a new town on the G.T.P., on or about March 1st.

A recent subscription to the Bulletin comes to hand from Pearson Crossing. The subscriber is W. H. Carson, one of the leading farmers of that place and he sends \$5 in payments for the semi-weekly till March 15th 1910.

Forty-one members of the legislature absent when the session opens on Thursday next. They are Colin George Macleod, and Hon. W. T. Finlay. Mr. Genge is ill in the hospital at Lethbridge and Mr. Finlay is still in Toronto undergoing treatment.

Two members may be absent. There will be at least two more. The Penderon Hotel which has been conducted for several years by Nat Bell has been purchased by Andrew Roy, late of the firm of Deacon White and Roy, proprietors of the Deacon's Clear Store. Mr. Roy will take charge at once and will make every effort to continue the hotel as the best possible medium priced house. Mr. and Mrs. Bell will leave shortly on a trip to the south.

Toronto Immigration Office. F. W. Brown writes the Bulletin that he has opened the local government immigration office at 127 Front street, Toronto, where an exhibit of grains and grasses is being made and all kinds of alfalfa and medium priced house. Mr. and Mrs. Bell will leave shortly on a trip to the south.

For Grande Prairie. A. Patrik and F. A. Johnson, of Lacombe, with seven sleigh loads of household effects including implements, provisions and seed grain and a canoe, have come up from Lacombe and leave this week for the Grande Prairie country. The party will go by Athabasca Landing, to Lesser Slave Lake following the river and then across country to Beaver Lodge, where they have located land. Mr. Patrik was in the Grande Prairie country a year ago and selected land.

To Visit the South. Hon. Duncan Marshall left Sunday afternoon for Medicine Hat, where he will visit the Provincial Dry Farming station on Wednesday. He will then proceed to Lethbridge to be present at the opening of the first three stock industry schools at Lethbridge tomorrow morning. Mr. Marshall will also be a guest at the annual banquet of the Lethbridge board of trade which will be held tomorrow evening. He will return to Edmonton on Wednesday night to be present at the opening of the Legislature on Thursday.

High School Literary. A meeting of the High School Literary Society was held on Friday afternoon in the school room of McDonnell Methodist church. After the reading of minutes of the minutes the business was proceeded with. Then followed the program: Piano solo, Miss Helen Montgomery; vocal solo, Miss Joan Dawson; piano solo, Miss Gretchen Mercer; debate, Resolved that the House of Lords should be abolished. The affirmative was ably supported by Mr. Campbell and Mr. Beck; the negative by Messrs. Barrow and Miller. Mr. Hicks then briefly criticized the program and was followed by Mr. Isa, the judge with his report—a decision in favor of the affirmative.

Peters is in Ottawa. Commissioner Butchart received a letter from Hon. Frank Oliver, Monday, stating that F. W. Peters, of the C.P.R., is now in Ottawa in an effort to arrange for an increase of the Federal grant to the high level bridge to 15 per cent of the total cost. Mr. Oliver adds that he will advise the city what decision the government reaches in connection with the C.P.R.'s request, and also as to the transfer to the city of the present penitentiary property for property outside the city, and as to the building of a retaining wall along the banks of the Saskatchewan river.

3,200 Cars of Supplies. (Monday's Daily.) H. J. Fetter, superintendent of construction work for Foley, Welch & Stewart, contractors for the grading of the G. T. F. from the Macleod river to the mountains, is a guest at the Alberta today. Mr. Fetter has just come in to the city from Wolf Creek, the present head of steel, where he has been supervising the freighting of supplies and other preparations for the work of the year. Mr. Fetter says that his firm has now 1,500 teams engaged in freighting steel to the Macleod, some traveling as far as the Summit to the west of Jasper park. A train of 40 cars loaded with consignments for Foley, Welch & Stewart leaves Edmonton daily for the Macleod, and carries a passenger coach to the end of steel on Tuesdays, Thursdays and Saturdays. Mr. Fetter estimates that 3,200 car loads will be conveyed to the Macleod and freighted west by teams.

Musical Organization. On Saturday last, at a meeting of the choir and choral leaders of the city held in Mr. Vernon Barford's studio, a new city musical organization was inaugurated, to comprise both choral and orchestral parts and will be known as the Edmonton Philharmonic society. The society has for its object the furtherance of the higher and better class of music in the city. The following gentlemen were elected as officers for the season of 1910: Hon. president, Geo. H. Sockling; president, Jackson Hanly; vice-presidents, Messrs. V. F. Hunt and W. J. Hendry; conductor, H. Vernon Barford; secretary, treasurer, T. W. West; committees, Miss Moore, Messrs. W. Henry Watts, Hugh A. Watt, S. J. Harris, Miss Roe, Krankenhager, H. Stuebner.

New Village's First Council. The newly constituted village of North Edmonton held its first annual meeting Monday and elected the council for the year. The councillors are T. W. Fletcher, chairman; R. W. Grierson, and A. C. Birds. The principal business was the election of call for tenders for a sewer and water works. Among the first matters of business to come up for consideration was the council with the effort in securing cheaper telephone rates. The rate now charged is \$75 a phone. The agreed value of the building in the village of North Edmonton at the present time, including pig packing plant, is valued at \$1,000,000. The pig packing plant has a payroll of 200, the largest payroll outside of the city. Two hundred boys and 400 chickens and cattle are slaughtered every week.

Provincial Appointments. Recent appointments made by the Provincial Government are as follows: Stock Inspectors. E. Wainwright, Strathcona; A. E. Shaw, Holden; Walter Shub, Mannville. Game Guardians. Carl Herbert Ohrs, Ohrville; Guy Thaw, Raven; F. C. Walsdale, Vegreville. Fire Guardians. Ludwig H. Seumas, Valjejo; F. B. Weller, Caseyville; Carl Herbert Ohrs, Ohrville. Brand Readers. E. Miller, Strone; A. J. Hills, Dayland; Walter Sharp, Sedgewick; Perry Hubbell, Edenville; L. N. Bull, Haultain; Charles D. Brewster, Beaverfield; O. A. Hastings, Hastings Coulee; Geo. T. Campbell, Wanda; Ervin S. Stankly, Gilby. Resignations and Retirements. J. C. Wainwright, Strathcona, stock inspector; Wm. E. Hayes, Holden,

PERSONAL.

R. T. Telford, M.P.P., of Leduc, is in the city for the opening of the session of the legislature. He is in the city to see E. L. Bouston, proprietor of a coal mine at Camrose, is in the city today.

Taken to the Fort. Constable Hays arrived in the city last evening with Moses Bellore who will serve a term of six months in the Mounted Police barracks at Fort Saskatchewan. Bellore was convicted last week at Morinville for stealing a rifle from his brother.

Hon. C. W. Fisher Speaker. It is understood that Hon. C. W. Fisher will be again chosen speaker at the session of the Provincial legislature which opens on Thursday. The guard for the Lieutenant Governor will be furnished by the Alberta Mounted Rifles and the opening ceremonies will take place at three o'clock. After routine business and appointment of committees the legislature will adjourn on Friday until Monday.

Faces Two Charges Now. As a result of failing to appear in court when served with summonses Wm. N. Tompkins, of the Owl Pool room, will have to answer to two charges instead of one. The summons was issued for running a pool room without a license at the corner of Third and Jasper. The case was to have a hearing at 10 o'clock, but Tompkins failed to put in an appearance. At the afternoon sitting a bench warrant was issued for his arrest for contempt of court.

Salvation Army Secure Land. The Salvation Army of Canada has recently completed the purchase of lots 9 to 16 block X facing on David street and just east of the Grand View Hotel. These lots have a 215 ft. frontage on this street which is 66 feet wide and have a depth of 160 feet. With the opening up of David street as a regular thoroughfare in the near future their property will be much more valuable already the army has had a considerable more than was paid for the property.

Loses an Eye While Skating. Reginald Gregory, assistant engineer at the city engineer's department, met with a painful accident on Sunday afternoon while skating on the river. David street was a regular thoroughfare in the near future their property will be much more valuable already the army has had a considerable more than was paid for the property.

Good Fur Prospects. Indications in the north are for two good fur years at the end of the rabbit in the north is the barometer of the fur trade. When the rabbits are plentiful other fur-bearing animals who prey on poor bunny as a means of livelihood return in large numbers and the fur catch is increased.

Gold Discovered on Peel River. The Waugh Brothers, who have been prospecting for gold in the last five years in the Yukon and at the headwaters of the Peel River, are coming out in about two weeks. They have discovered five million dollars in large quantities and are coming out to buy larger mills and enough provisions for two years. The steamer "Eva" toward Waugh Bros. boats along the Great Slave Lake late last fall. They were then going back to the headwaters of the Peel, over the Divide and down to Vancouver via Skegway. And in conversation with Ed. Nagle, of Hyslop and Nagle, they said that they had made a good strike on the Peel. This confirms the opinion of all the northern gold miners, that there are rich deposits at the headwaters of the Peel, whose source is the same as the Yukon.

Southampton to Be Port. London, February 4.—It is practically decided that Southampton will be the English terminal port of the new steamship service to be inaugurated this spring by the Canadian Northern Railway Company. Sir Charles Scott, president at a meeting of the London and Southwestern Railway Company today, made a veiled reference to the subject when he said that negotiations were proceeding which would result in another large line of steamships using Southampton as a terminal port.

New Italian Steamship Company. Rome, Feb. 6.—It is reported that Vice-Admiral Bettolles, minister of marine, has succeeded in forming a National Steamship company, composed of the Lloyd's, Sabaudo, Italiano, Pirote, Venetian and Pubblica company with a capital of \$15,000,000. The new company is supported by local banks. It will undertake postal and commercial services under the Bettolles law, which will be presented to parliament two weeks hence.

Ceflonal Representation. London, Feb. 4.—J. N. Griffiths, M.P., writes to the Mail suggesting that if the House of Lords is to be reformed it be in the direction of an imperial senate. The present senate should be reduced to six members. He suggests that Canada should nominate ten representatives, Australia eight, and the other Dominions in proportion. Editorially the Mail supports the idea and says colonial representation in the House of Lords is practicable and necessary.

RUSHING SUPPLIES NORTH.

Hypolod Nagel, fur buyers, are rushing their supplies to the mountains, before the snow leaves. Mr. Nagel states that with the contemplated weather he was anxious to have all the heavy merchandise as the way becomes impassable and it would be impossible to transport his supplies in time for the early start to the Athabasca. He is shipping 8000 to 10,000 pounds per day now.

CAUSE UNKNOWN IN WEBBWOOD DISASTER

Pedestal in Car Truck May Have Been the Cause, But Coroner's Jury Would Not Place Responsibility on This—Ask Railway Commission to Make Certain Investigations. Suburb, Ont., Feb. 4.—In the face of positive evidence that it was a broken pedestal on the forward truck of the first class coach that caused the Spanish River wreck, Coroner Hovey's jury tonight returned a verdict, cause unknown. General Superintendent Gendron, of the C. P. R., and the E. J. Reaugh, special engineer for the crown, were agreed as to cause as above. The following riders were attached to wrecked car: "We would recommend that the following be thoroughly investigated by the Railway Commission of Canada:— "Are three section men sufficient to keep an eight-mile section in proper condition during winter, in rigorous climate of Northern Ontario? "Should openings be placed in roof of cars capable of being opened from either in or outside, suitable for escape of passengers in case of overturn of cars? "Should emergency tools be carried in convenient places outside of cars as well as inside? "The investigation, presented by Crown Counsel Drayton, of Toronto, has been most thorough, and the road bed, ballast, track, and rolling stock, were gone into minutely. Interest finally centered on foremost trucks of first class car. "The P. R. officials were induced to haul these out of the frozen river and the appearance of them this morning has been most startling. The north front end box was broken off, caused by the breaking of the pedestal, which fits around 4, and takes care of the side to side play of the axle. This would allow the wheels on this side to drop back about eight inches and the angle of the two flanges would widen the gauge sufficiently to spread the rails. "Mr. Reaugh gave two reasons for the pedestal. The first was that the wood found wedged between the wheel and pedestal, which might have been a piece of tin base on fire run out from Skegway. On the other hand, oscillation of the car at an excessive speed, over the curve might have caused the pedestal to be forced into such oscillation was given by John H. Wade, of Suburb, who declared that the farmer was swaying so much that the pedestal was forced into a glass. "The jury was generally looked for that the jury would recommend heavier rails on all embankments, because many questions were asked concerning this feature. It was found that the company had done even more in this direction than called for.

DIED WHILE WASHING.

Winnipeg, Feb. 7.—Mrs. N. Mays, of 685 Pacific Avenue, dropped dead this morning while washing over a tub. Heart failure was the cause. She was 41 years old. Her husband is a Canadian Electric driver.

IS YOUR HUSBAND A DRUNKARD

Is Your Father a Drinking Man? Is Your Son on the Downward Way? YOU CAN SAVE HIM

Write to This Woman To-Day

She cured her husband, has her brother and several of her neighbors, and now she generously offers to tell you of the simple, inexpensive remedy that she has discovered. The remedy can be given to the patient who is suffering from any form of alcoholism. It is not a habit-forming drug, and it does not cause any of the ordinary ailments of the stomach. It makes the patient feel better, and it restores the system to its normal condition. It is the only remedy that has been found to be effective in curing alcoholism. It is the only remedy that has been found to be safe and reliable. It is the only remedy that has been found to be cheap and accessible. It is the only remedy that has been found to be permanent. BOGUS TICKET SCARE. The discovery of a tobacco tag about the size and color of a cat ticket in Conductor Pearce's fare box was the cause of a slight commotion among city railway officials. But upon examination it was found that only one ticket of this character had been accepted. The conductors were notified and two attempts were frustrated to pass similar tags in lieu of tickets today.

SPRING RUSH NOT YET BEGUN. The rush of spring building has not yet started, although a number of large permits have been taken out of the office of the building inspector since the beginning of the year. Inspector McKinnon states that he has received many inquiries and expects work to commence in earnest early in the month. Latest permits issued are as follows: W. R. Killips, lot 27, block 15, R.L. 16-18, Spring Avenue, residence to cost \$2,500. Thos. Lee, lot 214 block 6, H.B.R. Sixth street, residence to cost \$1,800. Robt. J. Wilson, lots 3, block 20, R.L. 10, Fraser Avenue, residence to cost \$1,900. J. E. Weldon, lots 41 and 42, R.L. 6, First street, office building, to cost \$1,500. H. W. Mills, lots 47 and 48, block R.L. 18, Ottawa, residence to cost \$1,500.

Wanted. Mrs. Margaret Anderson, 240 Home Avenue, Hillburn, N. Y. Please tell me about the remedy you used to cure your husband, as I am personally interested in this remedy. Write your name and full address plainly in the coupon below and send it to me.

SEMI-WEEKLY EDITION

VOLUME V.

CONTRACT \$3,000

W. R. Clarke, President of A. and Great Waterways Line announces the Result of his Trip East.

COMPLETE CONSTRUCTION OUTFIT TO BE HERE IN FEW WEEKS.

The Aim of the Company is to 200 Miles of the Line Completed During the Coming Summer.

Three Survey Parties and Two P. and G. Parties Are Now on the Road Line—Another Party is Being Organized—New Engineer S. Darling, Late of the C.P.R., is Expected in the City This Afternoon.

Contracts for supplies for the Alberta and Great Waterways railroads totaling in amount to upward of three million dollars have been awarded during the past few weeks by president of the company, W. R. Clarke, who arrived in the city Tuesday from the East. This was information handed out to the Bulletin Wednesday by the president of the company on Jasper Avenue west. Since the railway project was last here he has spent a great deal of the time in Montreal closing deal for the supplies.

The contracts include 40,000 of fifty-six pound steel rails to be used during the past few weeks by president of the company, W. R. Clarke, who arrived in the city Tuesday from the East. This was information handed out to the Bulletin Wednesday by the president of the company on Jasper Avenue west. Since the railway project was last here he has spent a great deal of the time in Montreal closing deal for the supplies.

In addition to the above contract a construction outfit has been purchased, consisting of steel shovels, spikes, iron tools, and other equipment. It will arrive here in the course of the next few days. The outfit is to be used for the construction of the line in operation next summer.

As announced some time ago, the bridge and culvert timber for the project has been ordered from the Melville Lumber Co. and A. Walker, of Lamont.

200 Miles Next Summer. The one object that has been had in view during the past few weeks is to have two hundred miles of the railway completed during the coming summer. At the present time there is no reason why this much of the line will not be completed before next summer.

New Engineer Coming. The new engineer, F. S. Darling, of Toronto, who will have charge of the line in operation next summer, is expected to arrive in the city this afternoon. Mr. Darling has for the past seven years been in the employ of the C.P.R. At the present time one of the leading men of his line in Eastern Canada. With the chief engineer, Dr. Waddell, and the assistant, Cecil Goddard, the company will have an engineering staff composed of men of the highest ability in railway construction.

Survey Parties at Work. There are now three survey parties at work on the line between Edmonton and Fort McMurray. A fourth party is being organized and will be sent in the course of a few days. In addition to these there are also two teams of commissaires or preliminary parties at work.

Asked as to the location of the line in the vicinity of Lac La Biche, Mr. Clarke said he was not yet in position to make an announcement. As the time for calling for tenders for grading drew near the survey parties will be sent out to get the location of the line. The location will depend upon the conditions that they find in their survey.

Dr. Waddell, by chief engineer, is now out on the line in the vicinity of Lac La Biche, and will not be here for some days.

"Though I would like to see him as soon as possible I do not want to hurry him in," said Mr. Clarke. "My object is to get the surveying work rushed on as quickly as we can in order to attain our object of 200 miles of line finished and this movement is being put to rest for the present. The company object, but later it will be decided to use them on part of the line."

"Our whole object has been to get the line in operation as early as possible," said Mr. Clarke in speaking of this question. "We now find that we can use spruce on a portion of the line. The G. T. P. have used a large number of spruce ties on part of the prairie section."
