## TENNIS CLUB ANNUAL MEET

Additional Court to be Added—Quota Will be a Feature This Year—Officers Elected.

The Bridgetown Tennis and Quilt Club held their annual meeting on Monday evening in the Board of Trade rooms with a good attendance and much enthusiasm manifested in the coming season's programme. Officers were elected as follows: Honorary President—Stipendiary F. R. Fry; President—Owen Graves; Vice-Pres.—Miss Ethel Daniels, Mrs. Treas.—Dr. L. L. Crowe; Managing Committee—Messrs R. W. Donaldson, V. A. Lloyd and James Fay; Tea Committee—Miss Frances Fowler and Mrs. K. B. Ewan; Entertainment Committee—Mrs. Kenneth Leslie and Miss Hortense Griffin.

There were fourteen proposals for membership. This will bring the club up to a roll of fifty-four and prospects are exceedingly good for a pleasant and highly successful season. Quota have been in the discard for some years back but it is now proposed to add this feature once more and considerable interest is manifested in this feature of the seasons programme.

The chairman of Montreal, a former citizen of the town and always active in its progress and development, generously offered to contribute half the cost of a new club house. He is to be asked if it would be agreeable to him to keep this offer open for one more year. The large increase in membership makes it essential to add another court to the grounds and this work will be taken up as soon as weather conditions permit.

From present indications the coming season should be most successful yet in local tennis circles.

## CLEMENTSVALE

Miss Hazel DeForest, our primary school, spent the week-end with friends at Cross Roads, Digby Co. Mr. and Mrs. Burtis Freeman of Lansdown, spent Sunday with Mrs. Freeman's parents, Mr. and Mrs. Wm. Fry.

Mr. and Mrs. V. A. Long, and Mrs. Fred Long, spent Friday at Annapolis.

Mrs. Wm. Wright of Round Hill, who has been visiting her sister, Mrs. A. S. Brown has returned home.

Miss Vivian Millett who has been ill since her return from Brookline, Mass., several weeks ago, is slowly improving.

Mrs. Murray Harris and children of Bear River spent Sunday at Mr. Eber Peters.

Master Harold Sanford is visiting his grandmother, Mrs. Zenas Sanford, Prineville.

2. Paper on C. G. I. T. Work—Viola Tupper.
3. Violin Solo, Margaret Armstrong.
4. Exercise, "Oh! Canada," C. G. I. T. Groups.
5. Round, Junior C. G. I. T.
6. Piano Duet, Florence Ruggles.
7. Exercise, "Oh! Canada," C. G. I. T. Groups.
8. Reading, Edna Miller.
9. Song, Alleen Fay.
10. Piano Duet, K. Messenger and Viola Tupper.
11. Song, Pearl Whynot and M. Jefferson.
12. Reading, Jessie McLeod.
13. Song, Margaret Armstrong and Phyllis Wentzell.
14. Silent Acting, a picture of Pioneer Days—Senior C. G. I. T. Close—Taps.

## DEEP BROOK

Mrs. Mary Lowe of Clementsvalle is spending a few weeks with relatives and friends in Deep Brook. Mr. and Mrs. Charles K. North arrived here last Saturday from Europe where they have been spending the winter. They will occupy Miss Emma McClelland's home for a few months. Mrs. Robert Spurr returned home on Friday after a pleasant visit with relatives and friends in Boston and vicinity.

Mrs. Flora Pindy, Mrs. Mary Lowe and Mrs. L. E. Sherman spent Friday with relatives at Bear River.

The Dorcas Society held a very pleasant meeting on Wednesday at the parsonage with Mrs. I. D. Lytle. The Annapolis Co. quarterly meeting will be held with the Deep Brook Baptist church early in May.

## OBITUARY

Mrs. Annie Walker.

The funeral of Mrs. Annie Walker, widow of the late Capt. Andrew Walker of Clementsvalle, took place at St. Thomas's R. C. church at Annapolis at ten o'clock Wednesday morning after a requiem mass, celebrated by the Rev. D. J. Summers. Her death occurred at Brookline, Mass., on the evening of March 25th of apoplexy after a day spent the usual duties and activities of every day life.

The late Mrs. Walker was born at Dalhousie, N. S., fifty-one years ago, was the younger daughter of the late Thomas and Mary (Burney) DeVany, and is survived by one sister, Mrs. A. A. Forrester, of Middleton, N. S.; four brothers, James, of Newton, Mass.; William, of Upper Clements; and Thomas and John L. of Annapolis Royal; also a number of stepchildren.

Her life was characterized by an earnest devotion to the duties confronting her together with a ready and helpful interest in the welfare of those with whom she was associated. She is mourned by a wide circle of friends and relatives. Interment took place at St. Louis Cemetery.

## HUBERT V. POTTER.

Hubert V. Potter, 17 Boston St., Salem, Mass., passed away March 26th very suddenly while at his work. He was born in Clementsvalle, N. S., Aug. 22nd, 1854, and had been a resident of Lynn, Mass., for about 31 years. He leaves a wife, Addie Louise a brother, Geo. F. Potter of Lynn, Mass., two daughters, Mrs. H. D. Brown, of Lynn, Mass., and Mrs. F. L. Smith of Bechtmont, Mass., and two grand children, Vera and Robert Smith. He was a member of the Lakeside M. E. church of Lynn and the Star of Bethlehem Commandery U. O. G. C. of Lynn.

## BEAR RIVER EAST

Mr. John Tupper of Round Hill, spent a few days at the home of his sister Mrs. Fred E. Jefferson. Gald to report Mrs. Arthur Jefferson recovered from her recent illness. Mr. Daniel Dukeshire has returned home after being employed in the woods all winter. Mr. and Mrs. Fred E. Jefferson spent Sunday with Mr. and Mrs. Charles H. Tupper, Round Hill.

## NO ACTION ON PETITION

Council Considers Contention For Mr. Prosser's Appointment as Temperance Inspector For Town Not Sustained—Other Matters.

With the exception of the passing of a couple of bills and a slight discussion on publicity in connection with boosting the tourist business the time of the Council at Friday night's session was wholly taken up with the matter of the petition for the appointment of Rev. A. J. Prosser as Temperance Inspector for the Town. The request of the petitioners was rejected. Mayor Hicks was called away Friday on business and deputy mayor C. B. Longmire presided. Streets payroll \$20.75 was ordered paid and an account for board of Rena Phinney at the Maritime Home for Girls was read and after a few questions and remarks ordered paid to Maritime Home.

A letter was read from F. C. Whitman of Annapolis County representative of the Nova Scotia Publicity Board asking opinion from the Council on what they considered the best way to deal with these problems. He thought the various centres of the County from Bear River up to Middleton might combine their efforts with good effect. Plans could be drawn up, tourists directed, names of those wishing to accommodate visitors, arrangements for auto camping parties made. Bridgetown might specially feature Bay Shore attractions at Hampton as well as other features near at hand. Public meetings would be good features to invite interest. He would also like to know what money the town could devote to publicity purposes.

The city of Halifax had agreed to raise \$5,000 if the province outside the city would raise another \$5,000. They had employed A. J. Campbell as secretary in Halifax at a salary of \$3,500 and proposed to advertise the Province to the full extent of money raised. Mr. Whitman also reported that when in Halifax the other day he had learned of the visit of an American bonding company which offered to finance forty per cent. of the capital and agreed to arrange the capitalization of a hotel company at \$200,000 to provide a hotel in Halifax, another in Yarmouth and a third to the eastward, besides two cottage colonies on the South shore and one in Cape Breton.

The letter was ordered to be acknowledged and favorable consideration will doubtless be given as the question is receiving further attention next week by members of the Council.

About this time a large delegation of ladies accompanied by three gentlemen arrived in connection with the petition which had been presented for the appointment of Rev. A. J. Prosser as Temperance Inspector for the town of Bridgetown.

Mr. K. L. Crowell, barrister was present to present the case on behalf of the petitioners. Mr. Crowell went into the matter at some length from the first. He took the view from the reading of the Act that any Temperance Inspector had the power to inspect the books of the Vendor. Chief Inspector Knight took opposite view. On this latter view inspection privilege was withheld from Mr. Prosser. No fault was found with the present Inspector but he considered that the County Inspector should have the same privilege of inspecting the Vendor's books as was conferred on the Inspector for the town.

This was the only town in the county. (Continued on Page Five)

## BELLEISLE

Mr. B. C. Goodwin left here last week for Boston. Mr. Hugh Troop had the misfortune to lose an ox last week. Miss Susie Troop was visiting last week in Bridgetown. Miss Hattie Allen and brother John of Hampton, spent last week and with their sister Miss Fred Gesner.

Mrs. Wallace Covert of Karsdale, is making a week's visit with her parents, Mr. and Mrs. A. W. D. Parker. Mr. Harold Bents will be away for the season the middle or last week.

Mr. and Mrs. Clifford Bent went to Halifax Monday for a week's visit with her brother Charles Chipman, barrister of Halifax.

Mrs. R. L. Dodge made a short visit to Digby last week to see her daughter-in-law Mrs. Harry Dodge, who was home from New York to her mother's funeral, Mrs. Charles Dakin.

## Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mr. Howard Willett of Tupperville, left on Thursday for St. John to look after a carload of oranges and grapefruit consigned to the Willett Fruit Company from the Florida groves, owned by his father, Mr. F. H. Willett.

Mr. and Mrs. Reuben Bezanson and family left last week for Boston and expect to reside for a time in the United States.

Mr. E. H. Collins of Digby, spent a few days in town last week.

Mrs. F. G. Corbett of Bridgetown, is visiting her sister, Mrs. L. B. MacLeod, South Street—(Register).

Mr. K. L. Chipman of Halifax, Freight and Passenger Agent, D. A. R., was a visitor in town last Thursday.

The many friends of Mrs. E. C. Young are pleased to learn that she is making a good recovery from her recent illness.

Miss Catherine Pratt was a recent guest of her uncle, Mr. George Pratt and of Mrs. Pratt, Wolfville.

Mr. Claude Kelly of Middleton was a visitor in town on Friday.

Mr. G. E. Archibald of Halifax, Provincial manager for the Canada Life and Rev. G. P. Raymond, of Berwick District manager for the same company were visitors in town on Thursday.

Miss Harriet Dodge of Kentville, was a guest last week of her parents, Mr. and Mrs. H. S. Dodge, accompanied by Miss Gertrude McKittrick, also of Kentville.

Mrs. Arden Lewis who has been visiting her sister, Mrs. W. H. Dargie left on Thursday for her home in Digby.

Mrs. Horace Everett has returned from a visit with friends in St. John. Mr. Philip Donat of Kentville, was a visitor in town last week. He expects shortly to leave for England on a visit to his old home in Manchester.

Mr. W. B. Snow of Smith's Cove, representative of the British and Foreign Bible Society spent some time in town last week and was a guest at the Colonial House.

Mr. W. B. Eaton of Wolfville was here some days last week on business.

Captain A. D. Archibald, Mrs. Archibald and daughter, Phyllis and Jean, returned last week to their home in Toronto after a pleasant visit with

## VISITORS FROM MIDDLE WEST

Representatives of Bankers Life Will Tour Province Next August in Special Train—Features of Itinerary.

Among the important conventions next summer in Montreal will be that of the Bankers Life Company. Most of the members are from the Middle West and it is expected that five hundred will gather at Montreal. What, however, is of greater interest provincially is the fact that one hundred and twenty-five of these as a reward for special selling service will be given a tour through the Maritimes. The party travels in a special train with pullmans and diners attached, and will be in expected spend August 15th and 16th in Halifax, going through to Grand Pre the day following. After visiting this historic spot, they will be driven by auto to various points of interest in that part of King County, and will have dinner at Cornwallis Inn. Continuing to Yarmouth they will be met there by representatives of the Town and Board of Trade and among items of entertainment planned is a steamship trip and a genuine clam bake on one of the islands in the harbor. These last features will prove of interest and novel pleasure to the party, many of whom will doubtless be enjoying their first sight of the sea. They will have an excellent opportunity of seeing our Annapolis Valley under favorable conditions and the advertising which Nova Scotia will get as a result of this visit will be considerable.

The Bankers Life Company is composed of many of the big insurance men of the county representing thirty-four States of the Union.

## WEST CLARENCE CROKINOLE CLUB HOLD FINAL MEETING FOR SEASON.

On Monday evening a closing gathering for the season of the West Clarence Crockinole Club took place at the hospitable home of Mr. and Mrs. A. J. Wheelock. The club has had a most pleasant winter and attendance has on occasion gone as high as sixty.

At the Monday night meeting votes of thanks were passed to Mrs. Clyde Marshall, Miss Mildred Wheelock, a member on arrangements and to all who had contributed to make the season pleasant and successful one, also to Mr. and Mrs. A. J. Wheelock at whose home the final session was held.

Prizes for the season were distributed as follows:

**Ladies.**  
First Prize—Mrs. Arthur Bent.  
Second Prize—Miss Gertrude Davies.

**Gentlemen.**  
First Prize—Mr. Clyde Marshall.  
Second Prize—Mr. Henry Wheelock.

The former's brother, Principal Archibald.

Mrs. Dora Hayward returned on Friday after spending a very pleasant winter in Florida.

Mrs. Earl Craig of Waltham, Mass., is visiting her husband's parents, Mr. and Mrs. E. C. Craig.

Mrs. Freeman Corbett has returned from a visit to her sister, Mrs. L. B. McLeod at Berwick.

Mrs. James Crowe accompanied by her little granddaughter Velzy Crowe of Annapolis is visiting her daughter, Mrs. C. B. Longmire.

Miss Susie Troop of Belleisle was a guest last week of Mrs. J. T. Archibald.

Mr. Carl Thies has arrived home from a visit to friends in Liverpool. Mr. John McGraw of St. John, was a visitor in town on Wednesday.

Captain Sam Beardsley, provincial manager of the Excelsior Life was a visitor in town last week.

Mrs. Agnes Bent, daughter of Mr. H. E. Bent, Tupperville, returned from the Victoria General on Saturday.

Mr. John Fisher accompanied by his friend Mr. John Thompson of New Glasgow returned this week to Kings College, Windsor.

Mr. F. W. Robinson was taken to the Provincial Sanitarium at Kentville on Saturday. His many friends in town and elsewhere trust that treatment will prove of material benefit.

Messrs Gordon Landers and Claude Kelly of Middleton were visitors in town last Friday.

Mr. W. B. Snow, Colporteur for the Can. Branch of the British and Fore-

## WOMEN'S INSTITUTE.

Vote \$75. Toward InterProvincial Home For Girls.

Regular meeting Thursday afternoon, girls from High School and young lady teachers present by invitation to hear Rev. G. S. Gardiner, financial agent of the Moncton Home for Young Women, speak on the need of a home and ways in which our own sheltered girls can help unfortunates. "Service" was the keynote of the address.

About 35 were present besides institute members, refreshments were served at the close of Mr. Gardiner's remarks, after which the regular business of the institute was taken up.

The sum of \$75 was voted towards the Digby last week which Mr. Gardiner represents. Arrangements will be made to have a first-class musical performance given probably in June, and a rummage sale will be held in May for which everybody is asked to save cast-off clothing and useful articles.

## LONGLEY—WALKER

March 29th at Annapolis Royal, a quiet but pretty wedding was solemnized at the Baptist parsonage, when Reginald Wright Longley and Mildred Amelia Walker were united in marriage by Rev. A. Gibson.

The bride was attended by her sister Miss Nellie H. Walker, the groom's Mr. H. E. Gormley of Annapolis Royal. The bride was formerly a popular operator at Bridgetown Central and Mr. Longley has spent the past few years at Yokima Valley California. Mr. and Mrs. Longley will reside in U. S. A.

## OBITUARY.

Joseph Worthyake.

The death took place on Thursday last at his home in Paradise of Mr. Joseph Worthyake a highly esteemed citizen. Mr. Worthyake had been in failing health for some months back.

He leaves to mourn their loss, wife (a sister to Mrs. J. S. Ritcey), one son Mr. Fred Worthyake residing at home, a sister Mrs. Hamilton. Mr. Worthyake was a native of New Germany but had resided over forty years in Paradise where he owned and operated the mill since sold to Mr. Willson. After giving up the mill he went into farming and orcharding. He was a citizen who enjoyed a general esteem. An member of Rothsay Lodge A. F. and A. M., the funeral on Sunday afternoon was under Masonic auspices. Many members of Evangeline Lodge, Lawrence town, joining with Rothsay Lodge in the obsequies. The funeral sermon was delivered by Rev. W. H. Rackham of Lawrence town, and the services were very largely attended.

## UNITED CHURCH NOTES.

The Prayer Meeting this week is to be conducted by the Rev. Geo. S. Gardiner who has been delivering some splendid addresses on different subjects.

Friday night is Young Peoples Social Night. All young people are cordially invited.

The Pastor this week is to hold special service in Upper Clarence. Next week will be devoted in the town to a week's evangelistic services with a special service Good Friday in the afternoon.

The Sunday School room of the United Church was crowded to overflowing. That old story, Sermon-story, "Christie's Old Organ" was read by the pastor and illustrated with lantern slides. The choir at appropriate intervals sang selections that beautifully interpreted the passages just read. The United Choir Orchestra rendered fine help and altogether the service was one that will long be remembered. This is the second of those Sunday night after services that have been held this winter and both have proved a great success.

Mrs. Charles Cahill was in town a short time on Friday, the guest of her parents, Mr. and Mrs. Arthur Charlton. She has returned to her home in Halifax with her son Charlie who has been visiting for some time here with his grandparents.

## ENTERTAINMENTS AT LAWRENCETOWN

Improvements Being Made in a Number of Properties—Dogs Commit Depredations—Social And Personal Items.

Rev. H. Rackham preached in the Methodist church Sunday morning. Rev. A. Whitman held service in Baptist church.

In the Anglican church Rev. Mr. Boudoin, acting rector, conducted the service.

Tea served on Saturday at the Library, was well patronized.

The lot on Bridge St., where the house of Mrs. E. Whitman stood, is being cleared up, trees cut, or trimmed. As this is one of the best sites in town, when put in order, will greatly improve the appearance of the street.

Mr. R. Elliott is making considerable improvements to the place he has recently purchased, known as "The Sanders place." The house and grounds of the late John Hall are to be improved, old out-buildings removed, the house raised. This is one of the best places in town.

Mr. Winslow is busy at his work of painting.

Mr. J. Weizell is busy with his portable mill sawing wood.

Mr. J. Slack has arrived home from Florida, others are on their homeward way.

Mrs. H. Jefferson is a guest of Mrs. C. F. A. Patterson.

Mrs. S. Primrose has returned to her home after a short visit to her sister, Mrs. Luther Dodge, Kentville. Mrs. Hennigar is visiting friends in South Lawrence town.

Mrs. H. Freeman returned home on Saturday after spending some weeks with friends in Windsor and Halifax.

Mrs. H. B. Kinney has returned to her home after a short visit to Berwick.

Mr. and Mrs. J. Wallace are in town guests of Mrs. L. Wallace.

Mrs. Robert Longley is very ill. All will be glad to hear that Mrs. H. H. Whitman has returned to her home and business. Mrs. Whitman greatly enjoyed her winter in Florida. Great things are expected in the military department when the opening is announced.

Dr. Vera MacPhee is on her return journey from Vancouver to N. S. Dr. MacPhee has bought a place in Brickton. This lady did her part in the war, was on military service for a long time.

Mrs. Otterson is busy in Lawrence town dress making.

Mrs. McLaren leaves on Saturday for Elmsdale, where she will be on Sunday, starts for Moncton Monday, on H. and F. Mission work.

Mrs. C. F. A. Patterson was called to Grand Pre on Monday by the serious illness of her mother, Mrs. Fullerton.

On Friday, April 4th, Mrs. J. Morgan had her 54th birthday. This lady is well, keeps her house, reads papers, is interested even in the question of "Church Union." Mrs. Morgan was Miss Augusta Whitman a descendant of old Colonial family who came to Annapolis, at or perhaps soon after the expulsion of the Acadians. This venerable lady is a firm Methodist, in her early life a splendid church work.

Rev. L. Wallace is in N. B. Mrs. Wallace will go to help in the Home Mission Work.

Miss E. Shaffner has returned to her home after a pleasant visit to Halifax.

Mr. and Mrs. I. Wallace spent the week in Lawrence town, at the home of his brother, Mr. Wallace is an agent for a clothing firm in Montreal.

Miss Bessie Young spent a few days with Mrs. L. Wallace.

Dr. Phinney, Yarmouth, was in town for the week-end, while here he performed several throat operations.

When the new school house is built there will be quite a number of young students ready to enter.

Allen Longley, from Wolfville, is at the home of his parents, South Lawrence town.

The dogs still roam about like Satan seeking what they can do in the way of mischief and wickedness, some show a deep interest in en houses and two beautiful geese were found torn and mangled in a cruel way. It is said the birds were of a fine breed and quite costly. These four footed citizens must bring in a good income, if they are taxed, to the town. Then we had a fire at Mr. E. J. Whitman's, the

## ADMINISTRATION FOR PUBLIC SAFETY.

Following the hold up in Montreal some days ago, which resulted in the stealing of about \$172,000 and loss of lives or two men and wounds to several others engaged in the fray, comes a protest from the Canadian Manufacturers' Association against the frequency with which bail is granted to persons on trial for offences of a serious nature. It was shown in this Montreal case that one of the participants with a criminal record had been allowed bail a short time ago, had skipped to the U. S., and returned to participate in a hold up attended as stated above in loss of life.

The greatest deterrent to criminals is the certainty of punishment and one of the most obvious things to do after the manufacturer or alleged manufacturer is captured is to see that the amount of bail fits the nature of the offence charged and that in the more serious cases bail be not allowed at all. This procedure is followed in a great many cases and undoubtedly should be in all. The certainty of falling punishment while deterring those of known criminal record also keeps down the crop of potential criminals who are led on from one step to another deeper and deeper into the crime simply because they see that it is easy to transgress certain laws and then get away with it.

Why is it that crime has increased so much faster in the United States than in other civilized countries? Because punishment is so uncertain and relatively so seldom inflicted.

The carrying out of justice and the infliction of penalties for crime is not purely punitive by any means. There is the wider view of public interest as a whole to be taken. Laws firmly and impartially administered look after not merely this or that particular criminal but they save other people from developing criminal instincts and thus make the country better and safer to live in. A practice sometimes followed too generally is the giving of suspended sentence for offences of various kinds. There are doubtless cases where the very best results are secured and the person transgressing is never again found in the toils of the law. On the other hand too lenient administration actually encourages offences against person and property for the criminal inclined figures out that even if caught the result will be only a suspended sentence. Added to this he also pits his wits against the officers of the law that he will not even get caught. If worst comes to worst and a conviction follows sentence will be suspended. Thus where the practice of giving too many sentences of this class is followed the reflex effect on many who have not yet been haled into the courts is distinctly bad. Justice of course should be tempered with mercy but not too much so when the public are seriously affected.

## THE PEOPLE'S MONEY.

Kansas City Star: It is beginning to penetrate to the popular understanding that Government isn't rich; that the only money Government has is what it collects from the people, and that when a member of Congress brings home an appropriation and presents it as a gift, the people are merely getting back a part of what they have paid out in taxes.

## HEIRS WANTED

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for Index Book, "Missing Heirs and Next of Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, English, Scotch, Irish, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

INTERNATIONAL CLAIM AGENCY  
Dept. 667,  
PITTSBURGH, PA., U. S. A.  
51-1-1.

## CLOSE SECRET

C.N.R. Board Decline to Make Public Salaries of Railway Officials.

Ottawa, Ont.—Canadian National Railway officials are entitled to the same degree of privacy regarding their salaries as obtains in any other part of the business world, the board of management of the railway suggests in declining to submit a list to be tabled in the House of Commons of all its employees receiving \$4,000 a year or over in wages.

The list was asked for by A. J. Doucet, Conservative member for Kent, N. B., and the answer of the board was tabled in the House.

## SHIPPING HERE OPENS A MONTH AHEAD OF 1923.

The river is now practically free of ice. Two barges are loading gypsum, the Rotterdam of the world where regular schedules, the S. S. Glenholme docked on Tuesday, and a three-master is at the Government pier.

Shipping did not commence last year in the river until May 1st, when the S. S. Mons arrived from Digby, and the barge Daniel Munro came in to port.—Hants Journal.

## NO TAXES IN BAHAMAS.

The Bahamas Islands are the only civilized parts of the world where taxes are unknown. Prohibition in the United States is responsible. Immense quantities of liquor are stored there in government warehouses for transportation to the United States by rum-runners. The revenue derived from these storage charges is more than sufficient to run the government.

## CEREAL FOOD TO BE MANUFACTURED IN NOVA SCOTIA.

Nova Scotia is to add another manufacturing establishment to those she already possesses, providing also a market for probably 200,000 barrels of apples yearly. The new company which will manufacture Apple Krisp, a new brand of cereal food, to be known as the Apple Krisp Company Limited, will shortly be incorporated under the Nova Scotia Companies Act with a capital of \$500,000. The head office of the Company will be at Kentville.

## "ITALY'S-SUBLIME EGOISM"

Louisville Courier-Journal: Mussolini is pulling all the strings possible to make Italy a great empire on the Mediterranean. He has gone to all extremes, from giving aid to Kemal to seizing Corfu. He talks of national honor, but apparently there is no such thing as honor when the possible greatness of Italy is in question. It then becomes what former Premier Scanno called "Italy's sublime egoism."

## THE SATISFACTORY SETTLER.

Springfield Republican: There is doubtless a relatively strong disposition on the part of many eastern Europeans to "burn their bridges" when they leave their native lands. Secretary Davis points out that the Jews have established the best record for permanent residence. The British, the Scandinavians and the Germans, on the other hand, seem to be more inclined to make their emigration experimental. . . . The Italians are almost in a class by themselves, many of them being essential nomads, encouraged by the government of their native country to go and come. Racial psychology and political and economic conditions unrelated to such basic elements as character, intelligence, racial affinity and so on need to be considered in judging the naturalization figures. It is not necessarily the alien most eager to become a citizen who would make the most desirable one.

## REALITIES AND ILLUSIONS.

Natal Advertiser: British and Italian trade competition with Russia is giving the French people themselves a vivid object lesson in the difference between the practical common sense of English politics and the windy abstractions of Gallic logic; while M. Poincaré's own chauvinism is steadily proving itself to be barren of any offspring beyond the bill-blown flowers of rhetoric that—like those other flowers that bloom in the spring—have nothing to do with the case. Time and his own detachment from the florid methods of his predecessors are all in Mr. MacDonald's favor in this duel with France; and his chief inspiration is to be drawn from the fact that he cannot possibly do worse than those who, with much wider experience and greater political backing, have already failed to move the pinch-beck Man of Destiny sitting in the Quai d'Orsay.

## GASOLINE TYRANNY.

London Daily News: That company (Anglo-Persian Oil Company) at present provides the only guarantee against the quite limitless exploitation of the greater part of the civilized world by two international oil combines—the Standard and the Shell—whose dominating purpose is manifestly to regulate world prices to the disadvantage of the consumer. Though, by comparison with these two gigantic trusts, the Anglo-Persian is a small affair, it commands nevertheless sufficient resources to harass the efforts of the others to establish a complete price monopoly, and the public of this country will now undoubtedly look to the Government to justify its reasons for retaining its shares by fighting the high-price conspiracy tooth and nail. It is only by common international action that a vast commercial threat of this nature can be destroyed or controlled in the common interest of mankind.

## ARMS TRAFFIC IN CHINA.

Hong Kong Press: Arms and ammunition, destined to go into China surreptitiously, are constantly being seized by the police authorities on ships passing through Hong Kong from Europe, seldom, if ever, it must be said, on British ships—but what is discovered represents probably only a very small fraction of the quantity that is successfully smuggled into the country. It is not merely the military force of China—the hordes maintained by rival Tsuchans—that are armed, but in nearly all the provinces there are large organizations of bandits, thousands strong, who are armed with modern weapons, and almost every peaceful citizen nowadays deems it necessary to arm himself for self-protection against marauders. The traffic in arms and ammunitions—both legitimate and illegitimate—must be on a colossal scale, and the situation in this respect today immeasurably increases the difficulties of the task of restoring peace in China.

## NON-EXISTENT HALIFAX INDUSTRIES.

Views of Fred W. Bowes in The Halifax Chronicle.

An interesting matter was emphasized last week in the Halifax Chronicle in an article by Fred W. Bowes showing that in the last forty years there have been many thriving industries in Halifax that are now non-existing because of the lack of local co-operation. The list might have been enlarged by the addition of the steamship line between Halifax and Boston and by various other commercial enterprises for the past the continuance of which would have meant much for the prosperity and commercial prestige and independence of the city and port. An important point in the discussion of such things which Mr. Bowes, strange as it may seem, has omitted, however, is that no very strenuous effort was ever made by any of them to identify themselves with the local market. If the history of the Halifax Cotton Mill, or Tobacco Factory, or Sugar Refinery, or Soap Works, or Knitting Factory, or Shoe Factory were closely examined, it would not be found that they attempted to primarily grasp and retain the sales field and the confidence of their local trade. The cotton mill started on a manufacture which was pushed in all the other provinces as much as at home. Little or no effort was made to cater primarily to the customers in Nova Scotia and no money was spent to advertise the output as something that should be particularly used by Nova Scotians. The same was true of the Tobacco Factory. Does any one who remembers its operation recall any special advertising of its product or even the manufacture of any brand especially appreciated by local customers? Did Taylor's shoe factory ever advertise systematically and in a manner to arouse any local enthusiasm as to whether it remained or disappeared? The files of the provincial papers may be searched in vain for any evidence of effort to develop provincial interest in or admiration for such local enterprises. If a factory in Halifax today were to cater primarily and fundamentally and intelligently to its local trade then it could depend upon the people sticking to it, because Halifax factories enter the dim uncertainty of the world at large as a market and take their chances on getting a share of the local trade, they fall down when the world at large turns and eliminates them from outside competition. Lack of business push, fear of spending money in advertising and under valuation of the local market have been the causes of downfall of so many Halifax enterprises.

### BOOKS FREE FOR THE MERE ASKING.

The following new publications from the Department of Agriculture are now available for free distribution. Any household may obtain any of these by writing to: "Publications Branch, Department of Agriculture, Ottawa," and giving name and Post Office address, making certain to mention the Province. Allow me also to give the little reminder that no stamp is required.

These new publications are: 1. Report of the Director; 2. Report, Division of Horticulture; 3. Report, Division of Botany; 4. Report, Tobacco Division; 5. Report, Superintendent Experimental Farm, Nappan, N. S.; 6. Report, Superintendent, Experimental Station, Fredericton, N. B.; 7. Report, Superintendent, Experimental Station, Cap Rouge, Que.; 8. Report, Superintendent, Experimental Station, Ste. Anne de la Pocatiere, Que.; 9. Bees and How to Keep Them (Revised); 10. Medicinal Plants and Their Cultivation in Canada (Reprint); 11. Mange in Horses, Cattle and Sheep; 12. Record of Performance of Pure-Bred Dairy Cattle; 13. Origin and Quality of Commercial Live Stock Marketed in Canada; 14. Vat and Churning Numbers on Cheese and Butter Packages; 15. Fertilizer Samples, 1922-23; 16. Complete Index to Seasonable Hints; 17. The Fertilizers Act, 1922; 18. The Feeding Stuffs Act; 19. The Seeds Act, 1923; 20. The Dairy Industry Act, 1914; 21. List of Publications, 1924.

### A NEW LINE OF RAILWAY DISCUSSED IN THE COMMONS.

Ottawa.—The projected construction of the branch line from Kingsclear, on the St. John and Quebec Railway in the province of New Brunswick, to a point on the St. Croix River opposite Vanceboro in the State of Maine, embracing an estimated mileage of 41 miles at a cost of \$2,125,000, was discussed in the House of Commons.

### SCIENCE DEMANDS UNIFORMITY.

Careful research made in recent years in the study of dietetics has shown the great importance to the human system of purity and uniformity in foods. It is a great blessing that today so many delicious foods as well as the most effective are procured in air tight packages, "SALADA" Tea was one of the first pure food products to become widely popular in Canada. The aluminum package keeps the tea fresh and delicious while skillful blending maintains the quality absolutely uniform.

### RAILWAY MEN WIN IN A WAGE CLAIM.

The men on the Canadian railways have been fighting in regard to wages and working conditions that commenced a year ago between the railroads and employees in the maintenance of way and bridge and building departments ended in Montreal with three concessions made to the men.

Overtime at the rate of time and a half is granted after eight hours work; hitherto the ninth and tenth hours have yielded the same rate as the preceding eight. In addition to probationary period a man must work to qualify for agreed rates is reduced from six to four months. The fixed rate of 37 cents an hour for laborers in permanent bridge and building gangs up to now ruling only west of Port Arthur, is extended eastward. In the east the roads have been paying these laborers under individual agreements.

The new agreement, applying to ninety per cent. of Canadian railroad mileage, extends for one year. Official announcement of the agreement was made by the Railway Association of Canada.

### THE PERILS OF MAH JONGG.

Of all the gambling devices ever introduced to this country none can compare with Mah Jongg. Already there are wives in Montreal, save the Herald of that city, who as a result of Mah Jongg parties, have run up debts of four figures for their husbands to pay, and already there are husbands who have won or lost small fortunes in the game. Social circles in Montreal, it is said, are seething with stories of this kind.

It may be news to many that although Mah Jongg comes from China it is prohibited by law in that country, like other games which furnish occasion for gambling. Nevertheless, it is said that every functionary in Peking, from the chief executive himself down to the barber who shaves the populace is a keen and expert player. And the Chinese ladies are adepts: It is the popularity of Mah Jongg as a gambling play that prompted the Chinese Christians not long ago to issue to fellow Christians in other lands a warning against the seductions of the game.

But if Mah Jongg is injurious to Christian morals, it has been beneficial to Chinese trade since its introduction into the United States. Canada and European countries. Mah Jongg sets exports from China in 1921 were valued at about \$5,000; in 1922 more than \$150,000, and in the first ten months of 1923 at \$1,250,000. The total value of sets exported in 1923 is expected to reach \$2,000,000.

### MEMORIAM

Blakney J. Brown. In loving memory of Blakney J. Brown, who died April 5th, 1923.

Just one year ago you left us, As time goes on we miss you more One of the kindest one of the best, God in his mercy has given you rest. Oh we think of you dear husband, And our hearts are filled with pain. Oh this world would be a Heaven, Could we hear your voice again, WIFE AND CHILDREN.

### DALHOUSIE WEST

Miss Olive Buckler who has spent the winter months with her parents, Mrs. and Mrs. Appleton Buckler, has returned to Greenwich, Conn., accompanied by Miss D'Han Buckler.

Mr. and Mrs. Garnet Gillis of Paradise were the week-end guests at the home of his uncle, Mr. Grey Gillis.

Mr. Gordon Mills of Granville Ferry spent Sunday at the home of Mr. and Mrs. Appleton Buckler.

Mrs. Clinton Gillis and family of Waterville are visiting her parents, Mr. and Mrs. Sam Hannam.

Mr. Ronald Longmire, Bridgetown, spent the week-end at the home of Mr. and Mrs. Norman Buckler.

Mr. Avard Buckler who has been to Halifax, training for military captainship has returned home.

### N. S. AMATEUR ATHLETIC ASSOCIATION.

The Nova Scotia Amateur Athletic Association was organized at Kentville last evening when the following officers and executive were appointed: President, J. M. Walker, Yarmouth; Vice-President, F. W. Budd, Halifax; Secy-Treas., W. N. McLaughlin, Yarmouth; Executive, Frank Adams, Halifax; Dr. McGrath, Kentville; and J. H. Cunningham, of Bear River.

The object of the association is to promote good clean sport in Nova Scotia and the entrance fee of \$10.00 has been fixed for each club entering the organization. Each team entering is to give a satisfactory bond of \$500 that league will be completed, the same to be given when schedule is drawn up.

The first league game will be played on May 24th; following that date games will be on Wednesdays at Kentville; Fridays at Yarmouth; and Saturdays at Halifax.

The question of umpires was left open until the next meeting. Registration is to be made before May 15 and there shall be no change in roster after July 1.

### NOKOMIS PIONEER DIES; LEAVES WIFE AND ELEVEN CHILDREN

Large Number of Friends Attend Last Rites for Henry Beeler.

Nokomis, Saskatchewan.—The death of Henry M. Beeler, a pioneer of the Richfarm district, northeast of Nokomis, and a highly respected resident of the town of Nokomis, occurred on March 17, at the family home. Deceased was born in 1851 in Nova Scotia where his grandparents located when they came from England many years ago. He was married in 1875 to Lydia L. Burrell, and together with their large family came to Western Canada 17 years ago, taking up a homestead, on which he resided until about four years ago when he and Mrs. Beeler retired to Nokomis. Mr. Beeler's death was due to cancer of the stomach, a trouble from which he had suffered for several months. Besides a wife he leaves to mourn his loss five sons and six daughters. Mrs. John R. McLean, Semans; Frank at Richmond; S. S. Mrs. Graham, at Richfarm; Ralph, at Seattle; Florence and Harry, farming in Nokomis district; Mrs. W. J. Adair, Nokomis; Regina, at Seattle; Mrs. Spence, Guernsey; Mrs. R. M. Carter, Nokomis; and Mrs. Stanley Robins, at Seattle.

The funeral service, held in the Union Church, Nokomis, on Wednesday afternoon, March 19, and conducted by the Rev. W. H. Colter, was largely attended by many friends of the deceased. Interment followed to Nokomis cemetery.—Saskatchewan paper.

The deceased was a first cousin of Mr. Avard Beeler of this town and was a native of Princetown, Annapolis Court. Previous to leaving here seventeen years ago he operated in season, a large threshing outfit and was well and favorably known throughout the county. His last visit was made here about three years ago when he was a guest of his cousin Mr. Avard Beeler.

### BRICKTON

Mr. and Mrs. MacLain Stevenson and family were recent guests of her Mother, Mrs. Lucy Conrad.

Miss Addie Cockerne spent the week-end with her parents at Prince Albert.

Sorry to report Mrs. Fred Caines and Lester on the sick list.

The stork has made several visits to Brickton lately, leaving a son to Mr. and Mrs. Harry Solsman, March 16th; a son to Mr. and Mrs. Wm. H. Bezanson, Jr., March 21st; and a daughter to Mr. and Mrs. Frank Tupper March 24th.

Ivan Wagner came from Halifax, March 26th and is the guest of his parents, Mr. and Mrs. Charles Wagner.

Mr. and Mrs. Archie Stevenson have returned to their home in Lawrenceville, after spending several weeks with his parents, Mr. and Mrs. Richard Stevenson.

The Brickton warehouse has closed down for this season. The last shipment of apples going March 27th.

We are glad to report that James Isnor, who went to Halifax some time ago for treatment is much improved in health. He is expected home soon.

Recent guests at the home of W. H. Bezanson's Jr., were Spurgeon Reece of Upper Granville, Avery Sanford of Aylesford and Mrs. Howard Bezanson of N. Williamsston.

Mrs. Tupper of Kingston is visiting at the home of her son, Mr. Frank Tupper.

Miss Flossie Banks, Bridgetown, is visiting her parents Mr. and Mrs. Enoch Banks.

### WINTER TRADE FOR CANADIAN PORTS

Would Go a Long Way Towards Satisfying Demands of Maritime Provinces.

Toronto.—A plea for greater sympathy and understanding between the different sections of the Dominion was made by Hon. J. B. M. Baxter, M. P. for St. John, who addressed the Young Men's Club of the Board of Trade last night on the transportation and immigration problems of the Maritime Provinces. After tracing the events which led up to Confederation, Mr. Baxter pointed out that the adoption of a high tariff in the United States had very largely cut off the Maritime Provinces from their former market, the New England States, thus obliging them to look to the rest of Canada for new markets.

At the present time, he said, Halifax and St. John saw a large part of Canada's trade passing through the port of Portland, Maine.

"You will go a long way towards satisfying the legitimate aspirations of the Maritime Provinces if you give us the winter trade through Halifax and St. John," he declared. The Maritime Provinces, he said, were also in need of an increase in population and at present, most of the immigrants to Canada settled in the central and western provinces.

### SHOWS HARDSHIP TO FISH BUSINESS

Other Commodities Advanced 62 Per Cent. But Fish Only Six Per Cent.

Montreal.—In connection with the recent announcement of readjustments of the railway freight arbitrators in the Maritime Provinces the Canadian Fisheries Association is studying the effect of the change on the movements of fish by freight, it was said here today by the secretary J. M. Conlon.

The Association has compiled a formal statement, based on government statistics, which has been forwarded to the Board of Railway Commissioners, which shows that nine kinds of fish were sold in the wholesale markets at an average price only six per cent. above the average price for 1912. It is further computed that the government figures, based on price of 262 commodities from 1912 to 1924 show an average increase in price of 92 per cent. as against an advance of 6 per cent. for fish.

The statement concludes: "These figures show a hardship to the wholesale fish business and all the figures quote are those compiled by the government."

### FLY TO GOLD FIELDS.

Air Service to Rouyn, P. Q. Will Eliminate Hardships of Former Prospectors.

Montreal.—Quebec's new gold field, in Rouyn township, is to be made accessible to travelers by an air service which will be inaugurated on May 18 next by the Laurentide Air Service, Limited, of Montreal. Acting in conjunction with the Canadian Pacific Railway, the Laurentide Company will operate a flying boat service from Angliers, the end of the Canadian Pacific line, to Lake Fortune and Rouyn. Large flying boats, capable of carrying five people, will meet all trains to provide for the transportation of prospectors, tourists and supplies over the 50-mile gap between the end of the steel and the gold fields. The flying boats will cut down the traveling time over this difficult route from two days to about 50 minutes. The service will also include regular stops where accommodation is available.

## The Best Tea

is rewarded by having the largest sale in North America. Have you tried it?

### SHIPPING RESPONSIBILITY.

A merchant, unable to sleep, tossed fitfully on his couch and muttered unintelligible words. The wife of his bosom sought the cause of his restlessness, in answer to her inquiries, said:

"You should expect me to sleep when my note to Cohan in the bank comes due tomorrow for \$5,000 and there's only \$2,000 in the bank to meet it."

"It is," said the faithful wife. "Then I tell you what I should do, Ike. You should get up and go over to Cohan's house and tell him, and then come back and go to sleep. Let Cohan stay awake."

### THE WAY SANDY PROPOSED.

Sandy and his lass had been sitting together about half an hour in silence.

"Maggie," he said at length, "Wasna I here on the Sawbeth night?"

"Aye, Sandy, I daur say you were." "An' wasna I here on Monday night?"

"Aye so ye were." "An' I was here on Tuesday night, an' Wednesday night an' Thursday night an' Friday night?"

"An' this is Saturday night an' I am here again?" "Well wha tfor no? I am sure ye're very welcome."

Sandy (desperately): "Maggie, woman, dae ye no begin to smell a rat?"

## ENTERTAINMENTS AT LAWRENCETOWN

(Continued from Page One).

flames had a good start but our well drilled firemen soon put out the con- flagration, this is the second fire we had had this winter.

Middleton I. O. D. E. gave one of the finest entertainments that Law- rencetown has enjoyed.

The play given was "The Wishing Well." Every member did well, special mention might be made of Mrs. (Dr.) Kirkpatrick, Dr. Bowlby, Miss Sponagle, Mrs. Hunter, Miss Buckler, The Misses McCee and Fain. Funds received, given to the Middleton Hos- pital.

Mr. W. Hall, merchant, has carried on quite a good business in the poultry line. He has received letters from the hotels in the different tourist lo- calities asking him to supply them during the summer.

Some very comfortable private homes will be willing to take paying guests for longer or shorter periods during the summer months.

Mr. Forman Bishop is much better. A delightful recital was given at the home of Mrs. V. Shaffner. The children did wonderfully well. The age of the musical company ran from 6 year old Billy Shaffner, his sister 7, and the older performers 11 years.

The whole hour spent was one of keen enjoyment. A number of friends gathered in the pleasant drawing room and were well pleased with it all, the only fault was it was too short. No wonder Lawrencetown can do well in the musical line when such very young children do so well.

### PROGRAMME

Duet--Isabel Pearson and Marjorie Phinney.

Piano Solo--Rosamund Shaffner.

Good Night song--by all.

A large number of friend swere very pleasantly entertained at Auc- tion 45's at the home of Mr. and Mrs. Holmer Daniels on Wednesday evening, March 26th.

Mr. Francis Daniels of Port Wil- liams, spent the week-end with his parents, Mr. and Mrs. H. Daniels.

### MELVERN SQUARE

Mrs. E. E. Phinney had a toe that had caused her considerable pain and trouble removed by Dr. Sponagle last week.

What might have been a more serious accident than it was occurred when Mrs. Harry McNeil was curling her hair, the heated iron in some un- explained manner entered the corner of the eye and inflicted a bad burn on the ball of the eye. Dr. Messenger was called and dressed it, fortunately the sight is not injured and it is do- ing alright.

Mr. Perlie Porter who spent the winter in Florida has returned home. He speaks in glowing terms of Flor- ida as a place to winter in.

Mrs. H. Clem is sick with pneumo- nia. Dr. Devine is in attendance.

Mrs. R. Melvin is nursing Mrs. Nell Bowby and child of Wilnot, who are sick with pneumonia.

Mr. and Mrs. J. G. Masters have re- turned to their home here after spend- ing the winter months in Kingston.

Miss Vivian Longmire, teacher of Kingston was a week-end guest of Mr and Mrs. John G. Masters.

### VICTORY

Miss Irene Rosencrants, of Bear River, spent Sunday, March 30th with her mother, Mrs. M. Rosencrants.

A large number of the young people here enjoyed a party at Mr. Fred Simpson's on Tuesday night. A very pleasant time was spent by all.

Mr. and Mrs. Stewart Potter and little daughter, Vivian, of Clements- vale, spent Monday afternoon, March 31st with Mr. and Mrs. Joshua Simp- son.

Mr. and Mrs. Roy Wagner have gone to Springhill for an indefinite time.

A pie social was held at Mr. John Simpson's on Friday evening, March 27th from which the sum of \$7.00 (seven dollars) was realized, pro- ceeds for repairs for the Baptist par- sonage at Clements vale.

### HYDRO EXPERT BEGINS AMHERST JOB SHORTLY

Amherst--Frances P. Brown, hydro expert of Montreal, who has been en- gaged by the Town Council to sur- vey and investigate the proposed Eco- nomy River hydro project had a short session with members of the local power committee this afternoon. He is now engaged on special work at Campbellton, to which place he re- turned tonight, but will take up his work at Economy in a few days.

## SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity at This Season.

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valu- able in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired--Dr. Williams' Pink Pills give strength.

In the spring the appetite is often poor--Dr. Williams' Pink Pills de- velop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils--Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheu- matism, indigestion, neuralgia and many other troubles are most persis- tent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some peo- ple dose themselves with purgatives, but these only further weaken them- selves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood.

On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every organ in the body, bringing new strength and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring--they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50c a box by The Dr. Wil- liams' Medicine Co., Brockville, Ont.

**TWO ROOMED SCHOOL  
WILL BE CONTINUED  
AT GRANVILLE FERRY**

Granville Ferry--At a special school meeting on Monday evening of last week in the school-house, called by the trustees at the request of some of the ratepayers, the decision of the adjourned meeting of March 24th, to make this a one department school, was revoked. At this meeting it was decided that Granville Ferry shall retain the two department school. One hundred and fifty dollars were voted for school purposes, thereby making the total amount voted for next year one thousand and fifty dollars.

S. Pickup was chairman of the meet- ing, and V. Amberman secretary. In spite of the very unpleasant weather about thirty citizens were present to finally decide this question which has created a great deal of interest. Eighteen votes were cast in favor of hav- ing a two department school. There were no opposition votes.

An invitation to remain another year has been cordially extended to both teachers, Miss Marian Troop and Mrs. Elnora Poole, both of whom have done exceptionally good work during the past year and have given much satisfaction to the parents.

### LEITCHFIELD

Capt. and Mrs. Eddie Dukeshire are here from St. John, visiting Mr. and Mrs. John Roop. Capt. Duke- shire is just recovering from a shock which he suffered in January, altho not in the best of health his many friends here are real pleased to find him able to be out again.

Mrs. Douglas Ellis and little daugh- ter have returned home from Ayles- ford.

Miss Elsie Sheridan of Paradise has been visiting her friend Miss Clara Ellis.

Messrs. Odber Ellis and Clarence Gregory left today (Wednesday) for Winson, N. S., to join a barge.

Mrs. John Halliday has returned home from visiting in Karsdale and Granville Center.

Next week being Holy Week there will be service in St. James church schoolroom each evening except Sat- urday, commencing at 7.30.

### Staunton Semi-Trimmed Wallpaper Saves Time

The selvages are partially severed in the process of manufacture and all that is needed to accurately trim the rolls is to tap the ends on the table.

These papers can be hung quite easily and successfully by folks who do their own papering, and paperhangers find that with these papers they can do the work much more quickly and that they always give complete satisfaction.

You will enjoy choosing Wallpaper from our New Stock. The patterns are so novel and varied, the colour harmonies are so effective that you will soon find an ideal paper for each room that needs renovating that will make your home as charming as you wish it were now.

CENTRAL CLARENCE

Mrs. Edwin Whitman and daughter Muriel, have returned to their home, after spending several weeks at Cent- relea.

We understand that Aubrey Sprowl and Robt. Leonard have bought a pair of foxes from the ranch of Mr. Edward Marshall, Mt. Rose.

Miss Ringer is gradually gaining strength since her removal from the Hospital and expects to be able to take charge of her school again after a few weeks.

Work at the warehouse of the Central Fruit Co. was completed on Wed- nesday. The last shipment of apples went forward on that day.

Mr. and Mrs. Palmer of Weston, have been visiting since Thursday last at the home of Mrs. and Mrs. F. M. Smith.

At the last conference meeting of the church three candidates offered themselves for church membership. There will be baptism on Easter Sun- day.

**HAMPTON.**

Mr. Norman Patriquin who has been visiting his brother, Lewis Pat- riquin, has returned to his home in Ont.

Mr. Lewis Patriquin has gone to Ont. for an indefinite period.

Miss Dorothy Weir has gone to Clarence for the summer.

From the bean supper that was held at Mrs. Clifton Collin's on Thurs- day evening, April 1st, the sum of \$23.31 was realized. Proceeds for church purposes.

Mr. Fred Risteen of Bridgetown, was visiting friends and relatives in this community last week.

We are sorry to report Prof. B. S. Hamilton in very poor health at time of writing.

Miss Beatrice Slocumb of Mt. Hand- ly is visiting friends in this village.

Suit your manner to the man.

## CHESLEY'S

LOCK UP ALL YOUR COWS WITH ONE LEVER!

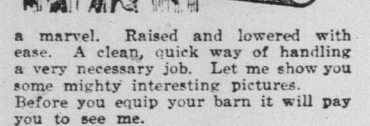

Let me show you the newest ideas in barn equipment.

The Gilson people of Guelph have started making Barn Equipment! And believe me, they've got out some revolutionary ideas!

Their Steel Stalls and Automatic Stanchions are the nearest outfits I've ever seen. Strong, sturdy, clean. Make a dairy barn look as efficient as a modern factory. You can lock up any number of cows from two to fifty by simply throwing one lever! Release 'em just the same way—all together. I'd like to show you what comfort, cleanliness and convenience is built into these stalls.

about their gravity or automatic, sanitary Water Bowls.

And to get that mean job of stable cleaning down to its easiest form, the Gilson Self-Dumping Litter Carrier is a marvel. Raised and lowered with ease. A clean, quick way of handling a very necessary job. Let me show you some mighty interesting pictures. Before you equip your barn it will pay you to see me.

## NO ACTION ON PETITION

(Continued from Page 1)

ty to have a vendor and the County Inspector if appointed for the town would have an opportunity of checking up and thus better facilities in his work through the county. If Mr. Prosser could not inspect the books he had no way of checking up the liquor business developed from his district, the county.

Councillor McKenzie asked if Mr. Prosser had made application to be appointed Inspector in Annapolis Royal or in Middleton.

Councillor Longmire expressed the opinion that Mr. Prosser was already very busy in Children's Welfare and could not see where he was going to gain much by seeing the Vendor's books. If doctors issue prescriptions what would Mr. Prosser do about it.

Mr. Crowell said inspection of the books was the only way to check up the number of prescriptions issued by the doctors.

Councillor McKenzie said any doctor could order his liquor by the case. Who would check them up. It would then be necessary to go to the Vendor's Commission at Halifax. The councillor did not think much information would be obtained there.

Any druggist could get liquor from Halifax. Councillor Jones considered Mr. Prosser would not have authority to go to druggists in other towns to gain information as to sales.

Mrs. E. A. Hicks said: "Why not have two inspectors. It would not cost the town any money if the Council did appoint Mr. Prosser." Councillor Longmire asked if Mr. Prosser wanted this appointment and Mr. Crowell replied that he would accept it.

Councillor Graves thought Mr. Prosser was sufficiently busy now without taking on an extra appointment.

It was said that Middleton had an idea of appointing a vendor of its own. Another report was brought up that Mr. Prosser had been asked if he would accept an appointment as Inspector for Middleton.

On a question being brought of doing away with the vendors it was pointed out that doctors could dispense. The number of prescriptions was not regulated to any limit. It was also thought best that liquor sales be confined as far as possible in a public channel. Even now it was thought that more liquor was sold in the Province by bootleggers than was supplied through the vendors commission. Mr. Crowell stated that government control in Quebec had not lessened illicit liquor traffic. It was instanced by one of the speakers that the vendorship in Digby had had the effect of lessening traffic and improving conditions very much.

Chief Bishop Temperance Inspector on being questioned stated that the Vendor's books here were in good order and there had been no sales without a prescription.

No complaints in any way were urged against the vendor in the performance of his duties after considerable or less desultory discussion. The Council did not appear to consider that the petitioners had put up a good enough argument and proceeded with other business, re-appointed Chief of Police and Temperance Inspector for the ensuing year at the same salary as in the preceding. The petitioners withdrew and the petition was again deliberated upon for a short time and a resolution was drawn up to the effect that the petitioners did not sustain their contention that the work of the County Temperance Inspector was handicapped by not being able to inspect the books of the town vendor and therefore the appointment of a deputy inspector would be deferred.

CARD OF THANKS. Mr. and Mrs. J. E. Marshall and family wish through the columns of your paper to thank the many friends for their kindness, their letters of sympathy and loving help through the illness and passing away of our beloved daughter, also to Dr. A. A. Dechman, for his faithful attendance, and thoughtfulness in medical services. Signed, MR. and MRS. J. E. MARSHALL, 2-1tp.

### The Story of Tea WITHERING.

After tea is gathered, it is spread on bamboo shelves and "withered" by exposure to the air. It is then rolled to break open the cells and make the flavor accessible. This gives tea its characteristic twist. It is then "fired" in a cooling house and fermented till it gets the copper color that the leaf recovers in the pot. The planting, harvesting, manufacture and blending of tea is a highly skilled work. That's why Rakwana Tea was the first in its territory to employ a regular tea taster, an expert in selecting tea 450 cups to the pound with Rakwana Golden Orange Pekoe Steep, Stir, Sleep.

## SPRING WEATHER HARD ON BABY

The Canadian Spring weather—one day mild and bright; the next raw and blustery, is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which if often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

#### PROFITS HALF A MILLION DOLLARS

From Business of Liquor Vendors in Nova Scotia.

Profits of over half a million dollars from the business of the Board of Vendors' Commission for Nova Scotia for the year ending September 30, 1923 were shown in the Public Accounts which were brought down to the House of Assembly yesterday. The total sales of liquor by the Board for that time were shown to be valued at \$1,386,334.35, and the total net profit was \$421,879.63. The expenses of the Board were \$61,939.17, of which amount \$43,611.76 went for salaries. The amount by which the Provincial Treasury was enriched by the operation of the Board of Vendors' Commissioners over the year previous was \$226,692.38. The profits paid for the year ending September 30, 1922 were \$279,996.19, and for the year ending September 30, 1923, \$406,688.57.

#### PARKERS COVE

Service in the Baptist church on Sunday at 3 o'clock by Mr. H. Hartlan Lic.

Mr. and Mrs. Reginald Hudson and baby of Clarence visited the formers parents, Mr. and Mrs. L. F. Hudson this week.

Some of the men folks are getting ready for fishing.

Mr. Walter Robinson returned home very recently from Dalhousie. He was employed as cook in one of J. H. Hicks & Sons lumber camps the winter months.

Mr. and Mrs. Kelly of Annapolis Royal were over Sunday guests of Mr. and Mrs. Percy Robinson.

Miss Ella Hudson of Hillsburn visited her cousin Miss Muriel Weir over the week-end.

Mrs. Alvin Williams and two children of Granville Ferry were guests of her parents, Mr. and Mrs. Manasseh Weir very recently.

Mrs. Edward Hudson and son Byron of Hillsburn were house guests of the formers parents, Mr. and Mrs. D. Milner this week.

Mrs. Archie MacGroll and little boy recently returned from Lynn, Mass. She was the guest of several of her sisters while there.

Mr. Reggie Robinson went to Eastport on the 25th to take up his duties on board of a barge as mate for the summer.

#### U. S. LESS BAD THAN BRITISH PAPERS SAY

Not Full of Graft, Ambassador Tells Britons.

London.—Frank B. Kellogg, the U. S. Ambassador, told British newspapermen at the London Press Club that things in the United States were somewhat different from what the British reading public were led to believe.

"From reading the English press comment the last month, one might conclude that the public service in the United States is generally corrupt and permeated with graft," he said, "but such is not the case. The public service in the United States, as in England, generally is of a high order of ability and patriotism.

"Corruption is the rare exception. "One might also think from reading the newspapers, that the entire United States is 'wet' and that more liquor now is consumed than before prohibition," he continued. "Before prohibition the press, very naturally, did not publish the condition brought about by the saloons, while, since prohibition, every violation of the law through rum running makes sensational news."

#### HAD LESS LIQUOR

But Story of How It Was Used is Taken With a Grain of Salt in Yarmouth.

Yarmouth.—The Cuban steamer Maria, which arrived in Yarmouth harbor on Monday, loaded with liquor, en route to St. Pierre, still is in port. The astonishing story that the steamer was forced to burn 700 cases of pure alcohol for fuel as the supply of coal had been depleted has made sensational reading but very few in this port put credence in the yarn.

Many reasons have been advanced which it would be impossible to do this under the circumstances. When one of the crew was questioned he merely smiled. The steamer, however, was six weeks on the high seas on a trip which ordinarily would take one week, and arrived in port with less liquor than was listed on the manifest.

#### PULPWOOD BUYERS ARE BUSY AT CLEMENTSPORT

Clementsport.—W. B. Batty and J. H. LeBlanc were in the village on Tuesday the 18th, inst, looking after the pulp wood which is being bought here, in the short time they have been buying they have secured over one hundred cords. While here they were registered at the "Lucerne House."

#### SAVED BY DRILL

Lunenburg Pupils March From Burning Building Ignorant That It is on Fire.

Lunenburg.—Efficient fire drill training probably saved the pupils and teachers of the Lunenburg Academy when a fire was discovered in the building soon after ten o'clock this morning. Between 400 and 450 children were in the school at one time.

The blaze was easily extinguished. Faling sparks from the chimney are believed to have caused the fire, the damage from which probably will be in the vicinity of \$1,000. Following the extinguishing of the fire the pupils returned to the building for their books and then were allowed to return to their homes. School will be resumed as usual tomorrow.

## WANTS TO HELP OTHER WOMEN

### Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for backache and for weak and dreary feelings caused by my condition. Sometimes I felt so bad that I couldn't do my housework. My neighbor told me of your medicine and I read about it in the 'Toronto Telegram' and thought I would take it. I got very good results. It built me up and I have told several friends what it has done for me. You may use this testimonial as it may be of help to some one who has suffered as I have."—Mrs. J. LEE, 25 Harvie Ave., Toronto, Ont.

Mrs. Lee is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years letters like this have been received from thousands of women.

You might be interested in reading Mrs. Pinkham's Private Text-Book upon the "Ailments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Colough, Ontario.

#### CANADA IS URGED TO TAKE PROMPT ACTION

### To Prevent Further Diversion Of Water By Chicago Sanitary District.

Ottawa.—The diversion of water from Lake Michigan by the Chicago Sanitary District was the subject of a protest by members of all political parties in the House of Commons. As member after member rose to speak it became clear that there was no division of opinion on the matter.

T. L. Church, Conservative member for North Toronto, brought the matter to the attention of the House by moving for "definite and immediate action to prevent the illegal diversion of the waters of the Great Lakes through the Chicago drainage canal, and that action should be taken to prevent further waste and to secure specific enforcement of the treaty between Canada and the United States as to this matter."

The opinion of an eminent authority that the St. Lawrence River and Lake Erie might be reduced some days to the level of a duck pond if the diversion continued, was cited by Mr. Church. Other members stressed the importance of preserving the lake levels for the movement of freight and the preservation of harbors. The boundary waters treaty between Canada and the United States was being used as a football to the detriment of Canada's commercial development. It was argued.

That the situation was serious, was admitted by Hon. Charles Stewart, Minister of the Interior. Canada had never admitted the right of the Chicago Sanitary District to divert the water, and had made repeated protests to the Government of the United States.

On the motion of Sir Henry Drayton, former Minister of Finance, the debate was adjourned until the papers concerning the negotiations between the United States and Canada on the question of water diversion at Chicago could be laid on the table of the House.

#### MAKE YOUR WINDOWS SHINE

The merchants and business men of Bridgetown, as well as of other towns believe not only in keeping their store or office windows clean, but in making them shine. The Michigan Tradesman explains how to make the glass shine:

"The inside of the glass should be washed with tepid water applied with a chamois, using no soap or powder of any kind. The outside requires different treatment and should be cleaned with the following mixture:

"One ounce pulverized whiting, 1 ounce grain alcohol, 1 ounce liquid ammonia, 1 pint water. Apply with a soft cloth, after having removed the surface dirt. When this preparation is allowed to dry and is then rubbed off with a polishing motion the surface of the glass will be extremely brilliant and will remain so for a longer time than when washed in the ordinary way. If the glass has become badly scratched a filler should be applied. This consists of an ounce of turpentine. This fills the cracks or scratches and prevents the dirt from lodging in them."

#### VOICE OF THE SEASONS

There is a voice in the western breeze As it floats o'er Spring's young roses, Or sighs among the blossoming trees, Where the spirit of love reposes. It tells of the joys of the pure and young, Ere they wander life's withering paths among.

There is a voice in the Summer gale, Which breathes among regions of bloom, Or murmurs soft thru the dewy vale, In moonlight's tender glow, It tells of hopes unlighted yet— And of hours the soul can ne'er forget.

There is a voice in the Autumn blast That waits the falling leaf, When the glowing scene is fading fast, For the hour of bloom is brief, It tells of life—of its sure decay, And of earthly splendours that pass away!

There is a voice in the Wintry storm, For the blasting spirit is there, Sweeping o'er every vernal charm, 'Tis all that was bright and fair, It tells of death as it moans around, And the desolate hall returns the sound.

And there's a voice—a small still voice, That comes when the storm is past, It bids the sufferer's heart rejoice, In the heaven of peace at last, It tells of joys beyond the grave, And of him who died the world to save.

**RICH IN VITAMINES**

**ROYAL YEAST CAKES**

MADE PERFECT BREAD

#### VICTORY

Mrs. Charlie Baxter and little son Malcolm have gone to St. Stephens, N. B.

Mrs. John Simpson has returned from Clementsville.

Miss Eileen Dunn, of Greenland, has been spending a few days with Mrs. W. Oickle.

A number of the people are again busy making maple syrup and sugar.

A flock of robins was seen for the first time in this place on March 24th also blackbirds were heard on the same date, so spring cannot be far ahead.

A large number of the young people spent a very pleasant evening singing at the home of Mr. Arthur Pulley and his bride, who arrived here March 21st.

#### IMPORTING EGGS INTO NOVA SCOTIA.

There was imported into Nova Scotia last week for distribution from central points such as Halifax and Sydney, five and a half cartons of eggs from Chicago. It is said they will sell as case eggs for 25 cents per dozen. The importation has caused consternation among those who have been looking after the interests of the egg production as it will be disastrous to the provincial poultrymen and throw a monkey wrench into the local market, says the Eastern Chronicle. This is the first time that any such importation has been made, although at previous times the larger centres in Canada have had egg shipments from China and much dissatisfaction was created. The provincial market price has been between forty and fifty cents up to now, and one prominent agriculturist tells us that the local poultrymen or farmer cannot produce eggs for less and profit by his work. Of course the strictly fresh egg will still demand a price, but the importation of the Western U. S. product is viewed with anything but favor.

#### DELORO CHEMICAL COMPANY, LTD.

## D-U-S-T-S:

### Blue and Green

Made by the Deloro Chemical Company, under the Sanders Patented process.

These Dusts were widely advertised and tested in 1923 with the result that a 400 per cent. increase in their use is already assured for 1924.

One grower writes—"In 1922 my orchard sold for \$100.00 and was scabby and wormy. In 1923 I used Sanders Green Dust and got a return of \$7000.00 from the same orchard, and my fruit sold for the highest price in the Hudson Valley.

Deloro has already sold six cartons of Dust to the United States, paying a duty of over one dollar per 100 lbs., making a profit and taking business away from U. S. Concerns. This shows Deloro's position as a dust producer and the value of the Sanders process.

Sanders Blue Dust is identical in appearance with the old mixed Bordeaux Dust.

Used successfully in 1923 and recommended by such Nova Scotia growers as F. H. Johnson, Hillcrest Orchards, Murray Elliott, B. M. Hudgens, W. E. Brown, R. A. Jodrey, etc.

On sale in Nova Scotia at the same old reasonable prices Through the United Fruit Companies.

Specify Sanders Dust, in ordering

DELORO, ONTARIO, CANADA.

#### FALKLAND RANGE

James Hyson went to his home at Henford the 22nd, returning March 24th.

Grant Messinger of Laurencetown, spent the week-end at E. H. Marshalls. A large number of the young people attended the concert at E. Dalhousie March 21st.

Dene Crouse of Cherryfield spent the 23rd at Emmerson Wagner's.

Mrs. Harry Whynt is ill, suffering from congestion of the lungs.

Burton Marshall and sister, Florence spent the 26th at Middleton.

Mrs. Fred Chipman and children of Nictaux is spending a week with her sister, Mrs. E. G. Mason.

The play "The Village Post Office and Country Store" was given by the amateurs of this place in the I. O. O. F. hall at Springfield March 25, was a great hit. It is to be repeated in this place in the near future.

The men are home out of the woods after a successful winter, and are busy now cutting up their firewood.

Bernice Dorey went to Berwick March 22nd.

Ira Stoddard and Wilbert Wagner left March 28th for Buffalo, N. Y.

Mrs. Chas. Whynt of New Germany arrived the 28th and expects to stay a few days to assist in the care of her sister, Mrs. Harry Whynt. Robin red breast is here again.

#### FIVE AND A HALF MILLION DOLLARS

Paid Out For Pensions by Canadian Government Last Year.

Ottawa.—Pensions are being paid to 18,402 Imperial pensioners in Canada and the United States by the Canadian Department of Soldiers' Re-establishment. Of these 12,727 are in Canada and 5,675 in the United States. Pensions are being paid at Canadian rates to 1,166 of the Imperial pensioners and to the rest at British rates. The total paid at British rates, which is distributed in sterling, was 798,908 pounds; while the amount paid at Canadian rates was \$788,517.

This information was given in the House of Commons this afternoon by Hon. H. S. Beland, Minister of Soldiers' Civil Re-establishment. Dr. Beland added, that in addition to the payment of pensions mentioned, the Imperial pension office in Canada is responsible for the payment of allowances to Imperial pensioners undergoing treatment and for the payment of decoration awards, etc., the total of which added to the total pension disbursements involved the expenditure during 1923 of approximately \$5,477,947.

FOR WEST INDIES

Britain Loans £400,000 For Establishment of Cable and Wireless Communication.

London.—The House of Commons today authorized the expenditure of £400,000 for the establishment of a system of cable and wireless communication in the British West Indies islands and British Guiana. The purpose of the expenditure is to link together the British possessions and the mother country and prevent imperial communications from falling into the hands of foreigners.

J. H. Thomas, Minister for the Colonies, said that the money was not a grant but a loan which would run for a period of 30 years. Some of the proposed cables the Minister added, would be working by autumn and the entire system by June or next year.

PORT GEORGE

One of the worst storms of the season passed over this place Thursday, 27 March, blocking the roads.

Port George and Gates Mt. are preparing for Easter programs. The young people of Port George had their usual bi-monthly meeting at the parsonage on Thursday evening the program was both profitable and enjoyable.

Summer Foster and S. S. Aronald have resumed their work on Ruby L. for the season.

The Ruby L. made her first trip this week, going the 25th and returning 29th.

CORRESPONDENCE

Can a man be the brother of his own son? Can he be his own grandfather? I clip the following article from the Los Angeles Times and figure that where the word "mother-in-law" appears that this should be "step-mother." Perhaps some reader of the E. C. can figure this out, but in so doing try to avoid the Big Brick Building.

Why He Was There.

A man was visiting a lunatic asylum and while walking in the grounds he met a patient, to whom he said: "Well, how did you get here?"

The man replied:

"Well, sir, you see, I married a widow with a grown-up daughter and then my father married my wife's daughter, and that made my wife the mother-in-law of her father-in-law, and my father became my stepson. Then my stepmother, the daughter of my wife, had a son and that boy, of course, was my brother, because he was my father's son; but he was also the son of my wife's step-mother and therefore her grandson and that made me grandfather of my brother. Then my wife had a son and my mother-in-law, the stepmother of my son, is also his grandmother, because he is her stepson's child; my father is the brother-in-law of my child, because his step sister is my wife; I am the brother of my own son, who is also the son of my step-grandmother; I am my mother's brother-in-law; my wife is her own child's aunt, my son is my father's nephew, and I am my own grandfather."

ELECTORAL CHANGES

The announcement that a redistribution bill will be brought down at the present session of Parliament was fully expected. Redistribution must follow every census, and should not be postponed longer than is necessary, in justice to under-represented portions of the country. In 1911, and again in 1921, the West lost several seats because the elections were held in census years, before the population figures were known. A redistribution based on the last census will increase the representation of Alberta from 12 to 17, of British Columbia from 13 to 14, of Manitoba from 15 to 17, and of Saskatchewan from 16 to 20. The total for the four Provinces will be 68, an increase of 12. The figures are based on the unit of 36,326 persons for one member, obtained by dividing the population figures of Quebec, 2,361,199, by 65, the fixed representation of that Province in the Commons. As the Eastern membership will remain about the same, the West will have greater weight in the next House than in the present one where it already holds the balance of power. These are facts which the Eastern Provinces, whose representation is not increasing, must take into account.

FLORIDA KNOWS HOW TO GET THEM

An Army of 750,000 Tourists Attracted by Persistent Advertising.

(By "Fletcher") In the land of sunshine, where everybody says "good morning."

Ask anyone to be directed and he will smile and say: "I'm from the North, too."

There are Canadians here, many of them and it is a proud feeling to be able to say one is from Canada, as these at once take notice—not forgetting Canada's part in the Great War, as well as our social relations.

Florida is booming. Great sections of sand today—tomorrow a broad cement walk for a hundred feet or more; an impressive arched entrance, with an enchanting name—followed by extensive and expensive advertising, free automobile drives, chicken salads and lunch. All terminating in a few days with an auction on the spot, heralded by a brass band. People are there in crowds to buy. And why not, they think, having seen waste places become towns.

Millions of dollars will this great 750,000 tourist army leave in Florida.

One may ask how this interest in Florida was created. Simply by advertising and keeping at it. This is an object lesson for Nova Scotia to follow, that it may become a summer Florida. And in that connection I am very glad our home people have taken over the tourist question, regarding it as a business proposition as it is, and must be.

I'm doing my bit to boost Nova Scotia by coming in contact with them daily from all sections of the States. It's rather amusing in meeting when Canada, especially Nova Scotia is mentioned and they exclaim, "Why, that's a long way; it must be awful cold up there."

I at once get out my map of Nova Scotia and show them that we can almost smell baked beans from cultured Boston, we are so near.

It's wonderful how proud ninetenths of them are of their British ancestry, particularly those from the southern and middle States.

I might say I am proud and pleased with the leaflets "Nova Scotia invites you" sent to me by Nova Scotia towns and associations, also with the Halifax hotels booklets. In both instances they are certainly up to the best here in text and appearance.

NOT OIL BUT PLENTY OF WATER

False and fictitious are the rumors in circulation to the effect that The Trask Well Company had struck oil while drilling for water on our (The Register Office) premises. We only wish it were true. As a matter of fact the Well Drillers have, after a short season of strenuous toil, located a copious and sufficient supply of water at a depth of 185 feet. Indeed the chap who predicted that sufficient water would be obtained at 91 feet, 13, inches proved himself a very poor guesser. The drilling activities have attracted many spectators during the last few weeks, and several of the serious-minded and more conscientious ones have considerably come into our sanctum to offer their condolences and assist ye editor in his frantic efforts to maintain a 'sinking fund.' —Berwick Register.

MIDDLETON

Middleton.—An enjoyable social function took place Wednesday evening at the Parish Hall, when a dinner was given by the ladies of the church to the choir, as a farewell to two of its members, Bert, and Reg. Bagnall. At the close, W. S. Pineo conveyed the thanks of the guests to the ladies for the repast, and then on behalf of the church expressed appreciation of the service rendered by the two young men who were about to leave, and the loss the church was suffering with their going. Reg. Bagnall made an appropriate reply. A special feature of the regular monthly social held by the Young People's Society last evening was a presentation to two of its members, D. R. Hunter and R. G. Bagnall, who are leaving town shortly. At the close of the program of games, Dr. Kirkpatrick on behalf of the young people of Middleton, expressed the regrets felt by all in the loss from the town of the young people, and stated that it was wished that each might have something tangible whereby they could remember the good times spent together and he thus took pleasure in making the presentation. Each of the young men replied suitably regretting that circumstances were severing very pleasant relations.

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

The Value of a Guarantee

lies not so much in its protective penalty as in its satisfying assurance. No firm selling goods with a guarantee attached, expects to be called upon to pay the penalty. For it is naturally the intention to so carefully guard the quality that dissatisfaction will be impossible.

Throughout its many years of service "King Cole" Tea has consistently been sold with a guarantee—a guarantee definite and substantial. It is printed on every "King Cole" package.

It carries to the buyer an evidence of good faith—a confidence in ability to serve—a determination to serve well.

"You'll Like the Flavor."

STRIKES OF LAST SUMMER AND JANUARY PREVENT PAYMENT OF DIVIDENDS ON BESCO'S STOCKS

Montreal.—The directors of the British Empire Steel Corp., have decided to defer dividends upon all shares of the Corporation and its subsidiaries.

The action will affect stock to the par value of \$19,785,800. This is made up as follows: British Empire Steel 1st. pd., \$7,640,200. Dominion Steel Company, \$2,863,500. Dominion Steel Corporation, pd., \$4,720,900. Dominion Iron & Steel, pd., \$3,665,200. N. S. Steel & Coal Co., \$21,000. Eastern Car Company, \$126,500.

The reason of this action was given as the shut-down of the steel plant and coal mines during the first two months of the year, and explained in the following statement as issued:

"The steel plant at Sydney and all of the coal mines of the Corporation, were idle from January 16th, to March 1st, while negotiations were being continued for a new agreement with the miners.

"The first quarter of the yearly operations of these companies is generally one in which losses may be shown on the balance sheet, due to the mining and banking of coal and ore for future shipment, and on which no profits are included until sold. This shut-down in January and in February last, carried with it extraordinary expenses of maintenance and the usual overhead and interest charges which have affected the financial results of the first quarter."

DEASTIC RESTRICTION ON MOTORISTS

By announcement in last week's issue the Town authorities have prohibited the operation of motor cars within the boundaries of the Town of Berwick until May 1st. This measure seems not only drastic but utterly ridiculous, especially when heavy teams have been allowed the privilege of driving on the sidewalks a good part of the winter, in spite of warning notices which were posted and seldom if ever enforced. We do not know of another town in the Province where motor cars are thus restricted. And, needless to say, this latter measure as adopted by our Town Fathers is not overly popular with car owners. —Berwick Register.

NAVIGATION EARLIER THAN USUAL ON THE AVON

Windsor.—Shipping has begun in earnest on the Avon River this year earlier than usual. Today the barge Daniel M. Munroe, Captain Andrew MacDonald, cleared with a cargo of gypsum for New York, the first loaded this season. The W. A. Coburn, Captain Myers, also cleared with a cargo of gypsum for New York. It is said that the Wentworth quarries, under its new management will work out 200,000 tons of rock per day this summer. The three-masted schooner Mina Nadeau, from Boston, Captain Walter Ogilvie, docked at the Smith wharf loaded with fertilizer for Hants wholesalers.

PROPHECY OF "SILVER THREADS AMONG THE GOLD" WAS NOT FULFILLED FOR THE HEAVEN

New York.—"But, my darling, you will be, always young and fair to me." That prophecy of "Silver Threads Among the Gold," was never fulfilled for Mrs. Harriet Danks, who inspired the tender old love song, Angel, feeble, poor, lonely and unhappy—the heroine of the immortal lines sung by lovers throughout the world, lived to see its beautiful sentiments drowned in the bitterness of family strife.

Mrs. Danks is dead. She died in reduced circumstances in a Brooklyn rooming house. For her a long trail of unhappiness has ended. She was 82.

It was back in 1847 when Hart Pease Danks, an ambitious young musician, was living happily with his wife in New York, that he composed to her one of the tenderest love songs of the ages. The song was a success, and with its sale came fortune. With fortune came unhappiness and Danks and his wife soon parted.

Years afterwards in 1903, the body of an old man was found in a rooming house in Philadelphia. He was kneeling when he died and his bony hand clutched a copy of "Silver Threads Among the Gold," upon which was scribbled: "It's hard to grow old alone." The old man was Hart Pease Danks. Twenty-one years later the girl to whom he composed the ballad, now an old woman from whose hair the golden threads had long since disappeared, died in circumstances hardly more propitious.

There were two daughters and a son and the unhappiness of the parents descended upon them. They quarrelled over the royalties which, up to 1913, were estimated at \$75,000. One of the daughters is now dead, while the other is at bitter odds with her brother.

JOHN BULL'S WAY

Imperial Government Shows Surplus of Fifty Million Pounds For Last Year.

London.—John Bull continues the excellent practice of living well within his means, a pre-war virtue not yet resumed by all of his European neighbors. In the fiscal year ended tonight his expenditures in running the government of the United Kingdom were nearly £50,000,000 less than his total income.

The official figures are announced by the exchequer were: Revenue £837,169,284; expenditure £788,840,211.

In the previous fiscal year John Bull's books showed a surplus more than twice as large as the one revealed with no little pride tonight. It was £101,500,000.

The slump in this year's surplus is almost entirely attributable to the reduction in the tax on the incomes of the British people, a tax which is still very high—from about 20 per cent. upwards.

Crusoe Knew What He Wanted And He Got It

ONE of the most persistent advertisers in the history of success was Robinson Crusoe. He knew what he wanted—a ship—so he put up an ad. for one. He flung up a shirt on a pole, at the top of his island. That, in the language of the sea, was plain to every seafaring man

The circulation was small, there was no other medium, but Crusoe kept at it, despite the fact that he got no enquiries for a long time. He changed his copy, as one garment after another was frayed out, and in the end got what he wanted.

Crusoe used the best medium at his disposal. The best medium in Annapolis County, Mr. Advertiser, is the Weekly Monitor. It goes direct to the people to whom you wish to tell your story. Use these columns persistently and you are bound to obtain results.

The Job Department

Our JOB DEPARTMENT is equipped for your needs. IF YOU WANT:

Letter Heads, Bill Heads, Envelopes, Financial Statements, Visiting Cards, Wedding Stationery, Pamphlets, Posters, etc., see us and we will assist you in making your selection from our large stock of papers and various type faces. **Women you envy have only this secret**

You, too, may employ it to keep the radiance and bloom of youthful skin

Radiant, with the charm of youth still theirs, millions of clever women are admired—and envied—today.

Yet they have no difficult, hidden secret—no great gift.

Only this simple method—which is for you, too. To give you, as well, the charm you envy in them.

For one week do this  
Cleanse the skin regularly, authorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little gold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way  
You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive, so that thousands now use Palmolive for the bath.

Make sure that you get Palmolive—which is never sold unwrapped. All dealers have it. Get it, and try for one week this simplest of all treatments. See how delightfully and how quickly it benefits your skin.

**WOLFVILLE PREPARES TOURIST ATTRACTIONS**

Wolfville.—The Wolfville Board of Trade and Town Council are co-operating in publicity work in connection with tourist travel. Much interest is being manifested in this important branch of public service under the direction of Edson Graham, President of the Board of Trade and his enthusiastic and efficient committee.

Among the various aids to the tourist are to be road signs at each end of the town and an information bureau listing lodging and private board, etc. A tourist camp is being arranged for on an admirable site near the centre of town where water and cooking accommodations will be provided. Advertising folders are being prepared for distribution, giving evidence that Wolfville is alive to the vast opportunities that confront this Province in the matter of increased moor tourist travel.

There was some discussion at the Sewing Circle this week about the prospect of a general election in Canada this year. The wife of the radio operator, who is in close touch with world events every evening, expressed the view that the idea of an election within two years was preposterous. She said she thought that the present Members of Parliament had no more intention of taking a chance on being defeated than she had of taking a chance on changing from LUXOR ORIENTAL COFFEE to some other brand. Both M's. P. and I, said she, know that when we have a good thing we ought to stick to it.

**CLARENCE.**

We were pleased to note in "Herald" that the brave deed performed by Clayton Robbins at Bear River in June had been recognized by the presentation of "The Gilt Cross for Bravery." Clayton saved a Boy Scout chum by running and jumping off the wharf and swimming ashore with him, his father Valentine Robbins was killed in the World War.

Mrs. Fred Banks has returned from Liverpool. She went to see her brother-in-law, Mr. Gardner, who was operated upon and died at the Hospital in Bridgewater.

Louis Dimock was called to Windsor on Thursday on account of the serious illness of his mother, Mrs. J. Wesley Winock.

Mr. and Mrs. E. Stewart Elliott were to St. John last week, combining business with pleasure.

Three candidates were received for baptism at the conference on Saturday.

Mrs. G. A. Croaker has returned to Middleton after spending the winter with her sister, Miss Aggie Jackson.

W. P. Fenerty is expected to arrive from the west about the 9th with 2 car loads of horses, 29 in all.

An Eastern concert is being prepared to be given in the hall. Miss E. Vaughn Elliott in charge.

Clyde Brown of Lawrencetown has been engaged to teach in Clarence East school section for the coming year.

Mrs. E. Webster has returned from a visit with friends in Middleton.

Fiske's Mill is a busy place. Looks like a full summer's work.

Apple warehouses are closed down, after a busy season.

The buzz of the wood saws tells us that Spring is here.

**Local Happenings**

The Nawagwee club held a most enjoyable meeting on Thursday evening at the home of Mrs. H. S. Magee. Dainty refreshments were served.

Easter Lilies, Rambler Roses, Hydrangeas, Spireas, Potted Daffodils, Tulips, Hyacinths, etc.

1-3tc. E. C. Shand, Windsor.

Tourists in writing from Florida say that Nova Scotia's exhibits at the great Tampa Fair are the best on the ground, and are exhibits that Nova Scotia should be proud of.

Large assortment of cut flowers and potted plants for Easter. Special order will receive prompt attention.

2-2t. B. N. MESSINGER.

The Halifax Evening Mail on Thursday under the caption, Meet the Chevrolet Dealers Who are Here for the Convention: Fred Dodge, Windsor—Fred is known as the greatest talker in three counties. His physicians have warned him that he is likely to die of "lint on the lung" from chewing the rag.

The S. S. Valinda brought a full cargo of freight from St. John on her first trip of the season.

Lilies, Roses, Carnations, Daffodils, Hyacinths, Tulips, Narcissus, etc. Write for Price List.

1-3tc. E. C. Shand, Windsor.

An amusing incident occurred in Windsor a few months ago when a member of the Police Force held up a car for speeding. The owner appeared worried and finally remarked "you know, Chief, I usually drive in a seaplane and when I get in an auto it's hard for me to tell just how fast I'm going." The Major won out and proceeded toward Halifax but only after the terra firma official had severely censured him.—Hants Journal.

Nearly all people like their tea hot. But some others like it cold, or at least they drink it that way. The coal miners of Cape Breton consume enormous quantities of MORSE'S Tea while at work in the pit. And they drink it cold. Further they say it is the most thirst-quenching drink they can get. Also that it stimulates their energies.

F. J. D. Barnjum will start a nursery in Annapolis Royal at an early date, which will be under the direction of Otto Sierbeck, Mr. Barnjum's chief forester. This nursery will prove a benefit to the farmers and land owners of this province as they will be able to obtain free of charge transplants and seedlings for the reforestation of their waste lands and depleted wood lots. In order to demonstrate the benefit derived from scientific management and conservation of the wood lands a demonstration area will be set aside in the vicinity of Annapolis.

**SEWING CIRCLE GOSSIP.**

**SUFFERS NO MORE WITH HEADACHES**

"Fruit-a-lives" freed her from years of pain

The Fruit Treatment seems to be the only way of completely ridding the system of the cause of Headaches. Miss Annie Ward, of 112 Hazen St., St. John, N.B., says: "I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, but nothing seemed to help me until I tried 'Fruit-a-lives'." After taking several boxes, I was completely relieved and have been well ever since."

Practically all Headaches come from poisoned blood—that is, the blood is laden with impurities which should be carried from the body by the kidneys and bowels.

"Fruit-a-lives"—made from the juices of oranges, apples, figs and prunes—regulate the vital organs of the body—insure a pure blood supply—and completely relieve Headaches. 25c. and 50c. a box—at druggists or Fruit-a-lives Limited, Ottawa.

**CLEMENTSVALE.**

Miss Helen Pyne has for the last week been visiting her sister, Mrs. Bertis Freeman, Lansdowne.

Miss Florence Milner spent the week-end with her former teacher, Miss Lola Cossaboom, Clementsport.

Mrs. H. Fish is visiting her brother Mr. Wm. Sanford, Clementsport.

Miss Emma Baird spent the week-end with her friend, Miss Margaret McClelland, Deep Brook.

Miss Florence Milner, Mr. and Mrs. Hartford Long and daughter, Kathleen, spent Friday evening at Mr. John Berry's.

Mrs. Maynard Brown and young daughter, Kathleen, spent Sunday with Mrs. Agnes Sanford, Prineedale.

A small fire occurred at Mr. Eber Potter's Monday night, burning a few of the outbuildings.

Miss Lucy Van Baskirk and mother spent Sunday with Mrs. Fred Milliet.

On Saturday evening Mr. and Mrs. Hartford Long entertained a number of the young people of this place.

Miss Wilda Perkins spent Saturday in Bear River.

Often when the wolf comes around to the door, says John Wiseman, he finds the family out driving in an automobile.

Who can remember the good old days when every man, woman and boy knew how to hitch up a horse?

**TENDERS FOR HIGHWAY CONSTRUCTION**

SEALED TENDERS, addressed to the Provincial Highway Board, Halifax, Nova Scotia, will be received up to NOON on the dates below mentioned for the reconstruction of the following gravel surfaced roads:—

**HALIFAX—YARMOUTH ROAD, VIA ANNAPOLIS VALLEY.**

**The Economy in Clothes Made To Your Measure**

When you order a suit of clothes from a custom tailor or he is very careful to get exact measurements. These measurements enable him to draft a pattern that will exactly fit your form. This is one of the greatest advantages the custom tailor has to offer. Just as the eyes, ears, arms and legs of each individual differ, so do individuals differ. No two persons are exactly alike. There is also some difference, and the only way to cut a suit of clothes to meet the difference is to draft a pattern to your measure. Doing this insures fit, comfort and long wear. Custom made clothes neither bind, which would cause the cloth to stretch, nor are they made too loose, which would give friction a chance to cause abnormal wear.
