#### CURRENT TRADE CONDITIONS.

ONTARIO.

Immediately preceding a political election business is usually quiet, and lumber has been no exception to the rule during the past week. This branch of industry has been affected by the campaign in the United States as well as in Canada. Shipments to the Eastern States have fallen off, although there are enquiries in the market for lumber to be supplied conditional upon the return of the Republican President. These orders will now be filled, and should give a much improved tone to the market. The mill men are as firm as ever in their asking prices, being prepared to carry their stock over the winter if need be. Logging operations are now in progress, but so far the season has been unfavorable in some districts. In the Algoma district, we understand, excessive rains have interfered with road making, and the work is far behind what it was at same time last season. A scarcity of men for the woods is still reported.

#### QUEBEC AND NEW BRUNSWICK.

From a continental standpoint spruce lumber is strengthening. More encouraging reports are to hand from the Eastern States, where the demand is reviving and prices showing improvement. Spruce lath has advanced in the New York market. New Brunswick shingles are also firmer, selling at \$2.85 for extras on Boston rate of freight. The outlook for export trade in spruce is not so good. Advices from abroad are that prices are weakening, and there is uncertainty as to next season's business. The fact that considerable stocks of deals are believed to be held on this side is having a weakening tendency.

#### UNITED STATES.

General business has been so disturbed during the past week by the Presidential election that an active movement of lumber was out of the question. There has been sufficient stock moved, however, to show beyond a doubt that dealers and consumers are carrying light stocks. Now that the financial policy of the Government is to undergo no change, an improved demand for lumber may be looked for. The season is perhaps too far advanced to expect a large volume of business, but it is certain that orders which have been held back will now be placed, and that the tendency of prices will be upwards. The position of white pine lumber is favorable, stocks at the mills not being excessive. Eastern spruce is showing considerable strength, notwithstanding that recent rains have brought down large supplies of logs to the Maine mills. Hardwoods are unchanged. A dealer quotes the following prices f.o.b. Buffalo: Maple, \$23; black ash, \$36; basswood, \$27, for inch firsts and seconds. In Boston brown ash, 1 1/2 and 2 inches thick, is reported scarce and selling at \$42. A better movement of red cedar shingles is reported, while spruce lath has advanced 25 cents a thousand in New York city.

#### GREAT BRITAIN.

The British timber market is, to say the least, surrounded by much uncertainty. Some of the docks are crowded with wood goods, while the consumption is still limited on account of high prices. Recent auction sales have shown a weakening in the price of New Brunswick and Nova Scotia spruce deals, a lot of 3x11 first, second and third quality selling as low as £9 per standard. Quebec spruce deals have shown more strength, although not as firm as they were one month ago. The prices for the better quality of pine deals are unchanged. It seems to be the general opinion that lower prices must rule for next season's shipments, as some incentive will be necessary to encourage consumption. As far as can be learned, no transactions of any importance for next season's production have taken place, and the indications are that business will be much later than usual.

#### WANTED AND FOR SALE

#### Limits and Saw Mills FOR SALE

The proprietors having decided to retire from this business, offer their Valuable Limits and Mills for sale. The concern is well equipped in every respect and is in operation. The cost of operation is very moderate, having about 30 miles of railway (Lake St. John) running through it. The Mill at Lake Edward is Circular Saw; that at Pearl Lake is Steam Feed Circular and Gang.

The Limits, about 280 miles, have considerable Spruce and Pulp Wood, also Boule and Birch. These latter have exceptional quality, and by judges considered the best in the Province of Quebec. For terms, etc., apply to

WHITEHEAD & TURNER,  
Quebec City.

**STOCKS AND PRICES.**

J. & B. Grier and the Shearer & Brown Company are supplying the piles required in connection with the Connors elevator in Montreal.

In Buffalo flour barrels are selling from 37 cents down, and fruit barrels at 30 cents; elm staves, \$8.50 by the car-load; basswood heading, 6½ cents; 6-foot coiled hoops, \$8 75.

The ship Bent Rickmers, which sailed from Chemainus, B.C., on May 7th last, for Hull, with 1,820,956 feet of lumber valued at \$17,000, arrived at her destination on October 21st.

Albert Newcomb, of Hopewell Hill, N.B., has sold a timber limit to Downey Bros. Stiles Bros., of Riverside, N.B., have sold some timber to W. Carnath, the consideration being \$5,000.

The Royal City Mills Company, of New Westminster, B.C., have secured the contract for the supply of lumber for the new Fraser river dredge now under construction by the Dominion Government.

It has been estimated that the cut of logs on the St. Croix river, in New Brunswick and Maine, will be 25 per cent. less than last winter. H. F. Eaton & Sons, of Calais, will cut about 8,000,000 feet, James Murchie & Sons about 6,000,000 feet, and F. H. Todd & Sons a like amount.

The steamer Giacomo P is loading a cargo of timber and deals at Montreal for London, England, consigned by McLean, Kennedy & Company. The Rydal Holme sailed from Montreal last week for Hull, England, with 700 standards of deals, completing her cargo at Quebec.

Three vessels sailed from British Columbia last week, lumber laden, for foreign destinations, as follows: Schooner *Wilhelmina*, with 1,400,000 feet of lumber, for South Africa; ship *Ivy* with a cargo for China; ship *Nixie* from the Moodyville mills with a cargo for British port.

The shipments of lumber from the port of Montreal last week were as follows: Per str. *Glen Head*, 78 standards of deals, by W. & J. Sharples, 18½ standards by Watson & Todd; per str. *Rydal Holme*, 381 standards of deals, by W. & J. Sharples; per str. *Hong Haaken*, 62 standards of deals, etc., by W. & J. Sharples, 10 standards by Dobell, Beckett & Co.

The Barbados lumber market is thus spoken of by Messrs. S. P. Musson, Son & Company, in their report of October 27th: In our last report we noted the arrival of the "Priscilla" from Liverpool, N.S. Her cargo of 115 M feet of white pine boards was sold at \$24 shippers, \$18 \$16 2nd quality. She had also a small lot of 12 M feet spruce boards, which were placed at \$22 for shippers. The "Trader" has since arrived from Jordan River, N.S., with 95 M feet of white pine, 27 M feet of spruce—sold delivered at Trinidad at \$22 round.

**THE BOSTON MARKET.**

The spruce lumber market at Boston is stronger. It is suggested that frames could scarcely be placed at agreement prices, and would bring at least 50 cents more. The mills are shutting down and getting ready to shut down, and dealers here are daily being notified by leading millmen not to take any more orders. Prominent houses here are out of the market as 15 spruce frames. Boards continue scarce and firm. Agreement prices are better than fully sustained. 10 and 12 inch dimensions, \$17; 9 inch and under, \$15; 10 and 12 inch random lengths, 10 feet and up, \$16.50; 2 x 3, 2 x 4, 2 x 5, 2 x 6, 2 x 7 and 3 x 4, 10 feet and up, \$13.50; all other randoms, 9 inch and under, 10 feet and up, \$14.50; 5 inch and up, merchantable boards, \$15; matched boards, \$17 to \$17.50; out spruce boards, \$12; bundle furring, \$12.50.

Eastern hemlock is particularly firm, with Pennsylvania steady; eastern stock boards, \$14 to \$15; random, \$13 to \$14; Pennsylvania, \$16 to \$17; boards, rough, \$12 to \$13; planed, \$13.50 to \$14.50.

Western pine is in fair demand, and the market reported firm. Uppers, 1 inch, \$56 to \$58; 1½ to 2 inch, \$58 to \$60; 3 and 4 inch, \$60 to \$72; selects, 1 to 4 inch, \$52 to \$64; fine common, 1 to 3 inch, \$45 to \$60; sheath-

ings, \$38 to \$54; barn boards, \$28 to \$30; oil boards, \$24 to \$26.

Shingles are doing rather better with higher prices claimed: Extra cedar, \$2.75 to \$2.90; clear, \$2.40 to \$2.50; second clear, \$2.10 to \$2.25; clear white, \$1.75 to \$2.

Clapboards are firmer. The trade seems to have become aware that the supply is a very small one, and better prices have been realized: Extra spruce, \$29 to \$30; clear, \$27 to \$28; second clear, \$24 to \$25; pine, extra, \$36 to \$38; clear, \$33 to \$37; second clear, \$28 to \$30.

Laths have continued to sell better, with the market in good shape: 1½ inch, \$2.65 to \$2.75; 1½ inch, \$2.35 to \$2.50.

**MEETING OF HARDWOOD LUMBERMEN.**

A large and representative gathering of saw mill men met at Palmerston on October 23rd and formed an association, to be called The Huron, Bruce, Grey and Wellington Hardwood Lumbermen's Association. Mr J. P. Newman, of Wiarton, was elected president. The object of the Association is to promote the interests of the mill men by keeping members of the Association informed as to stocks on hand and general information as to the trade. The Association find from reliable information that the stocks of hardwood lumber at the mills are not large, especially at this season of the year, and the trade believe that prices have reached bottom and are sure to advance. We also learn that the stocks of hardwood lumber held by the manufacturers are not as large as represented. The Association believes it would be to the advantage of every mill man to become a member of this new organization. Any information desired can be obtained by addressing Mr. Robert Watt, secretary and treasurer, Wiarton, Ont.

**AUCTION SALE AT DUBLIN.**

Mr. Wm. Graham, of Dublin, Ireland, held an auction sale on October 18th, at which the following prices were obtained for Canadian deals. The quotations are per Irish standard of 3,240 ft.
