## IS "DEBORAH" IMMORAL, DAMNABLE, MORAL OR WHAT?

### WILL BE TAUGHT 'GOD HELP THEM' TO AUTHOR'S CHILDREN IS COBURN'S PRAYER

"To Prepare Them For the Life For Which God Made Them," Says the Author of the Play, Who Says Evil Exists Only in Evil Minds.

W. Legrand-Howland, author of "Deborah," the play now appearing at the Princess Theatre, which has aroused the ire of the Rev. John Coburn, who has instigated a campaign for its suppression, last evening issued the following statement in reference to the attacks made upon his play:

"The whole thing," said Mr. Howland, "to my mind, is simply another case of evil existing only in minds. Those persons who are attacking my play are evidently seeking self-advertisement in the newspapers and are really scarcely worthy of notice. It seems rather peculiar to me, however, that they have singled me out instead of a musical comedy, whose chorus girls are allowed to go on the stage wearing towels draped over the upper portion of their bodies, so that they will fly back and expose their person at the slightest movement."

Endorsed by Censor. "The censor, after witnessing our opening performance, made a new suggestion and changes, which were complied with at once, and he now endorses my play as it is appearing at the Princess."

"My object in writing 'Deborah' was to give an example of what happens when the natural laws are disobeyed. If it is wrong, immoral and immodest to bring up the subject of maternity, then the ethics of modern civilization are wrong. The fact that Deborah committed a great sin was purposely put in the play, for when great laws of nature are suppressed there is bound to be an explosion, and this in itself is another vital example, and the modesty that came to her and forced her to do this is liable to come to any woman of intense nature who has led an artificial life of suppression."

Should be Ostracized. "Thousands of women are mental and physical wrecks because they have not married, owing to the fact that the need of marriage and motherhood has never been impressed upon them by their parents or those responsible for their education. The modern society woman no longer desires children, the suffragettes think the same, but nature takes and will take its revenge for it means race suicide. The woman who refuses to bear children or neglects to educate her children should be ostracized from society. I believe that my play is a message for women, and a plea for mothers, and that any attack upon it is simply the work of notoriety-seekers. If there are still people who think that my play is immoral, let me answer them by saying that my children shall be taught these things to prepare them for the life for which God made them."

And in the meantime—"Deborah" and the box office receipts will jump

## WOMEN POLICE FOR SAN FRANCISCO

Three Will Be Put on at Once to Care For Young Girls.

Special to The Toronto World. SAN FRANCISCO, Cal., May 21.—This city in the near future will have women policemen. The mayor and board of supervisors last night sanctioned the budget proposed by the police commissioners, which provides for women officers. Los Angeles has had women police for more than a year. San Francisco will start with three women on the police force. If it is found to be a success, more women will be added to the department.

For the beginning, they will principally be used in juvenile girl cases, among women bunco workers, matrimonial agencies, employment agencies and in the investigation of "mash" cases.

## THIS WOMAN SMOKED FOR EIGHTY YEARS

And Was Fatally Burned While Trying to Light Her Pipe.

Special to The Toronto World. MALONE, N.Y., May 21.—This afternoon, Mrs. Charlotte Stine, an inmate of the Franklin County Poor House, over 100 years old, while trying to light her pipe, in some way got her dress afire, and was so terribly burned, that she cannot longer survive. She has been a smoker over eighty years.

## "WE SHOULD WORRY," IS CLASS MOTTO

But If It Is Not Changed the Whole Class Will Be Expelled.

Special to The Toronto World. MUSCATINE, Ia., May 21.—Members of the graduating class of the Muscatine high school who remain firm in their refusal to accept any motto other than that of "we should worry," which was adopted by the class yesterday, were today threatened with expulsion unless they abided by the faculty ruling to accept a more satisfactory motto.

Special Cable to The World. FLORENCE, Italy, May 21.—(Copyright.)—Mrs. Hugo Pratt of New York and Prince Arsene Karageorgievitch, brother of King Peter of Serbia, have returned to Florence to be married. The religious ceremony will in the Greek Church here, conducted by a priest of the prince's faith.

## TEN THOUSAND TO MARCH IN PARADE

Annual Demonstration of Holy Name Union Takes Place on June 1.

The annual demonstration of the Holy Name Union of the Archdiocese of Toronto will take place Sunday afternoon, June 1. The meeting point of Toronto will be St. Mary's Church, Bathurst street. The procession will start at 3 p.m. sharp.

It is expected that there will be between 10,000 and 12,000 participants in the parade. This number will include 25 senior and 17 junior branches, representative of every race. There will be also ten out of the city parishes in attendance.

The procession will move by way of Bathurst, Queen, University avenue and St. Joseph street, to St. Michael's College grounds, where a sermon appropriate to the occasion will be delivered by Very Rev. Dean Harris.

## CANADIAN PROFESSOR DIES IN EDINBURGH

Late Dr. J. G. MacGregor of Halifax Had Distinguished Career.

Word was received yesterday of the death in Edinburgh, Scotland, of Prof. James Gordon MacGregor, D.Sc., LL.D., F.R.S., the eminent Canadian educator and professor of natural philosophy in the University of Edinburgh.

Dr. MacGregor was born in Halifax, N.S., in 1852. He was educated at Dalhousie, Edinburgh and London Universities and had a most distinguished career both as student and lecturer. He was appointed to the faculty of Edinburgh University 12 years ago. Lieut.-Gov. J. D. MacGregor of Nova Scotia is a cousin.

## CITIZENS WILL BE SURPRISED, HE SAYS AT REASONABLENESS OF TWO BIG DEALS

Mayor Hocken and Sir William Mackenzie Today Will Confer and Will Complete the Substantial Features of Scheme For Railway and Electric Purchase.

OTTAWA, May 21.—(Special.)—Mayor Hocken before he left for Toronto tonight, informed The World that he had had an interview with Sir William Mackenzie this afternoon, and that they had arranged for a further protracted conference in Toronto tomorrow afternoon, beginning at 3.30, to complete, he hopes, the substantial features of the scheme for the purchase of the Toronto Street Railway and the Toronto Electric Light Company by the city. "The citizens," said the mayor, "will be surprised by the reasonableness of the deal."

## TORONTO TO LEAD IN DISPLAY OF LIVE STOCK

Mayor Hocken is Hopeful of Success of Winter Fair Project as Result of Ottawa Interview—Hon. Mr. Rogers to Inspect Island on Saturday.

OTTAWA, May 21.—(Special.)—"We hope to establish in Toronto a winter stock show which will surpass even the world-famous Chicago show," said Mayor Hocken to The World correspondent tonight.

"Toronto is the ideal location for such an enterprise," he continued. "We have over a million dollars' worth of buildings at the exhibition grounds, and we are practically in the centre of the dairying district. If we are successful in getting the live stock show for Toronto we will construct one of the finest judging arenas in America. We hope to combine the horse show with the poultry show and the live stock show. This combination should draw people from all over America. It is our intention this summer to build a southern entrance at the exhibition grounds, so that trains may come directly into the grounds."

Sought Federal Aid. The mayor, accompanied by Controller Foster, interviewed Mr. Burrell, minister of agriculture, this morning in an endeavor to obtain government aid for the winter stock show. This aid, as the mayor explained, was to take the form of government recognition and exhibits from the government's experimental farms.

"Of course," said the mayor, "a government grant would not be amiss, but it is the exhibits and the recognition which we desire. The minister would not make any definite promises, but he did say that if we would get the dairying and other interests to co-operate with us we would in all probability obtain what we asked for."

Rogers is Coming. After seeing Mr. Burrell, the mayor and Controller Foster waited upon 11 n. Mr. Rogers, minister of public works, in the hope of obtaining government aid in preventing the washing away of the west and south shores of the island.

## KING GEORGE AND QUEEN MARY IN BERLIN FOR ROYAL WEDDING

Emperor William, the Empress and Others of German Royal Family Welcomed the British Sovereign and His Consort—Berlin Is En Fete For Royal Ceremony

Special Cable to The World. BERLIN, May 21.—(Copyright.)—"Queen Mary is just as shy as we supposed she was, but not nearly so plain," a German diplomat's wife remarked to The World correspondent today, after the British queen, half afraid she might overdo in acknowledging the applause of the crowds, had passed down Unter Den Linden. Her Majesty and King George arrived this morning to attend the wedding on Saturday of Emperor William's only daughter, Princess Augustus of Cumberland. Both bride and bridegroom-to-be are blood relatives of the King.

Princess Ernest arrived earlier. There was no ceremony to greet him and he drove in an automobile straight to the palace, where he breakfasted with Princess Louise. Then he went back to the railway station to assist in receiving the British Sovereign and his consort.

At the station were also Emperor

Senate Committee Dealing With Agricultural Schedule Agrees That No Tariff Discrimination Be Made Between Raw Materials and Their Products—President Wilson Does Not Object.

## ROSS WILL HURL A CHALLENGE AT BORDEN

OTTAWA, May 21.—(Special.)—It is understood that all the Liberal senators except Domville and Ellis are strongly against the naval bill, and that Sir George Ross' speech will be very bitter, and that he will defy Borden to go to the country.

## NAVAL BILL WILL BE REJECTED BY SENATE

Announcement of Sir George Ross That Liberals Are Unanimously Agreed in Attitude Accepted as Almost Certain Indication—Critical Situation Outcome.

OTTAWA, May 21.—(Special.)—The most general opinion tonight is that the Liberal majority in the senate will throw out the naval bill of the Borden government, attaching to their motion a declaration that it be first submitted to the people. Notwithstanding this prevalent opinion, there are those who say the bill will go through the senate.

Some men who ought to know persist in this opinion. But anyone who has watched the debate and the speeches of the Liberals in the commons must come to the conclusion that the only way out of the situation for them is to back up their opinions by such action as their predominance in the senate will allow, and a close study of Sir Wilfrid through the struggle can suggest nothing else than that he regards the whole campaign as one to discredit him and his party, and therefore that he will ask his senate friends to resent such an effort.

Momentous Consequences. If the senate defeats the bill the effect will be far reaching if not immediate. It would mean an early election. It will certainly mean an agitation for senate reform. It will also mean a new struggle over this momentous question from the broader standpoint.

## FRENCH LINER WAS BLOWN UP

Wrecked by Mine in Smyrna Harbor and All Passengers May Have Perished.

Special Cable to The World. LONDON, May 22.—(Copyright.)—The Daily Mail's correspondent at Smyrna, Asia Minor, telegraphed on Wednesday as 5.50 p.m. saying: "The French Messageries Maritimes liner Senegal has been blown up by a mine as she was leaving the port of Smyrna. Tugs are leaving to try to save life."

The same paper's Marseilles' correspondent, wiring Wednesday night, reports: "The Senegal was bound for Constantinople, touching at Smyrna and Beirut. She left here Thursday last and carried 60 passengers, but probably picked up additional passengers at ports of call. The crew numbered 60."

"M. Dechaud, the manager of the Messageries Maritimes here, had heard nothing of the accident at 11 o'clock tonight."

DIED FROM SCALDS. "That Harry Oliver came to his death as the result of a very severe scalding in a railway wreck near mileage ten on the C. P. R. main line north, on May 4, 1913, and we further find that the wreck was caused by the wheels known as 'idlers,' leaving the rails and thereby causing the engine and several cars to leave the track."

The foregoing verdict was returned at the morgue last night by the jury empaneled by Coroner J. W. Ingham to investigate the death of C. P. R. Fireman Oliver in the wreck at Woodbridge three weeks ago.

The NURSERY CONDUCTED BY E. Clinio Murray GRIPEE.

High winds carry many germs that infect the delicate lining of noses and throats of little children. Among the most frequent and dangerous of these germs is the one that causes gripe or influenza. The disease is not very dangerous in itself, but it may have complications...

The commonest form of gripe is that which begins very suddenly with chills, pains, fever and sometimes vomiting. There is generally a discharge from the nose and a cough. From these signs the mother can generally diagnose the case, but some cases are without these symptoms and require a skilled physician to recognize the disease. In mild cases the fever does not run above 103 degrees, but in severe cases it will go up to 105.

At the beginning of the attack give a dose of castor oil. Dilute the food to one-half its usual strength, or if the child is on a diet of solid food, give only milk, broth and thin gruels while the fever lasts. Spray the nose and throat with a mild antiseptic solution. If the fever is high, an alcohol rub will give relief. Remove the entire clothing from the child and wrap him in a dry sheet or blanket. One part is exposed and wet with equal parts of water and alcohol. This is then rubbed briskly but lightly with the hand until it has dried. Moisten again and repeat the process. Go over the whole body this way, allowing about half an hour for the bath. Do not dry with a towel or cloth. It is the cooling during evaporation, together with the friction, caused by the rubbing, which brings the blood to the surface, that takes down the fever.

If the cough is troublesome, inhalation of steam will prove helpful. Bronchitis and pneumonia are frequent complications of gripe and for these a mild mustard plaster on the chest is good.

After an attack a child needs a reliable tonic prescribed by a doctor, and a change of air if at all possible.

GREAT EXCITEMENT OVER ENGAGEMENT. May Titheridge in the Meantime Gets Lots of Free Advertising.

Special Cable to The World. LONDON, May 21.—(Copyright.)—Lord Edward Fitzgerald's repudiation of his reported engagement to May Titheridge, the musical comedy girl, which she confirmed, is greatly exciting the theatrical and social world. It appears that Lord Edward's uncle and guardian, Lord Walter Fitzgerald, fearing his nephew might marry Miss Titheridge, sent him away eight months ago on a world's tour, from which he has only just returned. Miss Titheridge could not be seen today, her mother stating that she was ill. The announcement of the engagement was made without Fitzgerald's knowledge or consent, and, resenting this, he published the repudiation. Miss Titheridge's friends believe the marriage will come off, all the same, and declare that the repudiation was really the uncle's.

TOMATOES. EIGHTY years ago tomatoes were cultivated as curiosities in England and America. They were known as 'Love Apples' from the custom of the Turks and Greeks, who present a bride and groom with a perfect specimen at the close of a wedding ceremony. Because the plant belongs to the deadly nightshade family it is a pretty ornament to the garden, but a necessary article of food. Not alone in the American cuisine, is its popularity growing; many instances of its place in foreign cookery are noted on menu cards, especially in the American cuisine. For instance, it appears in Spanish style: Tomato con queso, enchiladas, puluero con tomate, are a few terms easy to translate and rapidly place in our food list. As usual, the French chef leads in new ways of cooking the vegetable. His recipes are approved by all as they do not contain the abundance of pepper the Mexican or Spaniard thinks so necessary an ingredient. Tomatoes a la boquillon are spicy and quickly prepared. Peel the tomatoes by plunging them quickly into boiling water, immediately cool in cold water, when the skins will slip off. Cut in quarters, press out the seeds with a generous amount of butter and sugar. Sprinkle on a little salt and depends on the taste of the family and the flavor of the tomatoes. Tomatoes a la fraise are similar to the familiar stuffed tomato. Cut off the stem end and press the seeds out gently. Fill the cavity thus secured with a force meat. Chopped, well seasoned ham and chicken are good for this filling; bread crumbs seasoned with spice and butter may be used, or beef and bits of bacon finely minced will do. Fill quite full and cover with parsley, crumbs, and sprinklings of salt and pepper. Bake in a hot oven fifteen minutes. Pour a little melted butter over each tomato as it is served. Tomato Grillees are like the usual broiled tomato, but the hot mayonnaise dressing makes a change in the dish. Skin the tomatoes as directed and remove the seeds carefully so as not to break the sections. Cut in thick slices with a very sharp knife and drain on soft paper about twenty minutes. Spread melted butter or olive oil over each slice and lay on a hinged wire broiler. Cook over a slow fire basting at least once during the broiling. Sprinkle on paprika, salt and pepper before arranging on the serving platter. Garnish the grillees with cress and put a spoonful of hot mayonnaise on each slice. Tomatoes a la reine are skinned, sliced tomatoes sautéed in hot butter until almost tender and then dipped quickly in egg batter and in sifted crumbs and well browned in more hot butter. Then make a slightly garnish finished with minced parsley for pork cutlets or pork tenderloins.

## BIG CAMPAIGN FOR MISSIONS

Canadian Council of Laymen's Movement Formulates Strong Policy.

## FOR FALL AND WINTER

Conferences Will Be Held in All Parts of Canada.

The Canadian Council of the Laymen's Missionary Movement met at the parish house of St. James' Cathedral Wednesday noon, John A. Paterson, K.C., the vice-chairman, presiding in place of S. J. Moore, the chairman, who is out of the city. This council has been making a study for the past year of three features on the line of missionary work, and have been undertaking to formulate a policy which would interest all of the churches and mission boards, and give them an opportunity of uniting in a vigorous campaign to reach just as many churches as possible with a missionary message. The three subjects of study have been the every member canvass and its relation to the financial and spiritual side of the church's work; the county conference and the best methods of securing the attendance of representatives of every church in the county, and then a statement of policy for the work of the coming year. Several sub-committees have been working on a policy for the past three months, and the report was finally made by J. H. Gundy. It includes a county conference in every possible county in Ontario the first and second weeks of November, to be followed by an every member canvass of just as many churches as will undertake it, the first week in December. In preparation for the conferences and in an educational campaign in the local church, it is expected that the different denominational laymen's movements will all unite with the Canadian Council, and that the church boards will make it their line of effort for the early fall and winter.

**Union Campaign.**  
After consultation with the men in the west it has been decided to conduct a union campaign of inspiration and education in the western provinces in February and March, to be followed wherever possible by an every member canvass. The mission boards in the United States are also planning a campaign to cover the entire winter, with a series of conven-

tions and conferences, to culminate in an every member canvass of churches all over the United States that are ready to go into it in March, 1914, so that with the churches in Canada going into such a canvass it should mean a tremendous impetus to the mission work and the spiritual life of the churches of the entire continent. Each church will necessarily be left to decide for itself just how far they can participate in such a canvass, but the experience gathered from churches that have already held one will be used in addresses and pamphlets as inspiration to others to plan the same thing.

**Other Conferences.**  
Conferences will also be held in Quebec, and towards spring in the Maritime provinces. The Missionary Education Movement will be asked to co-operate in all of these events and to take charge of the literature exhibit and sales wherever meetings are held. It is planned to use the secular and church papers in giving larger publicity to missionary and religious news, and to emphasize the value of the canvass as shown in the experience of churches everywhere.

## COL. CROWE'S LEAVING NOT THRU FRICTION

Military Men Deny Report Concerning Royal Military College Commandant.

KINGSTON, May 21.—(Special).—Col. J. H. V. Crowe is retiring from the position of commandant of the Royal Military College, and it is rumored his retirement is a result of friction with Hon. Sam Hughes, minister of militia, the same as in the case of Major Gen. MacKenzie, chief of general staff at Ottawa. Col. Crowe is in Ottawa, but prominent military men here deny the report.

Col. Crowe and Major Gen. MacKenzie, imperial officers, are old friends. Col. Crowe's time does not expire until fall, and it was expected that his term would be extended. Col. Crowe goes to Simla, India, as general staff officer. During his stay here he has made many friends.

## IRIS

There is so much to be said about these altogether delightful flowers that I shall not even attempt to say much about them. Their beauty is entirely beyond any description that my poor pen can do justice to.

The iris, or flowering flag, as many know them, has been called the poor man's orchid—and rightly, too. I do not think that any person should be excused for not knowing something about this family, which comprises the crocus, the gladiolus, the blackberry lily, the ixia, and the tigridia, each and every one of which is remarkable for some unusual beauty peculiar to itself. The iris itself is, of course, the most characteristic and remarkable.

When I tell you that there are already some one hundred and seventy-five specimens known to botanists, you will at once realize the task before us if we were to attempt to go carefully into the subject of irises.

However, there are two main species that we are concerned with: the German irises and the Japanese irises.

The German irises are purely garden flowers, into whose composition have gone the strains of a score or more of primitives, and it is owing to this great diversity of origin that the varieties have an equal diversity of coloring ranging from white, thru many hues of purple, yellow, bronze, claret, blue and mauve. Many are exquisitely veined and marked. The leaves are long broad, swordlike, and are more or less evergreen. The flowers singly, or in twos, and occasionally threes, come from the centre of the sword sheath on a tall, strong stem, proudly uplifted above the rest of the plant.

The Japanese irises are very beautiful. There are many points of difference between the two species, which we need not just here concern ourselves with, other than that the leaves are not evergreen. The leaves are much more delicate and narrower in appearance. The flowers are rather more gracefully poised on the stem, and the roots are more of a bulbous character.

Easily grown, easily wintered, the roots may be divided and the stock increased every season after the flower-

ing is over. I have found that by constant division, the blooms increase in size and intensity of coloring. Many gardeners allow the roots to remain undisturbed year after year, until immense clumps have developed. As the roots increase, they have a tendency to come to the surface of the ground, because, increasing they have filled up on those of preceding years, and are crying out for immediate attention, in other words, division. While nothing looks more attractive and distinguished than a fair sized clump, the tall sword leaves topped with clusters of healthy rich colored flowers, yet, single plants placed in lines behind some smaller growing flowers, say sweet Williams, give a stately and formal look to the bed or border that nothing else except perhaps the gladiolus will give.

Save every single piece of root, plant in rich soil, the smaller the root the richer the soil, with an abundance of water, and the small perhaps despoiled piece of root will soon reward your care and attention with a splendid flower.

Remember that the iris is by rights a water plant, therefore be generous with the water.

Irises come in flower early. By careful choosing and observant transplanting, the blooming season may be lengthened in a wonderful way. Some varieties bloom quite late, so that even in August one may have them in flower.

Lucia L.—Sow perennials now, for next season's blooming. The best thing to do, is to set aside some sunny corner that will not be needed this year for anything else, and scatter your sweet Williams seeds freely over the carefully pulverized soil. Water well, and leave alone until about August, when the we plants will be transplanted. Remind me again.

**NO OTHER WAY**  
By GORDON HOLMES

(Continued from Yesterday.)

Clancy, an impressionist if ever there was one, had glanced once at the dead bird when he read. When he had made an end, he gazed at the heap of crumpled feathers for some seconds.

The second letter was the outcome of the worthy professor's grief and astonishment at hearing of his friend's death. He explained that he did not read the newspapers regularly, and had been inclined to look on the despatch of his old crony and correspondent, Herbert Wildlake Kyle, until the news of the discovery of Kyle's body in an open boat on the high seas reached him in conversation at a luncheon party. He thought it his duty then to fulfill instantly the sad task imposed on him; he hoped and believed that Kyle's peculiar part of mind alone had led to this curious bequest. The man had always been slightly eccentric, and there were not lacking signs, during later years, of a morbidness of thought rendered pungent by the hardly lightened by a sardonic humor.

"Very well put my excellent professor," commented Clancy, "I don't know anything about Hebrew; but if you explain its difficulties as clearly as you have summed up Kyle, I am willing to take your say-so on the Moabit Stone."

Then he plunged into the diary. As a record of a scholar's broken life it was of supreme interest; but its discursive comments on events, tho' of some literary value, would be out of place in a narrative dealing with the careers of several people who had never so much as heard the writer's name.

Clancy's summary of its contents is more to the point; since he took pains to state his exact views thereon in a letter to Stelling, the passage in question may be extracted:

"Kyle appears to have been a wealthy man, with leanings toward classical research, both in the way of clearing up rival texts of ancient documents and, when young, in the exploration of Egyptian and Jewish monuments. He was returning to the States after a long spell of work in Palestine, when he met Josephine Delamar, and, as he himself puts it, the atmosphere of Paris intoxicated him. Possibly his wine helped; for I find many later references to various vintages as being 'helpful in banishing that black dog, Care.' At any rate, he married Josephine because she was 'beautiful and vivacious,' as good reasons as any for the folly of matrimony, and, of course, she resented the idea of burying her charms among frayed manuscripts and weatherworn stones.

"Within a year she had demanded liberty and an allowance. Singularly enough, Kyle seems to have spent

A "general" that is always at your service

What wouldn't you give for a servant that, so to speak, was "always on the job"—would wash dishes, polish the silver, run the ice cream freezer, grind coffee, ventilate the kitchen, clean the bright parts on the automobile, and run the sewing machine?

Frankly, wouldn't you welcome a helper that would relieve you of these and the multiplicity of tedious tasks that constitute the irksome part of housework?

The same motor is used for all the services mentioned above, the only changes being in the use of a few simple attachments which anyone can put on and remove in a few seconds.

Cost of operation is trifling. When motor is loaded to full capacity, current does not cost over one cent an hour.

Ask for a demonstration of the General Utility Motor the next time you're downtown. Make a note of it on your shopping list or

HON. MR. BECK AND NEWMARKET

Hon. Adam Beck has covered himself with so much glory that what Newmarket could contribute might scarcely be observed, but every little counts, and Mr. Beck never spoke to better purpose, and never was listened to with more enthusiasm than on Tuesday evening.

Newmarket was offered power by the Metropolitan Company two years ago at \$40. The Hydro-Electric Commission offered \$20. Then the Metropolitan came down.

Mr. Beck brought forward a curious point which may postpone the proposed voting on the bylaw on the 30th. The act, it seems, provides for the separate submission of the enabling and money bylaws which are now being submitted as one proposition, and it can thus be upset on the motion of any citizen.

A bill introduced by Congressman Lewis of Maryland in the United States House of Representatives provides for large expansion and development of the service. It raises the weight limit to a hundred pounds and so simplifies and readjusts the rates as to amount to a reduction of 50 per cent. all round.

A NEW FRUIT DISEASE.

Science, or rather its synonym, knowledge, is rapidly transforming all branches of industry. Even the agriculturist, most conservative of workers, is beginning to learn that the patient worker in the laboratory with his test tubes and his microscopes and his apparently futile experiments is really contributing far more in aid of profitable cultivation than has resulted from generations of rule-of-thumb methods.

In the current weekly report of the Dominion Department of Trade and Commerce, the commissioner at British Columbia reports that a new fruit disease has been discovered. It accounts for the discoloration and blackening of pear blossoms and foliage often observed in the spring.

Had Stomach Rumbings Distress Before Meals

Was Seldom Free From That Weary, Droopy, Half-Dead Feeling. Now Cured and Gives Good Advice to Others With Dyspeptic Tendencies.

If you have any stomach distress at all, you will certainly be interested in the following experience which is told by Mr. Edward Dawkins:

When I was working around the farm last winter, I had an attack of indigestion, writes Mr. E. P. Dawkins, of Port Richmond. "I was weak for a long time, but well enough to work until spring. But something went wrong with my bowels for I had to use salts or physic all the time. My stomach kept sour, and all the while I was in pain and distress. I tried many pills, but instead of helping, they seemed to make matters worse. I finally used Dr. Hamilton's Pills, and in a few days I was cured. I feel as if I should like to get results with Dr. Hamilton's Pills, and feel so glad that I have found a mild yet certain remedy. Today I am well—no pain, no sour stomach, a good appetite, able to eat anything. This is a whole lot of good for one medicine to do, and can say Dr. Hamilton's Pills are the best pills, and my letter, I am a true convert."

The Philosopher of Folly

I am going to The Meet 9th Annual Convention Associated Ad Clubs of America. In days of old our fathers held fine feathers out no ice; they'd rant and rave at any knave whose taste they deemed too nice; when belted knight set out to fight he cared no whit for looks—the jayest jay in any scrap might be an earl, gazooks! In rusted suits from helms to boots the finest men then dressed, with nine stone weight of dented plate strapped on each manly chest; a lusty roe, they loved, I vow, and when the trumpets blew stout casques would crack from thump and whack, and spilt or twist askew; steel coats would bust, rent by the thrust of foeman's spear or lance, and ax and mace would of deface the armored hose and pants; the vests of tin likewise caved in, yet chainmail mitts grew frayed, yet in such duds all gallant braves disported undismayed, for when once more they ceased from war, and hit the homeward trail, the ladies eyed with keenest pride the lads in battered mail. A dinge and dent in those days meant a perilous thrust or blow—and damsel then thought well of men who came back thus and so. But customs change, and now 'tis strange how good clothes help a man—the chap in rags and bob and tags they count an also-ran. They haste to pick the lad that's spick—now maidens have no eyes for gallants in seedy suits and shabby shoes and ties. If we were poor we must endure our wretched hand-me-downs, but well we wot they'll win nought but fare-the-wells and frowns.

GALT'S EX-MAYOR IS STILL IN OPPOSITION

Has Not Changed His Opinion Regarding Hydro, Nor Spoken of It. GALT, May 21.—(Special.)—Ex-Mayor Patterson today denied that he had ever "wondered why he had knocked such a great and good thing" as the hydro system in Galt. "I haven't," he told The World, "changed my opinion in regard to the hydro since I fought it and won in Osgoode Hall. I opposed the way it was coming to Galt, the prospect without a price. And as for my expressing my opinion, I have not been interviewed regarding it, nor have I mentioned hydro to any person."

HAVE YOU A SKIN RASH?

Zam-Buk Will End It. For skin rashes, eruptions, eczema, etc., either in adults or children, there is nothing known to science which equals Zam-Buk in the quickness and certainty of its curative power. Raymond Webber, of Allanburg, Ont., writes: "I have tried Zam-Buk for many ailments, and every time have found it successful. Some time ago I had a bad rash all over my body. I tried home-made salves, herb salves, and various home-made preparations, and these proved of no use, but when I tried Zam-Buk I was cured in a quarter of the time that I had been experimenting in vain with other preparations. On another occasion I had one of my fingers crushed, and in that case also Zam-Buk was the only remedy I used. It healed the wound splendidly. My boy had boils, and once again Zam-Buk brought about a complete cure. We have also used it as a household balm, for the injuries and skin diseases which are common to every person, and can say that in our experience there is nothing to equal Zam-Buk."

FROSTS HURT FRUIT CROPS

GUELPH, May 21.—(Special.)—Almost all the reports from country districts tell the same story of considerable damage done to early fruits by severe frosts and some injury to grain crops, especially clover and barley. Vegetables sustained some damage, but not a great deal. The principal drawback is that growth is greatly retarded by rains and cold weather. Warm weather and sunshine would evidently considerably repair the damage done.

HUGE POWER BY CONTROL OF ORE. NEW YORK, May 21.—(Can. Press.)—Because of the fact that the United States Steel Corporation owned some 75 per cent of the ore reserves of the country, it would have been impossible in 1901 to have organized another corporation its equal, Charles M. Schwab, first president of the corporation, testified today in the hearing of the government suit to dissolve the corporation as an illegal combination. The testimony was adduced from the witness in cross-examination by government counsel in support of the charge that the steel corporation is a monopoly. Mr. Schwab said, however, that ores could have been imported from foreign countries and a corporation organized as the U. S. Steel organized provided its plant were located in the east. He contended, on the other hand, that there were no other financial interests in the United States as strong as those which went into the corporation, namely, J. P. Morgan & Co., the Rockefeller-Standard Oil interests, the Carnegie interests and the "W. H. Moore group." Mr. Schwab, who had been on the stand since Monday, completed his testimony today.

DODD'S KIDNEY PILLS. CURES RHEUMATISM, BRIGGS' DISEASE, DIABETES, GRAVEL, NEURALGIA, MIGRAINE, HEADACHE, BACKACHE. GUELPH, May 21.—(Special.)—Almost all the reports from country districts tell the same story of considerable damage done to early fruits by severe frosts and some injury to grain crops, especially clover and barley. Vegetables sustained some damage, but not a great deal. The principal drawback is that growth is greatly retarded by rains and cold weather. Warm weather and sunshine would evidently considerably repair the damage done.

TO INVESTIGATE RADIAL RAILWAY

Thoro Inquiry Into Affairs of Ontario and West Shore Line.

FIGURES DO NOT TALLY

Difference of Three Hundred Thousand Dollars to be Accounted For.

The Ontario Railway Board will hold a preliminary investigation into the affairs of the Ontario and West Shore Railway, on May 30. It will be remembered that this company which was incorporated with the intention of building a rapid transit electric line along the shore of Lake Huron from Goderich to Kincardine, suspended operations without having a single car run on its rails.

On the defaulting of the company, some time ago, an investigation of the road was made by an engineer, for interested parties and the report following claimed that only \$300,000 could be accounted for in the actual road work. A deficit has become manifest to sift the proceedings from the beginning in view of an outstanding bond issue of only \$100,000, and the disposal of the remainder not being clearly defined.

It is understood that J. W. Moys, who was largely interested in the scheme, will appear before the board at the preliminary hearing, and arrangements for carrying on the inquiry will be completed.

The firm of Proudfoot, Duncan, Grant and Skeans is understood to be acting for the residents of Goderich and Kincardine, who are concerned.

On the same date the demonstration meeting to Wm. Proudfoot, who figured in the recently quashed charges against the premier and provincial secretary, will be held in Goderich.

GREAT CREDIT FOR STAFF Admirable Renditions by Students and Orchestra Added to Most Delightful Evening.

Unusually successful in every way was the annual concert of the Toronto Conservatory of Music, held in Massey Hall on Tuesday night. It attracted an immense audience that overflowed and filled the seating accommodation in the rear of the platform.

What added to the national interest already taken in the Conservatory concert, was the assistance given by the Toronto Symphony Orchestra, which continues to provide admirable renditions, that of Mozart's Overture to Il Flauto Magico, which opened the program, bringing out to the full, its wealth of melody.

The orchestra was led by Mr. Frank Weltsman, in the numbers to which lent its aid. The first vocal offering, "The Cry of Rachel," given by Miss Marlon Gibbons, a pupil of Mr. Russell G. ## ARGO HENLEY TRIP AS YET UNCERTAIN

### Meeting Will Be Held Monday to Decide—Crew Have Been Working Hard.

Just whether the Argonauts will go to England for the Henley, it is understood, altho for months the boys understood that was to be the ultimate object of their spring training. Unforeseen difficulties have arisen, however, and the trip may be postponed. A meeting will be held on Monday evening to decide just what they will do about the matter. It would be a great disappointment to the crew if it was put off this year, so things may be adjusted at the meeting and the eight be given a chance for the honors.

All the boys who are practicing are in grand condition, and they are within a few pounds of their rowing weight, even at this early date. If the boys are to be one of the heaviest eight that ever rowed in England, and, in spite of their style, which the English critics take so much exception to, should be there or thereabouts when the finals are rowed. The crew is intact, with the exception of Boyd at No. 2, that raced at Sweden last year, and with the experience of last season in their caps they will be a hard proposition for any of the European crews to tackle.

Several of the boys have developed a new kind of poison in their hands, that is bothering Coach Wright considerably. No less than two boys are laid up with their hands at the present time. Addition has a hand that has required a lot of treatment, and he has practically been forced to quit training. Russell is recovering from an attack of the same ailment, and the boys are worrying whether they will be the next to be laid up or not. It commences with a small blister on the palm of the hand, and the surface of the cuticle, which rapidly festers and turns to blood-poisoning, causing great inflammation and swelling to take place. Boyd's place at No. 2 is at present being filled by Rice, who is a good, strong fellow, but there are other offers after the job, besides Addison, who is out for the time being. Wickson, Keith and Russell are the other three who are laid up. They have shown up well in practice. The man for that position will be chosen on Monday also, and one spare man, who will be taken along to fill any vacancy by sickness or accident.

The crew as they sit now and their weights are as follows: McClary, cox., weighs about 122 lbs. now, but at the day of the race will be laid up to 115 lbs.; Taylor, stroke, 180; Gregory, 7, 176; Gale, 6, 189; Sinclair, 5, 192; Murphy, 4, 180; Kent, 3, 176; Rice, at No. 2, 170. The spare man strip as follows: Wickson 181, Keith 167, Russell 176. They held another good workout last evening, and will continue hard work until they hear the decision of the meeting on Monday.

# A NEW TRAINING RECORD SET BY HEARTS OF OAK

## The Giddings Colt Runs the Full Plate Distance in 2.12, With His Stable Mate, Ondramida, Close Up—Seagram Platers Disappoint—Notes From Woodbine.

(By Ed. Baker.)

About the last important work of any of the King's Plate candidates took place yesterday morning at Woodbine Park, when Hearts of Oak and Ondramida, from the Giddings stable; Volvoide and Maid of Promise, from the Seagram barn, and the Brookdale stable's Eifain, were altho the morning was anything but favorable for real fast work, the star of the Giddings entry set a new King's Plate record by working the distance in 2.12, with his stable mate running in two seconds slower time. Thus Gold Bud's training record of 2.13 2-5 made the day before, did not last long, for when the Giddings colt was asked, he soon wiped out that record.

The track proper was probably in as good shape as it was on Tuesday, when Gold Bud made her good showing, but everything else was against Hearts of Oak. The cold air and a strong wind were more or less of a handicap to the big colt that came out of the final test with honors.

Ondramida, that showed a good performance last Saturday when she was close on Hearts of Oak's coat collar at the end of a six furlong dash, again ran well and it is no sure thing that this filly will not be right up in the front set at the finish of Saturday's big race.

In yesterday's work, Ondramida and Hearts of Oak broke at the eighth pole and they marched the first quarter in 24 seconds, stepping on to the half in 48 1-4, which was running some. At the three-quarters, reached in 1.15 4-5, Ondramida began to falter, and when the colt had run the mile in 1.44 2-5, the filly was about three lengths back. However, she lost no more ground during the balance of the journey and she finished resolutely.

The work of Hearts of Oak was of a most pleasing character, as he carried about ten pounds more than the 113 he will be required to carry in the plate, and it establishes the fact that this one

# Perfect in Name and Service

Southern Maid, Bee Hive and All Stars on the previous day, was seen. The rain kept off nicely until after the King's Plate horses had all worked, and then old J. P. put loose. This, however, only served to make the track better, as it had become rather dry and dusty.

Overson Tompkins had his big string of steeplechasers out for an airing and two schooled thru the field.

The trainer of the 4-year-old filly, Miss Margaret, by Orme Shore-Minnie Lightfoot, must have entertained the idea that she was up to something, as she was up a time when no one but the red-bird was astray. Margaret began at the quarter pole and ran the distance in 1.50 3-5, and then stepped the final quarter at 2.20 3-5.

# Wind-Up of Tenpin Season at R. C. B. C.

The R.C.B.C. wound up their bowling season with the annual bowlers' banquet at which the prizes won during the season in the several competitions were presented to the successful competitors. A good turn out of the members were present and they highly appreciated the splendid renderings of Master F. Taylor, the boy soprano, and the well-chosen piano selections by Master Fred Patry. Joseph Russell, a highly esteemed member of the club, presented the prizes. The prize-winners were:

# WEIGHT NO AID TO JESS WILLARD

## Gunboat Smith Earns Close Decision in Twenty Rounds, at San Francisco.

Notwithstanding he entered the ring fifty pounds lighter than his opponent, Gunboat Smith was a 10-to-7 favorite preceding their scheduled twenty-round boxing bout at San Francisco, Tuesday night. Willard, six feet six inches in height, and weighing 230 pounds, towered above the conqueror of Bombardier Wells, whose weight was given at six feet even, and weight at 180 pounds. Smith was awarded the decision at the finish. Cal Delaney of Cleveland earned a decision over Monte Atwell, the featherweight, in ten fast rounds, as a preliminary to the main event.

Inexperience proved to be a big handicap to Willard. He had the strength and courage, but he was too good-natured and too sluggish, and when Smith forced him in the tight places he did not know what to do.

In the periods when he might have won the fight, he seemed to lack the determination to push thru for a victory, but when Smith was in difficulty he always displayed ring generalship and covered up until the round saved him.

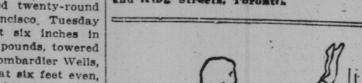

Of the twenty rounds fought, but six could be credited to Willard, in offence he showed exactly what the critics had predicted for him—a tantalizing straight left and right uppercut. At finishing he was a novice. Back men took a course of punishment. In the tenth Willard's hands split wide open, and for the remaining rounds blood streamed down his neck and over his chest. Smith's left eye was blown shut.

Both were shut. In the closing rounds, and here Willard's inexperience and good-nature developed, for when the crowd jeered him for inaction during a clinch he stopped work entirely and smiled over the crowd hooted again, while Smith tore in. Ringside critics expressed the opinion that, altho Smith had won a just decision, with training and experience Willard might be developed into a formidable heavyweight.

The Don Rowing Club spring regatta will take place on Saturday, June 7, in front of the club house. All the members are requested to turn out every evening, as to be in good condition for this regatta. The events of the day will be novice singles, senior singles and club fours. In the novice single race there will be four entries, Thomas Finley, E. Walters, Thomas Burney and B. Russell. This should be one of the hardest fought races of the day, as each one of these scullers is rowing right. They are hard to work every night on the bay. In the senior singles there will be two entries and this race will be worth while seeing. The two men are very fast scullers. This race will be between Thomas Dibble and Fred Lepper. All the rest of the membership will take part in the club fours. The committee are making special arrangements for the day. Invitations will be sent out at an early date to members and their friends.

# TORONTO AND TECUMSEHS PREPARE

## Lacrosse Teams Taking Off Weight For Opening of the Pro. Season on Saturday.

The Torontos were out again in the rain last evening and they worked hard for about an hour. All the players had considerable weight to take off yet, but most of them are in fair condition. Several players were missing, but Capt. Warwick is not worrying about them and expects that his amateur recruits will fill in nicely and be good enough to trim the Irish-Canadians.

The Tecumsehs put in another fine practice in preparation for their game with the Nationals. No new players were out, but two more men will be out tomorrow who will be favorites with the fans this summer. Bert Green sent word to the Tecumseh management that he would be out today, while Murton, last year with Ottawa, and an old Tecumseh player, has signified his intention of being on the job. Last year he received \$100 a month, so that he won't be far out even if his salary is cut a little this year. Rowntree has not been out to practice yet and it is not likely that he will be given a chance to play until he gets into condition. The Indians will most likely line-up on Saturday at Montreal against the Nationals as follows: Kinsman, Yeaman, Green, Graydon, Whitson, McKenzie, Folker, Guy Smith, Winters, Carmichael or Murton, Querrie, McDougall and McGregor.

Whether the famous Scott Brothers of the Irish-Canadians will be in line for the opening of the lacrosse battle at Scarborough Beach on May 24 is a live topic among lacrosse followers. Without the services of these redoubtable home players the chances of the Montreal Irishmen against the champion Toronto practice team are seriously impaired, altho last season some critics said that the Irish would have been better without the Scotts, because of their tendency to bog the ball instead of passing it. Under the management of Jim Kavanagh, the Irish will be a formidable team, whether the Scotts are in line or not. It is probable that the defence of the blue shirts this year will be one of the strongest ever lined out in front of a net. The difference between the team that will begin the season this year and that which began last year is in goal, where Harry Holmes takes the place of Davy Gibbons for the first game, and on the defence, where Tommy Fitzgerald takes his regular place on the team place of Buck Marshall. Lacrosse players do not believe in the saying to the effect that a bad beginning makes a good ending, and Captain Warwick of the Torontos says that his men will extend themselves to the last notch to win the first of the season against the Irish on Saturday.

Lacrosse is booming up around the northern district of Ontario, and Thornbury, Meaford and Collingwood clubs met at Collingwood yesterday and drew up a schedule of games to play in the intermediate series of the O.A.L.A. The schedule is as follows:

June 12—Thornbury at Meaford.  
June 26—Collingwood at Thornbury.  
July 2—Meaford at Collingwood.  
July 17—Meaford at Thornbury.  
July 24—Collingwood at Meaford.  
Aug. 6—Thornbury at Collingwood.

A double lacrosse battle will be staged in Preston on the holiday when the Hespler Juveniles tackle Preston at 2 o'clock and the Canadian General Electric Juniors meet the Juniors at 3.30. Two good games should result as the Toronto team will be very strong.

Toronto University lacrosse team leave for the States in a week's time. They will play a game at Brampton on May 24. On May 26 the college team leave for Geneva, where they will play Hobart College on May 28th. They will play two games at Brooklyn with the Crescent Club on May 30 and 31. The players will be: Goal, McLean; point, Goss; cover-point, Macdonald; defence, Hassard; second defence, Hamilton; centre, Holmes; third home, Duggan; second home, Baister; first home, Zinn; outside home, Sinclair; inside home, Hanley, another of the famous family of lacrosse players.

Fughle Gifford, a brother of Tommy Gifford, manager of New Westminster, has developed a sore knee, that may keep him out of the game for some time.

Ottawa may get a chance to see two Big Four teams play this summer, as the Bytown promoter is trying to get the Irish-Canadians and the Nationals to play an exhibition game there.

Lester Patrick of hockey fame and Leo Sweeney have been appointed lacrosse referees in the B.C.L.A.

Con Jones now has eighteen players signed up, but will probably release a couple of these before the season opens. Several of his veterans are due for the blue envelope.

# BIG NOVICE RACE AT SATURDAY MEET

## Number of Entries Is So Large That Several Heats Will Be Necessary.

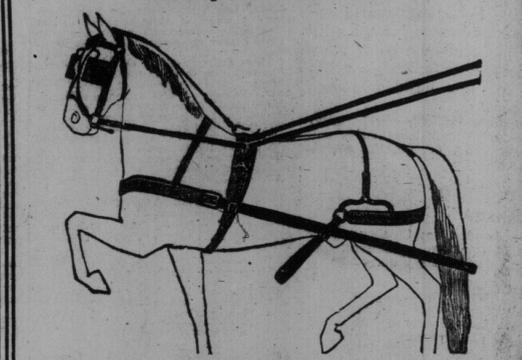

The novice event at the T. M. C. meet Saturday, May 24, is going to be a big surprise to some one. The entry list to date is so large that the event will have to be run in heats, as it will be impossible to have all start at once. The variety of makes of motorcycles also will be a surprise to the general public, as to date the entries represent nine different manufacturers.

# Dibble to Scull Lepper At Dons' Spring Regatta

The Don Rowing Club spring regatta will take place on Saturday, June 7, in front of the club house. All the members are requested to turn out every evening, as to be in good condition for this regatta. The events of the day will be novice singles, senior singles and club fours. In the novice single race there will be four entries, Thomas Finley, E. Walters, Thomas Burney and B. Russell. This should be one of the hardest fought races of the day, as each one of these scullers is rowing right. They are hard to work every night on the bay. In the senior singles there will be two entries and this race will be worth while seeing. The two men are very fast scullers. This race will be between Thomas Dibble and Fred Lepper. All the rest of the membership will take part in the club fours. The committee are making special arrangements for the day. Invitations will be sent out at an early date to members and their friends.

## HAMILTON-TORONTO GAME IN AFTERNOON

Soccer Player Suspended—Another Cautioned—Change in T. & D. Line-Up.

The weekly council meeting of the T. and D. was held last evening at Occident hall, and several important business affairs were taken up. J. Dunn, the Hiawatha back, was suspended for one week from the date of his offence, namely, May 10, and he will be able to get into the game on the 31st again for his team. The position of Elm street was cautioned for unseemly conduct on the field. A letter of condolence was sent to Mr. McGrath, the father of the unfortunate young man who died in the Hiawatha game last Saturday. Donald (Garra) will replace MacLaren (Thistles) in the game at Hamilton on Saturday afternoon at Britannia Park. He was unable to get away owing to pressure of business. The game will start at 3.30 p.m., and all players are asked to be at the Union Station at 8.45 a.m. to catch the Grand Trunk train. The return game will be played in Toronto on August 15.

## UNION STOCK YARDS HORSE DEPARTMENT.

Trade in the horse market this week is good, demand being divided between local and outside buyers, sales of heavy horses being in the majority. Several outside buyers were on the market buying loads.

Sales were made to Sher. Willows, who shipped a load of heavy horses to New York; Roche Marten bought a cartload of heavy-draughts for shipment to Montreal; M. J. Hendrick of Ottawa bought a load of extra good heavy horses; Harris Abattoir Co., city; H. R. Reynolds, city; Princess Laundry, city; L. Volles, city; P. McCarthy, city; R. H. Scott, city; W. E. Tidy, Brampton, Ont.; Fred Williams, city; Geo. A. Lyons, city; Toronto Suburban Railway Co.; F. T. Haslam, city; Jos. Bennett, city; J. Bevis, Mt. Dennis; Jos. McClary, St. George, Ont.

Prices were as follows: Heavy-draughts, \$240 to \$275; general purpose, \$200 to \$230; express and wagon horses, \$175 to \$225; drivers, \$125 to \$200; city horses, \$85 to \$75.

Sussex beat Middlesex by 33 runs, Middlesex's second netting 212 runs. Warner (not out) made 88. Hampshire v. Lancashire—Lancashire's second netted 260 for seven wickets, declared. W. Tyldesley (not out) made 61. Essex, in the second innings, netted 116 for nine. Russell made 63.

## AUTOMOBILES UPHOLSTERED WITH SPUN GLASS.

An artificial silk, made from spun glass, is being manufactured in England for upholstering automobiles. The glass threads of this artificial silk are only one-third as thick as an ordinary human hair, and are scarcely visible to the naked eye. By the action of chemicals this thread is said to be made stronger and firmer than any other artificial silk. The cost of producing material woven from it is claimed to be only one-fourth the cost of artificial silk made from cellulose. The glass cloth is incombustible, very resistant to moisture, acids, alcohol and oils, and is easily cleaned.

## O. J. C. NOTES.

Weather permitting, the steeplechase field will be open for schooling this morning. Trainers and jockeys who have not yet applied to the Canadian Racing Associations for their licenses are advised that they must do so before ten o'clock this morning at the office of the clerk of the course at Woodbine Park. The following race closes at the secretary's office, Woodbine Park, today, at 12 o'clock noon: Aintree Steeplechase (handicap).

## WARD SEVEN.

The prophecy has been made several times that the Keele street "Y" of the street railway will some day prove the source of a serious accident, and it was almost miraculous that no one was injured in a smash-up which took place at the busy corner about 9.25 last night. Dundas car No. 916, in charge of Motorman 2188, had just started east around the curve from Keele street when car 956, in charge of Motorman 1154, backed around the converging track from Dundas street at a fairly fast rate of speed and rammed the outgoing car full in the side, derailing it, throwing it off the front track and nearly upsetting it. The circumstance that the damaged car was on the way to the barns and was therefore empty of passengers alone prevented some serious injuries. As it was, the rear of the first car was badly smashed, and the other one in such a condition that it could not be moved yesterday and was left on the short track on Keele street. The reason for the smash-up, Keele street hall were called twice yesterday to houses whose residents had become alarmed at the appearance of smoke arising from the cellar. The first, about 8 a.m., was to a house at 217 Meadow street, where the pipes in the cellar had become disconnected from the furnace, and the fire was naturally smothered. The second was about 12.30 p.m. to 181 Perth avenue, where the damage also was negligible.

The annual field day of the Humber-side Collegiate Athletic Association is to be held next Tuesday afternoon on the playgrounds. A large program of events has been arranged, and various cups and trophies will be contested for. The death occurred yesterday of Mrs. Margaret A. Wright at the home of her daughter, Mrs. E. Irvine, 227 St. John's Road, in her 62nd year. Interment takes place tomorrow afternoon. The associated carmen of West Toronto held a special initiatory meeting last night in St. James' Hall, and received a large number of candidates for initiation. Next week the report of the delegates from grand lodge will be submitted.

## TO DECK MONUMENTS OF MILITARY HEROES

Veteran Associations Will Parade on Morning of Victoria Day.

The annual decoration of the monuments to the dead heroes of the militia of Canada by the several Canadian Military Veterans' Associations in Toronto, will take place in Queen's Park on Victoria Day, Saturday, May 24. The request is issued by Capt. William Fahey, president, and the executive committee of the grand executive council of the Militia Veterans of Canada, that all Veterans' Associations assemble at the armouries at 9.30 a.m. The parade will move off promptly at 10 o'clock south of the South African column on Queen's avenue; thence along Queen street to Simcoe street, and by way of Caser Howell, Murray, Ord and McCull streets, across College street to University road, and the Fenian raid monument, thence to the Northwest and Queen Victoria monuments.

The assemblage will be addressed at the main entrance to the legislative assembly buildings by Lt.-Col. Sir J. M. Gibson, Gen. F. L. Lessard, Col. George T. Denison, Lt.-Col. Archibald Cody and Sir James P. Whitney. The band of the Canadian Army Service Corps will furnish the march music. War medals will be worn. It is expected that the ceremony will be over by noon.

## DOCTORS CANNOT UNDERSTAND IT

Macon Banker Is Still Alive and Happily Facing Death.

Special to The Toronto World. MACON, Ga., May 21.—"If this is death, then none need fear his horrors." So spoke B. Sanders Walker tonight, when his physicians warned him that they could offer very little encouragement as to his condition other than that he might live a few more days. The brightest face about the sick chamber was that of the young banker, who for a week has been resigned to his fate from mercury poisoning and has held recollections for his own and the fact that he has experienced no pain since first accidentally taking the poison and lived thru a week is puzzling the doctors. His temperature at noon today was normal, his pulse 118 and his respiration 30. Steaming blankets are used to eliminate acid. Water is injected into his veins every hour and a pint of olive oil is given every twelve hours. The attending physicians are so mystified by the case that they frankly confess they would not be surprised at any turn the case might take. The longest case on record of a person living after taking chloride of mercury is twenty-one days.

## THREE PRINCESSES GET CONSOLATION

Daughters of Late King Leopold Recover Portion of Estate.

BRUSSELS, May 21.—(Can. Press.)—Altho the three daughters of the late King Leopold failed to win their suit against the state in connection with their claim for the entire Congo property, left by their father, valued at nearly \$14,000,000, the government recognizes that they are entitled to some compensation. An arrangement has been reached between the minister of colonies and representatives of the princesses whereby they are to receive a portion of the estate. The amount has not yet been fixed, but it is understood that it will be approximately \$800,000, possibly \$1,200,000, to Princess Louise, in which case it will take the form of an unattachable life annuity, to avoid seizure by creditors.

## WILD ANIMALS TRAINED AS MOTION PICTURE ACTORS

A jungle of several acres, inhabited by wild animals of all countries, many of which are already well trained for the parts they are to play as motion picture actors, is maintained near Los Angeles by one of the big American film-producing companies. It is intended to extend this acreage and accommodation until the motion picture jungle will form the largest single collection of wild animals in the world, and within it will be, and now is, for that matter, enacted many stirring scenes. A big elephant named "Teddies" is, for instance, the star performer in a film catalogued as "Lost in the Jungle," in which Teddies, during his wandering in the forest, finds the heroine lying exhausted on the ground, and, kneeling, lifts her to his back and gallantly carries her safely.

## For Thirsty Men!

As a thirst-quencher what compares with Kuntz's Old German Lager! Brewed by the costly "Old German" process, it has more life, snap, vigor—and an "Old German" flavor that far surpasses the flavor of ordinary lagers. Be sure the "Old German" scene is on the label, and the bottle is Peacock Green—to prevent the lager from deteriorating when exposed to light.

HIT AT RIGHT TIME DOWN THE INDIANS

Buffalo Gets Revenge on Newark—Mains Turned the Trick Again.

WYATT FELL DOWN Batted in a Pinch and Failed to Deliver the Needed Hit.

BUFFALO, May 21.—Buffalo won back the game lost to Newark in their first meeting, today's score being 6 to 3. Both teams hit about the same in numbers, but the Blons slammed the sphere at most opportune times with men on bases.

Two Straight For the Pirates

BROOKLYN, May 21.—Pittsburg made it two straight in the series with Brooklyn today by breaking up the inner defense of the locals in the eighth. The score was tied at 2 to 2 when Viox opened that inning with a Texas leaguer.

Civil Service Teams Play Ball in the Rain

The steady pouring of rain yesterday afternoon wet everything at Ketchikan Park, except the determination to win between those old rivals, City Hall and Postoffice.

MARKET IS DULL ON LIGHT TRADING

Speculation Reduced to Very Low Ebb in Toronto Stock Exchange.

SENTIMENT CHEERFUL

General Undertone Is Slightly Firmer—Some Specialties at Lower Prices.

The Toronto stock market again reflected the acute apathy in speculative circles yesterday, the transactions being of very restricted volume throughout the whole list.

It was quite evident from the early cables that Brazilian was receiving the better support in London, and the opening quotation here was at an advance of almost half a point from the previous close.

Maple Leaf Preferred Higher. The strength of Maple Leaf preferred, which moved up over a point to 96 1/2, a new high for the month, was the feature of the general list.

JOHN BULL HOLDING ON TO HIS MONEY ON TO HIS MONEY. Investors Like a Lot For Their Cash Nowadays—Loans Turned Down.

LONDON, May 21.—Financial London has been much cheered by the success of the Chinese loan. The general opinion expressed is that the bonds are cheap, and it is accepted that the offering has been strongly backed.

NEW YORK BONDS DIPPED BELOW PAR. Erickson Perkins & Co. (J. G. Beatty) wired: The feature of the day's market was the decline of the new 4 1/2 per cent. New York City bonds to below par, as against an average subscription price of 100.159.

NEW CAPITAL ISSUES IN LONDON MARKET. LONDON, May 21.—Revised estimates of the amount of new capital issues put out during April set the total at £29,000,000, compared with £25,900,000 in the same month of 1913.

NEW LOW RECORDS. Last week there were 55 bonds that sold at new low prices for the year, as against 74 the week previous, and 114 two weeks ago.

VERY NARROW RANGE

Standard Issues Fluctuated Within Point Limit—Some Further Liquidation.

IN VIEW of the recent decline in the value of New York Stock Exchange memberships, a good deal of interest is being taken in their ups and downs of recent years.

C. P. R. LED RISE IN LONDON MARKET. Irregular Action in General List—American Issues Made Some Improvement.

LONDON, May 21.—The Chinese loan occupied the attention of the traders on the stock exchange during the forenoon today. The issue was oversubscribed and applicants only expect small allotments of the bonds.

ANNUAL MEETING OF TORONTO PAPER CO. Financial Statement Made Good Showing—Directors Were Re-Elected.

HARVEY KNITTING CO. MAKES NEW ISSUE. Excellent Report Submitted at Annual Meeting—Directors Are Re-Elected.

MONTEAL LOAN A PARTIAL FAILURE. LONDON, May 21.—Sixty-six per cent of the Montreal loan has been subscribed by the public to secure a portion of the new Chinese loan, which was opened in London today.

CANADIAN PROMOTER DIES IN PRISON. Sponsor of Larder Lake "Mine" Didn't Live Through Sentence.

PHILADELPHIA, May 20.—After a life of well known in this country and abroad, Harry C. Seymour, 58 years old, died today in Seymour Prison, where he had been sentenced to nine months, two weeks ago today, for conspiracy and spreading false reports in the stock market.

CHICAGO LIVE STOCK. CHICAGO, May 21.—Cattle receipts, 12,500; market steady; beefs, \$7.10; steers, \$5.80 to \$5.85; cows, \$5.70 to \$5.75; pigs, \$5.80 to \$5.85; mixed, \$5.80 to \$5.85; rough, \$5.40 to \$5.45; bulk of sales, \$5.45 to \$5.50.

GLASGOW CATTLE MARKET. GLASGOW, May 21.—Watson & Co. cable average supplies; brisk demand was experienced at firm quotations. Steers, 14c to 15c; bulls, 12c to 13c.

New York's Bond Sale Isn't Proving Much of a Stimulant.

SOME ROCKETING BY POWER STOCKS

New Issue at Par Comes as Glad News to Stockholders.

NEW YORK, May 21.—Union Pacific, Reading and Steel, the stock market leaders, moved within a range of a point or less today. The unusually narrow fluctuations of these speculative favorites gave the measure of the market in general, which offered a dull and spiritless affair.

STOCK ISSUE BY OTTAWA APOWER. Eight Hundred Thousand Dollars Will Be Added to Capitalization.

OTTAWA, May 21.—(Can. Press.)—As forecasted at the last annual meeting of the Ottawa Light, Heat and Power Co. a short time ago, the directors at a meeting this afternoon authorized an issue of \$800,000 additional capital stock.

IMPROVED TONE SHOWN

The Symptoms of Weakness Are Still Evident—Bids Raised at Close.

The mining market broadened out considerably yesterday, and while the undertone to prices was not actually buoyant, it was, nevertheless, a distinct improvement on that recently in evidence. Meanwhile sentiment was cheered by the more active trading movement, with the statement frequently made that the public were at last waking up to the fact that many bargains were available in the Cobalt and Porcupine lists.
