

TWO-AND-A-HALF MILLION IN BATTLE LINE

commander replied that all citizens who behaved would be treated with courtesy, and would be in no danger. He, however, made it plain that any indication of an uprising would be met promptly by the German soldiers and the participants justly punished.

RESIDENTS ARE LEAVING.

Tonight many of the residents of the city are leaving. No attempt was made by the Germans to stop the exodus, and every available automobile was utilized in an effort to reach other parts by the panic-stricken Belgians, the majority fleeing toward Ostend.

NAMUR UNDER SIEGE.

PARIS, Aug. 21.—(11 p.m.)—An official statement issued tonight says: "Namur is partially invested. Heavy artillery opened fire toward noon. The westward movement of the German columns continues on both banks of the Meuse, outside the range of the action at Namur."

"German cavalry forces passed through Brussels today, going westward. They were followed later by an army corps. The retreat of the Belgians continued today without incident."

FORCED TO RETREAT.

"As already announced, after reconquering the frontier, our troops advanced into Lorraine, along a front extending from the Donon Mountain to Chateau Salins. They drove the Germans back into the valley of the Seille River, and the marshy district, and our advance guards reached Delme, Dieuze and Morhange."

"Yesterday several German army corps made a vigorous counter attack, and our advance guards fell back. The fight was extremely fierce on both sides, and in view of the greatly superior numbers of the Germans, our troops, who had been fighting continuously for six days, retreated."

"Our left covers the advanced works of Nancy, and our right is firmly established in the Donon hills. The great strength of our enemy made our remaining in Lorraine useless and imprudent."

A DASHING EXPLOIT.

"Details received show that the reconquest of Muhlhausen was a great success. The offensive first along the line from Thann to Dannemarie and then on to Muhlhausen was carried out with rare dash. By a bold stroke General Paul, once he was master of Thann and Dannemarie, directed the troops west of Muhlhausen, giving the enemy an opportunity to engage him between our lines and the Swiss frontier, and then by a second move the Germans were thrown back on Muhlhausen."

THOUSAND GERMAN PRISONERS.

PARIS, Aug. 21.—A despatch to the Havas Agency from Dunkirk, France, says a train bearing a thousand German prisoners, guarded by Belgian soldiers, arrived there today. The Belgians, with their captives, embarked on a French steamer which sailed for an unnamed French port. Two other trains carrying prisoners were following, it was said.

RUSSIANS CAPTURED LYCK.

ROME, Aug. 21.—An official despatch received here this afternoon from St. Petersburg states that the Russian main army has crossed the German frontier and occupied the City of Lyck, in east Prussia, as the result of the fighting on the 18th and 19th instant.

The Grand Duke Nicholas, the commander-in-chief of the Russian army, is personally directing the operations of the army corps which is now invading Germany.

Lyck is a city of nearly 12,000 inhabitants, and is an important railroad junction. It lies about twelve miles from the Russian frontier.

FIGHTING HAS COMMENCED.

LONDON, Aug. 21.—Two and one-half million men, comprising the allied armies of France, England and Belgium, and their common opponent, the German army, are today facing each other, distributed over a firing line of some 250 miles. Sharp fighting has already begun.

Namur has been shelled fiercely by the Kaiser's men, and an attempt was made to penetrate the French defence at Dinant, which is ten miles from the French border.

The German troops met the largest force with which they have yet had to fight when they seized Brussels and pressed the Belgians back on Antwerp. One wing of the Belgian army took a position on the north to defend Antwerp, and a second wing withdrew to a base of concentration with the English and French.

MOST FORMIDABLE SHOCK IN HISTORY.

Paris despatches quote Le Petit Parisien as saying editorially of the situation: "A great battle is preparing. Belgium is to be the theatre of the most formidable shock in history, the duration of which escapes prophecy."

"Repulsed in the south at Dinant by the French, the Germans have been making since Tuesday a vigorous offensive movement toward the north, and on Wednesday, forced the Belgians after a fine resistance to fall back on Antwerp. The Berlin Government will claim a triumph, whereas, from a strategical point of view, the movement was of mediocre importance."

"The French armies have also taken up their respective positions, and it is certain that our general staff is far from being taken unprepared by our adversaries' tactics. The staff had long foreseen them, and is prepared to deal with them under the best auspices."

NO BLAME ATTACHED.

Two days ago Nicholas Merrinoff, Agnes street, took powder given him by another foreigner to cure a headache, immediately after which he took violently ill and had to be removed to the General Hospital, where he died last night. Owing to the circumstances a post-mortem was made on the body at the morgue last night by Dr. Silverthorne, who decided that death was the result of natural causes.

NEWFOUNDLAND PREPARES.

ST. JOHN'S, Nfld., Aug. 21.—The legislature will meet Wednesday, Sept. 2, for the war session, when measures will be passed legalizing the expenditure in connection with the equipping and despatching of the naval reserves and 500 men for land service. The opposition party in the legislature formally agrees to support the government's proposals for organizing the sea forces and other emergency measures occasioned by the war.

A BEAUTIFUL BUILDING IN BRUSSELS. Since the Germans started their march on Brussels there has been expressed that some of the city's notable buildings may be destroyed by shell fire. The illustration is of the Royal Museum.

LIKELY TO BE DESTROYED BY GERMANS. One of Brussels's fine buildings, the Theatre Royal. From an architectural standpoint it vies with other notable buildings on the continent.

MONETARY RELIEF MEASURES ARE PASSED BY PARLIAMENT

Practically No Opposition Was Shown to Financial Legislation, But Tax Upon Sugar Caused Some Criticism—Canadian Flour to Be Sent to Britain.

(Continued From Page 1.) home defence. Such recruiting would be done in the most judicious manner. Sir Wilfrid Laurier: "What legislation is the government going to pass to provide for the families of the men who go to the front?"

Hon. R. Borden: "The patriotic fund movement is already under way and the government will supplement it to the extent that may be necessary. The legislation will be brought down either this session or next session. There seems no special reason why it should be done this session."

Mr. A. E. Maclean: "Have you any plan in your mind as to what securities would be acceptable?" Mr. White: "Securities guaranteed by the government and the provinces, high class railway securities and prime commercial paper."

Mr. White: "The minister went on to say that the banking situation in Canada was again becoming normal, and he did not know that the banks would avail themselves of the law to any great extent."

Mr. McCurdy (Queens and Shelburne) thought it would be unfortunate if the banks did not avail themselves of the law. They should be encouraged to do so. He feared that each bank would hesitate to apply for a loan because it might be misinterpreted as a sign of distress. All the banks, therefore, should give accommodations freely to their customers and ask the government to reduce the count their paper even though they made no profit on the transaction.

Mr. White said that the banks allowed a liberal position, and he believed that they would not attempt to make any unfair profit out of their customers or refuse them any reasonable accommodation.

Mr. K. Maclean asked if the government would issue Dominion notes against silver. Mr. White replied that the country would not go on a silver basis, but he saw no reason why a man could not borrow money from a bank with silver as a security and the bank reduce the paper with the government if the security was sufficient.

Mr. White said that the country would not go on a silver basis, but he saw no reason why a man could not borrow money from a bank with silver as a security and the bank reduce the paper with the government if the security was sufficient.

The High Price Problem

A number of letters have been received at this office discussing the high price problem and stating cases as requested in these columns on Thursday morning. In some instances they are not signed, while in others the name of the merchant is not given. All letters must contain both, in order to receive attention.

Meat and Butter.

Editor World: I would like you to publish the following facts, which I think are worthy of it. The papers are full of the high prices which are being forced upon the public at the present time, and we are also told that every woman should do something as well for her country in the time of war, but while women are letting their husbands go to the front British storekeepers are busy robbing those that are left behind. I happen to live next door to a provision store, and I was very much disgusted at the increase in his prices. For instance this morning which I usually pay 25c a pound for, today it was 35c, and last week butter which was 27c was 34c. Now, I would not notice these prices so much if it were an Irishman, and what is worse, he has the honor of escorting people to their seats in Cooke's Church, Queen's street, and his name is Andrew Thompson, and his wife is Mrs. Thompson. My brother, just 20 years of age, left this city today for Quebec. He gave up a good position in order to do his duty to Canada.

At Andrew Thompson's statement is: "The information is absolutely false. We have no 34c butter. We have butter and never have had. We have butter at 35c. Butter that was 25c is 27c now, but at this time of year butter always advances. The price is selling at 25c less than was charged a year ago."

In regard to the meat, that is also wrong. We have not raised any meat price 10c a pound. We have sold steaks at 25c for the past nine months. The stand we have taken is that we are prepared to sell our present stock at the former prices until we are able to pay more for the goods our prices will not be raised."

Confessionary Prices. Editor World: On Tuesday I telephoned to W. J. Loyd & Co.'s branch store at 237 Avenue Road and ordered a sponge cake for 12 cents, and a dozen currant buns which the store has always sold for 10 cents. I was informed that the sponge cake had been advanced in price to 15 cents and the buns to 12 cents. I therefore called on the manager, inquiry at the head office, 421 Yonge street, confirmed this advance. "Flour had gone up," I was told. "Why had flour gone up?" I asked. "Because of the war," of course, Loyd said.

Has flour so advanced in price as to justify an advance in price of nearly 25 per cent. on cake and 20 per cent. on buns? One cup of flour, less than half a pound, is required for the cake, the price of which has been raised nearly 25 per cent.

I inquired of several reliable grocers and an informed that pastry flour has advanced \$1.20 a barrel (196 lbs.) and that a 7 lb. bag of flour has advanced 80c. One grocer said he could not buy bread flour at any price. Why is this? Are our "patriot" millers cornering the wheat? Anxious.

August 20, 1914. W. A. McFadden, proprietor of the "There is no foundation for such a letter. The party who wrote you did not communicate with me or leave any address. When the prices of flour and sugar, and other commodities, were raised, we had to pay extra for them and consequently for a while our prices were advanced. But the prices have been put back. We have no facilities for storing such supplies. We buy each week. Surely the people don't expect us to sell at a loss? Sugar that was formerly \$4.11 per cwt. is referred to as nearly as big as a loaf of bread. Eggs form an important ingredient, and after taking these things into consideration we were obliged to advance our price. Flour that we bought for \$4.10 is now \$6.50.

We do not think there is any cause for alarm, as the matter is that we have no facilities for storing such supplies. We buy each week. Surely the people don't expect us to sell at a loss? MARCHING ORDERS FOR TWO THOUSAND

Ranks of Local Militiamen Still Further Depleted This Morning.

BANDS STAY AT HOME

Forty-Eighth Musicians Detailed to Give Concert at Long Branch.

With the departure of 2000 of Toronto's finest soldiers from the Union Station this morning there will be only the York Rangers and a portion of the 26th Peel Regiment at the concentration camp at Long Branch. Needs are leaving today are Royal Grenadiers numbering 550, commanded by Col. Brock; 850 of the 48th Highlanders, under Lieut.-Col. Currie, and 750 of the Queen's Own, under Col. Mercer. They will be accompanied by the Toronto and Hamilton engineers. The men who will leave today arrived from the camp at Long Branch at 9:45 last night. The training which they had undergone there had made a great difference in their appearance. Their service uniforms and the effect of a strong sun combined to make them look particularly fit. The troops leave for Valcartier at about 10:30 this morning. There will be two and possibly three divisions of the train and all will not leave at the same time. The bands of the various regiments will go to the station to see the soldiers off, but they will not accompany their units to the front.

And No Man Answered.

Those of the overseas contingent of the Royal Grenadiers who had not gone to the local concentration camp were assembled at the armories at 4 o'clock yesterday afternoon and they were ordered by Capt. C. E. Morton to parade tonight. After the parade definite instructions for this morning were issued to them. At the afternoon assembly Capt. Morton commanded any man who was not willing to go to the front to be sent to the rear. Every man kept his place. The band of the 48th Highlanders have been asked to meet at the station at Stuyvesant at 7 o'clock tonight and to proceed from there to the camp at Long Branch, where they are to give a concert for the York Rangers and the portion of the 26th Regiment who are still left at the camp.

PATRIOTIC LEAGUE DOING GOOD WORK

North Toronto Women Answer Call to Arms With Enthusiasm.

COL. RYERSON SPOKE

Advised League How to Aid Work of Red Cross Society.

Altho the North Toronto Women's Patriotic League is just one week old the ladies have rallied to the standard with such enthusiasm that the old town hall was packed to capacity for such a letter. The party who wrote you did not communicate with me or leave any address. When the prices of flour and sugar, and other commodities, were raised, we had to pay extra for them and consequently for a while our prices were advanced. But the prices have been put back. We have no facilities for storing such supplies. We buy each week. Surely the people don't expect us to sell at a loss? FOUR THOUSAND MAY GO WEST THIS YEAR

Fifteen Hundred Will Probably Go Next Tuesday Night — More Last Year.

Altho the annual trek to the west is of far less proportions than in previous years, the harvesters are still leaving for Western Canada. The C.P.R. train which left on Tuesday night was last year to one section, while those sent last year had to be divided into three. About 1500 people are expected to leave on next Wednesday's train. The Grand Trunk train from Montreal brought four thousand to the west coast from Eastern Ontario, in the neighborhood of Belleville. An immigration officer states that he does not consider that many more than four thousand would go west this year to help gather in the harvest. Over 15,000 went out last year.

BOY DROWNED YESTERDAY NEAR WOODBINE AVENUE

While bathing in the lake at the foot of Woodbine avenue yesterday afternoon Ralph Petrie, 9 years old, of 23 Empire avenue, got beyond his depth and was drowned. His body was drawn from the water within 10 minutes after he sank, and Dr. Clement, with the aid of a pulmotor, did everything possible to bring the boy back to consciousness. After about an hour's work, however, he decided that it was hopeless.

TROOPS FLOW INTO VALCARTIER CAMP

Five Thousand Men Arrived on Grounds and Marched to Quarters.

COLONEL DUFF INJURED

Thrown From Horse and Now in Quebec Military Hospital.

Canadian Press Despatch, QUEBEC, Aug. 21.—Inclement weather today interfered, but little with the movement of troops on what was the first real big day at Valcartier. Nearly 5000 men, mostly from the rural districts of Quebec, Ontario and New Brunswick, arrived during the day, and immediately marched to their respective sections of the camp with little or no confusion. The first real accident since mobilization commenced occurred today when Colonel Duff, A.D.M.S. of the camp, was thrown from his horse and suffered such injuries to his head that it was found necessary to convey him to Quebec by train. The colonel, who is from Kingston, is now under the care of Major Clark, A.D.M.S. of the local division and is at present in the military hospital on St. Louis street. While his condition is said to be serious, there is no immediate danger. Mrs. Duff is expected here from Kingston tomorrow.

Men in Good Spirits.

All the men who have arrived are in excellent spirits, and hearty greetings were exchanged between the different regiments as they passed each other on the trains and while on their way to the camp. Twelve or thirteen special trains arrived during the day, and the smoothness and despatch with which they were handled is credited to the management of the Canadian Northern Railway system. A special hospital car has been built by the C.N.R. to be operated between the camp and the City of Quebec. This car is modern in every respect, having accommodation for sixteen patients as well as doctors and medical staff. It is expected that the car will be in readiness within the course of two or three days. Great progress was apparent yesterday in the construction of the permanent buildings, especially in the case of the military stores, and already supplies are being loaded into the latter building.

BANK CONTRIBUTES HUNDRED THOUSAND

Practical Patriotism is Displayed by Directors of Bank of Montreal.

Canadian Press Despatch, MONTREAL, August 21.—The most important announcement yet made by any Canadian corporation in connection with the assistance to be afforded the Canadian Patriotic League, was made today by the Bank of Montreal when it forwarded notice that, at a meeting of the board of directors, held this morning, a contribution of \$100,000 was authorized for national patriotic purposes.

Of this amount \$50,000 is to be allocated to the Canadian Patriotic Fund, and the remaining \$50,000 if required will be given to the same fund or to other national funds as the directors may hereafter determine. It is believed that the example set by the Bank of Montreal will be followed by a large number of other Canadian banks and industrial corporations.

Q. O. R.

Every member of Queen's Own Rifles (both Service and Home Battalions) must parade at the Armouries in drill order today (Saturday) at 12.30 noon. All great coats in the possession of the men in the Home Battalion must be turned in at this parade for the use of the Service Battalion. R. Pellatt, Captain Regimental Adjutant

HAMILTON HOTELS

NOTICE—AUTO TOURISTS To accommodate motorists, we are serving Table d'Hote dinner daily from 12.30 to 2 o'clock. Highest standard outside service. HOTEL ROYAL, Hamilton

E. PULLAN

BUYS ALL GRADES OF WASTE PAPER

WAR GUARDING PACIFIC COAST

Moratorium Prevents Commercial Collapse

London Stockbroker Vividly Describes Conditions in England Following Outbreak of War—Many Financial Men Faced Ruin, and Poor People Suffered From Selfishness of Grasping Rich.

A letter just received by Arthur Bernard from his brother, J. J. Bernard, London stockbroker, vividly depicts conditions in London two weeks ago. Mr. J. J. Bernard, the writer says:

"Events have followed one another with such bewildering and amazing rapidity, that until the issue of Sir Edward Grey's 'white paper,' the attempt to appon the blame was almost hopeless. Even now it is difficult for a Briton who has visited and received the utmost courtesy in German cities and is not forgetful of the Kaiser's reiterated professions of friendship for this country, to credit him with such Machiavellianism. Yet when one studies the events leading up to the holocaust, reviews the violence of the Kaiser's 'white paper,' and the proposals to us, one has but one alternative to the proposition: Madness!

"Brokers Faced Ruin.

"Meantime, what is the position here? During the nineteen years of my stock exchange life we have had many trying times, especially during the past few years, but the collapse of the market, the sudden fall of prices which has taken place during the past two years, were, of course, mere child's play compared with the few days which preceded the closing of the 'house.' Many, perhaps most of us, faced, and for all we know to the contrary, continue to face, ruin, and with a fairly big R. It is unlikely that the 'house' will be reopened for a considerable time; too many difficulties stand in the way, yet war loans must be floated and a way found for the members to meet their enormous differences; deferred payments may afford a way out.

"Panic Run on Banks.

"On Friday, August 21st, the announcement of the closing of the stock exchange, combined with the collapse of prices in New York on the previous day, and the gathering of even darker clouds of political and financial panic, resulted in a semi-panic feeling which existed in what looked very much like a run on the banks for gold. I heard in the morning of a bank which had drawn out of its vaults some two and even three thousand pounds in gold. In the afternoon the Bank of England was besieged by a crowd of nervous financiers, many of them getting cash to pay wages, certainly—waiting to exchange notes for gold. The news that the bank had raised its discount rate from five to six per cent. (which would discount bills) to eight per cent. treated consternation and helped to intensify the panic feeling. We quite expected that measures would be taken for the protection of the gold reserve; that we should see the announcement in the morning press that the Bank Act, which compels the bank to issue notes to cover the bulk of the notes issued and imposes on it the obligation to redeem on demand in gold any of its notes presented for that purpose, had been suspended. It is all over now. On the Saturday morning, Aug. 1, I went to the city for the purpose of seeing for myself, knowing that press reports might be misleading, what was happening.

"Calmness at Banks.

"I visited some fourteen banks. In no single instance save that of the Bank of England, was there any show of excitement or anything to indicate abnormal conditions. A small people's penny bank, with deposits of some two and a quarter million pounds sterling, had certainly unflinchingly been compelled to close its doors, but had as this would hit some of the most deserving and thrifty of people, it yet could not effect the necessary financial situation. At the Bank of England some five or six hundred people stood

One Way to Relieve the Money Stringency of the War

If you judge from the meagre reports in the press of the speech of Mr. Maclean in the house of commons on Thursday it didn't amount to much as a contribution toward a solution of the unparalleled financial stringency that has come to Canada, especially to men of business. And yet it made some impression on the house and on the many senators who listened to it from the gallery. It may make some impression on the bankers and business men when they get an opportunity of reading it in full, as they may have when the official report gets in circulation.

It was a bold proposal to use the national credit, the credit of Canada, to help put the government in funds to meet their extraordinary engagements caused by the war and our taking up our burden and duty of sharing in that war. What were his proposals?

First let us state the proposals of Hon. Mr. White, minister of finance. He proposed to raise an additional revenue of seventeen millions during the next eight months by increasing the taxes on sugar, spirits, tobacco, beer. He also proposed to increase the issue of Dominion notes from thirty millions to fifty millions. To get this additional twenty millions he will have to raise five millions of gold to deposit as reserve against it. That will give him fifteen millions. These two things he proposed in order to help the financial strain of the government caused by a falling revenue and the extraordinary expenditure on account of the war.

To help the general finances of the public, of business, he is taking power to issue Dominion notes to an unlimited amount against securities of all kinds (debentures) deposited with banks acting as fiscal agents of the government. Banks, or their clients, putting up securities satisfactory to these fiscal agents can get Dominion notes as against them at a maximum rate of five per cent.

Mr. Maclean went further. He proposed that the issue of Dominion notes—by the simpler term of "government money" used by Mr. McAdoo, the secretary of the treasury of the United States—should be at least one hundred million for government use in the extraordinary situation with or without an increase of the gold reserve against it, as parliament saw fit to order.

Next he proposed a straight and quick adoption of the principle of rediscounting approved securities, including prime commercial paper presented by banks, by exchanging Dominion notes therefor, both the bank and the makers and the endorsers of the notes being also held for repayment.

This is the system of rediscount now being put in force by the district reserve banks recently created by the United States. Col. White at the last annual meeting of the Imperial Bank declared for the rediscount plan. It is a quicker, better and wider plan than the roundabout one of the minister. And it is proposed by Mr. Maclean for the special and direct benefit of the business interests of the country in these days of severe money stringency.

The United States have put these two principles, of government money, and rediscount, in their new banking and currency legislation; they are not mere emergency proposals. The same principles are followed in Europe. Great Britain is practically committed to them at this moment.

If banks and business men made their views known at once it may still be time to have the proposals legislated at this special session: at any event at the approaching regular session. Our belief is that if not adopted now and if the war pressure continues parliament will have to be again convened and the war pressure will be the bankers propose to do to bring or get relief?

CARGOES OF WHEAT FOR SWITZERLAND

Passage Thru France and Italy Arranged for Shipments of Food.

U.S. SWISS TO UNITE

Swiss Government Offers to Care for Wounded of All Nations.

Canadian Press Despatch. WASHINGTON, Aug. 21.—More than 1,000,000 bushels of American wheat are on the way to Switzerland in British bottoms, the shipment of three cargoes having been arranged by Dr. Charles Paul Hubscher, charge of the legation here. Arrangements have been made to allow the passage thru France and Italy of foodstuffs intended for Switzerland.

The legation has little fear that the cargoes will be taken by Great Britain, although she could do so provided payment was made. At the British embassy it was said England did not need more foodstuffs than she was producing.

If the wheat which Switzerland is sending from this country gets thru to its destination, the Swiss Government will probably secure her coal and other supplies in United States markets during the hostilities in Europe. Two ships carrying more wheat will sail from Galveston next week.

Dr. Ritter, the minister from Switzerland, who came to New York from Washington at the outbreak of the war, announced that a meeting would be held in the Swiss Home here today for the purpose of arranging an appeal to Swiss-born residents of the United States, numbering 150,000, to contribute to the general Red Cross fund of Switzerland. The Swiss Government has practically offered to turn the country into one great hospital to care for the wounded of Europe, regardless of their nationality. As yet no notice of the attitude of the European governments towards this proposal has been received here.

Cannot Evade Just Tax On Liquors and Tobacco

Government, While Not Designing To Impose Penalties Where Withdrawals From Bond Have Been Legitimate, Will Not Allow Real Offenders To Escape Penalty.

By a Staff Reporter. OTTAWA, Aug. 21.—The government will investigate the withdrawals from bond of liquor and tobacco. As to those withdrawals which were in the ordinary course of business, the government will take such action as will be just and equitable, so that no injustice will be done, but in cases where it appears that goods have been taken out of bond to evade the new duties of customs and excise for financial advantage, the new duties will be enforced.

If this were not done speculators would take very large sums at a period when citizens are making heavy sacrifices for the state, and the government would be deprived of the greater part of the revenue it has in expectation from these sources.

WAR MAY DELAY ELECTION OF POPE

Archbishop McNeil Declines to Make Any Surmise as to Date.

WAS AT ROME IN MAY

But Toronto Dignitaries Had Little Warning of Papal Illness.

Confirmation of the death of His Holiness Pope Pius X. was received by His Grace Archbishop McNeil in the following telegram from the apostolic delegate at Ottawa: "The cardinal secretary of state announces the death of our holy father, and in the name of the Canadian church we express our deepest sympathy and sorrow."

At St. Augustine's Seminary, where Archbishop McNeil is making the annual "retreat" with the priests of the diocese, a representative of The World secured an interview, in which his grace related some reminiscences of his holiness.

"I saw him in May last," said the archbishop, "and then he was looking supremely well and likely to live for some years at least. He may have been a little unwell some time previously, but then he was receiving audiences every day."

"No Word of Illness."

"Had your grace heard anything about the ill-health of his holiness prior to the word of his death?" The answer was, "Nothing more than appeared in the papers. I was at Clontarf, where he was stopped by the German cruiser Dresden, which signalled a demand that the captain and crew give up the vessel to Germany against Germany in the present war."

The captain of the Dresden signalled his refusal, and the Dresden proceeded on her course without further molestation of the freighter.

Bright Agricultural Outlook in Province of New Brunswick. (Special Correspondence.) ST. JOHN, N.B., Aug. 21.—The board of trade has received a very satisfactory report on the agricultural outlook of the province from Mr. F. L. Clements, chairman of the trade and commerce committee of the board. He covered in his recent inspection almost the entire province as far as St. Hilaire, on the Quebec boundary. He reports that the increase in potatoes this year will be at least one-quarter more than ever before in the history of the province. He estimates the year's potato crop at 1,600,000 carrels. The acreage of hay and grain is slightly less than last year. Mr. Clements found every indication of splendid crops in all lines of agriculture, and was much impressed with the clean culture of the hoe crops, especially between Woodstock and Edmundston. With respect to orchard conditions on the St. John River, from Woodstock to St. John, particularly between Fredericton and Woodstock, an acreage of very choice export fruit is being raised that will be a surprise to the province. One farm at Springhill, five miles above Fredericton, has 25 acres in apple trees. The trees are making a rapid growth. Mr. Clements suggests that crop statistics should be prepared annually, so that information could be obtained on which to base estimates.

BELIEVES BRITAIN WILL NOT OBJECT

Oscar Straus Sees No Disapproval of Buying German Liners.

Canadian Press Despatch. LONDON, Aug. 21, 3:28 p.m.—Oscar S. Straus, member of the permanent court of arbitration at The Hague, and chairman of the diplomatic committee of the American citizens' relief committee, said today: "It has been my privilege to meet many prominent British officials, and so far as I know there is no opposition in England to the plan of the United States to have Americans buy the German liners now in American ports. In fact, I think the idea has been well received as the British feel that the restoration of such lines to the service would make it possible to bring larger quantities of wheat and other foodstuffs to England."

Discussing the situation in the Far East Mr. Straus said: "Some Americans seem to be unduly excited about Japan's action to meet the Japanese ultimatum. I do not think the United States has anything to be apprehensive about. Japan has no designs on the Philippines. Roosevelt's cabinet conducted the negotiations for the Japanese immigration treaty and became convinced that Japan had no designs on the islands, and would not have them. They are not excited to her. The climate is too hot for the Japanese."

"The United States must not become embroiled in any way in this war. One great nation must remain neutral and ready to extend a helping hand when the fury of war has been exhausted and mediation is necessary in the interest of humanity."

FALL OF LIEGE NOT CONFIRMED

U.S. Vice-Consul, Who Left a Week Ago, Gives Little Light.

Canadian Press Despatch. LONDON, August 21, 7:50 p.m.—Victor H. Duras, American Vice-Consul at Liege, Belgium, reached London today. He left Liege last Friday to make a report at Brussels to Brand Whitlock, American minister to Belgium. After concluding his mission at Brussels, the vice-consul was unable to re-enter Liege, although he tried to gain access to the city on all sides. Mr. Duras said today that he did not know whether Liege had capitulated. He stated that all sorts of rumors were in circulation in Holland, but that there was no definite information as to conditions in Liege.

Most of the American tourists left Belgium several days ago, but Mr. Duras said that many foolishly had rushed into Switzerland, where conditions are unsatisfactory. He found Americans well cared for in Holland, where many were getting accommodations on ships sailing for America.

Mr. Duras is under orders to proceed to the American consulate at St. Petersburg. He will be unable to cross Germany and the Baltic, but will try to get thru on the railway route from Bergen, Norway.

U.S. CENSORSHIP TO BE RELAXED

Wilson and Bryan Formulate Plan to Govern Wireless.

CODE MESSAGES TO GO

All Communications First Must Be Approved by U. S. Officer.

WASHINGTON, Aug. 21.—President Wilson and Secretary of State Bryan have practically reached a decision on the extent to which the United States Government should attempt to enforce neutrality at cable offices and wireless stations in the jurisdiction of this country.

No censorship on cables and modification of the present strict supervision of wireless is contemplated in the plan. Should the German Government, which has protested against the strict censorship of the wireless, approve the suggestion, it will be promptly put into effect.

The plan would permit the sending of code messages at the Bayville, L.I., wireless station, to the German Government or any other government, but an American naval officer would be retained in charge to prevent neutral messages being sent.

To Accept Code Messages.

Under the present instructions issued by Secretary Daniels of the navy department, following President Wilson's executive order, no wireless messages of any kind were permitted to leave the coast wireless stations. Germany protested that under the Hague convention of 1907 neutral nations were not obliged to enforce neutrality. The American Government took the position, however, that military messages were not included in the convention transmitted from the shores of the United States directly to ships at sea, as the convention was intended to apply to the territory as a base for hostile operations.

At first it was contended and virtually decided that the American Government should apply equal censorship on cables and wireless. The point was debated in cabinet council, however, and the conclusion was reached that the cable did not stand in the same relation as the wireless. To censor the cables, moreover, was realized, would mean a stoppage of unduly long and could not interfere with England's cable communication thru Canada. England protested also against a possible censoring of the cable, claiming that Germany was always at it, but that the cables were not finally determined while under the Hague convention, while under the Hague convention a neutral government was not required to censor cable messages. It should protect itself against the unusual use of wireless stations, as there was no physical means for belligerents to intercept wireless messages, when once sent from a neutral station.

CONTRIBUTES RED THOUSAND

Patriotism is Displayed by Directors of Bank of Montreal.

By a Staff Reporter. MONTREAL, Aug. 21.—The most noteworthy yet made by a corporation in connection with the assistance to be afforded an Patriotic Fund was by the Bank of Montreal. The board of directors, having a contribution of \$100,000, decided to contribute \$100,000 to the Canadian Patriotic Fund, making \$50,000 if required, to be the same fund or to national funds as the directors may determine.

The example set by the Bank of Montreal will be followed by a large number of other banks and industrial corporations.

CRUISER LEIPZIG SEEN LAST NORTH OF FRISCO

SEATTLE, Wash., Aug. 21.—The first definite information of the whereabouts of the German cruiser Leipzig since she left San Francisco Tuesday was brought to port today by the American tank steamer Catania, which reported that the Leipzig halted her Tuesday 150 miles north of San Francisco.

DUNNING'S

The best in the local and foreign market is none too good for our patrons. One visit to Dunning's will make you a regular customer. Music. 27-31 West King Street 28 Melinda Street.

there is expressed on the countenances of most an appreciation of responsibility, a recognition of part of the great issues at stake, and a sober determination to support the government of the day. Certainly some of our yellow press have endeavored, and I fear not altogether without success, to arouse a feeling of hatred for every thing German. Our quarrel, paradoxical as it may sound, is not with the German people, but with their governments. With the German will have almost everything in common; with the German military caste, nothing. Unfortunately the militarist has, for the moment, triumphed. His ultimate downfall and that of a continental militarism may, and as a result of this catalysis with which they have overwhelmed us, probably will be, it is to be hoped, an extremely painful one.

J. J. Barnard.

PERTH COMPANY SETS OUT

PERTH, Ont., August 21.—The overseas contingent of the 42nd Regiment, who have been in camp here for the past week left Perth for Valcartier, and were given a rousing send-off by the citizens. The women of Perth presented a contingent with four large chests containing surgical supplies.

KAISER'S EXPECTATIONS BADLY DISAPPOINTED

LONDON, Aug. 21.—Yesterday was the date when, according to the forecasts of their own and many other military writers in Europe, the German troops were due to appear before the walls of Paris.

According to French official advice, it is the German intention to pass their main army into France by the Brussels road. The Germans themselves are naturally silent, but there is no reason to doubt that they are quite as well aware of the difficulties of this route as are their opponents.

Cut This Out

Famous Specialist's Recipe for Catarrhal Deafness and Head Noises.

If you know someone who is troubled with head noises, or catarrhal deafness, cut out this formula and hand to them. Before you take it, however, be sure you are saving some poor sufferers perhaps from total deafness. Recent experiments have proved conclusively that a remedy consisting of these ingredients will cure deafness, head noises, etc., were the direct cause of constitutional disease, and that the remedy sprays, which are sold temporarily with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by noted specialists in perfecting a pure, gentle, yet effective tonic that would quickly dissipate all traces of the harmful poison from the system. The effective prescription, which was eventually formulated and which has been proved that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Recipe from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this home and add to it 1 pint of hot water and 4 oz. of moist or granulated sugar; stir until dissolved. Take one teaspoonful three times a day.

The first dose promptly ends the most distressing head noises, headaches, dizziness, cloudiness of vision, while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Low fever, which is often dropping in the back of the throat, and other symptoms that show the presence of the harmful poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh. Therefore, there are many people whose hearing cannot be restored by this simple remedy. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial. There is no important—in ordering Parmit always specify that you want Double Strength. Your druggist has it or he can get it for you. If not, send five cents to International Laboratories, 74 St. Antoine St., Montreal, P. Q., who make a specialty of it.

MINISTERS ASK PULPIT SUPPORT

In Appeal to Toronto Churchmen to Advertise Massey Hall Meeting.

FOR PATRIOTIC FUND

Campaign for Relief of Those Bereaved by War Heartily Endorsed.

The committee of churchmen appointed to represent and work with the executive of the Toronto and York Patriotic Fund Association have asked the newspapers of the city to publish the following request, addressed to the ministers of all creeds, denominations and religions in Toronto:

"We urge on all occupying the pulpits on Sabbath, 23rd, that to announce a public patriotic meeting for Monday evening, August 24th, in Massey Hall under the auspices of the above association.

"And, also to announce that following the meeting there will be a campaign to raise \$500,000 for the above mentioned purpose. We commend most heartily this campaign to the generous support of the people.

A Necessary War. "Whilst we greatly deplore war, and are unalterably opposed to it, yet, believing that our empire is facing a crisis which leaves no other course clear for lovers of liberty, honor and right, we feel justified in making this appeal."

The appeal is signed by Rev. A. Logan Geggie, convener of the committee. The following are committee members: Messrs. A. L. Geggie, W. F. Wilson, S. B. Rohold, J. W. Pedley, B. Stauffer, A. L. Brown, W. L. Altmeppen, Rabbi S. Jacobs and Father Minehan.

Program Announced. The program of the concert Monday evening has been completed and contains the names of an imposing array of speakers. Sir William Mulock will officiate as chairman and will be flanked on either hand by Sir John Gibson, Sir James Whitney, N. W. Rowell, Hon. W. H. Hearst, Ven. Archdeacon Cody and others.

Two soloists, Arthur Blight and P. Redfern Hollingshead, will lead the musical features. The 45th Highlanders' band has been secured, as well as those of the Salvation Army, which will march from the various centres in the city. The Q.O.R. bugle band will also parade to the hall.

Great banners will be draped about the auditorium appealing to the generous nature of the audience to support the cause. On the platform will be representative men from all civic, religious and military organizations.

CHRISTIAN UNION IS DEMORALIZED

Leaders of World Christian Association in Opposing Armies.

S. A. SOLDIERS ENLIST

General Bramwell Booth Has Given Government Army Shelters.

Canadian Press Despatch. NEW YORK, Aug. 21.—That the war had demoralized the World's Christian Association, with headquarters in Geneva, was the information contained in a despatch today to the International Young Men's Christian Association in this city. Three of the leaders, heretofore working together in the association work, have left the headquarters to fight for their respective countries.

Secretary Fermaud has been ordered to take command of a Swiss regiment. Secretary Sautern has left his desk to fight for France, and Secretary Childius is in the German army, Y. M. C. A. at work.

Young Men's Christian Associations in Canada have sent two of their most experienced army workers to Valcartier with the Canadian troops. Twenty other welfare secretaries are ready to go, according to information received here, and the Canadian association will send as many men as the government will permit.

Through the British service the soldiers' Christian Association is well organized in every regiment, even in India and South Africa.

S. A. Men Enlist. Salvation Army headquarters in this city learned yesterday that General Bramwell Booth offered the Portsmouth and other Army shelters in England to the government, and that they were accepted. Salvation Army men are enlisting in the British service, and women are going to the front as nurses.

TOO OLD FOR SERVICE.

PARIS, Aug. 21.—Minister of War Messimy asked Georges Desparbes, a well-known French novelist, now in his 60th year, if he would write a story for the army bulletin. "I will give you a story," Mr. Desparbes replied, "if you give me back my corporal's stripes and send me to the front." The minister of war objected and said that it was quite impossible. The author argued for some time to be taken into the ranks but all his pleading could not make the minister of war relent.

LORD PERCY TO JOIN ARMY.

NOME, Alaska, Aug. 21.—Lord Percy, son of the Duke of Northumberland, has cut short his hunting trip, in the Arctic and is here today on his way to England to join the British army. He expects to leave Nome on the next steamer for Seattle.

JUST A BOGEY.

VANCOUVER, August 21.—It is believed that there is absolutely no foundation for the rumor that a German cruiser has called or is about to call at Prince Rupert for coal.

LORD KITCHENER

SIR JOHN R. JELlicOE

"ENGLAND EXPECTS EVERY MAN WILL DO HIS DUTY"

Give! Give! Give!

A Call to Toronto in the Name of Women and Children!

"Lord, God of Hosts, be with us yet, Lest we forget, Lest we forget."

THE tramp of the bread-winners is in the streets. They are going to the front. They are leaving families behind.

Every man with women of his own—every man with little children—knows what a tragedy to the home is the going of the bread-winner.

We call on the people to rally to the protection of these mothers, sisters, wives and children so suddenly deprived of their natural protectors.

\$500,000 IN FOUR DAYS

A GREAT CAMPAIGN is under way to raise \$500,000 in four days for a War Relief Fund. This money is for the women and children of the soldiers who go to the front from Toronto and York—money for fuel, for rent, for clothing, for food.

NOW is the time to raise this money—not weeks hence when hardship and suffering have already begun. Now is the time to wipe away every care of the soldier going to the front. Now is the time to wipe away every barrier to enlistment. Now is the time for Toronto to show the world the Canadian's conception of his duty to dependent womanhood and childhood.

Surely no contribution permitted by your means can be considered too great for such a cause as this; and no contribution can be too small to be welcomed.

Everyone will be called upon and asked to contribute. Twenty-five teams under as many leading Toronto citizens will give their entire time to the work on Tuesday, Wednesday, Thursday and Friday.

Toronto and York County Patriotic Fund Association, HEADQUARTERS King E. and Victoria Sts.

P.S.—Patriotic Mass Meeting, open to the Public, for launching the campaign, Monday, 8.15 p.m., Massey Hall. Highlanders' Band, Queen's Own Bugle Band, Salvation Army Band, Percy Hollingshead, Arthur Blight. Sir William Mulock in the chair. Speakers—Sir James Whitney, N. W. Rowell, Hon. W. H. Hearst, Ven. Archdeacon Cody, and others.

THE standing of the men associated with this work is a guarantee of the able administration of the fund. It will be expended under the most careful supervision. The need and the worthiness of every case will be clearly established.

Britain calls for her best sons in this great emergency! Let no man who would fight for the glory of the British Empire be held back because he is needed at home.

GIVE! GIVE! GIVE!

Now is the time to remember the women and children.

"Lord, God of Hosts, be with us yet, Lest we forget, Lest we forget."

CHURCHES PROMISE SUPPORT TO PATRIOTIC FUND CAMPAIGN

Preachers Will Urge Congregations to Support Toronto and York County Campaign—Organization Nearly Completed.

In two huge rooms at the corner of Victoria and King streets, amid a profusion of bunting and ensigns, the organizers of the Toronto and York County Patriotic Fund are putting the finishing touches to a machinery that will sweep the city far and wide through next week and gather in a fund representative of the loyal spirit of the populace.

On Monday morning the organizers will issue forth with subscription books in hand and definite amounts in mind, and now turning up their enthusiasm to the pitch and completing details of organization. On Sunday morning the churches of Toronto will hear from every pulpit the same appeal for a generous support of the cause. Institutions of peace and good will are preparing one and all to exhort the congregations to share with a becoming spirit of loyalty the program launched for the benefit of the empire.

It was stated last evening at the headquarters of the organization that this will be the first time in a century when the churches and religious establishments of Toronto have agreed as a whole to arouse their people to the support of such a movement. The effect of the Sunday services is expected to provide a momentum which will not be lost in the whole of the campaign. Preachers of every creed and sect will be united in spirit on this proposal.

On Monday evening the grand concert in Massey Hall will follow up, and the appeal of leaders in governmental, civic, religious and social circles will fairly launch the enterprise. The speakers and the singers have been carefully chosen, and already arranged for the under way to provide for an overflow meeting.

In the handling of the campaign the city has been divided into districts under the management of captains. The energy of the collectors will be centered in the windows of the district for the first two days and then the program will widen to include all parts. On the fourth day a "free-for-all" policy will be adopted and the headquarters will be turned into a counting house, where subscriptions will be received from everybody.

The weekly procedure will include a rally of the captains at lunch each day. A huge clock will register the amount raised and the organizers are expecting to break all records for raising money in Toronto.

War-time Real Estate

The British Army, thru General Frederick Benson, has secured a lease on the ground floor of the northeast corner of Leader lane and Wellington street. The property has been rented for the duration of the war, and will be used as the local headquarters for the purchase of remounts.

DOMINION'S TRADE OUTLOOK BETTER

War Excitement Calms Down and Business Becomes Normal.

CONFIDENCE IN FUTURE Active Autumn and Winter Trade Expected With Sale of Crops.

Special to The Toronto World.

NEW YORK, Aug. 21.—Despatches to Dun's Review from branch offices of R. G. Dun and Co. in leading trade centres of the Dominion indicate that the excitement caused by the outbreak of war has greatly subsided and that general trade conditions are now close to normal. Montreal reports business to be in fair volume for the season, and that while some manufacturers are reducing their help this falling off is fully made up by the increased activity of others. Conservation is general, but it is believed that the war will eventually tend to the material development of domestic industries. Both wholesale and retail business is inclined to quietness at Toronto, merchants generally pursuing a waiting attitude. There is, however, a feeling of confidence in the future, and it is believed that should the crops prove satisfactory there will be an active fall and winter trade.

Staples are in fair demand, and except in a comparatively few lines there is no great change in prices.

Business at Hamilton has been interfered with by the war excitement, and while it is difficult to prophesy as to the future the outlook is regarded with much confidence.

Conditions in the far west and northwest seem to be generally favorable, and the returns from the crops will be unusually profitable, a brisk movement of fall and winter merchandise is expected. Winnipeg reports that many commodities have advanced in price owing to the war, and that while there is considerable conservatism and some cancellation of orders current, business is in fair volume. Wholesalers at Regina note a steady demand for all kinds of staple merchandise, but owing to the unsettled conditions there is a strong tendency to curtail the size of orders as much as possible. Calgary reports that the uncertain feeling created by the war is gradually passing and a speedy return to normal conditions in manufacturing and distribution is generally looked for.

Railway earnings are less. Gross earnings of all Canadian railroads reporting to date for the first three weeks of August are a falling off of 12.5 per cent, as compared with the earnings of the same roads for the corresponding period of last year. Commercial failures in the Dominion this week numbered 59, as against 46 last week and 38 the same week last year.

WOMEN TO PRESENT CONCERT FRIDAY

Bands and Entertainers Engaged to Aid Patriotic Fund Campaign.

Three hundred bandmen will take part in the concert to be given by the Toronto Women's Patriotic Association next Friday evening in Massey Hall. On the program will be also Mrs. Denison Dana, the well-known soprano; Luigi von Kunitz, the eminent violinist; Harold Jarvis, tenor; of Detroit; Arthur Blight, Toronto's baritone; Dr. Harvey Robb, the great pianist; the two well-known entertainers, Will J. White, humorist; and E. Jules Bressi, musical sketch artist; the Doric Quartet, male vocalists; and Alexander and Marjorie Munro, in special national dances for the occasion.

The bands whose services have been obtained are as follows: Royal Grenadiers, 48th Highlanders, Queen's Own, Governor-General's Body Guard and 12th York Rangers, with Lieut. John Waldron, Lieut. John Slatter, Bandmasters B. H. Barrow, Albert Hartmann and J. M. Dawson.

Mrs. E. J. Powell, who is in charge of the sale of tickets, reports that a large number of workers are selling them, and that a plan is also on sale now at Massey Hall. Any young ladies who would like to help in the work will please phone Mrs. Powell, 53 Glen Grove avenue, North 4482.

CANADIAN WOMEN'S HOSPITAL SHIP FUND

WHOLE-FAMILY USES THEM

"Fruit-a-tives" Keeps Young and Old in Splendid Health.

J. W. HAMMOND, ESQ., Scotland, Ont., Aug. 25th, 1913.

"Fruit-a-tives" are the only pills manufactured, to my way of thinking. They work completely, no griping whatever, and one is plenty for any ordinary person at a dose. My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-tives." I cannot say too much in their favor.

We have used them in the family for about two years and we would not use anything else as long as we can get "Fruit-a-tives."

Their action is mild, and no distress at all. I have recommended them to many other people, and our whole family uses them.

J. W. HAMMOND, Esq. Those who have been cured by "Fruit-a-tives" are proud and happy to tell a sick or ailing friend about these wonderful tablets made from fruit juices.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

OTTAWA CHEESE BOARD.

OTTAWA, Aug. 21.—At the meeting of the Ottawa Cheese Board 250 boxes sold at 12 1/2c per pound.

BRITISH AND FRENCH CRUISERS ARE PATROLLING PACIFIC COAST

Newcastle and Montcalm Hop ed to Capture German Cruisers Leipzig and Nurnberg and Movements Were Closely Veiled—Newcastle More Than Match for Either of Rivals.

Canadian Press Despatch.

VANCOUVER, B.C., Aug. 21.—Seattle papers today publish the story of the arrival on the Pacific coast of the British cruiser Newcastle and the French cruiser Montcalm, which they say the being coiled from Esquimaut station and are cruising up and down the coast. There is, therefore, no longer need to keep from the Canadian public the news that their Pacific littoral and harbors are well protected from any incursion on the part of the two German cruisers, Leipzig and Nurnberg, which were operating in these waters at the opening of the war, but which are now supposed to have fled to Samoa to take refuge in the German fortified naval station of Apia.

H.M.S. Newcastle (Captain, Frederick A. Powell, Commander Neptune W. Diggle, and Lieut.-Commander Arthur G. Sparrow) steamed into Esquimaut harbor on the morning of Monday last, having been detached from the China station of the British Pacific fleet for the purpose of protecting the British merchant shipping on the Pacific coast of North America. She was spoken on the previous night off Cape Flattery, and was steaming at top speed in interest of the German cruisers Leipzig and Nurnberg, then reported to be on the way to Victoria, B.C.

After coaling at Esquimaut, she continued south, and was joined by the Montcalm. Hoped for Coup.

This information was in every Canadian newspaper office on Monday last, but on the request of the Pacific coast censorship it was withheld, as no doubt the British naval authorities hoped to surprise the two German cruisers. The arrival of the two allied cruisers is now common news on the coast.

H.M.S. Newcastle is a second-class protected cruiser, faster and more heavily armed than either of the Germans. Her displacement of 4800 tons and her 24,569 horse-power give her a speed of 26 1/2 knots and permit an armament of two six-inch guns, ten four-inch, and a number of quick-firers, and she is also equipped with two torpedo tubes. She was completed at Elswick in 1910 at a cost of \$279,013, and carries 376 officers and men.

Considerably more powerful, the slower in speed, is the French armored cruiser Montcalm, attached to the French China station. She was completed in 1902, has a displacement of 3267 tons, cost nearly a million sterling, and is armed with seven 12-inch, eight 4.1 in four 3.9 in, 7.5 in. number of lighter guns. Her speed is 21 knots, and she carried 612 officers and men.

SISTER OF POPE IS STILL ALIVE

Report of Her Death Now Stated to Have Been Erroneous.

Canadian Press Despatch.

LONDON, Aug. 21.—An erroneous statement was made public in London late last night and telegraphed to New York that Anna Sario, sister of the late Pope Pius X., had died in Rome shortly after the passing away of her brother. Shock caused by the pontiff's end was given as the cause.

It appears today that this mistaken report was the result of a telegraphic error which occurred in the transmission of a despatch from here. The Pope's sister is alive altho suffering from shock. She was already indisposed when the pontiff was taken ill and yesterday she was obliged to take to her bed. She is under the care of Dr. Amiel.

NO SHOT FIRED.

LONDON, Aug. 21, 2.50 a.m.—The Ghent correspondent of The Chronicle telegraphs: "Brussels is now occupied by the enemy, having been surrendered to the Germans without the firing of a single shot."

GERMANS HID IN RED CROSS HOUSES

French Took Revenge at Muhlhausen for Violation of War Rules.

Canadian Press Despatch.

LONDON, August 21, 5.15 a.m.—A despatch to the Havas Agency from Belfort by way of Paris says: The battles around Muhlhausen have been particularly bloody for the Germans who, knowing the French would spare as much as possible the captured towns, hid themselves in houses protected by the Red Cross, whence they fired on the French.

"The French directed a violent rifle and artillery fire on their assailants causing veritable carnage. Every German leaving these houses was shot down."

"A battery of six guns with their caissons filled with ammunition was captured from the Germans. They were taken to Belfort today where crowds of curious townspeople gathered to see them. Eighteen other guns captured today are expected to reach Belfort tomorrow, together with 600 prisoners."

GERMAN REPULSE TOWARD DINANT

Offensive in This Region Resumed and General Engagement Imminent.

Special to The Toronto World.

NEW YORK, Aug. 21.—Upon the receipt of several official communications from Europe today, Michael M. Outinoff, the Russian consul-general at New York, gave out the following statement and vouched for its authenticity:

"On the western front of the German forces their reconnaissance toward Dinant was unsuccessful and they were driven back to the right bank of the Meuse, one German regiment suffering very severely. The German offensive in this region, however, has been resumed and a general engagement is imminent. In the Vosges Mountains on Aug. 18 the French army gained considerable success in a series of engagements, taking many German prisoners."

"On the eastern front the attempts of the Germans at offensive operations have been checked. On the Gallician border no serious encounters are reported. The Serbians on the Austrians have suffered crushing defeats at Schaez and at other points."

"Fourteen guns have been captured by the Serbians. The pursuit of this defeated Austrian column is being continued."

"In the Adriatic the French squadron has sunk one Austrian battleship."

PRAYERS THRU ENGLAND FOR SUCCESS OF ARMS

Canadian Press Despatch.

LONDON, Aug. 21.—Intercessory services were held in practically every church in England today on behalf of the nations engaged in war, with a special prayer for the success of the British arms.

King George and Queen Mary, with Princess Mary, were present at the service in Westminster Abbey.

The Prince of Wales national relief fund today reached a total of \$7,500,000.

Muskoka's Ideal Attractions.

There is not any better time than the present for an outing in the Muskoka Lakes of the Highlands of Ontario. One thousand feet above the sea level, among the hills and forests of the highlands nestle these charming lakes, with all the attractions that are found in just the same level, among the hills from the business and dust of the city. September is a beautiful month in this district. The Grand Trunk Railway offers exceptional service to take you there. Apply for illustrated literature and all particulars to Mr. W. J. Moffatt, city passenger and ticket agent, Grand Trunk Railway, northwest corner King and Yonge streets, Toronto, Ont.

MAGICAL EFFECT OF NEW FACE PEELER

To maintain a clear, white, youthful complexion, there's nothing so simple to use and yet so effective as ordinary mercurial wax, which you can get at any drug-store. Just apply the wax at night as you would cold cream. In the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. It causes the old worn-out skin to come to the surface in minute particles, a little at a time, and soon you have entirely shed the offensive cuticle. The fresh young under-skin now evidences is so healthy and girlish looking, so free from any appearance of artificiality, you wonder why you had not heard of this marvelous complexion-renewing secret long ago.

Equally magical in its action is a simple wrinkle-removing lotion made by dissolving an ounce of powdered salicylic acid in a half pint of witch hazel. Bathing the face in this for two or three minutes immediately affects every line and furrow and improves facial contour wonderfully.

SUPERFLUOUS HAIR "Specialty."

And Moles removed forever by painless Electrolysis electric method. No scar. Years' experience. Special Price Days. Free Treatment. Write for Particulars. (Miles) A. Bradburn, Brampton, Ont. Box 269, Phone 278, 67.

WIVES WITHDRAW PROTESTS.

OTTAWA, August 21.—The protest of Colonel Morrison, director of artillery, against the action of a number of married women in Canada preventing their husbands from volunteering for active service, has had the effect of stopping the practice to a very large extent. Reports received from the recruiting centre today indicate that in many cases the protests filed by wives have been withdrawn.

Will pay for The Daily World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

It will prevent delay if letters containing "subscriptions," "orders for papers," "complaints, etc.," are addressed to the Circulation Department.

The World promises a before 7 o'clock a.m. delivery in any part of the city or suburbs.

SATURDAY MORNING, AUG. 22.

Ontario's Gift. An official denial has been given to the Ottawa report that the Ontario Government would donate \$500,000 to the imperial war chest.

There is no desire on the part of anyone to give a particular form of expression to the loyalty of Ontario, and we have no wish to press the suggestion of a battleship.

We thought that with all the protestations that have come from Ontario, the suggestion of a warship would have been the one that would have aroused immediate enthusiasm.

The Telegram: The gift of a war vessel is suggested by some; indeed, the advocates of this scheme have already chosen a name for the ship.

There is a tremendous battle going on in Belgium at this moment. Should Germany triumph in that conflict and be able to continue her success it would only be a few weeks before there would be no question of helping the British Government further.

Had the Ontario Government cabled an offer last week, thru the Ottawa Government if necessary, to the admiralty of a cruiser, or its willingness to become responsible for the cost of the first war vessel available in the shipyards of Britain, we would have

BEST IDEAS OF ART ARE SECURED FOR EXHIBITION

Splendid Selection of English Pictures Has Been Loaned—Shipped Prior to Outbreak of War—Scenes of Sentimental Interest to Britishers.

The art gallery of the Canadian National Exhibition has been for years one of the most important features of that great institution and for many of the absence of a loan collection of British pictures this year would have been a deep disappointment.

A great many of the enthusiasts who annually visit the gallery are Britishers who were acquainted in youth with many of the scenes depicted, and for those the display will have a strong sentimental interest.

Then there are paintings of "St. Andrews" and "Old Inverloch," by D. Y. Cameron, who is admittedly unsurpassed as a painter of architectural subjects.

Tender Memories. "An English Haytime," by Rex Vicat Cole, will rouse tender memories in the heart of many an Englishman.

nationalization to be carried out. The purchase of the railways would be a bagatelle among the other expenses of the war, and would be the only one of an investment character.

Golf Hagen Beat Evans By 290 to 291

ROCHESTER PRO WINS GOLF CHAMPIONSHIP

Burke of Port Arthur Leads Canadians Twenty Strokes Behind.

CHICAGO, Aug. 21.—Walter C. Hagen, 39 years old, native professional of Rochester, N.Y., today displaced Francis Ouimet as open golf champion of America by winning the tournament at Midlothian with a medal score of 290 for the 72 holes.

Ouimet fell off in his play, taking 293 for his total, and it fell to the lot of Charles Evans, Jr., western amateur champion, hampered by a wrenched right ankle, to furnish Hagen's chief opposition, outplaying the world's leader in a spectacular finish that electrified the huge gallery. Evans made two rounds of 71 and 76 and finished 291, just one stroke behind Hagen.

Evans' score of 141 for the day was the best double round of the tournament.

Jack Burke of Port Arthur, Ont., led the Canadian contingent with 330 in a triple tie for 14th place. W. J. Bell, Toronto, 312, was 14th in the 1st; and C. Cummings, Toronto, was 19th, with a card of 316.

Hagen's victory was accomplished by steady playing. Yesterday he made a record of 68 for the course by good work, aided by spectacular putting.

The new champion has not made any record outside his native city until the present tournament. He is slight in build, but follows Yardon's system of shooting straight for the flag all the time.

SPORT PROGRAM

BASEBALL.
International—Toronto at Newark.
Canadian—Beavers v. Brantford at island, 4 p.m.
For amateur games see notices.

RACES.
Opening day at Hillcrest. Close at Windsor. At Saratoga.

Globe Scotch doubles at the Granites.

MOTORCYCLE.
Saturday night at Motordrome.

GOLF.
Annual match, Lambton v. Lakeview, 10 a.m.

AN AGGRESSIVE POLICY

A Business Firm That Believes in Being Aggressive in War Times—Bidding for Bigger Business.

The advertisement of the House of Hoberlin, Limited, Canada's big tailoring house, in today's World, will no doubt attract attention. For one thing it indicates, in these war times, a bold and aggressive business policy, and confidence in the outlook.

To understand how and why a house of the standing of the Hoberlin's will offer a suit of clothes made to sell at from \$35 to \$40 for the ridiculous price of fifteen dollars one must know in the first place that this firm are neither makers nor sellers of ready-made clothing. They are makers of tailored-to-measure clothes for men and that only. They have 1200 store agencies in all parts of Canada, where samples of their materials and outfits are kept, and orders taken. These orders, with measuring forms and other needed data, are sent to the house by the clothes made up, and despatched by express either thru the agent or direct to the individual. The output, with their immense organization, represents thousands upon thousands of garments yearly. As the firm's iron-clad guarantee of satisfaction goes with every garment the customer is always sure of getting what is ordered or money is refunded.

Out of these thousands of parcels that go into the Express Company each month, it is not surprising that as a result of removals, want of money, and other local causes, a percentage of these would be refused. And just now with the financial depression that has existed for some time, followed by the war, the number of returns is larger than usual.

Under these circumstances only one course is open—seeing that they are not dealers in ready-made to the House of Hoberlin, Limited, and that it is clear the lot is up in one big sale, as is announced in our advertising columns. It is certainly a great opportunity for one to save money, and at a time when the whole trend of prices is up and not down.

AMATEUR BASEBALL

The all-Toronto senior championship opens on Broadview Y.M.C.A. field, at 275 Broadview avenue, the game being between Federals of the Y.M.C.A. League and Western Stars of the North Riverdale League.

The second game of the M.Y.A. senior finals will be played this afternoon at 3.15 on Frankland grounds, corner Danforth and Logan avenues, Woodgreen v. South Parkdale.

Following are the games in the inter-league series for this afternoon: Senior championship, Broadview Y.M.C.A. field, 2.15—Eastern Stars v. Federals; 4.00, Pep Broadview avenue, kick-off at 2.15. All players meet at Broadview avenue and Queen street not later than 1.45.

GALT BEAT GUELPH.

GALT, Aug. 21.—Galt this afternoon won an easy victory over Guelph, 5 to 2. While Furseodon held the locals to five hits, he was not steady. Hawkins, as usual, was master of the situation. The score: R. H. E. Galt.....10 0 0 0 0 0 1—2 8 1 Galt.....0 0 0 4 0 0 2—3 5 1 Batteries—Furseodon and Burns; Hawkins and Danford. Umpire—McGonigle, Guelph.

PERTH MAKES CONTRIBUTION.

ROSBARY HALL PREPARES.

The Exhibition committee in charge of Rosbary Hall tent are busy with final arrangements to ensure the success of the undertaking. Yesterday they held two meetings, one in the morning at the home of Miss Marie Macdonnell, president, at which a good deal of advertising matter was sent out thru the country, and the other in the afternoon at Rosbary Hall, when the details for the days of Exhibition and for the different relays of volunteer waitresses from the Rosbary Hall Guild received final touches.

BANK OF SPAIN IN AMERICA.

PARIS, August 21, 5.24 p.m.—A despatch from Madrid says the Bank of Spain has decided to establish agencies in New York and Buenos Ayres.

FOLLY AND HER PALS

Copyright, 1914, by Randolph Lewis.

I THOUGHT I DISTINCTLY PERBID YOU TO APPEAR IN PUBLIC IN THAT SCANDALOUSLY IMMEDIATE BATHING-SOOT, POLLY!

FORGET IT PA ALL THE GIRLS ARE WEARING THEM!

I DON'T CARE A WHOOP. WOT OTHER GAL'S IS DOWN! I AINT GONNA HAVE NO SEPTEMBER MORNING IN MY FAMILY WHILE I GOT ME VOICE!

ME PINCHED. WOT FOR?

THAT THERE ONE-PIECE BATHING-SOOT YER WEARING' IS AGIN' THE LAW!

WAL HOL ON A MINNIT—LEMME EXPLAIN!

IT IS MY DUTY TO INFORM YOU THAT ANY TRING YOU SAY MAY BE USED AGIN' YOU!

By STERRETT
Great Britain Rights Reserved.

AUSTRIA HAS CALLED OUT ALMOST HER LAST MAN
Reservists Have to Leave Harvest Fields to Ago of Forty.

Canadian Press Despatch.
LONDON, Aug. 21.—(7.57 p.m.)—In a despatch from Amsterdam the correspondent of the Reuters Telegram Co. transmits an official communication from Vienna saying that a new mobilization order calls all the reservists of the first class, now at work harvesting, as well as the men in the land-storm, to the colors for Aug. 24.
The first and second class of the Hungarian landwehr have been ordered to mobilize on the same date, as have also the recruits of 1914, and all the men in the Austrian and Hungarian land-storm up to the age of 40 years.

First Display of Materials for Fall

Indescribably lovely and endlessly varied are the colors, weaves and finishes in the new silks and woollens. Rich, dark tones and splendid contrasts of color; figures, stripes, brocades, soft crepes, lustrous satins and handsome moires; and elegant blacks in many weaves, to fill the urgent demands of the black vogue — in fact, everything that is required to produce the captivating styles of the Fall of 1914 is here in profusion, and the prices are all most reasonable. Come Monday and plan your Fall buying with the assistance of this never-surpassed showing of materials. The range of "evening shades" is the largest we have ever shown, and embraces almost every material and weave. Many of them are entirely new and full of inspiration for your "party" gowns for this Winter.

Silks and Velvets. Monday's advance display indicates the general trend towards "creped" effects in silk weaves. The New Crepe Satins make a delightful showing, the finish adding beauty to the soft autumn tints and darker tones in which they come. Silk Crepe Ripples are in evidence; fine, medium and wide wale effects, appear in universal color ranges. In Plain All-Silk Crepe de Chine we have had big deliveries of the richest qualities yet handled by us. The shadings are exquisite, and represent the highest art of the French dyers. Novelty Crepes, Crepe Brilliant and Paris Crepes, also Silk Moires and Moire Velours. Here again the creped finish shows to advantage in what is called an "armure crepe moire". Chiffon Taffetas are well represented. A distinctly novel weave, known as "taffeta duchesse," is sure to meet with favor. In Velvets we anticipate enormous demand. The earliest shipments show velvet cutting cords, in Terry, woven, hollow-out and wide wale effects; chiffon velvets and velveteens, wide widths, in all colors; silk plushes, plain, corded and brocaded, with novelty velvet brocades, in wonderful color and texture combinations.

Dress Goods—Space prevents adequately describing the host of new weaves and colors. We invite inspection Monday, while color ranges are complete. Here are just a few of the best novelties: Wool Velour Suitings, Looped Suitings, Moired Crepe Suitings, Gabardine, Canvas, Velour, Honeycomb, Roman Stripe Suitings, in an infinite variety; Crepe Velour, Crowsfoot Crepe Suiting, etc., etc., in lovely, deep shades of green and blues.

FOUR BLACK SILK SALE ITEMS.

Regular \$1.50 Black Duchesse Satins, several weaves. Sale price	1.38
Regular \$1.69 Black Duchesse, 40 inches wide. On sale	1.50
Black Chiffon Taffetas, greatly in demand, 40-inch widths. On sale	1.46
Black Moire Velours, new patterns, 40 inches wide. On sale, per yard	2.00

Neckwear, Embroideries, Laces Veilings

The Neckwear—This season accessories are almost as important as the gown. You have heard that collars are to be high at the back, open in front. This type we show in great variety. Again, there are the loveliest little sets of organdie or batiste, fine embroideries on finer weaves, odd shapes, ties in piquant or brilliant colors not seen before, delicate laces, to the strictest tailored piques. Ruffs of tulle and net are again to be much worn with autumn suits.

The Waistcoats—Just a line to call attention to the stunningly smart waistcoat with soft eridole, in soft, but tailor finish pique. **Lace and Embroideries—**Chantilly meshes of rare fineness, with patterns embroidered, gold and silver bullion laces, rarities in the old lace tint, a new Venise—these are merely samples of the richness and variety in lace this year. Besides the fancies, we have the fullest stock in Vails, Torchons, etc., for bridal sets, all just unpacked. As for embroideries, not only patterns, but fabrics, appear in immense variety.

Veilings That Are Smart—Such types as the necklet veil, the Bobby, the flesh-colored novelty veil, and the embroidered single pattern effect are supplemented just now by the arrival of the complete range of new meshes.

INSPECT THE DRESS ACCESSORIES ON MONDAY, OPENING DAY.

Advance Opening of Autumn Millinery Monday

Fashion in woman's headwear has veered again. The new models are in their charm and chic, mirroring Paris as Paris was just two weeks ago, and New York as it is today.

The vogue of the rich, dull tones and black and white is most marked. The tones of tete de negre, London smoke, currant, Russe, midnight blue, the darkest blue yet seen, and the beauty of black velvet are unrivalled as style features. The return of the picturesque shape will be one of the things that every woman will rejoice in. The lines of the new models are par excellence, the loveliest seen for years. Wide-brimmed, but not too large; the head sizes perfect fitting, neither big nor little; the hat of the moment is flattering to the face.

Metallo Flowers, Birds and Trimmings, bright touches of silver and gold, on rich backgrounds, are among the loveliest offerings. By all means be on hand for this earliest opening, and see what the big fashion centers have to offer of best and newest.

SAILOR HATS. You will find many sailors, large and small, sailors in name only, of black velvet. You will note the return of feathers of the fluffy sort, the use of hackle, ostrich, real marabou, paradise and novel mounts. The small hats fit snugly, and the depth of tone and true artistry of shaping make the matron's selection no problem.

The Hand-Cut Velours—The ribbon is first printed on heaviest satin, in floral conventional pattern, and the pile raised in places by knife-cutting by hand. The play of light and shade is wonderful, and as a finish for the ultra modish evening gown of lace nothing equals it.

The Color Range in Taffetas and Satins—The Belgian blues, French and military blues, the tones of orange, copper, royal rose, ruby red and real beauty, the Beauville and Tangierins are a few of the striking effects. Grofite or gillyflower, a coppery tone, will blend beautifully with the immensely popular nigger's head.

Novelties in Weave—A new moire and satin ribbon is damascened in the loom, resembling, but not identical with, the damascened and antique moires will be high style in millinery. Besides these, the range of plain ribbons is absolutely complete. Roman Stripes and Plaids—Simply, their name is legion. Very brilliant in a rich way, the color combinations are so many as to make requirement. The widest widths are featured, and prices are exceedingly moderate this season.

COME DOWN TO THE OPENINGS MONDAY, AND BE SURE TO SEE THE NEW RIBBONS.

Wash Goods

Final Clearance Sale Tickets are now shown in the department. 38-inch Crease and Crepe Linen, 27-inch Pongee and Irish Poplins, in a great range of shades. Monday, half-price and less 11 1/2c.

GAS OVENS, BRIGHT ANGLE SHEET, BRASS AND STEEL LINED. Regularly \$1.15. Monday basement sale 89c.

The Change in Suits and Gowns as Shown in the Opening

Between the modish gown or suit of last season and that which is offered today, there is little, if any, likeness. Almost every single line is changed, and to the needs of the average woman, for the better. Introducing the Basque. Gowns and Suits alike show the modern equivalent of basque or princess lines from throat to hip. Draped in horizontal folds, shirred, loose everywhere, especially in arm's-eye, yet there are the lines of the form, in place of the boyish freedom of bathing blouses.

Beautiful Tunic Draperies—Straight falling from the wide sash which terminates the basque come the long tunics, frequently split in front and pleated or gathered. This is true of Cossack coats and novel suits, as well as of gowns. The lines are indeed classic and admirable.

Evening Frocks an Etagen. Not in one brief summary can sweeping style changes, which will appear and reappear all season, be covered. But surely the frock of many founces in net or lace, with its deep girde simulating the basque, will be so generously worn as to deserve mention.

These and Many Other New Features you will find in the earliest corners, a display rather complete than great in numbers, which will be ready for your inspection Monday. The colors are rich, not showy, this year; each thing is lovely, different, and choice of its kind, just the sort of garment you can yourself wear.

FAVORABLE ITEMS FOR MONDAY SHOPPERS, SPECIALLY PRICED.

Balmacaans—Winter and medium weight tweeds, made up in suitable lengths. These coats are Simpson standard at twice the price, in make and goods. It is a good chance for women who want a fall coat Monday, only 4.95.

Serge Suits—In black and navy, mannish, mescaline lined, they show a long tunic skirt and coat with rounded fronts. You would not be surprised if \$18.50 were asked for these. Monday's price will not be repeated 7.95.

Wash Skirts—There was a number of styles, so we averaged the regular price. It came to \$1.50. And they are those tailored outing styles which are good for tennis, for utility and for wear, from one year to another, without change in style. Linens, reps, ratines, cordelines, etc. Monday 49c.

New Ribbons Arrived Safely, Monday's Display

Completed is the range of Ribbons, plain and fancy, for Fall and Winter selling. Shipped just before the war began, these are more magnificent and varied than have ever been seen. The reason lies in the demand for them, both for sashes and millinery.

The Hand-Cut Velours—The ribbon is first printed on heaviest satin, in floral conventional pattern, and the pile raised in places by knife-cutting by hand. The play of light and shade is wonderful, and as a finish for the ultra modish evening gown of lace nothing equals it.

The Color Range in Taffetas and Satins—The Belgian blues, French and military blues, the tones of orange, copper, royal rose, ruby red and real beauty, the Beauville and Tangierins are a few of the striking effects. Grofite or gillyflower, a coppery tone, will blend beautifully with the immensely popular nigger's head.

Novelties in Weave—A new moire and satin ribbon is damascened in the loom, resembling, but not identical with, the damascened and antique moires will be high style in millinery. Besides these, the range of plain ribbons is absolutely complete. Roman Stripes and Plaids—Simply, their name is legion. Very brilliant in a rich way, the color combinations are so many as to make requirement. The widest widths are featured, and prices are exceedingly moderate this season.

COME DOWN TO THE OPENINGS MONDAY, AND BE SURE TO SEE THE NEW RIBBONS.
