VOL. XXXII—No. 11,835

CIVIC AND COUNTY OFFICIALS ARE ACCUSED OF MALFEASANCE IN GUELPH CITIZENS' PETITION

Charges Many, and of Serious Nature, Leveled Against Chief of Police, Medical Health Officer, Sanitary In- spector and Wellington County Crown Officers—Falsifi- cation of Accounts, Unlawful Exaction of Money and Maladministration of Law Among the Accusations.

GUELPH, Dec. 26.—(Special.)—At a meeting of the city council held tonight sensational charges were made by a number of citizens against the chief of police, the medical health officer and sanitary inspector of the city and against the officials of the County of Wellington who have charge of the administration of justice.

The charges against Chief Randall are of a serious nature, including drunkenness, falsification of accounts and absence of proper records, failure to deliver over property to rightful owners, release of prisoners without authority, unlawful exaction of money, absence of discipline in his department and want of respect for his authority, favoritism, general inefficiency and petty graft.

The charges against the medical health officer, Dr. H. O. Witt, and Sanitary Inspector Col. Clarke, include inefficiency, falsification of accounts and absence of proper records, favoritism, use of the city's money otherwise than for public purposes and petty graft.

The charges against the medical health officer, Dr. H. O. Witt, and Sanitary Inspector Col. Clarke, include inefficiency, falsification of accounts and absence of proper records, favoritism, use of the city's money otherwise than for public purposes and petty graft.

The charges against the medical health officer, Dr. H. O. Witt, and Sanitary Inspector Col. Clarke, include inefficiency, falsification of accounts and absence of proper records, favoritism, use of the city's money otherwise than for public purposes and petty graft.

The charges against the medical health officer, Dr. H. O. Witt, and Sanitary Inspector Col. Clarke, include inefficiency, falsification of accounts and absence of proper records, favoritism, use of the city's money otherwise than for public purposes and petty graft.

The charges against the medical health officer, Dr. H. O. Witt, and Sanitary Inspector Col. Clarke, include inefficiency, falsification of accounts and absence of proper records, favoritism, use of the city's money otherwise than for public purposes and petty graft.

The charges against the medical health officer, Dr. H. O. Witt, and Sanitary Inspector Col. Clarke, include inefficiency, falsification of accounts and absence of proper records, favoritism, use of the city's money otherwise than for public purposes and petty graft.

Women's Meetings

All men and women voters who have the welfare of Toronto at heart should attend one or other of the public meetings to be held on Saturday at 3 p.m. in the Low Beach School, the Winchester Street School and the King Edward School. These have been arranged by five of the equal franchise societies in the city and will be addressed in the first instance by ladies prominently associated with the various movements for social betterment. Their special object is to urge all voters to exercise their privilege on election day and to promote a spirit of civic patriotism. Questions and discussion will be welcomed and the object should elicit the support of all who desire a high standard of public service.

RUNAWAY HORSE HURT DRIVER AND SON

Aged Pedestrian Also Was Knocked Down and Injured Before the Frightened Animal Was Captured by Mounted Policeman Raney After a Thrilling Race.

Thrilling work by a mounted constable says little John Graham, aged 6 years, from almost certain death in a runaway yesterday afternoon on Jarvis street. The boy was lying in the rear of a Farfan Laundry wagon which threatened at any moment to crash into a pole or another vehicle.

Hugh Graham, the driver, and father of the boy, sustained a fracture of his jaw while trying to stop the frightened horse. Robert Waldron, aged 74, 23 Mercer street, was knocked down and received injuries to his head and body.

The horse took fright when Graham was delivering a parcel in a house just above Carlton on Jarvis. Just as he left the house again, the horse started away. In an attempt to save his son, he clung to the hooded side of the wagon. When the wheels swung around he was thrown to the pavement. His jaw was fractured by the fall. At Carlton street crossing, Mr. Waldron was crossing, Mr. Waldron was knocked down and run over.

Just above Wilton avenue, Mounted Constables Raney and Carson were entering along, and heard the screams of the child.

As the horse plunged along the street, Constable Raney, swung toward it. The wheels barely missed his horse's side, but he did not falter. The street was also very greasy, consequently it was a very difficult matter to effect a rescue.

A Thrilling Race.—Then a thrilling race began. The constable put the spurs to his horse and the animal shot forward. The horses raced neck and neck while the officer attempted to grasp the check line of the other horse. After they had galloped about a block, Raney seized the line. Knowing the condition of the road, he allowed the horse to run until near the corner of Queen and Jarvis street.

Here something had to be done. Many people were crossing the street and their lives were endangered. Pulling his own mount to its haunches, Raney clung to the runaway and succeeded in stopping it.

A generous round of applause greeted the constable's rescue.

Both Graham, and Waldron were taken to St. Michael's Hospital, but are not seriously injured.

BIG RAILWAY STRIKE IN MEXICO.

LAREDO, Texas, Dec. 26.—(Can. Press.)—Two thousand ship employees of the National Railway of Mexico went on strike today because of the refusal of the management to grant an eight-hour day and an increase in wages. The strike was called simultaneously at Nuevo Laredo, San Luis Potosi, Mexico City and Aguas Calientes.

Poincare a Presidential Candidate

PARIS, Dec. 26.—(Can. Press.)—Premier Raymond Poincare, yielding to the insistence of his friends in the senate and chamber, has consented to be a candidate for the presidency of the republic.

The members of the senate and of the chamber of deputies, meeting as the national assembly at Versailles, Jan. 17, will choose a successor to President Fallieres. The Republicans have recently been bringing pressure to bear on Leon Bourgeois, the former premier, to stand as a candidate, and only a week ago Premier Poincare made a last effort to overcome the objections of M. Bourgeois, but the latter declined because of ill-health.

LABOR OFFICERS' FATE RESTING WITH JURY

Verdict May Be Returned When Court Reopens This Morning, But Quick Decision Judge Anderson Emphasizes That Labor Is Not on Trial.

INDIANAPOLIS, Dec. 26.—(Can. Press.)—Whatever is to be the outcome of the three months' "dynamic conspiracy" trial, in which labor union officials are accused of complicity in the McNamara plots to destroy property, including the wrecking of the Los Angeles Times building, where 27 persons were killed, now rests with the jury.

Federal Judge Albert B. Anderson, a few minutes after 6 o'clock tonight, instructed the jury and ordered it to retire. The court then adjourned until 9:30 a.m. tomorrow, thus precluding the return of the verdicts before that time should they be found.

All the verdicts, while separate as to each defendant, are to be returned at one time. "How long will the jury be out?" was the question asked as the jurors filed out. A hint for a belief that verdicts would not be reached when court opens tomorrow, and that the jurors may require a much longer time was found in the court's instruction to "carefully weigh" all the evidence in the case.

It has required almost 12 weeks to introduce the evidence.

Prominent Officials Accused.

The defendants who await the outcome include Frank M. Ryan, president of the International Association of Bridge and Structural Ironworkers, of which John J. McNamara, the confessed dynamiter, was once secretary; various executive board members of that union; Herbert S. Hoekin, accused

CONSTRUCTION OF G.T.P. MAKES HEADWAY

Annual Report Covering the Work Done to Dec. 20 Shows Building of 568 Miles of Main Line and 688 Miles of Branch Lines Un- dertaken.

MONTREAL, Dec. 26.—(Special.)—The annual report for 1912 of the chief engineer of the Grand Trunk Pacific Railway has been issued in Winnipeg by B. B. Kellher, and covers the work of the past 12 months up to Dec. 20.

This report runs in part as follows: Construction has been undertaken on 568 miles of main line and on 688 miles of branch lines, making a total of 1256 miles of line on which clearing, grading and track-laying have been done.

Track has been laid on 128 miles of main line and on 331 miles of branch lines, making a total of 459 miles of railway completed, exclusive of second tracks and sidings.

On the section known as "Min line Winnipeg west," grade is now completed to mile 1124. The "Rau-Shuswap crossing," and track should be laid to that point before the close of the year. The line is in operation from Winnipeg to Tete Jaune Cache, mile 1095, from the Rau-Sauwap crossing at mile 1134, westerly to mile 1462.

Active Grading Work.—The right of way is being cleared, and at those points where clearing has been completed, active grading operations are under way. For instance, the grade from Rau Shuswap crossing to the second crossing of the Fraser River at mile 1180, should permit of track-laying in the space of a month or so.

From Prince Rupert easterly the track is laid to mile 159, being built up at that point owing to the erection of

PEACE HANGING IN BALANCE CONFERENCE IS AT DEADLOCK BOTH SIDES ARE DETERMINED

Most Optimistic View Is That Probabilities of Conclusion of Peace Are Greater Than of Resuming War—Turks Are Vehement in Declaring They Cannot Surrender Territories Where Invasion Is Still Resisted.

LONDON, Dec. 26.—(Can. Press.)—Both the Turks and the Balkan allies are standing by their guns on the peace terms. Both declare that it is impossible to recede from their positions.

Nevertheless, those who think they know what is going on behind the scenes still believe that the probabilities of the conclusion of peace are greater than of the resumption of the conflict.

The exchange of cipher despatches between the administration at Constantinople and Rehad Pasha continues, but the chief of the Turkish plenipotentiaries declines to divulge the nature of the reply which he will present to the allies on Saturday when the conference reassembles at St. James' Palace.

It is understood that this will be already outlined, with the additional promise that Turkey will apply to the European territories remaining to her the reforms which Count Von Berchtold, the Austro-Hungarian foreign minister, proposed before the war.

Terms "Simply Absurd."—"While I cannot discuss the reply of the Ottoman Government," says Rehad Pasha tonight, "nothing prevents me from saying that the terms the allies have proposed are simply absurd. They have produced this impression wherever heard, even outside of Turkish circles. It was never known that after the conclusion of an armistice

one belligerent party could ask the other to cede territories bravely defended and still resisting with heroism.

"Why should we do this, especially when the Bulgarians had three reverses at our hands just before the armistice, while the Greeks, who continued to fight, were defeated both on land around Janina and at sea off the Dardanelles?"

Turks were induced to accept an armistice only on the advice of the powers, in order to avoid useless carnage on both sides. The same humanitarian considerations led the Ottoman Government to ask for the revivification of the besieged towns, and might induce the government to yield certain conditions for the sake of peace, but there is a limit which the allies have far surpassed."

Turkish Talk Laughable.—The allies, on the other hand, assert that the armistice was arranged to give Turkey an opportunity of making peace terms without suffering further losses in the field, and they characterize Turkey's talk of keeping Adrianople, Janina and Scutari and regaining Saloniki as simply laughable. General Dangiis, the Greek chief of general staff, said:

"Let them come and take Saloniki if they can. Even the dust of our ancient heroes would rise up to defend our rights."

The most optimistic of the Turkish military party profess confidence that the Bulgarians will never be able to force the Techaia lines, but that, on the contrary, with her present powerful army Turkey will free Adrianople in a fortnight, and, adding that garrison to the main body, will take the offensive toward Philippopolis and Saloniki.

SPECIFIC FINDINGS ASKED IN FARMERS' BANK REPORT

Committee of Members of Parliament Submitted Questions to Sir William Meredith, Being Unanimous in the Opinion That Findings Indicate More or Less Negligence in Conduct of Treasury Department.

Some time ago a committee of members of the federal parliament, and prominent men, consisting chiefly of C. J. Thornton, (chairman), Dr. Edwards, W. J. Paul, Richard Blain, H. H. Morphy, Major Sam Sharpe, (secretary), Col. Hugh Clark, A. C. Boys, Jos. E. Armstrong, Donald Sutherland, J. J. Donnelly, D. Henderson, Geo. A. Elliott, John Webster, W. B. Northrup, J. H. Burnham, J. J. Merner and J. A. M. Armstrong, attended upon Premier Borden and Hon. W. T. White, T. W. Crothers, Frank Cochran and Col. Sam Hughes, asking the government to take some action towards alleviating the hardships suffered by depositors owing to the failure of the Farmers' Bank.

Most of the members composing the committee as well as the four cabinet ministers named sit for constituencies where the bank had branches or depositors.

The delegation had a list of questions which they requested the finance minister to answer. Hon. Mr. White suggested that such questions could be better answered by the royal commissioner, Sir Wm. Meredith. The session held in Ottawa Hall yesterday was for the purpose of repeating the request in that quarter.

Questions Submitted.—The questions submitted to the commissioners are:

1. On the evidence adduced, does your lordship find that the department of finance issued the certificates of Mr. Travers after having received notice that fraud was being practiced on the department?

2. Were \$3000, or any sum or sums paid to anyone by Mr. Travers to induce the issuance of the certificate?

3. After having received notice of the fraud being practiced by Mr. Travers to obtain the certificate, could not the finance department have recalled, or taken proceedings restraining the use of the certificates or give notice to the public that fraud had been practiced and warning the people not to deal with the bank?

4. After having received Mr. Leighton McCarthy's letter pointing out the fraud that was being perpetrated by Mr. Travers on the department of finance, did the department take necessary and sufficient steps to protect the stock subscribers? If so, what steps were taken and by whom? Thus encourage reckless speculation?

The commissioner promised to give consideration to this request.

The preliminary committee is unanimous in the opinion that the findings of the commissioner indicate more

YONGE ST. BLOCK CHANGES HANDS

Murray-Kay Company Believed to Be Purchasers of Land Between McGill and Ann Streets.

The World on Nov. 29 announced that the Murray-Kay Co. were considering the purchase of the block that fronts on the east side of Yonge st., between McGill and Ann sts. Yesterday a deal for this property was closed at \$417,500, or \$2500 a foot for the 167 feet frontage, 110 feet depth. The purchasers were said to be Englishmen, probably the same people who successfully promoted a Murray-Kay flotation in London recently. Information from inside sources bears this out.

The vendors were the Standard Loan and Security Co., a syndicate of local men, with some English money included. E. D. R. Tombs, the agent who sold them the property not three years ago, says their profit in the transaction is \$225,500, they having paid \$192,000.

An announcement as to building plans for the block front may be expected shortly, as well as precise information as to the store structure that will go up on the Carlton block to the north.

Distinguished English Actor Coming.—William Hawtrey, one of England's most noted actors, will be in Toronto for an engagement next week at the Princess Theatre, when he will be seen in the new comedy success, "The Old Firm."

Fur-Lined Coats for Men.—Next to a comfortable home, a fur overcoat is a man's chief source of content. Look them over at Dineen's, fifty dollars and upwards. W. & D. Dineen Company, Limited, Manufacturing Furriers, Cor. Yonge and Temperance Streets.

A SIGNAL FOR HELP

UNION BANK WILL EXTEND ITS SIX-STORY BUILDING

Has Purchased Colonial Loan and Investment Company's Property and Will Put an Addition to Its Present Structure—Toronto General Trusts Also Expanding.

The removal of books and office fittings from the Colonial Loan and Investment Co.'s building, at 31 West King street, yesterday, led to a lot of conjecture as to the reason of their hurry to move out into their new quarters with the Imperial Trusts Co., at 15 West Richmond street. Local investigation was not very fruitful, but news has come down from Winnipeg, where the Union Bank's recent meeting there, and the report of a year of expansion, that they were the buyers of the Colonial property, which adds the new bank building at the southeast corner of King and Bay streets. This property, which has 65 feet on King street, was bought by people whose names were then not known, at \$349,750.

It now transpires that the Union Bank will extend its six-story building eastward in conformity with the present facade, and work will be started early in the new year.

The Union Bank's neighbor, the Toronto General Trusts Corporation, is also thinking of expanding, and the J. W. Langmuir, the managing director, says no definite policy is laid out. The trusts company owns the building the ground floor of which is occupied by Hayes & Bailey on Melinda street, to the east of the trusts building and directly to the south of the Colonial place bought by the bank. Hayes & Bailey bought the northwest corner of Bay and Wellington streets a week or so ago, and can move into that building on a few weeks' notice, thus leaving the General Trusts in a position to carry out their policy of expansion. The World understands they will start building the addition early in the spring.

TRANSPORTATION DIFFICULTIES OVERCOME

Little Baptiste Describes an Explosion of Dynamite in Early Days of Railroad Construction and What He Did When One of His Friends Was Killed.

By Edward J. Moore. "Eet was shore an awfu' or-rack," said Little Baptiste, rather gleefully, it must be confessed, describing the explosion.

Accidents were very frequent in the early days of work on the line of the Grand Trunk Pacific, Canada's newest transcontinental, particularly in the rocky section in the Rainy River District of Ontario. The navvies employed were either exceedingly ignorant of the properties of dynamite or else, thru familiarity, treated it with little of the respect most of us hold for such a powerful agent.

Week after week brought stories of fatalities, until the matter was brought prominently before the house of commons in Ottawa as a provision made for more careful supervision of the blasting operations on railway work.

The incident, an actual one by the way, introduced above, is typical of many of these accidents and yet presented developments well worth recalling for a mixture of the gruesome and the ridiculous.

One morning in the early months of 1908, a small party from a sub-contractor's camp at a point some twenty miles west of Kenora, was preparing for a large blast, when for some unexplained reason, the explosion occurred prematurely, killing three men, two Swedes and an Irishman, outright.

The government regulations in such accidents, it seems, required that the bodies of the victims be taken before the nearest coroner for purposes of examination. In this case, however, circumstances prevented the transportation of more than one of the victims. This was decided, after consultation, that Little Baptiste Meras, the French-Canadian man-of-all-work about the camp, should be the messenger.

The accident occurred about 9 a. m., but by the time a spare horse and reliable had been secured, it was mid-afternoon. In the meantime, a rough wooden box had been knicked together and all that remained of Big Jim's good looks and his body were stood six feet four and weighed two hundred and fifty—was dumped without ceremony into the make-shift casket and placed on the snow outside the camp.

About four o'clock, when Baptiste appeared with the now well-known broncho hitched to one of those peculiar vehicles known in French Canada as "sangs" the box and its guesome contents were picked up by half a dozen pairs of stalwart arms, slid into the bottom of the sleigh, and the peculiar funeral cortege started off thru the snow for Kenora and the coroner.

For the first half of the journey matters progressed over uneventfully. Baptiste was not much of a driver. He had been in the lumber woods as a boy but knew more about river-driving than horses. Still the broncho behaved very fairly, and happy in anticipating the unaccustomed pleasure in a evening in town, Baptiste was quite contented. He had tugging his arms about to keep warm, but at that season the temperature dropped with the sun. It had been well below zero all day.

About six o'clock, when it began to get really dark in the woods, the road led out of the base of a long, low ridge with an open space half a mile wide. Here Baptiste began to have trouble, for at that season it was everywhere in about four feet of snow, was badly drifted.

LABOR OFFICERS' FATE

Continued From Page 1. as an accomplice of Orle E. McManigal, another confessed dynamiter; Olav A. Tveitmo, secretary of the California Building Trades Council; Eugene A. Clancy, San Francisco; and J. S. Munsey, Salt Lake City, Utah. The three last named are charged with promoting the Los Angeles explosion. They are not charged under the federal laws with personally causing any explosion. They are charged with conspiracy to violate federal laws and with aiding in an illegal transportation of dynamite and nitro-glycerine on passenger trains.

After stating the substance of the various offences charged and mentioning the nation-wide strike of the ironworkers' union, which the government charged, was the motive for 100 explosions on the work of contractors who refused to recognize the union, Judge Anderson, in his instructions, said:

"It was not unlawful for the structural ironworkers to organize a union to which they belong. It is not unlawful for the defendants to be members of that or any other labor organization. It is their right to use their combined power thru such organizations to advance their interests in any lawful way, but they have no right to use this power in violation of the law. Organized labor is not on trial here, nor is the right of labor to organize, but members of labor organizations owe the same obedience to the law, and are liable to the same punishment for its violation, as persons who are not members of such organizations.

Only One Issue. The defendants are not on trial for causing the various explosions, and the consequent loss of life and property thruout the United States, shown by the evidence. They are on trial for the crime charged in the indictment, namely, the illegal transportation of explosives. Circumstances surrounding them were permitted to be introduced before you because they tend to show the community of purpose, the concert of mind and action, which is an essential ingredient of the offences charged, and they should be considered by you upon that issue alone."

of this plan. He had no knowledge of how far back Big Jim's corpse lay, it might be a mile or more from the feet. Surely the spirits of the dead man had been outraged enough now without flinching backing the pung and horse over him.

Baptiste was in a quandary. For a minute or two he thought while his teeth began to chatter. Then he seemed to find a solution. He led the broncho, in spite of violent protestations from the animal, thirty yards further to a point where a big jack-pine jutted out close to the road, and there tied the beast securely. Then, with many minglings but with a creditable spirit of do-or-die-ness, he wallowed around in the deep snow to the back of the pung and started off down the back trail with his eyes glued intently on the road.

At ordinary times Baptiste would go thru the bush at midnight, singing. This time, however, he hadn't the spirit for any such cheer-producing procedure. Once a rabbit jumped across suddenly in front of him, and with a gulp he turned back and crossed himself. A little further on a tree branch at the roadside snapped, and Baptiste put his hand to his forehead in a moment of bewilderment. He stopped to call for help. In an instant his shout rebounded from the snow and he was left in an unearthly echo, which scared him even worse.

It was a little lighter when he came to the edge of the woods, and he was able to make better progress. Still, so far as he could see, there was no sign of the lost cargo. A couple of hundred yards further on, however, he found the box. He went back a quarter of a mile further, then retraced his steps, the semi-darkness making it impossible to be sure of anything. Suddenly he jumped back with his heart in his mouth. There to one side, Big Jim's coffin lay, with the top of it showing above the snow. The body itself had sunk out of sight.

It was no small task for the little Frenchman, try as he was, to get the body back on the road. And once there, what was he to do with it? Well, let him tell a little of the story himself as he told it that night to the engineers.

"He lie dere in de road wif hees eyes look up in me. I couldna' leave him 'trest ce ma. I would remember hees eyes all me life. Try to put hem on ma back to draw hem, but de snow too sof, hees head sink in. What I do? Vite hees shoe's froze stiff, I can turn hem ever an' so—wif descriptive gestures, 'me I got hem to be puny." "Was ever a more peculiar method of human transportation invented? Over an ever time after time, Baptiste turned the body of the big Swede, grunting with the effort each time he up-ended him, and with the perspiration running from his forehead in the frigid atmosphere of the winter night.

"'Tis come down ever time wit beeg legs ever time after time, but I got him dere finally." Having reached the sleigh, Baptiste, with a good deal more difficulty, got his guesome passenger aboard. This time, however, he lashed him with the halter, and urging the half-frozen broncho on the road again, he lost no time in getting into Kenora. "Weren't you pretty badly scared, Baptiste, queried Henderson, one of the engineers, as he shook his head in laughter at the Frenchman's story. "Scared? came the good-natured reply. "Me, I was scare' moos' so stiff as Beeg Yim himsel'. But wif wif satisfaction of having completed a hard work, 'But, by gar, I got hem corner'."

Travellers' Certificates. Commercial travellers' certificates for 1913 can now be had from Fred Johnson, room 5, Federal Life Building, Hamilton.

Ellis' Arrives at Kingston. KINGSTON, Dec. 26.—(Special).—Arthur Ellis of Lindsay, sentenced to death for the murder of his brother-in-law, near Lindsay, and whose sentence was commuted to life imprisonment, arrived at the penitentiary this afternoon.

ROWELL IN FIGHT FOR LOCAL OPTION. Speaking at Ayr, He Says He Favors Measure as Step Toward Province-Wide Bar Abolition. Ayr, Dec. 26.—(Special).—"Some may believe in the abolition of the bar by means of local option who do not believe in a province-wide measure. Others may believe in the latter and not in the former. I respect the opinions of both these classes of men, but personally I believe in curtailing the evils of the liquor traffic both by a province-wide measure and by local option, and therefore I am glad to assist in promoting the passage of the local option bylaw."

Hot Campaign in Galt. GALT, Dec. 26.—(Special).—The local option campaign is becoming hotter and hotter. One of the most interesting features is a newspaper campaign at arms between H. K. Cockin, conducting a repeal assault, and Jas. Cavers, secretary of the defence forces. Feeling is being stirred up more and more. It is said the repealers admit that they can't possibly poll more than a 50 per cent. vote when three-fifths is required, but yet they mean a fight to the last.

Investor's Terrible Death. GALT, Dec. 26.—(Special).—Charles, small village five miles from Freston, and about 18 miles from Galt, was the scene of a fatality yesterday afternoon. Frank Riley was instantly killed in a barn by the bursting of a home-made explosive he had patented. The English tweed hat with stitched brim, trimmed with brilliant game feathers on one side, is quite popular and one of the most sensible hats for touring.

On the valuable piece of property, at the south east corner of Queen and Yonge streets, stands a bank building, that \$20,000 would appreciate, although the land is worth half that a foot. It is seldom that branch-banks utilize a corner to its fullest extent, and as shown by the opposition raised, neighboring properties suffer.

HAMILTON HOTELS. HOTEL ROYAL. Largest, best-appointed and most centrally located. \$1,000 REWARD. For information that will lead to the discovery of whereabouts of the person or persons suffering from Nervous Debility, Fits, Skin Disease, Blood Poison, Genito Urinary Troubles, and Chronic or Special Complaints that cannot be cured at The Ontario Medical Institute, 263-265 Yonge Street, Toronto, Ont.

Rockefeller's Sage Advice. TARRYTOWN, N.Y., Dec. 26.—(Can. Press).—"Save your pennies," was the advice given by John D. Rockefeller today to a number of school teachers to whom he gave a sleigh ride about his estate. The young school maams were so impressed with what they saw that one of them said as they alighted from the sleigh: "Just think, Mr. Rockefeller, you have this large estate with three houses to live in, while we must content ourselves with a small room in a flat." To which the oil magnate's laconic response was: "Save your pennies."

SPENCE OPPOSED TO A COMMISSION

Disagrees With H. H. Ball and Says Commission Government in Toronto Would Be Irresponsible.

WINEBERG AND BURGESS Aldermanic Candidates Ask Ratepayers to Support All Bylaws - Controllers Spoke at Meeting.

Slides of many kinds, species and varieties are playing their parts in the civic election campaign, which is now on its last lap. Ex-Controller F. S. Spence seems to be alive to the fact, for at an enthusiastic meeting held in his behalf in St. Paul's Hall, 578 Yonge street, ward three, last night, he made a stirring appeal to the views of Toronto's "future harbor" were being served.

RAILWAYS BREAK LAW IN SHEER IGNORANCE

Such is Opinion Given by United States Commissioner Investigating Shippers' Complaints.

Railroad Man's Promotion

ST. LOUIS, Dec. 26. (Can. Press.) - John Thomson Hendricks of Baltimore, Md., a director and vice-president in charge of traffic of the Western Maryland Railroad, has been appointed general traffic manager of the Missouri Pacific Iron Mountain system, effective Jan. 1. He is 48 years old and has had 27 years' railroad experience.

Fell From Train

Tony Still, aged about 40, fell off the running-board of a C.P.R. locomotive in the C.P.R. yards, West Toronto, yesterday afternoon about 2.30 and had his right arm broken. He was also cut and bruised. Still was taken to the Western Hospital.

For Infants' Home

The treasurer of the Infants' Home acknowledges with thanks receipt of the sum of \$100 collected in the palm room at the King Edward Hotel by Mrs. Thompson.

ELECTION CARDS

WARD 2 ELECTION

For the information of Ward 2 electors the following facts are given of Herb. Ball: 1: He lives in Daville, now part of Ward 2. 2: He has had experience both in a council and on a school board. 3: He is a progressive, favoring tax reform and a more equitable adjustment of the local improvement system. 4: He believes that labor is not paid in accordance with the high cost of living. 5: He was instrumental in getting the civic laborers in North-Toronto a raise of 2 cents an hour. 6: He is a firm believer in public ownership and the extension of the Hydro-Electric and civic car lines. 7: He believes that the proper development of Toronto East can only be accomplished by overcoming the natural barriers to communication and that the Bloor Street Viaduct is an urgent undertaking. 8: He is in favor of commission government for the city and an advocate of the right of tenants to vote on money bylaws. 9: His platform meets the approval of Ward 2 electors he will be pleased to have their support and votes.

Herbert H. Ball

RE-ELECT FOSTER FOR CONTROLLER

Meetings will be held in behalf of Mr. Foster's re-election to which the general public, ratepayers and voters will be made welcome. The meetings to be held are as follows: Dec. 26 - Little's Hall, Barboursville. Dec. 27 - Euclid Hall, cor. Euclid avenue and College street. Dec. 28 - Brown's Hall, cor. Bloor street and Devoeurcourt road. Dec. 29 - New City Hall, cor. Queen and Parliament streets. A special program will be provided for those present by the well-known comedian, Harvey S. Lloyd; the excellent baritone, Jack Kirby; the splendid pianist, Mme. Gabrielle; LADIES ESPECIALLY WELCOME.

Your Vote and Influence is respectfully solicited for

W. H. MATON Third Deputy Reeve for 1913

Fair treatment for the whole Township. Polling day, Jan. 1st, 1913.

FOSTER SPEAKS IN EARLS COURT

Commends Civic Car Lines and Hopes System Will Be Largely Extended in the Near Future.

Controller Foster, Ald. McBrien and Speaker at a meeting held in Controller Foster's interests last night in Little's Hall, Barboursville. The latter reviewed the civic business of the year, and the questions now awaiting consideration and pointed out where needed retrenchments could be made in the expenditures. He warmly commended the policy of building civic car lines, and expressed the hope that the system should be largely extended, so that when the time came for the city to take over the street railway franchise a civic department would be already in existence which would have the experience and the knowledge necessary to a successful operation of the whole service as a municipal institution.

Checkers For Canadian Championship Hockey Canoe Club 6 Pacing Ice Record at Hillcrest

ST. ANTHONY CLASS PACE MAKES NEW ICE TRACK RECORD

Ottawa Horse Wins After Being Pocketed in the Second Heat — Clara Paul in Straight Heats — A Good Crowd on Second Day at Hillcrest.

The attendance again yesterday at the second day's Hillcrest ice meeting of the Toronto Driving Club was large and the racing was splendid. There were two races on the card, the 2.11 pace, with eight entries, but only four starters, and the 2.15 pace, with seven entries, six of them starting.

EIGHT GAMES IN FIRST ROUND

Annual Tournament For Canadian Championship Opens in Toronto Checker Club-rooms—Scores and Draw.

The fourth annual tournament for the checker championship of Canada opened its rounds yesterday afternoon at the Toronto Checker Club, King and Jarvis streets, under the auspices of the Dominion Checker Association. In an executive session, Judge McGibbon of Brampton, president, Secretary Frank Woolcott of Hamilton reported an entry of sixteen experts prepared to battle for the championship and the four cash prizes—\$100, \$75, \$50 and \$25. It was further decided that the knockout system would be the rule of play, six games to a series, all on the two-move ballot restriction, and that losers in successive rounds would enter a consolation tournament with the third and fourth prizes at issue.

Men recognize the fact that gifts from our Men's Department are in good taste and of the highest quality; many useful articles are to be had at very moderate prices.

ERNIE WEBB PRAISES GOULDING DOES NOT LIKE DANISH WALKER

Sporting Editor World: On reading Geo. Goulding's opinion regarding the Danish walk, I am glad to see that he is in perfect agreement with me. I do not in any way wish to belittle the Danish walk, but I do not like it. I do not like the Danish walk, but I do not like it. I do not like the Danish walk, but I do not like it.

M'GILL PLAY HERE TONIGHT

Clash With St. Miques in Exhibition Game at the Arena — Hockey Gossip.

The pro game on Saturday night promises to be a red hot affair with Billy Nicholson expected to back his boys with real money. He thinks that his heavy crew can turn the trick, and that the speedy Wanderers will find a stone wall when they get past the forwards. The teams will be: Tecumseh; Goal, Nicholson; point, G. McNamara; cover, H. McNamara; centre, Smith; left, G. Smith; right, Liffon.

Next Thursday a meeting of the West End Church Indoor Baseball League will be held in the club rooms of the West End Y.M.C.A.

The Senior O.H.A. game scheduled for Ravina rink tomorrow night between Simoes and Toronto Lancers Club has been postponed and will be played at a later date.

Manager Nicholson was hot after Jerry Lafamme all day yesterday to join his Tecumseh team and to a late hour last night had not landed the former Eaton star. Nick will try today again.

The final meeting of the Boys' Union League will be held on Monday evening at 8 o'clock at the West End Y.M.C.A. Every club is asked to have representatives present.

WINDUP CHAMPS IN THE OPENER

Double Score on Parkdale, But West End Paddlers Gave Them a Run For It at All Times.

Toronto Canoe Club, junior O.H.A. champions, downed Parkdale 6 to 2 in the opening game of the season at the Arena last night, but the play was much more even than the score would indicate.

Both clubs trotted out two rattling good teams, and it was a fast game from start to finish. Parkdale were the aggressors in the first half, and T.C.C. can thank Laird for saving the game for them. Laird played the best game of his career in the nets and turned aside dozens of shots from every angle.

Parkdale practically played with their hands. Bickel at centre was pitifully weak and about the only thing that he did effectively was to get in the road. He could neither skate nor handle his stick. Parkdale's best defence was to take a goal and stand on it.

The junior champs got in their best looks in the second half and the speedy Parkdale boys kept them busy in the early parts. McKelzie and Robertson are a big husky defence that will take a lot of beating, and both are individual players of no mean worth. Harry McKelzie, a younger brother of Gordon's, showed flashes of real class, but was either out of condition or he is not over fond of work. When he got away he generally managed to get some length, and his work was good. Stroud at centre has the makings of a real player, and was one of the best men on the ice. Warlock at left fills the bill well, and taking them all together T.C.C. have a good team to defend the junior honors.

It was a wonderfully fast game for the season, and the play was fast and furious. The T.C.C. boys showed some careful coaching. When they were just about good enough to beat with any of them, T.C.C. will try them harder to beat next time they meet.

The ice was heavy, and it was not until the second half that the players got used to it. After the rest period Toronto came back strong and were the aggressors nearly all the time. At half time it was 3 all and T.C.C. came thru with three goals in last half, while Parkdale could not get a goal.

The combination was a little raw all thru the game, but it must be taken into consideration that this was the first game of the season. Individual rushes were the order in both halves, and for Parkdale the order was McKelzie, Robertson and Skinner. McKelzie and Robertson helped the red and black with lone goals.

T.C.C. Goal, Laird; point, Robertson; cover, McKelzie; rover, McKelzie; centre, Stroud; left, Warwick; right, Murray. Parkdale (3): Goal, Smith; point, Adare; cover, Bes; rover, Applegarth; centre, Bickel; left, MacLaren; right, Skinner.

EATON'S

Globe Wernicke Bookcases

The Globe Wernicke way is a satisfactory way to keep books. They are made in sections, each section 34 inches wide, with perfect and locking devices and roller bearing and dust-proof doors. You can have as many sections as you like at any time, thus keeping pace with the growth of your library. Globe Wernicke sections are universally used, thereby making it possible to match up your bookcase any time and almost anywhere.

You can have four Globe Wernicke units with top and base, which come in golden oak, fumed oak or early English finish, at \$16.85

We keep a copy of all Globe Wernicke bookcases sold—the style, finish, etc., so that anyone who has already a Globe Wernicke and wants additional sections, will have no trouble in matching. Many doubtless will want sections to accommodate their Christmas gift books. These are obtainable at \$3.00, \$3.25 and \$4.25.

New Wine in Old Bottles

"Imagination is strongest in savages and children." —Lord Macaulay.

Many a bottle of new wine has been "palmed off" on the public, because it was covered with cobwebs and dust—its age and quality existed only in the imagination. It is the same with cigars—all imported cigars are not high-grade, and many a poor smoke masquerades under the name "imported." The

DAVIS "NOBLEMEN" CIGAR

(2 for 25c)

is equal to high-grade imported brands. "NOBLEMEN" is always good—always "FULL OF QUALITY." The "NOBLEMEN" Cigar is clear Havana, Cuban made, and is produced by a firm of nearly seventy-five years' standing. What other elements count?

Why not let "NOBLEMEN" save you 50 per cent.?

"NOBLEMEN" size, 2-for-a-quarter S. DAVIS & SONS, LTD., MONTREAL. "PANEVELAS" size, 10c straight. "CONCHA FINA" size, 3 for 25c. "PERFECTION" 3-for-a-quarter Cigar.

SAM McVEY K. O. BY SAM LANGFORD

Winner Has Better of Fierce Colored Heavyweight Battle on Boxing Day in Australia.

SYDNEY, Australia, Dec. 26.—Sam Langford knocked out Sam McVey in the 12th round today in one of the fiercest, heavyweight battles seen in Australia in years. Today's fight between the two heavyweight colored boxers was the sixth occasion on which they had met. The Nova Scotian, Langford, had once defeated the Californian, McVey, on four occasions, on one other occasion he was beaten by McVey, and one of their fights ended in a draw. Five of these matches were fought in Australia, and the remaining one in Paris. Langford holds the title of heavyweight champion of England, and McVey that of heavyweight champion of Australia.

It was reported at one time that Langford was to fight Jack Johnson for the championship of the world. Sam Langford, who is 23 years, entered the ring as a professional in 1902, and has during the last ten years had a remarkable boxing career. Langford had the best of the fighting throughout the match. He severely punished McVey, who, however, made a plucky defence.

Langford began fighting fiercely in the first round, landing lefts and rights and driving McVey to the ropes.

Only during the second and third rounds did McVey show any sign of equality with his Nova Scotian opponent, and even then his punches did not worry Langford a great deal.

In the fourth round Langford floored McVey with an uppercut to the chin and from then on McVey simply tried to protect himself, but received severe punishment.

The finish came in the 12th round when Langford again forced McVey to the ropes and then landed innumerable lefts and rights on his face, causing McVey to fall, completely beaten.

Montreal Lands Heavy Hitting First Baseman

MONTREAL, Dec. 26.—Manager Kitty Bransfield will go thru the summer training camps of the big league clubs, starting about March 8 and returning to Chateaufort for the opening of the Royal's camp on March 26, according to present plans of the Montreal Baseball Club. Bransfield will be here in a few days to talk over the situation with the owners. "If Manager Bransfield wished," declared President Lichtenhelt this morning, "he may take the pitching staff with him on March 5, or he may round them up even earlier than that. Anyway, we want to have our pitching staff in good shape before the season opens instead of having to go thru the first third of the schedule before our pitchers are really fit for work."

Meanwhile the Royals have obtained thru Clark Griffith of the Washington Club, a first baseman who promises well at all events. His name is Lussel. Lussel played with Helena, Montana, in the Montana League last year and batted .376. He is quite a youngster, stands over six feet in height and weighs close to 200 pounds. His work at first is said to have been phenomenal.

Juarez Results. The races today resulted as follows: **FIRST RACE—Mile:** 1. Miss Kern, 106 (Garcia), 5 to 2. 2. Bonnie Bard, 103 (Nathan), 8 to 1. 3. Florence Kripp, 104 (Buxton), 9 to 2. Time 1:14 2/5. Pedro, Zinkand, Godfather and Coppers also ran.

SECOND RACE—Six furlongs: (G.) 1. L. M. Ecker, 102 (Teahan), 20 to 1. 2. Lovine Rose, 99 (Callahan), 20 to 1. 3. Sharper Knight, 102 (Teahan), even. Time 1:15 2/5. Joly Tar, Garter, Wolf, Green, Cloth, and I See It also ran.

THIRD RACE—Mile: 1. Hughie Quinn, 103 (Teahan), 7 to 2. 2. Harris, 104 (Gargan), 5 to 1. 3. Lehigh, 102 (Burlingame), 8 to 1. Time 1:41 3/5. Colinet, Icarian, Aragonese also ran.

FOURTH RACE—Six furlongs: 1. Masalo, 98 (Halsey), 10 to 1. 2. Orba Smithe, 108 (Grothe), 7 to 2. 3. Clint Tucker, 104 (Burlingame), 10 to 1. Time 1:14 3/5. Flying Saniel, Sir Barry, Tim Judge, Quid Nunc, Transparent, and Edmond Adams also ran.

FIFTH RACE—Mile: 1. Baby Doll, 102 (Burlingame), 7 to 2. 2. Lotta Creed, 107 (Halsey), 10 to 1. 3. Rue, 108 (Cavanaugh), 10 to 1. Time 1:41 1/5. L. M. Ecker, Elpaso, Baltonia, Adolante and Anne McFee also ran.

SIXTH RACE—Mile: 1. Setback, 108 (Burlingame), 3 to 2. 2. Loveday, 103 (Gross), 5 to 1. 3. Den Enrique, 112 (Hill), 10 to 1. Time 1:41 1/5. Shorty Norton, Gretchen G. and Harlem Maid also ran.

Baptist Basketball League Nine teams have been placed in the senior section to date, and some very fast teams have been developed. There will be no games on Saturday this week, but the regular schedule will be resumed on Saturday, Jan. 4. In the Royal Temple Building (Old West End Y), when Jarvis and Beverley, and Ossington and Dovercourt come together for the first time this season. Following is the standing:

Won.	Lost.
Beverley	2
Jarvis	1
Dovercourt	1
Parliament	1
Ossington	0

INVADING WINNIPEG

Increasing Demand For Hoberlin Tailoring in West Necessitates Opening of an Exclusive Hoberlin Store in Winnipeg.

(Special to The World.) WINNIPEG, Dec. 26. Winnipeg.

The big Canadian tailoring house has found such an increasing demand for tailors, that they have decided to open a retail store in this city.

Hoberlin's, or speaking correctly, "The House of Hoberlin, Limited," is the largest individual tailoring concern in Canada. Nearly 900 retail dealers from coast to coast Hoberlin made-to-measure clothes. There are no other clothes made like them, or approaching them in style or wearing qualities. And the reputation of the firm grows stronger year by year.

The big Hoberlin tailor shops in Toronto occupy over 67,000 square feet of floor space. This immense space is devoted entirely to tailoring the men of Winnipeg. Every order is cut to individual measure, created for the man who has to wear the garments, and tailored in the most modern, sanitary tailor shops in all Canada. Every garment is thoroughly examined by expert examiners before leaving the premises, and before the customer gets it. As stated already, the House of Hoberlin has nearly 900 distributing points in the Dominion. That is, their product is sold by nearly nine hundred retail dealers, and orders taken and sent to the headquarters at Toronto for completion. During a recent visit to Winnipeg, Mr. A. M. Hoberlin was so much impressed with the vigor and business methods of Winnipeggers, that he decided to open negotiations for an exclusive Hoberlin store here. To that end the premises 310 Fortage avenue were secured.

Mr. H. P. Story, well and favorably known, has been appointed as local manager, and arrangements are now well under way for an auspicious opening early next month. Due notice will be given to the men of this city, so that those contemplating purchases in this line will do well to watch for further announcements.

Drink Imperially

by drinking a Whisky of Imperial reputation, and genuine Scottish origin.

"King George IV" Scotch WHISKY

A kingly drink with a kingly title. The favourite beverage with British subjects everywhere. It has that delightful maturity and digestibility which is associated only with the best and purest Whiskies.

One of the principal brands of The DISTILLERS COMPANY LTD.

Largest Scotch Whisky Distillers in the World. Capital employed over £3,000,000.

EDINBURGH, SCOTLAND.

The Christmas Season

would lose half its attraction without an abundance of good things to eat and drink, and the best beverages for the festive season are: REINHARDT'S SALVADOR, STERLING ALE and BROWN XXX STOUT—a brew to suit every taste.

- Put these on your shopping list: **REINHARDT'S "SALVADOR"** Canada's most famous beer. A light, sparkling beer of unquestioned purity. **REINHARDT'S "STERLING ALE"** A light dinner ale for family use—absolutely chill-proof and free from sediment. **REINHARDT'S BROWN XXX STOUT** A real aid to digestion, and invigorating tonic for convalescents and old folks.

Place your New Year's orders early. On sale by all dealers. Brewed and bottled in the most up-to-date and sanitary plant in Canada by **INSPECTION INVITED REINHARDT'S OF TORONTO**

Charles White the Winner Charles White of the Carlisle Athletic Club proved to be the winner of the Carlisle Athletic Club's five-mile race after a hard struggle with R. Smylie and F. Watson, Watson being the winner of the last R.C.B.C. 10 mile race. The roads being in a slippery condition made it hard for the runners. The following is the finish. Aid Robbins acted as starter and Mr. H. R. Frankland as judge:

The finish—1, Chas. White; 2, R. Smylie; 3, F. Watson; 4, O. Madrox; 5, F. Carter; 6, A. Hickey; 7, J. Rowntree; 8, T. Jamieson; 9, T. Maspin. Time 23 min. 2 1/2 sec.

The Torontos had a very poor turnout yesterday morning, as most of the players were pretty well used up after their game the night before. Holmes, McLean, McGiffin and Randall composed the squad that put in appearance. Walker and Doherty left for Montreal, accompanied by William McGregor of the Ten-cusehs. Walker was the only one who had shown any class and he will be the only one missed.

The Indians are fitting out in great style, and are working hard to get into shape for their battle Saturday night with the Wanderers. Bert Morrison, the old Ontario and N.H.A. player, and Art Theop of Ottawa were the only two new faces on the line-up. Both are good boys, but had no condition and did not last long. The latter might get a place on the team if he got into shape.

A rumor is current that several locals are going to turn pro. After seeing the grand showing that Forston made some of the boys who declare that he has nothing on them have decided to take a whirl at it, but want a little more tied up for them. LaPlante, Rankin and Hyland are the names that have been mentioned, and Manager Nicholson promises to spring a surprise Saturday night when his team trots out for the game.

Hotel Krausmann, ladies' and gentlemen's grill with music. Imported German Beers, Pink Steak a la Krausmann. Open till 12 p.m. Corner Church and King Streets, Toronto.

INQUIRING INTO REILLY'S DEATH

Important Evidence Expected at Inquest Today When Companion Will Give Testimony.

BEAVERTON, Ont., Dec. 26.—(Special.)—The inquest into the death of Ernest Reilly of this place, whose body was found near a water tank in the railway yard yesterday morning, will be opened here at 9 o'clock tomorrow morning by Coroner McLeau of Orillia. Inspector Greer of the provincial police, who arrived here today, believes that he has already unearthed facts which may lead to the solution of the mystery which surrounds the death.

CONSTRUCTION OF G. T. P.

Continued From Page 1.

steel bridges. Eighty-nine miles of this track were laid during 1912, and the line is in operation to Hazelton. From mile 159 to the Eendako River crossing (mile 341, Prince Rupert, or 182 miles) Winnipeg active grading operations are in progress in the winter.

Progress on Branch Lines. Hart to Brandon—Grading is under way on this branch and also 15 miles east to Brandon. The total length of this branch is 23 miles.

Regina to International boundary.—Only the last 29 miles of this line require to be graded. The track is laid for 126 miles and is all put down this season.

Prince Albert branch.—This line extends from Topping on the main line, and is an opening from Topping to Wakaw, a distance of 87 miles. No track was laid in 1912. A large steel bridge has yet to be erected over the South Saskatchewan River, but with the exception of the entrance into Prince Albert the grade has practically completed.

Tofield to Calgary.—This line is 292 miles long and a few steel bridges have been erected but grading is not completed. During 1912 steel was laid from mile 107 to mile 166, and the track will be continued to Calgary in the early spring of 1913. The line is in operation to mile 162.

Other Branch Lines. Tainage-Weyburn line—Fifteen miles in length, of which thirty-nine per cent. of the track is completed, and the Regina-Moose Jaw connection of forty-nine miles, which is now completed, and its construction is completed on the main line, is graded for the whole of its present length.

Death Penalty for Woman

CHICAGO, Dec. 26.—(Can. Press.)—The death penalty will be asked in the case of Mrs. Harriet M. Burnham, who today was placed on trial in Judge Kenner's court, charged with slaying her husband, Herbert E. Burnham, June 16, last.

Purdy, Mansell, Limited, Will Put Up Costly Building Early in the Spring.

A five-story and basement warehouse and factory building, to cost in the neighborhood of \$150,000, and probably a great deal more, is to be erected on the south side of Adelaide street, just east of John street, by Purdy, Mansell, Limited. The whole frontage of 131 feet will be utilized but not the entire depth of 188 feet. The property was bought from the University of Toronto for about \$75,000.

PLANNING TO CREATE VAST SLAV EMPIRE

Ambitious Project Which Will Disarrange European Alliances Is Credited to Archduke of Austria.

PARIS, Dec. 27.—(Can. Press.)—According to the Vienna correspondent of The Journal, a friend of Archduke Franz Ferdinand is authority for the disclosure of an ambitious plan which the archduke has conceived, and is now actively endeavoring to make effective. If the plan is successful it is expected to have the effect of completely breaking up all the existing political forms and the system of alliances of the Europe of today.

WHAT TURKEY PROPOSES.

CONSTANTINOPLE, Dec. 26.—(Can. Press.)—According to the Constantinople newspapers, the Turkish counter proposals which were forwarded by telegraph yesterday to the plenipotentiaries at London, comprise the maintenance of an effective sovereignty over the territory east of the Maritza River and the Black Sea, including Adrianople, while west of the line, the government would be content with the recognition of Turkish sovereignty with an autonomous regime.

SOLDIER OF FORTUNE ESCAPES.

MEXICO CITY, Dec. 26.—(Can. Press.)—Gen. Francisco Villa, known as "The Fox" who was arrested on Tuesday, Dec. 24, by the Mexican army, is believed to have escaped from the military prison here. He is believed to have fled to the United States, where he is now being sought by the military authorities.

\$100,000 FIRE AT SHAWNEE, OKLA.

SHAWNEE, Okla., Dec. 26.—(Can. Press.)—Fire today destroyed the Putnam building, one of the largest structures in the business quarter, causing \$100,000 damage. With the assistance of the employees of the railroad shops the flames prevented the fire from spreading.

HEAVY SEAS AT QUEENSTOWN.

QUEENSTOWN, Dec. 26.—(Can. Press.)—A large number of small craft were wrecked in the heavy seas caused by the storm today. Several men were reported to have been rescued.

MANY DEATHS FROM CHOLERA.

LONDON, Dec. 27.—(Can. Press.)—An Odessa despatch to The Times reports an alarming epidemic of cholera in Mecca, Arabia, where 10,000 pilgrims are now gathered. In the past four days 174 deaths have been reported.

ATLANTIC'S ENGINEER DROWNED.

HALLIFAX, N. S., Dec. 26.—(Can. Press.)—Arthur Fisher, second engineer of the steamer Atlantic, was drowned in Liverpool harbor today while seeking to board the steamer Anita. He was the only son of Capt. William Fisher of Port Morden.

NEW WAREHOUSE ON ADELAIDE ST.

A five-story and basement warehouse and factory building, to cost in the neighborhood of \$150,000, and probably a great deal more, is to be erected on the south side of Adelaide street, just east of John street, by Purdy, Mansell, Limited.

NEGRO SURRENDERS QUIETLY AFTER DEFEAT—FEAR LYNCHING.

COLUMBUS, Ga., Dec. 26.—(Can. Press.)—After barricading himself in a house and keeping officers who surrounded it at bay for several hours, then escaping when he feared his adventures would become too numerous, Howard Davis, today without resistance, is reported to have surrendered to Sheriff Wright near Tuesday night.

MR. LLOYD GEORGE'S EXPOSITION OF THE NEW IMPERIAL POLICY

ABERDEEN, Scotland, Dec. 27.—A gathering of 2000 people in the Music Hall, the other day listened with rapt attention to Mr. Lloyd George's exposition of what could be done for the betterment of the people. At the beginning of the speech there were interruptions from suffragettes, but these people were soon silenced.

DAVIES ADMITS LIABILITY IN MATTER OF TAX ARREARS

Will Send Cheque to the City Treasurer Today and Will Send Receipted Bill for the Amount He Claims Is Due Him in an Arbitration, But Which Is Repudiated.

Ex-Ald. Thomas Davies, candidate for mayor for 1913, admits his liability in the matter of arrears of taxes; also that he has a claim of \$75 against the city; thus furnishing two reasons of disqualification, even if he should get a majority of ballots in the election.

"What are you going to do about that claim of yours, which is repudiated by Assessment Commissioner Forman?" was asked by The World.

"I think it should have been paid out on those lines. I will take the chances of being unseated. I am not going to be sheared off by my opponents."

Section 80, which, it is alleged, disqualifies him under the circumstances, reads: "No person who has, either by himself or with or thru another, any claim of yours, which is repudiated by Assessment Commissioner Forman, shall be qualified to be a member of the council or of any municipal corporation."

Assessment Commissioner Forman has repudiated his claim, saying it was not earned and he didn't act for the city.

"Can you legally accept a receipt for an account which another official repudiates?" The World asked City Treasurer Cook last night. "I can't see how I can. Such an action would be a direct contravention of the attitude of the official who keeps the accounts of our books. What account can I credit the money to?" asked the city treasurer, who was not posted as to the specific item referred to by The World.

Under these circumstances Mr. Davies cannot improve his position, as he states he will, by resorting to the courts almost immediately.

The uncertain candidate also admits that he is liable for arrears of taxes. "I will send a cheque for that amount to the city today. But the declaration he swore out on Monday reads in part: 'I do solemnly declare that I am not liable for any arrears of taxes to the municipality.' His admission made last night to The World substantiates the contention that his declaration is null and void."

The city solicitor was loth to give an opinion which would hurt the chances of any candidate, but admitted that the declaration of any candidate would have to be perfect in every regard.

"What about the Davies claim?" asked The World. "That's his business and misfortune," answered the city solicitor, "and he will have to fix it up himself, if he can. I am not worrying myself."

"Did you ever own that lane on the east side of River street?" Mr. Davies was asked. "Yes, but I wanted to deed it to the city, but the city hall people wouldn't have it."

"You didn't think the city was going to keep it, did you?" Mr. Davies replied. "I was not. I was not going to deed it to the city, but the city hall people wouldn't have it."

"I told the property on the north side of the lane three years ago, the lane still remained in my name, but the Queen City Vinegar Co. had running rights over it."

"I thought the people who used it would pay the taxes, since I owned no property in the neighborhood. However, I will clear that up by sending a cheque for the amount to the city treasurer tomorrow."

"Such an action would not improve his position. The ballots have been printed, but unless a conference held by City Clerk Littlejohn, City Solicitor Johnston and Corporation Counsel Geary, in whom the authority now rests until after the elections, decides otherwise, it is possible that the returning officer will declare Mayor Hocken elected by acclamation and withdraw the ballots."

"It was no further use to me, and I thought the people who used it would pay the taxes, since I owned no property in the neighborhood. However, I will clear that up by sending a cheque for the amount to the city treasurer tomorrow."

"I thought the people who used it would pay the taxes, since I owned no property in the neighborhood. However, I will clear that up by sending a cheque for the amount to the city treasurer tomorrow."

MANUFACTURERS WILL VOTE FOR ALL THE CIVIC BYLAWS

Toronto Branch of C. M. A. Declares Its Attitude Toward Questions on Which People Will Cast Ballots on New Year's Day—Believes in Tax Reform as Present System Is Unjust and Inequitable.

In an official statement to the press, handed out by the secretary, J. M. McIntosh, the Canadian Manufacturers' Association yesterday made public its attitude toward the different bylaws before the people of Toronto. In it the manufacturers of the city declare their endorsement of every bylaw on the ballot paper...

SUBURBAN ROADS IMPROVED BY HIGHWAYS COMMISSION

Nearly a Quarter of a Million Dollars Spent to Make Traveling Easier, According to Report Just Issued—Wide Tires Needed on Vehicles in Order to Keep Roads in Good Condition—Oil For Macadam.

An exhaustive report has been issued in pamphlet form by the board of highway commissioners of the County of York, with numerous illustrations showing the condition of the roads before and after they were improved.

Table with columns: Distance, Miles, Cost. Rows include Kingston road, Kennedy road, Don Mills road, Yonge street, Vaughan road, Weston road, Dundas street, Leslie street, Lake Shore road, Machinery equipment.

The amount expended is \$13,500. The commissioners also speak of the preserving of the roads after they are improved as follows: "With the growth of Toronto, the interurban and suburban traffic on our highways has increased, and with the increase in the volume of traffic the maintenance and increase in the tonnage carried per inch of tire."

"Narrow tires carrying heavy loads have a very destructive effect upon the road surface, while wide tires from a point of view of maintenance, are desirable. The concentration of the heavy load on a narrow tire has the effect of cutting the road surface, while the same load on a sufficient wide tire would act as a roller and on improved roads it would be even better of the front end and rear wheel not to be cracked. Wide tires must not be used to excess, for we will find on a well-crowned road a tire of five inches in width would only support a load which on a narrow tire, and a load would be carried on one edge of the tire, and the same cutting effect will occur as with a narrow tire."

"The wide tire is a distinct advantage on bad roads, so that (under the present conditions) with a few improvements and maintenance work, the question of narrow v. wide tires is one that will require careful consideration."

"If improved roads are to be cheaply maintained there must be a ratio fixed between the width of the tire and the load carried. For at the present time our roads are requiring to take traffic which is extremely injurious."

"It has been clearly demonstrated that the bond in ordinary macadam roads is sufficient to protect it against the somewhat capricious action of the automobile tire traveling at high speed. The dust raised by the wheels of vehicles is blown entirely off the road and a fresh lot of dust raised; this repeated action resulting in the wearing down of the surface of the road several inches in a single season."

"While oiling the road is not considered a permanent remedy for this evil, it serves to keep dust down, thus preventing the next lot of dust being raised, and by this means temporarily preserving the road. There are many varieties of oil on the market for this purpose, some of which are better than others, but the best is one having a bituminous base, on the evaporation of the volatile constituents, leave a certain amount of bitumen to act as an ad to the binder of the road."

SOMBRE WAR CLOUDS ARE ROLLING AWAY

And Europe Will Likely Buy Back the Stocks It Sold.

The war clouds are rolling away and disclosing a Europe on which there may be a few blood stains, and a few lines of demarcation which are faint or obscure. On the whole, however, there are no serious blurs upon the landscape. A lot of things were apprehended which have not occurred; and the fears of those who have been hoarding money, in dread of a terrible upheaval, will soon be allayed. One of the first results will be repurchase by Europe of securities dumped on the New York market in October, and those in Wall street who say "the public will not buy stocks" will find that if the American public do not, the European public will.—Wall Street Journal.

NEW YORK MARKET HAS HAD SMALL YEAR

But Sales of Stock in Wall Street Have Been Above Last Year.

In the New York market this year's sales of 130,000,000 shares thus far have been 4,000,000 ahead of last year. But they have been 34,000,000 less than in 1910 and 5,000,000 less than in 1909. Measured against 1905, sales of 1912 have been exactly one-half the sales of that year. The largest day's business in 1912 was 1,225,000, two weeks ago. And low record days of both last year and this year were less than that registered in 1910. However, the market may still "come back." In 1900 trading was no larger than it is this year, yet the big year 1901 followed.

EXPECT A BIG RISE IN NEW YORK MARKET

What the large interests anticipated in September, they still anticipate in December; that there will probably be a rise in the market before the winter is over. In some quarters it is confidently asserted that those who bought stocks in 1912 will get a chance to sell out at a profit in 1913, no matter what price they may have paid for their holdings.—Wall Street Journal.

USUAL HOLIDAY LULL IN STEEL INDUSTRY

NEW YORK, Dec. 26.—The steel industry is experiencing the usual holiday lull in buying. The Steel Corporation continues to receive a satisfactory volume of business for the holiday period, but this is due to the fact that it is maintaining current quotations, whereas the independent companies are demanding premiums. The consensus of opinion in steel manufacturing circles is that buying will quiet over the next week.

ST. LAWRENCE NAV. PAYS A DIVIDEND

Directors of the Chicago and St. Lawrence Navigation Co. have declared the 1912 dividend at the rate of 8 per cent, payable Jan. 2. Freight earnings were better in 1912 than in 1911, when the company only paid 5 per cent.

LACKAWANNA CUTS A JUICY "MELON"

NEW YORK, Dec. 26.—The directors of the Lackawanna and Western Railroad have decided to issue at once the entire amount of the new stock, amounting to \$12,000,000, voted last February. It will be issued to present shareholders at par, in the proportion of one new share for every four old held. Lackawanna has a market value of about \$55, so that the "melon" has a considerable value.

SPECIALTIES LEAD IN TORONTO MARKET

Cannery and Spanish River Enliven the Dullness of an Otherwise Quiet But Firm Session.

BRAZILIAN UNCHANGED

Sentiment Is Cheerful and the Prospects Are Bright—Public Are Buying Back Their Holdings.

While the Toronto Stock Exchange was still under the effect of the holiday season to a certain extent and trading was of small volume on that account, the market continued to show a buoyant undertone yesterday. This was more pronounced in relation to some of the specialties than to the generally active list; nevertheless the fact that some ten issues wound up the session at advances bore eloquent witness to the dominant strength which characterized the security list. The buying of the last few days has been of a very insistent nature, and is accepted as an indication of the disposition of the speculative public toward meritorious Canadian securities. In the down-turn of the last few months, inspired by the clouded European situation and the money stringency, values were marked down to a considerable extent, and now that the improved status of the market has therefore been set down as the purely natural recovery from the recent depression.

NEW RECORDS ATTAINED

The greatest action was shown in the specialties yesterday, with Dominion Cannery and Spanish River Pulp the most conspicuous features. Both of these issues got up to new high records in their history, the former gaining well on to five points, 79 1/2, while Spanish piled an additional two points on top of its recent gain, reaching 48. Both securities were quoted slightly lower at the close. Other firm spots were the Maple Leafs, common and preferred; the Mackays and the Burt issues. F. N. Burt common as high as 100 3/4, a net gain of 3 1/2 points, and the preferred was up half a point at 103 1/2. These shares are now recovering from the effect of the recent offering of stock to the shareholders at a time when money was so tight that stock had to be thrown on the market, since it was practically impossible to borrow on securities.

BANK CLEARINGS ARE STILL SOARING

Toronto Again Beats Out Winnipeg—Big Gain Over Last Year.

The mid-week holiday brought the bank clearings of Toronto for the past week down below the preliminary dollar mark, but even at that the figures showed a material increase over the corresponding period of last year. This city again beat out Winnipeg, thus practically assuring the fact that it has now regained its position of a center for good.

U. S. STEEL TO ALLOT STOCK TO EMPLOYEES

Frickson-Perkins & Co. had the following: The announcement that the steel trust will allot stock to its employees early next year at prices slightly under those now prevailing, but well above the recent bottom price of the common, if it proves to be true, will come in for a great deal of attention. The price reported as named for the common, 66, would have looked very attractive a few weeks ago, when the stock was above 80. Some considered this matter a bull point, taken in connection with the large pending steel orders and the generally good outlook for the trade.

DEALING IN STOCKS IS ALMOST LIFELESS

Total of 101,000 Shares Marks Day's Business as Smallest Since July Last Year.

UNDERTONE QUITE FIRM

But Only a Few Specialties Record Any Considerable Price Changes—Money Chief Factor.

NEW YORK, Dec. 26.—There were no signs today of an awakening of the stock market from the lethargy into which it fell lately. Trading was even duller today than during Tuesday's listless session, and most of the day brokers were standing idly about the trading posts on the floor of the exchange. It was the mill-stead day's business since July, 1911, with a total of 101,000 shares. Holiday conditions still obtained, and, with the foreign exchanges closed and money rates soaring, there was little incentive to do business.

EVERYBODY IS GUESSING AS TO WHAT IT IS—DIVERS RUMORS CIRCULATED ON "THE STREET."

On account of the remarkable advance which has taken place in Dominion Cannery common all signs of a dividend were being circulated on "the street." The diverse nature of these rumors is attested by the following: The president of one of the individual canning concerns incorporated in the company, is stated to have said that there was no prospect for a dividend until late next year at the very earliest.

NEW HIGH RECORD ON SPANISH RIVER

Shares Have Almost Doubled in Value Since Their Listing—Anticipations of Dividends.

The spurt in Spanish River Pulp common yesterday saw the shares marked up to a new high record in their history. Closing at \$25.50, a gain of 2 1/2 points, the placing of the stock on a dividend basis in the near future, tho there has been no word from the company as to whether or not any such anticipations could be placed. It is accepted, however, that it will be only a matter of time until the company will commence distributing a portion of its profits to its shareholders.

STATE WINDS UP MANY "LAME DUCKS"

Thirteen Companies, Forced to Wall, Paid Less Than Four Millions Back.

ALBANY, Dec. 26.—During the fiscal year ending Sept. 30 last, Supt. Van Tuyl of the state banking department took possession of 13 corporations, under the law placing the liquidation of failed institutions with his department.

RAILROADS ARE BUYING EQUIPMENT

Both Union and Southern Pacific Made Increases Last Month.

The earnings of the Harriman railroads—Union and Southern Pacific—were made public yesterday. Fair increases were reported in each case. Union Pacific gross for November increased \$1,063,196 and net increased \$510,098. Net for July increased \$2,075,225, and gross increased \$3,867,787. Southern Pacific for November reports gross earnings increased \$694,595 and net increased \$306,874. From July 1 gross increased \$3,733,715 and net increased \$3,019,342.

DULLEST DAY OF YEAR IN NEW YORK MARKET

Chas. Head & Co. to J. E. Osborne: Business for the day the smallest for the year, with total of less than 100,000 shares. Closing was dull, tho steady and firm. The outlook would seem to favor buying on breaks for turns and after the first week in January with earlier money rates than anticipated we should have a fair advance in values.

CREDIT-FONCIER TO ISSUE HUGE LOAN

Hundred Million Dollar Offering of Bonds to Come Out Next Month—Lottery Privileges Attached.

A huge security offering, with lottery privilege attached, the first of any size to be made since last August, will be issued by the Credit Foncier, the leading bond and building loan company of Paris, France, on Jan. 2. The offering will consist of 500,000,000 francs (\$100,000,000), at 3 1/2 per cent. interest. The issue will be in bonds of 500 francs (\$100).

SOMETHING DOING IN DOM. CANNERS

Everybody Is Guessing as to What It Is—Divers Rumors Circulated on "The Street."

The public can take their choice of any or none of these. Meanwhile the action of the stock—and the ticker is generally a pretty fair prophet—certainly points to "something" in the early future, and everybody is guessing.

UNDER ARREST

Moulin Rouge Company to Appear in Montreal Police Court—Show Branded Immoral.

NEW YORK, Dec. 26.—Invading the Theatre Royal, High Constable St. Mars and two assistants this afternoon formally placed the manager and the entire Moulin Rouge Burlesque Company, now playing at the theatre, under arrest.

WOUNDED VICEROY IS SLOWLY RECOVERING

Lord Hardinge Will Be Unable to Resume Active Duties For Three Weeks.

LONDON, Dec. 26.—Civic bodies here will petition the legislature to require all candidates nominated at municipal elections to sign nomination papers, the practice of allowing anyone to nominate anybody has given rise to about ten times as many candidates being nominated as go to the polls. For the board of education, unless the man nominated withdraws his name, he goes on the ballot. This sometimes makes joke candidates.

HARRIMAN ROADS SHOW GOOD EARNINGS

Both Union and Southern Pacific Made Increases Last Month.

The earnings of the Harriman railroads—Union and Southern Pacific—were made public yesterday. Fair increases were reported in each case. Union Pacific gross for November increased \$1,063,196 and net increased \$510,098. Net for July increased \$2,075,225, and gross increased \$3,867,787. Southern Pacific for November reports gross earnings increased \$694,595 and net increased \$306,874. From July 1 gross increased \$3,733,715 and net increased \$3,019,342.

WETLAUFER MAKES A BIG SHIPMENT

COBALT, Dec. 26.—The Wetlaufer Lorran silver mines have shipped this week from Timiskaming, Que., three cars of ore, two of first-class, aggregating 70,000 pounds, and one of second-class, weighing 20,000 pounds. This brings the total shipments for the year from the Wetlaufer to 487,210 tons.

EASY MONEY MARKET NOT YET IN SIGHT

Montreal Brokers Are Therefore Not Unduly Enthusiastic—Exchange Is Still in Holiday Mood.

MONTREAL, Dec. 26.—Strength and activity of Dominion Cannery and Spanish River relieved the local stock market from dullness today, both issues rising to new high records on fairly large trading. The rest of the list suffered from the general apathy of the holiday season, accentuated by further indications that a loosening up in the money market is still some distance away.

DOMINION CANNERS AT NEW HIGH RECORD

At its high price yesterday the common stock of the Dominion Cannery Co. stood at a new record in its history, a full 10 1/2 points above the level at the beginning of the year. The detailed record of prices follows:

1911	High	Low
1912	75 1/2	65

The stock was listed in the Toronto Market on June 21, 1911.

INSIDERS BIDDING FOR PETERSON LAKE

That there is something doing in Peterson Lake would seem plainly indicated by the fact that the big interests in the company have made overtures to owners of large blocks of the shares to take over their holdings at a price above the present market valuation. The work understands that several offers of this nature have been turned down during the last few days.

REA MINE IS LEASED ON ROYALTY BASIS

Mining Engineer Gets Property For Five Years With Option of Renewal.

A circular has been issued to the shareholders of the Rea Consolidated Gold Mines, Limited, telling of leasing arrangements by which operations on the mine are to be resumed. The Rea has been leased to Mr. John Reddington, mining engineer, for five years, with an option of renewal for a further period.

BAILEY MINE SHIPS ANOTHER CAR OF ORE

The Bailey mine at Cobalt shipped a car of ore on Monday which ran better than 2000 ounces of silver to the ton, and will follow this up with a shipment of bullion in the next few days. The Bailey is rapidly looming up as one of the big things of the Cobalt camp.

WETLAUFER MAKES A BIG SHIPMENT

COBALT, Dec. 26.—The Wetlaufer Lorran silver mines have shipped this week from Timiskaming, Que., three cars of ore, two of first-class, aggregating 70,000 pounds, and one of second-class, weighing 20,000 pounds. This brings the total shipments for the year from the Wetlaufer to 487,210 tons.

TWO INVESTMENT STOCKS

Our honest conviction is that Peterson Lake will some day demonstrate itself as one of the big Cobalt propositions. We have advised the purchase of these shares, and especially did we do so, because they were selling around 150 a share.

In our opinion the stock should be bought even now by investors who are willing to wait results. Chambers-Fraser is another stock that should receive the attention of those who have money at their disposal.

SWASTIKA MILL TO START IN FEBRUARY

Superstructure Is Ready and Foundations For Plant Completed—Working at 400-Ft. Level.

COBALT, Dec. 26.—A portion of the machinery for the Swastika mill was shipped Dec. 8 and is expected to arrive in camp almost any day. The superstructure is completed and the foundations for wet stamps are already installed and waiting for the machinery. The initial battery will be five stamps and Deister-Reid tables, the deck of which was invented by Fraser Reid of Cobalt, will be part of the equipment.

PUBLIC INTEREST IS PLAINLY EVIDENT

Well-Merited Advance in Mining Stocks Attracts Attention.

With Peterson Lake, Nipissing and City of Cobalt quoted up to new high records for the year, and various others of the Cobalt stocks scoring sharp advances from their former levels, the character of the mining market was plainly apparent yesterday. It would seem that the public have become appraised of the merit of mining securities, and are just now learning that the supply available in the exchanges is so small that they must bid active orders in order to attract any material offerings. Similar comment might be made concerning Pearl Lake, one of the prime favorites in the Porcupine list, which is fast setting up higher levels on its own merit. This company will be numbered among the producing mines of Porcupine in the near future.

PUMPS REMOVED FROM JUPITER PROPERTY

The Jupiter mine in Porcupine is closed down and the pumps have been removed from the shaft, thus allowing water to enter the workings. The property will be abandoned for the time being, and will be reopened probably in April, when it is expected power will be secured from the report published in this issue. The report published in this issue, and will follow this up with a shipment of bullion in the next few days. The Bailey is rapidly looming up as one of the big things of the Cobalt camp.

National Trust Company Limited

DIVIDEND NOTICE

Notice is hereby given that a dividend for the three months ending 31st December, 1912, at the rate of

TEN PER CENT. PER ANNUM

has been declared upon the Capital Stock of the Company, and that the same will be payable on and after the 21st January next. The transfer books will be closed from the 2nd to the 31st December, both days inclusive.

By order of the Board,
W. E. BUNDLE, General Manager.
Toronto, December 4th, 1912. 51t

WHEAT HIGHER ON WEATHER REPORTS

Half-Point Advance at Chicago Attributable to Prevailing Dryness in the Southwest.

CHICAGO, Dec. 26.—Dry weather in the southwest was influential in advancing the wheat market today, particularly the July delivery, which closed 1-2c to 5-8c net. Corn closed a shade higher to 1-3c net. Down and oats unchanged to 1-4c depressed. Provisions advanced slightly in price.

Buyers of the southwest, thru brokers, declared that their wheat fields are bare of covering, and that unless there is a blanket of snow soon January bids fail to develop. Damage to the germinating crop. The effect of this news was felt mostly by the July option, which was purchased liberally. May sold rather freely, presumably against cargoes of wheat that will be brought for spring shipping to Chicago and south, and against Minneapolis and South Dakota sales of cash wheat to arrive by "Letter sales" on a basis of 1 1/2-2c below the price of May in this market.

Base Factors Ignored.
European Paris foreign markets were closed, but a well-known English authority called the statement that North America holds the key to the shipping situation. The trade mostly ignored such "beastly news" as the heavy primary receipts and the final government report showing that Kansas raised 32,000,000 bushels of wheat this year against 51,600,000 bushels in 1911.

With favorable weather soon ruled in the trade in oats was uneventful except for small sales by December long to cash houses. The tone was barely steady.

The provisions market was stagnant and fluctuations very narrow.

Northwest Receipts.
Receipts of wheat at northwest points with usual comparisons, follow:

Year	1912	1911	1910
Chicago	23 38 98	24 7 9	24 7 9
Minneapolis	883 513 133	1033 600 327	

Holiday in Europe.
The European wheat market closed all day yesterday over the holiday.

Primarys.
Receipts: Yesterday, 417,000; 1912, 417,000; 1911, 417,000; 1910, 417,000.

Export.
Shipments: Yesterday, 417,000; 1912, 417,000; 1911, 417,000; 1910, 417,000.

All leather footwear has advanced twenty-five per cent. Don't miss this chance to secure the very finest boots made, at the very lowest prices.

"Victors" at \$5.00

In this grade we show the true aristocrats of the shoe world; made of the finest leathers on exclusive and dignified lasts, they are worn by that class of men who insist on having only the best that money can buy. This is just part of the story. Come in and let the shoes themselves tell you the rest.

You'll find your particular style and size here. **\$5.00**
