TREATY MAY BE THROWN INTO POLITICAL ARENA IN NEXT YEAR'S CAMPAIGN

Senator Lodge Makes Significant Utterance, and States That There Can Be No Compromise on Reservations Submitted—No Indication of Wilson's Intentions.

Washington, Nov. 21.—Compromise efforts to ratify the peace treaty were thrown into the background today by developments strengthening the possibility that the whole controversy might be transferred to the political arena for a decision by the people in 1920.

Senator Lodge, chairman of the foreign relations committee, and Republican leader of the senate, declared in a statement that there was "no room for further compromise," and urged that the reservations of the senate majority be carried into the campaign.

There was no formal expression as to whether a like stand would be taken ultimately by President Wilson and the administration senators, but it developed that the president's senate supporters had no doubt as to the subject for compromise by resolution of the senate in the new session of congress begins Dec. 1.

The declaration of Senator Lodge reversed the position of most of the Republican senators had taken toward injection of the treaty into political campaigns in congressional and official circles as clothed with an added significance by Mr. Lodge's conference with Will H. Hays, the Republican national chairman, just before the unsuccessful flight Wednesday for ratification with the majority reservations included.

Senator Lodge's Statement.
The statement follows:
"I have no especial comment to make. The case is very simple. After four months of earnest consideration and discussion of the reservations presented to the senate. They were purely American in their character, designed solely to Americanize the treaty and make it safe for the United States."

"Under the president's orders the follower of the administration in the senate voted against these reservations. It was also shown by a vote that there was a decisive majority against the treaty with the reservations.

"These reservations as presented to the senate will stand. There is no room for further compromise between the American and the super-government presented by the league. All I ask now is that we may have the opportunity to take these reservations before the American people. To that end final ratification alone would appear."

"I wish to carry these reservations into the campaign. I wish the American people to read and study them. They are simple. I do not see that there is one of them to which any American can object. I want the people to understand them and think of them in every household, on every farm, in every shop and factory throughout the land. Then let them decide."

ORDERS-IN-COUNCIL SOON INEFFECTIVE

Expect War-Time Regulations to Cease With Proclamation of Peace.

Special to The Toronto World.
Ottawa, Nov. 21.—No definite policy has yet been adopted by the government regarding the continuance in effect of orders-in-council after the proclamation of peace in December with Germany and Austria. It is quite probable that the treaty with Bulgaria will be signed in time to include in it this proclamation of peace in Turkey as an enemy belligerent country.

Owing to the doubt existing as to the state of Turkey in Europe, and the boundaries of what is to be included there may be considerable delay in consummating peace with that country. It is not believed that the allies desire to retain in effect war-time restrictions for such an indefinite period as reconstructing the Turkish empire will require, and that immediate steps will be taken to remove all restrictions except those dealing directly with this only remaining belligerent power. The United States was expected to play an important part in the disposition of Turkey, and as a mandatory power for some of the present subject races in Turkey.

There was hope that the Bosphorus would be internationalized under the direction and supervision of the United States. The action of the United States senate in refusing ratification of the peace treaty has upset the allied power intention toward Turkey, and they must accept some new policy.

Waiting for Boen.
In Canada the sentiment is convinced there is a general desire for the removal of all war restrictions. Immediately on the return of Sir Robert Borden the cabinet will consider this question, and there will be considerable disappointment if the orders-in-council, still in effect, are not cancelled immediately after the proclamation of peace with Germany and Austria. This will remove all trade restrictions and temperance legislation which was adopted in the several provinces.

ITALIAN ELECTIONS.
Rome, Nov. 21.—Final results of Sunday's elections show the Socialists elected 156 of their candidates, the Catholics 161, the Liberals 161, the reformist Socialists 16, Democrats 23, Republicans 9, discharged soldiers 23, and miscellaneous 8.

U. S. WARSHIPS IN TORONTO HARBOR

Two United States submarine chasers are docked at the foot of Cherry street in Toronto harbor, where they are being supplied with fuel oil. Both ships fly American flags, fore and aft. They are of the type built by Henry Ford to cope with German submarines in war days.

U. S. LIFTS EMBARGO ON WHEAT AND FLOUR

Canadian Products May Now Enter American Markets Free of Duty.

New York, N. Y., Nov. 21.—Embargoes on wheat and wheat flour will be lifted December 15, it was announced by the United States grain corporation today.

Lifting the embargo on both exports and imports followed the action of President Wilson in Washington today in signing a proclamation completely removing the embargo control which has been in effect for more than two years.

Control over embargoes first was exercised by the war trade board to protect the interests of the United States in the necessary construction of trade facilities broken by the war which must function when the grain corporation terminates its three-year charter. The lifting of the embargo will also disorganize international finance and probably prevent free trading between the United States and various countries for some time. It is expected that, step by step, international trade may be rebuilt in the usual channels. Until this is fully accomplished the grain corporation will continue to sell from its stocks of wheat and wheat flour. The military blockade that is not supplied under private business initiative.

This release of embargo also permits Canada to export wheat flour to enter American markets free of duty under regulations of the customs service. It is expected that the United States supply of spring wheat flour, which are favored in the baking trade, and which because of the partial crop failure in the northwest this year have been relatively in light supply.

MINERS AND OPERATORS BOTH REJECT PROPOSALS OFFERED BY EACH SIDE

Secretary of Labor Wilson Said to Have Formulated Definite Proposal—Suggests a Thirty Per Cent. Increase—Slate is Now Clean.

Washington, Nov. 21.—Secretary of Labor Wilson stepped to the front again tonight in an effort to bring miners and operators together after a week of bitter fighting between the two sides. Wilson is said to have formulated a definite proposal for settlement of wage disputes which would send numerous miners back to work before the winter sets in.

Wilson's proposal is in the form of a "slate" which is now clean. It is a 30 per cent. increase in wages, a 30 per cent. increase in the cost of living, and a 30 per cent. increase in the cost of living. The slate is now clean.

Both sides united in asking him to join the joint sub-committee. The miners and operators had definitely rejected a 20 per cent. wage advance, and the operators had finally refused to agree to a 30 per cent. increase in the cost of living, and a 30 per cent. increase in the cost of living. The slate is now clean.

Secretary Wilson said that progress had been made in the settlement of the coal strike. He said that the sub-committee had agreed to meet tomorrow afternoon.

PRINCE RECEIVES 'YOUNG NEW YORK' ON HIS WARSHIP

Thousand School Children Throng Renown—Flowers for Their Host.

New York, Nov. 21.—The Prince of Wales laid a wreath on the grave of Theodore Roosevelt today, and later presided over a function which would have had a particular appeal to the former president for one entire afternoon the young British heir was in the city of New York.

The prince's own request, the children were set free to wander at will over the great warship, and no restrictions were placed upon them. The prince's own request, the children were set free to wander at will over the great warship, and no restrictions were placed upon them.

The prince had wished to visit Roosevelt's grave at Oyster Bay, accompanied only by his immediate personal staff, but it would have been impossible to avoid the enthusiastic crowds which have sprung up as he has appeared in New York. When he arrived at the little cemetery on the bay-side, the rows in every direction were blocked with automobiles, and many hundreds of pedestrians had thronged to the spot from the surrounding villages. Some of the thoughtlessness started to cheer as the prince left the cemetery, but the cheer was quickly suppressed.

The scene on board the warship in the afternoon was one of the most picturesque that has attended the prince's visit to America. The children were set free to wander at will over the great warship, and no restrictions were placed upon them.

ARRANGE SPENDING OF SOLDIERS' GRANT

To Name Cabinet Sub-Committee During Coming Week.

Ottawa, Nov. 21.—It is learned that a cabinet sub-committee will be named to work out the details of the plan for the administration of the forty million dollars voted by parliament on the recommendation of the special committee that inquired into re-employment problems to provide necessary relief for returned men during the winter months. The sub-committee will probably be constituted next week, and its personnel is certain to include Hon. J. A. C. Carter, who was chairman of the special parliamentary committee; Sir James Lougheed, minister of finance; and Major-General McWaters, minister of militia, and Sir Henry Drayton, minister of agriculture.

DRURY SPEAKS OUT AGAINST OLD POLICY OF PARTISAN LEADERS

A "Ring of Death" By I. W. W. Agitators

New York, Nov. 21.—The Morning Tribune publishes the following:
"Federal and police officials announced yesterday that they had discovered a plot by agitators of the I. W. W. and the union of Russian workers of the United States and Canada secretly to arm a body of 'red guards' in New York with a view to starting an open revolt against the prosecution of Bolshevik communists whose duty it was said that evidence had been obtained that a fund of \$68,000 had been raised with a view to purchasing arms."

"Five extreme radicals, whose names are known, according to officials, were appointed to act as a 'ring of death' whose duty it would be to assassinate persons active in the running down and prosecution of anarchists."

"The members of the union of Russian workers disclosed the plans when they made it known that they believed their arrest was due to knowledge of the 'death plot.' The men deny that they were members of the 'ring of death.'"

The election cry of 1911, "No truck nor trade with the Yanks," was a wicked and a false cry. I am a Canadian and the Canadian; but it is part of my religion that these two countries, lying side by side, having the same language, ideals and religion should live as brothers. The man who launches that cry divides the people into two camps—the Yanks and the insidious things in our history since the party politics; that was a selfish part—our purpose to be the most dangerous passions, but the human heart—nationalistic spirit that has bathed the world in blood.

A crowded meeting of the M. C. Church of the Timothy Eaton Memorial Church, which Premier Drury took place this statement last evening, rose and cheered him without restraint.

The premier announced his speech at the outset to be a short history of the farmers' movement in Ontario; but he digressed and made it instead a contrast of the political insincerities of party government, with the will to serve the whole community that dominates thru the Farmers' representatives in the legislature. A content experiment in government by a people's party.

The other political insincerities of party rule in Canada, he declared to be the National Policy, and the construction of the National Transcontinental Railway.

"I was born," he said, "in the same year as the National Policy, and we took what the Scotch call a scunner to each other. We do not know each other. The National Transcontinental Railway was another of the political insincerities. Another was the cry that Laurier in 1911, which a Conservative described after the election as one of the best ideas ever struck in Canada since old Sir John died—the cry 'No truck nor trade with the Yanks.'"

Premier Drury frequently bantered the newspaper representatives that he was perhaps talking too much, but he had his audience's sympathy with him from first to last, and they applauded loudly when he said that the people had no natural liking for politics when the farmers called him as their leader he would have been a coward if he had not set his shoulder to the wheel to do his best for the people's party.

"We will make mistakes. We are trying out an experiment in government, and we must make mistakes; but at least we will sincerely do our best. (Applause.)"

Dr. Root, president of the club, presided, and before Hon. Mr. Drury's arrival several of the up-to-date avocates sang and choruses were sung. There may have been a hint in one of them:

"By'n hard times comes a knocking at the door,
Then my old Kentucky home, good night."

U.F.O. History.
Premier Drury said the farmers' movement had its origin in hard times on the farms of Ontario. He told of the organization of the U.F.O., showing in the attendance at the little Methodist churches and in the schoolhouses. It was not depopulation resulting from race suicide, but conditions that drove the people to the towns and the cities and from lack of marriages.

"I am glad," he said, "to be here tonight in the familiar atmosphere of a Methodist Church, for it is not the little Methodist Church that I would make the text of my address, but the farmers' movement began in the cause that depleted the little country church and the rural school. Schools in which, thirty years ago, there used to be eighty or ninety pupils, fell to ten, twelve, fifteen or twenty, and churches in which the pews held 200 or 400, fell off in like proportion."

Rural depopulation has a cause to the economic system. The farmer who has a mortgage on the land and must not be driven from his farm. These are the conditions that drive the people to the towns and the cities and from lack of marriages.

"Soldier" and "sailor" includes both male and female persons who served in the Canadian Expeditionary Force, or the naval or military forces of his majesty or any of his allies.

In the case of members of the Canadian naval and military forces, the crosses will be issued automatically to the widows and mothers and in the case of deceased members of any of the allied forces, applications must be made, and the applications must be accompanied by certificates, proving the death of the soldier, his service, and the eligibility of the applicant.

The directorate of military estates will supply the last known address in the case of members of the Canadian forces, but where there has been a change of address, of which the directorate was not notified, relative entitled to the cross should make their applications, giving present address, with full particulars as to eligibility.

This All Weather Ford Top is Priced at \$96.50

It is Made for Touring Models of 1915 to 1920, It is Strong, Yet Light and Neat

The deck is of No. 4 ash and poplar, ribbed crosswise, curved and slatted endwise. The slats being counter-sunk, all joints and laps are glued, screwed and nailed. The roof covering is in one piece, and of double texture two-ply sail duck, with rubber between. No seams to tear, rot or leak. The exposed side is heavy rubber-coated and grained, semi-bright finish.

Back Curtain is made of same material as roof, reinforced with blind tacking strip on the inside, lower edge to fasten to rail of body, neat pyralin light, oval shape at back.

Door Curtains have large pyralin light. Each door curtain mounted on spring roller hung on inside of top. Curtain travels in grooves, making a weather-tight enclosure, and clever device holds curtain down snugly.

Front Corner Posts are of heavy-gauge sheet steel. They hold the curtains tightly in place and prevent rattle and leakage. Finished in a black.

Centre Posts are for touring cars only, and are not used with the roadster top. They can be detached instantly and placed under back seat if you wish to drive with the car open.

Glass Side Panels. The frames of the side panels are made of seasoned white ash, polished a rich black. The glass is double strength, set in tough, closely-woven felt cushions, to prevent rattle and breakage.

The outfit includes all the necessary irons, bolts, screws, hammer, wrench and screwdriver to fit 1915 to 1920 (inclusive) Ford touring models, without alteration.

\$96.50 is a small outlay for the touring type of top, compared with great amount of comfort derived from such an article.

Tops for roadsters are priced at \$73.50.

The Goodrich Yale Lock Switch at \$2.95

Is One of the Big Values

It is installed by simply removing the brass plate that covers the regular Ford ignition switch and putting it on in its place.

The same turn of the key that locks it also covers the screw heads with concealed metal shutters.

The lock is Yale, with two keys, and proves a positive safeguard against theft. Note the price, **\$2.95**.

\$6.50 Buys a Channel Bar Bumper for a Ford or Chevrolet

It is Nickel-Plated and Has Black Finished Arms

MINISTRY FAVORS LIVE STOCK ARENA

Winter Fair Executive Promises Co-operation With New Government.

A deputation of the executive of the Ontario Winter Fair Association, headed by the president, John Platt, Hamilton, waited upon Hon. Manning Doherty, minister of agriculture, yesterday.

Mr. Platt expressed his felicitations to Mr. Doherty on his appointment, and promised every co-operation with him for the advancement of agriculture.

Mr. Doherty voiced his appreciation, and said it was only by such co-operation that anything could be accomplished for agriculture and the province in general.

The members of the fair executive held a meeting in the parliament buildings to discuss plans in connection with the stock show to be held at Guelph next month, for which the prospects are reported to be very encouraging.

OPINIONS DIFFERED

That a mere difference of opinion in respect to their work was the indirect cause of the death of Joseph Caramandi, who was fatally injured on Nov. 13, when struck over the head with the sharp edge of a shovel by Joseph Genero, was indicated by the evidence of witnesses at the inquest last night.

The two men, both of whom were Italians, were engaged with a construction gang at the rear of 103 East Queen street, when the brutal assault was made upon Caramandi, his assailant making good his escape. He has not been apprehended by the police.

The inquest was adjourned a week to secure the evidence of another workman who witnessed the assault.

CHANGE OF TRAFFIC

Deputy Chief Dickson announced yesterday afternoon that in order to avoid nightly congestion of rush-hour traffic, a new scheme will be tried on next Monday. Church street and northbound traffic will proceed east and west along Charles street.

COMMERCE BOARD FIXES PROFITS

Retail Clothiers Limited to Percentages Made on Sales.

Yesterday Major Duncan, local representative of the board of commerce, issued an order regulating the gross profits to be made on men's ready-made and semi-ready suits and overcoats.

Whereas it has become necessary to ensure the securing of either of the said commodities at fair prices by persons of moderate means, and the organized retail clothiers and other retail clothiers of the city of Toronto have agreed to the terms of this order, the board orders that on and after Dec. 15 "when the cost of the commodity to the vendor is \$25 or under he may mark, offer or sell at a gross profit or margin not greater than 25 per cent."

After March 15, next the dividing mark is to be \$30 instead of \$25. "For the purpose of this order," the board announces, "and for the calculation of the percentage of gross profit or margin on sale, the cost price of the article shall mean the invoice price plus duty, exchange and freight actually paid and less all discounts allowed or obtainable."

Must Show Cause. All vendors of the same commodities within Canada, but excluding Toronto, are given until Jan. 1 to show cause why the order should not apply to them.

They are to submit complete annual balance sheets of business for each of the years 1912 and following; a statement of assets and liabilities and of profit and loss and trading accounts for each of the said years, and an itemized statement as of Nov. 30 of stock on hand of men's ready-made suits and overcoats.

The order deals only with distribution. The question of the manufacture of cloth and clothing is still under investigation.

T. W. Williams of Los Angeles, California, will speak at the Allen Theatre Sunday night. Subject: "Lord, Speak Again!"

MORE U. S. CHASERS ARRIVE

Four more American submarine chasers arrived in Toronto harbor, making eight in all now anchored in the bay. Two are anchored at the Police Iron Works docks and the others off the American Oil Company's docks at the foot of Cherry street.

LIQUOR PROFITS EXCEED COOPER'S

Changed From Barrel-Making to Whiskey Selling, Say Police.

Two hundred and ninety-four bottles of Scotch whiskey were seized yesterday by Detectives Crowe and Hess, who also arrested Arthur Carter Winch and George Haggarty on charges of committing a breach of the temperance act.

Police headquarters received a message from the G.T.R. express to the effect that seven cases had been stolen from the freight sheds. Crowe and Hess located Arthur Amos, Yorkville avenue, the expressman who delivered the cases. He said he had been instructed to do so by Haggarty.

When examined by Inspector Guthrie Amos said Winch would drive in a motor car ahead of his truck directing the driver to deliver the whiskey to Haggarty.

Haggarty told the police he was a cooper before entering the liquor business. Making barrels did not prove as big a turnover as handling whiskey.

Inspector McKinney stated last night that he had not yet decided whether action would be taken against the retailers of the whiskey.

Ancient Order United Workmen Hold Concert at Massey Hall

More than 1,000 people attended the annual concert and rally of the Toronto district, Ancient Order United Workmen in Massey Hall last night.

ASSOCIATED BOARDS END CONVENTION

Resolution Passed for Canadianization Policy to Educate Foreigners.

After a session lasting for two days, during which time many valuable resolutions were discussed and passed, the Ontario Associated Boards of Trade and Chambers of Commerce concluded their annual convention at the city hall yesterday.

The report of the nominating committee accepted in its entirety and is practically the same as last year's, with the exception of a number of additional names to the executive board.

The new officers are as follows: Officers Elected. Honorary presidents, Dr. H. T. Reason, London; Lieut.-Col. W. N. Ponton, K.C., Belleville; A. J. Hewitt, North Bay; R. Home Smith, Toronto; president, William Taylor, Owen Sound; first vice-president, Hewitt, Toronto; second vice-president, John Elliott, Belleville; third vice-president, William Anderson, Chatham; secretary, F. G. Morley, Toronto; executive, John Bingham, Ottawa; Lieut.-Col. H. Brock, Toronto; M. P. Byrnes, Collingwood; A. E. Carscallen, Wallaceburg; W. M. Cockshutt, M.P., Brantford; George C. Copley, Hamilton; K. J. Dunstan, Toronto; J. G. Elliott, Kingston; John Goodwin, Welland; T. J. Hannigan, Guelph; John G. Henry, Sudbury; John A. Hussey, Sault Ste. Marie; G. C. Martin, Hamilton; G. F. McKinnis, Smith's Falls; A. T. H. Taylor, Cochrane.

One of the first resolutions to come before the convention was the one advocating the appointment of a royal commission to study the tariff. Discussion was left over on this resolution and a substitute resolution was offered, which urged the government to make a careful study of existing conditions, giving particular attention to the claims of organized industrial, agricultural and business associations.

Mr. Dunstan advocated the appointment of a permanent board of experts on the matter, such board to be entirely divorced from politics. The resolution finally passed with the recommendation for a permanent board attached.

Delegate Smith of Sudbury introduced a resolution which carried unanimously, calling on the Canadian government to establish nickel coinage as is in use in fifty-four other countries throughout the world.

In sponsoring his resolution Mr. Smith advanced 85 per cent of the world's nickel supply, and that silver had produced to such an extent that it might be profitable to melt the silver at present being used in coinage into bullion. The nickel could be used in all nickel coin for the smaller denomination coins.

Canadianization Policy. A resolution put forward by Toronto's board of trade calling on the provincial government to adopt a Canadianization policy and for the education of foreigners in English and the principles of British citizenship was moved by Delegate W. H. Alderson.

The resolution favored the establishment of a bureau of Canadianization to support the convention to support it in its various districts. Mr. Alderson made a very telling speech in addressing the convention on the resolution and called for effective measures on the government's part to combat the spread of Bolshevism. He told of places even in Toronto, where radical meetings were being carried on Sunday after Sunday, and urged that measures also be taken to combat filletery, which was specially prevalent in Canada's foreign citizens.

Fairer Basis of Taxes. The convention had some hot argument for a while on the Toronto board of trade's resolution to secure a fairer basis of taxation as a substitute for the present business tax. Hugh Blain declared that the business men were not in return for their tax and assistance in building on a tonnage basis was defeated. A resolution by the Kitchener board which requested a comprehensive campaign of education among the workers for increased production passed.

PLAN SUBDIVIDING

Fifty-Three Acres of Land North of Danforth Ready to Be Broken Into Lots.

The councils of Toronto and York township will be asked in a few days to approve of plans for a subdivision of 53 acres of land on the north side of Danforth avenue between the Harris property and Woodbine avenue, which has been laid out in building lots. This land is the property of the Anglo-Canadian syndicate and is part of the clergy reserves. It was farmed for a great many years, but during the last dozen years this acreage has lain practically unused.

Houses Sold. The property at 18 East Esplanade has been sold by Mrs. Elizabeth Burns to the Lake Simcoe Ice and Cold Storage Company for \$20,000. This property formerly belonged to the Knickerbocker Ice Company, of which the late William Burns was proprietor.

The property at 17 Wellesley street has been sold by the Imperial Bank of Canada to Alice M. Brown for \$14,250. The lot has a frontage of 48 feet 6 inches by a depth of 155 feet.

TORONTO POSSESSES LARGEST CAMERA

C. W. Perry Explains Three-Color Photography to Electric Club.

C. W. Perry instructed the Electric Club at luncheon yesterday on the mysteries of three-color photography as applied to the reproduction of color paintings by electric light. The processes had formerly been secret, and a workman going into a dark room would not know what his mates were doing, while he himself kept his own proceedings private.

Electricity was now used in reproduction work, for the sunlight could be used, it required such a tremendously long exposure, the expeditious electric process was preferred. The color re-

production work was very popular, one firm having spent \$50,000 in reproducing dresses in a \$20,000 catalog.

In 1900 the ultra-violet rays in the lamps used were too weak to get detail which had to be added by hand, but now a lamp of 10,000 candle power was available. Mr. Perry also showed a device for photographing a large surface, upon which twelve 1000-watt lamps were distributed. The largest camera in the world is used in Toronto, and a prism is used to reverse the image for the lens. The plates have to be developed in absolute darkness and the processes regulated by the clock. Quadra-color as well as tricolor work is now being done.

Dr. Carr, in introducing the speaker, said that he hoped by this means to introduce the art galleries of the old world to the humblest homes of the new.

CLOT CAUSED DEATH

Millicent Collier, aged 19, of 210 Vaughan road, died in the General Hospital Thursday night from a clot formed on the brain. She was taken ill at 11 o'clock and rushed to the hospital and died two hours later. It is likely an inquest will be held.

Up On Your Toes

What a thing it is to be fit! To be not merely free from actual sickness, but to be well, absolutely well—and to have the mental vim, stamina, vigor, which go with physical well-being.

But you can't be fit if constipation is constantly breeding poisons, which are taken into the blood and undermine the whole system.

The modern treatment for constipation is Nujol.

The action of Nujol is entirely different from that of castor oil, pills, salts, etc. Nujol is pleasant to take and does not force and weaken the system, nor impair digestion.

Nujol prevents constipation because it softens the food waste and encourages the intestinal muscles to act naturally. It thus removes the cause of constipation and self-poisoning.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger"—free, address Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark as shown here. Beware of products represented to be "the same as Nujol". You may suffer from substitutes.

Santa Claus Started it All!

When He Whistled "Come On" With His Jolly Old Horn All the Toys Came Trooping Into Murray-Kay's

AND GOOD LITTLE BOYS AND GIRLS CAN SEE THEM ALL HERE TODAY

YOU can see them all running in the picture—the fat black pig, the little brown bear, the elephant and the monkey. Sonny Boy fell down stairs, he ran so fast. The pompous little Soldier Boy is driving the ducks. The camel is all out of breath hurrying. The little Dutch Boy is dancing a jig.

See Br'er Rabbit with his funny cotton tail up there in the corner? Right below him is Jack Tar. Tom Twist is turning somersaults on his little cart—

tinkle-tinkle! he goes every time he strikes his bell—and the donkey has turned around in surprise. Right after him comes the little black bear, his chain trailing after him. Pierrot is running, too.

The Cowboy is trying to catch the camel with his lasso, but the camel only laughs at him. The spotted dog is barking at the Baby Tank. The little fellow with the hoe has his hat jammed down so far over his eyes that he can't see he

is going the wrong way! We think he and the Clown will run right into each other. See the Big Tank with its guns? Tiny Tim is behind it. When he heard Santa whistle he was in bed and he jumped right out in his pyjamas with his hair all tumbled. And last of all comes the Red Cross wagon, to look after any of the toys that might get hurt. Kewpie is driving it.

My, but it's a jolly procession! Don't you want to come to Murray-Kay's to see them all?

SATURDAY MORNING, NOV. 22.

The Four-Dollar Pound.

A good deal is being said in the United States these days in disparagement of the credit of Great Britain, and the four dollar pound of the British Islands has not escaped the sneers of some American financiers. Britain, it seems, is going to be able to worry along with her four dollar pound in a surprisingly satisfactory fashion.

In the first place the drop in the rate makes it impossible for the United States to sell anything in Britain, while Britain with prices twenty per cent. under normal is getting more business than she appears to be able to handle. This is not how it was expected to turn out, but financial matters have a peculiar way of working out to the advantage of Britain.

The war has made a great difference to this class also, as to income and certain other prospects. Mr. Doherty must be on guard against schemes of immigration made in London by Londoners, and pressed upon Canadian officials by well-meaning but narrowly-experienced imperialists, who think it very important to preserve the old Tory tradition, and to export as much of it as we can be induced to take.

Church Co-operation.

A movement is on foot for co-operation among the Anglican, Presbyterian, Methodist, Baptist and Congregational Churches. It has been described as an inter-church forward movement, and it aims at increased membership, increased zeal, and increased financial resources. It is to take active shape in Toronto on Monday and Tuesday next in Massey Hall.

Church Co-operation.

There ought to be common grounds of agreement on the fundamentals of Christianity upon which the churches mentioned could meet and carry on the work in which the world at large conceives them to have a common interest. If they cannot agree about the Lord's prayer, the apostles' creed, and the ten commandments, or even the two commandments of the New Testament it would appear that the churches have not gone very far in 2,000 years.

As a mere worldly-wise business proposal, co-operation, agreement on zones of influence, exchange of assistance on frontier lines, and a general benevolent neutrality ought to commend itself, and the spirit of love that breathes in all things heavenly, all things, and seeketh not her own should be able to harmonize the common efforts.

Mr. Doherty, Watch Out!

This morning, Mr. Doherty, minister of agriculture, is to confer with a representative of the federal immigration department on the prospects of reviving British immigration to this province. Mr. Doherty is being urged to accept the idea of General Sims, the province's representative in London, that special facilities be given the "new poor" of England—they being people with moderate, fixed incomes, which the high cost of living in England has practically cut in two. These "new poor," it is said, are the most desirable of all immigrants to Ontario, because they have some capital and are a good class of people. Mr. Doherty will be well advised to inquire deeply into the wisdom of the Sims plan. He will learn that the problem of the British immigrant, like the operation of the Toronto civic auditor, is very much farther reaching than it seems to the searcher for swift solutions of complex questions.

home" as wretchedly derogatory to their dignity. They were prepared to go to "the colonies" as a last resort, but with their fundamental ideas about the unsuitability of labor unchanged.

Canada is littered with farms forsaken by excellent but unadaptable old countrymen, whose personal suffering was only equalled by the burden of their complaints to their neighbors about the fearful country which was so very different from what they had been accustomed to "at home." To them, Canada was a country in which, as a long ago aide-de-camp to a governor-general pathetically remarked:

"You are up to the ears with dust in summer and up to the middle with snow in winter."

The truth is that any family with some money, the members of which are potentially successful agriculturists, can find many opportunities for successful farming in the United Kingdom. All over the country, big estates are being sold to actual farmers, at prices which would make a Niagara peninsula fur farmer extremely disdainful. Prices of produce are high, and methods of more intensive cultivation now being adopted enable the land to carry a larger population than used to be customary.

As a general principle, the "new poor" who would come to Ontario to farm because they don't like to stay in England to work, will be slow to make good in Ontario. The best immigration must be sought in other walks of English life.

We need the right kind of people more than we need their fixed incomes. In a special report on British immigration to Canada, which was made to the minister of the interior before the war, Mr. Doherty will find something about what may be called the cottage gardener class, and the men who have long been attached to the soil, but who could not come to Canada for the very reason that made them most desirable to Canada. The men who received low wages on the land, and who bred a large family, and who won prizes in the cottage gardeners' shows, could not save the money to emigrate himself, his wife and his children.

Special to The Toronto World. Guelph, Ont., Nov. 21.—The most successful and enthusiastic convention yet held by the Ontario provincial W.C.T.U. came to a close this afternoon. The convention made preparations for the next Dominion referendum, which, it was stated, will be held next year.

Warn About Ontario

Smallpox outbreak in this Province arouses United States Authorities.

Buffalo, Nov. 21.—A serious outbreak of smallpox prevails in Ontario, Health Commissioner Fronczak expresses his concern today, and states and local health authorities have asked the United States surgeon-general to enforce a stringent regulation of all persons entering Ontario from the chief health office has been sent to Toronto to investigate.

Ready for Politics

Veterans of Greater Winnipeg Decide to Contest in Federal and Municipal Ridings.

Winnipeg, Nov. 21.—Composed of all returned soldiers' organizations in Greater Winnipeg, a gathering of over 4,000 veterans decided last night to amend the constitution of the several veterans' associations, and to be ready at any moment to enter the political field, either in municipal, provincial or federal affairs.

Major G. W. Andrews, M.P., first addressed the gathering on the gratuity question and his attitude during the recent session of the federal house. The burden of his address was that it was wise for him to withdraw his now famous gratuity amendment and thus give the matter more time to talk over with the members of the government before the government meets in February, also it prevented the G.W.V.A. from getting a black eye, the government from being "whitewashed," and the wily politicians from seeing the matter was not made a dead issue.

Say It Comes Next Year—Welcome U.F.O. Labor Party to Power.

There seems to be some excitement about the city because of a story which appeared in one of the papers to the effect that there was a wave of crime passing over this city. In the first place it might be quite reasonable to think that the citizens would be well pleased that it was "passing over" and therefore that there would not be any likelihood of its staying forever. Also, they might be glad that there was some crime to talk about.

U.S. CONGRESSMAN SCORES SENATORS

HON. T. A. CRAWFORD SAYS TARIFF ONE OF NATION'S GREATEST EVILS

Moose Jaw, Sask., Nov. 21.—The tariff, besides being economically and morally wrong, was one of the greatest evils in the life of the Dominion, declared Hon. T. A. Crawford, leader of the new national party, in his address here last night. He asserted that the tariff, in addition, was responsible for corruption in the political life of the Dominion, as it was the source from which the campaign funds of the old parties were derived.

Canada Makes Big Effort To Remove Embargo on Cattle

Ottawa, Nov. 21.—It was officially announced today by the department of agriculture that the Dominion government is making special efforts to have the imperial authorities reconsider its recent announcement made by the president of the board of agriculture that it would be inadvisable to remove the present embargo on the importation of Canadian store cattle into Great Britain. The government proposes to make an effort to bring the whole situation in regard to the embargo on Canadian cattle to the attention of the government and the people of the mother country.

MOONLIGHT AND MONEY BY MARION RUBINCAM

FACING RUIN. CHAPTER 42. Carol's wedding took place, and for a few weeks she, too, disappeared. But the weeks immediately following were busy and rather happy ones for Louise. Having bought herself a pretty dress and a coat she was not ashamed of, she recklessly accepted all the invitations that came her way, and for a time she and Harry dined and danced and went on theatre parties, met new people and renewed their friendships with old ones. And as Harry ceased brooding for a lot of good, she was free to do as she had little time for it. She even forgave her mother her lack of sympathy when she compassed her dear secret, and on Sunday evenings was spent at the Dicoms', with the always-silent father at one end of the table, the mother, cold, but with her hand on Harry's, and Harry and Louise at each side, smiling at each other as happily as in the old days of their engagement. Louise's face filled out a bit too, and her cheeks took on their old delicate pink hue; her eyes were bright and her brown hair shined with its old-time lustre. A flash of whimsical humor came now and then, and Harry was in the very heights of happiness. It started as a charming day, too, clear and cold, with a sweet taste to the air as if it were about to snow. Mrs. Shaftsbury had asked the Mortons to dine with her informally that evening, and Louise conquered her unreasonable distaste and accepted the invitation. At five she dropped into the architect's office where Harry was employed and sat quietly in his room waiting for him to finish. "I haven't any magnifying glass to give you to read and I shan't be thru for half an hour," Harry smiled. "You'll have a dull time waiting."

WILL PROSECUTE FRENCH BAKERS

Face Charge, Under Combined Act, of Fixing Prices in Montreal.

Montreal, Nov. 21.—A criminal charge under the combined act will be laid against the French bakers of Montreal, Commissioner O'Connor of the board of commerce announced today at a hearing of this body. Col. Lefebvre, the board's representative in Montreal, reported that all the bakers charged 13 1/2¢ for a pound loaf, indicating that the price had been fixed.

Fight O'Dowd Shades Mike Gibbons

MIKE O'DOWD WON BY SLIGHT MARGIN

Over Mike Gibbons in Terrible Bloody Ten Rounds at St. Paul.

St. Paul, Minn., Nov. 21.—Mike O'Dowd, middleweight champion, and Mike Gibbons, the St. Paul phantom, fought a terrific, bloody ten-round bout here tonight. The fight was vicious and close all the way, and also several of the ring-side experts called the bout a draw, the majority gave O'Dowd a slight shade. The weight was 133 at 3 o'clock.

Round 1.—The men clinched and Gibbons forced O'Dowd to the ropes. O'Dowd landed a right and left to the body. Gibbons made no effort to box the champion, but stood toe to toe and slugged. Gibbons made O'Dowd miss, and landed several blows in return.

Round 2.—O'Dowd drove two rights to the jaw. Gibbons landed a light right cross. O'Dowd was cautioned for hitting in clinches. Gibbons began to box the champion, and O'Dowd missed again and again. Gibbons landed right and left to the jaw, and his speed puzzled the other Mike Gibbons' round.

Round 3.—Gibbons landed a left to the jaw and O'Dowd missed one. Gibbons landed the first hard blow, a right to the kidney. O'Dowd began to break ground, but Gibbons cut him off. O'Dowd landed a right on Gibbons' eye. Gibbons began to bleed, and O'Dowd drove rights and lefts to the body. Gibbons landed a hard right cross on O'Dowd's chin. Round even.

Round 4.—Gibbons bored in and seemingly made no effort to dodge O'Dowd's swings. In an effort to get close to his opponent, O'Dowd swung a dozen times and landed twice. They traded swings to the body. O'Dowd again opened the cut over Gibbons' left eye. O'Dowd landed a stiff right to the jaw. Gibbons responded with a right upper cut to the jaw. Gibbons' round.

Round 5.—Gibbons landed right and left to the jaw. O'Dowd missed a right to the jaw, O'Dowd missed a right to the jaw, O'Dowd missed a right to the jaw, O'Dowd missed a right to the jaw. Gibbons' round.

Round 6.—Both fighters took things easy at the start. Gibbons landed a right upper cut to the jaw, and they clinched. O'Dowd began to miss again. Gibbons began to outbox the champion. For the first time during the fight Gibbons was applauded for his clever foot work. Gibbons' round.

Round 7.—O'Dowd began to rough it, and Gibbons kept away from his heavy swings. Gibbons stopped O'Dowd's rush with a left to the jaw. Gibbons landed on O'Dowd's neck. O'Dowd landed a left to Gibbons' ear and the other to the ropes. They clinched. Round about even.

Round 8.—Gibbons eye bothered him considerably. Gibbons hooked a right to the jaw. O'Dowd landed two more light blows. O'Dowd sank his left in Gibbons' stomach. Gibbons landed a right squarely on the jaw. O'Dowd had had enough in a neutral corner. O'Dowd's round.

Round 9.—Gibbons began to force things, but O'Dowd again opened Gibbons' left eye and sent Mike to the ropes. O'Dowd kept on top of Gibbons and kept the phantom busy. O'Dowd crashed a right to Gibbons' jaw. At this stage of the battle O'Dowd had two more light straight blows. O'Dowd landed two traded lefts. O'Dowd's round.

Round 10.—They shook hands for the final round. Gibbons hooked a left to the jaw. Gibbons again beat O'Dowd to the punch. O'Dowd split blood as he backed into Gibbons' corner. O'Dowd missed two blows to the body. Gibbons' round.

Round 11.—Gibbons' stomach. Gibbons seemed tired, and clinched. Gibbons landed a left to the jaw. The men fighting viciously when the final bell rang.

CLOTHIERS TO ALL MANKIND

The High Price of Clothing

WE ARE PREPARED TO face the issue squarely. Like everything else, the price of good clothing has gone higher than it used to be. But such stiff prices are being asked for inferior grades that prices for the qualities sold here seem cheap in comparison. The fact is, that inferior lines of clothing, lower grades of wools, have gone up in price to the level of our finer lines. When you come in and note the excellence of finish, the superior qualities, and what you are asked to pay, you will understand the difference. Come in today.

H.R.H. Donates Cup For Steeplechasing To the Toronto Hunt
Correspondence between the M. F. H. and chief of staff to H.R.H., the Prince of Wales resulted in the donation of a cup to the Toronto Hunt for amateur steeplechasing. Sir Lionel Halsey wrote: "His royal highness will be very glad, indeed, to fall in with your suggestion, which is that you should establish a fixture for your hunt meeting, and that a cup should be named 'The Prince of Wales Cup.' At the same time, his royal highness desires me to say that he wishes to present the cup himself to the club, and this cup will be sent in due course."
Mr. Beardmore, in expressing his thanks for the gift, said: "It will establish a fixture at our hunt meetings, to be known as 'The Prince of Wales' Cup.' The offer to provide this cup is an honor which all our members deeply appreciate. Every young sportsman will aspire to win this cup, coming from his royal highness, who is beloved by the people of Canada—in fact, wherever he goes—diffusing the gospel of kindness in the best interests of mankind generally."

SENIOR HONORS FOR OAKWOOD FOURTEEN
Have No Trouble in Downgrading Riverdale in High School Final.
Oakwood are senior high school champions. Oakwood won the honors by defeating Riverdale yesterday at Varsity Stadium, 55 to 1.
Oakwood showed a smooth aggression, with a half-line that would look good with many a team in higher company. Snider was a bright shining light and a big point scorer. The score at half-time was 19 to 1.
Oakwood forced play from the start. Snider put Riverdale on the defensive when he faked a kick and went around the end for 15 yards. The same player's kick and Dinsmore's good tackle put Oakwood on the defensive.
Snider and Abbey outboxed on every exchange, with the result that Riverdale were kept well on their side at centre. Jacobs was sent around the end for a touch. Abbey converted. From 25 yards out, Snider ran for 20 yards, and Snider ran on the end of it going over for a touch. Abbey again converted. Snider broke thru and ran the 60 yards for a touch. Abbey converted. Play was in midfield when the quarter ended. Oakwood 19, Riverdale 6.
Oakwood were on the defensive to start the second period. Kicking was the feature of both teams' play and there were plenty of returns. Oakwood lost for interference. Riverdale failed to kick for a point, it going short. Oakwood obtained possession when a Riverdale man tossed out of touch. Oakwood lost on failure to gain yards. They lost again on the return kick from interference. A field goal failed, and Jacobs returned for a gain. Vinco took a punt on the run, and ran it for 30 yards to Oakwood's 10-yard line. Riverdale kicked for a rouse. Half-time score: Oakwood 19, Riverdale 1.
The third quarter had hardly got under way when Snider hoofed one over Riverdale goal line and Houkins fumbled. Duncan following up fast fell on the ball for a touch. Exchange of kicks gained for Oakwood and when Snider tried for a field goal he missed and Jacobs was downed for a rouse. A long kick over Riverdale's line by Snider was returned poorly by Vinco and play 25 yards out. Dinsmore plunged thru on the first down. Three-quarter time score: Oakwood 30, Riverdale 1.
Play was resumed on Riverdale's quarter. Hopkins kicked drive play to his 40-yard line. Oakwood plunged for their yards, and Snider kicked over Riverdale's goal line. Vinco ran the ball out of 25 yards and ran for 20 yards, and was followed on the next down by

JUSTICE KIND TO BLIND ROBBER

Two Years at Farm for Putwain is Sentence Awarded.

John Putwain, the convicted bank robber and bandit, who in company with another man, last summer, attempted to rob the Agincourt branch of the Bank of Nova Scotia, appeared in the assizes yesterday, and was sentenced to the Jail Farm for two years, less one week. The prisoner had his eyes bandaged as a result of bullet wounds, which have made him totally blind.

"You having pleaded guilty to the serious offense of entering a bank premises with a companion, for the purpose of robbery. It is now my duty to sentence you. Your offense was a most grave one, and but for the personal injuries which you received, it would be my duty to impose upon you—and I would have imposed—an appropriate sentence, a lengthy term of imprisonment in the penitentiary. But unfortunately for yourself, you received on the occasion in question serious permanent personal injury, which has made you blind for life, and developed a paralytic condition from which, I understand, there is slight prospect of recovery.

At present, I understand that your health is so shattered that it would be impossible to have you taught some craft suitable to the blind. If, however, your condition should change for the better to such an extent that you would be able to learn and practice some useful craft, the authorities will so arrange the matter. All that remains for me now is to sentence you, and that is that you be imprisoned at the Jail Farm for a period of two years, less one week.

AN IDEAL TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act Directly on the Blood and Nerves. Food is so important to the sick person as medicine, more so in most cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow. In sickness the appetite is often fickle and depraved. Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action, which is to build up the blood and restore the vitality to the run-down system.

NEW LAW PREVENTS PEDDLING GLASSES

Optometry Act Also Guards Against Use of Fake Initials.

A proclamation published in this week's Ontario Gazette will put an end to opticians or "eye specialists" peddling glasses from house to house. An optometry act was passed at the last session of the legislature, but was not to come into operation pending a proclamation. The act fixes a maximum fine of \$100, and a minimum of \$10 for any person convicted of "selling, fitting or supplying glasses by peddling from house to house, or from place to place, or in any other manner than from a permanent place of business, and notwithstanding that the holder of a municipal license as a peddler or transient trader."

TORONTO MARKET

Parish Hall of St. John the Evangelist Transformed into Village for Bazaar. The old parish hall of the Church of St. John the Evangelist was transformed yesterday into the semblance of the old Indian village of Toronto, when a fair and bazaar was set on foot as much like what it would have been a century ago—provided fairs and bazaars when favored by the Indians—was opened by Mrs. H. D. Warren, who was introduced by the rector, Rev. J. Russell MacLean, and presented with a bouquet of chrysanthemums by Mrs. J. Walker. Mr. MacLean referred to the exceptional patriotic work of Mrs. Warren during the war, especially to that of the mitten work for soldiers.

LO.D.E. MEMORIAL GRANT

At the meeting of the Westminister Chapter, L.O.D.E., held in the High Park Club rooms, the sum of \$10 was voted to the work of the big sisters and the burning of Fort Louis. The plan of the fair and tableaux were designed by George L. Milner and the pictures and decorations drawn by Harry Sinclair. The proceeds will go to the parish house, entertainment of returned soldiers and to missions.

DEPENDENTS FIRST

E. R. Tufts, secretary of the Fairbank Soldiers' and Sailors' Relief Association, has written to York County Council, protesting on behalf of his association against any expenditure for soldiers' memorials until the dependents of soldiers have been adequately provided for.

What Prominent Ontario Women Say

Tilsbury, Ont.—"I found Dr. Pierce's Favorite Prescription very beneficial during my confinement. I felt weak, nervous, and very poorly. It was so restorative and so strengthening, that I was able to resume my usual duties. My baby was strong and healthy and I was very glad to be able to care for it. My appetite returned, and I was very comfortable. I also enjoyed the taste of the pills, and I would recommend them to all women who are suffering from similar ailments." —MRS. AMOS MILLS, Box 238.

HELP FOR TRACTION DITCHING WORKERS

Minister of Agriculture Plans Course of Instruction in Ontario.

Hon. Manning Doherty, minister of agriculture, is making arrangements to hold a course for all traction ditching men during the month of February. Fully 90 per cent. of the ditching machines used in Ontario are in the counties of Essex, Lambton and Kent, and for this reason the course will be given at Chatham. It has been the policy of the government for the last few years to promote the interests of farmers in drainage. At the outset, there were few traction ditching machines in use, but at present there are about 200 throughout the province. Many of the men working them, however, had little knowledge of running the machines, with the result that in many instances where the tile has been put in with improper grades, the loss to farmers has been considerable. The department, as the result of the course proposed, to encourage the ditching machine operators, to study the matter and become proficient in reading the drainage plans supplied. Men who pass the necessary examination will be given a certificate. The course will not be compulsory, but men who are efficient, of course, have a greater prestige in their trade.

VOTING ON BYLAW

Four municipalities are voting today on the bylaw to guarantee the bonds of the Toronto & Eastern Railway from Bowmanville to Toronto, which if endorsed will be constructed and operated by the Hydro-Electric Power Commission. They are Scarborough, East Whitby, Oshawa town and Bowmanville town. Darlington township will vote in December. Whitby town, West Whitby township and Pickering township have carried the bylaw by about 10 to 1. Toronto will vote on the bylaw on Jan. 1, and York township has still to consider the question.

Rooting Out The Reds

The shots from the I.W.W. Headquarters in Centralia, Washington, which killed four veterans of the World War and wounded others in an Armistice Day parade, give dramatic emphasis to the fact that a year after Germany's open war on civilization was defeated, we are still being attacked by sinister forces of revolution and anarchy which Germany, many believe, turned loose upon the world by way of Russia. That the public is rapidly losing patience with the organized and persistent efforts of foreign theorists to destroy American institutions is evidenced in many directions. Not only is the United States Department of Justice rounding up suspects in every part of the country, but there are pending in Congress fifty-two bills which are designed to give the Government all the authority needed to deal with the Bolsheviks, anarchist, and other anti-American organizations.

A sample of the teachings brought to light by the Government's raids is the manifesto of the Federation of Unions of Russian Workers of the United States and Canada. It advocates among other things: Capture of all products and means of production; liberation of all political prisoners; the blowing up of all barracks; the murder of law-enforcing officials; the burning of public records; destruction of fences and all property lines; the destruction of all instruments of indebtedness.

ENCOURAGE FLAX IN NORTH ONTARIO

Government to Bring About Co-operation Between the Growers. Premier Drury Suggests Co-operation of Farmers With the City.

As one instance of the further development of Northern Ontario following in The World yesterday following an interview with Hon. Benah Bowman, minister of agriculture, the Ontario department of agriculture is preparing plans to extend the flax industry to that part of the province next year. It is believed that, as the result of the experiments carried on, flax can be successfully grown there. Justice Miller, field crop specialist of the department of agriculture, said yesterday it was proposed to bring about the desired results by co-operation between flax growers of the north and the farmers of the north. The intention is to have the growers in old Ontario furnish the seed, while the minimum being one bushel. The receiver of the seed will agree to return to the grower in old Ontario the quantity of seed he received. The mills in old Ontario will be asked to guarantee the price they will pay for the flax, and this will probably be about \$4 a bushel.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved upon the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
