### THE NEW COUNCIL WAS WORTHY OF THE NEW CENTURY

#### Mayor Howland's Extensive Address—A Plan to Remodel Civic Government—Board of Control and Committees Constituted—Competitive Railway System Among Business Proposed.

Yesterday's inauguration of the City Council of 1901 was certainly the most imposing and auspicious ceremony in the history of Toronto. The occasion was marked by the presence of the Mayor, the members of the Council, the guests of honor, and the representatives of the various organizations of the city. The Mayor's address was a masterpiece of oratory, and his plan for the remodeling of civic government was a bold and comprehensive one. The Board of Control and the various committees were constituted, and the competitive railway system among business was proposed.

### RAID AT PILE O'BONES

#### The Official Hangman is Preparing for the Legal Taking-Off of Murderer Morrison.

SCAFFOLD USED TO EXECUTE RIEL

Will Again Be the Instrument of Death—Indian Murderer Arrested in the States.

Regina, Jan. 14.—(Special.)—Raidville, the hangman, has arrived, and has already made many acquaintances about town. He says he has hanged over a hundred murderers, representing fourteen different nationalities. The carpenter is busy erecting the scaffold in the jail yard on which Morrison, the murderer, will pay the death penalty on Tuesday. It is the same scaffold that has been used in Regina from the time of the first executions at that place, viz., those of John and George Stevenson, in 1848; then Cormor, the Jew; afterwards Louis Riel, down to the present day.

Indian Murderer Arrested. Oke-Ma-We-Caplo, or Standing Chief, the Indian who shot a half-breed named Wapling, a short time ago on the Crowfoot Reserve, during a drunken quarrel about a girl, has been arrested in the United States. Wapling's wife and a half-breed, Gilbert Favel, are in Regina Jail as accessories to the crime, and yesterday made sworn statements before William Trout, J.P., with Peter Bowie as interpreter. These have been handed to Mr. T. C. Johnson, Crown prosecutor, who will at once proceed to the United States to retrieve the prisoner.

NUNS WHO SLEEP IN COFFINS. A Peculiar Sisterhood in Montreal, Who Live at the Convent of the Holy Face.

Montreal, Jan. 14.—(Special.)—The Convent of the Holy Face, probably the most strangely conducted convent in the world, which is situated on Amberstreet, just below St. Catharine, has sent all but five of its sisterhood to Billefroid, Maine, where the little nuns, with the aid of some benevolent and Christian people, have founded a "Nursery Convent." The mother house, which was founded by Dr. Jacques, where the nuns sleep in coffins and scourge themselves on Fridays. The convent is not officially recognized by the archbishop, but it seems that the branch is recognized by the head of the Roman Catholic Diocese, which includes Billefroid.

#### Prairie Pioneer Wants to Send the Whole 1000 Men for Baden-Powell's Force.

OVER 700 NAMES ALREADY LISTED.

Reception to Returned Soldiers Continued—Major Williams Tells Some War Stories.

Winnipeg, Jan. 14.—(Special.)—Military men who claim to know the circumstances of the case say that the Government is going to give Manitoba a chance to distinguish herself by supplying all of the 1000 men wanted for Canada for the Baden-Powell expedition. Strong representations are being made to the authorities, and it is hoped that the Government will consent. That Manitoba can do it is conceded. Major Gantner has already given 700 names of men who are ready to accept all who will send in their names and place them on the roll for consideration. He thinks that Winnipeg and the West could send the very best possible force for the purpose. It is understood that the authorities are considering the matter, and that an announcement will be expected shortly.

RECEPTION TO THE SOLDIERS. The reception to the soldiers was continued to-night at the Drill Hall. Thousands of people turned out. Major Williams says: "At 1000 yards the Boers are capital shots, and actually beat the best British marksmen. The Canadians and British can knock them silly. Their artillery fire was hot and well directed. They had the best German, Russian and French officers instructing them. Many of these were captured, and among them, I have heard, were a number of British who had been engaged before the war broke out, and, of course, had to stay with it. I can hardly credit this, however. I never saw any personally. The Canadians were not paid as much by the Imperial Government as were the Cape Colony, and the British were paid only the regular Tommy rate of 1s. Of course, the Canadian Government gave 50c a day, but the British were not officially recognized by the archbishop, but it seems that the branch is recognized by the head of the Roman Catholic Diocese, which includes Billefroid.

DUNSMUIR IS AFTER MONEY. Says His Province Has Not Had Its Share of Wealth Federal Government to Whack Up.

### MRS. BLAIR HAS NOT CHANGED

#### Stands in the Same Old Place as When the Kettle River Valley Bill Was Up.

THE PEOPLE OF B.C. HAVE A RIGHT

To All the Railway Connections They Can Get—Coal Areas Practically Inexhaustible.

Montreal, Jan. 14.—(Special.)—Here is Hon. A. G. Blair's position on the railway question: "A member of the Railway Committee of the House of Commons, before which such an application for a charter would have to come, it would be impossible for me to express any opinion as to what course I would pursue with respect to any particular bill until I heard all the particulars, pro and con, that would be urged for and against its application. Speaking generally, however, I stand to-day exactly where I stood when the Kettle River Valley Bill was under discussion. The same district was to be served by a railway south to the boundary, and I supported it. I said then, and I say now, that the people of British Columbia have a perfect right to have all the railway connections, north-south or any other way, that they believe necessary to the rapid and complete development of the resources of that Province.

PTE. JOHNSTON RECEIVED. Toronto Junction Crew Hysterical—Patrols Speeches Made—A Gold Watch Presented.

Toronto Junction, Jan. 14.—A public reception was given to Pte. Alex. Johnston of the 9th Toronto Field Battery, in Kingston Hall to-night, and seldom did enthusiasm run higher. The hall was filled to overflowing. Outside, sky-rockets and Roman candles were sent up, and the martial band played patriotic selections. Miss Louie Charlton's class gave a hoop dance and a march in which red, white and blue, intermingled, helped to diversify the program. Mr. H. Armstrong, Mayor, presided, and speeches were given by Hon. N. Clarke Wallace, M.P., J. W. St. John, Arch. Campbell and others.

AURORA GAVE GOLD WATCHES. Five Returned Soldiers Had a Good Reception on Arrival of Their Last Night.

Aurora, Ont., Jan. 14.—A grand reception was tendered Staff-Sergeant Hamachy and Privates Graham, Hartman, Brunin and Hughes, who have recently returned from South Africa, by the citizens of this place to-night. A torchlight procession was held, and the returned soldiers were presented with gold watches. The reception tendered these young men will long be remembered in Aurora.

### BRITISH CASUALTIES AT BELFAST

#### SHOW THAT FIGHTING WAS FIERCE

29 Were Killed, 53 Wounded and 72 Missing—Losses at Other Points Are Not Included—Apparent Lord Kitchener Has Not Told All There Was to Tell.

London, Jan. 14.—The official list of the British casualties in the recent fighting at Belfast shows 29 killed, 53 wounded and 72 missing. This does not account for the British losses at other points of simultaneous attacks by the Boers, namely, Woodstock, Neotodach, and Wildfontein, and shows that affairs in that quarter were more serious than Lord Kitchener reported them to be.

Soldier Recovered His Gold. Trooper Higdon of the Hamilton detachment of the C.M.R., or Royal Canadian Dragoons, lost \$100 in gold at the Grand Union Ferry, Ontario. He fell into the hands of the Boers, the finder being Mr. Jack Webster of the Valentine Stock Company, who handed up the loss. Higdon had not discovered his own when the gold was restored to him.
