BODY OF MARY WILSON FOUND

PROVINCIAL POLICE CHOPPED OUT FROZEN BLOCK OF EARTH CONTAINING DEAD WOMAN
NOW BELIEVED BY POLICE MURDER CHARGE WILL BE SUBSTITUTED FOR THAT OF ATTEMPTED SUICIDE

The body of Mary Wilson, first wife of John Wilson, now in Regina jail awaiting trial on the charge of attempted suicide, has been found. It was lying in a shallow grave within fifteen feet of where Wilson's auto was burned on the morning of September 28, 1918.

although very anxious to see his wife, Jessie Wilson, who is now at Blaine Lake. It was learned on Saturday that some sensational developments will be made public within a few days. The provincial police, it is said, have a mass of documents which are to be introduced in evidence if Wilson comes to trial.

Saskatoon, Dec. 14. — The body of Mrs. Mary (Polly) Wilson arrived here at 10:30 Saturday night on the C.N.R. train, running two hours late. The remains were immediately taken to McKague's undertaking parlors. Dr. Chaffin and Inspector C. M. Smith made a cursory examination of the body, but the autopsy proper will not be performed until today. Coroner J.P. Desrosiers and a jury were also present. Frozen clay still adhered to the clothing. No trace of wounds was apparent and Dr. Inspector Smith stated that there were no marks on head that would substantiate the theory that the woman had been struck on the head and killed by some instrument. It was clearly established that Mrs. Wilson did not meet death in the fire which consumed the car, as the clothing was free from burns.

Yesterday Dr. Chaffin, provincial bacteriologist and analyst, commenced the autopsy on the body of Mary (Polly) Wilson at Saskatoon. Inspector Smith, who superintended the digging operations, took every care not to disturb the remains. A solid block of frozen earth was cut and lifted with the body, then placed into a box which was shipped into Saskatoon. The upper part of the body when found was wrapped in an auto lap robe. The clothing on the lower part of the body and the shoes are in a good state of preservation.

Mrs. Wilson Was Shot To Death

Saskatoon, Dec. 15. — That Mrs. Mary (Polly) Wilson, wife of Sgt. John Wilson, R.N.W.M.P., was killed by a gunshot wound, the gun being fired at close range, was established tonight when the inquest opened in McKague's undertaking parlors. Dr. Chaffin, official analyst for the provincial government, was the only witness called. He gave a report of the autopsy and testified to the fact that the forehead and top of the skull of the dead woman was blown completely off and that he had found four pellets, such as are fired from shotguns, inside the head and under the scalp. On the face over-powder marks which suggested that a gun had been fired at close range to the head and indications pointed to the fact that the bones from the discharge had entered the skull and blown the top off.

Revolution Plot Found in Britain

LONDON, Dec. 9. — J. L. Baird, Unionist M.P. from Warwickshire, announced in the chamber today, on behalf of the home secretary that the government was aware that certain persons, some of them of foreign origin, were carrying revolutionary propaganda in Great Britain with the object of abolishing parliamentary government and substituting therefore a government on the lines of the Soviet system, in Russia.

Mr. Baird added that it was known that money had been brought from abroad for this purpose. The total probably was small but Britons also had subscribed to the fund. Information on this point, he said, was incomplete.

Offers to Surrender to Allies

MUNICH, Dec. 10. — In a letter addressed to the president of the Bavarian Red Cross, former Crown Prince Rupprecht of Bavaria, who commanded German armies in Belgium and France during the war and who is in Switzerland, offers to surrender himself in response to the demands of the entente for the extradition of German army leaders, provided that his action will bring about the release of German prisoners in France. The former crown prince says the demand for extradition, in view of the fact that the judge and prosecutor are one, "is a mockery of every sense of justice." He volunteers, however, that if the entente insists upon the fulfillment of the extradition clause in the peace treaty before the German prisoners are released that he will present himself for extradition.

Gen. Mackensen Back in Berlin

BERLIN. — The return to Berlin of Field-Marshal Mackensen was the occasion of a great ovation. The Noske guard and troops of all arms waited at the station and along the incoming railway tracks for arrival of the field-marshal's train. A number of prominent generals including Falkenhayn, who was Mackensen's partner in the Rumanian campaign, were present. As he emerged in the station the crowd broke through the line of guards and shouted greetings to the field-marshal who wore military decorations. He was pelted with flowers. GERMAN-DUTCH FRONTIER CLOSED. BERLIN. — The German-Dutch frontier has been closed to civilians.

Provincial Legislature in Session

Committee work occupied the greater part of the time of the Saskatchewan assembly on Wednesday afternoon, the principal discussion hinging on proposed amendments to the bill requiring the signature of a wife to instruments disposing of "homestead" property. The bill, as brought down, provides for the removal of the existing valuation restriction of \$3,000 on homestead property and this will affect particularly urban homes. The committee adopted an amendment offered by Mr. Turgeon to apply the protection principle on behalf of the wife to homesteads for a period of one year after property has ceased to become the home residence. An amendment introduced by Col. J. Glenn to entirely remove the limitation of 160 acres on homesteads under the act was defeated. The attorney-general gave a brief outline of the history of the homestead legislation. The original act protecting the wife's interest in the disposal of homestead property was brought in as the result of recommendations of a commission consisting of Mr. Justice Newlands, Mr. Justice Lamont, W. R. Motherwell, the Hon. Mr. Turgeon, and J. A. Maharg, president of the Saskatchewan Grain Growers' association. For some of the reasons which he had enumerated, because of the fact that the homestead in Federal laws is confined to 160 acres and for other reasons the commission recommended that the limit of rural property to be protected should be 160 acres. In connection with city property the value of the homestead to be protected was originally limited to \$1,800. Four or five years ago this limit was increased to \$3,000 and now the list is being withdrawn altogether as the government recognized that it was a difficult matter to protect a part of a house, which would be the case where the home property was worth more than the protection limit. Mr. Turgeon announced that the government was of the opinion that further protection should be provided in the case of rural property where the owner and his family had moved from the homestead to other property. In that case the law should be amended to protect the wife's interest in the homestead property for a year after it had been abandoned, as such. This would allow time for the wife to secure interest in another home property. Mr. Badger expressed the opinion that the wife's interest should be protected in the home property until she had secured equivalent right in another home. He was also of the opinion that it would not entail great hardship if the proposed measure were made to apply to all lands. After some discussion Col. Glenn's amendment was put to the vote and lost. Mr. Turgeon's amendment was then submitted and carried. Bills amending the Wild Lands Tax act and to amend the act relating to the transfer for writs of execution to new judicial districts were considered in committee and will be given their third reading at the next meeting. Additional concessions are being granted the loan companies handling seed grain relief this year in (Continued on Page 4.)

AUSTRIA IN SAD PLIGHT

Immediate Assistance Needed to Save Country From Famine. PARIS, Dec. 11. — Austria must have help from the allies in order to save her from famine and bankruptcy. Chancellor Karl Renner, of the Austrian Republic, told the Associated Press today, in explaining his presence in Paris, where he came to present to the supreme council the situation, which he declares, faces his country. "When I left Vienna, we had only 2,000 tons of flour for 6,750,000 people, a supply of six days only," said Dr. Renner. "Millions are dying of hunger and cold in Vienna and 85 per cent. of those between nine months and three years old are suffering with rickets. The loss of weight on the nursing mothers is serious, owing to lack of nutritious food. For this reason it is of utmost importance that supplies go forward at once, even while we are in Paris awaiting the result of negotiations for credits, because weeks must pass before supplies ordered now, can reach Austria. "By help, I mean such assistance as will facilitate our task of keeping the nation alive and at the same time, fulfilling our obligations to the allied powers. "We are now paying thirty prices for everything we buy. That is to say, the crown has depreciated to one thirtieth of its normal value. At the same time, we have exhausted our reserves in securities and we have nothing left but the resources, which according to article 197 of the treaty of St. Germain, are mortgages to the allies for payment of reparations. "I am going to ask the supreme council to release from that mortgage a sufficient amount of our national wealth to form the basis of security for loans that are absolutely needed to insure the feeding of our people. What we need first is a long term credit amount of about \$100,000,000 with which to procure food until the end of October, 1920." Lamentable Picture. PARIS, Dec. 11. — To a representative of the Temps, Karl Renner, the Austrian chancellor, painted a lamentable picture of the situation in Vienna. "The infantile mortality," said the chancellor, "has reached sixty percent. A heated house is a thing unknown, and a hot meal a rarity. The coal ration is six pounds weekly per family and there is a long wait in the street to get it." He ended by expressing thanks to the supreme council for allowing the Austrians to come to Paris and by before it the state of affairs as it exists in Austria.

SASKATCHEWAN AGAIN VICTORIOUS

Saskatchewan scored another great victory when the first six prizes for spring wheat, and fourteen prizes in all for spring wheat of a total of twenty-five, were won by Saskatchewan exhibitors at the International Hay and Grain Show at Chicago. In addition, Saskatchewan farmers won first, fourth, seventh, ninth, tenth and eleventh prizes for oats, and second prize for white wheat.

This is the second International Exhibition where Saskatchewan has won signal triumphs this year. At the big International Soil Products Exposition at Kansas City, Missouri, the first prizes and championships for both wheat and oats were won by J. S. Fields, of Regina, who took first and sweepstakes and the C.P.R. \$500 silver trophy for wheat, and first and sweepstakes for white oats.

In the past eight years, Saskatchewan has won the world's prize for wheat every year but one; Seager Wheeler of Rosthern winning the world's championship five times, Paul Gerlach of Allah winning the world's championship once, and Mr. Fields of Regina, once.

J. C. Mitchell of Osgema, a new exhibitor, won the world's prize at the Chicago Exhibition. Other prizes won by Saskatchewan farmers were:

Spring wheat, second prize, J. S. Fields of Regina; third, Seager Wheeler of Rosthern; fourth, Kjellander Brothers, Wilcox; fifth, Robert W. Clark, Speers; sixth, J. F. Cadour, South Forks; ninth, A. E. Dowling, Luseland; eleventh, P. S. Murphy, Imperial; twelfth, Mrs. G. A. Cameron, Milestone; fourteenth, A. Tait, Semans; sixteenth, Richard Warren, Belbeck; twentieth, Michael Reynolds, Welwyn; twenty-third, Smith Brothers, Prince Albert; twenty-fifth, F. J. Dash, Broadview.

In the oats competition, with only a few exhibits from this province, Saskatchewan had an equally high percentage. J. S. Fields of Regina again won first prize for oats, duplicating his victory at Kansas City; R. H. Carter of Fort Qu'Appelle won fourth; Seager Wheeler of Rosthern, seventh; A. E. Dowling of Luseland, ninth; Robert W. Clark of Speers, tenth; and F. J. Dash of Broadview, eleventh prize.

Stephens of Balcarras won second prize for white wheat.

Through the heroic work of the volunteers the house of Russel Thompson, adjoining that of Mr. Shatsky was saved. The Shatsky home was one of the most modern in the province, and richly furnished.

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-Tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-Tives'.

'Fruit-a-Tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

ARRESTED FOR DE FORGE MURDER

VANCOUVER. — Though the police will not divulge the exact nature of the statement made by Jack Clement, arrested here by Detective Inlah, it is said the captured man has admitted he was present at the shooting of W. J. De Forge in Winnipeg, although he claims the actual shooting was done by others.

Clement with another man was seen walking along Cordova street by the officer while the latter was on a street car. Asking the motor-man to stop, he got off and gave chase, locating his men in an employment bureau. Taking no chances, Detective Inlah drew his gun and ordered the men to hold up their hands. The bureau clerk, when convicted the affair was not a hold-up, telephoned for the police automobile. All the local officers had to go on was a vague description of Clement and of another man who might be travelling with him, but who had nothing to do with the shooting of the former Dominion police officer at Winnipeg.

Clement, it is said, has informed the local police where the gun with which the shooting was done could be found in Winnipeg. A wire has been sent to the prairie city and an officer will be sent from that place to escort the man back for trial.

WEATHER IN BUTTE WORST IN HISTORY

BUTTE, Mont.—The last twenty-four hours have been the coldest and brought more suffering in Butte than any similar period since 1889 when official records of weather were first tabulated in this community.

While the official government barometer in the sheltered corner of the roof of the bank registered 28 below, other equally reliable records give from 35 below at the Montana power station, at the High Ore mine to fifty below in exposed sections on the south side. The previous low mark for the mercury in Butte since 1889 was 35 below on January 28, 1915.

NEW DRASTIC FUEL RESTRICTIONS

WASHINGTON.—Drastic nationwide restrictions in lighting and heating, similar to those in effect during the coal shortage of 1917-18 were ordered by Fuel Administrator Garfield. The limitations which were made effective immediately, will be enforced by the

railroad administration. All street lighting, other than that necessary for the safety of the public, must be curtailed and stores, office buildings and industrial plants, with a few exceptions, are put on reduced ratings as to both lighting and heating.

Another of the restrictions provides that all manufacturing plants, except those engaged in the making of necessary products shall reduce their operations not to exceed three days in any one week.

St. Mary's Bazaar a Huge Success

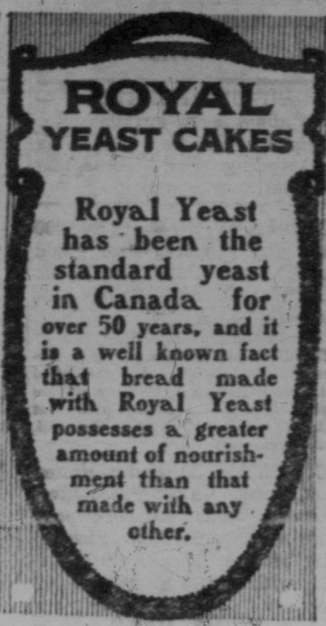

The St. Mary's Bazaar which was held in the Catholic St. Mary's Hall on December 10, 11 and 12 was a huge success from start to finish. On Wednesday afternoon, Dec. 10th the bazaar went off with a flying start and the enthusiasm of the visiting crowds kept up till late on Friday night. Through the co-operation of the different societies of the St. Mary's Church, the ladies in charge of the bazaar were able to secure many numerous gifts which naturally helped a great deal to achieve the success desired. Everybody was glad and happy, especially those who were fortunate enough to carry home with them a heavy box of apples together with a small box of real oranges, or a doll, chocolates or some other thing which they happened to win. The main attraction however seemed to have been a beautiful large gramophone worth about \$150 kindly donated by Messrs. Bergl and Kusch, which was raffled at this bazaar. Tickets sold fast and the few remaining were auctioneered off at record prices. This gramophone was raffled off on Friday night and Mr. Bisnack, a bachelor, was the lucky winner.

Mr. J. J. Bergl who acted as chief auctioneer deserves credit for the way he conducted the sale of the different articles. He certainly is suitable for this business and surely deserves a real auctioneer's

license. Mr. von Amerongen was a worthy assistance to Mr. Bergl. Messrs. Andrew Novak and Frank Becker kindly donated the calf which was won by Mr. Berger of Regina. Mr. John W. Ehmann donated a pig which was won by Mrs. John Weber. Many others donated smaller articles which were either auctioned off or raffled off. All those who have helped to make this bazaar such a huge success either by donating something or by lending a helping hand are most heartily thanked by the promoters. Although the net gain is not exactly known yet, it is believed that the financial success of this bazaar is somewhere around the twelvehundred mark. J.O.

Italian Deputies Give Cheers For Lenine

Declare England and U. S. Most Plutocratic of All States

ROME, Dec. 12. — Russia was to the fore again today, in the chamber of deputies, when the Socialists branded England and the United States as most plutocratic of all states. Deputy Ciotti, Socialist, declared that an Anglo-American combination existed to make Odessa, Danzig and Fiume centres from which to reach out and strangle continental Europe. The Socialist deputy, Professor Graziadei, asserted that the war was suspended only temporarily. He said the Bourgeois had hoped that life would be resumed as before the conflict, but that the general elections had disillusioned them. He declared the war had the effect of awakening the strength of the Socialists of all countries. The Catholics were against the war, because of the question of temporal power and because they feared the defeat of the central empires, he said. All the Socialists applauded, while the Catholics shouted their disapproval. Addressing the Catholics, Deputy Graziadei declared: "Your priests and your propagandists were defeatists." All the Catholics rose protesting. Graziadei continued: "In fact you were not at the front." Deputy Cavazzoni, Catholic, shouted: "I was there." Deputy Graziadei then took up the Russian situation: "The Entente recruits adventurers against Russia and starves Russian women and children as it has already starved those of Germany," he asserted.

Cheered Lenine
"We must proclaim our solidarity with Soviet Russia." The entire Socialist group arose and cheered for Nikolai Lenine, the Russian Bolshevik premier, while the Catholics protested. Deputy Graziadei urged opposition to the Anglo-United States hegemony, recalling that for three centuries continental Europe had been covered with blood for the especial purpose of serving England's policy.

Provincial Legislature in Session

(Continued from Page 1.)

The form of a government guarantee of repayment of advances made, under the provisions of a bill which was given a second reading in the Saskatchewan assembly Thursday. The guarantee will only be given under conditions where the other forms of security provided are deemed inadequate. During the afternoon the regular proceeding were suspended for a few minutes to secure the Royal assent to four bills which had been passed since the opening of the session. His Honor Lieutenant-Governor Lake, attended by Capt. Alford, A.D.C., appeared in the assembly chamber and gave his sanction to the following four measures: An act to amend an act respecting commissioners to administer oaths; an act to amend the supplementary revenue act; an act to provide for payment of certain wolf bounties, and an act to amend the Public Revenues act.

In moving the second reading of the bill respecting advances to purchase seed grain, the Hon. Mr. Turgeon stated that last year the loan companies were permitted to furnish seed grain to their mortgagees, the act at that time granting them the privilege of adding the indebtedness for such advances to the mortgages and also permitted them to attach a lien against the ensuing crop for the recovery of these advances. Continuing, the attorney-general said the same principle which was adopted last year was incorporated in the bill now before the assembly, but an important addition had been made in that it provided for government guarantee to the companies making advances in addition to the other concessions granted last year. It was the intention, however, to grant this addition privilege only in case where the security was precarious.

The following bills were given a third reading and carried: Respecting the raising of loans authorized by the legislature; to amend the Wild Lands Tax act; to amend an act relating to the transfer of writs of execution to new judicial districts. The bill respecting the restraining of animals, running at large was given a first reading.

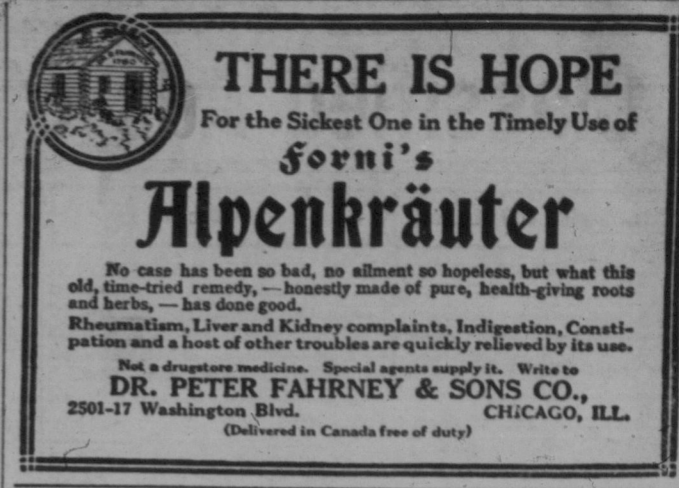

THE TRUTH ABOUT RUSSIA
In spite of the rigorous press censorship, little by little the truth about Russia is being told; which may have long ago surmised, indicates that conditions are not as they have been represented. Amongst the many reports which have proved to be entirely misleading is the one that "The Russian Co-operators have recognised the Kolehak Government." This was long ago denied, very emphatically and circumstantially, by the "New Republic," of New York, which is now supported by "The Canadian Co-operators."

First Hand Evidence.
Additional light on this phase of the Russian situation is published in the October number of the above magazine, by Isaac J. Sherman, American purchasing agent for the Norodav Bank, Moscow. This bank is not only the financial nerve centre of the Russian movement, but also functions as foreign and collective buyer of the supplies required by individual societies. Mr. Sherman, as its American agent, therefore speaks with authority. The following is in part Mr. Sherman's statement, as published in The Canadian Co-operator, and is herewith reproduced, in view of the manifest misrepresentation which it is intended to refute.

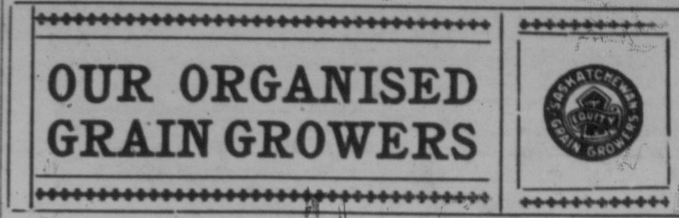

Purely Economic Organization
Mr. Sherman says: "The Russian Co-operation is a purely economic organization of consumers and producers, without any political affiliations whatever. Embracing a membership of 2,000,000 householders, who, including their families, represent the greater part of the people, the Russian Co-operators include in its ranks the representatives of all the political factions of Russia. However, whether the individual members are Monarchists, or Socialists, Moderates or Extremists, Bolsheviks, or Mensheviks—they all enter our societies merely as consumers or producers."

Would Require Referendum
"To ascertain political views of the co-operative membership it would be necessary to call a referendum, which has never yet been done. Therefore, all the statements purporting to express the political views of the tens of millions of Co-operative members must be considered as preposterous and misleading. Occasionally at co-operative congresses the general politics of the movement have been discussed and defined and political resolutions of broad, democratic nature have been adopted. However, no such congress has recently been held, either in European Russia, or in Siberia; nor has any such congress at any time resolved to give its political support to Admiral Kolehak."

Co-operators For Democracy
"One more point must be made clear, regarding the attitude of the Russian co-operators towards the various political governments in Russia. It is a wellknown fact that the Russian co-operation was op-

OUR ORGANISED GRAIN GROWERS

Lift the Blockade
"With broken hearts we are witnessing the merciless fratricide ruining Russia; this murderous war of all against all. While keeping out of this civil struggle we are straining all our efforts in our endeavour to keep the starving population alive. In these endeavours we are handicapped by the blockade, to which Russia is exposed; and we are doing everything in our power to induce the governments and public opinion of the Allied countries, including the United States, to lift the blockade — at least to allow us Co-operators to send foodstuffs, bought with our own money, to our starving people, upon our own responsibility and with all the guarantees for a just distribution."

Pleading For Relief
"We plead for such relief action, not because we secretly wish to help the Bolsheviks, or to defeat them, but solely because we openly wish to save the dying population of our country. We consider it as our incontestable right and our sacred duty to do everything in our power to help our people, the innocent victims of the most unfortunate and immoral starvation policy. Is it too much to ask the American democracy to buy for our own money condensed milk for the innocent babies in Petrograd and Moscow?"

While all the factions are mutually destroying one another and ruining Russia, the co-operation is the only force which is doing creative, constructive work. We are a people's economic organization. Whatever the political conditions imposed on the population may be, we are for the people and with the people, at all times and under all conditions."
