

COAL STRIKE

United States Now Drawing Largely on Wales for Coal.

Intense Fuel Famine in New York City—Entire Division of National Guard Called Out By Governor of Pennsylvania—A Reign of Terror Feared.

LONDON, Oct. 6.—The increased American demand is appreciably enhancing the price of coal to the English consumer. House coal of all grades has advanced since Oct. 1st.

The cars to carry it and the locomotives to haul the cars. There are thousands of empty coal cars standing idle on the sidings of the anthracite regions, and there is no prospect that they can be used for a long time in carrying coal to the anthracite mines.

It is not expected that sufficient anthracite will be obtained to supply the American demand.

HARRISBURG, Pa., Oct. 6.—The entire division of the National Guard of Pennsylvania was ordered on duty in the strike region tonight by Governor Stone.

ALBANY, N. Y., Oct. 6.—The entire second regiment has been ordered out to protect the Hudson Valley railroad.

BUFFALO, N. Y., Oct. 6.—Telegrams were received tonight stating that the members of the committee appointed by President Perry of the National Association of Manufacturers to confer with President Mitchell and the three district presidents of the United Mine Workers will arrive in the city sometime during the night or early tomorrow morning.

SITUATION IN N. Y. CITY. NEW YORK, Oct. 6.—The coal famine in this city reached a stage today where dealers were unable to supply anthracite at any price, and had great difficulty in filling orders for bituminous coal.

Many people who have been unwilling to use soft coal in their furnaces were driven to its use today, and many who would have been glad to use soft coal found that they could not get any.

There is an abundance of bituminous coal at the mines ready for shipment to the city. The trouble is in the transportation of it to tidewater.

WASHINGTON, Oct. 6.—There was only one development of importance in the coal strike situation today.

NEW YORK, Oct. 6.—John B. Kerr, general counsel for the New York, Ontario & Western railroad, speaking of the report from Boston that which New England owners of coal mining

reference between Mr. Mitchell and his district presidents continued until 11:15 p. m., and five minutes before the beginning of the strike for Buffalo he gave the press the following statement:

WILKESBARRE, Pa., Oct. 6.—To district secretaries and all mine workers in the anthracite fields: You have no doubt read in the daily papers the proceedings of the conference at the White House last Friday, in which your officers proposed an immediate resumption of work if the operators would agree with us to refer the question at issue in the strike to the decision of the president of the United States and a tribunal named by him.

ALL STATE GUARDS CALLED TO ARMS. HARRISBURG, Pa., Oct. 6.—Governor Stone last night ordered out the entire division of the National Guard of Pennsylvania to duty in the anthracite coal regions.

Adjutant General's Office, Harrisburg, Oct. 6, 1902. "In certain portions of the counties of Luzerne, Schuylkill, Carbon, Lackawanna, Susquehanna, Northumberland and Columbia, animals and riots frequently occur and mob law reigns, men who desire to work have been beaten and driven away and their families threatened."

President Mitchell, accompanied by the three district presidents, left for Buffalo at 11:35 p. m. over the Lehigh Valley railroad.

JOHN MITCHELL, President U. M. W. of A. T. M. NICHOLS, President District 1. THOS. DUFFY, President District 2. JOHN FAHY, President District 3.

President Mitchell, accompanied by the three district presidents, left for Buffalo at 11:35 p. m. over the Lehigh Valley railroad.

properties in the anthracite fields in Pennsylvania that are held under lease by the operators are talking of beginning suit to break the leases because their royalties have stopped since the strike began, had this to say of the matter.

"In the first place, there are very few New England owners of coal lands in Pennsylvania. Then, all the leases, so far as I know, contain strike clauses. They provide that in case of a strike, when the lessee is willing to pay the prevailing wages to his employees, he is excused from the payment of royalties during the strike.

THE BOER DELEGATES.

Of the three Boer delegates who are spending this week in the Maritime Provinces two are Boers by birth, while the third is an Irishman who was a burgher by choice.

These delegates have come to Canada on the recommendation of Lord Milner and at the expense of the Imperial Government. It was at first stated that they were coming mainly to study Canadian methods of farming.

But it would appear from the statements of the delegates at Quebec that the main purpose of the delegates here in view is an inspection of this country to see whether it is suitable for those Boers who desire to emigrate.

While our late opponents in the field recognize that they must give up all hope of recovering their independence, except as other British colonies are independent, and while they accept this fate with resignation, if not with cheerfulness, many of them declare that they will not live in British South Africa under existing circumstances.

ish citizenship in the full sense and meaning of the term. For those who have other ideas and ambitions a large world outside of Canada and British Africa is open for immigration.

A SCARE FOR MR. FIELDING. The finance department at Ottawa has made up the revenue and expenditure returns for the year ending last June. All previous statements have been subject to correction.

Another and still greater source of alarm was the expenditure. The current outlay in the last conservative year reached the terrifying figure of \$36,949,142. This nearly scared Mr. Fielding out of his wits, and he brought forward a long resolution about it.

The capital expenditure, amounting to less than \$4,000,000, was a source of terror to Mr. Fielding in 1893. Last year the government got away with \$13,222,068 under this head.

INTERVIEW WITH MR. ANDREW CARNEGIE

"IF YOU WERE A YOUNG MAN, and had your start to make in the world, would you take up the manufacture of steel?" was asked of Andrew Carnegie by a gentleman who met him on the train to New York after his last visit to Pittsburg.

The philanthropist hesitated a moment, then shook his head. "No," he said, "the best opening for a young man to-day is in rubber. Rubber will, in a few years, make a greater fortune under present conditions than steel, or, in fact, any other branch of manufacture."

Mr. Carnegie then launched forth in a long discussion on the growth of the rubber tree, the best product and the hundreds of uses to which it has been put, and even suggested a number of improvements that showed deep study of the subject.

WEDDED AT ST. MARTIN'S.

The residence of Councillor J. P. Mosher was on Monday, Oct. 6, the scene of a very interesting event, when the pastor of the Baptist church, united in the holy bonds of matrimony Francis Villa, the son of the late Mr. Villa, and Miss Edith White of the firm of J. & W. Co., Ltd., of St. John. Only immediate friends and relatives of the contracting parties were present. The parlors were beautifully decorated with cut flowers and potted plants. The bride was unadorned, entered the room leaning upon the arm of her father as a wedding march was being played. She was becomingly attired in a travelling suit of green broadcloth with white and applique trimmings and with hat to match.

The young couple stood directly in front of a bank of ferns and flowers arranged with exquisite taste, and precisely at 12 o'clock Rev. C. W. Townsend tied the nuptial knot. Congratulations followed, after which the company were seated at a sumptuous wedding luncheon.

At 2:30 the newly wedded pair, amid showers of rice and well wishes, drove to St. John's home. The bride was the recipient of a beautiful collection of wedding gifts, numerous and costly, which evinced the esteem in which she is held. The groom's present to the bride was a handsome gold watch and chain. Best wishes follow Mr. and Mrs. White for their future.

He complained of feeling ill and went to bed. When an attendant looked in on him an hour later he was dead.

Veghte was a slave in the days when slavery existed in New Jersey. His master freed him before the Civil War. After getting his freedom Veghte declared that he would never be a free man again until he was free from slavery under a kind master to freedom in an honorable way.

TAUBE FOOD Always Cures Dyspepsia.

Wrong food brings penalties. A lady in Lone Tree, Okla. found this out. After suffering for years with dyspepsia, she says:

"Many times I could not eat anything; sometimes I drank a little hot milk, at other times the lightest food distressed me so that death would have been gladly welcomed as a relief. I was weak and listless and unable to work for want of strength."

"Two years ago a dear friend earnestly recommended me to try Grape-Nuts as she had found it a most valuable food. I commenced to use it immediately and the benefit I received in an incredibly short time was almost marvellous."

Words cannot express the joy and thankfulness I felt when I found in Grape-Nuts the relief I had been experiencing after each meal.

"After continued use, health and strength returned, I began to enjoy a life and go among my friends again so much improved that remarks were made about my good health. I sleep well now, sit all day with perfect ease and comfort and sew and work as I like. I wish I could induce every sufferer from dyspepsia to use Grape-Nuts. Name given by Postum Co., Battle Creek, Mich."

CHEER FROM THE WEST.

G. W. Fowler, M. P. for Kings Tells of R. L. Borden's Successful Tour.

The West Dissatisfied with the Present Government—Strong Impression Made by Mr. Borden—Conditions in British Columbia and the North West Graphically Described.

"The Canadian West is a wonderful country and a wonderful people live there," says Geo. W. Fowler, M. P. for Kings county, who has just returned from a trip to the Coast and through the Territories in company with R. L. Borden, K. C., M. P., leader of the conservative party in the Dominion.

"Through the whole country I didn't meet a man who was not heartily convinced that the west was away ahead of the east. There are no pessimists out there. Even in some of the mining towns, which are experiencing depression every day, in British Columbia, a hopeful feeling prevails. There is no talk of discouragement. They know they have the best country in the world and they are bound to make it even better than the best. And they are doing it, too, and doing it at a rate that we of the eastern provinces can hardly comprehend."

"What do you think of the political situation out there?" was asked.

"For the conservative party—bright, exceedingly bright," was the confident reply. "The liberal government has been in power for some time and has failed signally. Nobody knows it better than the westerners, and with them the party now in power is losing ground every day. In British Columbia, unless the government rises to the occasion and amends the tariff to protect the lead business and other western industries, I don't believe one liberal member will be returned at the next election. The present vacillating policy regarding Oriental immigration has also excited wide dissatisfaction and everyone out there feels that the west has been shamefully neglected by the public works department. They have paid into the treasury a few capita than any other province and have received less."

"In the Northwest provincial autonomy is the leading question, and the feeling is growing that in his desire to further his own ends and maintain control of patronage, Mr. Sifton has betrayed the people he represents. Then the government's policy regarding the taxation of C. P. R. lands has caused wide discontent, and on both of these questions Mr. Borden came out squarely, as he did in parliament, with definite propositions that cannot but give satisfaction."

"In addition to these two questions the transportation problem is naturally of great interest to the Northwest. It is a relatively important consideration, except in court cases, the majority of the men out there recognize that it is necessary to protect the manufacturers of the east in order to make a home market for their own produce."

"I had always heard of the west as bitterly sectional. That is not the case. A few exceptions there the men are broad and give satisfaction. They stick up for their own land, of course, but not to the exclusion of the rest of the world. How could it be otherwise. They are picked men, not only for their most adventurous and boldest are those who have struck out from home to make for themselves new and better homes in the western country, and they naturally come from the east anyway," laughed Mr. Fowler.

The trip the Kings Co., N. B., man has been taking has enabled him to get a far better grasp of the conditions and feelings of the west than he has visited than would be possible to an ordinary tourist. For weeks he has been travelling hither and yon through the richest part of the great west, and he has met and maintained contact with one of a group of eastern public men, studying western conditions and incidentally discussing the doctrines and policy under which the development of the west has been going on.

Again followed, will bring it to a greatness past even the belief of those most optimistic men who live there. Here is a splendid starting point for this band and the impression made by their utterances has been greater than was hoped when the visit was planned.

Borden, accompanied by Mrs. Borden, headed the party. His associates were A. C. Bell, M. P. for Pictou, N. S.; G. W. Fowler, M. P. for Kings, N. B.; E. A. Powell, ex-M. P. for Westmorland, whose wife was also in the party; A. A. Lefurgey, M. P. of Summerside, P. E. I.; R. H. Pope, M. P. for West Toronto; Dr. T. E. Sproule, M. P. of East Grey, Ont.; W. H. Bennett, M. P. of East Simcoe, Ont.; W. B. Northrup, M. P. for East Hants; Ont.; Richard Blaine, M. P. of Bothwell, Ont. Then through the Northwest the party were accompanied by an eloquent New Brunswicker, R. B. Bennett, M. P. of Antigonish, and through Manitoba by Premier Roblin and other members of his government.

In giving a brief survey of the meetings held, Mr. Fowler said that the party went right through to the coast and gave their first meeting at Victoria on Monday evening.

"It was a splendid starting point," he said. "The Opera House was filled and the meeting in every way was an inspiring success. The speakers were Mr. Borden, who was most enthusiastically received, and Messrs. Sproule, Clarke, Northrup and Bennett. We spent a part of the next day sight-seeing, here-as-it-were, the best place, Borden, Blaine, Powell and myself spoke and were given a heart-warming reception."

"This woman who just went out in the night, but when it comes to my sorrow she will go to see her mother."

One thing I remarked about nearly every meeting was the fact that it was presided over by the conservative party. On the conservative side are the people of the west, there's no question about that."

"Then we went to Kamloops, where there was a meeting, and thence to the conservative convention at Revelstoke, which was certainly the finest convention I ever attended. The majority of the delegates were between thirty and 50, and there wasn't a man there who couldn't stand up and give reasons for the faith that was in him. This was characteristic of our people, intelligent, attentive and independent. And in many cases numbers of them had ridden or driven over sixty miles to be there. Those were the people of the west."

In his description of the convention, the result of which was to definitely organize provincial politics on federal lines, Mr. Fowler talked interestingly of the conditions that lock out there that has made some such action necessary. Mr. Wilson, who had been chosen to lead the conservative party, was absolutely devoid of the support of other prominent men such as McBride and Prior, neither of whom could apparently serve under the present government. The latter government were all conservatives but one, and would unite themselves with the strictly conservative party at the first opportunity. It was a difficult if not impossible. In the meantime things would go on as they are unless some fresh complication occurred."

After the Revelstoke convention the party went by the Arrowhead Lake route to the Kootenay district, where strong meetings were held at Roseland, Sunday, and at Kelowna, Monday.

"Speaking about that Greenwood meeting," said Mr. Fowler, "I want to say that a report in the Telegraph of a remark of mine on the Chinese immigration question, referring to some of the I. C. R. people, which seemed to have been quoted in the east, greatly surprised Mr. Powell as saying that the I. C. R. people were a scum of the earth." Mr. Powell criticised the I. C. R. management pretty severely, but not more so than he has done in Westminster, referring to the growing debt and to Mr. Blair's classification of current expenditures under the head of capital account. In the course of his speech he referred to the road as a social political Sargasso Sea, where many political derelicts brought up. He condemned many of the appointments made and used the word "scum" in speaking of some of the appointments, while he said that some others were all right.

After we left the Kootenay a meeting was held at Lechelt, whence the party returned to Kelowna, where Messrs. Borden, Fowler and Bell were the speakers at an afternoon meeting from Calgary, where they were in Edmonton. This part of the trip was a triumphal procession, says Mr. Fowler. At six towns along the route, although no meetings were advertised, great crowds, with bands, were gathered at the stations to greet the westward-bound party.

Grand meetings were held at Strathcona, Fort Saskatchewan and Edmonton, and a return made to Calgary, where the enthusiastic conservative "allies" were addressed at Medicine Hat, Wapella, Regina, Indian Head, Wapella, Whitecourt, Mooseman and Quappella.

At Grenfell, Mr. and Mrs. Powell, Mr. and Mrs. Bell, Mr. and Mrs. Bennett, and Mr. and Mrs. Northrup, who joined the party at Mooseman, Messrs. Bell, Northrup and Bennett will be compelled to return in a few days. Mr. Fowler of Dunsmuir and other prominent conservatives will join the party and assist Mr. Borden during the rest of the trip.

"Mr. Borden is making a magnificent impression throughout the whole west," said Mr. Fowler, in answer to a question. "While he has not the shallow sort of the demagogue his manly and uncompromising statement of his political beliefs and intentions go straight to the hearts of such men as make up the greatness of our great west. He is winning friends every day. One thing they note and approve about him is that he is not afraid to talk the same politics out there he talks in the east. I had been led to believe that he was all for free trade, but I saw nothing to indicate that this was the case. At meetings in the territories, for instance, there were banners with such mottoes as 'Hurrah for the old National Policy' and 'Protection for Canadian Industries.' The best men out there recognize that for the sake of preserving home markets for their own products eastern industries must be protected. The liberals, as I said, have missed their one great chance out there chiefly because those of their leaders who are not incompetent are opportunists. The west has not been slow to recognize this fact, and to a great extent has lost faith entirely in the present government. The liberal immigration policy also has turned many of their friends away from them. All through the west everyone is dissatisfied with the Doukhovniks, who were ushered into Canada with such a blare of trumpets. They are simply no good. They refuse to assimilate Canadian views and can never be more than obstructionists. The Galleries are better and show a tendency to adopt Canadian ways and even to learn a little about Canadian conditions."

"Don't worry about the west politically," said Mr. Fowler. "Unless the liberals wake up and do some miracles in the next year or so there will be no hope of their coming back to power. This will wash them out of the political landscape. Just watch the west."

Mr. Fowler was only in St. John a few hours. Saturday, concluding his tour of the C. P. R. at noon and leaving for his home in Sussex in the evening.

ST. JOHN'S CARNIVAL.

Autumn Week of Sports Opens Tomorrow—The Programme.

Yacht Races, Base Ball, Horse Races, Athletics, Illuminations and Music Are the Big Attractions for the Week.

(From Tuesday's Daily Sun.) The programme for the great autumn carnival, which the enterprise of a few sport-loving citizens has made possible for St. John, is practically completed. As it stands it promises to be the best and most entertaining yet held in this part of Canada. Beginning tomorrow with the yacht races on the harbor, the week will include some of the best horse racing, base ball and track athletics ever seen here, and will provide by far the best programme of band music ever heard in the lower provinces.

THE MUSICAL. By special permission of the high military authorities, the Fifth Royal Regiment band of Halifax, fresh from the parent isle, and one of the best organizations in the British army, will come to this city to play seven select programmes in Victoria rink, commencing on Wednesday evening. There are thirty-five men in the band, as many as in Stewart's Rhinoceros' Band, and they are playing steadily to the front in the United States, and Dan Godfrey, the greatest bandmaster in England, says they are excellent musicians. The last concert will be given Saturday evening, commencing at 8 p. m. This rink is now sealed as during the Chapman musical festival. Visitors may either promenade or be seated.

This great band is the finest imperial band of prominence to visit St. John within the last 20 years. Everyone will want to hear it and the Victoria rink, with its ample and splendid acoustic properties, will enable large numbers to do so. The admission has been placed at the popular price of 25c.

A few years ago, when it was proposed to bring the band of the Royal Berkshire Regiment here, seats were sold at \$1.00 each, and before it was advertised for the band, some of the ladies and school children to enjoy a musical treat. So that the children may all go the price of admission has been placed at 15c.

HARBOR SPORTS. For tomorrow's yacht races on the harbor twelve boats have already entered, including all the best in local yachting circles. Those who will compete are the Windward, Canada, Lovina, Gracie M., Wapella, Wapella, Wapella, Robin Hood, Ethel M., Towhava, Swan, Edith and Kathleen.

The illuminated harbor parade on Monday evening, Oct. 13, promises to assume greater proportions than have been witnessed in the past. The Neptune Club are taking hold of the matter vigorously, and at a meeting last night decided to assemble at their boat house on Saturday and Monday for the purpose of decorating the boats. All who possess steam or sailing boats are requested to join in the procession and will be furnished by the Neptune club with decorating and illuminating materials.

The three great base ball games will not be held on the Shamrock grounds, as advertised, but on the Victoria grounds, at Marsh Bridge. The grounds is being put into first class condition for the athletic events.

As the sporting programme stands now, yacht races all Wednesday, horse races, Thursday; base ball, Friday and Saturday; harbor regatta, base ball and illuminated boat parade, Monday; and the regatta, Monday and Tuesday nights music and fireworks, Tuesday and Wednesday. Some of the American yachts entered, Tuesday afternoon. Through all the visiting bands will play, and on Monday and Tuesday nights music and fireworks, Tuesday and Wednesday. SECOND CABIN RATES UP. NEW YORK, Oct. 5.—The Atlantic steamship lines under the management of the new company have decided to increase their second cabin rates for passengers east or west to \$15 on slow ships and \$12 on the swift twin screws. This is equivalent to a raise of about \$5. Lines are out of the business combination have agreed to the increase.

ROSPIGLIOSI CASE.

A Point That Affects Thousands of Marriages in the United States.

ROME, Oct. 6.—The statement is made that the presence in Rome of the end of this month of Monsignor Charles Rospiogliosi, Archbishop of Orleans and apostolic delegate in Cuba and Porto Rico, will result in decisive action with regard to the claims of Prince Rospiogliosi in the matter of securing the performance of a religious ceremony with Princess Rospiogliosi (the princess was Miss Marie Reid of Washington, D. C., and was married first to Frederick Parkhurst of Bangor, Me.). The Reid-Parkhurst marriage was celebrated by Monsignor Chappelle when he was pastor of St. Matthew's church, Washington.

Prince Rospiogliosi threatens to create a scandal if his religious marriage with the princess is not allowed. He maintains that Monsignor Chappelle did not obtain the necessary dispensation for Mr. Parkhurst and that Miss Reid married Mr. Parkhurst not knowing that he was not of the Catholic faith. Princess Rospiogliosi has appealed to the pope for a dispensation for the annulment of her marriage with Frederick Parkhurst. The matter involves a point of canon law, the decision of which is considered as liable to affect thousands of marriages of Catholics and non-Catholics in the United States.

UPHAM ORANGEMEN AT CHURCH. The members of Kinnear L. O. L. No. 44, attended divine service in the public hall, Upland, on Sunday afternoon. Bro. Rev. W. W. Lodge, a member of Hampton L. O. L. No. 52, preached from I Peter 2:17, "Honor all men, love the brotherhood, fear God, honor the king." The pastor of the hall from the residence of Bro. James Baird. The building was filled to the doors, many persons standing throughout the service. In addition to the local Orangemen there were present several visiting brethren, among whom were Philip Palmer, P. D. G. M. of the province; Fred M. Sproul, P. C. M. of Kings county, and the deputy master of Harmony L. O. L. No. 45, of Loch Lomond, St. John county, as well as others from Simons and St. Martins.

DESSERTERS FROM H. M. S. PALLAS ARRESTED. Two young men who gave their names as Henry Mitchell and David Johnston were taken in charge by the police between 3 and 4 o'clock Sunday morning on Dock street, for wandering about the town and not giving a satisfactory account of themselves. When locked up they had about \$3 about them. Last night Deputy Chief Jenkins and Detective Killen questioned the men and examined their arms, feeling satisfied that they were deserters from H. M. S. Pallas at Halifax. Marks were found on their arms corresponding to those given in the descriptions of Henry J. Dagworthy and Richard Dowd, the deserters. The prisoners finally admitted that they had run away from the Pallas. The naval authorities at Halifax were at once communicated with, and the men will probably be sent back today or tomorrow.

SLIGHT ACCIDENT ON ST. STEPHEN BRANCH. On Saturday morning about 7 o'clock a C. P. R. freight No. 24 was approaching Moore's Mills on the St. Stephen branch of the C. P. R. The brake hanger of the first car behind the engine snapped, causing the derailment of several cars and tearing up the track for a distance of about nine rail lengths. Nobody was injured, but the wreck necessitated transferring passengers bound to and from the Adams at the spot. Traffic was resumed Saturday night.

BROTHERHOOD OF ST. ANDREW. The annual convention of the Brotherhood of St. Andrew, which will be held in Boston from the 12th to the 15th inst., promises to be one of the best yet held. The place of meeting being so central to a great many chapters, it will probably be very largely attended. Many of the bishops and leading members of the clergy of the United States will take part. The following will probably go from this city: Rev. Dr. Raymond of St. Mary's church, Herbert C. Tilly of St. John's, and H. H. Pickett and T. E. Simpson of Trinity.

AT GAGETOWN.

A Very Successful Opposition Convention Held.

All Parishes Represented and Strong Nominating Committees Appointed—Resolutions.

GAGETOWN, Oct. 2.—The convention called for today for the purpose of promoting good government at Fredericton, or in other words, a meeting that had for its object the defence of the present tanyard (as one man expressed it) government of New Brunswick, was exceptionally well attended, at least one hundred electors being present.

Representatives from every parish but two were in attendance and a keen interest was shown in the good work. There were present besides R. D. Wilmot, M. P., and J. D. Hazen, M. P., P. H. Hetherington, A. F. Camp, John R. Dunn, Morris Scovill, A. C. Smith, George Robinson, H. Wiggin, T. I. McKenney, F. S. Dingle, H. B. Hall, Thomas Williams, Capt. George Weston, F. L. Gunter, Wm. McKeague, R. F. Davis, George H. Gale, Thomas Gale, Joseph B. Beach, Abner Sharp, S. E. Vanwart, John Vall, Wm. Corbett, Mr. Dunn, T. S. Peters, John Armstrong, Levi Tuck, Wm. Hamilton, A. B. Case, D. Q. Nickerson, Wm. Kennedy, Wellington Fowler, Hiram Humphrey, George Clark, Davenport Colwell, Wm. Briggs, Alfred Straight, Arch. Worden and many others.

B. S. Babbitt, acting as provisional chairman, called the meeting to order and business was at once proceeded with. As Mr. Babbitt could not act more than a few minutes as chairman, S. L. Peters was chosen to fill the chair. He explained fully the objects of the meeting and called on Mr. Hazen to present the audience.

Mr. Hazen expressed himself as well pleased to be again with the electors of Queens county. After a short address in which he pointed out the reasons why a strong opposition should be placed in the field to fight the present government, he outlined the work to do and asked the convention to so arrange matters that the nomination of a candidate should be a wise one and that all parishes should be equally represented.

R. D. Wilmot, M. P., upon being called upon, made a short address urging the people to work as one man in their endeavor to unseat a corrupt administration. He spoke of the bridges and roads throughout the province being in a sad state of dilapidation through the negligence of the present commissioner of public works. He impressed on the hearers the criminal carelessness of the department in their failure to repair the Oranoto bridge in face of the fact that Mr. Hazen and others had repeatedly drawn attention to its unsafe condition.

The meeting read with interest of regret from A. McL. Thurrott and Charles Coakley in their inability to be present though they were in sympathy with the movement. A letter to the same effect was read from S. M. Starkey. Mr. Wood also expressed the regrets of L. A. Curry of St. John, who could not be present.

H. W. Wood moved that a committee of five be appointed from each parish to be a nomination committee and to meet at the call of the chairman. The motion was seconded by Mr. Hetherington and carried, whereupon the delegates from the different parishes appointed their men and reported to the chairman as follows:—

St. John—J. H. Hamilton, C. Worden, W. S. Fowler, D. Hamilton, Robert Phillips, S. M. Starkey. Peterborough—H. M. Corbett, Robert Scribner, W. B. Fowler, Henry McKeague, W. H. Queen. Hantsport—D. O. Dickerson, S. L. Peters, David Slipp, A. P. Slipp, T. W. Machum.

Chipewic—R. G. Ritchie, St. Clair Fraser, George Chase, Daniel Fowler, Wm. W. King. Canaan—A. McM. Thurrott, C. M. Coakley, Wm. McMann, George Munro, Orland Carle.

Gagetown—A. C. Crothers, R. S. Babbitt, Wm. McKeague, Wm. Borris, F. S. Dingle. Cambridge—Mr. Scovill, Mr. Jones, George Robinson, T. L. Dykoman, W. H. Springer.

Waterloo—J. B. Wiggins, Thomas Gale, W. G. Kennedy, Clarence H. Murray, Wm. Burke. Brunswick—Charles Cole, H. Beach, Isaac Cornwall, T. M. Verd, Joseph Beach.

Windsor—A. D. Case, J. B. Mott, J. A. Moe, Eldon M. Akerley, B. McKell. The following resolution, moved by Mr. Scovill and seconded by Mr. Orland Carle, was then passed unanimously:—

Resolved, That the electors of Queens county are assembled to give approval of the course pursued by the opposition in the legislature since the general election of 1899 and express their confidence in the leader of the opposition, J. D. Hazen, M. P., and hereby pledge themselves to support the candidates who shall be nominated to contest the county at the next general election.

After some other routine business, the meeting listened to some very interesting speeches from H. W. Wood, N. B. Hetherington, Capt. A. F. Camp, Mr. Worden, D. O. Nickerson, Councilor S. L. Peters and J. D. Hazen.

The meeting closed with cheer for the King and with the singing of the National Anthem. It was admitted on all sides that a large and more thoroughly representative party gathering had never been held in Queens county, and the prospects of opposition success are regarded as a hundred per cent. better than at the last election when Mr. Ferris' majority was a very narrow one.

ARTHUR OSWELL, older residents of St. John will be remembered by David T. Oswell, who was a teacher of the school, and then to the St. John, where his death was reported in the newspapers, a sixty-seven years of age. Prof. was born in Boston. In his later home he was very busy, as is evident by the expression of sorrow in the press. A widow and children survive him.

BRIDES OF OCTOBER.

HARRISON-HARTT.

The marriage of Miss Laura Mary Harrison, daughter of Mr. William F. Harrison, to George Sanderson Hart of the Bank of British North America, Toronto, took place at Trinity church at three o'clock yesterday afternoon.

It was a pretty wedding, the centre piece being occupied by the guests, while the remainder of the church was filled with people to witness the nuptials. The guests were ushered by J. G. Harrison, Dr. T. Dyson Walker, L. F. D. Tilley and Fred H. Tippet. At three o'clock the bride entered the church, escorted by her brother, William F. T. Harrison. She was attended by Miss May Harrison and Miss Emma Tuck, as bridesmaids, and by little Miss Hamlin Harrison as maid of honor. The bride's dress was of white peau de soie. The bridesmaids wore white serge, with crimson hats, and carried crimson roses. Little Miss Harrison, the maid of honor, wore white serge, with white hat, and carried a basket of roses. Bertram G. Harrison was groomsmen. The marriage was solemnized by Rev. Canon Richardson. The choir of Trinity was present and sang the wedding hymn, "The Voice That Breathed Over Eden, and at the conclusion the wedding march was finely played by Mr. Strand. After the wedding the bridal party and guests drove to the residence of Mrs. Harrison, No. 78 Elliott row, and enjoyed luncheon. Mr. and Mrs. Harrison left the C. P. R. last evening for Upper Canada. They received many beautiful gifts.

RING-BROWN.

At the residence of ex-Ald. J. Alfred Ring, St. James street, Carleton, on Tuesday evening, at 8 o'clock, his daughter, Miss Helen R. Ring, was united in marriage to Norman E. Brown of Amherst. The wedding was a quiet one. Rev. Mr. Scovill, pastor of St. Jude's church, officiated. The happy couple left on the late train for their new home in Amherst. The bride was a very popular young lady and her removal from Carleton is regretted by a wide circle of friends. She received a number of very beautiful presents.

AN INTERNATIONAL MARRIAGE.

There was a very pretty wedding at the home of Mrs. J. A. White, 71 Partridge row, Wednesday morning, when her daughter, Augusta May, was married to George A. Chandler of Hartford, Conn. Mr. Chandler is a well known chemist in Hartford. His father is the senior member of the firm of Chandler & Co., wholesale druggists. Mrs. White is a graduate of the Hartford training school for nurses. The room in which the happy couple were married was beautifully decorated, the groom and bride standing in the arms of the future mother-in-law. The groom stood under a canopy of white and red, the bride in white and red. The ceremony was performed by Rev. Mr. Scovill. The happy couple left on the Boston train for their future home, after a trip to New York, followed by the good wishes of the friends of their international marriage.

FUTURE OF RHODESIA.

Country Will Probably be Absorbed for the Benefit of the People.

(Brooklyu Regle.)

LONDON, Sept. 25.—The death of Cecil Rhodes has left the gigantic chartered company of South Africa floundering about headless and aimless. There is no one to take the place of the man who dreamed only of the making of empires. The subject in life was the aggressive, self-reliant, the enhancing of his power and influence throughout the world, and he permitted obstacles no matter how enormous, to stand in his way. The chartered company has stood for years, and its foundation, in fact, as the monument of Cecil Rhodes and his system.

The foundation for a new mill at Cushing's Point is being laid. It is reported that Cushing & Co. contemplate building a new pulp mill, where their old mill has been converted into a pulp for a coarser paper than is made at the other pulp mill. Some means has to be adopted to save the immense quantity of timber which is being cut for the purpose of removing the wood from the mills. All the available land around Fairville is being filled up with edge-logs, slabs, etc., and this new method is being adopted to utilize the returns and save expense.

A beautiful large dog was found wandering around King's mills last week, and fifty dollars, representing his home, fed him, and kept him all night, and he was perfectly contented to stay. He had on a collar with name all over it, and he was finally deciphered to be that of a well known dog on Douglas avenue. The honest boy tramped over there with the dog, and a reward of honesty the boy was thanked for his good deed. The dog was several things of a similar character, and "thanks" so encourage them to be honest, that they look with longing eyes towards the "honesty" boys, who make more by being dishonest. "Honesty may be the best policy," but there is not always much money in it for the boy. A boy is human, like men, and a ten cent piece for an honest act would make him see the value in the future.

A SUBSTANTIAL CHECK.

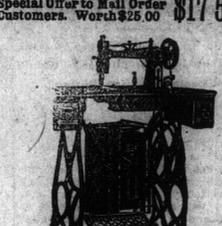

Officer S. D. Hamm has received a letter from his son, Frank N. Hamm, who is now near Heidelberg with the South African constabulary. Enclosed in the letter was a cheque for four hundred and fifty dollars, representing his Trooper Hamm's savings from his pay since he went to Africa. Frank is enjoying life on the veldt and says that since the declaration of peace the work has been quite easy. The men are now doing patrol duty and sometimes spend two or three days in the saddle on long runs. They are having a good time, and none of the men are talking of coming home until their time expires in 1904.

Accompanying the letter was a photo of Frank, taken with Fred Cronk of Adelaide road.

LAURIER COMING HOME.

MONTREAL, Oct. 3.—The Star's London cable says: Sir Wilfrid Laurier and Lady Laurier arrived in London last night. Sir Wilfrid planned to go to Haddo House and today he is to pay a visit to Lord and Lady Aberdeen, but friends strongly urged Sir Wilfrid to take a rest, which he will do in Scotland. The French minister, M. Delcasse, is expected to visit Sir Wilfrid in the next few days. The French minister is expected to visit Sir Wilfrid in the next few days.

MARYSVILLE, N. B., Oct. 1.—The 17th annual meeting of the N. B. and P. E. I. of the Women's Missionary Society opened in the Methodist church, Mrs. Chipman, president, in the chair. After a brief prayer service, Miss Isabella Blackmon, returned missionary from Japan, was introduced. She was in attendance during all the sessions of the branch. The roll call showed sixty-three delegates present. Others are expected. Reports from the following districts were received and showed an increase in funds and membership in nearly every one: Chatham, Sackville, Fredericton, Charlottetown, St. Stephen, Summerside, Moncton, Woodstock, Miramichi, and St. John.

Mrs. (Rev.) James Rogers of Fredericton, formerly of the N. S. branch, was introduced and welcomed to this branch. Mrs. Rogers reported an increase in membership and funds. Miss F. E. Palmer, corresponding secretary, reported good work done and a general increase in all departments. Mrs. Reid, general treasurer, reported an increase in funds. Total raised, \$6,728.82; increase, \$713.23; total membership, 1,675; life members, 106; total band membership, 2,055; life membership, 106; increase, 157.

The address of the president, presented with much earnestness, urged greater diligence in the work of the Master. A plan of work for the year was discussed by Mrs. Palmer, the work was discussed by many of the delegates. The consecration service was led by Mrs. Thompson.

The public meeting was opened at 7.30 with hymns, the morning light in breaking, prayer by Rev. R. S. Crisp, and scripture reading by Mrs. Howard, and address by Mrs. Chipman. The address of welcome by Miss Fishburne was responded to by Mrs. Sprague. The report of the general officers covered the statistics gone over during the day. Miss Blackmon spoke at length on the work in Japan. She spent eleven years in the field, she is able to present its claims as only one can who has fully given their life to the work. Speeches were made by the choir while the offering was taken. The benediction was pronounced by Rev. W. W. Brewer.

MARYSVILLE, N. B., Oct. 2.—A prayer morning session opened at a prayer service, led by Mrs. S. Howard; subject, Abiding Strength. Mrs. Chipman took the chair.

The collection at the public meeting amounted to \$62.61. An offering of \$50 was received from a friend. The branch received an invitation from Mr. Gibson to visit the cotton mill or to go by rail up the cotton mill or to take place Friday afternoon.

A paper, "The Constitution; What It Means, Where and How," by Mrs. H. Leard, was presented and discussed. A paper, "How to Study Via Christ," was presented by Mrs. Mathews. After a lengthy discussion it was found that a long felt need in the W. M. S. for some systematic study, and the study of this book will no doubt prove to be just what has been needed.

The afternoon session's devotional exercises were led by Miss Blackmon with a Bible reading on service, Matt. 20:1-16. A paper on Normal Work, by Miss Whitaker, was read, and afterwards carefully discussed. Miss Smith, editor of the Palm Branch, gave her report, which was encouraging. It was followed by an original poem from her graceful pen. A paper was read by Miss Smith, author's name not given, on Why a W. M. S. Language in a Country Community of Intelligent Christian Women. After too brief a recess work was resumed and a bright paper given by Miss Maud Crisp on Why Mothers Should be Interested in Mission Band Work, and How to Interest Them. A brief discussion followed. The Marysville Mission band gave an exercise on our Indian work, cleverly led by the same young lady.

Miss Blackmon held the children for a time by giving them an interesting talk on Sabbath school work in Japan. The president announced that an invitation to branch and visitors to go together with their hosts and hostesses, had been extended by the ladies of the Marysville Auxiliary to an At Home at the residence of Mrs. Williams at 8 o'clock Friday evening.

MARYSVILLE, N. B., Oct. 2.—After routine and the presentation of the

NORTH SHORE FARMERS' INSTITUTE. BLACKVILLE, Northumberland Co., Oct. 3.—The first meeting of the Doaktown Farmers Institute might be considered a success. The secretary, Wm. Murray, had done what he sought to give the meeting publicity, and those who came were interested, among them Mr. Swin, the saw mill man, who also owns a large farm near Doaktown, and intends to make it a stock farm. The Blackville institute was visited on Oct. 1st, where another interesting meeting was held, and the discussion was along the line of the cultivation of the soil. Mr. Misereau was of opinion that if the government would furnish cheap money it would help the farmers to practice what he knew. Mr. Bamford thought these meetings were very helpful, as they stimulated thought and influenced better practice.

Here it was that F. E. Sharpe of Midland received the very sad news of the dying condition of his wife. He left for home on the first train. Mr. Raynor, the delegate from Ontario, is pursuing the course laid out alone until other help arrives.

NO SENTENCE TODAY.

Judge Landry Will Probably Reserve Sentence Until Later in Session.

Probably Tomorrow Morning Higgins Will Hear the Dread Words—Not Yet Decided Whether He Shall Occupy Condemned Cell or Not.

It is not probable that the sentence of death will be passed upon Frank Higgins today. Court will open this morning at 10 o'clock and as the first business Judge Landry will hear the argument of Mr. Mullin for a reservation of the case.

At its conclusion, which will probably be Wednesday morning, should Mr. Mullin's appeal have been refused, Higgins will be called into court and receive the sentence which clinches justice. This will likely be the procedure in the case of the Judge's decision to reserve the case.

There is, on the top flat of the old jail in the center of the corridor at the back of the building, a cell numbered eleven and known as the condemned cell. Its only difference from the others is in its double strong steel grating and in a heavy wooden door which opens outside of the bars, preventing all communication between the occupant and other prisoners.

It is in this cell nearly every murderer who has been sentenced to the gallows in this city since the morning of the last days. The last occupant who lay under no direct charge was Maxwell, the murderer of Capt. Bailey, but during the trial he was charged with the murder of the jailer and the common drunks, petty thieves and vagrants should be confined within its grim walls, somewhat removing its character from that of a prison.

Whether or no Higgins will be transferred from his present quarters to the old condemned cell after sentence has been passed rests with Sheriff Ritchie, who has been asked to advise the warden on the question of the transfer.
