MANY STRIKERS RETURN TO WORK

Owners Report 40 P. C. of Employees of One Mill Again at Work.

STRIKERS DENY STATEMENT

Quiet Day Passed in Lawrence—Permission to Strikers to Attend Funeral Anna Lopozzo Rescinded.

Lawrence, Mass., Jan. 31.—Encouraged by the presence of militiamen who are constantly in evidence in the streets on foot and on horseback more operatives reported for work in the textile mills of the city today than on any day since the strike of 20,000 employees began nearly three weeks ago. The mill agents gave out a statement tonight to the effect that in one of the larger mills fully 40 per cent. of the regular force reported for work during the day.

A still more marked accession is expected throughout the remainder of the week, as the fear of intimidation is removed and the people become assured that there can be no renewal of the violence of Monday, says the statement.

The strikers, however, deny any desertion from their ranks at a general strike meeting today representatives of one nationally after another reported their people standing fast. Most of those who are working are said to be French Canadians and other English speaking operatives.

Today was one of the quietest since the inception of the strike. The arraignment in court of Strike Leader Joseph J. Eitor and his lieutenant, Arturo Giovannitti, who were arrested at midnight charged with being accessories to the murder of Anna Lopozzo, provoked no trouble of any kind, although it had been feared that a demonstration might result. After pleading not guilty and being held without bail, the two were taken to the Essex county court of correction to await a hearing on Feb. 9. Extra militia guards were on hand in case of trouble. But they were not needed.

Col. Sweetzer, the military commander resigned the permission he had granted for a parade in connection with the funeral of the crowd quietly melted away. Late this afternoon the woman's body was quietly laid away in St. Mary's cemetery, the funeral procession consisting of only the hearse and one carriage.

An autopsy was performed today upon the body of John Rami, the Syrian, who was stabbed during a small sized riot yesterday morning in an effort to determine whether he had been stabbed by the bayonet of a militiaman or had died of a knife thrust from some one in the crowd. If the autopsy settled the question the authorities did not make the fact public. Col. Sweetzer has decided that there shall be no parade.

Boston, Jan. 31.—The movement for an investigation by the legislature at Boston, of the strike situation took a definite step today when the house sent to the senate a bill calling for an inquiry to be made next Saturday. This action was taken after the house had refused to accept the report of the committee on rules urging that the investigation be postponed. The order will come up in the senate tomorrow.

CAUCUS FAVORS PROROGATION AT AN EARLY DATE
Special to The Standard.
Ottawa, Jan. 31.—A ministerial caucus was held this morning and will be continued tomorrow. The session programme is under discussion and the opinion of the members as expressed in caucus is understood to be unanimously in favor of an early prorogation. The date of the South Renfrew by-election will be probably fixed for some time in the first or second week in March. This will permit the holding of the election on up-to-date lists and in compliance with the statute.

WILL DISCUSS THE HINDU IMMIGRATION PROBLEM IN TORONTO
Special to The Standard.
Ottawa, Jan. 31.—H. H. Stevens of Vancouver will go to Toronto after all and discuss the Hindu immigration problem from the British Columbia standpoint. He has received and accepted an invitation to address the Women's Canadian club on the seventeenth.

GIROUX AGAIN IS CANDIDATE

Citizens' Association in Montreal Issue "Black List" of Candidates Who Figured in Grafting Regime Before Inauguration of Board of Control—Warm Municipal Election Campaign Closes With Polling Today.

Montreal, Jan. 31.—Polling tomorrow will bring to a close one of the warmest municipal election campaigns that Montreal has yet experienced. Although tomorrow's elections only decide the membership of the city council and the occupant of the chief magistrature's chair, the members of the Board of Control having two more years in office, the latter have become involved in the struggle through the candidature for seats in the council of members of a reactionary group opposed to the power of controllers and eager to see it weakened.

The reactionaries consist for the most part of ex-aldermen, either directly or indirectly discredited by the Royal Commission investigating municipal finances and administration in 1909, or open to attack through having been members of a clique of twenty-three aldermen in the 1909 council who consistently voted the city's money to high tenders for public works to the great profit of certain middlemen. These aldermen were unable to hold their seats in the elections of 1910, but have since been campaigning in preparation for the present election.

The citizens' association have drawn up a black list and are calling upon the voters to cast their

votes against the following: Giroux, in St. James; Gallery, in St. Ann; Levesque, in Duvernay; Seguin, in St. Mary; Martin, in Laplante; Martin, in Hochelaga; Lamoureux, in Longue Pointe; Lamoureux, in St. Louis; Sauvageau, in St. Joseph; Jodge, in St. Paul.

The association is being backed in its efforts by the majority of the evening papers, certain of the English evening journals being especially strong in their denunciation of the discredited candidates. The fight wages chiefly around ex-alderman Giroux, recognized as the leader of the "23." The Star and the Herald have both carried on a strong campaign against him and he is replying with libel suits, while in his campaign speeches he raises the race cry and complains that he is persecuted because he is French.

Latest charges against him are printed in the "Star" in the shape of an article, presenting proof that he owns a house which his tenants have used as a disorderly house and which is one of the most notorious in the city, having been raided three times in the past six months. The records of the other ex-aldermen are being printed and many of the almost forgotten revelations of the Royal Commission's report recalled.

AIM TO CUT RATES OF EXPRESS
Washington, Jan. 31.—A reduction of approximately 30 per cent. in the express rates of the country, it developed today, is the real desire of the shippers pressing the inquiry of the Interstate Commerce Commission. Testimony of witnesses indicated that this was the motive behind the inquiry.

AT DENIAL OF INSINUATIONS OF THE LIBERALS
Special to The Standard.
Ottawa, Jan. 31.—B. Bennett, of Calgary, arrived in Ottawa tonight after his visit to England. Mr. Bennett is not ready to tell what he learned of the political situation in Great Britain, but on another matter was less reticent. It will be recalled that as soon as Mr. Bennett was safe out of the country on his way to England, a story was circulated in the liberal press of the west, originating in Winnipeg, to the effect that he had expressed himself as favorable to closer relations with the United States and free access to the United States for the products of the west.

U. S. NAVY MAY BE AUGMENTED WITH AUXILIARY SHIPS
Washington, Jan. 31.—The decision of the Democratic caucus against the building of any battleships as part of this year's naval program may have the unexpected effect of adding materially to the navy's auxiliary fleet. Serment today indicated that a substantial program adding to the navy's auxiliary ships would find widespread support in the House.

PENNSYLVANIA RY. MAKES CUT IN ITS OPERATING EXPENSES
Philadelphia, Jan. 31.—The Pennsylvania Railroad Company's total operating revenue, expenses and net operating revenue for the year 1911, showed a decrease for both the lines east and west of Pittsburgh. Compared with the figures of the previous year, according to the figures issued today in connection with the company's December statement they are as follows: Lines east, total operating revenue \$225,993,935; decrease \$2,834,251; Total operating expenses, including taxes accrued, \$177,230,078; decrease \$472,979; Net operating revenue \$48,763,856; decrease \$2,257,271.

Lines west, total operating revenue \$108,356,053; decrease \$6,444,269; Total operating expenses including taxes \$78,782,879; decrease \$2,117,091.

MR. BORDEN'S HOT SHOT FOR OPPOSITION

Liberals Wanted South Renfrew Election Rushed, But Dropped Subject After Hearing Few Home Truths.

NATIONALIZATION OF TELEGRAPH LINES.

Special to The Standard.
Ottawa, Jan. 31.—The Liberals this afternoon made an attack upon the government for not issuing the writ in South Renfrew, and ran up against a counter attack from Mr. Borden, so effective that they dropped the debate rather suddenly. The way was thus opened for some real work and two Conservatives occupied the rest of the afternoon in advocating reforms in the postal and telegraph and telephone services of the country.

A. H. Clarke moved the adjournment in order to criticize the delay in issuing the writ. He declared that the riding had been kept unrepresented since Dec 7 and that such a delay was a violation of the spirit and probably the letter of the law. He also assailed the argument that the state of the list makes delay advisable, saying "that there always were lists in Ontario and that old ones could be used. The South Renfrew electors were gagged."

Mr. Borden described Mr. Clarke's speech as "a noble example of excellent feeling," and went on to give a list of nineteen cases where the Laurier government had left constituencies open for periods ranging from 111 to 293 days. He also recalled the North Renfrew case where the constituency had been kept by the Ross government unrepresented for nearly 18 months.

Mr. Clarke pleaded that in the North Renfrew case the Ontario government had been in its "days of mortification." The late government was moribund when some of these cases occurred, he said.

After dwelling on this and pointing out that though the writ had been issued, Mr. Low had resigned on December 7th, the records showed that he had drawn his sessional indemnity up to December 31st. Mr. Borden explained that the government had intended to delay the election till fresh lists could be procured, but a mistake in one list had been discovered which would render this plan impracticable so that the election probably will be held fairly early.

Sir Wilfrid Laurier accused Mr. Borden of resorting to the Tu Quoque argument. He went on to argue that the election should be expedited because Mr. Low had resigned to allow Mr. Graham to enter parliament. "Did you help Mr. Foster in 1902?" Mr. Borden asked.

Sir Wilfrid Laurier replied that no one had resigned to allow Mr. Foster in.

PORTLAND STREET RAILWAY SOON TO CHANGE OWNERS
Portland, Maine, Jan. 31.—A financial consolidation by which the Cumberland Railway, Light and Power Company incorporated in this city within a year will become the operating company of the Portland Street Railway, whose stock will be purchased within a week by A. B. Leach and Company, of New York, was effected today. E. W. Clark and Company of Philadelphia, and J. & W. Selligman and Company of New York, have become associated with A. B. Leach and Company, it was announced and will introduce their system of management.

JANUARY WAS A BIG MONTH FOR REVENUE
Special to The Standard.
Ottawa, Jan. 31.—The customs receipts for the month of January show an increase of over three quarters of a million, as compared with the revenues for the corresponding period of the last fiscal year. The receipts totaled \$5,598,192.84, as against \$5,783,322.63, an increase of \$184,771.16.

The increase for the ten months amounts to the gratifying figure of \$11,259,944.17, the figures being, for 1911-12, \$70,285,252.08, and for 1910-11, \$59,025,307.91.

GERMANY'S MOST BITTER ENEMY

DENY CHARGE OF VIOLATION OF TRUST LAW
Carnegie, Converse and Two Rockefeller Answer Allegations—Latter Repudiate Active Part in Steel Trust.

CARNEGIE WASN'T IN IT EITHER.

Trenton, N. J., Jan. 31.—Absolute denial of alleged violations of the anti-trust law is made by the U. S. Steel Corporation, its subsidiaries and directors in their answers which will be filed tomorrow morning in the U. S. District Court here, to the government's dissolution suit. Five separate answers will be filed among 33 defendants. The answers made public tonight are those of Andrew Carnegie, John D. Rockefeller, John D. Rockefeller, Jr., and Edmund C. Converse. The Rockefellers made a joint answer. They deny that they had an active part in the formation or management of the corporation, the older Rockefeller declaring that he has had no immediate relation thereto or on the steel business since 1901.

Mr. Carnegie says he had no part in the plans for organizing the corporation and no voice direct or advisory in its management. He admitted selling the Carnegie Steel Company to the U. S. Steel Corporation, but denies that the acquisition by the Carnegie company of its subsidiaries was in restraint of trade.

The answer of Edmund C. Converse, a director of the U. S. Steel Corporation is similar to the corporations answer. Each of the defendants prays that the suit be dismissed.

The answers to be filed tomorrow with those filed Monday by the Minnesota group of land and mining companies and five individuals named as trustees will complete the answers from all 56 defendants named in the suit. The next step will be the filing of replications by the government, which must be done within 30 days unless an extension of time is granted. After that a commissioner will be appointed to take testimony.

CONFESSION DID NOT SAVE M'DERMOTT
New York, Jan. 31.—James McDermott was convicted of manslaughter in the first degree by a jury this afternoon, notwithstanding the testimony that a commissioner will be appointed to take testimony.

St. Petersburg, Jan. 31.—A Mukden despatch says that the arrest of several Japanese suspected of being revolutionary propagandists, a detachment of Japanese troops has arrived there to protect the Japanese residents. Thirty-seven revolutionary agents were executed in Mukden on Tuesday and Wednesday.

GOVERNMENT MAY UNEARTH FURTHER DYNAMITE STORES
Indianapolis, Ind., Jan. 31.—Through evidence given by Patrick Boyle, of Kansas City, Mo., in the investigation of the dynamite conspiracy by the federal grand jury today, it is believed the government obtained information about stores of explosives which were hidden by McNamara's dynamiting crew and which never have been found.

Boyle, a watchman, in testifying about an explosion in Kansas City in August, 1910, told of recently finding nitro glycerine at a spot described by Orville McManigal, the confessed dynamiter. The government officials believe many other stores of explosives, which McManigal knew about may yet be found. Detectives recently have reported that not all the dynamite and nitro glycerine purchased by McNamara had been accounted for.

WHITE SLAVER IS ARRESTED IN THE WINNIPEG COURT
Winnipeg, Jan. 31.—"Arrest that man for me," said Chief Morality Officer Eddie to Sergeant of Detectives Smith in the police court today, leaning over and tapping one of the audience on the shoulder. The capture proved to be one of the most notorious white slave traffickers on the continent, sought for by police of every city, from New York to Vancouver, but supposed to have sailed for Europe. Collins is his present alias, and Eddie recognized him from a police gazette photograph.

Secretary Knox Instigating Anti-German Feeling, Says Kreuz Zeitung.

TARIFF REPRISALS THEME

Proposed British Arbitration Treaties Referred to as Club for Discipline of Fatherland—Prefers English Alliance

Berlin, Jan. 31.—The Kreuz Zeitung couples with a despatch giving the substance of the speeches of Secretary Knox and the German Ambassador, Count Von Dersdorff, at the National Press Club, in Washington last night, a half column attack upon the American secretary of state, as one of the most bitter enemies of Germany in the United States, "as shown in his recent attempt to inaugurate anti-German tariff reprisals."

"Those well informed on American conditions," says the paper, "assert that Mr. Knox is chiefly responsible for the strong anti-German trend which is now and then manifested in the official American policy." The Kreuz Zeitung says that the very manner of taking up the arbitration treaties indicates that President Taft and Secretary Knox are interested first and foremost in concluding the French and British treaties, to hold as a club over Germany. American comment on the visit of the Duke of Connaught, it adds, shows that American statesmen are more inclined to an alliance with Great Britain than to a friendship with Germany.

JAPANESE CAPITAL TO FINANCE CHINESE IRON ENTERPRISE
Shanghai, Jan. 31.—Under the auspices of the republican government a contract has been signed under which Japanese financiers will supply capital to the Han Yang Iron Works. A condition of this arrangement is that the company shall subsequently lend 5,000,000 taels (\$2,500,000) to the Nanjing government.

JAPANESE TROOPS TO MUKDEN TO PROTECT COUNTRY'S INTERESTS

St. Petersburg, Jan. 31.—A Mukden despatch says that the arrest of several Japanese suspected of being revolutionary propagandists, a detachment of Japanese troops has arrived there to protect the Japanese residents. Thirty-seven revolutionary agents were executed in Mukden on Tuesday and Wednesday.

Without Extra Cost

THE ASEPTO PLAN OF DOING BUSINESS IS THE ONLY PLAN OF ITS KIND IN CANADA.

It works itself out in this way: If you spend five cents you get a check worth one cent. If you spend twenty-five cents you get one worth five cents. If you spend \$1.00 you get one worth twenty cents. If your purchase amounts to \$5.00 you get one worth \$1.00 and so on. These goods we sell to you at the same price that you would pay for them at any other store in the city. Instead of giving you a small cash discount we give you a check worth 20 cents for every \$1.00 you spend. We make a profit on the goods you purchase and pay for, while the goods you purchase afterwards with our checks are given you at the wholesale price. To get you to make the first purchase costs us something, while the second purchase, with our checks, you are bound to make from us. There is no selling expense attached to the latter.

What Would You Most Like In Your Own Home?

EARLY QUAKE OF SCARE SEVERITY-- PLACE UNCERTAIN

New York, N.Y., Jan. 31.—An earthquake shock of some severity was registered on the seismograph at Brooklyn college this afternoon. The record began at 3.30 o'clock and continued until 4.00 with a maximum shock of 3.5. Prof. Glover in charge of the seismograph estimated the distance of the disturbance at about 1000 miles but was unable from present data to indicate its direction. While more than a mild shock, Prof. Glover said it was not of extremely pronounced severity.

How a Woman May Retain Her Youth

"The woman who wants to look young must taboo massage cream and liquid rouge. She will only harden the structure of her face and destroy the fine texture of the skin," said Mrs. Margaret Holmes Bates, a well known author, to a Chicago Journal representative. "Reputable physicians have declared that if she indulges in artificial methods she risks losing her health," she continued. A perfectly natural method of retaining a bad complexion is by using ordinary mercurized wax, as this adds nothing to the complexion, but removes the latter instead. This wax, obtainable at any drug store, is applied to the skin in the form of a thin film, gently, without harming the skin beneath, which gradually makes its appearance. The brilliantly beautiful complexion thus obtained is a new drug store discovery. It is one way to retain youthful looks.

AGRICULTURAL SOCIETY MEETING

Special to The Standard. Sussex, Jan. 31.—The directors of the Sussex and Studholm Agricultural Society met in the Dairy school today. Owing to the fact that the present hotel accommodation is insufficient, and that neither municipal nor town grants can be secured this year the directors resolved not to have a Sussex exhibition next fall. A seed fair, field crops competition, plowing match and field roots exhibition will be held in their respective seasons, providing arrangements similar to those of last year can be made. The town council will be approached with a view to getting the necessary legislation enacted so that if so disposed the town fathers may appropriate a certain amount for a 1913 Sussex exhibition.

Col. H. Montgomery-Campbell, president of the society introduced a spraying proposition, which, if carried out, will mean dollars in the pockets of the farming and fruit growing members of the society. The plan outlined by Col. Montgomery-Campbell was that the society should purchase and operate a spraying outfit and do spraying for the members for a nominal figure, just enough to cover expenses. The spraying is not carried on along modern methods by the majority of the members of the society, it is thought that the scheme will work out to the mutual advantage of the society and the whole community. The colonel and J. T. Prescott were appointed a committee to proceed with the details and get the scheme on a working basis.

Perim, Arabia, Jan. 31.—An Italian warship yesterday took ten prisoners from a native pearling vessel and killed two of the men who tried to escape by swimming ashore. The warship bombarded two of the villages on Jan. 24 and Jan. 27. It is expected that Hodeida will be bombarded tonight.

OBITUARY.

Philo Adine Northrup. Kingston, N. B., Jan. 30.—Philo Adine Northrup, of Kingston, Kings county, died Monday, Jan. 29th. Deceased was 62 years of age. He had been in failing health for the last month, but his death was unexpected. Four sons are left, Frank S., at whose home he died; Norman, of Wallston, Mass.; Ernest, of Boston, Mass.; and Charles, of New York. Mr. Northrup leaves also two daughters, Mrs. Norman Scribner, of Kingston, and Mrs. J. Prince, of Boston, and one sister, Miss Matilda Northrup, living now in Springfield, N. B. The funeral will be held at 2 o'clock Thursday, at Trinity church, Kingston. The deceased was of loyalist descent, and one of the most respected residents of the life-long residents of Kingston.

HARVARD WINS.

Boston, Mass., Jan. 31.—The Harvard hockey team defeated the St. Francis Xavier's seven from Antigonish, N.S., 7 to 2, in a one-sided game at the Boston arena today.

BURNS IS READY FOR JOHNSON

Honolulu, Jan. 31.—Tommy Burns who arrived here today from Australia en route to San Francisco announced that he is ready to meet Jack Johnson on his own terms having recovered from an injury to his knee sustained in a lacrosse game at Vancouver about 15 months ago. Burns went to Australia some time ago with Jack Lester and has been training pending a full recovery of the wrenched knee.

ROTHESAY COLLEGE WINNERS

The second hockey game in the Queen's rink last evening was between Fredericton High School and Robby College. The former winning in the overtime play by a score of 4 goals to three.

The opening play was fast, Fredericton doing a lot of the rushing with the result that Dolan scored the first goal in eight minutes' time. Barbour followed this up well and poked the rubber in again time nine minutes.

After the face off Hibbard got in some clumsy work and scored the first goal for his team, time 12 minutes. Dolan, of Fredericton, then hauled off one of his classy stunts and netted the puck time 15 minutes.

Andrews then received a 2 minute rest and the half ended with the score 3-1 in favor of Fredericton. After the resumption of play the Robby boys got down to work, Hibbard and Andrews scoring in quick time and tied the score.

The score was tied at half-time, Fredericton winning the game in the second five minute period of the overtime play. The score being gained in out of a mixup in front of their opponents' goal.

The line-up was as follows:
Fredericton Goal Crosskill
Vanwart Point
Bellevue Teed
Boyd Coverpoint
Fleet Hibbard
Dolan Centre
Barbour Gilbert
Rover
Left Wing Andrews
Right Wing Lockhart
Oldham Willet
5-ROTHE
The officials of the game were as follows:
Referee, Halley Clawson; umpire, Brad, Gilbert; Timers, Rothsay, Alton Marshall; Fredericton High School, C. M. Lawson.

MAYOR DINSMORE IS RETURNED IN ST. STEPHEN ELECTIONS

St. Stephen, Jan. 31.—The annual town elections held here today passed off very quietly, with no great issue before the people. For Mayor Dinsmore, who had filled the chair for two years, was opposed by J. R. Polley, who had been a councillor for several years. The former polled 318 votes and the latter 104.

Mayor Dinsmore had a substantial lead in every ward. In Dukes ward, John G. Hamilton and Hugh Love were elected councillors by acclamation, and in Kings ward Arthur D. Cannon and Amos A. Mallory were accorded a like honor. In Queens ward there were three candidates for two vacancies. Parker Grimmer received 150 votes, Thomas Casey 132, and the adjoining Crosby's warehouses and others adjoining, together containing some where in the neighborhood of twenty-eight acres. The intention of the company is to sub-divide as necessary, and sell for warehouses and factory sites. The price paid is hard to estimate, as the property was bought in one block. The same company have also purchased about thirteen acres in Lancaster, bounded by Havelock street on the west, the street on which the Street Railway goes to Seaside Park, Charlotte street extension and St. Andrews Road. This property lies very well, and the intention is to sub-divide it into residential lots.

IMPORTANT TRANSACTIONS IN REAL ESTATE.

The Lauriston Co., Ltd., of which James Stratton is president, have purchased the nine parcels of track along the I. C. R., the first of which is between the One Mile House and McIntosh's. The adjoining Crosby's warehouses and others adjoining, together containing some where in the neighborhood of twenty-eight acres. The intention of the company is to sub-divide as necessary, and sell for warehouses and factory sites. The price paid is hard to estimate, as the property was bought in one block. The same company have also purchased about thirteen acres in Lancaster, bounded by Havelock street on the west, the street on which the Street Railway goes to Seaside Park, Charlotte street extension and St. Andrews Road. Large Audience to Hear Premier Speak

Hon. John Morrissey and D. P. MacLachlan also Tell People of Newcastle what Government Has Done.

Newcastle, Jan. 30.—Provincial issues were ably and forcibly dealt with at a big meeting in the town hall last night when Premier Fleming, Hon. John Morrissey and D. P. MacLachlan, M.P., were the speakers.

Permanent Highways. In conclusion the speaker referred to the work of the department on the roads and also spoke strongly in favour of the policy of the federal government.

John Clark presided at the meeting, and he introduced Hon. John Morrissey as the first speaker. The chief commissioner referred in flattering terms to the ability of Premier Fleming and declared he was giving the province an honest and methodical administration of public affairs.

Along agricultural lines the government also sought to give to the people an advanced policy. A great incentive is now afforded to people for agricultural development. Two sub-departments, fruit growing and poultry, have been inaugurated.

Premier Fleming, on rising, was given a magnificent reception. He was here on his return from Ottawa, where he had been interviewing the outstanding for thirty years.

The speaker personally had done his duty regardless of party politics and personal feeling. He believed in the best interests of the province and was confident the Fleming regime could appeal successfully to the electorate of New Brunswick.

WAS A GREAT SUFFERER FOR FIVE YEARS FROM DYSPEPSIA.

Dyspepsia is one of the most prevalent troubles of civilized life, and thousands of people suffer untold agony after every meal, for nearly everything that enters a weak dyspeptic stomach acts as an irritant.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

Burdock Blood Bitters has been on the market for about thirty-five years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ST. JOHN, N. B. WEDNESDAY, JANUARY 31, 1912.

THE MARITIME PROVINCES AND IMMIGRATION.

The announcement made by Mr. Rogers, the Minister of the Interior, that satisfactory arrangements have been made by the Federal and Provincial Governments to inaugurate an aggressive immigration policy for New Brunswick will be welcomed throughout the Province as a practical and definite step on the part of both Governments to solve a problem which is of vital importance to every section of this community. The need of co-operation between the Federal and Local Administrations has long been felt and it is no small credit to the Borden Government that this early in its career it has grappled with the question and evolved a policy satisfactory to all parties concerned.

The debate in the House on Monday last, which arose out of the resolution of Mr. Rhodes of Cumberland, N.S., in the facts and figures it disclosed of past neglect of the interests of the Maritime Provinces was something of a revelation to those who have not closely followed the subject. Mr. Rhodes had evidently given much care and attention to the preparation of the evidence and he submitted a scathing arraignment of the late Government, which in its immigration policy practically ignored the claims of the Maritime Provinces and devoted its attention solely to the up-building of the West. He showed, for example, that the increase in population from 1901 to 1911 in the Maritime Provinces was less than 5 per cent, while the population of Manitoba had increased during the same period almost 200 per cent., and that of the other Prairie Provinces more than 500 per cent. The advantages which the Maritime Provinces offered to the immigrant, he contended, had been ignored, and in support of this contention stated that out of 2,428,760 copies of publications issued by the Department of the Interior last year only 150,000 had any reference to the Maritime Provinces. In expenditures the same neglect was apparent. In the last ten years no less than \$914,705.40 was spent by the Laurier Government for literature for free distribution, of which only \$13,740.05 went for literature descriptive of the Maritime Provinces.

The sectional character of the advertisements issued by the late Government was another point touched upon by Mr. Rhodes. He produced advertisements and maps which depicted the advantages of the Prairie Provinces in glowing colors to the exclusion of the Maritime Provinces. "A man knowing very little about the geography of this country," said Mr. Rhodes, pointedly, "would suppose from these government publications that Canada was composed of the three Provinces of Alberta, Saskatchewan and Manitoba." In closing his case Mr. Rhodes suggested that inasmuch as the Maritime Provinces possessed a little more than one-eighth of the total population of the Dominion it would appear to be just that one-eighth of the total amount of money expended for immigration to Canada should be expended to bring immigrants to these provinces. With an expenditure of \$2,000,000 he contended that \$250,000 a year should be devoted to this purpose.

Much additional information of value was contributed by other Conservative speakers, the only jarring note being introduced by Liberal members who attempted to resurrect the dead bones of reciprocity and indulged in the old campaign arguments of "larger markets," in which they professed to see a remedy for present conditions. Mr. A. A. McLean of Queens, P. E. Island, in an able defence of the Maritime Provinces, declared that "we have the best home market in the world," and secure "the best prices for our products that can be obtained anywhere." The crying need, he said, was not "larger markets," but immigrants of good class to settle on the homesteads and bring increased prosperity to the country.

The Minister of the Interior in expressing his hearty approval of the resolution which called for a progressive policy of immigration for the Maritime Provinces, declared that as far as the Borden Government was concerned there would be no discrimination. "I propose," he said, "to invite immigration to the Provinces of Nova Scotia, New Brunswick and P. E. Island in the same form and manner and with the same hope of results that I do to the other Provinces of this Dominion, believing as I do with an intense conviction that we have in the Maritime Provinces in common with the other Provinces of Canada great possibilities which should attract immigrants who want to better their condition." It was a clear cut definition of policy and gives the Maritime Provinces an assurance of fair treatment such as has not been meted out for many years.

Dealing more particularly with New Brunswick Mr. Rogers was able to announce that definite arrangements had already been made with the Provincial Government. "I had the pleasure," he said, "of meeting the Premier of the Province of New Brunswick and his Attorney General, and discussed with them the policy that they propose to inaugurate, better calculated to bring immigrants to that Province. I am very much engaged by the aggressive policy which Mr. Fleming and his colleagues propose to adopt in connection with the work in New Brunswick. I have made an arrangement with them by which we propose to assist them largely in their aggressive policy, and I am satisfied that as time goes on very fruitful and very desirable results will be found to come from the arrangements which we have made in this connection, and which I believe will be announced by the Premier of New Brunswick in the very near future. We have invited every Province of the Dominion to co-operate with us, and every Province will receive fair and generous treatment at the hands of this Government."

This announcement that the Dominion Government will largely assist the Fleming Government in an aggressive policy of immigration and that the terms on which that assistance will be given have been arranged places the future upbuilding of New Brunswick on a firmer and more assured basis than at any period in its history. A policy of co-operation, giving to each Province a fair share of the resources available is the only practical solution of the difficulty. Mr. Rogers' closing words are worth recording: "We propose," he said, "to give to the Maritime Provinces and the other Provinces, all the support and all the assistance which a very healthy treasury is able to give, in order to bring immigration to Canada, with a view to having here a happy and contented people in greater, and much greater numbers than we have at this time." With this progressive policy carried out, as there is no doubt it will be carried, the people of New Brunswick after an unhappy experience of the past may well rest content. Development and progress are assured.

NEW BRUNSWICK COLLIERIES.

Very early in the history of New Brunswick the French explorers discovered coal in Queens County and for a time carried on mining operations, sending the product to Annapolis. Of course, these operations were on a very limited scale but they were the first of the kind in Eastern Canada. The early English settlers also knew of the existence of coal and it was used for black-smith's fires for which it was considered the best obtainable. For many years coal was taken from different parts of Queens and Sunbury counties and transported by sleds in the winter season in considerable quantities to Fredericton. In the summer the St. John River furnished the principal means of transportation to both Fredericton and St. John, but the mining was carried on in a very indifferent manner and the coal was loaded to such an extent with dirt and shale, that its use for household purposes was never very general.

The original intention of the promoters of the Central Railway was to furnish an outlet for Queens County coal, but for some reason the railway was never extended to the mines, but stopped at Chipman. The action of the New Brunswick Legislature under which the bonds of a company constructing a railway through the coal areas of Queens and Sunbury counties to Fredericton, and opening up mines along the route of the railway, were guaranteed, was in every way a praiseworthy one had it been carried out as originally proposed.

This, however, was not done. Instead of completing the railway to Fredericton, only fifteen miles of main line were built, and the remaining mileage of the New Brunswick Coal and Railway Company consisted of branch lines to the mines.

It is rather amusing, at this date, to read the speeches of those responsible for the New Brunswick Coal and Railway project, which was to make Queens and Sunbury the most prosperous counties of the Province. All are familiar with the complete failure of the project as introduced into the Legislature by Mr. Tweedie, in the most optimistic speech he ever delivered as a member of that body. Not only did his government completely fail to carry out the pledges made, but the results, instead of being beneficial to the country, were most disastrous in a financial sense. The scandal attending the handling of the money of the Province was among the worst of recent years. About three-quarters of a million dollars disappeared and no real good followed.

While Mr. Tweedie and his government utterly failed to develop the Queens County areas, there was still abundant evidence of the vast amount of wealth buried under the soil in that section of the country. Experience had demonstrated that no better coal for steam purposes could be found on this continent than Queens county coal. Wherever it was used it had given satisfaction, which had created an increased demand for the product, particularly in the city of St. John, where the demand was greater than the supply.

It was due to the large demand for New Brunswick coal in various sections of the province which led the Hazen Government to adopt a plan for the construction of a railway from the mines to Fredericton thereby opening up an increased market for the coal. The necessary legislation was obtained for the construction of this railway and a company found ready to carry out the project. This company is now headed by Sir Thomas Tait and backed by the Canadian Pacific Railway Co., which undertakes to use 100,000 tons of Grand Lake coal annually. This is more than double the quantity of coal now raised in this district.

From reports current in the mining section of Queens there is much activity in mining properties along the route of the proposed railway, the construction of which is to be commenced this year. Already several important mines have changed hands and options have been obtained on others. The immense clay deposits in the vicinity of the mines are also attracting attention and will no doubt be developed in the near future.

It is beyond question that instead of 40,000 tons of coal annually, a quarter of a million tons are certain to be raised in the next ten years. This means the employment of a large number of laborers and the circulation of much money for wages. It also means a considerable increase of population and a better home market for the farmer. The progressive move made by Mr. Hazen in guaranteeing the bonds of a corporation constructing the railway for a limited sum is heartily endorsed by all who are desirous of seeing New Brunswick more prosperous than it now is. The construction of the railway from Fredericton to Minto is second only in importance to the Valley Railway project as a means of developing one of the most important sections of the country.

The Hamilton Spectator has the following: "The rabid St. John Telegraph accuses Premier Borden of introducing the spoils system. 'Introducing' is good. What about the half thousand Conservative officeholders Laurier dismissed immediately on attaining office in 1896, 'with many more that followed later? The Telegraph is respectfully invited to come out of its trance.' To this we are almost inclined to say, 'True for you, brother.'"

Current Comment

(Montreal Gazette.)

Some Liberal papers which on Friday and Saturday last had the French Conservative members from this province bolting from Ottawa over a patronage issue, were yesterday explaining that there was and there was to be no bolt, and why there was to be no bolt, the alleged reason being that the members did not wish to lose their sessional indemnity. The explanation is an admission that the first story was a falsehood. It is only needful to add, in regard to the second that men who will lie about one thing to hurt an opponent will lie about another with the same object and the same easy conscience.

(Lethbridge News.)

In introducing a bill authorizing aid to the highways of the country, Premier Borden has implemented another of his pre-election pledges. No comprehensive scheme of road building has ever been attempted in this country. The importance of good roads cannot be over-estimated. Particularly in Western Canada, where the farmers are often located at considerable distance from a railway, the necessity of good roads is paramount. By his decision to improve the highways of the country, Premier Borden has shown himself the friend of the farmer.

(Ottawa Citizen.)

Judging from the prices that have been ruling in Ontario during the past year or two, it would pay the farmers in eastern Canada to cut down their production of cereals and go in almost exclusively for the raising of sheep, cattle and swine; together with roots and dairy produce. In addition to the local market, they would be sure of a good demand from the northwest and also for shipment abroad.

(Montreal Star.)

"Oh, my friends," exclaimed the orator, "it makes me sad when I think of the days that are gone, when I look around and miss the old familiar faces I used to shake hands with."

WATER RATES WILL BE SAME AS LAST YEAR

Water and Sewerage Board, at Meeting Last Evening, Decided to Recommend Council to that Effect.

At the meeting of the Water and Sewerage Board last evening a motion was adopted recommending that the water rates for the city for 1912 be the same as last year. The amount of the water assessment last year was \$144,000.

As the representatives of the Water and Sewerage Board of Lancaster were not present, the rates for Lancaster were not considered, but it is expected they will not be changed.

Ald. Wigmore, president, and there were present Ald. Smith, Elkins, Wilson, Scully, Hayes, C. T. Jones, with the Common Clerk and City Engineer. The proprietor of Carvell Hall requested that the city lay an inch and a half pipe to his premises. The engineer reported that the proprietor had been supplied with two pipes at the city's expense, one to his house and the other to his barn. He recommended that the request be not complied with and said Mr. Carvell had been instructed by the department. Ald. Hayes thought the request should be given serious consideration if the city was not put to unnecessary expense.

Ald. Scully said Carvell Hall had been improved and a bath put in every room. He thought the city should provide more water. The engineer said that the law required that water fittings should be to the satisfaction of his department. But citizens were doing as they pleased, and the water pressure was going down every day. There was a cistern in Carvell Hall some time ago. He added that Mr. Carvell had refused to carry out his instructions, and had been trying to influence the aldermen.

Ald. Hayes protested against the engineer twitting the aldermen. He also observed that if the citizens refused to obey the law, the engineer should go to the courts instead of complaining to the aldermen.

The engineer declared that to put the new pipe where Mr. Carvell wanted it the city would have to cut through rock. He suggested that the present pipe to the house might be replaced by one of larger size.

Ald. Smith moved that the engineer be instructed to ascertain the cost of putting in the pipe, and find out what Mr. Carvell would contribute towards it. This was carried.

The engineer recommended that service pipes be laid to the premises of Mrs. Farren and Mrs. Keen, Delhi street. He said the cost would be \$350, and the revenue 9 per cent. on the outlay. The recommendation was approved.

The engineer recommended that the water assessment of \$8.00 for the years 1910-1911 on Daniel Campbell's house in the Provincial Hospital grounds be written off, as the supply is metered. Approved.

The engineer recommended that a barn be built at the Robertson Reservoir during the coming season to take the place of the one destroyed by fire on January 21st. He said the new building would not cost \$300. The recommendation was adopted.

A motion was passed recommending the council to pass an order making the water rates the same as last year.

In reply to Ald. C. T. Jones, the engineer said the repairs to No. 2 extension were costing between \$5,000 and \$6,000 a year.

To Ald. Hayes he said the revenues from the water assessment in 1911 were about \$9,000 more than in 1910. The total expenditure on the water service last year was \$178,000. The revenues were about equal to the expenditure. The water assessment was about \$144,000, and the balance of the revenues was derived from the meter rates, and ships. The increase of the revenues last year was partly accounted for by the activity of the Board of Health in compelling householders to install patent closets.

A bill for \$2 for inspecting hydrants in Lancaster was ordered to be sent to the parish authorities. The Board then went into private session.

GOLD PUZZLES OLD TIMERS FOR PARALLEL

Harvey Station, Jan. 30.—The cold weather of the past three weeks has started the older folk making comparisons with previous years. One old settler says the 13th of January has been the coldest since cold Friday of January, 1863. January 27, 1912, registered 24 below in this place. The lumbermen in the vicinity are overtaking their work now in good style, as there is enough snow—about one foot in the woods—for good hauling.

WEAKNESS OF U.S. STOCK MARKET STEEL GROWS ACUTE

New York, Jan. 31.—Acute weakness of United States Steel overshadowed all other features of the Stock Market today. The quotations fell 4 1/4 points, borne down by an outpouring of stock which smothered all attempts to support it.

There was no well defined explanation of the selling movement, although it was apparently due to professional operations. The character of the quarterly report of the United States Steel Corporation, issued after the close of the market yesterday was, of course, taken into consideration, but it was generally agreed that the report was favorable as has been expected.

In some quarters the pressure was attributed to "inside selling" in others to the belief that the permanency of the dividend rate on United States Steel had been called in question. The stock touched 59 2/4, the lowest price of several months as compared with the high price Saturday of 65 7/8.

Lack of effective support for the market was so pronounced as to discourage bull traders. The ease with which stocks were depressed in the morning on a comparatively small amount of trading encouraged the bears, and short selling became more aggressive as the day wore on.

CLOSING STOCK LETTER.

By Direct Private Wires to J. C. Mackintosh & Co. New York, Jan. 31.—There was a considerable volume of short covering in the stock market early today based upon the failure of recent bearish predictions to fulfill the pessimistic predictions which had been circulated for several days past.

AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N. B.—"I have always had pains in the loins and a weakness there, and often after my meals, my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOURQUE, Fox Creek, N. B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

ST. JOHN PUTS IT OVER THE MARYSVILLE CRESCENTS

Before a very large and enthusiastic crowd in the Queen's rink last evening the 62nd Regt. hockey team defeated the Marysville septette in a fast and exciting game to the tune of 5 goals to 4. There were several changes in the local lineup, Percy McAvity being moved back to point and T. Gilbert to left wing. Fred Parker was also back in his old position at right wing and showed up in his old form for the final score of the game. Time, 23 minutes.

The next few minutes of play was marked by determined rushing on the part of the locals. B. Gilbert netting the puck for the final score of the game. Time, 23 minutes.

Could you import a Tudhope for \$1,625?

Tudhope Cars were imported from the Everitt factory in Detroit, their price to Canadian buyers would be increased a matter of from \$500 to \$700 according to the model. Tudhope Cars are built in Canada from the Everitt designs. Making them on a large scale, in the Tudhope factory, which has equipment to be found in only the most modern American factories, enables us to sell Tudhope Cars in Canada at the same price as they command on the American market.

Consider what this means in the purchase of a Tudhope four-cylinder 30-36 Touring Car at \$1,625. This car is superior in construction and appointments to many of the imported cars which sell at \$2,500.
Compare it and see.
Examine the long-stroke motor cast in blue; the material used—chrome nickel steel; the double-drop frame; the Continental Demountable Rims and the Bosch Dual Ignition system. Other cars at \$1,625 do not embody these features.
And why? Because the imported cars which sell in Canada for \$1,625 are \$1,100 cars in the United States. They are not as high a type of car as the Tudhope.

Now look at the Equipment:
TUDHOPE SPECIAL EQUIPMENT
Every Tudhope car is fully equipped. That is, it has everything the buyer needs. Besides the usual equipment, which of course includes top and windshield, it has a speedometer, steel toolbox on the running-board and an Extra Tire and Demountable Rims. Every car has nickel trimmings with black-and-nickel lamps, and in addition has the Special Tudhope Equipment.
A Catalogue De Luxe may be had on application.

It would be unfair," said Mr. Foran, "for us to insist on the challenging team abiding by all the rules of the league of the defending team and though Mr. Ross and myself have not discussed the point, I will suggest, in the event of a series between the champions of the British Columbia National Hockey Association, which is virtually assured this season, will be decided under the rules of one league and the second game according to the code existing in the other league. In other words have one game with seven men a side and the other with six men and if a third game is necessary, play it half and half." Mr. Foran scoffs at the idea that any "fixing" is going on in the National Hockey Association games and attributes the reversal of form of the reputed crack teams to be due entirely to the six-man game which he styles as spectacular but lacking in the scientific features of the old game.

No Liniment Like "Nerviline"
Fifty Years' Use Proves It The Strongest, Safest, Best.
1,000,000 Bottles Sold Annually.

The unexampled success of "Nerviline" is due to the fact that it is five times stronger, three times more penetrating, more pain-relieving than any other liniment.
One million bottles used every year—think what this means! Surely strong proof is not possible that Nerviline is a trusty liniment, a household remedy upon which mothers can depend in case of accident or sudden sickness. Scarcely an ache or a pain that Nerviline won't cure—among the hundreds of ailments for which it is guaranteed are the following:—

Headache, Neuralgia, Sciatica, Rheumatism, Lumbago, Sore Back, Chest Colds, Earache, Toothache, Cramps, Diarrhoea, Bowel Disorders.

Doctors will tell you that nothing but the purest and most healing antiseptic drugs are used in Nerviline—that's why it is so safe for general family use, for the baby as well as the parent. If you haven't tried Nerviline, do so now—your neighbors are almost sure to know of its manifold merits and uses.

Refuse any substitute for Nerviline, sold the world over in large 25c. bottles, five for \$1.00, all dealers or The Catarthosone Co., Kingston, Ont.

St. Michael's and St. Joseph's teams play tonight.

TO GIVE THE EAST CHANCE FOR TROPHY

Ottawa, Jan. 31.—While no challenges are in to date for the Stanley Cup's possession, trustee William Foran stated today that as the Maritime Province League appeared to be an organization of senior calibre, a challenge from the winners of that organization for the trophy would be accepted.
Both the East and West Coast leagues are expected to challenge soon. On the principle that a team challenging for the Stanley Cup is en-

Will Lecture on Washington. Thursday, February 1st, at 4 p. m. the third lecture on the free press by the Ladies' Association will be held. Mrs. J. W. Thomson will tell of her visit to Washington with illustrations. Free to all Monday, February 12, the third reunion of members will be held.

Carpenters Union Meets. The Carpenters and Joiners' Union met last evening and voted a sum of money to assist in carrying a case, in which one of their members in British Columbia is involved, to the Privy Council. The case is one under the Workmen's Compensation Act of British Columbia, a company refusing to pay the claim on the ground that the injured man was not living in British Columbia. It was reported that the contractor for the new government wharf on the West Side had agreed to pay carpenters \$3.00 a day when he starts work in the spring.

A Gentle Hint. The county secretary, who is an ardent supporter of the prison farm idea has purchased a very handsome oak chair, made by a Guelp. Mr. Kelley is somewhat subtle. He has placed the chair in the centre of his office, so that the councillors coming to see him must tumble over it. One can well believe that the chair will become a strong advocate for the prison farm project. Mr. Kelley probably remembers that years ago when a furniture factory was started in St. John skilled workmen had to be imported from Upper Canada.

Mangled His Hand. Ralph Preston, an employe of T. S. Simms & Co., while at work in the brush factory after five o'clock yesterday afternoon had one of his hands caught in the machinery and received painful injuries. Preston was engaged at the time working on one of the machines when his hand was drawn into it and before aid could reach him the hand was almost severed. He was taken immediately to the hospital for treatment. Although the member was severely lacerated it was reported at the hospital late last night that hopes are entertained of saving the hand, although at first amputation was thought necessary.

Removing to Ottawa. G. A. Kydd, who for some time has acted as chief clerk in the office of William Downie, superintendent of the C. P. R., left last evening for Ottawa where he has accepted a position. Previous to his departure Mr. Kydd was met in the office of Mr. Downie yesterday afternoon and was presented with a gold watch, suitably engraved, and a gold chain, as a token of esteem. The presentation was made by Supt. Downie, who also read an address. Addresses were also read by L. Atkinson, assistant superintendent, Walter Brown and H. Brennan. Mr. Kydd made suitable reply expressing his appreciation of the gift and his regret at severing the associations formed during his stay here.

Oddfellowship Flourishing. On Tuesday evening at Florenceville Grand Conductor H. D. Stevens, assisted by officers and members of Carleton, Brunswick and Centre lodges I. O. O. F., completed the installation of Annotook lodge No. 119, I. O. O. F. of Perth. The elected officers are:—Chas. Gains, N. G.; D. S. Boone, V. G.; J. W. P. Dickenson, financial and recording secretary; G. M. McCrea, treasurer; L. S. Walters, J. P. G. Conditions are favorable to the rapid growth of this lodge, and already a considerable number of applications for membership have been received. Other new lodges will be instituted at Steveston, N. S., on Friday evening, and at Bear River on Wednesday of next week. Later Kensington and Montague, P. E. I. will form lodges.

Driving in Square. An amusing occurrence on King Square yesterday afternoon about 2.30 caused a large number of people to watch and laugh. A lady with two children were driving along the north side of the square followed by an automobile and when they reached the corner of the square and Charlotte street they were met by another rig and a street car. The woman became bewildered for a few seconds, but apparently did not lose all of her nerve as she turned the horse into a walk in King Square and drove along around the band stand and through to Sydney street. The police officer of the beat witnessed the occurrence with a broad grin, but owing to the fact that it was a lady who drove through the square he will probably not even report the matter to the heads of the department.

Buried Yesterday. The funeral of Miss Euphemia G. Hannah took place yesterday afternoon at half past two o'clock from her late home in Cathcart street. Funeral services were conducted by Rev. H. D. Marr and interment was in Fernhill.

The funeral of Samuel Wilson took place yesterday afternoon at half past two o'clock from his late home in Marsh street. Funeral services were conducted by Rev. J. D. Wetmore and interment was in the Church of England cemetery. The body of Frederick Lowe has been removed to Chamberlain's undertaking parlors in Mill street, and will be forwarded to Bridgeport this coming for burial.

PRESENT COUNCIL WELL REPRESENTED

List of Probable Candidates for New Commission Contains Names of Many Aldermen of Present Regime.

So far the great interest in, and vivid and inspiring discussion of civic problems, which it was anticipated would result from the commission movement, has not materialized. Rumors mention a host of candidates, but if any of them have a programme for solving the problems of the city, they have not taken the people into their confidence. Perhaps they are afraid that if they announce their platform, it may be stolen.

While the commissioners did not make many complimentary references to the old aldermen during last year's campaign, they expressed the opinion that under the commission form of government even the old city fathers would be able to do good work for the city. It is said, however, that they do regard with feelings of unmitigated satisfaction the fact that a goodly percentage of the members of the present council are likely to be candidates for positions on the commission.

Mayor Frink is very reticent as to his intentions, but a considerable body of his friends are anxious that he should again be a candidate for the position of chief magistrate. It is said he will have a rival in the person of ex-Mayor Bullock, whose friends are urging him to offer.

Among those whom street gossip mentions as likely candidates for the other positions on the commission are:

Ald. Wigmore, Ald. Smith, Ald. Scully, Ald. McGoldrick, Ald. J. B. Jones, Ald. Potts, ex-Ald. Sprout, John Thornton, of the North End, Arthur W. Adams, Ald. Kierstead.

Ald. Hayes is also considered a possibility, for though it is well known that he does not wish to run, strong pressure will be brought to bear upon him to induce him to enter the contest.

The Labor Party is considering the question of nominating candidates for the commission, but it does not appear that they have been able to make selections as yet.

OBITUARY.

John T. Coady. John T. Coady passed away last evening at the residence of his brother-in-law, John J. Connors, 95 Princess street. Mr. Coady was the eldest son of the late Michael Coady and was born in St. John. For some years he had been living in Brunswick, Maine, where he had a good position. He had been in poor health for some time and at Christmas came here on a visit to his relatives. His health continued to fall, and he died yesterday. Besides his mother, Mrs. Ann Coady, he leaves a wife and three small children to mourn their loss. One brother, Michael J. Coady, and a sister, Mrs. John J. Connors, also survive.

The funeral will take place on Friday afternoon at 2.30 o'clock from the residence of his brother-in-law, 95 Princess street. William Daley. The death took place at an early hour yesterday morning of William Daley, a native of Albert county, Mr. Daley, who was a shoemaker by trade lived at 26 Clarence street, and was very much respected. He had been a resident of the city a good many years. He is survived by his wife, three brothers and two sisters. David Daley of this city, and James and Dennis Daley, of Albert county, are the brothers, while Mrs. Susan McKinley, of St. John, and Mrs. John McKinley, of Albert county, are the sisters. The funeral will be on Friday afternoon at 2.30.

TO BUILD ANOTHER STONY ON RAIL

Building Committee of County Council Finds this Course Necessary in Order to Relieve Present Congestion.

A meeting of the Building Committee of the County Council was held yesterday, at which it was decided to recommend the council to build another storey on the jail, in order to relieve the congestion of prisoners. The council will have to issue bonds to provide money for this work. The committee had no information before them relative to the cost of building the addition.

Some of the members of the Prison Farm Committee believe it would be cheaper to establish a prison farm than provide extra accommodation at the jail. The council at its last meeting decided to find out whether the provincial government would assist the establishment of a prison farm, to which prisoners from a number of municipalities might be sent.

COLORED CRIMINAL IS CAPTURED HERE.

William Higgins, a colored man, was reported a few weeks ago for fighting in Union-Alley, and a few days ago he was arrested on the charge of assaulting and beating an elderly man named George Kinehart. He was sent to jail and has now gotten himself into so much trouble that he stands a good chance of serving a long term in the Dorchester penitentiary.

Higgins served one term in Dorchester and for good behaviour was allowed out on ticket of leave. He then returned to Kentville, N. S., and while there a number of places were broken into and robbed. Higgins was arrested and charged with the breaks and theft. One night he managed to break out of the Kentville jail and made good his escape, coming to St. John.

Among the arrivals on the steamer Yarmouth yesterday was Chief of Police Taylor, of Kentville, who was armed with a warrant for Higgins' arrest. Higgins was taken from the county jail and placed in a police station cell and this morning will be taken back to Kentville by Chief Taylor, where he will now have to stand trial for house breaking and for breaking out of jail.

CANADA EAST IN SPORTSMEN'S SHOW

The forests and streams of New Brunswick and Nova Scotia, their game and game fish and guides will have a strong representation in the 1912 Sportsmen's Show, which will open March 1st at Madison Square Garden. The New Brunswick Provincial Government will have space in the Garden and various organizations will be represented including the New Brunswick Guides' Association, the Provincial Guides' Association, and the New Brunswick and Frederick Tourist Associations. The general supervision of the combined New Brunswick exhibit will be up to W. H. Allen, of Pontiac, N. B., one of the most experienced men in hunting, fishing and camp life in the province. The feasibility of having a live moose to roam over the artificial mountains on the big stage where the trap shooting and fly casting tournament will be held is being considered by the enthusiastic New Brunswickers.

St. Jude's At Home.

The Rector, Wardens and Vestrymen of St. Jude's Church were the hosts at an entertainment given to the members of the congregation in the schoolroom of the church last evening. The at-home was attended, and the schoolroom, which was prettily decorated for the occasion, was a scene of animation and jollity. An interesting programme was carried out, consisting of a selection by the Lator Glee Club Quartette, a solo by Miss Valde, a reading by E. R. W. Ingraham, a solo by Herbert Mayes. During the evening refreshments were served by the ladies. Many of those in attendance inspected the improvements recently made in the church edifice, and expressed themselves well pleased with the results.

Mrs. Bland's Condition.

Mrs. Arthur Bland, who received frightful burns early yesterday morning when a lamp fell to the floor in her home at Nauwigewauk, was reported early this morning to be more comfortable at the hospital. The fire started by the lamp caused the total destruction of the house, which was well known on account of its historic association, having been used as a hotel in the days of the stage coach. The insurance on the house and furniture was only \$1,400.

Specials in House Dresses.

On Thursday morning F. A. Dryden & Co., will place on sale about a hundred Print, Cambric, Gingham and Chambray House Dresses at most attractive prices. When it is considered that it takes from eight to nine yards to make one of these garments and that the complete garment can be bought from \$1.00 up, one can easily see there is no saving by buying the material by the yard and spending a lot of time in making them up. These new garments are most attractive in style and are exceedingly attractive in price from \$1.00 to \$2.25.
