A sarcastic gentleman was Mr. Van Dyke of New Hampshire, who, leaving \$140,000 to his heirs, hoped none of them "would snuffile and shed crocodile tears at his funeral." Much excitement was caused in Jersey City Tuesday night by the announcement that City Treasurer Alexander D. Hamilton had decamped with several thousand dollars of the city's money. At the meeting of the Board of Finance it was found that over \$400,000 of water bonds were missing, and also Hamilton's official bond. A fact is a fact, and all facts are worthy of attention. The Rev. Thomas Hill, D. D., ex-President of Harvard College, stated at a recent temperance meeting in Portland, Me., that, in the experience of fifty years in various places, he had never seen so many young men intoxicated and staggering through the streets as he had seen in Portland during the last six months.

Eleven frame buildings in Brooklyn, isgusted with the miserable way in which the contractor was putting them together, and wooed overmuch by gentle zephyrs, concluded not to stand it any longer. Six of them fell flat and the rest, like Jill, will probably come tumbling after. But, isn't there a building inspector there?

A former cook of the Stiner family, four nembers of which were burned to death with their house two weeks ago, in New York, has been arrested, pending the inquest of the Coroner. Silver plate, known to have been in the honse, and jewelry belonging to the dead, cannot be found since the fire, and robbery and murder are now insinuated in connection with the terrible affair.

the Academy of Music gift enterprise last year, a protest was published by the Evangelical Alliance of this city against the scheme. The excuse for doing so was "That the object of the Alliance is to correct the immoral habits of seciety," and they felt it their duty to protest against against such schemes as "offences against public morals and decency. \* \* \* They foster a desire to be rich without labor, and without giving any real equivalent, and in addition to covetousness, idleness also and unbealthy ambition are encouraged by their instrumentality. \* \* \* It is well if it do not lead to the destruction of the drawer's happiness and usefulness in this world and of his eternal welfare in the next."

This protest, if I remember right, was signed by Isaac Burpee. How prophetis the words of protest have proved. Although the gentleman referred to was professedly opposed to lotteries, yet his life has been a series of prolltable and sue cessful speculatons, his last venture having brought a return of a fat hogy elighing 220 pounds. Already he has become "ambitious, covetous, etc," which I fear will tend to the destruction of his happiness and usefulness in this world, &c., &c.
