PROCEEDINGS OF THE
ANNUAL MEETING OF THE SOCIETY,

HELD ON TUESDAY, OCTOBER 11TH, 1870,
IN THE WESLEYAN METHODIST CHURCH, PORT HOPE.

HON. JAMES FERRIER, SENATOR,
IN THE CHAIR.

The Meeting was opened with singing and prayer.

An Abstract of the Society's operations having been read by the Rev. Dr. WOOD, and the Financial Statement made by the Rev. Dr. TAYLOR, the following resolutions were unanimously adopted by the Meeting :—

I.—Moved by WM. BEATTY, Esq., M.P.P., of Parry Sound; seconded by Rev. ARTHUR BROWNING, returned Missionary from British Columbia :

That the Report, an abstract of which has been read, be adopted and published; and that the following be the officers of the Society :—Rev. E. WOOD, D.D., and Rev. L. TAYLOR, D.D., Joint Secretaries; and JOHN MACDONALD, Esq., and Rev. L. TAYLOR, D.D., Treasurers.

II.—Moved by WM. CLENDINNING, Esq., of Montreal; seconded by Rev. JAS. ELLIOTT, *Chairman of the London District* :

That the past year's history is fraught with encouraging tokens of the presence of the Great Head of the Church upon the Missionaries and their respective charges, confirming us in our consciousness of duty to spread the benefits of a pure Christianity widely around us, and strengthening our conviction that the Gospel is the only efficient remedy for the world's miseries.

III.—Moved by A. W. LAUDER, Esq., M.P.P., of Toronto; seconded by Rev. WM. MORLEY PUNSHON, M.A., *President of the Conference* :

Whilst grateful for past successes, in full reliance upon Divine aid, this Meeting would strongly recommend such a review of the older Domestic Missions as may be productive of a large increase from the ordinary Local resources for the maintenance of the Ministry, and thereby liberate the funds of the Society for still further extension of the work of God to new and destitute Settlements, and amongst Pagan Tribes.

IV.—Moved by Hon. J. C. AIKINS, *Secretary of State*; seconded by Rev. A. GREEN, D.D., of Toronto :

That the very cordial thanks of this Meeting be presented to the Hon. James Ferrier, for his able conduct in the Chair, and for the many valuable services he has rendered the Society.

NAMES TO APPEAR IN REPORT.

The following minute of the Sub-Committee of Consultation and Finance, was adopted by the General Committee, November 5th, 1868:—

"RESOLVED—That it be recommended to the Missionary Committee to print in the Missionary Report, after the present year, only the names of subscribers who pay \$2.00 or upwards to the Missionary Fund, and that a notice to that effect be printed on the cover of the Missionary Report this year."

NOTE.—This regulation comes into operation for the year 1868-9. Superintendents should be particular in gathering up the Lists of Collectors on their Circuits and Missions, and read the names of all one dollar subscribers, in addition to those of higher amounts, at all their Missionary Meetings annually.

ANNUAL REPORT.

THE Forty-Fifth Report of the Canadian Wesleyan Methodist Missionary Society is associated with some anxiety with reference to a few of the more distant Missions; this has been particularly felt by the Committee for the brethren and their families living in the Red River and Saskatchewan Districts: apart from these portions of their spiritual charge, the Committee are glad of the opportunity once more to place upon record testimonies of God's goodness to this branch of His Church; the year has been marked with many tokens of His loving-kindness, sufficient to awaken gratitude, and furnish ample encouragement to renewed efforts in prosecuting their laudable enterprise. They commence their review with the

Oxford House..... John Sinclair, *Native Missionary.*

Unlooked for disturbances, arising from the transfer of the Hudson's Bay Territory to the Dominion of Canada, have grievously interfered with Mr. Young's hopeful success in his labors to establish a Wesleyan Mission at Winnipeg. Until these unfortunate commotions, everything had combined to cheer him in his efforts, and lead the Committee to hope, that at no very distant day after they made their last report, the Mission-House would have had a completed Sanctuary on the ground given to the Society for religious purposes. Political antagonisms scattered the population, interfered with commerce, and at one time liberty and life itself were jeopardized. In the midst of scenes of sadness and death, the Committee gladly record the

high and grateful estimation they have formed of Mr. Young's steadfastness, patient and plodding attentions to his ministerial duties under circumstances so disheartening, and his sympathies with the suffering prisoners guarded day and night by military power, and in one case assuaging the horrors of a barbarous military execution.

The Committee also are compelled to state, that while these agitations were spread over many months, the character and labors of their Missionary were always respected by those who had forcibly assumed the government of the country; and it is a satisfaction to know that although the Mission has been checked in its progress, no agent of the Society has occupied a position where his presence and influence have been more needed or more highly valued.

Measures having been now completed which are expected to remove the causes of discontent, the Committee anticipate no further obstructions to the Society's Mission at Red River. The latest accounts stated that Mr. Young had resumed his labors toward the erection of the Sanctuary for which the friends in Ontario and Quebec have subscribed with such spontaneous liberality.

Beyond unpleasant rumors and fears, the people scattered over the territory embraced in the High Bluff Mission have not shared in the troubles which have caused so much distress at Fort Garry and Winnipeg. Mr. Robison diligently and uninterruptedly has successfully "scattered the seed of the word." The Membership, Sabbath-schools, Congregations, and several happy deaths, all testify to this providential opening as an inviting field to the Society's Missionaries. Mr. Robison pleads earnestly for another Missionary to assist him in answering the demands of the people for the ordinances and privileges of the Church; and equally so for help to erect or complete several places for Divine worship which he has already attempted to establish.

The Committee are fully confident that the friends and supporters of the Missionary Society would have cheerfully sustained the proposition to appoint a Wesleyan Minister as Chaplain to the forces sent to Red River, for reasons assigned in the following letter:—

"Toronto, April 23rd, 1870.

"Sir,—We have the honor to express our gratification at the decision by the Canadian Government, that a part of the military force now considered necessary to suppress the unlawful movements at Red River, shall consist of Volunteers under your direction; men who have always shown the readiest disposition to forego personal interests when the defence and honor of the country have called for their services.

many years, one of the more recent of them being to the Winnipeg and High Bluff settlements.

"Amongst these tribes and bands of Indians the Wesleyan Missionary Society has expended, annually, large sums of money; and at each Mission there exists a living moral power, which may be wielded for the promotion of freedom and national welfare.

"With the extended and weighty interests we have as a branch of the Christian Church in the success of the present movement, you will readily comprehend our anxiety for continued pervading religious influence upon those who may constitute a part of the force now contemplated to be sent to quell the disturbances at Red River; and believing that many who will volunteer to complete this enterprise will be members of our own Church, we are desirous of securing your official sanction to the appointment of a Wesleyan Minister, as Chaplain to that portion of the military expedition who are professedly attached to our doctrines and ordinances, upon such terms as may be agreed upon, affecting personal rights and military obligations and duties.

To this communication a printed formal acknowledgement of its being received, signed by "G. FURVOY," was the only reply, addressed to the President of the Conference, at Montreal.

Vigilant attention will be paid by the Committee to the wants of this part of the work, and any special claims for an additional supply of laborers will receive sympathetic consideration, in common with all other appeals from the different parts of the Mission field.

At ROSSVILLE, *Norway House*, the year has been marked with prosperity. The last letter from the Rev. E. R. Young, is sufficiently interesting to give it a permanent record on the pages of the Report. It is dated May 25th, 1870:—

"I thankfully embrace another opportunity offered of writing to you from these, the most frigid posts in the Methodist world.

"In reviewing the year just closing, with its many mercies and diversified labors, with grateful hearts we can rejoice in the fulfilment of the promise, 'Lo, I am with you alway, even unto the end of the world.'

"By the fall packet I wrote you an account of my summer visit to the Nelson River Indians, and the baptism of scores of souls. During the winter just closed I have been enabled to again visit that place, to endeavor to establish and confirm in the Faith those children of the forest who had at my previous visit so gladly and promptly accepted of salvation in the name of Jesus. I rejoice to be able to write that I found the most encouraging proofs of the genuineness of their conversion. The great majority of them, up to the time of my previous visit, had been living in the belief of a de-

basing paganism. Under the first Gospel sermon ever preached to them, they renounced the religion of their forefathers and of their own previous lives, and accepted as theirs a crucified and risen Saviour. After an absence of several months I was cheered to meet them as sincere and firm believers in Christ. The conjuring tent was neglected, the magic drum was thrown away; and instead of sacrifices and incantations to the devil, from around many a camp fire and lodge in the forest, earnest sincere prayers were being daily offered up to God in the all-prevailing name of Jesus. This time they are but 'babes in Christ,' and had many perplexities in their minds which they wished me to explain. One difficulty was the same as that which for a time perplexed Asaph, the writer of the 73rd Psalm, 'If the God to whom they now prayed loved them so much, why did He permit them to suffer so frequently, and allow some of the pagan Indians who had refused to listen to my words to be more successful hunters than a few of those who were baptized?' Their hearts were much cheered and comforted when I had explained to them this mysterious chapter of God's providence, which has often been a source of temptation to more highly-favored ones than they.

"I have nothing special to state in reference to Norway House Mission. The people continue to evince by their blameless lives, and love for God's service and house, the genuineness of their conversion and the steady growth of their piety. We had our usual May Love-feast and Sacramental services last Sabbath. Many of the people are still absent from the village, yet the church was well filled, and over one hundred and twenty came to the Lord's table. My reason for not waiting for the late spring hunters, &c., was the fact of two extra brigades of Indians being required by the H. B. Company to take the place of those rebellious French half-breeds.

"These Christian Indians, like Havelock's 'Saints,' are always on hand when required. All honor to Christian Missionaries! In a few days they will be off on their perilous journey inland, a distance of over a thousand miles. Each man will earn from sixty to eighty dollars above expenses.

"Over a dozen new houses are being put up, and several new potatoe-fields enclosed by the people. I hope to have an opportunity of writing again in a few weeks, by which time the people will all have arrived, and I shall be able to send an exact account of the number of our members."

OXFORD HOUSE Mission calls for some attention. The native Missionary is feeble in health,—often dispirited in his work,—and his children needing educational advantages. The severity of the climate and its profound isolation from society render it an unenviable position to any but those who are baptized with the spirit which sent Leigh to the cannibals of New Zealand, and Hunt to those of Fiji. No such dangers await a Missionary to those Northern Indians; on the contrary, they are welcomed, revered, and loved for their works' sake;

but the self-denial and abnegation of many of the ordinary pleasures of social life, and a willingness to live and labor for the salvation of souls where for a large portion of the year you are surrounded by snow and ice, can only be produced in the heart by the warmest and purest love to Christ and for those who are redeemed by His blood. An official visit to these lonely posts, by some one clothed with the authority of the Church, would be most cheering to the Missionaries, and of vast benefit to the work generally. The earnest and active spirit which led Mr. E. R. Young to repeat his visit to Oxford House Mission is much to be commended. His reference to this in the same letter is the following:—

"I visited the Oxford House Mission in January. The weather was bitterly cold. The spirit—for the mercury was frozen—averaged about 47 below zero for several days, with a fierce wind all the time. I thought I should have perished with the cold. High winds had blown down so many trees, and a heavy snow storm had so obliterated the previous trail, that we had to spend five nights in the forests on our way down. For two nights I was unable to get warm enough to dare to go to sleep, well knowing if I did, it would be the sleep that knows no waking until the judgment morn.

"I met with a much larger number of the natives at Oxford than I had seen on any previous visit. I preached as usual at the Mission and Fort to attentive congregations; administered the sacraments of the Lord's Supper and Baptism. The new church is now nearly finished, and will be a very respectable and comfortable edifice. It is a very great drawback to the Oxford Mission that it is so far from the Fort. The people will live where they get their supplies: the result is, they are often weeks and even months away from the Lord's house. The native brother in charge has been feeble in health for months past, but now seems to be completely restored to health. He seems very anxious to have his children educated. What kind friend will aid him in this matter?"

At Rossville, Mr. Young reports 230 members and 25 on trial. He has baptised 124 during the year, and married 21 couples. There have been 15 deaths on his part of the Mission-field. Members in the District, 395. As soon as possible a Missionary ought to be sent to Nelson River, where he would at once enter upon a soul-saving work among hundreds who are literally perishing.

EDMONTON HOUSE AND WOODVILLE MISSION has been one of danger during the year from the war existing between the Blackfeet and Stoney. Frequent allusions have been made to the untenable shelter, if shelter it may be called, where the inside of a dwelling-place six feet high covered with a bark roof to defend the occupants from rains and melting snows, is all the Missionary and his family possess. The Committee feel it imperatively laid upon them to provide at least suitable dwelling-places for their Missionaries living entirely in the midst of a pagan population, and again appeal for an augmented income to make appropriations for this purpose, for this and other Missions, crippled for the want of a more vigorous policy. Mr. Campbell's own letter will best describe his wants, his work, and his dangers. These communications are respectively dated April 13th and May 19th, 1870, and written at Woodville :-

"Another winter, with all its attendant trials and mercies, has rolled away, and through the goodness of God we are all in the possession of good health, and desire more earnestly than ever to devote ourselves to the great work of saving souls. Though surrounded by many dangers and exposed to the merciless cruelty of the savage, yet we have no desire to retreat from the field or relinquish the hold already obtained. We would have our courage increase in proportion to the ever-multiplying difficulties clustering around us; always remembering the words of the ever-blessed Master, 'Lo, I am with you alway, even unto the end.' With unabated zeal for the cause of God, and unwavering confidence in His word, and the final triumph of right over wrong, of truth over error, and holiness over sin, we will rest in His promises, and amid every danger take counsel from the Most High.

"The country at the present time is in a very disturbed state—the different tribes are at war. The Blackfeet, with insatiable thirst for blood, are on the track of the Stoney, and it is quite probable they will visit the Mission in search of our people: we must trust in God, and use every means for defence possible. If such an event should occur, though a Missionary, I should feel justified to allow 'faith and works' to go together, proving my 'faith by my works' and as far as possible inflict punishment upon the blood-thirsty savages: but our prayer to

God is, that such a calamity may be averted, and the counsel of the wicked brought to foolishness.

"Now there is no safety for the traveller, and he who journeys alone runs a great risk of losing his scalp. Of late we have become painfully familiar with deeds of cold-blooded butchery and unpitied revenge. In January, two Crees were treacherously murdered and scalped at Edmonton by a Half-breed and a Stony. On the 8th inst., two men, three women, and one child, belonging to the Blackfeet tribe, were also killed at Edmonton by the Crees and Stonies. One of the men killed was a chief, and after smashing out his brains and almost literally cutting him in pieces, they danced the horrid scalp-dance, stimulating each other to further deeds of bloodshed and cruelty. The triumph of the Crees is great. They now possess the savage satisfaction of killing a chief of the tribe who struck down their loved chief, Mas-kee-pe-toon, nearly one year ago. Such is savage warfare, merciless cruelty, deathless hate.

"The disturbed, uneasy state of the Plain Crees is attracting the attention of the whites who are aware of it, and the general impression is, (so far as I have been able to ascertain), that the first blow struck at the pale-face will fall from that quarter. Bro. John McDougall visited their camp twice during the past winter, and it is to be hoped that such visits were productive of good in removing unfounded suspicions, and in the presentation of the truth of the Gospel to the Pagan mind.

"I expect to go to White Fish Lake in about two weeks—distant nearly 200 miles from Woodville. I have tried to visit Edmonton regularly during the winter; twice I walked it alone: it is 50 miles or more from here.

"The good Lord is giving us some tokens of His presence—there appears to be an increased attention to the Word. Some men and women, and a number of children, have been baptized since New Year's, but the great drawback to the prosperity of this Mission is the fact that we have no Church, and all our meetings are held in our little hut. With the Stonies, as well as with the rest of the native tribes, polygamy is a great barrier to the hearty reception of Christ and His salvation. Our prayer is, 'O Lord revive thy work.' May the Spirit of God be poured out upon us!

"Your communication bearing the date of January 11th, came to hand the evening before last, and I was not a little surprised to find that none of my letters had been received by you. I thought the Committee would accuse me of writing *too much*. This is my fourth letter to you since the 1st of April, 1869. We have tried to avail ourselves of every opportunity to forward letters to our kind friends in Canada, but being 50 miles or more from any line of communication we often fail to secure chances ever occurring to the other Stations, placed as they are either on or comparatively near the highway to Red River, so that our friends who understand our position will be kind enough to attribute any apparent neglect in that direction more to the force of circumstances than to want of interest in the great work we

are trying to perform,—especially when the state of the country through which we have to pass is taken into consideration does the difficulty of forwarding letters appear. I have often travelled it alone, though warned by many who have spent years in the country, of the danger of so doing; now it would not be courage but foolishness for me to attempt the journey alone, for no one can tell when or where an enemy may appear.

“We are always pleased to hear from our kind friends in Canada, and receive words of encouragement from those who watch with deepest interest the spread of Gospel truth, and the ever-multiplying trophies of the cross. Encouragement we certainly need, surrounded as we are by so many things calculated to perplex the mind and try the faith. To grapple with deep-seated and long-cherished principles that stand in direct opposition to the spirit of Jesus may be exhilarating to the Christian's faith and hope, but to live in constant dread of a raid from the murderous Blackfeet may not be so conducive to the increase of one's faith. It is not comfortable to retire to rest at night with the fear that during its silent hours the horrid war-whoop of these northern Ishmaelites may wake you to deadly strife. Since the latter part of April we have been the subjects of such unenviable feelings; for unfortunately the Stonies and Blackfeet are enemies at present, and many of the Stonies suppose the enemy will come to this Mission in search of the Stony. If such should occur in the day it would not be so awful; but to have night made hideous with their demon-like yells and work of death, is sufficient even in thought to perplex the mind. It is not a picture conjured by fright or dread that I have sketched; for neither one feeling nor the other occupies a single corner of my mind, but a stern probability that may revolve into a dread reality at any time. In my last letter I stated the nature of my appointments, that is to say, Woodville and Edmonton; the former is my place of residence, and the latter I try to supply regularly every three weeks—twice failed to keep the appointments on account of deep snow and fearful drifts. My last visit will not soon be forgotten, as we crossed the river just in time to escape having a fight with a large party of Blackfeet, who had come to avenge the death of six of their friends, who were killed at Edmonton a few weeks before, the account of which was given in my last. The party I accompanied, being traders, had loads of robes, &c., and goods, and not having time to take them across the river they were abandoned by their owners and fell a prey to the savages, who gladly availed themselves of a chance to exchange an old worn filthy robe for a new one. I lost all my bedding, consisting of a quilt and two blankets, my travelling shawl and overcoat. I am sorry for the two latter articles as they cannot be easily replaced in this country. When these disturbers of the peace first made their appearance on the hills above the river, they fired a volley, partly at the party crossing and partly to announce their advent,—a circumstance, by the way, that I could have dispensed with. I sat in an old rickety bastion, with my rifle in hand, keeping guard until midnight, expecting some active demonstration to be made against the

At midnight, they fired three balls over the fort, and shortly afterwards departed like others of the same class, 'for parts unknown.' You ask if I visited the 'Indians in their encampments'; I can only say, under present circumstances, it is impossible for me to go any great distance from home, and particularly to the camps of the natives. I go to Edmonton to-morrow to fill my usual appointment, but I do not feel justified to leave my family in this isolated place, over 50 miles from the nearest place of refuge, be the emergency ever so great, not knowing but upon my return I shall find mingled corpses instead of sunny smiles and words of welcome. I know it is difficult for our dear friends in Canada to enter into these feelings, for distance lessons danger; but we who feel and know the state of things are perplexed and anxious, not knowing 'what a day may bring forth.'

"I am thankful to God to be able to say that the Lord is manifesting His power to save these poor children of the forest and plains. Many who were one year ago indifferent about the salvation of their souls, now evince deep anxiety to 'flee from the wrath to come.' We are praying for still greater displays of God's presence and power to save 'to the uttermost.' Of late the tidings have spread to the Stonies far off in the mountains that sinners are being saved at this Mission. Some have come to see if these things are true, and returned with their hearts happy in Jesus, to tell their friends and persuade them also to come 'where salvation is to be found,' and word came to us only a few days since that the Stony chief, Bear's Paw, and his band are coming to the Mission in the month of August. Should it prove true I will give you all the interesting particulars. This chief and his band have never visited this Mission yet. Should they honor us with a visit we will have meetings almost continuously.

"Thank God, we can report conversions not merely from paganism to nominal Christianity, but from sin to righteousness. Bless His name we have witnessed transformations of moral character, that more than repay for all the anxieties of which we are the subjects. We have also happy deaths, evidences of the power of Jesus, to throw light athwart the gloom of the grave, lighting the spirit to God. Since last September, two of our people have passed from poverty and wretchedness to that land where the inhabitants are made 'Kings and priests unto God.' Blissfully happy and peaceful are the death-scenes of the believing native. These lights give a tinge of their radiance to the shades of our Missionary life, and call us onwards to still more glorious conquests—more glorious because more numerous.

"You asked me to state the 'hindrances to greater prosperity.' To this I would just say, if this is to be a permanent Mission Station, we will need a Mission House. Our hut is a miserable thing with a bark roof, and walls six feet and a half high, the roof allows the rain and melted snow to run through in streams, so that it is impossible for us to keep even our bedding dry. The poor establishment must give

way for a better one, and the sooner the better for the comfort of the Missionary and the prosperity of the Mission. Building is expensive in this country, where all the lumber must be sawn by hand, and material of every kind, except timber, so difficult to obtain.

"I am sorry my circumstances prevent me from doing for this Mission what Brother McDougall has often told me he did,—built the Mission house at Victoria at his own expense, without any aid from the Circuit. As I am not able to do so liberal a thing as that, I look to those who possess the means, and I believe feel an interest in our comfort to furnish means for building a house. The church is not fit to hold service in, being only little more than half roofed, and all our services are held in our little cabin. We will try if possible and make the Church fit for divine service during the summer.

"In conclusion, allow me to say, that I do what I can to persuade the native to build houses and cultivate the soil, believing that it is the only way to do this people any permanent good. Game of all kinds is getting scarce now, and unless we succeed in persuading them to depend more upon the cultivation of the soil for subsistence than upon uncertain productions of the chase, they will be wholly unprepared for the great changes soon to come upon the land. Many have expressed a strong desire to build houses and settle here. We intend trying to erect, if possible, three small houses this summer, if the necessary aid can be obtained. One old man called Adam, and a kind of chief of this band, often expresses a wish for a house. He is a good man, and loves the Scriptures, a portion of which he comes to read nearly every day. He has told me to write to you, and given me what he wants said. I will try and perform the task—writing exactly what the interpreter translated: 'To the great minister I wish to say a few words,—I give him and all the ministers my compliments. I want to be a Christian, and want all my people to be of the same mind. Since the first minister, Mr. Rundle, came here, I have tried hard to pray. There is only one God we can pray to: before the minister came there was no praise given to Him. Nearly all who are here now were children then. I was a young man, but I have tried to do right ever since, and as long as I live I want to be a Christian. I wish all the ministers to pray for us at this place. I want my people saved: they are the same as my children. I want to know more of God's word. Those who come here are not so foolish as those who go to the Roman Catholic priest: they get religion easy and they loose it easy; they are not told what is right. We who come here to pray and serve the true God think we are the same as white men. I am the oldest man here or at the Mountain. All the old people who were here when the first minister came are dead now. I am the only one still living. We want to have houses and stay with the minister and plant the gardens, and we would like to get some hoes and axes, and some clothes for the old men and women and little children. We hear that the good people of Canada sent presents to the other Missions; we think they forgot us as we get nothing,

"As a piece of spice, he added, 'If they sent me a coat I will go to church on Sunday as a gentleman.' We ask an interest in your prayers, and in the prayers of the Church, that our lives may be preserved, and God's cause prosper still more abundantly in our hands."

At Victoria and White Fish Lake the membership and congregations are increasing, whilst the establishment of the schools excites the warmest gratitude, and gives great promise of good to the inhabitants and their families in these places. The Chairman writes cheerfully of the success of their work at both Missions, and presses upon the Committee the desirableness, as early as possible, to increase the number of Missionaries among the Stoneys referred to by Mr. Campbell, as being visited in their camps by Mr. John McDougall, who speaks their language with great fluency. The Mission to the Blackfeet is still rendered impracticable, as reported to the Committee, until the ferocious and cruel hostilities shall have ceased: when, as soon as it can be safely done, the Missionary appointed to carry the blessings of the gospel to this warlike tribe will again visit their camps, and show them the contrast between their "war path" and "the ways of pleasantness." In the meantime, he is usefully employed in itinerating among the wandering tribes on the vast plains of the Saskatchewan, and assisting in the work at Victoria Mission. The Chairman being necessitated to visit Red River to obtain supplies for the Missions, where they had for months being existing upon very unnutritious food, the care of the Mission at Victoria has fallen to the lot of Mr. J. McDougall.

The Missionaries speak of writing letters which have never been received at the Mission-Rooms, and the Chairman of "District Minutes" which the Committee have never seen,—lost or intercepted in their way, doubtless. The membership may be reported as 400.

VICTORIA.

To record the success of the church is ever a pleasing task. The entire year with us, ending the 1st of March, 1870, has been exceedingly prosperous. The membership has advanced from 56 to 101, with a large accession to the congregation, while all the multiplied means of grace, particularly the ministry of the word, the class and prayer-meetings, have been distinguished through faith in Christ Jesus by blessings of "righteousness and peace and joy in the Holy Ghost." These showers of mercy from clouds of glory, together with the sanctified harmony of the quarterly board, have, under God the Father, smoothened the path of His children, sweetened the toil of each laborer, made burdens light, and given to the Church a verdant hope of the incoming year.

Not among the least of our blessings is the Sabbath-school, which, increased largely by teachers and pupils, has been greatly nourished and quickened for work, by its weekly teachers' prayer-meeting, while nine of the scholars have joined the Church. Several Chinese classes have been formed in the school; and an Indian department, originated within the last quarter, in a rented building on Government Street, where these neglected natives are met twice each Sabbath, has already been marked by signs of blessing from Him who in merciful covenant has given the heathen to His Son. A prayer-meeting begun over a year ago in private houses, to meet the more immediate wants of the African people, has assumed, by the evident guidance of an unseen but Providential hand, the position of a regular Sabbath appointment, at 2 p.m., in a hall rented for public worship. Two other appointments of some promise have been taken up,—distant, one, five miles, visited fortnightly by the pastor; the other, twelve miles, in South Saawich, where a new church is about completed. The trustee debt is reduced to \$3000, and the interest from ten to five per cent., and the Quarterly Board requests to be struck off the list of Missionary support. Thus the work has enlarged, eliciting thanksgiving and praise to God for ever.

NANAIMO.

This town has a population of 600, and there are about 100* in other parts of the District, but they are so scattered that we can do little at present in forming either congregations or schools among them. I commenced preaching recently at the American stone-quarry, on Newcastle Island, near by where there are some 40 men employed in getting a superior quality of freestone for costly government buildings in San Francisco, and other places on this coast. This important enterprise, and the commencement of a new coal mine, distant five miles, give reason to hope that the District as a whole is in a fair way of progress; but business in town is always dull when there is, as at present, a large heap of unsold coal at the pit-head.

Our cause, however, is steadily advancing. The Sunday-school now numbers 92, with high average attendance, and we have been cheered during the year by the conversion of several of the older scholars. The regular services are,—preaching at 11 and half-past 6, followed by a prayer-meeting; school at 10 and 2, followed by a class-meeting for the young, on Sabbath; and three week-night meetings. Members, 30; on trial, 1; increase, 2.

MAPLE BAY.—This Mission has been efficiently supplied and considerably enlarged and improved during the year. It embraces a large area of the best land in Vancouver, lying between this and Victoria, with a climate and position not easily surpassed. The settlers are scattered and for the most part poor, but they are increasing both in number and means. At present we have six preaching places at convenient distances to be taken, three each Lord's day, once a fortnight. As Cowitchan is quite at one end, and has less claims than Salt Spring, at the other extreme, our District Meeting, a year ago, decided that Maple Bay, from its central position, &c., is the natural and proper head of this Circuit, and that it had better at once take that name. Members, 17; increase, 4.

There are about 500 Indians within the bounds of this important field, who speak the Nanaimo language; but they are under the influence of Rome and Ritualism, and we can do little to benefit them without more help.

NANAIMO INDIAN MISSION.

The Nanaimos, numbering nearly 300, live in the suburbs of the town to which they give the name, and our work among them forms an important part of the Nanaimo Circuit, and is directly under the pastoral oversight of its Superintendent.

When at home, I usually preach in the Indian Church every Sunday afternoon, and visit the Reserve frequently during the week. By the aid of Local Preachers, (chiefly native,) two other Sabbath and two week night services are regularly maintained, and during the ten weeks' "dancing season," just closed, meetings were held every evening except Saturday.

New interest has been infused into the day-school, by the addition of sewing and knitting in the girls' department. Miss Kier, who shows much zeal and adaptation as teacher, has made some progress in the acquisition of the language, and is well liked by parents and children.

David Saloselton, our promising native preacher, makes marked improvement in his studies, and is very useful in the school, as chaplain and interpreter.

The old people remain heathen, and with accessions from other tribes, have of late made desperate efforts to sustain their waning customs. The sons and daughters of the chiefs, and the most thrifty of other families, are with us; so that by the work of death, as well as the operations of the Gospel leaven, the Christian stratum is certain to come to the surface in a few years.

Increased attendance at preaching, several conversions, the formation of a new class, and nearly forty dollars raised and expended in improving their church, during the year, is encouraging. Members, 20; on trial, 10; increase, 17.

We have been cheered by occasional visits from Bro. Crosby; but it would have been impossible for me to sustain and enlarge the work on my three-fold charge, and give twelve Sabbaths to other parts of the District, but for the noble co-operation of Mr. Bryant and other Local Preachers, and the timely aid of Bro. G. C. Clarkson, who came to my assistance six months ago, and has since done the full work of an itinerant, with great cordiality and acceptance.

As I have no means of paying him, beyond travelling expenses, I may here record his services, with thanks, as a donation of not less than 200 dollars to our B. C. Mission. Total members, 67; on trial, 11; increase, 30.

E. WHITE.

NEW WESTMINSTER.

My average weekly travel on this Mission for the past year is 35 miles. Much of this had to be done by canoe, in all weathers, and a horse being too expensive a luxury for land travel, not a few miles were necessarily gone over on foot.

Preserved from personal sickness and accident, I have yet seen much family affliction; but through the self-denial of a true helpmeet, have done my Missionary work, if not without anxiety, without hindrance. I have preached in Church, Mechanics' Institute, Kitchens and Cabin, and to Indians as well as whites, and recall with gratitude my experience during this my possibly last year's labours on a District, by whose cradle I sat, and in whose struggle towards manhood I have been honored to share.

We have increased in Church membership, spite of the reaction following a revival, and the constant changes incident to a disturbed and unsettled population. We have built a Church, free from debt, and our contributions to the general work, including the building of the Church, average more than twenty-four dollars per member. This is the more praiseworthy, as a Presbyterian minister is again resident

in New Westminster, and commenced on its scholars in the city.

At British Columbia increasing morality, and more attention given to growing in the Mission, and results will be lost right hand, ordinances.

in New Westminster, whose congregations previously worshipped with us, and contributed to our funds. One new Sunday-school is commenced on the Mission; and our School at New Westminster, with its scholars of four distinct races, is by far the largest and most useful in the city.

At Burrard Inlet, the centre of our lumbering interests, our increasing influence is assured by larger attendances, increased public morality, and more generous support. The river settlements need more attendance than I have been able to give them, and which their growing importance demands. It is a large, difficult, and peculiar Mission, and it must be held strongly and well, or the opportunities and results proceeding from the works and givings of eleven years, will be lost. To Him who holds the angels of the Churches in His right hand, we prayerfully look for the faithful maintenance of His ordinances. Members, 58; on trial, 4; Total, 62.

A. BROWNING.

CARIBOO.

"Safely through another year, God has brought us on our way;" and we have been surrounded "with loving kindness and tender mercy." This time last year, we were engaged in finishing our church, and in paying for the same, in connection with the minister's rooms, and now, by the blessing of God, and the kindness of friends, we have the church free of debt, and instead of minister's rooms we have a commodious and most comfortable parsonage, which is also free of debt. The rooms were destroyed in September last, during my Missionary tour to the coast, and during the visit of the Chairman of the British Columbia District to our Mission. The parsonage is a gift of the inhabitants of Barkerville to the Wesleyan Missionary Society. It must be consolatory to the Rev. E. White to feel that although discomfort and solitude to himself, and on behalf of the absent Missionary at the time, marked his honored and most welcome "coming in among us," yet that the seeming calamity has been overruled for good, and has added much to the value of Mission property and the comfort of the Missionary.

The importance of this field of labor cannot be over-estimated, and as the centre of the gold region, it should be held fast as a sacred trust from the Head of the Church. Here may be found, in body and brain, the representatives of the strength and flower of the human race: such men gold draws here, and here some of them die.

Cariboo is at present passing through a season of great financial depression, which, I fear, is not at an end. If the fall freshet had only damaged house property, it would have been a trifle compared with the real damage done. The great loss has been the destruction in the mines and to mining property. All the mines from Canón to the Meadows suffered, and most of them, for a long time, destroyed. The "Bed Rock Drain" was filled in, and tunnels, shafts and drifts completely choked with the wash from the hill sides and upper creek.

All last winter gave a steady yield of gold, but this winter not

only little or no gold, but vast expense to repair damage and to open up the drain, which is not yet accomplished, and the mines cannot be worked until that is completed. With this general depression that prevails, the church comes in for her share: and without attempting a gloomy picture, it is but duty to say that our collections have fallen fifty per cent.

Among the deaths of the past year I would record two. Alexander Stobo, from Canada, to whom the preaching of the Gospel here became to him, I believe, a saving blessing. How happy he was at the Lord's Supper a few days before his death! His spiritual state on the last Sabbath of his stay on earth was such as to become the subject of remark by many, and it was just in time,—two days after, his spirit, I believe, passed to heaven. He was drowned in a shaft, at midnight, superintending some work. The other death is that of Dr. Wilkinson, son of the late Rev. Henry Wilkinson, of Canada. His illness was short. I visited and prayed with him, and we buried him in the cemetery on the mountain side of William Creek, Cariboo, in a way that became the son of Henry Wilkinson. O! ye Christians on the coast of British Columbia, and O! ye Christians of the favored Dominion of Canada, let not the day dawn that shall not find the gold mines—where are your sons, husbands, and brothers,—in possession of an earnest Christian Missionary.

My health has not been quite so good since my accident. Severe pains in the back and side since my journey to the coast. The cause of this suffering has at last been discovered to be a fractured rib close to the backbone. I have kept all my duties and my services going, sometimes longing for a little rest, and that will in God's own time and way be granted.

THOMAS DERRICK.

INDIAN TRIBES.

In April last, by the direction of the Chairman, I left Nanaimo, taking my books, &c., intending to reside and work on the Chilliwack Mission for a time.

During the summer, I made two visits to Nanaimo and the coast of Vancouver, and shared in the blessings of the glorious revival among the Indians, which followed our camp-meeting.

Since October, I have labored steadily at Chilliwack, meeting many difficulties in the work. The heathen mind is here, as elsewhere, filled with darkness in which there is scarce a ray of light, and the black cloud of Popish error still hangs over them, hiding from them the light of the true gospel. The Jesuit teaching which has so long been inculcated, forms a barrier to the progress of the truth which the arm of Omnipotence alone can remove. We are, however, encouraged by the strong desire among these poor people, generally, to hear the Word. Our congregations are good. Our Mission Church, in which both Indians and whites worship at present, has been completed, at a cost of \$487.92. The native Sunday-school, commenced some time ago by Bro. A. C. Wells, will, I trust, prove a great blessing to those who attend it.

NEW CREDIT.

THIS year has closed more auspiciously than the past. The transfer of the chieftainship of the New Credit band to Mr. George King, my Chippewa interpreter, has brought about more harmony in the band—a desideratum long desired. The congregations at the Mission Church have been good, though we cannot report quite so favorably of the Delaware appointment as we could have done, had the Missionary been able to minister to them on the Sabbath morning instead of the afternoon. The Delawares, and a few Onondagas, have, however, very good meetings amongst themselves,—one Local Preacher and two Exhorters rendering great service. The members of our Church on this Mission, of the nationalities above-named, as well as some of Mohawk descent, will, I am sure, compare very favorably with others who have been more highly favored.

Our quarterly services have been seasons of great spiritual good. The last official meeting was characterised by the brethren entering

most heartily into a consideration of the best means of giving greater extension to the work of God amongst us.

Three of our members have, during the year, entered into rest, having, we believe, respectively stood connected with our Church for more than forty years. One, the beloved wife of the Rev. W. Herkimer, died, however, at Cape Crocker, on the Georgian Bay, whither she had gone, though greatly invalided, to serve, with her husband, the Lord Jesus Christ. Her works follow her.

The Sabbath-school is improving. Two of the scholars are members of the Church. The Day-schools are working more satisfactorily.

Members—Indians, 66, on trial, 2; Whites, 14; Total, 82.

THOMAS WOOLSET.

GRAND RIVER.

The attendance at the ordinary means has increased, during the year. We have had many proofs of the Divine presence among us at the regular services. For several weeks, at nearly every meeting, we had penitents, most of whom give us hope of sincerity. Some of these new converts have furnished evidence of zeal and usefulness.

We have returned fewer members than were returned last year. The reason is, that a large number of names had been kept on the registry for years, who neither attended our public or social means of grace.

I am sorry to say that the contributions of the Indians are very small. Many circumstances contribute to embarrass us in this respect. They plead poverty as the reason. My noble-hearted interpreter contributes liberally, and is in every respect reliable and of good service to the Mission.

Many unscrupulous efforts have been made by agents of the rankest Antinomian type, to pervert and alienate the Indian from those doctrines and churches that have raised him from a state of barbarism to his present position as a man and as a Christian. A few have shown instability.

Several of the older Indians have died during the year, giving evidence that they entered into rest. Members—Indians, 39; Whites, 32.

THOMAS LAWSON.

MUNCEY.

Last fall we held a four-days' meeting in our Church at Oneida, and, although something new to our Indians, was very successful, and a number united with us in Church fellowship. Our Indians are improving their small farms, and building comfortable houses. Last winter we made arrangements to build a new Mission Church. Our Indians, in general council, requested the Indian department to grant \$800 towards the erection of two Churches. We have selected a beautiful site, and the timber is on the ground. We have circulated subscriptions, and our Indians have subscribed liberally, according to their means.

There are three Day-schools on the Mission. Two of the teachers are paid by the Chippeway band: the children are advancing in the rudiments of an English education. Our Missionary Meetings were very interesting, and the subscriptions in advance of last year. A number of our aged Indians have died during the year; we visited them, and directed them to the promises and to Christ; their end was peace, and among their last words were 'Jesus and Heaven.' ONEIDA—(No Report).

— MORAVIANTOWN.

As the result of the year's labors among the Indians, we report an increase of over twenty members, and the resolve on the part of the membership to build a new Church. They have the timber on the ground, and a good part of the money necessary for the erection has been collected by our enterprising interpreter, Brother Snake. We still enjoy signs of increasing vitality, for which we praise God.

D. A. JOHNSTON.

— SNAKE AND GEORGIANA ISLANDS.

Our Camp-meeting, held on Georgiana Island last September, was a glorious success. The Spirit of God came down in mighty power, as these red men wrestled in mighty prayer in the leafy temple. At the close, 72 gave in their names as members of our Church, on trial. The distance of these Islands from the main land renders it almost impossible to reach them at certain seasons of the year, so that it is impossible to give them that attention they require. We have felt this during the past three years. Yet I believe the Indians on these Islands are doing as well as any I know of. Many of them are men of deep piety, and true to our Church. May the Great Head of the Church bless and save this people. Members, 35.

C. HAMILTON.

These islands in Lake Simcoe alternate greatly as to the inhabitants; the whole number is but 128 Chippewas, and living in two different places, widely apart. Expense is incurred by the maintenance of two separate Day-schools, and two classes of religious ordinances, which would be obviated by the whole band living on one island. It would be a wise policy for measures to be adopted to accomplish this object. The Camp-meeting referred to in the Report was very numerously attended by the Indians from Rama and other places, constituting together a large native congregation, amongst whom much good was done.

R A M A .

So far from Indian Missions in Canada being a failure, I consider them to be among the most convincing proofs of the divinity of our holy Christianity in these latter days. There is not a Methodist neighborhood in any white settlement in this country with which I am acquainted where there are so many hindrances to religion, and so many temptations to sin, as exist around this reserve, and yet this band of Indians, in the main, consists of persons as truly exemplary in their lives, and devout and regular in their observance of all religious duties, as you can find anywhere. And were it not for the pernicious influence and example of the drunken, dirty whites around them, many of whom "neither fear God nor regard man," I believe the few who are now at times led astray, would soon be numbered among the pious and moral.

Materially we have made some progress during the year, in the renovation of the Church, the erection of a large frame shed, and repairing and furnishing the School-house.

The attendance at the Day-school has been very encouraging, and a growing interest has been manifested in it, by both parents and children. This, under the Divine blessing, we attribute to two causes:—1st. The furnishing the School-house with desks, blackboards, object-lessons, and other necessary working material, so that now it presents a very neat and tasteful appearance. 2nd. The presence of a well-trained teacher, devoted to God and to her work.

One afternoon in the week, assistance has been rendered the teacher, in instructing the girls in sewing, knitting, &c. Very considerable progress has been made by some of the scholars in reading, writing, and several other branches of useful knowledge.

The Sabbath-school has been well maintained throughout the year. Our thanks have been tendered in due form to the Committee of the U. C. B. S for a liberal grant of bibles and testaments to the school,—a most acceptable donation. Two of our S. S. scholars have passed away since I came to the Mission. One, a girl, in her 13th year, gave pleasing evidence during her sickness, that she was one of the lambs of the flock. Just before she died she said, "A man in white has come to take me to heaven." What a delightful illustration of the truth of the Scripture doctrine of the ministration of angels. "Are they not all ministering spirits, sent forth to minister to them who shall be heirs of salvation?" Heb. i. 14. The other, a lad of 17 or 18, was so satisfied of his interest in Jesus, and so "patient in tribulation," that it was quite a privilege to visit him. On the night of his death, he said to those about him, "Read the book, read the book." What a testimony to the value of the Scriptures! I thought of that beautiful passage in the 23rd Psalm, "Thy rod and thy staff they comfort me," and saw in this case another instance of its abiding faithfulness and unfailing consolation. These are some of the fruits of Missionary liberality and toil; and similar fruits are being gathered on all our Mission stations, "To the praise and glory of God."

SCUGOG.

The Indians on this Island have, during the past year, completed a nice little Church, which cost them near \$700. It was dedicated to the service of God by the Rev. Dr. Jeffers, Chairman of the District, at which time the presence of the Great Head of the Church was felt, accompanying His word with His blessing, and filling His house with His glory.

With the help of the local preachers we are able to give them preaching each Sabbath. Their behaviour in the house of God, and their attention to the word preached, is commendable.

Their attendance on Class-meeting is much more regular than in years past; but still, in knowledge, they are but babes, and require the affectionate, faithful, watchful care of children.

H. REID.

ALNWICK.

With devout gratitude to God we are enabled to report very favorably of this Mission for the year now closing. Many tokens of good have been vouchsafed unto us, both with ordinary and special means of grace. In a protracted meeting held last fall, some of the most influential members of the band were converted to God, a few backsliders reclaimed, and lukewarm members were very much quickened by Divine grace. Our services have been as follows:—Public preaching twice every Sabbath; four classes, or one general fellowship meeting in the afternoon; two prayer meetings in the week, besides a monthly temperance meeting. A Sabbath-school has been conducted regularly every Sabbath morning. Two temperance organizations are carried on in the village. We have found frequent pastoral visiting very beneficial. Attendance at class-meeting on the part of the members, when at home, has been very regular, and on the whole the tone of piety has very much increased. The average attendance at the Day-school has been in advance of last year. A new frame Church, 30 by 40, with tower and spire 45ft. high, and an alcove behind the pulpit for the use of the choir, is in course of erection, to be completed by the last day of September next, the cost of which will be about \$1000. The band very generously appropriated \$600 out of their annuities for the present year, towards the cost; the Indian choir, assisted by the Missionary's family, have cleared nearly \$200 by sacred concerts, given in different places during the past winter, and we hope to realize the balance without asking any assistance from the Missionary Fund; whilst we have raised \$117 in aid of

that fund, being over one hundred per cent. more than was raised last year.

Death has removed two of our number from amongst us, both of whom gave full proof to those around them, that all was well in the final hour. After deducting the deaths, and those who are no longer worthy of a place in our records, the numbers are,—Indians, 40; Whites, 4; Total, 44.

J. A. IVISON.

HIAWATHA—RICE LAKE.

It is with no ordinary feelings that we present our Report at the close of the first year of our labors on this Mission. On our first arrival here truth compels us to state that the cause of God was low indeed. In consequence of the long-continued illness of my predecessor, and the consequent irregularity of the means of grace, our public services were, for a considerable time, very indifferently attended, and the minds of our leading brethren were greatly depressed. Some time after we came we determined to have protracted services, and after that we had cottage-meetings nearly all through the winter, every week night; but the results were not all that we could have desired, although much good was done. I am thankful to state that our persevering efforts are now beginning to show some fruit, most of our members have been quickened; a much better attendance is secured, and our means of grace are often seasons of much spiritual profit and delight, especially our last Quarterly Meeting, which our members declare to have been one of more than ordinary interest. Since the last Report, two have died happy in the Lord. The first was our aged Chief, Captain George Paudush, a man greatly beloved and respected by his own people, as well as by the white people of this neighborhood; a pattern of industry to his people, while he was able to labor, and scrupulously honest in all his dealings, and above all, a sincere and happy Christian. Although not demonstrative in his religious feelings, yet his daily life beautifully exemplified the Christian character. Although very aged, he had none of the moroseness of age, as the very children of the community loved him. His death was such, as from his life, might have been expected, a very happy one. The other death was that of a woman about thirty years of age. She had been none of the best. She was converted at our protracted services, and shortly after, was confined to her bed of consumption, and after a long illness, which she bore with patience, fell asleep in Jesus.

Our Sabbath and Day-schools have been kept open all the year, and are generally well attended; and I have had a Bible class of young men in operation during the greater part of the time we have been here.

On referring to the Circuit Register, I find that my predecessor, by mistake, returned two more members than were on the book.

During the year two have been expelled, four have returned to other places, and two have died in the Lord. Members now returned, —7 Whites; 46 Indians; Total, 53.

MUD LAKE.

We have had a blessed year in this department of the work. Having held special meetings in the Church the last part of the winter; the Lord crowned the efforts put forth with blessings of salvation; many precious souls received good. We took 15 persons on trial for Church membership, and the classes were greatly revived; so that after deducting those who removed, died, and were dropped, we can report a small increase.

We may be allowed to mention it would be much more favorable to your Missionary's operations and the spiritual progress of the Indians, if the work were more fully under our special control, as all the band is Methodist in their tendencies. Still we thank God for His kind dealings to the Indians, and take courage for the future.

JAMES W. SLOANE.

ST. CLAIR, KETTLE POINT, AND SAUBLE.

After deducting four deaths, we report that the membership stands the same as last year. The spiritual state of the greater part, I think, is quite satisfactory. In our efforts to be useful we have experienced much comfort, and feel thankful to Him who hath said, "And, lo, I am with you always, even unto the end of the world. Amen."

ALLEN SALT.

WALPOLE ISLAND.

It is gratifying to be able to report improvement in the attendance on the means of grace, and also to witness the religious awakening among the Indians; backsliders are realizing that it is a bitter thing to forsake the living God, and are returning to the fold; drunkards are being reclaimed; Pagans are forsaking their gods, and some of them have been baptised into the Christian Church, and worship the living and true God. The Day-school has been kept open all the year. Bro. D. Moore, the teacher, has faithfully and effectively discharged his duty. I have visited the school often through the year, and observed a marked improvement. Members, 119.

WILLIAM CROSS.

SAUGEEN.

We have nothing *special* to record on this Mission. The means of grace are well attended. We hold service, with the help of the Local Preachers and Exhorters, twice every Sabbath, at the village, and every Sabbath afternoon at French Bay. There is a lively interest manifested by the Indians, in improving the Mission premises. We have a good Church, and they intend building a new parsonage this season. We look and pray for spiritual blessings to descend upon them. Members, 59.

E. TENNANT.

CAPE CROCKER.

This Report is, most likely, the last that I shall ever furnish, being now in my seventieth year. The past year has been one of peculiar trial, in the removal of my dear wife, whose mortal remains I leave at this Station. She had, for many years, labored with me in some of our most trying fields of Missionary toil; but she now rests from her labors. Four others of our Indians have also gone to swell the ranks of the redeemed, having died triumphant in the faith.

I am very thankful to the great Spirit for having given me favor in the sight of my own people, and for some degree of spiritual prosperity graciously vouchsafed during my stay amongst them. I hope that another Missionary will be sent to them soon.

WILLIAM HERKIMER.

CHRISTIAN AND BEAUSOLIEL ISLANDS.

Last Conference, two appointments, viz., French River and Shawanaga, with 64 members, were taken from this Mission and attached to Parry Sound Mission, which reduced our numbers to 77 members. During the present year we have taken 10 into the Church, and two have died. We report 85 members this year, an increase of eight members over and above the number with which we commenced the Conference year now closed.

Our knowledge of this people, during a residence among them for two years, has impressed us with this fact, that their religious experience and general religious character will compare very favorably with the character of professing Christians in general. On Christian Island our religious services are well attended, both on the Sabbath and Thursday evening prayer-meeting. We have kept the Sabbath-school open during the entire year, summer and winter. In the school we have a very interesting class of young men; and a class of girls, most of whom can read very well in the New Testament; also a number of smaller children. The *Sunday School Advocate* is highly prized by the children. The Day-school is progressing under the efficient instructions of Miss Tilley. The members at Beausoliel have been visited regularly during the year, summer and winter, though at some extra expense to the Society. Our prayer is that the God of Missions will prosper and save this people.

E. HURLBURT

PARRY SOUND.

Several conversions have already taken place among the Pagan Indians at PARRY SOUND, and measures are in progress to establish among them a Day-school. The Messrs. Beatty have taken a lively interest in this branch of our work, especially in the school department. Though at present there is a stolid resistance to the abandon-

SHAHWANAGA is increasing in numbers, and asks for ministerial care. We have here a Chief of the Band, Solomon James, devotedly attached to the ordinances of our Church. Twenty years ago he was himself a Day-school teacher, and Local Preacher, and Interpreter, at the time the late Rev. Horace Dean had charge of the Mission at Beausoliel Island. He has promised to have a School-house ready by the 1st of September, when it is hoped a teacher will be provided for them: he is very anxious for the improvement of his people. The small number of Indians at French River dwell in a most lonely place on the north shore of the Georgian Bay; they keep up religious services, and sanctify the Sabbath among themselves, as though a Missionary constantly dwelt in their midst. In both these places they have given practical proof of their love to Christ, by voluntary sending "out of their poverty" subscriptions to the Missionary Society! It would be most advantageous to themselves if the few families remaining at French River, could be induced to remove to Shahwanaga. Respecting these Indians, the Rev. Charles A. Hanson says,—

"Labor has also been devoted to the Pagan band, whose reserve is Parry Island, a distance of seven miles from the Sound; but although councils have been held, and every possible effort has been made to induce them to renounce their idolatry and accept the truth, yet as a band they have stubbornly rejected. We are thankful, however, to report that a few, more noble than the others have had courage to break away from the superstitions of their fathers, and have been baptized into the Christian faith: amongst others, John Zagamagawba, a promising young man, and son of the Chief. Notwithstanding all the opposition we have met from them, yet Mr. Elliott persists in visiting their village and talking to as many as he can gather around him. When he cannot preach to ten he preaches to five, and when he cannot preach to five he preaches to them one by one. We shall continue to do this as long as we are able, and there can be no doubt whatever but that eventually, with the blessing of God upon our labors, they will all be gathered into the fold."

LAKE OF THE TWO MOUNTAINS.

Of this Mission, allusion was made of the extraordinary movement which led to an appeal to the President of the Conference for a Missionary to reside among them. Testimony has been borne throughout the year of the Indians' sincerity, and their present earnest desire to be taught the way of the Lord more perfectly. Mr. Rivet, in his report, says:—

“I have been laboring with some success. There are four tribes here, and some of each attend our public service. We have, at present, members who meet in class, 110. Five died during the year, happy in the Lord. We have one Sabbath-school numbering 50. We stand in great need of a Church building; the place in which we worship at present is much too small to accommodate the congregation.”

In addition to the labors of the resident Missionary, the bands have been visited several times by Mr. Sickles, from Muncey, whose ministrations have been greatly blessed to the people here and at Cawghnawaga. At his last visit to the Lake of the Two Mountains, 140 partook of the Sacrament of the Lord's Supper. In both places the Committee are convinced that for Divine worship, and the efficient conducting of Day-schools, suitable buildings should be erected without delay.

MOUNT ELGIN INDUSTRIAL INSTITUTION, MUNCEY.

During the year now closing we have had an attendance of 27 boys and 18 girls, who have received instruction in all those branches usually taught in the common schools of our country.

The improvement of the scholars in spelling, reading, writing, arithmetic, geography, English grammar, and history, is nearly equal to what will be found in schools generally.

Our friends are aware that one of the conditions on which the “Indian Department” affords aid to this Institution, is, that the Mechanical and Industrial Arts shall be taught, and that the Department stipulated to assist toward the board and clothing of fifty scholars. In pursuance of this arrangement we have erected a range of substantial workshops, and, as we expected the full number of fifty to be assisted, we have provided ample accommodations for even a larger number. The Department, however, has reduced the number of scholars to thirty. This is to be regretted, especially as many of the Indians in different parts are exceedingly anxious to have their children educated here.

We have had in the last year three apprentices to the shoemaking, and four apprentices to the carpentering trade, each of whom have made satisfactory proficiency under the instruction of competent workmen.

We are grateful in being able to report a marked improvement in the moral principles and character of most of the scholars under our care: this improvement is manifest in their general conduct, as well as reciting a large number of Scriptural verses, and in learning our Catechism in our Sabbath-school.

Several of the scholars are members of our Church, and others have also expressed a desire to meet in class. This *Industrial School* should be *sustained* by the prayers and liberal support of the friends of the Missionary cause, more especially as the Church must look to this Institution principally for the education of its native Interpreters, Teachers, and Missionaries.

HAMILTON AND PARIS.

Although my earnest desire to save souls has not been realised, I feel assured that my labor has not been in vain in the Lord. The state of the German Missions in this part of the work, and the want of another preacher, made it necessary that my labor should be divided; and in consequence, I had often to be absent from my own Mission, and spent a great deal of time in travelling. The Divine presence was often felt in our meetings. The class and prayer-meetings were especially times of refreshing; but for the difficulties in the way, and circumstances over which we have no control, our success was not in the prosperity of numbers; but I believe that after digging around the tree it will bear more fruit; it has even this year shown the faith by good works. In Hamilton we cannot make progress under the present arrangement. Unless a Missionary is here all the time, it is impossible to have success, except by a wonderful interference of Divine grace; especially so, because the congregation has been so much reduced by removals and otherwise. Members, 53; on trial, 4.

S. KAPPELE.

PRESTON AND WATERLOO.

The Preston and Waterloo Missions of last year, upon which two separate Missionaries were stationed, were this year thrown into one, upon which I was appointed to labor alone, under the superintendency of Bro. Kappeler, of Hamilton.

Notwithstanding hard work, the Lord gave me delight in laboring in His vineyard. Bro. Kappeler visited this part of the work as often as possible, on which occasions we exchanged pulpits; and laboring thus together in love, having our purpose in our hearts, that of drawing sinners to the Saviour, the Lord blessed His work here, more than under the circumstances I had expected. Twelve persons, who are earnestly endeavoring to save their souls, have been added during the year to our membership; eight in Preston, where there were previously 23 members, and four in Roseville.

RANKIN.

Being returned a second time, I greatly rejoice in the fact that about all those whom I was instrumental in bringing under our influence, have been converted to God. Much good has been done—infinitely more than the mere list of our membership shows. Spiritually, we report our Mission in good health. A year of incessant labor has been blessed to the edifying of the Church. We have strong competition,—five laborers of other denominations sharing the small field, which gives us few hearers aside from the members' own families, but have ground for expecting a successful future, which, by ministerial faithfulness, we will endeavor to realize. Temporally, many of our Germans are dissatisfied with their lands: some have emigrated, and others are going to the United States; and many of our members are going to other sections of this country, making our work very laborious, as we follow with "the Word," unless they remove too far. Fourteen members have removed to Vennacher Mission.

Permit me a remark, in conclusion: We judge the good done on this Mission repays our Church for its noble efforts, to whose interests, under God, we would unflinchingly labor on, for the eternal welfare of our German countrymen. Members, 90.

CARL ALLUM.

VENNACHER.

As this Report has to be put in a small compass, it is impossible to give the particulars about this new field of labor, therefore we will only say that souls have been convicted and converted to God during the past year. We also can rejoice because the Lord has extended the work.

A place for a Missionary to reside has been purchased, paid for, and the deed is in the hands of the authorities of the Church. Messrs. Chown and Cunningham, of Kingston, have cheerfully given to us one acre of land, well calculated for the building of a church.

Financially, our people have done as well as can be expected, as this field of labor is entirely new, and on which some of our people have scarcely their daily bread. They have given according to their means. Members, 20; on trial, 13.

ANSELM SCHUSTER.

FRENCH MISSIONS.

THE special oversight of these Missions has been given, by the sanction of the Conference, to the Rev. John Borland and a Committee deeply interested in the spread of Protestant principles amongst French Canadians. Respecting the continuance and future prosperity of our efforts in that department, Mr. Borland writes :—

“In the judgment of many, our labors in this department of our Mission-field have not been marked by those results they think themselves justified in expecting ; hence, any further outlay thereon, especially with our present agency, is with them neither hopeful nor wise. To all these it may be said, that such reasoning and conclusion would have led to the abandonment of Missions which have now, for many years, cheered the hearts of God’s people, and inspired them to greater efforts to the enlargement of the Redeemer’s kingdom. For quite a time in the inception of almost every Mission now occupied by the Christian Church, has the Missionary and his supporters been called to labor in hope even against hope. But strongly moved by a sense of responsibility, and holding fast to the word of promise, they have kept on their way against all discouragements, until at length the Spirit was poured out from on high and the wilderness and solitary place was made glad through them ; and to the hitherto arid waste, has been given the glory of Lebanon, and the excellency of Carmel and Sharon ; and thus have God’s servants seen of the travail of their souls in tears and prayers, in toil and conflict, and been satisfied. From such experience it were well, if it be not our duty, to take lessons.

“Unlike many of those older fields of Missionary labor, we have had cause for rejoicing over fruits in gracious awakenings and soul conversions to God, from the very commencement of our efforts. But owing to the unsettled state of many such, occasioned in not a few instances by the fierce persecutions for conscience sake they were made to endure, the fruit has not been gathered into that Church form that is much to be desired, (both for the sake of the persons themselves, and as well for the Church solicitously looking for such organizations,) yet many such remain steadfast, and have been found in other places—even in the United States—giving glory to God for their spiritual liberty ; while others have been taken to be waved before the Lord as a first fruit of what will yet be a glorious harvest.

supply, and zealous, because thoroughly aroused to what they well know is with them a life or death struggle, our Missionaries have to ply their vocation. That in despite the efforts of such antagonistic forces, our Missionaries do prosecute their labors, and that with increasingly marked success, so as to cheer on those who take a consistent view of the field of operation, and as well to inspire them with the hope that ere long the little one shall become a thousand, and the small one a great nation, before the Lord. Our Missionaries are now occupying good positions in the towns of Roxton, Granby, Shefford, Stukeley, and adjacent places; while doors continue to open around them, showing yet wider spheres for their labors. To prosecute our duties as Providence distinctly indicates our way, we need, 1st. More Missionaries. Montreal and Quebec should be occupied, and as well the field in Huron, Ontario, which should never have been abandoned by us. 2nd. We should have a paper, which, while it supplied the French people with the current news of the day, should give as well those moral and Scriptural reflections and instructions as would help to raise them to a proper Christian standard of thought and action. 3rd. We very much need an educational institute. The importance of such is well understood by both our friends and our foes. Each Missionary organization to the French people among our Protestant Churches has one; while that of Rome is sparing no pains or expense to work this agency to the uttermost. It may then be well asked our people, Shall we, who have so long confessed our obligation to do what we can for the evangelization of our French fellow-countrymen, shall we much longer be without such means for good,—we, now the only Church that are without it? I trust this subject will be taken up by us, and, as a consequence, that response be given which accords at once with our means and our responsibilities."

At SOUTH STUKELEY, the congregation is fluctuating. ROXTON ROAD reports conversions of a few individuals, and "the building up, and confirming others in love." The labors in HURON have not been in vain, for "it is very cheering to see how the people are growing in piety, and how they are taking a deeper interest in the service of God." These isolated people have sent in an earnest petition not to be neglected in the distribution of the Society's Missionaries; imitating one in humble circumstances, who received the Master's approbation, they "have done what THEY could."

COMMITTEE ON THE FRENCH WORK.—The President and Co-Delegate, the Secretaries of the Missionary Society, the Ministers of the Montreal and St. Johns Circuit, the Hon. James Ferrier, and Messrs. DAVENPORT, SEATON, AND LESLIEVILLE.

The labor expended on these appointments has been attended with a considerable degree of success. Three Sunday-schools have been kept in operation, and during the year supplied with additional books and S. S. apparatus, and with fifty copies of the *S. S. Advocate*.

The attendance at the public services has been maintained, and the means of grace supplied to an increasing, and, at Leslieville, but for these services, religiously destitute population. It is confidently expected that the appointment of two Ministers to the work previously devolving on one, will be attended with the happiest results.

There is an increase of six members on the circuit, after making up serious losses; and the finances are generally in advance of the previous year, with the exception of the Missionary subscription, which, in consequence of the death of our lamented Brother Bishop, the Missionary deputation, and of the difficulty of procuring a substitute till late in the season, is not as large as that of the previous year. Members, 58.

W. H. WITHROW.

ORANGEVILLE.

During the past year we have had great peace in all our borders, and some prosperity. Forty-five souls were added to the Church—35 on trial, and 10 from other circuits; but by pruning we reduced our net increase to six.

At present the Orangeville Mission is a difficult field of labor, principally owing to the large number of denominations occupying the same ground. Six Ministers of different denominations preach in Orangeville on the Sabbath, at the same hour, which greatly divides the population.

We have six preaching places in the country part of our work, four of which can do but little in support of the Missionaries. Though special efforts were made to raise funds in these appointments last year, \$80 was all that could be realized from them. We expect to commence the anticipated new Church in Orangeville this autumn.

THIS old field of Methodistic toil has suffered from the general depression of trade, through its diversion into other channels, and therefore we cannot report much progress. Still, by God's help, we have held our own. Discordant elements have been harmonized, and in some respects we are decidedly improved.

Our Sabbath-school in Niagara has three times as many scholars as at the beginning of the year. Delicate health has prevented me from holding special services; but our regular means have at times been seasons of great refreshing, and after filling 12 vacancies, we report an increase of two.

We have rented the commodious Church lately occupied by the Canada Presbyterians, and this will give us a better position, and, with God's blessing and good management, Methodism may arise out of its feebleness and become a tower of strength. May it be so is the prayer of one who has received a great deal of kindness from this people. Members, 75; on trial, 2; Total, 77.

We have been enabled to effect a visible improvement in the management of circuit affairs, which, if carefully carried out, will remedy to some extent long existing evils, and with the Divine blessing will result in future good. We have morning and evening service in town every Sabbath, and two country appointments supplied alternately in the afternoon.

We return a small increase both in members and finances. Members, 70.

CAYUGA.

The ecclesiastical year now closing has been one of peace and prosperity on this Mission. Our last quarterly meeting may be considered as the index of the spiritual state of our membership. After 65 (chiefly new converts) had borne testimony to the excellency of the Gospel of Christ Jesus, we deemed it prudent to adjourn, in order that

others who felt desirous of acknowledging their indebtedness to saving mercy might do so.

During this spring one hundred persons have united with us. Our finances have increased nearly fifty per cent., although we still have to suffer from a deficiency, yet we believe if the Great Head of the Church deigns to continue his smile and favor unto us, and the Missionary Board assists us two or three years longer, Cayuga will become a self-sustaining circuit. Deaths, removals, and dropped for non-attendance to the ordinances on God, 50 ; Total membership, 177.

This old Domestic Mission has been so much revived, that they have resolved to become an independent circuit for the future. In time we charitably hope they will repay to the Mission Fund the amount they have received in the days of their dependence.

We have spent two pleasant, and we trust profitable, years on this Mission. The Lord has given us some considerable prosperity, with the utmost harmony and friendly co-operation. We therefore thank God and take courage. Members, 200.

During the year which has just closed, God has been pleased to grant us some degree of prosperity and tokens of His favor. Fifty have been added to the Church, 48 on trial, and 2 by letter ; so that after deducting 35 for removals in various ways, we are still able to report an increase of 15. A new Wesleyan Sabbath-school has been organized at Fredericksburg, and an increased interest is awakening throughout the Mission in the cause of Sabbath-schools. We have also three week-night Bible Classes, numbering in all over 90 persons.

THIS Mission, in its present form, comprises four Sabbath appointments, and one on a week-night. This latter has been opened during the past year, and promises well. A Sabbath-school has been started in connection with it, which is managed by our people. The congregation has doubled at one of the Sabbath appointments; somewhat increased at two others of them, and maintained its former number at the fourth. In the village of Tyrconnell we were blessed with a very gracious revival, resulting in the accession of several valuable members to the Church. We think there is reason to believe that, as Methodism is becoming better understood in some localities, where formerly it was scarcely known, it is also gaining on the convictions of many of our hearers. We are not without hope of success in the future. Our net increase for the year is 14, for which we praise Him who alone can change the human heart. Members, 90. B. SHERLOCK.

MOUNT BRYDGES.

We have peace in all our borders. Our congregations are good; the privileges of the Lord's house appear to be appreciated, and I think there is increased interest felt in the prosperity of Zion. Some improvement has been made on the Mount Brydges Church, and some is about to be made on the Melbourne Church. We have received on trial for Church membership 12, and from other Churches 7; but 5 have been dropped, and 19 have removed, which leave us a decrease of 5. Members, 100. JAMES KENNEDY.

NISSOURI.

Our congregations have been almost uniformly good. The Connexional Funds have not been so well sustained as is desirable, but we have raised a few dollars more than last year for the Missionary Fund. God's blessing has graciously rested on us during the year. Through the ordinary means of grace nearly 30 persons have been brought to God—one of them a man over four score years, who has since passed through death triumphant home. But our increase does not appear, in consequence of the losses we have sustained by removals and excisions. We have also been successful in completing our pleasantly-situated and comfortable Church in Florence, and in securing the disciplinary amount necessary to commencing three other Churches; in two of which we hope to preach by next winter. Our financial affairs have improved in almost every interest of the Church, and our congregations are increased in a very encouraging degree. We have peace and prosperity in all our borders. Members, 86.

D. A. JOHNSTON.

DAWN MILLS.

On this Mission we have five appointments, including three respectable churches with good congregations. We have also a very convenient parsonage with stable, garden, &c. Three good Sabbath-schools are in operation, and another just starting at the Knagg's appointment: from the efforts in this direction we anticipate glorious results. Though the "grant" to us from the Missicnary Fund was rather hurriedly reduced (fifty dollars) and our people were under obligations in connexion with the purchase of the Parsonage, and the debt upon our large and expensive new church in Dresden, yet they have nobly contributed to the Missionary Society, as well as our other connexional funds, in advance of any preceding year.

During most of the year your agent has had to suffer much personal affliction, arising from local causes; yet the work has been regularly sustained, and some special efforts have been blessed to the conversion of souls and their addition to the Church. Our great need is a larger, richer measure of Divine influence to save sinners and sanctify the Church. May it come speedily! Members, 110; on trial, 10.

We have succeeded in securing nearly half an acre of land, built a comfortable and commodious Parsonage on it, and fenced in the premises. The whole cost about eight hundred dollars. THERE have been marked evidences of prosperity evinced during the year on this Mission.

The congregations at the leading appointments have greatly improved. Three weekly prayer-meetings have been established, which have become means of spiritual blessing. The class-meetings, though still falling short of their desirable efficiency, are better attended, and are often accompanied by manifestations of power from on high. Many of our members are seeking the deeper baptism of the Holy Ghost, and are laboring for the conversion of sinners. Some few conversions have given encouragement to our hearts to look for a revival, and we believe the work of preparation is going on. "The fallow ground" is being broken up; the seed of the kingdom is taking root, and, through the blessing of God, the reaping time shall come.

Through the unanimity and heartiness of our people our connexional funds have been well sustained, and about six hundred dollars have been raised in improving our Church and Parsonage property. Our numbers, through deaths, removals, and the painful necessity of dropping a few names, will show a net decrease of six; but we believe, in an actual living membership, there has been an encouraging increase. Members, 146; on trial, 2.

MOORETOWN.

We are able at the close of another year to report a goodly degree of success on this Mission. Our congregations have been very large. Financially, we are in advance of previous years. Religiously, too, God has favored us with his blessing, and added to our numbers, so that we report an increase of twenty-two in our membership. The members, both of the Church and of our congregations, have shown their increasing interest in the cause of God by increased liberality. We have improved the Parsonage property, making the place very comfortable for its future occupants. This Mission is situated in a comparatively new, but very promising country. Judging from the esteem in which the Wesleyan Methodist Church is held on the Mission, and the favorable reception of her doctrines by the people, we believe that those who labored there in the past, did not labor in vain, and that a prosperous future awaits the Mooretown Mission. Members, 153; on trial, 4.

OIL SPRIGS AND PETROLIA.

Our work on this Mission extends over almost the whole of the oil producing territory of Canada. Two of the appointments had been abandoned during the past few years on account of the failure in the oil business, but have been taken up again this year. Three appointments are now sustained, and a measure of success has attended us at each place. We give our friends throughout the connexion many thanks for their assistance in saving our Church property at Oil Springs and Petrolia. It is impossible, at least for the present, to establish a permanent cause here on account of the fluctuations of the oil business and the unsettled state of our people; yet the past year has been characterized by special success in every department of our work.

Our congregations have greatly increased, and the labors of your Missionaries have been blessed by the conversion of many souls. At the close of our special meeting in Petrolia sixty persons wished to be received as members of the Church. Although we have suffered a great loss in our numbers by removals, yet we are happy to report our membership almost double that of last year. Members at present, 85.

G. A. MITCHELL.

WYOMING.

We thank God for peace and some degree of prosperity. Our special services brought a sufficient number into the Church to enable us to report an increase of twenty members. The congregations are good. A new church has been erected at Maxwell's appointment. Two Sabbath-schools have been organized. There are now three schools on the Mission. Our people are kind and liberal, according to their circumstances, but greatly need "the baptism of fire" to purge out the love of the world, and endue them with power to work for God. On this Mission we have been praying, laboring, and looking for prosperity. God has made himself known in the salvation of some souls.

At the Mortimer appointment we intend soon building a church. A piece of ground has been properly decided on, and two-thirds of the amount to build subscribed. Though we have had some additions this year, yet in consequence of a large number of removals and a few deaths, we have to report a decrease. Members, 57; on trial, 4.

We have had, during the past year, a degree of spiritual and material prosperity. Special services have been held at one appointment, which resulted in the addition of nine persons to the Church, all heads of families. The three appointments in Garafraxa are in a prosperous condition, especially Douglass, a rising village on the Grand River, where the Church has enjoyed a gracious revival. Luther township promises well, and, a Missionary is specially needed for that locality. New settlers are rapidly increasing, and the field is "white unto the harvest." We report an increase of 25 in Church membership. This Mission is of great extent and very arduous, and it is desirable that, as soon as possible, a division be effected. Members, 195 ; on trial, 1. D. KENNEDY.

R O C K W O O D.

The past year, on this Mission, has been one of peace and prosperity. The blessing of God has rested on our labors. At the close of our first Sunday services two persons sought and obtained the pardon of sin, and there has only been one month during the whole year in which we have not had similar tokens of the Divine favor. Hence, after making allowance for twenty-four removed, twenty-one dropped, and six withdrawn,—total, 51,—we report a net increase of 21 in our membership. At most of our appointments there is an evident increase of spirituality, and especially at Eden Mills, where in former years difficulties of a formidable character existed. At Crewson's Corners, where my predecessor took up a new appointment last spring and organized a small class, we have a church in course of erection, on a lot of ground generously donated to us by Mr. Robert Green. We need in Rockwood enlarged church accommodation, but the circumstances of our people here will not warrant us in building a new church at present. We cannot sustain our Church interests, as they should be, with service only once a fortnight, where other bodies have service every Sunday. Members, 154 ; on trial, 4.

GEO. H. CORNISH.

BERLIN.

Two of our Churches in particular have been, during the past winter, the scenes of a gracious revival, by which about 50 persons have been added to our membership, many of whom, we trust, have been savingly converted, and at most of our appointments, the congregations have increased, and, we think, the religious sentiment deepened and extended.

A new appointment has been taken up, where the congregation is good, and the people, manifesting great interest in the services, encourage your Missionaries to labor on.

Although, on the whole, the work of God on this Mission is, we think, in a healthy and growing state, yet we fear that local hindrances, and the contemplated removal of several Methodist families, will keep this field of labor much longer dependent on aid from the Mission Fund than we have any ambition to be. TEVIOTDALE.

This Mission, embracing portions of the Townships of Wallace and Minto, and consisting of six appointments, was formed at the Conference of 1867. Through the blessing of God we have not spent our strength for naught, though we cannot report success to the earnestly wished-for extent. We have, however, three-fourths of an acre of land, on which has been erected a comfortable Parsonage and stable. Now nearly free from debt, a small amount has been expended in Parsonage furniture.

During the year, a neat frame Church has been built on the 10th concession of Wallace: cost about \$500, \$300 of which has been secured by subscriptions. Churches are much needed at each of the other appointments. Our people are not affluent, but many of them are liberal; yet the wet and frost of last summer producing a failure in crops, has seriously affected our financial position. Spiritually, we trust there is some advancement. Our congregations are good. We return a small increase in the membership over last year. Members, 91; on trial, 7.

schools. The Parsonage property has been considerably improved, and arrangements made for the immediate erection of a Church at Wright's. We believe the Mission to be in a more healthy state. We have spent a happy year among a kind people, who, in proportion to their means, nobly contribute for the support of God's cause. Members, 121; on trial, 4. JOHN HOUGH.

ARTHUR

Is an interesting field: Its extent and religious destitution call for laborers and more Christian sympathy from the Church. There is an increase in some of the Connexional Funds, though a large decrease in the number of members.

There is in course of erection a church in the village of Arthur. The attendance at Divine service is larger at some of the appointments than at any previous time. There are Sabbath-schools now about being re-opened in some settlements as well as in the village, and in several neighborhoods a loud call for the Gospel of peace. Members, 46. A. D. MILLER.

MOUNT FOREST.

The work on this Mission during the year has been steadily progressing. We have been favored with revivals, in which a goodly number of persons have been converted to God. It is impossible for one man to meet the demands of this field. Our quarterly board have renewed their request for an additional laborer, on condition of an increase in the Missionary grant. It is essential that this part of the country should be more fully occupied. If properly cared for, in time to come, this Mission will soon become an enviable field of labor. THE state of the work on this charge presents many pleasing features. Societies in a healthy condition—Sunday-schools largely increased in attendance—funds for connexional purposes in advance—and the contract let for the enlargement of the Church in Seaforth. The only drawback is the decision of the Missionary Committee to give no more aid—by the way of grants—to this juvenile field. We now report a membership of 140. WM. PRICE.

BAYFIELD.

During the past Conference year we have put forth all our strength in the work of God; and though we have not been exempt from many of those obstacles that so frequently obstruct the pathway of the spiritual laborer, yet we are truly thankful to the Lord of the harvest for that measure of success that has so graciously crowned our efforts. Since our entrance upon this field of labor we have lost 9 members by removal, 12 by the administration of discipline, and 3 more by the hands of the destroyer; and yet we are able to report a clear increase of 27. We feel encouraged to hope that our most sanguine expectations will be realized, and that the seed which for many years has been so diligently sown, and watered with so many tears, will yet yield an abundant harvest. Members, 120; on trial, 10.

TEESWATER.

We have been made to rejoice by manifest tokens of the Divine favor and approval. Twenty-one have been won from the world, and professed faith in Christ. The Church, we trust, has been quickened, and the tone of spirituality raised. The congregations during the year have been good, and pleasingly characterized by seriousness and attention. Since the returns were made last year, 21 have removed, 3 have died, and 7 have been dropped. Members returned, 134; on trial, 6.

AINLEYVILLE.

Immediately after Conference, we entered upon special services at Johnson's Church, which were crowned with success, and a general deepening of the work of God in the membership. In October we held a four-days' meeting in Ainleyville, where the Divine power was very graciously manifested in the conversion and sanctification of our people. We have received, during the year, on trial, 40; from other circuits, 7; 15 have removed; 25 have been dropped; we report an increase of 5. If three appointments could be added to this Mission from adjacent fields, two men could be employed with advantage. We have now eight Sabbath appointments. Members, 155.

In the midst of difficulties the Lord has been with us, and manifested His saving power in the conversion of a number of souls, and the building up of the faithful. Our present membership is 127.

We have had some prosperity on this Mission in the past year. Over thirty souls professed to find peace through believing, and have united with us in Church fellowship. So, after deducting for removals &c., our membership stands as last year, 97, and 23 on trial; making a total of 120.

We paid off over \$300 of our Church debt, and raised about the same for our Connexional Funds as the preceding year, and a little more for the minister.

Although this is a hard field at present, with care and the Divine blessing, in a very few years it will be one of the desirable appointments in our work. Members, 97; on trial, 23.

ARTEMESIA.

It is with devout gratitude that we review the labors of another Conference-year. God has graciously favored us with a good degree of spiritual prosperity. At several appointments souls have been converted. A very gracious influence has rested upon the people in connection with the Cornabuss appointment, resulting in an addition to the Church of between 50 and 60, who have just been received on trial. The bounds of the work have been and still are increasing, so that it is impossible for two men to work it efficiently.

A good deal has been done in Church building; and although there has been a very great failure in crops, still it is impossible to get rid of the impression, that if all did their duty, the deficiency in our appropriations would be avoided. Members, 400; on trial, 88.

There has been an increase of vital piety on the part of some. A few were converted, and some who had fallen were raised up. Several who were almost persuaded to be Christians, resisted the Holy Spirit, and remain unsaved.

The Shiloh Church, at Cook's Corners, has been lathed, plastered and seated. The Sabbath-school in Chatsworth, of 80 scholars, has been continued all the year, under the superintendency of R. B. Conger; good seed has been sown, and with God's blessing will produce fruit. The attendance on the means of grace, though not always as good as it might be, is rather encouraging. We are thankful to be able to report that the membership generally on this Mission is in a spiritually healthy and prosperous state. The congregations are large, considering the newness of the country, and very attentive to the word preached, while several have been added to the Church. Owing to the formation of a new Mission last year, and a number of removals from us during this year, we do not return so large a membership as formerly. For these reasons, and on account of the failure in the crops for two years in succession, the finances of the Mission are also rather behind. Though, considering the great financial difficulty and embarrassment into which the people have been thrown, they have done nobly, and what looks like a failure is in reality not so. We are able to look forward with good hope to the future success and advancement of this Mission. Members, 120; on trial, 3.

AMABEL.

It is with unfeigned thanksgiving to Almighty God for the prosperity enjoyed during the past year that we make this first report of Amabel Mission.

This field of labor is new, the roads bad, the people poor, yet it is not an unpromising one. Where, four years ago, there was scarcely a tree fallen, we have now a class of 50 in a healthy, peaceable, and prosperous state. Other appointments are equally promising. Our revival meetings were seasons of great outpouring of spirit, and great ingathering of souls. At the commencement of our year's labor we numbered 25, we now report—Members, 84; on trial, 10; Total, 94; increase, 69.

SHARON AND MOUNT ALBERT.

In winding up the affairs of my third Conference year on this Mission, I see much to humble me before God; yet much for which to be thankful to the Great Head of the Church. We have had difficulties to contend with, and we have tried in the power of our Master to be firm and true to the Church bought with blood. We have had to bring all the Church troubles to the mercy-seat, and to deal with them with an eye single to God's glory. And although at times almost dis-

couraged, yet God has been with us in convincing and converting power during these three years of hard toil. Our claims have been fully met every year, and this year all our funds are in advance of last, and we return an increase in members of 34. Three years ago we found 130 members; we leave 201. Our new Parsonage is one of the best on the District, on which we have paid over \$800. It is pretty well furnished, and the furniture all paid for. We have some noble people on this Mission, and true Wesleyans. With work, care, and the smiles of heaven, this beautiful part of the country will soon blossom as the rose. Members, 201.

C. HAMILTON.

MONO.

Eleven appointments and twelve classes, containing 270 members, were taken from what was last year the Mono Mission, and formed into what is now the Rosemont Circuit; and Mono commences her history anew, with six appointments, six classes, and 100 members. It was feared, by some of our wise and good men, that division would be injurious to both parts, and especially to Mono, but time seems to have convinced all that it was both necessary and beneficial.

On this Mission we have 5 Churches, 7 appointments, 7 classes, and 125 members. The congregations are not large, nor is there any prospect of their being enlarged to any very great extent, as the Churches are too near together. I do not see that there is any very flattering prospect of this field becoming self-sustaining in its present form.

After three years of more than usual toil and anxiety, your Missionary closes his ministerial labors on this Mission with feelings of devout gratitude to God for sustaining grace, and of thankfulness to his friends for their many words of cheer and acts of Christian kindness.

HORNING'S MILLS.

We dedicated a new Church to the worship of God at the Nottawassa appointment, 26 by 36, debt all provided for. We have another to be dedicated after the Conference is over, 24 by 30 feet, on which there will be some debt, some of the friends in that place having lost all their wheat crop by frost. We have secured a lot at the Orange Hall appointment, and lumber will be sawed for a Church this summer. We have not had that spiritual prosperity we could wish to report. Some have been taken into the Church, and some have been removed. We report an increase of 1; 3 on trial; and 89 members.

VESPRA.

OUR present ecclesiastical year, though not so prosperous as we have desired, has, nevertheless, been more encouraging than the previous one.

Though many and serious difficulties have opposed themselves to the progress of God's work, we have been blessed with some measure of success. Our congregations have increased: our members, on the whole, have been regular in their attendance at class. During the year we completed our parsonage. It is a commodious and comfortable building. The property is worth \$1000.

We report a slight increase in membership. Members, 114.

JAS. WOODSWORTH.

COLLINGWOOD.

Our congregations have largely increased during the year, so that now our beautiful and commodious sanctuary is well filled with devout worshippers of God, and attentive hearers of the Gospel message. Our membership has increased largely, but owing to a number of removals, and some dropped for want of conformity to our usages, and some changes in the boundaries of our work, we only report an increase of ten. Our Sabbath-school, with Bible and Infant classes, is in a healthy and vigorous operation.

We have a Tract Distribution Society, which is doing good, not only in scattering the seeds of eternal life contained in the Gospel thoughts expressed in the tracts, but in bringing to our knowledge many, who in other parts of our work enjoyed the blessings of attendance upon our ordinances, but who, here among strangers, have failed to identify themselves with the Church; and too, in finding out many who have been, and still are, careless about their souls, and stimulating them to seek the pearl of great price.

We have erected during the year, and are now occupying, a commodious Parsonage which, although it may not for a few years affect the finances of the Mission favourably, will in the end prove of im-

mense advantage to the Mission. The building, lot, and surroundings, all now in excellent order to make a minister and his family comfortable, cost about \$1,600. During the present summer we expect to have only \$800 debt upon it, and this sum is provided on mortgage at reasonable interest. We hope to be able to do with a smaller grant from the Mission Fund in the future, and believe that not many years will pass before this Mission will become a self-sustaining, and most desirable Circuit. Members, 60.

FRANCIS BERRY.

ORILLIA.

Two years since, we received our appointment to Orillia, which, for beauty of situation, is not surpassed by any other spot in the Dominion. We found one of the best brick Parsonages within the bounds of our work, against which there was a debt of about \$1300, which has been reduced about \$1000 by the payment of subscriptions, and the sale of Church lot.

Orillia, for some years, has been a place of commercial importance, and from its geographical position it is confidently expected shortly to become a county town. As it seems designed by Providence to become a commercial and religious centre, the heads of our Missionary Department were anxious that we, as a Church, should take bold and prompt measures to secure the erection of a good Church edifice.

During the year we have built a beautiful brick Church, with attractive steeple, the main building is 40 by 70, with commodious basement and class-rooms, at a cost of about \$5,500, including land. We need about \$1,900 beyond the amount secured: we have grounds for anticipating foreign help to the amount of \$500.

Our congregations are more than double, and are increasing. Our people on the lake shore have this year built and paid for a new frame Church. Although our people have paid large and liberal subscriptions for Church improvements, and notwithstanding their pledges for additional amounts, still we are thankful there is a slight advance in all our funds, for Circuit, Missionary, and Connexional purposes, with an addition of \$153 subscribed for Victoria College Endowment Fund.

After deducting from our list of members, removals, and doubtful, we have a slight increase. Our classes are better attended, and there are signs of increased spirituality of mind, and depth of piety.

We gratefully record our indebtedness to our President, Missionary Secretaries, and Treasurers, as well as to our Chairman, for valuable counsels and material aid rendered during the past year. Members, 124.

Our congregations at nearly all the appointments have greatly improved. Some souls have been added to the Church. A new Sabbath-appointment at the rising village of Hill's Dale has been taken up, which promises to be very prosperous. Two new Sabbath-schools have been organized. An effort likely to prove successful has been put in operation to extinguish a debt on the Parsonage which had almost become chronic. We have endeavored faithfully to execute the Conference trust, and not report as members those whose life and conversation are not as becometh the Gospel of Christ. May this Mission abundantly be visited with the baptism of the Holy Spirit, and revival power! Members, 112.

STAYNER.

This Mission was divided last year, setting off Angus with four other appointments and 46 members to form a new Mission, leaving Stayner with nine other appointments and 204 members. Stayner now returns 21 on trial; 239 members; total, 260, after deducting for 15 removals, 3 withdrawals, and 18 dropped; leaving an increase of 56 on the year. The Mission is enjoying a good degree of peace and prosperity. They have raised for all purposes this year, upwards of \$1,150. Three years ago there was one Minister, with 120 members, on the same ground that now returns three Ministers, and 340 members. We could find work for two other Ministers on the same ground, and form a new Mission on the west with one man.

We bespeak a liberal grant for the Mission in the future, as the speediest and cheapest way to develop the work, and get it off the funds.

S. TUCKER.

ANGUS.

The year has been one of encouragement to your Missionary, who has been greatly assisted in his labors by many of the kind and devoted people on this promising field. The congregations have generally been large and attentive. The class-meetings, which have increased, are well attended, although at certain seasons of the year, owing to the bad state of the roads, it is difficult to reach some of the places of worship. During our seasons of special services the Lord was manifestly in our midst. Many were convinced of sin, and, ere the meetings closed, there were some hopeful conversions. After deducting for the removal of 3, and 7 dropped, we are able to report an increase of 34. Members, 76; on trial, 4.

MUSKOKA.

It is now eight years since the first Missionary was appointed by the Wesleyan Conference to this field of labor. Since then, although Methodism has been slowly but steadily advancing and increasing in numbers, it was not until last year that it could boast of possessing either Church, Parsonage, or other connexional property of any description on the Mission. We have now a comfortable Parsonage, which, through the liberal policy of an efficient Board of Trustees, has been partly furnished; also one Church in course of erection, while at several of the appointments our people contemplate building soon. During the past year, most of our congregations have largely increased, while, by the assistance of a second preacher, we have been enabled to take up four new appointments, at each of which we have organized a class. There are now 12 appointments and 11 classes on the Mission. Had we men and means there is yet room and urgent demands for an extension of the work. Immigration has rapidly increased this spring. New settlements are being formed still farther northward in the Free Grant District, from which frequent and earnest invitations are sent to your Missionaries to follow them in and preach to them the Word of Life. We feel deeply for the future prosperity and ultimate success of this portion of our Mission work.

After deducting 18 for deaths, removals, &c., we report a net increase of 52. Members, 121; on trial, 15; Total, 136.

COLDWATER.

Owing to various causes, the membership had been reduced to 10, and not more than half of these were ever found at class-meeting; now we have 21 members, with an average attendance of 12 at class. The work on this Mission is peculiar, there being but one appointment at which we have any society.

We have lately taken up a new appointment at Hog Bay, where a new saw-mill is being erected, so that we now have five preaching places, four of which are supplied every alternate Sabbath, and one every Sabbath.

We have a large and prosperous Sunday-school, employing fifty teachers and officers, and giving instruction to 262 children. Our Connexional Funds have been well sustained, and your Missionary's expenses cheerfully met. The Parsonage has been freed from debt. At present the prospects of the mines are brighter than they have been for some time; and it is likely that there will be a considerable increase in the number of persons employed this summer.

I must not omit to add that the beneficial results of Missionary labor are by no means confined to the Church; for, by the blessing of God on the labors of his servants, the community, which ten years ago was proverbial for wickedness, has become one of the most sober, moral, and peaceable in the Province. Removals, 35; members, 104; on trial, 3.

PARRY SOUND.

In presenting the first Annual Report of the Parry Sound Mission, we desire to record our gratitude to Almighty God, first, for the opening of so wide a door for the triumphs of the Gospel; and, secondly, for the power He has given His Church to enter and present with success the great truths of salvation.

Five years ago Parry Sound was known only as the hunting-ground of the Indians; it is now a thriving village in the very heart of the "Free Grant Districts." Immediately after the selection of this place by the Messrs. J. and W. Beatty (worthy Wesleyans), for the location of their large lumbering establishments, a tide of immigration at once set in, and for the accommodation of their workmen, and the incoming settlers, as also for the establishing of our beloved Methodism, Mr. Wm. Beatty, the resident partner, erected forthwith, at his own expense, a neat and commodious Wesleyan Methodist Church, deeded it to the Conference, free and unencumbered, and for four years, with the assistance of one or two other brethren, he has conducted public religious service twice every Sabbath, led a class-meeting at the close of the morning service, and superintended a flourishing Sabbath-school in the afternoon, and regularly sustained also a week-night prayer-meeting; thus from the first, all the means of grace peculiar to our Church have been established and conducted with vigor and success. At the last Conference, however, the work having grown to such dimensions, it was found impossible any longer to carry it on efficiently without the appointment of an ordained Minister; accordingly application was made to the Missionary Committee, and the request was granted; and in the "Minutes" of 1869, Parry Sound appears for the first time as a regular Conference appointment. During the year five outside appointments have been

established, besides occasional preaching through the settlements. Wherever practicable, societies have been formed, and the entire work placed on a connexional basis. At one of these preaching places a log Church, respectable and new, has already been built, and arrangements have been made for the speedy erection of two more in other parts of the circuit. With characterized promptness, the Quarterly Board have also undertaken to provide a large and comfortable Parsonage for their Minister. The building has been commenced, and with the blessing of God upon the work, will be ready for occupancy by about the middle of August.

But whilst we are thankful to record these evidences of material progress, yet, best of all and above all, there have been conversions. Thank God! sinners have been saved; and although some have removed, and some have been dropped, and some have died, yet, through the Gospel of our Lord Jesus Christ, the membership has been more than doubled. To God be all the praise! This field of labor is Methodist; the Wesleyan Missionary was the first to visit these people and speak to them of Christ; our Methodism has been established, and will be maintained; and although, during the past few months, other agents have been introduced, yet nothing can easily mar the influence or destroy the position which our Church has already secured. May we use it for the salvation of souls and the glory of God! The work and wants of the Mission are now more imposing than ever; a large tide of immigration is continually pouring into the district; colonization roads are being opened up by the Government; for more than 50 miles round, the country is being rapidly settled, and something must be done to give the settlers the Gospel. Hitherto their experience has been,—no Minister, no preaching, no ordinances of religion, no religious service of any kind whatever. It cannot long remain thus, however, for if we do not reach them others will; but surely it cannot be that Methodism, which has always led the armies of the Churches into these destitute settlements, shall now linger behind while others work! One special feature of interest connected with this Mission is the Indian work attached to it,—work hitherto superintended by the Missionary at Christian Islands. It embraces the following points: French River, Nashkootong, and Shahwanaga. All these places have been faithfully visited, and religious services have been regularly conducted by the native assistant employed by the authority of the Missionary Committee. The Missionary-meetings held at these appointments were a grand success, the Indians themselves subscribing over \$130 to the Missionary treasury. As the Indians, however, will not return from their hunting until about the last of May, we shall be unable to include this amount in the financial returns of the year, as presented to this District Meeting; but the Chief has promised to have the entire amount remitted by about the first week in June. This will, ere long, be one of the most pleasant fields of labor within the bounds of the Conference. Members, 60; on trial, 3.

BEAVERTON.

UNDER the blessing of Almighty God, the churches which were in course of erection last year, have been finished and dedicated to the worship of the Most High. Your Missionary, during the past year, held the first protracted meeting ever held in Beaverton, which resulted in the conversion of some sinners and the quickening of the church. The prospects on this Mission are very encouraging,—all the funds in advance of last year, and your Missionary's salary for the first time paid in full. After deducting 6 removals, 1 withdrawn, and 2 dropped, we report an increase of 10 members. Members, on trial, 6; Total, 55. J. CARROLL WILSON.

CAMPBELLFORD.

THE past year has been one of encouraging progress. Though we have suffered severely from the loss, by death and removal, of some of our ablest members, yet, in financial matters, we are in advance of any thing in the past. Our congregations are steadily increasing, and peace and harmony prevail. We have had nothing special during the year, but rather a steady and, we trust, permanent addition to the church. After filling many vacancies from deaths, removals, and backslidings, we thankfully report a small increase to the membership. We have great hope for the future for this Mission, and believe that if its agencies are but faithfully worked, Methodism will take a foremost position in its efforts to benefit and bless the people. Members, 114; on trial, 1. JOHN C. ASH.

HASTINGS.

A very neat and comfortable Parsonage has been purchased for the sum of \$650. Several improvements have since been made on the house. The people turned out and built a stable and driving-house,—the labor on which was performed gratuitously. Our congregations are good,—the people liberal and kind, and we are looking to the Giver of all good for an outpouring of the spirit. During the year, we received 15 members on trial, and 6 from other Circuits; but 19 removed from off the Mission, and 4 were dropped, so that we report a decrease of 2. Members, 67; on trial, 15. R. WARSAW.

A GOODLY number have availed themselves of the ordinary means of grace. Considerable effort was made in the winter to liquidate the debt upon the Church in Warsaw. A tea-meeting was held and subscriptions raised. Four months were devoted to special services, when the Church was benefited generally, several backsliders were reclaimed, a few were brought out of the world and joined the Church. 2 have removed, 2 withdrawn, 4 dropped, and 10 received on trial. Members, 48.

BOBCAYGEON.

The year just closed has been one of unremitting, and often severe, toil; but through the mercy of God, we have had health and support and comfort, and moderate success. Souls have been converted, and scriptural knowledge and morality have been spreading. Church and parsonage property has been improved, and all our financial interests largely advanced. Good congregations, well attended class and prayer-meetings, liberality in supporting our institutions, a determination to be independent of outside financial aid, at the earliest possible moment, and, above all, the manifested presence of the Master, are facts, which make us rejoice in the present, and look hopefully to the future. After making up for 13 removed and dropped, we report an increase in membership of 76. Fifty-six of these were converted during the year, the rest came from other Circuits. Our present membership is 166, and 29 on trial. Total, 195.

WM. SHERIDAN.

MINDEN.

We have had peace and prosperity, for which we are thankful and encouraged. The temporal interests of the Mission have been well sustained,—your Missionary's wants abundantly supplied, and all the connexional collections and subscriptions still increasing over former years. The want of a parsonage has been long felt; preparations, however, are now being made to build one, which we hope to complete by the fall. Spiritually, the Mission is rising, although in consequence

of removals, &c., we are not able to report an increase in the membership, (which we much regret, having done what we could). There is a deeper tone of piety in the members than formerly. Our congregations are good, and the Divine blessing attends the ministrations of the word. The class and prayer-meetings are seasons of refreshing from the presence of the Lord.

J. H. STINSON.

FENELON FALLS.

Our Church in the village has been considerably improved, and the Church at Rosedale has been completed and dedicated to the worship of God, free of debt. Of the state of piety we regret we cannot speak very favorably. The class and prayer-meetings are not as diligently attended as they should be, yet we have some who highly prize these means of grace. One appointment was detached from this Mission last year, by which we lost 8 members. Our accessions to the Church during the year have not been as numerous as we expected; however, after filling up all deficiencies occasioned by removals, &c., we are able to report an increase of 14. To God be all the praise. Members, 72; on trial, 4.

W. R. BARKER.

COBOCONK.

During the year our congregations in general have been good, and marked attention has been given to the word of life. At the protracted effort held in Cookman's neighborhood, the class was quickened, and a few converted to God. But I am sorry not to be able to report an increase of members, for I find that during the year we have had 6 removals, 7 dropped, and 1 withdrawn, which leaves a decrease in our numbers. Members, 37.

D. HARDIE.

HAVELOCK.

We have had on this Mission a year of peace, harmony, and general prosperity. Our public services have been well attended, and our class and prayer-meetings have been times of refreshing. The meetings of the official brethren have been marked with great brotherly feeling and harmony. Our new church at the Iron Mine, in the new village of Blairton, is now free from debt. Our Sabbath-schools are in a prosperous state, and are doing much good. The special services we held during the winter were seasons of great benefit, but on account of the removals from the Iron Mine, we cannot report much increase. Members, 85; on trial 10.

W. HALSTEAD.

BOLSOVER.

We are glad to be able to state a small increase in the membership, after deducting from the 63, with which we commenced the year; 5 dropped, 1 died, 2 withdrawn, and 3 moved away, which leaves the

number of members now in full connexion to be 58. We were obliged to give up an appointment at which we were accustomed to preach once in three weeks; we then took up a new Sabbath appointment, at Lytle's school-house, at which place, up to that time, they had never had any preaching from a Wesleyan minister, and we are very happy to report 8 new members on trial at the said school-house, whom we trust will be the nucleus of a good class in that place. Members, 58; on trial, 14.

GEORGE McNAMARA.

HALL'S BRIDGE.

This Mission, in its present form, has 4 Sabbath appointments, besides the Indian Mission (Mud Lake), 3 classes, and 40 church members. At the last Conference the Chandos Mission was set off from this, and a list of 79 names left for this part of the work. We received during the year, 6 persons on trial, 6 removed, and 2 died, leaving a decrease; yet we feel safe in stating that our state, financially and spiritually, will compare favorably with last year. Members, 40.

JAMES W. SLOAN.

CHANDOS.

Your Missionary feels grateful to Almighty God for his mercies during the year, and the measure of success which has attended his labors. This field of labor is fast becoming an important one, owing to the Government Free Land Grant system causing fast immigration. We have at present 6 appointments and 3 classes, which are very well attended; and although we have had trials, we have had triumphs. To God be all the praise. Members, 46.

THE appointment at the last Conference of a second preacher to this Mission, has proved very beneficial to our cause. In consequence of it, we have been enabled to give all our country appointments preaching every two weeks, and the village appointment every Sabbath. FLINTON AND ADDINGTON.

The number of members returned to Conference last year for this Mission, were 62; but by removals and other causes, I could renew but 39 tickets for the first quarter. I have now 51 members, and I believe the ground to be well prepared—the seed having been well received—for the labors of another year; the Sun of Righteousness has arisen, and is dispersing the dark clouds which hung over the place. Circumstances have prevented any extra efforts been made, but all ordinary means have been faithfully resorted to with very encouraging success.

MADOC.

The present returns to Conference from this field show a decrease of a few members, to be accounted for, first, from the re-action of the gold excitement, the transfer by the last Conference of 78 members to other Circuits, and the removal of the second preacher; and the last, and perhaps not the least cause, the removal of my predecessor after one year's connection with the Mission. We received on trial during the year, 16 members, but lost 27 by removals.

There are three promising Sabbath-schools on this Mission, one of them was organized and added during the year. The school in the village was kept open all the year; the other two were closed for six months. There is a small library connected with each. Our catechisms are used in all. Members, 160.

BANNOCKBURN.

Your Missionary has labored during the year on this back Mission amongst a people who have had for years to contend with poverty, and with all the inconveniences to which the backwoods settler is usually subject. From this condition, however, they are gradually emerging, and will, in a few years, be able to do much more towards the support of the Gospel amongst themselves than they have hitherto done. The means of grace they regard as a blessing, without which, life in the back-woods would be dreary and cheerless. Your Missionary is the only minister in this section of country to dispense the Word of Life, and to administer the ordinances of religion to the people. We are encouraged in our work by the blessing of God thereon. We have had no occasion to drop or expel any. Some have removed, yet we have an increase in our membership. During the year we had a considerable amount of scaffolding to do, which will enable us hereafter to work with greater facility and advantage. Members, 59.

In giving our third annual report of this Mission we are thankful to the Head of the Church that we have had some prosperity. The membership last year was 44, now it is 54, showing a net increase of 20 on the three years, after making up for the loss of a number by deaths, removals, and other causes.

During the year just ending my family has been greatly afflicted, which has hindered me from attending to my work to a certain extent. Under other circumstances, with the blessing of God upon my labors, I would have had greater success. CHAS. E. PERRY.

MAYNOOTH.

In closing up the year's business we find, after making up for 1 dropped, 2 removals, and 10 by altering boundaries,—13 in all— an increase of 4 members. Our finances are as flourishing, perhaps, as the position of members and other considerations would justify. We close our labors with more satisfaction than we anticipated. WILLIAM SUTTON.

BRUDENELL AND BARK LAKE.

This Mission consists of four appointments, with 54 families; these are surrounded by Roman Catholics, who are building a large stone Church in the vicinity of the Mission. The Bark Lake appointment was never visited by the Methodists till this year. Some years ago an Episcopalian minister visited it and baptized several children. The people on the Mission are liberal, having raised for religious purposes during the year, \$333. Spiritually they are alive, and this accounts for their liberality. They are anxious to hear the Word of Life: many walk from 6 to 10 miles to service, anxiously inquiring the way to Zion, with their faces thitherward. Much self-denial is requisite in working this part of the Master's vineyard, yet the seed sown in tears will be reaped with joy. A Church will be erected 24 by 36, during the summer, at Rockingham. We have two mails per week; there will be three telegraph offices in operation; and the Canadian Central Railroad, now running within 60 miles, will run within 30 miles this summer. GANANOQUE.

There has been very gratifying progress on this field of labor during the past year. The connexional funds have been liberally sustained; our prayer and class-meetings better attended; while, to provide increased Church accommodation in the village, it is in contemplation to erect a new Church at an early date. Members, 85. WESLEY CASSON.

PITTSBURG.

We have here a truly spirited and liberal people. They have provided themselves with 4 good Churches,—2 stone and 2 frame, with shed at each; and a fifth (frame), nearly completed. They have raised this year, exclusive of what has been paid for local purposes, churches, &c., about \$6 a member. We have received into church membership, 38: they deserve favorable consideration. E. L. KOYL.

CENTREVILLE.

It has been my privilege to receive a few into the church, and to see our sanctuary in Centreville repaired. In connexional finances the Mission is hardly equal to last year. It is but fair to state that circumstances beyond my control were very much against my Missionary Anniversaries, and an accident and sickness greatly interfered with the only time I had for special meetings. But I am thankful that we have had some prosperity, as well as peace, within our borders, and that the spiritual status of the Mission is, in many respects, encouraging. Members, 149; on trial, 1. E. S. RUPERT.

HARROWSMITH.

In reporting this Mission, it becometh us to devoutly recognize the hand of our God upon us for our good, as manifested in the sparing of the lives of nearly all our members, and especially the happy and triumphant death of an aged and much respected local preacher, Father Taylor, whose spirit, we doubt not, is now reaping the reward of a devoted and useful life in the service of his Master. May his mantle fall on some of his brethren! Members, 119; on trial, 1. W. W. MILLER.

TAMWORTH.

Although it has been a year of hard toil, associated with much anxiety and a great deal of discouragement, arising from many circumstances, it has also been a year of increase in all our connexional,

social, and religious interests. We have taken up two new appointments. Most of our congregations are much larger now than at the beginning of the year; some old debts, which for several years have been sources of trouble to the Official and Trust Boards, have been paid. The attendance and interest in our Sabbath-school in Tamworth have greatly increased; and a very nice instrument, at the cost of \$130, has been procured for it. We have just closed a protracted meeting in the afore-mentioned place, in which there were upwards of 80 seekers of salvation, most of whom have been savingly converted to God: over 50 have united with us in church fellowship. To God be all the glory. On trial, 54; in full membership, 105; Total, 159.
W. W. LEECH.

KENNEBEC.

Two years ago, we found this Mission in a very unhealthy condition. Our membership, instead of being 26, was 18; however, God has added to our numbers at different times since, so that at the present our membership is 40. We have paid an old debt on one of the churches. We have made some improvement on the church in Arden, so that we can worship God in comfort. Our people are advancing spiritually and temporally. Our Missionary money doubles any previous year. To the glory of God's grace be it spoken.

THREE years ago the Edwardsburg Circuit was formed by a division of the Matilda Circuit. For two years an unmarried man was supported by the Circuit without a grant from any of the funds. During the third year, additional expenditure being incurred by a change in the appointment, a grant was found needful from some source beyond the Circuit receipts. The required amount not being available from the Contingent Fund, application was made to the Missionary Fund, and a grant secured for one year. No further grant is to be obtained; so now, after one year's humiliation, Edwardsburg is again exalted to an honorable place amongst Circuits, and, as such, hopes to go on its way rejoicing. This has been to your Missionary a year of almost incessant toil, and many discouragements; but through all, by the good hand of our covenant-keeping God, we have been graciously directed. The addition of part of the old Moulinette Circuit, to this already large field of labor, has given much dissatisfaction, and been the cause of many heart-burnings. Our Mission now extends from the St. Lawrence on the south, to the interior of the Township of Cambridge and Russel on the north, a distance of 35 miles in length, and 20 in breadth. Over this large territory we have been trying, at different points, to collect the scattered sheep, and point them to the great Shepherd, and through many difficulties we can still utter the cry, "The best of all is, God is with us;" your will not, therefore, wonder that we send to you the urgent request to "give us another man." Without this the cause must suffer. We have here a noble people, thoroughly Methodist, and do what they can to support your Missionary; but after having done all, we are nearly \$100 deficit in making up your Missionary's salary this is caused by the grant to the Mission being cut down so largely. THIS is but a small Mission to sustain a minister, but our brethren are, many of them, active and liberal, and hope at an early day to be able to support their own minister, and pay back, with interest, the amount so generously given by the Missionary Committee. God has been gracious to us during the year, and it has been a pleasant one both for minister and people. Members, 88; on trial, 3.

B. ROSE.

MABERLY.

In the beginning of the year a class of 9 members was transferred to Playfair Mission. This, with the removal of some of our most valuable members, occasions a decrease, numerically. Still we are both financially and spiritually about the same as last year. The debt upon Bethesda Church is paid—not “virtually liquidated,” or “covered by subscription”—but paid. Our people are, with few exceptions, liberal to the cause of Christ. All are kind to their Pastor, and cordially attached to our Church. We are laboring and praying for more spiritual power from on high. Members now reported, 78.

W. SHANNON.

PLAYFAIR.

On this Mission we have 5 regular appointments, and 2 where I preach occasionally. The attendance of public worship is tolerably good, and very good at the extreme ends of the Mission. At those extreme points the means of grace, both public and private, are very faithfully attended to, and sinners are beginning to feel anxious about the salvation of their souls. After deducting 1 death, 7 removals, and 4 being dropped, we report the same number of members as last year—80.

JOHN CORBETT.

FITZROY HARBOR.

By the blessing of God upon the efforts of the members of our young society, we have succeeded in erecting a Parsonage and a Church. We have met with loss in membership by removals, one death, one withdrawal, and two dropped; but the Lord has blessed us with the conversion of some souls. On the whole the future prospects of the Mission are good. Members, 41.

WE feel grateful to report that the prosperity which has hitherto characterised the history of this Mission has continued to manifest itself among us throughout the year.

The village of Havelock, which has in the past been a source of discouragement, bids fair to be a very important appointment, as it is fast increasing in population; and the people have shown a deep interest, not only in attending the means of grace, but also in supporting the cause of God. At two other appointments we have had the presence of God in the revival of His work, and the salvation of some precious souls. Members, 73; 4 on trial. THOMAS H. WALKER.

RENFREW.

Of the 49 members on this Mission in the beginning of the year, 18 were transferred to Bro. Eastman, as the membership of the Calabogie Mission. Since then we received 9 on trial, and 3 from other circuits; of these 6 have removed, and 1 dropped, leaving us an increase of 5, and a total of 36.

The means of grace on the whole have been well attended, and a good deal of religious interest manifested. The congregations in the village have been large, the attendance in the class and prayer-meetings encouraging. The Sabbath-school has been well sustained, and promised to be a useful auxiliary. Members, 33; on trial, 3.

WM. CREIGHTON.

CALABOGIE.

There has been good attention to the Word generally. The congregations are small, as the population is scattered. There were 200 or more employed in the lumber trade, to whom we preached occasionally, being well received by all. The Mission is about 40 miles in extent; the roads are bad, and the soil barren. The Divine presence has been manifested on several occasions. Our souls have often been refreshed, and we are not sorry that our lot was for a time in the wilderness. Members, 18.

ALICE.

The past has proved a successful year, a good state of feeling prevails : we have peace in all our borders. I have been endeavoring to impress upon the minds of our people the necessity of praying for, and expecting practical results, in all our ordinary services. Many of our people have settled down in the opinion that no results are to be looked for in connection with the ordinary means. Out of this delusion I have been striving to correct them : it will take time, but it must be done. The congregations are large and attentive, and I am looking forward to a brighter day for Methodism on this field of labor. Members, 52.

W. SANDERSON.

ONSLow.

At Quio, during the year we have finished, opened, and nearly paid for, a neat and comfortable Church ; formed a promising Sabbath-school, and organized an interesting week-night Bible-class. The congregation has increased about five-fold, including the congregation in Eley's neighborhood, now united with the village ; but better than all, the services have been specially owned of God, in the conversion of sinners, and the quickening of believers. At two other appointments there is evidence of decided spiritual improvement. At the remaining four the cause is weak, but we trust that soon the extent of the Mission may be somewhat lessened, so that the Missionary may concentrate his labors, and by God's blessing build up the waste places. An increased circulation of our Methodist publications has already begun to bear good fruit.

We have received as members—on trial, 29 ; from another Circuit, 1 ; and have lost by removal, 8 ; other causes, 9 ; increase, 13. We are thankful for a good degree of success, but have no reason to be over confident. Members, 78 ; on trial, 6.

W. C. WASHINGTON.

THORNE.

Notwithstanding the many discouragements peculiar to the Ottawa valley in the experience of the servant of the cross, your Missionary is every now and again cheered in meeting with anxious enquiries for the truth as it is in Jesus. We were never more encouraged to hope in the promised time when the word of the Lord shall run and be glorified. Persons of other branches of the Christian Church have evidenced a desire to embrace the advantage of the services of the Church by attending class. The Macedonian cry has come up to us recently from an adjacent neighborhood. God has blessed his own word. During the past year His work has been revived in the conversion of sinners, backsliders have been reclaimed, and believers quickened. Members, 70.

THE difficulties connected with the two Churches on the Mission have been surmounted, and both are now securely deeded according to the requirements of the "Model Deed." Materially we have had greater success than spiritually. Still, in this respect, we have not "labored in vain nor spent our strength for nought." Some souls have been saved and added to the Church; so that after supplying the places of 5 who have removed, and 1 who has gone to the better land, we are enabled to report a membership of 72.

JOHN TOZELAND, P

LONG ISLAND LOCKS.

Our people are by no means numerous or wealthy, and therefore of necessity draw somewhat largely on our Missionary Treasury. Some neighborhoods have shown your Missionary generous kindness, and upon the whole, there is an increased liberality, and we think spirituality. A greater anxiety for the revival of God's work, and more prayers offered for an outpouring of the Holy Spirit. Some have professed conversion. Our congregations are good, and we have organized a prosperous Sabbath-school, and procured a library from our Book-room for it. We report an increase in the membership of 5. Members, 99.

R. NEWTON ADAMS.

OSGOODE.

Though not able to report large accessions to our Church, or the existence, to any great extent, of the revival spirit, yet we are not altogether discouraged, as our congregations are good; the class-meeting better attended than at the commencement of the year; our quarterly meetings have been times of refreshing, and many evidence an increased spirituality, and are not only anxious for a revival, but are hopeful that the Lord is about to visit us with a much-needed baptism of the Holy Ghost.

We have lost a very useful member by death—Sister Sully—she died, as might be expected from her holy life, a very triumphant death. After dropping 19 for non-attendance at class, and some removals, we return 104 in full membership.

JOS. H. CHANT.

BEARBROOK.

We have given special attention to the instruction of the children in the catechism, in which several of them have made considerable proficiency. Our efforts in connection with the temperance reform—though attended with many difficulties—have been successful. The financial condition of the Mission has been considerably improved. The number of removals has been large during the year, so that one of our Societies has become almost extinct, and we have to report a decrease this year. In viewing the work of the year, though we have cause for gratitude for the degree of success attending our labors, we have much unfaithfulness to deplore. Members, 66.

G. H. KENNEY.

GRENVILLE.

This Mission is too large for one man to work, extending as it does, into parts of 5 townships; the roads being bad, and especially at some seasons of the year, it is impossible to fill the already seldom appointments as regularly as desirable. The Mission is poor, and in consequence has a claim, a strong claim, on the Missionary Society for help, especially because, without your assistance, they are destitute of the Gospel; that is, in most parts of the Mission. Through many difficulties we have labored, and not without encouragement: some have been quickened, and some awakened; some of our congregations have been largely increased, especially that in the village of Grenville, during the past year.

The Parsonage was destroyed by fire on Sabbath morning, the 1st of May, in my absence, and, besides the loss to the Mission, I lost nearly all my library, many valuable clothes, and other effects, amounting, at the most moderate calculation, to \$300. Members, 64.

J. B. KEOUGH.

THURSO.

The work has been sustained on the Mission, though there is not the prosperity we could desire. Some have removed, some unfaithful ones have been dropped, so that there is a small decrease in the number of members. All the finances have increased, showing no lack of interest in the work. The majority of the population being French and Irish Roman Catholics, and the Protestants divided into several sections, it must remain Missionary ground. Lead mines are opening in the township of Buckingham, which will give an increase of work. We purpose building a Church in the village of Buckingham as soon as we can secure a lot of land. Our new Parsonage property has been securely fenced, rooms plastered in the Parsonage, and an increasing debt removed. Attendance on the means of grace uniformly good. Last year the Circuit Register returned a membership of 147, out of these, 10 have removed, 4 dropped, and 2 died. We now report 144 members and 13 on trial. Total, 157.

Mission is situated on the Gatineau River, its southern boundary being about 40 miles north of Ottawa, extending northward 55 miles to the end of civilization.

Your Missionary desires to render devout thanks to the God of Missions for His rich and effectual blessing vouchsafed during the past year. A blessed work of grace broke out at our first quarterly meeting, which extended over most of the field, resulting in the awakening and conversion of 150 souls. Our heavenly Father thus enabled us to reap an abundant harvest of glory to God, and, we trust, souls for heaven. The financial condition of the Mission is healthy: the friends are kind and generous. We have raised in all about \$900 for Church funds. We have one Church in course of erection, and respectable subscriptions for three others that we purpose building the present summer. The work demands, and the Quarterly Board at its last meeting asked, the services of another laborer. Members, 150; on trial, 25.

ON a review of the past year it can be said, God has been with us. Although the progress has not been what has been desired, nor perhaps all that has been looked for, there is great reason for thankfulness. The membership has increased, notwithstanding the loss of several by

removal and from ceasing to attend class. The Church begun by my predecessor was opened in the month of April, and has led to a large increase of the congregation. There has also been a pleasing advance in the finances. The Sabbath-school in connection with the principal appointment is also in a flourishing condition. The past is a cause of thankfulness, and there is promise for the future. Members, 64; on trial, 17.

CHAMBLY.

The congregation has been somewhat diminished by the removal of the troops, many of whom regularly attended our Sabbath services. Nevertheless, the attendance is still as respectable as can be reasonably expected from the surroundings.

There are discouragements, we frankly admit, arising out of the hostile surroundings of the Mission; but on what portion of our great mission field is the influence of discouragement not felt? Feeble as the cause may appear, we cannot afford to abandon it. It should be sustained, especially for two reasons: First—as a standing protest against sin and the man of sin; and secondly—as a faithful witness of the truth as it is in Jesus.

The greatest harmony has prevailed during the year, between the Pastor and the little flock. Our present membership on the mission is twenty. During the year the little society has contributed over \$700 for domestic and connexional purposes.

J. B. ARMSTRONG.

ST. JOHNS.

Notwithstanding that we are surrounded with such a large and increasing population of Romanists, with a gradually diminishing number of Protestants, already comparatively few, so that our prospects are not encouraging for the extension of the cause of God on this Mission; yet we are thankful to the Great Head of the Church for the measure of success with which we have been favored during our time of service. We have a kind, liberal, and harmonious Church. The membership has been increased from 50 to 65. We have had a few conversions, the means of grace are well attended, and all the Connexional Funds have been increased, the Missionary subscriptions from \$114 to \$165. We may truly thank God, and take courage.

Enlarged and attentive congregations, and the ingathering of thirty persons into the Church, together with the formation of two catechism classes of eight children each, some of whom profess conversion, and all are serious, are evidences of spiritual progress.

From the affliction of my colleague, the Mission has suffered very much in its pastoral work, and from the loss of special services. Bro Craven is slowly recovering.

ORMSTOWN.

All praise is due to our little Church here, for the zeal and interest manifested by them, in sustaining and promoting the work of God in their midst. Out of a membership of 67, some of whom are not even in middling circumstances, we shall have raised from all financial resources, this year, not less than \$22 per member

In many respects our ordinary means of grace have been special seasons of blessings; and although we have put forth no protracted efforts during the year, in order to bring sinners more directly to Christ, yet quite a number have become convinced of their need of salvation, and have been received into the Church on trial. "The Lord is in His holy temple, let all the earth keep silence before Him."

Under the management of its faithful Superintendent, we have a very efficient Sunday School in our village here; and the distribution of a large number of the Rev. William Arthur's incomparable tracts, gratuitously, amongst this community, as well as our own membership, will certainly, under God, prove a lasting blessing. Members, 67.

At Coteau Landing a small class has been formed during the winter, which I trust will be the nucleus of a more prosperous society in the future. The past year has been one of trial and affliction. A severe cold, contracted early in the year, so prostrated me physically, that I could only occasionally conduct divine service. Our kind-hearted people however, many of whom are poor, contributed of their substance for the support of myself and family. May the Lord reward them with eternal life! Looking back over the year, I thank God, that in affliction I have felt His sustaining presence; and my mind has been kept in perfect peace. Members, 60; on trial, 5. JOHN SCOTT.

The evidences of spiritual prosperity on this Mission are,—some improvement in our classes at Lachute. God has blessed us here with the spirit of revival: ten have united with the Church, so that we have two good classes now meeting regularly, and a third just formed. The Sabbath-school is in a vigorous and healthy operation, and during the year the Parsonage has been very much improved by painting and graining.

At St. Andrews, some signs of improvement have appeared, but it is felt that preaching only once in two weeks is not sufficient, either to gather in or build up a Church there. NORTH GORE.

We render devout thanks to Almighty God for the mercies of the past year. We labor among a kind people. About thirty precious souls have been converted. Nineteen have united with us in society. Most of them are our own young people, who promise to become valuable members of the Church. Our great difficulty is so many leaving the Mission. During the year sixteen have removed, five have gone to the adjoining Mission, two have died, and a few have been dropped. In consequence of this, we have to report a small decrease. We are building a new Church, which we hope to finish this summer. We have also a good Sabbath-school in Lakefield, and two more on the Mission, in which our people take an active part; but we cannot return them as purely Wesleyan schools. Members, 97; on trial, 6.

NEW GLASGOW.

By reason of the small amount of material at our disposal, the visitations of death, and the strong tendency to move away, we find it not easy to keep our membership up to the numbers of former years. We have had a comfortable year on the whole, and have had many tokens of kindness from this kind people. Our funds are all, I think, in advance of last year. Members, 63; on trial, 1.

THOMAS KELLY.

SHAWBRIDGE.

The flock led by Methodism on this Mission is scattered in small groups over hills more picturesque than beautiful. Large portions of the soil are sterile, and force many to visit annually more favored regions to command a little cash to meet their need. The ministration of Methodist shepherds is highly prized, but from the above cause the capability of reciprocating with us of their earthly things is very limited. During the winter, extra services were held at one station, which were blessed in the conversion of some souls, and reclamation of wanderers, yet there is plenty of room left for the works of an active faith, especially in the circle of Sabbath-schools. The number of appointments attended is four, comprising about 190 souls. Connexional funds are a little in advance of last year, and I believe the materials are in our hands here which, by God's blessing, will debar the encroachments of Rome on our borders. Members 59.

There is no increase in our membership. The congregations are good. There are appearances of gradual advancement in spirituality in some instances. Our Presbyterian and Baptist friends, having no ministers here of their own, are among our most regular attendants and liberal supporters. We are glad to be able to report that, during the year, the Lord has granted us considerable success. Our congregation has increased in numbers and interest. There have been several conversions; one peaceful, and one gloriously triumphant death. We have formed a small class, the members of which are regular in their attendance, and consistent in their lives. One of our chief difficulties on this Mission has been the want of a suitable place for public worship. We have had to pay an enormous rent for a room, (the only one to be had,) and were bound in our lease not to have special services. The Roman Catholic lady from whom we obtained it said the Priest did not like such meetings. Thanks to a kind Providence, and to liberal friends here, and in Montreal, we shall have, by the first of July, a neat gothic Church, which will hold between two and three hundred persons. I have great faith in this Mission. If judiciously and earnestly worked, by God's blessing, in three or four years it may be a self-sustaining and flourishing Church. Members 6.

THREE RIVERS.

It has been a year of great harmony and good will, some spiritual growth, and an increased attendance on the means of grace, while some of our young people have been led to seek the Lord. Our Sabbath-

school has been well attended, and we trust productive of some good. Our people have abated none in their proverbial liberality, the result of which is, the finances are well sustained. We report 28 members and 4 on trial, an increase of 5.

W. L. SCOTT.

MELBOURNE.

The Church is for the most part in a healthy, active, and happy state, though we fear that some remain

"Unwatered, still and dry,
While the dew on all around,
Falls piteous from the sky."

Many of the youth have enlisted in the army of God, and from the care manifested for them by the Church, as well as from their own deportment, we have every reason to hope that they will prove "good soldiers of Jesus Christ." The co-operation of our people is very encouraging. There is a manifest increase of interest in the Sunday-school work. Excess of modesty, or fear, or want of love, makes it difficult for us to persuade some few that God has anything for them to do, and so we find it difficult to keep up classes and prayer-meetings in some places. At Ward's, Duston's and Trenholmvile, we have had "times of refreshing" in special services. We have found them very effective in giving depth and interest to our ordinary services, for mouths afterwards. Emigration is one of our great drawbacks. By deaths, and removals, &c., we have lost nearly one-fifth of our members, as reported last year. We have licensed two Exhorters, and for this large field we send up the prayer, "Lord send forth laborers." Died, 7; dropped, 4; removed, 17. Total members, 187.

EATON.

Many souls have been converted to God, a few wanderers reclaimed, and believers have been quickened and revived. After filling up for removals, &c., we return on trial, 20; members, 140; being an increase of 21. During the past year we have built one Church, completed the building, and partly furnished a new Parsonage at Cookshire. There is on all the connexional property on this Mission a debt of \$1,250, but an effort is now being made for its entire extinction, which we trust will be fully successful.

EDMUND E. SWEET.

DUDSWELL.

Our prosperity is seen in the increased liberality of our people towards the Connexional and Circuit Funds, all being in advance of last year, and also in the organization of two Sabbath-schools; but especially in an increase of souls saved. The Lord has been pleased to own our labors on this Mission by granting us a measure of prosperity. We are thankful for the ingathering of more than 50 souls to the Church, and for the entire sanctification of a number of believers. Our funds are all in advance of previous years, and our people are engaged in the erection of two new churches. Members, 152; increase, 53.

DURHAM.

I feel confident in saying that Durham is spiritually healthy. God has wonderfully blest us. Our two first years were years of toil in preparing the soil and casting in the seeds of the word, our last year has been rich in ingatherings, and it has rejoiced our hearts together. Our Sabbath-school has been kept alive all the while, and is now full of interest to our young people. Nearly all the scholars meet in class. Our finances are largely in excess of former years. We feel thankful to the Great Head of the Church, that we are enabled to close our labors in so successful a manner, and we find, as the time draws near for us to remove, that we have many endearments which will tend to make our parting difficult. May the Lord direct all our future! Members, 105.

PORT NEUF

It is 85 miles in length, has 5 Sunday, and two week-night appointments, varying from 5 to 35 miles apart, thereby causing your Missionary to travel about 4000 miles annually. Each of these appointments resembles an oasis in the desert, being a Protestant community surrounded by Roman Catholicism, shrouded with its usual darkness and bigotry, and having its images and crucifixes placed every two or three miles by the way side. An additional laborer is required

or a division of the Mission, otherwise an important part, containing many hundreds of Protestants, may be abandoned.

We give most humble thanks to God for his goodness, and that our labor has not been vain. During the year, 19 have been received, but as three were dropped and five removed, our increase is but ten. When we came here there was no class or prayer-meeting; now four classes meet, and two prayer-meetings are established. Members, 40; on trial, 2; total, 42.

GASPE.

We have been encouraged by the attendance of many on the means of grace, and an expressed desire for a more frequent opportunity of hearing the word, as preached by our ministers. We have around us much of the fruits of a fallen and corrupt Church. An additional laborer is very much required, if the means can be afforded to support him. The field is too large for one to cultivate properly; the people are poor, but they need the Gospel. We have suffered from removals and deaths, some also have had to be dropped; the present membership is 63. We are trying to make our Church at the basin, so that we may be able to use it hereafter. We require help in this direction also.

HATLEY AND CASSVILLE.

THIS old field presents many obstacles to its successful cultivation. To its soil, every absurdity in the way of religious belief, seems indigenous. Many of the people attend no worship, but spend the Sabbath in driving, visiting, or tilling their farms. Former appointments have been maintained, and three or four new ones have been added. These promise good results. At one of them some souls have been truly converted. The constantly increasing congregations at some appointments, and the eagerness of some neighborhoods to secure our services, evince a growing appreciation of Methodism as that form of godliness which will give light, and comfort, and health to those who have been long dead in sin and delusion. COATICOOK AND BARNSTON.

The past year has, in many respects, been a happy and prosperous one. Our labor has not been in vain in the Lord. Souls have been converted to God; believers quickened by the Spirit, and manifestly a deeper interest felt by the people generally, in the ordinances of the Lord's house. The prospects of this Mission are very encouraging. Coaticook is building up fast, and is destined to be a place of considerable importance; and Methodism is rising with it in strength and influence. Members, 70; on trial, 14; total, 84; increase, 20.

At some appointments the people hear the word gladly and attentively. At others there is much indifference, both to the Sabbath and to the word. At all we need showers of blessing. Members, 36.

BOLTON.

Reviewing the labors of the past year on this Mission, your Missionary regrets to see apparently so little good accomplished. God, however, has not left us without some tokens of His favor. At a series of prayer-meetings held in winter at one of the appointments, good was done; our quarterly meetings made a means of special good to many, in exciting them to greater diligence. Members, 107.

THOMAS BELL.

FRELIGHSBURG.

We have to record mercies received and afflictions endured, we trust, with resignation to the Divine will. The past year has been one of unusual sickness on this Mission, which has interfered with the social means of grace, and retarded the work on the Mission. Our Sabbath-schools increase in interest, and are full of promise for the future. To the God of Missions we ascribe all honor and praise. Members, 74.

WILLIAM SCALES.

FARNHAM.

There has not been much change on this Mission. By removal we have lost an earnest working member of our Official Board. We are nearly surrounded by the French Canadian population, and we have but little material from which to strengthen our cause. The attendance on the means of grace has been good, and at two appointments the interest has increased of late. Our earnest prayer is, "O Lord revive Thy work." Members, 75.

SUTTON.

Through Divine mercy we have had health, and a pleasant and prosperous year. Additional furniture for the Parsonage, and fresh libraries for our promising Sunday-schools, have been obtained. Prayer meetings have been sustained and new classes organized. The attendance at our services is good. Frequently much of the Divine Spirit's influence has pervaded the congregations. Our members generally have been quickened. Some have been converted to God and joined our Church. Members, 50; on trial, 6. JOHN DAVIES.

* The *actual* increase in the Society's ordinary Income for the year as compared with the year ending June 30th, 1869, is \$2,549 06

The *apparent* increase, according to the above statement is \$5,146 82; the difference, amounting to \$2,597 76, is accounted for thus :—The custom which has heretofore prevailed, is to deduct the Circuit Expenses from the total of each District, carrying only the net amount into the General Statement: by resolution of the last General Committee, however, this has been changed, and the Circuit Expenses now appear among the Disbursements. This item amounted last year to \$1,847 76. There was also an item of \$750 from the Hudson's Bay Company, which is now included in the Income from Districts.

EXPENDITURE.

The Total Expenditure for the year is.....	\$84,935 61

THE Society presents an appearance of strength and unity which, compared with its condition 23 years ago, is pleasant to all lovers of Zion, described as a "quiet habitation." For some years before that period Methodism had been fractional and weak; now it is united and strong. What is still popularly known as Lower Canada looked upon their union with Upper Canadian Methodism with indifference, we might truthfully say, with hostility. However, the wise principles contained in the Articles of Union of 1847 with the British Conference, prevailed over limited local prejudices. With a far-seeing eye, the Honorable Chairman of this Meeting gave his powerful influence for union with this Conference; the proposition to effect this may be said to have passed almost unanimously. Very beneficial effects from this arrangement have resulted to that part of the Church. The Parent Society by that negotiation being completed was relieved of the Annual Grant to that District; and by this Society undertaking the management of their Missions to the Hudson's Bay Territory, they have also been exonerated from the care of superintendency and the expenditure of their money to the present time. These Missions alone have cost the Canadian Church at least \$50,000.

The Missions to British Columbia are purely of Canadian origin, yet so heartily did the Parent Society's Committee approve of the enterprise, that they gave £500 stg. to assist at the commencement.

Arriving now at the period when the stipulated sum of £1,000 stg., given expressly for the support of Indian Missions in Upper Canada, has also been given up by this Society, it falls back again upon those principles of self-reliance and independence constituting its foundation when it was organized 46 years since; confidently reposing upon the piety, conscious duty, and ample means of the Church for the funds which are necessary for the maintenance of the great Missionary work now committed to their care, and for the still further extension of the kingdom of the Redeemer.

The benevolence and zeal of the Wesleyan Methodist Church in Canada will still send her Missionaries to look after the axe-men in the woods,—and the ploughman in the newly-formed fields; nor will they forget the thousands of Indians, "wild and untaught," now within the bounds of our own Dominion, whose wants are acknowledged to be affecting and supreme, because they are Eternal!

The undersigned have duly examined the Books of Account of the Wesleyan Missionary Society, and have compared the Receipts and Vouchers therewith, for the year ending the 30th of June, 1870, and find the same to be correct. We certify that the excess of Income over Expenditure for the year amounts to \$13,679 73, and that the total Assets (exclusive of certain properties) of the Society, in excess of the Liabilities, amount to \$6047 92. We have also pleasure in repeating our testimony of last year, as to the satisfactory manner in which the Accounts and Books of the Society are kept.
