EMIGRATION TO BE SUSPENDED.

London Agencies to Keep British People Home Till the Spring.

NEW REGULATIONS

To Stop the Sending of Emigrants to Canada Under False Inducements.

London, Dec. 17.—The Central Unemployed and other bodies have stopped all other immigration to Canada until spring.

Bruce Walker, superintendent of Canadian immigration, has notified all booking agents regarding the new regulations requiring immigrants to Canada to have a certain amount of Canadian currency in their possession. Mr. Walker is taking local proceedings against London booking agents who through misleading advertisements are endeavoring to induce mechanics and other artisans to emigrate to Canada.

CHRISTMAS IN THE CHURCHES.

The Holy Season Will be Appropriately Celebrated, With Special Services.

Following is an outline of the music in some of the town churches for next Sunday and Christmas day.

METHODIST.

On Sunday morning, the hymns will be: "Joy to the World," "The Adoration of Christ," and "To Us a Child of Royal Birth." Anthems: "Come and Worship"—E. L. Ashford; "Tidings of Great Joy"—H. W. Porter; Sermon—Quest of the Wise Men. At the evening service, the hymns will be: "Hark the Herald Angels Sing," "A Name Above Every Name," and "All Hail the Power." Anthems: "Come and Worship," "Glory to God"—F. L. Eyre and "A King Shall Reign"—E. L. Ashford. At eleven o'clock mass, the course of human life another way.

ST. MARY'S.

In St. Mary's Christmas Day at nine o'clock, the boys' choir will sing "Adeste Fideles," and "Sleep, Holy Babe." At eleven o'clock mass, the choir will sing "Mass Royale Gregorian," and at the offertory, "Laetentur Coeli." Vespers and Benediction will be sung at 7 p. m. Music and singing will be of an unusual high order.

ST. JAMES.

At the morning service, the voluntary will be the Invocation in B flat, Gullmant; Opening Response, "We Join the Song"—Lorenz; Anthems: "Thy Light is Come"—Wilson; Closing Tollite Hostias (final chorus from Oratorio of Noel)—Saint Saens; Evening, Voluntary, "Evening Prayer," by Van Dyke; Opening Anthem, "Break Forth into Joy"—Emerson; Offertory, "Around the World," anthem by Fearis; Closing voluntary, March by I. Smart.

Sixty Killed by Explosion.

Another Mining Horror in the States. Cause Still Unknown.

Birmingham, Ala., Dec. 17.—Sixty men met death in a colliery at Yolande, 35 miles south, yesterday. The cause of the explosion has not been officially determined. The mine, had been pronounced free from gas by state inspectors, and it is supposed that the explosion was caused by dust. For two hours after the ex-

losion it was impossible to venture even near the mouth of the mine, so hot was the air that rushed out. The mines go down something like 1,500 feet. The force of the explosion was made known outside by the dust and timbers that were blown out in great quantities, destroying small buildings nearby and landing some distance away.

FATHER SAVOIE

AGAIN REMEMBERED.

On Thursday morning, Rev. Nazario Savoie, who was about to leave for Bartibogue to assist Rev. Father Morrissey, was waited upon by some gentlemen of St. Mary's Congregation and on behalf of the latter was presented with an address which was read by Mr. J. R. Lawlor, accompanied by a well filled purse. Mr. D. Doyle made the presentation.

Father Savoie was taken by surprise and was deeply moved by such tangible expression of the good will of [the] people he had been ministering to.

BUYING UP NEW BRUNSWICK.

American Concerns Gathering Control of our Valuable Timber Lands.

DALHOUSIE LUMBER CO.

Almost Taken Over by The International Paper Co.—After D. & J. Ritchie's Property.

G. F. Underwood, of New York, president of the International Paper Co. attended a meeting of the Dalhousie Lumber Co. in St. John on Friday. Henry Halifax of the Dalhousie Lumber Co. and Mr. Underwood went to Dalhousie on Saturday. The provincial company has applied for permission to increase their capital and it is considered that they have sold the controlling interest to the Yankees who recently bought the Richards property. It is also rumored that D. & J. Ritchie have sold their lumber property to an American company operating in York Co. The rumor, however is not yet confirmed.

OBITUARY

The crank pin of the larger engine in the Power House gave way all at once on Sunday evening, necessitating falling back on the old engine until repairs could be made. The broken parts have been sent to Miller's foundry, Chatham. The pin must have been gradually giving away for years.

DOES IT MEAN WAR WITH JAPAN?

Mighty American Fleet Leaves Virginia for the Pacific Ocean.

16 BATTLESHIPS

Start on Their 14,000 Mile Trip—Japs are Keeping Very Quiet.

OLD POINT COMFORT, Va., Monday—The backbone of the United States navy, sixteen first class battleships under command of Rear-Admiral Robley D. Evans sailed to-day for the Pacific Ocean, a 14,000 mile cruise, which has set all the world talking. As a naval pageant, the review and departure of the fleet to-day was the most notable in American history. There have been several presidential reviews of the Atlantic fleet during the past eighteen months, but in these instances it was lying at anchor chains while the reviewing yacht passed up and down the lines. Today the fleet was outward bound on a cruise, which as the President himself expressed it, "No fleet of such size has ever before undertaken."

PRESBYTERY MET HERE YESTERDAY.

The Clergymen that were in Attendance—Much Business Transacted.

Wedding Bells.

A pretty wedding took place on the 9th instant at the residence of W. L. Curtis here, when Miss Laura Olivia Curtis, daughter of Mr. and Mrs. Nelson Curtis, of Blackville, was married to Mr. Wm. Hare, of Whitneyville. Rev. Geo. S. Mitchell, of Redbank was the officiating clergyman. The bride wore a dress of white organza trimmed with white satin and lace. She was attended by Miss Alexis Hare, niece of the groom. Miss Hare was attired in a suit of green cloth with white silk trimmings. Mr. Grant Forsythe was best man. The groom's present to the bride was a gold watch and chain and a set of furs. The happy couple drove that evening in Whitneyville, where a reception was held for them at the residence of the groom's parents.

In choosing a Christmas present the most pleasing pleasure of an hour or a day, such as a toy or other articles of that nature would bring should not be so much considered as the more lasting pleasure which something of real value brings to the user. For instance how appropriate for a lady would be a set of warm gloves or mitts, fancy waist or either silk or wool, handkerchiefs, fancy collar, belt, table linen, etc., or for a gentleman, ties, handkerchiefs, gloves, mufflers, braces, suspenders, and many of the other articles to be found in a well appointed store such as that of CLARKE & CO. All of these and many other articles can be found at right prices.

GETTING DIVORCED WHOLESALE

WILKS-BARRE, Pa., Wednesday.—The number of divorces granted in Luzerne county this year promises to be the record number. Already fifty-nine have been given, and there are several applications in the hands of the judges.

A review of the causes for the desertions, as shown in an examination of the records, indicates that 70 per cent. of the divorces are upon the ground of desertion, and that this is due to couples marrying when they are too young to have a proper appreciation of the cares of married life, or of marrying when neither has any money saved and but a small earning capacity.

Records show, too, that the great majority of those who apply for divorces are Americans, while there are but few foreign-born applicants on the list, although the number of foreign-born young people who are married in this country greatly exceeds the number of native born.

BACK TO NEW BRUNSWICK

Rev. Mr. Cuthbert, For a Time in England, Returns to This County.

Rev. T. H. Cuthbert and family returned from England last week, and after a few days sojourn with old friends here, went to Derby. Mr. Cuthbert will have charge of the Episcopal congregations in Derby and Blac'ville. Their many friends in Newcastle and vicinity are pleased to have the reverend gentleman and his estimable lady back on the Miramichi.

A recent number of the "Hants and Berks Gazette" has the following:—Pamber Heath Mission Room was crowded at the evening service on Sunday last (Nov. 17). The occasion was the leave-taking of the Rev. T. H. Cuthbert from the congregation, previous to his departure for New Brunswick (Canada) to take up work again after having spent 18 months' leave of absence in England.

Slump in Hides Caused Exit of Robnowich Took all on Hand.

CHATHAM, Thursday.—Proceedings have been taken by the J. B. Snowball Company before Judge McLatchey, judge of the county court, against Samuel N. Robnowich, manager of the Miramichi Tanning and Fur Company, who left here some weeks ago, and whose present whereabouts are unknown. Robnowich is said to have gone away with about \$25,000. Although none knows the exact amount of his haul.

The Bank of Nova Scotia is a heavy creditor, and is reported to have seven or eight detectives looking for the missing man, and a Montreal company has also detectives out.

POPULAR BUSINESS MAN.

Robnowich was one of the most popular business men in Chatham, and enjoyed unusually good credit. Many of his business associates would not believe until the last minute that he had skipped out. Besides being popular in business he was well liked socially, and was a member of the curling club. He came to Chatham seven years ago, and could not speak a word of English then.

OTTAWA, Thursday.—To-day at noon a tragic suicide marked the close of a life that had for two weeks been a struggle to get work to support a wife and one child, when an Englishman named John F. Booth, who has been in this country but two years, and in Ottawa, it is understood, not very long, took cyanide of potassium. Booth was a chemist when in England, and undoubtedly his knowledge of drugs was shown in the choice he made of the one for ending his life.

YANKEE WOMEN WANT SUFFRAGE

NEW YORK, Wednesday.—The greatest woman suffragist crusade in the history of New York will be put in motion on the evening of December 12, when thousands of women will gather in mass meeting at Cooper Union to join in a plea for woman's rights.

The announcement of the movement was made today by Mrs. Harriet Stanton Blach, leading suffragist and organizer of women's clubs, who said that the meeting would be held in honor of Mrs. Cobden-Sanderson, the English suffragette who was imprisoned for thirty days in a London jail during the English suffragist agitation. She recently spoke in Philadelphia.

YOU MAY NOT NEED IT NOW.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement in a New York daily newspaper, that it will relieve almost any case of Kidney trouble, if taken before the stage of Bright's disease. He states that such symptoms as lame back pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the receipt; try it: Rilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well-known druggist here in town is authority; that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar heating and soothing effect upon the entire kidneys and urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the Rheumatism by forcing the Kidneys to filter and strain from the blood and system all uric acid, and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

HEAVY MAIL COMING. TORONTO, Thursday.—The British mails that closed here today to be dispatched by way of Halifax is the heaviest mail to the British Isles ever sent from this city.

A BAD WRECK

OTTAWA, Wednesday.—A bad wreck occurred at Arrnprior this morning. The G. T. R. local from Ottawa crashed into a freight engine, head-on, both going at a rapid pace. The tender of the passenger train telescoped the combination mail and baggage car. The drivers and firemen on both engines jumped. No one was seriously hurt, although the passengers were badly shaken. The two engines and cars were badly smashed. This is the first collision on the Ottawa division since the G. T. R. took it over.

THINKS WIFE KILLED CHILDREN

Had Previously Declared She Would Never be Separated From Them.

BOSTON, Thursday.—Through a tragic story unfolded to the Brockton police yesterday by John Ball, a search will be started today through lonely God's acre just west of the Avon reservoir, where Ball believes his two children to have been hidden after meeting death at the hands of their crazed mother a week ago last Monday.

This secret, so long locked in the breast of the grieving father, was rehearsed yesterday after every clue so far obtained had been run to earth without success. Woods, swamps and the reservoir itself failed to give up a single trace which would tend to solve the mystery surrounding the missing 9-year-old Mary Grace Ball and her younger brother, Thomas Ball, and the weary force returned downhearted to receive one more ray of light by the story of the father.

PILGRIMAGE TO GRAVE.

Then the police learned that shortly after the death of her first son, twelve years ago, and his burial at the Melrose Cemetery, Mrs. Ball began to act in a queer manner. Often she would leave her home at various hours during the day and visit the lonely grave on the wooded hillside overlooking the placid stretch of water of the reservoir. Sometimes she would return home, take off her wraps only to put them on again within two hours time and again make her weird pilgrimage to the graveyard.

That in her distorted mind the frenzied woman dragged her wailing children to this hillside cemetery and there secreted them where no one but she should know their resting place is the theory upon which Marshal Ira L. Kingman will work today. That her crazed thoughts led her footsteps to this oft-traveled quiet nook, where she spent so many hours believing herself once more united with her loved one, to make an insane sacrifice is thought highly probable.

To Part No More. This theory is given weight by Ball's statement of his intention some two weeks ago to get commitment papers for his wife. This, he said, his wife knew, but when she found it out she declared she would never again be separated from her children. Four years ago, when the unfortunate woman was pronounced insane and was to be taken to the hospital, she clung desperately to her boy and they were parted by main force.

When Ball first learned that his wife had left her home with her children, he told the police to get them away from her at once, for she would do away with them if she got the chance before they could be separated. Not until yesterday, however, did the police receive the explanation of this request, and with it came the whole pitiful tale leading up to the tragedy.

CIVILIZATION KILLING ESKIMOS

ST. JOHN, Nfld., Wednesday.—The reports of Dr. Grenfell, of the Deep Sea Mission and Dr. Hutton, of the Moravian Mission, relative to the Eskimos, has caused considerable anxiety. Referring to the disease, which had been introduced by the inhuman practice of importing these northern people into the United States for the purpose of show and speculation, both doctors are agreed that therein lies the cause of the illnesses which have spread like the pestilence through the northern land.

Dr. Hutton, of Okak, said that he feared "it would be the race, and not the disease that would be stamped out." The Imperial Government on the representation of His Excellency Sir William MacGregor, proposed sending a medical man to treat the patients this year, but circumstances had prevented, and there is great fear that when next year arrives it will be found that the numbers of the Newfoundland Eskimos are considerably lessened. It is a sad reflection upon civilization in its modern form that the hitherto healthy and contented Northerners are now the victims of consumption and other diseases, as the direct result of the cupidty of the more civilized Northerners.

\$7 TO \$12 A WEEK

But Sixteen Hours Work a Day. Immigrants Complain.

TORONTO, Wednesday.—A meeting of some of the unemployed of the city was held last night, and the decision was made to have a parade through the city streets as soon as enough unemployed men can be got together to make a showing. A large percentage of the men in attendance last night were Englishmen, and most of the latter were from London. The government, the city, the Salvation Army and especially the immigration agents were roundly censured, but the meeting as a whole showed a disposition to sensibly tackle the local unemployed problem. Much indignation was expressed at the methods of those responsible for the alluring advertisements in the English papers. Chairman Mills, formerly of London, asked the men present to state their grievances and one general complaint was that the farmers here worked the men fifteen to sixteen hours per day for an average wage of \$7 to \$12 a month.

BATHURST NEWS AND NOTES

Liberal Convention Jan. 3—Guide In Trouble—Accidents

BATHURST, Wednesday.—"Arcadia," the tent moving picture theatre, which has been closed for two months will re-open under new management on Thursday night. Pictures will change three times per week. The Liberal Convention for Gloucester County is announced for January 2, at Carleton Place. Meetings are to be held throughout the different parishes between Christmas and New Year to select delegates.

The weather here is very suitable for April. Farmers report no frost in the ground. Unless we have a decided change everything points to a green Christmas.

Contractor White may be able to complete the Station bridge this fall if there is a continuance of spring weather. This will be very beneficial to our town, which has been obliged to do all business via the village. The same old adage: "It's an ill wind blows nobody good."

BATHURST, Thursday.—The bridge to the I. C. R. station, which has been undergoing repairs, is now in condition for foot passengers.

Wm. Walsh, of Upper Pokemouche, is in town to-day.

Abraham Jago, of Canokie, who underwent an operation for appendicitis, performed by Dr. McNichol and Dr. Michaud, a few days ago, is doing well.

The moving picture show was re-opened last evening in the Opera House under new management.

BATHURST, Thursday.—Mrs. Henderson and daughter, Miss Bessie, of San Francisco, are visiting Mr. Joseph Henderson, Bathurst Village.

Chief Ranger John Robinson was in town yesterday conducting a suit against guide John Landry for violation of the game laws. It seems that the sportsmen who were with Landry this season shot a cow Caribou, and Landry kept the meat and hide concealed. Mr. Robinson got news of the case and action was taken before Magistrate Edward O'Brien. Landry pleaded guilty to the charge and paid the costs.

What might have been a very serious accident took place on the village bridge. The horse attached to the DeGrace Hotel hack from some cause ran from the village post office toward town. The wagon collided with the carriage of Mrs. R. Carr Harris which was going in the opposite direction. Mrs. Harris and her little son were thrown out, the latter being injured and necessitating the carrying of him to a nearby house. The horse's carriage was badly damaged. The boy was reported as resting easier and not suffering much excepting a deep gash in his cheek.

Mr. C. M. Mereseau, who for several months past has been bookkeeping for Sumner and Co. at their office here, left this morning for his home in Chatham.

The ice has almost entirely left our harbor. This is something very remarkable for this place. Once the ice forms it usually stays in on account of the narrow entrance. Smelt fishing is practically at a standstill.

Elmer F. Keith, representing the International Correspondence School, spent Wednesday in town.

A young lady from the neighboring republic, and a gentleman from Northumberland County are attracting much attention, and their friends might not be surprised to find them missing.

DESERTED WOMEN AND CHILDREN

NEW YORK, Wednesday.—The Fall River line steamer Providence was in collision with, and but narrowly escaped sinking a crowded East River ferry boat to-night. The latter craft lost a portion of her superstructure and her passengers were thrown into a panic, during which it was reported a man and a woman jumped overboard and were drowned. This report could not be confirmed, however, and so far as is definitely known, no one was killed or seriously injured. Both boats drifted down the river aided by tugs, the ferry boat being crippled by the accident, and the steamer temporarily unable to get her head. The latter finally returned to her dock and the ferry boat was helped to a slip. The Providence was not greatly damaged. Following the accident, charges of cowardice and brutality were made against the men passengers of the ferry boat. When the latter craft reached the slip she still had seventy-five women and children on board, while with few exceptions, the men passengers had escaped to other boats. The ferry boat had been practically stripped of life preservers. The accident was due to fog, through which the boat fortunately had moved slowly.

TROOPS TO HELP MINE OWNERS

Wages to Be Reduced And No Union Men Employed.

GOLDFIELD, Wednesday.—With the tension stretched well nigh to the snapping point, the streets crowded with men and the air portentous with rumors, all disquieting and many ugly, it looked at one time to-day as if the firebrand of virulent class hatred were to be applied that would touch the miners' strike into a crimson flame of murder and riot. But for the prompt intervention of bystanders a street brawl might have precipitated more hideous things.

In Main street a member of the Western Federation of Miners called a passing soldier an insulting name. The soldier would have drawn and fired only for a group of pacifiers. At the same time John Davis, who had been walking with the soldier, seized the offending miner and held him until an officer of the troops reached the scene.

To Re-open Mines.

While C. H. MacKinnon, president of the Goldfield Miners' Union, deprecates any possibility of violence on either side, there is a feeling of fear that the controversy will pass from the stage of sullenness and forboding to a situation of open and unbridled hostility.

The mines of Goldfield are to be re-opened Thursday. The wage scale is to be reduced. Not a single man identified with the federation will be given employment. Five hundred outsiders will be brought in here to take the places of the strikers. With these radical points in the decision of the executive committee of the Mine Owners' Association arrived at to-day culminate in a bloody clash? That is what the people in Goldfield are asking one another to-night.

To Preserve Order Only.

Colonel Reynolds, commander of the troops here, refuses to say whether he will detail soldiers to patrol the mines when the attempt to re-open them is made.

"The troops are here to preserve order," he says, "and are prepared to handle the situation."

The sheriff's office is in the hands of Under Sheriff Bert Knight, who asserts that he is amply able to deal with any crisis that may arise from the attempt to resume the operation of the mines.

Will Guard the Mines.

From other sources it is learned to-night that the troops now here will be scattered through the camp and will practically guard the mines. There are now nine companies of troops on the scene.

Governor Sparks is coming to Goldfield Thursday to be on hand when the mines are re-opened. The governor fully appreciates the gravity of the situation. Frank A. Keith, general manager of the Tonopah Mining Company, and other prominent mining men from other camps have hurried here.

DOCTORS USING PATENT MEDICINES

The Honest Physician is Anxious to Cure and Uses the Best Available Remedies.

The proposed legislation through the Dominion Parliament for the regulation of the manufacture and sale of patent or proprietary medicines is of the utmost importance, and it is receiving a great deal of attention, not only by the proprietary medicine manufacturers, but also by the leading doctors and druggists. Every manufacturer of reliable and high class remedies welcomes the bill as a step in the right direction. The discussion has brought out the fact that the best physicians in Canada and on the continent approve of and prescribe Psychine in cases of the most difficult character. In a recent instance of very serious throat and lung trouble the patient had been using Psychine. Two leading United States specialists were consulted, in addition to two eminent Canadian physicians. Upon learning what the patient was using, a sample of Psychine was taken and analyzed, with the result that the physicians advised its continuance. They prescribed no other medicine but Psychine, with the result that the patient has fully recovered and is a splendid walking and talking advertisement for the wonderful curative power of a remedy that will "stand up" before the keenest professional criticism and analysis. As a builder up of the system and restorer of all wasted conditions, Psychine has no equal, and the best and most earnest physicians recognize this fact.

At the age of 25 my lungs were in a terrible state. I had a gripe the year before; it settled on my lungs and I kept steadily growing worse till I got down so low I was in bed for six weeks. I had a consultation of doctors, and they said they could do nothing more for me. Then I started to use Psychine. I took the medicine for more than a year. It certainly did wonders for me. I am now as strong as I was before my sickness.

MRS. H. HOPE, Morpeth, Ont.

Psychine, pronounced El-keen, is the greatest of tonics, building up the system, increasing the appetite, purifying the blood, aids digestion, and acts directly upon the throat and lungs, giving tone and vigor to the entire system. STEAMER LEAVES QUEBEC DEC. 11

QUEBEC, Wednesday.—The S. S. Dunedin, which is receiving congratulations on the arrival of a baby boy, arrived a few days ago, left for Montreal at 9 o'clock this morning. The vessel is in charge of two skilled pilots, and as the buoys, etc., have all been removed from the channel, particular care will be taken in directing the steamer's course. Not for many years has such a trip been undertaken at this season of the year.

THE FAULT OF THE SYSTEM

OTTAWA, Thursday.—Railway employees are arranging to send a big deputation to Ottawa after the Christmas holidays to ask the government for a change in the criminal code, as to free engine drivers, conductors, etc., from prosecution for railway accidents. The men will urge that the responsibility for the traffic arrangements which result in wrecks is higher up and that they should not be punished for the faults of a system.

Enormous Wheat Shipment.

BOSTON, Thursday.—Having in her holds nearly 200,000 bushels of wheat, the loan of a freight train two miles long, the Cunard steamer Ivernia will sail for Queenstown and Liverpool at 1 o'clock this afternoon. She will carry 100 saloon, 125 second cabin and 800 steerage passengers, most of the latter being immigrants returning home for the Christmas holidays. The travelers are English, Irish, Scotch and 100 Scandinavians.

In addition to the enormous wheat cargo, which is the largest shipment of wheat this year from Boston, there will be 6000 barrels of apples, 3,100 bales of cotton, 100 tons of cheese, 100 tons of flour and 700 tons of provisions. Among the saloonists will be W. G. Ramsbottom, Dr. N. K. Wood, J. Ogles, Miss Elizabeth R. Fay, Commander E. J. K. Newman, R. N., and John Phillips.

NEWCASTLE, DECEMBER 18, 1907.

THE VICTORIA COUNTY PURCHASE.

According to the Gleaner, Mayor MacLeod of Fredericton, in his speech at Perth on the 11th instant, made the statement that certain lands in Victoria County recently purchased by the provincial government to be opened up for settlement were under a mortgage of \$513,000 to the Central Trust Company of New York and were also encumbered by arrearage of taxes, so that settlers who should take up such lands would do so subject to the disabilities above stated.

It, however, appears that Mr. MacLeod overlooked section 3 of Chapter 33 of the Acts of 1907, which provides that: The conveyance by the said company (the N. B. Railway Co.) to His Majesty the King of the said lands or of the said company's right, title and interest therein shall vest the said lands and the complete title thereto in His Majesty, his successors and assigns, in fee simple and discharged from all encumbrances of any nature or kind.

It would seem as if Mr. Hazen's lieutenant, in his eagerness to make a point against the government, had made a slip which will hurt nobody so much as his own party. Public men need to be very careful of the statements they issue.

STRIKE SETTLED.

The longshoremen of St. John, who struck for an increase of wages from 30 to 40 cents per hour, have after several week's idleness, compromised with the steamship companies at 32 cents an hour. If these men would strike less and vote more intelligently it would be better for them.

THE PULP WOOD QUESTION.

In his annual message to congress President Roosevelt urges the repeal of the duty on wood pulp and the making of an agreement with Canada, if possible, to prevent any export duty in this country. That would be a very one-sided arrangement, into which Canada is not likely to enter. It would be very nice for our southern friends if they could gain unlimited freedom to carry off our forest products to be manufactured in their own cities; but Canada's interest lies in keeping her wood at home until it is made into paper.

THE FARMERS' OPPORTUNITY.

The Farmers' Educational and Co-operative Union, started by Nevt Gresham, in the town of Point, Texas, less than ten years ago, now claims 225,000 members in Texas, 80,000 in Arkansas, and 1,800,000 in the whole United States. Like the Prohibition movement, the Farmers' Union is sweeping the republic from the southern border northward, and now includes nearly one-eighth of the men of the country. Up to two years ago, the movement was still practically confined to the cotton-growing states, but since that date it has grown rapidly in the north and west.

If the farmers of Canada realized their strength, there would be fewer lawyers in our local and federal legislatures and more men who earn their bread by the sweat of their brow.

SENATE REFORM.

As the old province of Canada, by permission of the Imperial parliament, changed in 1866 her appointed and irresponsible Legislative Council to an

elective and responsible body, so might the Dominion Senate be brought into harmony with modern democratic institutions. Senate reform is very much in the air just now; but no change short of making the so-called upper house directly responsible to the electorate is worth considering. Only by direct vote of the people should any person be allowed to become a legislator. Like the British House of Lords and other aristocratic bodies legally independent of the tax-payers, our Senate, as at present constituted, has no right to exist.

SOME WAYS OF MAKING MONEY

Several months ago, 50,000 cans of poisonous salmon, that were being thrown on the Montreal market, were discovered in the nick of time and destroyed before they had time to reach and kill the prospective consumers. Later in the year, the Evening Times declared that St. John dealers were selling short-weight butter. And the Toronto Globe of the 12th instant tells of Toronto bakers having been fined on the previous day for selling loaves of bread considerably lighter than the proper weight.

The Toronto men who were convicted were fined from \$10 to \$25 and costs—ridiculously small punishment for men who, for private gain, were systematically robbing the poor of the city in such a barefaced and scandalous manner. We have not noticed that anything has been done to the St. John dealers who collected full price for butter lacking one or more ounces in each pound. And nothing has been done to the criminals concerned in the Montreal transaction that came so near being a tragedy. Is the conscience of the country dead?

NEEDED IMPROVEMENTS TO ELECTION LAW.

Mr. Claude Macdonnell, M. P. for South Toronto, has introduced a bill to amend the election Act by making voting compulsory; proclaiming a public holiday on election day; and abolishing the \$200 deposit now required of candidates, which deposit is forfeited by the one who receives less than half as many votes as the successful candidate.

Compulsory voting is the law in Austria, and, at last elections there, resulted in the polling of nearly the entire vote. While there are objections to making a person deposit his ballot, whether he will or no, such a law would discourage the practice of some voters who refuse to go to the polls unless paid for it, and would also show the real strength of the different parties.

The second provision of the proposed bill would prevent any voter, whom his employer suspected of belonging to a different party, from being kept away from the polls on penalty of losing his job. The third provision would remedy another gross injustice. To require a deposit means to discourage, and in many cases forbid, a deserving candidate entering the lists. It keeps new parties out of the field in many constituencies, thus preventing a free expression of the will of the people. Let all parties have equal chances, and, where no candidate receives a clear majority of all the ballots cast, let there be a second ballot for the two leaders in the previous contest. Every person eligible to vote should be eligible for parliament without any such extra restrictions as property qualifications and election deposits. Only he who opposes the basic principles of popular government will oppose the last two sections of Mr. Macdonnell's bill.

REPORT OF THE PROHIBITION COMMISSION.

The report of the commissioners appointed by the provincial government to inquire into the workings of the prohibition Act in P. E. Island and the Canada Temperance Act in New Brunswick has been submitted. It reviews the conditions found by the commissioners, is unanimous, and makes no recommendations. According to the report the prohibi-

tory law has practically stopped the sale of liquor in the country places of P. E. Island, has considerably decreased it in Charlottetown, and to a lesser extent in Souris and Georgetown. As to the result in Summerside the evidence was so conflicting as to leave the commissioners in doubt. The open saloon and barroom and treating has been abolished, and drunkenness, noise and rowdiness greatly curtailed. The liquor sold in many of the drug stores, and where it is sold illicitly, is of bad quality, say the commissioners; also that the enforcement of the Act has caused an increase in the crime of perjury.

In New Brunswick, the commissioners found that in the country districts, the Canada Temperance Act is fairly well enforced, and the sale of liquor largely wiped out. They concluded that in most New Brunswick cities and towns the Act has been used as a revenue producer, thus virtually converting it into a license system. In Marysville, Sussex, Woodstock, Sackville and St. George, the Act is fairly well enforced. Much perjury arises in the enforcement of the law.

The report goes on to say that difficulty in the enforcement of the Canada Temperance Act is caused by the insufficient remuneration provided for inspectors and officers. The P. E. I. Act is more severe than the other, and provides that an intoxicated person may be compelled to state where he got his liquor. But neither act is meant to be strictly prohibitory, as each allows the importation and consumption of liquor and prohibits only the sale.

From the tenor of the report, it would seem that what New Brunswick needs is a law similar to that of P. E. I., but with this important difference: that, instead of entrusting to druggists or other private vendors the sale of the liquor to be allowed for industrial, scientific, medicinal and sacramental purposes, all such liquor should be imported, or manufactured, and sold by the government itself. The P. E. I. Act, thus amended, should work well in this or any other province or country. No North American community has ever yet tried such a prohibitory law, all our so-called prohibitory acts having left the manufacture of intoxicants in private hands.

CHINA'S WISDOM.

The Chinese government, recognizing that no nation whose people are ignorant can become truly great, has decreed compulsory education for all its subjects. Realizing, also, that a nation that has been absolutely governed since the beginning of history cannot at once accommodate itself to the proper use of free institutions, the administration has ordered the people to be instructed in the principles of constitutional government in order that they may be better fitted to elect parliamentary representatives when the promised change takes effect.

NEWS FROM THE CAPITAL.

Canada and Australia at Loggerheads—Will Drop Subsidy to That County.

OTTAWA, Thursday.—F. A. Gendron, of Hull, has decided not to contest the seat in Labelle in the Liberal interest so that Mr. Bourassa will not get his chance to run for Quebec constituency in the Ottawa County. The government candidate for Labelle will now probably be Mr. E. A. Goyette, of Hull, though Mr. Harry Cameron, of Ottawa, says he will run as a Liberal.

At the Conservative Convention of Pontiac County at Shawville to-day Gerald H. Brabson, the present member, was unanimously endorsed as candidate for the next federal elections. For the local house Dr. Lemon McNally, of Campbell's Bay, was asked to oppose Mr. Gillis, the sitting member. He asked time to consider the nomination.

In the estimates for 1908-9, presented to parliament last evening, the subsidy for the Australian steamship line from Vancouver to Australia has been dropped. It amounted to \$180,509. This subsidy expires in August next, and evidently it is not to be renewed. Although the service is not what it should be, still that is not the real reason for the discontinuance of the subsidy. As a matter of fact Australia's treatment of Canada in regard to trade matters is not such as to encourage this country in providing trade facilities for the Commonwealth, when the latter continues to place tariff obstacles in the way instead of meeting the Dominion government's repeated offers of a preference. The Deakin government pretended at one time to be anxious for a trade arrangement with Canada, but instead of treating Canada's advances as such, they have not only left Canada out of its preferential list, but have raised the tariff against us.

In the Exchequer Court to-day judgment for plaintiff with reference to the registrar to report upon the claims filed, was given in the case of the Royal Trust Company vs. Bait des Chateaux Railway.

Coughs, colds, bronchitis, and other throat ailments are quickly relieved by Crocodine Tablets, ten cents per box. All druggists.

For that Dandruff

There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you—healthy hair, no dandruff, no pimples, no eruptions.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Mills Point Wharf," will be received at this office until Friday, January 10, 1908, inclusively for the construction of a wharf at Mills Point, Northumberland County, N. B., according to a plan and specification to be seen at the offices of E. T. P. Shewen, Esq., Resident Engineer, St. John, N. B., Geoffrey Stead, Esq., Resident Engineer, Chatham, N. B., or application to the Postmaster at Hardwick, N. B., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for twenty-two hundred dollars (\$2,200.00), must accompany each tender. The cheque will be forfeited if the person tendering declines the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

TOBACCO MONOPOLY UNDER FIRE

Members of the Two Companies Practically the Same.

NEW YORK, Thursday.—The Queen City Tobacco Company of Cincinnati was organized with the funds of the American Tobacco Company and by Caleb C. Dula, a vice president of the tobacco combine, but the connection of the two companies was kept a secret, according to Mr. Dula's evidence given today in the government's action to dissolve the combine.

J. C. MacDonnell, the government's counsel, produced a letter written by W. Galbraith, Jr., manager of the Queen City Company, to Mr. Dula, in which the writer advised that the correspondence be conducted under assumed names to avoid discovery.

Plant Dismantled.

Mr. Dula further testified that the Manufacturers' Tobacco Company of Louisville was secretly acquired by the American Tobacco Company, after which the plant was dismantled. Correspondence between Mr. Dula and Augustus Craft of New Orleans, on the formation of the Craft Tobacco Company, was read for the record, and showed that the relationship was kept secret.

Craft wrote in 1903 that he expected to make the company a success and would get the business of the People's Tobacco Company of New Orleans.

The purchase and control of the Pinkerton Tobacco Company of Ohio, according to Mr. Dula, was negotiated with secrecy. In the correspondence with John Pinkerton, who retained a minor interest in the company, the latter wrote to Mr. Dula:

Wouldn't Even Tell Wives.
"No one will know about it but yourself, my son and myself. We will not even tell our wives."

The American Tobacco Company paid a subsidy of 3 cents per pound on the output of the Pinkerton Company.

Vice President Dula was asked if there were any other companies other than those named in the government's complaint which the American Tobacco Company controlled or had an interest in. The witness said that he knew of no others.

The Sleeve Pattern.

Before altering a sleeve pattern the arm should be measured from the arm eye to the bend and thence to the wrist; also from the back of the arm to the point of the elbow and thence to the wrist. Then measure the pattern and make the alterations. If the sleeve is too long between the top of the arm and the elbow place a tuck through the pattern. If it should be too long between the elbow and the wrist place a tuck there also, making the sleeve the required length. If, on the contrary, the pattern should be too short cut it through just where it is necessary, either above or below, allowing for space to give it the desired length.

Cleaning Papered Walls.

Papered walls may be cleaned, with a mop of cheesecloth strips an inch and a half wide and eight inches long made fast to a light handle. Brush the paper well with it twice a month. Every spring and fall mix cornstarch, whitening and powdered fuller's earth in equal parts, dip the mop into the powder and rub walls and ceilings well with it. Then shake all powder from the mop, cover it with a damp flannel and go all over the wall again, wiping in long straight strokes. The flannel must be damp only. Wet, it is apt to leave marks. As soon as it is dirty change it for a fresh one.

Children's Eyes.

Don't let any false notions about appearances keep you from having the children's weak eyes examined in early childhood by a competent oculist and if he thinks best glasses prescribed. By the early use of glasses many eyes can be so strengthened as to make them entirely servicable without that artificial aid later in life. At no time in life are spectacles any disgrace to the wearer, so many and varied are the demands of modern civilization upon the delicate sense of sight, says the Chicago News. Let parents watch over the manner in which such children do their reading, both day and night. See that they do not read in too glaring a light or facing the light. If thought necessary, furnish them with large pasteboard shades, such as engravers use when they read by lamp or gas light. Go to their school and see that they are favored there with the proper arrangements of light.

ASSIGNEE'S NOTICE.

TAKE NOTICE that Frank Hachey of the Parish of Rogersville in the County of Northumberland and Province of New Brunswick, Merchant, pursuant to the provisions of Chapter 141 of the Consolidated Statutes of New Brunswick entitled "An Act Respecting Assignments and Preferences by Insolvent Persons" did on the SECOND day of November instant make a general Assignment for the benefit of his creditors to the undersigned, John O'Brien, of Nelson, in the said County of Northumberland, High Sheriff of the said County; and also that a meeting of the Creditors of the said Frank Hachey will be held at the office of E. P. WILLISTON, Esq., in the Town of Newcastle on FRIDAY the FIFTEENTH day of November A. D. 1907, at three o'clock in the afternoon, for the appointment of Inspectors and giving of directions with reference to the disposal of the estate and the transaction of such other business as shall legally come before the meeting.

And NOTICE is further given that all creditors are required to file their claims, duly proven, with the said assignee within three months from the date of this notice, unless further time be allowed by a Judge of the Supreme or County Court and that all claims not filed within the time limited or such further time, if any, as may be allowed by any such Judge, shall be wholly barred of any right to share in the proceeds of said estate and that said Assignee shall be at liberty to distribute the proceeds of the estate as if any claims not filed as aforesaid did not exist, but without prejudice to the liability of the debtor therefor.

Dated at Nelson aforesaid this SIXTH day of November A. D. 1907

JOHN O'BRIEN,
 High Sheriff of the County of Northumberland, Assignee
 No. 6—3m.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties in one of the following plans:

- (1). At least six months' residence upon and cultivation of the land in each year for three years.
- (2). A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.
- (3). If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or) mother.
- (4). The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.
- (5). A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
 W. W. CORRY,
 Deputy of the Minister of the Interior.

THE TRIAL AT BOISE.

BOISE, Idaho, Wednesday — Harry Orchard was the first witness in the Pettibone trial to-day. He was accompanied by two penitentiary guards, and in general appearance showed little change since the Haywood trial. The witness was perfectly composed as he answered the questions put by James H. Hawley, of the prosecution. The witness said his true name was Alfred E. Horeley and his age was 40 years. As he testified Pettibone and Moyer watched him closely. He narrated the events leading up to the tragedy of April 29, 1899, when the Bunker Hill and Sullivan mine was blown up by the members of the miners' union at Burke. Orchard said he was one of the 1,000 men who took possession of a train and went to Warden, and that he touched one of the boxes of dynamite which blew the mill to pieces.

MILLION DOLLAR ESTATE SETTLED.

TORONTO, Thursday—Justice Riddell gave judgment to-day in a suit involving a million dollars, brought by Dorothy Fulford Hardy, daughter of the late Senator Fulford Hardy, the pink pills manufacturer, of Brockville, against her sister, Martha Fulford Hardy, her brother, George Taylor Fulford, and the executors of the will of the late senator. The suit was for a declaration that the plaintiff and her sister, Martha Fulford Hardy, one of the defendants, on becoming twenty-five years of age, shall be entitled to one-third of the income of the estate of the late Senator Fulford Hardy, amounting to \$1,000,000. Justice Riddell rapped the lawyers in the case saying that this had been brought up in an unnecessary costly way.

SPIRITUALISTIC BANKING.

Bank Ruined by Officials Who Invested According to Advice of Mediums.

SAN FRANCISCO, Thursday.—Detectives today are unravelling the story of the alleged credulity of financiers, which, if the early evidence is borne out, will take place in banking history with the exploits of Cassio Chadwick. David S. Walker, president; W. J. Barnett, vice president, and Dalsell Brown, general manager of the California Safe Deposit and Trust Company, were arrested today. Walker was captured on a train while fleeing to Santa Barbara. Gradually there are coming to the surface reports that these financiers were led to take steps that have practically wrecked the bank by advice of women spiritualistic mediums whom they consulted in regard to making investments.

Medium's Tip Profits.
 The tip of one medium resulted in the purchase of 20,000 terminals in San Francisco and Oakland, sold later to George Gould at a profit of \$6,000,000, is said to have converted these staid men of business to spiritualistic beliefs, and it is related that they were regular clients of various clairvoyants, who held special seances for them whenever the bank desired to make investigations and desired the advice of departed spirits.

That a joint suit to recover approximately \$9,000,000 will be begun at once by the protective association of the depositors was announced by Attorney Charles E. Boynton, representing depositors who number about 13,000. The suit will be directed against the 350 odd officials and stockholders of the suspended institution.

Arrest Fleeing Banker.
 Brown and Barnett are accused of having hypothecated securities of \$300,000 belonging to the Cotton estate of which Barnett was special administrator.

Shortly after the arrest of Bankers Brown and Barnett detectives were hurried to San Mateo to keep David F. Walker, president of the bank, under surveillance, but, finding he had already left home, trailed him down to Santa Barbara, where he was held by the police authorities.

Though no warrant had been sworn out for Walker, it was thought best to keep him in sight. The detectives on reaching Santa Mateo surrounded the house where he was supposed to be lying ill, but heard that a man answering Walker's description had been boarding a train for the south.

A hasty investigation proved that the man had flown, but word was sent down the line, and the police of Santa Barbara took him in charge. Heney telegraphed that Walker be held.

Through the activity of the depositors' committee of the defunct California Safe Deposit and Trust Company, the developments were made possible in a few hours after the real work of criminal prosecution began.

Reckless Dealings.
 The committee determined on Saturday to proceed immediately with an investigation of the affairs of the Fillmore street branch of the California Safe Deposit and Trust Company looking toward the arrest of the officers for embezzlement. Thereupon, Gustave Chevasus, accountant of the Fillmore street branch, was examined at considerable length.

The testimony of Teller Gabbs of the same branch was taken and the committee brought to light a startling series of reckless transactions which the attorneys brand as misdemeanors.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountain shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It cures the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a reason's plant extract, that helps to heal aching lungs, soothes the throat, and the cough, and the chest. Demand Dr. Shoop's "The Sacred Herb." Demand Dr. Shoop's. Take no other. For sale by THOS. J. DURICK.

THE NOVA SCOTIAN.

The first number of "The Nova Scotian" is now to our desk. It is an attractive quarterly magazine published in Toronto and devoted to the interests of the Bank of Nova Scotia and its staff. The magazine is full of interesting financial and kindred articles, and contains a history of the Bank. Founded in 1842, this institution has steadily grown, especially in late years. Its capital has more than doubled since 1897, and it is now one of the solidest, most institutions of the continent.

'WAY DOWN IN ARKANSAS.'

"It was a very dramatic trial, sah," said the colonel from Arkansas, as he took a chew from his sun-dried plug. "Suddenly the prisoner jumped out of his chair and shouted, 'Gentlemen of the jury!'"

The court was furious at the interruption and they said they were going to make him apologise.
 "And did he apologise?" asked the friend.
 "He did that. He arose with great dignity and said: 'I apologise for called you gentlemen!'"

Coughs, colds, bronchitis, and other throat ailments are quickly relieved by Greenleaf's Cough Cure. For sale by THOS. J. DURICK.

SHOT MAN WHEN EXCITED

SAULT STE. MARIE, Ont., Thursday.—McParlane, who is on trial here for the murder of Dixon near Dean Lake, early in the summer, was placed in the witness box this morning in his own defence, and told a story directly opposite to those told at different times since the arrest. The defence sought to show that Dixon must have been killed. This morning McParlane admitted that he shot Dixon. The two men, he testified had some words over the shooting of a dog by the deceased. The prisoner took up the gun with which Dixon shot the dog, and in his excitement, and without meaning to do so, shot Dixon.

DENIES THE REPORT.

But the Fact of Her Engagement to Gould Pretty Certain.

NEW YORK, Thursday.—Although when seen in her dressing room at Wallack's to-night, Miss Kathryn Hutchinson blushing denied the report of her engagement to Howard Gould, and that she had no thought of marrying anybody just yet, rumors are still unwilling to let go the idea that the pretty little Boston girl, who had the distinction of being the youngest prima donna on the stage, is going to reach the climax of her romantic career in an alliance with the wealthy New Yorker.

Kathryn Hutchinson can certainly say of her own life, "Truth is stranger and nicer than fiction." She was born in Montpelier, Vt., and had she followed her father's wishes would have gone to Smith College when she graduated from the high school, and in that case would probably have only a perfectly ordinary life. But feeling that she could make something of her voice, she persuaded her father to allow her to go to Boston and study. Her first appearance was as church singer in the Unitarian Church at Roxbury, her next, of a decidedly different sort, in the chorus of "The Show Girl." The third step in her musical career was a sort of a one-act drama in Kathryn's private life which should be entitled "From Chorus Girl to Leading Woman in One Night."

Becomes Prima Donna.
 It came about in this way: E. E. Rice chanced to hear her sing alone one day and appreciated the unusual quality of her voice. He gave her a more important place in the chorus, and when Marion Parer, the prima donna of the piece fell ill Mr. Rice gave Miss Hutchinson the opportunity to decisively succeed or fall in one swoop by asking her to learn the part that afternoon and sing it in the evening. And Kathryn succeeded. So it happened that she starred in the little drama of "From Chorus Girl to Leading Woman" and made a contract until the end of the season at six times her chorus girl salary.

And now as a climax to her stage career it is rumored that as soon as the courts have severed the matrimonial tie between the wealthy New Yorker and Katherine Clemmons, Miss Hutchinson is to marry Howard Gould.

A Dark-Eyed Rival.
 Nature has gotten her up remarkably well for the romantic part she has played. She is a slender, graceful woman, tall and straight and crowned with a coronet of pale gold hair. She has round child-like, blue eyes, and the transparent skin that goes with that coloring.

To make her romance as picturesque as the rest of her life she has a rival, properly in contrast to her. Desmond Kelly, a dark-eyed brunette beauty, who is touring with Ethel Barrymore in the South, is reported to be much admired by Mr. Gould. When she was in New York last fall she was often one of the jolly parties that attended the after-theatre suppers in the elegant apartments on Forty third street. She went on a tour with the Ethel Barrymore Company and has not been in New York since. Oddly enough Miss Hutchinson, who is now the prima donna, playing with Elsie Janis in "The Hoyden" Company in this city, is to leave New York with her company the day Miss Kelly returns. In order to fill a Christmas week engagement in Chicago.

NOBEL PRIZES AWARDED.

STOCKHOLM, Thursday.—The ceremonies attending the distribution of the Nobel prizes, apart from the Peace prize, which was awarded at Christiania, took place to-day at the Academy of Sciences. Owing to the death of King Oscar there was no public function, and even the banquet in the evening was omitted.

The prize for literature was awarded to Rudyard Kipling; that of physics to Professor Albert Michelson, of the University of Chicago; that of medicine to Dr. Laveran, of Paris, and the chemistry prize to Professor Eduard Buchner, of the University of Berlin. All the recipients were present. In addition to the prizes, which this year amount each to \$38,000, each recipient will be given a diploma and gold medal.

SERIOUS FIRE IN TORONTO.

TORONTO, Thursday.—A fire at 344 George street early this morning did \$55,000 damage to the building and contents. A. K. Jeffries & Co., furriers, were the chief losers, suffering damage of about \$50,000. The other losers are B. E. B. Kent, jewellers and V. Dinsen, furriers.

Saved Her Friend.

Ottawa, Ont.—Acquaintances of Mrs. M. E. Dewar, of this city, are showing her with congratulations on being rescued from what promised to be a hopeless invalidism. Mrs. Dewar had not been himself for years. Physicians treated her for various complaints, but none of them did any permanent good. Finally, a friend determined that something must be done and that quickly. So she insisted on Mrs. Dewar trying "Fruit-a-tives"—those wonderful Fruit Liver Tablets that are curing so many people. Here is what Mrs. Dewar says about "Fruit-a-tives": "I have much pleasure in stating that I have found 'Fruit-a-tives' the best medicine I ever used for Constipation and Biliousness. I suffered from both of a severe kind for a long time, but, after taking 'Fruit-a-tives' I have become entirely well. I can, with every confidence, recommend 'Fruit-a-tives' to anyone suffering from Constipation, Biliousness or Headaches."

Calomel, salts, oil and other violent cathartics act simply on the bowels. "Fruit-a-tives" are a liver tonic and stimulant. They act directly on the liver—reducing inflammation and increasing the flow of bile. Besides insuring complete digestion, bile makes the bowels move. That is why "Fruit-a-tives" also cure Constipation. They are made of fruit and tonic. See a box for \$2.50. At all druggists, or send on receipt of price. Fruit-a-tives, Limited, Ottawa, Ont.

PLAIN TALK FROM THE DOCTOR

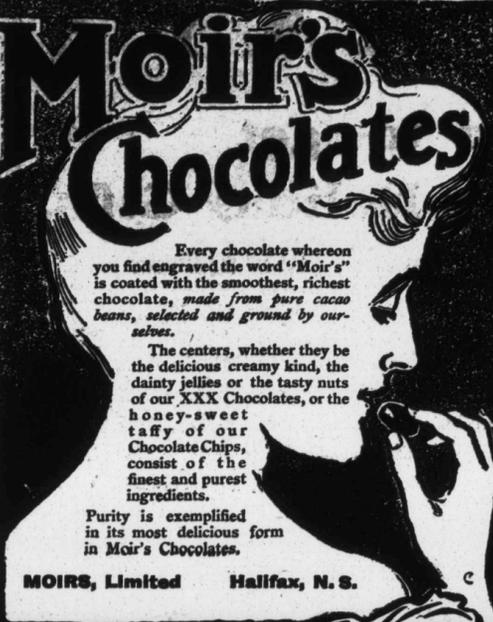

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that the following prescription is due a great deal of his success:
 One ounce fluid extract dandelion;
 One ounce compound salutaria;
 Four ounces compound syrup sarsaparilla.
 Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.
 This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost. This advice will undoubtedly be much appreciated by many readers.

BURR WILL BE CAPTAIN.

BOSTON, Thursday.—At a meeting of the Harvard football team last evening Francis Harbord Burr, 1907, of Chestnut Hill, Mass., was unanimously elected to captain the team next year. Burr entered Harvard from Andover, at which academy he was attendant for half of the previous term. Before going to Andover he attended the Noble & Greenough School, where he played and captained the school eleven and had a large reputation as a football player. At Harvard he went out for the Varsity eleven early and was at once picked up by Bill Reid as a young wonder. Under Reid's coaching Burr improved every day and at the end of the season was the best intercollegiate punter in the country and had won a position at left guard on Walter Camp's all-American eleven. Last season he repeated this performance and again was placed on Camp's eleven.

"IN GOD WE TRUST."

A survival of the ancient religious zeal which impelled people to cut each other's throats for the glory of God may be found in the more perceptive discussion of President Roosevelt's order removing the motto, "In God we trust," from certain of the coinage. Some good men see in this departure from recent custom the breaking of the last link which bound a heedless nation to the Guiding Power, without which it is sure to rush headlong to destruction. Already steps have been taken to force through congressional action the restoration of the name of God to the coins of the republic. Some of the moves in this direction may be inspired by a desire to please the voters but a much more powerful motive may be the eagerness of certain members of Congress to discredit the President in the lesser things out of revenge for his successful course in the larger matters. There are, however, many persons who really do trust in God who still believe that the President was justified in ordering the pious ejaculation from the new designs. At best the use of the motto was never more than a partial recognition of the supremacy of the Deity; for a large part of their circulating medium contained no reference to it. And many would say that common observation bears out the contention that the people who passed the motto-bearing coins from hand to hand took no note of the words thereon, except perhaps in an occasional flippancy reference that was not calculated to do much honor to the Almighty. Perhaps the most general use of the phrase was in its amended form to remind the bar-room roustabouts that "Everybody else pays cash." In the commandment against taking the name of God in vain, coupled with a later commandment to give unto Caesar the things that are Caesar's, a few Bible students have found warrant for their revulsion of sentiment against the stamping of the instrument of Mammon with the name of God. And yet church dignitaries take the other view. But recently we quoted a zealous minister inexpressibly shocked at what he regarded as the atheistic order of the President. It seems to be largely a matter of taste, just as we find that certain nations honor the founder of Christianity by calling their boys Jesus, so that the sacred name may be frequently found in the warrant to garrote a bandit. Yet who can imagine the pious horror that would be expressed over a legal order that the Saviour could no longer be honored by naming the little Spaniards after Him. On the other hand, in the northern countries of Europe, in Germany, England or Ireland, or even Canada, it would be considered the height of blasphemy to give to any mortal the name at which every knee should bow. Yet we cannot think that the Spanish youngsters are any better or any worse for the stamp in their baptismal coinage. And so with our own money. The country will trust neither more nor less in God because of the design in which the gold pieces are fashioned.

LEMIEUX IN DESPAIR.

This is The Report Cabled From Tokio To London.

(Special to the Morning Graphic.)
MONTREAL, Thursday.—A special cable from London says: "The Daily Mail's Tokio correspondent cables that the recent anticipation that the problem of the Asiatic immigration to British Columbia would be settled by Japan imposing restriction, has not yet been realized, and that Mr. Lemieux is almost in despair at the procrastination of the Japanese officials with whom he has had several official conferences. Mr. Lemieux declares, 'we are no further ahead than on the day of my arrival.'"
"Hayaashi, in an interview on the subject emphasized the unofficial character of Mr. Lemieux's visit, pointing out that he was merely there to inspect local conditions. The Japanese press has been urging the government not to give a moment's consideration to any proposal restricting the supply of unskilled labor in Canada. The Jiji, the only independent newspaper in Tokio, insinuates that the matter has been settled already, and that the visit of Mr. Lemieux is merely a blind to appease popular sentiment.

EACH WOMAN LOVED HIM.

BOSTON, Thursday.—A contest is on over the \$200 estate of Dr. Albert C. Day, the young City Hospital physician who so sensationally committed suicide recently, and the Supreme Court of the State will be asked to determine who is his lawful widow. Mrs. Stella Maud Day, who was married to the doctor but a few days before he ended his life, applied to the Probate Court yesterday for letters of administration on his small estate and they were granted. Then stepped in Mrs. Martina S. Day and filed an appeal from the decision of the Probate Judge which will take the matter before the highest court of Massachusetts. The latter is a young woman who claims to have been married to Dr. Day first and have borne him one child. The pathetic manner in which she remained firm in her love for him and her confidence that he could not have wronged her, as she lovingly cared for his little one, and in spite of the sensational developments which followed the suicide, show the reason why the young widow now seeks to have the court determine that she and her child—their child—have a right to bear the doctor's name, and show a loving trust that which no greater can be found. Mrs. Stella Maud Day is the beautiful young nurse who was married to Dr. Day, so unexpectedly and unbeknown to her friends, but a few days before his death. They were on their wedding trip when he left her to come to Boston because of stories which had been published of their marriage. It was at the home of his mother, Mrs. Olivia B. Day in Brooklyn, N. Y., where her husband had left her, that she learned that in a remote spot in the suburbs of this city he had ended his life. She, too, apparently remains firm in her trust in him and seeks to have it judicially declared that she has a right to his name.
