Member of Industrial Committee of City Council Says Committee is a Farce

Aldermen Ignored at Railway Promoters Banquet, and Reports not Passed in Committee Before Presented at Board

It is said there will be doings at the Council meeting to-night, and judging from the temperature of one of the aldermen—and he says there two others as wrathful as he—some person at the Board will have a few plain words addressed to him.

It appears the trouble has arisen within the members of the Industrial Committee. One of the members of this committee made the statement that no report yet presented by the Industrial Committee has been approved of by the committee before it went to the Council.

The other evening, also, a deputation of railway promoters was supposed to meet the members of the committee at the Garner House. Some of the members of the committee, it is claimed, were never even notified that these people were to be in town.

"This Industrial Committee is a farce," said one of the aldermen this morning, "and I think you will find to-night that it will be dissolved and formed over again. The members of the committee are not sorry because they missed the banquet at the Garner by any means, but they think they should be consulted before anything is done in their name, for they have to account to the people for their actions."

As a matter of fact, there is too much work for the Industrial Committee this year and we should have an extra Railway Committee to relieve the Industrial Committee from responsibility in connection with the Electric Railway.

"However," he concluded, "the whole thing will be threshed out to-night at the Council meeting, and matters will have been arranged into more workable order."

THE KING'S PRIZE.

Does Not Come to Canada This Year—East Surrey Man Won It With a Score of 315.

Bisley, July 24.—The King's Prize at the annual meeting of the National Rifle Association was won Saturday by Armorer-Sergeant Comber, of the Second East Surrey Regiment, with a score of 315.

This is materially lower than last year's aggregate, when Pte. Perry of Canada carried off the trophy with a score of 321.

King Edward himself was present on the range to see the final stage of the contest for his gold medal, which he personally presented to the winner.

Canadian's Place.

In the King's Prize Sergt. Richardson was fifth with 307, winning 220; Staff-Sergt. Crowe was 26th, winning 211; Pte. Morrice, 37th, 29.

The King visited the camp Saturday morning. After inspecting the Canadians and other Colonials, he shook hands with Commandant Hesselin and Adjutant Davidson.

"I take a great interest in the Canadians," he said, "and am glad to hear that they have done well."

In the Brockwood seven shots at 600 yards, Capt. Stuart was first, winning 26 5/8.

In the Leder Challenge Cup, Major Howard, the agent-general for Nova Scotia in London, was first, winning the cup and 25. This is open only to the mounted branches of His Majesty's forces, and is seven shots at 600 yards.

In the Stickle-down match Lt. Bout was first, winning 210; Sergt. Moore, 3rd, 24; Sergt. Kerr, 6th, 23; Sergt. Richardson, 14th, 21; Sergt. Simpson, 15th, 21; Capt. Elliott, 26th, 21; Major Flowers, 27th, 21.

In the Wingrove, Sergt. Phillips was 3rd, winning 25 1/8; Sergt. Simpson, 4th, 25 1/8; Sergt. Russell, 16th, 21; Pte. Brayshaw, 17th, 21; Sergt. Moore, 24th, 21; Capt. Mitchell, 26th, 21.

Canadian Prize Winners.

In the Handsworth competition the following Canadians were among the prize winners: Sergt. Russell, Ottawa, 3rd, 24; Capt. Elliott, Toronto, 8th, 23; Lt. Bout, Victoria, 17th, 21; Col. Sergt. Moore, Peterboro, 20th, 21; Pte. Morrice, Montreal, 27th, 21; Sergt. Pugh, Quebec, 31st, 21; Capt. Stuart, Vancouver, 24th, 21; Pte. Wilson, Ottawa, 35th, 21; Sergt. Kelly, Toronto, 37th, 21.

Among the winners in the "Henry" competition were: Capt. Mitchell, York Rangers, 3rd, 23; Staff-Sergt. Crowe, Guelph, 4th, 22; Pte. Morrice, 10th, 21; Capt. Jones, P. E. I., 13th, 21.

The following were successful in the "Association" cup series, ten shots at 600 yards. By the regulations each lady member may nominate a gentleman member of the National Rifle Association to shoot for her, which does not interfere with the gentleman's right to shoot for himself. A gentleman may represent more than one lady. Sergt. Crowe, 6th, 23; Capt. Mitchell, 14th, 23; Sergt. Simpson, Toronto, 24th, 22; and 27th, 23; Capt. Mitchell, 26th, 22; and 24th, 22; Sergt. Crowe, 41st, 22; Sergt. Russell, Ottawa, 44th, 22; Sergt. Crowe, 46th, 22; Orderly-Sergt. Phillips, Toronto, 47th, 22; Staff-Sergt. Bayles, Toronto, 50th, 22; Pte. Eastcott, Ottawa, 54th, 22; Sergt. Crowe, 57th, 22; Col. Sergt. Moore, 74th, 22; and Sergt. Pugh, 81st, 22.

CAN BRIDGE NOT BE SOLD?

Suggestion that Townships be Offered Aberdeen Bridge at Bargain

City and Company Could then Unite on Erection of a Successor to Meet Their Needs

A happy suggestion has been made, which, if acceptable, may do much to end the unfortunate trouble which now appears imminent between the city and the Electric Railway Company over the Aberdeen bridge and may save both parties a bill of heavy costs in expensive litigation.

It is well known that for some time the Townships of Dove and Raleigh have agitated for a swing bridge across the river near the French church. It is suggested that these Townships be given the opportunity, with possible assistance from the County Council, to purchase Aberdeen bridge.

This would open the way for the erection of a new bridge more suitable for running the cars over and which the city could doubtless secure the assistance of the company in purchasing.

If this suggestion could be acted upon it would, we feel assured, meet with public approval. Chatham citizens are already sufficiently over-taxed without permitting warring elements and eager lawyers to run up law costs in expensive litigation. The Aberdeen bridge has been valued at \$2,000, while it would take nearly \$1,000 to move it.

DULMAGE TO TAKE ACTION

Crown Will in That Case Give Wheatley Man Every Assistance

Result of Inspector Murray's Investigation—Whipping and Sousing were Done Regularly

Inspector John W. Murray, of the Provincial Detective force, returned to the city this morning after his visit to Wheatley investigating the Dulmage assault. On his return Mr. Murray and Crown Attorney Smith were closeted for some time and it is understood that they had further communication with the Attorney-General's Department.

Later the Crown Attorney gave the following statement to the Planet:

"Mr. Murray's investigation shows that Dulmage had been in the habit of drinking hard and abusing his family; that on the night in question he was whipped and ducked in the bath. This account by men who are apparently his friends, and his wife was present during the operations, a doctor also was engaged to say when the man had had enough and a constable was asked to be present to keep the peace.

If Dulmage desires to prosecute the parties concerned, he will swear out an information and the case will be tried before the County Magistrate, Mr. Houston. In this case the Crown has been instructed to give him every assistance. If, however, he does not take action on his own account the Crown will not interfere.

"The names of the parties who did the disciplining are all known and it will be an easy matter to secure them if necessary."

BARRED WHITE

Heartless and Injust Treatment of the Well Known Sporting Barrister and Musician

The fat man's race at the Pere Marquette Picnic was a disappointment. When the entries lined up on Saturday they included Barrister J. W. White, the well known champion sprinter and choral director. Mr. White had donned his athletic regalia and was ready for the fray.

But his fame had preceded him and the authorities refused to let him run! The grounds were that Mr. White was a professional. This was very unjust, as everyone knows the popular barrister is a devoted champion of healthy amateur athletics.

"I wish The Planet would chronicle my protest," said the athlete, telephoning to this journal. "It was very unfair to rule me out when I was over there all ready."

COURT NOTES

In the County Criminal Court this morning Frank Lucier, of Dover Township, was charged with the seduction of Sarah Porter, a young girl under 16 years of age. Evidence of the previous unchaste character of the girl was given, on which the prisoner was acquitted. The magistrate reserved his decision in the Rocky case.

ANOTHER TRIBUTE

The following from the Albertan, a paper published in Calgary, refers to the late Dorothy Sheldon, whose funeral took place in this city last Wednesday:

"Miss Dorothy Sheldon died suddenly Thursday night. She has lived with her mother at 614 Eighth avenue east for some time. Miss Sheldon, since coming here, has been deservedly popular, and her loss is deeply regretted by her many friends. She was unfailingly cheerful through the course of a long and tedious illness and was resigned to the last."

HIS HONOR AS PEACE MAKER

Judge Dowlin Seeks to Have Good Fellowship Restored Between City and Company

Ponderous Exhibits Threatened at This Morning's Hearing of Railroad Writ

Those who expected excitement at the County Judge's Chambers this morning were, in a measure, disappointed. Quite a number of citizens were lined about the walls of the Chamber when Judge Dowlin took his seat to hear argument in the matter of the writ issued by the electric road in connection with which they ask an injunction restraining the city from interfering with their workmen on the Aberdeen bridge. His Honor thought the interests of all parties would best be served by allowing them, as he facetiously put it, an opportunity to "bridge" the matter over. Consequently he adjourned this motion and the city's application for a cross injunction to restrain the railway people from disturbing the present condition of the bridge until tomorrow at three p. m.

Edwin Bell, accompanied by General Manager Warburton, appeared for the railroad interests; W. E. Gundy appeared on behalf of the city. The ponderous size of Mr. Gundy's legal bag aroused much speculation. Mr. Bell eyed it suspiciously, evidently fearing that Mr. Gundy was going to put in part of the bridge in question as an exhibit. To checkmate this step he hurriedly gave the young man orders to secure two Dagos—being one who had escaped the ducking of Saturday and still remains in all his native unwashed splendor, the other, a humbled castilian who was forced into the humiliating position of having to take a bath—have them labelled "Before Taking" and "After Taking," and filing them as exhibits, ask if the most sacred traditions of Dagism are to be thus wantonly violated.

When Mr. Bell arose to his feet His Honor immediately made the suggestion that an amicable settlement be arranged.

Mr. Bell—I agree with your Honor and we advocated this even before—His Honor—Before they cooled you off.

Mr. Gundy thought the railroad should give an understanding that matters remain "in statu quo" and both sides, finally, gave such an agreement.

In the meantime the bridge, the bone of contention, is being guarded by three special constables and will continue to be so guarded until the trouble is settled. In addition to this precaution the bridge is partially swung so pedestrians only can get across.

SAD CASE

Provincial Inspector Murray Leaves for Blenheim to Investigate Killing of Broadbent Child

Provincial Detective Murray left at noon to-day for Blenheim, where he will investigate the killing of the crippled child, Irene Broadbent.

In a brief interview with The Planet before his departure Mr. Murray said: "The case as reported to the Crown is a very sad one. What will be the result of the investigation of course I cannot yet say, but the Government deems it right that it should be thoroughly looked into."

THE MARKET BUILDING

"You might deliver a quiet little little roast to the Council on the way to work by being conducted on the market building," said a market square business man.

"What we want here is a market shed right away, and what we have is a police station partly built and excavations made for the sheds. Now you will notice the workmen are commencing to take up the pavement so that a man cannot get into his place of business without experiencing considerable difficulty. Surely it would be good policy to wait until the shed is ready to be occupied before the pavement is torn up."

That the Baptists are making excellent progress in church work is evident from the figures as furnished by the Baptist Handbook.

"Once in three years only is it possible for us to have a glimpse of the growth of the Baptist church throughout the world, and this year, according to the Canadian Handbook for 1905, we are given the privilege of contemplating figures that speak of progress."

THE GREAT ROBBERY.

Before taking office Premier Whitney fully expected that inspection of the various government departments would unearth some very crooked transactions, and his expectation has been more than justified.

Mr. Whitney is determined if it be possible, to undo the thing that Ross has done. Interviewed by a reporter, Mr. Whitney said:

"It is simply astonishing that men who call themselves Christians in this age of the world should have been the authors of a measure like that. Why, in five years, if the late government had remained in power, there would not have been an acre of crown lands left in this province."

"Yes, it is simply incredible to think that a government which pretended to act as the people's trustees, and to have the people's interests at heart, should have thrown the best mineral lands and all timber other than pine to a company—which had to build a line there anyway."

"What terms would you have favored in the case?" the premier was asked.

"Not a cent, not an acre of land for all that 200 miles," was the emphatic reply. "I recorded my objections at the time of the bill. Why it was arranged with the company that all side lines built by them could be bought over by the Government."

"However," continued the Premier, "I succeeded in getting through an amendment that if the Government should ever take over the line the money bonus and the value of the land grant should be refunded to the treasurer of this province."

"What can the Government do in the matter?"

"Nothing till the Legislature meets."

"What then?"

"Rescind the legislation, if necessary. The Legislature has that power. Certainly! Legislation rushed through as that was during the last few days of the session is simply monstrous. But that was the way of the late Government ever since I entered the House."

TELEPHONE TALKS.

TO TELEPHONE USERS AND THE GENERAL PUBLIC.

THE BELL TELEPHONE COMPANY OF CANADA solicits the favor of a series of five minutes Telephone Talks with its Patrons and the General Public.

The subject we have to discuss is one of general interest to all classes; it is of great importance both to you and to us, and we believe that if you follow this series your time will be advantageously spent.

We take this means of discussing these matters, because of the confidence we have in the justice of our position and that it will surely command the approval of fair minded Patrons.

We believe it will be generally conceded that never before in the history of Canada, has the organization, management and transactions of any Company been subjected to such a searching investigation as has the Bell Telephone Company in the proceedings of the Select Committee on Telephone Systems.

We believe that we are justified in claiming that the Company has come through the ordeal of this investigation creditably. Although the records of the Company have been searched from its organization twenty-four years ago, not a single fact has been adduced which reflects discreditably on the integrity or the justice of the management.

We shall publish these "talks" regularly on Mondays, Wednesdays and Fridays in this space until the series is completed.

The average man does not save to exceed ten per cent. of his earnings.

He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses.

Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on.

It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house of ten saves a doctor's bill of several dollars. For sale by All Druggists.

BRITISH GOLF CHAMPION.

Unexpected Honor Falls to A. G. Barry, a Mere Youth.

The British amateur golf championship meeting, which was notable for the overthrow of favorites and former title holders, was brought to a close at Prestwick, England, recently, when A. G. Barry of St. Andrew's University beat the Hon. Edmund Scott of the Royal North Devon Club by 3 up and 2 to play.

Mr. Barry is the youngest player who ever secured the amateur championship, being barely twenty years of age. Although learning his golf at St. Andrew's, he was born in Cornwall of

A. G. BARRY.

English parentage. He drives with a very full swing, and for one of his years he has rare confidence. His victory created a decided sensation throughout the British Isles.

The final was contested in a heavy rain, which rendered the greens very heavy, and the ball needed hitting with the utmost firmness. Mr. Barry did this, but Mr. Scott was often short, and his failure to take chances on the green brought about his defeat.

Mr. Scott has a particularly pretty style and plays a plucky uphill game. He started badly in most of his matches.

A bad drive into the bunker at the twelfth hole made Scott's prospects very bad in the Annals, still he won the fourteenth, and if he could only have secured the fifteenth, as at one time he looked like doing, the match might have ended differently. However, after reaching the green in two he was ten yards short with his run-up, and, missing his put, he could only halve the hole.

This incident practically settled the match, and Mr. Barry won the championship, as already stated, on the sixteenth green.

Clock to Run 30,000 Years.

A clock which is expected to run for 30,000 years or more is the latest result of the discovery of radium. This instrument has been invented by the Hon. H. G. Strutt, who is a son of Lord Rayleigh, the discoverer of argon, and recent winner of the Nobel prize for physics.

In the clock one-twelfth of a grain of radium is suspended over a small electro-scope consisting of two thin strips of silver. These, being charged with electricity from the radium, move apart, till they touch the sides of the vacuum tube in which they are fixed. There they communicate their charge to an aluminium wire, which rings a bell, and, being discharged, fall together again, to repeat the process indefinitely.

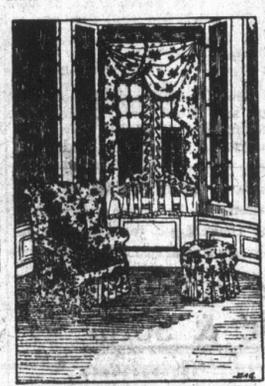

This extraordinary timepiece has just been placed on the market in London.

Anyone wishing good doors and windows should call on John Glassford, who is tearing down the old Rutley House, and will have no use for this old material in his new brick hotel building.

or linen covers several months in the year. For purposes of protection there is nothing which can take the place of figured chintz, which always looks cool and dainty and is durable as well.

A charming window arrangement, such as is shown in the illustration, can be easily copied. The shade is double faced, dark green outside and cream inside. Short lace curtains of net hang over the shade, and these are bridled in bars to look like small window panes. A scroll border of the braid and a graduated flounce edged with battenberg braid finish the curtain.

The chintz drapery is lined with plain yellow and has a fringe to match the dresser and commode. It is thrown carelessly over the curtain pole and hangs in graceful folds the entire length of the window. Cords and tassels are used to tie the upper drapery.

Cherry Pie.

For a cherry pie stone the cherries and take three heaping cups of the fruit and set on the back of range until scalding hot; remove and let cool. Then add a cup of sugar with a tablespoonful of flour mixed through it. Line a plate with rich crust, add the fruit and cover with a top crust. Bake in a moderate oven.

TOWNSHIP COUNCILS HARWICH COUNCIL.

A meeting of Harwich council was held on Monday, July 19, at 10 a. m. for general business. Members all present. The minutes of June 12th and 17th were read and adopted.

Blenheim, July 10, 1905. To the Hon. Council of Harwich. Gentlemen—The event of the further expenditure upon the tile portion of the Cameron drain I hereby request that the portion of said drain above the tile be deepened to such depth as may be available at the inlet of the tile.

R. L. GOSNELL, Agent in charge of the Harwich Council. Moved by Clark—Campbell, that whereas R. L. Gosnell, solicitor for Mrs. L. O. Stripp, owner of a 1-2 lot 11, 3 W. C. R., has applied to the council that, in the event of the tile portion of the Cameron drain being repaired, the council have the engineer deepened said drain above said tile portion so as to give the outlet for same above the same.

The following accounts were paid: P. Morrison, work on Morrison D. & W. \$1; Geo. M. Baird, tel. and expenses to Chatham, \$2.80; Geo. M. Baird, postage, drain and school blanks, \$6.95; Geo. M. Baird, account salary, \$60; Geo. M. Baird, printing and serving by-law, Bedford drain, \$18; J. W. Gibson, inspecting meter and light account for light, \$17.75; P. B. Patterson, grading Shrewsbury dock, \$90; Jno. Clarke, account tile drain loan \$100; W. J. Macleod, account tile drain loan, \$75; B. H. Bentley, com. fees, Morrison D. & W. \$2.50; Hadley Co. timber, rep. Chase's drain, \$38.65; Jno. Want, ditching, \$15; W. Walker, rep. walk, \$1.50; H. Bowden, rep. washout, \$1; Jas. A. Knott, rep. washout, \$6; C. Flewinger, rep. washout, \$1; N. Watson, lumber, \$24.98; Loftus Johnson, rep. washout, \$2; Gus. Hartford, culvert and grading, \$9.50; Henry Bentley, rep. culvert, \$4.95; S. Sterling, ditching, \$2; Ed. Roe, rep. washout, \$1; Geo. Lawrence, ditching, \$1; L. L. Pardo, lumber, \$9.60; Ed. Ingram, bridge over McPhail drain, \$15.

The engineer presented a report on repair and improvement of tile portion of Cameron drain, and also of deepening that portion of said drain above the sewer. On motion of Clark—Huffman, the adoption of the engineer's report for the said repair and improvement of tile portion of Cameron drain was deferred for consideration until July 19th, and clerk instructed to notify all parties.

Commissioner Clark reported the township portion of the Cookson D. & W. performed. Report adopted. As per resolution of June 17th, the engineer's report on the Stevens drain was considered and privilege given for any to withdraw from said petition. No person expressed a desire to do either, and on motion of Clark—Huffman, the report was adopted on the following division, the years and days having been called for by B. H. Bentley: Yes, McCormick, Clark, Campbell and Huffman. Nays, Bentley.

The engineer's report for construction of proposed Smith drain was read and considered. Sidney Cooper withdrew his name from the petition. The petition still had a majority of the owners on H. J. Oldershaw, and on motion of Campbell—Bentley, the report was adopted, and the clerk instructed to prepare a by-law on same.

Clark—Bentley, that the adoption of the report on the Gales drain be deferred until Saturday, July 15th, in order to get the solicitor's advice. Carried. Campbell—Clark, that this council does not think it advisable to build a concrete culvert over Alexander drain on E. T. L. and the clerk notified Howard of the same. Carried. Bentley—Huffman, that whereas the statute labor on Ridge road, west of 4th con. & Devereux by the pathmasters in keeping the road open during the winter that a grant of \$15 be placed in the commissioner's hands from the General fund to be expended on said division as it is now in bad repair. Carried.

womanly weakness or disease. "I received your letter some time ago, with advice about your wonderful medicine," writes Miss Stella Johnson, of 23 Brady Street, Dayton, Ohio. "I was troubled with severe pains every month when I wrote to you for advice. After receiving your letter and following its directions, I was induced to contact a friend to write me a letter after five years of untold suffering. I have not had any more since first using your 'Favorite Prescription' and Dr. R. V. Pierce for the health I now enjoy. I shall urge other women who suffer as I did to use your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Leatherdale, one day Field's creek bridge, one day Alexander, \$4; Geo. McDonald, postage and express from Mar. 31 to June 30th, \$5.

RESOLUTIONS. Carried that the accounts be paid charged to their respective accounts. Clerk instructed to notify the interested parties on Duffin drain. The report of Thos. Seane C.E. on same will be read at next meeting of council, Aug. 5th, at 2 o'clock p. m. Report of H. McLarty on same having Leatherdale re building bridge on H. and H. town line received and the above parties empowered to look after Howard's interest in building same and agreed on and clerk sent copy of this resolution to Harwich council.

Time for completing the McGreggor drain below the Anderson extended to Sept. 1st, next. Petition of E. Simpson and nine others to make the drain known as Seane drain entertained and A. Smith, C. E., is instructed to make necessary plans and survey and report. Mr. Seane is instructed to refund \$4 to C. O. Hall, pathmaster, same having been paid for unperfected statute labor from same div. in 1904. McDiarmid—Arnold, that H. Spencer be paid \$80 for digging drain along Howard and Harwich townlines and clerk be instructed to notify Harwich council to that effect asking them to send said amount to Treas. of Howard—Carried.

Beeve instructed to sign petition to have Hunter drain made in a municipal drain. Galbraith—Arnold, that the petition of Mrs. E. Hunter and six others be entertained and A. Smith, C. E., is instructed to make necessary plans, survey and report. The clerk is also to notify by post card the rate payers on said drain so that they may be present if they so desire. Galbraith—McDiarmid, that the application of J. E. Bedard to have north branch of Bell and Crawford drain put in proper state of repair be entertained. Thos. Seane is to make necessary plans, survey and report.—Carried.

Grievance of W. Springsteen re tile on road, B. F. L. E. left with W. E. Galbraith. Report of A. D. McDiarmid re giving of tile along the road at Mr. Dempster received. Galbraith—McDiarmid, that the application of H. T. Hayes and F. McLarty to have McLarty and Greenway drain improved and repaired be entertained and A. Smith instructed to make necessary plans, survey and report and clerk notify ratepayers when Mr. Smith will be on said drain.—Carried. Galbraith—McDiarmid, that J. Nablo be allowed to cut down the elm tree on Howard road opposite his lot providing he remove all of same off highway.—Carried. Galbraith—Arnold, that after further consideration and investigation into the cutting of the elm tree on con. 3 by C. Miller, this council thinks proper to investigate the grievance of P. Shewburn and report at next meeting, also to inspect gravel pit on J. McBrayne's lot.—Carried.

McDiarmid—Galbraith, that Geo. McDonald be paid \$25, as per resolution and \$5 extra for making inventory of awards, etc., having made sixty extra entries from year 1880 to 1890.—Carried. DAINTY PIN TRAY. Make it of Cardboard or of Heavy Water Color Paper. From cardboard or heavy water color paper cut a circle a bit larger than a tumbler top, hold it firmly over the tumbler and press into the shape of a little plate by pinching every inch or so bits of the cardboard that extend over the tumbler edge. This gives a little scallop effect. With water colors or gilt paint tint the edge and scatter forgetmenots, violets or stars over the inside, and you have a dainty little pin tray, writes a contributor to Good Housekeeping. A comb and brush tray can be made in the same manner by pressing the corners into shape over a box cover, book or small meat platter of the desired size. A pretty little puff box can be made by covering with the cardboard one of the pasteboard rolls on which the ribbons are wound, removing one end to be used as a cover. A set of these prettily decorated makes an acceptable gift for a friend who is going to the seashore or mountains for the summer, and as they can be packed perfectly flat they are never left behind for lack of room.

Cheap Social Ideals. The extravagance and vulgarity of modern society are due to many causes, but none of them can be traced to the influx of Colonials at any rate from Canada and Australasia. Of South Africans and Americans as much cannot be said. The latter, in particular, hold perhaps the cheapest social ideal of any great people of whom we have any record, for it aims at nothing higher than "having a good time." Moved by it, women strive only to outdo one another in dress, inventiveness, and display.—Contemporary Review.

DEAD AND MUST RESIGN
Balfour's Government as Described by John Redmond.

"He Threatened to Reduce Our Numbers, Now We Have Destroyed His Government—What Retort More Crushing?" Ask the Irish Parliamentary Leader—Result of a Series of Parliamentary Coups.

London, July 24.—John Redmond, M.P., chairman of the Irish Parliamentary party, is quoted as saying: "It seems utterly impossible to me that Balfour can do other than resign in view of all the circumstances of his defeat. Perhaps for the convenience of both parties, neither of which desires a dissolution in August or September, an arrangement may be arrived at to defer actual resignation until October; but any way you look at it Balfour's Government is dead.

"The corpse may be kept above ground for a time, but decomposition has already set in. It has met the fate of every British Government in my memory in being defeated on the Irish question.

"Just consider the dramatic series of events. A few days ago Balfour introduced his redistribution scheme, the sole object of which was to satisfy the anti-Irish feeling of his followers by reducing the Irish representation in the House of Commons by 22 members.

"He intended to rush it through with a couple of days' discussion. Then he would have introduced his redistribution bill at the next session and kept his Government alive until the autumn of 1906. By raising a crucial point of order I got a decision from the Speaker compelling Balfour to afford ample time for debating the redistribution scheme at this session.

"This was a staggering blow and he was forced to drop his scheme. Following this up the Irish party reduced the Government majority on a question directly affecting the Minister of War to such a low figure that Balfour was panic-stricken. He summoned a special meeting of his party members and appealed to them to support him by their votes or, he said, he must dissolve. They pledged themselves, but within two days we have defeated them outright.

"The Irish party naturally feels intensely gratified over this result. The other day Balfour proposed to his supporters to reduce our representation. Now we have destroyed his Government. What more crushing retort could we have delivered?"

W. WIDDIFIELD DROWNS.
Young Surveyor on Holland River Canal Takes Fatal Swim.

Bradford, July 24.—Friday night, W. Widdifield of Newmarket, son of J. E. Widdifield, was drowned in the Holland River, and his body found Saturday morning. He was with the surveying party that is working on the canal route running to Schomberg.

It appears that he and two other young men went fishing. Two of them left Widdifield on an old scow while they went further up the river. On their return they found Widdifield's clothing, indicating that he had gone in swimming, but nothing could be found of the body. After searching until late and renewing the search again Saturday morning they found the body of the unfortunate young man. His uncle, Lawyer Widdifield of Newmarket, is here looking after the remains.

NEW AUDITOR-GENERAL.
Mr. John Fraser, Dominion Bookkeeper, Slated For the Position.

Ottawa, July 24.—The appointment of Mr. John Fraser, Dominion Bookkeeper, as Auditor-General, has not yet been put through, but it is pretty well understood that it will be very shortly.

"Boys" Visit Not Assured.
Bisley Camp, July 24.—Lord Roberts, asked by the Canadian Associated Press when he would go to Canada, replied he was afraid he would be unable to go, but just as present was not quite certain as to whether he would or not.

Toronto, July 24.—Manager Orr of the Industrial, said he had also received an intimation to this effect. He had been informed that Lady Roberts has been ill for the past three weeks. Lord Roberts unwilling to travel without his wife, but he hopes she will be sufficiently recovered to make it possible for him to come.

POLICE COURT
Joseph Carswell, the man who is accused of causing the disturbance at the residence of his son, George D. Carswell, came up at the Police Court this morning and after the hearing of considerable testimony the case was adjourned for a week to secure more evidence. Joseph Carswell was let out on his own bail of \$100.

In the anonymous letter received the expressions used in it were ones used by the accused and the poor spelling was also identified as his. He, however, avows his innocence.

W. B. Wells was the defendant in an action brought against him for keeping a dog kennel within 75 yards of any house, street or public building. Mr. Wells has a license for keeping a dog kennel. The case was adjourned for a week.

A woman named Smith, who claims Ridgeway as her home, was found on the street drunk on Saturday. She was released this morning. Mrs. Smith came to Chatham with the Pere Marquette picnicers.

FIRED BY A FIEND.

Mimico Hotel Burned to the Ground—Inmates Narrow Escape.

Toronto, July 24.—A fiend fired the Windsor Hotel, Mimico, with sixteen sleeping people, including three women and five children within its walls at about 1 o'clock on Sunday morning. The fire was started in the barn and five horses and a dog were incinerated. Oil had been used to speed the flames, and in an incredibly short space of time after the blaze was discovered by a man who was out on his way to a doctor's, the outbuildings were in ashes and only four starting walls enveloping a seething furnace were there to mark the site of the brick hotel. The inmates escaped in their night clothes, all without injury, with the exception of one man, Michael McBride, who sprained his back in a leap for life from the upper storeys.

The conflagration lasted for two hours and the flames lit up the whole countryside. The reflection was plainly visible from Toronto and caused considerable anxiety, for it was thought that either the asylum or the Industrial School was the scene of the blaze.

Sleeping in the hotel were W. F. Young, the proprietor, his wife and two children, his nephew, George Darling, "Chap" Parker, an Englishman with his wife and child Mrs. Coulter and Mr. child, Joseph Brecken and his boy, Michael McBride, a man named Lawrence and two other boarders.

There was a panic in the premises when the alarm was given, and the inmates got out without any of their belongings. Most of them had nothing but their night robes.

The loss on buildings and contents is in the neighborhood of \$8,000. The Royal Insurance Co. insured the contents, owned by W. F. Young, for \$1,700, tents, owned by W. T. Young, for \$1,700. His loss is double that figure. The buildings, owned by Charles Vint, were insured in the Atlas Co. to almost their full value.

45 Tons of Dynamite Exploded.

Portsmouth, N. H., July 24.—By the slight movement of an electric switch placed at Saver's stand Saturday a spark was generated which successfully discharged 45 tons of dynamite and destroyed a three-acre ledge that had menaced navigation in the Piscataqua River. The event was the climax of three years' work which involved the expenditure of nearly three-quarters of a million of dollars, and as a result of it the new Government drydock at the navy yard here is given an approach of sufficient width and depth to permit the safe passage of the largest vessel afloat.

Rev. Dr. Lambly Dead.

Belleville, July 24.—Rev. O. R. Lambly, D. D., died yesterday morning after a long illness. He was born in the Township of New Ireland, Que., in 1837. He entered the Methodist ministry in 1862. Owing to ill-health he retired from the active ministry in 1897.

81 VICTIMS OF BOMB.

Twenty-Four Killed and Fifty-Sever Injured in Attempt to Slay the Sultan of Turkey.

Constantinople, July 24.—Three commissions are enquiring into the attempt on the life of the Sultan Friday, but they have not yet been able to find the slightest clue either to the author or the origin of the outrage. The killed include Beha Bey, tutor to the Sultan's sons. There were 24 killed and 57 injured.

The majority of the victims were coachmen, and 27 hackney coaches were blown to pieces and 55 horses killed. Eye-witnesses describe the scene after the explosion as heartrending, with men and horses lying dying around.

A hole two yards wide was made in the ground by the explosion of the bomb.

36 DEAD, 48 HURT, 17 MISSING.

Small Leak in Boiler Caused Gunboat Bennington Disaster.

Oyster Bay, July 24.—In response to the President's telegram, Acting Secretary of the Navy Charles M. Darling yesterday telegraphed an official report of the disaster to the United States gunboat Bennington to President Roosevelt. The telegram follows:

Caused by Small Leak.

The President: Your telegram received. Accident to the Bennington caused by small leak in the boiler, which was about to be repaired when the boiler burst and was forced astern through its bulkhead, coming in contact with a second boiler, which was also forced through its bulkhead, with boilers exploding with two close explosions. There was no noise; ship filled from stem to stern with scalding steam, soot and ashes; many men blown overboard, others jumped overboard for air, many of whom were drowned. Survivors comfortably quartered in army barracks; wounded are scattered about in three hospitals; these but slightly wounded in private residences.

36 Dead, Others Dying.

Latest reports from commanding officer gives forty-five dead identified, eleven dead unidentified, forty-eight wounded, a number of whom will die; seventeen missing; total number on board 196. Capt. Drake, with surgeons and nurses, sent from Mare Island, arrived yesterday. He has been given full authority to employ doctors and purchase such medical supplies as may be necessary. Everything is being done to care for the wounded. Arrangements have been made for the burial of the dead with full military honors in the military cemetery at Fort Rosecrans to-day. Commanding officer reports that he has requested Protestant and Roman Catholic clergy to read service over the dead.

The President has directed that everything possible be done to alleviate the suffering of the injured. A general inquiry into the causes of the disaster will be made.

The Burial of the Dead.

San Diego, Cal., July 24.—Forty-seven of the United States gunboat Bennington's dead were buried yesterday in a common grave in the little military cemetery on the crest of the promontory of Loma.

FAT MAN'S RACE

E. J. MacIntyre announces that he has appointed Dr. Sullivan as starter for his silver cup fat man's race, and Major Geo. Massey and I. L. Nicholl as judges. These three gentlemen will set the date and time of the races and govern all matters in relation thereto. Their decision will be final. A. H. Patterson is giving a second prize in this event.

The latest entry is Alvie Merritt, of Louisville, who weighs 315 lbs. Mr. Merritt says he will only run if the races are 100 yards, as he could not get started in 50.

BOOKBINDING.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines, or periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books with any kind of ruling, made to order. All work warranted first class.

ANOTHER VOICE ON THE PRAIRIES

Tells of Diabetes Cured by Dodd's Kidney Pills

W. G. Bartleman Could Get No Relief Till He Tried the Great Canadian Kidney Remedy.

Wapella, Assa., N. W. T., July 24. (Special)—This thriving town furnishes one of the most remarkable cures of Kidney Disease that has ever been reported on the prairies. Mr. Wm. G. Bartleman, a well known farmer, is the man cured and he makes the following statement: "I had Kidney Trouble and it developed into Diabetes. I went to the doctor but his treatment was of no use whatever to me. I began to take Dodd's Kidney Pills in December, 1902. I took them all winter and summer while I was unable to work my farm. I took twelve boxes in all and in August I was able to work.

"Now I am quite strong. I worked all winter without pains in my back or any part of my body. Dodd's Kidney Pills cured me."

If the Kidney Disease is of long standing it may take time to cure it. But Dodd's Kidney Pills will do it.

MODEL FARM SOLD.

Quebec Government Disposes of the Property at Compton.

Quebec, July 23.—The Quebec Government has disposed of their Model Farm at Compton for the sum of \$12,000 to Mr. Dominique Bolduc, a practical farmer of the same vicinity, who closed the deal through his lawyer.

This farm was acquired by the Provincial Government for the purpose of encouraging agriculture in the Province of Quebec, and as a sort of college for the sons of farmers or other young men anxious to learn practical farming. It originally cost \$11,000 for the land alone, and was not only stocked and suitable houses erected on the property, but a creamery that cost \$8,000 built and prime stock imported from England and France to breed from.

The farm, however, did not bring the results expected. The running expenses cost from five to seven thousand dollars per annum, and finally the Government, tiring of the increased expense, came to the conclusion to dispose of it.

YOU MELANCHOLY WOMEN.

Can't even sleep—restless day and night—brooding over imagined trouble all the time. The disease isn't in thin and in the blood, which is thin and nutritious. Do the right thing now and you'll be cured quickly. Just take Ferrerozine, it turns everything you eat into nourishment, consequently, blood containing lots of iron and oxygen is formed. Ferrerozine makes flesh, muscle, nerve—strengthens in a week, cures very quickly. You'll live longer, feel brighter, be free from melancholy if you use Ferrerozine. Fifty cents buys a box of this good tonic—fifty chocolate coated tablets in every box—at all dealers.

Holman Hunt's Paintings.

Mr. Holman Hunt spent seven years on his great painting "The Triumph of the Innocents," and then was not at all satisfied with it, while "The Shadow of Death" took him three years.

He who can conceal his joys is greater than he who can hide his griefs.—Lavater.

YOU'RE ONLY HALF SICK.

But nevertheless you feel pretty "sleazy." Best prescription is Dr. Hamilton's Pills: they tone up the entire system, strengthen the stomach, elevate your spirits and make you feel better in one day. It's by cleaning the body of wastes, by purifying and enriching the blood that Dr. Hamilton's Pills accomplish so much. Very mild, exceedingly prompt and guaranteed in every case. Your druggist sells Dr. Hamilton's Pills of Mandrake and Butternut in yellow boxes, 25c, each, or five for \$1.00. Get the genuine.

Impatient.

The Single Aunt—You should be most assiduous to keep yourself unsoiled from the world, Comedia. You are neglected, you are not, to enter heaven after you cross the river? The Buddha—Yes, but, auntie, I'm not averse to a little heaven on this side.—Puck.

A BAD BRUISE.

Often causes a good deal of trouble. The best cure is a prompt application of Nerviline, which instantly stops the pain, prevents swelling, removes all blackness and discoloration. Nerviline is antiseptic—prevents blood poisoning. No liniment so strong, so penetrating, so swift to destroy pain. You miss a lot of comfort by not using Polson's Nerviline. For nearly fifty years it has been the standard family liniment of Canada.

A woman rarely considers a gown becoming when it has reached a second season.

WIRE WOUNDS.

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINTMENT, diluted at first, then stronger as the sores began to look better, until after three weeks the sores have healed and best of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

Reminiscences of Mr. Robert Clarke on His Diamond Wedding Day.

Mr. and Mrs. Robert Clarke, of Toronto, have been receiving the congratulations of numerous friends upon the celebration of the sixtieth anniversary of their wedding day. Mr. and Mrs. Clarke still enjoy the use of all their faculties and the blessings associated with a healthy body and sound mind.

Mr. Clarke was born in Ireland in 1818. His parents came to Canada when he was but six months old, and settled near Toronto. Nine weeks were occupied in crossing the Atlantic, and three weeks from Montreal to Toronto. In this connection it may be interesting to note that the first boat propelled entirely by steam crossed the Atlantic in 1823. The first railway in Canada, from La Prairie to St. John, was opened in 1826. The Grand Trunk Railway was commenced in 1827. So that both Mr. and Mrs. Clarke have witnessed the passing of the forest with its deer, the ox team and the stage coach, and the inauguration and development of steam and electrical transportation. They have passed from the mounted messenger to wireless telegraphy, from the flint and steel to the parlor match, and from the tallow dip and candle to the electric light, transformations and transitions truly marvelous, and the more so when they have occurred within one's lifetime and recollection.

Mr. Clarke remembers very distinctly a tall fence on King street, almost opposite the King Edward Hotel, enclosing a "field" in which stood a blacksmith shop. He has seen timber wolves within two and one-half miles of Toronto Junction, has shot deer within eight miles of Toronto, and has seen the red sea salmon taken from the Humber River.

On the 18th of June, 1845, he married Annie Wilson, of West Gwillimbury, in the County of Simcoe, the marriage being solemnized by the late Canon Oeler, father of the famous Dr. Oeler. Doubtless Mr. Clarke considered this event his "Waterloo" and himself the "Wellington," for his wedding day was on the date of the anniversary of that famous battle.

Mrs. Clarke was born in Toronto in 1823. The young couple commenced life in the Township of York, where for forty years they carried on successful farming operations, retiring from active life just twenty years ago. While yet a young man Mr. Clarke was appointed a Justice of the Peace, and his old home in Downsview has for many years superintendent of the Sunday school, trustee, steward and leader in the Methodist Church, Public School trustee and postmaster. In 1863 he was appointed to the 2nd Battalion of the York Militia by His Excellency the Right Honorable James Earl of Elgin and Kincardine, and again in 1866 by His Excellency Sir Edmund Walker Head, Bart., to be ensign to the Province (Upper Canada).

During his earlier life, when Toronto was known as "Muddy York," he, together with several pioneers, neighbors, cut a road through the woods from Bathurst street to Spadina avenue for their own convenience in going to and from market. The road is now Bloor street. Mr. and Mrs. Clarke both tell interesting tales of the Rebellion of 1837. Mr. Clarke is the eldest and last surviving member of a family of six.

They Didn't Shoot Straight.

An incident in which the Italian cruiser Umbria was concerned at Varkov, B. C., has given rise to an interchange of notes between London and Rome, and has been exaggerated out of all proportion to its importance. Commander Corsi of the Umbria and was given permission by the naval authorities at Esquimalt to practice his gunners at the targets on Pendennis Island. It is said that between sixty and one hundred non-explosive shells landed in the field of the farmers and in the camp of a party of sailors from H. M. survey ship Egeria. Picturesque account of the affair was sent to the London papers, and Commander Corsi was a good deal astonished to find on arriving at this port a cablegram from the Naval Department at Rome asking him for an explanation.

It was the purest accident, Commander Corsi said, and liable to happen to any ship in gunnery practice, that some of the shells reached shore. Nobody was hurt, and no damage was done to property.

Some naval men are inclined, however, to take a graver view of the matter than the Umbria's captain. The same thing, they declare, might happen again, and may then result in fatality. They say that there are no targets on the island, and they hint that what the Umbria's gunners fired at were buoys placed near the shore by the Egeria for use in hydrographic work.

HUMANE BUFFALO BULL.

Tries to Save Two Deer From Canine Marauders.

The sporting proclivities of a couple of hounds have led to scenes of carnage at the Zoo, says The Toronto Globe, while the behavior of a buffalo bull was so praiseworthy as almost to merit the bestowal of the Humane Society's medal upon him. It appears that Thursday morning when Superintendent Carter arose he heard a commotion, and on going to investigate the cause found that two hounds had been attacking a pair of Canadian deer located in the buffalo paddock of the Don Park. So severe had been the onslaught of the two dogs that when he reached the victims Mr. Carter found that though they were still alive they had been practically disemboweled, while their flanks were badly lacerated. A buffalo bull is said to have taken an almost human interest in the prosecution of his more diminutive companions, for he attacked the dogs in vigorous fashion, and did his best to drive the two marauders away. However, they were artful and alert enough to elude his charges, and though Superintendent Carter managed to deposit some of the contents of his shot gun into their less vital parts, they shot him in the prosecution. Detectives are now searching for the hounds, and when discovered short shrift will be meted out to them. The two deer had to be killed to put them out of their misery. One of them was sent to the Zoo by a lumber firm in Brampton, and the other was driven down the Don Valley by hunters last year.

WEARING AWAY YOUR LUNGS!

Yes, and your strength, too. Stop coughing and get rid of that catarrh. The one remedy is "Catarrhazone," which goes to the diseased tissues along with the air you breathe; it can't fail to reach the source of the trouble; it's bound to kill the germs; and as for healing up the sore places, nothing can surpass Catarrhazone. If you don't get instant relief and ultimate cure you will at least get your money back, for Catarrhazone is guaranteed to cure Catarrh in any part of the system. You run no risk—therefore use Catarrhazone—at our expense if not satisfied.

"There'll Be No Pie."

An energetic pastor who was making preparations to build a new church received all kinds of advice from parishioners, and the greatest amount came from those who had contributed the least toward the erection of the church. So at the regular services on the following Sunday he said: "I have been receiving lots of advice during the last few weeks. I have been told by certain members of the congregation that it will not do to have too many fingers in the pie. I can assure you that I will attend to that part of it. There will be no pie."

Nature "makes all things beautiful in their time." Every one of life's seasons, when life moves on Nature's lines, has its own charm and beauty. Many women dread that period when they must experience a change of life. They fear that face and form may suffer by the change, and that they may fail to please those whom they love. The value of Doctor Parrot's Favorite Prescription in this crisis of woman's life lies in the fact that it assists Nature's use preserves the balance and buoyancy of the mind and sustains the physical powers. Many women have expressed their gratitude for the help and comfort given by "Favorite Prescription" in this trying period. Its benefits are not passing but permanent and conduce to mental happiness as well as physical strength.

The Way of It.

"Who is that sprightly girl over there?"
"That's Miss Jones, who took part in the amateur theatricals last night."
"And who are those nineteen tired and consoling women near her?"
"Those are her mother, sisters, aunts and cousins who helped her to get ready!"

VACATION IS A NECESSITY.

All successful people take a vacation. To be successful you need a change from every day occupation. A brief respite among the pines and woods, breathing in the pure air of the Highlands of Ontario, is nature's best tonic. There are so many delightful tours offered by the Grand Trunk that it is hard to number them, but they not only embrace charming Muskoka, Lake of Bays, Georgian Bay, Kawartha Lakes, Temagami, Simcoe, but also delightful six day trips to Mackinac Island through the 30,000 Island scenery, Deluth, Winnipeg, Portland, Oregon, Exposition, and to the East the always delightful 1,000 Islands and St. Lawrence tours, Historic Quebec, White Mountains, and Sea Coast resorts, Portland, Old Orchard, St. John, N. B., Halifax, etc. A tourist folder, giving rates, etc., may be had for the asking at the City Ticket Office, W. E. Rispin, City Agent, 115 King street, or by addressing J. D. McDonald, District Passenger Agent, Toronto.
