

## Threats thwart SU nominations

### **By RUSSELL PRIME** Brunswickan Staff

Although elections for UNB Student Council are just around the corner and signs advertising the open positions have been posted, there has been a surprisingly low turnout for council positions.

When nominations closed on Wednesday, March 11, all executive positions except President had been acclaimed. Of the 14 positions available, only the Business Administration seat was contested. The positions for Arts Representatives, Law, Science and Engineering have all been acclaimed; while the remaining eight positions have been extended because of a lack of nominations.

The list of contenders for the position of President are:

lane

- Tony Tracy The candidates for Business Administration Representative
- Nathan Phillips
- Reg Denny

The acclaimed positions are as follows:

 VP Internal Larry Hansen

 VP External James Small

 Comptroller Armand Vaillancourt

 Arts Reps Kathleen Johnson and Jacqueline Veinott

- Law Brent Hancox
- Science Luigi Roca
- Engineering Steve

Arnold Secord

Thomas Rivington Despite the rather unhealthy

situation of SRC Representation, the University positions for Board of Governors (1 seat) and the Senate (3 seats) have plenty of competition. The nominees for Board of Governors are:

- Christopher Nakash
- Shirley Lee
- Susan Forestall

Those contesting the Senate seats are:

- Mike Robichaud
- Tony English
- Randy Ferguson
- Susan Forestall
- Brent Hancox

Nominations for the following positions have been extend- Hansen, feels the lack of tured until 4:30 pm on Wednes- nout for council seats is unday, March 18, 1987:

The SU President, Larry doubtably related to the threat of lawsuits which have plagued SU councillors and executive for the past year.

A source who prefers to remain unidentified, supports Hansen's view. This person told the Brunswickan that the reason that he did not run for an executive position can be attributed to a statement made by John Bosnitch. John Bosnich threatened that if the individual ran for election he'd "be slapped with a lawsuit so fast, it would make your head spin. How do you think we got Corinna Goulding (past VP External) to resign?

# Killed in the line of duty

### By MIRIAM DEBLY Brunswickan Staff

A suspect in the March 8th murder of Harvey New Brunswick Highway Patrol office Emmanuel Aucoin is now being held in Boston jail. Aucoin is the third New Brunswick law enforcement officer to be killed in the line of duty this year.

The body of Constable Aucoin was found in his patrol car parked on a remote stretch of highway near Fredericton. He had been shot in the head by a high-powered rifle. Anthony Romeo, 24, of Locust Valley,

Constable Aucoin did not believe in capital punishment.

N.Y. is being held in Boston jail as the suspect. He is also wanted for questioning in New York state in connection with a murder which took place there in 1985.

Aucoin was shot on Sunday morning and RCMP investigators have located a sawed-off rifle and two shell casings at the scene where Aucoin was shot while filling out

a speeding ticket for the accused Romeo.

Constable Aucoin, 31, was a graduate of the Atlantic Police Academy in Charlottetown and graduated in 1984. The circumstances which led to his death have raised a full review of NBHP procedures. Aucoin's wife made some poignant pleas during her husband's

She knows her husband would not want capital punishment for his killer. She said, "Manny did not believe in capital punishment." She also added, "My husband believed in the Highway Patrol 100 percent and was proud to be part of it. We all loved him and we will miss him terribly."

Improved patrol procedures are now under review. Aucoin is the fifth N.B. Policeman to be killed in the last twelve years and methods to prevent

such horrifying incidents from occuring in the future must be implemented.

Justice Minister David Clark promised Tuesday a comprehensive review of operating procedures of the New Brunswick Highway Patrol in the wake of the fatal shooting of patrol officer Emmanuel Aucoin.

### By MELYNDA JARRATT possible."

However, in a time when people worldwide are become aware of the fatal dangers of AIDS, public awareness campaigns via the media appear to be the only solution to the spiraling number of AIDS victims. Critics say that public sensitivities hold little relevance as these numbers continue to grow.

Nevertheless, the TCC insists that the wording of the current ads give the impression that it's OK to have casual sex with multiple partners as long as you use a condom. They base their decsion on the fact that condoms are not 100 percent effective in preventing the transmission of the AIDS virus.

Two of the three ads say (more or less) "you've got to avoid it (sex with multiple partners) or use a condom for protection."

Meanwhile, Robert Burr, a spokesman for the Canadian

Public Health Association, which developed the ads under contract from the federal Health Ministry, said his group has no intention of revising the public service announcements. "We're not condoning this activity or condemning it," said Burr. "We're just saying it's happening" and that people have the right to know how to protect themselves.

# NEWSBRIEF

In a major policy document released Tuesday, the Vatican ruled test-tube fertilization and other methods of artificial conception are "immoral" and warned scientists that they should not attempt to unsurp God's power over life and death.

Considered by many to be the most damning church pronouncement on "bioethics" in life's early stages, the document, called *Instruction on Respect* for Human Life in its Origin and on the Dignity of Procreation, condemns sperm and embryo banks, experiments in human cloning or in humananimal hybrids, and the implantation of human embryos in artificial or animal uteruses. It also says that surrogate motherhood, artificial insemination and selecting the sex of children are against human dignity.

Approved by the Pope, who was consulted at every stage of its formulation, the document is considered to be the most important policy decision since Pope Paul VI's 1968 encyclical *Humanae Vitae*, which banned contraception.

Vatican officials warned that Catholics who violate the new policy directives will be committing a sin.

The Secretary of State for External Affairs, the Right Honourable Joe Clark, has welcomed as a positive development the statement of General Secretary Gorbachev indicating the willingness of the Soviet Union to conclude a separate agreement on intermediate range nuclear missiles in Europe.

Canada has actively supported the idea that an INF agreement should not depend on agreement being reached in strategic arms or on defensive systems. This support flows from Canada's belief that allowing achievable progress to be consolidated in concrete agreements is the most effective means of moving forward the arms control process and improving East-West relations.

Mr. Clark cautioned that an agreement was far from assured as important related issues such as shorter range intermediate nuclear weapons and verification need to be addressed. However, he urged both the USSR and the USA to negotiate in a constructive spirit.

This week's Turkey of the Week goes to "the culprits" who found within their little brains enough intelligence to deface several office doors and anything that pertained to the UNB Student Union. Acts such as these make us ask what the idiots will do next?

### TRIBUTE OF THE WEEK

This week's Tribute of the Week goes to the wife of slain NBHP officer Constable Emmanual Aucoin, who in a touching message read at a memorial mass for her husband, did not call for the death penalty for her husband's murderer. Instead, she asked for more constructive methods which would see changes in police procedure. An early INF agreement and a revival of the Summit process would assist the further improvement of East-West relations and provide an important impetus to other arms control negotiations.

A former adviser to the International Monetary Fund (IMF) will discuss monetary reform in a seminar at the University of New Brunswick in Fredericton today.

Subimal Mookerjee, now an economics professor at George Washington University, will speak on Aspects of International Monetary Reform. The seminar begins at 3:30 p.m. in Room 240, Tilley Hall, on the UNB campus. Admission is free and the public is invited to attend.

Dr. Mookerjee worked for the IMF for nearly 30 years. He is noted for his contributions to changes in the Bretton Woods agreement which, in 1944, created the IMF. As well, some of the impending reforms in the international monetary system will clearly bear his imprint.

A graduate of the University of Calcutta and Harvard University, he taught briefly at both institutions before joining the IMF. At Harvard, where he obtained his PhD, he studied under well-known economists such as Galbraith, Haberler, Schumpeter, and Leontief.

Dr. Mookerjee's published works are in the fields of currency stabilization, factor proportion, and sterling area.

The seminar is sponsored by the department of economics at UNB.

# EDITORIAL.

On Tuesday afternoon, the memorial service was held for Constable Aucoin, the highway patrol officer shot earlier this week, while performing his duty. This year, three law enforcement officers have been killed in the line of duty; last year seven were killed. On each occasion, various groups have used the opportunity to call for the re imposition of the death penalty. This time it was different.

At a time when it would be natural to expect a cry for retribution from a bereaved family, we received instead a statement of peace. The priest conducting the memorial service read an appeal on behalf of Aucoin's widow. The message was simple: Aucoin had volunteered for his job, fully cognizant of the risks inherent to it; further he was personally opposed to the death penalty. Aucoin would not want his death to be the rallying point for those who seek the return of the death penalty, rather he was concerned with the circumstances that left him and his fellow officers exposed to unnecessary 1.5k. Moves are now hopefully underway to address his concerns.

His widow's statement deterred the usual cry for the death penalty. Let's hope this peace officer's message continues to be heard during the debate on capital punishment.

I promised that I'd take time out every week to say something positive and uplifting. Well, I might as well get it over with. Do not despair because spring is a mere 8 days away! And in only 27 short days (including weekends), this term will come to an end. And if it's any additional comfort, it has been rainy, windy and cloudy in Florida for six days straight.

I realize that things should be melting by this time of year. Unfortunately, it has been unusually cold and the remnants of the winter months are hanging on. Normally, I would praise the university physical plant for their quick and efficient removal of snow from the walkways, roads and paths. Even though there has not been a substantial snowfall in the last couple of weeks, many pathways have been covered with ice and drifting snow, making them very dangerous, especially the walkways leading into the SUB parking lot. Perhaps a little more salt would do the trick until the weather gets warmer. It would be extremely unfortunate if someone were to fall and break a part or parts of their body.

If you'll notice in this week's paper, there is a plea for help to get several students back on their feet. After the unfortunate fire downtown, several students were left without many of the everyday essentials. A reminder for the professors — the students lost textbooks, notes and assignments as well. Any donations can be made at the Help Centre in the SUB lobby. And may I add that this call for aid was organized by the SU President Larry Hansen — he can't be all bad now, can he? Also, I'd like to call attention to the Social Club's efforts to help. They are donating all profits from their St. Patrick's Day Bash to those students. It's nice to see that people are helping out in a time of need.

1 know you've noticed by now that the final exam schedule is in this week's paper. Once you get a copy of the paper with the exam schedule in it, hang on to it because they go fast and there are often not enough to go around. For once, don't throw the Bruns on the floor, in the corner, in the garbage....

I seems to be the time of year for elections. My congratulations to the new Student Council and other newly elected officials at Saint Thomas. UNB elections are coming up quite quickly. It looks like it's going to be a threeway race for the presidency, and no — Larry Hansen is not one of the candidates. Frankly, I don't blame him a bit. However, Larry is not giving up the gun completely. He will be running for another position within the governing council. I guess he's just a glutton for punishment.

### -Christopher Earl

And speaking ot elections, there will be one election being held next week that is very much out of its regular time slot. It would seem that the present Grad Class president, Tim McLaughlin, has resigned. How unfortunate, for Tim has done quite a good job so far. I hope that his successor can finish the year with as much flavour and funs as the last few months have seen.

### Title Critic

### Dear Editor:

It is not my usual practice to flatter insipid Brunswickan articles with anything more than a chuckle and a whimsical 'they've got to be kidding'. However! Last week's 'Beat the Heat' and 'Condoms Make Comeback' are too much. Come Now.

Let me begin my little tirade with 'Beat the Heat'. I mean, really. Despite the intrinsic fascination us deprived Canadians have for anything Bermudian, they are people, too. Of course they like winter sports (reportedly, at least). Scoff if you must, but I have it on good authority that they even have modern flush toilets and electric lighting in the land of rum and reggae. How did we come unon this knowledge, you ask? We know Bermudians, tool Yes, they are adapting rather nicely to Frederictonian life; one may even stay here when he finishes his education at one of the best universities in the southwestcentral region of New Brunswick. Maybe we could hire foreign students galore and display them in the SUB (foodstuffs to be imported, of course). In all seriousness, I say again, Come Now!

As for the other article, Ms. Debly has written a fine tract, but the title leaves much to be desired. Are the CONDOMS a hockey team struggling to make the playoffs, or a barbershop quartet, maybe? Or is the title a reflection of a much dreaded sexual condition? In any event, amidst cries of false advertising, clarification is

This letter acknowledges receipt of your letter of March 3, 1987 which was handdelivered to my home, apparently by the same member of the Campus Police who ejected me without cause from a January 16, 1987 meeting in which agents of UNB President Jim Downey and his "student governing council" purported, without lawful authroity, to take over the Board of Directors of CHSR Broadcasting Inc. and to unseat the duly authorized representatives of the UNB Student Union Inc. on that Board. This takeover proceeded after you sent a letter to Dr. Downey on January 7, 1987 complainig about the refusal of those representatives to accept your demands.

The same Campus Police member also delivered a letter to me on January 26, 1987 in which I was "cited" to appear before you and a Kangaroo Court styled "Committee of Inquiry" on some trumped-up charges.

You earlier wrote letters to Dr. Downey falsely complaining about Barry White and myself. Dr. Downey attempted to use your letter to justify the suspensions he imposed on Barry White and myself on January 30, 1987, you indicated that you felt the suspensions were justified and deserved.

I did nothing to warrant admonishment or suspension and I don't appreciate the repeated attempts by you and your assiciates to penalize me for taking part in the legal action against those individuals who, with your active support, purpoted, without lawful authority, to takeover the UNB Student Union Inc. on April 17, 1986.

The April 17, 1986 actions of members of the "student governing council" (which are supported by their successors, your present "council") in alleging to dismiss the lawful officers of the UNB Student Union Inc. and in violating the Union's corporate bylaws clearly demonstrate that your group does not respect the electoral choices of the student body. Any "election" called or organized by such a group would, by definition, be unfair and illegitimate. As a result, I decline your request and will not be running in your "election" as it is being held without lawful authority. Even if I were to give up my legal claim and run in your socalled "election" and win, I

would probably meet the same fate as Tony Tracy: being denied my seat, being seated on threat of court injunction, and then being impeached without cause after only a few days in office by the selfperpetuating clique that has entrenched itself in the bowels of Downey's "student governing council".

Yours sincerely, Michael Bennett Vice President (Academic) UNB Student Union Inc.

### Hansen's Reply

Sir: "... an earlier Council which had totally and incompetently and perversely managed the students affairs of the Student Union in such a way that it almost totally destroyed its financial viability the year earlier... that Council was put out in April, 1986"

excerpt from transcript of an oral decision given by Mr. Justice David M. Dickson.

Today I received a rather vitriolic letter from Michael Bennett, a student at UNB, who was once a Vice President of the UNB Student Union. I believe it will be published inthis week's Bruns.

His letter, written in response to my request that he cease his legal action and participate in the upcoming Student Union elections, is full of inaccuracies and distortions. Briefly, I wish to address some of these.

First, he refers to the organization which I represent as "Downey's student governing council." No such organization exists. I was lected president of the UNB Student Union, the same organization Mr. Bennett formerly represented, and this body was incorporated by an act of the Legislature of New Brunswick. Second, there has been no take-over of the Board of Directors of CHSR-FM. Under the bylaws of the Board, two of its directors must be nominees of the UNB Student Union. The meeting of 16 January 1987 was convened to seat the two nominees who had been ratified by Council and selected after an advertised applications and interview procedure. I have no specific knowledge as to why Mr. Bennett was

# Orientation's national acclaim

### By TERRY WHITE **Bruns Staff**

At a recent conference in Cincinnatti, the UNB Orientation Program was again recognized for its outstanding efforts in serving new university students. Representing UNB was Marc Braithwaite, Chairman of the UNB Orientation Program.

As coordinator of Orientation's Alcohol Awareness Program, Mr. Braithwaite also serves as Chairman of the National Orientation Directors Association Task Force on Alcohol and Drug Abuse Programming for North American universities. His present in volvement lead to an invitation from Miami University to attend The Governor's Conference on Alcohol and Substance Abuse Education on Ohio Campuses.

While attending the conference. Braithwaite, delivered two presentations to administrators and students representing universities within Ohio. The first presentation was entitled, "The Importance of Alcohol and Drug **Education on University Cam**puses." It focused on how universities can get their plans for alcohol/drug education off the drawing boards and implement programs within their universities. Braithwaite based his presentation on the success of the UNB Orientation Program involving Alcohol Awareness and the international acclaim it has received during the past year.

The second presentation involved a "head-to-head" panel discussion with the Ohio distribution manager for This Anhieser-Busch. workshop, entitled "The Role of Alcohol Distributors on

addressed the need for breweries to exercise responsible marketing strategies on university campuses. In addition, the breweries will have to be realistic in the role they wish to play in Responsible Drinking programs. The two day conference also

focused on university liability involving alcohol related accidents, effective programming within our education system, and that the enforcement of "dry campuses" is not a realistic solution in solving student alcohol problems.

This conference gave UNB

any concrete resolutions but the perfect opportunity to expose itself on the leading edge of Alcohol Education. Many conference participants were amazed by the outstanding initiative UNB Orientation has taken regarding effective Alcohol Awareness programm-Key players in ing. Orientaion's success include The Associated Alumni of UNB and The Alcoholism and Drug Dependency Commission of New Brunswick.

As progress continues. Alcohol Awareness will go far beyond Orientation. UNB has to establish a responsible alcohol/drug use environment

university community including students, faculty, and staff. In order for this alcohol program to excell, students and administrators will have to work together. If there is no cooperative effort, realistic student needs will never be addressed and in turn, administrators will not be able to maintain a long term program.

Braithwaite is highly confident that the soon to be elected Student Union will capitalize on some effective programming regarding Alcohol Education. This may be one of the many opportunities that the

which involves the entire S.U. will take advantage of in order to build upon their public credibility.

UNB will continue to demonstrate its progress abroad. In mid-May, Braithwaite will lead a two day workshop at The University of Cincinnatti regarding effective alcohol education programming. In addition, he will travel to Chicago this weekend to deliver a mid-term report to the National Orientation **Directors Association Board of** Directors. He is able to make this trip due to his support from The Associated Alumni of UNB.

Rudolf Hess, World War II Nazi War Criminal who is presently suffering from pneumonia, was taken to hospital early last week after doctors diagnosed the illness at his residence, Spandau jail.

Born in Alexandria, Egypt on April 26, 1894, Hess served with Hitler in the same regiment for part of World War I. After the end of hostilities he attended Munich University and wrote a prize essay on "How Must the Man Be Constituted Who Will Lead Germany Back to Her Old Heights?"

He helped Hitler in the Putsch of November 1923 and escaped to Austria, only to return later to serve time with Hitler in Landsburg Prison.

He began as Hitler's private secretary, but quickly moved up to the position of deputy party leader in 1933. In 1939, Hess was declared third in chain of command, after Hitler and Hermann Göring.

In spring of 1941 Hess tried

## Ivan the Terrible on trial

Israeli Prosecutor Michael Shaked thinks so but Demjanjuk, who is currently on trial in Israel for the murder of thousands of Jews in the "Treblinka" concentration Application froms are also availab camp of Eastern Poland denies this accusation.

Demjanjuk entered the U.S. in 1951 after concealing his military record. He claims he spent the war years as a forced labourer for the Germans. Life was running smoothly for him until 1981 when the Soviets produced an SS I.D. card. As a result, the U.S. promptly revoked his citizenship.

The prosecutor maintains that Demjanjuk was transferred to an SS center which trained guards to work in concentration camps and then to Treblinka where he served between October 1942 and September 1943. The defense contends the I.D. card is a

The mysterious aspect of the case is uncertainty about the fate of the real-life "Ivan." He is believed to be dead, but one witness, Yitzhak Arad, testified that no-one actually saw Ivan's body and therefore no-one can verify his death. # Oral Roberts goes through hell

### By MARK MCGOVERN Bruns Staff

Two months ago, evangelist Oral Roberts told millions of television viewers that if he did not raise 4.5 million U.S. by March he would die. According to Roberts, God visited him last year and told him, "If you don't do it, I'm going to call you home in one year.

Now it seems that the humble preacher's efforts to spread the word of God has attracted unwanted attention from more sinister quarters.

Last week on his son's daily religious program, Richard Roberts Live, Oral told assembled faithful that Satan himself had tracked him down to his Oklahoma home, and that the nasty little brute had burst inside uninvited and attacked him. He "put his hands on my throat," said Roberts. "He was choking the life out of me. I yelled to my wife, 'Honey Come!" His faithful wife, Evelyn, was alert at the time and rushed quickly to her husband's defense. Apparently she gave Beelzebub a good tonguelashing and then sent the imp on his proper way.

Oral has found a silver lining in this dark cloud however. Although he refuses to say how much more money he needs, Roberts does expect to raise enough to satisfy God's fiscal demands. "I've been through hell and back," Roberts told viewers. "But on March 31 I expect to be alive--to live!"

Let's just hope so--God only knows how much it would cost us to bring him back.

## A DAY OFF?

SO, YOU WANT THE DAY OFF? Let's take a look at what you are asking for. There are 365 days per year available for work. There are 52 weeks per year in which you already have 2 days off per week, leaving 261 days available for work. Since you spend 16 hours each day away from work you have used up 170 days, leaving only 91 days available. You spend 30 minutes each day on a coffee break, which accounts for 23 days each year, leaving 68 days available. With a 1 hour lunch each day you have used up another 44 days, leaving only 22 days per year on sick leave. This leaves you with only 20 days available for work. We are off for 5 holidays per year, so your available working time is down to 15 days. We generously give you 2 weeks vacation. This leaves only ONE DAY

# Singer Hall Week

Students at the University of New Brunswick in Fredericton have been climbing the fundraising bandwagon this past week with hopes to raise funds for the new Ethel Frances Singer Hall.

Members of the UNB **Business Society and AIESEC**, an international student business organization, have joined forces to plan and produce New Home Week. Proceeds from the week's activities will be used to complete the construction and furnishing of the new addition to Tilley Hall.

The new building, Singer Hall, will be the headquarters of the faculty of administration. The university needs \$1 million to complete the \$3.3 million structure, which is expected to open in September.

"The students have been very responsive to the university's need to raise additional funds," says Reg Tweeddale, director of development at UNB. "It is really encouraging to see their enthusiasm for the Singer Hall project."

During the past week students have been selling specially designed T-shirts and mugs, credit-card sized calculators embossed with the UNB crest, and red and black scarves.

Those who visit their booth

Engagec

3:00 p.m. next to the Student Union Building cafeteria will also have the opportunity to participate in an innovative scheme to place a time capsule in the new building. Anyone in being interested remembered in the next cen-

today between 10:00 a.m. and tury can purchase the right to sign his or her name in the Singer Hall Time Capsule register or to leave a memento in the capsule.

The week will culminate tomorrow, March 14, with a dance-a-thon in the Student **Union Building Ballroom from**  3:00 p.m. to midnight. Top 40 music, refreshments, and prizes will be offered to all who dance in support of Singer Hall. Sponsor sheets for the event are available from the **Student Union Building Office** or the Business Society Office in Tilley Hall, Room 304.

Ethel Frances Singer Hall is named in honor of the first Jewish woman to graduate from UNB. Miss Singer received a BA in 1935 and an MA in 1936. About one-third of the Singer Hall construction costs are being funded by a bequest from her sister, Sadie Singer.

## Stratejaket Review **Monsignor Boyd Gig**

### By TONY TRACY

This past weekend, three bands played at the Monsignor Boyd Family Center, promoted by D.T.K. Productions and CHSR-FM: Black Forest Cake Trade, No Contractual Obligations, and Stratejackets. I took in the concert, and found it to be overall very enjoyable.

The uninitiated may be surprised to see such a collection of persons with coloured hairs, mohawks, skinheads, together with girls wearing miniskirts or studs and chains to keep your Volkswagen on the road even during icy weather. If you are not scared off in the hallway, however, these hardcore "gigs" are really something to take in.

In this particular show, Black Forest Cake Trade of Saint John opened the show for a somewhat smaller than usual crowd (perhaps this shows the popularity of such Fredericton bands as Neighbourhood Watch and Scream Theatre, who have attracted much larger crowds). The band was reasonably good, but seemed to be quite unpracticed (especially the bass player and drummer). This is understandable, given the fact that the band has been together less than a month. The vocalist however, in my opinion, projected his voice rather well, and most of his lyrics were intelligible even over the loud drummning and guitar work. The lead guitarist, a former member of Totalitarian Assault, seemed more comfortable with a speed metal style than with hardcore, but managed to get through some passable cover versions of songs of bands such as S.O.D., Black Flag, D.O.A. The old and Totalitarian Assault songs were understandably well done. I think after more time and practice together, this band will be able to put out a much better sound. No Contractual Obligations (N.C.O.) were the next band on. They began their set with the forgettable "What the F---", which did, however get a lot of people out on the floor slamming. The band, overall, was much more musically powerful than the previous, and very well practiced. They were playing hardcore, and playing it the way it was supposed to be done. They got an incredible response from the "punks" in the audience,

who slammed and thrashed amongst each other during every song. I was especially impressed with their bassist and drummist (perhaps because of the previous band's performance in this respect) who seemed to be very well practiced. The vocalist, however, was not quite as powerful.

The last band of the evening was, in my opinion, the best of the bunch. Stratejackets, from Halifax, played a mix of 60's and 70's garage band Rock n' Roll together with some newer "alternative" (which is widely defined, of course). They were an incredibly energetic

vocalist. An added addition on the part of the vocalist was a tambourine, something I haven't seen in some time. One of the hits of the evening was a cover of David Bowie's Ziggy Stardust, which was very well performed. As well, there was a "cow punk" song of sorts. All of their songs were danceable (yes, that is dance, not trash). I expect, and hope, to be hearing more from this band in the future, as they have great potential and will likely be getting even better as time goes on.

If you missed this concert, you can probably catch both

band with an excellent N.C.O. and the Stratejackets on CHSR-FM (97.9), as I have been informed by the new Music Director, Kathleen Johnson, that both bands have songs in heavy rotation on the station. If you haven't been to one of the gigs at the Monsignor Boyd yet, watch out for the next one. Posters go up all over Fredericton and both campuses, and there should be some mention made in the Bruns. Peter Rowan of D.T.K. Productions has done a remarkable job of promoting these gigs in the past, and I expect the future holds even better things for those fans of good alternative music in Fredericton.

# Angela Hewitt

### By MARK STEVENS **Features Editor**

After a faultless performance, three encores and a standing ovation, Angela Hewitt left the audience at the Fredericton Playhouse chattering excitedly about her stylistic sensitivity, skill - and above all - her utter musicali-

Playing selections from Bach, Chopin and Ravel, she demonstrated amazing ver-

satility. I cannot ever remember having attended a concert where the audience has been treated to a performance reflecting such subtlety and precision. In fact, I found Miss Hewitt's obvious mastery of the piano rather unnerving. It was almost like listening to a carefully engineered recital spliced and cut in a top notch recording studio. But somehow she managed to combine technical excellence with emotional involvement.

performance The -dedicated to the memory of the late Professor Walter Baker - featured renditions of Bach's "Concerto in the

Italian Style", Ravel's suite, "Le Tombeau de Couperin", and Chopin's "Four Scherzi." I particularly enjoyed Miss Hewitt's interpretation of Bach's three movement concerto. But then such sensitivity is to be expected from a pianist who won the prestigious International Bach competition in Toronto two years ago.

## Joy Division

### By KATHLEEN JOHNSON

Before I bombarded you with comments on Joy Division, I thought I'd tell you a bit about the "Peel Sessions". They are albums that contain British Pop music history, with such artists as the Fall, Billy Bragg, the Beat, Madness, the Undertones, and many more ...

John Peel, from the BBC, has reached his 20th year at "The John Peel Show" which is a British version of "Brave New Waves", broadcasted three times a week, supports off-beat, diverse and little known bands by using a blend of records, live sessions and Peel's "off the cuff" observations. In fact Peel has recorded and played "Siouxie and the Banshees", "Pink Floyd" and "Bowie"up to twelve months before they got a record contract. He is

-But enough of that. To get to the point, "Joy Division -The Peel Sessions" is a wonderful album. The album captures the 1979 session of one of the most important bands of the post/punk era. Produced by Bob Sargeant, the four cuts, - "Exercise One", "Insight", "She's lost control" and "Transmission" give a quick glimpse into the

intense and often varied style of "Joy Division". This album highlights lan Curtis' rough vocals, the powerful instrumentation, and the insightful, introspective vocals that distinguish this band from all others. Much less refined than their later releases, this album magnifies their talent and makes it number one on my list.

Being Near You . . .

Being near you is easy caring never a crime, wanting to celebrate, communicate; it seems so easy to smile.

There is comfort in your silent presence and happiness in simply being here.

An unspoken language of affection and caring. An understanding of heart and soul.

A silent obsession that remains natural. Unhurried. Unworried.

We accept out honesty and trust in ourselves because believing seems so easy.

Third, those "agents" to which he refers in paragraph 2 of his letter include, among others, a member of city council, a producer with CBC, and a member of the St. Thomas Student Union. Could one make the assumption, therefore, that Mr. Bennett believes that Dr. Downey now controls our municipal government, the media, and members of the St. Thomas student body.?

Fourth, it is true that I sent a letter to Dr. Downey on 07 January 1987. Contrary to his statement, however, I did not make any demands on Mr. Bennett or Mr. White, and consequently, did not complain about their failure to meet such.

Fifth, I again wrote the President bringing to his attention what I considered to be the harassment of particular students by Mr. Bennett and his associates. Further, any statements I've made regarding the latter's behavior are true and can be proven.

Mr. White's suspension was justified. I did state that I believe there to be more than ample reason to suspend Mr. Bennett.

Seventh, the "Committee of Inquiry" to which Mr. Bennett refers is an ad hoc committee of Council created to investigate a complaint that Mr. Bennett has on more than one occasion allegedly harassed one of our employees. I am not a member of this committee.

Eight, the executive of the Student Union, as represented by Messrs. Bennett, Bosnitch, English and Brown was removed from office on 17 April 1986, because it lost the confidence of Council and had mismanaged the affairs of the Student Union.

The refusal of Mr. Bennett etal to participate in both the elections of last fall and this spring demonstrates a contempt and perhaps a fear of the student body. If they really had our best interests at heart, they would put the question of their credibility to students, and cease offering excuses that serve as no more than a "cop out" from facing those people who they claim to represent.

# Sink or swim - we'll save you

Early Friday, Feb. 27th, the UNB Lifeguard Team, the Red Eyes, left for Quebec City to compete in the Quebec Provincial Lifeguard Championship which started on Friday and lasted all day Saturday. The events were Endurance Swim, Tow, First Aid, CPR, Pool Situations, and a One on One First Aid Rescue.

The Red eyes came in 3rd place in the Tow which was the only placing that was known when the team left. The unofficial placing was 8th out of 30 teams and the team should be receiving a letter of the official standings. Also, both teams, the Red Eyes and the Black Eyes, competed in Halifax for the Nova Scotia Championship, and the Red Eyes are the Nova Scotia Champions in the First Aid event.

Enthusiam is running high this week, as UNB prepares to host the 2nd Annual UNB Invitational Lifeguard Competition. These events will get underway Friday evening as teams from the Maritimes and possibly Quebec and Ontario compete. The public is invited to come to the Sir Max Aitken (SMA) Pool to watch these lifeguards in aciton who do

more than "just swim" and "watch". Also, come and participate in a free swim on Saturday 12:30 pm to 5:00 pm. Come and cheer on your two teams - the Red Eyes and the Black Eyes.

The competition is being held throughout the Lady Beaverbrook Gym during the whole day. The different types of events that are being judged are:

-Priority Assessment -First Aid -Water Situation -Deep Water Recovery -Shallow Water Spinal -Team Endurance Swim

Come out, join in the fun, see lifeguards in action and cheer on the two teams that are representing UNB.

At the pool, tonight (Friday), there will be a free swim from 8:00 - 9:30, and it will be a fun night for all ages. There will be different activities being organized plus a scuba demonstration, and possibly a diving demonstration. The UNB Lifeguard Team will be on hand to demonstrate some of their skills.

All afternoon, the different

teams will be in charge of the pool and may clear the pool if such need arises. This means that you may have to get in and out of the pool for most teams. If you have ever wondered what the UNB Lifeguard Team, or lifeguards in general do, or what kind of training they have, come out and watch and participate. This would be the perfect chance to see lifeguards in action.

Do not miss out on the 50-50 draw which is being held on

Sunday, March 15th, to support the local teams. There are still a few tickets available -watch for a booth today in the SUB lobby or pick some up at the pool office all day Saturday. The prize is money, up to \$200. The proceeds are going to help send the team to the National Lifeguard Competition being held in Burlington, Ontario on May 6-10. We are planning to show the rest of the country the kind of professionals that attend and work at UNB.

L-R Front Row -Ian MacKenzie, Laura McMahon, Steve Power, Kim Crossman, Peter Nixon, Daryl Thompson.

Back Row -Andrea Gaudet, Francois Bedard, Jill Reader

The teams consist of The Black Eyes - Franòis Bedard, Andrea Gaudet, Ian MacKenzie, and Jill Reader. The Red Eyes-Kim Crossman, Laura McMahon, Peter Nixon, and Daryl Thompson. The coach for both teams is

Steve Power.

The teams would like to thank everyone for their support throughout the year and are looking forward to seeing and serving you at the Sir Max Aitken Pool or at the LBR Pool.

INTRAMURAL PERSONNEL FOR 1987-88

As the 1986-87 intramural season rapidly draws to a close, it is time to begin planning for next year. The last several changes in the student body, some revisions are planned with respect to the student personnel in the intramural program.

The Intramural Program is looking for a few individuals who are interested in becoming very involved in the organization and administration of the program next year. Working as a team, these students will be responsible for the management of all intramural sports activities. Their duties will include such activities as promotion, scheduling, communication, supervision, evaluation, and record keeping. This is an excellent opportunity for interested students to gain some valuable contribution to their fellow students. Referees-inchief and officials will also be hired to handle particular sports.

Anyone interested in becoming involved in the Intramural Program should complete an application form in the Recreation Office, Room A121 LB Gym. The office is open

7:00 pm in the Lounge of the LB Gym to discuss the future of the club on campus. All interested individuals are invited to attend. There will be an opportunity to play squash after with air running low, all hope was lost. The search was called off and Scuba Gumby was presumed lost.

But seriously folks, it was a great day, and a fantastic dive. With 20 people going and all enjoying the beautiful weather, warm (?) water, and great dive site. I mean, where else can you on one dive play in caves, tunnels, ledges and soon see real live cannons in 30 feet of water, and see some of the most abundant and colorful sea life in the Bay of Funday (the North Atlantic Coast even!!) Then pull up anchor, and cruise over to the nearest scallop bed and voila, instant seafood supper. Not to mention catching a few rays on deck between dives. I can hardly wait until the next time we go, which may be sometime in May.

years have seen a tremendous growth in the structured intramural program. This growth has been possible only because of the dedicated work of many student volunteers each year. These students, serving as coordinators, convenors. referees-in-chief, officials, and sport representatives, have been instrumental in providing a large, diversified program of activities in men's, women's, and co-ed events. The success of the past has necessitated some changes for the future. In order to ensure the continued growth and development of the intramural program and to accommodate between 10:00 am and 2:00 pm. If you wish further information or have any comments or suggestions, please contact the Physical Recreation and Intramural Coordinator, Shirley Cleave.

The Fredericton/UNB Squash Club has been a vital and influential force in the development of Squash at UNB and in New Brunswick generally. However, it is now time to consider reoganizing the club to more directly serve the needs and interests of Squash enthusiasts in the university community. A general organizational meeting will be held on Monday, March 23 at the meeting.

### Scuba Club

**Calendar** of Events

The UNB/ StU Scuba Club regrets to announce it's first (sort of) diving accident. This past week-end on a very successful Black Rock Boat Dive, we lost our mascot, Scuba Gumby. He was last seen surrounded by a pack of vicious killer scallops in about 40 feet of water.

When his loss was discovered back on the boat, a massive search by the divers who went, was sent off but to no avail. They checked everywhere, but in the end, 22-THE BRUNSWICKAN
