

GERMANS DROPPED BOMBS OVER SERBIAN CAPITAL

BULGARIA ISSUES MANIFESTO DECLARING HER INTENTIONS

Will Fight For the Central Powers Because They Will Give Her What She Wants—Does Not Believe in Promises of Quadruple Entente.

Special Wire to the Courier. Berlin, Oct. 8.—(By wireless to Saville)—A declaration of Bulgaria's intention to enter the war with Germany and her allies is contained in a manifesto as given out here to-day by the Overseas News Agency. The manifesto as given out by the agency follows: "The central powers have promised us parts of Serbia, creating an Austro-Bulgarian border line, which is absolutely necessary for Bulgaria's independence, of the Serbians. We do not believe in the promise of the quadruple entente. Italy, one of the allies, treacherously broke her treaty of 33 years. We believe that Germany is fighting the whole world to fulfill her treaty with Austria. Bulgaria must fight at the victors' side. The Germans and Austro-Hungarians are victorious on all fronts. Russia soon will have collapsed entirely. Then will come the turn of France, Italy and Serbia. Bulgaria would commit suicide if she did not fight on the side of the central powers, which offers the only possibility of realizing her desire for union of all Bulgarian peoples." Berlin, Oct. 8.—The Frankfurter Zeitung asserts that the Bulgarian government has issued a manifesto to the nation announcing its decision to enter the war on the side of the central powers. This manifesto, as quoted from the Frankfurter Zeitung by the Overseas News Agency, states that Bulgaria would commit suicide if she did not align herself with Germany and her allies. The news agency says further: "The manifesto to the people which is not only a historical document, but contains valuable material in regard to Bulgarian politics and economics, states that Russia is fighting for Constantinople and the Dardanelles. Great Britain to destroy Germany's competition, France for Alsace and Lorraine and other allies to rob foreign countries. The central powers are fighting to defend property and assure peaceful progress."

DIPLOMATIC RELATIONS BROKEN OFF BETWEEN BULGARIA AND SERBIA

Bulgarian Minister Given His Passports, While German Airships Have Dropped Bombs on Nish.

London, Oct. 8, 12.30 p.m.—A message to The Times states that the Greek Government has decided to issue a declaration of its attitude of "benevolent neutrality" toward the entente powers. Nish, Serbia, Oct. 8.—Via London, 12.45 p.m.—The diplomatic rupture between Serbia and Bulgaria is complete. The foreign office has handed his passports to the Bulgarian minister. AN ATTACK ON NISH Nish, Oct. 7.—Via London, Oct. 8.—An aeroplane coming from Bulgaria this afternoon dropped numerous bombs on Nish, killing five persons and wounding two others. It then returned safely to Bulgaria. RUSSIAN VIEW Petrograd, Oct. 7.—Via London, Oct. 8.—Discussing the situation in Greece and Bulgaria, The Retch says: "Now we know that in the two states concerned the people are for us and only dynasties foreign to the people are against us, we should make a bad mistake to suppose the game is lost for us in the Balkans. On the contrary it is only beginning. Our task now is to make wise use of great popular movements which must be aroused in the Balkans. This is a task which finds no place in the ordinary frame-work of diplomatic activity, but it is entirely in accord with the root idea and the tendency of developments in this great war of liberation."

TEUTONIC INVASION OF SERBIA IS IN FULL SWING

It is Estimated That 600,000 Men are Advancing Against the Little Kingdom Under Von Mackensen—British Rushing Troops.

By Special Wire to the Courier. Berlin, Oct. 8, via London.—The Teutonic invasion of Serbia is proceeding favorably, progress in the crossing of the Drina, Save and Danube Rivers by the German and Austrian armies under Field Marshal von Mackensen being reported by German army headquarters. The capture of three canon opposite Ram is announced. London, Oct. 8.—The new Teutonic invasion of Serbia is now in full swing. In command of Field Marshal Von Mackensen, the German and Austrian forces are seeking to push their way southward, with the Jirna, Danube and Save rivers at their backs, in an attempt to seize the trunk railway stretching from Belgrade to both Saloniki and Constantinople. NEXT MOVE LIES WITH BULGARIA The next move lies with Bulgaria. Whether she will attack Serbia from the rear while the central powers are hammering at the northern and north western gates, or maintain for the moment a watchful attitude, is a matter of surmise, but the situation is such that her entry into the war seems to be a matter of only hours. Russian warships are already reported to be hurling shells at the Bulgarian port of Varna, on the Black Sea. French and British troops are being rushed northward from Saloniki by express trains. Meanwhile, at the point where the railway approaches closest to Bulgarian territory, both an allied and a Bulgarian army are massing. SERBS MOVING THEIR CAPITAL It is reported from Italian sources that as a precaution the Serbian government in transferring all records and archives from Nish to Jstip, in southern Serbia, about 50 miles from the Greek frontier. MORAVA VALLEY FLOODED. Virtually made over in guns and equipment and stiffened by British and French effectives, it is predicted here that the Serbians will offer stubborn resistance to the Austro-German advance. They will be assisted by the flood conditions in the Morava Valley, down which Field Marshal von Mackensen hopes to force his way. The official German communication now carries the sub-caption "Balkan theatre of war" indicating that the operations are to be chronicled daily. Estimates of the strength of the Austro-German forces along the Serbian frontier range from 400,000 to 600,000 men. There may have been withdrawals by the Austrians and Germans from some parts of the eastern front, but the renewed efforts of Field Marshal von Hindenburg to capture Dvinsk does not indicate any weakening of the troops under his command. Among the theories advanced now is that Germany has definitely undertaken a fresh campaign in the Balkans and the supposition that activity on the southern end of the eastern front will gradually slacken and the Teutons will concentrate their energies on Riga and Dvinsk. FROM OTHER DIVISIONS. The Honorable, the Minister has authorized recruits for units of the Canadian Expeditionary force being obtained from Divisions other than in which they are mobilizing, provided an application to so recruit is submitted by the Officer Commanding the unit to the A. A. G.

GERMANS GAIN AGAINST RUSSIA ABOUT DVINSK

Concentration of Teutonic Forces in Vicinity of Tarnopol. Petrograd, Oct. 8.—There is renewed military activity on the northern end of the Russian front, from Dvinsk to Novo Grodek. The heaviest fighting is in the neighborhood of Dvinsk, to the south of which the Germans have had some success. On the whole, however, the Russians have been able to withstand their assaults. The Germans have succeeded in crossing Viliya, north of Smorgon, enabling them to co-ordinate their forces north and south of this point. Concentration of considerable German forces in Galicia, about 25 miles south of the frontier, is believed here to be due to political conditions in the Balkans rather than to any intention of massing at Kiev. Comparative quiet prevails throughout the southern fighting area. Refugees continue to pour into Petrograd at the rate of several thousands daily. A feeding station established by British charities in the Petrograd station of the railway from Warsaw cares for hundreds daily. A Russian dignitary, on making a complimentary visit to this station asked for Lady Georgina Buchanan, wife of the British ambassador, who is in charge of this work. He was conducted to an improvised bath train and found her on her knees, wrapped in a long apron, her sleeves rolled up. She was washing babies of the refugees. The municipal pawn shop at Riga has been removed, in the course of the evacuation by the civilian authorities. Inasmuch as borrowers are unable to obtain the articles they have pledged, they are not required to pay interest. Heavy Storms. Port Arthur, Ont., Oct. 8.—Owing to heavy northeast gales, several steamers are remaining in shelter in Thunder Bay.

AUSTRIA HAD CLAIMED RIGHTS TO SALONIKI

Paris, Oct. 8.—The supporters of former Premier Venizelos, who constitute a majority in the Greek chamber, it has been learned on high authority, says a Havas despatch from Athens, will not oppose the new ministry so that added complications may be avoided at a critical period. Over throw of the Zaimis cabinet would involve the dissolution of the chamber which is considered extremely hazardous as the Greek constitution does not permit fixing a date for elections during mobilization of the army. Paris, Oct. 8.—Serbia believes, says The Matin's Nish correspondent, that Greece will not abandon her ally and that the differences between King Constantine and M. Venizelos can be smoothed over. It is maintained that the interests of Greece are quite as much at stake as Serbia as both are equally threatened. Attention is called also to the fact that Austria hitherto has claimed rights to the port of Saloniki.

BRANT COUNTY IS ORGANIZING TO GET MEN

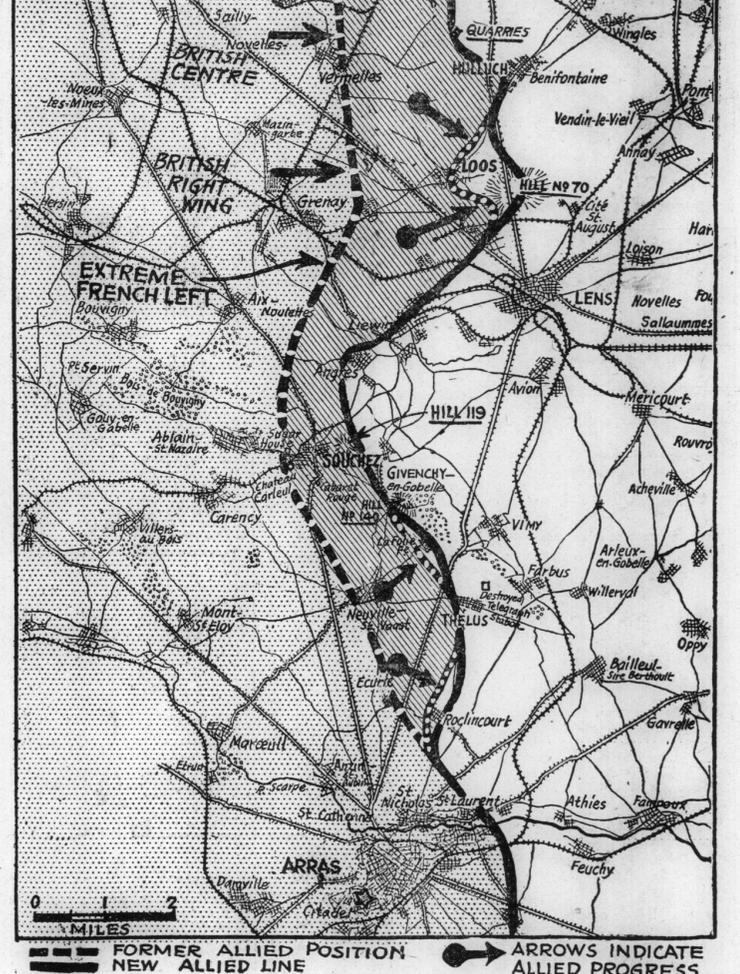

Reeves of Various Municipalities Appointed to Start Off Work. WISH TO GET GOING AT ONCE It is Felt That Work Should be Done Now and Not Have Any Further Delay. Mr. A. E. Watts, County Treasurer, has given the following letter to the press, which is of special interest to county readers. The recruiting league recently formed, about the extent of its operations throughout the rural districts, and the letter asks that with as little delay as possible the work be got under way. The letter follows. Editor of Courier: Dear Sir: At meeting of the organization committee of the Brant Recruiting League held at the Court House yesterday, Thursday, as already announced, it was decided at once to take steps to organize the various municipalities of the county. With this in view, the first action taken by the committee was to appoint the Reeves of the various municipalities as temporary chairmen of committees to be formed in each of the municipalities to carry out the work of the recruiting league. It was understood that the members of the sub-committees were to be composed of the other members of the councils of the minor municipalities, all ex-councillors and all the prominent residents of the various municipalities. As the necessity is urgent, it was felt that considerable delay could be avoided and time saved if an appeal could be made through the newspapers of the county, requesting the different gentlemen, and I might say, ladies who not only feel that they are able to help, but all who can help to at once see the head of his or her municipality so that work can be assigned at once to the applicant. It is especially desirable to impress upon the residents of the rural sections that help now might be worth ten times as much as help a month from now, that the need is great, and no person who sincerely wishes to help in this object should wait to be asked to assist but should volunteer at once to do their portion. It is desired that those who from age or other circumstances are so situated that they cannot go themselves to the front should immediately do their equivalent to going to the front, namely coming forward and assisting in seeing that those who can go the front are induced to volunteer without delay, and circum-

GERMAN TRENCHES IN NORTHERN FRANCE

An advanced German trench in Northern France, showing Germans standing at their loopholes anticipating a French attack. They are all carrying their kits so as to leave nothing behind in case they are ordered to retreat in haste.

WHERE BRITISH AND FRENCH CONTINUE TO PROGRESS

Continued progress is being made by the British and French on the western front. The former now occupy the oval of the plateau of which Hill No. 70 is the culminating point, while the latter are installed in the Forest of Givenchy and have repulsed an attack on Hill No. 119.

Miss Alice Watkins, Sydenham St., has returned from an extended visit to London and vicinity.

The engagement is announced of Emma Mae Miller to Murray E. Ry-croft, both of Brantford Township, the marriage to take place quietly late in October.

Mr. Adam Sayles and sons of Bayfield, Wis., who have been guests of Mr. and Mrs. Sol. Sayles, 220 Dalhousie street for the past three weeks, have returned home.

Lt.-Col. Stewart and H. V. Dugan of Niagara camp are visitors in the city. They are stopping at the Kerby House. Among the other visitors are C. Conduit, London, Eng., and Geo. H. Hall, wife and family, of Dunnville, Ont.

An extra tea has been arranged at the Golf Club for to-morrow. The following ladies have kindly consented to act as hostesses, Mrs. A. J. Wilkes, Mrs. Logan Waterous, Mrs. Roy Secord, Mrs. W. B. Prest, and the Misses Bennett, Brooke, Bunell and Schell.

Women's Institute

The regular monthly meeting of the Mt. Pleasant Women's Institute was held Oct. 5th, at the home of Mrs. M. Thomas, the president Mrs. D. McPherson in the chair. The meeting opened by singing "The Opening Cde," after which the Question Box was conducted by Miss Roelofson. Business then proceeded with the ladies after a vacation decided to resume the work for the Red Cross Society. A meeting for this purpose will be held October 14th at Mrs. William McEwen, when the ladies of the village are asked to co-operate with the Ladies of the Institute, and will be made welcome at the sewing meetings. Mrs. Hurley of Brantford, spoke a few words in regard to Red Cross Work and Mrs. Brown also of Brantford gave an address on Historical Work in Brant County, which was full of interest to all. Mrs. D. McIntyre gave a splendidly prepared paper on Canadian Authors and their Works. A Jam Shower will be held at the next meeting for the soldiers. The hostess served refreshments.

Golf Notes

A team of twenty players motored to Galt yesterday for their return match with the Galt and Waterloo Country Club, which resulted in a win for the gallant Galtonians by a material margin. The home team were splendidly entertained by their hospitable hosts and the game over itself excellent course is always greatly enjoyed, never more so than on this occasion.

The Captain has received a letter from the Hamilton Yachting Club, Mr. H. M. Patterson, limiting the team on Monday to fifteen players, which is all they at present have accommodation for. The Brantford players will leave on the 9.45 and the match will be played in the morning. A light lunch will be served and the foursomes, etc. will be played in the afternoon.

At the Brant

The bill at the Brant the last half of the week is one of the best ever. There is a hoop act and a musical act of very great note, and the photo-play, "Old Dutch" is a masterpiece.

PTE J. PATTE
Sends an Interesting Letter From the Trenches.

Mr. J. Patte is in receipt of two letters from his son, Pte. Patte, now at the front. In one he says: "We move up to the trenches to-night and will occupy the front line in a few days, an honor that everyone appreciates for it entirely cuts out all the preliminary training that is usually necessary, showing that they think a lot of our boys and I tell you it is a pleasure to see the way they all take it. No one over there will ever have reason to feel ashamed of this bunch I'm sure."

A later letter says: "Well here we are in the first line of trenches, and at last have been introduced to a few of the big guns, and as they say, have been baptized by fire. The German trenches are all the ways from 50 to 100 yards from us, in fact close enough to talk to. They holler over every once in a while, but we have never answered them as yet. They keep up a continual round of fire at our parapets at night, but we seldom answer them, for it is only a waste of ammunition. They can see nothing and their rifle fire never gets them anything. Of course we take a shot at any working parties we see, but they soon duck. Yesterday we had our first experience of shrapnel. It was bursting about 100 yards or so farther down the line from us, but enough of it was floating our way to make us duck out of sight, and take it from me, you sure duck. The major and captain of our company had a narrow escape, a shell bursting into their dugout. It burnt the major a little and shook the captain up, but they are shaking hands with themselves that they are alive. Our aeroplanes are certainly the goods, they fly over the German trenches and dodge shot after shot and always get away with it. Will write you more details later when we get back in our billets."

Panama Canal Closed.
By Special Wire to the Courier.
Panama, Oct. 8.—The Panama canal will remain closed until all danger of serious slides in the Gillard cut is passed. Maj.-General Goethals, governor of the canal zone, has issued orders to the dredging engineers to blast away the tops of hills in order to bring into the channel all loose dirt and thus permanently remove the source of the slides.

Winnipeg Man Dead.
By Special Wire to the Courier.
Winnipeg, Oct. 8.—Frank Schultz, banker and prominent Orangeman died yesterday. He was a native Belleville, Ontario, and had been grand master of the Orange Lodge of Manitoba, a member of the Grand Triennial Council and grand master of the Royal Black Preceptory for the province.

Church Burned.
By Special Wire to the Courier.
Montreal, Oct. 8.—The \$250,000 Roman Catholic church at Lachine was destroyed by fire last night, and it was said to-day to have been bombed by anti-prohibitionists. The authorities of the church for years have carried on opposition to the liquor traffic and recently feeling in the city has run very high as the council closed all bars, preparatory to taking a referendum on the subject. Four explosions were heard in the church and one man was blown out of the edifice.

AN INVENTIVE GENIUS
There recently died in Cincinnati a man who, while not so generally known as many other inventors, was one of the great inventors of the country, and a mechanical genius. He was Samuel J. Murray, vice-president and treasurer of the United States Printing Card Co. He became associated with the company in 1887, and at once put his inventive abilities to work to solve various problems connected with the manufacture of playing cards and of color printing. It is said by men who should know that every bit of machinery in the great factory of the company at Norwood, Ohio, is a product of his brain. He was the inventor of the automatic punch, the two-sided enameling machine, the stripping machine and the machinery for the color printing of cards.

Many of his inventions he refused to place on the market, retaining them for the use of his own company. A New York man in speaking of Murray, said that a few months ago a big printing house in New York offered him \$1,000,000 in cash and a big block of stock in the printing company if he would leave Cincinnati and come east, but he declined even to consider the proposition, saying that nothing could tempt him to leave his friends. This offer is said to be the largest ever made in the printing trade to secure the services and inventive ability of any one man.—Wall Street Journal.

Lieut.-Governor Sir John Hendrie has asked 880 municipalities to collect funds for the Imperial Red Cross Society on October 21.

The United States has taken steps to prevent "dumping" of foreign goods at her ports after the war.

The people of the Maritime Provinces will soon have given 250,000 machine guns to the Canadian forces.

The eldest son of the King of the Belgians, Prince Leopold, Duke of Brabant, will go to Eton next term.

A wounded soldier at Benthall Great military hospital, England, has made a miniature violin from German shrapnel.

Rural mail deliveries in Ontario have resulted in the closing of 1,100 small post offices in this province in the last three years.

Over 100,000 Hungarians working in cotton mills have been thrown into unemployment.

The honey and wax production of the United States is valued at \$200,000,000.

COLONEL RENNIE IS PROMOTED TO BRIGADIER-GENERAL

Changes Announced in Canadian Forces at the Front.

Ottawa, Oct. 8.—Gen. Sir Sam Hughes, Minister of Militia, announced last night important changes and promotions in the Canadian forces at the front.

Col. Rennie, of Toronto, who has been in command of one of the Ontario regiments in the first division, will be promoted to brigadier-general and will likely succeed Lord Brooke, Col. Loomis, of the 13th Highland Battalion, Montreal, also is in line for promotion and will likely shortly be made brigadier-general.

WHAT WILL UNITED STATES DO TO TURKEY?

That is What Copenhagen Papers Want to Know Concerning Massacres.

Copenhagen, Oct. 8.—Revelations regarding Armenian atrocities made this week in the British parliament are the subject of outspoken editorial comment here. The Politiken says: "Turkey attempted no less a task than the destruction of the whole Armenian people. The heartless and gruesome horrors which these deeds reveal are without a parallel in the history of the world."

GERMANY MIGHT HAVE STOPPED IT.

"One would have thought," says The Vorltand, "that Germany would have been glad to have done something in the matter if only in the hope of obliterating in part the world's opinion of Belgium. European Christians who without any justification, can be accused of having some responsibility for these gruesome events will find their culture held in slight esteem."

THE TIMES' VIEW.

London Oct. 8.—The Times declares no massacres occurred during Turkish mobilization in accord with the advice of their clergy. They offered resistance, however at three widely separated points—Shabin-Karsh'sar, Kharpout and Jasel-Mussar. At some other places they revolted and were overpowered by Turkish troops.

Several of Talaat Bey's personal friends who were Armenians, including Hadjean Effendi, former minister of public works, and other prominent officials have been arrested and some of them have disappeared.

TWO BAD MEN HELD UP AND ROBBED TRAIN

Here the robbers went through the mail car, paying particular attention to the registered mail which they looted completely and they then deserted the train, going across the hills in the direction of the Ohio river.

REFUSE TO SHIP OIL TO SWITZERLADD

Marseilles Go on Strike—Make Novel Claim. Marseilles, Oct. 8.—Coopers employed at a large oil establishment here have gone on strike against the shipment of abnormal quantities of oil to Switzerland, declaring they refuse to be accomplices in what really is a traffic with a nation at war.

How is Business?

This question is being asked every day regarding real estate and other matters. To answer briefly: Real estate is the most sensitive business in the world; it is more easily affected by changing conditions than any other business.

However, properties are moving occasionally, and we are doing quite a business in outside places. Local business is improving. We have recently sold: Residence 78 Richardson Street.

Residence, 125 Chestnut Avenue. 43 Emily Street belonging to Mr. Lutes.

Splendid business of Mr. F. C. Braithwait of Harrisburg to P. F. McWatters and Son, of Leamington.

Also the good business of Messrs. Stephen and Beare of Mt. Pleasant to Mr. Goetz of Leamington.

Number of other deals just going through.

WANTED—Fifty properties from 20 to 75 acres. We can sell these if we can get them in right away. Please bring in your properties for sale at once, and we will dispose of them for you.

S. G. READ & SON, Limited 129 Colborne Street Brantford

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

The sole holder of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$500 per acre.

Duties—Six months' residence in each of three years after earning homestead patent in certain districts. Price \$200 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and clear a house worth \$200.

The area of cultivation is subject to reduction in case of crop, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

W. W. COY, C.M.G., Deputy of the Minister of the Interior.

FRIDAY, OCTOBER 8, 1915

The Situation.

The invasion of Serbia is in progress by a large enemy force, and there can be little doubt that King Ferdinand and his advisers are ready to stand by their infamous part of the bargain with the Kaiser. Russia rescued Bulgaria from the power of the Turks, and now forsooth she is in an unholy alliance with that worthless people as against her former benefactor. Serbia is thus probably about to be subjected to the devastating horrors of Belgium, for troops on behalf of the allies would not yet seem to be in such numerical force as to prevent a murderous attack.

Sir Ian Hamilton reports from the Dardanelles that without any noteworthy engagements the front of the allies has latterly been advanced some three hundred yards. A small distance enough under ordinary circumstances, but large with regard to such a physical formation as that on the Gallipoli peninsula.

The French official report, while not recording any gains of moment, is of a reassuring nature, and in the Eastern theatre the Russians are still achieving notable checking movements.

Hon. Mr. White Optimistic.

The Minister of Finance made a notable speech yesterday at a Board of Trade luncheon in Toronto.

In his opening remarks he said he would speak briefly and concisely upon some features of Canadian trade and Canadian finance which had come into prominence and demanded attention since the outbreak of the war. Upon the declaration of war Canada was at once confronted with many serious problems. We had been a borrowing community. Our loans for the period of six months immediately preceding the war had aggregated \$200,000,000, or over \$1,000,000 a day. For the previous five years we had been borrowing two to three hundred million a year. It was on account of all this borrowing for construction purposes that the balance of trade was so heavily against us before the war. Upon the outbreak of war these borrowings were at once cut off, and Canadian enterprises found themselves with millions of short date securities maturing abroad and heavy liabilities at home which it had been the intention to liquidate by the sale of further securities in the usual course.

After the war is over there will be another period of dislocation of business—brief, he believed, in the case of Canada—which the Government could and would help to bridge over by then pressing vigorously useful public works, which, in the meantime, owing to the burden of our war finance, would not be gone on with unless imperatively required in the national interest. So far as concerned the war, there could be no talk of financial prudence. The life and liberties of the nation were at stake, and no considerations of money must stand in the way of the most vigorous prosecution of which we are capable. To that end the people would patiently bear whatever financial burdens it was necessary to impose upon them. Their spirit, patriotism, and enthusiasm since the outbreak of the war had been an inspiration to the Government.

With reference to the financing of the Government during the war, Mr. White said he had arranged to borrow our war expenditure from the Imperial Government. This with our borrowings in London had greatly helped our sterling exchange situation last fall when exchange was so favorable in London. He had made the New York loan for the same reason, exchange being so greatly unfavorable to Canada.

As a result of all that had been done by the Government and the public—borrowing abroad, economizing, producing great crops—the situation is now excellent. "What a distance we have traversed since the first months of the war? The balance of trade is in our favor. The excess of our exports over imports would be applied in liquidation of our indebtedness to foreign creditors. We are now in a position after a year of war to go ahead and prosper, and raise at least a considerable amount of our war expenditure here. The money would all be spent in Canada, and would not therefore, have any bearing on the question of gold exports.

"You will all have a chance," said the Minister, "when the time arrives to contribute to a Canadian war loan. We have shown we have resources of men unsurpassed in the world for courage and valor. We shall show that we have also money to uphold the cause we know to be just and the ideals for which we stand. Our soldier boys are offering their lives abroad. Those who remain at home should use their utmost endeavor to produce and save. Our money resources might be decisive of success in a war of attrition."

"Naturally we are growing richer, notwithstanding the war, and in time will, I believe, be able to finance most of our war expenditure, and later, after the war, our domestic enterprises for which in the past we borrowed so heavily abroad. To this end people should exercise not parsimony, but all reasonable thrift and economy. Canada's strength lies in her natural resources. The slogan which I give the country is still and, indeed, for all time, 'Production, production, and again production.'"

The Value of Copper in War.

This has been called a gold war, and so it is in a sense. But it is even more emphatically a copper one. Cut off the supply of copper, and sooner or later nowadays a war comes automatically to an end.

This is because the red metal enters into the composition, in a greater or less degree, of nearly all the munitions of war. Take, for instance, projectiles from big guns. Round the base of each one of these is a band of copper, which, when the gun is fired, expands and grips the interior rifling of the weapon, causing the projectile to rotate.

It also serves another, and a very important purpose. By its expansion at the very moment the charge ignites, the explosive gases are held in check, as it were, and forced to expand all but a tiny fraction of their energy in driving the projectile through the bore of the piece.

If Germany merely wanted enough copper to enable her to make these bands for her big gun projectiles, she could probably supply the demand within her own borders—she produces

about 25,000 tons per annum—or, at all events, she would be able to smuggle in enough from professedly neutral neighbors. But there are other demands for the metal which are far more insistent, and notable that in connection with small arm ammunition, that is to say, rifle cartridges.

FRENCH OFFICIAL

By Special Wire to the Courier.

Paris, Oct. 8.—2.38 p.m.—North of Arras last night the cannonading continued with both sides taking part, according to announcement made by French war office this afternoon. There was also artillery activity in the region of Reye and to the north of the River Aisne.

In the Champagne district there was violent bombardment on the part of German artillery with very energetic replies from the French cannon. There was also active fighting in the trenches southwest of Tahure.

The text of the communication follows:

"The cannonading continued last night, both sides taking part in the North of Arras; in the direction of Souchez and its environs, as well as in the sector of La Folie and near hill No. 140.

There was also considerable activity on the part of the artillery of the enemy, together with answering fire from our guns in the region of Reye and to the north of the River Aisne in the direction of Tracy-le-Val and at the forest of St. Maré.

In the Champagne district, the Germans violently bombarded our positions between the roads running from St. Hilaire to St. Souplet, and from Souain and Somme-Py. Our batteries everywhere replied to this fire with great energy.

Active fighting took place in the connecting trenches to the southwest of Tahure in the direction of the Butte de Mesnil.

"Between the Argonne and the Meuse one of the French mines, in the forest of Malancourt, shattered some sapping works of the enemy."

"The night passed in relative quiet on the remainder of the front."

Laid at Rest

PAUL STEVES.
The funeral of Paul Steves was held this morning from his late residence, 118 Albion street to St. Basil's church and St. Joseph cemetery. Rev. Father Dogorofski conducted the service at the church and Dean Brady at the graveside. Among the attendants were the three brothers of the deceased from Buffalo, Phillip, Leo and Charles, and also two sisters, Mrs. Wm. Tuttle and Mrs. Thos. McGuire and family.

The executive board of Moving Picture Machine Operators of Buffalo, Local 229, attended the funeral and acted as pallbearers. They were: Judge Henry du Vernial, James Buck, Max Appachinen, Bert Ryde, Henry du Vernial Jr. and Lorne Shannon.

Floral Tributes included the following: Pillow, Mr. and Mrs. James Steves; wreath, employees Brantford Municipal Railway; wreath, Moving Picture Operators, Local Union No. 229; wreath, Brantford Collegiate Institute; sprays, Miss Ida Klenk, Mr. and Mrs. Dave Dargie and family, Miss Quinlan, Mr. and Mrs. Norman Casey, Mrs. L. Wood, Mrs. J. Humphreys, Miss Cards—Mr. and Mrs. P. Welsh, Mrs. Powers and family, John and Leo Roach, Mr. and Mrs. Lorne Shannon, Miss Mary Carry, Mr. and Mrs. W. Cutmore, Mr. and Mrs. Thomas Green, Mr. and Mrs. Leo Klinkhammer, Mrs. C.

Kirchner, Mr. and Mrs. Edward Ribby, Mr. and Mrs. McFee, Mr. Leo Steves, Kate, Will and Alice Tracey. Owing to the war flax growers in Ireland will have great difficulty obtaining Russian seed.

ACKNOWLEDGED

The Women's Hospital Aid wish to acknowledge with thanks the subscription of Queen and Colborne Sts. for hospital fund.

REPAIRING COMPLETION

Work on Crompton's new store, corner of Queen and Colborne Sts., is being rushed to completion. The first and second floors will soon be ready for occupation. Messrs Hewson and Potter, 127 Erie Avenue, have the contract for plastering.

STARTED THIS MORNING

John English, contractor, started this morning the brick work of the Brantford Cordage plant. There are about 400,000 bricks to lay, which employ twenty men for a month. The building will be rushed to completion in short order.

IMPROVED SIDEWALK

Work on the new sidewalk on the north side of Colborne Street, between Market and Queen Streets, was finished yesterday and will make a much needed improvement to foot traffic on that street.

WOMEN'S MISSION CIRCLES

The semi-annual meeting of the Ladies' Mission Circles of the city was held yesterday afternoon at the Riverside Baptist church. Mrs. W. Chapman presided. The ladies participated in securing Rev. Paul Hamilton and Mrs. Kolesnikoff of Hamilton, who gave splendid addresses on work among the non-English people. Mr. Kolesnikoff urged upon the ladies the necessity of a mission in Brantford, and showed ways and means of helping these people. Mrs. Hamilton gave the bible reading and Mrs. Willis delighted the audience with a splendid reading entitled "In Much." Solos were rendered by Mrs. Sayles, Miss McComb and Mrs. ... A social hour was then spent, refreshments being served by the ladies of the Shenstone Memorial and ... Circles.

ACADEMY MUSICAL CLUB

The opening meeting of the Academy Musical Club was held last evening at the Academy of Music, 74 Queen Street, when the following officers were elected for the coming season: President, Miss Effie Burr; vice-president, Miss Elsie Senn; secretary, Miss Mary ... executive, Misses D. Dake, Mary O'Grady and Louise Jones; social committee, Mrs. C. Hodges, Misses Edith Senn, Jean Pearce and Kathleen Keen. The members were unanimous in returning to office the President, Miss Effie Burr, also the vice-president and secretary, and spoke with appreciation of the work done by these officers during the past year.

FALL RALLY

The entertainment given under the auspices of the Y. W. C. A. last night which was in reality the coming together of the members of the directorate and girls of the association, proved a grand success. The "Pageant of the Empire," put on by 15 of the girls, was very interesting. It was really "The Call of the Empire." One of the girls represented the Mother Country, and the others came at her call, each representing a different colony, and wearing a costume to show to which one she belonged. It was altogether very interesting to witness. During the "Pageant," solos were sung by Miss Hilda Hurley, "Land of Hope and Glory," and Miss Helen Oldham, "Till the Boys Come Home." In addition to the above excellent ...

The treasurer's report has been submitted by A. K. Bunnell, city treasurer, as follows: disbursements, for September \$56,164.15. Receipts, \$30,862.68.

FALLEN ASLEEP

Mr. G. P. Ames, who formerly attended the Collegiate Institute here, died in Guelph last night. He had latterly been manager of the Canada Life at Port Arthur and had relatives and many friends in this city. He leaves a wife, formerly Miss Maud Roy, Cainsville and two children, Mrs. J. Thompson of Detroit, and Mrs. Wm. Forster of Toronto.

BUILDING PERMIT

A building permit has been granted to Schultz Bros. Co. Limited, for the erection of a verandah and sleeping porch for Mr. Frank Bishop, St. Paul's Avenue, estimated cost \$700.

CALEDONIA FAIR

A large number from the city are attending the annual exhibition at Caledonia to-day, both the regular and special train which left the city being well filled. Many others left in motors to spend the day there.

BICYCLE ACCIDENT

A young man by the name of Albert Taylor, who cometh up the hill from the bridge on Colborne street, riding his bicycle was accidentally run into by an automobile this forenoon. While the wheel was badly smashed it is not thought that the boy was seriously hurt. Dr. Digby was called and attended to the boy's injuries.

ONE RECRUIT

The three units went on parade in one body this morning. When all get together they make a fine showing. Recruiting seems to have dropped off some. Only one new man was signed up yesterday, Lawrence H. McLellan, 32nd Battery, Canadian, age 22, book-keeper, 130 Nelson street.

AS FAR AS POSSIBLE

The city clerk received this morning notice from the Grand Trunk Railway System, regarding the practice of backing trains across certain streets in the city, which matter was discussed at the city council meeting on Sept. 27th, stating that orders had been issued to discontinue this practice as far as possible.

RUGBY GAME

Preparations were completed to-day for the big Rugby game at Agricultural Park on Saturday afternoon, when the B. C. I. team meet their old rivals from Guelph. Captain Runnings has had his men out every day this week practicing some new plays imitating the big university style of play. The kicking strength has been considerably improved and the wing line has been put in first class shape. Altogether this promises to be a very exciting game. The locals feel confident of victory and the fans should turn out in full force to encourage the boys.

With the City Police

The magistrate had rather a busy session this forenoon. W. J. Allen, held for vagrancy, was allowed to go. The case against John Harley for conversion, was adjourned for a week. The action against Norman Hoag for breach of gasoline by-law was adjourned until next Tuesday, as was also the case against George Keir, for breach of the public health act.

Obituary

MRS. O. KERR. The death occurred in Detroit of Mrs. O. Kerr, widow of the late Obed Kerr. The remains will be brought to Brantford to-night. Funeral arrangements later.

J. W. Harris, president of the Harris Construction Company, who was accused of having stolen \$20,178, the property of the city of Montreal, from the Hochelaga Bank, in connection with a mix-up in checks, the defendant being a contractor in civic works, was acquitted by Judge Leet.

The Day of the YOUNG MAN

WE must all take off our hats to the young man—and most men are young nowadays even after the first frost touches their hair. When it comes to Clothes, Hats or Furnishings, we recognize that the young man is the Arbiter of the age, the Censor whose word is law, the Critic whose judgment is absolute and final. As Tailors and Furnishers to young men, we are recognized as leaders in men's wearables, and can assure you of the very latest styles and newest designs at all times. Nothing but "newness and novelty" find places here; that's why now in these strenuous times, business is booming with us. Come on in.

BERT INGLIS THE MEN'S MAN 102 DALHOUSIE ST. Sole Agent for "Fit Reform" Ready-to-Wear Clothes

BATTERY MEN WERE DINED BY BIBLE CLASS Entertainment Last Night in Wellington Street Church.

A very enjoyable time was spent at the Wellington St. Methodist church last night when the men of the 2nd Battery were entertained by the members of Bible Class II. of that church. An excellent supper was served by the ladies, which was certainly deserving of much credit. The decorations were exquisite, showing much artistic taste, and the culinary display could not be excelled. After all had partaken of the bountiful repast, and the chairman, Mr. J. W. Shepperson, had made a few complimentary remarks, a toast to the King was proposed by Mr. T. W. Standing and heartily responded to by the men all rising and singing two verses of God Save the King. Addresses were given by the superintendents, Mr. Thos. Fissette and Mr. W. G. Kanton. Rev. Dr. Henderson also addressed the men and extended them a welcome to the church at any time. Captain Henderson, on behalf of the men, thanked the ladies for their hospitality. Miss Jackson delighted those present with two very interesting well rendered readings. Miss Hilda Hurley, the well known vocal singer, gave two very pleasing solos, which were heartily applauded. In addition to these, songs were rendered by F. Houghton, and Gunner Goodson, cornet solo, Gunner Kelso, piccolo solo, Trumpeter Waters; piano duet, Miss Carling and Mr. T. Darwin; violin solo, W. G. Darwin. The evening closed with the singing of the National Anthem, and three cheers for the bible class by the men.

Dean; filly or gelding, three years, Ed. Phipps.

Brant County

(Continued from Page 1)

stances made such as to enable them to volunteer for immediate service. It is not necessary to call the attention of any serious minded man or woman to the news received in the last few days from the seat of war, as it is evident that the position calls for every resident of the Dominion of Canada to do his or her utmost. There has been a fear expressed by some of the residents of the rural sections that the recruiting movement will deprive the farmers of the help required to carry on their farming operations. When it is considered that not one half of the able-bodied men between the ages of eighteen and forty-five are eligible for active service on account of being unable to meet the requirements of the military

service, it can be readily seen that not ten per cent of the rural population will be affected, even if all the available men enlist, and this shortage can be easily made up by greater efforts on the part of the men, women and children remaining. While up to date, the County of Brant has done its share in the great contest, yet other municipalities are taking steps to do better, and it is felt that the County of Brant should not be behind. The temporary chairmen of the various municipalities, to whom application should be made at once by those who can help for the allotment of work, are as follows: Morgan E. Harris, Brantford Township; Marshal Burtis, Burford; Robert J. Aitken, South Dumfries; Jas. E. Walker, Onondaga, and George E. Cooke, Oakland.

INDIFFERENT LIGHTING

City Clerk H. F. Leonard has received a letter of complaint from Mr. Geo. A. Nash, 145 Henry St. of this city, complaining about the lights on the east end of Henry St. Mr. Nash states that he has waited patiently for nearly two years and being a city taxpayer, claims as much right to street lights as any other citizen. This matter is being looked into.

SHORE EXPECTED TO OPPOSE ALEXANDER

Rain, However, May Cause the
Postponement of the First
Game.

Philadelphia, Oct. 8.—Fear that rain or a soggy field would cause a postponement of the first world series clash scheduled for 2 o'clock this afternoon pulsed through the bosoms of fandom last night.

The heavy rain which began falling around noon yesterday continued to pour down upon this baseball-crazed city into the night, and even if the rain should cease before this morning, it was figured that the Phillies' field would be in such poor condition that the playing of a game would be impossible.

However, the possibility of a postponement did not dampen the baseball enthusiasm in Quakertown, nor did it check the influx of out-of-town fans, and at least 2,000 enthusiasts came into the city during the day and last night ready to whoop things up for the Red Sox or Phillies, or to wager large wads of money on their choice in the blue ribbon event of baseball.

EVEN MONEY IS POPULAR:
Something like \$75,000 was yesterday bet on the outcome of the series, according to estimates com-

plied last night. Most of the wagering was done at even money.

The Boston outfit arrived in town from New York late in the evening, confident of victory and eager for the battle.

Manager Bill Carrigan remained silent when asked concerning his pitching selection for the opening battle, but from inside the Red Sox ranks came the tip that Carrigan would send to the mound Ernie Shore, the husky right-hander, who has performed in brilliant fashion all year. Shore has been tested for coolness and gameness in critical games and not found wanting.

BETTERS AFRAID OF "ALEX."
Grover Cleveland Alexander, ranking as the most wonderful pitcher in the game to-day, of course, will do the chores for the Phillies, and because of this the enthusiastic Phillie fans eagerly offered odds of 7 to 5 in the big hotels last night that the Phillies would win the first game. These found few takers.

Small riots featured the distribution of the reserved seats yesterday, and as a result a number of men are lodged in the Quakertown prisons, charged with disorderly conduct. A small army of ticket speculators stationed itself near the ticket windows of the club, and as soon as one of the purchasers turned away from the windows, the "specs" rushed at him and made bids for his tickets.

When the system gets "all run down" build it up with

O'Keefe's

Special Extra Mild ALE

MAY BE ORDERED AT 25 COLBORNE ST., BRANTFORD.

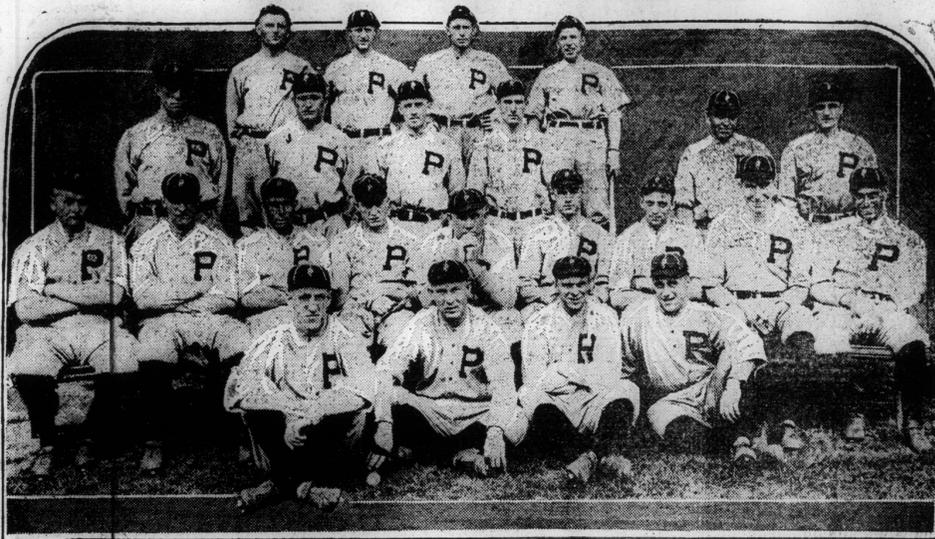

dozen men from the struggling mass and sent them on their way to the jails.

HAVE MANY TICKETS
The "specs" offered fancy prices for the precious pastebords, and there was lively bidding. It seemed that several different gangs of speculators were working against each other to the financial advantage of those who had tickets.

One man who had purchased three \$3 seats for each of the three games, an outlay that involved \$27, declared that he had sold his tickets for \$700. A dozen others claimed that they had disposed of their tickets for prices ranging from \$5 to \$8 each.

Despite the rain, a crowd of nearly 2,000 had taken up places in the line outside the clubhouse before 7 o'clock last night, prepared to wait all through the night and until 11 a.m., when the unreserved one-dollar seats will be placed on sale. It was announced that there will be about 10,000 of these passed out to the fans, and that the policy of first come first served will be exercised. All fans purchasing the one-dollar seats will be forced to enter the park immediately, this being the precaution against some persons

PHILLIES IN SHAPE FOR WORLD'S SERIES GAMES

Champions Lose Last Game to Highlanders

New York, Oct. 8.—In the farewell game of the season here to-day the Yankees rang down the curtain by winning out in the 9th from the Red Sox by a score of 4 to 3. After the game Boston's club left for Philadelphia where they meet the Phillies in the first game of the world's series to-day. Score: R. H. E. Yankees 3 8 1; Red Sox 4 8 0. Gregg, Collins and Haley; Piady, Vance, Shawkey and Schwert, Waiters.

They Must Have Been Saving Them All Up

Boston, Oct. 7.—The Giants and Braves closed the season yesterday, the former in last place and the latter in second position. The game was marked by an avalanche of hits and runs, made possible by the indifferent pitching and lax fielding. New York scored 15 times to Boston's 8. Under Larry Doyle of the Giants bolstered his hitting average so that, unofficially, he leads the league batsmen. Notwithstanding all the action crowded into the contest, it was completed in one hour and two minutes, a record for the season in both major leagues. Score: R. H. E. Yankees 15 24 0; Boston 8 17 3. Stroud and Koerber; Davis and Whaling, Blackburn.

Cook's Cotton Root Compound

A safe, reliable, regulative medicine. Sold in three degrees of strength—No. 1, \$1.00; No. 2, 50c; No. 3, 25c per box. Sold by all druggists, or sent prepaid on receipt of 10c. Free pamphlet. **COOK'S MEDICINE CO.** 1065, 917A Ave., Toronto, Ontario.

CUBS EVEN UP SERIES

Chicago, Oct. 8.—The National League evened up the series with American League opponents yesterday, when they shut them out, four to nothing, in the second game for the championship of Chicago.

The pitching of Lavender was the deciding factor. Only one of the White Sox reached third base, and that was in the first inning, when a base on balls to Murphy, a sacrifice and an infield out allowed the American Leaguer to reach third base. Score: R. H. E. Americans 0 4 0; Nationals 4 7 0. Batteries: Benz, Cicotte and Mayer; Lavender and Archer.

LOCAL TEAM BEATEN IN INDOOR GAME

The indoor baseball game between the Dominions of Hamilton and the Kolts of the Y. M. C. A. here last night proved to be a very interesting one. Although the score shows a large margin in favor of the visitors, considering that this was the first game of the season and the last company they were in, the Dominions being one of the fastest teams in Ontario, the locals did well. The game was fast throughout and although a few bones were pulled, both teams showed some remarkably clever plays. The indicator was handled by a gentleman from Hamilton and he gave excellent satisfaction to both teams. The line up was as follows: Hamilton, 1b Graham, 2b Pierce, 3b Aiken, p. Hunt; Dinborough, lf. Shafer, ss. McCalm, rf. Brennan. Kolts—P. Fleming, c. Robbins; 1b Gould; 2b Riley; 3b Cabbolo; lf. Douglas; rf. West.

FOOTBALL GAME NEXT MONDAY

The P. S. A. Football club selected the following team to meet the S. O. E. on Thanksgiving Day at Tutela Park. The proceeds are to go to Walter Smith of the Sons of England. All players and committeemen are requested to be on the field at 3.30 arrangements have been made to have the team photographed. The team will turn out as follows: D. Cooper, J. Holland, W. Holland, S. Dawson, Biggs, White, Usher, Perrin, Giles, Robus, Alexander. Kick off is timed for 3 p. m.

Manager Moran of the Phillies Formerly Caught for the Montreal team, and Manager Carrigan of the Red Sox is a former Toronto backstop.

BOARD OF EDUCATION TRY TO GET MORE LAND

Will Make Offer to Brant Avenue Church For Their Shed and on This Ground Will Extend Industrial Buildings—Also Raised Some Salaries.

WHAT THE BOARD DID

Received and adopted reports of committees which recommended:

(a) Amendment of schedule of salaries of kindergarten primary teachers and female assistants without experience.

(b) To rent accommodation in the Y. W. C. A. for domestic science.

(c) To offer Brant Avenue church \$250 for its drive shed.

The Board of Education met last night, and after a rather languid session, adjourned at 10.45 without taking up the by-laws. It was considered late to tackle these, so the board adjourned until Friday, the 15th, when a special meeting will be held for the special purpose of completing these by-laws.

The chief business transacted was the adoption of committee reports. Most of these recommended the expenditure of money, some of large amounts, some otherwise, much to the voiced regret of Mr. Bentham, who protested quite regularly against the incurring of any debt in these times. However, all the reports went through without amendment except one, and its change cost more to the city.

A LEGAL FICTION

A peculiar twist to affairs was given by the board on the resignation of Major Batachev, who has gone to the war. The Act states his place "shall" be filled by the Board, the substitute finishing out the term. Being so close to the new year, the board did not care to do this, so decided not to have the letter of resignation read; a sort of legal fiction by

Worth a Guinea a Box

the safest, most reliable and most popular for the common ailments of stomach, liver and bowels, is always

BEECHAM'S PILLS

The Largest Sale of Any Pills in the World Sold every where. In boxes, 25 cents.

which, officially, the board does not know he has resigned at all.

MR. DIXON HERE

The request of J. J. Hurley for the Collegiate Assembly room for next Thursday night was granted. Mr. F. L. Dixon, M.P.P. of Winnipeg, will deliver an address that night under the auspices of the Trades and Labor Council.

A COMPLAINT

Mr. Mutter wrote that there was some mix-up in his pay cheque, and he was receiving \$10 per month too little. The board agreed and the matter will be rectified.

King George	28	25	89
Totals	260	228	88

Miss Jennie Wilson, on behalf of herself and Miss Howell, wrote to say that they were overlooked in the new schedule of salaries. Referred to committee.

TERRACE HILL PETITION

The petition from Terrace Hill regarding the unsatisfactory arrangement in the matter of attendance was referred to the buildings and grounds committee.

The Boiler Inspection Company reported favorably on the boilers in Ryerson school. Filed.

Penny bank letter from Toronto regarding children of Brantford supporting the war by their savings was referred to committee.

CADETS GOOD

The report on the Cadet corps, which stated it was in good shape, was received, and Mr. Burt put in a request for a few odd acquisitions to

Do You Get Pure Clean Milk?

You get nothing else from us. Pasteurization makes it as clean and pure as deep spring water.

Did you ever stop to think about the old cans and half-washed bottles in which milk is often delivered? Not here, though, because every bottle leaving our building is sterilized.

A Phone Call will bring you QUALITY

Hygienic Dairy Co.

Phone 142
54-58 NELSON STREET

the gymnasium. Referred to committee.

RAISE OF SALARY

The management committee report recommended that kindergarten teachers holding kindergarten primary certificates should start at a minimum salary of \$40 per annum, advancing \$50 per year to \$100 and \$25 then per year to the maximum, \$150. It also recommended that female assistants without experience, start at a minimum salary of \$30 and go up \$50 per year to \$65. To extend the teaching of domestic science, the committee advised the acquisition of premises at the Y. W. C. A., at a rental of \$500 per year, payable monthly.

MR. BENTHAM OBJECTS

Mr. Andrews, in moving the adoption of the report, said that by making kindergarten teachers work all day the board saved \$1,575 per year.

Mr. Bentham said that he thought the whole thing should wait over until January, as no provision had been made in the appropriations. The report was adopted, however.

B. AND G. REPORT

This report asked for authorization to ask for tenders to complete certain plumbing at the Central school, and regretted that it couldn't buy a piano for King George school.

Mr. Andrews wanted to know what was the use of a kindergarten without a piano.

Mr. Lane said the committee had spent all its money.

After suggesting renting a piano or buying one on the instalment plan, the board decided to get one, and amended the report accordingly.

Bills to the amount of \$3,228.22 were approved and ordered to be paid.

ADVISORY AND INDUSTRIAL COMMITTEE

This committee recommended offering \$350 to the Brant Avenue

church for their driving shed, in order to extend the industrial school.

There was some objection to this by Mr. Lane and Mr. Bentham, on the score of expense, but it passed on a vote, Messrs Armstrong, Lahey, Coles, Andrews, and Gamble being in favor.

MORE MONEY

Dr. Gamble asked for \$75 to equip the commercial rooms of the Collegiate with card system, stationery, contract forms, etc.

Mr. Bentham looked pained, but the money will be voted.

A teacher from the Collegiate addressed the board, asking for a grant of \$25 to the athletic association. To hasten matters the grant was put through by a two-thirds majority, though Mr. Lane stated it was "rail-roading."

TROUBLE SETTLED

The trouble with the Second bill will be settled, it is hoped, now. The board will send Second & Son a cheque for \$240.

The board then adjourned until next Friday night.

PERCENTAGE OF PASSES NOT ACCURATE

Principal Burt Shows Different Ways There Are to Estimate Number of Successes.

Mr. A. W. Burt read a report to the Board of Education last night that made the members think faster than they had ever done before. Mr. Burt stated that he used figures that were "purposely perplexing," and perplexing they were, as he had most of his audience completely at sea.

However, Mr. Burt was merely trying to show, besides giving the particulars as to the number of pupils who wrote at the recent departmental examinations, how the "percentage" of those passed really told very little. The reason was that there were so many different ways of estimating the "percentage" that a principal could make a fine showing when it was really not deserved.

Here are some of the ways it is done:

Teacher may count as number writing only those recommended; those not recommended may write, but wouldn't appear in the number sent up by the school for examination. Of course in this way the percentage of passes would be high. In the local Collegiate every pupil who writes is included in the school list, whether recommended or not.

A great deal depends on examiners; some are very lenient, some are very strict.

It would be correct to base "percentages" on the ratio of number of

pupils writing to number of certificates gained. Some pupils gain two or three certificates. In Brantford this year 72 pupils wrote and 73 certificates were gained; that is more than 100 per cent.

Another way is to compare number of certificates gained to attendance at school. This works out to the advantage of high schools with a large rural attendance. The reason for this is that most country pupils go right through the school, while a great number of city pupils drop out, go into the commercial form or the industrial school. Thus the larger the city attendance the poorer the results.

B. C. I. GRADUATES

The records of B. C. I. graduates were good, concluded Mr. Burt. In the last three years at Toronto University only one old B. C. I. pupil failed to make his year.

Figures presented by Mr. Burt showed Brantford obtained quite as good results in examinations as other places.

The Department, explained Mr.

TORTURING SCIATICA

A Severe Sufferer Cured Through the Use of Dr. Williams' Pink Pills.

Fierce darting pains—pains like red hot needles being driven through the flesh—in the thigh; perhaps down the legs to the ankles—that's sciatica. None but the victim can realize the torture.

But the sufferer need not grow discouraged for there is a cure in Dr. Williams' Pink Pills. These pills make new, rich, red blood, which soothes and strengthens the feeble nerves, and thus frees them from pain and restores the sufferer to cheerful activity. In proof we give the statement of Mr. Thos. D. Leinster, Wapella, Sask., who says:

"I was attacked with sciatica which gradually grew worse until I was confined to my bed; for three months I had to be shifted and turned in my bed as I was utterly unable to help myself. I suffered the greatest torture from the fierce, stabbing pains that accompanied every movement. I consulted several doctors and took drugs and medicines until I was nauseated, but without getting any benefit and I began to believe I would be a continuous sufferer. Finally I was prevailed upon to use Dr. Williams' Pink Pills and after taking them for about six weeks I was able to get out of bed from that on I kept steadily improving until I was free from this terrible and painful malady."

The most stubborn cases of sciatica will yield to Dr. Williams' Pink Pills if the treatment is persisted in. These pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

Burt, laid down no uniform system of estimating "percentage" of passes. Thus all figures relating to this should be carefully enquired into. The local Collegiate always took a method of estimating which if anything, underrated the actual results.

judges. An officer of the 71st Battalion who is in training for overseas was one of those latter, and seeing the picture with the red ticket attached, promptly turned it to the wall. The incident has created a great deal of excitement both locally and in Ingersoll.

WAS IT MERELY ARTISTIC TASTE?

Woodstock, Oct. 8.—A most interesting incident of the Ingersoll Fair, and one which up to date has not been given very much prominence, was the awarding of a first prize in the art collection to a painting of Kaiser Wilhelm of Germany. It almost seems incredible that in times like the present such was the case, but the fact remains. It certainly must have been the eye of an artist who awarded that prize, but there were others present who for obvious reasons failed to agree with the

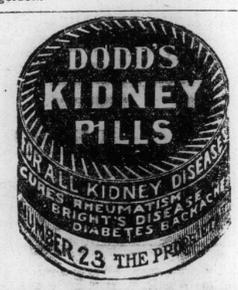

BURGESS' BIG Removal Sale

Owing to our present premises having changed hands we are forced to move. Our entire stock, consisting of a large range of Furniture, Coal and Gas Stoves, Linoleums, Dishes, Rugs and Carpets, will be sold at cost. Now is your chance to secure these at prices never before offered to the workman of Brantford.

GREEK KING WOULD NOT HELP SERBIA

Venizelos, in Interview With Constantine, Reminded Him of Treaty.

KING SAID SERBIA NEVER HELPED

Moreover, Greece Was Only to Intervene When Roumania Did.

By Special Wire to the Courier.

Paris, Oct. 8.—What purports to be details of the historic interview between Constantine and Eleutherios Venizelos which resulted in the latter's resignation as prime minister of Greece are printed in the Greek Journal Kairo.

After agreeing to mobilization as a precaution involving no change in policy, the king asked the premier what was the object of the concentration of such a strong army on the Macedonian frontier. M. Venizelos answered that the object was two-fold:

TWO-FOLD OBJECT.

First, to defend the country, and second, to go to the aid of Serbia in case she were attacked by Bulgaria.

The king then remarked that he agreed with Venizelos so far as defending the country was concerned, but could not see that Greece was called upon to help Serbia. The premier recalled the obligations imposed upon Greece by her treaty of alliance, but Constantine retorted that when Greece asked Serbia's aid against Turkey in May, 1914, it was refused.

THE KING'S REASONS.

To further arguments on the part of Venizelos the king replied that the premier was contradicting himself for when the allied powers asked Greece to assist Serbia at the time of Austrian attack Venizelos made a promise of such assistance condition upon the armed co-operation of Roumania and the benevolent neutrality of Bulgaria.

These conditions not having been pledged, the king pointed out, he refused to join Serbia at a time when the Austrian forces arrayed against her did not exceed 150,000 and Bulgaria was not hostile.

ODDS TOO GREAT.

"But to-day," added the king, "the Austro-Germans are a half million to whom must be added 300,000 Bulgarians and the retreat of the Russians prevents the Roumanians from doing anything for Serbia."

BRITISH ARE GAINING AT DARDANELLES

During the Past Month Have Advanced Three Hundred Yards.

London, Oct. 8.—During the past month of fighting in the Dardanelles the British have gained on an average something more than 300 yards all along the centre of the four-mile Suvla front, according to an official statement given out last night. The statement was embodied in a report from General Sir Ian Hamilton as follows:

"During the past month the fighting at Suvla Bay has not been on a scale calling for special reports. Every night there has been patrol actions and bomb attacks and we gained an average of a little over 300 yards along the whole of the centre of the four-mile Suvla front."

SECORD AND SONS LAND BIG ORDER

The firm of P. H. Secord & Son of this city have just been awarded the contract by the Merchants Bank to erect their new building at Windsor. This building when complete will be the bank building of Western Ontario. The contract price is in the neighborhood of \$60,000, and the time for putting up the building will be the Red Cross fund.

NO STOMACH PAIN, GAS INDIGESTION IN FIVE MINUTES

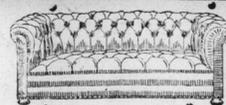

"Really does put bad stomachs in order—'really does' overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment 'Pape's Diapepsin' comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

about ten months, quick work for a building of this class.

There was a considerable rush of the contracting firms from all over Ontario and across the line to land this order, and it is a matter of satisfaction to Secord and Sons, as well as to citizens generally, that a Brantford firm was the successful tenderer.

A dispatch from Bassano to C.P.R. head office states that engineers returning from international engineering convention at San Francisco, inspected the huge irrigation dam, and were much impressed with the magnitude and thoroughness of engine and other works established by the Canadian Pacific Railway for irrigation purposes for Southern Alberta. Before leaving they showed their appreciation of the courtesy shown them by donating fifty-five dollars to the Red Cross fund.

WE are offering some new Chesterfields and large easy chairs upholstered in tapestry of your own choice. We have a large and complete assortment of coverings of the latest designs for you to choose from; the upholstery is done to your order in our own workrooms. All this results in an array of incomparable good values in these allover upholstered chairs and sofas, which are in the very forefront of favor at the present time.

Call and see these before you buy.

The E. B. EDDY CO. Ltd.
HULL, CANADA

USE "COURIER" WANT ADS.

You May Look Everywhere--You'll Not Find Our Value Equalled Anywhere

We make this statement advisedly. Our own judgment and the judgment of those who have inspected our tailoring gives us assurance that our value is unique in Canada. We have every confidence that you cannot equal our value anywhere at from \$3 to \$5 more than our price. It has always been our aim and ambition to do the unusual in the tailoring business, and the superiority of our clothes and our extremely moderate price have given us a leadership that is the talk of the Toronto tailoring trade. That we shall retain this leadership is evidenced by the strong values that we continue to give in spite of the fact that British woolens have advanced greatly in price and tailors all over Canada have been compelled to raise prices—the worthy made-to-measure clothes we make at a price that is within the reach of every man.

As evidence of our claims, we ask you to come Saturday or any time that suits your convenience, and see our display of Fall and Winter materials. Our suits and overcoats are made in a high-class, careful manner. They have earned their reputation from the way they are tailored, as well as from the pure British woolen materials from which they are made. The quality has always been a prime factor in our tailoring, and it always will be. The quality has made Tip Top Tailors the fastest growing tailoring house in Canada.

Because we have not raised our price in war time is no indication that we have reduced our standard of value—It is our buying power that enables us to maintain our fixed price while other tailors are compelled to ask more for the same value—Satisfy yourself by coming to the store.

Let Us Be Your Tailors

To our mind it is preferable to make thousands of suits and overcoats to measure at \$14, on a very close profit, to making hundreds at higher prices at a larger profit. The former method widens our circle of satisfied customers, the latter limits our field—That our value stands unequalled to-day is proven by the growth of our business during the past month.

Save \$6 to \$10

A SUNDAY SERMON BY PASTOR RUSSELL

CALL AND PREPARATION OF THE BRIDE CLASS The Church Called to be Christ's Bride.

The Church a Virgin, Espoused to the King's Son—Called From Her Father Adam's House—How the Called Ones Are Made Fit for the Bridegroom—Isaac and Rebecca Types—God Seeks Only a Choice Few for the Bride of His Son—Some Called, but Miss Their Calling—How Spots Are Removed From the Bridal Robe—The Testing Day Now Upon Us—They Shall Walk With Me—They Are Worthy.

PASTOR RUSSELL

How shall the King greatly desire thy beauty; for He is thy Lord, and worship thou Him. (Psalm 45:10, 11.) He said in part: Never was there greater need for the Lord's people to remember the words of this text than at the present time. We recognize these words of the Psalmist David as prophetic, referring to the Church of Christ. The Church has been called out during the Gospel Age to be Christ's Bride. The Prophet here pictures the Call of this class, the terms of the Call, and the Bride's preparation for her marriage to the King's Son. The exhortation is that those who have thus become espoused as a virgin to Christ who have taken upon themselves the covenant of faithfulness, are to be separate from the world. Hence the injunction, "Forget them that own people and thy father's house."

Our own people are the human family. Our father's house is Adam's house. By nature we belong to his house, and have a natural interest in his inheritance, and although we have received, woeful experiences through Adam's fall, yet whatever we have as human beings we have received from Adam. Those who know the Lord's people "were by nature children of wrath, even as others." But something has occurred in our case. We have been called out of this condition, and invited to become "the Bride, the Lamb's wife."—Revelation 21:2, 9-11; Psalm 45:9.

God's Wonderful Condescension. None of the human family could claim to be worthy of this high exaltation to be the Bride, members of the Christ company, for neither Jew nor Gentile could keep the Divine Law. Our Lord Jesus was the only one who could keep it; for it is the full measure of a perfect man's ability, and, except Father Adam, there was never a perfect man upon earth but the Lord Jesus. Having kept the Law, He became Heir of all things; and just as a wealthy man might make a bequest for a wife, lifting her up from her degraded condition and making her joint-heir in his inheritance, his name, his honor and his property, so the Lord Jesus is to take a Bride from the fallen human family and make her joint-heir with Himself.

We had nothing which would ever entitle us to be taken into God's family, but God has made this way for us through His Plan of Redemption. How wonderful an opportunity for us, that God should choose us to be the Bride of His Son! God has called us with a Heavenly Calling. This is being made in harmony with the custom of olden times—as in the case of Abraham and Isaac. Abraham christened Jehovah; Isaac, our Lord Jesus typified, and Isaac's bride Rebecca, the Church. As Abraham sent his servant to seek a bride for his son Isaac, so God has sent, throughout this Gospel Age, the Message of His grace, by His Holy Spirit. His servant is to seek a Bride for His Only Begotten Son.

The promises of God have gone here and there through the world and have acted like a magnet upon certain individuals. The Magnet of God's Truth has been a power that has drawn a certain class, but does not attract others very much. Is God making a discrimination? Yes. There are many whom He does not wish at all for His present purpose. He is not seeking the world now. This statement would have seemed very strange to us once, for we had in mind the idea, handed down from the errors of the past, that whoever did not understand and accept spiritual truths and become a saint during this present life, would have to roam for all eternity. Now we see that God is merely gathering out a special class, that have special characteristics. God uses measures to drive others off. Just as you, if you were drawing tacks to a magnet, would blow off any sawdust that might loosely adhere, so the Lord is causing the winds of adversity to blow upon His Church, in order that any of the worldly who have attached themselves to the Church class may be blown off. But those who are of the true Church will only adhere the closer.

separation of Wheat and Tares. In the parable of the Wheat and

the Tares, Jesus shows that in the Harvest time of the Gospel Age He would completely separate the wheat from the tares. (Matthew 13:36-43.) A grain of wheat is to be left amongst the tares, and not a tare is to be left amongst the wheat. There will be such persecutions and opposition as will make a complete separation now distinct. The wheat class will be taken out by the Lord and gathered into the garner. The tares will be uprooted from the wheat-field and burned. In other words, in the Time of Trouble they will be shown to be of the world, as they have been all along.

There is only one class desired for the Bride class—true Christians. Millions of people are associating together and calling themselves Christians that have not the slightest relationship to God. They are tares. God never authorized these. They did not come into association with the Church through the Doorway. (John 10:1-7.) Some came in because their parents or their friends were in. Some thought that unless they were baptized they would go to eternal torment.

In the end of this Age, now present, there is to be a great burning time. Not the people, but their religious conceptions and affections will burn up. "The fire of that Day shall try every man's work of what sort it is." (1 Corinthians 3:13.) Those who have built with the stubble of human tradition will suffer complete loss. Their works and their professions will perish. Those who have built upon the sand will be overthrown. But any who have been real Christians shall be saved so as by fire. Their systems and their doctrines will be consumed in the fire of this Day—a bitter humiliation. These may be assured that their great church systems will suffer complete collapse in the Day of the Lord. They will fall to rise no more.—Jer. 51:58.

Terms of Our Covenant Briding. This special class that God has been gathering out for eighteen centuries to be the Bride of Christ have accepted God's terms and have entered into a special covenant with God in order that they might become members of the Bride class. These terms are very positive and definite. In older times, when there was a betrothal, it was usually the father that looked after the contract. This was not a merely verbal contract, but a written one. It was a binding engagement with positive stipulations on both sides. Just so our Heavenly Father, in making the arrangement by which we may come into His family, drew up a very positive, unchangeable contract. It is a condition of full surrender to Him. We give up our own wills. This agreement is more binding than any earthly marriage contract.

Those who have become betrothed to the Lord Jesus Christ give up their all to Him. They do not have very much to be sure. Most of us have very little; for not many have learned, not many noble, are called. (1 Corinthians 1:23-29.) But association with the One to whom they are betrothed gives these a nobility of God begin immediately to work in them to will and to do His good pleasure. It is a transforming work. The Apostle Paul tells us that we are "transformed by the renewing of our minds"—not our bodies. (Romans 12:2.) Our body is the same body that we had before, but we have a new mind. We are New Creatures. All things are new; old things have passed away. (2 Corinthians 5:17.) This makes a change everywhere.

We need not go into detail as to what changes it makes. We know, if we are of this class, that "the things which once we loved we now hate." We loved the things that were pure, noble, and beautiful in proportion as we were naturally a noble disposition, but many of the things which once we loved were things of which we cannot now approve. We have believed the begetting of the Holy Spirit; and as God's Spirit abounds in us more and more, we become copies of God's dear Son, our Redeemer, our Head, our Bridegroom.

In the case of the Hebrew marriage contract, if the bride-elect was guilty of infidelity to her betrothed bridegroom, the unfaithfulness was punished with death. So if any of us who have made a contract with the Lord should violate that contract and marry another, we would come under the penalty of the Second Death. "If any man draw back," says the Lord, "My soul shall have no pleasure in him." God would not give eternal life to those in whom He has no pleasure. The Apostle Paul says that these draw back to perdition—destruction. (Hebrews 10:38, 39.) So the matter is clear before us. We are espoused to a Husband. We have taken upon us certain obligations. We must go on now, and make our calling and election sure. We must either gain the reward of everlasting life or else go into the Second Death.

Christ's Righteousness Our Covering. Does this mean that we must slip we shall go into the Second Death No. One might make unintentional slips of various kinds. Presumably there is no child of God living who has not made such slips. Our imperfections are hindrances to our doing perfectly. "With my mind I serve the Law of God," but with my imperfect body it would be an impossibility. Our great Redeemer, who is our prospective Bridegroom, has made satisfaction for our imperfections. Therefore when we err, we are to go to the Throne of Heavenly Grace to obtain mercy—mercy with God through Christ. If you and I were perfect, we would not need to go to the Throne of Grace to obtain mercy and aid to help in time of need. (Hebrews 4:16.) But as we have become developed as Christians, we shall not need to go so often to obtain mercy. As we grow stronger, we grow wiser.

But we shall always need mercy as long as we are in the imperfect Body.

The Lord knows of the blemishes of our flesh and of our unsuccessful strivings to overcome; and He has provided us with the precious Robe of Christ's righteousness. So by the Lord's arrangement this Bride class may be eventually received at the wedding. The spotless garment mentioned in our Lord's parable. (Matthew 22:11-14.) Clad in this precious Robe, we may come in and be participants at the great Marriage as members of the Bride of Christ.

Spots on the Robe—How Removed. The Lord Jesus intimated that some of His disciples will not be allowed to go in to the Marriage, because, although they are wearing the robe, they have gotten it bespattered and spotted. We are to keep our garments unspotted from the world and always remain absolutely unspotted? No; that is not the thought. But if those who are in the right attitude of heart should get a spot upon their robes, it will be so grievous to them that they will hasten to remove it. There is only one way to get a spot off from that robe. We must take the matter to the Throne of Grace. "If we confess our sins, whether it was temper or what—when our lapse has been acknowledged, the cleansing merit of Jesus' blood is applied; and our robe is spotless again." (1 John 1:7-9.) We are to keep ourselves unspotted by going to the One who alone can remove such spots and by asking the forgiveness necessary. "If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." The blood of Jesus Christ, the atoning merit of His sacrifice, cleanses us day by day as we, appreciating our need, come to Him daily to have His blood applied.

There is a class, however, who do not keep their robe clean; for any stain upon this robe remains until the proper steps are taken for its removal. There are many Christian people who have not taken these steps, and who therefore have not had the spots removed. Why do they not have these spots cleansed? you ask.

There are things connected with that matter which some of you may know about. When first you came to the Lord in full earnest desire to keep yourself unspotted from the world, you were very careful about your robe. Oh, how shocked you were at the first spot! You said, "I had a washing of feet, and oh, what a mistake I have made!" But as time passed and you realized more and more keenly your infirmities of the flesh, you found that you were often overpowered by these weaknesses, and you were so humiliated thereby that you were tempted to remain away from the Throne of Grace, the Mercy Seat provided by the Lord for this very purpose. But if you were a true disciple of Christ, you conquered this feeling and went to the Lord to have the spots removed.

For Careless Christians Reckoning Near. But a great many Christian people have not been faithful in this respect. All things are new, and a reckoning time is at hand. They have doubted the Lord's mercy or else have been careless of their covenant; and they are not living close to the Throne of Grace. They are not taking to themselves and to God. They will not be of the Bride class. Nobody whose robe is covered with spots will be received into the wedding as a member of the Bride of Christ; for the Bride must be "without spot or wrinkle or any such thing." (Ephesians 5:25-27.) Only thus could she be presentable to the Heavenly Bridegroom. "There will be chiding and gnashing of teeth" amongst the foolish virgins when the door to the wedding is shut. (Matthew 25:10-12.) Many will be disappointed in this Day of Christ.

Where shall you and I be then? I hope that we shall make our calling and election sure; that, knowing the terms, we shall keep our garments unspotted from the flesh, from everything that is contaminating. There is a peculiar beauty about a pure white robe. A robe spotted all over would not look very attractive, nor would a robe all wrinkled. The King will greatly love and appreciate those who are in a spotless condition.

"Forget also thine own people and thy father's house." The temptations to wrongdoing, to disloyalty to the covenant with the Lord, come largely through relations with our own people. It is very trying to endeavor to do two things—to keep on good terms with the world's people and with the Lord—at the same time. To do so is an impossibility. This is where the Great Company class make their failure. They fear what their acquaintances and neighbors will say. They do not care to be considered peculiar. But we are not to be ashamed of the Truth or of the brethren or of reproach for Christ.—Matthew 10:32, 33.

"So shall the King greatly desire thy beauty." This is a beauty that dwells in the heart, a beauty of character. Every Christian should see to it that he is growing daily in grace. In all the true Body of Christ there is a growth in the Lord's Spirit, a growth in love. This is the beauty that our Bridegroom desires in His Bride—this beauty of character—likeness to Himself. We desire this in ourselves. We wish to see our minds and hearts opening more and more widely to take in the interests of the Body of Christ. Those who prove faithful unto death shall receive glory, honor, and immortality. "They shall walk with Me in white," says our Lord Jesus; "for they are worthy."

SUNDAY SCHOOL

Lesson II.—Fourth Quarter, For Oct. 10, 1915.

THE INTERNATIONAL SERIES.

Text of the Lesson, II Kings ii, 1-12. Memory Verses, 11, 12—Golden Text, Ps. xvi, 11—Commentary Prepared by Rev. D. M. Stearns.

The first book of Kings ends with a brief record of Ahab's successor, his son Ahaziah, who was slain in the wars of his father and mother and of Jeroboam, the son of Nebat, who made Israel to sin. There is also the record of the death of Jehoshaphat, as well as a brief record of his good reign. The second book of Kings opens with a record of the sickness and death of the son of Ahab, how he was sent to inquire of Baal-zebub instead of the true God, and the Lord sent Elijah to meet the messengers and tell them that because the king had turned from God to idols he would surely die. Then follows the record of the two captains and their fifties who were sent to take Elijah, but were destroyed by fire from heaven. Compare Lev. xi, 34, and note that one of the two witnesses of those days will probably be this same Elijah.

Turning to our lesson for the day, we have one of the most interesting and fascinating records in the Bible, the translation to heaven without dying of the man who lay down under the juniper tree and wanted to die. There will be a generation of believers who will not die, but be caught up, changed in a moment, to meet the Lord in the air, and, for aught we know, it may be the generation now living (I Cor. xv, 51-53; I Thess. iv, 16-18). The last walk together of these two men, Elijah and Elisha, is strikingly suggestive. As they went from place to place Elijah said, "Tarry here, I pray thee," and Elisha's reply, "As the Lord liveth and as thy soul liveth I will not leave thee," remind us of the devotion of Ruth and of Itai (Ruth i, 16-18; II Sam. xv, 21) and also of Paul when he said: "None of these things move me; neither do I count life dear unto myself. I am ready not to be bound only, but also to die at Jerusalem for the name of the Lord Jesus." "Ye, doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord" (Acts xx, 24; xxi, 13; Phil. iii, 8).

Nothing less than this should be our devotion to the Lord Jesus Christ. The words in verses 2, 4, 6, 8 and 11 are continually with me. "So they went down, so they came, and they two went on, and they two stood, they two went over, they still went on. Thus, no doubt, that other translated man, Enoch, walked with God until he went home. The only requisite for such a walk is, first, redemption by His blood, and then to be fully agreed with Him about everything (Amos iii, 3). How wonderful that God Himself will dwell in us and walk in us, and how we do fall to appreciate or realize it! (II Cor. vi, 16.) As they went on together on the east of Jordan, the waters of the river having parted for them, Elijah said to his companion, "Ask what I shall do for thee before I be taken away from thee" (verse 9).

Wicked men have of old said something like this, at least the first part of it, as the king to Esther and Herod to Herodias. It is not long since we heard the Lord say to Solomon. Our Lord Jesus said it to the blind man, and He said to the man of Nazareth, "I have written for us and being said to us continually, 'Whatever ye shall ask in my name that I will do, that the Father may be glorified in the Son.'" Elisha wanted something very definitely, and he asked for it, and he fulfilled the conditions, and he received it. The conditions seemed easy, but they implied intense and unwearied steadfastness.

If we would walk with the Lord and look upon Him and unto Him as intently as Elisha looked upon Elijah that day we would see some desires granted. We must ask expectantly, believingly, persistently, in His name and for His glory. Well, Elisha did not fail to receive what he asked. He asked and received what he sought, and others saw that he had received it. He rent his own clothes, suggesting the end of self, took up the mantle of Elijah that fell from him, smote the waters, and they parted hither and thither, and Elisha went over. The sons of the prophets were watching, and they said, "The spirit of Elijah doth rest on Elisha" (verses 14, 15). If we are redeemed we are here in Christ's stead to manifest His life and do His works by His spirit dwelling in us.

The request of the young man to be permitted to look for Elijah lest the spirit of the Lord might have taken him to some mountain or valley was finally granted by Elisha, though he knew how vain it would be. When Enoch was taken he also was sought for, but was not found, as we learn from Heb. xi, 5. What a search for the missing ones there will be when the church is taken, but not one shall be found. Yet as truly as Elijah was seen with Christ on the Mount of Transfiguration about 900 years later, so when Christ, who is our life, shall appear we shall appear with Him in glory (Col. iii, 4) when He shall return to the earth to set up His kingdom, fulfilling the transfiguration foreshadowing. The constant expectation of being caught up to meet the Lord in the air will tend to separate us from this present evil age.

FOX-TROTTERED INSTEAD OF ENLISTING So Authorities Have Decided to Stop Dancing in the Savoy Hotel.

met nightly at supper and danced to the gay tunes of the American band. Here youths should be on the firing line one-stepped and fox-trotted late into the night, while notables from all parts of the world looked on. The crowd was the same night after night. It included, among others, the Duke of Orleans, on crutches, and only the wreck of the man who once hoped to the King of France, Signor Marconi, the wireless wizard; high officers of the French, Italian and Belgian armies; Indian princes, among them the Maharajah Kapurthala, and leaders of the social and political world, who watched the crowd of merry-makers. All other similar places had been closed soon after the outbreak of the war, the Savoy remaining the only lively spot in London. Complaints led to the decision to stop dancing, which is certain to wipe out the supper crowd. The hotel as a result will probably be compelled to close its restaurant. With the new lighting order in effect, London's streets are pitch dark at 6 o'clock. There are no lights anywhere in London City.

CANADIAN OFFICER TAKES HUN FLAG London, Oct. 8.—Lieut. Stanley H. Kent, of the 10th battalion, has captured a German flag, for which action he received the thanks of Gen. Albertson. He joined the Alberta Dragoons as a private, but was recently commissioned.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of Dr. J. C. Watson

TYPES OF SHELLS FIRED BY THE GERMANS

DIFFERENT GERMAN SHELLS FIRED AGAINST ALLIES LINES This view shows samples of the heavy metal which the Germans have been flinging against the lines of the Allies. It was obtained in the fortress of Ossoretz, which held out so gallantly and successfully for many months against huge odds. The biggest shell must measure fully 5 ft. 6 in. in height. Compare with flag height of the commander of the fortress, who is standing by. Note also the weight of the metal forming the nose of the shell lying at the feet of the commander.

FRANCE TAKING STEPS TO CURB ALCOHOL

Professor of Toronto University Translates Warnings on the Subject NOTABLE ARTICLE BY M. REIN The Check to Drinking Extend to Rural District Well as Urban.

The fight against alcohol in France seems to be seriously on. The sale and manufacture of alcohol has been prohibited, and the other of the abolition of new law appears to be pretty roughly enforced. Two other steps on the government's program before long they will be translated into law. One reduction of bars and drinking, and the other of the abolition of the privilege of "home" distillation. The home distillation of brandy leads to two great increases: the consumption, and leads to the production of an inferior grade of brandy, which is very harmful. This is particularly true of the mandy and Brittany, where it is scarce and where large quantities of cider are made into brandy consumed in a raw and unconditioned. An article on the subject from the pen of Joseph Rein, eminent statesman and philanthropist, appeared in the Journal des Debats for August 28th. M. Rein said: "Amongst all those who know deeply rural alcoholism has been named in many regions, one of the finest peasant races of the world there will be only one voice in favour of M. Ribot for having introduced Houses of Parliament, in the of the Government, that a bill introduced for the complete abolition of the privilege of home distillation. This privilege is not to be abolished merely because the government demands it. There is another reason. For eight months the Houses have under discussion a very moderate bill regarding the limitation of the number of places for selling liquor. It is hoped that M. Ribot's bill regarding the small home distillers will be the passage of the bill for the abolition of the number of bars and for it will take away from the dealers one of their arguments which they complained that the government was taking away from an authorized business, whilst a amount of clandestine selling carried on by the home distillers adoption of one of these measures will logically entail the adoption of the other. "We are a country of equality wish to check rural alcoholism as a check on rural alcoholism as

HOW BRITISH RAISE EXTRA WAR MONEY

Profits of Concerns Having \$500 or More Surplus Are Taxed.

DATUM LINE KNOWN AVERAGE PROFIT

Certain Businesses Which Expected to Recoup Peace Losses Deal With.

From English newspapers just to hand, the following verbatim extract has been taken from Chancellor of the Exchequer McKenna's budget speech describing the new tax on war contractors' profits, which is interesting in view of the demand that a similar tax should be established in Canada.

I come now to my next source of additional revenue, which I have to obtain from what I would call the excess-profits tax.

It is proposed to introduce a special tax in respect of profits which have increased during the war period. The tax is to extend to all trades, manufacturers, concerns in the nature of trade and business, including agencies—(owners)—whose profits for any business year of account ending on any date between Sept. 1, 1914, and July 1, 1915, exceeded the profits on the income tax assessment for 1914 by more than £100.

That, in brief, is the general principle of the proposal. Some explanation is needed to show how it will work in particular cases.

Taking as the datum line the known average of profit assessed to income tax for the year 1914-15, a return will be required of the actual profits of the business year, and, as I have said, the taxpayer will be charged a special tax on any excess which these profits show over the datum line. This is the general liability which can be adjusted on appeal on any of the following grounds:

First, if the profits assessed to income tax for the year 1914-15 are less than 10 per cent. on the capital employed by the proprietors in their business on April 5, 1914, that percentage of their capital may be taken as the datum line.

Next, where in the case of businesses mainly carried on before the war for supplying under government contracts munitions of war and war materials less than a fair return has been made on the proprietors' capital in the preceding three years, the datum line after deducting therefrom a special allowance shall be one which would be fair in all the circumstances of the case.

A 60 PER CENT. IMPOST
The committee will see that this is a very limited number of businesses—I do not suppose there are half a dozen—which have been carried on without profit for a great many years in peace. I will not say in the expectation of the hope, but on the possibility that one day in war they might recoup themselves for their loss. It is a fact which should be taken into account by an independent tribunal specially appointed as one which would be fair in all the circumstances of the case.

The third condition of which account must be taken is where additional capital has been invested during the war period. In such cases an allowance must be made for the capital invested. In the same way capital invested in the three years prior to the war which has been unremunerative during that period may be a subject for consideration.

In ordinary circumstances 6 per cent would be the rate of interest applicable to the two last cases, but, on appeal to a tribunal specially appointed, this rate of interest may be exceeded for any special reason, such as rapid depreciation, obsolescence, or the fact that the capital employed is useful for war purposes only.

The estimate of the revenue obtained under this excess war profit tax is £30,000,000 in a full and effective year.

I gave, the committee will remember, as the data to be taken as the limits of the business account year, Sept. 1, 1914, and July 1, 1915. That does not mean that the same principle of taxation will not apply to business accounts which are made up to a later date; but I am dealing now only with the immediate effect of this tax in this year.

Mr. A. MacCullum Scott (R., Glasgow, Bridgeton): Is that in addition to State of Ohio, City of Toledo, Lucas County, Ohio.

Frank J. Cheney makes oath that he is the sole partner of the firm of F. J. Cheney & Co. doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every copy of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.

Children Cry FOR FLETCHER'S CASTORIA

income-tax which will be paid on that surplus also? Mr. McKenna: Yes, it is in addition to the income-tax. I am very glad my hon. friend put the question. The 50 per cent., of course, will be reckoned as super-tax is reckoned; there is no allowance made for income-tax. It works out, after deducting income-tax, at just over 60 per cent. net of the profits. It is 50 per cent., without deduction, and just over 60 per cent. with deduction of income-tax.

\$30,000,000 IN SIX MONTHS. I have for this purpose in this year limited it to July 1 in order that the effect of this tax might not interfere with the operations of the Munitions Act with regard to special firms which come under the provisions of that act—controlled establishments. We shall have an opportunity between now and the next budget of judging the effect of the Munitions Act, and we shall then be able to make proper arrangements, so as to dovetail one act into the other, in the ensuing year.

For the present year, for the purpose of a post-tax, it is limited to a business year of those firms whose business year ends on or before June 30. As regards revenue for the current year from this tax, not merely has a large deduction to be made for the estimate, but I have just given, but a further deduction must be made in the estimate, owing to the unavoidable delay in collection, consequent upon the novelty of the tax, and the working of the appeal system. I only estimate that £6,000,000 will be collected before March 31 next, but this will be a mere postponement for the benefit of next year's revenue.

GERMAN COUNTER-ATTACKS FAIL IN THE WEST

Attempts to Recover Lost Ground in Artois Were Unsuccessful.

Paris, Oct. 8.—Soldiers wounded at the capture of Tahure, now arriving in Paris, all are of the opinion that the French are gaining the upper hand, not only through their artillery but because of the gallantry and dash of the infantry.

"At the rate things are going," said a wounded Sergeant-Major, "it will be a long time before the Germans are in a position to think of a counter-offensive. Our heavy artillery sprays their rear formations, paralyzing the bringing up reinforcements and supplies to such a degree that the last prisoners captured at Tahure had not eaten for more than 48 hours and had no cartridges in their pouches."

London, Oct. 8.—Determined efforts of the Germans to recover their lost ground on Tahure Hill, in Champagne, yesterday failed. The German losses were heavy. The French made further gains in the Arras region, advancing to the south of Thelus, near the road from Arras to Lille.

Following the repulse of repeated counter-attacks, preceded by heavy artillery bombardment against the fortified knoll of Tahure, the Germans yesterday changed the direction of their attack and pressed strongly against the advanced French line positions to the west of Navarin Farm. But the German attacks broke down in the face of the terrific fire from the French machine guns.

The towns mentioned in the official communications show that the French have approached very close to the Challerange-Bazancourt railway, which is their objective. St. Marie, to which the Germans say the French penetrated, but were driven out by immediate counter-attacks, is on that railway.

Fighting has become general from the sea to Switzerland, but it is more in the character of a great artillery duel. While it is generally conceded that the great offensive of the allies has not yet reached its height, there is nothing to indicate at what point the next attack will centre.

ADVANCE IN ARTOIS
Paris, Oct. 8.—The official communication issued by the War Office last night records the continuation of the artillery actions in Artois and on the Lorraine front. At various points the Germans delivered strong counter attacks, but were driven back. The text of the statement follows:

"A violent bombardment by both sides has occurred in the environs of Nieuport and in the sector of Hetsas-Steenstraete.

"Artillery activity continued on all sides in Artois. We made slight progress to the south of Thelus, near the road from Arras to Lille.

"A sudden attack attempted by the enemy on one of our advance posts near Popincourt, to the south of Roze, was completely stopped.

"On the Aisne our batteries caused by their fire two very violent explosions in the enemy lines in the region of Juvincourt, and set fire to the station at Guingourt.

EVERYWHERE REPULSED.
"In Champagne the Germans during the course of the day delivered two counter-attacks against our positions to the west of Navarin Farm. They were both repulsed. The enemy suffered heavy losses.

"Engagements with bombs and grenades took place in the Argonne at La Fille Morte and Haute Chevauchee.

"The enemy directed on different points of the Lorraine front, especially near Arracourt, Bures, to the north of Reillon and to the north-east of Badonviller, a strong cannonade, to which we replied effectively.

"In the Vosges we dispersed a strong German reconnaissance which had started to attack one of our posts to the east of the valley of Sondernach.

"One of our aeroplanes shot down

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! It coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

LOCAL MUNICIPALITY OPENED

At an Important Meeting of the Municipal Council

A very important meeting of the City Council was held last night, at the office of the City Engineer, when the Mayor and members of the Council were present. The meeting was called to order by the Mayor, who read a letter from the Hon. Minister of Municipal Affairs, Mr. J. G. Macdonald, in which he congratulated the City Council on the successful completion of the municipal election.

The notes may be dollars and upwards, chasers, who may apply to the City Solicitor for the City Solicitor's assurance that the suggestion of the Mayor and all particulars will be taken into consideration. The Treasurer's report for 1915 had been prepared, but the figures of the different categories, had been kept within satisfactory state of a chairman of the committee and all concerned.

ONE THOUSAND WILL BE HERE

There is no doubt now but that Brantford will have half the 84th Battalion remain here this winter. The arrangements will be made and completed at the meeting of the military committee last night.

The larger portion of the 84th Battalion, consisting of about 700 men, will be stationed in Brantford this winter. The remainder of the Battalion will be in Oshawa, but the half and headquarters staff will be in Brantford.

SEC. OF SIR OF GE

Startling Accusation That the Teutonic Origin Office.

London, Oct. 9.—Describes the Balkans as "ghostly," the country cannot safely be left present constituted. Its record, says the Globe, is a misfortune that his own. It is a greater misfortune than the remainder of the world. It is the greatest of misfortunes which he must chiefly married to a German woman. "If the failure is not to be ship must be ended."

GERMANS DENY SUB LOS

By Special Wire to the Courier. London, Oct. 9.—A semi-despatch received from Berlin regarding statements made in America that the losses of man submarines have reached a gregate of sixty, says that the actual losses in submarines is "less than a quarter above number." The despatch continues: "As to the statements in the press that Germany, ow
