Murray Government Returned to Power

Wickwire and MacDonald Win in King's County With Big Majorities

The provincial elections on Tuesday resulted in a victory for the Murray government by a large majority. In the next house there will be 25 Liberals, three Conservatives, six farmers and five Labor representatives, giving the government a majority of sixteen. At the last election the Liberals won thirty-two seats and the Conservatives eleven. The government has thus lost two members and its majority has been diminished by four. A regrettable incident of the election was the defeat of Mr. Ralston in Cumberland. Mr. Ralston was regarded the ablest man on the government side. In his address in Wolfville last summer he showed himself to be a man of broad views befitting a public man. On the other hand the defeat of Hon. Mr. Armstrong in Yarmouth cannot be regarded as a loss to the province though it may be to his party. W. L. Hall, Leader of the Opposition, went down to defeat in Queens. The result of the election was a surprise to every one, Liberals as well as Conservatives.

In Kings county Wickwire and MacDonald won by large majorities, the totals being: Wickwire 5839, MacDonald 5582, Kinsman 4297, Bill 4205. The vote in Wolfville resulted as follows: Wickwire 341, MacDonald 325, Kinsman 238, Bill 195. A feature of the election was the large number of women voters. In Wolfville more than half the votes were cast by women.

The results throughout the province were as follows:

VENTILATION IN HOMES AND SCHOOLS

It is a notorious fact that more attention as to the proper ventilation of our farm buildings is given by most people than is given to the ventilation of school rooms or dwelling houses.

Too many farm houses are poorly ventilated. Construction methods of the farm house rarely pay any attention to the ventilation of the room, except by way of the doors or windows, and in many cases the color of the draperies or the sheet of a carpet is of more moment than oxygen in the lungs. But signs are not wanting that there is a growing intelligence in the matter of fresh air is a helpful move in the right direction.

The installation of furnaces, and the taking in the feeding air from the outside or from the front hall where the open door in winter admits much fresh air. There should be some easily workable ventilation system for each room, so that we would not be running the dangers of tubercular troubles so much. In olden times the open fire-places and the less closely built walls afford a free circulation of fairly pure atmosphere. Every farm house of the older type should be well equipped with screens and the windows kept open all night. We had better be a little cold rather than breath any impure air.

The case is more essential in our school rooms. Ventilation difficulties have faced every school board and even some well-advocated systems have fallen down badly in operation. It is refreshing to see the interest lately taken by the school board of a big city in debating the whole question for several meetings, and the determination evinced to put in a new and better system through-out.

Pure air and plenty of it, plain, well-cooked food, and good thoughts, will build up a race of strong people in this Canada which ought to be the brightest spot in the world in which to live. Our farms should be made real sanatoria.

Fama Magazine.

Cricket Interest Grows

Wolfville and Kentville Play Good Game

As arranged, a match between the above named teams was played on the Campus on Wednesday afternoon, resulting in a win for the home team. The Kentville team arrived about 1:30 and the match began shortly after 2 o'clock. A number of local accompanied interested spectators until the end. The bowling of Messrs. Spittal and Jowett for the home team was very effective as was also that of Capt. Holland and Messrs. Fosberry and Bolton on the other side. The Wolfville eleven was somewhat weakened by the unavoidable absence of Messrs. Robinson, Phimey and Rudolf, but their places were ably filled by reserved men. A. J. Mason scored very heavily for the home team. C. H. Koppel held with his usual efficiency and made two remarkably brilliant catches, as also did Mr. Vereker for Kentville. The Kentville team, it is only fair to say, were exceedingly rusty for lack of practice, many of them not having played for ten, twelve, and in one case thirty-four years. But they made an excellent showing and no doubt will soon get hand and eye again.

Mr. J. F. Herbin captained the Wolfville, and Mr. Fosberry captained the visiting team.

A very pleasant afternoon was spent and the whole proceeding was characterized by the utmost friendliness and good will on both sides. Before leaving the grounds, at the instigation of Mr. Herbin, hearty cheers were given for the visitors who also accorded a hearty farewell.

A return match will, it is hoped, be shortly played. A match was also played with Bridgetown next Wednesday.

Appended is the score which was kept by Rev. R. F. Dixon.

Many have asked how the name of the new Prime Minister of Canada is pronounced. Of the seven letters in the word "Meyner" only the first two and the last two count in the pronunciation of it.

Journalists Visit Us

Distinguished Press Men Delighted With Evangeline Country

The weather yesterday was ideal for the visit of the Imperial Press Delegation. The party arrived at Kentville during the forenoon in two splendid trains furnished by the Canadian Pacific and Canadian National Railways. On their arrival they were met by cars from Kentville and Wolfville and driven through the Cornwallis and Gaspereau Valleys and Wolfville to Grand Pre. At Grand Pre a short address was given by Dr. Cutten, of Acadia University, and a bronze statue executed by the French-Acadian sculptor, Henri Hebert, representing Evangeline looking back with tears upon the country she must leave, was unveiled by Lady Burnham, a member of the visiting party. A short address was also given by Sir Gilbert Parker, who was also with the party. After viewing the points of interest at Grand Pre the party was motored to Wolfville, where they again took train and proceeded to Truro en route to St. John, N.B.

There were about 125 persons in the party and they came from all parts of the Empire. They were all loud in their praises of the beauties of our country, and considered the drive they had yesterday the best they had had since landing in Nova Scotia. They are to spend six weeks in Canada and in that time will cover over eight thousand miles.

30 YEARS AGO.

The following items are taken from the files of The Acadian of 30 years ago: The catch of shad in the Basin this season, although not large, has been considerably in excess of the last few years and of good quality.

The mills at White Rock are running full time and a ready market is found in Boston for all the timber and lumber they cut of certain dimensions. The weather still continues dry although we have had a few refreshing showers this week. The crops are suffering for moisture, and if rain does not come soon small crops will be the order.

The hay mowers are now in full operation and are succeeding in harvesting a very superior quality of hay. The crop on the Wickwire and Grand Pre dykes is above the average and the price is in consequence very low.

The town of Truro shows rapid growth. Its fourteen wholesale houses send out 25 travellers and \$100.00 worth of new buildings are being erected.

Among the advertisements: Butter selling for 20 cents a pound and eggs for 14 cents a dozen.

PORT WILLIAMS NOTES

Mr. and Mrs. D. Hoag, of Halifax, are the guests of Mr. and Mrs. C. A. Campbell.

Miss Etta Bezanson is visiting her mother Mrs. Hattie Bezanson.

Miss Dobson, of Alberta, is spending the summer at Upper Canada, the guest of Miss Elizabeth Eaton.

BOSTON'S JAZZ BAND

This orchestra played at the theatre Wednesday and was an added attraction to the performance. A dance will be given by them in one of the apple houses in the very near future, with the addition of a famous Saxophone player and a noted drummer.

Open Air Meeting

Saturday Night's Meeting a Large and Interesting Gathering

The public open-air meeting held on the railway square last Saturday evening attracted a large attendance of electors who listened with close attention to the excellent addresses which were given. Dr. G. E. DeWitt presided with customary skill and introduced the speakers in appropriate remarks. The first speaker was Mr. George Nowlan. Those present were delighted with the address of our clever young townsman, which was well arranged and delivered in an easy entertaining style which indicated unusual talent and gives promise of a successful career as a platform speaker. Mr. Nowlan apparently is well informed on the political affairs of the province.

Mr. Patterson, who followed, is an attractive and energetic speaker and got a good hearing while he referred to the record of the government with relations to its dealings with the people.

Mr. A. L. Davidson, M.P. for Annapolis, was the third and final speaker of the evening. For over an hour he held the close attention of the assembly. Mr. Davidson is a Wolfville boy, who has done splendid work at Ottawa as representative of the neighboring county and is regarded as one of the most active members of the present parliament. He has a thorough knowledge of public affairs in Nova Scotia and his review of conditions was an eye-opener to those who heard him on Saturday evening. More of such addresses are needed as people generally know really very little regarding matters in which they should be vitally interested, and the ordinary political address contains very little in the way of enlightenment.

The speakers all got a good hearing and the best of order prevailed—in striking contrast to what is sometimes the case in similar meetings.

Wolfville Defeats Bridge-town

The Wolfville boys kept up their spirit last Wednesday when they defeated the Bridgetown baseball team on the latter's grounds by the score of 8-4. Next Wednesday the Wolfville boys play at Kentville. The game last week was protested by Berwick and the protest was sustained. The game will be played at Middleton the local boys will do their best to give Berwick a bigger beating than they did last week. This makes the second game that Berwick has protested, the other being with Annapolis. Berwick defeated Kentville on Wednesday by the over-whelming score of 12-2, and Middleton beat Annapolis by the score of 16-12. The Wolfville team is now in third place. The league standing is as follows:

	Won	Lost
Middleton	9	0
Annapolis	6	2
Wolfville	3	5
Kentville	3	5
Berwick	2	6
Bridgetown	2	7

The stone-crusher has been in operation for some time and we understand that the work of paving Linden avenue—laid over from last year—will be begun at an early date.

Notes and Comments

Courtesy is a coin of which we cannot have too much; with which we can never afford to be stingy.

In Pittsburg, from now on, bread will be sold by the ounce instead of by the loaf, and three-fourths of a cent has been fixed as the standard price. All purchasers will have the privilege of placing them on the scales.

The man who gets no glimpse of heaven before he dies is not liable to be very much surprised after death. Eternity simply intensifies life. Those who delight in evil here take along their same characters when they pass into the hereafter.

A celebrated New York doctor says exercise, not corsets, will give woman the ideal figure, but he neglects to specify the nature of the exercise. Thousands of women have been exercising themselves all their lives washing dishes, scrubbing floors and making beds, and still aren't satisfied that they're physically perfect.

It is reported throughout the territory tributary to the Dominion Atlantic Railway that from the railway's educational campaign in lecture and motion picture, the sales of fertilizer have increased by 40 per cent this year over those of 1919. Spraying and dusting material sales have increased by more than 230 per cent in the same period.

The telephone system of Nova Scotia is now linked up with those of New Brunswick, New England, and the Bell of Canada systems. By means of a series of telephone repeaters Halifax business men can talk to San Francisco if they so desire. Conversation to points as far away as Savannah, Ga., and Chicago are almost daily occurrences.

The world's largest ship, the Hamburg-American Liner Bismarck (56,000 tons), is to be completed immediately and handed over to the Reparation Commission for one of the Allies. It is believed that she will be given to the White Star Company to replace the Britannic, which was torpedoed or mined while a hospital ship in the Mediterranean.

The population of Quebec province is 2,500,000, according to statistics just given out by the government. This total is 500,000 greater than that at the time of the last census, notwithstanding losses due to the war and influenza. It is estimated that the average of the excess of births over deaths since 1914 has been 40,000 a year.

Licorice

The greater part of black licorice is derived from Spain, where it is made from the juice of the plant and mixed with starch to prevent it from melting in hot water. The licorice plant is a shrub that attains a height of three feet and it grows wild where its roots reach the water. It flourishes especially on the banks of the Tigris and the Euphrates river. Since the valley of the Euphrates contained one of the earliest civilizations in the world, the probability is that licorice is about the oldest confection in the world, and the taste which the boys and girls of today like so well was enjoyed by the youngsters of 3,000 years ago.

A Mother's Trials

CARE OF HOME AND CHILDREN OFTEN CAUSES A BREAKDOWN.

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and relief at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are nailing, easily tired or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

NOTICE!

Attention is called to sections 23 and 25 of the town of Wolfville's by-laws which are as follows:-

It shall not be lawful for any person or persons to post, stick, stamp or otherwise affix or cause to be posted, stuck, stamped, painted, or otherwise affixed any bill, poster, notice or advertisement on any property of the town or on any telegraph, telephone, electric light or other post or pole standing on or near any public street or other public place in the town without permission of the streets committee, nor on any tree within the limits of any of the streets of the town under a penalty not exceeding ten dollars for each offence, and in default of payment to imprisonment for a period not exceeding twenty days. Any person found committing a breach of this section is liable to arrest on view by any peace officer.

No person shall erect any verandah, bay window, porch, sign, awning, fence or other projection, over any sidewalk or street in the town, without making application in writing to the committee on streets and obtaining permission therefor, subject to any conditions as the said committee may impose. Every such projection now or hereafter erected over any sidewalk or street shall be removed by the owner or lessee of the premises out from which the same is built or projected within forty-eight hours after notice from the committee on streets so to do, and in default of such order being complied with the committee on streets may remove the same at the expense of such owner or lessee who shall be liable therefor as a private debt to the town, and such owner or lessee shall also be liable to a penalty for each offence against this section not exceeding twenty dollars, and in default of payment thereof to imprisonment for a period not exceeding ten days. Twenty days shall be allowed offenders after each conviction to comply with this by-law, and every twenty days' neglect thereafter so to comply shall be considered a new offence.

Notice is hereby given that the council intends hereafter to strictly enforce these by-laws.

By order
H. Y. BISHOP,
Town Clerk.

The following from the Messenger, the monthly bulletin issued by the United Baptist Convention of Maine, will be read, with much interest by many in this vicinity: "Since the coming of Rev. G. D. Milbury to North Vassalboro, the work has greatly prospered along all lines. This was manifested during the financial campaign when the church raised its allotment for the New World Movement. On Sunday evening, June 20th, the pastor baptized ten candidates. These, together with several who recently united by letter have increased the resident membership by sixty per cent.

Ask for Minard's and take no other.

Marriage of Former Wolfville Teacher

A very pretty wedding took place on Wednesday, July 21, at Brookside, the home of Mr. and Mrs. Rupert Bligh, of Lakeville, when their daughter, Harriet Alice, was united in marriage to Dr. Addison Parker Beardsley, formerly of Berwick but now of Boston. The bride is a popular graduate of Dalhousie, and spent some time in Korea as a Missionary of the Presbyterian church. Dr. Beardsley is a member of the Massachusetts House of Representatives and a candidate for the Massachusetts' Senate in the coming November elections.

The ceremony, which took place on the lawn, was conducted by Rev. G. W. Miller, of Wolfville, assisted by Rev. N. A. Whitman, of Billtown. The bride, who was given away by her father, looked charming in a blue taffeta gown, with hat to match, and carried a bouquet of bridal roses and sweet peas. Both bride and groom were unattended. After the service a luncheon was served and then the happy couple left for atour of Nova Scotia, before leaving for Boston, where they will reside. Many handsome gifts were received, testifying to the popularity of the contracting parties.

ST. JOHN EXHIBITION - EDUCATIONAL DEPT.

The St. John Exhibition Association are attempting this year a display in the National History Department, that will be more comprehensive and of greater educational value than anything that has been attempted for some years. This Exhibit, which will be under the able management of Dr. Wm. McIntosh, curator of the National History Society, will deal with the Minerals, Forests and Animals, Bird and Insect life of the Provinces. It is planned to make the Exhibit not only educational, but also extremely practicable; e.g. in the matter of our forest wealth exhibits will include a section of the tree in its natural state, the polished grain, a legend showing in what section of North America the species is found, specimens of the manufactured products obtained from the particular tree, with a classification of the products, those manufactured here distinguished from those made elsewhere. The object is to bring clearly home to the people of these Provinces the extent to which the raw materials are being exported and the profits are being reaped by outsiders; in short, the Exhibit is being planned with the definite object of showing the people of the Maritime Provinces the possibilities latent in these Provinces and the New Brunswick Provincial Government is giving every co-operation it can to the project.

HOW TO FIGURE INCOME TAX

Harken to the wail of this tax-payer who lives in Pense, and has an easy way to figure taxes and says this simple formula, if followed will produce results: "There need be little trouble to figure income tax. In the first place it may be worked out by algebra, astrology, trigonometry or syntax, and then your answer may be correct or it may not. If your income is \$2,400 a year and you have a diamond ring and an automobile and are married to a brunette girl 26 years old, you take the amount of your income and add your personal property, subtract your street number, multiply your wife's height and divide by your telephone number. If you have a child in your family, you subtract \$200 from your income, add the amount of your personal property multiply by your waist measure, subtract the size of your collar and your child's age, multiply by the amount you have given the church during the year and divide by the number of your automobile license tag. If there is a second child you deduct \$400 from your income, add the weight and age of the child, divide by the date of your birth, multiply by the size of your hat and subtract the weight of your mother-in-law. After you get it all figured out, you won't be able to pay any tax of any name or nature, for they will have you in the body hatch and strapped down."

HEARTBURN

or heaviness after meals are most annoying manifestations of acid-dyspepsia.

KI-MOIDS

pleasant to take, neutralize acidity and help restore normal digestion.

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

Developing Canada's Wealth Of Natural Resources

MINING, lumbering, farming, stock-raising, fisheries—the fundamental industries on which all of Canada's varied activities of business are built—have received the practical co-operation of Bank of Montreal for more than a century.

IN 1920 our desire is as it was in 1817, to be helpful in every possible way in the development of every kind of Canadian business.

This co-operation extends through and beyond the large business enterprises to the men and the women who make those enterprises possible—to the miners, lumbermen, farmers, stock raisers, fishers, merchants, clerks, workers of every kind, to whom we are rendering an intimate, understanding, personal service through our Branches in every part of the Dominion.

Whatever your banking needs, consult our nearest Branch Manager and thus be in touch with our entire organization, which is working for the upbuilding of Canada.

W. C. T. U. Notes.

Woman's Christian Temperance Union first organized in 1874.
AIM.—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.
Motto—For God and home and Native Land.
Badge—A knot of White Ribbon.
Watchword—Agitate, educate, organize.
Let us not therefore judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. Ra. 14:31.
Business meeting of the W. C. T. U. the last Monday of every month.
OFFICERS OF WOLFVILLE UNION.
President—Mrs. B. O. Davidson.
1st Vice President—Mrs. G. W. Miller
2nd Vice President—Mrs. J. G. Elderkin
Recording Sec'y—Mrs. Ernest Redden
Cor. Secretary—Mrs. W. O. Taylor
Treasurer—Mrs. H. Pineo.
SUPERINTENDENTS.
Evangelistic—Mrs. J. G. Elderkin
Parlor Meetings—Mrs. D. G. Widdon
Labrador Work—Mrs. J. W. Vaughan
Fisherman and Lumbermen—Mrs. W. E. Fielding
Loyal Temperance Legion—Mrs. W. O. Taylor
Flower, Fruit and Delicacies—Mrs. A. W. Bleakney
Press and Willard Hall—Mrs. M. P. Freeman.
White Ribbon Bulletin—Mrs. Hutchinson.
Temperance in Sabbath-schools—Mr. C. A. Patriquin.

W. C. T. U.

Extracts from the Report of the World's W.C.T.U. Convention, held in London, G.B., in April.—

The work of the Convention proper began promptly at 10 o'clock on Wednesday, the 21st, in the great Central Hall, Westminster, Lady Carlisle, the President, being in the chair. The hall was crowded and was decorated with the banners and flags of the various National Unions.

The roll call of officials and the Presidents of the different countries present and the Superintendents of the Departments with which the Union at large was concerned, was then read.

Miss Agnes Slack reported 42 countries represented, and stated that cablegrams of greetings had been received from South Africa (Acts I. 8), Finland, Norway, Japan, the President of Scotland ("Remembering Convention all the time in prayer"), New Zealand, Victoria, Michigan (W.C.T.U. officers and members), and from Mrs. Helenius (Finland), who had been taken ill on the way. It had also been learnt that Miss Johansson, of Iceland, and the Swedish President and Secretary were held up a Copenhagen through the strike in Denmark.

In Miss Slack's condensed summary of her General Report she said that the membership of the Union was 479,113, showing an increase of 31,394.

The following resolution, proposed by Lady Cecilia Roberts (who was most warmly received), seconded by Mrs. Clarkson, was cordially adopted:—

"To our victorious comrades of the United States, Canada, Iceland, Finland, and Faroe Islands, we extend heartfelt congratulations. These triumphs over the liquor traffic are significant and presage a sober world."

Lady Cecilia said they must feel rather in the dust in England in view of the temperance victories of which they had heard. How much better chance there would be if every child born into this world had not before it the trouble arising out of the drinking system. The countries they were congratulating were all trying this wonderful way of doing without the cursed thing—drink—and it was difficult to acknowledge the help afforded them in the Motherland from the circumstance that both great and small countries had been able to accomplish these great tasks, and thereby bring about a better and sweeter life. She wished all the representatives had been able to be there.

The Japanese President, who was with them, was 88 years of age. There had been an increase of 1,000 in the membership of that country. The Union there had a Woman's Home and a Girl's Home entirely run by the W.W.C.T.U. As regards China, she said the liquor people in the United States wanted to make that country a centre for the sale of their liquor, but it was hoped to keep the liquor trade out.

As Miss Anna Gordon, who was the Co-Honorary Secretary with Miss Slack, was elected Vice-President, another was chosen to fill her place.

The British and United States ladies and others wished this office to come to Canada. She chose a Canadian and much to the amazement and quite unexpectedly the honor was bestowed upon the Editor of the Dominion official organ, "Canada's White Ribbon Bulletin," Mrs. Gordon Wright.

Keep Minard's Liniment in the house.

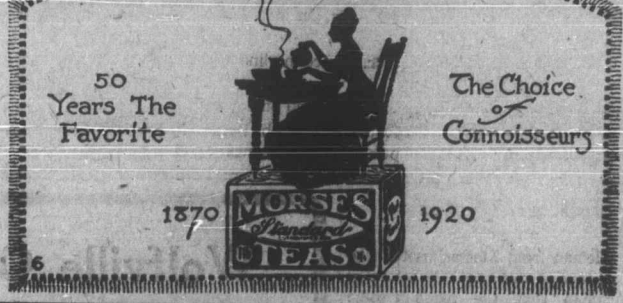

WOLFVILLE PUBLIC SCHOOL EXAMINATION REPORT

Table with columns: Pupil's Name, Reading, Spelling, Arith., Average Days Lost. Includes sub-sections for Grade I (Harriet E. Nichols, Teacher) and Grade 11 to 111 (Susie T. Baxter, Teacher).

Editorial Notes

A gentleman from Massachusetts who has been touring our province informed The Acadian that the roads in some sections of Nova Scotia were the worst he had seen anywhere except in some back sections of Maine.

The final race of the series for the America's Cup was sailed on Tuesday and resulted in a victory for the Resolute—the defender. Sir Thomas Lipton announced immediately after the race that he would build another new Challenger—the fifth—and come across again in 1922 to have another try at lifting the cup.

An advance of three cents a pound in the wholesale price of sugar is reported. An Ottawa despatch says: Export of sugar from Canada to the United States is under close attention by the Board of Commerce and, according to a statement issued, steps are in contemplation which, without drastic interference with trade conditions, may be expected to reduce such transactions to a minimum.

Furnished rooms to rent. Apply to Box 462.

SAVING HOME GROWN SEED

(Experimental Farm Note)

Although the cost of seed that is used in planting a vegetable garden is small compared with the returns, it is very easy to grow the seed one's self and moreover, if pure seed of a good strain is produced at home, one is surer of having what is required.

Seed of most varieties of vegetables can be grown at home of as good or better quality than is the imported seed, but to ensure having good seed it should be saved from the best plants rather than from those which happen to have been left in the garden unused.

A few plants of peas left to mature without picking any green pods from them will furnish enough seed for the garden next year.

Reserve a few feet of the row of beans for seed, or, better still, mark a few productive plants, which are free from disease and do not pick green beans from them. Quickness of drying is important with beans and peas, as with most seed, and it should be cleaned and kept dry until the following spring.

If seed is damp it is liable to mould and lose its germinating power. For this reason it is particularly important in the case of corn to dry seed thoroughly and rapidly. When corn becomes ready for use, a few of the earliest and best developed ears should be marked to be left until ripe for seed.

One cucumber will contain enough seed for the wants of the home gardener. A specimen which is typical in shape and colour of the variety grown or the type desired should be left on the vine until it turns yellow, when it is cut open and the seeds spread out thinly and dried and put in an envelope until needed.

Seed is readily obtained from lettuce. One plant will produce more than enough seed for home use, and no doubt some radish plants have gone to seed, which may be left until the seed ripens.

The seed of tomatoes for home use should be saved from the plant bearing the largest crop of early and best fruit. The tomatoes are cut in half and the pulp pressed out into some vessel, adding about one third its volume of water. Put in a dark room until fermentation in, which will be in about two days, when the seed will separate readily from the pulp. It is then washed out and spread out to dry but not in the sun. When dry, store in paper bags until needed.

The seed of other vegetables can also easily be saved, and there are many persons in Canada who have their own specially selected strains of different sorts.

Items of Local Interest

Mrs. J. S. Astleny sang "O Eyes That Are Weary", most effectively in the Methodist church on Sunday evening last.

St. George's Sunday School, of Parrabero, held their annual picnic at Wolfville on Monday, coming over on the S. S. Prince Albert.

Mr. Patriquin, the treasurer of the Children's Aid Society wishes to acknowledge the receipt of twenty-five dollars from the Wolfville branch of the Red Cross Society.

Supt. Johnson and a staff of men have been at work this week repairing and re-surfacing main street. This is a work that has been needed for sometime and we are glad to see it well accomplished.

The Olympic trap shooting competition was won on Friday last by the United States team, which broke 547 out a possible 600 clay targets. The other scores were: Belgium, 503; Sweden, 500; Great Britain, 488; Canada, 474.

In the Methodist church on Sunday, Mr. Kang, a native Korean, gave a most instructive address respecting his own country, Korea, and Rev. W. H. Barclaugh, B. A. of Moncton, also delivered a most inspiring sermon.

The Nova Scotia Motor League passed through Wolfville on Monday and painted the sign of the valley route on several posts in the town. The Motor League is doing a good work in thus blazing trails through the province.

The congregation of St. John's church Cornwallis, was favored at a recent Sunday morning service with an exceedingly well rendered solo, "The Plains of Peace", by Mr. Lewis Howe, of Annapolis Royal. Mr. Howe possesses a very fine tenor voice.

Mr. Lewis Howe, of Annapolis Royal, has just been transferred from Kings county, as supervisor of the S. S. B., to Yarmouth and Digby counties, to succeed Col. LeCain, who has resigned. Mr. Ralph W. Donaldson has been appointed to the work in Kings county in addition to Annapolis.

During the past week Mr. J. Alfred Elderkin has sold three properties. Two of them are houses situated in a grove of evergreen shrubbery and orchard of about 200 vigorous fruit trees, with a never failing supply of pure water. The other property is in Greenwich and consists of 27 acres, with wood and timber, and with the same water supply. The purchaser intends erecting a residence this year.

An auto party composed of Mr. and Mrs. H.E. Woodman, Mrs. A.J. Woodman, Mrs. Gue and Miss Carrie Hayes, participated in a delightful trip last week to Chester and Halifax. They spent some time at Chester where they enjoyed a motor sail on the harbor, thence to Halifax where they had dinner and attended the theatre, returning the same night to Wolfville. The trip was without mishap of any kind and was a very enjoyable one.

WANTED—A second hand Baby Carriage, in good condition. Apply to Box 63, Wolfville.

Berwick's newly established light and power plant was given its initial test on Friday night last and is now in successful operation. The plant is located at Factorydale, about five miles southwest of Berwick, and is one of the most complete and best equipped hydro-electric plants in Nova Scotia. It is equipped with a 200 h. p. twin turbine, directly connected to a 125 K. V. A. alternating current. Water is led to the wheel by 1100 feet of pipe-line, giving a head of 72 feet.

A rather bad wreck occurred last Thursday on the D. A. R. near Hectanooga, Yarmouth County, when the locomotive of the eastbound express left the rails, and also the mail, express and baggage car and the forward trucks of the first passenger coach. The track was badly torn up and before traffic could be resumed it was necessary to build a piece of new road for a distance of about one hundred yards. Despite the fact that the run-off was a serious one not a passenger or any member of the train crew was injured.

At the Presbyterian church on Sunday morning last the speaker was Rev. Dr. Young, of Korea, who gave a most interesting address, touching on the recent Korean revolution and the missionary work in that country. At the evening service the speaker was Rev. Dr. Faulkner, of Pine Hill College, Halifax, who preached a very able sermon. Mr. Arthur Estey, who is spending the summer in town, presided at the organ at both services, and his playing was much enjoyed. Miss Doris Chambers sang a solo at the morning service.

Former Wolfville Girl Weds

The following from the Regina Leader, of July 15th refers to a young lady who resided in Wolfville at one time and who graduated from Acadia in the class of 1907:

One of the prettiest weddings was celebrated last night at Knox-church, when Miss Helena Beatrice Marsters became the bride of Ashley MacIntosh Walker, Rev. Dr. W. W. Andrews performing the ceremony, and Prof. C. G. Egg played the wedding music. The church was tastefully decorated with palms, fern and gladioli. Miss C. E. Brewster was bridesmaid, Harold Brown best man, and W. E. Walker, G. A. Ewart and Walter Hastings the ushers. The bride was very sweet in her wedding gown of white Jersey silk, with which she wore a veil held in place by lilies-of-the-valley, and she carried a shower bouquet of bridal roses. Her mother was gowned in black satin and georgette and all black hat. The bridesmaid was daintily frocked in mauve voile, with large hat to match, and carried carnations. The wedding reception was held at 2269 Lorne street. Receiving were Mrs. Marsters, of Halifax, and the bride and groom, with the bridesmaid and best man. Wild roses decorated the living room, while pink gladioli and roses were used in the dining room, where the honors were done by Mrs. Thomson, of Pense; Mrs. A. I. Daniel, of Brantford, and Mrs. W. W. Andrews assisted by Mrs. W. E. Walker, Miss Marion Blacklock, Miss Flossie Fraser, Dr. Grace Armstrong and Miss Nora Armstrong. The newly married couple are taking a motortrip to Banff, and will later take up their residence in Regina. The out-of-town guests were Col. and Mrs. James Walker, of Kerrobert; Mrs. Miss and Dr. Valens, of Saskatoon; Mr. and Mrs. Stewart, of Pense; Mr. and Mrs. Edwing Thompson, Wolsley; Mr. and Mrs. B. J. Thomson, and Murray Thomson, of Pense; Mr. and Mrs. Don Macmurchy, Yorkton; Mr. and Mrs. J. W. Walker and Miss Marguerite, Prince Albert, and Wm. Walker, Kerrobert.

Twenty-five of Canada's best athletes sailed from Montreal on Saturday for Belgium to take part in the Olympic games. There were no Maritime province men in the lot.

FOR SALE
Medium sized Refrigerator in good order. Immediate delivery if required. Apply to Rev. Noble Crandall, Phone 198.

St. John Exhibition

The Proposed Public Health Exhibit.

Public Health Exhibits have been attempted to a greater or less degree in the Maritime Provinces at various times, but it has remained for the St. John Exhibition to make this a distinctive and complete feature. At the coming Exhibition to be held from September 4 to 11 there will be a department devoted to a very comprehensive exhibit of this kind. This will be under the auspices of the New Brunswick Department of Health and will have the assistance of a large number of whose objects include work along philanthropic or public welfare lines, such as the Canadian Red Cross, Victorian Order of Nurses, Ambulance Association, Play Grounds Associations, and many other similar bodies. It is proposed that the entire Exhibit comprise some twenty booths each dealing with one phase of the subject. It is also proposed to run a Baby Show for one or two days and doubtless there will be much competition for the prizes offered in this connection; possibly also some heart burning among the different mothers whose offsprings fail to qualify for first place. It can hardly be doubted that an exhibit of this nature with its great educational value will prove a tremendous attraction to people in all parts of these provinces.

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

ROAD RULES OF A ROAD HOG

Go as fast as you want to, or at least as fast as your car can. Whose business is it anyway if you kill yourself?

Drive on whatever part of the road is best. If some one else is there contrary to road rules, force him to give way. If you are there, remember that possession is nine points in law.

Use the brightest, most powerful headlights you can get, and still obey the letter of the law. What if their glare does blind the other fellow? You have to see, don't you?

Don't hesitate to race with a train whenever you get a chance. It lends excitement, and besides, you might beat it to the crossing. If you don't—well, it's your own life you're risking, isn't it?

When overtaking another vehicle sound your horn for it to give you the road. If the driver proves to be a road hog pass on whichever side of the road is best and give him your dust.

Don't bother to test your brakes, they're probably all right, anyway, and if they're not, you'll find out soon enough.

Turn in the middle of the block, if you want to. You can't drive all day just to get to a crossing, can you?

Don't be dictated to by traffic cops. Remember, they are merely hirelings.

E. W. ROBINSON, MANAGER

PLAN TO BE PRESENT

Does anyone take orders from the employees?

Unless there is an officer around, don't signal with your hand when you intend to turn or stop. Let the other fellow look out. That's what he's there for, isn't it?

Always remember that your comfort and convenience comes first. Let the other fellow look out for his own.

Motor vehicles in the United States represent a total valuation of approximately \$6,357,594,580.

SUNDAY TOURING BARRED

In Switzerland motor cars will not be allowed to run during daylight hours on Sunday from May 1 to September 30. This regulation is intended to enable people who do not own automobiles to take their holiday excursions without being annoyed by dust.

The State Senate of Kansas recently passed a bill to make the penalty for theft of an automobile imprisonment for from 5 to 15 years. The house already has passed the bill.

CYLINDER OIL FOR CHAINS.

When a silent chain has been removed from its housing, it should not be installed again without being thoroughly cleaned. Submerge the chain in coal oil and allow it to remain there for 15 minutes. When thoroughly clean, dry off and then submerge it in a bath of medium grade cylinder oil, allowing it to remain until the lubricant has reached every bearing surface. If the silent chain is exposed when in operation, it should be oiled as often as possible. Lubricate the sides of the chain which comes in contact with the sprockets and not the outside of the chain. Never use hard grease for chain lubricant.

WATER IN CARBURETOR

A common, yet at the same time mysterious cause of an engine missing explosions, is water in the carburetor. When trying other causes of skipping try draining the carburetor. Catch some of the fuel in the hand and note if globules form on top. They reveal the presence of water.

Millions of gallons of fuel are wasted every year through the idling of truck engines. When the truck is standing at the loading platform or elsewhere the engine should be stopped. Unless some watch is maintained over the drivers they will idle their engines to avoid the trouble of making a fresh start.

THREE WAYS TO RUIN AUTO TIRES

Of all the ways that have been hit upon by careless motorists for ruining tires on the road, three may be accepted as standard: Underinflation, misalignment of wheels and heedlessness in driving, says a writer in the June issue of Motor, the National Magazine of Motoring. "There are many other methods short of placing a tire in contact with a whirling grindstone for divesting it of its tread and injuring the inner fabric, but these three are the most usual. Of them under-inflation is probably the commonest cause for the early demise of a casing." Proceeding from this premise, Motor's writer proceeds to discuss the various methods of running tires and to point out in detail the opposite procedure, by which the ultimate mile build into a good casing may be extracted in the form of service by the car owner.

AUTOMOBILES FOR SALE!

Several second hand Autos, and Auto Trucks. All thoroughly overhauled and ready for the road.

T. E. HUTCHINSON
WOLFVILLE

Lovely Regions in the Canadian Rockies

If the beauty of the Canadian Rocky Mountains, north of the line between the Dominion and the United States, is not the grandest in the world it is certainly lovely as any anywhere, and it is the loveliest on the American continent. The glory of the European Alps is dimmed by the towering snow clad peaks of the Rockies. Travellers on the Canadian Pacific Railway from Calgary, through Banff, Lake Louise, Field and Glacier on to the Pacific Coast view a land in which they feel themselves transferred to an earthly paradise.

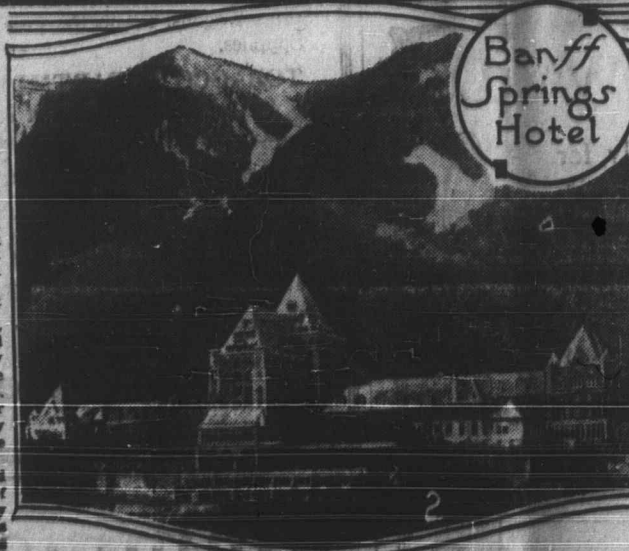

The gigantic heights, the snow capped peaks, the rugged boulders, the pines growing in the sand and rock crevices up as far as the snow line are amongst the most impressive features of the Rocky Mountains. How the builders of the C.P.R. ever were able to excavate their way through this region is one of the wonders of the world.

Visitors whose time is limited should anyway explore a portion of the Rocky Mountain region and stay off at Banff and Lake Louise, points where the C.P.R. has built luxurious hotels. Besides, good roads radiate from these spots and automobiles or ponies can be engaged to bring the tourist right into the heart of the best scenic regions.

Banff is situated at an altitude of 4,521 feet in the Canadian National Park. This Park is a natural reservation of 5,732 square miles embracing part of the Bow river valley, numerous small rivers and several towering mountain ranges. Banff National Park is the largest in the world. Cascade Mountain, 9,825 feet high, looks down on Banff Springs Hotel, and the hotel looks down on the Bow river valley. Buffalo still roam in the Park, and the Zoological Garden contains many Canadian wild animals. Banff Museum possesses many valuable objects of curiosity.

In the Museum there is a visitors' book in which a space is provided for remarks on Banff. Looking over the book, one is interested enough to take a note of some of the opinions on Banff. Here are a few:

"Banff is unequalled for beauty."
"Oh, would that my tongue could utter the thoughts that arise in me."
"Almost broke, but happy. Banff is me in just the place to spend a lovely holiday. Let us be happy while we can."
"What more can anyone desire?"
"Cannot be beaten."
"Beyond description."

"If I do not go to heaven when I die, I would like to go to Banff next to heaven."

"Here one may look upon the face of God."

Scaplanes are employed to give visitors to Banff unusual thrills this year. They are being used in preference to aeroplanes because the lakes in the mountains offer landing and take-off stations for them, whereas such facilities are not available for the ordinary machines. The lake at Banff has been secured as the base of operations, and flights over the mountains and to other isolated lakes are projected.

The lake known as Lake Louise is a small sheet of water surrounded by mountains on all sides but one, and on this open side stands the Chateau Lake Louise looking out on the lake and the heights above. The water in Lake Louise at different periods of the day puts on the most wonderful hues of green which baffle description. Some of the mountains at Lake Louise are Saddleback 7,893 feet high, Fairview 9,000; Lefroy 11,220; Victoria 11,355; Whyte 9,776; Big Beehive 7,430. Swiss guides conduct mountain climbing parties at Lake Louise. Ponies are largely used for climbing the trails on the mountain sides. From the Chateau Lake Louise it is a nice climb to the Lakes in the

Clouds, and this climb can be easily done on foot by any athletic lady or gentleman. Among the Lakes in the Clouds one may enjoy tea in the comfortable log cabin erected for the comfort of the climbers.

There is opened to tourists this summer a new resort of rustic design in the Canadian Rockies on the sandy beaches of Lake Windermere, the loveliest warm water lake in British Columbia. Lake Windermere is situated about 170 miles south of the Main Line of the Canadian Pacific and is reached from the main line at Golden, or from Colwall on the Crow's Nest, the station being Lake Windermere.

The scenery of this region combining as it does, pastoral softness with rugged mountain grandeur will attract visitors from all parts and become a favorite playground.

The summer visitor will find here everything that he could wish, bathing, boating, riding on mountain ponies to great Canyons and Glaciers, golf, automobilism, fishing and big game hunting in season.

The Canadian Pacific has erected a number of cabins fully equipped with every convenience of the modern home. An auto road from Banff is in the course of construction by the Dominion Parks Board.

A BATTERY YOU DON'T HAVE TO WORRY ABOUT

The day is coming, and coming sure, when you will make a sudden and possibly exasperating discovery—that the battery in your car has kicked its last kick! When that day comes buy a new battery that you don't have to worry about, one that has fully demonstrated its ability to deliver the service you require with the least amount of attention.

Prest-O-Lite Battery has excelled in every competitive test. It has more pep, more power and more endurance. There is a correct size for every car.

No matter what make of battery you now own, we'll help you to get maximum service by giving it an occasional test and adding distilled water, without cost to you.

We are splendidly equipped to recharge and repair all makes at right prices. A service battery is at your disposal while yours receives attention.

Drive around and let us give your battery an occasional "once over" to see if it needs attention.

Official Prest-O-Lite Service Station.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent the dreaded summer complaints. They are an absolute safe medicine, being guaranteed to contain neither opiates nor narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Sunshine is delicious, rain is refreshing, wind braces us, snow is exhilarating; there is really no such thing as bad weather, only different kinds of good weather—Ruskin.

Minard's Liniment Lumberman's Friend

I. O. O. F. GRAND LODGE

The Maritime Provinces I. O. O. F. grand lodge meets at Sackville, N.B., August 11th, and S. M. Walker, P.G.M., Halifax; D. G. Whidden, P.G.M., Wolfville; W. Stetson Rogers, P.G.M., Halifax; H. S. Stevens, New Brunswick; and A. S. McMillan, Truro; have been named as a committee to report on the state of the order. The Sovereign Grand Lodge meets at Boston the last week of September.

RICH BENEFITS
There is not a single reason why you should deny yourself the benefits of rich, nourishing
Scott's Emulsion
Far better than alcoholic tonics or medicines, every drop of Scott's contributes to strength and better health.
Scott & Bowne, Toronto, Ont.

A BRIDE, HER CAKE, AND ITS SUPERSTITIONS.

The custom of including the thimble, wedding ring, and other similar objects in the wedding cake is comparatively modern.

The ring signifies that the person who receives the piece of cake containing it, will be the first to wed. The thimble dooms the recipient to an old maid's fate, while a coin pretends wealth. The button foretells bachelorhood.

Bride Cuts Cake.

A bride should cut the first slice of the wedding cake as it will bring her luck. However, it is unlucky for her to bake the bridal cake. If any mishap befalls the cake, it portends sorrow in the bride's life.

To Keep Piece of Cake.

If an unmarried woman eats a piece of cake that the bride has left on her plate, she will be married soon. For an unmarried girl to carry a piece of the wedding cake in her pocket until the honeymoon is over means that she will marry before the dress is worn out.

When there is a wedding in the family for the first time a piece of the bride's cake should be left in the house until all the daughters are married, otherwise they will remain single.

CANNING NOTES.

Mrs. Buchanan and little son, of Berwick, are the guests of Mrs. Schafheitlin.

Mrs. Edward Mullins, of Arlington Heights, is the guest of her sister, Mrs. William Irving, and of Mrs. Noble Blenkhorn.

Mrs. W. H. Rogers, of Mill View, is the guest of Mrs. Rupert Meek.

Mrs. Schafheitlin was the hostess at the monthly meeting of the Women's Institute held on Thursday afternoon, a large number being present. The program was an interesting one consisting of the following:

- Reading—Miss Dora Schafheitlin.
- Violin Solo—Miss Kathleen Rand.
- Reading—Miss Ainle.
- Reading—Miss Anna Schafheitlin.

Banff, Alta.—Seaplaning is to be one of the chief sports in the Canadian Pacific Rockies this summer, and guests at the hotel can book their flights to view and snapshot the Rocky Mountains from the air. Heavy bookings from tourists on both sides of the line have already been made and many are including the seaplane flight in their reservations.

The daily operating cost of a motor truck is from \$12 to \$20 a day, including maintenance and all items entering into operating costs.

ABSOLVING THE SPIRITS

A clergyman who was not disinclined toward an occasional glass, hired an Irishman to clean out his cellar. He brought out a number of empty whiskey bottles, and as he lifted each one, looked to see if there was anything in it.

The clergyman, who was walking on the lawn, noticed him, and said: "They are all dead ones, Mike."

"They are," answered Mike; "but there is one good thing about it: they all had the minister with them when they passed away."

"LITTLE PIGEONS CARRY GREAT MESSAGES"

Before the days of the telegraph, Carrier pigeons were often used both in war and peace; hence the proverb.

Little want ads are like the pigeons and often carry money making and money saving items. Read them carefully. There may be something you want that may be obtained most advantageously. If you have something to sell, try the pulling power of a little want ad, yourself.

SETTING THE NUT

Castellated nuts have a way of tightening up between notches. If the nut is screwed up to the notch ahead it is too tight, while the notch back is too loose. This trouble can be cured by a careful filing of the face of the nut so that it can be screwed to the notch ahead.

Professional Cards.
