

FOUR PLOTTERS NOW IN JAIL

FOR COMPLICITY IN FRICK'S ATTEMPTED ASSASSINATION.

Many More Arrests May Follow—Suspects, It Is Said, Point to John Most and Other New York Terrorists As Being Privy to Bergman's Murderous Design.

PITTSBURG, Pa., July 26.—Three of Alexander Bergman's supposed accomplices in his murderous assault on Henry Clay Frick are now under arrest.

As pointed out yesterday the attempt to murder Mr. Frick was, it is now generally believed, the result of a well planned, deliberately executed scheme of Anarchists to settle a wage war by the reclamation of their scheme to punish capitalists by death for their differences with them.

Whether John Most will be landed in prison for complicity in the ferocious onslaught on Mr. Frick remains to be seen. At this moment there is much to indicate that he must have known such a crime was being planned and that he was not only present but that he had made such a desperate attempt to popularize it since the day-market riot in Chicago. Since that time Anarchists have been convinced that they can't fight the American Government and army, they must make themselves a power there is every reason to believe that they deliberately doomed one of their number to almost certain destruction in order that they might have the spotlight on the most prominent in the eyes of the American people.

Had the assassin succeeded in destroying Mr. Frick there is very little doubt that the Carnegie Steel Co. would have been beaten in its fight against organized labor. Then the Anarchists would have claimed the credit of having won the fight and thereupon sought to make converts.

The scheme was thought out by John Most and other New York terrorists. Bergman's shot was not fatal. He was arrested. He had the courage to chew the fat and to fight his way out of the hospital. New Bergman's fellow-conspirators have begun their march on Pittsburgh. Bergman with all his bravado and all his protest that he alone had planned Frick's killing, did not succeed in making his story during the week preceding the attempt at assassination.

Carl Knoll, whose arrest was telegraphed yesterday, the man at whose home Bergman boarded from July 14 until the day before the shooting. He is an Anarchist and a proud one. He knew nothing of Bergman's fiendish plan.

When the name of Mr. Frick's assailant was everybody's tongue Saturday afternoon one of the employees in the Adams Express Company's office happened to remember the name of a man who had been sent to the prison for a crime.

The money packages had long been sent from Long Branch, N. J. After consulting with Bergman's express company he decided that the interests of justice demanded that they tell what they knew to the police.

AN UNLUCKY PUNISHMENT

String Up by the Thumbs, Shaved on One Side and Drugged Out of Camp.

PITTSBURG, July 26.—The Times gives the following particulars of the stringing up of John Most. For proposing three cheers for the fellow who shot H. C. Frick, Private W. L. Lam of Company K, Tenth Regiment of West Virginia, was subjected to the most humiliating punishment.

When the men reached Camp Kowley on Saturday Private Lam was sent to his quarters in this penitentiary and was overheard by Lieut. Col. Streator, who is commanding the Tenth. Col. Streator ordered the entire regiment to be drawn up in line and then he directed the man who had proposed the cheers for Bergman to advance to the front. After a little delay Lam stepped forward. When asked why he assumed an air of bravado and refused to answer. He was asked to apologize, but refused to do so. He was then sent to the guard house and his case was reported to the general, Snowden, who ordered a court martial.

The regimental officers held the hearing in the main guard house and as Lam admitted his guilt and refused to apologize the court martial ordered that half of his hair be shaved and that he be strung up by the thumbs for 30 minutes, be stripped of his uniform, and then be taken to the stocks. After having his head and mustache shaved as directed, Lam was hanged up by the thumbs. The 30 minutes he endured the torture and then he lost consciousness. Two surgeons ordered that he be cut down at once or he would soon be dead. He was cut down, and after the doctors revived him he was stripped of his uniform and given an old pair of overalls to wear. With only these he was taken to the stocks and was led out of the camp to Swisshaven station to the train for the Carnegie Steel Co. which he had to ride in the morning.

Will go to Live About It.

PITTSBURG, Pa., July 26.—Great indignation has been expressed in Pittsburgh today over the news of the punishment in the penitentiary in the case of John Most. Private Lam, and there is little doubt that action will be taken by his friends to test in the courts the right of the military to punish a man by such means and then have him driven to the stocks for exhibiting the feelings of a boy and persisting to retract a remark which every body considers thoughtless.

The image was conveyed to the palace of the Grand Duchess Catharine Michailovna, where the court chaplain was the first to see it.

A MONTREAL BANK THIEF.

CAUGHT WHILE LIVING IN LUXURY IN GERMANY.

His Lavish Expenditure of Money in Frankfurt-on-the-Main Won Him the Title of "The American Millionaire."

NEW YORK, July 26.—Henry E. Hardy, one of the most desperate and reckless bank robbers and jail breakers that this country has ever produced, is in the custody of the police of Frankfurt-on-the-Main, Germany.

He had apartments at one of the fashionable hotels in Frankfurt, and was associating with several well-known Americans and other familiar and well-to-do English noblemen. His clothing was of the finest quality and he wore expensive jewelry.

He was arrested here by a Mr. G. W. Patten, a member of the Royal Prussian police force, who was on duty at the time.

Hardy was taken to jail and the German police called a description of the prisoner to Chief Inspector Steers. The message was received at Police Headquarters yesterday morning.

Chief Inspector Steers at once recognized "Carson" as Hardy, for whom the police of many large cities in the United States and Canada have been searching since December last.

Hardy, on September 10, 1888, robbed the First National Bank of \$75,000 and the Commercial National Bank of \$84,000 by attaching the money from the tellers.

He was arrested by the police of New York and was sent to the State Prison.

CANADA'S GREAT FAIR

What is Being Done to Prepare for

The great complaint at past Toronto exhibitions—a complaint heard from the industrial Association directors, the exhibitors and the public alike—has been the lack of space necessary to make the show the success it should be. After a long delay and many weary disappointments the additional space has been secured from the Dominion Government, adding between 50 and 60 acres to the grounds, nearly doubling the present space.

The improvements contemplated are a new grand stand 775 feet long to seat 13,000 people; a new ring track, etc., cost \$28,750; 500 horse stalls, 100 cattle stalls, new sheep and pig buildings, etc., \$78,000; 2000 stalls for the new ground, \$100; rearrangement of fencing in old ring, \$400; enlargement of carriage building, \$700; the work on the grounds is progressing in a very satisfactory manner and by Sept. 5, the opening day, the new buildings now in course of erection will be completed.

The Patrons of Industry, an association of farmers, have decided to hold a great gathering and picnic on the fair grounds on Tuesday, Sept. 12. The annual meeting of the Dominion Farm Congress will be held in Toronto during the week commencing Sept. 5. Delegates from all over Canada, including British Columbia and the Maritime Provinces, will be present.

Mr. F. W. Clark, superintendent of the main exhibition building and annex, is in attendance at the exhibition. King-street east on the afternoon of Monday, Wednesday and Friday from 2.15 to 5, and in the morning from 9 to 12 at 266 Queen-street west (telephone 1119), each week for the purpose of exhibiting and including exhibitors in the Main Building and annex.

Manager Hill is busily engaged preparing the program of amusements. He has recently returned from a visit to New York, Philadelphia, Atlantic City and other American cities, and has made contacts with some of the best companies on the continent.

The directors have this year set apart more space than ever before for the exhibition of butter, cheese, dairy and creamery products. Dr. Hill has been appointed to his old position of assistant secretary, and Mr. George H. Brooks has been appointed agent. Both gentlemen can be seen at 28 King-street east.

Certain Recommendations Urged by Property Owners—An Association Formed. A meeting of the property owners of property abutting on Ashbridge's Bay was held Monday night at the Clyde Hotel, Mr. James Mitchell presiding.

The unsatisfactory condition of Ashbridge's Bay was the theme of discussion and it was decided to recommend to the Council the following improvements:

(a) Construction of a channel from a point at the west end of the bay to the east end of the bay, the north side of which channel to be the line of the shore, and the south side to be the line of the shore, as shown on plan prepared under resolution of Aug. 14, 1938.

(b) Construction of a sheet-piled breastwork along the north side of the channel, 100 feet to the north of which shall be a line of the shore, and the north side of the channel and territory which shall be the property of the city, and their riparian rights shall be recognized, and

(c) The filling in of all private property reclaimed.

(d) The construction of entrances to the said channel from the lake on the east and from the lake on the west, and

(e) All construction along each part of the south side of the said channel which may be found necessary or desirable for the purpose of carrying the River Don into the said channel, and

(f) The filling in of all city property reclaimed.

The cost of these works is divided as follows: The work described in No. 1, above, to be paid for by the property owners along the water front, and by the corporation of No. 1, Water front; namely, such to bear one-half of cost. The work described in No. 2, above, to be paid for by the City of Toronto.

It was also decided to form an association to forward the reclamation of the bay as its state is becoming so dangerously serious.

THE BEST WAY TO GET A COMPLETELY NEW HOME. It is worth knowing. Strangers who desire to buy a new home, or who are looking for a new home, should not be misled by the many advertisements which are published in the newspapers. The best way to get a complete home is to buy a new home from a reputable builder. The Toronto Home Building Co. is the only builder in the city who has a complete range of new homes to offer.
