Schafer, of the Government Railway, who has been coming to Kentville the past three seasons in connection with apple shipments has returned to New Brunswick. Mr. Schafer reports five thousand cars of apples, shipped over the D. A. R. here this season. It seems that the market for our unexcelled fruit is very wide, as part of the shipments went to the old Country, part to the United States, as far as Florida also some to Pernie, Britain spending the week end guest of Mr. C. Jones, manager of the popular Pines Hotel, Digby. Mr. Ralph E. The improvement of the grounds, including a race track and grand stand were among the important matters considered. It was decided to hold another big celebration on Labor Day. BUY AT HOME BUY AT HOME! has ever been the motto of THE WEEKLY MONITOR. If you've a Dollar to spend, spend that Dollar with the Home Merchant, Home Dealer, or Home Manufacturer, from whom you earned it. "A Dollar Saved is a Dollar Earned" is a maxim which applies no more forcibly to the thrifty housewife or the industrious wage earner than it does to the life of a community. A Dollar Bill spent with the Bridgetown manufacturer will in turn find its way back to the wage earner, to the housewife, to the farmer and huckster, and again in turn, to the Retail Merchant or Dealer and back again once more to the wage earner, to be again sent on through the channels that bring prosperity to the community. This is the chief reason why you should Buy at Home. PORT LORNE Mr. and Mrs. T. W. Templeman have returned to their home here after spending the winter in Bridgetown. Don't Do It!
There's a feeling abroad today that one way to cut down the high cost of living is to wear overalls.
Let Us Talk it Over
A rush on Overalls will cause a shortage in that line of goods. That in turn will bring a sharp advance in price, which will add greater expense to the factory worker for his clothes. He will strike for higher wages, which will bring back to you an advance on all other lines you buy. Don't do it!
I can fit you out with Men's and Boys' Wear at moderate prices. Come and see for yourself.

NEW SEASON
TO THE TRADE:
Last season was not all clear sailing for the Retailer or Manufacturer.
The Manufacturer was greatly troubled by the labor unrest, so much so that it was almost impossible for him to procure adequate skilled help; to say nothing of the high wages.
The uncertainty of the market caused the retailer to be over-cautious in buying, and ordered in smaller quantities and at a later date than usual, thus causing the Manufacturer to be delayed in the commencement of operations.
The hide condition does not materially affect the situation at present, and there is every reason to believe that the market will remain strong throughout the current year, and we look for prices to advance rather than recede.

When Home Seems Good

A BLIZZARD OUTDOORS—warmth and comfort within. There is nothing in the home so necessary as a good furnace. Stoves and base burners are unequal to the task—they choke the air with dust and only warm parts of the house.

And buying a furnace is a matter of knowing how. The warm air heating system is the least costly. It is the most effective and healthful too. The

ENTERPRISE BLAZER WARM AIR FURNACE

will keep every corner of your home delightfully comfortable in all kinds of weather. It draws in the pure fresh air from the big outdoors, warms and moistens it and sends it on its way to you. Stoves and radiators can only heat the same air over and over.

Every part of the Enterprise Blazer Furnace is made just a little bit better than is necessary—the grate bars a little stronger—the fire-pot a little heavier. These are the things that enable us to guarantee that the Blazer Furnace will give you entire satisfaction.

WEDDING BELLS

GOODDAY—BAYARD

A military wedding of interest took place Wednesday afternoon at 2.30 in Trinity church, St. John, when Miss Dorothy M. Bayard, daughter of Mrs. Bayard and the late Robert Bayard of Westford, became the bride of Capt. Reginald L. H. Goodday of Ottawa. The church was artistically decorated. The ceremony was performed by Rev. Canon R. A. Armstrong in the presence of many relatives and friends. The bride, who was given away by Major Stewart Skinner, was becomingly attired in a wedding gown of white duchess satin with pearl trimmings and carried a bouquet of white roses. Miss Margaret Teed was bridesmaid, attired in pale blue satin trimmed with pink roses and pearls with hat to match and carrying a beautiful bouquet of sweet peas. Lieut. W. V. R. Winter of local military headquarters, supported the groom, while Capt. Bayard Coster and Capt. R. L. Murdock acted as ushers. The bridal party proceeded to the altar to the strains of Lohengrin's wedding march and while the witnesses were signing the certificates in the vestry Miss Louise Knight sang "O! Perfect Love." As the party left the church the choir sang "The Voice That Breathed O'er Eden."

Both the bride and groom were surprised as they left the church to find a guard of honor drawn up on the steps. It was made up of eighteen warrant officers and staff sergeants and was under the command of Regimental Sergeant-Major William Pitt.

After the wedding a reception was held at the La-Tour Apartments. The toast to the bride was proposed by Brigadier-General A. H. Macdonnell, C. M. G., D. S. O., and responded to by the groom, and Rev. Canon Armstrong proposed the toast to the bridesmaid, which was responded to by the groomsmen, Lieut. Winter, Dr. W. W. White proposed the toast to the bride, and this was responded to by Major Skinner. At the conclusion of the reception Capt. and Mrs. Goodday motored to the station and left on the Montreal train amid showers of confetti and hearty congratulations and wishes for much future happiness. They went to Montreal and Ottawa on a short wedding tour. On their return they will reside in Bear River, N. S. Among the guests at the wedding were Lieut.-Col. A. H. H. Powell of local military headquarters and other staff officers. Captain Goodday is well-known in St. John, having been assistant provost marshal for that district for several months, before which he had been overseas, where he has a distinguished record.

McCURDY—McMAHON

A quiet wedding was celebrated at Windsor Wednesday afternoon at the residence of Mrs. Margaret McCurdy, King Street, when her youngest daughter, Margaret Alberta, was united in marriage with Albert McMahon, of Kentville, manager of the United Fruit Companies, Ltd. The Rev. R. W. Angus performed the ceremony, which took place at 2.30 p. m., at the home of the bride. Only the immediate relatives were present, also a few friends. The bride looked well, gowned in a navy blue serge travelling dress. She wore a blue hat and carried a bouquet of bridal roses.

Refreshments were served following the ceremony after which Mr. and Mrs. McMahon left on the afternoon express for Halifax enroute to Philadelphia. There was a large collection of valuable presents among which were the following: From the office staff the United Fruit Company at Kentville, a handsome leather chair, and from the Board of Management of Graham's Limited in whose office at Windsor the bride had been employed, and a cut glass bowl from the Christian Endeavor of St. John's Presbyterian Church, Windsor.

MET AN OPEN DOOR

"What is that?" exclaimed Pat's wife about two o'clock in the morning. "Man I hear burglars."

Pat slipped on a pair of slippers, and, with extended arms, crept towards the door.

There was a long pause, then "Shades of St. Patrick!" yelled Pat simultaneously with a loud ominous bump.

He had come across an open door, and of course, his arm had gone each side of the door, bringing his nose in contact with it.

"Why what is the matter?" said Mrs. Pat.

"Sure, it's the biggest surprise of my life!" answered Pat. "It's the first time I knew my nose was longer than my ar-r-rms!"

MOTORIZING THE FARM

THE horse has been declared by Thomas Edison to be the most inefficient machine in the world. In return for the amount of food and care needed, the horse returns less in work than any other machine.

The average team of farm horses costs \$400, a good set of double harness \$100, a wagon without box \$115, making a total of \$615.

A Ford Truck costs \$750 at Ford, Ont. A Fordson Tractor costs \$850 at Dearborn Mich.

The initial cost of motorizing a farm is slightly greater than the cost of a horse outfit, but the lower cost of operation and upkeep of the tractor and truck and the greater amount of work done easily put the horse out of the running.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour.

A team of horses cannot plow more than two acres in a ten-hour day. At 8.7 cents per hour or 17.4 cents per hour for a team, the cost would be \$1.74, or 87 cents an acre. A Fordson Tractor plows on an average of seven acres a day. The cost per acre averages not more than 75 cents per acre for gas and oil. The Fordson does three and a half times as much plowing in a day at a smaller cost per acre.

Suppose you are hauling produce to market or bringing out supplies. If the town is twenty miles away it will take you a whole day to make the return trip

with horses. If you have a heavy load and the weather is hot it will take you two days. If it took you twelve hours, the cost at 17.4 cents an hour for your team would be \$2.09. The average cost of running a Ford Truck, for gas and oil, is 4½ cents a mile or \$1.80 for the forty miles. But with the Ford Truck you can make the return trip in four hours. The truck enables you to make three times as many trips and at a lower cost per trip.

But this is not all. If you motorize your farm you can get up an hour later in the morning. You have no horses to feed, groom or harness. You start work after breakfast.

When dinner is ready you stop at the end of the field, drive your tractor direct to the house, eat your dinner, and rest till it is time to go to work again.

In the afternoon your motor works just as well though the sun is hot and the flies are bad.

And at night when work is over you are through for the day,—no horses to rub down, feed or water.

You are always free to leave your farm for picnic or vacation—no worry about horses left behind to be cared for.

Every way you look at it the motor has the advantage over the horse. It means shorter hours on the farm, more work done in less time and at less cost.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. THE CHURCH AND THE PRESS

(Chatham Planet)

Take the newspaper. A fine testimony was given the other day at a conference to the part played by newspapers in the recent world conflict. The speaker declared that God is communicating with the people through newspapers and magazines: "I am amazed at how the newspapers and magazines in the last five years have expounded the principle of justice from the word of God. In this period more material of this character has appeared in the newspapers and magazines than in the fifty or one hundred years previous." The churches will do well to avail themselves of every opportunity of spreading the truth they hold through the medium of newspapers and magazines.

IMPOSSIBLE

Cholly—After all, fools make life amusing. When all the fools are dead I don't want to be alive. Charlotte—Don't worry, you won't be.—Boston Transcript.

It was 48 years ago Tuesday that B. B. Hardwick of Annapolis left home to begin his commercial career. He has survived in pretty good shape.

DIGESTIVE TROUBLES CAUSE DISTRESS

But They Are Nearly Always Due to Thin Watery Blood.

Do not think that because your stomach is easily upset you are the victim of some serious malady. One of the most common predisposing causes of indigestion is anaemia, or thin, watery blood. In fact it has become generally recognized that healthy activity of the stomach is impossible unless the blood is rich and red.

Dr. Williams' Pink Pills have been found most valuable in cases of indigestion, nervous dyspepsia and stomach weakness, just because they are a blood builder and nerve tonic. The rich, red blood they make not only imparts a healthy digestion but carries color to the cheeks and lips and gives vigor to the muscles. One important point to remember is that Dr. Williams' Pink Pills contain no harmful drugs or opiates and are thus to be preferred to preparations that merely stimulate for a time. Before you begin worrying unnecessarily about your state of health, try the tonic treatment of Dr. Williams' Pink Pills. You will be surprised to see how rapidly your appetite returns and your whole debilitated system revives, as the new, rich blood courses through your body. Here is the statement of one person among thousands who have used Dr. Williams' Pink Pills to their own great advantage. Mrs. A. Ventot, Hemford, N. S., says: "For about two years I was a great sufferer from indigestion, which seemed to carry with it a complication of other troubles. Every meal I took brought with it misery, as it was followed by pain, and sometimes nausea and vomiting. At other times gas would form in the stomach to such an extent that my heart would palpitate at an alarming rate. These conditions brought on extreme nervousness and irritability, and I found my general health so much affected that the least exertion would tire me, and I slept but poorly. I had been doctoring for several months with no result beyond slight temporary relief, when I was advised by a friend to try Dr. Williams' Pink Pills. I decided to follow this advice, and got a half dozen boxes. Good results soon began to show from this treatment, and the further continued use of the pills have made me

a well woman. I can cheerfully recommend Dr. Williams' Pink Pills to similar sufferers."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams Medicine Co., Brockville, Ont.

Shelburne Gazette: Here is a fish yarn from Carleton Place. A young son of James DeMings was down on the shore when a school of herring appeared. A young halibut was following the herring and was swimming on top of the water. The lad picked up a stone and fired, striking the halibut with sufficient force to stun it when he waded out and carried baby halibut to land in his hands. Beat this if you can. Weight of halibut 17 lbs.

The Attainment was heard from St. John's, Nfld., to be ashore to load lumber for New York. The captain had been married only two weeks and his wife's life was saved with great difficulty.
