TEN HEADS OF TORONTO HYDRO DEPARTMENTS HAVE RESIGNED

CITY ABANDONS EFFORT TO CLEAN WATER TUNNEL ALL POWER CONTRACTS MUST GO TO PEOPLE MILLION DOLLAR PROPERTY FOR A NEW POSTOFFICE

WASTE OF WATER BY CITIZENS CAUSED ABANDONMENT OF PLAN TO CLEAN WATERWORKS TUNNEL

All the City North of College Street Was Without Water, and at Nine o'Clock Works Commissioner Harris Announced That Cleaning Operations Had Been Stopped—Water Will Be Turned Into the Tunnel Today and Supply Will Again Be Normal—Thoro Investigation to Be Held Following the Discovery That the Valves at the Island Would Not Work.

THE attempt to clean the sand from the tunnel under the bay was abandoned last night at 9 o'clock, and will not be renewed until next fall. The water is to be turned into the tunnel at noon today, and the full water service restored. Responsibility for the failure of the attempt to clean the tunnel is placed by Commissioner Harris upon the citizens, who failed to co-operate by wasting the water. He feared a water famine, and a dangerous lack of protection against fire. He states that the pumps were supplying water at the rate of 80 gallons per head per day of the population, and yet there was not enough supply for the district north of College street late yesterday afternoon, and the reservoir was empty. The second bulkhead placed in the 6-foot pipe had stopped the flow of water into the tunnel at 2 p.m. yesterday, and the water was well lowered in the tunnel shafts at 9 p.m., but the inability of the pumps to supply the district north of College street was so evident that to continue cleaning operations was too dangerous.

CAUSE OF THE DELAY. Delay in emptying the tunnel of water was caused by a refractory valve in the 6-foot pipe, and Commissioner Harris will investigate conditions which permitted so faulty a valve to have been placed there. It has been there since 1908, and there was great difficulty in placing it in position at that time. The commissioner made this statement last night: "The reservoir ran dry at 2.45 p.m., and from then to 8 o'clock the district north of College street was practically without water. This means that the district south of College street was using 36,000,000 gallons per day, although the supply going thru the two old conduits could not be made more than 30,000,000 to 35,000,000 gallons per day at best.

WITHOUT FIRE PROTECTION. "After consulting with my assistants, we concluded that we could not possibly continue operations without a water famine, which, aside from serious inconveniences from sanitary and other standpoints, left the section of the city north of College street practically without fire protection. Mayor Hocken concurred in our belief, and the contractors had to be possibly foreseen, at 8 p.m. we had the work well in hand, and had demonstrated beyond doubt that, with the co-operation of the citizens, the even a slight degree, we could have been successful. The work in the tunnel shaft about 40 feet, and most of this had been completed. We will again attempt the work during the fall months.

VALVES WOULD NOT WORK. "The valves placed at the south tunnel shaft, and to the north, between the shaft and settling basin, and on the 6-foot pipe, could not be worked, they were installed only in 1908. I am informed that when the valve at the tunnel shaft was opened by the contractors in 1908, the services of four horses were required to open it. I purpose making a thoro investigation in order to ascertain who was responsible for those valves being placed and accepted in the condition which the pumping has disclosed.

"While we do not know anything as to the physical condition of the tunnel our experience today, when we lowered the water, would lead us to believe that any leak there is, if such there be, is in serious danger. "The staff is removing the bulkhead, and we hope by noon to be again supplying water thru the tunnel."

R. C. HARRIS

Works Commissioner For the City of Toronto, Who Announced Last Night That the Attempt to Clean the Waterworks Tunnel Had Been Abandoned.

TWO NOTORIOUS BURGLARS ARE ARRESTED

Albert Ferguson and Bill McCowan Said to Have Entered a Number of Houses and Stolen Jewelry, Some of Which Was Found in Their Possession.

Traced thru many sections of the city Albert Ferguson and "Bill" McCowan were finally rounded up by Detectives Miller and Tipton late yesterday afternoon in an hotel at Queen and Sherbourne streets. They are alleged to be a notorious pair of burglars. Jewelry was found in their possession, which the police claim, connects them with at least five robberies. McCowan made a clean attempt to escape, but was foiled by Detective Miller.

During the month of March and the earlier part of April the following houses were entered and valuable goods stolen: 12 Hazelton avenue, 121 Carlton street, 128 D'Arcy street, 603 Markham street, and 81 Metcalfe street. There were several other places broken into. After various clues had been followed Inspector of Detectives Kennedy decided that the burglars were Ferguson and Tipton. They were located in a rooming house at 448 West Wellington street where they had sold or attempted to sell jewelry in stores, hotels and other buildings. The officers at last reached the hotel at Sherbourne and Queen streets.

When the detectives entered the hotel Ferguson and McCowan were drinking at the bar and consequently failed to notice them. Before either man could get away, the officers seized McCowan and Tipton held Ferguson.

At George and Queen streets McCowan slipped some jewelry from his pocket and hid it a few feet away. The action, however, caused Detective Miller to become suspicious. Instead of reaching down to get possession of the jewelry Ferguson took a firmer hold on his man. He then forced him to walk over to the spot where the brooches and rings lay. When Miller stooped to secure the goods McCowan twisted in an attempt to get away. He failed as the detective had prepared himself for this ruse.

The Pope is Sinking

ROME, April 15.—(Wednesday, 2 a.m.)—Copyright.—The Pope is having a restless night. Both Dr. Marchisava and Dr. Amicari are in continual attendance. The fever is increasing. Temperature is now 38.5; breathing is somewhat laborious. Strophantis has been administered tonight to assist the heart action. Pulse very irregular.

ALL AGREEMENTS FOR POWER MUST BE VOTED UPON

Hon. Adam Beck Introduced a Bill in the Legislature Which Takes Away From Town Councils the Right to Sign Contracts For Power With Private Corporations.

NEWMARKET IS AFFECTED

People Must Vote in Favor of Signing a Contract Before the Agreement With the Private Company Can Be Sealed and Council's Action of Monday Is Void.

It is a question of the present hour whether the Newmarket Council will be able to turn down the proposals of the Hydro-Electric Commission after all. A gathering sentiment among certain members of the Ontario Legislature is that public ownership by a direct appeal to the people is going to triumph and that a few days will show in emphatic manner that regardless of the influence of private corporations, the power of the commission will be called upon to supply the needs of every municipality in the future.

What appears to be a very shrewd, if not spectacular, move on the part of the power minister appeared at the closing moment of the session last evening in the introduction of a bill dealing with the granting of contracts to power companies by corporations. It stipulates that in future every power contract must have gained the approval of the people in a public vote, after the manner of a bylaw, before any such arrangement can be sealed. This action, it is felt, will meet with universal public sympathy and will place before the voters the option of supporting a private interest in their midst or in sharing in the public ownership.

A Radical Change. At the present time it is only after a vote has been taken that the commission has the right to enter and supply any power to a municipality, but town councils have until this date been allowed the privilege of making agreements to obtain power from private sources without the direct permission of the electorate. The new bill asks that the same restriction be applied to this latter case, and in that event the outcome will at least have the sanction of the whole town and not alone of a small body of representatives.

The bill will not go thru, and if it comes into force at an early date it will create a radical change in the present situation of some municipalities.

SOMETIMES THE BEST OF FRIENDS DIFFER. Jeff: Is that ye, John? Are ye fer Hydro-Electric an' Maister Adam Beck? John: All 'th' time, Senator. Jeff: Well, are ye fer Maister Geary on 't' Geary Hydro Commission, John? John: Yuh bet. Jeff: Adam's no'!

John: Adam don't want to get too gay. Th' Tely thinks Maister Geary's a "strong, wise man." So does our Johnny an' Arty. We think Geary ought to get two salaries at a rate as well. Jeff: An' hoo fer Geary's treasurer, syne Maister Coady's see sick? Shouldna we have a new big man at yince? John: Well, ain't Maister Geary "a wise, strong man" for that, too? He was 't' real head on 't' Geary-Geary three straight annual missions to England that hocked 't' city's bonds in 't' banks there. Jeff: Who got them out, John? John: Wee Hockin, I s'pose!

John: Well, what 'm' thinkin', John, is that 't' controllers man' get a guide man fer treasurer, that Adam an' Sir Jeems pick out a first-class man 't' be on 't' Geary Hydro Commission, an' that Reggie get busy in 't' law department, 't' which Th' Tely caw'd him, if he has 't' will, s'poken!

POSTOFFICE WILL BE ENLARGED BY EXPROPRIATION OF MILLION DOLLARS' WORTH OF PROPERTY; NOTICE FILED

Buildings on New P. O. Site

ADELAIDE STREET SIDE OF THE BUILDINGS TO BE TAKEN FOR THE NEW POSTOFFICE SITE.

New Building Will Front on Victoria Street Between Adelaide and Lombard—Land to East of Present Building Will Also Be Taken—New Site Three Times Size of Old.

The government will extend the Adelaide street general post-office over to Victoria street, taking in the whole block between Adelaide and Lombard streets. Property lying on the east of the building will also be taken. Notice to this effect, dated at Ottawa, April 11, has been filed in the registry office by the Dominion Government, the property to be taken under the expropriation act.

The new site will be 325 feet on Adelaide and Lombard streets and 185 feet on the Victoria street side. The federal square scheme has apparently been abandoned. None of the property owners affected has received official notice from the government, although the depositing of the notice of expropriation is understood to give right of eminent domain over the land from the date of filing. Property valued at close to a million dollars will be taken.

Build First on Victoria. No intimation as to when will be expended in the new buildings has been given, although one of the owners who had heard something about the proposal understood that the Victoria street buildings would be pulled down first, and that side of the new building erected and used while the old post-office was being demolished.

HEADS OF EVERY DEPARTMENT IN TORONTO HYDRO-ELECTRIC RESIGNED THEIR POSITIONS

All Subscribers to the Petition Which Caused the Dismissal of Acting-Manager Sweany Tendered Their Resignations to the Commission—Signed Petition After Mature Deliberation and We're Not Led by Sweany.

Ten officials in the employment of the Toronto Hydro-Electric Commission—the heads of every department in the service—have tendered their resignations. The dismissal of Acting-Manager W. R. Sweany by the commission caused them to take such action last night. These men are: J. G. Jackson, chief engineer; J. C. Smith, general superintendent; A. G. Lang, engineer of distribution; A. C. MacCullum, engineer of operation; I. M. R. Widdifield, superintendent of meter department; H. G. Ord, chief inspector; E. C. Clarke, manager of application department; H. G. Jacob, sales manager; F. R. Ewart, contract agent; H. C. Barber, assistant to acting general manager.

Reason for Petition. The following letter received by The World states their position:

"On account of various statements which have recently appeared in the local press regarding the inside condition of the Toronto Hydro-Electric System, the undersigned wish to correct some false impressions which may have arisen. "In the first place, we wish to emphatically deny that any of the undersigned, who constitute all the original subscribers to the memorial presented to the mayor and board of control, were in the way drawn into this action without mature deliberation. It is entirely unfair to draw the inference that Mr. W. R. Sweany was the prime mover, and that the others have merely fallen in line. As an indication of the fact that every man was prepared to follow up his action to its logical conclusion, we have today severally and individually tendered our resignations to the commissioners.

Not Responsible. "We also wish to make it clear, that we are in no way responsible for the original publicity given this matter. The original letter was presented personally to the mayor on Thursday afternoon last, and presented to the board of control, either privately or publicly as might seem best to him. To the best of our information the communication was not formally presented to the board by the mayor up to the time he gave it to the commissioners. "We must insist that conditions are such that the situation is in no way discredited by the summary dismissal of Mr. Sweany without a hearing and without giving the staff a fair chance to vindicate their position. It is scarcely possible to go into details directly in the public press, nor advisable to descend to personalities such as those leveled against us by certain critics. We, therefore, ask for a complete investigation under the direction of the board of control and city council, who are the representatives of the people, whose interests we have tried to protect.

FALSEHOOD, SAID PREMIER. At the opening of yesterday's session of the legislature, Sir James Whitney took occasion to refer to an item made in The Globe on Tuesday, under the heading, "Speaker Hoyle Admits Mistake." Sir James stated that the report was an absolute falsehood, and he expects a retraction. Speaker Hoyle, he said, did not reverse his decision, but simply stated that he did not wish his decision to be taken as a precedent.

WILL GO TO ALBERT COLLEGE. SAULT STE. MARIE, Ont., April 15.—(Special)—Rev. Dr. E. M. Baker, pastor of the First Methodist Church here, said tonight that he had accepted the principalship at Albert College, Belleville. Dr. Baker had asked until tomorrow to consider the matter.

MEN IMPORTED IN DEFIANCE OF LAW?

Charges Arising From Photo Engravers' Strike in Toronto and Montreal Aired in House—Opposition Apparently Biding Time Until Alberta Elections Are Over.

OTTAWA, April 15.—(Special)—It seems likely now that no bomb will be exploded by the opposition or no vote taken upon the closure resolution until after the Alberta elections. Today there was an obvious effort to mark time. The afternoon was consumed by a debate upon the grievances of the striking photo engravers of Toronto and Montreal. Mr. Carroll of South Cape Breton moved the adjournment of the house for the purpose of discussing the lax administration of the Immigration Act, under which strike-breakers had been imported from England. Hon. T. W. Crothers, as minister of labor and acting minister of the interior, made a fairly good defence, and the opposition did not insist upon a vote. Indeed, Mr. Alphonse Verreille, the Labor member, had little to say in support of Mr. Carroll's motion.

Resume Naval Debate. The curtain lifted, presented by Mr. Carroll, terminated shortly before the dinner recess, and Hon. Charles MacCallum resumed the naval debate at 8 o'clock. Mr. MacCallum made a temperate speech, in which he appealed to the government for fair play, and was followed by Messrs. Michaud (Victoria, N.B.), Demers (St. Johns and Iberia), Hughes (King's P.E.I.) and Knowles (Moncton). Mr. McCraney of Saskatchewan moved the adjournment of the debate.

As usual the government supporters stuck to their guns. Chief Whip Strafield had anticipated a vote tonight or tomorrow at the latest, but the present indications are that the final division will not occur before Friday, and possibly not before next week. It is understood that the opposition tomorrow will vote off the closure resolution for some hours at least by discussing the homestead, granted to the son of a Conservative politician.

OTTAWA WOMAN CRUSHED BY AUTO

Fern Willoughby, Popular in Social Circles, Met Death in Peculiar Manner.

OTTAWA, April 15.—(Can. Press.)—Miss Fern J. Willoughby, aged 21, eldest daughter of Mr. and Mrs. S. J. Willoughby of this city, was instantly killed this afternoon on the lawn in front of her home, when her motor-car, which she was cranking, suddenly started, pinning her against a tree, breaking her neck. Her mother was standing nearby and witnessed the accident. Dr. C. H. Brown was passed, and with other neighbors, ranto the assistance of the young woman, but before they reached her side she had succumbed. Miss Willoughby was a well-known and popular young lady in the social circles of the capital. The automobile had stalled as Miss Willoughby was about to start from her home, she jumped out to re- crank it without throwing off the lever. As she threw the crank over the machine lurched forward and pinned her between the tree and the car. No inquest will be held.

George Arliss Acts Superbly. It is doubtful if there has ever been a comedy presented in Toronto that made as favorable an impression as "Disraeli," with that "perling actor" George Arliss, in the title role, which was at the Princess Theatre this week. Dineen's Men's Hats. Established in Toronto in 1864. Sole agents for the best known English and American makers of men's hats. The "Health" and "Dunlop" hats shown only at Dineen's, 140 Yonge Street, corner Temperance street.

FREE WOOL NOT WITHOUT FIGHT

Democratic Stand-Patters Preparing For Most Strenuous Struggle Today But Odds Are Overwhelming.

WASHINGTON, April 15.—(Can. Press.)—With the Democratic caucus making slow progress on the tariff bill, the wool schedule probably will be reached tomorrow, when the opposition Democrats will make their most strenuous fight. The anti-free raw wool representatives have organized for the contest, and, although the odds against them are admittedly overwhelming, they propose to make a determined struggle to bind the caucus to a 15 per cent. duty on raw wool, as a substitute for its free listing by the committee, at the request of President Wilson.

Representative Ashbrook of Ohio is chairman of the free wool conference, favored by Woodrow Wilson as governor. Hoboken Bayonne and Union Hill rejected the proposition. Jersey City is the first large municipality in the east to adopt this form of government. Primaries at which candidates for commissioners will be nominated will be held May 12.

CIVIC BUREAU OF INDUSTRY. KINGSTON, April 15.—(Special.)—The city council has endorsed the plan of the board of trade to establish a bureau of industry and information, and granted the sum of \$1,000 towards support.

WOODSTOCK TO GET RID OF CITY HALL

WOODSTOCK, April 15.—(Special.)—Woodstock ratepayers, on May 12, to vote on three by-laws. First one is to give permission to council to tear down the old city hall and leave the square vacant for a time. The idea is that after seeing how well the vacant square looks no one will want to again put the hall there. Then municipal offices will be built instead of a new hall, at much less expense. In the meantime the officials will occupy rented offices. The second by-law is to authorize the erection of new police headquarters and court at an expense of \$10,000, and the third is to provide \$1200 for additions to water mains.

HE DIDN'T KNOW INSURANCE BILL

McKeown of Dufferin Not at All Satisfied With Committee's Work.

BACK FOR DISCUSSION

Premier Had It Referred For Further Information as to Age.

C. R. McKeown of Dufferin has been compelled to step very lively to keep up with the insurance men of Canada. For the last month or so he has been out on the chase with a wide lasso with which he has hoped to noose the big corporations, which he claims have been conducting their business in a manner which is not particularly pleasing to the public. The bone of contention is concerned with the matter of age. At present the onus of proving the age rests with the insured person, and there have been cases where the public was defrauded when the age was found to have been given incorrectly. At the beginning of the session Mr. McKeown introduced a bill which would have made fraudulent dealings impossible, but as it incidentally would have made the writing of policies a tougher proposition, the bill was opposed by the insurance people in a body.

Then came the diplomatic proceedings filled with incidents which to Mr. McKeown look like intrigue. The bill was referred to a special insurance committee, and after two or three meetings, its facial appearance had changed, the drafter himself scarcely knew it. Instead of requiring the insurance companies to settle the age question of each person within a year from the time of the making of the contract, the committee, of which Hon. W. H. Hearst was the chairman, recommended that the insurance companies should simply be compelled to give notice to the person on a slip of paper separate from the policy.

"But when?" This was the question the settling of which would show whether the bill was waterproof or whether there was a joker in it.

T. W. McGarry of South Renfrew, who made the proposition, suggested, "I am going to ask that the bill be discussed within the next session. I want to get it into the clause stating when the notices were to be sent out to insured persons."

"The bill is the same number as the one I introduced," said Mr. McKeown. "But if it is the same bill, I'd like someone to give me an introduction to it. I am going to ask that the bill be discussed within the next session. I want to get it into the clause stating when the notices were to be sent out to insured persons."

"I do think," said Mr. McKeown, "that since the committee has seen fit to comply with my idea, that it should give some explanation as to whether the bill was drafted at the investigation of the insurance companies."

MORE WORKERS GO TO CHINA

Presbyterian Foreign Mission Board Make Several Appointments.

Rev. Dr. Murdoch MacKenzie, of Homan, China, who has been nominated by most of the presbyteries as moderator for the next general assembly, was present at the meeting of the Presbyterian Foreign Mission Board yesterday at the Confederation Life building. Miss McNeil of Kew Gardens arrived home on Monday night, and introduced to the committee.

A request was read from the missionaries in Homan asking that 14 missionaries be sent out this year, owing to the more favorable conditions and greater opportunities under the new movement.

The board yesterday appointed Miss Margaret K. Wailes, B.A., and Miss H. Brown, B.A., to the Homan field. Miss Mary to Inna, Miss Anna McLellan, and Miss Ethel MacBachem to Kew Gardens.

PRACTICALLY GIVEN UP TO DIE

"Fruit-a-tives" Cured Kidneys and Bladder

BOTH SIDES APPROVE

Opposition Measures, Which Premier Favored, Were Withdrawn.

From statements made by Sir James Whitney yesterday, in reference to two bills introduced by the opposition, it can be taken for granted that before another provincial election comes round there will be more stringent laws in connection with the giving and receiving of contributions for political purposes.

In withdrawing his bill "To Require the Publication of Contributions for Political Purposes," J. G. Anderson, South Bruce, said that the premier was in sympathy with the bill and that he would introduce it again next year.

HORSE BREEDING PLAN OF HUGHES

Military Manoeuvre Areas to Be Utilized For Purpose Is Announcement Made.

OTTAWA, April 15.—(Special).—The militia and defence department and the national bureau of breeding are co-operating whereby the military manoeuvre areas north of Medicine Hat and in British Columbia will be utilized for the breeding of horses.

The general conditions are that the Canadian Government will have the first choice to buy young animals for the forces and the British Government will have second choice. Other governments and outside parties will come in later.

NOTHING DOING SAID MR. HANNA

Toronto Will Not Share in Increased Liquor Revenue.

The provincial government does not purpose sharing the increased revenue from liquor shops with the board of control.

"There is no chance of our getting a share," queried Mayor Hocken yesterday after the matter had been proposed.

"Absolutely none," was the candid reply of the provincial secretary, and there the matter ended.

An elaborate argument, however, was proposed before the suggestion was refused. The mayor and four councillors urged that since 50 liquor shops under the new amendment were to be assessed annually \$600 in addition to the city which provided the revenue should share in it. Half the increase would satisfy their demand.

"No," said the provincial secretary, "it was only in a burst of generosity that we extended the city in 1906. As our responsibilities increase, we need the cash and are in the same position as you are."

By the present system the city shares equally with the province in the license fees for all hotels and shops within the city limits, and accumulates a yearly revenue of \$55,000.

COUNTLESS IS DEAD

Word comes from Lexington that John G. Greener's good horse Countess died yesterday from the effects of pneumonia contracted in shipment to Kentucky from Charleston, where he was owned by The Commonwealth. Countess was a chestnut horse by The Commoner, a chestnut filly in 1907. As a three-year-old he won the Saratoga Cup of 1910. In this race he defeated Clambake, after his owner had sold that horse to R. F. Wilson. Countess afterwards ran many sparkling races in the heat of company. He was equally at home at sprinting or staying and possessed an ability to run in all seasons. His racing record is as follows:

1909..... 1 0 0 0 \$30
1910..... 4 1 1 1 11,451
1911..... 4 1 1 1 2,460
1912..... 4 1 1 1 2,460
Totals..... 18 11 9 \$18,226

A juvenile team (13 and under) will be arranged for a game for this Saturday. Telephone Col. 1830.

PARTY "HAND-OUTS" TO BE RESTRICTED

Law Will Be Enacted Next Year Regarding Political Contributions.

BOTH SIDES APPROVE

Opposition Measures, Which Premier Favored, Were Withdrawn.

From statements made by Sir James Whitney yesterday, in reference to two bills introduced by the opposition, it can be taken for granted that before another provincial election comes round there will be more stringent laws in connection with the giving and receiving of contributions for political purposes.

In withdrawing his bill "To Require the Publication of Contributions for Political Purposes," J. G. Anderson, South Bruce, said that the premier was in sympathy with the bill and that he would introduce it again next year.

"I don't see why anybody can reasonably object to the principle in the bill," said Sir James, "but there are details which I do not agree. There is no election at hand, and if the honorable gentleman introduces his bill next session we will take it up and try to make it a good bill."

The second bill "To Prohibit Political Contributions by Corporations," was also withdrawn by T. Marshall of Monck, who stated that he understood the premier was in favor of it.

"This is a very different bill, and much more important," said Sir James. "I think there are many corporations who, in making contributions, would act wiser than individuals. Then there are thousands of corporations which are really individuals, and I know my honorable friend does not intend to interfere with them."

X. W. Rowell agreed with the premier in his contention that where corporations were allowed to contribute to election funds, he thought it was gratifying to both sides of the house that when corporations were allowed to contribute to election funds, he thought it was gratifying to both sides of the house.

TRACK RUNNER COMING

MONTREAL, April 15.—Great regret was expressed last week by the members of the Montreal Amateur Athletic Association who were disappointed that Billie Hays would not figure on the track to go into business.

Billie Hays, the baseball catcher, said yesterday that he probably would join the Cincinnati National League club some time next month. He said he intended to begin at once to practice three times a day, and that in two weeks he expected to be in good condition. He added that his Kansas City business affairs are now in such shape that he can leave until next fall.

Prof. Mulveny's Good Work Is Not Confined to Canada

AN INTERESTING NARRATIVE

Interview of a Reporter With Celebrated Specialist.

Well, Professor, is there anything new in your line? Yes, sir. I just received a letter from Wonsan, Korea, Japan; it took sixty days from the time it left Wonsan to reach me, and this is the age of fast boats and fast trains. This will give you an idea what a long journey it came before reaching me. The money inclosed was for Worm Cure. Have you any other foreign letters? Yes; here is one from Meerut, India; this one took 30 days to reach me. Here is another from Central America, from a place called Loamesa, Costa Rica; one from St. John's, Newfoundland; three from England; a bunch from British Columbia; two from Ireland. Here is a tape worm sent to me from Miss Lianz Hill of Gilenkirik, Ireland; another from Field, British Columbia, from a man of that city who sent for my remedy, and this is the result. Here is a tape worm from New York; here is one from Boston; here is one from Peabody, Mass.; in fact I have sent thousands of miles. This one is from a medical doctor (you can read the label). This doctor had a patient whom he had treated for over two years, and sent for my remedy, which he says proved eminently successful. Here is another tape worm from another doctor treated by other physicians, and this doctor said he had no time to devote to the use of remedies generally prescribed by the profession. The remedy proved successful in two hours. At the end of the little thread is the head, and this is what breeds the worm. This worm you see here is from a lady who was in a hospital for six months, treated without success. My remedy cured her. Here are three others from ladies that were treated in hospitals, and here is one from a gentleman who was treated in a hospital twice. All these people have had the worms expelled, head and all, in from one to three hours. Well you can see hundreds of them here. These two large bottles contain over six hundred

SQUARE A KNOCKER

And You Have the Best Booster in the World.

While advertising and selling my remedies one Saturday in the Town of Orillia, some years ago, a gentleman interrupted me while addressing a crowd on the street corner. I was telling of the merits of my 3-day Corn Cure when he called out: "You are a thief and a fraud and your Corn Cure is no good."

I took it good-naturedly and asked the gentleman if he had any evidence to prove his assertion; whereupon he put his fingers in his vest pocket, pulled out the weak previous, and said in a sarcastic manner, "You bet I have, and I used it all, and the corn is there yet." I asked him if the toe was there, and he said sarcastically, "Well, if you have used that much Corn Cure in a week I would like to see what it has done." I said, "Come forward and take off your shoe and let me see." So he came forward, took off his shoe and sock, and I saw he had used the same, and found the corn between the little toe and the second toe. I put my fingers between his toes, lifted the corn, and said, "There is the Corn Cure I had told you of. This is a corn, and is a painless cure, and it is worth a dollar, but will be sent for 25 cents advance (post free) on receipt of price." Prof. R. L. Mulveny, 167 Dundas street, Toronto, Ont.

How People Feel Just Arrived From Ireland

When They Have Tape Worm

A Monster Tape Worm About 20 Feet Long.

Mr. John Campbell, of 23 Napier street, called on Prof. Mulveny about a month ago and purchased a remedy to destroy Tape Worm. His wife's sister, Miss Hill, of Gilenkirik, Ireland, has been suffering for some time with a Tape Worm, and had been treated without success. He sent her the remedy, which expelled the monster, head and all. Mr. Campbell received the worm by parcel post from Ireland on November 23rd, 1912, and took it to Professor Mulveny the same day. It was found to be all there, a four foot long, and was sent out all the way on July 27th, 1912. His wife's girl, three years old, was relieved of a monster Tape worm, head and all, without sickness or trouble, and the little one is healthy and well at the present time. This is how we can recommend his sister-in-law in Ireland to try the same remedy. And they are rejoicing over a friend whose life has been saved.

Two Hidden Monsters

Mrs. P. Clutchee Relieved of Two Tape Worms After Taking First Dose of Medicine—Professor Mulveny's Tape Worm Cure Works Rapidly and Surely.

Mr. P. Clutchee, 1123 1/2 Dufferin street, makes the following statement: "It is certainly wonderful what your tape worm cure has done for my wife. I had spent over fifty dollars in treatment for her for years without success. One dose of your cure in less than an hour after taking, you expelled the tape worms, heads and all. I will find the two bodies in the large bottle and send them to you. I had given up hope of ever getting the whole of the worm, and just to think there were two. You can send anyone to me and I will tell them all about it. My home address is 1123 1/2 Dufferin street."

These tape worms can be seen at the office of Prof. Mulveny, 167 Dundas street, Toronto.

B'WELL MAKES PEOPLE FEEL WELL

B'Well cures Dyspepsia, Indigestion, Liver and Kidney Complaint, Dropsy, Loss of Appetite, Constipation, Piles, Pimples, Bolls, Blisters and Eruptions of the Skin, Old Ulcers and sores of all kinds, Cures inflammation of Neck or of Bladder, Coughs, Sore Throat, Stomach, Eczema, Salt Stages of Consumption, Black Heads on the Face, and all the ailments you require to make you feel well. Cures St. Vitus' Dance, Palsy, Paralysis and Fits, and other diseases mentioned on label.

This remedy has been in use for over 25 years, and has restored thousands of people to health and happiness. It has cured people of diseases and complaints which have baffled the skill of the most learned physicians. Composed of the extract of medicinal plants, etc., containing no harmful drugs—is sure to do good. It is a splendid rejuvenator, restores lost energy and stimulates the nervous system to a healthy action.

It restores to perfect health, tones up the system by strengthening the principal organs and stimulating them to healthy action. It is the best blood medicine for the cure of diseases of private nature which modestly prevents explaining. It takes away the appetite for liquor, and is an excellent remedy for Nervous Headache, caused from drink—It settles the stomach at once. It cures Gout, Inflammatory Rheumatism, Sciatica or Muscular Rheumatism, Lumbago, Neuralgia, Bronchitis, Colds. This remedy destroys Stomach or Pin Worms, and is not a Tape Worm cure.

Persons suffering from Catarrh and all diseases where a good injection or wash can be used, will find Quick Catarrh Cure in connection with B'Well will effect a speedy cure. As Quick Catarrh Cure is the most healthy, soothing and cleansing remedy in existence—kills all poison, wash. Price 1/2.

SQUARE A KNOCKER

And You Have the Best Booster in the World.

While advertising and selling my remedies one Saturday in the Town of Orillia, some years ago, a gentleman interrupted me while addressing a crowd on the street corner. I was telling of the merits of my 3-day Corn Cure when he called out: "You are a thief and a fraud and your Corn Cure is no good."

I took it good-naturedly and asked the gentleman if he had any evidence to prove his assertion; whereupon he put his fingers in his vest pocket, pulled out the weak previous, and said in a sarcastic manner, "You bet I have, and I used it all, and the corn is there yet." I asked him if the toe was there, and he said sarcastically, "Well, if you have used that much Corn Cure in a week I would like to see what it has done." I said, "Come forward and take off your shoe and let me see." So he came forward, took off his shoe and sock, and I saw he had used the same, and found the corn between the little toe and the second toe. I put my fingers between his toes, lifted the corn, and said, "There is the Corn Cure I had told you of. This is a corn, and is a painless cure, and it is worth a dollar, but will be sent for 25 cents advance (post free) on receipt of price." Prof. R. L. Mulveny, 167 Dundas street, Toronto, Ont.

How People Feel Just Arrived From Ireland

When They Have Tape Worm

A Monster Tape Worm About 20 Feet Long.

Mr. John Campbell, of 23 Napier street, called on Prof. Mulveny about a month ago and purchased a remedy to destroy Tape Worm. His wife's sister, Miss Hill, of Gilenkirik, Ireland, has been suffering for some time with a Tape Worm, and had been treated without success. He sent her the remedy, which expelled the monster, head and all. Mr. Campbell received the worm by parcel post from Ireland on November 23rd, 1912, and took it to Professor Mulveny the same day. It was found to be all there, a four foot long, and was sent out all the way on July 27th, 1912. His wife's girl, three years old, was relieved of a monster Tape worm, head and all, without sickness or trouble, and the little one is healthy and well at the present time. This is how we can recommend his sister-in-law in Ireland to try the same remedy. And they are rejoicing over a friend whose life has been saved.

Baby Took Convulsions

Toronto, Aug. 15th, 1911.

To whom it may concern: This is to certify that we have used Prof. Mulveny's World Famous Tape Worm Cure with most gratifying results. My baby, two years old, took convulsions, and we discovered she had tape worm. I lost no time in going to Prof. Mulveny to get his cure, which we got and used, and I am pleased to say baby was relieved of a monster tape worm about 20 feet long, the head and all, in about two hours, without causing her to be sick, and without previous fasting. I have great reason to be thankful, as we realize this remedy has saved baby's life. I am giving Prof. Mulveny her picture, taken a week after being relieved of this monster, which he will be able to show you. I have given him perfect liberty to use it in any way he may deem fit in order that others may learn of this wonderful remedy.

Yours respectfully,
Mrs. B. Brooks,
No. 5 Belwoods Place.

This is the Day International Ball Teams Are Scheduled to Start

SCHULTZ IS NEW LEAF INFIELDER HAS SPEED: HITS FROM RIGHT SIDE

Comes to Leafs From Boston Nationals — Pitcher and Outfielder Are Being Secured—McGraw Coaches Kelley's Band in Practice.

NEW YORK, April 15.—(Can. Press)—Tonight was consummated the first of a number of deals which have been under way for a week or more toward strengthening the Toronto ball team for its defence of the championship this season. The Canadian Press has heretofore been unable, for obvious reasons, to give the names of the players involved. Jack Schultz of the Boston Nationals will join the Leafs here shortly.

Schultz will step into the breach caused by the sale of Eddie Holly to the Montgomery club of the Southern League. He is still with the Toronto club and will remain there until the Toronto team is ready to start. He is a Pittsburgh boy and a cousin of Hans Lobert of the Cincinnati team. He was asked a few days ago and tonight he was notified that he would join the Leafs at once. Schultz was bought at a fancy figure from the Springfield Club of the Three I League. The definite statement that Toronto had secured Maraville of Boston is entirely erroneous.

Worst Ever, Says Kelley. "I was never in charge of a ball team in as bad condition as that of the Toronto Club tonight on the eve of the season's opening," said Manager Joe Kelley. "There is no denying the fact that the training trip has been a utter failure. The weather has been against us from first to last. In view of this fact it is not our intention to let any of our players get away. Those now on our payroll will be retained until we are fortified by the acquisition of other men. Schultz is a right handed hitter and a fast boy on the bases. Toronto fans cannot help but be pleased with him."

Still After the Right-Hander. Kelley is still in the hunt for a right-handed pitcher and a right-handed throwing and batting outfielder now with a major league club as announced by the Canadian Press a few days ago. These men will come to Toronto in a deal for Pitcher Dick Rudolph. Negotiations to this end are progressing favorably and may be consummated within the next forty-eight hours.

Rain is falling steadily tonight. The Newark grounds, on which the Leafs are scheduled to open tomorrow, are nothing but a mud puddle from the storm of the past week. The weather bureau reports tonight that the downward tendency over the eastern states and there is really little prospect of any of the International League games being played tomorrow in Newark, New Jersey, Baltimore, Providence.

Worked Out With Giants. This morning the Leafs worked out with the New York Giants at the Polo Grounds. It was the first official practice the champions have had since last Wednesday, when they played Washington. Rain chased Kelley's men off the field at noon.

The friendly interest taken by McGraw in the little company is shown who took charge of the infield practice. Kelley's first line of defence is slated to Toronto's first line of defence. Afterward he superintended the work of the pitchers being pitched upon. McGraw went out to the pitching mound and took Herbert and Hearn in hand. It was an extraordinary procedure for McGraw, and his own players expressed surprise. The big youngsters marvelled at McGraw's knowledge of the department of the game. Smiles of enlightenment overspread their faces when they came off the rubber.

A number of Toronto fans arrived in town tonight to witness the opening game, which will probably not be played until Thursday at best.

A meeting of the Capital Baseball Club of the Northern League will be held in St. Paul's Hall, Yonge street, to-night at eight o'clock sharp. All members of the club are urgently requested to attend.

Games—Batteries—Umpires. Games today, with the probable batteries and the umpires, are: Toronto at Newark—Maxwell and the opening International League game, Pennie, Bell and Smith, Umpires, Finmer and Outley.

Montreal at Providence—Smith and Burns; Bailey and O'Toole; Umpires, Carpenter and Koehler. Buffalo at Jersey City—Fullenweider and Gowdy; Deescher and Wells. Umpires, Nallin and Hayes.

Rochester at Baltimore—Quinn and Blair; Shawkey and Payne. Umpires, Mullen and Bierhalter.

Surprise your wife and the folks at home with a case of **Purity's Old German Lager**

They will be delighted. The Old German flavor is irresistible. And this lager is the highest quality brewed in America. The Old German Process is expensive, and calls for the finest materials. But the result is an uncommonly fine lager—light in color, brisk in flavor, invigorating.

MAXWELL V. BELL PROGRAM TODAY

Leafs in Poor Shape For Opening Game—Practice at Polo Grounds—Notes.

The flag falls in the big minor league today with the Leafs doing battle with Harry Smith's lusty Indians in Newark, New Jersey. The champions will go into the fray with only two changes from the squad that cleaned them all up last season. Hub Northern will replace the brilliant Benny Meyer in right field and Eddie Fitzpatrick will be at the short field position.

Maxwell, as picked by The World two weeks ago, is slated to do the mound work, and the veteran Harry Bemis will be the receiver.

The Kelley tribe will start the season sporting the uniform of Toronto has ever entered the fray. The local Indians have had a practice game since April 5, and springing the Leafs into the fray this of baseball experience, has ever entered.

Yesterday the game scheduled with Trenton had to be cancelled and John Leaf's disposal and the local hired help loosened up a little during the morning. Lump right out to head the league, with the Kelley spirit well drilled into them they can be counted on to fight to the last ditch. Keep the hammers going away until the squad has had a chance.

Bell and Smith will be the Newark battery today.

Dave Dube, the Holy Cross pitcher who worked out with the Leafs in the south, has been let out. He failed to show Kelley anything.

Until the heaving squad rounds into shape Manager Kelley intends to use two pitchers in every game. Nothing has been heard yet of the big leaguer that Kelley was trying to land, and until he is secured the hurling corps will have to work sore arms and all, every other day.

With threatening weather all over the east, the outlook is not bright for good baseball conditions to greet the teams of the International League tomorrow when the playing season of that organization begins. Otherwise, the prospects of the league, which in the east ranks next in importance to the majors, are excellent for the season. President Barrow declares that he expects a prosperous year in the organization, with the race a close one.

In the opening, Montreal is scheduled to open in Providence, Toronto in Newark, Buffalo in Jersey City, and Rochester in Baltimore.

EXHIBITION BASEBALL. At Worcester, Mass.—Worcester (N. E.) 2, Montreal (Int.) 1. At Providence, R.I.—Brown University 7, Providence 0.

The Oler Juvenile baseball team will hold their second meeting at the West End Y.M.C.A. at eight o'clock tonight.

The Glenmont Baseball Club would like to sign up a good right-hand pitcher (18 or under). Apply G. Sloan, Coll. 285.

The Cardinals of the West Toronto Senior League will practice tonight at Utley street square at six o'clock. Friday night at Perth avenue square, and Saturday are but two weeks to get in condition, and every player is asked to turn out without fail.

Dufresne, who played several games with the Nationals last season, is now located in the city, and if he can secure his release from the French team will try out with one of the Toronto teams.

George Kennedy, of the Irish-Canadian club, claims to have the option on three grounds in Montreal. It is likely that the team will play on the baseball grounds.

Your Frock Suiting

Genius may be indifferent to clothes, but the normal business man, or the well-to-do man, must be governed by the laws of constituted society.

Ordinary kinds of frock coats are common as lamp-posts. Ordinary tailors can make some kind of a frock coat. They may even come from the clothing factories. If you prefer any of this family—then this "ad." will not interest you.

Hobberlin frock coats are designed, cut and tailored by men who are real artists. Cut on easy, natural lines that follow the figure as closely as good judgment demands, with just the proper drape and symmetry that distinguishes them from the other kinds.

It were far better for you never to wear a frock coat at all than to wear one which fails to give you that symmetry of line, drape and poise which is the real function of such a garment, when properly tailored.

There's a wide showing of the black and grey fabrics of the Westeds, plain effects and medium greys—deep Oxford greys and medium greys—made of terials and handsomely lined with pure silk or the twill serge.

From \$30 to \$50

THE HOUSE OF HOBBERLIN LIMITED

151 Yonge Street 3 to 5 E. Richmond St.

D. L.A. MEET TO DRAW UP SCHEDULE

Several Propositions to Be Considered and Jones Will Try to Form a Commission.

An executive meeting of the Dominion Lacrosse Association will be held on Thursday, by which time Carson, Kennedy and Jones will have arrived in Toronto. The main object of the meeting will be to draft the schedule for the coming season.

The application from Ottawa for admission will also be considered and a definite answer given. Con Jones will also be asked to form a commission to investigate the matter of the proposed league in the west.

Now it is the turn of the Ontario Lacrosse Association to be considered and Jones will be the happiest man in town if he can get the Ontario team into the league.

The magnates of the "Big Four" are so much tickled with the comprehensive report issued by Secretary St. Perre that a motion will be made at the meeting to have the report printed and distributed among the lacrosse fans of Toronto and Montreal.

EXHIBITION BASEBALL. At Worcester, Mass.—Worcester (N. E.) 2, Montreal (Int.) 1. At Providence, R.I.—Brown University 7, Providence 0.

The Oler Juvenile baseball team will hold their second meeting at the West End Y.M.C.A. at eight o'clock tonight.

The Glenmont Baseball Club would like to sign up a good right-hand pitcher (18 or under). Apply G. Sloan, Coll. 285.

The Cardinals of the West Toronto Senior League will practice tonight at Utley street square at six o'clock. Friday night at Perth avenue square, and Saturday are but two weeks to get in condition, and every player is asked to turn out without fail.

FORMER LEAF IN GRAND FORM

Falkenburg Tied Tigers in Knots and Naps Won as They Pleased—The Details.

CLEVELAND, April 15.—Fred Falkenburg, secured this spring by Cleveland from Toledo, shut out Detroit today, while Cleveland secured eleven hits off Boehler, and won, 9 to 0. Boehler, a recruit, was wild, hitting three men and giving bases to six. Jackson, Cleveland's slogger, was hit on the head by a pitched ball and stunned for a moment. Falkenburg pitched great ball, only one Detroit player reaching third base.

Cardinals Came Thru With Batting Rally

CINCINNATI, April 15.—A batting rally in the fourth, coupled with Packard's wildness, netted St. Louis five runs and enabled them to win today from the Cincinnati Reds by a score of 6 to 3. The Cardinals were in the lead in the fourth inning, was easily the feature. He counted for nothing in the run setting. Works, who relieved Packard in the fourth, was also effective, but wild.

THE T. EATON CO. LIMITED

Lacrosse Gossip

The Toronto Lacrosse League will meet to-night at the Inroquois Hotel at 8 o'clock.

Mr. Dundas has been nominated for the chair again, while Russell Richards has been nominated to again hold down the secretaryship. The series and ages are: Juvenile A, under 14 years, Jan. 1st; Juvenile B, under 18 years, Jan. 1st; Senior, under 18 years, Jan. 1st; Senior, under 21 years, Jan. 1st.

There is an amendment to drop the Senior and Junior series and let the O. A. L. A. look after them, as they conflict with the present Junior and juvenile series of the D. A. L. A. Another amendment is that all referees must be nominated by the different clubs in the league.

The Mattland Lacrosse Club will meet tonight to organize for the season, and they expect to be able to put three teams on the field in the O. A. L. A.

Toronto Bowlers Make Good Scores at Rochester

ROCHESTER, April 15.—Bowlers of the Nagel Club of Toronto, who shot their way into fourth place in the team event, met with disaster this afternoon when they tried to push into the circle of leaders in the two-man and singles. But one of the Canadians' double teams was going into a tie for twenty-second place in the two-man affair, with a score of 117. Scores made by the Maple Leafs:

Two-Man	Singles
Bird 175 190 188	179 194 211-584
Knights 188 198 166	Gillies 204 192 186-581
Totals 363 388 352-1103	Bird 155 175 192-523
J. West 176 223 185	Warren 143 168-470
Gillies 182 173 135	Robinson 191 191 204-586
Totals 358 409 370-1137	Robinson 210 169 197-576

ALL CLASSES WELL FILLED. The entry list for the Canadian boxing championship closed last night with all the classes well filled. The special entries will include sixteen from the Riverside A.C., twelve from the British United A.C., six from St. Charles A.C., seven from the Judean A.C., six from West End A.C., together with single entries from several other of the well-known clubs. In addition to these, the entries include Dan McDonald of New Glasgow, George Daly of Montreal, and several others. These entries will be augmented by the entries from Buffalo and other out-of-town places. The 155-pound class is particularly well filled, and several entries are expected from out of town in this heavy weight class. The plan opens at 207 York street and 25 West King street tomorrow morning.

The following members of the Uno A.C. are requested to attend a special meeting to be held at 44 Nassau street, to-night at eight o'clock and other out-of-town, Sleeman, Rosenthal, Spicer, Gilkin, Bolton, T. Louis, McCallum, McCormack, Marshall, Achison and Fovis.

A fast west end junior team would like to join a live church league. Phone G, Cookburn for particulars. College 4768.

THE INDIAN runs faster, wears longer, climbs hills better, than any other motorcycle made. \$25 places your order; delivery when desired. Time payments arranged.

WEDNESDAY MORNING, APRIL 16, '13

THE HYDRO MUTINY.

Yesterday's prompt action on the part of the City Hydro-Electric Commission was exactly what might have been expected from the strong, wise mayor the city has the good fortune to possess at this juncture, and the experienced and capable business man, Mr. P. W. Ellis, his colleague on the commission.

Mr. Sweeney's revolt was, of course, an ill-judged affair, but he may have easily been misled into misjudging the situation from the extravagant language of The Telegram. It is well known that ex-Mayor Geary, ex-Mayor John Shaw, and Mr. A. C. Macdonell, M.P., have all been lobbying for the vacant position on the Hydro-Electric Commission. The Telegram has been supporting Mr. Geary's pretensions and proclaiming him the "strong, wise man."

Mr. Sweeney's revolt was, of course, an ill-judged affair, but he may have easily been misled into misjudging the situation from the extravagant language of The Telegram. It is well known that ex-Mayor Geary, ex-Mayor John Shaw, and Mr. A. C. Macdonell, M.P., have all been lobbying for the vacant position on the Hydro-Electric Commission.

Anything were needed to stir quick action in the Ontario Hydro-Electric Commission and on the part of Sir James Whitney, it should be the Sweeney mutiny, its prompt suppression, and the light it throws upon the methods which have been carried on to place so unfit a man as Mr. Geary in the office. Mr. Geary has one civic office now, which can easily absorb his activities, and the complacency of the Telegram is no good reason for starting him on the career of a Posh-Bah.

AUSTRALIAN IMMIGRATION AND ENTERPRISE.

In 1912 the net gain to the population of Australia thru immigration was \$3,417, which represents the excess of arrivals over departures. Of that excess 70,895 came from the United Kingdom, while the net gain from other countries was 22,518. Two years before the excess was only 37,547, but in 1911 it rose to 77,703, and last year also showed a substantial advance. A significant feature in the returns, as given by Mr. D. H. Ross, the Dominion Trade Commissioner, in the current weekly report, is that no less than 20,432 were nominated in Australia, chiefly by relatives and friends, while 16,250 were selected by special immigration officers in Great Britain.

The commonwealth and the lesser dominions are more than filling the place once occupied by Canada as a principal supplier of meat and dairy products for consumption in the United Kingdom. Except in the matter of beef the British southern states are now the principal source of supply, and their exports of butter and cheese are constantly increasing and finding their way to this continent. Australian industries are also developing and the same departmental report notes that the Commonwealth Government has established factories of cordite, small-arms, harness and saddlery, clothing and woollen fabrics for the requirements of the department of defence, which has also taken over the New South Wales Government's dry dock and ship-building yards at Sydney, at an approximate cost of \$4,500,000. It is now negotiating for the transfer from the Imperial Government of Garden Island, in Sydney harbor, for many years the headquarters

of the British Australasian squadron, with huge storage buildings and engineering plant, for naval purposes.

UNFAIR ADVANTAGE.

It is a pity that newspapers, politicians, public people of one kind and another, do not cultivate the keen sense of honor which disdains an advantage gained by unfair means. Constantly one finds quotations used as a basis of argument, when taken with their context these same quotations would support an entirely contrary contention. The idea of making a point by any means, fair or foul, injures the man who entertains it. He gradually dulls his sense of honor, which, after all, is only the refinement of justice, and the unjust man can never hope to base himself firmly in public esteem. For paradoxical as it may seem, however unjust men may be, individually or in the mass, they admire justice in others. The man who can appreciate the other side of an argument, and give it due weight, and overthrow it by better argument, will last the longest in whatever game he is engaged. The sense of justice on the American continent, judged by this standard, is still elementary in a large proportion of the people. The leading idea is to win, to gain the point at issue, by fair means or foul. But a victory unfairly gained is worse than a defeat, and has to be fought over again with weaker forces, diminished prestige, and a character tainted and debased. Young men do not sufficiently appreciate the importance of building strength of character, and this can never be done with the shifty stratagems and the crafty devices of those who are afraid to face daylight or devilom indifference.

MR. COADY'S SUCCESSOR.

Reorganization of the treasury department is the most urgent need just now at the city hall. All the other city business, all the big things, depend to a large extent on proper handling of the civic finances. The present situation is merely a makeshift, and should not be prolonged a day beyond what is absolutely necessary to instal a first-class man.

TREASURER COADY IS A SICK MAN

It is likely to be a sick man for a long time to come, tho all his friends, which includes practically all who know him, are hoping for him a complete recovery. A leave of absence has been spoken of, but this will not meet the case. Mr. Coady should be superannuated on a handsome allowance commensurate with his past services to the city. No one desires to treat Mr. Coady otherwise than kindly, but the city cannot mark time in such important interests as are involved in a proper conduct of affairs in the finance department for ever so long an official as Mr. Coady.

UNIVERSAL TWO-CENT CITY TRANSPORTATION.

On the first of this month the town council of South Shields, England, put into force a universal two-cent fare on its street railway system. This followed upon a recommendation, presented by the street railway committee, advising the adoption of a scale of fares providing for a two-cent single ticket; a one-cent ticket for children from 3 to 12 years of age, inclusive; a two-cent return ticket for workers is issued before 8.45 a.m., and a four-cent double return ticket for workers if issued before that time—the first return half and the second outward half being available between 11 a.m. and 2 p.m., the single journey to be limited to the previous three-cent distance.

South Shields municipality is the sixth municipality to adopt the universal two-cent fare, subject, in all but one case, to certain specified concessions to working people. In Hull all one-cent tickets are sold to workers at two cents on cars leaving terminal before 9 o'clock a.m. In Leicester workers are given two-cent return tickets if issued before 7.30 a.m., available for return after 2 o'clock p.m.; Lincoln concedes a two-cent return and a four-cent return for four journeys if issued before 7.10 in the morning. Lancaster gives a two-cent return if issued before 7 a.m. In Sheffield, however, no concessions are made, all classes are alike, two cents all the way, within the city boundaries, but routes are divided into half-mile, one-cent stages.

Good Health will be yours if you drink Pilsener's "GOLD LABEL" ALE. YOU can almost FEEL your strength coming back, as you enjoy a bottle of this rich, creamy, old ale. Before meals, with meals and after meals—take it as you prefer. It will do you good anytime, and all the time.

DEMURRAGE CHARGES.

It is now certain that the railways of Canada misrepresented the facts on the subject of demurrage charges and car service rules before the Dominion Railway Commission last November. Shippers and receivers of freight complained that, thru the congestion of freight in terminals, there was an intolerable delay to freight in transit. The railways cleverly admitted that both congestion and delay existed, thereby securing the approbation of the commission for transparent and delay to the shoulders of the suffering shippers and receivers, claiming that the latter's failure to load and unload cars within the free time allowed under the Canadian car service rules was the original and only cause of these "demurrage" evils.

This suggestion thought lodged so firmly in the board's mind that an order, effective from Dec. 15 to March 31, was issued, authorizing an advance in demurrage charges from \$1 to \$2 per day for the first 24 hours, and from \$1 to \$3 per day for each succeeding 24 hours beyond the regular free time allowance. In other words, the railways, who were on trial, got their prosecutors condemned and fined practically without hearing. An experiment was ordered, and the injured parties paid for the experiment. If Smith lodges a complaint with a health officer that a man is suffering from the disease, as like as not, they'll annex a little lot—a muddy little lot on feet and hands.

BANK OF BRITISH NORTH AMERICA.

The seventy-seventh annual report and balance sheet of the Bank of British North America, published on another page, must undoubtedly be gratifying to its shareholders. A glance at the balance sheet is a manifestation of the stability of the financial foundation upon which the Bank of British North America stands. Special attention is called to the fact that this statement represents business for a period of eleven months only, while the increase of the bank balance over and above the balance standing to their credit at the end of the preceding financial year presents a very cheerful aspect, the improvement being an additional \$140,000 to their reserve fund and increase their bank reserve account by \$73,000, a most phenomenal growth in the history of this financial institution.

TAXING IMPROVEMENTS.

Vancouver World: There is an American superstition that if personal property and improvements are exempt from tax, it will be necessary to increase the tax rate in order to pay the running expenses, and therefore land values will fall. That is absurd in theory and untrue in fact. If a community quits taxing industry, that and increased desirability causes it has been shown to be true in fact. In Victoria, for example, the values of the city amounted to \$26,000,000 in 1909, and the tax rate was 26 mills. Then in 1911 the tax on improvements was abolished, and the land values were \$71,000,000 and the tax rate was 21.5 mills. Vancouver improvements began to rise on a 25 per cent valuation. In 1909 they were \$48,281,000. The next year the improvements were \$76,900,000, and land values jumped to \$76,900,000, and in 1911; and last year they were \$128,437,000.

At Osgoode Hall

April 15, 1913. ANNOUNCEMENTS.

Motions set down for single court for Wednesday, 16th inst., at 11 a.m.: 1. Rogers v. Share and Debenture Company.

Peremptory list for appellate division for Wednesday, 16th inst., at 11 a.m.: 1. McLaughlin v. Reynolds (to be continued).

Master's Chambers. Before J. S. Cartwright, K.C. Master. McPherson v. Fidelity and Guaranty Co. W. Laidlaw, K.C., for plaintiff. G. H. Kilmer, K.C., for defendant.

Before J. S. Cartwright, K.C. Master. Stuart v. Bank of Montreal—W. J. Elliott for plaintiff. H. S. White for defendant. Appeal by plaintiff from judgment of Latchford, J., of Feb. 22, 1913. By consent and leave of court today's peremptory list consists of: (1) order restraining defendants from storing logs in the river and its branches in such a manner as to prevent plaintiff's access thereto and his using the water thereof for purpose of navigating thereon, and directing them to remove or arrange the logs so as not to interfere with the reasonable use of the water; (2) damages for obstructing the water with their logs and booms, with a reference to the master-in-ordinary to ascertain the exact costs of references, which are reserved until after judgment including costs of and incidental to injunction order; (3) dismissing defendants' counter claim with costs.

Appellate Division. Before Mulock, C.J.; Clute, J.; Riddell, J.; Sutherland, J.; Leitch, J. Stuart v. Bank of Montreal—W. J. Elliott for plaintiff. H. S. White for defendant. Appeal by plaintiff from judgment of Latchford, J., of Feb. 22, 1913. By consent and leave of court today's peremptory list consists of: (1) order restraining defendants from storing logs in the river and its branches in such a manner as to prevent plaintiff's access thereto and his using the water thereof for purpose of navigating thereon, and directing them to remove or arrange the logs so as not to interfere with the reasonable use of the water; (2) damages for obstructing the water with their logs and booms, with a reference to the master-in-ordinary to ascertain the exact costs of references, which are reserved until after judgment including costs of and incidental to injunction order; (3) dismissing defendants' counter claim with costs.

SEMI-READY AND ITS FIXED PRICE Why the Price and Label is in the Pocket of Every Semi-Ready Suit

"We look upon the price in the pocket as the greatest protection we can offer the customers," said the Vice-President of the Semi-Ready Company, in discussing the label which is always sewn in the pocket of every Semi-ready garment.

"At this season of the year, when the demand for new clothes is so strong, the merchants usually ask as high as 75 and 100 per cent profit on their goods, but our Semi-ready clothes remain always at the close cash profit margin which guarantees all the year-round value.

"We have only to convince the buyer that he is getting better value for his money, that he is buying at the same price others pay, and that he is securing the material and workmanship of the highest quality he can afford—and our success is assured.

Editor World: Let me congratulate you on the design for an uptown station, in Monday's issue. It is a great advance upon any yet presented, the former apparently being a very one-sided view of the proposed station.

The Uptown Terminal. Opens in Massey Hall, April 24, last, until April 30. Management telephone, Main 1947.

WOMEN'S DEPARTMENT OF THE TORONTO WORLD

SOLEMN

The biggest and best ball of the season was given last night at the Arena by the members of the Toronto Skating Club...

The Misses Gibson of Government House. Mrs. E. B. F. Johnston in pale gray satin brocaded with gold and silver...

Mr. and Mrs. R. S. Wilson, the latter in black satin with pale yellow and diamond ornaments. Miss Blanche Miles wore a becoming white frock and bouquet of lilies and violets.

Mr. and Mrs. Acton Fleming, the latter in white satin and silver. Miss Roberts in pale blue satin with a bouquet of roses and lilies.

Mr. and Mrs. Frank B. Johnston, the latter very handsome in rose color. Mrs. Edwards looked very smart in black tulle and satin trimmed with rhinestones.

Miss Gladys Edwards was stunning in green satin with touches of gold and oranges, bouquet of golden gate roses and lily of the valley.

Miss Violet Edwards, hand painted chiffon over satin and bouquet of orchids. Mr. and Mrs. C. Lester Wilson, the latter in white and blue.

Miss Phyllis Holmuth in yellow. Mr. George Francis, cmfwy fwyw. Mr. C. Darling, Mr. George Francis, Mr. Marvin Rathbun, Mr. and Mrs. Bingham Allen, the latter in pale yellow.

Mr. and Mrs. Reginald Gray, Miss Margaret Hay in white and pale blue; Miss Maud Band, rose color; Miss Maud Boyd, in rose color; Mrs. Ridout, in black; Mrs. H. W. E. Armstrong, in black and white.

Mr. and Mrs. H. W. E. Armstrong, the latter in black velvet and red roses. Messrs. Sheard, Mrs. Sheard, very handsome in green satin with white embroidery.

Miss Doris Reid, Miss Dorelle Walker, both in black; Miss Lawrence Corson, very pretty in apricot; Capt. and Mrs. Homer Dixon, the latter in white lace over pale blue; Mr. Sifton, Miss Nace Grant, white and silver; Miss Aileen Cotton, pale pink; Mr. Plant, Mr.

Daily World Pattern Service.

A Charming Negligee—Ladies' Kimono or Lounging Robe. It may be developed in cashmere, Henrietta, voile, lawn, nainsook, crepe de chine or silk.

Daily World Pattern Coupon.

Form with fields for Name, Address, and Size, intended for requesting a pattern.

Fill out this coupon and mail with 15 cents to The Toronto World, Pattern Dept., Toronto, and pattern will be mailed to you.

THE FOOD FORMULA

For the sixth and seventh months take eighteen or twenty ounces of whole milk and eighteen or twenty ounces of whole milk...

During the eighth and ninth months give from 26 to 28 ounces of food in all. This should be two-thirds milk and one-third gruel...

After the ninth month reduce the quantity of gruel and for every ounce less of gruel add an equal amount of milk.

If your baby is up to the standard at nine, or ten, or eleven, he should begin to receive some food from a cup or a spoon.

At fourteen months he can get sufficient nourishment with three bottle feedings and two meals of soft food.

I trust these articles on food may not get mixed up, as did some of last week's work.

I remember, telling you I would give you a very complete list of things necessary to prepare for baby's wardrobe.

I have received some letters asking for the complete list. If any of the articles failed to see the rest of the list, please write to me.

I have received some letters asking for the complete list. If any of the articles failed to see the rest of the list, please write to me.

I have received some letters asking for the complete list. If any of the articles failed to see the rest of the list, please write to me.

I have received some letters asking for the complete list. If any of the articles failed to see the rest of the list, please write to me.

I have received some letters asking for the complete list. If any of the articles failed to see the rest of the list, please write to me.

THE GARDEN

CONDUCTED BY RACHEL R. TODD, M.D.

Cleaning up the Perennials.

Keep a daily eye on the garden, watching especially the clump of perennials. Yesterday we looked over the Columbia myosotis and pinka. Today, we will go over a few more.

Shear off the left-on stems of the peony. Do not cut them up. If you do it once, and take a look at what you have pulled up, you will not do it again, because you will see that with the dead stems the peony pulled up a flat red dish pink 'crown,' or 'nose,' that would in all probability have become a gorgeous bloom.

While it is altogether too soon to meddle with most perennials, most of them should be heeled-up with a garden fork, nudging the earth close around the roots and heaping it up for some inches higher.

My Iris clumps are of good age, six or five years, you will probably find that you need a few spadeful of earth piled over them. Look to them.

How to Have a Nice Lawn. To ensure a rapid, luxuriant and continuous growth of grass on your lawn (either new or old), make an application of the following Dressing Fertilizer at once.

This fertilizer is being used by the Toronto Park Department, Ottawa Improvement Commission and many others who desire to have the most attractive at all times.

White; Mr. Jack Juce, Mr. Lewis Howard, Mr. Fuzze, Miss Joan Arnold, white lawn over blue satin; Miss Bigger in white; Miss Le Mesurier in white and silver; Miss Gladys MacTurchie, pale yellow with gold; Misses Plummer, yellow with roses to match; Miss Halman, blue over gold color; Mr. Heber Smith, Mr. Timmins, Dr. Stanley Ryerson, Mr. T. B. Revett, Mr. Baptist Johnson.

A naval seaman has once every day to salute the quarterdeck of his ship. Even if no officer is upon it, 'Salute' is in such popular favor that many people feel like saluting a packet whenever seen.

Walnut Nougat.—Whisk together six ounces of icing sugar and the whites of two eggs till very stiff. Place in a lined saucpan, and add five ounces of chopped walnuts, three ounces of grated chocolate, and a few drops of vanilla.

Heat thoroughly over a slow fire, and when very hot turn into an oiled tin. When it is almost set out into squares with the back of a knife. When quite cool break into small pieces and place in bonbon dishes.

IF THIS IS YOUR BIRTHDAY. Healthful recreation will be especially beneficial to you in the following year, enabling you to enjoy the good in employ your good sense will win you promotion.

Those born today will be talented and energetic, but too impulsive to pursue a steady course, and will succeed best if associated with those of calmer dispositions.

A MAN IN THE OPEN

By ROGER POCOCK

(Copyrighted 1912. The Bobbs-Merrill Company.)

"Fancy Kate's the thing which Polly kept like a pet lap-dog. The thing which turned state's evidence to hang my poor old dad. Brooke's come to Spite House as Polly's manager. Yes, now you know why mother's got no more sense than Polly—told me I'd best come to you and give you warning. That thing is at Spite House, and mother's gone."

"I see it all now. But one last question. How did you get to England?" "Do you remember, mum, that my poor dad just thought the world of Jesse?"

"I remember, a legacy for you—some ponies." "Well, Jesse found out somehow that I had the House. He sent me the value of them ponies, with only a receipt for me to sign. I reckon, mum, that ruined and well-nigh starved, he rode a hundred and sixty miles thru the black pines, because he's honest. That's why I spent the money comin' to you. I wants to help."

CHAPTER II. The Impatient Chapter. This chapter is so difficult to start. It deals with a time when life had become impossible unless one could jump from the top of a chimney next, and thence to Monday fortnight. Of course the book is only meant for Jesse, for David, for me, and for those to come who will have their wings clipped by the time they are ready to fly.

My characters are ready to hand, and my events are real, but how can I possibly contain the notes in waiting, to make a harmonious, sensible chapter, whose very motif is worry? I give it up, for what am I that I should do this thing?

To three-fourths pound of artistic temperament add one cup Celtic blood; stir in a tablespoonful of best Italian casual feelings; add humor and laziness to taste; fry in moonlight over a slow anthem, and there you are. That's me!

A little girl I would prefer a hobgoblin I couldn't get to sleep, stuffed with the best sawdust. If there happened to be any day-dreams about, I would play hostess to the angels and accounts, from business men, and from all things you catch, such as malaria, influenza, hateful practical affairs have to be faced, but I rush them to get thru quick.

Have you noticed that artists who are always accused of being egotistical, I sent David with his nurse to stay with Father Jared, so mother called me a cold-blooded wretch. I abandoned my part at the opera, and I ravening female who can't sing, so my manager called me an atheist. My maid's pack and run to escape me, with the furthest of the 'Peeking and Tootham Emporium' my little home passed to a gentleman in his bays and diamonds, and a slip; my bits and snips, and I sold the proceeds banked with the Hudson Bay Company. Then came Jared, and just as the train pulled out the district nurse threw a bunch of violets. So I broke down and howled, wondering dumptly why. Even then I longed for my dear wilderness, where every wind blows clean, for the glamor of an austere land braving the naked winds, the heart of a lonely man who dares to do his duty, all that was real and great in life, calling me, calling me home.

The keenest pleasure which ever money gave me came when Billy and I helped in the drafting of a cable order from the Hudson Bay Company in London, to that bland magnifico who manages the branch of the Hudson Bay Company. One always feels that if one happened to want a Paris hat, a bag of nuts, and a monkey, this Vancouver potentate would make a parcel of them without the slightest fuss of their getting mixed. As to surprising the company, one might as well tickle the Alps.

"Provide three sleighs, each with two horses; engage two reliable bush teamsters; six months' guaranteed bonus for secrecy and fidelity."

"Referring to previous requirements of Jesse Smith, load No. 1 sleigh to capacity with provisions, luxuries, invalid comforts, consigned to him via bush trail from 25 Mile House, Carleton Place, Ontario, to Cape Horn, Carleton Place, Ontario, and present requirements and present invalid comforts, consigned to him via bush trail from 25 Mile House, Carleton Place, Ontario, to Cape Horn, Ontario, with personal services, and to forward consignee's receipt."

"Hire third sleigh with team one"

month, furnish furs on approval, equipment, comforts, suitable to bush travel and residence of a lady. Place in charge of young, competent civil engineer, bringing instruments and assistance to report to Madame Scotch, arriving Ashcroft Pacific Limited, 20th inst.

"Absolute secrecy required." "Charge Scotland."

So far the impulse had moved me to be quick before I repented, and the journey gave time for that. Leaving the sweet mystery and serene order of the English landscape, I made the usual passage by S.S. Charon across the Stix to New York, where I caught a stuffy train for the transit of an untidy continent. And so, in the starchy middle of a night, I was met at Ashcroft.

The civil engineer sent by the Hudson Bay Company was Mr. Sacrifice T. Eure. He stood uncovered, and while his ears froze, spelled his name to me, explaining that there were two syllables in "Eure," with accent on the first. He seemed to convey an offer of protection, to claim my friend ship, to take charge of my affairs, and with perfect modesty to let me know that he was competent. Mud-colored hair hung dank over a fine bloodless face with eyes for steel, jaws like iron, and a gleam of mischief in the magnetic accounting, perhaps, for the magnetic charm of his smile. His English was that spoken by gentlefolk, which has the sweetness and sparkle of champagne. His accent? How puzzling that is in a stranger's voice! Except when he plays Shakespearean drama, we all speak with an accent, American say, or British. This gentleman lacked the primitive manliness which stamp the men of the Dominions. Afterward Mr. Eure confessed himself a native of New England.

He presented his assistant, led me to the sleigh, showed Billy where to stow the luggage, tucked me into some warm furs, congratulated me on capturing the local hotels then bidding my man and his own to jump in, took the reins, and asked which way we were going. I served as pilot along a trail of poignant memories. Once as I climbed the great steep northward, I caught the scent of the bull pines, and would have cried but for the cold, which made it much wiser to sniff. Tears freeze.

WHO FED THE ANIMALS?

"Let's all take a walk," suggested Little Brown Bear one cool day. He had just waked from a long nap and he felt very frisky.

"All right," said Mrs. Red Squirrel. "I'm always ready for exercise."

"I'll come, too," said Old Gray Wolf. "And so will I," said Red Fox. Fat Mr. Hedgehog happened to be hunting for roots nearby and the animals called to him to join them.

"Well," said he, "maybe I will. But I must get back in time to find some roots. I promised Fat Mrs. Hedgehog that I'd get dinner while she went to make a call on Blind Mr. Mole."

"Just then Mr. and Mrs. Blacksnake and all the Little Blacksnakes came and started after poor White Rabbit. He ran off squealing into the Forest with all the Blacksnakes after him.

"Well, come on," said Fat Mr. Hedgehog. "I'm in a hurry. I'll lead the way."

"No, indeed," said Mrs. Squirrel. "you're not half so quick as I am and you wouldn't make a good leader."

"Look out!" screamed Fat Mr. Hedgehog. "I'll prick you with one of my sharp quills, and then you'll be sorry." And he chased Mrs. Squirrel, scolding and chattering all the way.

"Little Brown Bear came to his mother's big paw, frightened and unhappy."

"It was your fault, Little Brown Bear," said Mother Brown Bear, being proud and trying to lead the other Animals."

"I'm sorry," Little Brown Bear. "Then we'll take a walk," said Mother Brown Bear. "I'll lead the way. Well, I'm going to lead the way. Now, all follow me."

"No, indeed," growled Red Fox. "you're not brave enough to be leader."

EFFICIENT HOUSEKEEPING

BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Flower Seeds

I WONDER how many persons are tantalized by the beautiful floral catalogues published by wily florists.

I wonder how many a little woman with two or three dollars hoarded up for flowers, has made up a twenty-dollar list and sighed at her poor purse.

Yet two dollars, small as the sum is, will beautify any yard if it is well planted where they are to remain.

Sweet Alyssum, to be planted where it can grow in a mass. Ragged Robin, or corn flower or sailor boy, if you know this old favorite best by the everyday name.

Poppies in sunny spots where the wind will not blow them down. Larkspur, ten or fifteen feet apart; both tall and dwarf varieties. Phlox comes in all colors from white to crimson and deep purple; it is beautiful in any garden.

Verbenas once planted bring a constant display of color until they are weeded out.

Pansies, of course, and asters, and snap dragon. China pinks will grow from seed and are listed as annuals, but with care they may be kept from season to season; color is wanted; if you have an unsightly back fence or a side of a barn to hide, plant sunflowers and put the marigolds at their feet. You will have a glorious splash of yellow and golden browns.

Morning glories come up year after year and make a trimming wherever they can climb.

Those old-time favorites, sweet peas, should be planted deep in the ground in early spring; throw brush over them and they will not need to be stung, but will wind in and out. The blossoms must be picked daily to insure continuous bloom.

Six desirable perennials are: Hollyhocks, which come in every shade and spread in all directions; the new ones are as double as a cup full of ruffles.

Magnificent Canterbury bells, white and blue, are fine for bouquets and showy in the gardens. Others are: Peonies, Sweet William, lily of the valley, bleeding heart, huckleberry—but that is more than six. If there is some change left, and there may be out of as little as two dollars, you will remember the old favorites that I have not forgotten—nasturtiums.

Even in New York at the sixty store of a tenement house I have seen their gay colors growing luxuriantly in an old tea pot or a tiny window box.

In Chicago I have known school children, without a foot of garden ground, living almost in the clouds, to bring their teacher nasturtium blossoms from their own make-shift gardens!

REAL ESTATE NEWS
NEW POSTOFFICE TO BE BUILT
ON GREATLY ENLARGED SITE

Will Have Frontage on Victoria, Lombard and Adelaide Streets—Government Deposits Notice of Expropriation in City Registry Office For Million Dollars' Worth of Land.

(Continued from Page 1.)

77 feet square, total assessment, \$114,085. Excelsior Life Assurance Co., 59 Victoria street, five storey building on ground 45.6 feet by 86; total assessment, \$80,950. Mrs. Mary Eno, southeast corner of Victoria and Lombard streets, three-storey building on ground, 46 feet by 46.5; assessed at \$39,350. W. S. Dinick, 5 Lombard street, vacant land, 40.6 feet by 47; assessed at \$12,154. MacPherson estate, 32-4 East Adelaide street, next to postoffice, five-storey building on land, 41 feet by 99; assessed at \$45,750. Land occupied by shipping stations of postoffice at 7 Lombard street, un-

derstood to be leased by the government, 40 feet by 91, assessed at \$22,000. Hon. Frank H. Pittippen and Noel Marshall, 44-52 East Adelaide street, just east of the postoffice, two-storey building on ground, 77.5 feet by 34; assessed at \$36,038. Warden King, Ltd., Lombard street, four-storey building on land, 78.1 feet by 84; assessed at \$57,350. Three Times Size of Old. The values of these properties will have to be decided by arbitration. The new site is roughly three times the size of the old and on it a building commensurate with the importance of Toronto as a source of postoffice revenue. Toronto contributes far more than Montreal and gives the government about one-seventh of the postal revenue of the country.

TWELVE HOUSES TO GO UP IN ANSLEY GARDENS

Owen Sound Man Will Build Them—Fifty Altogether Will Go Up This Season.

The syndicate that bought Ansley Gardens at Glen Grove and Glenview avenues are finding a great demand for their lots at \$65 to \$75 a foot. The \$5000 building restriction on the property is appreciated by people who desire to put up high-class houses, conforming as it does to the section contiguous. The development of this part of North Toronto would be a revelation to those who believe that the only sections where residences of the rich are built are "Rosedale" and the "Hill." An Owen Sound man has bought a block of frontage in Ansley Gardens and will erect at once at least twelve houses to sell at from \$10,000 to \$15,000. J. H. Hamilton, agent for the property, estimates that approximately fifty residences will be erected on the property this season.

PROF. HAMBURG BUYS ON WELLESLEY STREET

Prof. Michael Hamburg has bought E. R. Reynolds' house at 17 Wellesley street, very close to Yonge, and will establish a new Hamburg Conservatory. The property is 46.5 feet by 155 and sold at \$19,000.

SPADINA TRANSFERS

The Emerson Drug Co. is understood to be buying 64 Spadina avenue, at about \$500 a foot. The land is 20 feet by 100, with lane two sides. It is reported that Dr. James E. Temple has sold three stores at 404-406 Spadina avenue, 54 feet by 100, at \$49,000. James Sim has sold his house, No. 25 St. Andrew's Gardens, for \$18,000. There is a large brick house on the property, and the frontage is 47 feet and the depth 117 feet. No. 3 Pritchett road has changed hands at \$14,500. Mr. W. J. McMurtry being the vendor, and Mr. C. N. Simkins the purchaser. It is 60 feet by 130 feet. Oliver Hazelwood, manager of the McLaughlin-Bulck Co., has disposed of his house at 607 Huron street, for \$85,000. It is a detached residence and the property is 33 by 150 feet.

FIVE ISLAND HOUSES AND LEASES ARE SOLD

The Young Women's Christian Guild residence at 972 Lake Shore Boulevard, has been bought by Arthur B. McGowan at \$6000. Four other island deals, which include houses and city leases, are reported. A Burton has bought James Bowman's house at 2 Ongaria avenue, Centre Island, at \$3500. Charles Ward has purchased from Harry Delmuth the house at 1 Clarendon avenue for \$2800. The house at 8 Clarendon has been sold by the Chadwick estate to A. Gilham at \$2800. Aubrey White's home at 186 Lake Shore has been purchased at \$3000 by Charles Michie.

GLEDHILL AV. ACREAGE

Ten acres of land on Gledhill ave., about 800 yards north of Danforth ave., have been sold by the Title and Trust Co. at \$41,000 to a subdividing syndicate.

CANADIAN NAMED IN MARCONI CASE

Norton Griffiths Alleged to Be Implicated in Underhand Campaign.

GODFREY ISAACS HEARD

Griffiths Demands to Be Called and Heard Under Oath.

Special Cable to The World. LONDON, April 15.—(Copyright.)—Godfrey Isaacs, continuing his evidence before the Marconi committee, named Major Archer Shee and Norton Griffiths as the members of parliament whom the stock broker Hawkins had informed him by letter were engaged in an underhand campaign to influence parliament in behalf of the Poulsen system. Archer Shee, who married Frances Pell of New York, has from the first taken a prominent part in opposition to the contract, but Norton Griffiths, who is a Canadian, had not signalled himself in the controversy. Isaacs' mention of him created much surprise. Both members subsequently denied they ever had a financial interest in the Poulsen syndicate, but Shee says he was offered shares and refused. Shee has already been examined by the parliamentary committee, and Griffiths now demands to be called so he may give a denial on oath.

Isaacs Declined. Lord Robert Cecil endeavored to get Isaacs to commit himself to a definite charge of corruption against Shee and Griffiths, but Isaacs declined, saying he merely wished to give the committee information in his possession and allow them to sift it for themselves. In this adopting tactics of the opponents Isaacs is regarded to have scored cleverly, and succeeded to a large extent in diverting attention of the public from the ministers to their critics. In the course of his evidence Isaacs stated that English Marconi Company now holds 568,700 shares in American Marconi. He declined to produce an agreement with the United Wireless Company from Winnipeg, and who is president of the Stewart Shear Loan Co., was elected vice-president, and James Watt re-elected secretary-treasurer.

QUELPH BOARD OF TRADE

At the annual meeting of the Quelp board of trade, which was held in the council chambers tonight, ex-Mayor Geo. J. Thorp was unanimously elected president for 1913. Mr. Alex. Simpson, who recently came to Quelp from Winnipeg, and who is president of the Stewart Shear Loan Co., was elected vice-president, and James Watt re-elected secretary-treasurer.

BUILDING BIG PIPE LINE

SARNIA, Ont., April 15.—(Special.)—The Imperial Oil plant at this point will be greatly increased in capacity according to reports. This increase is made possible owing to the fact that the pipe line which will connect the fields in Ohio. The distance to the fields is 175 miles.

TO AID ST. CLAIR NAVIGATORS

SARNIA, Ont., April 15.—(Special.)—The front range light of the Corunna range of the St. Clair River has been moved to the east about 17 feet to allow more berth of the ships at the head of St. Clair Island. The light is now fifty feet above the water and 563 feet from the rear light.

FIRM LEASES LARGEST LEGAL OFFICES IN CITY

Giving them the largest legal offices in the city Day, Ferguson and O'Sullivan have leased the top floor of the Tanner-Gates building at 26-28 West Adelaide street, moving in yesterday. This building has lately been reconstructed and installed with all modern office building devices. The fittings in the various suites are oak, light-stained, with marble corridors. Space is being rented at \$2 a foot. The building has three side lights.

AVENUE ROAD SALE

The Bishop Strachan School Board has purchased 423 Avenue road from A. Elliott at \$16,000, and will establish a branch school for young girls. The property is 50 feet by 180 and is occupied by 12-room house, which probably will be enlarged.

KING WEST TRANSFER

The three-storey brick building and land at 331 and 333 West King street has been sold to unknown people by F. G. Egan at \$25,000. The land is 27 feet by 100.

NEW REALTY COMPANY

A new company to deal in city properties has been formed and is located in offices at 46 Victoria street. This is Phelps-Neff, Limited, composed of men who have considerable to do with realty operation in Toronto in the past few years.

MARCH EARNINGS OF MEXICAN CONCERNS
Unrest in Republic Reflected in the Report—Record of Year to Date.

CROW'S NEST COAL ANNUAL MEETING
Total Profits Last Year Crossed Half-Million Mark—Favorable Operations.

BANKS FORCE SALES OF THE SPECIALTIES
Erickson Perkins & Co. (J. G. Beatty) wired: The stock market was reactionary all day, influenced by depression in specialties—first the oil shares, then American Can in the last hour. Lowest figures were seen in the late trading.

CHANGES IN BROKERAGE FIRM
Messrs. Austin, Duncanson & Co., members of the Toronto Stock Exchange, announce that they have admitted Mr. Dickson D. How to partnership to fill the vacancy caused by the death of the late A. E. Austin, and that the firm will in future be known as Duncanson, How & Co.

TORONTO MARKET TURNS HEAVY AGAIN
Collapse of Boom in Toronto Ry. Is Followed by General Decline.
RUSSELL MOTOR LOWER
Both Common and Preferred Shares Break Into New Low Ground.

Contrary to the confident assertions of bullish traders, the Toronto stock market yesterday did not maintain the ground it had gained in the opening session of the week. This was due to the fact that profit-taking was indulged in and that, with the incoming of liquidation, the recent leaders turned heavy and soon sagged of their own weight. It was significant, however, that the trading movement broadened out to a certain extent, and in some quarters this was accepted as an indication that a more active speculative movement was being built up.

Traders were inclined to draw analogies between the present movement in Toronto Ralls and that which occurred in January, when the shares gained nearly six points in two days, and then lost the major part of the improvement just as rapidly. These sudden spurts engineered from Montreal are not regarded with much confidence locally, and each successive swing seems to justify this feeling. Ralls yesterday opened at 145 and then broke to 142 7/8, with the close at 143 1/4, a full 2 1/2 points under Monday's top price.

CROW'S NEST COAL ANNUAL MEETING
Total Profits Last Year Crossed Half-Million Mark—Favorable Operations.

The annual report of the Crow's Nest Pass Coal Co., presented at the annual meeting of the shareholders held in the National Life Building yesterday, showed that the company enjoyed a very favorable year. The net profits from the operation of the coal company were \$471,454.16. This wiped out the deficit of \$52,030.22 carried forward from 1911 and left \$419,423.94 to be carried forward at credit of profit and loss account. The coal mined was 1,064,791 tons and the coke produced 245,229 tons.

BIG MINING COMPANY IS FORCED TO WALL
NEW YORK, April 15.—Judge Mayer in the United States District Court today appointed Henry S. Haskins as receiver for the Tuscarora Mining Co., a twelve million dollar corporation, which went into difficulties a short time ago.

ADMINISTERING THE ESTATE

BANK CLEARINGS OF THE CONTINENT
Canadian Cities in Almost Unchanged Position—Toronto Holds Tenth Rank.

There were few changes of any importance in the standing of the leading cities of the continent in point of bank clearings last week. Montreal held its customary position of seventh in the list and Toronto was in an unchanged rank of tenth. Winnipeg made a better showing moving up from thirteenth to twelfth, beating out Cleveland's record by over three million dollars. Philadelphia and Boston exchanged places, the former resuming third place for the time being.

City	Last wk.	Last yr.	Inc.
New York	\$1,697,228,000	\$1,811,828,000	+11.2
Chicago	311,745,000	275,234,000	12.9
Philadelphia	155,200,000	144,747,000	13.4
Boston	155,110,000	151,600,000	2.3
St. Louis	76,888,000	73,724,000	4.3
Pittsburgh	57,538,000	55,545,000	4.3
Montreal	53,223,000	49,375,000	31.9
Kansas C.	51,649,000	51,638,000	0.1
San Fran.	48,157,000	46,421,000	3.7
Portland	44,891,000	40,110,000	11.2
Baltimore	37,660,000	33,109,000	13.4
Winnipeg	27,748,000	22,647,000	22.5
Cleveland	24,655,000	22,577,000	9.2
Cincinnati	23,976,000	22,585,000	13.1
Minneapolis	20,943,000	18,976,000	10.4

MONTREAL STOCKS REACTED SHARPLY
Toronto Railway Lost Two Points—C. P. R. and Brazilian Firm.

MONTREAL, April 15.—Following the slight outburst of bullishness in Toronto the market display here was today and losses ranging from small fractions to 2 points were fairly general at the close. C.P.R. was slightly lower in London in sympathy with the rest of the market here and stocks were again on the down grade in New York. With no incentive from within the local market showed a disposition to follow the trend of outside markets and prices eased off pretty well all thru the list.

RAILWAY EARNINGS MONTH OF MARCH
Canadian Roads Show Seven Per Cent. Gain Over Last Year.

Complete returns of gross earnings of all Canadian railroads reporting for the month of March show a gain of 7 per cent for the full month is not quite so pronounced as in the opening weeks, the increase being 5.5 per cent over last year, compared with a gain of 4 per cent in February and 13.8 in January. The exhibit would have been considerably more favorable but for the heavy losses sustained by lines traversing the flooded districts of the central states.

COST OF LIVING WAS STEADY IN MARCH
OTTAWA, April 15.—Wholesale prices in Canada in March were on the same general level as in February, and only a little higher than in March last year. The department of labor's index number stood at 135.5 for March, compared with 135.4 in February and 134.8 in March, 1912. These numbers are percentages of the average price level of 272 commodities during the decade of 1890-1909.

DIRECTORS WERE FRANK, ANYWAY
LONDON, April 15.—Directors of the Dominion of Canada Trust Corporation, the main asset of which is the Maritime Lumber Company, frankly admitted to the shareholders today that a Canadian lumber business could not be managed from London. They were negotiating with three different groups in Canada to buy the concern. The shareholders approved the report.

BEARISH FEELING IN BIG MARKET

BALKAN CRISIS IS STILL WITH US
London Market Is Easier on Clouded Outlook—Gilt-Edged Issues Firm.

NEW LISTINGS IN LONDON.
LONDON, Eng., April 15.—There have been listed here: City of Calgary, £120,000 4 1/2 per cent; Rio Tramways, £53,000 6 per cent; Shawinigan Power, £1,000,000 shares; Vancouver Power, £50,000.

MONTREAL GRAIN AND PRODUCE.
MONTREAL, April 15.—There was a better enquiry from foreign buyers for Manitoba spring wheat today, but the prices bid were still 1/2 to 3/4 lower, making some of them just figure out cost and others 1c to 2c per bushel out of the pocket. The demand for oats was small. The demand for oats was fair, but as bids were 3d off from yesterday, no sales were made. The local demand for oats was better at an advance of 1/2 per bushel. Other coarse grains were quiet for export. A firm feeling prevailed in the flour market with a fair volume of business doing for domestic consumption. The market was again very quiet. Milled quiet. Butter firm. Cheese steady. Eggs active, but slightly higher. Stocked meats in good demand at firm prices.

SINKING SHAFT AT BEAVER AUXILIARY
Two Drills Started at Elk Lake Holding—New Plant in Order.

ELK LAKE, April 15.—Two drills were started at the Beaver Auxiliary mines on Friday morning, and are now sinking below the 100-foot level in the shaft. It is proposed to carry this working to a depth of 200 feet, at which point a station will be cut and a crosscut driven east to tap the vein developed in the old shaft on the property. About 100 feet of cross-cutting should tap the ore body.

SILVER QUEEN ANNUAL
The annual meeting of the Cobalt Silver Queen, Limited, will be held in the Traders' Bank Building on Thursday, April 24, at 11 o'clock a.m. Nothing but the customary routine business will be transacted.

LIVERPOOL GRAIN EXCHANGE.
LIVERPOOL, April 15.—The late standstill in America caused some support at opening and values were unchanged to 3d lower. Following the opening profit-taking developed and prices declined with a dull market. Pressure was attributed to the favorable Indian news, continued high prospects in the United States and a rumor that Antwerp is offering to sell cargoes recently purchased. The visible showed a good increase. The decline was checked by the German official report and the firmness in Buenos Ayres, and the unfavorable weather in Argentina. Later Corn opened unchanged to 1/4d lower. The decline in America was offset by the firmness in Buenos Ayres, and the unfavorable weather in Argentina. Later the market declined on the disappointing consumptive demand and the heaviness in American spot.

The Standard Bank of Canada
Quarterly Dividend Notice No. 90
Notice is hereby given that a dividend at the rate of Thirteen per cent per annum upon the paid-up Capital Stock of this Bank has been declared for the quarter ending 30th April, 1913, and that the same will be payable at the Head Office in this City and its Branches on and after Thursday, the 1st day of May, 1913, to shareholders of record of 21st April, 1913.
By order of the Board,
GEORGE P. SCHOLFIELD,
General Manager.
Toronto, 26th March, 1913.

The Robert Simpson Company, Limited

Durward's Spring Overcoats

Greater care could not be taken in the selection of materials that are used in these exclusive coats. They are designed by men whose skill is vouched by the perfect fitting garments themselves. They have gained a world-wide reputation by the variety of excellent styles and colors they offer for choice. A Durward coat, made from fine English tweed, in light brown, is cut single-breasted Chesterfield style, button through with sateen buttons. It has patch pockets. A very swagger coat. Price **25.00**

The Durward for young men is made from plain light gray English tweed, in street style, Chesterfield, with patch pockets and cuffs on sleeves; beautifully tailored. Price **26.00**

For the conservative men there is nothing so good as this Durward Coat of plain Oxford gray cloth. It is made in a neat Chesterfield style. Price **28.00**

The English Inverness Coat, made by Durwards, is a beauty; made from a plain dark gray English cheviot. Price **30.00**

Stout Men's Suits

Blue gray English diagonal worsted, cut in a smart single-breasted style, will fit perfectly the stout figure; linings and workmanship excellent; breast 40 to 48. Price **20.00**

Boys' Two-piece Double-breast Suits

A natty suit, neatly tailored, with full cut bloomer pants; made from medium gray worsted cloth, with small striped pattern; best class linings and making. Thursday, sizes 25 to 30, **\$4.25**; sizes 31 to 34 **\$4.75**

Boys' Brown Tweed Two-piece Suits

One of the new shades for boys is the tan-brown shown in this English tweed suit, tailored, cut double-breast style, with bloomer pants; first-grade serge linings. Thursday, sizes 26 to 30, **\$8**; sizes 31 to 34 **8.50**

(Main Floor.)

The Spirit of Co-operation

The "get-together" tendency of the century is forcibly illustrated in department store methods. We can supply you more cheaply with excellent wares than you can supply yourself single-handed, for we do the buying for many others like you. We get the bulk price from the maker or producer; you pay us a small percentage for our services to you in securing these benefits of big buying. As instance, take the special valuer here announced—a list such as you have come to expect, almost daily, from us, but which may today cover goods not soon again to be offered.
