

YORK COUNTY West Toronto North Toronto East Toronto

N. TORONTO BUILDING WILL BE VERY BRISK

No Scarcity of Brick in Town—Jottings From All Over the County.

NORTH TORONTO, April 24.—(Special)—Great activity prevails on the Globe Manor, the first property acquired by the Davenport Land Company, and workmen and teams are engaged in clearing up the underbrush, leveling up and making new roads. Centre-roads will be closed and others substituted in its place, and the summer promises to be the busiest the southern section of the town has ever seen.

The cold weather is holding back the real estate business, and while this season it will not be so brisk as the best in the history of North Toronto, building operations are not yet well under way. In some quarters it is attributed to the scarcity of brick, but it is not likely that there will be much delay from this source.

I have never seen at this season of the year so many bricks piled up around the town, and especially in the case of the Scarborough brick, but sand and lime for the making of mortar.

Only to-day I had three applications from parties having carloads of brick on the Bell Line to draw up town, but had to decline the business. Mr. Peers is one of the largest brick manufacturers on the outskirts of the city, but was cleaned out early in the season. Large quantities are being shipped in from outside points, and there is no likelihood of any scarcity. He further stated that the local supply, which runs from 200,000 to 300,000 kiln, would be ready about the last of May. The season's business in building is characterized as very fast. Some day there will be an accident due to this very cause, and then the town will have another rail for damages. At this season of the year, when prospective buyers are coming out of the city with money to buy in the residential districts, everything ought to be made to look as attractive as possible.

DEATH OF SAMUEL MILLS, Former Well Known Markham Man Passes Away.

The death took place yesterday, at 88 Berkeley-street, in this city, at the residence of William Padgett, of Samuel Mills, a former well-known resident of Markham Township. Mr. Mills had for some time resided in this city, living a comparatively retired life. The news of his demise will be received with deep regret, and it is thought that arrangements will shortly be arrived at between the company and Stobbe.

SCARBORO VILLAGE, Local Enthusiasts Organize Baseball Club.

SCARBORO VILLAGE, April 24.—(Special)—The Athletic Baseball Club has been organized here, with these officers: President, Reeve V. D. Ames; manager, F. W. Smith; captain, W. Chapman; secretary, H. J. Jackson, Scarboro P.O. The meeting was most successful, and the enthusiasm manifested, together with the fine staff of officers, ought to ensure a successful year.

BAD ROADS AROUSE ACTION. The great loss and inconvenience to which the travelling public have this winter been subjected, especially in the country districts, has aroused the township and county councils and the county press to the necessity of finding a solution of the trouble.

The only remedy for storm-bound roads in the country districts, as suggested by several progressive farmers around the county offices these days, is to take advantage of the present act relating to the widening of fences along the highways, allowing if necessary a bonus if such were considered advisable.

That this would be necessary or advisable is not in the mind of a majority of the farmers spoken to at all likely. The scarcity of timber and posts of all kinds renders the wire fence more and more the coming one, and while many have adopted it, the presence of the straight rail or old-fashioned chain and rider is a nuisance, especially in winter, such as that just passing away. Just what action the township could take in the matter of helping on the good work in this connection, is a legislative act which gives to municipalities the right to bonus the private landowner removing an old rail, and substituting a wire one in its stead to the amount of the difference in the cost. The township and yesterday talked with a well-known municipal authority who stated that the only recourse open to a municipality was to give something in the way of a bonus, and that the local statutes made provision for such cases.

From the fact that so much inconvenience and loss was caused, and the agitation already advanced in some quarters, a big forward movement will undoubtedly take place along this line this summer.

MIMICO, Looks Like Village Will Soon Need Sewerage.

MIMICO, April 24.—(Special)—Reeve Skelton, when questioned yesterday as to when operations would be commenced on the laying of the Lake Shore-road, stated that in two or three weeks it would be commenced. It is going to be a road, too," he added.

The residents of Mimico will have the

CHESTER, April 24.—(Special)—The churchwardens and committee of St. Barnabas Church, Danforth, Chester, extend a cordial invitation to former and present parishioners to a far-away social at 8 o'clock Friday evening, April 27, in the Parish Hall, 100 St. George-st. The far-away social in the rectory of Rev. W. Vipond, and the evening will be one of great interest, and very large attendance is anticipated.

WEST TORONTO, April 24.—(Special)—The death occurred to-day at her parents' residence, 100 St. George-st., the year-old daughter of Mr. and Mrs. Leonard Davison, 125 Ford-st. The funeral takes place on Friday afternoon at 3 o'clock to Prospect Cemetery.

The Westdale Club of West Toronto held their last assembly of the season last night in the Masonic Temple. About one hundred were present.

The merchants of Dundas-street are complaining about the very dusty and disagreeable state of that business thoroughfare. The dust in many places is nearly an inch in thickness, and the high winds of the last few days make walking exceedingly disagreeable.

About 8 o'clock a Legion suburban car ran completely off the sidewalk on Dundas-street, near Clendenan-avenue. Sixty feet were derailed and the car stopped completely across the street, traffic being delayed for about half an hour.

Worcester Lodge, No. 47, R.O.E.B.S., held a special meeting last night in St. James Hall. During the session a resolution of regret was unanimously adopted toward the bereaved families left by the wreck of the Titanic.

NO AGREEMENT YET. So far as can be learned there is little probability of the city acquiring the Toronto & York Radial Railway through Stobbe's Township. The latter authorities state that they have had to deny communications from the city to that effect. The matter was left in abeyance at the last conference, pending the legislation which it was hoped might be obtained from the legislature. The franchise expired on Jan. 24, and the road is well known to be being run illegally in the interim. Nothing is known as to the township as to the outcome, but it is thought that arrangement will shortly be arrived at between the company and Stobbe.

WYCHWOOD. The concert given in the St. Michael's and All Angels Church last night under the auspices of the Anglican Young People's Association, was sufficient to pack the place to the doors, the whole concluding with the comedy, "The Old Maid's Convention."

Zion Methodist Church also gave a delightful entertainment last night, the program being of special merit and largely local.

There is a noticeable improvement in all the northwestern roads, and traffic is beginning to move on something like schedule. Nobody, however, looks for anything like a good road until St. Clair-avenue is dealt with, and progress here is very slow.

DE LA SALLE EXAMS. Results Announced and Address Given by Father Kelly.

De La Salle Assembly Hall was filled with students, parents and friends on Tuesday afternoon anxious to learn the results of the Easter term examination and to enjoy an able and scholarly address delivered by Rev. Father Edward Kelly of Grimsby, a former pupil of De La Salle.

Mr. Kelly acted as chairman, and at the close of the lecture a number of thanks, being proposed by Harold Carey and accepted by Victor McEwen, was tendered by him to the rev. lecturer.

RAILWAY EXPERT WANTED BY CHURCH

Controller Thinks a Man Should Be Appointed Permanently to Act With Corporation Counsel Drayton—Fire Escape Must Not Project Over Yonge Street.

Instead of a firm of traffic experts to deal with the local transportation problems, Controller Church moved at the meeting of the board of control yesterday morning that the city secure the services of a railway expert to act permanently in conjunction with the corporation counsel's department. He also proposed that an allowance of \$5000 be made to secure what other additional expert assistance was required regarding any of the cases pending in the legal department. The controller suggested J. W. Moyer, the engineer of the board of trade, as a suitable man for the position. It was decided, however, to take no action in the matter before Corporation Counsel Drayton expressed his opinion. City Engineer Rust reported to the board that it was proposed to erect a fire escape on the Hoberlin Building, at the corner of Bloor and Yonge streets. This would project four feet over Yonge street, he said, and should not be permitted since it would form a head precedent. The board agreed. Mr. Rust was instructed to notify the owners that they would have to make some other arrangement.

According to the report of the city architect all the work in connection with the isolation hospital, with the exception of the plumbing, is now completed. The East Toronto police station, he reported, was also completed, and the building had been handed over to the property commissioner.

Controller Church caused a little amusement by presenting a few written sheets, containing forty-seven questions. Some of the queries were sent to the officials for replies, others he answered directly. At some, the controller answered himself.

COMMISSION TO INVESTIGATE CHARGES

Ontario Government Has Empowered Eudo Saunders of the License Branch to Enquire Into Charges Against a License Commissioner of Goderich—Hearing Monday.

Eudo Saunders, chief of the provincial license department, has been appointed a special commissioner by the attorney-general's department to investigate the serious charges against one of the license commissioners of Goderich.

Michael Farr, an hotelkeeper in that town, claimed that the official in question concealed liquor in his premises against the impending reduction of licenses from eight to six, for a consideration of \$500. Thereupon he reported the case to the crown attorney.

A meeting will be called at Goderich on Thursday morning, but it is likely that the remainder of the week will be required to subpoena witnesses. The official enquiry, it is understood, will commence next Monday afternoon, and Hon. W. J. Hanna says the case will be prosecuted to the end.

The Juvenile Court

Commissioner J. E. Starr of the Toronto Juvenile Court was the speaker at the board of trade luncheon yesterday. To say the commissioner delivered a good address would not be doing him justice. Taking up point after point in favor of the institution, he pointed out the great power for the welfare of the boys and girls held by his court. At times the commissioner had his audience convulsed with laughter at some of the humorous incidents coming under his notice, and at other times moved the members to pity over the wrongdoings of some delinquent boy or girl, until at the end of his address a call for men to act as "big brother" to some erring boy brought forth a hearty response from every man present.

From the economic standpoint, he pointed out that where the children's court had sent 50 boys to Mimico last year, he in the same period of time had found it necessary to send only two. "This alone has saved the city of Toronto the cost of maintaining my small staff," he said.

Mr. Starr related various incidents in his experience, some of them humorous, some of them pitiable in the extreme. He bewailed the lack of a proper institution to which could be sent mental delinquents, and upbraided the policy which aims to keep down the rate and send boys and girls "to the devil."

W. P. Guidy, in thanking the commissioner for his address, assured him of the hearty cooperation in securing the institution for the mental delinquents, and also each member's willingness to be "big brother" to some "little brother."

The Light That Failed

NIAGARA FALLS, Ont., April 23.—(Special).—General regret was expressed on both sides of the river to-day because the severe vetoes the bill for propounding \$50,000 for permanent lighting of the cataracts. He disapproved of the measure because Ontario failed to pass similar legislation.

NO DRY SWEEPING IN TORONTO STORES

Notices Have Been Sent Out That Bylaw Will Be Rigidly Enforced—New Telephone System for Fire Department—Titanic Relief Fund Now Amounts to \$1118.

Hereafter the bylaw prohibiting the dry sweeping of any store, restaurant, church or any public building will be rigidly enforced. Five thousand notices have been prepared by the medical health officer, stating that any infringement of this bylaw will be followed by "prompt prosecution." Copies of the bylaw providing for the covering of all exposed meat, poultry, game, fish or fruit will also be enclosed, and this, too, Dr. Hastings claims, must be observed or a fine of not less than \$50 will be imposed for every violation.

The latter bylaw, which passed last July, provides that all stores shall be kept in a clean and wholesome condition, and that all persons engaged in handling goods "shall wear clean office garments." No room used for store purposes is permitted to be used also for domestic purposes. It is also prohibited that any store should open directly into a living room.

Telephone System.

At the meeting of the fire and light committee yesterday afternoon it was decided to recommend the installation of a new telephone system for fire alarm purposes, with a central switch board at the main station. The new system will give direct communication with all the fire halls and will provide for desk phones. At present the telephone cost the department \$1200 per annum, while under the new system the cost will be \$2200.

TWO MILES IN 18 MINUTES

A new mark has been set for the "walk-to-work" brigade. It was made yesterday noon, when George N. Brown, yesterday's champion walker, who is here with "The Girls Girls" at the Star Theatre this week, stepped from the C.P.R. tracks at the north end of Yonge street to the theatre at a distance of two miles flat, in 18 minutes and 42 seconds, which is some walk.

Brown is a slight youth, but when it comes to strapping on his shoes, he is a power ahead of the rest of the pack. His walking is not pretty, but he will never be late for school whether the cars run or not.

He was helped in his walk yesterday by two motor cars to protect him from traffic, and got a good break at all crossings, "sloping out" by phone from the start. "I floor-walked from there to College he seemed to lose a little speed, but from there on he came on a burst of speed along. Temperature was 70 degrees.

Brown is the young gentleman who paraded down Yonge street yesterday noon. If you did not happen to see him there, you would not know he was there, wearing a pair of bright red lights which, by the way, were not, as it was rumored, borrowed from the chorus, but are his very own.

He was paced by Charlie Fraser, a local wrestler, and Bro. Fraser had to use his legs to the limit as a rule to hold down the role of pacemaker. There were times when it looked as if the heel and toe artist was going to have it all over him.

Brown received an ovation when he reached the theatre and drew a crowd of smiles from the passing throng. One pretty girl said that she admired his ability as a walker, but declared that that step would never become popular on Lover's law. Cops who observed the young man coming down the line declared that he had much the action of a patrol sergeant. The same of Arthur St. It, recently recruited to the ranks of part of assignment from the box of the ambulance, was sitting in the connection, while it was allowed that he would have Bill Reiford beaten a book.

"I expect our strikes would be nothing to that guy," remarked Sammy Lichtman, a prominent newsboy.

Brown is walking on a specially constructed treadmill at the Star every night, and to-night some of the chorus queens are going to step out on the mill.

TITANIC SUFFERERS' BENEFIT

Auction Sale of Seats Takes Place This Afternoon For Special Matinee Tomorrow.

Manager O. P. Sheppard of the Princess Theatre states that, there has been an unusual demand for shares in the honor of lending a helping hand to such a worthy object. It was decided to allow her to take the role of "Nadine" in the first act, singing the big song "My Hero," and Miss Torke will appear during the remainder of the performance.

The commendable plan of auctioning off the box seats and best seats on the lower floor has been adopted in order to swell the fund, and 3 o'clock this afternoon is the hour set for the auction.

Our own Alice York, Miss Rogers, Miss Fletcher and the leading male members of the company have signified their intention of being on hand this afternoon to help in the auction sale of the seats.

The matinee is under the auspices of Mayor Geary, to whom the gross proceeds of the fund, and 3 o'clock this afternoon is the hour set for the auction.

Couldn't Get Strong

Seemed to Have Lost All Ambition, Was Pale and Anaemic

Made Wonderful Recovery When Dr. Hamilton's Pills Were Used.

"I was never actually sick," writes Mrs. L. Pierre, wife of a well-known resident of Labenne, "yet I never could get strong like other women. I was thin and pale, and I could never make. When I married I took a great pride in my housekeeping, but it kept me tired all the time. Mrs. Lechance, my neighbor, looked well—she told me her health had been made by Dr. Hamilton's Pills. I only thought of them as a joke, but now I know that Dr. Hamilton's Pills are more for their quickness in the stomach, liver and bowels—made me stouter and stronger gave me such color in my cheeks as I never had before. They do good to parts in ways I need not mention in this letter, but I sincerely believe regular intervals by every woman who is unable to get strong. No medicine invigorates a woman like Dr. Hamilton's Pills. 25c per box. Dealers: The Caltzarose Co., Kingston, Canada.

Lacrosse News Gossip

Athletics Central Y Banquet

Note and Comment

Calgary and the Province of Alberta are to have a representative in the Canadian amateur boxing championship to be held in the new arena next month. The man who will be sent from Calgary to uphold the honor of the province in the squared circle, Tommy Burns has taken the Calgary man under his wing and has been coaching him ever since he returned from Seattle. Tommy will keep up the good work until Fullerton departs for the east, and may possibly accompany him, as he has shown a great interest in his career. The heavy weight division has been weak for several years past, and the men in that class in the Dominion championships have shown a mediocre ability, and Fullerton believes he can land the title.

What do you think of that? Charlie Querrie wouldn't take Nick Carter as a left and honest, well-known lacrosse man who is something of a sharp-tongued group of gossipers the other evening that Lalonde had told on Carter that there you have the best manager in the business ready to turn down a \$5000 star.

The Leafs are coming to their own these days. They won by a wide margin and may make their bow at the stadium this week after next week in the top division. But, just to think of it, they are ahead in the sixth, and then just to stay for the red-hot! Perhaps, like the stellar Jack, Kelly purposely made it a close finish.

It would not be surprising to see the Hamilton Memorial Trophy brought back to Ottawa by a well-known lacrosse player, but the Ottawa look good enough to win it in any event. If successful at St. Catharines, the Ottawa may duplicate their great performance of two years ago, and go after the American title, also the Ontario Lacrosse Association selected for the best meet, a course away out in Florida. The last year it was held at Saratoga.

Kansas City Star: Fake wrestlers are tripped every once in a while. Saturday night at the Century Theatre, Adolph Ernst, a real wrestler, says the Citizens Dodge, and many other aliases, attempted to pull off a "frame-up" and were caught with the goods. After a long struggle of stalling, referee Porteous declared all bets off, and that settled the match. Ernst and Dodge were supposed to wrestle for a side-bet of \$500. Dodge posed Ernst with the intention of having a manager of the Century Theatre, posted a large amount for Ernst, Dodge was backing his man because he believed that he could win. After Dodge had ordered both men off the stage last night, Ernst admitted that he had been getting up the side bet for "Dodge". It was simple to separate Dodge from his \$500. Fake wrestlers hurt all honest sport, but it is a good thing that the Ottawa catch them running wild at times.

A special meeting is called for Friday night at Lourdes club, corner Silverburne and Earle streets, at 7:30, to complete arrangements for the opening. Mr. John Moran will master. Address communications to Secretary Bert Haley, 24 St. James street. A good score is invited to be present and send word to the secretary.

LEAFS SCORE ONE RUN WIN

Errors Help Kelley's Band to Down Indians 9 to 8—Skeeters Get a Beating.

NEWARK, N.J., April 24.—The Leafs won a free-fighting, loosely-played game of baseball here to-day with a 9 to 8 score. Kelley's Indians put up a wretched game less than eight mistakes, and the Leafs' sketcheders by 9 to 2 at one stage, and then long enough to stand the late finish of the Indians. Kelley's pitching good, steady ball to the six runs on eight hits in the last three innings.

It was another day of high wind, and several of the hits gathered to-day would have been easy ones on an ordinary day. McClellan sent Doney, but after the Leafs had stammered his offerings to all corners of the lot for five innings, he was relieved by Enzmann. Mueller, west of the finish for Kelley. The Toronto started to score right off the bat when McClellan rapped the first ball off up with a complete circuit dunt. Kelley started the fun by beating three innings, and it was not until the fifth that the real fireworks started. Kelley's bats gathered no less than six runs in this inning, and it proved to be the finish for Mr. Holmes.

Collins started the fun by beating Fletcher's grounder. Mueller laid down a drive and Holmes threw badly to second. Fletcher and Mueller both being safe, McClellan did the same thing as Mueller, and Holmes threw to third, but Zimmerman didn't have his foot on the bag, and the umpire called it out. Everybody was all right, Schwain fooled Shaw's grounder, letting Fischer tally. Dalton drove a drive and Jim Jordan grounded out to left when Bradley scored and Dalton romped a puffed second and scored when W. Zimmerman hit Meyer's grounder, and away from him. Jordan grounded out to left while Fletcher ended the agony by grounding out.

The Leafs made it nine runs by adding another in the sixth on McClellan's double and Shaw's two-base rap. Newark scored a run in the fourth, and the same number in the fifth. They made it a close thing by coming across with two in the seventh, one more in the eighth and three in the last inning.

NEWARK, N.Y., April 24.—Newark won by a score of 8 to 9. Kelley, pitcher for the Leafs, pitched a fine game, allowing only three hits and five runs. Kelley pitched for the Leafs, pitched a fine game, allowing only three hits and five runs.

GOOD RACING AT JAMESTOWN

Upright at 7 to 1 Defeats Union Jack in Fifth—Isadora, Favorite, Last in Third.

JAMESTOWN, April 24.—A well-balanced card made an interesting day's sport at the track today. As the seventh race had not been filled in, only six were run off. At the very outset there was a hot struggle, the three horses finishing in the money having numerous backers, the Ringlet, which got nearly the place, had been regarded as the surest. In the fifth, Union Jack was regarded as having a soft spot, but Upright, carrying only 96 pounds, with Ferguson up, overtook calculations. The scratching of Queen Bee in the third seemed to save matters easy for Isadora, but she finished at.

Here's a Horse Race Of 14 Miles for Bennings

WASHINGTON, April 24.—The Bennings track will serve again to hold a racing meeting—not a professional session but one among amateurs. On this noted track of the capital, where many famous thoroughbreds raced up to 1908, the inaugural meeting of the Washington Riding and Hunt Club will give two racing matinees on Thursday, May 16, and Saturday, May 18. An invitation will be sent to President Taft to attend the day on which the Service Test, a race for horses owned by the U.S. Government and officers of the army, at 14 miles, takes place.

Valuable Horse Saved By "Nerviline"

Was Too Sore and Lame to Work—Quickly Cured by Nerviline. "I have had a long experience in treating horses, and I can safely say that I know of no liniment for strains, sprains, and swelling that is so useful around the stable as Nerviline." Thus writes Mr. J. E. Murchison, from his home, Crofts Hill P.O., "I had a fine young mare that wrenched her right foreleg, and from the shoulder down she was stiff, sore, and swollen. I applied Nerviline, and it worked like a charm; in fact, that mare was in shape to work a day after I used Nerviline. "We have used Nerviline on our farm for twenty-five years, and never found it wanting. For man or beast it is a wonderful liniment." Five thousand letters recommend Nerviline as a general household liniment, as an all-round cure for aches and pains. Try it yourself. Who Was the Man Under the Barn?

The Globe of yesterday, under the heading, "Out From Under the Barn," makes the name of the man who was under the barn, it is W. F. Maclean, M.P. for South York, that has been under the barn. It will be remembered that The World, in answer to the Globe, had said that while it might be true that the American market for the western farmers, as provided by the reciprocity pact, would be a good thing, or that our farmers thought it might be a good thing for them, that in our opinion it was not a wise thing at the price, and that, therefore, The World was not responsible for opposing reciprocity, and we went on further to say that, if, however, reciprocity was not therefore available, yet relief could be given to the farmers of the Canadian west in the matter of better freight rates, and we insisted as one case the fact that the Canadian Pacific was under a solemn pledge to the people of Canada, by an act of parliament, to devote its enormous surpluses to a reduction of freight rates.

To this The Globe replied that if the C. P. R. were forced to reduce its rates then the Canadian Northern and the Grand Trunk Pacific would be ruined by the competition thus effected. And to this The World replied that what happened to the Canadian Northern or the Grand Trunk had nothing to do with the case. The C. P. R. was bound by the original contract to devote all its profits over 10 per cent. of its cost to reductions in freight, then that law should be enforced, irrespective of what consequences it might have on competing roads, which, as we also pointed out, were subsidized and bonused by the Laurier government for the express purpose of reducing rates.

Apparently this put The Globe in a quandary and its reply of yesterday is so illuminating that we propose to take it up in some detail. Let us begin with the opening paragraph. Here it is: On January 25, in the house of commons, Mr. W. F. Maclean, M.P., in amendment to a motion to go into committee of supply, moved "that the said motion do not now pass, but that the house hereby declare that it is against the general interest of Canada to have any territory or territory in the application of tariff charges by the board of railway commissioners." The member for South York proceeded to build up a vigorous and, it must be said, most effective argument in favor of the abolition of discriminatory railway rates in the west. The railways, he from asserted, had been levying the levying of higher rates in the west than in the east was justified, because it cost as much to build a hundred miles of railway in one province as in another, and about as much to handle it.

Every word that The Globe says in this paragraph is true; but let us point out that this is the first time that The Globe has ever said that Mr. Maclean's argument was a good one. On the contrary, the day after it was presented in the house of commons, The Globe, instead of reporting the argument, had a single brief paragraph, but published a long column in its correspondent describing how the member for South York had been called a fakir in the lobby of the house by one of its supporters and describing in detail what little encouragement he got in the house and otherwise holding him up to the country as an object of cheap ridicule! Now, however, for the first time, we have it on record that The Globe newspaper (for that is its political associate) takes the view that discriminatory railway rates against the west can not be justified. Mr. Maclean was the first man who ever presented that argument. He worked it up himself, and hardly a single man from the west outside of Mr. Turfitt endorsed that view. And The World takes this occasion, on behalf of itself and Mr. Maclean, of thanking Mr. Turfitt for seconding and supporting the motion as he did in the house. But the member for South York, with all his faults and all his inabilities, was the first man in this country to rise in parliament to say there should be no discrimination against the west in the matter of railway rates; that there should be an equality of rates from ocean to ocean. And for saying it on the occasion that he did say it he got the promise of four votes and the ridicule of most of the papers of this country.

Now let us take the next paragraph in The Globe: Mr. Borden pointed out to Mr. Maclean that the C.P.R. had voluntarily withdrawn itself from the protecting clause in the original agreement under which the road was paying dividends of 10 per cent. on the original cost of construction. He stated that the railway commission was on the point of declaring a strike against the railway because they were excessive, and began to strike against the resolution he withdrew.

To this The World makes answer, and Mr. Maclean has often made the same statement, that the C. P. R. can not voluntarily withdraw itself from the original agreement, and that whatever rights any citizen of this country has, as contained in the agreement, can be enforced. And to the other statement of Mr. Borden's that the railway commission was on the point of investigating western railway rates, Mr. Maclean said in the house at that time, and says so now, and The World and the Globe say that the commission is not the place to settle the question of equality of rates, but that parliament is the place, and a simple resolution, as was proposed by Mr. Maclean, declaring against the inequality would be reason sufficient for the railway commission to order the railways to have a uniformity of rates all over the country and then to adjust freight rates on that principle once it was authorized by parliament.

Now let us take another chunk of The Globe's editorial: Mr. Maclean gave no indication of yielding to the premier's wishes till Liberal members intimated their intention of voting for the resolution, because it was a matter of honor as Oliver put it, "that there shall be no variation in charges because of territorial or geographical location." The ability Mr. Maclean displayed in crawling under the barn when he found that the Liberals in the house were prepared to vote for his motion will be remembered as long as they live by those who were present. He had no other alternative but to do as he did, and he did it with an air of quite willing now to withdraw the motion, or rather in suspense, with liberty to bring it up on a later occasion, as I intend to do. It was not until he saw that the Conservatives had come up again during the session if it was dropped, but Mr. Maclean, amid jeers from both sides of the house, withdrew his motion. "We have shown up a dyed-in-the-wool fakir" was the comment of Mr. Red Deer across the floor.

The World accepts The Globe's statement that Mr. Maclean did not accede to the premier's wishes and he was not in his place hoping the Liberals would come forward and declare where they were. As we said above, Mr. Turfitt supported it, and so did Mr. McCraney, and so did Mr. Oliver. Conservatives like Mr. Stevens of Vancouver, Mr. McKay of Prince Albert, Mr. Neely of Humboldt, and Mr. Boyce of West Alberta, all declared against it. Not a single Conservative has a word to say in favor of it, although a good many sat in the house who had to some extent, upon their election either by the personal efforts of Mr. Maclean or by declaring to their constituents that they were "in favor of Billy Maclean's questions," as some of them familiarly told their electors. Every one of them sat mum, and not a single Conservative in the house of commons declared in favor of equality of treatment in regard to tariffs as between east and west, but three Liberals, Messrs. Oliver, McCraney and Turfitt, declared in favor of it, and Mr. Maclean again begs to thank them for their support.

to a report of the speech, which, though it may have been poorly presented, had been prepared after much study and was even to our point of view a pretty good argument; but instead of a report there was nothing but cheap ridicule from the press, and especially from Liberal papers. Now, however, The Globe has had to admit, as many another person in this country will have to admit, that Mr. Maclean's arguments were sound; but, as we said, when he made the argument, all the support he got from The Globe was a column of abuse on its first page! And The World, after the above confession of The Globe as to the soundness of the opinion, will be only too delighted if it will again print its report of the proceedings. As to Mr. Maclean coming out from under the barn, and as to the gentleman who described him as a fakir, Mr. Maclean is still able to hold his own in the house without going into a dog fight on matters of this kind.

And now we want to ask The Globe a question, and it is this: It was in favor of reciprocity which would have given a market for Canadian grain in the western states. If that were to take place, The Globe would admit, as we all will admit, that American railways instead of Canadian railways would have had the carriage of this grain, and they would have built lines into Canada and their competition assuredly would not only have ruined the Canadian Northern and the Grand Trunk Pacific, but probably the Canadian Pacific as well. If The Globe claims that to compel the Canadian Pacific to reduce its rates would be injurious to the other railways, does The Globe not see that if reciprocity had gone into effect all the Canadian railways would have been ruined by the competition of the American roads?

And just another question for The Globe: Does it pretend to say that consideration for the roads that were created by the action of its friends, largely to give competition in railway rates, should forever be a reason why railway rates should not be reduced under the solemn agreement with the Canadian Pacific to reduce them?

It has taken a long while to get this issue to where it is and The Toronto World and The Manitoba Free Press have made some headway in that respect; but the fight is only beginning and The Globe, and Mr. Borden, and every public man in this country, will yet come to see that the only way to remove this discrimination as against the west is by a resolution of parliament, and maybe by an act of parliament, as suggested by Mr. Maclean. In the meantime, thanks to the railway commissioners' action so far, the onus has been put on the railways to prove that they are justified in higher rates for the west than the east.

The people of all Canada subsidized and enfranchised all these roads at an enormous cost to themselves and are, we contend, entitled to equal treatment. W. F. Maclean was the first man to say so in parliament and he said it to a house that was unfriendly, was hostile and scornful. Just four men were sympathetic. But what happens develop?

IS HE A REACTIONARY?
 Hon. R. P. Roblin, premier of Manitoba, is a man of considerable force and ability. In declaring boldly against the reciprocity pact and compelling the legislature of Manitoba to protest promptly against its ratification, he rendered a great public service, and undoubtedly rounded up some Conservatives who were inclined to falter. In administering the affairs of Manitoba he has more than once invoked the principle of public ownership and put the same into practice. Yet, perhaps, no man in the public life of Canada has given more aid and comfort to the foes of public ownership.
 Some years ago the Roblin government acquired the railways built into the province by James J. Hill. These, however, were not retained by the government, but were turned over to Mackenzie and Mann. The bargain made with Mackenzie and Mann had some good features, but from the transaction we might fairly infer that Mr. Roblin had little heart for either government ownership or government operation of railways.
 Later on the Roblin government took over the plant and business of the Bell Telephone Company in Manitoba. It had an efficient staff to operate the same, but political and personal favoritism soon disorganized the service, burdened it with heavy charges, and so regulated the tolls as to irritate the public and entailed financial loss upon the province. We venture to say that it was not conducted as Mr. Roblin would have conducted his own private business. Alberta took over the telephone at the same time as Manitoba, and made a success of the business by conducting it on business principles.
 Then there are the internal grain elevators. Mr. Roblin fought the principle of government ownership until just before the general elections of 1910. Then he appointed a commission, purchased some elevators and operated them. He now says the business is a failure, and that he will dispose of the elevators to the Grain Growers' Association, or to anybody else who will take them, and he warns Mr. Borden not to carry out his pre-election pledges respecting government grain elevators at Fort William and Port Arthur.
 We hope that Mr. Borden will repudiate no pledges respecting public ownership and operation of terminal grain elevators at the instigation of Premier Roblin. That gentleman's views on the subject are strikingly in accord with the views of Sir Wilfrid Laurier, as frankly declared by him on his tour through the west. Laurier and Roblin think alike on the subject of public ownership. Sir Wilfrid's opposition has been consistent and outspoken; he is fond of calling himself an English Whig of the middle of last century. Mr. Roblin has never dared to denounce the principle in words, considering himself no doubt to be a twentieth century

 Riffler v. Hebburn—A. McL. Macdonell, K.C., for plaintiff. No one contra. Motion by plaintiff for an order continuing injunction. Plaintiff states that the report of the master in settlement and that motion drops. Motion drops and is struck from list.
 Re Howard Trusts—J. W. Carrick for applicant. Motion by trustee of Trust Company, executors. Motion by applicant for an order appointing trustee in place of the trustee who has died. Motion enlarged until 25th inst.
 Scottish v. Linden—H. W. A. Foster for a defendant. An appeal by defendant from the report of the master in ordinary of March 23, 1912, which has not been set down, and as no one appears to support appeal, Mr. Foster asks that the motion be dismissed with costs. Appeal dismissed with costs.
 Babayan v. Courlain—R. C. Levesque for plaintiff. A. McL. Macdonell, K.C., for defendant. Motion by the plaintiff for an injunction and receiver.
 Re Allan and Collins—A. R. Hassard for vendor. R. D. Hume for purchaser. Motion by vendor for an order declaring that vendor can make a good title notwithstanding former owner by mistake was described as George instead of John Brown. Order declaring purchaser's objections invalid. John Brown became the owner of the land and that vendor upon procuring John Brown to join in the contract was intended to rectify the mistake, can make a good title. No order as to costs.

TO THE HEROES OF THE "TITANIC"
 Asleep in the restless ocean. They lie in a nameless grave. And the wind sobbs far above them. As it tosses the tumbling wave. They care not for crowns or laurels. Nor epiphae bronze or gold. For heroes are welcomed gladly By the Shepherd of the fold.
 True to the race that claims them. They died as the noblest die. To save the weak from peril. As Anglo Saxons would.
 All 'twas a grand departure. When the anthem woke the sea. And their souls rose with the strains Of "Nearer My God to Thee."
 Lorraine K. Hoffman.
 To Honor All
 Editor World: I have noticed in some of the daily papers an intimation that the probabilities were that the Grand Trunk system would be a cessation of traffic on a certain day in honor of Mr. Hays, who lost his life in the great Titanic catastrophe.
 It has struck me that it would be a fitting tribute to the heroes who went to their death so nobly under the folds of the Union Jack if a similar order could be carried out through the British Empire on some certain day agreed upon by the different governments when every wheel and business operation would stop for a certain period of time throughout the entire empire.
 Words cannot do justice to the bravery displayed at the sinking of the "Titanic," and only action such as I have suggested can in any way mark such an event in the history of the nation.

NO MORE LICENSES GRANTED.
 Hon. W. J. Hanna will veto all new licenses issued in the Timiskaming district. If wine and beer licenses have been granted to the Cobalt and Frontenac Hotels in Cobalt, these licenses will be cancelled.
 Hon. Mr. Hanna has instructed the license commissioners of the new Timiskaming judicial district as to his intentions.
 Dismissed Telegraph Suit.
 LONDON, April 24.—The Privy Council has dismissed with costs the appeal of the Field-News Syndicate Company versus the Anglo-American Telegraph. The dispute was concerned with what messages the appellants were to transmit over the respondents' special wires.
 Unclaimed Baggage Sale.
 Remember, only once a year, trunks, valises, suit cases, packages, etc., are sold by auction. Take advantage of the opportunity on Thursday, April 25, at 11 a.m., Henderson's, 87-89 King-street east.

King Edward Memorial
 Memorials to the late King Edward VII. were recently unveiled in London and France, and competitive designs were erected at Ottawa. Reigning but a brief ten years, he accomplished much for the cause of international amity, and with a little longer lease of life even more notable achievements might have crowned his efforts to establish the era of peace and good-will among men.
 It will be the hope of the Canadian people that the Ottawa memorial will be worthy alike of him whom it will commemorate and of those who thus profess the tribute of loyalty and regard. The competition is open to all artists who are British subjects on terms that are now being widely advertised, and their design will be judged in due course by the advisory art council, whose members are Sir Edmund Walker, Toronto; Dr. Francis J. Shephard, Montreal and Senator Boyer, also of Montreal.

Would Every Mimico School Out to the Open Country

Dr. Bruce Smith's Report Will Suggest That Present Site Be Disposed of and New Buildings Erected in Same Spot Not So Near the City—Board of Management Decided Not to Spend More Money There Just Now.

That in his report on the recent Mimico Industrial School investigation, made to the government, Dr. Bruce Smith will recommend that the institution be moved out into the open country, was the information obtained by the World yesterday from a reliable source.

The members of the Industrial School Board are all in favor of the country site, but none of them will commit themselves to a definite belief that the doctor will also advise the management of the school to purchase the lands of some other man than Mr. Ferrier.

Lifeboat Drill Postponed.

White it had been planned to hold a lifeboat drill April 11, it was postponed because of the weather.

The witness said it was almost equally divided, whether any action will be taken until the report of the board is received.

The number of boys in attendance on March 21 was 100, but on the 22nd, 100 and 20 1-2.

Ismy in Way.

Low dramatically recited to the senate investigating committee how he knew that Ismy was in the head of the company which employed him.

Low declared that Ismy was not trying to get out of the boat, but was very much excited and was interfering with the proper lowering of the boat.

This man (Ismy), said Low, "was greatly excited. He was hollering, 'Lower away, lower away, lower away, and I swore at him to order him back.'"

Low said that Ismy was not making any reply to him. He never would have known the man was Ismy if he (Low) had not met a steward on board the Carpathia.

Use Strong Language.

"A steward met me on the Carpathia. He said to me, 'What did you say to Ismy that night on the deck?'"

"But you were in a position to tell me what he said," said Ismy.

"Yes, because he was interfering. He was interfering with my personally. He was trying to get him away so I could do something."

"And he did?"

"Yes, and I did something."

"What was that?"

"It was for the board of trade."

"Where were eight men to a boat?"

"You must remember, sir, we were in harbor and we had the pick of the men. At the time of the collision the men went down with me when they clear away the gangway doors to make way for the loading."

"Did that take skilled men? Anyone could have done that and yet skilled men were sent below when they were needed for the loading and lowering of the lifeboats."

Real Estate and Building--News and Opportunities

YONGE STREET PROPERTIES SOLD

Thirty-Four Feet at 377-379 Yonge St. Changes Hands at \$68,000—Held for Investment.

Thirty-four feet frontage at 377 and 379 Yonge-street, just below Gerrard-street, have been sold for \$68,000. The deal was negotiated by the Title and Trust Co. for investors, who do not wish their names disclosed. Dr. Paul A. Scott was the vendor of the north place, with a frontage of 17.6 feet, and William Sutherland of the south, 16.6 feet. Both parties have a depth of 123 feet to a lane. The properties will be held without alteration to improvements.

J.D. Harris Gets Scarborough Farm For \$43 an Acre

Bidding \$48 an acre for land around which farms have sold at ten times that, John D. Harris yesterday secured at judicial auction the Brown farm on the York-Scarboro townline and a mile and a half above Danforth-ave. The sale was held by Messrs. In Ordinary, Alcorn at Osgoode Hall. The property is 69 s-10 acres, with buildings and orchard. Justice Clute ordered the sale in connection with an action for the partition of the estate of the late Thomas Brown among 29 claimants for participation. Thomas Brown died intestate in 1888, and by consent of all parties his widow remained in possession till her death in November, 1911.

BUILDING PERMITS.

Permits for 66 dwellings and six apartments were granted by the city architect in the four-day period preceding April 21. The total for the period was \$27,000.

WINDOW COMPETITION

Several Entries Received for Horse Show Display. Captain Douglas Young, secretary-manager of the Horse Show, has received several entries for the window-judging competition in connection with the show, but several firms who usually compete have not yet taken action. It might be mentioned that the contest is open to every merchant in the city and the more that compete the better. Entries will be received by Captain Young, 125 Bay-street, up to Saturday evening. Mr. H. C. Tomlin is chairman of the decoration committee and Miss Clark, daughter of Sir Mortimer, Miss Gibson, daughter of the lieutenant-governor, and Mr. Alfred Routbee, are the judges who will give their decision on Tuesday next. That the judging may be better facilitated intending competitors should set about dressing their windows at once.

SCOTT FARM ON BATHURST SOLD

Syndicate Buys 70 Acres Above Old Belt Line Subdivided in Advance of Purchase.

A syndicate has taken over the Scott estate farm on the west side of Bathurst-street for \$124,000. The farm contains seventy acres and the vendor was Mrs. Scott of 89 Carlton-street. The property has been subdivided and the plans were passed Monday. Negotiations were concluded for the purchase yesterday afternoon by Goulding & Hamilton, Victoria and Richmond-streets. This firm will also conduct the sub-division sale for the syndicate. Prices of lots will range from \$14 to \$20 a foot.

Alexandra Park Going on Market

The ten acres on the east side of Bathurst-street, sandwiched in between Alexandra Gardens and Melrose Park, is to be offered to the investing public under the name of Alexandra Park. The property will probably be placed upon the market next week. Forbes & Love, 2 Court-street, will handle the sale.

MOST EMPHATICALLY NO.

Frank Arnold, one of the governors of Upper Canada College, gave a most emphatic denial to rumors in circulation that the college property had been sold. "And no one is negotiating for it. Why we would no more think of selling the property than we would of closing the college," said he to The World last night in response to a query about the truth of the rumors.

Home-seekers and Settlers' Special Train to Camrose, Edmonton, Alberta, and Western Canada

via Chicago and St. Paul. Special train will leave Toronto 10 p.m. Tuesday, April 23, via Grand Trunk Railway System, for Camrose, Edmonton, Alberta, and points in Manitoba and Saskatchewan, stopping at all points on Grand Trunk Pacific Railway west of Winnipeg. Through coaches and Pullman tourist sleepers will be carried, fully equipped with bedding and porters in charge. Berths may be secured in these cars at a low rate. This is an excellent opportunity for those wishing to take advantage of the remarkably low one-way settlers' rates or round-trip home-seekers' excursions through the American cities. No change of cars. Full particulars from 222 Grand Trunk agent, Toronto city ticket office, northwest corner King and Yonge-streets (phone Main 4200), or C. R. McCutcheon, Alberta Government agent, Palmer House Block, Toronto, Ont.

Condemned Man Says Another Did Murder

Authorities Investigating Story Told by Indian to Clergyman Regarding Double Crime.

SARNIA, April 23.—(Special.)—The police are investigating a new theory in the Walpole Island murder for which Stephened with the Indians, believes that the has been sentenced to hang on June 6. The latest development may remove the stain of guilt from the condemned prisoner and cause the arrest of another Indian. It was stated here to-day that Kyanuk has admitted to his minister, the Rev. Mr. Rigby of the Sarnia reserve, certain important facts. Kyanuk is said to have stated that another man committed the shooting of both Johns and Naldee, and the authorities are making a thorough investigation. Rev. Mr. Rigby, who is well acquainted with the Indians, believes that the young prisoner is innocent.

WRECK UNHINGED MAN'S MIND

NIAGARA FALLS, April 23.—(Special.)—Because he claimed to be a sailor rescued from the Titanic, Chas. Martin was adjudged mentally incompetent and deported from the States. American immigration officers believe his mind became unbalanced thru reading of the disaster.

Positive Proof of Value IN Birchcliff Park Lots

FIRST TO BUY LOTS were people living in the immediate vicinity of BIRCHCLIFF PARK, and several of these BUYERS will positively build this summer. Know any better proof of GOOD VALUE?

Consider These Plain Facts

- \$100.00 PER FOOT is the price of land on the lake shore same distance west of Yonge Street as Birchcliff Park is east.
- \$40.00 PER FOOT is the price of land on the Kingston Road, one mile west of Birchcliff Park (location and view not so good).
- \$50.00 PER FOOT is the price of land on Bloor Street, one mile west of Birchcliff Park.

\$70.00 TO \$120.00 PER FOOT is the price of land in Birchcliff Park for a short time only.

REMEMBER, BIRCHCLIFF PARK LOTS give you good location, good view, good fresh air, good spring water, good dry sandy ground, good street car transportation.

To men who know, BIRCHCLIFF PARK LOTS mean good value. Out-of-town buyers will be given good choice and careful attention.

HAMILTON THE PITTSBURG OF CANADA

Why buy lots in the west when you can buy in one of the fastest growing manufacturing cities in Canada, and situated at your own front door. We are offering a limited number of lots (75) on Barton Street East at prices ranging from \$5 to \$18 a foot, \$10 down and \$10 a month. Hamiltonians have such faith in the future of their city that properties such as these do not stay on the market long.

LAURIER'S TRIBUTE TO HAYS

MONTREAL, April 24.—Acting President Laurier of the Grand Trunk today received the following telegram from Sir Wilfrid Laurier, now at Hot Springs, N.S.: "The premature death of Mr. Hays would have been, under any circumstances, an irreparable loss for his family, for his friends, for the Grand Trunk Railway Company, and for the whole country. The awful catastrophe in which he lost his life adds honor to the gloom all will feel. The blow must be particularly severe for the company at a time when it is engaged in enterprises of such gigantic proportions."

\$200

We know of no one who would take \$200 profit to-day on his Walmer Hill lot. The range in profits is from \$5.00 to \$15.00 per foot in from four to six months. Plans, prices and full particulars from

SHOT DETECTIVE DEAD.

PARIS, April 24.—(Can. Press.)—A further crime was added this morning to the long list of those recently committed by the gang of bandit anarchists which is terrorizing Paris. Assistant Supt. Jouin of the Paris Detective Department was shot dead, and his comrade, Chief Inspector Colmar, seriously wounded while trying to arrest one of the gang named Galot at Porte Ives, a suburb of Paris. The bandit succeeded in escaping altho pursued by police and civilians.

Real Estate and Building--News and Opportunities

AN EXCEPTIONAL OPPORTUNITY TO BUY IN THE HEART OF THE BUSINESS SECTION OF

PORT MCNICOLL

Between Third and Fourth Ave.—the main business thoroughfare—85 ft. wide—within 300 yards of the water front and about 200 yards from the C. P. R. yards.

The Prices Are Low—The Terms Easy.

The lots are not only close in, they are in the very centre of the town. Port McNicoll is now the scene of great activity; construction work is seen on all sides. Everything is growing and building up. These lots will be needed for business premises very soon. If you buy now at these low prices you will sell at big profits within a few months. A Canadian Chartered Bank bought this week in one of these blocks now offered for sale. Don't delay—this is an unusual opportunity for a quick turnover and big profits. Only a few left, so write us to-day for full particulars, prices, etc.

TITLE GUARANTEED

RUSH WORK ON NEW LINE

Branch of T. & N. O. Into Elk Lake Will Be Finished By the End of November.

Chairman Englehart of the Timiskaming and Northern Ontario Railway Commission, who has just returned to the city from a tour of inspection, stated to The World yesterday that nine miles had already been graded of the new section of the railway being built from Barton to

Elk Lake. The line is to be thirty-nine miles in length. Two hundred and fifty men are now at work clearing the way and as soon as navigation opens another large gang of men will be set to work to clear from the Elk Lake end. In this way it is hoped to have the line cleared and graded before the end of next August and the rails laid by November.

OFF FOR CHICAGO
Superintendent Rogers Will Lay Charge Agates Dr. Nesbitt.
Superintendent Joseph Rogers of the provincial police left yesterday afternoon for Chicago to lay the charges of fraud against Dr. Beattie Nesbitt, on which it is hoped to bring about his extradition. The case will be heard on Friday.

REPAIRS AT QUEEN'S PARK

Work is resumed on West Wing of Parliament Buildings. Work has been resumed on the interior of the rebuilt west wing of the parliament buildings. After the temporary hold-up during the season, the scaffolding is again in place and the noise of the hammer and chisel is echoing thru the building just as was the case prior to Feb. 7. The ground floor and first floor are practically completed, the remaining work to be done on the second and third floors.

Star Stock Company.
Monday matinee at 2:10 the Star Theatre curtain will ring up on what the patrons of that popular house have waited for. It's the ever welcome Star Stock Company which held the boards of that theatre all last summer. The services of Tony Kennedy as principal comedian to assist Toronto's favorite comedian, Miss Beatrice Harlowe, have been secured by Mr. Star, and he has surrounded them with a company of thirty-five artists, the like of which would be hard to find in one burlesque show on the road to-day. The chorus will be composed of twenty-six women, every one of whom helps make the program the most pleasing one seen in burlesque in years. The Paragon score board, the fans' delight, will run regularly, showing all Toronto's games abroad.

Mining Market Shows Improved Trend--Silver Crosses 60c

CHANGE FOR THE BETTER IN PORCUPINE STOCKS

Sharp Recovery in Leading Issues on Incoming of Public Bidding Movement—Crown Chartered Leads the Upward Advance.

Wednesday Evening, April 24. The mining market to-day showed a more cheerful attitude than it had evidenced at any time prior to this week, and coincident with the improvement in the underlying trend there were some far-reaching advances in the Porcupine stocks which will only be accepted as significant of the incoming of a real buying movement. Trading on the whole was inclined to quietness, but the volume of transactions for the session was well maintained around the previous levels.

It was reported at the close of the market that a large amount of stock, presumably had on option under long date contracts, had been called during the day, and this was accepted as indicative of a more confident sentiment. The instance might also be regarded also as behind the actual improvement noted in the quotation list, since a short covering movement would naturally follow the calling of this stock.

The public showed a tendency to regard the quotation list, since a reason of the drastic declines which have been undergone. Buying orders in material amounts came into the exchange about noon, and clearly brought out the fact that little real stock was on offer. Consequently prices were advanced, and wherever any actual demand was noted.

Crown Chartered was the leader in the upward swing in Timiskaming, which reached a new record for the movement at 45, was the feature of the day, and City of Cobalt sold at 16 1/2 and City of Cobalt at 16 1/2 and 16 1/2. Some of the other dominant issues showed symptoms of coming to life also.

SILVER METAL GOES SOARING ONCE AGAIN

An advance of well on to two cents per ounce in silver prices during the last week has called attention again to the unusual conditions ruling in the silver markets of the world. In London, which is the chief market for the metal, the price has advanced to 60s 1/2, the highest since the first of the year, and the erratic fluctuations of the metal during the month of February when it rose by leaps and bounds to 49s 1/2, and then fell to 38s, are a company in the market by the bull interest. Since then the tendency has been irregular, generally easier, and the price has worked back to 50s. Yesterday considerable surprise was expressed when the quotation came in at 56s 1/2, a gain of 6s 1/2, and a 7-8 week ago, London cables attributed the bulge to a running in of the short interest.

THE JUSTIFICATION OF PORCUPINE CAMP

Gold Production at McIntyre Mine Should Reach \$30,000 This Month.

PORCUPINE, April 23.—(From Our Man Up North.)—Enquiries come as to the actual gold production to date at the McIntyre Mine. Some of the statements issued within the last few days show as follows:

During the temporary run in March, 1911, McIntyre produced 122,000 lbs., making a total of \$20,000. It is also said that at the rate ore is being ground out the April output will undoubtedly reach \$20,000. From the start the production was more than sufficient to make the property self-sustaining.

RENEWED ACTIVITY IS NEW LEASE OF LIFE

PORCUPINE, April 23.—(From Our Man Up North.)—From a lonely spot of but few cabins, with now and then a merry rattle from the waters clapping against the lee, Timmins Landing on the Mattagami River, one mile west of the town of Timmins, within a week's time is transformed into a busy, carefree house with dozens of men engaged in unloading goods and carting freight from wagons to stowhouses, as a result of renewed activities at the Waltham Falls power station.

With the opening of navigation on the Mattagami River, the goods will all have to be moved to boats and carted up the river a distance of 20 miles. Silence at Timmins Landing has been turned into a roar of business scenes.

As announced last week, the main shaft is to be continued to the 200-foot depth and a cross-cut again inserted to pick up the vein at the lower level. At the 100-foot depth the width of vein matter was sufficient to warrant further deep work at once.

Marconi Boom On Again--India Loan Fails--Sao Paulo at 206

C.P.R. REACHED A NEW RECORD

Sao Paulo, Niagara and Packers Also Attained Top Limits Toronto Market is Strong in Spots.

The announcement that Canadian Pacific gross earnings for last week were \$24,000 in advance of the similar period last year, brought about another characteristic rise in the stock of the Canadian transcontinental on Wednesday. The shares opened at a sharp advance over night and continued their record-breaking achievement in the first hour, attaining 254 7/8 in New York. Profit-taking wiped out a portion of this gain later, but the close was at a good advance for the day. The top price reached in the Toronto market was 254 1/2.

CRAZY BOOM IN MARCONI'S IS ON AGAIN

American Marconi old stock, which did several airplane stunts about a week ago, and later fell with a sickening crash when somebody priced the bubble, started kicking up dust on the New York curb again on Wednesday. The antics of the Marconis of late have not, however, been confined to the wireless business, as if they were red hot.

Late last week, when Marconi was shooting up by leaps and bounds, brokers looked askance at those who had gone short, or had "stood upon" the purchases of their clients. They were probably banking on a "would-be" in 24 hours. On Saturday when the crash came, the same parties looked askance at those who had been buying and wondering if they were asleep. Yesterday, on the crest of another boom, they were so bewildered they didn't know where to look.

Power in Lead Soared Again To New Record

MONTREAL, April 24.—After a fairly active morning session, when prices moved upward, the Montreal market, under the influence of the reactionary in New York, became dull in the afternoon. A few leaders like Penman common and Cement preferred reached their highest points in the afternoon, but in most of the active stocks prices at the close were shaded off from the best of the day. Montreal Power continued to lead the market and advanced to 204 7/8, more than a point over the previous day's close, and 3 5/8 over the previous day's low. Trading in Canadian Pacific, which has been heavy recently on a New York advance, was light today, adding the price advanced.

INDIAN LOAN TURNED DOWN

LONDON, April 24.—Money dearer, and discounts lower, than the large carry-over, and the general reaction for new business caused a good tone and a cheerful feeling on the stock exchange, with home rails, Mexican rails, and Canadian issues leading in point of strength. Shipping shares and Marconi issues spurred in the afternoon, while gilt-edged securities ruled dull at the underwriters taking 85 per cent. of the \$10,000,000 Indian oil shares were active and mining stocks weak. The American department prices advanced under the lead of Canadian Pacific.

Wall Street Comment

Ericson Perkins & Co. (J. G. Beatty) ruled. Heaviness of United States Steel was perhaps the chief motive for selling the general list. The stock was predicting a poor quarterly report at next Tuesday's meeting, with estimates of \$20,000,000 for the year. As against this we may say that since April 1 the demand for steel has been pretty good and most companies are unable to make large prompt deliveries. The steel trade seems to be acting very well at present. Stocks should not be bought except on drives.

WELL-KNOWN RAILROADER HEADS NEW COMPANY

Mr. Alex. Shields, a well-known railwayman and until recently a member of the Canadian Northern staff at Winnipeg, has been chosen president of the Railroads Investment Company, Limited, which has been organized by a number of western capitalists for the exploitation of choice farm lands, town and city lots throughout Western Canada. Mr. Shields has many friends in Toronto and other parts of Ontario, who will wish him every success in his new position. On the board of directors of the new company are such well-known money men as Hector Baxter of Minneapolis, Minn.; W. R. Smith, Winnipeg; and E. K. Strath, Winnipeg.

Smelters Up Again

One of the features of the curb market of the closing days, and improved demand for Consolidated Smelters, and the consequent big advance which ago the shares were in supply, around 42, but since that time they have gone up approximately 15. There have been no sales of Smelters during the last couple of days, and the bid prices have been advanced a dollar at a time without attracting sales. The closing price last night was 560 asked, 556 bid. The advance in the price of copper metal is held to have inspired the present movement, which ago the shares were in supply, around 42, but since that time they have gone up approximately 15.

C. N. EARNINGS

Canadian Northern gross earnings for March increased \$20,000, and net \$2,000. From July 1, 1911, to March 31 last, the gross increased \$2,000,000, and the net \$1,500,000, while the mileage in operation increased from 337 to 382, or 45 miles.

Parents, teach your children economy

This is one of the greatest factors in their education. Have them put away their five and ten cent pieces, even coppers. Arrange with them to go to the Bank and start a savings account. Afterwards, with them, watch the balance grow. Then, not only do you teach them economy, but you get into closer touch with them. 616

SENTIMENT ADOPTED A MORE BULLISH TREND

Crop Advances Induced Another Demonstration and Wheat Prices Advanced—Corn Led in Activity and Strength—Oats Also Higher.

CHICAGO, April 24.—Wheat today turned strong after a weak start. There were reports that the spring crop advance would be reduced 10 per cent, that chinch bugs had appeared in Oklahoma, and that flour sales at Minneapolis were the largest in months.

Corn Receipts Mixed. Meagre reports of receipts caused shorts to cover in the corn pit. Best quality Liverpool reported that shipments from Argentina had been disappointing.

European Markets. Liverpool wheat closed 1/2 lower, but higher than yesterday. Corn led in activity, Paris wheat closed 1/2 higher.

ST. LAWRENCE MARKET. Receipts of farm produce were seven loads of hay and 100 bushels of wheat.

GRAIN EXCHANGE. Wheat, fall, bushel, 1.01 to 1.02.

Prices at which re-cleaned seeds are sold to the trade.

Wheat, No. 1, bushel, 1.15 to 1.16.

Barley, No. 1, bushel, 1.10 to 1.11.

Oats, No. 1, bushel, 1.00 to 1.01.

Hay, car lots, per ton, 12.00 to 12.50.

MEANWHILE PUBLIC WILL PAY THE PIPER

Wall Street Wonders What Is Real Effect of Trust Busting—Boom in Standard Oil.

The numerous instances of "reorganization" by Standard Oil subsidiaries, and the remarkable advance in Standard Oil stocks since the Supreme court ordered the dissolution of the giant corporation, have set Wall Street wondering whether the public will pay the piper.

Certainly the public will pay the piper, but the question is whether the public will pay the piper.

Remarkable Advances. The following table shows the advance in market values of the Standard Oil subsidiaries since dissolution:

Canadian Interlake Line, Limited

First Mortgage 15-Year Sinking Fund Bonds. Dated 1st April, 1912. Due 1st April, 1927.

Principal and semi-annual interest payable (1st April and October), at any Branch of the Metropolitan Bank in Canada, or at the offices of the National Trust Company, Limited, Toronto and Montreal.

Redeemable by the Company at 105 and accrued interest on 1st April, 1914, or on any interest date thereafter, upon sixty days' prior notice, or annually, commencing 1st January, 1914, for Sinking Fund purposes.

Bonds issued in coupon form, with privilege of registration of principal, and in fully registered form. Coupon and registered bonds interchangeable.

National Trust Co., Limited, Toronto. Canadian Appraisal Co., Appraisers. Messrs. Clarkson & Cross, Auditors. Metropolitan Bank, Bankers.

HEAD OFFICE: TORONTO, CANADA.

Mortgages and Trust Deed securing the Bonds and the regularity of the issue have been approved by Messrs. Rowell, Reid, Wood & Wright, Toronto.

VALUATION. Canadian Appraisal Co.'s valuation of the seven modern steel freighters: Canadian, Acadia, McKinstry, Kenoville, now in commission, \$584,000.

And of the Indian, Hamiltonian and Calgarian, to be completed by 1st May, June and October, 1912, respectively, 428,275.

The bonds are secured by a first mortgage on the seven vessels, valued by Canadian Appraisal Co., Limited, at \$1,042,958. The value of the vessels is twice the amount of the bonds.

The following information has been furnished by officers of the Company, further particulars are given in the letter of its Managing Director, Mr. J. W. Norcross:

INSURANCE. Insurance policies covering every possible loss or damage to or by the vessels to the extent of at least 150 per cent. of the outstanding bonds will be made payable to and held by the Trustees, as security for Bondholders.

BANKING FUND. Although the life of steel vessels of this type on the lakes is considered to be sixty years, the Trust Deed provides for an Annual Sinking Fund sufficient to retire the whole of the issue within the term of the bonds—fifteen years. The bonds so retired will be cancelled, but the whole of the security remains intact until the last bond is retired in 1927.

COMPANY AND FLEET. Canadian Interlake Line, Limited, was incorporated by Dominion charter, for the purpose of acquiring and operating the steel vessels "Canadian" (built in 1907), "Acadia" (built in 1908), "A. E. McKinstry" and "Kenoville" (built in 1910), and further, the "Indian," "Hamiltonian" and "Calgarian," to be completed, respectively, 1st May, June and October of this year. The seven vessels, the finest, most modern and best equipped fleet of full canal size package and bulk steel freighters on the great lakes.

The fleet will have a decided advantage over vessels operating singly, in that it will be able to transport freight in large quantities, and will be able to give much better despatch.

OPERATIONS. The regular route of the vessels is between Montreal and intermediate ports and Port Arthur, Port William and Westport, the lake ports of the three great Canadian railways. At the head of the lakes there are now 16,000,000 bushels of grain awaiting transportation by water, and vessel-owners have refused charters at rates 1 1/2 cents per bushel in advance of rates for corresponding months last year. The continuous development of the West insures plentiful cargoes of grain, in addition to which the fleet will be important carriers of iron ore, coal, cement, wood pulp, pulpwood, etc. Package freight westbound, for which the boats have been specially constructed, is increasing annually. The Company has valuable freight contracts, one of which runs for a series of years; and all of which promise good profits. The Company works in close conjunction with the Canadian Pacific, Grand Trunk Pacific and the Canadian Northern Railways.

MANAGEMENT. The Company's Managing Director, Mr. J. W. Norcross, has had a wide and successful experience as master of some of the largest vessels on the great lakes, and, later, in the management of transportation companies. He is generally regarded as having a thorough knowledge of the business of water transportation; and his important traffic affiliations will be of great value to the Company in keeping the fleet actively and profitably employed. In his management he will be supported by Directors several of whom have been actively associated with lake shipping for many years, and whose business connections will be valuable in securing traffic.

Price-Par and Interest, to Yield 8%

Copies of the Trust Deed and the certificates of the Appraisers and Auditors may be examined at our office.

Interim certificates will be issued pending delivery of definitive bonds. Circulars describing the issue in detail, and embracing the letter of the Managing Director, and certificates of the Appraisers and Auditors, will be furnished upon application.

Bonds secured by a first mortgage on modern, steel-clad freighters are held in high esteem by conservative investors. Mr. Lawrence Chamberlain, in his recently published work on the Principles of Bond Investment, states that, "approximately \$40,000,000 of new steamship securities have been floated and as yet there has been no default."
