VOL. XXXIX.—No. 14,012 TWO CENTS

## POLISH "CORRIDOR" DIVIDES PRUSSIA; COUNCIL DISAGREE

Plan Would Place 1,500,000  
Germans Within the  
New Poland.

## ECONOMIC COMMISSION Subjects to Be Incorporated in Peace Treaty Have Been Determined.

Paris, March 23.—When the council of great powers met yesterday, it was in an atmosphere of considerable apprehension over the subject of the fundamental subjects of discussion. This is not on account of Poland itself, but because of differences which have arisen affecting the fundamental subjects of nationality to which President Wilson has given his strong approval, and also his thirteenth "point" which calls for independence of the Polish state with access to the sea.

This last clause has introduced an issue on which there is a wide divergence of views. A committee under the chairmanship of Jules Cambon, with Sir William Tyrrell as the British member, and Dr. Robert H. Lord as the American, has reported the plan giving Poland this access to the sea by means of a "corridor" sixty miles wide running across East Prussia. But the effect of this clause is to place about 1,500,000 Germans within the new Poland and to detach the easternmost part of Prussia from Germany.

Premier Lloyd George has taken the view that this denationalization of a large body of Germans would cause great discontent and be likely to bring on another war, and it is understood also that President Wilson is not entirely in accord with the proposal. Mr. Cambon's committee, therefore, has been asked to revise the plan. The committee, nevertheless, is said to adhere to its original plan for a wide corridor.

Economic Commission.  
The economic subjects to be introduced into the preliminary peace treaty were definitely determined at a meeting of the economic commission yesterday. These take a wide range, and the important subjects including the disposition of German patents, trade marks and copyrights and alien property, such as that held by the citizens of such property in the United States.

The main subjects which will appear in the treaty are the following: First—The future status of German commercial treaties with the allied countries, all of which have been abrogated.  
Second—A tariff arrangement under which trade may be resumed, and providing against discrimination between allied countries.

Third—A provision regulating pre-war contracts between German and allied business interests which were suspended by the war.  
Fourth—Provisions for the disposition of German property in allied countries, mostly in the hands of government custodians, and also allied property in Germany. This branch includes German patents, trademarks and copyrights.

Fifth—A provision for the assembling of an international commission to deal with economic and commercial questions.  
The foregoing subjects are being drafted in treaty form for inclusion in the peace treaty.

The commission on the league of nations at its meeting yesterday afternoon, under the chairmanship of President Wilson, completed consideration of eight articles of the league covenant, the changes being formal. The important amendments concerning the Monroe Doctrine, and the amendment for just racial treatment and the French amendment relative to the creation of a general staff were deferred for consideration at the next meeting, to be held Monday evening at 8:30 o'clock.

The Japanese amendment has been revised so as to be introduced into the preamble and recites the equality of nationals of the state belonging to the league.  
After a week of strong pressure and many demands on their strength, the principals in the peace conference took advantage of the Sunday lull for a comparative rest. Premier Lloyd George made a trip to Fontainebleau for fresh air and repose, while President Wilson and party motored to the west zone, where they inspected the homes of some of the most important battles.

SOLDIER DISAPPEARS  
AT UNION STATION

Report That Pte. T. Slann, With Much  
Pay in Pocket, Missing Four Days.

Windsor, Ont., March 23.—With a large sum of money for back pay and allowances in his pocket, Private T. Slann, who went overseas with the 9th Battalion from Windsor, has been missing since Wednesday last, at the time he entered the Union Station in Toronto to purchase railway tickets for this city, where his wife is staying at the Veterans' Club. He telegraphed his wife he would be home Wednesday evening, but beyond this no word of any kind has come to indicate his whereabouts.

Lieut.-Gov. Sir John Hendra, accompanied by Premier Hearst, Mayor Church and Brig.-Gen. Gunn, took the salute as the home-coming 58th and 2nd C.M.R. Battalions passed the city hall. In the above picture the colors of the 58th Battalion are passing the saluting point.

## SPLENDID RECEPTION FOR WAR-WORN MEN

Fifty-eighth and 2nd C.M.R. Battalions Greeted  
by Cheering Crowds Along Long Line of  
March Thru City Streets.

Their work of beating the Hun completed, the 58th Battalion, one of Toronto's best, and the 2nd C.M.R., were given a rousing welcome, when they returned yesterday morning, by thousands of citizens, the civic authorities and military officials, but it was probably from the 58th veterans who marched with them that the heartiest welcome came. These men, who went thru the horrors of it all, appreciate what it means to return to home and country after years of war, and when they cheered it was not merely from national pride or gratitude or light-hearted enthusiasm, but it was from the hearts of all by gas events; it was from the sympathy of a community of suffering thru which each had passed and which only they can understand who have stood upon the firing line, who have been on night patrol, who have passed thru hell and know that it is dark.

These men were fit. Many of them never had been wounded, and Toronto had an opportunity of seeing the overseas fighting men as they would appear in France, and the men who put the finishing touch to the "Hindenburg line." On armistice day the 58th were in sight of German soil, each had a "cease fire" only a few feet from reaching it by force. The two trains arrived within fifteen minutes of each other, at 8:45.

## RAILWAYS IN ONTARIO HAVE "DAYLIGHT" SAVING

U. S. Lines in Ontario Announce Decision—Confusion May Result.

St. Thomas, March 23.—The three big American railroads, the Michigan Central, Pere Marquette and Wabash, which have their Canadian divisional headquarters in St. Thomas, have notified their employees that the daylight saving time will go into effect next Sunday, March 30. This is to make the time on the Canadian divisions correspond with that used in the United States, when the change takes effect. Unless the Canadian government follows suit by using daylight saving, there will be much confusion in this city, where the railroad time will be ahead of the local time, except on the Grand Trunk, where there will also be a mix-up on account of that railroad having joint offices with the Wabash Railway, and some employees will be working on one time and some on the other.

## Wilhelm in Fear of His Life Guards at Amerongen Doubled

Amerongen, March 23.—There was a state of the extreme alertness around the Von Holzen castle through the night and Saturday morning in consequence of the former German emperor's having received two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of a menacing peril.  
All the Dutch gendarmes watching over the ex-emperor's welfare were kept on duty, instead of half their number being allowed their accustomed rest. This morning all the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood, were constantly patrolled by armed guards, while even outside the walls of the castle gendarmes were carrying loaded carbines.  
One man was watching each of the four sides of the castle and other precautions were taken to insure safety.

## MARITIME FARMERS WOULD CO-OPERATE FOR LOWER TARIFF

New Brunswick Grangers  
Will Stand With U.F.O.  
and Westerners.

## LOW TARIFF MEN Not Wedded to Free Trade, But Adopt Winnipeg Program.

Special to The Toronto World.  
Ottawa, March 23.—John Kennedy, vice-president of the United Grain Growers, Limited, and a member of the Canadian Council of Agriculture, arrived here today from Woodstock, N. B., where he has been attending the first annual convention of the United Farmers of New Brunswick. New Brunswick farmers only began to organize about a year ago, and although many local associations have been formed, the meeting at Woodstock last week was their first provincial convention.

Mr. Kennedy says that he found the New Brunswick farmers anxious to co-operate with the United Farmers of Ontario and the grain growers associations of the prairie provinces. They are low tariff men rather than out-and-out free traders, but the Woodstock convention unanimously adopted the national platform recently promulgated at Winnipeg by the Canadian Council of Agriculture. The Woodstock convention, according to Mr. Kennedy, was especially enthusiastic for direct taxation, the initiative and referendum and independent political action. Some 300 delegates, representing every section of the province, were in attendance, and the new organization is growing rapidly.

Farmers Stand Together.  
Asked about the new tariff in Ottawa, Mr. Kennedy said that the farmers' organizations had presented their views, and he was hopeful that the government would go a considerable distance in meeting these views in the budget. He has been actively engaged in the "block" for several years, past and claims that the farmers in Ontario, as well as the farmers in the west are getting away from the old pro-tariff parties and are preparing to elect men to office who will be able to elect all to stand by the farmers' platform and carry it into effect. "The war has changed the habits of the parties, which resulted from the formation of the Union government and some disappointment with the performance of the Union government since it came into power, account, in Mr. Kennedy's opinion for the growing independence to be found among the farmers in eastern and western Canada alike.

Internal Loan in France  
For National Restoration

Paris, March 23.—The Official Journal today publishes a decree authorizing the issue of an internal loan, called "the loan of national restoration."  
The loan will be at five per cent and its issue price 95. The amount of the loan is to be fixed later by the ministry of finance.

BOLSHEVIKI STILL HOLD  
BOLSHOTA AND OZERA

Archangel, March 23.—The Bolsheviki still hold Bolshota and Ozera, but yesterday displayed no further activity in that sector. At allied headquarters, the situation elsewhere was reported unchanged.

REV. CHARLES A. EATON  
RESIGNS PASTORATE

New York, March 23.—Asserting his belief that the period of war construction would "either constitute the coming of the Kingdom of God or result in the extinction of civilization," the Rev. Dr. Charles A. Eaton, formerly pastor of Bloor Street Baptist Church, Toronto, announced today his resignation of the pastorate of the Madison Avenue Baptist Church to help interpret the principles of the Kingdom of God in the realm of everyday life.

SIR ROBERT COMING  
TO LEAD UNIONISTS

To Arrive About Easter—  
Budget Brought Down  
Following the Holiday.

Ottawa, March 23.—The general expectation amongst members interested in the tariff issue is that the budget will be presented to parliament by Sir Thomas White shortly after the Easter recess, which means about the end of April or early in the month of May. Sir Thomas White is keeping his own counsel in regard to the matter. The minister of finance always announces the date on which the budget will be brought down to the house well in advance.

Sir Robert Borden is expected to return to Canada about Easter time, although the date of his arrival may be later. There is said to be no truth in the report that it is not the prime minister's intention to again assume the duties of his high office in Canada. Whatever he may decide to do at a later date it is authoritatively stated that Sir Robert intends to return to Ottawa and again assume the leadership of the Unionists long before the present parliamentary session is brought to a close.

## CANADIAN MUSEUM OF RELICS AT YPRES

Reuter Cable.  
London, March 23.—An officer of the Canadian headquarters staff, interviewed by a Reuter correspondent last night, said that the Canadian buildings at Ypres would include a museum of relics connected with the Canadian defence of Ypres, and a library of everything published concerning the battles of the salient. Models of trenches, pictures and official photographs, and a roster of the Canadian dead, would also be included.

## ASSAULTS GUARD; ESCAPES KINGSTON

Kingston, March 23.—Leo Rogers, a twenty-three-year-old convict, in the penitentiary, serving a seven-year sentence for robbery at North Bay, made a murderous assault on John Berrigan, on of the guards, on Saturday afternoon, and escaped, but was captured an hour later.

Rogers presented a fake note to Berrigan, who was on duty at the west gate, and while he was reading it, struck him on the head with a piece of iron, which he had secured from a pot in the kitchen. Berrigan grappled with his assailant, and the struggle, in which Rogers drew a knife, stabbed Berrigan in the stomach, and fled.

Berrigan was able to give the name of the convict who had attacked him. First the young convict hid in an outhouse near the Ogananda Hospital, and then made his way to the home of J. G. Ettinger, a school teacher on West King street. Picking up an ax he entered the house, which was occupied at the time by Mr. and Mrs. Ettinger and a Miss Dupuis, and demanded money. This was given to him, and he took a pair of overalls from the kitchen, and substituted them for his prison dress.

He was then offered something to eat, and consented, laying the axe on the floor. Mr. Ettinger obtained possession of it, and Mrs. Ettinger got word to the penitentiary.

As the convict finished his meal, George Laturney, an accountant at the penitentiary, entered the house, armed with a loaded revolver. Rogers attempted to escape, but Laturney fired a shot in the air and he surrendered. Berrigan's wounds are considered dangerous, one of the knife thrusts having penetrated the diaphragm.

Robb Sutherland Announces  
New Evening Paper in Calgary

Calgary, Alberta, March 23.—Robb Sutherland announced this morning, that the Evening News Company had received a charter and would operate an evening newspaper in Calgary starting this morning. The moderation league is back of the enterprise, he said. The incorporators are Robb Sutherland, Charles J. Lang, H. J. Marshall, and George Mackay. Sutherland, who is in command of the organization, has no connection with the Calgary Canadian.

## HUNGARY DECLARES A DICTATORSHIP OF PROLETARIAT

New Government Has Announced  
Solidarity With  
Russian Soviet.

## APPEALS TO LENINE

Socialization of Mines, Banks,  
Estates, and All Industries  
is Decreed.

Copenhagen, March 23.—The Hungarian cabinet, headed by Count Michael Karolyi, has resigned, leaving the government to the proletariat. Alexander Gorbai has assumed the presidency of the revolutionary government of the workers, peasants' and soldiers' councils, according to a despatch from Budapest. Bela Kun has become foreign-commissioner, and Joseph Fogany commissary. It is reported that Kun has applied to Lenine for armed assistance.

Newspapers in Budapest have ceased publication.  
The new Hungarian government has proclaimed solidarity with the Russian soviet government, and an armed alliance with the proletariat of Russia. The proclamation of the new Hungarian government follows:

"The proletariat of Hungary from today has taken all power in its own hands. By the decision of the Paris conference to occupy Hungary, the provisioning of revolutionary Hungary becomes utterly impossible. Under these circumstances the sole means open for the Hungarian people is the declaration of a dictatorship of the proletariat.

"Legislative, executive and judicial authority will be exercised by a dictatorship of the workers, peasants and soldiers' councils. The revolutionary government council will begin forthwith work for the realization of communist socialism.

"The council decrees the socialization of large estates, mines, big industries, banks and transport lines; declares complete solidarity with the Russian soviet government, and offers to contract an armed alliance with the proletariat of Russia."

The revolutionary government has issued a prohibition against the carrying of arms, making the penalty for disobedience five years penal servitude and a fine of 50,000 kronen. Despatches announce that order prevails in the country districts around Budapest.

Army Secretly Formed.  
Copenhagen, March 23.—The Berlin Lokal Anzeiger's Budapest correspondent says an army of 70,000 men has been formed secretly under the command of Major Geogrey. The correspondent adds that the non-socialists and the rural populations are supporting the new government.

PROCLAIM STATE OF WAR?  
Budapest Government is Throwing  
Down Gauntlet to the Entente.

London, March 23.—The Budapest government is reported to be signing a proclamation acknowledging a state of war between Hungary and the entente, says a despatch to the Exchange Telegraph from Vienna.

The despatch adds that the Czechoslovak government is preparing to issue a mobilization order.

Allied troops in the past few days have occupied the greater part of Budapest and the surrounding districts for the purpose of suppressing plundering by Bolsheviki gangs and restoring order, according to a despatch from Vienna to the Exchange Telegraph Company by way of Copenhagen.

Was Doubtful as to Safety  
Of Former Emperor Charles

Copenhagen, March 23.—The Vienna correspondent of The Berlin Vossische Zeitung says Colonel Strutt, who was stationed at Ekstrau by the British government to watch the treatment accorded former Emperor Charles, had doubts as to the safety of the one-time monarch, and secured the assistance of Switzerland to grant him asylum.

INSPECTOR AYEARST  
REPORTED RESIGNED

Steps Out of Office Pending Investigation of Dewart Charges.

It is stated in well informed circles that Chief License Inspector John A. Ayearst has resigned as a result of the charges laid against him by H. H. Dewart, M.L.A., in the legislature last Friday. Members of the government would make no direct pronouncement in the matter, and it is presumed that Mr. Ayearst's position as the subject of the direct charges was under discussion at the parliament buildings on Saturday. Ayearst has been advised to so act in this case.

Up to the time he joined the department, Inspector Ayearst has been a Methodist minister in Thamesville. In 1911 Mr. Ayearst left for Edmonton where he became the head of the Temperance and Moral Reform Association. After two years at this work he returned to his position with the government.

Rev. Mr. Ayearst was born on a farm, and in his earlier years was a school teacher being a principal at Walloway for some time.

### BOLSHEVIST CHANGE PLANS OF WARFARE

Are Giving Orders to Their Detachments to Treat Prisoners Kindly.

Archangel, Saturday, March 22.—Recent developments in the Dvina river sector indicate that the Bolsheviks are trying to change the conduct of their uncontrolled detachments, who have been accused of killing and mistreating prisoners. An officer who returned to Archangel today, after a long stay in the Tuigas region, declared that the campaign there is at the present time "civilized warfare."

On a Bolshevik prisoner recently captured, he said, he found a copy of an order directing that all prisoners should be treated kindly, especially the wounded, and in many instances they were the source of valuable information. In this sector, where the patrols frequently traverse the same paths of the forest, it is a hollow stump which is the battle zone postoffice for the exchange of information regarding prisoners. Letters have been placed there from some soldiers taken by the Bolsheviks, saying that they were well.

The Archangel newspapers publish many citations of decorations awarded to the new Russian troops of the provisional government for bravery in action. The mobilization conducted at Archangel has been a success beyond all expectations, according to the Russian staff, and Russian troops are in the front lines in nearly every sector, fighting beside the British, French and Americans.

Headquarters reports that the situation in all sectors was without change today.

### WINDSOR MEN PLAN OCEAN PORT OF CALL

Windsor, Ont., March 23.—When Hon. Frank Carvell, minister of public works, makes his promise to this city early next month, a plan originated by local real estate men will be submitted for his consideration to interest the government in making Windsor an ocean port of call. A harbor commission, made up of representatives of the five border municipalities, has already been organized. So far as making this place a stopping point for ocean steamers is concerned, the government dock here, built two years ago at a cost of \$200,000, which is used mainly as a place to tie up ferry boats at present. There is a coal dock in Windsor, and a small landing dock in Walkerville. Beyond that there is very little dredging done anywhere between Windsor and Walkerville, where a few lake vessels land occasionally.

### WORTHLESS CHEQUE THREE THOUSAND

Says Mrs. Jeannette Orr, Toronto, in Detroit Court—Taken Back to Jail.

Detroit, Mich., March 23.—Declaring that a check for \$3,000 which had been given her by a Belgian aviator in Chicago, and which turned out to be worthless, was responsible for her arrest, Mrs. Jeannette Orr, 25, in Detroit court here today said she was charged with passing worthless checks. She pleaded not guilty and was held in \$500 bail for further examination on March 28. The woman's husband, reported to be on the way here, failed to arrive, and by 12:30 unable to furnish surety, she was taken back to county jail.

### CALL ON ALLIES TO PROTECT SHIPS

Copenhagen, March 23.—At a mass meeting of seamen at Bremen a resolution was passed declaring the refusal of the seamen to permit ships to sail for England unless a promise could be obtained that the German crew would be allowed to remain on board according to Berlin advice. As the provisioning of Germany is jeopardized by the refusal of the German seamen to man ships required by the entente, the German armistice commission has proposed to the allies that they approve the placing of four small cruisers in service to guarantee protection, the immediate sailing of the German merchant vessels and the transport of food.

### BOSHEVIST CAMPAIGN STARTED IN BOHEMIA

London, March 23.—A Bolshevik campaign is in progress in Bohemia, according to a statement quoted by The Daily Mail's Berlin correspondent. This correspondent says strong propaganda is being carried out in a surreptitious manner by the Czech and Bohemian workers, the Bohemians being assured that only with Bolshevik aid can they secure the right of self-determination and escape subservience to Czech rule.

### Expect Hydro-Electric Report On Windsor Frontier Railway

Windsor, March 21.—Within a few days it is expected the report of the Ontario Hydro-Electric Commission, dealing with the question of street car transportation of this frontier will be ready for submission to the municipal council and at the next municipal election the matter of the acquisition of the street railway system will be placed before the ratepayers for their approval.

### MEWBURN OPTIMISTIC OVER TROOPS' RETURN

Rate of Return to Be Greatly Increased During April—First Division Coming.

Hamilton, March 23.—That there was little doubt that every soldier at present overseas would be home no later than August was the assurance given by Major-General S. C. Mewburn, minister of militia, while in the city yesterday.

"Over 30,000 men have been brought home this month," Gen. Mewburn said, "and that number will be increased greatly during April. Just as soon as navigation opens on River St. Lawrence and the ports of Quebec and Montreal can be used it is hoped that the return of troops will be speeded up to 45,000 a month. Unless hindered by strikes in England there is little doubt now that all the Canadians will be home by the end of August."

### SCORES GREAT ESTATE SALE AND THE "BALACLAVA" SPECIALS.

Mr. Frank Score, the president, said the other day: "We had the highest hopes when we stepped out on the beaten path—that of high-class custom tailoring—and began making the 'BalACLAVA' overcoat—ready-for-use—but our 'highest hopes' have been more than realized, and the making and selling of this coat is taking a larger place every day in the Score enterprise." The coat of distinction in every way you like to judge it. R. Score & Son, Limited, tailors and haberdashers, 77 West King street.

### SAYS BE PATIENT TOWARDS FIGHTERS

Commissioner Howard, Salvation Army Chief of Staff, Arrives in Toronto.

Commissioner T. Henry Howard, chief of staff of the Salvation Army, arrived in Toronto this morning from New York, on a trip from London, and was welcomed at the Union depot by Commissioner W. J. Richards, Col. John McMillan, chief secretary, and members of the headquarters staff. A band was in attendance.

### Expect Hydro-Electric Report On Windsor Frontier Railway

Windsor, March 21.—Within a few days it is expected the report of the Ontario Hydro-Electric Commission, dealing with the question of street car transportation of this frontier will be ready for submission to the municipal council and at the next municipal election the matter of the acquisition of the street railway system will be placed before the ratepayers for their approval.

### YORK COUNTY AND SUBURBS

#### RIVERDALE RESOLUTION AGAINST DAYLIGHT SAVING BILL

Albert Hanna, secretary of the North Riverdale Liberal Association, will submit the following resolution at the next meeting of the organization: "That the federal government be requested to cancel the Daylight Saving Bill, as it works a hardship especially upon the working class, aged parents and others in their morning household duties before going to business and favors the sporting class and those that wish to use the evening for a selfish purpose at other people's expense."

#### SAFE HOME AGAIN.

Signaller Albert Roe, C.E.F., 878 Carleton avenue, who was badly gassed in action at Passchendaele, France, arrived safely at his home last evening, after three years overseas, and twelve months in Orington Canadian Hospital, England. Signaller Roe speaks in the highest terms of the trip home and the treatment of the hospital cases. He was employed at the Canada Metal Products Company previous to enlisting.

#### WILL DISCUSS PAPE CARS.

North Riverdale Ratepayers' Association Executive Committee will meet at the residence of the president, Dr. E. A. McDonald, 240 Danforth avenue, this evening, to discuss the proposed plan for the erection of a public utility car line, Broadview and Danforth, and a district sub post office will be discussed.

#### FAIRBANK RESIDENTS ASK FOR SIDEWALK INCREASE

A well-attended meeting of the North Fairbank and Fairbank Ratepayers' Association was held in the Club House, Hamilton, on Sunday evening, March 23. Amongst communications read was one from Arthur Hewitt, general manager of the Consumers Gas Company, which stated that conditions are such that it is impossible to plan for extensions in the district this year.

#### EAST TORONTO Y. M. C. A. IS HANDY.

The Y. M. C. A., Main street, East Toronto, which was reopened a few days ago after being closed for over two years, will be of considerable convenience to the railway men in the neighborhood. The building will be open to the members throughout the day and evening.

#### AURORA FIRE GUTS HOME.

Caused by an overheated stove which set fire to the chimney and roof, much damage was done to the residence of Mrs. Richardson, on a public street, completely demolished and the extent of the loss has not been estimated.

#### DANFORTH NEW Secretary of Methodist Union Gives Forceful Address

Rev. E. W. Neal, newly-appointed secretary for the Toronto Methodist Union, gave a forceful address at the evening service in Hope Methodist Church, Danforth avenue, yesterday. The speaker's appeal met with a generous response.

#### ST. BARNABAS' OPENING.

St. Barnabas' Church new Sunday school building, corner of Hampton and Danforth avenues, was opened yesterday. The building is a fine example of modern architecture and is well equipped for the needs of the congregation.

#### OLD CHURCH INADEQUATE

The matter of the new building site for the old St. Barnabas' Church, on Page avenue, near Gamble, is still in the hands of the church extension board. According to a prominent member of the Baptist communion, the old church is altogether inadequate for the number of people who attend. On a previous Sunday, seating accommodation could not be provided, and it is necessary to erect a larger building.

#### NEW MARKET RETURNED SOLDIERS.

Among the soldiers who have returned recently are Corp. Robert Harrison, Gordon street, who is a 20th Battalion man and Lieut. W. Gorvett, son of C. Gorvett. Lieut. Gorvett got as far as Halifax on his way overseas when he was stricken with influenza and he was held there until two weeks ago. He is now discharged.

### EARLSCOURT WELCOME FIFTY-EIGHTH.

Earlscourtes in large numbers gave a hearty welcome home to the 58th yesterday, many of the soldiers returning being residents in the Earlscourt district. A good number of automobiles assisted in bringing the returned heroes to their homes in various parts of the city.

#### REV. ROADHOUSE BACK.

Rev. W. F. Roadhouse, pastor of Boon Avenue Baptist Church, resumed his ministry on Sunday, preaching at both services. Mr. Roadhouse returned on Saturday from a successful evangelistic mission in Cleveland, U. S. A.

#### SPECIAL SERVICES END.

North Earlscourt Methodist Church concluded its special services on Sunday, when Rev. Thomas Bloss preached on "Well-attended meetings morning and evening."

#### EVANGELISTIC CAMPAIGN.

St. David's Presbyterian Church, Harvie avenue, Earlscourt, has finished the first week of its evangelistic campaign under the leadership of Rev. F. A. Robinson, secretary of evangelism. The meetings so far have been well attended by citizens, the church being crowded and every seat taken before the services began.

#### MEN'S OWN BROTHERHOOD.

At the Men's Own Brotherhood meeting at Central Methodist Church yesterday, Rev. Gilbert Agar gave an address on the temperance situation in the province of Ontario. Mr. Agar is the field secretary of the Temperance Association.

#### CROWDS LINE ROUTE AT HOGARTH FUNERAL.

One of the largest funerals ever held in the east end was that of the late Mrs. Eva Hogarth and her four little children who were hospitalized at their residence, 45 Rainsford Road on Tuesday last.

#### EAST TORONTO Y. M. C. A. IS HANDY.

The Y. M. C. A., Main street, East Toronto, which was reopened a few days ago after being closed for over two years, will be of considerable convenience to the railway men in the neighborhood.

#### AURORA FIRE GUTS HOME.

Caused by an overheated stove which set fire to the chimney and roof, much damage was done to the residence of Mrs. Richardson, on a public street, completely demolished and the extent of the loss has not been estimated.

#### DANFORTH NEW Secretary of Methodist Union Gives Forceful Address

Rev. E. W. Neal, newly-appointed secretary for the Toronto Methodist Union, gave a forceful address at the evening service in Hope Methodist Church, Danforth avenue, yesterday. The speaker's appeal met with a generous response.

#### ST. BARNABAS' OPENING.

St. Barnabas' Church new Sunday school building, corner of Hampton and Danforth avenues, was opened yesterday. The building is a fine example of modern architecture and is well equipped for the needs of the congregation.

#### OLD CHURCH INADEQUATE

The matter of the new building site for the old St. Barnabas' Church, on Page avenue, near Gamble, is still in the hands of the church extension board. According to a prominent member of the Baptist communion, the old church is altogether inadequate for the number of people who attend. On a previous Sunday, seating accommodation could not be provided, and it is necessary to erect a larger building.

#### NEW MARKET RETURNED SOLDIERS.

Among the soldiers who have returned recently are Corp. Robert Harrison, Gordon street, who is a 20th Battalion man and Lieut. W. Gorvett, son of C. Gorvett. Lieut. Gorvett got as far as Halifax on his way overseas when he was stricken with influenza and he was held there until two weeks ago. He is now discharged.

# KING BOB BORDEN AND THE BALLOT

### Arthur Hawkes at Labor Temple Traces Constitutional History.

Arthur Hawkes, at the Labor Temple, yesterday, traced the constitutional history of Great Britain, before a large audience composed mostly of aliens, who, it was believed, had resolved to be present to receive knowledge from Mr. Hawkes in this regard. The attitude of the meeting was exceptionally gratifying, and those who came proved specially attentive, to the usual radical thinkers expressed their opinion of Mr. Hawkes' theory of constitution. In the course of his address the speaker pointed out that 230 years ago good King Charles had his head cut off because he had become a victim of the hallucination that kingship was a prerogative conferred by divine Providence—a hallucination pointing out Mr. Hawkes, which has cost Kaiser William his throne of recent date. The gist of the address was to show that the parliament of any country was really the mouthpiece of the people, and that the king or emperor was but a figurehead of the nation.

"Good old King George, I like him alright," said Aurine Pauline, "but what about King Bob Borden, King Flavelle and other such royalties, what can we do about them?"

"You can get rid of them thru the medium of the ballot," returned Arthur Hawkes, who expressed the opinion that the misuse of power made by the Canadian "house" was permitted only thru the ignorance or indifference of the public.

### Rights of Aliens.

Toucing upon the rights of the alien in Canada, a matter of vital interest to large numbers in the audience, Mr. Hawkes pointed out that there was nothing in the constitution depriving any man of his rights conferred upon him by virtue of his oath of allegiance, and that every child born in the Dominion was, under the constitution, a native Canadian and entitled to every right conferred upon a Canadian citizen. Continuing, he deprecated the attitude on the part of some of our constituents to champion violence as a means of redress. Violence, he said, was no evidence of true statesmanship, and one of the great lessons of the war had been the fact that in its train, and without active revolutionary methods, revolution of the most radical type had been effected in the fabric of society.

The meeting passed a resolution demanding a public inquiry as to the reasons causing the Canadian Allies-Chalmers and the Canada Foundry to lay off large bodies of their employes during a period of unusual activity on contracts. The mover of the resolution expressed the opinion that the two firms were laying off the men to induce labor depression, with the intention of taking them back at reduced wages.

It is the intention of the I. L. P. to place candidates in every constituency possible at the next general election.

### THEY WILL TRY IT AGAIN

After making the assertion that they would instal the electric wiring and service equipment and also the electric fixtures in a finished or occupied house within three days, the Electric Wiring and Fixture Co. at the southeast corner of College and Spadina avenue, next door to the Dominion Bank, and specializing in wiring and fixing completed or occupied houses. Without breaking the plaster or marking the decorations, and apparently through the use of the most modern equipment and in the chase of standardized materials in large quantity they are able to not only complete the installation in record time, but at a reasonable price. Their phone number is College 1878.

### NEWBORNS RESCUED FROM BLAZING HOME

Firemen Rescue Mothers and Babies at Victor Maternity Fire.

Firemen rescued two women and their babies from a fire Saturday night in the Victor Maternity Home, 491 Jarvis street. The fire, of unknown cause started in the basement of the three-story building, and dense clouds of smoke rolled up the stairways, where the patients, who thought the whole building was ablaze.

Capt. Bird of Lombard street section brought a young woman down the ladder from the second storey to the street, and, handing her over to Operator Manning of headquarters, who was on his way home, carried her into a nearby house. Capt. Bird returned to the building and rescued the young mother's four-day-old baby.

Fireman Ellis also carried a small infant down from the second floor. A number of other women in the building were able to walk out with their babies.

The firemen experienced little difficulty in beating out the flames. The damage to the building was \$350 and \$75 to the contents.

### GUILTY CONSCIENCE LED TO B.O.T.A. ARREST

A guilty conscience was responsible for the arrest on Saturday night of Kasian Onischuk, of 425 West Adelaide street, on a charge of a breach of the Ontario temperance act. Onischuk was walking along west on Adelaide street with a club bag containing three gallons of alcohol. Police constable Watson was standing at the corner of Adelaide and Spadina avenue, Onischuk repeatedly kept turning around to look at Watson. The plainclothesman saw him and bag the man, dropped his grip and started to run. Watson, thinking something was wrong, gave chase and bag the man. On opening the bag he caught Onischuk. Onischuk admitted that he had found the alcohol and Onischuk was then charged.

Pts. G. W. Smith, of 545 West Muriel street, like most of the other returning soldiers, was greeted by his family, including the proud youngster.

## HEROES GREETED BY HAPPY FRIENDS

(Continued From Page 1).

open space for the forming up of the soldiers.

At 1:37 prompt on schedule the order o. parade was issued as follows: Squadron of Royal Canadian Dragoons clearing the way, 48th Highlanders band, 19th band, veterans of the 58th, disabled veterans in motor cars, Q.O.R. band, 10th R.G. band, 58th Battalion, led by Lieut.-Col. McFarlane, D.S.O., and the 2nd C.M.R.

As the 58th came into the view of the people on Yonge street, a mighty cheer went up. Special interest was directed to the battalion mascot, "Bruce," a bulldog. The soldiers had decorated his blanket. On it they had sewn the square and triangle patch of their unit. They had also added two wound stripes, the M.M., M.C., and a number of others. One man added that they would have also decorated "Bruce" with the V.C. only they could not find a ribbon.

Colors Unfurled.

At the last moment the officers of the unit decided to carry the regimental colors under the archway of the intended and they were borne by two subalterns followed by the guard with fixed bayonets.

The crowd was not as immense yesterday morning as when the 4th C.M.R. arrived, this fact being due to the extremely early hour of the arrival. Had the parade been held until the afternoon, there is no doubt but that twice as many people would have turned out. As it was the streets were lined seven or eight deep right from the station to the armories.

The people were orderly and during the entire parade there was little individual or group cheering. As soon as the last soldier had passed the spectators fell in behind, many following the march down to the armories.

Instead of going along Bloor and thru Queen's Park the parade continued down to Queen street along to the city hall, swinging in close to the steps, where Sir John Hendrie, lieutenant-governor of Ontario, reviewed the men. With Sir John were Brig.-General Gunn, Sir William Hearst, Mayor Chayer, and their staffs.

At the Armories.

Threats, pleas and cajolings had no effect at the armories yesterday in stopping the stream of relatives and friends who poured into the ranks of the battalions as soon as they were well inside the building. It had been intended to tender the men short reception upon their arrival, but the all pervading love broke thru all bounds, and sons, brothers and sweethearts were folded to bosoms which had undergone the cruelest emotions possible during the last four years.

Crowds began to pour into the armories and surrounding grounds as early as 8 o'clock yesterday morning, and one hour later the building was looking for their own, the light of long suppressed emotion shining in their faces. Families there were, from the young mother to the equally yearning sweetheart and the old man, one object to meet "him," the one who had been uppermost in their thoughts and prayers for this long time. Inside the building all was eagerness and anxiety, and the many reserved seats were soon taken up by the many ticket holders who had some one in the army or navy, while little tots were being held in their daddies' arms, and left them prattled merrily of their almost unknown fathers as they romped among the chairs.

Here and there thru the huge barn-like structure, which had been festooned with colors and the shields of battles where the Canadian Corps had distinguished themselves, were seen women clad in mourning weeds, or simply couldn't stay away," said one beautiful little mother. "I know my Jim, bless him, would have wanted to see a swift application of all the crumpled bandkerchief to the tear-filled eyes, he turned once more to mingle with the happy, laughing crowd, seeking to hide her sorrow, which seemed to permeate the armories yesterday. On the whole, however, the crowd was a happy one, and the radiant beams from the sun which filtered in thru the window of the crowded condition in one building, but they suffered no lack of the enthusiasm which was going on in the drill shed, for there were people outside who just naturally took them to their bosoms and made as much of them as if they had been their own.

Out of town lads were taken to the Exhibition and given their discharges a most immediately after they left the building, and the announcement of the officer that this

action was to be taken was greeted with cheers from the boys, many of whom came from British Columbia.

Good to Be Home.

Col. R. A. McFarlane, the commanding officer of the 58th Battalion, led the last time, and after the crowd had in some degree settled down, made a short address to his men, in which he stated that he wanted them to thank every citizen of Toronto for the wonderful welcome which had been accorded them. "It's good to be home," he concluded, calling for cheers for the city.

Lieut. Col. McFarlane, who had intended to officially welcome the men, was unable to do so on account of the noise and cheers which resounded thru the building, but, waiting his silk hat, he was shortly after called for by the commanding officers of the battalions and the returned men. With him were His Honor Sir John Hendrie, Gen. Gunn, O.C. of M.D. No. 2, and other members of the civic reception committee.

Gleeful as any boy, Major R. O. Geary, corporation counsel, and former mayor of Toronto, leaped out of the ranks to the stand, where he was warmly welcomed by the men. He kissed her to his heart's content, after which he jumped down again and rejoined his men. Approached by a man in a military uniform, Major Geary expressed himself as being pleased with everything. "I'm glad to get back, of course," he said, "and every man is delighted with this reception; it made us feel as if we belonged here." Major Geary looked well in every way and decidedly liked the new surroundings which he cultivated in the army.

A Scotch Fire-Eater.

The colors of the 58th were carried by Lieuts. A. Anderson, M.C., and H. L. Thomson, two of the finest officers in the battalion, if the evidence of the men and brother officers could be relied on. Both have been decorated for exceptional bravery in action. Anderson, whose rank was that of lieutenant, was decorated twice in one action. A regular little Scotch fire-eater, he said one time when he was in the World War in any way talk of them now in the same place of work as they were with the battalion since the inception were Lieut.-Col. D. Carmichael, Capt. M.C., Capt. T. W. Forwood, Lieut. Col. J. Allen, E. Dick, M.C., M.M. and Capt. T. Lamb, M.C. M.M., Major, acting Lieut.-Col. R. E. Smyth, D.S.O., M.C., also arrived with his battalion, and praised the work of his men while overseas. They were of the highest calibre and their esprit de corps was something like:

"I got it at Cambrai, but why I don't know," said Capt. (Rev.) McKernie, M.C., the padre of the battalion, when asked by The World how he had won his decoration.

A record held by the 58th Battalion band and one that not every regiment can boast of is the fact that they went into the line and were the first to march into the line and were the first to be taken to the front. They were the first to be taken to the front. They were the first to be taken to the front.

After the reception in the armories, the Toronto men were taken to their autos to their homes, with private friends and relations. Out-of-town men were taken to the Exhibition Camp in G. S. C. cars, and were discharged in the afternoon, so that many who wished to make connections with Sunday trains for their homes, might do so. The military do not wish to hold them one hour longer than is necessary to complete their documents. The Toronto men will be discharged at the Exhibition Camp this morning.

Col. Gibson of the demobilization centres and his staff are to be congratulated on the manner in which they had the details of the parade worked out.

The men's appreciation of receiving their discharge immediately was evidenced by the fact that when Col. Gibson announced to them in the armory that they would receive their discharge forthwith, he was greeted with loud cheers from all parts of the building.

Served Faithfully.

Lieut.-Col. G. G. Mitchell, with Major Ross and several other officers, formerly of the 58th, who saw service in France, were on hand at North Toronto, renewing acquaintances with those who served so faithfully with them overseas.

The men had few complaints. When asked by The World if they had received good treatment while coming over, they all replied in the affirmative. They said they would have preferred arriving on Saturday night, which they might have done, as they laid over several hours, but added that their people wanted to see them

### BLANCHE SWEET IS BACK TO MOVIES

Theatre-Goers Will Welcome Star in "Unpardonable Sin" at Allen.

Theatre-goers will welcome the return of Blanche Sweet to the screen in the big Harry Garson photoplay, "The Unpardonable Sin," which is the attraction at the Allen for an engagement beginning next Monday.

Miss Sweet had won a host of admirers and these admirers have missed her for the past year or more.

Miss Sweet was induced to come out of her "home shell" for this particular picture.

When Mr. Garson secured the photoplay rights to the story and engaged Marshall Neilan to direct the picture, both Mr. Garson and Mr. Neilan agreed that Miss Sweet was the ideal star for the production. Miss Sweet was offered an attractive contract and the figure was such that she might have accepted for nothing other than business reasons—but it so happened that Miss Sweet welcomed the opportunity to play "Dimmy Parrot" for other reasons about which Mr. Garson and Mr. Neilan knew absolutely nothing when they were looking for a star.

First of all, it has developed, Miss Sweet knows Major Rupert Hughes, upon whose novel the play is founded, and his wife intimately. She had read "The Unpardonable Sin" while he was appearing in serial form in the Red Book magazine. It had happened, moreover, that Miss Sweet had been told a few things about the story and how it was fabricated, which not many people know. Major Hughes, following the accepted practice of novelists who get exceptional

### ARTHUR J. WEBSTER OF TORONTO WEDS IN BELLEVILLE, ONT.

Belleville, Ont., March 23.—At high noon on Saturday the wedding was celebrated of Miss Eva Marion Ketcheson, eldest daughter of Mr. and Mrs. T. E. Ketcheson of this city, to Mr. Arthur J. Webster, of the Bank of Commerce, Toronto. The ceremony was performed by the Rev. Canon R. S. Forneri. Mr. and Mrs. Webster will make their home in Toronto.

### SENTENCED TO KINGSTON.

Charles Blair sentenced at Parry Sound to serve two years and nine months in Kingston Penitentiary, spent last night in the cells of Court street station. Blair was found guilty on three charges of burglary and house-breaking. Sheriff Armstrong will take Blair on to Kingston this morning.

### GARAGE BURNED.

# On the Scent of Our Canadian Trade!

Now is the time to talk Canadian goods, made by Canadian labor with Canadian materials.

European wages are much lower than Canadian. Everybody knows that. But not everybody knows that we have a new and growing commercial power in the East—Japan—whose wages are only from one-sixth to one-twelfth of those paid here. Japan also has cheaper raw materials and lower costs of living.

Professor Seligman of Columbia University, one of the foremost living Economists, says the surest way to bring on labor troubles is by cutting wages while the purchasing power of the dollar is way down.

United States Secretary of Commerce Redfield says: "Beware of the temptation hastily to lay hands upon wages. *We must concentrate thought, purpose, and effort on output.*"

It is foolish to hope that wages will go higher while costs of living are falling. What we should strive for is to keep the wage-earner from getting the short end of the deal until wages and cost of living adjust themselves to other levels.

If we are to make the most of our opportunities, we shall have every factory in the country running full time for years to come, making things for our own use and for the rest of the world. Clearly this is a case where team-work will help both sides and at the same time expand our industrial activities.

The man who sticks to his job is the man promoted—and the man promoted is the coming business man. A workman should take the same interest in his work today as he would expect of his employes when *he* becomes the boss.

MONDAY MORNING MARCH 24

The Reward of Skill

In the Engineering World of the 15th Inst. there is reported an interesting talk by Mr. John Ericson, city engineer of Chicago, on the subject of the engineer in public service.

Mr. Ericson indicts the whole system which allows a young engineer to devote many years of the most critical time of his life and at considerable expense to acquiring the scientific and technical knowledge to fit him to direct man power over nature.

The Soldiers' Chimes of Peace

A bell tower with chimes has been decided upon as a proper memorial at the University for the heroes of the war who belonged to the old foundation.

But why should the city itself not complete the great tower of the city hall with the chime that in the fancy of many ought to be welcoming home the men who have sverred the fields of Flanders? No better civic memorial could be designed than the "Soldiers' Chimes of Peace."

AUSTRALIA HAS FIXED COMMODITY PRICES

Melbourne, March 23.—It is estimated that the commonwealth's wheat yield will be forty million bushels less than 1917-18 figures. The federal government has fixed prices of many commodities, including bread, jam and tobacco.

FIVE MEXICAN BANDITS KILLED IN SKIRMISH

Marfa, Texas, March 22.—Troops of the Eighth United States Cavalry, under Captain Kloepper, returned here early today from a pursuit across the border of Mexican bandits, bringing with them 35 cattle and two horses which had been driven from Nueces by the raiders yesterday.

Are You Satisfied?

Reconstruction means starting all over again. In fact, it is almost like having the garden of Eden replayed in about three acts. Every person should begin from the beginning and see that they get their just rights, and also that they give others the same sort of a deal.

We all know only too well, that every day in the week we are "done" in one way or another, and the "done" may talk about it until we are black in the face, but really do not rise from their graves and protect us, who appear to be so unable to look out for ourselves.

The real honest-to-goodness false pretence charge is a criminal one, yet every day we are being soaked and not doing a blessed thing to help right the wrong. When we ask for most to get it, and if we do not, then there is only one way to make the managers sit up and look alive, and that is by the gentle method of forcing them to it.

GERMANY DRIFTING TOWARD BOLSHEVISM

Paris, March 23.—Oswald Garrison Villard, New York editor of The Nation, has just returned to Paris from a week's observation of conditions in Germany, and made a report to the British prime minister, David Lloyd George and the American peace commissioners, by which they are said to have been profoundly impressed.

SPANISH TROOPS FIGHT RAISULI'S PARTISANS

Tangier, March 23.—An encounter has occurred in Morocco between Spanish troops marching from Tetuan toward Dar-Ben-Kofish and some partisans of Raisuli, according to information received here from native sources.

JURY DISAGREED IN O'LEARY CASE

New York, March 23.—After deliberating 54 hours and failing to reach a verdict, the jury which heard the case of Jeremiah A. O'Leary, charged with violation of the espionage law, was discharged by Federal Judge Hand at 5:55 o'clock today.

TO SEIZE PROPERTIES OF REIGNING FAMILIES

London, March 22.—The situation in Egypt has improved greatly, according to Reuters telegrams, dated March 21, at Cairo. Omer has been restored in several towns, and Cairo and Alexandria are tranquil.

THE PROMOTER'S WIFE

By JANE PHELPS.

Barbara Hears Gossip of Blanche and Neil

Naturally, I was immensely relieved that Neil had not been with Blanche Orton, yet I knew that in some way Payne Orton's death had been the cause of his excitement, also of his remaining out all night.

"I was attending to business at the club until late. Then I was so tired I turned in there. I had to see a man there very early."

"Can't you explain what it was to me, dear? I should be so interested."

"Yes," he frowned. "I can't explain what it was to me, dear? I should be so interested."

"I saw little of Neil in those days following the death of Payne Orton. I was not very well, and so remained more closely at home than usual."

"Then came the day when Lorraine Morton disturbed what peace of mind I had. It was a dismal rainy afternoon and she said that she knew I would be depressed, so she had dropped everything to run over and cheer me up."

"I guess she wanted 'Mrs. Orton' on her calling cards, so she could be 'pleased.' Then she quoted: 'Oh, for a love for a year, a week, a day—'

"After a fashion—yes. But, Bab, if you were I would keep Neil away from her if I could. It was bad enough for them to be seen together so much before, but people will surely say he is in love with her if they are intimate now. And they might say that was the reason Payne was so careless of his health that he went off suddenly as he did."

"She had given voice to the thought which had come into my mind when I heard he was dead, but which I had forgotten."

"Nonsense!" I replied, but I felt myself growing pale. "It isn't nonsense, Bab," she said as she rose to go.

"God deliver us from our gossiping friends," I moaned, from our gossiping friends. I had almost ceased thinking of Blanche Orton and Neil—and now this!

When she had gone I sat thinking wretchedly about it all. Then my suspicions had been right—Payne Orton had been foolishly careless with his health of late, and, perhaps, because of the cause of his death, he had been drinking to excess, keeping late hours, etc. Had he then, been unhappy over Blanche's friendship with Neil—so unhappy that he didn't care?

COUGHLAN SHIPYARDS RUN BY COMMITTEE

Montreal, Que., March 23.—Speaking at the C.P.R. banquet at the Ritz-Carlton held on Saturday, Lord Shaughnessy referred to labor conditions in the old country, said that the situation of labor there was a cause of anxiety.

Heirship concluded with an appeal for cooperation.

"I cannot tell you, I would not attempt to tell you, how highly I appreciate the devotion and the loyalty that I have met with throughout all the years of my administration, nor would I attempt to thank you, nor tell you how large a part that loyalty and devotion played in the success that attended my efforts. I feel sure that I bespeak for my successor, Mr. Beatty, that same spirit and co-operation."

CANADIENS TURN TABES ON METS Winning Second of World Championship Hockey Series by Two.

LALONDE SCORES FOUR Challenges, Working Under-Even Rules, Outplayed Seattle by Small Margin.

Seattle, March 23.—The Canadiens, champions of the National Hockey League, turned the tables on the Seattle Metropolitans, champions of the Pacific Coast Hockey Association, last night, and won the second Stanley Cup game, 4 to 2, thus evening up the series, each team having won one game. Outplaying their opponents by a margin not so very wide as the visiting flying Frenchmen showed Seattle how hockey is played in the east. A whirling attack and the effort was put up by Seattle against a successful attack by Montreal.

Seattle, playing under western rules won the first game, 7 to 0. The next game on Monday night. Last night's game was an even contest, were playing under their rules. They took the lead in the first period, Seattle made a gallant effort to even the score in the final period, when they scored two tallies within 30 seconds, but the Canadiens' defence tightened, and the locals' efforts henceforth were of no avail.

Newly Lalonde gave a great exhibition, and scored all four of the Canadian points. Lalonde was the star of both teams. The leader of the visitors was a find on defence and impossible to stop when he gained possession of the rubber. He beat Rickley and Rowe time and time again over the Seattle nets, and his shooting was deadly accurate.

Pitre played good hockey as well, while Corbeau was in excellent form on both defence and forward. During the interval, chants ten minutes from the kick-off, to which A. Stark responded for Paterson before half-time. After the interval, home team ran the visitors off their feet and scored two, thru A. Stark and P. Pitre. Duggan reduced the lead just before the whistle blew.

Paterson will now meet Bethlehem Steel in the final next week.

BASKETBALL, VOLLEYBALL AND HANDBALL TEAMS FROM CENTRAL Y PLAY AT DETROIT. Toronto Central's first and second business men's basketball teams won their games at Detroit Saturday afternoon for the first time in four trips to the border city. The first team pulled out on top in all of the hardest fought and closest checking games of the season. The first half ended 12-9 in favor of Detroit, but in the second period the Toronto boys overcame the score at 15-13 on a couple of beautiful shots by Lepper. Their husky defence made it sure a moment later on a dandy shot from a little way from the basket for Lepper.

Prospects Brightest For Canadian Rowing. In response to the inquiries made by President O. Heron the member clubs of the C.A.A.O. have sent most encouraging replies as to the season's outlook from Halifax, where so much damage was done by the explosion in 1917 to all the club houses, and also from Lachine, real; Brockville, Ottawa, Kingston, Montreal, Hamilton, Kenora, Winnipeg and St. Catharines. It is expected that the prospects for a revival of the grand old sport, assuredly, however, it will take a lot of hard work on the part of every club to infuse new blood with the proper vigor.

ATTACKS ONTARIO NICKEL POLICY

Hartley Dewar Addresses Lincoln Liberals—Talks of Minister of Education.

St. Catharines, March 23.—Censure upon the government for permitting profiteering and not sufficiently taxing profiteers was handed out at the annual convention of the Lincoln Liberal Association here yesterday afternoon by Hartley Dewar, M.L.A. He spent some time in criticizing the government's policy regarding the International Nickel Company. The miners in taxation for three years are still uncollected," he said, "but as soon as this government is out of power we will see that the arrears are collected."

The car was coming down the hill after passing Christmas, and had reached a narrow point in the road. It suddenly left the track and toppled down the steep embankment, striking the fence posts from the side of the road, and pinning the driver underneath.

BAVARIA REFUSES TO YIELD RAILWAYS

Plan to Incorporate German Roads Under One System is Opposed.

Berlin, March 23.—The government plans to incorporate the German state railways under a single national system are already meeting with opposition on the part of the federal states. Following Prussia's note to the federal states that Prussian roads would be surrendered only in return for a financial guarantee to secure the state budget, Bavaria has stated that the transfer of Bavaria's roads at this time is impossible, owing to personal and financial reasons, and that their future surrender can be accomplished only by open negotiations, which must be confirmed by the Bavarian diet.

ITALY'S PREMIER HAS STAYED AWAY

Absence From Conferences by Other Heads of Nations Excites Comment.

Paris, March 23.—Comment has been excited by the absence of Premier Orlando, of Italy, from conferences held recently by President Wilson and members of other countries. It is supposed, however, that he refrained from attending the meeting because of representatives of the other allied countries desired to discuss the settlement of the Austrian-Italian question privately, knowing well Premier Orlando's position in the matter. Because it might establish a precedent for Italy's claim to "fix" the various boundary commissions have been cautious in treating the status of Poland, and Italian action may influence the decision of the council on that question.

TO MAKE LARGE CUT IN WAR APPROPRIATION

Sir Thomas White Announces Reduction of Hundred and Fifty Million Dollars in Vote by the Dominion Parliament.

Ottawa, March 22.—The war appropriation for the next fiscal year, which begins in April, will be \$350,000,000, as compared with \$500,000,000 which was required during the year just ended. Sir Thomas White has given notice of the following resolutions:

(1) That it is expedient to provide that a sum not exceeding \$350,000,000 be granted to his majesty towards defraying any expenses that may be incurred by or under the authority of the governor-in-council during the year ending the 31st day of March, 1920, for the defence and security of Canada, the conduct of naval and military operations in or beyond Canada, and the demobilization of the Canadian forces, the promoting of trade and industry, and transportation facilities; therefore, the carrying out of any measures deemed necessary or advisable by the governor-in-council in consequence of the war, and payment of any debt or expenditure incurred during the fiscal year ending the 31st day of March, 1919, for the purposes mentioned in the war appropriation act, 1918, and in excess of the amount authorized by the said act.

MONTREAL POLICE HOLD TORONTO MEN

Disguised Health Inspector Charged With Stealing \$3000 From Trunk.

Three men wanted in Toronto on charges of theft were arrested last night in Montreal, and will be held until the arrival today of Detectives Croome and Mulholland of the local force. The trio are alleged to be concerned in the theft of a trunk containing \$3000, on March 4, from the home of Myro Kosow, of 32 Draper street. Six men have already been taken into custody here, and the men caught last night are Mike Harrison, alias Harris; Nathan Lyspring, alias, Dr. Cook; Harry Gold, alias, Gold.

WILL RHEUMATISM BE PENSIONABLE?

That This Problem May Need Serious Consideration in a Few Years is Probable.

Captain Hearn, member of the Toronto office of the board of pensions commissioners, in answer to a query from The World, expressed his belief that a new phase of the pensions problem might arise in the course of the next ten years. He was asked if the board of the government had considered the possibilities of rheumatic complaints supervening within the next few years, and what might be considered feasible in this event. There was no doubt, he stated, that a consideration of this possibility was important. "I do realize that many thousands of cases of rheumatism may be noted among the soldiers as the years go by," said Captain Hearn. "And it is easy to realize that the sufferers may prove to be more incapacitated than they had previously been. Suppose we did grant a standard pension of \$15 a month to all those who saw service, not including those who were wounded in cases, do you realize the expenditure which the government would be liable? There were nearly 500,000 men sent to the front, and to the camps in the Dominion. Of this number, 120,000 are already pensioned on our lists, many thousands of them receiving the highest figures obtainable at the moment. The total budget of these alone totals a high figure. If we grant a standard pension of \$15 a month to the remainder, the budget will be \$1,800,000 a month, or \$21,600,000 a year, a stupendous figure."

TO PROTECT LABOR BY EXISTING LAWS

Commission Inserts Clause in Report That Present Legislation Shall Continue.

Paris, March 23.—Peace conference was made by the peace conference commission on international labor legislation late yesterday that the only thing remaining for the commission to do is to draw up its final report to the peace conference. At its session yesterday the commission completed consideration of the proposals laid before it by a deputation from women's organizations. At this session the report of the commission was adopted in its entirety. In recognition of the principle of self-determination in labor questions, the labor commission yesterday introduced a clause into its report providing that "no recommendation or draft convention shall in any case be applied so as to diminish the protection already accorded to workers by existing laws of any of the high contracting parties."

SEVERELY INJURED MOTORCYCLE HURLS IN CAR COLLISION

Boy Thirty Feet Getting Off Car—\$5000 Bail.

Walter Compton, aged seven years, was 33 Enderby road, East Toronto, sustained injuries to his skull and a fractured right leg, Saturday night, when he was struck by a motorcycle at the corner of Danforth and Ashdale avenue, while getting off a civic car with his aunt, Grace Compton, of 138 Bathgate avenue, George Townsend, 31 Cavell street, a passenger of the carrier, at the rear of the motorcycle, was injured, but was able to go to his home. Charles Kamm, 744 Logan avenue, driver of the motorcycle, was arrested at the scene of the accident, on a charge of criminal negligence. He was released from the police station on bail of \$5000. Young Compton was removed to the Hospital for Sick Children, and his condition is said to be critical. The police say that Kamm, according to the Danforth, was traveling east on the Danforth at a high rate of speed. The street car had stopped at a regular stopping point, and the boy was stepping off when the motorcycle speeding along, hurled the boy a distance of 30 feet. The names of witnesses of the accident, who say they saw the motorcycle pass them at Logan avenue at a terrific speed, were secured by the police of No. 3 division.

MINERS CONFER WITH GOVERNMENT

Agree to Meet Again Tomorrow, When Sections of Report Will Be Interpreted.

London, March 23.—Andrew Bonar Law, government leader in the house of commons, conferred for half an hour yesterday afternoon at Downing street with representatives of the miners' union, and it was agreed that they should meet again next Tuesday. It is understood Mr. Bonar Law called the conference to consider certain features of the Sankey report and the miners' proposals in connection with it. The adjournment was taken to enable Mr. Bonar Law to obtain Sir Robert Stephenson Horns, minister of labor, and all the executives of the miners' union, participated in the meeting. Another conference was held at the board of trade today in an endeavor to arrive at a solution of the dispute of the railwaymen. It failed of its object, and was adjourned until tomorrow. It is understood that the negotiations are proceeding smoothly, and that there is a prospect of a settlement of the matter.

Why Not Try B'Well? It Makes People Feel Well

B'Well is a medicine that assists nature, made from roots, herbs, berries, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm destroyer that is sure death to worms. B'Well is not a Tape Worm exterminator. It is not recommended for that purpose. B'Well expels Stomach or Pin Worms, and in many cases has brought away sections of Tape Worm; and by its use many have discovered that Tape Worm was the cause of their trouble, and have purchased my Tape Worm Remedy and have been relieved of a horrid monster twenty or thirty feet long. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been cured of from the use of B'Well, as it would take up too much space. I can simply say that rheumatism and disease cannot remain if you take this medicine for a time, and it will surely make you feel better. It does not contain poison in any form, or narcotics that only relieve pain, but it does contain herbs that regulate the system. It stimulates the stomach, liver and kidneys into healthy action, helps digest the food, and keeps the regular, expels all gas from the system and takes away the bad feeling around the head, depressed spirits and melancholy simply vanish, and a cheerful spirit takes their place. B'Well is a blessing to those who feel life is a burden to them, that are downhearted and sad. B'Well restores the system, restores the natural channels of health, and as the poison is carried out of the system, nature restores herself and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. Many people treated for epileptic fits have been restored to health by B'Well. Men and women who are afflicted with that and the other disease. It is different from the most of medicines advertised as cure-alls, and I am not advertising this remedy as such, but simply stating it as a medicine that has helped many a lady who is living on Shaw street must surely tell you the result. Men and women who have been cured of rheumatism, with hollow cheeks and sunken cheeks, with their faces covered with pimples, and a sickening sight to look at. The face of a man who has been cured of his skin disease has disappeared and the sufferer made healthy and happy. Prof. Mulveney's world-famous Tape Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those requiring this kind of medicine. The letters from people who have used B'Well are sufficient evidence as to its merits. B'Well is put up in powder form for convenience to send to foreign places by mail, which does away with all breakage. The package of powder makes as much medicine for the same amount of money. Full instructions for making. Price, \$1.25, 6 packages \$6, post free.

SEVERELY INJURED MOTORCYCLE HURLS IN CAR COLLISION

Boy Thirty Feet Getting Off Car—\$5000 Bail.

Walter Compton, aged seven years, was 33 Enderby road, East Toronto, sustained injuries to his skull and a fractured right leg, Saturday night, when he was struck by a motorcycle at the corner of Danforth and Ashdale avenue, while getting off a civic car with his aunt, Grace Compton, of 138 Bathgate avenue, George Townsend, 31 Cavell street, a passenger of the carrier, at the rear of the motorcycle, was injured, but was able to go to his home. Charles Kamm, 744 Logan avenue, driver of the motorcycle, was arrested at the scene of the accident, on a charge of criminal negligence. He was released from the police station on bail of \$5000. Young Compton was removed to the Hospital for Sick Children, and his condition is said to be critical. The police say that Kamm, according to the Danforth, was traveling east on the Danforth at a high rate of speed. The street car had stopped at a regular stopping point, and the boy was stepping off when the motorcycle speeding along, hurled the boy a distance of 30 feet. The names of witnesses of the accident, who say they saw the motorcycle pass them at Logan avenue at a terrific speed, were secured by the police of No. 3 division.

ELWYN MCKENZIE, AGE SEVENTEEN, FACES CHARGE STEALING MOTOR CAR

On the charge of stealing a motor car, Elwyn McKenzie, age 17, address 105 Givens street, was arrested last night by P. C. Mann. The car, belonging to L. P. Burns, of 89 St. Andrews Gardens, it is said, was taken from the accused from Melinda street, and then used during a four-hour joyride. The police state Elwyn McKenzie was just abandoning the car on Sheppard street when apprehended by the constable.

### G. T. SHAREHOLDERS TO NEGOTIATE MORE

Chairman Smithers Wants Same Deal as C.N.R. Got.

#### OFFER INADEQUATE

Friendly Settlement Impossible Unless Dominion Bid is Higher.

London, March 23.—At the meeting of Grand Trunk shareholders, Saturday, Alfred Smithers, chairman of the system, gave an exhaustive review of the negotiations with the Canadian government. While there were occasional cries of "confiscation, shame, scandalous" and the like, there was no great display of bitterness.

The meeting declared the government offer inadequate and also asked the directors to appoint a committee of shareholders to assist in further negotiations.

Chairman Smithers had much to say about the government's dealings with other railways.

The Canadian Pacific was allowed to build branches and extensions right into new territory which the Grand Trunk Pacific was designed to serve. The Canadian Northern was not only allowed but actually subsidized year after year to build lines competing with the Grand Trunk Pacific.

Our contention is that the Grand Trunk Pacific should at all events be treated by the government with the same consideration they have shown the Canadian Northern.

"We have offered to sell the Grand Trunk at practically the average earnings of the last ten years so that if the government took us at the price we ask they would be obtaining the railway on a basis nearly repaying them what we ask and the government thus paying next to nothing for the whole reversion of the future which in a country with the resources and wealth of Canada must be of untold value.

Only Railway Unaided.  
The Grand Trunk is the only railway in Britain, America and Canada left to bear unaided the impossible strain caused by the unparalleled war conditions.

"Why should such hard and unmerciful terms be dealt to the Grand Trunk compared with the liberal assistance given the Canadian Pacific and the Canadian Northern? Must not the impression be created that in the Canadian Pacific and Canadian Northern, Canadian credit and money were involved whereas in the Grand Trunk it is only British investors' money that is jeopardized? I have the most heart-rendering appeals from thousands of investors in the Grand Trunk. It surely ought not to be a question how cheaply, under the guise of legal forms, the Grand Trunk can be bought.

"We are as always anxious for a friendly settlement," concluded Mr. Smithers, "but unless the government is prepared to increase its offer, such a settlement is impossible."

### TRIUMPHAL MARCH IN LONDON STREETS

British Troops Who Fought in Flanders Reviewed by King.

London, March 23.—The first triumphal march on a large scale of British troops, which fought in France and Belgium, took place in London Saturday. Fourteen battalions of the Guards, representatives of all units of Great Britain's "crack" corps, accompanied by their bands, proceeded from their barracks to Buckingham Palace, where they were reviewed by King George. The line of march thence led thru the main streets of the city.

Despite the gray skies of the day great crowds assembled to cheer the men, many of whom belonged to the "Old Contemptibles," and had fought from August, 1914, until the signing of the armistice.

The procession was led by the Earl of Cavan, the first commander of the Guards' division, with his staff, which included the Prince of Wales. The city was gaily bedecked and the troops received a tremendously enthusiastic welcome.

### TROTSKY MOBILIZES MEN TO DEFEND PETROGRAD

Paris, March 23.—The Esthonian-Lettish offensive against the Bolsheviks is menacing Petrograd so seriously that Leon Trotsky, Bolshevik minister of war and marine, has ordered the general mobilization of all men up to the age of 46, according to a Zurich despatch to The Matin.

### NEW REVOLUTION BREWS IN SIBERIA

Growing Unrest Forebodes Trouble Between Conservatives and Radicals.

By W. E. PLAYFAIR.  
Vladivostok, March 23.—The ever-growing uneasiness in Siberia is taken by the allies as an indication that a revolutionary attempt will be made shortly. The ultra-reactionary party is using repressive measures which arouse bitter feeling among the radicals and peasants and serve to fan the flame already kindled.

A meeting between Somenov and Kulmikov, Cossack leaders, at Pograditsa is believed to forbode further trouble. The general rumor is that interested parties, including some who are not Russians, are trying to precipitate a political crisis.

The allied commanders here are preparing to defend life and property without taking an active part in any political movement.

### ITALY'S ULTIMATUM STIRS CONFERENCE

Threat to Withdraw Over Adriatic Question Causes Apprehension.

#### SECRET TREATIES UP

Undertaking Signed at London Four Years Ago Affected.

Paris, March 23.—What amounted to an ultimatum by the entire Italian delegation, directed to the supreme council, declaring that the Italians would not approve of any peace treaty not including a settlement of the controversy between Italy and Jugoslavia over the title to Fiume and the Dalmatian Coast Islands, gave great concern to other delegations. Although the supreme council was occupied with a consideration of the western Polish boundary, the premiers themselves were engaged in trying to find some solution to the very difficult problem presented by the action of the Italians.

It has been known for some time that Italian delegates were apprehensive that any program adopted by the supreme council, which contemplated the relegation of the Italy-Jugo Slav controversy to the league of nations, when it is formed, or even its consideration by the supreme council after the completion of the peace treaty with Germany, would seriously jeopardize Italian claims.

The state of mind of the Italian public is declared to be such that the failure of the Italian delegation to return from Paris speedily with title to Fiume and the Dalmatian coastal islands might easily have grave internal results.

The Italian claim, of course, is that, racially, historically and economically, the port of Fiume and the immediate vicinity is Italian. They claim that the eastern Adriatic coast must also go to Italy.

### BID FOR BRUSSELS AS LEAGUE CAPITAL

Belgium Presents Official Request to the Peace Conference.

Paris, March 23.—The official request of the Belgian delegation to the chief of the delegates of the five powers that Brussels be selected as the capital of the league of nations, is the first offer of the kind to be made to the peace conference. There has been talk of Versailles, Bern, Geneva and The Hague, as the possible seat of the league, but Brussels and Brussels appear to be the favorites. After mentioning the concrete argument offered by Belgium, in the shape of the donation to the league of the Egmont Palace, formerly the property of the Duke d'Arenberg, as the seat of the league, M. Rolin-Jacquemyns, general secretary of the Belgian delegation, said in an interview:

"We have the greatest respect for the claims of neutrals in this matter, and do not wish to make our application in behalf of Brussels stand merely on sentimental grounds, but upon the practical advantages.

"In addition, we are establishing a powerful wireless station in Belgium, on a site adapted to such a purpose, and are permitting the erection of a station which will be able to be heard at any and all points along the western Atlantic seaboard. In the event of a future war, an attacking country also might demur from violating Belgium when that country was the seat of capital of the league of nations.

"I intended to refrain mentioning the sentimental side of the question, but must ask whether you do not think that Belgium does not fully deserve the honor?"

### BURLESON RETIRES POSTAL PRESIDENT

Other Officials of Company Besides Clarence H. Mackey Removed.

Washington, March 23.—Clarence H. Mackey, president of the Postal Telegraph and Cable Company, was removed Saturday by Postmaster-General Burleson. The postmaster-general issued an order relieving besides Mr. Mackey, W. W. Cook, general counsel, William S. Deegan, secretary and the board of trustees or directors and the owners of the Mackey companies operating the postal systems from all duties appertaining to the control and operation of service under government control. A. F. Adams, president of the Kansas City Home Telephone Company, and a member of the general Electric non-rigid airship, the U. S. Eleven, was appointed by the postmaster-general to supersede the postal telegraph management of the system. Mr. Adams presented the order today to Mr. Deegan and immediately took over control.

### REMARKABLE FLIGHT BY BRITISH AIRSHIP

London, March 23.—The first account is now officially published of a remarkable long distance flight over the North Sea, which was performed by a British non-rigid airship, the U. S. Eleven, during the past few days. The voyage took the form of a circuit, embracing the coast of Denmark, Schleswig-Holstein, Heligoland, North Germany and Holland. The trip was characterized by extremely unfavorable weather, and therefore ranks as the most notable flight ever undertaken. The total length of the round trip was 1285 air miles and the time taken was about 40 1-2 hours.

Paris, March 23.—In conformity with the attitude of the British government the French war office has consented to the immediate repatriation of German prisoners of war born in Danish Schleswig. The first group was sent to Denmark from Dunkirk on a Danish ship.

# FAIR PLAY FOR SALARIED PEOPLE

Agriculture and industry have prospered during the war. Farmers have secured better prices than ever before. Workers in many industries have enjoyed high wages. The burden of the last four years has fallen on salaried people and those possessing only limited incomes.

Teachers, ministers, professors, clerks have enjoyed no proportionate increase in income, while food prices have soared to the benefit of the farmer; and higher rentals, higher prices for clothing, higher living cost have lowered the purchasing power of money and reduced the relative value of earnings. Any immediate radical revision of the tariff downward, with vital disturbance of industrial conditions, will prolong such hardships.

National co-operation with increased production of farm and factory are essential to carry Canada safely through the reconstruction period. Only under such a policy can the war debt be paid and the country saved from depression which will injure farm and factory and accentuate the sufferings of hundreds of thousands of salaried men from coast to coast.

### EX-EMPEROR CHARLES REQUESTED TO GET OUT

Copenhagen, March 23.—The Vienna government has once more notified former Emperor Charles that it is desirable that he quit the country, but no pressure has been brought to bear to force him to leave, according to telegrams received here from the Austrian capital. It is declared that the maintenance of a court at Eckartsau, which it has been expected the former Emperor Charles would hold, is contrary to the new constitution adopted by the national assembly. Some commentators insist that the former emperor convert his renunciation of the throne last November into an abdication for himself and the House of Hapsburg.

### SEES SPARTACAN PLAN TO DISRUPT GERMANY

Berlin, March 23.—The socialist Vorwarts, in discussing the refusal of Hamburg seamen to serve on vessels to be handed over to the allies, says: "The behavior of the Spartacans in Hamburg is only part of the general Spartacan scheme to disrupt Germany so completely that she will be unable to resist their demands. One would be justified in suspecting that Russian machinations are behind the movement in which the German Spartacans are only accomplices. The conclusion of the Brussels treaty was highly displeasing to the Spartacans, and the action of the Hamburg seamen is the last desperate attempt to frustrate it. German workmen shall go hungry—that is the sum total of Spartacan politics."

### OVERSEAS PRESS MEN COVER BRITISH HOUSE

London, March 23.—A limited number of overseas press correspondents are at last to be admitted into the lobby of the house of commons, one representative each for Canada, Australia, South Africa, New Zealand and India, being allowed to enjoy the same privileges as already possessed by the leading English papers. The Canadian Press will represent Canada.

### CANADA ASKED TO START SEA SERVICE TO JAMAICA

Kingston, Jamaica, March 22.—The Canadian government has been asked to establish a direct steamship service with Jamaica, it being understood that a subsidy will be provided in case such a project is carried out. The legislative council has excluded shipping companies from the payment of taxes under the income tax bill which has just been passed. Insurance companies will, under the bill, pay one and one-half per cent. on their gross incomes.

### GERMANS REFUSE TO LET POLES LAND AT DANZIG

Copenhagen, March 23.—At a meeting of the armistices commission on Thursday, General Baron von Hammerstein, according to a despatch from Berlin, transmitted a note to General Nudant, Marshal Foch's representative, saying that the German government could in no case permit Polish troops to land at Danzig and pass thru the country, "as it would lead to an attempt to bloodily oppress the undoubted German majority in West Prussia." The note also said that the government also refused to permit allied and Polish officers to travel unrestrictedly without supervision in the territories west of the Vistula.

General Nudant, remarking that the note categorically rejected all the proposals and demands of the associated governments, said he would transmit it to Marshal Foch.

### U. S. CONGRESS TO MEET ON WILSON'S RETURN

Paris, March 22.—A special session of both houses of the American congress will probably be called to assemble about the middle of May, the date when President Wilson hopes to return to the United States. It is possible that if the treaty of peace is sufficiently advanced to warrant such a course, a special session of the senate may be called even earlier to afford it opportunity to deal with this subject before being called upon to direct its attention to other important matters, chief of which will be financial affairs.

### LIABILITIES OF BELGIUM NINE BILLION FRANCS

Brussels, March 22.—Liabilities of Belgium total more than \$500,000,000 francs, eight billion of which are war expenses. This announcement was made by Premier De la Croix in the chamber of deputies Friday in giving out figures for the annual budget. He said that the budget would henceforth be 1,100,000,000 francs. The premier also informed the deputies that the increase in liabilities would have to be met by new taxes, including an income tax and taxes on inheritance, tobacco, beer and alcohol.

SUN LIFE MAKES GREAT PROGRESS

Past Year by Far Most Successful in Company's Long Career.

Stirling evidence of the high place in public esteem occupied by the Sun Life Assurance Company is contained in the 48th annual report which has just been issued. The statement which is by far the best in the company's creditable business record of nearly half a century, tells a story of great growth based upon public recognition that the institution is conducted upon sound and broad principles, and that the policyholders are permitted to share generously in the benefits accruing from its long career of increasing prosperity.

T. B. MACAULAY, president of the Sun Life Assurance Company.

The undivided net surplus amounts to over \$8,000,000, which provides a large margin of safety to policyholders and their beneficiaries. Although the record made by the company is a most creditable one, especially when it is remembered that war claims and the influenza epidemic both made heavy claims on all life assurance companies. In addition to "doing its bit" by providing protection in government securities, and in this way contributing to the winning of the war and the work of reconstruction.

F. G. COPE, secretary of the Sun Life Assurance Company.

Properties in the World Famous RANGER Section, Texas

RANGEBURNETT OIL COMPANY

To the Public. This Company owns leaseholds on 5,656 acres in Archer County, Ranger District, Texas, surrounded by the following well-known and fully proven oil pools:

To the north—Burkett Pool. To the south—Ranger and Cad-do Pools.

To the northwest—Kilcra and Lockridge Pools. To the southeast—Jack County Pool.

To the west—Panther Pool. To the east—Henrietta Pool.

To the southwest—Westfolk Pool. To the northeast—Healdton and Petrolia Pools.

The Ranger District is the sensation of old and RANGEBURNETT one of the most promising Ranger—just south-of-Burkett net ventures, in which the public may now participate at a reasonable pre-production price per share.

The big money in oil is made by buying into a Company before production has been brought in. Location of the property is the important factor. As to the possibilities involved in the case of the RANGEBURNETT OIL CO., you must study and judge for yourself the relative location of this property to the surrounding big pools and production. Ask for the Ranger District and Rangeburnett map.

Drilling is to be started on three wells immediately. The Secretary of the Company is now on the ground with the derrick bulid and the driller. These wells should be finished by July.

The following self-explanatory telegram has been received: Rangeburnett Oil Co., 15 Broad St., New York, N. Y.

Big interests are buying all properties near us. Three wells are being commenced on Coleman farm adjoining us on East. Have seen confidential report of geologist which states second Ranger pool may be expected. McGivney lets today. We are contracting for material and will commence operations shortly. (Signed) BLACK.

Mr. McGivney is the driller returning to immediately ship two sets of tools in addition to the drilling machine owned by the Company, and ship to the property about two weeks ago. This provides for the three wells to be drilled at once.

This telegram confirms the following extract from a letter received from William M. Coleman of Scotland, Tex.

"I leased 1,440 acres of my Brazos Co. School land, to have one test well put down 3,500 feet, drilling to begin on or before April 1st. They want one better, and are going to put two wells down on the same tract close together. (Signed) William M. Coleman."

These lands are adjacent to the Rangeburnett property on the East, as shown by Secretary Black's telegram quoted above.

Rangeburnett shares are traded in on the New York Curb. Substantial buying prevails in a very broad and active market. We believe that next week and the weeks following, right up to the completion of drilling, should see a still broader, more active and higher market.

Progress of drilling and all important news will be openly and officially reported by this Company in these public announcements. We are interested in seeing an active and rising market for RANGEBURNETT shares, based on true

VALUE AND DEMAND emanating from those who are far-sighted enough to buy early and keen enough to correctly judge the possibilities involved.

Write for descriptive circular, which includes a two-color map of the Ranger District and clearly shows why we firmly believe that the three proposed wells of the Rangeburnett Oil Co. should be similarly big producers as those surrounding this property.

We do not execute orders for stock. These must be placed with your own Brokers. We advise you, however, to make your orders read "at the market," get certificates issued in your name and hold your shares for probable big advance after completion of drilling operations.

Shareholders wishing to be promptly advised of important developments will please file with this company their names and CORRECT addresses.

GAINS MADE BY MINING STOCKS

Beaver, Schumacher and Davidson Show Strength in Saturday's Trading.

Beaver, Schumacher and Davidson attracted attention in the local mining market on Saturday by a display of strength, and while the general trading was not active, the general tone was undeniably firm, and the ease with which certain issues advanced was an evidence of the pronounced scarcity of the better-class of gold and silver stocks. The fact that the early reopening of the Montreal mining exchange is under discussion, and that New York and Boston interests are making arrangements for enlarged operations in the local market is evidence that a broad and rising market is anticipated. In the recording offices throughout the north the renewal of miners' licenses is in full swing, and officials say that there is a steady evidence of greater activity this year among prospectors.

LARGE OPERATORS MAKE BIDS FOR THE DAVIDSON

Vein Thirty-Four Feet Wide, Averages Very High Grade Ore.

What is believed to be the foot wall of the ore body recently opened up at the 500 foot level of the Davidson gold mines has been reached. As it stands the vein is 34 feet in width, and as far as has been ascertained it averages very high-grade ore.

COBALT SHIPMENTS

Six cars containing 449,467 pounds of ore from the Cobalt camp, Ontario, were shipped last week's shipping record from the Cobalt camp, according to official figures reported by Hamilton B. Wills, secretary of the Wills Building, over his private direct wire from this camp. These figures show that this year's output of Cobalt is being well maintained, and if continued will likely establish a new high record in point of monetary returns. Buffalo Mines heads this week's list with two cars containing 153,940 pounds, while that regular of all shippers, McKinley-Darragh, is second with one car of 87,093 pounds.

ACTIVE BOND TRADING IN MONTREAL MARKET

Montreal, March 22.—A gain of 1/2 point each in Montreal Power, Shawinigan and Steel of Canada, and a gain of a quarter point each for Steamship Preferred and Asbestos made up the total net gain at the close of trading in listed stocks on the Montreal stock exchange on Saturday. On the other hand fractional losses for Brompton, Cement Preferred and Quebec Railway and a 1/2 point decline in Brazilian furnished the only losses.

# In the Simpson Men's Store—New Spring Topcoats and Suits Today

Exemplifying the Newest and Most Popular Styles for Men and Young Men

Simpson quality is reflected in every garment—in the selected fabrics, the skilled tailoring, and beautiful patterns. Your particular model of topcoat or suit is to be found in our superb assortment. You may feel assured of the utmost in value-giving at whatever price you pay. These few examples for instance:

### \$25.00 Topcoats

Of fine imported English gabardine—olive fawn shade. Military lines, with raglan shoulders—all-around belt—two-way collar—bellows pockets. Sizes 34 to 42. \$25.00.

### Chesterfield Topcoats, \$30.00

Of all-wool imported English chevrot—dark grey. Fly front—regular pockets. Best quality linings. Sizes 36 to 44. \$30.00.

### Men's Whipcord Trousers, \$4.95

Formerly \$6.50 Grade. Special Offering Today.

Just 75 pairs. Made from dark grey whipcord, suitable for heavy work. Sizes 32 to 36 only. Today, \$4.95.

### Wicker Trays and Baskets Made by Convalescent Soldiers

Sold Exclusively by Simpson's

We have recently taken over the sale of handwork done by our returned soldiers who are convalescing in Toronto hospitals—under the control of the Department of Soldiers' Civil Service Re-establishment.

Each article bears a number, by which the identity of the soldier who fashioned it is retained, and the Government has undertaken to see that the profit (over the actual cost of handling and selling) goes to the soldier.

Handsome serving trays of wicker and wood—fascinating baskets in a host of designs, sizes and shades—prettily beaded bags and many cunning knick-knacks for home or personal use—are temptingly displayed for sale in a great corner of our Art Needlework Department.

Simpson's—Fourth Floor.

### Fine New Arrow Shirts at \$2.50 and \$3.00

It is unusual to find such excellent fabrics and tailoring in shirts so moderately priced. That's why Arrow shirts are invariably preferred by careful dressers.

They're made of finest repp madras and corded fabrics. Various sleeve lengths. Dressy designs and colorings. Soft double cuffs. Sizes 13½ to 18 at \$2.50; sizes 14 to 18 at \$3.00.

### Men's Spring Weight Underwear
