

CHARLIE HANGED HIMSELF. Deplorable Result of Family Unpleasantness.

AN EIGHTEEN-YEAR-OLD BOY Because of Reproof Went Into the Woodshed and Suicided.

Evidence of a bloody struggle in a box car—officials find a measure to conserve the flat hill regarding Mackenzie—Rev. W. F. Wilson on lessons from the streets—General News from the Ambition City.

Hamilton, Nov. 14.—(From The World's Staff Correspondent.)—Last afternoon, Charles, an 18-year-old youth, who resided with his parents at 6 Hill-street, committed suicide by hanging. He was a rather wayward youth, and gave his father and mother, who are highly respectable, much trouble. Some time ago he was warned by Magistrate Jelfs that he would be sent to jail if he assaulted his father again. Today he had some hot words at the dinner table and shortly after leaving the table left the house. About 20 minutes after his absence was noted his little brother ran into the house crying, saying: "Charlie is dead in the woodshed!"

The lad's father rushed out and found his son suspended with a rope from a rafter. He cut him down and tried to revive him, but failed. Coroner Philip was notified, and he ordered an inquest. The dead boy worked in Copp's store formerly. He was in the procession last night.

ADAMZ ADZ

At odd prices to clear them out, only one of each kind, but a nice assortment altogether to select from—cash or credit.

16th Century Finish Suits, 2x2x8 here plate mirror, regular \$17, for \$13.50. Antique Finish Suits, 24 x 30 plate mirror, regular \$17, for \$14.

SWINDLER OF MASONS

Turner, Atlas, McNeil, Who Worked the Fraternity on Both Sides of the Line, Nipped in Buffalo.

Buffalo, Nov. 14.—Charles F. Sturm, secretary of the Masonic lodge of Canada in this city, caused an arrest yesterday afternoon that will read with unusual interest by members of the Masonic fraternity in all parts of the United States and Canada.

Geologist A. E. Walker has an interesting exhibit on view at the Hamilton Museum. It shows a fossil "sea-weed" imbedded ages before any animals or fishes appeared on the earth, and also a fossil which is a sample of the same sea-weed picked up and dried on many weeks ago.

Not a very large congregation turned out to-night to hear Rev. W. F. Wilson speak on the questions of the day handed in by citizens. A prominent Hamiltonian was of opinion that the sermon was a contribution to the cause of God, adding: "It did not mean the kind of God who punishes himself by swallowing various sins, but the God who punishes the principle of sin."

The total receipts of the Court of Revision run up to a figure between \$250,000 and \$300,000. This is a good deal less than last year.

Private Detective S. A. Stearns, who was arrested in Toronto on a charge of stealing 400 pounds of steel used in the manufacture of knives, pleaded not guilty to Magistrate

A DISASTER TO BRITAIN TRUSTS

Wrought immense damage to British interests. The responsibility for the continuation of the lockout has rested mainly with the Employers' Federation, which was far less conciliatory than the engineers' unions.

On the same subject Mr. Hamilton has this to say in a letter to The New York Times: "Although the engineering strike as a strike was a failure, it is almost as much played out as the European concert, it is with no small satisfaction that we are able to report that the strike has been brought to a close."

One curious effect of the engineers' strike has been little noticed publicly. For many months the poor physique of raw recruits, scraped up with enormous difficulty, has driven the British War Office to a state of puzzled despair.

London, Nov. 15.—The Daily Chronicle, in a special article this morning on the subject of the Canadian immigration at Washington, reviews the past commercial relations between Canada, Great Britain and the United States and says: "Important communications have passed during the last few days between London and Ottawa, and the cordial reception which the Canadian minister has met at the hands of the Washington officials and the American press makes it quite possible that we are on the verge of a new era of reciprocity."

Madrid, Nov. 14.—The Bishop of the Diocese of Majorca, Don Juan de Isla, who last September excommunicated Senor J. Navarro Reverter, Minister of Finance in the Cabinet of Don Antonio Maura, for an alleged conversion of church property to Government use, is dead.

London, Nov. 14.—The Times from Rio Janeiro says that President Moraes has issued a decree establishing martial law for a period of thirty days. The evidence of a political conspiracy in connection with the recent attempt to assassinate the President is being investigated.

London, Nov. 14.—The Rome correspondent of the Daily Mail says: "A French officer informs me that the recent recall of Col. Schwarzkappen, military attaché of the German Embassy at Paris, has a direct significance. It was due to the direct intervention of Emperor William, in order to lessen the high official position of Schwarzkappen being the person who negotiated the purchase of the documents which led to the condemnation of Captain Dreyfus."

Tumors and all blood diseases conquered; scientific treatment guaranteed. Call on Dr. J. H. Ross, 175 Yonge St., Toronto.

AS TO RECIPROcity

A London Paper's Review of the Situation as Between Britain, Canada and the United States.

London, Nov. 15.—The Daily Chronicle, in a special article this morning on the subject of the Canadian immigration at Washington, reviews the past commercial relations between Canada, Great Britain and the United States and says: "Important communications have passed during the last few days between London and Ottawa, and the cordial reception which the Canadian minister has met at the hands of the Washington officials and the American press makes it quite possible that we are on the verge of a new era of reciprocity."

THE INSURANCE. An Unwarranted Attack Made by the Old Line Companies.

A STATEMENT OF FACTS. Based Upon the Thorough Research of a Competent Insurance Man.

NATURAL PREMIUM INSURANCE IS SAFE. List of Defunct Old Line Companies With Amount of Assets at the Time of Their Failure.

No form of life is so contemptible as a half truth. A case decided in point is the article which appeared in several New York dailies on Aug. 27 under the title "The Insurance Investigation. Results in Store for Members of Assured Life Insurance Companies. By the Hon. Justice of the Peace, J. J. O'Connell, Esq., in the Court of Sessions, New York, N. Y., on the 23rd inst. Driven out by the Law. Since its passage 233 Assessment or Liquidation Companies have Ceased to Transact Business in the State of New York."

These insurance headlines were followed by a column of matter under an Albany date line, which purported to be the result of a half dozen assessment or liquidation companies. The balance of legal decisions, extracts from a number of legal decisions, and a list of companies which were liable to be assessed or liquidated were able to be called upon so long as any claims whatsoever were unpaid, and no assessment or liquidation of the organizations.

In the interest of the thousands of insured of the Dominion of Canada, who are insured in assessment law, and determined to learn what measure of truth might underlie the article in question, the Syracuse Tribune undertook to make a thorough investigation into the matter, and the result of the investigation is published in this issue, and the facts which it purports to present. We were assisted in our task by a gentleman who has made a study of the law of insurance in all its phases and systems—assessment, natural premium, old line and fraternal—and who has been a member of the ALBANY OUTRAGE COMMITTEE AND THE CONCLUSIONS WE HAVE REACHED.

Perhaps no subject touches the people more closely and affects them more directly than that of insurance, and in no other branch of human activity is suspicion so easily aroused or with such difficulty allayed. This arises partly from the fact that insurance is a business which is so essential to the well-being of the community, and partly from the fact that the policy is sold by its terms and its virtue is self-evident. It is the duty of the insured to see that the actual liability is postponed company granting the insurance, and it is only when a demand is made for payment that the ability to make its contracts good can be determined. No other human contract is so dependent on the good faith of the other party as the insurance contract.

It would require more of both time and space than we could spare to report the details of the various assessments and liquidations which have taken place since the passage of the law. The purpose of the investigation of the Albany Outrage Committee was to determine the extent of the damage done by the law, and the result of the investigation is published in this issue. The Albany Outrage Committee was organized in 1887, and its report was published in 1888. The figures are as follows:

Table with 4 columns: Name of Company, Year, Receipts, Losses Paid, Expenses. Lists various relief and benefit societies like Albany Masonic Relief, Albany Mutual Benefit, Albany Women Teachers' Relief, etc.

salaries to officers (treasurers), and to fix on the personal assets of receivers. THE MEMORABLE THIRTY. Table compiled from official reports, showing the premium income, the death losses and endowments paid by 30 old system life insurance companies, now defunct:

Table with 4 columns: Company, Premiums Reported, Death Claims Reported, Endowments Paid. Lists companies like American Mutual Life, American Popular Life, Anchor Life, etc.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000. For 1888, total income, \$12,000,000; total death claims, \$1,200,000; total endowments, \$1,200,000.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

ing upon which it will take a long time to make. This is the first assessment institution of any kind that has been organized in this country. The purpose of the assessment is to pay the death losses and endowments of the policy holders of the companies which have failed. The assessment is levied upon the assets of the companies, and the amount of the assessment is determined by the assets of the companies at the time of their failure.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

The interest income reported by the above companies, in addition to the \$100,000,000 of premium receipts, exceeds \$20,000,000. Consequently, the total income of the companies for each \$1000 paid in death claims and endowments, about the streets, is \$1100. The record of the above companies for 1887 is not materially better; total income for 1887, \$11,000,000; total death claims, \$1,100,000; total endowments, \$1,100,000.

T. EATON CO. LIMITED "Canada's Greatest Store." 190 YONGE STREET, NOVEMBER 15, 1897.

READY FOR HOLIDAY SHOPPERS

Canada's Greatest Store is ready for Holiday Shoppers. For months we have kept Christmas in mind, buying and preparing for it, and planning to make the store more attractive and convenient for holiday shopping.

No other section of the store displays more of the holiday spirit than the Toy Department in the Basement. Skilful buyers visited the leading marts of Toydom and placed them under tribute to this store.

Our Christmas Catalogue mailed free to out-of-town shoppers. Send us your name and address.

Dress Goods. A golden opportunity that no woman in Toronto will want to neglect. Four big reductions in Dress Goods for Tuesday.

550 Yards All-wool Moscow Merino Suitings, self colors, full range of all the leading shades, beautiful rich Herculite, heavy weight, 48 inches wide, regular price \$50 and \$1. a yard, reduced on Tuesday to \$3.98.

THE WORLD IN THE UNITED STATES. The Toronto World may be obtained at the following places in the United States: The Toronto News Stand, Broadway and 11th-street. Detroit—City News Co., 40 Congress-street. Buffalo—Ingersoll Hotel News Stand. Montreal—St. Lawrence Hall Hotel News Stand.

MUNICIPAL FRANCHISES. The News cites Philadelphia as a city that has tried to operate a civic gas plant and got sick of the job. The fact that Philadelphia is talking about a gas works does not prove that a mistake was made in acquiring the plant some years ago. On the contrary, the offers that are being made to the city show conclusively that the ownership of public services is a valuable asset.

Under the first offer the citizens of Philadelphia will actually obtain their gas at a seventy-five cents, because the rebate of twenty-five per cent. of the gross receipts to the city is equivalent to a reduction of twenty-five cents per thousand feet. The second offer is still more favorable to the citizens of Philadelphia. It provides for what is a virtual reduction of twenty cents to start with and a gradual increase in the reduction until it reaches forty cents, making the net rate received by the company sixty cents per thousand. In addition to this the city is to receive all public lighting free, so that the municipalization of public services does not necessarily imply that their practical operation shall be carried on by the city. It may be more profitable and satisfactory in some instances to lease the franchise, as is proposed in Philadelphia and as has been arranged out in Toronto Street Railway.

THE GLOBE AND PREFERENTIAL TRADE. The Globe apparently anticipates that the preferential trade question is to be the important issue in the contest which is about to come off in Centre Toronto. On Saturday it attempted to defend Sir Wilfrid Laurier's action, in refusing to accept Mr. Chamberlain's offer of extending preferential trade to the colonies. It is certainly late in the day for the Globe to make an explanation on this point.

LAURIER AT WASHINGTON. There is no trouble to understand Mr. Laurier's presence at Washington. You have only to read his commercial union speeches in Parliament, to the people of Canada, and in Boston, to connect the two. Nor is it hard to understand Mr. Edward Farrer's presence at Washington, also. True, Sir Louis Davies took the trouble to repudiate him in a special dispatch, given out at Washington on Saturday, but Sir Wilfrid and Sir Louis might as well repudiate Mr. Farrer as Satan repudiate sin. They have travelled together for some years.

KNIGHTS OF LABOR. General Master Workman Sovereign Goes Out by Decision of the General Assembly—McGuire Also Out. Louisville, Kan., Nov. 13.—James H. Sovereign, who has been General Master Workman of the Knights of Labor for the past four years or more, was yesterday relieved of his office by the general assembly, which has been in session in this city since Monday last.

SALISBURY AT GU. The Art of Saying in Soothing Words HIS SPEECH A PEAK

Cable Friend Getting in His for the American Pa. The Premier's Words Caused a Clash to French Jingoism

London, Nov. 13.—The Marquis of Salisbury at 10 on Tuesday last, Lord B. again proved him to be paying nothing in many respects. It was essentially a peace did not contain a single line how far the Government is going in India, Egyptian, Niger affairs, beyond a general demand that the British not yet progressed enough Great Britain to maintain separation from the rest of

Another incentive to Ch been found in the annual of the Secretary of State Mr. Joseph Chamberlain not yet progressed enough Great Britain to maintain separation from the rest of

London, Nov. 13.—There gathering of European n day for the first trip of electric locomotive, from the Western Railway, which is estimated to 200 tons. The trial was to illustrate the reduction of the regularity of the new machine. This was but the speed did not equal that of the old one.

London, Nov. 13.—The motive is simple, an ordinary working dynamo, from which the electricity on the axes of eight of the locomotive resembles a steam boiler. The whole visible. The locomotive long and weighs 125 tons and is the greatest improvement man's first engine. The railway company was the success of the locomotive stated that they have done it.

Hours—9 a.m. to 9 p.m. Sundays, 2 to 9 p.m. Dr. Levee, 220 Jarvis-street, southeast cor. Gerrard-street Toronto. 226

NOTES ON NEWS.

Sir Wilfrid Laurier and Sir Louis Davies appear to have taken the only logical stand on the seal question. They say that the fish along the Canadian and Newfoundland coasts are as much the property of Canada and Newfoundland as the seals on the Frobisher Islands the property of the United States, and contend that they have as much right to make demands for the protection of the fish against American fishermen as our neighbors have to make demands for the protection of the seals against the fishermen of the United States and Great Britain.

Four parties have already commenced at Washington looking to a new arbitration treaty on more general lines between the United States and Great Britain. Experienced politicians say the work will be a long and arduous one. The House of Representatives has already passed a bill to amend the act of 1877, which provides for the arbitration of disputes between the United States and Great Britain.

A New York jury has given a verdict of \$1000 against the New York, New Haven & Hudson Railroad Company for causing the death of Dr. Aaron H. Misset. The jury found that the railroad company was negligent in not providing a safe crossing for the doctor's train.

It is believed the lease of the Philadelphia Works to the Philadelphia & Reading Railroad Company will be followed by a lease of the waterworks, the Mayor having given it as his opinion that the municipality should not own any manufacturing industry. It is difficult to find a suitable site for a waterworks in the city, and the railroad company is the only one that has the necessary rights.

The Liberal candidate in Drummond and Arthabaska Elected by over 1300 Majority. Drummondville Que., Nov. 13.—The bye-election to fill the vacant seat in the Commons for Drummond and Arthabaska, which was caused by the resignation of the late member, appointed a Judge, and a brother of the late member, resulted in the election of Lavergne, Liberal, by over 1300 majority.

Mr. Lyman's Ontario Estate. Mr. Henry Lyman of Montreal, head of the well-known firm of Lyman Bros. & Co., who died in Montreal in August last, has left an independent estate in Ontario valued at \$90,000, and his will was offered for probate at the Surrogate Court on Saturday. The Ontario estate consists of 2200 shares in the Lyman Company, valued at \$22,000, and a balance at credit with the firm amounting to \$68,000. This is divided into three equal parts, one to each of the three sons, Albert C. Lyman, Albert C. Lyman and Walter E. Lyman, who are also named the executors.

The Barratt Farc. San Francisco, Nov. 13.—In view of the fact that the Supreme Court, which is now in session, will adjourn on Tuesday next, it is not considered probable that the case of Barratt v. Barratt, which was argued on Monday last, will be decided before the adjournment. The case is one of the most important of the season, and the decision will be of great importance.

Reception at the Canadian Institute. After the lecture the members of the Canadian Institute held a reception in the hall of the Institute, and a very large number of guests were present. The reception was held in the hall of the Institute, and a very large number of guests were present.

MR. DRYDEN AT BROOKVILLE. Brookville, Nov. 14.—A well-attended meeting was held last night in the large audience hall of the Liberal Club. Representative electors were present in large numbers and there was also a fair sprinkling of ladies. Hon. John Dryden, Ontario's Minister of Agriculture, happened to be in town on a visit to his daughter, Mrs. Symon, wife of the Rev. J. C. Symon, and the opportunity was taken of his presence by the executive of the Liberal Club in having him deliver an address. Short speeches were made by Mr. Dryden, Mr. J. A. D. Jones, George A. Dana, M. L. A., and James Cumming, all touching on the leading political questions of the day. A short but excellent musical program was also provided.

Steamer Algonquin Around. Owen Sound, Nov. 14.—The steamer Algonquin, laden with grain from Port Arthur, was taken to the wharf here, grounded coming into the harbor Saturday night. She got slightly off the wharf on Monday morning, and is expected to be channel all day and she is expected to come off to-morrow.

Sentenced to 14 Years. Montreal, Que., Nov. 13.—Judge Hall, in the Court of Sessions, sentenced to 14 years in the penitentiary for drug and subsequently for an outburst of violence, a man named J. Brezun, of 11,000 francs in this city last year.

Every football season the names of, say, a dozen gentlemen, should be agreed upon by the Executive as those who should be invited to take the only logical stand on the seal question. They say that the fish along the Canadian and Newfoundland coasts are as much the property of Canada and Newfoundland as the seals on the Frobisher Islands the property of the United States, and contend that they have as much right to make demands for the protection of the fish against American fishermen as our neighbors have to make demands for the protection of the seals against the fishermen of the United States and Great Britain.
