TAXES WERE NOT DEMANDED

Action Against Town of Toronto Junction to Set Aside Sale of Lands for Taxes.

SCHOONER CANTON WAS RAISED

And Creditors Sue for Share of Proceeds of Sale—John Eaton Creditors Win Suit.

In the Non-Jury Assize Court yesterday, Chancellor Boyd commenced the hearing of an action that E. L. Hime and James Pearson, to set aside a tax sale of vacant lots in the Town of Toronto Junction. A similar action was settled out of court last March, the primary claim being that the taxes, for the non-payment of which the property was sold, were never demanded.

The schooner Canton, Capt. F. A. Fitcher, went ashore in western Bay near Owen Sound, in September last. The boat was afterwards floated, and the hull sold for \$1720 at an auction sale. There are claims against her for about three times that amount, many of which were filed in the Admiralty Court here yesterday. The claims include wages and fees for the hire of tugs that assisted in the raising of the wreck. Judge McDougall will endeavor to apportion the proceeds of the sale.

WANT SHARE OF PROCEEDS.

The Bank of Toronto will pay the creditors of the John Eaton firm, which was burned out some time ago, \$3500, in full for their claims. E. L. Hime and James Pearson, who were acting for the creditors, brought suit in their interest, and the present judgment is a sort of compromise allowed by the Master-in-Ordinary yesterday. The bank collected in all \$196,782, chiefly from the insurance companies, but it is alleged refused to fulfill an agreement to pay 10 per cent. of this amount to the creditors on the ground that the costs in the case had amounted to nearly \$35,000. The total liabilities of the firm were \$240,000. The insurance amounted to \$225,000.

PEREMPTORY LISTS.

Non-Jury Assize Court peremptory list for Wednesday, Nov. 12, at 10 a.m.: Hine v. Toronto Junction (to be concluded), Falley v. Samson, L. & S. Co. v. McItae, Clarry v. Brodie, Cochrane v. Toronto, Scott v. A.O.F. Court of Appeal peremptory list for Wednesday, Nov. 12, at 11 a.m.: Lee v. Canada Mutual (to be continued), Oates v. London Street Railway, Aile v. Faugler Bros., Gallo v. Faugler Bros.

SINGLE COURT PEREMPTORY LIST FOR WEDNESDAY, NOV. 12, AT 11 A.M.: HOLSTEIN V. COCKBURN.

LORD JERSEY TO GO TO AUSTRALIA.

LONDON, Nov. 11.—It appears almost certain that Lord Jersey is to succeed Lord Lansdowne as Governor-General of the Australian Commonwealth, especially as there seems no one else who is both capable and willing to fill the post. Lord Jersey was extremely popular during his Governorship of New South Wales some years ago, and as he is a very wealthy man and one of the principal owners of the City Bank, as well as an extensive landed proprietor, he will probably be able to keep up all the duties of the position, especially as he will be relieved to the extent of an additional five thousand pounds on the expenses of the official duties.

POLICE COURT RECORD.

The charge of non-support against J. G. Sibbitt was dismissed by Magistrate Denison yesterday. Mary Atkins, charged with malicious injury, was allowed to go. John Kiffedger, for begging, went down for 15 days. Thomas Brown, charged with wounding Lizzie Tucker, was remanded for sentence. Frank Davis withdrew his charge of theft against John Lennox. Joseph Woods was again remanded. He is charged with the theft of some savings banks from the Dominion Permanent Loan and Savings Company. The boxes, it is said, were disposed of by him, and no returns made to the company.

MR. KRUGER'S DISCOMFORT.

Mentone, Nov. 11.—Mr. Kruger is dissatisfied with his villa on the sea front here. He says he would have preferred a villa on the heights, as he dislikes the sea and its sounds. He passes his days in the garden behind the house seated at a small table with a footstool and an armchair under a clothes line, on which towels and linen are hung to dry. Here he reads his Bible. He has only driven out once.

THEY ARE CAREFULLY PREPARED.

Pills which dissipate themselves in the stomach can not be expected to have much effect upon the intestines, and to overcome constipation the medicine administered must influence the action of these parts. Parson's Vegetable Pills are so made, under the supervision of experts, that the medicine is intended to operate on the intestines in a manner which will pass through the stomach to the bowels.

ARCHBISHOP IRELAND DROAMS.

New York, Nov. 11.—In speaking at the banquet of the Minnesota Society in this city last night Archbishop Ireland expressed the belief that Canada eventually will be under the domain of the United States.

Health

Pure and rich blood carries new life to every part of the body. You are invigorated, refreshed. You become strong, steady, courageous. That's what Ayer's Sarsaparilla will do for you.

At All Druggists. J.C. AYER CO., Lowell, Mass.

NEW MINISTERS SWORN IN.

PROFONTEINE WILL CONTROL NAVIGABLE RIVERS, DREDGING AND CANALS.

Ottawa, Nov. 11.—Hon. James Sutherland and Hon. Raymond Prefontaine proceeded to Rideau Hall this morning and shortly before noon were sworn in as Minister of Public Works and Minister of Marine and Fisheries, respectively. The path was administered to the ministers by John James McGee, clerk of the Privy Council, in the presence of the Governor-General and Hon. R. W. Scott, Secretary of State. At the close of the ceremony His Excellency heartily congratulated the two ministers.

DEMAND FOR 20 P.C. INCREASE IN WAGES DENOUNCED AS ARBITRARY.

Washington, Nov. 11.—President Baer has issued a reply to President Mitchell's statement.

THE DEMAND FOR 20 PER CENT. INCREASE IN WAGES ON PIVOT WORK IS DENOUNCED AS ARBITRARY, UNREASONABLE AND UNJUST.

The company contends that the rate of wages paid for the mining of anthracite coal is as high as that paid in the bituminous coal fields.

MR. BAER SAYS SINCE THE ADVENT OF THE UNITED MINE WORKERS' ORGANIZATION INTO THE ANTHRACITE FIELDS, BUSINESS CONDITIONS HAVE BEEN INTERFERED.

That the output has been decreased; that discipline has been destroyed; that strikes have been of almost daily occurrence; that work has been interfered with and they have been forced to work when and as they pleased.

DO LAWYERS NEED PROTECTION?

"Unlicensed Practitioner," Barrie, writes The World a long communication in reply to the letter published on the 5th inst. in these columns in which "B" complains that his profession is not adequately protected from the unlicensed conveyancer; that it costs a lawyer too much for his education; that he receives for his services rendered. "Unlicensed Practitioner" says most people are of the opinion that lawyers are very much overpaid, and that there is practically no limit to the amount of money that there are too many lawyers making trouble for themselves and everybody else, but contends that they have too many privileges already, and they should not be extended. An unlicensed conveyancer, he says, gives his whole time to his special work, is more careful and correct than the average lawyer, and it is a rare thing to hear of any trouble arising therefrom. Furthermore, "unlicensed practitioners" are compelled to pay their share of the cost of educating lawyers and others who go in for "higher education" even when they cannot send their own children to the High Schools or university.

DAWSON BILL PROSPERS.

Vancover, B. C., Nov. 11.—E. S. Busby, collector of customs at Dawson City, declares that the trade there during the past year has been the best in the history of the camp. Dawson's trade and business men were never in better shape, and a gratifying feature is that the change is constant, increasing, Canadians are getting more and more of it. Mr. Busby states that there is an assurance of a placer output alone of twelve million dollars this year, outside of the immense development of quartz properties just commenced.

BOYD SEEN IN NEW YORK.

Broker M. D. Boyd, who has been sought by friends for a week, is in New York City. He was seen on Fifth-avenue by a Toronto acquaintance Sunday. He told the friend to tell any one who enquired about him that he would not be home for several days. He was drinking at the time. His several small creditors are anxiously expecting his return. The police deny that they have any authority to look for the missing broker.

AS TO THE INSINUATION THAT A FEW LOCAL DEALERS RAISED OR LOWERED THE PRICE AT THEIR WILL, AND THAT ALL DEALERS TO FOLLOW SUIT, THAT ALL DEALERS TO FOLLOW SUIT, THAT ALL DEALERS TO FOLLOW SUIT.

As to the insinuation that a few local dealers raised or lowered the price at their will, and that all dealers to follow suit, that all dealers to follow suit, that all dealers to follow suit.

THE SOMEWHAT CARE INTO CANADA.

The somewhat care into Canada. The somewhat care into Canada. The somewhat care into Canada.

IN THIS CONNECTION THE DEALER STATED THAT IT WOULD BE A MOST SERIOUS THING FOR LOCAL DEALERS AND CONSUMERS SHOULD BE RULED THAT KIND BE ENFORCED FOR ANY LENGTH OF TIME. HE DID NOT KNOW OF ANY GENERAL RULE TO THE EFFECT THAT

WE PAY TOP PRICE FOR COAL

Prominent Dealers' Reasons for the Very High Rate Being Charged in Toronto.

OTHER PLACES GET IT CHEAPER

Indications Are That It Will Be Some Time Before Anthracite is Plentiful Here.

Anthracite coal is selling in Niagara Falls, N.Y., at \$2.50 a ton, and at Niagara Falls, Ont., at \$2.75. This is only a little over 80 miles from Toronto, and the lowest price for the same sort of coal here is \$8. In St. Catharines, 72 miles from Toronto, the covered hard coal is sold to the consumer at \$7 a ton.

Criticism are wondering why Toronto should have to have a minimum rate of \$8 when the regular mine rates is far less important places pay far less important prices.

At Monday's meeting of the City Council the aldermen agreed that the coal prices were in the range of two or three Toronto dealers who, at a given signal, could raise or lower prices at their own sweet will. In fact, Ald. Hall flatly stated that only three local firms were getting any hard coal, and that between them they conveniently had entire control.

ONLY PAYING MINE RATES.

Approached by The World on the matter yesterday, the aldermen stated that the coal prices were in the range of two or three Toronto dealers who, at a given signal, could raise or lower prices at their own sweet will. In fact, Ald. Hall flatly stated that only three local firms were getting any hard coal, and that between them they conveniently had entire control.

He said that one dealer who went to get some coal which was on the track ready to ship had been asked to pay \$5 a ton for it on the track. The rate by rail for coal from Buffalo to Toronto is \$2.50 a ton. He had a strong idea that coal could be sold in this city at a rate considerably below \$8, as it was cheaper to bring it here by water than by rail. He admitted that scarcity of cars prevented any coal coming in by rail to Toronto just now. The scarcity is due mainly to the fact that all the cars available are being used to carry coal which is transhipped to the west by way of the Great Lakes. The reason of this is to save a ton of freight in freight rates, which would accrue after the close of navigation. The boats from the lakes come down with heavy cargoes, and but for the coal trade would have to go back light. Thus the coal is brought in Duluth and other places in that region as cheap as or cheaper than it is here.

ALL SAYS IT ONLY COSTS \$5.50.

Mr. Hall said that one dealer who went to get some coal which was on the track ready to ship had been asked to pay \$5 a ton for it on the track. The rate by rail for coal from Buffalo to Toronto is \$2.50 a ton. He had a strong idea that coal could be sold in this city at a rate considerably below \$8, as it was cheaper to bring it here by water than by rail. He had a strong idea that coal could be sold in this city at a rate considerably below \$8, as it was cheaper to bring it here by water than by rail. He admitted that scarcity of cars prevented any coal coming in by rail to Toronto just now. The scarcity is due mainly to the fact that all the cars available are being used to carry coal which is transhipped to the west by way of the Great Lakes. The reason of this is to save a ton of freight in freight rates, which would accrue after the close of navigation. The boats from the lakes come down with heavy cargoes, and but for the coal trade would have to go back light. Thus the coal is brought in Duluth and other places in that region as cheap as or cheaper than it is here.

HE SAID THAT ONE DEALER WHO WENT TO GET SOME COAL WHICH WAS ON THE TRACK READY TO SHIP HAD BEEN ASKED TO PAY \$5 A TON FOR IT ON THE TRACK.

He said that one dealer who went to get some coal which was on the track ready to ship had been asked to pay \$5 a ton for it on the track. The rate by rail for coal from Buffalo to Toronto is \$2.50 a ton. He had a strong idea that coal could be sold in this city at a rate considerably below \$8, as it was cheaper to bring it here by water than by rail. OLD AGE PENSION PROBLEM.

Monifester Scheme of a Sheffield Merchant, with Broad Views.

LONDON, Nov. 11.—In years to come the story of Mr. J. G. Graves, the Sheffield merchant, whose successful fight against postoffice red-tape around which interest some time ago, will probably be regarded as one of the most interesting in the history of commerce.

About twelve years ago Mr. Graves started in business as a watch and clock dealer in Sheffield in a small shop, employing a single assistant. To-day, at the age of thirty-seven, he finds himself a wealthy man at the head of the largest concern of its kind in the world, with twenty-six establishments in Sheffield, at which over two thousand persons are engaged, in addition to hundreds of travelers and agents throughout the country.

Mr. Graves has always been regarded as a model employer, and his latest scheme for bettering the conditions of his employees has attracted much attention. He has decided to contribute two-and-a-half per cent. of their wages, and the firm will add the same. The employees permanently disabled will be fitted to pensions varying in amount, according to length of service, from one-sixth to two-thirds of their wages, and there is also a similarly graduated pension scheme for employees retiring at the age of sixty.

Mr. Graves says he has always held it to be the duty of employers to provide for the degrading years of those who have served them. He quite expects to be recompensed for the amount he will be called upon to pay by the more devoted service of his work-people.

VACANT CHAIR AT KNOX

Offered to Rev. John Keim of Edinburgh, Scotland.

A very largely attended meeting of the Board of Management and Senate of Knox College was held yesterday afternoon in the college, at which, by a unanimous vote, the professorship of apologetics and homiletics was offered to the Rev. John Keim of the Free Church, Edinburgh.

Dr. Oronhyatka has a wide reputation as an educationist in ecclesiastical circles, and was a warm supporter of the Rev. John Keim, who occupied the chair that has now been offered. Mortimer, chairman of the board, presided at the meeting.

The Finest of All Chrysanthemi. "Hittor the Colonel Appleton" has been considered the largest and finest chrysanthemum in existence. This, however, has been a distinguished opinion of experts in horticulture in the new chrysanthemum, which has been produced by the Messrs. Miller & Sons at their wonderful greenhouses at Bracondale. The new flower is called "Dr. Oronhyatka," in honor of the Supreme Chief Ranger of the Independent Order of Foresters, and is, in the opinion of Mr. Miller, far and away beyond, in points of excellence, anything that has yet been produced. It is a beautiful pale yellow flower, possessing all the points of excellence which experts reckon in giving their judgment. It has a long lineage with an ancestry containing the names of famous flowers in this country and the United States. Yesterday afternoon the "Dr. Oronhyatka" was started on its way throughout the world. Hitherto it has been in the hands of only three florists, two in the United States, and the Messrs. Miller & Sons, at Bracondale. The "Dr. Oronhyatka" was invited by Messrs. Miller & Sons to visit their beautiful greenhouses and to christen the new chrysanthemum. The ceremony took place yesterday afternoon in the presence of a distinguished company of visitors, including the whole of the staff of the Independent Order of Foresters, and a number of the conservatory, covering over two acres of ground, the ceremony was performed in a most impressive manner. The flower selected for the purpose was a magnificent specimen, and upon its stem the Supreme Chief Ranger's colors, after the ceremony, Mr. and Mrs. Miller entertained the guests, numbering about 200, at a splendid luncheon, spread in the packing rooms of the firm, which had been beautifully decorated with bunting and flowers for the occasion. At the close of the luncheon, the health of Mr. Miller and his wife was proposed in a felicitous speech by Dr. Oronhyatka, in which he acknowledged the honor paid him and expressed his warm thanks to Mr. and Mrs. Miller for their very hospitable entertainment which had been provided for himself and the other visitors. He wished Mr. Miller and his wife every success. The toast was received with three cheers.

CAN'T FIND THE WILL

Ashville, N. C., Nov. 11.—The will of the late John M. Gibson, millionaire, made a few days ago before Gibson's death, in favor of his bride, a girl of Providence, R. I., whom he married in his infancy, is missing and cannot be found.

ONE MORE CURE

IN CARLETON CO. Postmaster Belyea Tries Dodd's Kidney Pills for Kidney Trouble.

And Now He Joins All the Others in Praising Them—He Has Suffered for Years and is Now Completely Cured.

Lower Wines, Carleton Co., N.E.—Nov. 11.—(Special.)—Carleton County people have long recognized Dodd's Kidney Pills as a sure cure for all forms of Kidney Diseases, and the consequence there is a marked decrease in the number of those suffering from Rheumatism, Bright's Disease, and all those other ailments resulting from diseased Kidneys.

Still as each fresh cure is reported there is revived interest in the matter and Dodd's Kidney Pills are spreading broadcast the good news.

"I had a very bad spell of Kidney Trouble," says the Postmaster, "which had bothered me for some years, and I had tried several kinds of plasters and medicines, but did not seem to get much lasting benefit. But, hearing of Dodd
