## TRAINMEN REFUSE TO ACCEPT AWARD

Declaring It Impossible to Agree With Differentials Existing in C.P.R. Territory Affected.

### Conciliation Board, They Say, Has Ignored or Reversed Differentials Existing in C.P.R. Territory Affected.

MONTREAL, June 22.—The committee of the Brotherhood of Railway Trainmen and Railway Conductors have refused to accept the award of the board of conciliation in regard to the wage dispute with the Canadian Pacific and Grand Trunk Railways. Their decision was made known this afternoon, when they sent the following telegram to the minister of labor at Ottawa:

"The general committee, representing the men employed in the train and yard service on the C.P.R., unanimously request us to advise you that they have received and thoroughly considered the award handed out by the board of arbitration in the recent investigation."

"While thanking the board for its earnest efforts, honest consideration and intent in preparing the award referred to, the committee are compelled to advise you that in its entirety, being impracticable of adoption, and that it cannot be accepted."

"For reasons best known to the gentlemen composing the board, standards and comparative differentials existing in the territory and on the C.P.R. have been entirely ignored, or, worse still, reversed, thereby making it impossible as handed down impossible of acceptance."

"We are this date writing Mr. McNeill, quoting the telegram, and asking if his company are still indisposed to recognize past and recently revised standards in the territory."

This is signed by James Murdoch, vice-president of the Brotherhood of Railway Trainmen, and S. H. Berry, vice-president of the Order of Railway Conductors.

The committee expects an answer from Mr. McNeill to-morrow morning.

Want Standards Ared.

The standards referred to in the telegram to the minister of labor are those paid by United States railways entering Canada, and that practically the demand of the men is that wages on Canadian railways be placed on the same basis as those in the United States in territory contiguous to the Canadian border, that is upon the New York Central and its affiliated lines, which are closely in touch with the Canadian frontier.

## OFF TO NEW YORK.

To-day is the day. Your last chance to go on The World's excursion to New York City. Those going by rail can leave as late as 6.10 p.m., or by boat up till 5.15 p.m. A large excursion is assured. Accommodation will be of the very best through.

## Toronto Hottest Place in Canada

'Twas 93.4 Here Yesterday—Only One Hotter June Day on Record, and That Was Several Years Ago.

Hot? Rather! Toronto was the hottest town in Canada yesterday. And even New York was cooler. Furthermore, it will probably be as hot here to-day as it was yesterday. The hottest June day ever recorded in Toronto was June 27, 1901-07.1. For the next hottest day there is a tie between June 25, 1884, when the thermometer registered 93.4, and yesterday. The hottest June day in Toronto last year was the 21st, with a temperature of 90.4. And 93.4 in the shade is going some. Lucky, indeed, were those situated like the prospective emigrant to "Quit." "It's very warm here," said the friend, "nearly 100 in the shade."

"That don't worry me," said the P.E. "Very little of my work will be in the shade."

But to continue—

London was the next hottest place in Canada yesterday, with a temperature of 92. Other districts were comparatively cool, the records showing: Parry Sound, 82; Montreal, 80; Quebec, 82; Ottawa, 82; Halifax, 82; Detroit, 85; New York 88; Philadelphia, 85; Winnipeg, 86. It was moderately warm further west than Winnipeg. There were a few showers in Saskatchewan and Alberta. This northwestern section was rather warm. It was 86 in St. Paul, 84 in Huron, S. Dakota, and 84 in Duluth.

## SOME OPINIONS

### Employees Hereabouts Inclined to Stick Out for More.

In the railway yards yesterday opinions from the men affected by the increases in wages reported by the conciliation board were not of the "loud in praise" variety.

Rather, while acknowledging with thanks the "good intentions" of the men were inclined to think that the full amounts asked for were inflated upon. However, H. T. Meredith, secretary of the Queen's Lodge No. 329 of Railroad Trainmen, was hardly as exacting.

"It is undoubtedly a substantial increase in wages reported by the conciliation board, and yet they are but a few of the many who are not to try to force upon other people."

Continued on Page 7, Column 3.

## THE LAST CHANCE

### Pagant Performances Will Be Wound Up To-night.

To-night will afford the last opportunity of seeing the remarkable Queen's Own pagant at the exhibition grounds. It had been hoped to extend the performance till Saturday, but the committee in charge yesterday decided that this could not be done, owing to the inability of those taking part to arrange for the extra service.

Last night's attack was the biggest yet, and to-night, with fine weather, should break the week's records. As an educational feature alone, presented in a marvellously attractive and picturesque fashion, it should be seen by every patriotic Canadian.

## MUST BE ON THE JOB

### Sir John Boyd Brings Counsel to Time at High Court Sitings.

OTTAWA, June 22.—(Special.)—Sir John Boyd this morning gave a lecture to counsel who were not ready with their cases when the high court opened. The first case called brought no response, and it was struck off the list. Another case was called, but counsel for the plaintiff was not on hand. He entered a minute later and was told by the court that he was fortunate that the case was not struck off the list with costs. The counsel for the first case called entered shortly after with apologies, and the chancellor decided that his case would be called again.

## OPENS WAY FOR KITCHENER.

(Canadian Associated Press Cable.) LONDON, June 22.—In view of the probable appointment of Sir W. Nicholson to command in Ireland, it is suggested that the way will be clear for the appointment of Lord Kitchener as chief of the imperial general staff.

## ITS "PRINCE OF WALES" NOW.

LONDON, June 22.—The King to-day created the Duke of Cornwall Prince of Wales and Earl of Chester. To-morrow will be the duke's sixteenth birthday.

## WATER SAILORS SHOWED UP PASS EXAMS.

### Recommendations of the Coroner's Jury in Friday Night's Bay Tragedy Will Be Forwarded to the Marine Department.

"We, the jury, find that Emma Carlaw came to her death as a result of an accident, due to a collision between the gasoline launch in which she was and the steamer 'John Hay'."

"The ignorance of the young men who were handling the boat leads the jury to add the following rider:

"The jury consider it to be urgently necessary that the proper authorities should formulate and enforce regulations making it obligatory upon persons navigating power-boats to take out a license and to pass an examination as to their knowledge of the rules of navigation and their ability to control the engine, also that ferry-boats should warn approaching craft and that they should carry a searchlight."

This was the verdict of Chief Coroner Johnson's jury, which concluded the investigation into the drowning of Emma Carlaw at the city morgue last night. Last night's session was taken up with the statement of Captain William Joyce of the ferry, Stanley Swatman, 215 McPherson-avenue, son of the late Archbishop Swatman, who was a passenger on the ferry, and other passengers and experts. The evidence will be sent to the department of marine and fisheries at Ottawa, together with the jury's findings, and also to the Ontario Government and the city authorities.

At the close of the hearing the chief coroner addressed the jury, saying: "These two young men were absolutely nothing of managing a launch. They knew that if they pulled a lever one way the launch would go ahead, and that if it was pulled the other way she went back. It seems too bad that this young woman should come to her death from a country district and be invited to ride on a launch with a young man to meet her death. They took her life in their hands."

"The jury should point out if there is any way to protect the people, if young men choose to risk their own lives, we cannot help it, but we must endeavor to protect others from their ignorance, culpable ignorance. If these young men had known anything about running a launch, this accident would never have happened. The jury should exert their right to express their opinion of the matter and to bring about a remedy which they may deem expedient."

Ferry Captain's Narrative.

Captain Joyce told of first seeing the starboard light of the launch approaching from the west and then, as she drew nearer, he discovered her outlines. She crossed his bows well ahead, a hundred feet or so. He kept on until she was out of danger to the east, when she suddenly stopped and backed up in front of him. He did not whisked, as he did not think that there was any danger, and when she began to back he was busy trying to avoid the accident by reversing his own boat, and by trying to turn away from a collision.

To Edward Bayly of the attorney-general's department, he said that he did not give whistles to small boats, but merely "tooted" at them when he thought that they were dangerously near.

Speaking of lowering his boat, he said that there was no drill maintained abroad in lowering the boat. To Mr. Ardagh, counsel for the Perry Company, he said that he would be running between 5 and 6 miles an hour.

Passengers Confirm.

Mr. Swatman had been in the very bows on the upper deck of the ferry and had seen the launch first when she was connected with the screw, so that the boat was driven backward. The lever was fixed in position by a little clamp which, if loose, often let the lever slip from the "ahead" to the "astern" position, as the play on the blades was of the greater force in that direction. He had found the clamp loose and the lever set for motion astern.

A witness was called at Mr. Henderson's request, who said that he saw the engine of the boat in the bay immediately after the accident and that it was then set ahead. There was some doubt as to which part of the engine had given him this impression.

## IN THE UNITED STATES AND CANADA

In the United States, the National Government, headed by President Taft and represented by Attorney-General Wickersham of the United States (the legal member of the Taft cabinet) has intervened and taken out an opinion concerning the railways from advancing rates.

The Inter-state law (governing railways) is enforced by the Attorney-General of the United States and by special counsel and scores of assistants.

The Inter-state Railway Commission has asserted jurisdiction over suburban services and commutation rates and is now vigorously investigating them with the assistance of counsel directed by the public authorities.

In the United States the whole country is worked up over railway charges, and the people's representatives and the public lawyers are busy on the job.

## BUT WHAT ABOUT CANADA?

In Canada the private individual has to enforce the law. There is no public counsel, no special counsel to enforce the Railway Act before the Railway Commission. The Government had to be forced to put a special man on the express charges and the telephone rates. But there is no decision yet. The fruit-growers are crying out for a decision on express charges. When is it coming?

One private citizen had to go into court, up to the Privy Council in England, to force the Grand Trunk to perform its charter obligation and give a penny-a-mile passenger rate between Toronto and Montreal. He got no help from the Minister of Justice or the Minister of Railways or the Government.

A private individual has had to sue for suburban services and commutation rates. The Minister of Railways gave him no assistance and refused an amendment that would have made the law clear. Clear or not clear, there is no relief in sight.

The most active force in the United States in fighting the railways of the United States is the Government and all its Resources. In Canada the Government is dead to it all.

## NOW, WHAT ABOUT THE CANADIAN PACIFIC?

Will Sir Wilfrid Laurier now intervene as between the People of Canada and the Canadian Pacific's Reckless (for the country) Financing?

Will he demand a reduction in rates because of the fourteen per cent. return to shareholders when the law fixes it at ten?

Will he move to restrain the company (if it should attempt) from handing its lands over to its shareholders, or any part of them, or if they, in any way, attempt to divert them toward "the perpetual operation" of the road?

Or will the Private Individual have to step in again and make the people's fight?

The Prime Minister of Canada, the Minister of Railways, the Attorney-General for Canada and the Railway Commission of Canada might find out what President Taft, the Attorney-General of the United States and the Inter-state Railway Commission are busy on these days.

IT'S THINGS LIKE THIS CANADIAN PACIFIC BETRAYAL OF THE CANADIAN PEOPLE!

## GOLDWIN SMITH'S ESTATE MOSTLY TO CORNELL

### Sage of the Grange Left Most of His Wealth to University Whose Early History He Was Connected With—Announcement by President Schurman

ITHACA, N.Y., June 22.—Cornell University will receive the major part of the estate of Goldwin Smith, who was prominently identified with the early history of the university.

Announcement of the bequest was made by President Schurman to the Alumni Association to-day.

Its value will not be known until the executors file the petition for probate next week. The will says: "I make this bequest to show my attachment to the university, to pay respect to Ezra Cornell and to show my attachment as an Englishman to the union of the two branches of our race on the continent and with their common mother."

The estate, it has been estimated, will total about \$1,000,000.

## ANTI-TYPHOID VACCINE

### Professor Vincent Announces Important Discovery at Paris.

PARIS, June 22.—Professor Vincent announced to-night before the Academy of Medicine the discovery of an effective anti-typoid vaccine, which he prepared by steeping typhoid bacilli in a weak solution of water and sodium chloride (common salt), with an admixture of ether.

Professor Vincent made a number of experiments with animals, which, after being vaccinated, withstood subsequent inoculation with typhoid germs. He also vaccinated thirteen persons, an examination of whose blood after the operation showed that it possessed to a high degree properties destructive to the typhoid bacillus. Further experiments demonstrated the fact that the typhoid bacillus, when placed in contact with the serum of the blood taken from the person vaccinated, lost all vitality.

## MISS EILEEN ANGLIN ENGAGED

### Daughter of Late Spaker to Marry American Naval Officer.

NEW YORK, June 22.—(Special.)—Formal announcement was made to-day of the engagement of Miss Eileen Anglin, daughter of the late Hon. T. Warren Anglin, Speaker of the Canadian house of commons, and a sister of Miss Margaret Anglin, the famous emotional actress, to Lieut. Thomas Hutchins of the United States navy, U.S.N.

The engagement was announced last month, but the exact date is not yet announced.

## KIDNAPPED BY BLACK HANDERS.

NEW YORK, June 22.—One of the most energetic hunters for a lost child ever set under way by the New York police is on to-day for three-year-old Michael Scineca, son of a wealthy Italian physician, who was boldly kidnapped late yesterday, almost under the very eyes of his parents by Black Handers, who for three years have been threatening to steal the child unless money was paid them.

## BOB, THE LIFE-SAVER.

Who says Toronto University does not produce the stuff out of which heroes are made when our old friend, Bob Martin, "Beagle," saves two lives?

## THE MELONS EXPLAIN.

Canadian Pacific	Regular Market Price
Northern Pacific	197
Great Northern	137
Union Pacific	133
How is it that the Canadian Pacific, with 7 per cent. dividends, sells for 197, and Union Pacific, with 10 per cent. dividends, for 133? Stocks of the same class with C.P.R. only Great Northern has a much longer history of dividend payments than C.P.R., and ranks as a safe investment.	

Why it's the right, the "melons" European investors are continually looking for "rights," which come to them in the shape of the C.P.R. will ultimately be used for the benefit of the shareholders, either in the formation of a new company, by which the land company, or that special dividends will be declared out of the land account. But is this fair to the public who pay the traffic charges?

## TWO CENTS A MILE DUE YOU

The Canadian Pacific treasury is simply bulging out with cash earned out of the people. There are at least thirty millions of such cash in its treasury to-day, and, as one critic put it recently, it has so much money it doesn't know what to do with it. It issued new stock to the shareholders, "melons," simply for the purpose of giving its unjustly and illegally taken from the people of Canada in traffic charges and ought to be forthwith distributed in the shape of reduced passenger rates. The people are entitled by the condition of transportation all over the Canadian Pacific, and they could get it in a few government chiefs who felt their responsibility and lived up to their professions. What are the Canadian people going to do about it?

But get this clearly into your head, that you are entitled to a two-cent-a-mile passenger rate over the whole of the Canadian Pacific Railway, and that you haven't got hardly a public man or hardly one newspaper that will make the fight for you.

## IT IS A CRIME TO DO THESE THINGS

The World says it is a crime against the people and a block, too, to cheaper traffic rates for the Canadian Pacific:

To sell its stock (declared by law to be intended by law to be for the purposes of the undertaking) to its shareholders for less than it would bring on the open market.

To give the lands, or the proceeds of the lands, of the company as bonuses or gifts to shareholders, or to the proceeds of the lands (among other things) for the perpetual and efficient operation of the railway. There is a crime called malversation.

## UNITED STATES TO HAVE POSTAL SAVINGS BANKS

### A Triumph For President Taft—Funds to Be Placed in Local Banks—2 1-4 P.C. Guaranteed.

WASHINGTON, June 22.—After voting down several amendments, the United States Senate to-day decided by 4 to 25, to concur in the house amendments to the postal savings bank bill, and thus took the last legislative step necessary to establishment of a postal savings bank system in the United States. The measure was included in the administration schedule and its passage marks another triumph for President Taft.

The bill as it goes to the president, provides for the designation of post-offices as postal savings depositories. The opening of such depositories is left to the discretion of a board of three trustees, the postmaster-general, the secretary of the treasury and the attorney-general. This board is given complete control of the depositories and of their funds.

The postal savings funds thus accumulated are to be placed in state and national banks in communities in which the deposits are made, and the banks are to be required to pay 2 1-4 per cent. interest. Five per cent. of the total deposits is to be held by the treasurer of the United States as a reserve to guarantee the payment of depositors.

Banks must deposit security in the

## LET COMMISSION TAKE CHARGE OF GAME DEPT.

### A. Kelly Evans, as Special Investigator, Submits Suggestions on Game and Fisheries Protection to the Ontario Government.

"Your commissioner would therefore strongly urge the advisability of placing the department of game and fisheries under the control of a small working commission, somewhat after the model of the Trustee-in-charge of Northern Ontario, Railway Commission, and while this interim report will be found to contain recommendations for an increased expenditure of public moneys by the department, your commissioner would not recommend these expenditures or improvements unless his recommendation of placing the department of game and fisheries under a commission is acted upon by your government, for the reason that the present system has not produced the most efficient subordinate officers."

This is the principal recommendation contained in the interim report of A. Kelly Evans, who was appointed commissioner last July to enquire into the fish and game situation in Ontario, and which was prepared for the legislature at the last session, but which was just made public yesterday. A final report is to follow.

Mr. Evans appears to have gone into the matter somewhat exhaustively, but disappointment is expressed in some quarters that he has not yet been able to visit the Rainy River country, where the Quebec forest reserve is situated, and where a great deal of first-hand information is obtainable.

### A Queer Collection.

With regard to the organization of the outside service, Mr. Evans admits that there has been a distinct improvement in recent years, yet there is a vast amount of sarcasm in the following enumeration:

"That a subordinate officer, entrusted with the enforcement of the district game laws, should be a woodman, should be 50 years of age; that an officer of the outside service, occupying a position of some importance, should be a game warden, should have a reputation among persons in his district of being unused to the handling of a boat, and should be venturing his person on the lake; that another fishery officer should be very little mate with the agent of a foreign company, trading as a Shylock among the simple fishermen of the district; that a game warden should venture alone into the woods; that another should attach himself to a shooting party and indulge with the members of the closed season—these are, to say the least of it, absurdities; and yet they are but a few of the many instances to the attention of your commissioner, and are the inevitable and direct outcome of a system in which the most obvious and important considerations have been brushed aside in favor of a party ruse."

He adds that most of the harm done by the game and fish laws in the province is confined to a small number of persons, well-known in the districts where they operate.

"These persons often terrorize the community to such an extent that information as to their depredations is difficult to obtain. . . . That open threats have been made, and are being made in regard to what they will do if any attempt is made to interfere with their actions, is well known. Instances are cited where summer residences have been burned because they were situated at a point inconvenient to the operations of law-breakers, or their owners had given information to the government."

### Recommendations.

The following specific recommendations are made in connection with the outside service.

1. No officer of the outside service of the department of game and fisheries be employed on a salary less than sufficient to maintain himself upon it.
2. No officer employed by the department of game and fisheries on its outside service, be allowed carry on other work, or engage in any other commercial or business enterprise while so employed, except in cases where such officer is in the employ of, and paid by, some corporation or association.

Continued on Page 7, Column 7.

## GET AWAY FROM THE DESK.

It is safe to waver, the nine men out of ten observing this heart-rending picture of the "desk-slave" in every right out loud, "that's me." Sure

exception of a few privileged ones we are all tied to some kind of an indoor job. Get away from the desk is the advice old Doctor Nature is calling out in every running shoe and on every breeze. Get your feather-weight clothes and a light airy straw hat and "hike for the woods." Talking about hats, the Dineen Company has just introduced a new hat line, and they hope that this little suggestion about "hiking for the woods" will tempt you to visit its big showrooms and see what is new in the airy hat line. The Dineen Company has everything new manufactured either in England or the United States.

### HAMILTON HAPPENINGS

#### C.O.F. DECIDE NOT TO MEET TWICE A YEAR

#### Officers Elected at Grand Lodge Meeting at Hamilton—Mayor Will Not Enforce Bylaw.

HAMILTON, June 22.—(Special.)—At a meeting of the special committee of the city council this afternoon it was decided to ask the mayor not to enforce the bylaw prohibiting the Radial and H. G. and B. Railways from bringing fruit from Burlington to Wagsstaff's factory on Trolley-street during the berry season. The main-street residents have consented to raise no objections this year, but the company will be ordered to make other arrangements for next year.

Two frame houses, 29 and 31 Wood-street, were damaged by fire this evening to the extent of about \$500.

The two day session of the Grand Lodge, C.O.F., was concluded this evening. The following officers were elected: Dr. Adam Thompson, grand master; C. H. Denton, Tillsonburg, deputy grand master; Robert Fleety, Toronto, secretary; W. H. Shaw, Toronto, grand secretary; Dr. H. S. Bingham, Hamilton, grand medical referee; Rev. J. Lindsay, Kentore, grand chaplain; John Cahill, Belleville, and F. Goodwin, Hamilton, grand lodge representatives; G. H. Bampfyde, Robert Newell and C. A. Lewis, committee on laws.

The grand lodge adopted C. A. Lipp's report, recommending that work be continued in a new district in the northwest, to be known as the preside district. The insurance department reported that the assets have increased from \$63 to \$44 per thousand, while last year's death rate was only 4 per cent. The proposal to hold bi-annual sessions of the grand lodge, instead of annual sessions, was voted down, while proposals to make insurance optional, and the question of endowment policies still in force, were referred to committees.

For home comforts try Regal Hotel. Newly remodeled, up-to-date. American plan, \$1.25, \$1.50 a day. D. Smith, prop. 154 King W.

About 1000 flour makers of the U.S. and Canada are attending the millers' convention, which opened in Minneapolis yesterday.

### OF DOUBLE INTEREST IS THIS LETTER

#### It Reports a Remarkable Cure of Kidney and Bladder Disease From Belleville, Ont.

Also Recalls Mr. D. M. Waters' First Purchase of Dr. A. W. Chase's Kidney and Liver Pills and Ointment a Quarter of a Century Ago.

When you are tired of experimenting why not use a medicine which has proven its undoubted control over diseases of the kidneys and liver? Let this letter convince you or send to us for records of hundreds of other cases.

Mr. Mark Ottery, Bay Side, Ont., writes: "I purchased two boxes of Dr. Chase's Kidney and Liver Pills from my druggist of Belleville, Belleville, Ont., and the amount of satisfaction my wife obtained from their use has led me to ask my druggist to send you this letter."

"Mrs. Ottery suffered considerably with kidney and bladder trouble, causing great pain at times. The urine was very heavy and of a bad color. After taking a few doses of these pills she felt better and when she had used the two boxes she was entirely well."

The definite, direct and specific action of Dr. Chase's Kidney and Liver Pills enables them to bring about cure in the most complicated cases. One pill a dose, 25 cents a box, at all dealers of Edman, Bates & Co., Toronto.

**More Jews Expelled.**

#### SCARBORO OLD BOYS.

The annual picnic and games of the Scarboro Old Boys Historical Association will take place at the Scarboro Beach Park this afternoon. A good line of prizes will be offered for athletic events. Scarboro people generally are cordially invited.

#### BRADFORD.

Notes of Interest Picked Up Around the Northern Village.

BRADFORD, June 22.—(Special.)—The local Anglican Church will hold their annual garden party this year on July 1, and a program of sports will be run off in the town park during the afternoon. The baseball tournament will be one of the features.

#### EMERY.

EMERY, June 22.—(Special.)—The strawberry festival will be held on the church lawn on July 5. An excellent program is being arranged for the occasion.

#### WEST TORONTO.

Sharp Blaze in Town, But Water Pressure Was Not Good.

WEST TORONTO, June 22.—(Special.)—Fire in the stables of the Conger Coal Company here shortly before midnight gave the local firemen a fast run and a stiff fight before the flames were subdued. The fire was first seen by Bert Lynett, assistant to Mr. Speers, who rushed to the telephone and tried, unsuccessfully, to ring up the fire department. The other two were also saved. The building, a brick one, was entirely gutted, but no estimate of the loss was given. Together with Keele-street, Ossington and Carlton departments were at the blaze. The water pressure was lamentably insufficient; the department were seriously handicapped by this fact. The cause was said to be insufficient.

To-day was generally observed as a holiday, but the business men's excursion to Lindsay was poorly attended, the extreme heat militating against the party. A large crowd went to Olcott Beach.

Margaret N. Maxwell, wife of Joseph Carter, 615 Weston-road, died suddenly this morning. Deceased had been ill for some time, but her sudden demise was not looked for. She was 42 years old, a native of Peel County and had lived in West Toronto about eleven years. The funeral takes place on Friday afternoon at 2.30 to Prospect Cemetery.

#### DEER PARK.

At-Home at Christ Church Last Night Was Enjoyable Event.

DEER PARK, June 22.—(Special.)—An amateur profession of artistically arranged flowers, red roses, ferns and carnations, bunting and flags, the congregation of Christ Church, Rev. Dr. Ferguson and his charming wife, reception of the most enjoyable reception or at home in the parish house, under the church proper, here to-night.

The event was carried out largely with the idea of familiarizing the congregation with the magnificent new structure in its several departments, and was in all respects an unequalled success.

An excellent program of instrumental and vocal music was carried out, and among those who kindly assisted were Mrs. Auden, wife of the principal of Upper Canada College; Miss Edith Ware and Madame Ferrine, the latter in instrumental solos; Mrs. Jack Macdonald; Prof. Aridge, in his well-known delightful renditions; Miss Marion Armstrong, in a reading, and Mr. Fulton.

A bevy of ladies, among whom were Mrs. Graham, the Misses Armstrong, Miss Hall, Mrs. Auden, Mrs. Collier and others, presided over the refreshment tables, and ministered to the needs of the crowd present. Rev. Mr. and Mrs. Patterson were unsparring in their efforts to minister to the pleasure of the occasion, and Mrs. Patterson, during the evening, was presented with a magnificent bouquet of American beauty roses.

Altogether, the whole proceedings were of a most delightful informal and social nature, and augur well for the future of this fine congregation and district.

Ltd., have in the last ten days on their Eglinton and Foster Park properties closed, many fine deals, 25 lots having sold in one section at an average of \$900 a lot.

Altho Chairman's Reid's opening remarks at the court of revision last night were resented by some of the members of the court, that he was decidedly in accord with a much higher assessment of vacant and farm lands, he was strongly opposed to jumping the assessment from \$125 per acre to four or five times that amount in one year, as it would have a tendency to force the vacant lands into the market and cause a general slump of all the lots in town, his opinion seemed to prevail.

In nearly every case appealed a reduction was made in the assessment, but notwithstanding a great many are appealing to the Judge for still further reduction, and the dollar per foot on Kensington-avenue goes to the Judge as being too low.

Councillor Frank Howe, also a member of the court of revision, did splendid service, and it is owing to his measure, Councillor Howe's mature judgment and manly stand that a large number of the glaring inequalities in the work of the assessment were in a measure adjusted.

# The Survival of the Fittest DUNLOP Automobile Tires

The Straight Wall type of Automobile Tire is not a new thing. It was featured by the Dunlop Tire Company in 1905, and the prediction was then made that it would be the tire of the future.

This Straight Wall tire is also variously called the "Non-Clinch," "Straight Side," "Straight Bead," or "Universal Quick Detachable Tire." As the name Straight Wall implies this Tire has no toe extensions—is not made like the solid clincher or clincher detachable tire—has no projecting ends that fit in under a fixed, hooked shape side of the rim.

The Straight Wall tire cannot become cemented to the rim. It is a readily detachable tire under all conditions, and at the same time it sets solidly and cannot slip or come off until the bead on the rim, that holds the tire in place, is removed.

## This Tire Will Not Rim Cut

Since 1905 developments have been fulfilling the claims for the Straight Wall type tire. It has finally made good on every count.

News and Gossip Night Activity In Reno

Note and Comment

Pat Powers, president of the Eastern Lacrosse League, looks up with a new idea of justice in the McMillan case.

Montreal is drawn into the controversy because McMillan headed to lose one Rochester game to the Royals, which Ed. Barrow must win again at Rochester.

Tommy Burns, Bill Laug of Australia and Bob Fitzsimmons are in Honolulu en route to Reno to witness the Jeffries-Johnson fight.

It was given out last night that Toronto had made an offer of \$100,000 for the fight, and later someone discovered that it was all a joke.

CANADAS BEAT PARKDALE

Score Eighth Consecutive Win In New Trophy Series.

Yesterday afternoon the Canadas scored their eighth consecutive win in games for this trophy which they defeated Parkdale by 23 shots, being 10 up on their lawn and 13 up at Parkdale.

Canada—Parkdale: E. H. Ross, H. M. Fawcett, R. Greenwood, Geo. Duthie, W. R. Doherty, Geo. Sawyer, R. Armstrong, John Anthony, G. B. Woods, Dr. Peaker, Dr. C. Kennedy, J. A. Richardson, R. W. Hall, J. H. MacKenzie, J. A. Harrison, C. Morrison, J. A. Alexander, T. A. Hastings, R. S. Murray, E. L. McLean, W. F. Kerridge, A. O. Hurst, G. S. Alexander, C. S. Robertson, G. Dunn, G. M. Begg, W. F. Wray.

Majority for Canadas—10 shots. Total majority for Canadas—3 shots. Mr. F. J. Glackmeyer of the Victoria Club acted as umpire on the Canadas lawn, and Mr. J. A. Knox, Alexander, on the Parkdale lawn.

The next game will be played on Wednesday, July 6, when St. Matthews will be the challenging club. As they were one of the few clubs which beat the Canadas for the Hargrave Trophy, they may give them a run for their money in the doubles.

Kew Beach 23 Shots Up. St. Matthews visited Kew Beach last night and lost a five-rink match by 23 shots, 13 to 6 and 10 to 7.

Victory for Green River Shamrocks. At Green River last night, the Shamrocks won the final game for the intermediate championship of the Midland Football League, defeating Meavens by a goal to 0.

Orleans 2, Blons 1. The Orioles made it three straight by beating Orleans 2, Blons 1.

Here is a Cigar that will please the most particular smoker. It has the mellow, rich flavor of the pure Havanas, yet it is delightfully mild.

Smoke this brand from morning to night if you like, and you will like the last one as well as the first, and all those in between, too.

We ought to know how to blend leaf tobacco, for we have been at it for fifty years. Davis' "PERFECTION" represents the last word in the line of blended cigars.

S. Davis & Sons, Limited, Montreal. Makers of the famous "NOBLEMEN" two-for-a-quarter Cigar.

TORONTO BREAKS EVEN IN THE DOUBLEHEADER

Rochester, Newark and Baltimore the Eastern League Winners.

JERSEY CITY, June 22.—(Special.)—The Skeeters and Leafs divided a doubleheader today, the Leafs winning the first by 5 to 2, while the Leafs grabbed the second by 7 to 4. This completes the series between the two clubs, Jersey City winning three out of four.

Rudolph and Bartley were the opposing twirlers in the first game, and Bartley had all the better of the argument, he only allowing five scattered hits, while Rudolph started for a dozen. Jersey City tied up the game in the sixth, when they scored three. Hanford started with a single and Johnson came away with the hit-and-run play. Abstein singled to right, scoring Hanford, while Demond counted. Johnson and Abstein with a triple to centre, Demond being nipped at the plate trying to stretch his hit into a home run.

Manser and Smith were the opposing twirlers in the second, the Skeeters getting to Smith for three tallies before the Leafs started the fireworks in the sixth, when they evened up by scoring three, and added two more in each of the seventh and eighth. Corey relieved Smith in the sixth and was invincible. Scores:

President Powers Renders His Decision on McMillan Protest.

President P. T. Powers of the Eastern Lacrosse League yesterday handed out his decision on the Toronto protest over Rochester.

Manager Cox Jones of Vancouver has turned away another lacrosse player from the east in the person of Eddie Powers.

The Senior C.L.A. Team leave this morning for New York, where they play the Brooklyn Crocodiles on Saturday.

Two junior lacrosse players in Ottawa are to appear in court for rough work in a recent match.

Both the Toronto teams will be playing this Saturday in the N.L.U. Cornwall meeting.

The Woodgreen lacrosse players are requested to turn out to practice to-night at 8.30 as the team to play Humber Bay Saturday will be picked.

The Young Torontos have arranged to play an exhibition game in Woodgreen on Saturday.

At St. Louis-Pittsburgh was the final game of the series from St. Louis to St. Louis.

Eddie Powers Going To Vancouver For Lacrosse Season

Jeffries Installed In Training Camp Perfectly Satisfied

RENO, Nevada, June 22.—James J. Jeffries to-night is installed in the training camp prepared for him at Moana Springs, three miles south of Reno, and work on the arena for the fight is under way.

Jeffries and his trainers and sparring partners are safely housed, but the preparation of the arena is still in progress.

Both the Toronto teams will be playing this Saturday in the N.L.U. Cornwall meeting.

Johnson Arrested

SAN FRANCISCO, June 22.—For a principal in the July 4 battle at Reno, Johnson refused to be arrested for exceeding the speed limit in his racing automobile.

Patrolman Lewis says Johnson told him that he could arrest only his dead body, but when Lewis and two other patrolmen betted down the door of the room in which Johnson was staying, he locked himself, the door being secured as he was as any ordinary violator of the speed regulations.

Johnson was arrested for exceeding the speed limit in his racing automobile.

THURSDAY MORNING, JUNE 23, 1910.

BLOOR STREET VIADUCT.

Controller Church is consulting the best interests of the city in bringing up the building of the Bloor and Danforth viaduct in time to have a full consideration of it before next January. Every year lost before this necessary improvement is undertaken adds considerably to the expense, which has more than doubled since it was first proposed.

Toronto aldermen are proverbially short-sighted. They keep postponing essential improvements, and piling up the cost by the postponement, and then they wonder at the astonishing debt of the city. "A stitch in time saves nine" is an old proverb which may be commended to them. Works like the widening of St. Clair-avenue and the Don viaduct cannot be sidetracked without entailing severe loss to the city. Controller Church can urge this point with many examples to enforce it.

The opposition last year to the Bloor-street viaduct was engineered by certain interested parties for their own ends, without any regard to the benefit of the city as a whole, or even of the locality which it is stated will be most benefited. The street railway was responsible for much of the opposition, on account of the fact that the tube system will require the viaduct to connect with the east end when the tubes are constructed. The report on the tube system which is to be expected about the end of the month will throw light on this feature.

The startling development of the east end since the annexation of East Toronto is an added reason for the building of the viaduct. With the viaduct furnishing a direct route to West Toronto from Scarborough, there can be no doubt that the growth of the northern sections east and west will be phenomenal.

It has been argued by some that this will injure the rest of the city. It was the Widow Jones who objected to the Widow Smith getting a cow because she said it would divide the village dairy business with her. Whatever benefits one member of the community will benefit all. This fact is unassailable, and if there were no other argument beyond the benefit which may accrue to the district across the Don, it would be sufficient.

A good many people already realize that they made a mistake in voting against the viaduct bylaw last January, and all that is needed now is to make the facts clear to have the support of the citizens. Controller Church will be able to get the whole question thoroughly ventilated before the next election, and no doubt by that time the inevitability of the viaduct will be generally recognized.

THE EASY TEST. If what the Canadian Pacific has been doing with its finances—bonuses, "melons," stock to shareholders for less than par, disobeying the law limiting its return to shareholders—is to continue, then every railroad company, every street car company, everyone exercising a public franchise, ought to be doing the same. What would the financial chaos then be?

AGREEMENT OVER U. S. RAILWAY BILL. Agreement has been reached by the conference committees of the United States Congress over the railway bill and it is fully anticipated that as now adjusted, it will become law. President Taft has not got all that he asked for, particularly his request for the regulation of stock and bond issues, but has been consoled by an amendment authorizing the appointment of a commission to investigate the desirability of federal control of railroad capitalization and the power of congress to assume that control. As the appropriation for this purpose has been limited to \$25,000, the only benefit obtained meantime will be the keeping alive of the movement for capitalization control as the commission's reports will provide the opportunity for proposing further legislative action. What the railroad magnates dread most of all is an investigation into the past of capitalization of railways and its comparison with their true physical value. But it is certain this will come in due time and along with it strict regulation of all stock and bond issues.

As finally agreed upon, the bill gives the Interstate Commerce Commission the right to initiate investigations into the reasonableness of rates and the power to suspend proposed increases in rates for a period of ten months. Instead of objecting shippers as hitherto being required to show that rates are unreasonable, it will now rest upon the railways to prove them reasonable. The proposal made by the house of representatives prohibiting

a higher rate for shorter than for longer hauls, has been adopted and railroads competing with water routes, having once reduced rates, may not raise them without the sanction of the Interstate Commerce Commission, so that reduction of rates may not be used for the purpose of killing water competition. Federal courts may not enjoin the enforcement of state laws without notice and hearing. Telegraph, telephone and cable companies are made subject to interstate commerce laws and the general powers of the commission are increased over all interstate carriers.

THE METHOD, NOT THE MAN.

Editor World: A letter recently published above my name has been construed as an attack upon Dr. Amoyi. I make no attack upon Dr. Amoyi, but, if anything, an attack on the method of administration which ties Dr. Amoyi's hands and renders his important work of less efficiency than it warrants.

I consider that I am second to none my appreciation of the great ability of Dr. Amoyi. T. Aird Murray.

Sewerage System to Displace Septic Tanks and Cesspools.

It is not strange that the big property holder in a suburb should oppose the annexation to the city. These individuals, in the majority of instances, have all the comforts of city life. They have a private sewerage system of their own together with a water supply.

These are two big factors in making home life a comfort. The small property holder, however, is not so fortunate. In certain instances in North Toronto the small holder has endeavored to supply his family with the benefits of a bathroom by means of a septic tank. It was thought in the early stages of this innovation that the suburban wants could be accommodated by this invention. A test of the septic tank, however, in North Toronto, at other places, has proved that only a small holding can be supported where the soil is heavy, the septic tank is an entire failure.

Even supposing the installation of individual septic tanks was a success, the original cost of the same and the annual expense in keeping it in working order are largely in excess of what a regular sewerage system would amount to. It is a parallel case with the old well as compared with the modern supply. Citizens of North Toronto and especially the small householder have come to regard the bathroom accommodation in a house as one of the household necessities. The women of the town are taking a strong stand in regard to the introduction of a sewerage system in the municipality and the men are cognizant enough to perceive the justness of their claim.

The World has discussed the sewerage problem with a good many property holders in North Toronto and has discovered that many properties would be utilized by the erection of modern improvements to get modern sewage disposal. It is the City of Toronto will move into the town and pay a reasonable rent for a dwelling with the present-day privileges, when for a small amount more they can get all the conveniences in the city.

The board of health of the town have endeavored since the spring to rectify the unsanitary state of affairs which exists, but they are continually frustrated with the contention that if cesspools with their tanks are to be done away with, their place must be filled in some other way, and this can only be done by the installation of a sewerage system on a local basis or by connection with the Toronto system. The local sewerage system, which was voted on last year, was thought by many to be inadequate. A continuation of the city service from Deer Park north would overcome the objection and the easiest method of getting this would be by annexation to Toronto.

Day of Interest and Enjoyment. G. Murray, secretary of the Canadian Manufacturers' Association, has completed arrangements with the Port Arthur authorities for the entertainment of the association on Sept. 12. They will arrive in the city at 10:30 a.m. on two trains and be taken to the top of the new Canadian Northern Railway Hotel, from which a panoramic view of the harbor and city will be had. Afterward they will separate into two parties, those wishing to go over the drydocks and the lumber mills, which are to the north of the city, and those wishing to visit the blast furnace and the Canadian Northern Elevator, boarding separate trains. At 1:30 a.m. will be tendered a luncheon on the hill crest. At 2:30 p.m. they will embark on the yacht Sigma and be taken for a trip round the harbor.

\$2.60 to Muskoka Lakes and Return, Saturday, June 2. The Grand Trunk Railway System met offers for the opening tourist season a popular excursion via the favorite way, viz., Muskoka Wharf to all points on the Muskoka Lakes, passing Lakes Simcoe and Couchiching, the Severn and the delightful ride from Gravenhurst via Beauvais, Carling and Roseau, Royal Muskoka, Cleveland, Port Cockburn. All points may be visited for above price, and tickets will be good for four days. The new "Muskoka Express" makes its first trip June 23, leaving Toronto 12:05 noon. Select Grand Trunk routes and no other. Tickets and full information at city ticket office, northwest corner King and Yonge-streets. Phone Main 4208.

After the Speeders. ST. CATHARINES, June 22.—The police have been on a campaign against auto speeding. A. E. Fletcher of Yonge-street, Toronto, who this morning paid a fine of \$10, was the first non-resident to suffer from the enforcement. Ivan McShay, the well-known Toronto University hockey player, who resides here, was also convicted to-day, along with half a dozen local auto owners. The movement is the result of a complaint made by the public school board to the police commission, following the running down of a small boy.

The "Duquesne Special." Pennsylvania Railroad's fast train to Pittsburgh leaves Buffalo 1:30 p.m. daily. Parlor car and dining car service. Other through trains at 9:00 a.m. and 11:00 p.m. daily. All trains to Pittsburgh stop at East Liberty.

12 GLASSES FOR 10c. Dalton's Concentrated Lemonade, a pure, sweetened lemon product, has all the delicious, refreshing flavor of the fresh, ripe fruit and is Guaranteed free from Tartaric Acid. Always ready to use—no fuss or trouble. Your Grocer and Druggist have Dalton's Concentrated Lemonade or will get it for you. To-morrow may be hot—order it to-day.

SHORT SENTENCES AT MERGER A MISTAKE

Superintendent Says She Can't Work Miracles—Startling Figures From "Haven."

GUELPH, June 22.—(Special.)—Guelph's distinction as the home of the new reformatory farm and of the Ontario Agricultural College won for it this year's meeting of the Canadian conference of charities and correction, which opened here at 2 o'clock this afternoon and will continue till Friday.

Mayor Hastings on behalf of the City of Guelph, Rev. W. G. Wilson, representing the churches, and W. E. Buckingham, representing local charities, made brief addresses of welcome.

Joseph P. Downey, M.L.A., president of the conference, struck the keynote of the occasion, when, in his address, he said: "In many respects this is a unique gathering. It is expressed in the one word, 'charity,' and so, from every standpoint, all those who desire to help the poor, the weak and the unfortunate, and improve social conditions generally, are welcome to these meetings."

Miss Brookling, superintendent of the "Haven," Toronto, spoke on the protection and care of friendless and feeble-minded women and girls. Here were plain outspoken words, backed up by alarming statistics and sad incidents, the accuracy of which she was prepared to prove. She told that of the 302 maternally cases taken care of in the Haven during the past three years, 165 were recent arrivals from the old world, and of these one-half came from Great Britain. Of the 302 cases 200 were illegitimate births, 40 of the children were defective or disabled, and 30 had died. The mothers were in the main feeble-minded, and many similar institutions in the country could quote similar figures.

Mrs. O'Sullivan, superintendent of the Mercer, pointed out the fact that the dangerous time in a girl's life was at the age of 15 or 16 years. She protested strongly against the short sentences at the Mercer, meted out by magistrates to women who were frequent offenders. "I can't work miracles," she said, "and the girls who come to us do no harm to the reformatory generally, the only pity is that they are not sent to us sooner than they do."

Those 3 Balls. The cut shows the Vulcan Water Heater with side door open, showing the view of the 3 balls. Each ball has another ball inside of it. The water passes between the outer and inner ball—from ball to ball on its way to the boiler, coming in contact with the largest heating surface of any water heater made for the purpose. One cent's worth of gas gives enough water for a bath. Low in price.

CONSUMERS' GAS COMPANY. 45 ADELAIDE ST. STREET EAST. TELEPHONE M. 1933. THE GAS COMPANY'S SERVICE IS GOOD SERVICE.

AT OSGOODE HALL ANNOUNCEMENTS.

Non-Jury Assizes. Thursday, June 23, 10 a.m.: 285. Redfern v. Groves, K.C., for defendant. 286. Gonyer v. Bryan. 287. Gonyer v. Bryan. 288. Kingsmill v. Bisky. Master's Chambers. Before Cartwright, K.C. Master. Klemmer v. Canadian Central Mines—Cable (Miller & Co.), for plaintiff. Motion by plaintiff for leave to serve statement of claim herein substitutionally. Order made.

SUE ON INDEMNITY BOND. Northern Crown Bank Claim \$10,000 Because of Clerk's Errors. A writ against the United States Fidelity and Guaranty Company, issued at Osgoode Hall yesterday at the instance of the Northern Crown Bank, to recover \$10,000 on an indemnity bond, promises to develop features of unusual interest.

Single Court. Before Meredith, C.J. Re Dan's Estate. Dan, C. F. Smith, for executor. E. H. Britton, for the two sons of Dan, Macdonald. Motion by executor on a petition for advice by the court. The court, on the motion, ordered that the executor should be appointed as administrator of the estate of Dan, having attained majority, and that he should have a share equal to one-third of the estate remaining when he attained majority, and be not entitled to maintenance from the provisions of the will as to the residue of the estate, subject to the deceased child, Elizabeth, and her share of the residue of the estate in equal shares, and upon the remaining two-thirds of the residue of the estate, the executor should have a share equal to one-third of the residue of the estate.

SUN GENERATOR A FAKE. Supplied by Wires of an Electric Company. NEW YORK, June 22.—Since the exposure of Elmer E. Burlingame's \$10,000,000 Sun Electric Generator Co., which boasted of an invention to transform solar heat into unlimited light and power, a number of men have come forward with information concerning the promotion methods of this man. Yesterday William A. Faxton, a former employe of Burlingame's, stated in the presence of three witnesses that the storage batteries of the Sun Electric Generator Co.'s Midland plant, were charged with wires of the Edison Co. Hundreds of investors in the Sun Electric stock had been told that the machine on the roof of the company's laboratory furnished the power used in the demonstrations.

AIRLOCK FOR SUBMARINES. LONDON, June 22.—Following the disaster to the French submarine Pluviose, the admiralty has adopted a device for fitting an airlock, which is to be fitted to new submarines in the British navy. The "airlock" consists simply of air sacs built from the side of the submarine in which air is trapped and water fills the interior of the ship. In event of a mishap the crew would immediately make for the airlocks, and having adjusted life-saving jackets and helmets, would be ready to make their escape from the torpedo boat.

LORETO ABBEY AWARDS  
Ten Graduates—List of the Winners  
of Prizes.

The closing exercises of Loreto Ab-  
bey were held yesterday afternoon.  
There were ten graduates. The drama,  
"Diana or Christ," written by Mother  
M. Gertrude, of Loreto College, Dou-  
lin, was produced by Miss Florence  
McGillis, Miss Margaret Conway,  
Miss Mona Clark, Miss Grace Podger,  
Miss Kathleen Hastings, Miss Helena  
Murphy, Miss Marie Hearn, Miss  
Blanche Goodwin, Miss Marjorie McTav-  
ish, Miss Mary Boland, and Miss  
Gladys Ganley. The drama was  
played Gounod's "Serenade"; Miss  
Smith gave a violin selection; Miss  
Lenore Fulton played "The Witches";  
Miss Madeline L. Carter sang  
"Erin, The Tear and the Smile."  
Those who graduate are: Miss Mary  
Boland, Toronto; Miss Irene Casser-  
ley, Toronto; Miss Margaret Conway,  
Winnipeg; Miss Elizabeth Hastings,  
Sault Ste. Marie; Miss Kathleen Har-  
vey, Toronto; Miss Florence McGillis,  
Toronto; Miss Helena Murphy,  
Fert William; Miss Madeline L. Carter,  
London; Miss Mary Rodden, Halley-  
bury; and Miss Myra Street, Ottawa.

The honors conferred are as follows:  
Gold medal for Christian doctrine—  
Senior department—Miss Myra Street  
and Miss Genevieve Twomey; Inter-  
mediate department, Miss Katharine  
Podger; Silver medal for English  
doctrine, Junior department—Miss Ade-  
line Robbins. Gold medal for church  
history—Miss Margaret Conway.  
Bronze medal for English literature,  
presented by the governor-general,  
Miss Mary Rodden. Gold medal for  
English essay—Miss Mona Clark.  
Gold medal for mathematics—Miss  
Florence Maloney. Gold medal for  
Latin—Miss Mary Boland. Gold medal  
for proficiency in Junior matriculation  
class—Miss Theresa O'Reilly. Gold  
medal for shorthand and typewriting—  
Miss Marie Hearn. Gold palette for  
painting—Miss Muriel Buckley. Prizes  
for good conduct and fidelity to school  
rules, senior department, boarding  
school—Miss Florence Maloney; senior  
department, day school, Miss Grace  
Podger; intermediate department,  
boarding school, Miss Annie Smyth;  
intermediate department, day school,  
Miss Frances Hearn; junior depart-  
ment, boarding school, Miss Annie  
Larkin; junior department, day school,  
Miss Edna Russell.

To really enjoy your lunch or dinner  
you should go to the American dining  
room at the King Edward Hotel. The  
ways delightfully cool. Excellent music  
and good music.

Use Gibbons' Toothache Gum  
Price 10c.

THE NEW SAVOY TEA ROOM  
(Over Blackford's).  
Light lunches for business people  
from 12 till 2.  
Afternoon tea from 3 till 5.  
Light supper served from 5 till 8.  
Fancy Ice Creams.  
We are open for business from 8 a.m.  
till 11 p.m.

THE WEATHER

OBSERVATORY, TORONTO, June 22.  
(8 p.m.)—A few light scattered show-  
ers occurred to-day in Alberta and  
Saskatchewan and also in the lower  
St. Lawrence Valley, while in other  
parts of the Dominion the weather has  
been fine. The temperature has been  
lower in Manitoba, but in Ontario and  
Quebec it continues decidedly warm.  
Minimum and maximum tempera-  
tures: Victoria, 50—82; Vancouver, 47  
—63; Kamloops, 46—68; Calgary, 34—  
52; Edmonton, 46—64; Battleford, 42—  
64; Moose Jaw, 42—70; Qu'Appelle, 40  
—58; Winnipeg, 64—86; Port Arthur,  
56—78; London, 52—82; Toronto, 62—  
80; Ottawa, 64—86; Montreal, 66—80;  
Quebec, 62—82; St. John, 54—86; Hal-  
ifax, 52—82.

Probabilities—  
Lower Lakes and Georgian Bay—  
Light to moderate winds; fine and  
warm.

Ottawa Valley and Upper St. Law-  
rence—Light to moderate westerly  
winds and very warm.

Lower St. Lawrence and Gulf—  
Moderate winds; mostly fair and warm,  
with some local showers or thunder-  
storms.

Maritime—Moderate southerly to  
westerly winds; few showers, but  
mostly fair and warm.

Superior—Moderate winds; fine and  
warm.

Manitoba and Saskatchewan—Most-  
ly fair, but some showers or local  
thunderstorms.

Alberta—Generally fair and moder-  
ately warm.

It?" 8.  
47th street, Theatre—"Pop" vaude-  
ville.  
Star Theatre—Laureford-Plynn fight  
pictures at 8. The Heroes.  
Harpis's Point—"Daredevil" Holden,  
etc.  
Scarboro Beach—Cunningham, the  
boy wire walker, etc.

Births.  
GORDON—On 21st June, 1910, at Cockburn  
avenue, West Toronto, the wife of E. B.  
Gordon, a son, "The Hero."  
MOORE—At Red Deer, Alberta, on Tues-  
day, the 14th of June, 1910, the wife of  
Dr. J. Carlyle Moore, barrister, of a  
son.  
ROWLATT—On Sunday, June 19, at 48  
Wilson-avenue, Parkdale, the wife of  
F. Albany Rowlatt, a son.

Deaths.  
GARLAND—Suddenly, on June 21, 1910,  
at his residence, 1021 Hallam street,  
Sault Ste. Marie, aged 57 years.  
Funeral on Friday, at 2 p.m., to Pro-  
testant cemetery, No. 107.  
HARDY—At his late residence, 33 Bels-  
levue avenue, June 21st, 1910, Thomas Bel-  
shard Hardy, in his 82nd year.  
Funeral Thursday, June 23rd, at 2  
p.m., to Mount Pleasant Cemetery.  
Eldly emt flowers.

THORN—Accidentally killed by his  
horse while acting in the G. O. R.  
P. F. on Monday night, June 20,  
1910, John Reginald Thorn, aged 20  
years, eldest son of Major J. O.  
Thorn, quarter-master, G. O. R., and  
managing director of Metallic Roof-  
ing Co., Toronto.

YATES—On Tuesday morning, June 21st,  
1910, at 31 Spadina avenue, Hector Rob-  
erts, only and beloved son of Alfred and  
Nellie G. Yates, aged 4 years and 3  
months.

LAST BODY IDENTIFIED.  
MONTREAL, June 22.—The only un-  
identified body taken from The Herald  
rains was identified this morning as  
that of John Cunningham, aged 25, re-  
siding at 2214 Sanguinet-st. This  
completes the list of missing and places  
the death toll at 32, unless there were  
some unknown persons carried down  
in the wreckage.

Will Elect Rhodes Scholar.  
OTTAWA, June 22.—An item of in-  
terest announced in the examination  
list of the University of Ottawa this  
year is that the institution will in 1911  
elect a scholar under the Cecil Rhodes  
bequest.

Struck to Hang Here.  
OTTAWA, June 22.—Sarah Bowker  
was found in a woodshed here with a  
rope around her neck. Those who  
found her were just in time to prevent  
her hanging herself.

GRATEFUL RAIN SAVED

NORTHWESTERN CROPS  
Result Would Have Been Disas-  
trous Had Drought Continued  
to End of Week.

WINNIPEG, June 22.—According to  
reports received from all over West-  
ern Canada by local grain men, the  
rain of yesterday came when it would  
be most beneficial to the growing  
crop. Little or no damage was report-  
ed by any of the correspondents, al-  
though the crop is somewhat small in  
some of the shady districts. The  
general statements are that, had the  
drought continued until the end of  
the week, the results would have been  
disastrous, but yesterday and to-day  
practically every place in the whole  
belt reported rain.

The crops are best in Saskatchewan  
and Northern Alberta. Manitoba  
comes a close second, while those of  
the irrigated districts in the vicinity  
are virtually heading out, and will be  
ready for the binder within two weeks.

TERRIBLE DISASTER ON

CONEY SCENIC RAILWAY  
Car Jumped the Track and Passen-  
gers Were Hurlled to  
the Ground.

NEW YORK, June 22.—At least four  
persons were fatally injured and a doz-  
en others seriously hurt early to-day,  
when two crowded cars of a scenic  
railway on the Bowery at Coney Is-  
land, running at terrific speed, jumped  
the track and dropped with a mighty  
crash a sheer 60 feet to the ground.

The accident occurred as the crowds  
of people who remained at the resort to  
enjoy the cool of the early morning  
hours were making merry at the va-  
rious amusement places. Two cars of  
the big switchback were quickly filled,  
when they were hauled up the incline  
and the party, laughing and shouting,  
plunged down the first steep grade.

Up the next incline the cars shot to  
the high level of the scenic road and  
began the drive down at a mile a minute  
pace.

Something went wrong with the me-  
chanism, and as the cars were dash-  
ing around the first turn the rear car  
jumped the track, dragging the for-  
ward one with it. Ten of the occu-  
pants were hurled from the cars and  
went crashing down amongst the spec-  
tators, falling to the ground, where they  
lay unconscious in a huddle. Six went  
down with the first car. They were  
pinned fast beneath the wreckage.

These last were the ones most seri-  
ously injured. The lives of all the half  
dozen were despaired of to-day at the  
hospital to which they were taken.

Indescribable confusion prevailed as  
the cars took their frightful plunge.  
Spectators of the disaster screamed in  
terror, and the panic was increased  
when some one switched off the elec-  
tric lights. The police had hard work  
quelling the panic. The six persons  
who had gone down with the falling  
cars were found pinned under the  
wreckage.

The men in charge of the diving cars  
escaped injury. He could not explain  
the accident, but declared that it was  
unavoidable.

Another Similar Fatality.  
BUFFALO, June 22.—Louis Koch, 17  
years old, a Junior of Masten Park  
High School, was fatally injured to-  
day on a scenic railway at Crystal  
Beach, Ont., where the school picnic  
was held. A steamer was started for  
Buffalo on a record-breaking run to  
save the girl's life, but she died just  
as the boat reached the dock.

Miss Koch's father had not heard  
of the accident, but who was ex-  
pecting his daughter on the evening  
boat, was at the dock when her  
body was brought ashore.

SCANDAL AT PETAWAWA  
Scales for Weighing Out Meats Regis-  
tered 110 Pounds for 90 Pounds.

OTTAWA, June 22.—Petawawa  
Camp is much exercised over short  
weights in meat as handed out to the  
regiments, and some scandal may re-  
sult in reports made to the investigat-  
ing senior officers. A scale has been  
found that registered 110 pounds for 90  
pounds, and it was accidentally discov-  
ered when the older members of the  
Army Service Corps happened to be  
absent.

HOW JAIL FARM WORKS  
Originator of Cleveland Colony Ex-  
plains Its Operation.

GUELPH, June 22.—(Special.)—The  
principal speaker at the evening ses-  
sion of the Charities Conference was  
the Rev. Dr. Cooley, originator of  
the Cleveland farm colony, who  
held a large audience and made an  
appeal for the better treatment of the  
hands of society of the man who had  
gone to jail.

The principle of brand-  
ing convicts as animals was entirely  
wrong idea, he declared, and was  
responsible more than anything else for  
the present condition of affairs in the  
United States, where the amount spent  
in detection and punishment of crim-  
inals exceeded the combined amounts  
spent in charity and education by  
\$50,000,000.

Hon. W. J. Hanna, provincial secre-  
tary, in introducing Dr. Cooley, stated  
that he and Mr. Leonard of Man-  
chester had been the main in-  
sponsors of the Ontario Government in  
their work towards prison reform.  
The results at the new reformatory  
had been successful so far, he said.

WANT A PERMANENT BOARD.  
EDINBURGH, June 22.—The com-  
mission on "the preparation of mis-  
sionaries" presented its report at to-  
day's session of the international mis-  
sionary conference.

Having determined the need of a  
body definitely commissioned to ex-  
amine and co-ordinate the main in-  
stabilities for special missionary prepara-  
tion, the commission proposed that  
steps should be taken by the World's  
Missionary Conference to create a key  
board of missionary study thru  
the joint action of the several societies  
and boards.

LEFT BULK OF ESTATE TO CHINESE PROTEGE

Newark Woman Slight Relatives to Provide for Blind Oriental.

NEW YORK, June 22.—Before her death, June 10 last, Miss Alethea Mason Carter of Newark drew a will in which she made Wong Hong Hoey, a Chinese, her principal heir.

To Wong Hong Hoey, whom she likened to an adopted son, Miss Carter bequeathed \$6000 in cash, her home at 83 Bruen-street, and one-third of all the household effects and other personal property.

Miss Carter was past 60 when she died, and Wong Hong Hoey is about 30. He was afflicted with blindness many years ago, and when, later, he became partly paralyzed, Miss Carter, in pity, took him into her home as a companion.

Miss Carter was a descendant of one of the original settlers of Newark, her ancestors having come in 1666 from Milford, Conn.

When Wong Hong Hoey was 8 years old he began to attend Miss Carter's Sunday school class.

In favoring Wong Hong Hoey Miss Carter apparently slighted relatives. To each of two aunts, Mrs. Emily C. Vanderveer and Mrs. Harriet E. Beech, she bequeathed an equal share with Wong Hong Hoey in her personal effects.

FROHMAN'S LATEST Will Send American Companies to England.

NEW YORK, June 22.—One of the projects which is being carried out by Frohman back to New York a full month earlier than he intended when he sailed for London last spring, is an international exchange of plays and players between this country and England.

If the plan which he outlined in a letter received yesterday by his New York business manager is carried out, there will be more American productions in the London theatres next season than ever before, and Manchester and Liverpool managers are expected to make the same circuit which includes Philadelphia and Chicago.

The first in the list of attractions to be interchanged between London and New York will be "Her Husband's Wife," the comedy in which Henry Miller is appearing. Mr. Miller may not go across the ocean, but the rest of the organization will be sent as soon as its present New York run ends.

DEMANDS SATISFACTION Roumania Serves an Ultimatum on Government of Greece.

BUCHAREST, Roumania, June 22.—The Roumanian foreign office has made a peremptory demand upon the Greek Government for satisfaction for the injury suffered when a mob at Piraeus recently attacked a Roumanian mail steamer. Greece is given eight days in which to comply with the demand, failing which Roumania will "take the steps necessary to uphold the national dignity."

The satisfaction is to include official apologies, material compensation for damage done and the dismissal of the prefect of the port of Piraeus.

PENALIZING THE BACHELOR France, thru Military Service, Hopes to Increase Birth Rate.

PARIS, June 22.—A series of measures designed to stimulate the birth rate in France, was introduced in parliament to-day. It includes the imposition of additional military service upon bachelors over 23 years of age; making obligatory the marriage of state employees who have reached the age of 29 years, with supplementary salaries and pension allowances for those with more than three children, and the repeal of the law requiring the equal distribution of estates among the children.

DR. SUTHERLAND'S ILLNESS. The condition of Dr. Alex. Sutherland was stated last night to be unchanged.

O'Donoghue an Expert Life-Saver. Neighbors of James O'Donoghue feel that he is entitled to full recognition for the unhesitating way in which he went in after little Charlie Hughes, who had upset from a raft in Willowvale park pond.

SUMMER TOURIST RATES TO THE PACIFIC COAST Via Chicago and Northwestern Railway.

Special low rate, round trip tickets on sale from all points in Canada to Los Angeles, San Francisco, Portland and numerous other Pacific coast points during June and July. Excellent train service. For full particulars address B. H. Bennett, general agent, 46 Toronto-street, Toronto, Ont.

Received Letter From Queen. Edward Stolker, the 9-year-old son of J. T. Stolker, of 107 Arthur-street, has received a message from Queen Alexandra, thru Miss Knollys, thanking the little lad for his "kind sympathy" conveyed in a letter which he composed and sent to the Queen on the death of King Edward.

Master Stolker four years ago received a letter from the late King, thru his secretary, and has also received one from Lord Roberts.

Immigration for May. LONDON, June 22.—British subjects who sailed to Canada during the month of May numbered 18,336, of which 13,427 were English and 4761 Scotch.

PULLMAN CO. PLAYS FOR DELAY IN BERTH CASE

Wants Canada to Wait Till United States Commission Decides Point.

OTTAWA, June 22.—(Special.)—The Laurier meeting at Winnipeg has been postponed from July 11 to July 12, in view of the Manitoba general elections date having been set for the 11th.

The price of the upper berth in the sleeping car remains yet an unsettled point. It had been hoped that the discussion of the question could have been reached at to-day's meeting of the railway commission, but other matters took up all the available time, and it has been agreed that the sleeping car matter shall be adjourned until next week, when it is hoped to have the point decided in Toronto.

F. E. Hodgins, K.C., of Toronto, was present this morning on behalf of the Pullman Company, and it is his intention to ask that the Canadian board defer their decision until the matter is decided by the United States and the interstate commerce commission have solved the points involved.

The Great Northern Railway Company secured an order from the courts restraining the decision of the interstate commission until traffic arrangements were examined.

This may be a good argument, as it affects American railways, but it is believed here that Commissioner Macabee and his colleagues will decide that Canada can settle the point for itself, irrespective of what the United States does. But it is recognized that the international traffic between the two countries complicates the situation.

Summer Amusements

"The Blue Mouse." The seat sale opens this morning for "The Blue Mouse," which will be presented by The Percy Haswell Players, at the Royal Alexandra, starting next week. This will be the third visit of this lively Clyde Fitch farce to Toronto, and there is no doubt that the immense business done on former occasions will be repeated, as it is the first and only time the farce has been presented at popular prices. Paulette will be the star, and the comedy will be presented by Miss Haswell's company, which has a number of excellent characters. Special scenery, copied after the original, will be used. The splendid cooling apparatus in the house in a delightful temperature at all times, no matter how hot it may be outside.

At Hanlan's. Great preparations are being made at Hanlan's Point for the proper celebration of the national holiday week. The Golden, whose marvelous performance has amazed the public, has been re-engaged for the third week, when he promises to make his acts still more daring and thrilling. His bicycle ride down the narrow pathway will be longer and the loop around which he will fly larger. His diving platform will also be placed 20 feet higher, from which he will dive backwards, turning a somersault in mid-air and landing in a small tank containing but two feet of water.

The De Phil Brothers will also present an act that is new as well as unique. On a slender sawing wire 15 feet from the ground, one of them will ride a unicycle backwards and forwards, attached to which is a trap on which the other brother performs daring feats.

On Saturday of this week the Cadet Band will give concerts both afternoon and evening. On Sunday the band of the 48th Highlanders will furnish the music both afternoon and evening. On Dominion Day (July 1) the band of the Royal Grenadiers will render specially prepared programs both afternoon and evening.

Princeton Gets the Money. SALEM, Ms., June 23.—Deciding that the contestants had not standing in the case, Judge Harmon in the probate court yesterday allowed the band of the late Isaac C. Wyman, who left his millions to Princeton University for the founding of a graduate college.

Will Meet in Boston. LONDON, June 22.—The international congress of chambers of commerce to-day accepted by acclamation an invitation to hold the session of 1912 at Boston.

Do You Realize What an Important Work the Kidneys Do?

Do you know that every drop of your blood goes to the kidneys hundreds of times every day? Do you know why? To be filtered and purified from its impurities. That is the great work the kidneys have to do. They filter the blood. Then these impurities go to the bladder and are passed out of the body along with the urine.

Do you think it possible for you to be well, unless the kidneys do this work thoroughly? It is that impurities—this unfiltered blood—that causes backache, headache, rheumatism, diabetes, Bright's disease, etc. They poison and interfere with the whole system.

If you have any kidney trouble let them cure them to stay cured. They cure all forms of kidney trouble, P.E.I., writes:—"I was troubled with my kidneys for five years. They were so bad for the pain. I went to a doctor, but he did me no good. I got five boxes of Doan's Kidney Pills, and I am glad to say that after taking them I was cured. I have had no trouble for nearly three years now."

Price 50 cents per box or 3 for \$1.25 at all dealers or mailed direct on receipt of price. The T. Millburn Co., Limited, Toronto, Ont. In ordering specify "Doan's."

A Storekeeper Says: IN SOCIETY.

"A lady came into my store lately and said: 'I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful. If only women knew what a comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was just a perfection stove and one, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give hers up for five times its cost.'"

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more wood to burn, no more gas to pay for, and no more heat from a hot stove. Just light a New Perfection Oil Cook-Stove and you are done. The heat from an intense blue flame shoots up from the burner, and the room is heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen when one of these stoves is used.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of The Queen City Oil Company, Limited, Toronto.

It has a Cabinet Top with a shelf for keeping plates and food hot. The nice, white, enamel-lined interior, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of The Queen City Oil Company, Limited, Toronto.

O. L. C. CLOSING List of the Graduates and Winners of Medals.

WHITBY, Ont., June 22.—Tuesday was commencement day at the Ontario Ladies' College. A special train from Toronto brought a large number of visitors.

Under the leadership of Arthur Blight, the chorus rendered the cantata "A Midsummer Night" by Paul Bliss. Miss Alice Galt sang "O'er Hill and Dale"; Miss Ada Robertson "Make Way, Making Room," and Miss Eleanor Wright "How Yassie of Mine." Miss C. Ahrens' piano solo, "En Route," and the readings, "The Soul of the World," by Miss Jean Mary Root, and "The Mistletoe," given by Miss Pearl Wigle, were also much appreciated. A big feature of the program was F. J. W. Taylor's oratory, "The Mistletoe," rendered by ten of the girls—5 violinists and four pianists, assisted by Miss Wright at the large pipe organ.

The evening program consisted in the presentation of diplomas, certificates, medals and special prizes to graduates and other deserving pupils, interspersed with vocal and instrumental selections by Arthur Blight, Miss Dr. Elliott and Miss Della Johnston, also an address by Rev. E. B. Lancelotti of Hamilton. The following is a list of the graduates.

Literary—Miss Gladys Helena Cotter, St. Ann's Bay, Jamaica; Miss Rowena Gardner, London, W.C.; Miss Zella Irene Garvin, Toronto, Ont.; Miss Zella Mildred Wigle, Amherst, Nova Scotia.

Musical—"Star-Artists" course—Miss Cora Belle Ahrens, Galt, Hamilton, Ont.; Miss Alice Lulu Galt, Amherst, Ont.; Miss Ada May Robertson, Maxwellville, Ont.

Oratory—Miss Velma Grace Burnett, Ringwood, Ont.; Miss Leaworthy Fraine Cooke, Pocatello, Idaho; Miss Jeanette Eccleston, Cleveland, Ohio; Miss Jean Mary Root, Toronto, Ont.; Miss Pearl Irene Wigle, Amherst, Nova Scotia.

Comm. Graduates—Mary Copeland Morgan, Hamilton, Ont.; Household Science—Miss Ethel May Bussler, Olean, N.Y.; Miss Marguerite Nesbitt, Fort, Washington, D.C.; Miss Harriet Grace Samway, Kingston, Ont.; Miss Zella Gladys Shaver, Ithaca, Ont.; Miss Katharine Tupper, Glen Falls, N.Y.; Miss Martha Tupper, Glen Falls, N.Y.

Medals were awarded as follows: Gold medal, by Hon. Senator Cox, to Miss Zella Irene Garvin; silver medal, by the college—Miss Gladys Helena Cotter; silver medal, by J. W. F. Har. Miss Cora Belle Ahrens, gold medal, by R. C. Hamilton, highest standing in piano; Miss Ada May Robertson; gold medal, by R. J. Score, for highest standing in household science course—Miss Katharine Tupper.

KNIGHTS OF COLUMBUS Sault Ste. Marie Decided On as the Next Meeting Place.

BROCKVILLE, June 22.—(Special.) The State Council of the Knights of Columbus, representing twenty-three lodges, met here yesterday and to-day, holding two splendid sessions, between side trips arranged by the civic authorities and the local council for the entertainment of the delegates who came from all parts of the province.

The order in Canada shows a membership of over 9000, of which Ontario has 3152, an increase of over 1000 for the year. The finances show a correspondingly healthy increase.

The state officers for the current year are: Deputy, O. K. Fraser, Brockville; secretary, J. H. Botsford, Brockville; treasurer, L. V. O'Connor, Lindsay; warden, J. A. Hussey, Sault Ste. Marie; advocate, J. Dromgoole, London; delegates to national council, Rev. T. J. Crowley, Warren, and E. J. Butler, Belleville.

Sault Ste. Marie was decided upon as the next place of meeting.

Dr. B.E. Hawke, 21 Wellesley-street, Toronto makes a specialty of all diseases of the lower bowels. Piles, fistulas, etc. successfully treated without operation. Write for free booklet. 474.

Blamed the Motorist. ORANGETOWN, June 22.—The inquest into the death of John Marshall Melancton Township farmer who was killed near Shelburne, was concluded yesterday, when the jury returned a verdict blaming the driver of the automobile, Dr. Gowan, of Hornburg's Mills, for not sounding his horn.

RESUBMIT VIADUCT BYLAW Works Committee Will Consider Motion by Controller Church.

The works committee will have before it to-morrow a motion by the Controller Church, seconded by Ald. Hill, for a re-submission of the Bloor-street viaduct bylaw. The views of the controller and alderman of a little education only is needed to the viaduct should be built, and strongly shared by Ald. Christie, chairman of the committee, who is hoping the viaduct as to be on the St. Clair-avenue widening means adding to the cost.

In the Afternoon Police Court. Jacob Markovitch was charged in the afternoon police court yesterday with assaulting his wife, Eric Armour, for the accused, said the latter was willing to have his wife return to his mother-in-law would absent herself. The assault charge was dropped, and the divided household given a chance to become reconciled. Five young men faced the charge of having refused to move along Fernmount-street, as they were by a plainclothes officer. It appeared that they did not know they were resisting authority and they were let go.

Tobacco Habit Liquor Habit

Dr. McTaggart's tobacco remedy removes all dependence on the habit. A vegetable medicine, and only requires touching the tongue with it occasionally. Price \$2.00. Address or consult Dr. McTaggart, 474 Yonge-street, Toronto, Canada.

THE MARRIAGE TOOK PLACE YESTERDAY

at 2:30 o'clock in St. James' Cathedral, Charlotte Olive, eldest daughter of Lt.-Colonel and Mrs. Albert Gooderham, Deancroft, Rosedale, the late Rev. Dr. Burson and Mrs. Burson, St. Catharines. The service, which was fully choral, was sung by the Rev. Ensign Plumtree, assisted by the Rev. Ensign Sharp, chaplain of the Royal Grenadiers. The church was decorated with standard vases of American Beauties and green sheaves of bride bouquets. The bride party was preceded by the choir, then the bridesmaids, Miss Jean Alexander, Miss Elizabeth Blackstock and Miss Mary Burke, all dressed in white, and lace and carried yellow Scotch roses, and the same in her hat, the two others carried baskets of crimson roses, and those in their hats to match. Miss Marjorie Gooderham, sister of the bride, was maid of honor, also in white and carrying pink roses. The flower girls were Miss Victoria Gooderham, Margaret Meyers, Mrs. Campbell Meyers' eldest daughter, and niece of the groom. They wore white muslin frocks with Irish lace, hats of white lace with forget-me-nots and roses and carried baskets of forget-me-nots. Each bridesmaid wore the gift of the groom, an enamel brooch set with pearls.

The bride, who was brought in and given away by her father, looked very graceful and pretty in a gown of white duchesse satin with long train, embroidered with pearls and trimmed with wide frills of finest Brussels point lace. Her large veil worn over her face and tiny wreath of orange blossoms and white heather, was of Brussels applique with a deep border of the lace and sprays of white and pink flowers. She carried a shower of lilies, which, with a diamond and pearl brooch, were the gift of the groom. Mr. Herbert Burson, brother of the groom, was best man, and the ushers were Captain A. E. Gooderham and Mr. Melville Gooderham, brothers of the bride, Mr. Duncan, a cousin, Dr. Stewart, Dr. Mackenzie and Dr. George Ryerson.

At the ceremony Colonel and Mrs. Gooderham held a large reception at Deancroft, which is so well adapted to a large entertainment. Mrs. Gooderham received on the veranda and looked extremely handsome in a gown of white chignon with pink and blue embroideries and Brussels point lace. Her large white hat was faced with black velvet and trimmed with Chartruse green willow plumes. She wore three strings of beautiful pearls, carried Kilkenny roses. There were roses everywhere, white, crimson and pink. The bride and groom received in the drawing room under a gown of flowers, a large marquee was erected on the lawn at the back of the house, and many small tables were scattered among the trees. The band of the Royal Grenadiers was present and played during the afternoon.

After cutting the cake and having her health proposed by Canon Plumtree, the bride changed her wedding gown for a tailor-made dress of Gobel in blue tulle, a little tulle hat trimmed with the same color, after which she was driven to the station in Col. Gooderham's motor, which was tied with white ribbons and carried an arch of flowers in front. They will spend some time in England, and on their return will reside in their new house in St. Clair-avenue, which Col. Gooderham's present to his daughter.

The presents given to the bride and groom were magnificent, and included silver tea service and large tray from the Royal Grenadiers, a pierced silver basket from the Royal Grenadiers, Chapter I.O.D.E., and an edition de luxe of Jane Austen's works from the Grace Darling Chapter, I.O.D.E., of which the bride is a member.

The bridesmaids and ushers dined at the Hamilton Golf Club, and afterwards attended the Q.O.R. pageant in Exhibition Park.

The next important event at Niagara will be the fifth annual trap shooting tournament of the Canadian In-Action, which will be held at the Queen's Royal on June 29 and 30 and July 1, while the Ontario Bowling Association tournament will take place on July 11-16.

The closing and prize-giving of the Sisters of the Church will take place on Saturday at half-past three in St. Thomas Parish House, Huron-street.

Dr. M. Gordon of Spadina-avenue, and Mrs. W. Harcourt Hewlett of Marlborough-street, are leaving for Halifax next Tuesday to attend the convention of the National Women's Council at delegates from the local council of Toronto.

Amongst those in town to attend the annual meeting of the Canadian Women's Press Club, which will be held to-day at the King Edward Hotel, are: Mrs. E. Cor. Hind, Windsor; Mrs. Balmer Watt, Edmonton; Mrs. Rutan, Woodstock; Mrs. Turnbull, London; Mrs. Coleman ("Kit"), Hamilton; Mrs. Carr, Hamilton; Miss Nesbitt, Hamilton, and Mrs. Barrie, Fort William.

Off to Europe. Yesterday morning the Cuthbert European Tour Company left Toronto for Montreal, the first stage of their journey, which will use up three months. The personnel of the party is as follows: Conductor, Arthur Cuthbert, assisted by Mrs. Arthur Cuthbert; Rev. Dr. Matt. S. Hughes, Mrs. M. S. Hughes, Mr. and Mrs. W. N. Van Nuy, Mr. and Mrs. Lucius Jarvis of Pasadena, Cal.; Mr. and Mrs. O. F. Washburn, Sacramento, Cal.; Mr. and Mrs. M. A. Schofield, Miss Anita Wells of Gardena, Cal.; Miss Edna Stewart, Renfrew; Miss W. S. Jeffrey, Edgar W. Jeffrey, J. G. E. M. Henderson, Mrs. Charles Brown, Miss Edith Wilson, Montreal; Mr. and Mrs. William Lazier McFarland, Markdale; Mrs. Lizzie McCool, Miss Patricia McCool, Toronto; Miss Margaret McCregor, Salt; Mrs. Samuel Wilson, Miss M. Sullivan, Miss C. S. Mara, Toronto; Mr. and Mrs. T. E. Bissell, Elora; Miss Emma Green, Chatham; Miss Lillian Gouinlock, Toronto; Mrs. Hedy L. Hennessy, Toronto; Mrs. Helen Knight, Haliburton; Miss Florence McGilivray, Whitby; John Reid, Miss Mary Clendenan, Wakefield, Que.; Miss Effie K. McLatchie, Ottawa.

For the Children's Sake

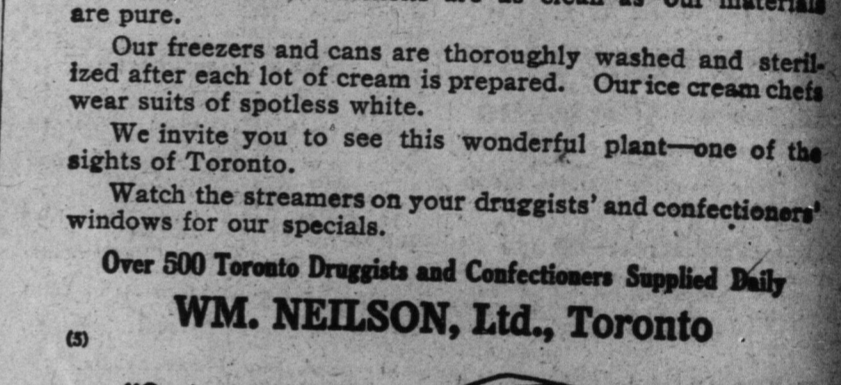

Give the children Neilson's Ice Cream. It's wholesome and nourishing. Let them eat all they want. It is made of absolutely pure cream. Government tests show it to contain the highest percentage of butter fat in any ice cream made in America.

Neilson's Ice Cream Bricks

Our kitchens and utensils are as clean as our materials are pure. Our freezers and cans are thoroughly washed and sterilized after each lot of cream is prepared. Our ice cream chefs wear suits of spotless white. We invite you to see this wonderful plant—one of the sights of Toronto. Watch the streamers on your druggists' and confectioners' windows for our specials. Over 500 Toronto Druggists and Confectioners Supplied Daily.

THANK YOU

The World Newspaper Company, Limited, tenders its sincere thanks to World readers for the generous manner in which they are patronizing The World's excursion to New York. Yesterday was another big day for the sale of tickets, and the popularity of the trip was proven most emphatically. Today, the day of going, the late comers, particularly those from out of town, will be taken care of. Tickets will be on sale at The World Office thruout the day.

A FINAL WORD

regarding equipment of trains. Everything will be of the best. The Lehigh Valley people are just as anxious to have this excursion a success as The Toronto World is, and will spare no effort to have the best possible accommodation. It does not matter how many people go, there will be ample accommodation for all to go in comfort.

The World's Hotels

in New York will be the Hotel Arlington and Hotel Bristol, where special rates have been secured for World excursionists.

HOTEL BRISTOL

In a letter received from Mr. T. E. Tolson, proprietor of Hotel Arlington, and Hotel Bristol, he says:

"If I can be of any service to you here in New York in arranging or assisting in arranging any side trips, I beg that you call on me at any time. I am going to do my utmost to help you to make this a particularly attractive excursion, and show you that things of this kind can be worked up for the benefit of both the people who take advantage of the excursion and the newspaper which undertakes the job."

Get your tickets from the Excursion Manager at The World Office, and secure all the extra benefits.

If there is anything you do not understand, use the telephone and ask questions. The number is Main 5308.

THURSDAY MORNING

CITY AIMS TO GET LAND

FRANKING WESTERN GAP

Acquisition From Government Would Pave Way For Ferry Transportation to Island.

As an initial step in the carrying out of a scheme of waterfront improvement, the special city committee on harbor affairs yesterday passed a resolution in favor of the acquisition of the land on both sides of the new western channel.

WILL GO TO OTTAWA

It was agreed that the mayor, Controller Spence, who is chairman of the committee, and Controller Ward should go to Ottawa to press for the concessions desired.

DUST IN SEVENTH WARD

Ald. Chisholm, chairman of the works committee, yesterday made a visit to the seventh ward to inspect the pavements and was so impressed with the density of the dust-clouds arising from unpaved thoroughfares that he will probably recommend that the city take the initiative as the rates appear insufficient.

COTTINGHAM STREET CLOSING

In response to a deputation from the north end of the city, who protested against the closing of Cotingham street, contemplated in the C. P. R. plans for a northern viaduct, the mayor promised to bring the matter before the city council.

WASTE OF WATER

As waterworks engineers reported that the city is threatened with a water famine, due to the indiscriminate and illegal waste of water for lawn sprinkling, the board decided to insert notices in the papers cautioning citizens not to use the water after the specified hours.

TO BE DYSPEPTIC

Is To Be MISERABLE.

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach, extending over a long period of years, as a positive cure for dyspepsia in all its forms, and from all diseases arising from it.

Mrs. Herman Dickenson, Benton, N.Y., writes: "I have Bitters and find that a few medicines can give relief in such cases. I took three bottles and became cured. I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."

For sale by all dealers. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

THE TORONTO WORLD

JUNE 23 1910 11

BOARD OF CONTROL WILL CONSIDER THE RE-ORGANIZATION SCHEME TO-MORROW.

Trunk Sewer Next Year. The works department estimates that the entire high level sewer system will be completed by November, 1911. The total length of the sewer will be about 40,000 feet, and 7000 feet has been completed.

DELAY CAUSES ANXIETY

Street Railway Employees Wondering About Their Agreement. Is the Toronto Street Railway Co. trying to evade the issue? This is what many of the employees and even some of the officials of the Street Railwaymen's Union are wondering.

HEAVY FINES IMPOSED

Judge Winchester's Penalties in Cobalt Ore Cases. Fines amounting to \$1025 were imposed by Judge Winchester yesterday to settle the majority of the Cobalt ore cases.

FOUND WITH HER THROAT CUT

CUMBERLAND, Md., June 22.—The body of Alice Brown, aged 13, was found with the throat cut in a clump of bushes here, this morning. Buck Nolan, 13 years old, with bloodstained hands and clothes and the imprint of teeth on his arms, is in jail, charged with the murder.

TO BRING 5000 IMMIGRANTS.

Col. Howell of the immigration department of the Salvation Army, had yesterday a meeting with James Whitlock, carrying through Pullman department. Col. Howell, who is leaving for England July 9, said, "We expect to bring about 5000 immigrants to Canada this summer."

WANT A REAL RIVER.

BRAMPTON, June 22.—Councillor C. L. Williams gave notice of a by-law to authorize the municipality to issue debentures to raise \$11,000, to be used for the purpose of straightening, deepening and widening the River Etobicoke.

CHILD BADLY BURNED.

ST. CATHARINES, June 22.—Erma, the 10-year-old daughter of William C. Warren of Warren Bros., woollen manufacturers, met with a painful, perhaps fatal, accident. In getting ready for school she passed too close to the gas range and her hair caught fire.

STRIPPED THE MOTOR BOATS.

ST. CATHARINES, June 22.—The police are looking for the perpetrator of a queer sort of robbery. Owners of all the boats along the canal at Lock 2 report that their boat-houses were broken into and 35 gasoline launches dismantled of about everything of value movable.

CONCURRED IN POSTAL BILL.

WASHINGTON, June 22.—By a vote of 44 to 25 the United States Senate today concurred in the house postal savings bank bill, thus sending it to President Taft without a conference.

PUBLIC OFFERING OF PFD. STOCK OF MURRAY-KAY, LIMITED

Firm Subscription Has Already Been Received and Accepted For \$1,000,000 of the \$1,500,000 of the Stock, Leaving Only \$500,000 Available For the Public Subscription.

The announcement is made elsewhere in this issue of an offering by the Toronto General Trusts Corporation, on behalf of Dymott, Cassels & Co., of \$1,500,000 of 7 per cent. cumulative preferred stock, carrying with it a bonus of 20 per cent. of common stock of Murray-Kay Limited.

THE WEATHER AND THE CROPS

Conditions in Ontario and the West Are Favorable. Despatches from the west to Toronto yesterday reported considerable improvement in crop growing conditions.

HAD TO JUMP FROM THIRD STOREY.

HAILEYBURY, June 22.—Jumping from the third storey of the Kinross ward boarding house, which went up in flames early to-day, Dave Clay, a middle-aged Englishman, was probably fatally injured.

FIRE AT BOWMANVILLE.

BOWMANVILLE, June 22.—Alvin Peters' residence was destroyed by fire last night. Mr. Peters was in the house at the time of the fire, and his 7-year-old daughter being the only other person in the house.

PREVENT AND RELIEVE HEADACHE

"It gives me great pleasure to be able to refer to Dr. Miles' Anti-Pain Pills as the best remedy we have yet had in our house for the prevention and cure of headache. My wife who has been a constant sufferer for a number of years with above complaint joins me in the hope that they may fall into the hands of all sufferers."

JOHN BUSH, Waterbury, Me.

USED THEM FOUR YEARS.

"Dr. Miles' Anti-Pain Pills are the best I ever tried for the relief of headache. I have used them for nearly four years and they never fail to give me relief. I have tried many other remedies, but have never found any better."

JOSEPH FRANKOWICK, 854 Trembley Av., Detroit, Mich.

Dr. Miles' Anti-Pain Pills.

The best feature of this remarkable remedy is the fact that it does not derange the stomach and leave any disagreeable after-effects. Price 25c at your druggist. He should apply you, if he does not, send price list on request.

Rich strikes and wonderful showings made in gold, silver and copper during the past year. Public confidence demonstrated by steady rise in shares on stock exchange. King Edward Mines Limited, capital \$2,000,000, easy \$30 per ton. No promotion stock. Par value 25 cents, fully paid first issue treasury shares 25 cents.

DEMAND FOR PLATINUM HAS BECOME PERMANENT

Call For the Metal Increasing Every Year—Found Now in Saskatchewan. That platinum is found in the Saskatchewan is a matter of record. To what extent remains to be discovered. The Ural mountains in Russia furnish the greatest amount and it stands to reason that finds having been made through rivers and streams in northern Canada and on the Queen Charlotte Islands, practical common sense should suggest careful exploration of grounds likely to produce quantities of a mineral double the value of gold.

REMARKABLE GROWTH OF STEWART, B.C., CAMP

Town is Going Ahead Very Rapidly—Active Development Work Prosecuted. STEWART, B. C., June 15.—(Special.)—For a number of years it has been known that mineral wealth existed in the Portland Canal district, but owing to the lack of proper transportation facilities and from other causes the district was not developed to any extent until a year or so ago, at which time a number of companies were organized to exploit the new camp, among the most important being the Red Cliff Mining Co., Ltd., of Vancouver.

GOVERNMENT EMPLOYE FIED FOR ATTENDING MILITIA CAMP.

Because Wm. McIntosh, 37 Seaton street, sergeant in the York Rangers, attended Niagara Camp against the wishes of his superiors in the post-office service here, he has lost his job as temporary sorter.

CHILD DROWNED AT COBALT.

COBALT, June 22.—While fishing in Cobalt Lake this morning, John Solomon, a seven-year-old Finlander, lost his footing on a slippery ledge and was drowned in 86 feet of water before the eyes of his 11-year-old brother and a number of others with whom he was fishing.

# GRANGERS LEAD THE UPTURN ON WALL STREET MARKET

## Big Interests Support Prices Wheat Break Helps N.Y. Stocks

### Wall Street Securities Take Turn For the Better—Money Conditions Influence Domestic Issues.

**World Office.**  
**Wednesday Evening, June 22.**  
 There were no features to speculate on the Toronto Stock Exchange to-day. Trading was singularly dull throughout, and even such issues as were dealt in most largely showed only fractional changes.

Black Lake was the most active issue, these shares easing slightly from yesterday under what was generally construed as a profit-taking sale. The movement divided down in the afternoon, not one block of the shares changing hands on that board.

The transactions were in somewhat better demand. Mackay held steady around yesterday's price, touching \$20 on the afternoon board. Duluth Superior eased a fraction and closed at \$9.84 or slightly below the low price realized during the session. Twin City held firm at 111 and closed at that point. Rio was unchanged.

Trading in stocks on the local market is being held back by the scarcity of available money. The banks have begun reducing their call loans to bankers about a month earlier than usual this year, and for this reason there is a general opinion that some stringency will be realized later on.

A large amount of money has been diverted from the exchange to real estate of late. There have also been a large number of notations put out, and all this has had its effect in absorbing money which would otherwise have gone into stocks. Now that the brokers are experiencing some difficulty in negotiation for advances it is not probable that anything more than small movement will be in order.

**Wall Street Pointers.**  
 Copper stocks inclined to sell off. Sales of small blocks of copper reported at 12-13 cents a pound, but United Metals Selling Co. makes no reduction.

Thirty-one roads for second week June show average gross increase 16.8 per cent.

Weather conditions continue favorable, but rain is needed in northwest.

Chicago reports railroad demand for material less than iron and steel trade had expected.

Packers compromise with eastern roads on 11 per cent. increase in freight rates.

John E. Parsons resigns from American Sugar Co. and Charles H. Allen succeeds Arthur D. Doney as treasurer.

President Felton of Pennsylvania Steel Co. reports business equal to about 75 per cent. of capacity.

Imports of copper in June estimated will break all records at 15,000 to 18,000 tons.

July disbursements for interest and dividends will approximate \$200,000,000.

Joseph says: Hold Pacific and St. Paul. Southern Pacific is an excellent proposition. Average Coppers and Steels very moderate recession. Hold C. and O. and B. R. T.

The technical position of the market is good. Support seems to be good. Good news from crop districts would probably cause a sharp advance. There can be no question that the advances are exaggerated by Chicago bulls on wheat. Of course Granger stocks reflect the adverse crop news. Great Northern and Northern Pacific are in a strong position, also St. Paul. Neither is in the strongest. Union Pacific is in good shape. Rock Island should be bought on recessions.—Financial Bulletin.

We do not expect any great activity as long as conditions in the wheat belt make the grain market so attractive to speculators. As long as wheat continues to advance stocks will have a downward tendency, for as the outlook for wheat crop becomes worse, the prospect for increased railroad earnings grows less in the same proportion. Let the long side of railroad stocks alone for the present. Advances will be the result of manipulation and cannot be sustained.—Town Topics.

**Hocking Iron Reorganization.**  
 NEW YORK, June 22.—The committee having in charge the reorganization of the Columbus and Hocking Coal and Iron Co. announces the deposit of more than a majority of all classes of securities, thus insuring a reorganization of the company.

**Dividends Declared.**  
 Panhandle Railroad declared regular quarterly dividend of 1 1/2 per cent. each on preferred and common stocks, payable July 25.

The Westinghouse Electric Co. declared regular quarterly dividend of 1 1/2 per cent. on its preferred, payable July 15. No action was taken on the matter of paying back dividends.

**Standard Bank directors** have declared the regular quarterly dividend of 3 per cent. on its preferred, payable Aug. 1 to shareholders of record July 21.

**Lehigh Increases Capital.**  
 PHILADELPHIA, June 22.—The stockholders of the Lehigh Valley Railroad Company at a special meeting here to-day voted to increase the capital of the company from \$40,830,000 to \$80,000,000.

The directors authorized an issue of \$20,220,000, to which holders of common and preferred stock can subscribe at par in amounts of 10 per cent. of their holdings, as they stand registered on June 30.

**Iron Trade Fallen Off.**  
 NEW YORK, June 22.—The Iron Age to-morrow will say: The iron trade approaches the end of the half year with none of the decisive indications in view that have been expected to develop when that point was reached. The present scale of operations is well known to range from ten to twenty per cent. less than in first quarter, and prices in a number of lines have yielded as demand has fallen off, but the recession has not become very more marked in the past month. The new orders booked by the U. S. Steel Corporation are still exceeding those of the corresponding period in May, and the corporation is now operating 81 per cent. of its blast furnace capacity. The way in which demand has kept up in the structural branch is still a feature of the trade in finished steel. Pig iron is drifting into guinea. The wages demands of the sheet and tin plate workers, involving nearly ten per cent. advance, have been refused by the independent manufacturers and prospects are not bright for an early settlement.

**Municipal Debentures.**  
 The Ontario Securities Company, Limited, of this city, has been awarded, as the highest tender, four blocks of debentures of the City of Windsor, Ont., amounting to \$69,108.45, bearing interest at the rate of 4 per cent., 4 1/2 per cent., and 5 per cent., and repayable in 10, 17, 18 and 20 annual instalments. The purposes of these issues are providing, purchase of land, and local improvements. The financial status of the City of Windsor is exceptionally good, its total debenture debt being only about 4 per cent. of the assessed value.

The same company has also purchased by tender \$472,720 debentures of the Town of Kingsville, Ont., bearing 4 per cent. interest and repayable in 27 annual instalments, the issue being for park purposes.

**On Wall Street.**  
 Erickson Perkins & Co., had the following:  
 Stocks reached higher levels this afternoon after very good support by prominent interests as well as considerable short covering. The granger stocks notably the northern roads, led, reflecting improved weather conditions in that section, where drought had prevailed. The entire stock market that improved. To-day's sharp break in wheat broke confidence in the improved weather conditions in spring wheat territory. Not much rain has fallen there apparently, but the thermometer is lower and the government predicts that there will be showers in many sections of the northwest during the next day or two. There was talk to-day that we will get advanced freight rates sooner than is commonly supposed. Opposition is said to be rapidly dying out. The outlook is somewhat improved as a whole. Buy stocks on drives.

Finley Barrell wired J. P. Bickell: We believe that the stock market is on a par with the public gets interested. It may take a month to get the people in the market, but the big interests are determined to make one more attempt.

Charles Head & Co. to R. B. Bond.

Copper shares showed a better tone, possibly on hopes that Mr. Morgan's return to-morrow will check the fare and bring better results to the producers. Closing was strong at near highest with outlook favorable. We still believe in higher prices and would take advantage of all weak spots to buy.

## THE DOMINION BANK

NOTICE IS HEREBY GIVEN that a Dividend of Three Per Cent. upon the Capital Stock of this institution has been declared for the quarter ending 30th June, 1910, being at the rate of Twelve Per Cent. Per Annum, and that the same will be payable at the Banking House in this city on and after

SATURDAY, THE SECOND DAY OF JULY NEXT.

The Transfer Books will be closed from the 20th to the 30th June, both days inclusive.

By Order of the Board.  
 C. A. ROBERT,  
 General Manager.

Toronto, 19th May, 1910.

**TIGHT MONEY-RATES LATER ON.**  
 World Office  
 Wednesday Evening, June 22.

Speculation on the Toronto stock market to-day was governed by the summer inactivity which has characterized the exchanges for some days past. There was no enthusiasm to trading, and little perceptible change in values was registered. The monthly statement of the Canadian chartered banks was favorably construed as showing the continued business expansion through the Dominion, current loans in Canada increasing nearly five millions, while deposits increased thirteen millions. Call loans on stocks decreased nearly a million and a half. The banks are reducing advances to brokers, and this will mean less money available for market purposes. Outside conditions point to tight money rates later on.

# Back in Wheat Follows Relief from Drought in West

## Chicago Market Reacts Sharply on Reports of Rain in Wheat Belt - Crop Advises Conflicting.

World Office.  
 Wednesday Evening, June 22.  
 Chicago market reacts sharply on reports of rain in wheat belt. Crop advisers conflicting.

Reports from the West indicate a break in the hot weather that has prevailed during the past few days in Montana, North Dakota, South Dakota, Nebraska and Western Minnesota. A fair supply of fruit was of sale, and prices remained unchanged from the day previous.

Among the shipments received were some California peaches and apricots, the former selling at \$2.50 and the latter at \$1.50 per box.

Practically all the tomatoes now on the market are from Texas.

The following prices were current:  
 Apples, per dozen, \$1.00 to \$1.25  
 Apricots (Cal.), box, 1.50  
 Beans, string, 1.50  
 Cabbage, crates, 1.50  
 Carrots, crates, 1.50  
 Gooseberries, crates, 1.50  
 Lemons, case, 4.00  
 Onions, crates, 2.75  
 Oranges, case, 2.75  
 Peaches (Cal.), box, 2.50  
 Pineapples, 2.75  
 Pineapples, 18", 2.75  
 Pineapples, 20", 2.75  
 Potatoes, new, 2.75  
 Strawberries, quart, 0.12  
 Tomatoes, 6-basket carrier, 2.50  
 Tomatoes, 4-basket carrier, 1.25

**Toronto Sugar Market.**  
 Granulated, 50 per cent, in barrels, No. 1, \$4.50 per cwt. in barrels, No. 2, \$4.25 per cwt. in bags. These prices are for delivery here. Car lots 5c less. No. 100-lb. bags, prices are 5c less.

**Winnipeg Grain Market.**  
 Wheat—June 22, 1910, July 9c, Oct. 90c.  
 Oats—July 22, 1910, Oct. 33c.

**FRUIT MARKET.**  
 Yesterday was quiet at the wholesale fruit market at the foot of Yonge street in consequence of the large fruit stores being closed for the weekly half-holiday. A fair supply of fruit was of sale, and prices remained unchanged from the day previous.

Among the shipments received were some California peaches and apricots, the former selling at \$2.50 and the latter at \$1.50 per box.

Practically all the tomatoes now on the market are from Texas.

The following prices were current:  
 Apples, per dozen, \$1.00 to \$1.25  
 Apricots (Cal.), box, 1.50  
 Beans, string, 1.50  
 Cabbage, crates, 1.50  
 Carrots, crates, 1.50  
 Gooseberries, crates, 1.50  
 Lemons, case, 4.00  
 Onions, crates, 2.75  
 Oranges, case, 2.75  
 Peaches (Cal.), box, 2.50  
 Pineapples, 2.75  
 Pineapples, 18", 2.75  
 Pineapples, 20", 2.75  
 Potatoes, new, 2.75  
 Strawberries, quart, 0.12  
 Tomatoes, 6-basket carrier, 2.50  
 Tomatoes, 4-basket carrier, 1.25

**Chicago Cattle Market.**

 EAST BUFFALO, June 22.—Cattle—Receipts, 400 head; dull; prime steers, \$12.25 to \$12.50.

Yale—Receipts, 200 head; slow and 25c lower, \$7 to \$8.25.

Hogs—Receipts, 300 head; active and 10c to 20c lower; heavy and mixed, \$9.75 to \$10.25; workers, \$9.50 to \$10.10; pigs, \$10 to \$10.50; roughs, \$8.50 to \$9.50; stags, \$7 to \$7.75; sires, \$9.50 to \$10.

Sheep and Lambs—Receipts, 800 head; slow; lambs and yearlings, \$5 to \$6.25; lambs, \$4 to \$7.75.

**Montreal Stock Yards.**  
 MONTREAL, June 22.—(Special)—At the Canadian Pacific live stock market, the offerings of live stock this morning consisted of 200 cattle, 400 sheep and lambs, 600 hogs and 1000 calves. A weak feeling prevails in the market for cattle, and prices show a further decline of 1c to 1 1/2c per lb. from Monday. This was due to the increased offerings, the poor quality of the stock and the continued warm weather.

There was a large gathering of buyers, but the demand was limited, and only for small lots. In consequence, the trade on the whole was slow, and some were left over.

A few choice steers sold at 6 1/2c; good at 6 1/4c to 6 1/2c; fairly good at 6 1/4c to 6 1/2c; fair at 6 1/4c to 6 1/2c; and common at 6 1/4c to 6 1/2c.

There were a large number of inferior cows on the market, which met with a moderate demand, and the better grades brought as high as 5 1/2c to 6c per pound.

The quality of the bulls was poor, and they sold at 2 1/2c to 4 1/2c per lb.

The trade in sheep, lambs and calves was more active on account of the increased supply, but the tone of the market was weaker, and prices for sheep and lambs were 1/2c to 1c lower than former selling at 4 1/2c per lb., and the latter at \$3.50 to \$4 each.

Calves were firm under a good demand, and sales were made at \$3 to \$10 each, as to size and quality.

A weaker feeling prevails in the market for hogs, owing to larger receipts, and prices were fully 1/2c per 100 lbs. lower than on Monday.

At this reduction the demand from packers was fairly good, and a number of mixed loads were made at \$9 to \$9.50 per 100 lbs., weighed off cars.

At the Montreal Stock Yards West End Market, there were 275 cattle, 400 sheep and lambs, 800 hogs and 800 calves. The trade at this market for cattle was slow, and prices were 1/2c to 1c lower than at the sales of selected lots at \$7.75 to \$8.25 per 100 lbs., weighed off cars.

At this market for sheep and lambs was good, and the prices realized were much the same as those quoted above.

**Chicago Cattle Market.**  
 CHICAGO, June 22.—Cattle—Receipts, 26,000; market 15c to 25c lower; steers, \$12.25 to \$12.75; cows, \$11.50 to \$12.00; calves, \$13 to \$15; stockers and feeders, \$4.75 to \$5.25.

 CLARKSON & CROSS, F.C.A.

The departure that is being made in offering securities of this character to the public has been decided on because it is believed to be in the interest of the public as well as to the advantage of the business of the new company to secure as wide a distribution as possible for its preferred stock.

The \$1,500,000 of the above preferred stock is now offered for sale at par, carrying with it a bonus of common stock equal to 20 per cent of the preferred stock.

Of this \$1,500,000 subscriptions have already been received for \$1,000,000 and accepted, leaving for the balance of \$500,000.

The preferred stock is preferred both as to dividends and as to assets. Payments may be made as follows:

**PLAN "A"**  
 10 per cent on application, and  
 90 per cent on allotment

**PLAN "B"** in instalments as follows:  
 10 per cent on application  
 15 per cent on allotment  
 35 per cent on 15th July, 1910  
 40 per cent on 15th August, 1910  
 100 per cent

When payments are made in instalments, according to Plan "B" interest at the rate of 7 per cent, per annum from date of allotment will be charged. The preferred stock carries dividends at 7 per cent, from June 15th, 1910.

The right is reserved to allot only such subscriptions and for such amounts as may be approved, and to close the subscription books without notice.

Where no allotment is made the deposit will be returned in full, and where the number of shares allotted is less than the number applied for, the balance of the deposit will be applied toward the remaining payments.

Applications will be made to have both the preferred and common stock of the company listed on the Toronto Stock Exchange.

## ASSETS AND EARNING POWER

The Company will own the undertaking as a going concern of the W. A. Murray Co., Limited, and John Kay Co., Limited.

Messrs. Clarkson and Cross and Mr. James P. Langley, accountants, in their certificate of earnings report as follows:

"We have examined the books and accounts of the W. A. Murray Co., Limited, and of the John Kay Co., Limited, for the three years ending 31st January, 1910. Eliminating interest, making a reasonable deduction for depreciation of buildings, store fixtures and furnishings, and allowing the sum of \$25,000 each year for directors' fees and salaries of executive officers, we find the combined net profits for the three years

H. H. FUDGER, President.

J. Wood, Manager.

# To Toronto's Crack Regiment---Another 50 Years of Popularity

## Simpson's Summer Sale Holds Friday as a Day of Little Prices

EACH day in the week has its turn in emphasizing some particular economical feature of the Summer Sale. To-morrow being our weekly Bargain Day we quote **Little Prices** in every aisle and corner of the store. Shop to-morrow, remembering that Friday Bargain Day comes only once again during this Summer Sale. We are offering every inducement for immediate summer shopping, and people will realize it more and more as the end of June approaches.

N.B.—Shop in the cool of the day in the cool store—at Simpson's, in the morning.

**Boiled Water**  
Versus  
**Filtered Water**

If there is any doubt about which of the two is more grateful to the parched throat—boiled or filtered water—come and enjoy a cool, sweet, effervescent glass of sparkling Lake Ontario, 100 per cent pure.

We have installed ten Jarvis Natural Stone Filters, and the result is H<sub>2</sub>O—pure, unadulterated water, with just sufficient natural lime in it to give it zest. Come and have some. It is served in the lunch room—all day.

**Bargain Day in the China Sale**

**THE OLD CLOCK**

People who have lived in Toronto for any length of time will remember the Old Wanless Clock which hung over the pavement on Yonge street opposite the Wanless Jewellery store, which is now a part of the Robert Simpson Company premises. People used to set their watches by it, and situated as it was in one of the busiest sections of Yonge street, its face was a familiar one to thousands.

The building which the old clock marked is soon to be torn down, and rebuilt uniformly with the Simpson Block.

The stock of the Wanless Clock, being so remarkably cheaply in the section of the store must be cleared out of the way of building operations. On Friday you may choose from:
