Wait Until Made Legal by Amendments to Education Act.

### SOME PERSONALITIES

Thos. W. Bengough's official relation to the Toronto board of education is again in a condition of suspended animation. According to Dr. Noble, chairman of the board, as stated positively at the meeting rast night, the minister of education heartily approved of the appointment." He advised the board to wait until the appointment of such an officer as direction.

Dr. Noble ruled that Mr. Bengough and been legally appointed and that it would take a two-thirds majority to annul the appointment.

handling of such had increased only seven to ten per cent. The American railroads were suffering from too much business and the provision of adequate facilities would mean an expenditure of hundreds of milions. That was the primary cause of the bleakdown in the American railway systems in 1917.

The proposed St. Lawrence scheme would mean more to Canada, said he, than to the United States. There was, in the latter country a rapid depletion of natural resources. The peak of the wheat production, had probably been reached, while Canada had only touched the fringe of her timber lands, while her wheat production was tremendous. The address of Herr Havenstein, who is president of the Releasbank, was regarded as a de-pressing appeal, not altogether within the province of the experts to consider, according to the allied delegates.

Herr Schroeder's statement concernng the financial situation of Germany

was pessimistic, but was not shaped in such form, in the opinion of the allied experts, as would render dis-cussion of a final understanding im-possible. This was considered in the ight of progress as compared with former meetings.

Announce Federal Policy -Four Hundred Men Placed in Toronto Shipyard.

Ottawa, Dec. 16.-(By Canadian Press.) The unemployment policy of the Doday. The gist of the announcement this: The situation should be met to the itmost possib'e extent by providing work instead of relief, but should emergency relief measures become necessary by reason of utter'y unavoidable shortage, the federal government will be wiking to co-operate on the following basis: To Use Cert f cates.

"The organization for determining where relief must go and for distributing the same shall be provided by the nunicipal authorities, and in each case before relief 's given and as relief is continued, a certificate must be obtained continued, a certificate must be obtained from the government employment service, showing that the applicant cannot be given employment. The general system and details and the safeguards adopted must be approved by or on behalf of the federal government.

"If this is done the federal government is willing to contribute in places where relief on any substantial scale appears to be necessary, one-third of the amount actually disbursed on this relief provided the other two-thirds is either paid by the municipality or paid by the municipality and the province jointly."

### CALL FOR DESIGNS OF WAR MEMORIALS

Only Canadians May Compete in Competition-Eight Monuments.

Ottawa, Dec. 16 .- (Can. Press) .- Within a few days the Canadian battlefields memo is commission will issue an advertise-ment notifying architects, artists and ment notifying architects, artists and others interested that a competition in design for eight nemorial monuments to be erected on battlefields in France and Belgium, will be held. The sites selected for these monuments are at points where Canadian troops were engaged in important battles which resulted in valuable victories for the ailied armies. They are as follows: St. J. lien (second battle of Ypres); Hill 52, near Observatory Ridge, (battles of Sanctuary Wood, Mt. Sorrel and St. Eloi); Courcelette, (battles of the Somme); Vimy Ridge, Passchendaele, Hospital Wood, (battle of Arras and breaking of Drocourt-Queant line); Bourlon Wood.

To Cost \$1.500,000.

For the guidance of competitors an approximate cost of \$120,000 for each monument was indicated, the parliamentary committee having suggested that the cost of the eight memorials, including building of roads and incidental expenses, should be covered by about \$1,500,000.

In so far as architects, sculptors and other artists are concerned, only those who are engaged in work in Canada are eligible to enter the competition. The competition is vide open as far as other Canadian citizens are concerned. The competition is to be in two stages, in the first, competitors will be required to submit only sketches.

Edmonton, Alta., Dec. 16 .- As an . ndication of the rush for oil leases. in the Brazeau forest reserve at the foothills west of this city, the land office announces that since December 6 no less than \$23,926 has been paid as fees into the mine branch of the Edmonton land office.

It is unofficially learned that the Imperial Oil Company intend to set aside a sum of two million dollars for development in the Alberta oil fields next year, and that if results warrant the appropriation will be

materially increased.

Take Up Big Acreage.

Land offices officials estimate that in the neighborhood of ninety-five housand acres have been filed upon, half of which, under the new regula-tions, is reserved to the right of the crown. Chief among the interests who have filed upon this property is the Imperial Oil Company. The Oliphant-Munson collieries have also igured prominently in the leases

aken up.
The Branzeau reserve, situated west of Edmonton, is said by geologists to offer excellent indications for the production of oil.

CATARRHAL DEAFNESS AND

HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total dearness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessaritis a constitutional disease and necessaritis and force the disease into the middle ear, which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climats, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmint (Double Strength). Take this home and add to it 1 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick great from distressing head noises. Clogged the constrils should open, breathing be come easy and hearing improve as the inflammation in the custachian tubes is reduced. Parmint used in this way acts affectly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every Derson who has catarrh or head noises or is hard of hearing should give this treatment a triel.

We still consider our main object to be the supplying of your drug needs at cut-rate prices. That is indeed the primary reason for our existence. But this year, the volume of our holiday, business is so phenomenal that, for this one week we devote our whole advertisement to the furtherance of seasonable selling. During the past few weeks we have sold out complete stocks of certain lines, again and again, but we have been so fortunate as to be able to replenish most of these items from the manufacturers. We thus are able to offer you---for this week at least---the most complete assortment of holiday merchandise it has ever been our pleasure to display. We repeat--never before have we experienced such a volume of business---we again have great expectations from this list of

A. J. Forsyth, Burris, Rainy River district, made a plea for the conservation of the timber resources of the province and thought there should be no more sales of valuable timber lands.

Complaint was made that the big timber companies only paid \$8 a cord to the settlers for pulpwood. The price was ridiculously low, but had recently, under pressure, increased the price to \$13. An enquiry into the price allowed farmers for the wood should be held.

"It appears to me to be that of decayed flesh," was the reply. From whence it originates he is also at a loss to know, as every aperture large enough to conceal a human body was thoroly examined.

"Did you think when you commenced the searth in the morning that the odor might be emenating from a human body—that of Small?"

"I had hopes that it might,"

"Do you think now that you will find a body there?"

"No, I think there is hardly a chance of that. You see we searched every nook and oranny where a body might be concealed."

"Then why do you intend to search the room again today?"

"Merely to positively assure myself that a body is not concealed there, but principally to locate, if possible, the origin of the peculiar odor. It was extremely pronounced yesterday morning when we commenced the searth."

Detective-Serst. Mitchell stated emrhatically that he believed the mysterious disappearance of Ambrose J. Small would be solved.

The minister of agriculture, Hon. Report Blames Council.

The serious differences between the league council and the members of the assembly were publicly aired at a meeting of the mandates commission held this afternoon to consider the report of the sub-committee. The report draws an indictment aaginst the council's refusal to submit the draft of the mandates for Syria, Mesopota.

Crack Goaler Out of Saturday's Game-Muston to Retire .

Granites put an awful crimp in the hopes of the Argonaut senior hockey team yesterday by signing up all the men that have been out with them for the last two weeks with the exception of Jack Cain. Argos had hopes of weaning away at least three of the good ones, but the boys are all signed, sealed and delivered, and it looks as if players from Varsity are the only thing left to propup the rowing club to make them formidable in the senior hunt. Glen Sullivan hopes to get at least three from this source.

Granites leave for Pittsburg tomorrow night, and as the certificates must be returned to the O.H.A. by the 20th, Jerry Laflamme spent a busy session after practice last night signing the crew up. Just what Granites are going to do with all the high-class men is a mystery, but the fact remains that they are all signed and Argos hopes are dashed to the ground.

and Argos nopes are dashed to the ground.

A look over the list shows the strength of the senior champions They have Crook and Collett, two real senior goalers, signed. The defence men are: Hugh Fox, McCaffery, Dunc Munro, Jerry Laflamme and Nugent. The forwards are plentiful, as this list will show: Harry Watson, Jack Aggett, Alex Romeril, Hugh Aird, Don Jeffrey, Corky Fowler and Clarey Hicks.

Aura Lee seniors will be without the services of Charlie Stewart, their crack goaler, in Saturday's game against Varsity. Charlie is down with a heavy cold that promises to develop into something serious, and will not be able to play. Aura Lee will use Roach in the net. Roach is the good boy who made his name with the Avenue road juniors last season. This means that Roach will likely be carried all year. A couple of other senior clubs were casting eyes at him.

The problem of ice is becoming a decidedly serious matter for Canadiens, in Montreal. The flying Frenchmen are scheduled to start their National Hockey League campaign at Hamilton on Wednesday night next, but up to the present, with the start only six days away, no member of the team has been on ice this season, and no training has yet been done. Worse than that, the prospects for any training on ice prior to the opening of the season are decidedly remote. With representatives present from Halifax, Moncton, New Glasgow, Sussex, Sackville, Charlottetown and Amherst, what will be known as the Maritime Independent Amateur Hockey League was organized yesterday, at Amherst, N. S., with teams entered from Amherst, Hallfax, Moncton and New Glasgow, Sackville and Sussex withheld from the organization on account of its Independent character, and Charlottetown refused to enter owing to the long jump between places which would be beyond their financial means to carry out. The league will be conducted on an amateur basis, but not according to the amateur definition as laid down by the C. A. A. U., the almost unanimous opinion of the delegates present being that this definition was impossible to live by to, and in reality nothing more than a farce. There will be no salaried men in the independent league and no importations will be allowed, but a man will be paid for the time he loses from his regular occupation during trips away, which is not allowed under the C.A.A.U. ruling.

A very strong sentiment in favor of an independent amateur athletic union for the Maritime Provinces was expressed by representatives of the different clubs, it being held that these provinces could run their own sport far better than Ontario and the west, which dominate the athletic situation in the maritimes now.

Ratification of the new agreement with the National League is the most important matter to come before the annual meeting of the American League in New York today, so far as the club owners to the matters will develop during the meeting to make it an interesting session. This will be the first time the younger major league has been called together to discuss purely league matters since early ast month when the New York, Chicago and Boston clubs temporarily second to oin with the National League in the formation of a new twelve-club body to once action on the plan to reshape the covernment of organized baseball. It uppears certain that since the National League unanimously adopted the new major league agreement that the American League will take the same action. However, there is a possibility of some mendments being suggested since the ommittee representing the American League, that helped draw up the agreement, was composed of the presidents of hree of the so-called "loyal five," while leve York, Chicago or Boston was not be presented on the committee. No Harm for Arnst to Claim

London, Dec. 16 .- (C. A. P.)-A cable from Sydney, N.S.W., states that George Arnet lays claim to the world sculling championship on the ground that his challenge of Barry, who recently beat Felton, has not been accepted. The challenge was made to the winner before the Barry-Felton match and the validity of such a challenge is questioned, altho Arnst has local support for his claim.

Commander Ross to Succeed Sir H. M. Allan, As Head of Blue Bonnets

Carl Peters Gains His H. II. at Harvard

Cambridge, Mass., Dec. 16.—Carl F. Peters of Toronto, a member of the junior class at Harvard College, was awarded his "H2nd" in football at a recent meeting of the Harvard Athletic Association. The Harvard second football team is a separate organization in itself and plays outside games of its own, but its chief purpose is, of course, for the development of a winning Varsity eleven. Consequently, when, as was the case this year, the Varsity defeats Yale, the second team members deserve their share of the credit. Carl Peters is a son of J. H. Peters of No. 9 North Sherbourne street, who was consular-agent for Germany in Toronto before the war.

KINGSTON GROUP. Kingston, Ont., Dec. 16.—At a meeting field in the Hotel Randolph this afternoon, the schedules for group 1 of the intermediate and junior O.H.A. series were drawn up. The intermediate schedule is as follows:

Jan. 10—Queens at Belleville,

dule is as follows:

Jan. 10—Queens at Belleville,
Jan. 14—Frontenacs at Queens,
Jan. 19—Belleville at Frontenacs.
Jan. 24—Belleville at Gueens,
Jan. 28—Queens at Frontenacs,
Jan. 28—Queens at Belleville,
In group 1 of the junior series, Cornwall has a bye, but four local teams are in the group. Frontenacs have two teams and are with Queens and R.M.C., thus necessitating double-headers every night the juniors play,

The board of referees for the junior sames are chosen as follows; B.S.M.
Mackenzie, C.S.M. C, H. Walker,
M.C.; Jack Powell, Geo. Vanhorn, The following representatives were at the meeting: J. P. Fleming, Frontenacs, convener; Capt. J. T. Sutherland, Frontenacs; Ed. Thomas, Belleville; Prof.
T. M. Geliey, R.M.C.; Prof. Lindsay Malcolm, Queens; Mr. Stanford, Cornwall.

IN BROADVIEW TANK lately thru the tumbling of old records that it is quite possible for the new records to be put on the scrap heap before long. NEW RECORD MADE

Montreal, Dec. 16.—After continuing in effice as president of the Montreal Jockey Club since its inception, during the summer of 1905. Sir H. Montague Alian yesterday afternoon resigned and Commander J. K. L. Ross was unanimously elected as his successor.

Sir H. Montague Alian gives pressure of business as his reason for resigning. Other members to resign are: A. E. Oglivle as vice-president and Colin Campbell as a member of the board of directors.

These changes will be ratified at the annual meeting of the club to be held early in March.

Commander Ross, in speaking of his election, stated last night that he had accepte dthe presidency of the club on account of the fact that Montreal was his town. He said he would do all in his power to make the Blue Bonnets course one of the most attractive in Canada. Plunging was the favorite pastime of the finny tribe at Broadview Y.M.C.A.

COLLEGE SOCCER CROWN WON BY PENNSYLVANIA

Philadelphia, Dec. 16.—Pennsylvania won the intercollegiate soccer league championship of the United States today when she defeated Princeton at Haverford, four goals to two.

The contending teams closed their regular season in a tie for first place. When they played at Princeton last Saturday in the play off for the title the contest resulted in each team scoring three goals after four extra periods had been played.

Both teams went thru the season undefeated, having played each other to a scoreless tie in their regular league contest.

Kingston, Dec. 16.—Oliver Hawkins of Wolfe Island has sold his great pacer, Amardale, 2.05, to Mr. Webber, Rochester, N. Y. for \$4000. Amardale was bought by Mr. Hawkins from a New York state farm five years ago for \$125, and has made a lot of money by reason of the pacer's performances on tracks in Canada and the United States. Amardale was shipped to Rochester yesterday afternoon. Mr. Webber and a number of other prominent horsemen are building a new race track in Rochester.

These manoeuvres were moderately successful, so far as they had to do with issues of the speculative or volatile vallety, but in other quarters, notably among high-grade rails and industrials, not much headways was made.

Constructive elements again were wholly lacking, aside from the relative steadiness of money rates and the surprising strength of the foreign suchange market, especially sterling, but these were ignored and played no part as helpful factors.

A very large proportion of the day's trading was compressed in less than half a score of stocks, notably on call.

The preferred liquidation was not so drastic, but still heavy, being down 5½ points to a new low at 61½. The drive is in some quarters attributed to the pessimistic rumors as to the British Empire Steel Corporation being abandoned, to which the continued meetings of Dominion Steel Corporation directors appear to lend some truth.

Another new low was that of textile down four points to 101, while a broken lot of Penman's went at par.

### **EXPORTS ARE LARGE, BUT WHEAT DROPS**

Anxiety Over Economic Outlook Offsets the Bullish Factors.

Chicago, Dec. 16.-Nervousness over earish opinions current regarding the nomic outlook had a depressing effeet on the wheat market today, notwithstanding export business on a inge scale. The close was heavy, at he same as yesterday's finish to one cent lower, with March 158 to 158 1-4 and May 152 1-4 to 152 1-2. Corn lost 1-2 to 1 3-4 cents, and oats 1-8 to 7-8 cents. In provisions, the outcome varled from 12 cents decline to 30 cents

It was clearly shown that the majority of traders lacked confidence in the bull side of the wheat market. Even after the fact was widely known that export purchasing of domestic wheat today amounted to 3,000.000 wheat today amounted to 3,000.000 bushels, upturns in prices failed to hold. A reduction of 12,000,000 bushels in the estimated surplus of Australian wheat counted, too, only as a temporary stimulus. On the other hand, continued notice was given to unemployment figures and to other adverse aspects of the business situation. Liquidating sales on the part of holders became general in the last hour, epecially after word was circulated that the governor of North Dakota would require farmers to sell 25 per cent. of their wheat to d.minish strain on banks.

Corn and cats were ruled mainly by the action of wheat. Deferred deliv-eries of corn touched the lowest price Provisions sympathized with grain weakness but this influence was partly offset by late steadiness in the hog

The importance of transportation to the commercial activity of a country was emphasized by S. A. Continuing, the speaker drew further illustrations from cities of Germany. That whole country, in size one-seventh the area of the United **CLAIMS COMPACT TO** States, had possessed, he emphasized, 23,000 miles of navigable waterways. It had thus been able in war time to turn over its entire railroad system to the government without serious inconvenience to the industries of the

He stressed particularly the importance of uniform development of a country's transportation facilities. Board of Control Anxious to Avoid Sending Orders Across Line.

At the meeting of the board of con-trol yesterday Commissioner Harris strongly opposed the proposal of the tional Iron Works for next year's supply of gipe for the waterworks department and succeeded in having the proposal modified to such an exten that this firm will get the contractif they can meet prices obtainable

Mr. Harris quoted figures to support his statement that the city was not getting fair treatment from the National Iron Works. Tenders recently had been called for and only the National Co. had put in bids and these bids showed increases of from 47 to 67 per cent. over last year's tenders. Last year this firm had tendered \$17.40 for six-inch pipe and \$44.80 for 12-inch pipe. All the tenders had been rejected and the commissioner been authorized to go into the
