Federal Control In State of Sao Paulo Seriously Menaced

POLICEMAN KILLED BY FAX'S SHOT

SITUATION IN BRAZIL SAID TO BE VERY CHAOTIC

Inter-state Slaughter All Through Southern Part of Country Feared.

CIVILIANS JOIN

Revolutionaries Greatly Reinvigorated by Enlistment of Volunteers.

(By United Press.)

Buenos Aires, July 14.—Roundabout reports reaching here today describe the situation in the Brazilian state of Sao Paulo, where a section of the State army is in revolt against the State and Federal Government, as extremely chaotic, with citizens enlisting in the opposing factions.

Strong Government reinforcements arrived near Sao Paulo city over the week-end, but all reports here agree the Federalists are making little progress against the well trained and splendidly equipped Sao Paulo State troops. The strength of the revolutionaries has been increased considerably by civilian volunteers.

Two Americans have arrived in Santos, the seaport of Sao Paulo city, but the only message allowed to pass the censor read: "We have seen the situation, and it is terrific."

Federal Control Menaced

Then censorship is vigorously enforced and newspaper correspondence in Santos are allowed to send only the official communiques.

The impression is growing here that the Federal control of the state of Sao Paulo is seriously menaced and it seems certain that the prime purpose of the rebellion is political and aimed at the Federal regime in Rio.

Many wild rumors continue to float into Buenos Aires from the Southern Brazilian border, including reports that State troops of Rio Grande do Sul are marching northward. There is considerable dissatisfaction in Rio Grande, according to these reports, and a state of siege may be declared. Another rumor says the Federal garrison in Pelotas, Sul, has revolted openly declaring sympathy for the Sao Paulo revolutionists. "There is a strong possibility" one dispatch says "that internecine strife may extend throughout South Brazil."

President May Resign
The State of Rio Grande and Sao Paulo are two of the richest of the Brazilian Union. It is pointed out, however, that the Federal Government be unable to subdue them within a short time. President Bernardes might be forced to resign in the event of some strong leader capable of harmonizing the discordant factions.

Reports from Americans who have reached Santos declare that the rebel army in control of Sao Paulo city last week numbered at least 20,000 men and seemed well disciplined. The bulk of the troops consisted of units of the Sao Paulo military police, which has been trained by French officers and constitutes one of the best military divisions in South America.

The rebels are well supplied with equipment and ammunition from the big stores in the Lus Barracks in Sao Paulo City, and the Federal magazines at Santa Ana.

IS REAL KICK IN IT

Whiskey Leaks From Irish "Still"—Badger Drinks and Things Hum.

(United Press)

London, July 14.—They make real whiskey in Ireland. An illicit "still" on the Antrim Coast developed a leak at a critical moment and for a while it looked like a dull week-end, but a badger sampled the stream of whiskey that made its way towards a nearby creek. It made for the main road, attacked four men walking along together and before it was killed had badly bitten two of them, torn the trousers from the third and pulled the sleeve out of the fourth's coat. A dog, charged its owner and kept him in a tree for three hours.

Burned Man Saved By Water Treatment

Baltimore, Md., July 14.—Johns Hopkins University Hospital surgeons have been remarkably successful with a new water cure for serious burns.

Although two-thirds of his body was covered with burns received in an accident at an industrial plant, Herman Major, 38 years old, will leave the hospital within a week restored to health.

Heretofore a person with one-third of the body covered with burns was regarded as a hopeless case. For six days and nights Major was kept in a bathtub filled with water, which was frequently changed. Great quantities of water were given to him to drink.

ANOTHER B. C. SEAT GOES TO LIBERALS

Count of Absentee Vote Switches Fort George From Conservative Column.

Prince George, B. C., July 14.—H. C. Perry, Liberal, was elected in Fort George constituency, according to figures given out last night by the returning officer after the absentee vote was counted. F. P. Burden, Conservative, had led by three votes.

The final vote: Perry, Liberal, 1,079; Burden, Conservative, 1,028; Shearer, Provincial, 206.

Opening of absentee ballots in Vancouver began on Saturday, but it is apparent that the actual counting may be delayed until the end of the week, as the task of checking up 3,200 separate ballots to ensure that those who cast them were entitled to vote, will be long and tedious.

A rough calculation disclosed that Vancouver has about 1,700 absentee ballots for the election, and 1,500 on the free plebiscite. Irregularities which may or may not be held to invalidate the ballots were apparent in respect of several hundred of these.

Probability of absentee votes making any considerable change has been regarded when the number cast was found to be less than at first thought, and when irregularities affecting so many were noted. However, the Liberal leader is still hopeful that Mrs. Ralph Smith, Liberal, will overcome the 68 vote lead of General A. D. McKee, Provincial.

The absentee vote may make changes in three other ridings where the result was very close—Alberni, Richmond Island and Fort St. John.

With Fort George switched to the Liberal column the standing now is: Twenty-one Liberals, 17 Conservatives, four Provincials, three Labor, two Independent Liberals, one Independent.

SAVES 3; PERISHES WITH THE FOURTH

John McGaw is Hero of Tragedy in Which Bathurst Girl Loses Life.

St. Alexis de La Grande Baie, Chicoutimi County, Que., July 14.—John McGaw, employed by Price Brothers here, gallantly gave his life on Saturday afternoon when, after saving three young women from the waters of Des Sables river, he failed to bring back a fourth one, Miss Duncan, of Bathurst, N. B., who was drowned.

Miss Duncan was visiting friends in Kenogami and on Saturday afternoon, with three companions, went on a picnic at Grande Baie. The four were on the beach preparing to go bathing when suddenly the sand caved in under them and they sank in deep water. Mr. McGaw heard the call for help and he brought back three, but in his fourth attempt, as he was trying to bring back Miss Duncan, both went down together.

The bodies have not been found. Mr. McGaw was well known in the district, and his death, as well as that of Miss Duncan, has caused great regret.

Wire Briefs

Washington, July 14.—U. S. Secretary Hughes left on Saturday to attend the baristers' gathering in London. He also will visit Paris.

Meridian, Miss., July 14.—D. S. Cleveland, a prohibition agent, was shot to death and Sheriff N. E. Cannady narrowly escaped injury in a fight with alleged moonshiners, eight miles from this city.

Selkirk, July 14.—Seized with cramps while swimming in a pond on the outskirts of Selkirk, Mike Tipnik was drowned while his wife and two children, helpless on the bank, saw him disappear after a frantic struggle for his life.

Kushiro, Island of Kokkaido, Japan, July 14.—A Stuart MacLaren, the British aviator, and his two companions on their way round the world by air, arrived here today from Minato on Honshu, the main island of Japan.

CANADIANS RUN GREAT RACE IN OLYMPIC RELAY

Billy Maynes One of Quartette Which Finishes in Fourth Place.

MANY NEW RECORDS

Eight World and Thirteen Olympic Marks Shattered in Field Events.

(Canadian Press Cable.)
Olympic Stadium, Columbus, July 14.—Canada captured fourth position in the final yesterday of the 1,600-meter relay race, reaching the tape a few yards behind Butler of Great Britain, who was third. The race gave Canada six points.

A. T. Christie of Hamilton, leading the Canadian team, headed fourth place to W. Maynes of St. John, who transferred fifth place to H. Aylwin of Hamilton who carried the baton to D. M. Johnson, Rhodes scholar. Going up the far stretch Christie fought with Sweden, France and Italy and when he handed the baton to Maynes these four nations were almost abreast. Bad contact here cost a few yards but Aylwin, with his blonde hair flying, sailed magnificently down the course and Johnson, grabbing the baton, finished fourth after a neck-and-neck race with Gallier of France.

In the first series of the hop, step and jump, F. McDonald, Mississauga, covered 15.83 metres and in the second series, H. R. Shepherd of Alberta covered 12.77 metres. Both were unplaced in the final.

Cyril Coffey of Winnipeg ran the best race of his life on Saturday in his heat of the 400 metre relay in which the Canadian team won third position, thus qualifying for the finals. G. Hester of Toronto led his men by two yards.

Wine's (Toronto) leg gave out at a critical moment when rounding the first bend but L. Armstrong of Winnipeg, made up the loss of about two yards and crossed the line in third position a yard behind the second man.

Canadian Wrestler.
Donald Stockton of Montreal, obtained a decision over Bacon of England on points in the early middle-weight wrestling series.

Clifford Chilcott of Toronto, feather-weight, wrestling in the eliminations, secured a fall with the cradle and leg lock against Cavallini of Italy in 8 minutes 28 seconds. The Toronto man was not called upon to extend himself. Later Chilcott was awarded the decision on points over Angelo of Australia. Both Chilcott and Stockton are still in the races for the finals.

Oscar Ruppel of Montreal on Saturday threw Balleot, champion heavy-weight of France, using the arm and body lock, in five minutes 16 seconds. On Sunday, Spelman of the United States was given the decision over Ruppel after 10 minutes of wrestling.

Many Records Broken.
Paris, July 14.—Eight new world records and thirteen new Olympic records were created by the unprecedented athletic time and distance during the Olympic track and field championships which have a new standard of brilliance for future international stars to aim at.

The 400 metre individual run and relay witnesses the most startling results against time, the records for each being lowered three times, with Liddell of Great Britain holding the former mark which Imbach of Switzerland and Pitch of the U. S. also held for a time.

In the relay the team twice out of the record figure after the British quartet (Continued on page 9, third column)

HORSES ARRIVING AT FREDERICTON

Seven Races Are Scheduled at Capital During Next Week.

Fredricton, N. B., July 14.—The first stables for the Fredricton driving and sporting club's midsummer Maine and New Brunswick Circuit races next week have already arrived here. The Conroy with his string headed by Bud Hal, 2:10 1/4, and Mac Stee with the stable owned by C. H. Benoit of Charlottetown, P. E. I., arrived from St. John during the week end.

The racing committee of the Fredricton driving and sporting club decided during the week-end upon a programme of seven races, for July 23rd and 24th. In addition to the free-for-all and the junior free-for-all, there will be a 2:14 pace, 2:16 trot and pace, 2:18 trot and pace, 2:22 trot and pace and 2:25 trot. The free-for-all will be raced Thursday, July 24th, with two other events while the junior free-for-all and three other races will be the programme for Wednesday, July 23rd.

U. S. Set New Mark For Coffee Drinking

New York, July 14.—The consumption of coffee in the United States for the year ended June 30, 1934, established a new high record for all time. It also was estimated yesterday that the consumption of sugar in the first half of 1934 was 24 per cent greater than in the corresponding period last year.

Coffee consumption for the year ended June 30, 1934, amounted to 10,750,000 bags, against 8,660,000 for the previous year, an increase of 1,097,439 bags. Estimated in pounds instead of bags the consumption amounted to 1,483,272,225 pounds, or 24 per cent greater than in the corresponding period last year, against 1,277,595,500 pounds and 11.63 pounds, respectively.

APPEAL DISMISSED BY PRIVY COUNCIL

Ontario Loses in Matter of Speedy Trial For Home Bank Directors.

(Canadian Press Cable.)
London, July 14.—The appeal of the Attorney-General of Ontario, Hon. W. F. Nickle, to the Privy Council against the judgment of Justice Middleton, of the Supreme Court of Ontario granting a speedy trial to the accused directors of the defunct Home Bank of Canada on the charge of conspiracy laid against them under the Bank Act, has failed entirely. The judgment of the Privy Council gave judgment today, dismissing the appeal.

SUES FOR \$21,000 FOR RADIUM LOAN

Executors of One Doctor Bring Action Against Estate of Another.

New York, July 14.—The settlement of the estate of Walter Phelps Bliss, capitalist and philanthropist, who died in a subway train on June 10, resulted in the filing of a suit in the Supreme Court yesterday by the executors against the estate of Dr. George Stuart Willis to recover \$21,000 for radium.

The complaint, filed against Mrs. Anna U. Bliss as executrix under her husband's will, alleges that Mr. Bliss lent radium of the value stated to Dr. Willis in July, 1927, under an agreement that Dr. Willis could buy any part of the radium in excess of fifteen milligrams at \$70 a milligram. It was understood that in the event of death of Dr. Willis the unpurchased part of the radium was to be returned to Mr. Bliss or to his estate. The complaint alleged that no part of it was bought by Dr. Willis, and that he had been unavailing.

Dr. Willis, who was one of the leading authorities on radium in Great Britain and head of the Radium Department in the Post-Graduate Hospital, died suddenly of heart disease, on March 28. He and Mr. Bliss had a common interest in the purchase of radium. Mr. Bliss was treasurer of St. Luke's Hospital and of the Society for the Ruptured and Crippled.

Third Party in Prospect
Throughout the struggle by LaFollette in this campaign it has been disclosed that the Wisconsin State is setting out to bring about in due time a merger of the Progressive party, the party of at least a great Liberal and Progressive party. It is to be either a third party or a realignment along progressive and conservative lines of the old parties. And it may be put down as certain the Labor force see in this movement a great chance to play a more prominent part in Government in this country, perhaps even to duplicate the performance in Great Britain.

It is noteworthy that the LaFollette campaign will not be broken into, for evidence of a break was to be found. The thief may have found a door or window open and entered in that way. The police have been checking up on every one who regularly has had access to the house, but whether they have found any clue upon which to work is not known.

The pieces of jewelry missing, the nature of which has not been given out, were prized very highly by Mrs. Perry.

DE VALERA TO BE FREED THIS WEEK

Release of Irish Prisoners Causes Speculation—Republic Question Raised.

(By H. N. MOORE)
(British United Press.)

London, July 14.—The announcement that the remaining Irish leaders who are now in prison on sedition and similar charges, including Eamonn DeValera and Austin Slack, will be released this week is arousing considerable speculation with regard to developments in the Free State. Mr. Rutledge, secretary to DeValera, sent a pugnacious telegram to the Rt. Hon. J. H. Thomas, Colonial Secretary, following the latter's statement that the Labor Government would not countenance any steps to establish a republic in Ireland.

The coming by-election in County Mayo is generally regarded as an index of the political barometer. It is feared that the general business depression throughout the Free State may induce many waverers to vote for a republic.

Conditions Not Good.
The number of bankruptcies and the distress throughout the congested districts of the west are said to be appalling. The immense destruction which is the result of the civil war has aroused fears that British capital will not be available for investment in Irish enterprises. The Free State is reported taking steps to interest Germany in financing several large schemes of development especially in connection with a great power scheme.

MANY ARE NAMED

Several Applicants For Post of City Treasurer at Fredricton.

Fredricton, July 14.—(Special).—In connection with the vacant office of city treasurer of Fredricton several names are mentioned as possibilities or applicants. They include Aid. F. L. Cooper, Ex-Mayor Moses Mitchell, C. Fred Chestnut, George Bidlake, ex-Mayor W. S. Hooper, and Fred Haviland. The latter is connected with the Finance Department.

LABOR DOMINATES PARTY WORKING FOR LAFOLLETTE

Observers See a Similarity Between Movements in U. S. and England.

PREPARE FOR FIGHT

Headquarters for Presidential Campaign Opening East and West.

Washington, July 14.—The striking similarity between the LaFollette movement and the movement whereby Labor climbed into the saddle in Great Britain is being more and more remarked here.

This is so far more the case that many observers are beginning to wonder whether the U. S. is not about due for a Labor Government.

It is true that the LaFollette movement is for both a farmer and a Labor Government. It will have great strength among the farmers in the agricultural states. But the fact remains that the men who are shaping and dominating the drive for LaFollette for President are prominent Labor leaders.

In the last few days there have been several conferences here in the interest of LaFollette. Prominent officials of the railroad brotherhoods and other organizations have dominated the conferences.

Although Senator LaFollette will be backed by farmers and by Labor, it has to be borne in mind that the Labor force have by far the better organization and more skilled leadership. This is because the farmers until recent years have done little organizing.

It is noteworthy that the LaFollette campaign will not be broken into, for evidence of a break was to be found. The thief may have found a door or window open and entered in that way. The police have been checking up on every one who regularly has had access to the house, but whether they have found any clue upon which to work is not known.

NO SIGN OF BREAK

Police Are Baffled by \$20,000 Jewel Robbery at Newport.

Newport, R. I., July 14.—Jewelry valued, it is said, at over \$20,000 belonging to Mrs. Marjorie J. Perry of Providence is missing from her summer home, Block House, on Ocean avenue.

A robbery is believed to have been committed some time between last Sunday and Tuesday. The police have withheld information on the case.

It was learned, however, that the house was not broken into, for no evidence of a break was to be found. The thief may have found a door or window open and entered in that way. The police have been checking up on every one who regularly has had access to the house, but whether they have found any clue upon which to work is not known.

FIVE ARE DROWNED OFF B. C. COAST

Naval Officer, His Wife and Three Apprentices Lose Their Lives.

Victoria, B. C., July 14.—A quintruple tragedy involving the deaths by drowning of a gallant naval officer, his equally gallant wife and three young enlisted apprentices from the naval barracks at Esquimalt was the toll exacted by the elements here Saturday evening.

The victims were: Lieut. Ronald C. Watson, 27, of Edmonton; his wife, Aimee, 27, a native of Ireland; Wm. H. Neider, 15, South Vancouver; Henry C. Fletcher, 17, St. Thomas, Ontario, and George Williams, 17, of Toronto.

Lieut. Watson left Esquimalt Saturday morning with his apprentices for sailing practice, and was homeward bound when, in a rising wind, it is thought that the centre board keel became entangled in thick kelp which created the boat's way and caused her to upset. Four of the five members of the party were strong swimmers, but it is believed they also became entangled in the kelp.

Boy Scouts' Tribute

This wreath was the Boy Scouts' tribute to their comrade, Calvin Colledge Jr., Robert Fulton (left) and Louis Paulin, members of Troop 46 of Washington, representing the scouts throughout the country, brought this memorial to the White House shortly before the services began.

British Flier Starts Across Pacific; U. S. Airmen In France

(By United Press.)

Tokio, July 14.—A few hours before the U. S. round the world planes were sailing westward over sunny France today, Major A. D. C. MacLaren, British world flyer, set the nose of his machine northward from Minato, Japan, and began the first stage of his trans-Pacific flight through Alaskan blizzards and the perils of the north.

Vienna, July 14.—(United Press)—The three U. S. around-the-world planes took off from Vienna for Paris, a distance of 850 miles, at 5:40 a. m. today. They expect to reach the French capital at 2 o'clock this afternoon (Vienna time).

The airmen had intended, upon their arrival at Paris, to circle over the Arc de Triomphe and drop a floral wreath upon the grave of the unknown soldier, but the flowers they ordered failed to arrive in time and they were little specks on the western horizon before the automobile delivery wagon from the florists dashed up to the airdrome.

"We are glad to see white faces again and hear our language," Lieutenant Lowell Smith, flight commander, said. "We are enjoying this business of working our way round the world, but we certainly do long for the United States."

TO GO OVER FALLS IN RUBBER BALL

Bobby Leach Plans Drop From Airplanes and Float Over Cataract.

Niagara Falls, Ont., July 14.—Bobby Leach is determined to go over the Horseshoe Falls in a rubber ball. Leach says he will make the trip either on July 26 or Aug. 3. He now says that because of prohibition he will be dropped from an airplane into the stream near the Ontario power plant on this side and allow himself to float over the cataract.

Weather Report

Toronto, July 14.—The area of low pressure which was over the Great Lakes on Sunday has passed to the Gulf of St. Lawrence and high pressure is now spreading eastward from the western States. The weather is showery in the Maritime Provinces and fine in all other parts of the Dominion. It has become warmer again in the west and cooler in Ontario and Quebec.

Forecasts:
Gulf and North Shore—Fresh westerly winds, fair and cool today and on Tuesday.
Maritime—Fresh west and north-west winds, clearing, becoming cooler. Tuesday, fair and cool.

Northern New England—Partly cloudy tonight. Tuesday, showers; little change in temperature; gentle north to east winds.

4 MEN AND WOMEN HOLD POLICE AT BAY ALL NIGHT

Man and Two Girls are Captured; Other Man Still Free.

HAD BEEN STEALING

Patrolmen, Called to Scene, Were Met With Fusillade of Bullets.

(By Canadian Press.)
Halifax, July 14.—Patrolman Kennedy of the Halifax police force was this morning shot in a gun fight with a party of four, two men and two girls, who have been holding the police at bay in the woods bordering the North West Arm, a suburb of this city, since early last evening. Kennedy is dying.

He was shot from ambush this morning. No further casualties have been reported. All available members of the police force and of the Canadian National Railway police are in the woods searching for the unknown fugitives, who commenced their fight with the police last night, when a cottager at The Arm apprehended them in the act of stealing a camping outfit and called the city police.

When the police reached the scene last night they were met by a fusillade of bullets from a clump of trees, whereupon their attackers ran off in the darkness, leaving their booty behind.

One Man Escapes.
But one man, Bevis, remains defiant of the party of two men and two girls who held the police at bay all last evening and during the early hours of this morning, and which resulted in Policeman Kennedy being seriously wounded. The remainder of the group, both Sloughenwhite and two young girls of about 15 years of age, were captured this morning after the full police force of the city, augmented by officers from the Canadian National Railway force, were rushed to the scene where the party had taken their stand. The two girls are believed to be the sisters of the remaining man.

Former Premier, Under Amnesty, Expected to Seek Place in Senate.

(United Press.)

Paris, July 14.—The Chamber of Deputies having voted to extend amnesty to former Premier Joseph Caillaux and former Minister of the Interior Malvy, who were convicted in 1920 of wartime trafficking with the enemy, Caillaux's re-entrance into political life is expected to be immediate if the Chamber's action is approved by the upper house. He probably will ask his old constituency, the Department of the Sarthe, to send him to the Senate.

Caillaux figured in one of the great French political scandals following the murder of Gaston Calmette by Caillaux's wife in 1914. Calmette was editor of the Figaro and his paper had charged Caillaux with undue familiarity with Germany even before the outbreak of the war.

If Caillaux should enter the cabinet of Premier Herriot he probably would become Minister of Finance, a position for which he possesses marked qualifications.

Answers Wire Call; Learns Son Drowned

Des Moines, July 14.—Mrs. Edith Maloney, a telegrapher, went into a newspaper office here as a telegraph wire sounder clicked off repeatedly "Des"—the newspaper call. The regular operator was not on hand, so Mrs. Maloney answered the call. The message she received was a news story from McGregor, Iowa, saying that James Maloney, aged 12, had been drowned in the Mississippi river there. He was her son. She fainted. Hospital physicians said her condition was serious.

FIRE MENACE STILL PREVAILS; BLAZE NEAR HAMPTON SERIOUS

Burning Today, Despite the Rain Last Night—Northern N. B. is Clear.

Despite the rain of Sunday afternoon and evening and the efforts of 250 fire fighters a fire burning near Hampton, which was thought to be under control on Thursday is still raging, according to information given to The Times-Star over the telephone this afternoon. The fire at present is spreading through valuable timber lands and is spreading in the direction of Titusville. It was said to be about four miles from Norton and traveling fast.

So far as could be learned today the dwellings are said to be directly in line of the fire they were not in immediate danger.

The district through which the fire is burning was cut about 20 years ago.

A despatch from Fredericton this afternoon said that a report that the Hampton fire was under control had been received by the Department of Lands and Mines.

From Hampton, came an urge to other places in danger from this fire to organize to combat it. Dr. G. G. G. of Norton, councillor, was expected on the scene this afternoon.

A bad fire was burning on Saturday night at Gernain Brook, in the old Quaco road section. The rain last night was said to have subdued it.

In Other Places. Fredericton, July 14.—Although showers have occurred at various points in the southern part of the province, the prevailing high winds have made the present period more serious in the matter of forest fires. Several were reported as occurring or being fought over the week-end.

Saturday night a fire was reported on the Transcontinental railway, five miles north of Juniper, on lands of the N. B. Railway Co. C. L. Tracey and R. A. McFadden left for the scene. The fire which reported had covered about an acre.

On Saturday a serious fire started near Lakeville Corner, Sarnby county, originating, it is said, from slash burning. A church and hall and other buildings narrowly escaped destruction.

At Colter, on the Fredericton and Grand Lake railway, a fire which has been burning in the ground for about a week is still being fought.

The north of the province remains clear of fires.

INDIAN BEAUTY

Marie Lohre—her people call her Wan-mu-kee—has been voted the most beautiful Indian girl in the U. S. in a contest conducted by The Hear American, a newspaper published by Puget Sound Indians. There were entries from Alaska, Canada, Idaho, Montana, Oregon and Washington. Marie is a member of the Quinait tribe.

IS APPOINTED AS AUXILIARY BISHOP OF QUEBEC

Rome, July 14.—(Canadian Press cable via Reuters).—It was announced today that Pope Pius XI. has appointed Rev. Alfred Langlois, titular Bishop of Titopolis as auxiliary Bishop of Quebec.

ELECTION ANOMALIES

(Winnipeg Tribune). A example of the inadequacy of the present electoral system is discerned by the Ottawa Citizen in the South African general elections. The South African party, under the leadership of Premier Smuts, polled 150,000 votes, whereas the Nationalist party polled eight more seats, polled 86,000 fewer votes.

The Nationalists, however, in spite of what the electors may have said, take office with the support of the Labor party. Perhaps South Africa may become more interested in the more effective method of proportional representation, remarks the Citizen, which proceeds to take up the consideration of British Columbia's recent voting.

In the city of Vancouver, where six members are elected on one ballot, the Conservatives failed to secure a single seat. Each voter is entitled to vote six times in that city, the total poll amounting to 203,557 votes, though only a little over 40,000 electors actually voted.

The Conservative votes in Vancouver were wasted, while in Victoria the Liberals suffered a similar experience, four Conservatives being elected there on one ballot.

Ireland has proportional representation for Free State elections, but opponents of P. R. in Canada will argue that it is too complicated for the standard of intelligence of the Canadian electorate. Could there be anything more confusing than the recent election results under the present antiquated system?

MINNEAPOLIS MUNICIPAL GOLF (G. B. Arline in Golfers Magazine, New York). There are three 18-hole courses laid out on rolling land and kept in perfect condition. A golf club on each course is as good as any found in many private clubs. All three courses are self-maintaining.

The Glenwood course in Minneapolis was started in 1916 with nine holes, and enlarged to 18 a couple of years later, at a cost to the city of \$20,000. The players told me that the first nine holes were fairly sporty, while the last nine were flat, but I would say that the first nine is a paradise for angora goats, while the second nine is flat enough to foster a little enthusiasm for the game.

IS SETTLED. A fence was built by the city on Saturday, shutting off the property owned by Miss Hanson abutting Macleod street, owing to some trouble over the payment of rates on this roadway.

A fence of iron poles was erected on the sidewalk and the section was roped off. However, an amicable settlement was reached this morning. It was said Miss Hanson paid what the city demanded and the fence will be removed this afternoon.

FLIERS LAND. Tokio, July 14.—The British round-the-world party, headed by A. Stuart MacLaren, landed on Tashiro Bay, on the island of Yotorofu, in the Kuriles, at 3:54 p. m. today, said a despatch from a Japanese destroyer.

Paris, July 14.—The U. S. round-the-world fliers arrived here at 4:40 o'clock this afternoon.

WILL BE MAKING STREET CARS HERE IN FORTNIGHT

That the construction of new street cars will be started in St. John within the next two weeks was an announcement made today by M. A. Pooler, manager of the New Brunswick Power Company. He said at first and then have them built in lots of five. The new cars will be about the same size as those at present in use, but would have all modern improvements. There would be more space for entrance. The members of the painting department are reconstructing the cars. They are doing away with the solid green body and have introduced a cream border which makes for additional attractiveness. In the repair shop the cars are being overhauled and re-fitted.

LOCAL NEWS

TIPPLETS TO FITCH. Gene Tippetts will be on the ground for the War Vets in tonight's game against the Cleveland Giants, it was announced this afternoon. No chances will be taken by the locals in putting in a new pitcher.

WHO OWNS THEM? The local detective department was notified this morning that a resident of Loch Lomond had found four newly-painted chairs in his barn this morning. It was his belief that the chairs had been stolen from a summer cottage.

EIGHT TAKEN. When Magistrate Henderson picked up the charge sheet in the police court this morning and saw that eight men had been arrested over the week-end, charged with drunkenness, he said, "This looks pretty bad." Two of the men were present and were informed that they would have to pay \$8 or go to jail for two months, while the other six had been allowed to go on deposits of \$8 each, and as they failed to answer to their names this amount was forfeited.

A ROTARIAN PICNIC. Dr. Anglin was the speaker at the Rotary luncheon today. He gave a most instructive as well as impressive address on education in Rotary. His aims and objects were set forth at the international convention in Toronto. Everett Hunt was in the chair.

It was decided to have a combined picnic and entertainment at Grand Bay. It is to be held in August to raise funds for boys' work. Lou LeCheur was made chairman of the picnic committee, with power to add.

LIBEL MATTER PROGRESSES. Proceedings in the action for damages for alleged libel, which were commenced a short time ago by a local druggist against Dr. H. A. Farris of the St. John County Hospital, are progressing, the defendant having filed an affidavit through his solicitors, Powell and Mercereau of this city. William M. Ryan, solicitor for the plaintiff, has taken out subpoenas for directions, the next step in the proceedings, and indications point to the probability of the matter coming to trial at the September sitting of the Supreme Court here.

PORTLANDS VS. SAINTS. In amateur circles tonight, St. Rose's will meet Portland on the North End diamond in the City League. St. John Baptist will meet the Machine Gun in the South End League. In the Acadia League, the Wolves will meet the North End. The North End game is expected to attract a large number as the league leadership is at stake. The Saints are half a game ahead of the Portlands and a win for the latter boys tonight will give them a commanding lead in the City League race. Both teams will have their strongest line-up on deck for this game.

AUTOS COLLIDE. An automobile collision occurred in Main street about noon today when a sedan driven by Philip Simms and a touring car, No. 15424, collided. It is said that Mr. Simms was in the act of turning when the collision occurred. The sedan was quite badly damaged, the side being dented, the running board demolished and a tire torn. The other sustained a damaged radiator, bent mud guard and hood.

About 9 o'clock last night a slight collision occurred between an automobile driven by J. M. Queen and one driven by L. M. Harrison. The collision occurred at the corner of Charlotte and Union streets and fortunately little or no damage resulted.

THREE KILLED AS AUTO IS STRUCK BY C. P. R. TRAIN. Montreal, July 14.—S. Hackman, Moses Taub, and Jennie Shearer, all of Montreal were killed this morning when an automobile in which they were riding was struck on a level crossing near Shawbridge by a C. P. R. train.

DISCUSS SCHOOL AT THE ORPHANAGE

Delegation Meets Ratepayers at Annual Session Held Today.

The annual school meeting of the ratepayers of Lancaster School District, No. 3, was held this morning in the school house, Manawagonish road. Samuel Linton presided. Amador Anderson was re-elected secretary to the trustees and LeBaron Flewelling was re-elected auditor. The sum of \$1,000 was voted for school purposes during the ensuing year. A delegation, consisting of H. Usher Miller, William Campbell and W. A. Lockhart conferred with the trustees regarding arrangements to start a school at the new Protestant orphanage. A committee was appointed from the trustees to meet a committee from the orphanage at an early date to make necessary arrangements.

FROWNS ON STRIKE

Railwaymen's Secretary Urges Fellows Against Quitting Work Uselessly.

(By H. N. MOORE.) (British United Press.) London, July 14.—C. T. Cramp, industrial secretary of the National Union of Railwaymen, gave some sound advice to the members of the amalgamated unions in referring to their new wage demands. "It is not known what the outcome of these demands will be," he said, "but the idea prevails that everything can be obtained by means of a strike and the settlement needs a mental overhauling. I believe only in striking when the struggle is worth while. The course of the Labor movement today is its desire to get into the limelight by the strike route. This is not only futile but foolish and sometimes leads to the squandering of resources and the breaking of hearts of men and women."

CAPT. P. B. BELVEA DIED THIS MORNING

Former Commander of Stmr Hampton Passed Away at Brown's Flat.

Captain Percy Belvea, a well known figure on the St. John river for years, died at his home at Brown's Flat this morning after an illness lasting for six months. He was 60 years old. In his younger days he was a boatman on the river and he later went into the steamship service, where he became widely known and much respected. He was in the Kennebecasis service for some time, but later and until his retirement in the summer of 1922, he was in command of the steamer Hampton on the St. John-Bellefleur route.

Captain Belvea was a native of the Parish of Greenwich. He is survived by his wife, Mrs. Agnes Belvea, and by two sisters, Mrs. Annie Belvea of St. John and Mrs. A. I. Alberta Belvea of Detroit, and they will have the sympathy of many friends in their loss. The funeral will be held from his late residence to St. James' church at Brown's Flat on Wednesday morning at 10:30 o'clock.

AT EAST ST. JOHN.

Rapid progress is being made by the contractors on the new Stella Maris church, now under construction at East St. John. Mass is being laid regularly in the basement and is being attended by large congregations, especially on Sundays. It is expected that the outside of the structure will be completed by the end of August.

EXPORTS SMALLER. Exports from the United States from the Fredericton district are considerably lower than last year, according to statistics compiled by American Vice-Consul-Frederick C. Johnston for the quarter ended June 30 last. These figures show declared exports for the three months from the vice-consulate as having a value of \$374,512 as compared with \$792,118 for the corresponding quarter of last year and \$698,998 for the previous quarter. The Fredericton Gleaser says the reduction is chiefly in lumber.

BY-LAW MATTER. Edgar Stevens is reported for obstructing the sidewalk in Charlotte street with coal and also with spilling coal on the street.

Guess The Price Of This Class

You can only do it on three Chesterfield suits—for in the group we got with bargaining money were just three Chesterfield suits.

And such Chesterfields! Kroehler first quality, large and lustrous. The weaving and springing wonderful. The covering as new as the announcements in the latest magazines—Baker cut brocade Velour. Not pressed brocade, but cut—cut so sharply on King's Blue you'd think the Taupe figuring was laid on. What price? Wrong, a simple \$167, including both Club Chairs.

The rest of the story is in the other windows—a top class, solid Mahogany Dining Suite and solid Walnut Bed Room, totalling \$481.

DREADNOUGHTS OF TRAIN TRAVEL

AIR BEING BUILT FROM BOSTON IS VERY HEAVY

Great Fighting Planes of Britain Have Guns on Wings.

London, July 14.—Because naval work is carried on at remote sea stations, the public have little or no conception of the great navy of the skies that is being built by the British Air Ministry. Development tests and experiments are carried out secretly, but trials are soon to be made with some of the most recently completed seaplanes, which are veritable flying Dreadnoughts.

One of these sea-air monsters, which will leave the stocks within the next few weeks, has a hull measuring more than 50 feet in length and is very formidably armed. It will be able to settle on the roughest water and will operate exactly as if it were a battleship with wings.

There are more than a dozen entirely new types of sea-air planes now on the stocks, many of them almost ready to undergo the exhaustive official tests that are applied before the machines are ordered in bulk.

Guns Mounted on the Wings. These "hush hush" craft vary from wonderful scout machines that will operate from the decks of the quays to the most powerful bombers, which the navy is now equipped, to Dreadnoughts of the air, manned by a crew of seven, able to remain at sea for two or three days, and carrying bombs, torpedoes and several machine-guns.

In the latest types of aerial Dreadnoughts machine-guns are fitted in the wings. This gives the gunners a complete field in which to operate. There is no "blind spot," and attacking planes will not be able to "sit on the tail" of the flying ship with impunity from attack.

Another wonder craft are also being built. There is a five-seater which is intended primarily for coast defense work. It will be able to take a hand in warding off either sea or air craft. Because of that it has not been designed on specialist lines. It will carry out reconnaissance work, swoop down when traveling at nearly three miles a minute, and fire torpedoes or drop bombs on battleships or other sea craft.

In several of these new machines it is intended to fit the new 1,000-h.p. Napier Cub engine, the most powerful aero motor that has yet been actually and successfully flown. An engine that will develop 3,000-h.p., and having only 12 cylinders, has recently been the subject of experimental bench tests.

NEAR TROUBLE IN GAME AT FREDERICTON. In the final game with Fredericton recently, the Philadelphia Giants nearly caused a riot. The Giants won, 3 to 2. The Gleaser says: "Early in the game the Giants got a lead and from that time on stalled and killed time in an effort to get away with the game, so anxious were they to carry out their boasts to beat the Fredericton team with Vincent Shields on the mound. When the eighth inning was finished they got the idea that it was the ninth, and when called to bat refused to take their places in the batting box."

"The crowd boomed and some of them swarmed on the field as the umpire, Watson McLean, of Marysville, ordered Shields to pitch, and one after the other as the bats sped over the plate, strikes were called. Then when the local management sent out an ultimatum that unless the visitors finished the game they would not get paid, the Giants suddenly commenced to show an interest and quickly finished up the final inning."

BURIED TODAY. The funeral of Dr. Arthur A. Lewis of Wolford was held this afternoon from the residence of his daughter Mrs. J. M. Journey, 3 Mount Pleasant Court. Services were conducted by Rev. Mr. Belyea of Wolford, and interment was made in Fernhill. The funeral was attended by many friends these being representatives from all walks of life. Prominent in the cortege were members of the local medical profession by whom Dr. Lewis was held in high regard.

"GENE" IS REPORTED. Eugene Tippetts, of the pitching staff of the Vets' baseball team, is reported for operating an automobile in the city without a New Brunswick license.

TAMMANY SPLIT OVER SELECTIONS

Fears Disaster Because of Religious Issue Raised in Convention.

The nomination of John W. Davis and Charles W. Bryan has split Tammany, says the New York Herald-Tribune. Two of the most important figures in Tammany Hall, Senator James J. Walker, majority leader of the state senate, and Representative John J. O'Connor, who hails from the home district of the late Charles F. Murphy, did not attend the night session of the Democratic convention when the brother of William Jennings Bryan was nominated for vice-president.

Representative O'Connor, who was taken under Mr. Murphy's protecting wing after his graduation from Harvard, protested against any of New York's votes being cast for Davis, shouting on the convention floor: "Remember the telephone rate raise!"

Many prominent up-state Democrats also absented themselves not only from the night session, but the day session at which Mr. Davis was nominated. Refuse to Run. So badly split is the party throughout the state that Tammany fears it will have to draft Governor Smith to run for re-election, as it has learned that virtually all who were aiming for the nomination for Governor a few weeks ago have dropped out of the race.

Many Democrats now holding office are said to be unwilling to run for re-election next fall. The leaders make no attempt to conceal the fact that the religious question will be dominant in the campaign and how to camouflage the Ku-Klux Klan so that it will not react on Governor Smith in the event he runs is the problem confronting those who control Tammany.

That Governor Smith will have no choice but to run in the event that John W. Davis requests him to, is the opinion of Democratic leaders in and out of Tammany Hall. The Governor virtually said he would in his speech at Madison Square Garden Wednesday night. But Tammany is fearful that, as in 1920, there will be another Republican landslide, and that even Governor Smith will be beaten.

In 1920 Governor Smith ran hundreds of thousands ahead of his ticket, but lost to Nathan L. Miller. Then the Democratic party was not split by religious strife. The religious question, a new problem for Tammany leaders of the present day, is something that causes them to wonder what will happen.

One Tammany leader, in summarizing the situation, said: "We need not attempt to disguise the fact that the religious question is now the dominant issue in this city, state and nation. Throughout the long deadlock between Smith and McAdoo it was patent to all that it was a struggle between a Catholic and the Ku-Klux Klan. And we did not hesitate to say so. Before the deadlock between Smith and McAdoo was stressed by the all-night debate over whether the Ku-Klux Klan should be named in the platform."

GRAIN TRADE ROUTE

The port of Vancouver has every reason to be gratified with its development as a grain port. For the ten months ending June 30 more wheat was exported from Vancouver than from Montreal. The Vancouver total exceeded 50,000,000 bushels, which was more than 8,000,000 in excess of the Montreal figure.

SOUTH AFRICAN AFFAIRS

A Capetown correspondent believes an effort will be made to re-ignite the Dutch party in South Africa. One portion of this party at present supports Premier Hertzog and the other ex-Premier Smuts. Speeches made last week by three Nationalist leaders indicate a desire to bring about the reunion by absorption of the Dutch followers of General Smuts into the Nationalist party.

LONDON THE CENTRE

A leading American banker, in an interview last week, not only discounted certain talk about New York replacing London as the world's financial centre, but pointed out why it was to the interests of the United States to have in London the greatest possible centre of financial strength.

BANK INSPECTION

The bill providing for government inspection of banks has passed the House of Commons at Ottawa and gone to the Senate. The Home Bank affair is responsible for this measure. Mr. J. S. Woodsworth, who is not in favor of either of the old parties, and whose speeches in the Commons have never been received as graciously as he might wish, is at least able to take to himself some credit in connection with the matter of bank inspection.

WANTED: A MARK TAPLEY

It was an English humorist, Charles Dickens, who invented that supreme type of the laughing philosopher, Mark Tapley. Mark Tapley was a kind of Don Quixote of humor. He made it his business to seek out those most desperate situations, in which most people would find little enough to laugh at, and pit his invincible gaiety against their blackest gloom.

IMMIGRATION PROSPECTS

Canada, into which such a heavy tide of migration poured before the war, says the London Telegraph, has been receiving very few new settlers, and the Dominion authorities are now asking that those who go out in the group schemes that have been arranged with the Canadian National Railways, should have a capital of £200, which is a selective test that few can pass.

THE ENGLISH TONGUE

Among publications now taking up the question of the use of pure English conversationally and otherwise is The Fortnightly Review. That publication has an article on the subject from the pen of Margaret L. Woods, who argues that literature is not the mere phonograph of speech, but is a thing in itself. It is the aristocracy of language, the element by which language is stabilized, polished and enriched.

GREAT SOURCE OF WEALTH

The manufacture of red cedar shingles is a branch of the Forest Industries of British Columbia of outstanding importance. There are 90 shingle mills in this province and in 1923 these plants manufactured 2,500,000,000 shingles to the approximate value of \$10,000,000. If laid end to end they would cut a shingle road more than 770,000 miles, or more than 80 times around the earth.

The United States submarine S-29, under going standardization trials last yesterday, rammed and sank the 70-foot sailing yacht Miladi, from Marblehead. The accident occurred near the entrance to Provincetown Harbor. The owner of the yacht and his crew of seven were rescued. The S-29 was undamaged, and reported no injuries. The yacht foundered in 80 feet of water.

DRAKE'S DRUM IN CANADA

(N. B. Bertrand Lugin in The Toronto Saturday Night.) They are scrapping Britain's navy. They are talking loud of peace. And every mother's son of us has prayed that wars shall cease.

It is pounding up the Fundy. And past old Chaleur Bay. Across the Laines its path it takes. With none to bar its way. It rattles down the Rockies' crown. Mounts on the Chirook's crest. Till it sounds its final summons To the Britons in the West.

We've ten thousand miles of coast-line And a continent stretched wide. With not a single man-o'-war To pull against the tide. With not a fighting seaplane To warn when foes shall come— Over here in Canada We hear Drake's Drum.

The lumberjack, the miner. The ploughman on the plain. Stop in their task, dumbly to ask The meaning of the strain. They taste the sea and feel the breeze From the salt winds' smart. For every son of Britain Is a sailorman at heart.

Behold the great awakening— Beyond the boundless deep. The East doth rise; and from her eyes Shakes centuries of sleep. The secret of the future To him who holds the keys Is plain: That race shall triumph Whose Navy Rules the Sea.

They are scrapping Britain's Navy. They are talking loud of peace. And every mother's son of us has prayed that wars shall cease. But the winds beat up the tide-fata. And in the sea-reads hum— Over here in Canada We hear Drake's Drum.

YESTERDAY IN THE CHURCHES

Miss Olive Rankin, recently returned from Mount Allison Conservatory of Music, where she is a student in voice culture, sang with rich, full voice in Centenary church last evening at the regular service. Her enunciation was perfect. Miss Hiako Koike, of Tokio, Japan, again greatly pleased the congregation with her sweet rendering of a soprano solo, "A Little While."

Services at Fair Vale were conducted yesterday afternoon by Rev. Dr. S. Poole of German street Baptist church. The soloists were Miss Minnie Poole and Dr. S. Percival Bonnell. The attendance at Sunday school in the morning numbered 90. The services were held in the Fair Vale Hall and were well attended.

Rev. W. A. Robbins preached at both services yesterday at Ludlow street Baptist church, West St. John. In the evening the ladies' quartet composed of the Misses Dorothy Ruppert, Mae Robbins, Louise and Sadie Burke, sang.

The united services of the First Presbyterian and Carleton Methodist churches were held in the Methodist church in the morning and the First Presbyterian church in the evening. The pastor of the latter, Rev. McN. Matthews, being the preacher. In Fairville the Methodist and Baptist churches were united, with the Rev. Jabez M. Rice, Methodist, preaching in the Baptist church in the morning and in his own church in the evening.

There was infant baptism in the St. Columba Presbyterian church, Fairville, in the morning. Rev. William M. Townshend, M.A., officiating. He preached in Knox church in the evening. Rev. Robert S. Cripp was the preacher in St. Columba in the evening having taken the service for the united churches of Knox and St. Matthew's in the morning.

1,000 Men Said That this is what all men desire in Shaving Cream

By V. K. CASSADY, Chief Chemist We asked 1,000 average men what they most desired in Shaving Cream. Most of them agreed on five things, and we set out to meet their ideas. We are experts in soap making. Some of our creations are the greatest of their kind. One is the leading toilet soap of the world.

We brought to bear all that skill and experience. But we made up and tested 130 separate formulas before we were satisfied. The result is the greatest success ever known in this field. Men have flocked by millions to Palmolive Shaving Cream. We know of nothing which ever so changed men's habits in so short a time.

- These Five Ways Palmolive Shaving Cream meets your ideals in these five important ways: 1—It multiplies itself in lather 250 times. A tiny bit suffices for a shave. 2—It acts in one minute. Within that time the beard absorbs 15% of water. 3—The lather maintains its creamy fullness for ten minutes on the face. 4—A clean shave results, for the extra-strong bubbles hold the hairs erect for cutting. 5—The palm and olive oil content brings fine after-effects. Do a kindness to yourself and us by making this free test. It will change all your ideas on Shaving Cream. To add the final touch to shaving luxury, we have created Palmolive After Shaving Talc—especially for men. Doesn't show. Leaves the skin smooth and fresh, and gives that well-groomed look. There are new delights here for every man who shaves. Please let us prove them to you. Clip coupon now.

WEDS WOMAN HIS FIRST WIFE NAMED

Broker Marries Mrs. Betsy Judd, as He Said He Would.

New York, July 14 — Archibald B. Gwathmey, Jr., of Brooklyn, a cotton broker, and Mrs. Betsy Binford Judd, of Fort Dodge, Iowa, were married in Stamford, Conn., on July 3 with a license which was obtained in the office of the town clerk, February 18, friends of the couple learned last week. The ceremony was performed by the Rev. Edward A. Lewis, of the Universalist Church. During the six-month interval Mr. Gwathmey successfully defended a suit for divorce brought by his first wife, Mrs. Isabelle Gwathmey. They had been separated since 1919 and he had obtained a divorce decree in Florida a year ago on charges of desertion. Colonel William Rand, Jr., as counsel for Mr. Gwathmey in the recent suit, did not deny his client's love for Mrs. Judd. She had been a widow since 1919. The jury's decision in the case attracted wide attention when they held that the relations between the tanned beauty, Mrs. Judd, and Mr. Gwathmey had been "pure and platonic." After testimony that they had visited the same resorts at the same

time, and that Mrs. Judd had marketed for Mr. Gwathmey, Colonel Rand frankly told the jury that his client intended to marry Mrs. Judd. In meeting his wife's petition for divorce Mr. Gwathmey agreed not to set up as a defense the fact that he had already obtained a divorce in Florida. As a result the New York case ruling was given as if there never had been any action. It was contended by Mrs. Gwathmey that the Florida divorce was obtained without Mr. Gwathmey giving proper proof of his residence there, and this was not ruled on by the court at that time. It is assumed that Mr. Gwathmey has since been informed that the Florida divorce is effective. Mrs. Isabelle Gwathmey has operated extensively in Wall street through the New York stock and cotton exchanges. Some time ago she sued her husband's firm for \$200,000 profits on her operations, which she charged had been withheld from her. She further says she refused to accept half her husband's fortune as an inducement to get a divorce from him in Reno.

CAR AND LAMB STOLEN. The fish and meat store of Leonard Stevens, corner of Prince Edward and Middle streets, was broken into early Sunday morning and a carcass of lamb was stolen. Entry was forced from the rear by prying open a thin wire screen on a window. An automobile, also belonging to Mr. Stevens, was stolen from an adjoining yard. The machine was discovered deserted on

A SCARF in harmonious tones, a tiny colored handkerchief, silk stockings in the latest color vogue—how a touch of pleasing color does enliven even the plainest and simplest of costumes!

Smart, up-to-date dress accessories always lend distinction. Even last year's garments often may be made effective again with a blouse or girdle or collar and cuff set, charmingly dyed to an unusual shade with convenient SUNSET.

And with SUNSET, how easy it all is! The most exquisite color-effects are yours as if by magic! By mixing two or more of the 22 beautiful SUNSET colors, you can get any shade, light or dark, soft or brilliant, and the color is fast.

SUNSET dyeing takes only 30 minutes, and its dead-line amazes every woman who uses SUNSET for the first time. Hands unstained, utensils unsoiled. Wash the pan (as after any cooking) and use it to cook in again. Each cake of SUNSET dyes all fabrics—silk, wool, cotton, mixed goods—the same color at the same time in the same dye-bath.

Let us send you our folder "The Season's Colors" and our direction sheet for tie-and-dyed work—they will tell you the popular shades and how to have them, with SUNSET.

DEATHS

Dr. Arthur A. Lewin. Dr. Arthur A. Lewin, B. A. of Welsford was taken suddenly ill yesterday morning at the home of his daughter, Mrs. J. M. Journeay. Dr. D. C. Malcolm was summoned, but all efforts to restore him were in vain. The only intimation Dr. Lewin gave that he was not feeling well was while he was dressing yesterday morning he remarked that the old pain, caused by angina pectoris, was troubling him again. It was only a short time later that he was stricken. Dr. Lewin was a graduate in Arts from Mount Allison University, and in medicine and surgery from McGill. He also took special courses in London, Eng. He practiced in this city for 10 years and then removed to Welsford where he had been very successful during the last 14 years. Arthur A. Lewin was born on Sept. 13, 1868, in this city, the son of the late Frank L. and Jennie Lewin. He was a grandson of the late Senator J. Lewin, and a cousin of J. P. D. Lewin. Mrs. Lewin was a former resident of this city, leaving here some 20 years ago. Until recently she had resided in Boston. She is survived by five daughters and three sons. Misses Margaret and Katherine McMillan and Miss Nan Lundy, of St. John, are nieces, and William McMillan and John Lundy, of this city, are nephews. The funeral will take place in Cambridge, Mass.

Mrs. Susan McKeever. The death of Mrs. Susan McKeever, wife of John McKeever, occurred in Chester, N. H., yesterday. The late Mrs. McKeever was a former resident of this city, leaving here some 20 years ago. She is survived by five daughters and three sons. Misses Margaret and Katherine McMillan and Miss Nan Lundy, of St. John, are nieces, and William McMillan and John Lundy, of this city, are nephews. The funeral will take place in Cambridge, Mass.

FUNERALS. The funeral of Jeremiah Stout, Fairville, was held yesterday afternoon, the service being conducted at the Fairville Methodist church, of which Mr. Stout had been a faithful and respected member and official. There were five clergymen in attendance, the Rev. James M. Rice, pastor of the church, being assisted by the Rev. Thomas Marshall, of Fredericton, a former pastor, who gave the chief address; Rev. W. P. Dunham, of the Church of the Good Shepherd; Rev. William M. Townshend, M. A., of St. Columba Presbyterian church, Fairville, and Rev. Dr. Charles Freeman, of the Charlotte street Baptist church, West St. John. There were many floral tributes on the coffin, which was placed in front of the pulpit, the pulpit railing also being covered with many others. The full choir sang "Jesus, My Savior, Look on Me" and "Servant of God, Well Done." Rev. Mr. Rice and Rev. Mr. Marshall both paid a tribute to the late Mr. Stout, who had been a lifelong friend of theirs and who, Rev. Mr. Rice said, had aided him greatly in his youth for wise counsel. The bereaved were urged to take up the work left unfinished by their esteemed relative, who had sought to advance the Kingdom of God rather than

his own material wealth. The pallbearers were Messrs. J. W. Stout, William Stout, Walter Cooper, William Bunnell, William J. Linton and Perry Kelley. Interment was made in Cedar Hill cemetery.

A baby carriage found in St. Andrews street, a man's hard hat, found in Water street and a key found in Germain street are at police headquarters, where the owners may obtain them.

gramme. The accompanists were Mrs. Woodman and Mrs. Wild. Ice cream and cake were served and a most enjoyable evening spent.

"Oh, aren't they lovely!" exclaimed Nancy. "I know all the people who like them. But I'll have to be careful not to give Billy Bull a red one. He hates red so."

"At that minute Nick knocked at her front door and handed in a bill. (To Be Continued.)"

PRETTY SORT! A manufacturing concern paid Walter Hagen \$15,000 to adopt for three years one of its new-make balls as his favorite.

"Why, I thought you said anybody that had 10 cents," said Nancy in surprise.

Mother need never wean some months prior to the birth. It strengthens Mother, enables her better to withstand the strain of confinement, and also improves the food and bone formation of Baby.

"Well, I guess these people wouldn't need any 10 cents," declared Mister Zip. "All they would need are four cents. They could step right over the fence and smash everything."

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Vancouver, B. C.—"Before I took your wonderful medicine I was sick and ailing all the time. I happened to be speaking to a friend and she said, 'Why don't you try Pinkham's?' I am on my fourth bottle and can truthfully say I never felt better. I had tried all kinds of medicines but none seemed to do me any good. I urgently plead with those who are sick to try it. I was always cranky and had headaches but now life is altogether different. What the Vegetable Compound has done for me it will do for others."—Mrs. T. W. PLETO, 557 Richard St., Vancouver, B.C.

Social Notes of Interest

Miss Marjorie Dunbar Kelley, B. A. daughter of Mr. and Mrs. J. King Kelley, has returned from Sackville, where she was the guest of her sister, Miss Barbara Kelley, who is a student at the summer school at Mount Allison University. Miss Kelley is an arts graduate of Mount Allison.

Mrs. H. Berman, of Sackville, and her mother, Mrs. Ross, of this city, have gone to Battle Creek, Mich., where the latter will enter a sanatorium for treatment. Mrs. Berman will return very shortly and will visit friends in Chicago en route home.

Mr. and Mrs. H. R. Lawrence, of St. George, who had been visiting friends in the city, returned home by motor on Saturday, accompanied by Mrs. Harold Chadwick and son, Leslie.

CORNS

Quick Safe Relief

Dr. Scholl's Zino-pads stop corns hurting instantly. Remove the cause—friction and pressure. They are thin, medicated, antiseptic, waterproof. Absolutely safe! Easy to apply. Get them at your druggist's or shoe dealer's.

Harding street, accompanied by Miss Dorothy Jennings, of West St. John, will leave today for Le Pas, Man., where they will visit Mrs. Miller's sister, Mrs. Thomas Morish.

Rev. and Mrs. W. A. Robbins, of the Ludlow street Baptist Church, West St. John, with their family, have returned from a very pleasant motor trip through Maine and New Brunswick. While in Skowhegan, where they spent some time, they were the guests of Mr. and Mrs. Leslie Goldsmith.

Mrs. H. G. Gibson and family left on the Governor Dingley Saturday night for a four weeks' vacation to New York and the eastern states.

BURNS HAND WITH GASOLINE.

A slight fire in George Buckley's quick lunch, North Market street, occurred last evening at 10 o'clock but was quickly quenched. A pan of gasoline became overheated and burst into flame. Mr. Buckley threw the flaming pan to the street. His hand was slightly burned.

ATTENDED MEETING.
Sister Camillus, superintendent of nurses, and Sister Carmel, of the St. John Infirmary, returned home yesterday from Charlottetown, P. E. I., where they had been in attendance at the annual meeting of the Maritime Province section of the Catholic Hospital Association.

egg-nog, 2 bran bread and butter sandwiches.
Dinner—Four ounces roast beef, 2 potatoes baked with meat, 2 tablespoons brown gravy, 1 baked onion, 1 cup combination vegetable salad with 4 tablespoons French dressing, 1 cup raspberries with sugar and 1-4 cup cream, 1 large piece sunshine cake, 2 slices whole wheat bread, 1 tablespoon butter.
Bedtime—One cup hot whole milk.

Gaining Egg-Nog.
One egg, 1 tablespoon sugar, 1-2 cup cream, 1-2 cup milk, few grains salt, cinnamon or nutmeg.
Beat egg with sugar and salt. Add milk and cream and beat well. Sprinkle with cinnamon or nutmeg and serve very cold.
Total calories, 587. Protein, 61; fat, 829; carbohydrate, 147. Iron, .0022 gram.

New Method Removes Wrinkles in 15 Minutes

A veritable wonder-worker for wrinkled and flabby faces is a simple, harmless application made by mixing a spoonful of powdered tarroot with a spoonful of lemon juice. Not only does it quickly smooth out the wrinkles and age lines—before one's very eyes—but it has a stimulating influence upon the weakened and relaxed underlying tissues. The mixture is spread over the face with the fingertips, and in less than fifteen minutes the mirror shows that a most marvelous transformation has taken place. When the substance is washed off the average face actually looks ten or fifteen years younger. The results are far better than those obtainable from the most expert massaging—and the cost is less than three cents a treatment! Powdered tarroot can be obtained from any druggist.

SCHOOL TEACHERS ON TOUR.

A party of 18 tourists, most of whom are New York school teachers, arrived in the city on Saturday on the steamer Governor Dingley on a tour of Nova Scotia. They motored to Gouda Point on Saturday afternoon. The tour is under the auspices of Gillespie, Kinports and Beard, of New York. They party will return from Nova Scotia and sail from this port on July 22.

Where the Public Dines and Dances

The glide and patter of dancing feet, the pushing and scraping of chairs and the constant tread of attendants, demand unusual flooring qualities. These are assured with Dominion Battleship Linoleum. Firm and smooth, springy and resilient, it affords a perfect dancing surface and gives that high degree of sanitation and cleanliness essential where food is served. Dominion Battleship Linoleum is extremely durable and looks as good after years of service as the day it was put down.

Dominion Battleship LINOLEUM
is waterproof and provides a permanent floor, without crack or seam. Many of Canada's largest banks, offices, departmental stores, schools and public buildings have adopted it and are profiting by its remarkable endurance. Light brushing or mopping cleans it thoroughly; upkeep is limited to an occasional waxing. Give the public and your employees floor comfort and save money, by installing Dominion Battleship Linoleum.

Made in four standard shades—brown, green, terra cotta and grey. Special colors for large contracts. Write for free folder and samples.

A LAXATIVE FOOD READY TO EAT

ENJOY THE HEALTH YOU SHOULD

If your body is normal, you should enjoy the glowing health, the energy to be up and doing all day long, that you envy in others.

But modern living and eating clog the body with poisons which slow up the system. These poisons must be gotten rid of, if this abounding health is to be yours. And the pleasantest, easiest and most natural method of doing this is to eat Post's Bran Flakes as your morning cereal—the only cereal you need at breakfast.

Post's Bran Flakes—crisp, toasted flakes of bran—is delicious and rich in food value, because other nourishing parts of wheat are retained. A substantial food. Naturally and gently laxative, it helps keep you fit.

Insist on Post's Bran Flakes at your grocer's—ready to serve with milk or cream.

LIBERALS TO MEET IN CITY WEDNESDAY

W. E. Scully, M. L. A., announced this morning that each parish would be allowed two representatives at least at the convention of supporters of the Provincial Government here commencing Wednesday morning in the Pythian Castle. The representation, however, was not restricted to two from each constituency.

Mr. Scully said that a president and a vice-president for each constituency would be elected. The duty of a vice-president would be to organize and call the convention for his constituency when the time came, Mr. Scully said. He expected that there would be at least 50 visiting delegates. The number attending the convention is expected to be much larger than 50, however, as many will take occasion to be present although not as delegates. There will be a morning and afternoon session but not in the evening.

JOKE ON YOUTH BRINGS HIM DEATH

Hoaxed Into Calling on "Fremans Widow"—Shot Kills Him.

George Rexon, a 17-year-old boy of Kearsburg, N. J., who was working in his undershirt and covered from the corner of his eye with grease and oil, was called by a taxi driver the other afternoon from the garage where he was employed. Talking confidentially from the corner of his mouth, the driver told the boy something that made him grin and look foolish.

"That's a lot of sauce," said the garage youth. But the taxi man talked fast and confidentially and got the youngster interested. Another man dropped into the conference with winks, insinuating smiles and whispered information. They finally convinced their immature victim that a bungalow was crasy about him and would be waiting for him at 4 o'clock next morning.

After his night's work was ended the boy spent an hour scrubbing himself with gasoline, pumice and soap. He put his best clothes on, took a taxi cab from his garage and made a shopping tour at all-night luncheon counters and cafes in Kearsburg. He bought a box of candy, an ice cream brick and a big bag of apples, oranges, cherries and bananas.

A little before 4 a. m. he stopped his automobile a short distance from the beach at Fort Monmouth, near Deal Beach, and started to walk toward the bungalow with his arms filled with provisions. He opened a gate and picked his way in the darkness through trees and shrubbery to the porch of the bungalow. There were no lights within. He hesitated for a moment then walked up to the door and tapped lightly.

"Pistol Shots Ring Out." "Are you doing here?" roared a voice from behind him. "Call on my wife, will you?" A revolver opened fire from the direction of the voice. Another revolver began shooting from another direction. Between shots there were cries from many voices and loud laughter. The sound of the first voice of the boy dropped his armful of food. At the shooting he turned and started to run. He pitched forward on his face on the gravel path in front of the bungalow. There were more spurts of flame. When they ended, fourteen men appeared under behind trees and bushes, brandishing their rifles. They were shrieking with laughter, slapping themselves and shouting appreciation over the success of their practical joke.

They had played it dozens of times every summer for the last three years, and it had become an institution in this section under the name of "the fireman's widow," so-called because the dupe is given to understand that it is safe to keep the appointment because the infatuated admirer's husband is away firing an engine on the New Jersey Central.

In the meantime electrical torches had been brought into play on the body of the victim. "He's fainted," was the report and there was more laughter. When the body did not regain consciousness on being prodded with the toes of shoes, AUCIONS

SEVERAL STOCKS ARE AT NEW HIGH

Upward Swing Given Market in Wall Street This Morning.

New York, July 14—Under the impetus of pool operations, stock prices moved upward at the opening of today's market. With the chemical and industrial issues making rapid forward stride, new high records for the year were established by various issues. Davison Chemical advanced a point and United States Cast Iron Pipe two points.

Montreal, July 14—Brazilian was the feature in the early trading on the Stock Exchange, this morning. It opened at 46. The weakness in the stock was attributed to alarm over the Brazilian situation. Smelters was up three-quarters to 32 1/2, and Canners was off a fraction at 23 1/2.

CANADA PERMANENT MORTGAGE CORPORATION

Steel Statement At End of June

Unfilled orders on the books of the United States Steel Corporation at the end of June amounted to 2,262,505 tons, a decrease of 865,584 tons compared with the bookings on May 31. Although this shrinkage brought the corporation's tonnage figures down to the lowest point since November, 1914, the falling off in unfilled business was not as large as expected a few weeks ago.

For this reason the statement, issued on Thursday, says the New York Herald-Tribune, was viewed as more or less favorable.

Morning Stock Letter

New York, July 14—The steady advance in prices continued Saturday with both specialties and leading stocks able to show gains. The trend of prices is upward and stocks are a purchase on any setbacks. It is impossible for any one to pick the limit for the small technical reactions which we have from time to time to correct the position of the market. The best advice is to hold stocks in these small reactions while potential purchasers should wait for them before buying.

CANADIANS RUN GREAT RACE IN OLYMPIC RELAY

(Continued from page 1.) Lette had started the record-breaking habit. Other world marks were made in the broad jump by Robert Lengendre of the U. S.; the Decathlon by H. M. Osborne of the U. FIND HUMAN BONES ON L. LOMOND ROAD

Workmen discovered a vault containing human bones in a gravel bank on Friday afternoon on the farm owned by George Gibbons, in the Loch Lomond road. The vault was opened by prying up several large stones with which it was covered and the bones were found in the cavity of about four feet in depth which was discovered.

Stock Issue and A Paper's Comment

The Pacific Gas & Electric Company, one of the biggest utility corporations in the U. S. west and among the first of the big companies of its kind to adopt the customer-ownership stockholding idea, is about to turn from preferred to common shares in its sales to customers. Directors have authorized the sale under this plan of \$5,000,000 of new common stock and the issue has received the approval of the California Railroad Commission.

The proceeds of the sale will be applied toward the cost of extensive new hydro-electric developments now under way on Pit River and elsewhere in the company's territory, made necessary, according to a statement of the company, by a constantly growing demand for its services.

The old idea of "swat the public service corporations" is gradually disappearing, says the New York Herald-Tribune, and leaders in the industry attribute the new attitude of tolerance on the part of the public to the direct financial interest which most of their customers now have in the affairs of the company. Demagogues and politicians are finding it increasingly difficult to carry favor with the public by means of bitter attacks on corporations of this kind.

Washington, D. C., July 14—(Canadian Press)—Considerable reinforcements of Brazilian Government troops have arrived at Sao Paulo and are assisting in the operations against the rebels, according to official advices received at the Brazilian Embassy today. Observers for the Federal forces Friday night discovered rebel troops concentrating at Blemshino, the detachment added, and the Government artillery attacked "efficiently." The detachment said important progress had been made by the Federal army which had obtained "great advantage" in Camouisy and the North Station.

LOANS ARE URGED IN HOUSING SHORTAGE

Manager in Philadelphia Says Millions Living in Unsanitary Places.

(United Press.) Philadelphia, July 14.—"Several million people in the United States today are living under insanitary housing conditions which jeopardize their health, undermine their morals and make them industrially unfit as wage earners."

Bernard J. Newman, managing director of Philadelphia housing, made this statement in an interview with the United Press. He said that 4,000,000 people in America are directly affected by the housing shortage. "Housing conditions, however, have improved during the first six months of this year," Newman said. "There has been approximately a twenty per cent reduction in the shortage and this has given relief to a million persons."

RENTS REMAIN STATIONARY

Newman said that while the housing shortage had improved slightly, rents had remained stationary. While the housing survey was under way, a tabulation of rentals was made which indicated a tendency toward stabilization.

Federal Aid Urged

"The Federal government comes to the aid of the farmer with farm loan banks, the agricultural department sends out information that aids in bumper crop harvests and the cure of ill crops."

Today's Events

Paris, July 14—With the track and field events over, chief among the Olympic attractions today, from the Canadian viewpoint, are the swimming contests in which several stars from the Dominion are entered, and the rowing competition, in which Canada also is represented by some of its leading oarsmen.

SITUATION IN BRAZIL SAID TO BE VERY CHAOTIC

(Continued from page 1.) Other messages state that both the revolutionists and the Federal forces are using airplanes, tanks and other modern equipment. A detachment of 600 marines sent from the battleship Minas Geraes in Santos Harbor were literally riddled with bullets when they encountered a rebel machine gun nest near the top of the Santos-Sao Paulo automobile highway. Only 20 of the marines succeeded in making their way back to Santos.

Reinforcements Arrive

Washington, D. C., July 14—(Canadian Press)—Considerable reinforcements of Brazilian Government troops have arrived at Sao Paulo and are assisting in the operations against the rebels, according to official advices received at the Brazilian Embassy today. Observers for the Federal forces Friday night discovered rebel troops concentrating at Blemshino, the detachment added, and the Government artillery attacked "efficiently." Dies in Ambulance Which Struck Him

New York, July 14—James McCarthy, six years old, of Brooklyn, was struck by an ambulance at Maple street and Nostrand avenue and died in the ambulance. The car, belonging to the Willard Parker Hospital in Manhattan, was taking four women patients from the Kings County Hospital to Jefferson Market Court for arraignment.

LIQUOR AND CHINESE FROM CANADA SEIZED

St. Johnsbury, Vt., July 14—A rum-running and Chinese smuggling expedition on the Canadian border was broken up by customs officials at Newport, Vt., who stopped two automobiles by revolver shots. Four Chinese and the two alleged principals of the party were brought to the county jail here, the latter giving their names as Arthur S. Paige and Edward V. St. Aubin, both of Lowell, Mass., were ordered held until next October.

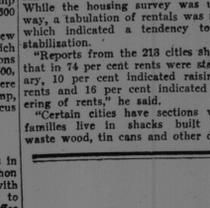

Says R. C. M. P. Frown On Undue Publicity

Ottawa, July 14—Movies and stories depicting members of the Royal Canadian Mounted Police as dashing heroes in blue trousers and red jackets glittering with golden buttons were frowned upon as unwelcome publicity by Colonel Courtland Starnes, Commissioner of the R. C. M. P., in an address before the twentieth annual convention of the Chief Constables' Association of Canada.

FACTS ABOUT PEAT

(Canadian Chemistry, Toronto.) The Dominion Government has gone about as far as it can, in pointing out the possibilities of peat production. From now on, the industry will have to paddle its own way, except for the general assistance that the laboratories of the government offer. During its period when the peat committee were actively pushing possibilities, some 8,000 tons were sold, and, in the end, a product was available, for which there was a demand greater than the supply.

MACAULEY FINISHES
IN 14TH POSITION

Cuthbert was 13th in Marathon—Canada Fourth in 1,600 Metres Relay.

Canada's two Marathoners, Victor MacAuley of Windsor, N. S., and John Cuthbert, the young Gaelic Scot, did very well in the blue ribbon event on Sunday at Paris when they finished fourteenth and thirteenth, respectively, out of the 58 who completed the grueling 26-mile course. Cuthbert had cramps and was compelled to walk a mile for a cup of hot coffee at St. Ouen but later pulled back into the race in 17th position which he reduced to 13th. MacAuley also developed trouble six miles out, but a glass of milk at each station helped him to finish fourteenth.

Canada's hopes in the wrestling tournament died Sunday with the elimination of Stockton and Chilcott by two United States grapplers.

In the 1,600 metres relay race, Canada finished fourth. While no definite word has been received here yet, it is understood that "Billy" Maynes, St. John's entry, was in this race. The United States won this event in a minutes, 16 seconds—a world's record. Sweden was second and Great Britain was third. France was fifth and Italy sixth.

The Marathon.

Chief interest today was centred in the marathon. This was manifested not only by the crowd of 25,000 in the stadium, which sent the band of 58 runners off late in the afternoon and nearly three hours later acclaimed as the conquering hero the sturdy Finn, Sternoos as he strode first through the portal, but also along the 26 miles of road, where probably one hundred thousand more saw the great struggle.

Over the first half of the winding hills and dale journey to the little French village of Pontoise and return the lead changed several times, the glory of the old Greek marathon, the runners being revived in the first kilometers by Kranis, who set the pace until he was succeeded first, for a short distance by De Mar, United States and then by Verger, of France, who gained the plaudits of his countrymen lining the course, until the ultimate victory of Sternoos, who took the lead at the half way mark. From that point the Finnish star, running smoothly and apparently without great strain on his powers, despite the heat which nearly equalled that of yesterday, added to his advantage.

Three quarters of the way home, Sternoos was out of sight of his nearest rival, Romeo Berlini, the Italian, who passed De Mar at the 27th kilometre mark and took up a gallant, but futile chase.

Through crowded lanes, over the last stages of the journey, never slackening his pace, whether on upgrade, over side paths or the cobblestones of the village streets, Sternoos was vociferously greeted, but except to a familiar shout from some countrymen, he seemed oblivious to everything but keeping a straight course and a steady pace.

While practically half the field had dropped out in the closing half of the race, and others were barely able to keep going, Sternoos came into the stadium track running strongly, and, after breaking the tape, raced around the field to acknowledge his countrymen's greetings before trotting to his quarters.

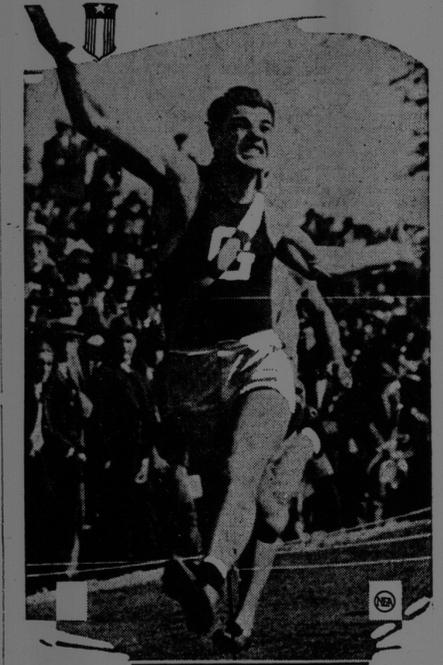

The Standing.

Following is the record of points in the Olympic games:

United States, 255; Finland, 166; Great Britain, 85; Sweden, 81; France, 26; Italy, 19; Switzerland, 15; South Africa, 11; Hungary, 10; Australia, 10; Canada, 8; Norway, 8; Argentina, 5; New Zealand, 4; Estonia, 4; Holland, 4; Denmark, 3; Japan, 3; Chile, 1.

First places: United States, 12; Finland, 10; Great Britain, 8; Australia, 7; Italy, 1.

WINNER OF THE PENTATHLON AT THE OLYMPICS

Bob Legendre of Newark, A. C., winner of the Pentathlon at the Olympic Stadium in Paris. The Pentathlon, as you probably know, consists of a running broad jump, javelin throw, 200 metre run, discus throw, and 1500 metre run.

GRAND BAY JUMPS INTO LEAGUE LEAD

Now Ahead in C. P. R. Section of Tennis League—Saturday's Play.

Hampton and Grand Bay won their tennis matches Saturday in the Suburban Tennis League, while two more events remain to be played in the Drury Cove-Renforth tourney. Of Saturday's play, Drury Cove won five and Renforth four. Drury Cove, therefore, has to win only one of the remaining two to be played to win the match. Hampton had an easy victory at Fair Vale, winning all 12 events. The singles match between Miss Morse and Miss Costley was outstanding, the former winning out.

Grand Bay moved into the leadership in the C. P. R. section by defeating Westfield, 6 to 4. Probably the best-played match of the day was between Thomas Robinson and John Moore, which was won by Moore.

"Mike" Is Ready

"Mike" is ready for the ordeal. His Saturday night bath was an extra special one for tonight he has his picture taken for the Times-Star on the South End diamond during the ball game.

The little friend he saved from a watery grave, Kenneth Causey, also will be there.

"Mike" says he'd rather face a sledge battery than the cameraman. But Mike's brave deed has the whole town talking and a record crowd is expected to see him tonight.

Besides getting his picture "took," the big-hearted Irish setter will receive a splendid collar—the gift of the South End Improvement League. C. M. Lingley, president, will make the presentation, and later on a suitable inscription will be made on the collar.

This pleasing little ceremony will take place just before the game between the St. John Baptist and Machine Gun. Be early and avoid the rush.

Bay, defeated Stephenson and Humphrey, Westfield, 6-3, 6-2.

Ball Problems By Billy Evans

QUESTIONS

1. Is the pitcher credited with a strikeout if the catcher drops the ball after a hard run, crashed into the fence, enabling the batsman to reach that base—O. B.

2. In a recent game in the "Sally" League, the batsman hit a long fly to right field. The fielder, as he made a pretty catch of the ball after a hard run, crashed into the fence. This caused him to drop the ball, also rendered him unconscious. The batsman made the circuit, as the other players rushed to the aid of the injured player. He was credited with a home run. Please explain such a ruling.—J. H. P.

3. Batsman hits ball to short-stop, who throws ball badly to first. The first baseman gets ball in gloved hand, but it bounds into the air just as the runner crosses the bag. The fielder catches the ball on the rebound. Is runner out or safe—D. J. D.

ANSWERS

1. The pitcher is always credited with a strikeout when he puts over the third strike on the batter, regardless of whether or not he reaches first base.

2. Apparently the umpire ruled that the fielder did not hold the ball long enough to complete the catch; that the ball struck fielder's hands as he crashed into fence, causing fielder to drop the ball. No consideration can be given the fact that the player was knocked unconscious. The umpire cannot call time until no further play is possible on any runner.

3. Runner is safe, since he crossed first base while ball was in the air.

THORNE CUP WON BY P. H. STREETER

Percy Streeter, champion of the Riverside Golf Club, won the Thorne Cup Saturday afternoon on his own club's course in most creditable style. The match was of 27 holes, or three times around the course, and Mr. Streeter's card was 44-40-46, considered to be exceptionally good for the rearrangement of the greens which has been in force only a short time. The new bogey for Riverside is 41.

Mr. Streeter's closest opponent was Simon A. Jones with 136. Mr. Jones has been quite consistent this season and in all competitive events in which he has participated he has been found well up in the finals. A. Pierce Paterson finished third in the Thorne Cup event with a score of 137. Mr. Paterson is one of the younger of the seasoned players with an enviable record of winnings during the last two seasons.

There were 30 contestants in the match on Saturday, a real good representation for a medal play event.

CLEVELAND GIANTS CARDED TONIGHT

Visiting Colored Team to Clash With War Vets on East End Grounds.

The Cleveland Giants, rated faster than the colored team from Philadelphia that played here last week, are the pro attraction this evening on the East End grounds when they face the War Vets. Through the death of his brother-in-law, Johnny MacGowan, will not be in the locals' line-up, his place being taken by a new man from Brockton, Mass. A new twirler, Jimmie Barker, will be tried out, with Tippetts and Towle ready also.

For next week, the Vets have practically concluded arrangements to bring the Detroit Clowns here. This is one of the fastest and most comical aggregations on tour and is sure to make a big hit. They have lost but 10 of their last 67 games. The idea of bringing in these fast outside teams apparently is meeting with the favor of the fans, judging from the attendance at last week's games.

CATHEDRAL NOTES.

In the Cathedral of the Immaculate Conception yesterday His Lordship Bishop LeBlanc announced that the collection taken up on the previous Sunday for western missions amounted to \$218.60. Reference was made to the Knights of Columbus scholarships, as already chronicled in the newspapers, and he advised those eligible to send in their applications in hope of winning the advantage of this help in their education. His Lordship also spoke of the pilgrimage to Ste. Anne de Beauce to leave tomorrow, and said that all who could do so should go. Next Wednesday will be the anniversary of the dedication of the Cathedral. In the various Catholic churches the K. of C. scholarships were referred to.

YANKEES MOVING
TOWARD THE TOP

Riot in Washington—Fist Fight Between Umpires and Spectator.

New York, July 14—Preceded by a barrage laid down by its heavy artillery and supported by a reformed hurling corps, the Yankee division is advancing irresistibly toward the heights of a fourth American League championship. The invading host from St. Louis withdrew with severe casualties for the second time in two days under the deadly fire of "Bullet Joe" Bush, who turned them back with five hits on the short end of a 6 to 2 score.

Intense heat and the strain of dogging the footsteps of the sprinting Yankees evidently affected the nerves of Washington players and fans, and an incident that almost spoiled an otherwise enjoyable afternoon in the capital. At the close of the Senators' game with Cleveland, which the home team won, 15 to 11, a "hot-up" roofer, incensed at the action of Manager Higgins from the Washington lineup in the ninth inning, struck Umpire Holmes in the face and knocked him against a wall.

The Giants put a damper on the Cubs' pennant aspirations by an uphill victory before a record crowd, by a score of 9 to 6.

Jake Fournier was the big gun in the Brooklyn effort against St. Louis, which resulted in a 9 to 4 victory for the Robins. Fournier hit his 21st home run and drove in two more runners with a single.

In splitting a doubleheader, Boston and Cincinnati registered reciprocal shutouts. The Braves won the first, 4 to 0, and were kalamintined in the final, 6 to 0.

JOHN R. BRADEN
DEFEATS SEARCY

John R. Braden, 2:02 3/4, won the free-for-all at the Maine and New Brunswick Circuit races at Caribou, Friday before a large attendance from all over Aroostook county and northern New Brunswick, despite unfavorable weather. Racing conditions were far from good; the day was cool, it was fairly windy and it threatened rain about all day, there being one shower which fortunately was brief and not heavy.

These unfavorable conditions, coupled with excessive scoring, killed any possibility of fast time. In all there were 32 scores for the three heats, the getaway for the first heat being on fourteenth score after, according to some statistical friends, the horses had already traveled three miles up and down the stretch. When Jackson Grant, the Houlton pacer, was not acting badly and refusing to score, Chesley H. Searcy, the Fredericton pacer, was breezing out in front, as he is a fast scorer, the crafty John Willard being apparently not unwilling to let things go as they did with the veteran Peregou. Searcy was patient as usual. Starter M. N. Collins of Gorham, Me., made little effort to take the situation in hand until the third heat, when he cautioned the drivers.

Which they finally did get away Searcy was in the lead out in third position with Dan Hedgewood, scoring in second position, also ahead of John R. Braden, on the pole. After all the long scoring Chesley H. Searcy went to a break on the turn at the back stretch; Willard then sent Braden

along, collared Dan Hedgewood and, once in the lead, was never heated in that heat nor in the balance of the race. Despite the grueling scoring, Chesley H. Searcy looked fresh after the race, although it was a tough afternoon for a colt.

ROYALS WON.

A packed grandstand with several hundreds on the sidelines witnessed the defeat of the St. John the Baptist Saturday night on the South End diamond in an exhibition game with the Royals, 11 to 5. Torrie, for the losers, was hit hard throughout and was given terrible support. Diggs was on the mound for the winners and his pitching coupled with the two Nelsons' all-round work and Young's fielding were the features.

NOT SO MUCH WOOL BUT QUALITY BETTER.
Wool grading for the New Brunswick Sheep Breeders' Association has been completed by the livestock branch of the Provincial Department of Agriculture in conjunction with James Thompson, representing the Federal Department at Ottawa, who has graded the output for a number of years, says the Fredericton Gleaner. The amount of wool handled this year amounted to 29,000 pounds, approximately 5,000 pounds less than was graded last year. The quality is the best ever handled under the co-operative arrangement, grading well up in the higher classes. The wool has been particularly clean. Arrangements for marketing are about complete.

Last season 29,182 pounds of wool were graded, the great bulk grading as low medium with 16,843 pounds in this class. The average price received last season was 24.1 cents a pound. Prices ranged last year according to grade from 2 cents a pound to 35.

SNODGRASS MOVES INTO LEADERSHIP

Hannah, Portlands, Leads Pitchers in Earned Runs Column.

Averages for the Senior City Amateur League up to July 12th show several changes from the preceding week. Snodgrass, Portlands' first baseman and playing manager of the team, jumped his average from .393 to .424, going into a tie for the leadership with Gorman, his teammate. This pair, with Corrigan of the same team, are hitting at a terrific clip. Conlon of St. Rose's is fourth among the regulars with .394 in twelve games, while Joyce, St. Rose's first baseman, has the very creditable mark of .370. All these players boosted their averages in the week, Gorman and Corrigan, who dropped from .483 and .419 respectively. Gorman is out in front with nine stolen bases, and Snodgrass gained on him during the week, getting two while Gorman got none. Snodgrass now has eight.

Corrigan has taken the lead in hits with sixteen and in runs with fourteen.

Hannah leads the pitchers in earned runs scored off his delivery and has pitched the most innings. He has also struck out the most batsmen, but has allowed the greatest number of two-base hits, thirteen. His work has been of a high calibre almost every game. Murphy, St. Rose's slab artist, has also done good work and is second on the list of earned runs scored, and is batting .323.

Perhaps the best showing among the pitchers is made by Lloyd Stirling of the Clippers. This youngster is going better every game and with a good hitting club behind him he would turn in a lot of wins.

Conlon, also of St. Rose's, has done excellent work and has the distinction of leading the pitchers in hitting with a mark of .394, which puts him in fourth position amongst the regular batsmen. He leads in games won and lost with three won, one lost and one tie.

St. Rose's and Clippers have three tied games and one postponed game and Portlands and Clippers have one postponed game, while St. Rose's and Portlands also have one postponed game.

RICH OF U.S. RENT
BIG LONDON HOMES

Enter Into Social Rivalry—
Never So Many American Visitors.

London, July 14—Never have there been so many visitors from the U. S. in London. Thousands have arrived for the meeting of the International Bar Association and the International Advertising Association alone. Midshipmen from Annapolis, blue-jackets from the Atlantic fleet and ordinary sightseers are jostling each other in the Strand.

Every day or so the newspapers announce that another of the great houses in fashionable Mayfair, closed since the war because its owner is unable to maintain it, has been leased by an American.

Mrs. So and So's pearls, Mrs. Who's diamonds are read and talked about. Not that most of the hostesses are looking for publicity. Mrs. Kellogg, wife of the U. S. ambassador, is setting the social pace. She has leased the stately Crowe House. The Prince of Wales attended a recent ball here.

Mrs. Cornelius Vanderbilt, at Spencer House, countered with another ball which the Prince also attended.

Mrs. Harry Brown of Pittsburg is getting off to a late start this month at Norfolk House, one of the greatest in London, with another ball.

Mrs. James Corrigan has still another famous house, and according to the newspapers, will soon give one of the "cabaret" parties for which it is said she is famous.

The end of the London social season next month will take Americans, like Englishmen, north for the shooting. R. H. McCurdy, J. H. Steers, H. Phillips, E. H. Litchfield and C. W. Ogden are among the New Yorkers who have leased moors for their dual or other owners.

MAYNES IS WANTED FOR IRISH GAMES

Movement Afoot to Provide Funds to Permit Him to Accept.

Word was received this morning from France by A. W. Covey, president of the M. P. B. of the A. A. U. of C., that "Billy" Maynes, St. John's crack 440 yard man who competed for Canada in the 1920 metres relay Saturday, has been invited to compete in the Irish Olympic games. Mr. Covey was asked if sufficient funds were available to help the John boy represent his city at this big meet. The amateur chief immediately wired back congratulations for Maynes on his fine running for the Canadian team, which finished fourth in the relay and asked how much would be required. It is not expected to amount to very much. Anticipating that the city would stand back of Maynes in his effort to bring further laurels to his native city, Mr. Covey placed the matter of raising funds at once in the hands of a small committee. Excellent progress has been made on short notice and a definite announcement is expected to be made tomorrow morning. It is probable that a benefit ball game will be staged this week on the South End grounds.

ADMITS DRINK; DENIES ASSAULT

Archie Leeman in Police Court Case—Man and Daughter Testify.

When Archie Leeman was brought before Magistrate Henderson in the police court this morning he pleaded guilty to a charge of drunkenness but denied that he had assaulted James W. Preston of Paradise row and used abusive language to him and also that he had assaulted his daughter, Beattie Preston. Mr. Preston told of the defendant going to his home on last Saturday afternoon and asking to see his wife. When he was informed that she was not in he left but returned later. The witness said he then used profane language and refused to go when ordered to do so by the witness. The latter told of starting to search for a policeman and the defendant following him and shoving him all the way up an alley. The witness said he got an axe and threatened to use it, and when he put it down the defendant chased him down Paradise row. He informed Policeman Sheehan about the incident and they returned to the house where they found the defendant. The policeman was instructed to put him out and order him to stay away. Later the defendant returned. Beattie Preston told of returning home last Saturday afternoon and finding the defendant. She said he was under the influence of liquor. She said she had known him for about three years and had kept company with him for about a year. She said he threatened to strike her. Policeman Garnett told of receiving information of the trouble. He was about to start for the scene when he saw the defendant, the previous witness and another girl in Main street. He said the defendant was under the influence of liquor. When they passed Miss Preston stopped and began to cry. He went up to her to ascertain what the trouble was and when the defendant came back placed him under arrest. Leeman swore that he had not assaulted Mr. Preston or his daughter. He said the trouble resulted from the latter breaking a date with him. He acknowledged that he had been drinking. He said the only time he laid hands on Mr. Preston was when he secured an axe and started for him. Magistrate Henderson said it was evident that there had been no serious assault or any serious abusive language used. He struck a fine of \$8 for drunkenness and withheld judgment on the other charges until he could make some enquiries.

EVIDENCE GIVEN IN ROBBERY CASE

Witnesses Heard in Matter of Clothing Stolen in Union St. Store.

A preliminary hearing in the case of Charles Green was started in the police court this morning and after the evidence of three witnesses was heard the defendant was remanded to jail until Friday morning at 11 o'clock to give the prosecution an opportunity to secure additional evidence. The defendant was taken into custody last Friday on suspicion of breaking and entering the store of J. L. Collins, 189 Union street, and stealing clothing and stick pins valued at between \$500 and \$600. Collins today said that as a result of information received he hurried to his store on Sunday afternoon April 13 and found that a pane of glass in a rear window had been removed. He found empty 12 hangers, and in glass in contained suits of clothes and gabardine coats. He also found a card which had contained 10 stick pins stripped. He said he estimated the loss at between \$500 and \$600. Pearl Boyd, who said she resides in Union Alley told of seeing two men pass near the rear of her home. They apparently had something hidden under their coats, she said, judging from the way they were bulged out. She did not recognize either of the two, saying she had not paid particular attention to them. Arthur Gallagher, 11 years of age, said he knew the defendant for about two years. He told about playing in a yard off City road on Palm Sunday

ON DUTY AGAIN.
G. G. Hare, city engineer, is at his desk again following a holiday trip.

TWENTY BIDS IN.
Twenty tenders in all were received by F. Neil Brodie, architect, for the extension-work at the St. John Infirmary. It was announced this morning. An award will be made this week.

GIRLS RAISE \$22.
Six little girls raised \$22 for the Epworth Park Outing Association at a sale at Epworth Park on Saturday. The girls are Marjorie Ketchum, Muriel Rogers, Natalie Ketchum, Lillian Rogers, Margaret Hallowings and Barbara Dales.

COMMON COUNCIL.
The regular meeting of the Common Council will be held tomorrow morning at 11 o'clock, instead of 3 p.m., owing to the July session of the Municipal Council tomorrow afternoon.

A MOMENT OF DANGER.
People at the corner of Waterloo and Union streets on Sunday evening about 8:15 o'clock were given a thrill. An auto, driven by a young woman, with another as companion turned into Waterloo and promptly took a trip up on the sidewalk. The driver was able to swing the car around and regain the roadway before house or telephone pole was struck.

WILL MEET IN MONCTON.
LeBaron Wilson, grand master of the Masonic Grand Lodge for New Brunswick, accompanied by Stanley M. Wetmore and Carl Fraser, grand lodge officers, arrived home on Saturday after visits to lodges at Sackville, Shediac and Moncton. He announced that the annual communication will be held on the fourth Thursday in August at Moncton this year, this being the first time in several years for it to be held outside St. John.

A GIANT STRAWBERRY.
The daddy of all the strawberries of the season was shown to a Times-Star reporter this morning. It was brought to the city by Lieut.-Col. J. S. Frost, who was at the Belleisle yesterday. The berry was picked at Kerry Cookson's place and it had a good many rivals in size in the field, but none quite so large. It was fully two inches one way and two and a half another. Mr. Cookson has some two acres planted to strawberries and has a great crop. He has been sipping about 180 quarts today.

MUST PAY ALL TO GET TAX DISCOUNT

Question of Partial Payment Comes Up—East St. John Work.

"Slightly lower quotations on the whole" was Commissioner Wigmore's comment this morning at a committee meeting of the Common Council, when the matter of the ratemakers in East St. John were referred to him for a report. The several outside bids received for piping were lower than those received from local companies, which moved Mayor Foits to remark that it would not be a bad idea to keep the trade in the city as much as possible, even though there was a slight difference in prices. An interesting point on the matter of tax discount was raised when His Worship read a letter from a lady taxpayer who said she owed about \$300 in taxes. Would it be possible, she asked, to pay about \$125 and receive her discount on this amount? The Mayor said he had taken up the matter with the city chamberlain and had been advised that under the present act the full amount must be paid to secure the advantage of the discount. The Mayor suggested it might be wise for the Council to take up this point for the benefit of the ratemakers. A communication was received from Mrs. Nellie White respecting damage to her property in West St. John which she alleges was caused by the water and sewerage department about two ago. It was decided to comply with her request and grant her a hearing before the Common Council.

Tenders Opened.
Tenders for the sewerage work were received as follows: Four thousand five hundred feet eight-inch C. I. pipe—Canada Iron Foundry, Ltd., Three Rivers, P. Q., through Vroom & Arnold, \$56.85 a ton, net; General Supply Co., Ltd., Moncton, \$56.70 a ton; T. McAvity & Sons, Ltd., \$59.27 a ton; James Robertson Co., Ltd., \$1.39 a foot; Canadian Fairbanks Morse Co., Ltd., \$1.57 a foot; Francis Hankin Co., Ltd., Montreal, \$56.40 a ton. Seven thousand feet six-inch pipe—Canada Iron Works, \$56.85 a ton; Canadian Fairbanks Morse, \$1.10 a foot; T. McAvity & Sons, Ltd., \$59.27 a ton; Francis Hankin & Co., Ltd., \$56.40; James Robertson Co., Ltd., 93 cents a foot; General Supply Co., Ltd., \$56.70 a ton. Six-foot hub-end gate valves—T. McAvity & Sons, Ltd., \$18.80 each; A. R. Williams Machinery Co., Ltd., \$21.88 each; James Robertson Co., Ltd., \$22.75; Canada Fairbanks Morse, \$20 each; General Supply Co., Ltd., \$18 each. Special castings—Phoenix Foundry & Locomotive Works, Ltd., \$5.20 per 100 pounds; St. John Iron Works, five and one-quarter cents per pound; T. McAvity & Sons, Ltd., and Union Foundry Co., each five cents a pound. The tenders went to Commissioner Wigmore for a report.

When the defendant arrived from the direction of Dorchester street. He asked him if he could get a bag and when he secured one he said he saw the defendant take three or five suits from under his coat and place them in the bag. He then proceeded towards the overboard bridge leading to Lombard street. At this stage the prosecution asked for an adjournment for additional witnesses. Roy A. Davidson appeared for the defendant.

MUCH U. S. MONEY IN CIRCULATION

Effect of Tourist Visitation Shown—Boston Boat Brings 273.

The visit of so many people here from the United States during the tourist season is putting a large amount of U. S. money in circulation in the city. When a St. John customer tendered a dollar bill in making a purchase at a drug store on Sunday, the proprietor remarked on the number of greenbacks and the amount of American silver being offered in the daily run of business. He attributed it to the number of people here from across the border and found in the fact a good reason for doing all that could be done to encourage the tourist business. Prince Arthur Brings 273.

When the Eastern Steamship liner S. S. Prince Arthur arrived in port this morning direct from Boston 273 passengers stepped ashore, expressing pleasure at the cool, pleasant weather here in contrast with the oppressive heat of the New England States. When the steamer arrived this morning at 8:30 o'clock a large number of people were on the wharf to welcome relatives and friends.

Among those who arrived here were Mr. and Mrs. George Creary, formerly of this city, who came to spend a vacation visiting relatives. Mr. Creary holds an important position with Shepards' in Boston.

Mr. and Mrs. William McDonald and child arrived from Boston on a visit to Mr. and Mrs. A. L. Hoyt, 6 Algonquin Place, West St. John. They are formerly of St. John.

LeBaron McBeath, of Fall River, formerly of this city, arrived to spend a vacation. He expects to enjoy a fishing trip prior to returning to his home. Mr. McBeath is well known here and was warmly greeted by a number of friends.

James White, an ex-alderman of Lynn, Mass., was also among the passengers. He is a former St. John boy and annually spends a vacation in the province. He said he anticipates enjoying a fishing trip and is confident that he will be able to land some fine trout.

Garry Sherwood of Boston was another passenger who came to the province to enjoy a vacation. Mr. I. Goldberg returned home after a business trip to Boston and New York.

JULY RIVALS DRY RECORD OF 1921

Rainfall is Far Below Normal—Last Night's a Great Benefit.

"Even drier thus far than the dry year of 1921," was the report this morning for the month of July to date from D. L. Hutchinson at the local observatory. Yesterday's rainfall, the first of any consequence this month, was badly needed throughout the province and thousands of dollars were saved through the farmers, the far more will derive from the 33-100 of an inch which fell during the last 24 hours.

The rainfall thus far this month has only been 46 of an inch compared with a normal rainfall of three inches for the month. The record for the "dry year," 1921, for the entire month was 1.67 inches, thus with approximately half of the month gone it is seen that even that record is eclipsed unless the balance of the month proves more rainy.

There are two new moons this month for the first time in a great many years and, on the last occasion, it is said, the crops were ruined by bad weather. Whether this is to be considered an ill omen remains undecided. However, come what may, the rainfall thus far is certainly below normal.

FROM WEST INDIES.
The R. M. S. P. Chaudiere arrived in port this morning from the British West Indies with a neatly cargo, all available space being taken. The vessel brought 126 passengers, including 12 naval ratings returning from duty at Bermuda en route to England; also five Chinese on their way in bond through Canada to Hong Kong. The steamer has 1,500 tons of raw sugar for the local refinery, and also a consignment for the Halifax refinery, in addition to a large general cargo. The Chaudiere docked at the Pettigill wharf.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I stood in the gathering dusk last evening and watched a tree. It was more like a clump of bushes; for there was not a single stem, but several of them, and numbers of long and slender branches, reaching upward instead of outward. Every branch had tiny shoots bearing a wealth of green leaves. The wind and the rain beat upon this tree. Its long, up-reaching branches were arms waving in the storm. As I watched it I seemed conscious of a wild harmony in the movements of the branches as they swayed in the wind, and a wild joy in the tree itself, as if it, too, had a consciousness of its own, and responded to the thrilling sensations of the moment. I wonder if trees do have a consciousness of that sort?" "I hope not," said Hiram. "If they had they'd feel the axes, and they'd feel the fire that some fool started—an' that run for miles an' miles through the woods afore it was put out. No, sir—if trees had feelin's, they'd be acceptin' most of the time over what fools us human bein's is—yea, sir."
