Members of Oklahoma's Crew Still Missing

THREE DEAD IN LIFEBOAT

Steamer Broken in Two on Sunday and Heavy Stern Portion Sank at Once—Many of Crew Were Aft at the Time

(Canadian Press)

New York, Jan. 6.—Five of the missing men of the crew of the oil tanker steamer Oklahoma, which broke in two of Sandy Hook early on Sunday, were brought into port alive today. They were brought up in a lifeboat on Sunday afternoon by the Booth line steamer Gregory, after having been adrift in the bitter cold for six hours. They are: Jacob Swanson, oiler; Willi Hiest, seaman; Fred Booth, stowaway; John Kosich, mess boy; and George Johnson, wiper.

The rescue of these men, and their story, account for seventeen of the Oklahoma's crew of thirty-eight. Eight were rescued by the liner Bavaria, and three found dead in a lifeboat.

The Oklahoma broke in two amidships without warning at 7:30 o'clock on Sunday morning and a large number of crew perished. The stern section, in which was situated the heavy machinery and on which were thirty-two of the crew sank immediately. The Oklahoma was valued at \$700,000.

As they drifted away, soon to be separated, the men saw Captain Gunter and others amidships on the Oklahoma. They knew nothing of his fate, until they reached New York, and were surprised to learn that he and seven others had been saved by the Bavaria.

About 1:30 p. m. the Gregory bore in sight. They made frantic signals and rowed toward her. Eleven were still in the boat, at that time. Nearing the steamer, the boat captain and all were thrown into the icy water. They succeeded in righting her and all, nearly frozen painfully, climbed in again. This happened again and again by the time they got alongside the Gregory, all were on the verge of collapse. Almost at the Gregory's side the craft again went over. This time six sank, never to appear again.

JUDGE CROCKET TAKES PLACE ON BENCH TODAY

King's Bench Division.

His Hon. Mr. Justice Crocket sat in chambers this morning, for the first time in this city.

Chancery.

In the case of Robert L. Todd vs. the Barn Settlement Board and Thomas W. Butler, chairman of the board, Chief Justice Barker gave judgment today ordering that the injunction be dissolved with costs. The injunction was to restrain the defendants from cancelling an agreement of sale with the plaintiff, whereby the defendants agreed to sell to the plaintiff a farm in the Parish of St. Stephen in Charlotte County; one of the conditions being that the plaintiff should work the farm in the manner set out in the agreement.

The defendants having decided to cancel the agreement, on the ground that the farm has not been properly worked, the plaintiff secured an injunction restraining them from doing so. On Saturday last the defendants applied to have the injunction dissolved with the result stated. D. Mullin, K. C., appeared for the plaintiff, and M. G. Teed, K. C., for the defendants.

Plot to Place Turk on Albanian Throne.

A cable from London to the New York Herald says: It is confirmed in diplomatic circles that Herr Fuchs has organized a plot to place Mussulman prince on the Albanian throne, and Turkish troops may endeavor to effect a landing on the Albanian coast to bring this about.

Princess Had to Give Up Visit.

New York, Jan. 6.—A London cable to the Herald says: Princess and Prince Arthur of Connaught were due at Wexbeck Abbey last night to visit the Duke and Duchess of Portland, but owing to a slight indisposition, the princess' trip was postponed.

Fair and Mild.

Wind—Fresh northerly winds, fair cold. Wednesday, fresh westerly, fair becoming milder.

FISHERIES BRING BUT SMALL SUM

No Bids at all For Navy Island Lots and They Will be Put Up Again—Suggestion of Agreement Among Buyers

The annual sale of the harbor fishery lots which was commenced this morning in the court house was marked by a noticeable lack of bidding. On other occasions it has been alleged that the bidding was limited by agreement among the fishermen and the circumstances attending the sale today was taken to indicate something of the same sort. As the result the total receipts this morning were only \$617.55, as compared with a total of \$8,897.45 last year. The Navy Island lots were not sold at all, but will again be offered next week.

The York municipal council met this morning in semi annual session. Councilor Sam. Hunter was unanimously elected warden. Committees were appointed and adjournment made until this afternoon.

The term of A. D. Sterling as president of the Victoria Hospital board has expired and the trustees yesterday elected J. P. McMurray as his successor. A. J. Gregory succeeds Mr. Sterling on the board and A. R. Slipp was elected to the vacancy caused by the death of W. T. Whitehead.

The case of Stewart vs Southampton Railway Company will be taken up in circuit court this afternoon before a special jury.

AGAINST SUNDAY PICTURE SHOWS

(Special to Times)

London, Jan. 6.—The licensing committee of Middlesex County Council yesterday refused to alter their decision against the Sunday opening of moving picture shows. The decision affects several largely populated suburbs of London. In the city boroughs pictures are shown on Sundays.

AGAIN SAY HUERTA WILL RESIGN

Mexico Reports That He Will Take Field Against Rebels—Villa on Way to Join His Forces

Mexico City, Jan. 6.—That General Huerta intends to resign from the presidency in the near future, a report often denied by him, is again being persistently circulated. It is said he will take the field in person against the rebels, after yielding up the presidential office.

WEST INDIES TRADE

Watson Griffin, former industrial commissioner for Brandon, who has been appointed special commissioner for trade and commerce to the British West Indies. Mr. Griffin's first visit is to Trinidad. His instructions are to visit all the West Indian colonies to investigate trade conditions for the department of trade and commerce with a view to developing Canadian trade with those colonies.

Some time ago, securing work with the Grand Trunk Pacific, he was sent with many others to the end of steel in British Columbia. Early in November with 100 other laborers, he was sent further west, the trip requiring the party to cross the Fraser River. In spite of the swift current, he says, the entire party was loaded into a large boat, navigation was difficult, the boat became unmanageable and crashed into a large rock and dashed to pieces.

The strength of the current made swimming impossible, and the struggling men were either dashed to death on the rocks, or carried to their doom by the rapids.

Of five score men that boarded the boat only twenty-five were taken from the water, many of these injured, and only five bodies were ever recovered. Pugliese says he had his feet and neck badly injured. He said no inquiry of any kind had been held.

OTTAWA BUSINESS, SAYS REPT. WILL GO TO CANADA FOUNDRY PLANT IN TORONTO

Ottawa, Jan. 6.—After operating in an extensive way since 1905, the giving employment to never fewer than about 1,100 employees, the International Marine Signal Company of Ottawa closed its plant yesterday and if reports are correct, it will not re-open for business here.

It is said that the company has been bought by Makemie & Mann interests. The Canada Foundry Company is named. It is also said that the business will be carried on at the Canada Foundry plant in Toronto.

GOT ANOTHER MAN'S POST OFFICE ORDER

Toronto, Jan. 6.—Three years in the penitentiary was imposed on Hugh Bell, a young Scotchman, yesterday on a charge of stealing a post office money order worth \$46, from a man of the same name. Bell says he was notified that there was a money order for him. He signed for it, and spent the money.

IN ANGLICAN CHURCHES

In several of the Anglican churches this morning the Feast of the Epiphany was observed by a celebration of holy communion. Yesterday afternoon on the eve of the festival a special service for the children of the parishes in the city was held in Trinity church. Several of the Sunday school teachers attended the service with the children. The service was conducted by Rev. A. Armstrong assisted by Rev. Percy Coulthurst. Rev. Mr. Armstrong addressed the children.

BECOME SISTERS

Miss Alice Kelly, school teacher in St. Peter's school, North End, has resigned from the staff and entered the order of the Good Shepherd nuns in New York. She left for that city yesterday morning. Miss Roxina McIntyre, daughter of Mr. and Mrs. W. E. McIntyre, Coburg street, has gone to Montreal, where she will join the Order of the Good Shepherd.

Miss Alice Casey has been appointed to the vacancy caused by the retirement of Miss Kelly.

DEATH OF PATRICK O'BRIEN

The death of Patrick O'Brien, preventive officer in the customs service, occurred at his home, 848 Union street, early this morning. Mr. O'Brien had been ill only a few days, and many months. He was well known and many will learn with regret of his death. Mr. O'Brien leaves his wife and two brothers, Richard and Timothy, both of the St. John Globe. The funeral will take place on Thursday.

CANADIANS ON WAY HOME FROM ENGLAND.

Death of John Weatherhead Recalls Police Battle Of Xmas Eve 29 Years Ago

Former Sergeant Passed Away Today After Illness of a Year—Survived by Large Family

John Weatherhead, for many years a member of the St. John police force, died this morning at his residence in Westworth street after an illness with heart trouble extending over a year. He had been confined to his house since last August.

Mr. Weatherhead, who was sixty-six years of age, was a man of sterling character and enjoyed the esteem of a great circle of friends. He was born in Barnevillie and came to the city when a young man. After being connected with the local police force for seventeen years, he engaged in a stabling business in Union street, retiring last year on account of ill health.

He was appointed a policeman under Chief Marsh on June 1, 1876, and was made a sergeant Sept. 10, 1880, succeeding Thomas Hayes. He retired from the force on April 30, 1890. At the time of the union of St. John and Portland, Sergeant Weatherhead was appointed inspector of the southern division, this title being changed to captain when Chief Clark was appointed.

Xmas. Eve Riot.

The death of Mr. Weatherhead recalls a riot which occurred on Christmas eve in 1884. He was then a sergeant and went with Policeman Barton to Lower Cove where the disturbance had occurred.

PROBING LOSS OF 439 LIVES IN COAL MINE

One Statement at Inquest Was That Every Welsh Colliery Is Dangerous

(Special to Times)

London, Jan. 6.—That every Welsh coal mine is dangerous was a statement made by Manager Shaw at yesterday's inquest into the Senghwydd disaster, in which 439 lives were lost on October 14. The taking of evidence was commenced yesterday.

The prevalent opinion was that the explosion was started by a lamp in a station. It was admitted that an old man was in charge there. He had not been appointed by writing, as called for by the regulations.

Counsel for the South Wales Miners' Federation said that there were all the elements of a potential explosion in the electric cable signalling system used, to which the manager replied: "Yes, but up to the present electrical experts have thought that the wires would not ignite gas."

It was said that everything possible had been done in the way of precautions in advance, in accordance with the requirements of parliament with regard to the presence of coal dust.

HORSE BREEDER ASSERTS; C. P. R. SUPERINTENDENT DENIES

Calgary, Alta., Jan. 6.—George Lane, a veteran horse breeder, yesterday charged the Canadian Pacific with discriminating against the live stock producers of Alberta, to such an extent that \$1,000,000 worth of trade was diverted from Alberta to Montana.

D. C. Coleman, general superintendent of the Canadian Pacific takes issue with Lane, and says the C. P. R. is doing everything in its power to encourage the live stock industry of the province.

SON OF ENGLISH BARON WEDS RICH GERMAN HEIRESS

Berlin, Jan. 6.—The heiress to one of the largest fortunes in Germany, Miss Marie Anne von Friedlander-Puld, a daughter of Germany's "Coal King," was married today to Hon. John Power Bertram Ogilvy Freeman-Milford a younger son of Baron Redesdale, of the English peerage.

GERMANY'S PRINCES HARD UP

Berlin, Jan. 6.—The continual increase of the cost of living does not trouble only the German working people; it is causing no little uneasiness among the German rulers. For the last three years most of these princes have been asking for "an increase of pay." The Kaiser himself being the first to lodge his complaint with his people, and the few who have not hitherto dared or thought it advisable to ask for a higher civil list are now busy preparing public opinion in their realm for the unpleasant and unavoidable necessity of giving more money for the keeping up of the chief of the state.

STILL more significant, the two or three German federal princes who have so far had no civil list at all think very seriously of having one established, as their income, which is either derived from their own (or their wives') fortune, or from the sale of titles, dignities and decorations, cannot suffice much longer to "keep them going."

FIVE KILLED IN HOTEL FIRE; TWO MORE LIKELY TO DIE

(Canadian Press)

Newark, Ohio, Jan. 6.—Five persons were killed and six injured—two of whom will die—when fire early this morning, destroyed the Gus Kern Hotel.

Not one of eleven people who were in the building when the fire was discovered, escaped death or injury.

UNION FUNDS FOR USE IN POLITICS

Ballot Being Taken In The Old Country

VOTING IS SECRET

Results Ready For Annual Conference of Labor Party in Glasgow at End of January—Figures Already in Favor

(Canadian Press)

New York, Jan. 6.—A cable to the Tribune from London says: A very important ballot, the result of which may have a far reaching influence on labor politics in this country, is now in progress among the trade unions. It is being carried out in conformity with the provisions of the trade union act last year, by which it was made lawful to apply funds of a trade union to political objects, if the promotion of those objects was approved by a majority of the members voting in secret ballot.

The annual conference of the labor party is to be held in Glasgow on January 23, 24 and 25, and on January 25 there will be a special conference on the electoral and parliamentary policy of the party.

Some results are already known, and majorities in favor of the proposal have been obtained, but in many cases the polls have been comparatively small.

H. BLISS MURPHY OF WINDSOR IS DEAD

(Special to Times)

Windsor, N. S., Jan. 6.—H. Bliss Murphy died today after an illness of pneumonia. He was the senior partner in the firm of Murphy and Demont, grocer, and was forty-five years old. He leaves his wife, formerly Miss Phillips of Halifax, four sisters and two brothers.

Dr. George Murphy, of St. John's Hill, and Dr. Chas. N. Murphy of Windsor.

DIVIDES TEN MILLIONS AMONG EMPLOYEES

Means \$5 a Day Pay For Lowest Workman of the Ford Motor Company

(Special to Times)

Detroit, Mich., Jan. 6.—The Ford Motor Company will give to its employees during 1914 the sum of \$10,000,000 in addition to their wages, as a distribution of profits. The sum will be added semi-monthly to the pay envelopes.

A minimum wage of \$5 a day will be established by this addition. From next Monday to the end of the year, even the lowest laborer and the man who merely sweeps the floors will get at least \$5 a day.

SIR JAMES ABOUT THE SAME

New York, Jan. 6.—At 11 o'clock this morning the following bulletin in reference to the condition of Sir James Whitney was issued at the Hotel Manhattan by Doctors Pinc and Briggs.

"Patient about the same as yesterday. Passed a comfortable night."

While those in attendance on Sir James did not minimize his very serious condition, and while they admitted that with a man of his advanced age, the worst was always to be expected, they were most hopeful.

Sir James was acquainted with the serious nature of his trouble and knew early in its stages that this illness might be his last.

To Business Men Who Do Not Advertise

When you fail to receive your daily newspaper are you annoyed? Try going without your favorite newspaper for a day or so and you will realize what an important part it plays in the lives of our people.

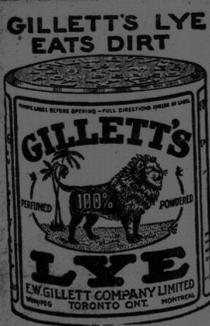

To most readers the advertisements are as important as the so called news. They are the bulletins of commerce.

Newspaper readers soon grow to have an unconscious intimacy with advertisers whose names they see day after day. When they want anything they naturally turn to these advertisers because they know them.

If you do not advertise, you are hampered from the start. You do not get the trade of the great and the growing army of newspaper advertising readers unless it is by accident.

There is another question you might ask yourself—Does my business increase as it should? Then put the same question to some of your friends who are investing money in advertising.

The advertising department of The Telegraph and Times is anxious to co-operate with business men who do not advertise. Address Advertising Manager.

MR. AMES' ADDRESS A PLEA FOR BORDEN'S NAVAL SCHEME. At the special meeting of the Canadian Club, held in Keith's assembly rooms last evening, Herbert B. Ames, M. P. for St. Antoine division of Montreal, addressed the members and their friends, and members of the Women's Canadian Club, on 'The Making of a Battleship.'

According to James Gilchrist, superintendent of immigration for New Brunswick, 122 immigrants have settled in New Brunswick during December. It is expected that during the spring a number of the boys from the Scouts' Farm, Wadhurst, Sussex, England, will be brought to this province.

Try This Home-made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix two cups of granulated sugar with 1 cup of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16-ounce bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else ever used. Usually ends a deep-seated cough inside of 24 hours.

Pinex is the most valuable concentrate of Norway white pine extract and is rich in quercetin and all the natural pine elements, which are so healthful to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.

A guaranty of absolute satisfaction or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not send to The Pinex Co., Toronto, Ont.

MR. AMES' ADDRESS A PLEA FOR BORDEN'S NAVAL SCHEME

At the special meeting of the Canadian Club, held in Keith's assembly rooms last evening, Herbert B. Ames, M. P. for St. Antoine division of Montreal, addressed the members and their friends, and members of the Women's Canadian Club, on 'The Making of a Battleship.'

Whatever Mr. Ames' address was intended to be, it was in reality a brief for the Borden navy policy. All of the arguments were such as had appeared in Conservative speeches in support of the emergency naval plan.

Mr. Ames had gone to great trouble to secure information, but when he put it together it constituted an ex parte statement of the Conservative naval case, instead of an independent presentation of the whole question of Canadian participation in imperial naval defence.

Mr. Ames carried his audience with him on a visit to British naval ship-building yards, explaining in detail what a battleship is, what its outstanding features are, how it is constructed, what its armament is, the power of its guns and its armor, how the big guns are made, and so on.

Then he gave his opinion against building battleships in Canada, saying the requisite plant would cost \$37,000,000, and that its upkeep would mean the expenditure of \$5,250,000 a year. He advised against building at home, but that it would be well if the admiralty were to place orders in Canada for torpedo boats and other minor craft, perhaps including a light cruiser or two.

The latter portion of the address was in essence, a plea for the Borden plan, and no effort was made to inform the audience as to any other plan.

Rev. G. A. Kuhring presided at the meeting. On his motion a vote of thanks was tendered to Mr. Ames.

Previously to the address the following officers of the Canadian Club were elected: Auditors, F. A. Kinnear and J. Willard Smith; nominating committee for officers for the ensuing year, A. A. Wilson, G. A. Henderson, F. A.

HERE IS THE SECRET OF LONG LIFE

While looking forward to health and long life it is possible that you are unaware of the conditions necessary to attain healthful old age. Careful eating, and consequently preservation of the health and vitality of the digestive and excretory organs, is of the greatest importance.

Overeating is the usual cause of torpid, sluggish liver action, and when the liver fails additional work is thrown on the kidneys and they break down. Kidney disorders are the great source of suffering in old age. Rheumatism, bodily pains, aching arms and legs, backache and lumbago are the result.

By the use of Dr. Chase's Kidney-Liver Pills to regulate the liver, kidneys and bowels, as occasion requires, you not only overcome the suffering, inconvenience and unpleasantness of attacks of biliousness, indigestion and constipation, but you actually prolong life by keeping these organs in good, healthful condition. This medicine is a wonderful source of comfort for people in old age.

She Wants to be Regarded As a Queen

MUCH MONEY SPENT

Middle Class in London Plunged Heavily into Buying of Presents, The Aristocrats Bought Less Freely—News of Canadians

(Times Special Correspondence)

London, Dec. 27.—I met the Portuguese royalties at a jeweler's in Bond street, when, like all the rest of the world of London, they were intent on present buying. They seemed quite pleased with themselves and on the best of terms. When you come face to face with "the queen" she looks years younger than her photographs suggest—indeed she made a rather pretty figure altogether swallowed up in wonderful furs, the like of which you do not often see even in Bond street. She is short and rather fragile, but she has the nose that means business and that will stand no nonsense.

Manuel had her gorgeous sable stole on his arm and carried her gold jeweled bag. She was buying like a queen without inquiring the price of anything. Now and again, but not often, she referred to the "ex-king, who seemed to agree with all she said. Her voice has a pretty lisp in it and she spoke mostly in French except when she was addressing the man behind the counter and then it was in broken English which sounded very quaint. They moved to an inner apartment and the "queen" slipped over a step at the entrance, Manuel dashed forward, his arms extended to save her. She is quite determined to be defined as queen and the powers that be are in a fix, for they do not want to offend the republican government of Portugal by recognizing the young pair in that capacity. But the new little queen says she will not appear at the Court of St. James unless she is received as a crown head.

Fortunes for Xmas Gifts.

Never in the history of London has the big middle class public expended such fortunes on Christmas presents as it has done this year. But as "the people" have grown wildly lavish the aristocracy have become careful to a degree. This is because of their terror of the new taxes which are ever evolving in the mind of Lloyd George, especially the land tax, which will hit chiefly the Tipperary Ten. I met the Duchess of Portland and her daughter buying pin-cushions at a shilling apiece. These they announced, they wanted for Christmas gifts. They had two dozen. Then the duchess said, "Have you anything else about the same price in this department?" And she was shown effective little perfume sachets for placing in drawers at a few pence each, and she purchased quite a lot.

Later I ran across the Duke of Argyll at the Times Book Club in Oxford street, selecting volumes of the poets with artistic suede covers at about eighteen pence each. He wanted an extreme, but the server told him that he had had the last at the price, but could have one a shilling dearer. "Never mind," replied the duke, "these will do."

Muriel Wilson is to stay with the Duke and Duchess of Connaught in Canada for quite a long visit and she has added several French poems and other recitations to her repertoire. Like most of the smart world she has given up appearing in amateur theatricals, for which pastime nobody now cares a pin. When the present king and queen recently visited the Duke and Duchess of Devonshire at Chatsworth, they requested that there should be no "play acting." King Edward and Queen Alexandra enjoyed seeing their friends act and ever since His Majesty's death people have been growing steadily sick of the amateur on the stage. As an elocutionist, Muriel

Wilson is really clever and well able to compete with the best professionals. Major-General G. M. Kirkpatrick, who has retired from the position of inspector-general of the Australian forces at the conclusion of his term of office is a Canadian, a son of the late Sir George A. Kirkpatrick, one of Ontario's distinguished lieutenant-governors. He was one of Lord Kitchener's "young men" and during the South African war, Kirkpatrick formed a high opinion of his military talents, which has been so abundantly justified in his subsequent career. After the war Lord Kitchener invited him to serve under him in India, and later suggested to the army council that he be appointed to the position in Australia. Major General Kirkpatrick is a stepson of Lady Kirkpatrick, who has resided in London for some years.

To spend Christmas in the old land or on the continent is a custom growing in popularity with Canadians and this year the number of visitors from the dominion has greatly increased. Hon. Dr. J. O. Reame, minister of public works in the Ontario government, has returned and will spend Christmas in England. Mr. and Mrs. Reame have visited Paris, Berlin, Vienna and Rome; and in Paris Doctor Reame was cordially received by officials of the French government. Another Ontario cabinet minister, Hon. Adam Beck, arrived to spend Christmas in this country. He has joined his wife in the charming home in the heart of Derbyshire which they took this year.

W. K. Miller, of Pembroke, is staying with friends in Edinburgh. Colonel and Mrs. Frank Meighen have arrived after a tour through France and Italy. They spent Christmas in London and leave for Canada early in the new year.

W. G. Trethewey of Toronto came over in the Olympic to join Mrs. Trethewey in their recently acquired home in Sussex. Situated in the centre of an excellent hunting country and within a reasonable distance of London, this residence has everything to commend it and Mrs. Trethewey should enjoy good sport this winter.

J. S. Brerley of Montreal was another passenger in the Olympic, to join Mrs. Brerley, who is staying at Bournemouth.

Captain James Besty of Toronto is staying with his sister at Bournemouth.

Miss Florence Clements of Berlin, Ont., left for Berlin, Germany, today, to spend Christmas with the Misses Williams of Berlin, Ontario, who are studying in the German capital. Mrs. H. Wells of Berlin, whose daughter is studying music in Berlin, has been in Germany for some months.

Miss Margaret George of Toronto, is spending the winter in Milan.

Mr. and Mrs. F. C. Hunt of Toronto, spent Christmas in Paris. Later on they will join Mr. and Mrs. F. W. Blakemore of Toronto in a tour through Holland.

Sir Frederick Williams-Taylor left today to spend Christmas at Cannes. He is one of the players in the golf competitions there and last year won the prize offered by one of the Russian dukes. He will return to Montreal via New York by the Olympic on January 21.

MARY ATTRACTIVE IN OPERA HOUSE PLAY

Thompson-Woods Company Give Delightful Production Which is Keenly Enjoyed

The publicity which she has received through magazine stories and moving picture scenes has made the question: "What Happened to Mary?" a matter of international importance and in the selection of the play of that name for production here the Thompson-Wood Company made a popular choice for this week's bill. There was a good audience for the opening performance last evening and the welcome given should assure capacity houses for the remainder of the week.

The adventures of Mary have made her a familiar figure, and, although her career is modified to suit the limitations of a four act play, she remains the same and several of the other principal characters are faithfully represented. The story is that of a simple country girl who flees from her island home to New York and there finds adventures galore leading eventually to the discovery of a name, a mother, a fortune and a husband. Lucky Mary!

Miss Brandt gives a delightful interpretation of the role of Mary, presenting her in all her sweetness and charm and overlooking nothing in the strength of will and character which carried her successfully through her adventures. The role will be remembered as one of Miss Brandt's successes.

As John Willis, a middle aged lawyer whom Mary seems to love in spite of his bearishness, Mr. Meharry has a part different from his usual line but one in which he is eminently successful. The character given to Captain Joffe in the play departs somewhat from the conception given in the original story but Mr. Weyler makes it very human and again showed his ability to create a distinctive impersonation.

Miss Davis, as the wronged stenographer, gives a convincing demonstration that she is a most capable actress as well as a charming ingenue. Mr. Hodge has a broad comedy role in which he positively shines and Mr. Drummond, as Billy Peart, gives one of the best performances in which he has been seen. Miss Bishop gives a touch of distinction to the part of Lisa; Miss Bridges is excellent as the boarding house landlady

and Miss Derby is seen to advantage as the widowed mother. Mr. Flemming takes full advantage of his opportunities as the youthful villain of the plot, Mr. St. John has a dignified role as his father and Mr. Pagar gets all there is out of the role of the office clerk.

"WHEN WE WERE TWENTY-ONE" PROMISES TO BE EXCELLENT

The rehearsals in progress for the I. L. and B. production of "When We Were Twenty-One" indicate that the play which added laurels to the fame of Nat Goodwin and Maxine Elliott will be given a most satisfactory rendition in the Opera House towards the last of this month. The various roles are in capable hands and with a strong cast the show should serve to still further strengthen the name of these clever amateurs in local theatrical circles. The specialties are latest Broadway novelties and will be found most attractive.

The story of the play is interesting. It deals with a pleasing theme in a clever manner and provides ample scope for the players to display their talent. While abounding in pathos and drama there is also a stirring comedy element which adds considerably to the drama and pleasure to be derived from witnessing the presentation. The Opera House has been engaged for three nights for the production and as keen interest is being manifested in it, it is fully expected that capacity houses will be the rule.

MISSIONARY WORK

It appears that the Conservative party is not about using a Canadian Club to serve partisan ends. The St. John Standard this morning hails the speech of Mr. H. B. Ames, M. P., before the Canadian Club last evening as proof that Sir Wilfrid Laurier's plan of a Canadian navy is not a practical one, and that the Borden emergency policy is the right one to pursue.

The Canadian Club has been artfully used for partisan purpose. The officers and members of the club are not to be censured, however, since Mr. Ames was reminded that the subject he proposed to discuss might be made controversial, and that opinion in St. John as elsewhere in Canada was sharply divided on the subject.

Had Mr. Ames' address ended when he had finished the story of the building of a battleship, it would have gone on the record as one of the most interesting addresses delivered before the Canadian Club. But he followed that up by throwing on the screen quotations from Mr. Borden and Mr. Churchill, and certain tables of figures to show that Canada should not build battleships and the best that might be done would be perhaps to assist the Admiralty in building some small craft in shipyards to be established by the Admiralty in Canada.

In deference to the members of the Canadian Club who are fairly opposed to the Borden scheme, Mr. Ames might fairly have kept the tory arguments for a tory meeting.

If Mr. Borden desired to create a sentiment in Canada in favor of his present naval policy, and against a stalwart Canadian policy such as he approved in 1909, he perhaps could not do better than select an agreeable and very clever gentleman like Mr. Ames, have him visit the shipyards in the old country, hold conferences with shipbuilders who have no desire to see competing shipyards established in Canada, get from them pictures showing their works and the immense plant required to build a battleship, as well as some estimates of cost such as would tend to discourage Canada from establishing shipyards; and then bring him back to Canada, and send him about the country to deliver illustrated addresses, which would conclude with quotations from speeches of Mr. Borden and Mr. Churchill, to the effect that it would be folly for Canada to attempt to build shipyards, fortifying the quotations by estimates from British shipbuilders who would very much prefer not to have competitors in Canada or anywhere else.

It is not charged that Mr. Borden did send Mr. Ames to accomplish this mission. Mr. Ames as a good party man might be very willing to perform the task on his own account; but when he appears before Canadian Clubs he should add to his address some things which were omitted last night. He should tell his hearers that in spite of what Mr. Borden said in 1912 or 1913 he was a pronounced advocate in 1909 of a Canadian navy, and all the members of his party supported him in that view. Mr. Ames should also state that in 1909, in spite of what Mr. Churchill may have said in 1913, the British Admiralty was heartily in support of the plan of a Canadian navy. In presenting the estimates of the cost of shipyards, Mr. Ames should also add the much lower estimate which was presented in parliament by Liberal leaders, and which is quite as likely to be correct.

Those who go about to preach the gospel of despair, so far as Canada's ability to establish a navy is concerned, will need to use every means within their power to influence public opinion. This young, vigorous and rapidly growing country has accomplished so many gigantic tasks that it will not be afraid for a moment of its ability to establish a modern shipyard. Mr. Ames says it will cost about thirty-seven million dollars to provide a plant to build a battleship. Mr. Borden lightly and cheerfully proposes to toss thirty-five million dollars across the ocean for the benefit of British shipbuilders. Why not spend that thirty-five millions in the establishment of shipyards in Canada, not to begin with the building of battleships, which no Canadian has ever proposed, but to make a beginning in the building up of a Canadian navy, which would provide Canada and the Empire with a desirable portion of their defensive armament, and at the same time establish a shipbuilding industry for the benefit of the Canadian people? There is no emergency and no reason why the eminently sane policy which Mr. Borden and the Admiralty heartily approved in 1909—when it was proposed by the Admiralty—should not be carried out.

Well, why can't Canada build a navy if she wants to? Is Canadian money only useful when used in shipyards outside of Canada? Dr. Michael Clark, M. P., will read with interest in the Standard that he has been spending the holiday season "in his old home in Nova Scotia."

The city of Bangor has a large high school building with the basement fitted up for children's play. The example of Bangor should be followed when St. John erects new school buildings. It was fine to see the Conservative stalwarts of St. John, including most of Mr. Hazen's platform retinue, stride into Keith's assembly rooms last evening to hear and applaud Mr. Ames. They knew he had the real goods concealed about his person.

Sir Harry Waechter, who charges that the upper classes in England do not join the territorial army or take their proper part in national defence, but leave the task to the working classes, also utters a word of warning against the "dry rot" that would gradually make them an object of contempt for those who bear the burden. If his charge is well-founded, his warning is timely. The upper classes everywhere are on trial, and if those who receive much continue to give little in return, their place in the social order will very soon be challenged.

There is a vein of unconscious humor in the make-up of the clergyman who, in predicting that the world will come to an end this year, cites the fact that certain great catastrophes of the past were about to occur their coming was revealed to godly people. This clergyman and some others whom he names appear now to have received a revelation concerning the final catastrophe, to be "pulled off," as the sporting men say, in 1914. The "godly," like the poor, we have always with us; but it would call for much more than human intelligence to discover any reason why they should be made the sole repositories of Divine information, or the sole interpreters of Divine purpose. The end of the world, it may also be observed, is frequently predicted, but as frequently takes another leap into the future.

We read with interest the statement of Mr. B. Frank Smith of Carleton county that no action should be taken by New Brunswick potato raisers to antagonize Americans, since the American market is practically the only good market they have. Another speaker said that efforts had been made for ten years to find other markets but without satisfactory results. Mr. Smith and his friends have experienced a radical change since 1911. A report of the meeting of potato dealers held in Woodstock yesterday says that it was the consensus of opinion that farmers would suffer great loss as a result of the American embargo on potatoes. The farmers of the river counties know better than they did how to estimate the value of advice given them at election time by those who in 1911 protested against "truck or trade with the Yankees."

BIRTHDAYS OF NOTABILITIES

TUESDAY, JANUARY 6

The Hon. W. R. Motherwell, Saskatchewan's minister of agriculture, is fifty-four years of age today. He first came into prominence thirteen years ago when he was just a plain everyday farmer living near Indian Head. Like many of his neighbors he was very much exasperated at the way the railways and elevator companies were loading them through the elevators. He sat down one evening when he was feeling particularly wrought up and thought out a plan of campaign that would bring about some relief. Next day he communicated his scheme to a neighbor and the pair called a meeting of farmers. From this beginning there grew the Grain Growers' Association of Canada and all those cooperative schemes which Mr. Motherwell has since fathered.

We increased our turnover by 50 per cent. In 1913, naturally we desire to do as well in 1914.
We believe the rapid growth of our business is due to our careful selection of goods, close attention to our customers' needs and our genuine values.
We have been asked how we can do better than others in the same line. The answer is simple. WE DO NOT RENEW OUR PAPER AND WE DO TAKE OUR CASH DISCOUNTS AND WE DO GIVE OUR CUSTOMERS THE BENEFIT OF THIS DISCOUNT.
THIS IN ITSELF MAKES A DIFFERENCE OF BETWEEN 10 AND 15 PER CENT. IN THE COST OF AN ARTICLE TO THE CUSTOMER.
For the present year we promise to continue this policy.

RECORD YEAR IN FOREST REVENUE IN THE PACIFIC PROVINCE
"Only Province Which is Not Overcutting Her Forests," Says Chief Forester
Victoria, B. C., Jan. 5.—One million acres of land surveyed for the government is the record made by the survey branch of the department of land during the year just closed. This amount was about twenty per cent. in excess of the area surveyed in the year previous, which had marked the high record of the branch.
"Of this million acres the large percentage of 800,000 acres was surveyed in advance of settlement," said G. H. Dawson, surveyor-general.
The greatest forest revenue ever paid into any provincial treasury in the history of the dominion during a single year has been received by British Columbia during the year which has just closed. The revenue from forest surveys amounts to nearly \$3,000,000, or approximately \$27 for every inhabitant.
"British Columbia is the only province in Canada which is not overcutting her forests," said H. H. McMillan, provincial chief forester.

COMMISSIONER REES RECOVERING NICELY
Commissioner David M. Rees, head of the Salvation Army in Canada, has made a most marvelous recovery from the serious illness which befell him about ten weeks ago. Since then his many personal friends, the members, as well as the admirers of the organization he represents, have watched his progress with eager and anxious concern. Many churches throughout the dominion united with the Salvation Army in offering special prayer for his recovery. They will now be glad to learn that the commissioner is able to leave his room and, acting upon the advice of his physicians, will take further treatment at a sanitarium. Messages of sympathy have reached Commissioner Rees and his family all parts of Canada, including all corners of the province. For these, they convey sincere appreciation and gratitude.

MORE QUESTIONS RE WATER DEPT.

Commissioner McLellan Adds to His List—City Will Buy Nets For Protection of Longshoremen—The Teamsters' Stand—Harbor Fisheries—Ferry Employees Want Increase

At the meeting of the common council yesterday afternoon Commissioner McLellan submitted some additional questions regarding the water department and the commissioners dealt with several matters of importance including the harbor fisheries, tender protection for longshoremen, teamsters' stand and the housing survey.

Commissioner Agar reported that he had been able to find no more suitable stand for the teamsters than those now in use to replace the old stand on the north side of King square. He was given authority to submit estimates of the cost of a shelter and telephone booth.

The tender of the American LaFrance Engine, Inc. for 300 feet of fire hose with couplings and branch pipe at 85 cents a foot for use in no 4 warehouse was accepted.

The mayor was given authority to purchase nets for the around the steamer landing stages to protect the men at work on them and the council decided to ask the federal government to pass legislation requiring the steamship companies to make such provision in future.

The Trades and Labor Council wrote asking that steps be taken to hasten the arrival of the ambulance at the scene of accidents and also asking for an amendment to the fair wage clause providing that laborers employed as artisans should receive artisans' wages.

W. F. Burditt, for the Board of Trade, asked the city to pay the cost of labor for a survey of housing conditions in a certain section of the city and the common clerk reported that applications for grants had been received from various bodies. All the requests were laid over for later consideration.

The sum of \$81.80 paid for side wharfage of the schooner Elin Burrill, was ordered refunded to John Jackson.

The application of J. A. Armstrong for the exclusive right to fish eels in the harbor was refused. An amendment to the by-laws giving the city power to deal with unauthorized fishing in the harbor was adopted.

An application from the ferry employees for an increase in wages was referred to the commissioner of harbors and ferries.

To Alderman R. W. Wigmore, "Commissioner of water and sewerage,"

"Dear Sir: Concerning the list of questions submitted by you under date of December 23, and some of which questions were answered by me a week ago, I have to ask for a further extension of time.

"The work of preparing the amount assessable against the frontiers on the recently paved streets on which I was engaged when the questions were submitted was delayed to study the water supply question; but I was given to understand that the pavement assessment was of extreme urgency, therefore I returned to that and dropped the water question.

"Respectfully submitted, (Signed) "WM. MURDOCH," City Engineer.

The mayor explained that the assessment of the frontiers on newly paved streets must be submitted before the estimates for the current year are made up.

Commissioner McLellan—"I understood that the street surveying business was entirely in the hands of Mr. Hatfield."

Commissioner Agar—"These assessments have to be made up officially by Mr. Murdoch as city surveyor."

Mayor Fink—"The matter of assessment has to be rushed before January 15."

A Few More Questions. Commissioner McLellan—"I have no objections to a further delay in this case, but I have a few more questions to ask that arise out of the answers Mr. Murdoch furnished at the last meeting:

"What reason existed for omitting to answer question No. 4.

"In answering No. 7 question, you state the draft from Lake Latimer to be from 8,000,000 to 9,000,000 gallons per day. Will you please explain how the above figures are computed, when the records in the water office show from daily readings taken at Lake Latimer Lake the average daily draft from Jan. 1913 to Dec. 31, 1913 was 10,222,000 gallons, and the average daily draft from Jan. 1, 1913 to September 30, 1913 to be 12,417,000 gallons?

"As it is generally understood that there is a large leak in one of the mains leading from Lake Latimer, will you please inform me as to the manner in which the size of the leak has been determined?

"You make the statement that the Venturi meters are unreliable under the present conditions and their readings of from 8,000,000 to 10,000,000 gallons have been found to be in excess of the delivery ascertained by means of a pitometer. As the amount according to the Venturi meters is not in excess of the Latimer Lake readings, but considerably below them, I would like to know how the readings at Lake Latimer compared with the measurements taken by the pitometer, as the water was delivered to the pitometer location from Lake Latimer?"

When Commissioner McLellan had read these questions the mayor said he did not see any reason why they should not be answered by the city engineer without any delay.

Commissioner Wigmore—"As a matter of fact, Mr. Murdoch told me in conversation that he would in all probability answer all the questions by next Monday."

A copy of the questions was handed to Commissioner Wigmore who said he would place them before the city engineer.

The Ferry. Commissioner Schofield read a partial statement of the ferry expenses during the year 1913, with a comparison of the work done by the Ludlow and the Governor Carleton, the two ferry boats now in use.

HER LITTLE SON WAS DYING

Gave Him "Fruit-a-tives" And Saved His Life

Campbellville, Ont., May 25th, 1913. "Our little boy, Lawrence, was sorely affected with Chronic Indigestion, and the doctor did not think he would recover. He started with a sore mouth and it developed into this other trouble. Everything he ate just passed right through the system without change. He cried incessantly and life was a misery to him. My husband had been using "Fruit-a-tives" for Indigestion, getting much benefit from them, and I thought what did him good, might help our boy. We tried "Fruit-a-tives" giving Lawrence half a tablet at a dose, and the result was marvellous. Today, he is the picture of health, and he is perfectly well."

Temperance Gains

Toronto, Jan. 5.—Returns received at the Dominion alliance headquarters here tonight show that the temperance forces have won fifteen new districts, wiping out seventeen losses. In sixteen places the required three-fifths majority was not secured; in five there were straight majorities against local option. In all fourteen repeat contests, local option was sustained.

Woman's Hair Reaches to Knees

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils, falls to her knees. Moreover it is soft, silky and shiny texture and in color a glorious glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said: "Had anyone told me such marvellous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out and an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning grey in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well known physician. It said that by taking ordinary Lavona de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow every rapidly. I decided to try it and I had my druggist mix 2 oz. of the Lavona de Compose with 6 oz. of Bay Rum and 1-2 drachm of Menthol Crystals, and started to use it. My hair quickly began to grow. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing was the matter with them. They are growing yet, and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor, I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it."

ton for 2041-2 days, the former consumed an average of eight tons, 484 lbs. daily, and the latter five tons 2,181 lbs., and the respective consumption in cigars working out at \$33.54 and \$24.84 daily.

The total maintenance of the ferry for the year had cost \$56,948, besides bond issues for \$11,700, the receipts are not yet compiled. The figure for maintenance, the commissioner said, was about \$8,000 in excess of that of 1912.

Repairs for the Ludlow had cost \$6,182, and for the Carleton, \$8,875.

It was remarked that the Governor Carleton was a very much cheaper steamer.

"And she did not have those patent doors on either," Commissioner McLellan said, laughing.

While the total receipts were not yet forthcoming, the commissioner reported an increase in single teams transported of 8,960 over the preceding year, with an increase of 232 double teams.

RYDER-TURNBULL. In Lexington, Mass., on January 1, Miss Sadie Turnbull, daughter of Donald Turnbull, of W. W. street, Lexington, was united in marriage to William E. Ryder, of Hampton, N. B. The ceremony was performed by Rev. A. B. Grice, rector of the Lexington Episcopal church, at the bride's residence. The bride, who was given away by her

father, wore a very pretty traveling suit of anethyst shade and velvet hat to match, with rich plumes and marabou trim. Following the ceremony a dainty luncheon was served, after which Mr. and Mrs. Ryder left for their future home in Hampton, in which place Mr. Ryder is most popular. Mr. Ryder and his bride have the good wishes of numerous friends.

MAKES IT WORTH MONEY TO GIVE UP DRUNKENNESS

Seven Out of Twenty Persevere For a Year and Get Bank Account Start

London, Jan. 5.—A unique method of converting the habitual drunkard has been tried by Alderman Vernon Wraggs. Last year he made an offer to twenty habitual drunkards of York, whose records aggregated 200 convictions in three years, that he would give each £1 if they were not convicted of drunkenness during 1913.

The seven who kept the pledge were given a bank book showing a deposit of £1, and were told that if they continued to be sober Mr. Wragge would add 25 per cent to whatever the balance might be next year. The thirteen sovereigns which were not won were handed over to the hospitals. The sovereigns not won in 1914 will be divided amongst the winners for 1913.

THE COUNTRY WORK OF THE Y. M. C. A.

An organized county can maintain one or more rural-life engineers. The organization of counties began in 1900 and to-day there are about eighty counties in twenty states organized. These counties are in charge of about 100 Y. M. C. A. county secretaries or rural-life engineers. Most of these secretaries are college-trained men with an agricultural education. There are about 25,000 boys and young men in these county associations, an dthe work directly or indirectly affects the lives of 3,000,000 people in these rural communities.

Only takes a minute to try it on. One glance in the glass will show it all to the good. Only \$20 pays for the suit, and you'll find it the best twenty dollars' worth you ever put on your back.

THE RESOLUTION

"I resolve to start a Partial Payment Plan investment with J. C. Mackintosh & Co."

WHAT WILL 1914 BRING TO YOU?

Here's a New Year Resolution that put in effect NOW will insure your having a tidy surplus safely and profitably invested before the close of 1914:

THE RESOLUTION

"I resolve to start a Partial Payment Plan investment with J. C. Mackintosh & Co."

TO the man or woman, dependent on salary for a living, the necessity for such a New Year's resolution being made and kept should appeal with irresistible force.

Under the plan your account is credited with all bond interest and stock dividends, as declared. In most cases these credits will more than offset the carrying charges.

With the institution of our Partial Payment Plan last August, we enabled many men and women to make a start towards the accumulation of a reserve fund with whom such a course would otherwise have been impossible.

Since we have just cut the initial deposit in half, it is now twice as easy to make a start as before, and we anticipate recognition of the plan to widen correspondingly.

Here are the new terms of our Partial Payment Plan:—\$10 down and \$10 monthly buys any one bond or share of stock on our list; \$20 down and \$20 monthly buys two; \$30 down and \$30 monthly buys three; \$50 down and \$50 monthly buys five;—and so on, according to your circumstances.

PEPS in the CANADIAN SENATE

Senator Derbyshire, of Brockville, Ont., writes: To the Proprietors of Peps. Toronto. I am very pleased to express my high opinion of your preparation. Some time ago I contracted a very bad cold, which settled on my lungs and bronchial tubes. I almost lost my voice, was constantly coughing, and experienced considerable pain.

My wife has had an experience somewhat similar, and although neither of us believes in very much medicine-taking, we regard Peps in a class by themselves, and such a handy effective remedy, that we always keep a supply in the house.

Peps are small pastilles containing certain medicinal ingredients, which when placed upon the tongue immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief, and healing to the capillaries and tiny air sacs in the lungs.

All druggists and grocers sell Peps at 50c. a box or five from Peps Co., Dupont Street, Toronto for price. Send 10c. stamp for trial packet and booklet telling all about Peps.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers. If you must have your meat every day, eat it, but think of your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weak, then you suffer with a dull misery in the kidney region, sharp pain in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here, take a tablespoonful in glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

NEGLECT THE CARE OF YOUR SCALP AND YOUR HAIR WILL BECOME A DISGRACE. The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the body. In spite of this the hair receives, as a rule, the least attention and no real effort is made to keep it healthy.

IMPERIAL PRESENTS FINE UPLIFT STORY

"Leah Kleesha" in Four Acts Tells of a Regenerated Woman Burglar—A Strong Play.

The Imperial Theatre presented its first full photoplay yesterday in Leah Kleesha, four-act drama which had a successful run in Broadway and also in London, and in which the eminent American actress, Charlotte Nilsson, played the title role. Large crowds enjoyed the production, a play which was enacted with true Broadway ability and utterly devoid of the crutches which often mark hurriedly prepared photodramas. Throughout Leah Kleesha was a consistently told story, a fine example of the high art to which the camera form of play has evidently attained.

Previous to the showing of Leah Kleesha, which will be continued today and Wednesday, two travel pictures were thrown upon the screen. One was A Promenade in Rome, among the artistic fountains and splendid Italian buildings including St. Peter's and the other a parodic view of Constantinople and the Bosphorus. Mr. Velleux sang a waltz-hall and the full orchestra played afternoon and evening.

Today's bill will be enhanced with a comedy at the matinee and on Wednesday the fourth story of Leah Kleesha will be shown. On Thursday the Imperial has the laugh of the year in the two-act farce "Jerry's Mother-in-Law."

RELIANCE FEATURE PROGRAMME AT UNIQUE

The first week of the New Year opened at the Unique Theatre with a programme of Kinetic features that will long be remembered by those who visited the cozy Charlotte street theatre yesterday.

The stellar bill opened with a comedy Reliance Act, at the Cabaret, found to be a playlet possessing many situations worthy of the laughter they brought forth. The story dealt with a simple one made an excellent background for the ability of the Reliance comedians. The next subject was a two-part drama from the same company, entitled Targets of Fate. Regardless of the intensely interesting plot worked out in this masterpiece, the acting and sensational scenes strongly commended it to the lover of the best in film-drama. Particularly interesting were the slipwreck and fishing scenes. The programme ends with a laughable farce, "The First Prize," a rather amusing burlesque on the outcome of a bridge whist party. The Bondman, a strong Domino drama, is scheduled for presentation Wednesday and Thursday.

DOUBLE VAUDEVILLE ACT AT THE LYRIC

The Lyric Theatre is offering a good bill for the first three days of this week. Outside of the picture programme which is worthy of mention, two vaudeville acts are being offered. The first of these is Cort and Clay, billed at the comedians from Nutland in a series of witty jokes and amusing songs. Their efforts were greeted with much applause at each performance yesterday. The second is a dainty offering by two pretty young ladies, Astaire and Munson. They present an up-to-date catch song number in a manner that seems to please, while their quick costume changes make a strong feature of a clever act. The entire programme is one of the best the Lyric has presented in a long time.

GOOD COAL SAVES THE SITUATION

Does your household ever overlook these dark mornings? Everyone in a hurry for breakfast? Men folks to get away to work? Children to get ready for school? At such times, Consumers Coal Company's chestnut coal saves the situation. No dull soggy fire, it is up and burning almost as soon as the kindling. You would almost think it knew what was expected of it. Give this coal a trial when you buy your next supply. The Consumers Coal Company's address is 831 Charlotte street, Broad street; Telephone M-2670. They have a large stock of all kinds of household fuel including this same coal in egg and nut sizes for heating purposes.

CONSERVATIVE ASSOCIATION. At a meeting of the executive committee of the Conservative Association of St. John city and county last evening the following were elected: President, L. P. D. Tilley, M. L. A.; 2nd vice president, R. W. Wigmore; 3rd vice president, Dr. James Manning; secretary, W. H. Harrison; Charles Robinson, Fred J. McInerney, Amos A. Wilson and Leon Keith were added to the executive.

AM-BUK would have saved his \$28. FREE BOX. Mrs. F. Gervais, of 126 Blenny Street, Montreal, writes:—My baby girl developed a bad rash on her body and it made her very fretful and ill. She would not take food, and seemed very sick indeed. From fifteen pounds, her weight fell away to nine and a half pounds.

THE GREAT HERBAL HEALER. CONCERNING FLAGS. St. John, N. B., Jan. 5. To the Editor of the Evening Times:—Sir:—Sorry to interfere with the arguments about the flags, but as far as my experience goes, I agree with you that your last correspondent does not express the sentiments of the majority of Canadians. I well remember the patriotic lessons that I learned as a child in old England, and very often I used to think rather ridiculous that the Lord had made us British a little superior to some other nations, and very much superior to others. I can assure you that it made me feel very proud to think that nature was so kind to allow me to be born on that little island. But when I came to the cosmopolitan city of St. John and was brought into contact with people of other nationalities, I found them to be just as good, just as kind and intelligent as I was. In fact, I have learnt quite a few things to my advantage from them, and I hope to learn more.

Knock-out for Kilbane. Philadelphia, Jan. 5.—Johnny Kilbane, featherweight champion, right knocked out Eddie Moy, of Akron, in the fifth round of what was a six round boxing contest. Moy weighed in at 126.

Donnelly Will Not Play. Montreal Herald: With the commencement of the coming week, the McGill ice hockey squad will settle down to the son's training. The local university has been unable to persuade the much famed Joe Donnelly to turn out with the squad. Joe says that he has retired in active sport until the football season rolls around, stating that he is again behind in his studies.

Carried Away Small Fortune. Just how much money did Vardon carry clear on their American tour three months is a question that has not been asked without being positively answered. They carried home almost \$500, which was supposed to have been equally divided. There was also an indirect increment from the use of certain balls, etc., although hardly more than if they remained at home. Expenses, which must have been larger than originally estimated, are of their extended tour, were covered by Lord Northcliffe. Their total net was close to \$5,000.

Get New Pitcher. New York, Jan. 5.—Lynn Brown, a semi-professional pitcher of Buffalo, N. Y., has signed with the New York Americans. He is twenty-one years old, five feet ten and a half inches tall, and weighs 150 pounds. He is a right-hander.

Hermann Re-elected. Cincinnati, Ohio, Jan. 5.—August Hermann of Cincinnati was re-elected chairman of the National Baseball Commission today.

Knabe to Manage Baltimore Feds. Baltimore, Md., Jan. 5.—Otto Knabe, second baseman of the Philadelphia National League club, today signed a contract to manage the Baltimore Federal League club.

Mahogany Skin for Defender. Boston, Jan. 5.—A mahogany "skin" in two thicknesses will be used, instead of bronze or steel to cover the hull of the Defiance, to be built at Bath, Me., as a candidate for the defence of the America's Cup. Members of the syndicate believe the wood will give the hull a smoother finish.

For English Waters. New York, Jan. 5.—In an effort to capture the British international trophy, several motorboat men here and in Philadelphia are planning a syndicate to build and maintain a high speed boat to be sent abroad this year. Designs for several boats are being drawn.

After British Honors. Boston, Mass., Jan. 6.—Joshua Crane for a number of years court tennis champion of the United States, is going abroad to try for the British championship which will start on April 20.

A Speed Marvel. A French engineer has created revolutionary push bicycle speed riding by the invention of a curious contrivance that overcomes the resistance of the air and permits of a bicyclist attaining wonderful pace.

It was used for the first time by Marcel Berthet at the Palais des Sports in Paris, and with its aid the bicyclist was able to create a world's record for an unpaired five kilometres ride. A kilometre is 1,000 yards, and five kilometres

is roughly, equal to three and one-half miles. The speed works out, roughly, at thirty-two miles an hour. The times were as follows:— First kilometre... 1m. 16 3/4-5s. Second kilometre... 2m. 33 4/5-5s. Third kilometre... 3m. 31 4/5-5s. Fourth kilometre... 4m. 59 3/4-5s. Fifth kilometre... 5m. 46 4/5-5s.

The contrivance surrounding the bicycle is called the cycle-torpedo, and its inventor is M. Etienne Brennan-Varilla, who thought it out and constructed it while he was serving his time in the French army.

Hans Holmer. Hans Holmer, who won the Powder-hall marathon last week, started his running career in Halifax, N. S., where he was a member of the garrison. For a year he held the Canadian one-mile championship, winning it in Halifax in 1909. Holmer began his athletic career as a snowshoe runner. Then he started on the track the following summer and being attended with phenomenal success from the start. Early in his career he specialized on the quarter mile and half, but gradually developed a liking for the longer distances. Holmer could run a quarter mile close to the 50-second mark, and showed wonderful speed at all distances. He was a competitor in the try-outs for the Canadian Olympic team prior to the games held in London, but ran with a new pair of shoes, which mangled his feet so badly that he had to quit at eighteen miles. Holmer is a Londoner by birth.

A Lesson Learned. The teacher, who was giving the primary class a nature talk inquired: "Johnnie, how does a bee sting?" Johnnie, a graduate from the school of experience, replied with emphasis: "Awful!"

A New Lightweight of Promise

(FROM T. S. ANDREWS)

Milwaukee, Wis., Jan. 5.—Johnny Griffiths, an Akron, Ohio, lightweight, in his fight with Ray Temple, a local lightweight, here last week demonstrated that he has a great left hand, as fast, if not faster, than Charlie White of Chicago, although he does not hit quite so straight out with it as White does. He is a splendid boxer and feints his man well before letting go with his left. He also has a fine straight right blow to the body when he wants to use it and a good short right uppercut. He is one of the nervous kind of boxers, such as Kid McCoy and Jim Corbett when they were at their best, and he does not back away from mixing when he gets in close. He lacks the full weight for a lightweight, but as he is only twenty years of age, he will take on a few pounds within the next year and gain strength with it. Before entering the ring with Temple he scalped a trifle under 131 pounds, which is about the same poundage as have White and Ad Wolgast. It is no wonder that some of the followers around Ohio have been singing Johnny's praises, for he is certainly a classy boy and one who should do better. While he does not possess a very hard wallop, still he delivers

those sharp, cutting blows which often do as much damage as the slam bang ones. Then, too, it is very different getting to a clever boy like Temple than sending in the straight punches to boxers who do not know enough to be just out of distance. Temple has met many of the cleverest fighters in the country and has outpointed many of them. It has been lack of training that prevented Ray from being near the top today, so that to be outpointed by a boy like Griffiths means that the latter must have a lot of class. Johnny beat Temple at his own game—cleverness—and had the better of the ten round contest, having seven of the ten rounds to his credit.

Jesus Willard, who has made some miserable showings about the country in the last few months, got into a real match last week in New Haven, Conn., and knocked out George Rodel, Boer champion, in the sixth round. When these men met in Milwaukee a few months ago Rodel outfigured the big man and won handily. He never gave the white hope a chance to get started, beating him to the punch every round. Only once did Willard hit the Boer and he hurt him, but the latter recovered quickly and kept besting him to the punch after that. In New Haven Willard put Rodel down in the fifth, eighth and ninth rounds and seemed to have him beaten throughout, using rough tactics which would not have been tolerated in the Milwaukee ring. Willard is surely big and strong enough to beat all the heavies.

and St. Louis when the Giants could not make money on these two cities combined? Furthermore, the Giants went through the month of September, the last of the pennant race, and with the team in first place, a money loser.

Red Sox Change Hands. Boston, Jan. 5.—At the office of the Red Sox it was announced that Joseph J. Lannin, the new president, and his son have disposed of their holdings in the Boston National League Club. C. James Connolly, vice-president of the Boston Nationals has taken over the stock held by Mr. Lannin, while C. Frank Curley, a personal friend of Mr. Connolly has purchased the stock that was held by Paul J. Lannin.

A Mute Umpire. Terre Haute, Jan. 5.—A deaf and dumb umpire with a sign language interpreter to announce his decisions may be an attraction in the Central League next season. Dummer Taylor, a former pitcher of the New York Giants has applied for a position on the umpire staff of this circuit.

Get New Pitcher. New York, Jan. 5.—Lynn Brown, a semi-professional pitcher of Buffalo, N. Y., has signed with the New York Americans. He is twenty-one years old, five feet ten and a half inches tall, and weighs 150 pounds. He is a right-hander.

Taylor McVeily defeated J. A. Ellis, M. P. F., in the civic contest for mayor of Ottawa yesterday. A vote was also taken on two proposals, one to reduce the tavern licenses by nineteen and the other to reduce the ship licenses by ten, both of which carried.

Jack Baillie, 16 years old, of Pleurant's Point, Que., was drowned while skating near Dalhousie Saturday evening. He skated through a hole in the ice. A derelict found yesterday some miles north of Gulfport, Mass., by the schooner Clara A. Phinney, was identified as the Glenafon, built at Greenville, N. S., in 1890, and owned in Annapolis.

In view of persecution by the governments of Austria and Italy, the C. P. R. has decided to withdraw their service scheduled for these countries. The present sailings of their steamers will be the last to Trieste, Naples, and other Mediterranean ports. It was a victory on the part of the North German lines belonging to a so-called "pool" over the C. P. R. in a feud which began in January a year ago.

At a meeting held in Woodstock yesterday a large number of potato shippers decided to ship no more potatoes to the United States this year and to ask the government to put an embargo on potatoes coming into Canada. Henry McCain, of Forencville, said that American tubers had more disease than the Canadian stocks. Mr. Daggert said that the government intended to have only government inspected seed used in future, if possible.

In the Westmorland county court on Saturday John Mundle pleaded guilty to stealing a suit of men's clothes and a gold watch from the Windsor Hotel, Moncton, and one overcoat and a pair of gloves, the property of Harvey Biggar. He was sentenced to two years and six months in the penitentiary.

WEAKNESS AND PALPITATION OF THE HEART.

When the heart begins to beat irregularly and, throbs, skips beats, sometimes seems to almost stop, it is a great anxiety and alarm.

Many people become weak, worn and unable, and are unable to attend to social, business or household duties. Milburn's Heart and Nerve Pills are specific for all weakness and heart ropy, and are recommended by the greatest of confidence that they do what we claim for them.

Mrs. George Burrige, Cobocook, writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my like your pills did. I can recommend them highly to all with heart ropy or trouble."

Milburn's Heart and Nerve Pills are sold per box, or 3 boxes for \$1.25, at all druggists, or mailed direct on receipt of \$1.25 to The T. Milburn Co., Limited, St. John, N. B.

TOOK SEVERE COLD.

Left A Terrible Hard Cough And A Nasty Tickling Sensation In The Throat.

A bad cough accompanied by that distressing, tickling sensation in the throat is most aggravating.

Dr. Wood's Norway Pine Syrup is rich in the lung healing virtues of the Norway pine tree, and for this reason it will stop that tickling in the throat which causes that dry hard cough that keeps you awake at night.

Mr. Sanford Roode, Antrim, N.S., writes:—"Last fall I took a severe cold which left me with a terrible hard cough and a nasty tickling sensation in my throat. I tried many cough medicines, but they did not help me so I got a bottle of Dr. Wood's Norway Pine Syrup, and before I had used half of it the cough had left me, and the next one made a complete cure, and I will recommend it as the best cough medicine on the market."

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. The genuine is put up in a yellow wrapper, three pine trees the trade mark, price, 25c and 50c, and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

James Belch Becomes Violent on Chicago "L" Train.

A Chicago paper says:—A man became violent on a Metropolitan elevated train early this morning, after riding on the system for several hours, and was taken to the county hospital by the police of West Lake street station to await examination into his mental condition. Excitement was caused among the few passengers on the train, but the man was overpowered by the train crew and held until the police arrived. A return ticket to St. John, New Brunswick, bearing the name of James Belch, and \$385.50 in Canadian money were found in his possession.

THE POTATO EMBARGO

The potato growers of Maine are rejoicing over the embargo which keeps New Brunswick potatoes out of their market. The Bangor Commercial says:—"The prices have been pretty steady during the month of December, although they are advancing now. At the first of the month potatoes were selling at \$1.30 a barrel at Caribou and remained about that price until the tenth when they were down to \$1.15 and stayed there until the last of the month when the price went to \$1.50 to \$1.60 a barrel."

DEATHS IN ST.

JOHN 83 MORE THAN IN 1912

Excess Over 1911 Was 152—Secretary Burns' Report To Board of Health For Twelve Months

The report of Thomas M. Burns, secretary of the board of health, for the calendar year ended December 31, 1913, was presented to the meeting of the board this afternoon. It showed a total of 824 deaths for 1913. Of this number as regards sex the total was equally divided.

Under one year the greatest number of deaths occurred, 184 being recorded. From seventy to eighty years was next with 111, while there were ninety-seven at the age of sixty to seventy.

Tuberculosis claimed seventy-six of those who died, while seventy-one deaths were from heart disease, sixty from pneumonia, senile debility, seventy-nine, infantile diseases, seventy-two, infantile diarrhoea, thirty, broncho-pneumonia, twenty-five; while various other diseases claimed victims in lesser numbers.

A comparison of the number of deaths for the last three years follows:

WANT STREET CAR LINES IN LANCASTER EXTENDED

Matter Taken Up at Board of Trade Meeting Last Night

At a meeting of the Lancaster Board of Trade last evening, W. J. Linton presiding, the matter of street railway extension was discussed and several speakers were heard in support of the suggestion that a request should be made to have the car lines extended as greatly as possible this year.

It was decided to take the matter up at the meeting of the St. John Railway Company and to this end a committee was appointed to meet the councillors of the parish and act in conjunction with them in the matter. The hope is that the tracks will be extended along the Manawagonish road.

SONS OF TEMPERANCE PROPOGATION WORK

A meeting of the propagation committee of the Grand Division of the Sons of Temperance was held on Monday afternoon in the office of S. B. Bustin, past grand worthy patriarch. The grand worthy patriarch, F. C. Moore, presided and others present included E. S. Hennigar, P. G. W. P., Rev. W. A. Robinson, G. S. E. W. Rowley, G. W. A. and W. H. Patterson.

Matters relating to the welfare of the order were gone into, plans were made for the work of resuscitation and extension during the coming year. The Sons of Temperance also intend to take an active part in the campaign, now being inaugurated, to eliminate the licensed liquor business from St. John.

GOOD COUNSEL FOR YOUTH

The Times has received from A. Turner Howard of Fredericton a new year message to all his young friends in St. John. In his quaint way Mr. Howard sets out to tell the young people how to be happy in the new year and all future years.

"You are," he says, "to be strictly honest and true, and scorn a lie as you would the devil."
Mr. Howard cites the case of a boy who went astray by lying to get a temporary advantage over a companion, and continued the habit and acquired other bad ones until he landed in prison. Mr. Howard adds:—"Hate lying with all your soul. You will tell your how. When you are at work for your employer, whether manual or clerical, bank or office, simply by not doing your best, shirking your work, and saying to yourself: 'I am not getting much pay for this so I'll not do my best.' Boys, you could not do a thing more fatal to your future success. You are laying the foundation of your manhood now, and be sure and make it a good one. Let the four corner-stones be truth, truth, truth, truth. If you build on this foundation all the powers of evil cannot harm you. Remember that your employer's success is yours and his business is yours as long as you are with him. If all men acted on this principle there would never be another failure in Greater St. John."

DEATH OF MYRTLE EAGLES

The death of Miss Myrtle N. Eagles occurred this morning at her home, 180 Brittain street. She was only fifteen years old and the youngest daughter of Walter M. and Margaret Eagles. Besides her parents she is survived by four sisters—Mrs. Reed of Boston and Misses Emily, Belle and Marie—and one brother, Robert, at home.
