WOODSTOCK MAY HAVE NEW TANNERY

Conference Being Held With Shoe Manufacturer

Death Claims Three Well Known Citizens of Carleton County.

WOODSTOCK, N. B., June 14.—Delegations from the town council and the board of trade this morning met Mr. Garant, one of the proprietors of a large shoe firm in Quebec city, and John Dickinson, who has recently been burnt out and will report to a meeting of the board of trade to be held at 9 o'clock this evening in the council chamber with a view toward the immediate erection of a new tannery at the Lower Corner.

Edward Lindow passed away very suddenly of heart failure at his home at 2:30 yesterday afternoon. Although unwell for some time his daily appearances on the street led his friends to believe that death would not have claimed him for many years yet and it will be heard with mingled feelings of surprise and regret. He was sixty-one years of age. Although a reserved man his friends were numerous wherever he was known. He is survived by a widow, two daughters, Mrs. Bunnell of Woodstock, and Mrs. Howe of Presque Isle, and two sons, John and Willie. Fred of Presque Isle, and Alfred of St. Stephen, are brothers, and Mrs. Skirven, Mrs. Townsend and Mrs. Mary Gidden of Woodstock are sisters.

Very many friends will regret to learn that Mrs. James Forrest of Tapley Mills, died of paralysis on Saturday morning aged 81 years. She leaves a husband, two sons and three daughters to mourn their loss. The funeral took place this morning.

The funeral of Michael McSheehy, a well known resident of South Newbridge, who died on Friday of tuberculosis, aged fifty years, leaving a widow and one daughter, Mrs. A. O. McKinney of Woodstock, took place this morning after services in the Catholic Church, the interment being in the cemetery in Woodstock.

SCHOONER LOST EIGHT MEN IN DENSE FOG

Wore Out in Dories—Two Days Search Failed to Discover Them

BOSTON, June 14.—With eight of her crew missing, the fishing schooner Nestle is being searched for today after a fruitless two days search for the men. The eight men were out in their dories hauling the trawls on Thursday morning when a heavy fog set in. Captain Antonio P. Silva, of the Franklin, at once bore down upon the place where the dories were last seen but could find no trace of them. The Franklin remained on the fishing grounds cruising around in an effort to pick up the missing members of her crew until Saturday morning, when the search was given up and the vessel was headed for Boston. It is believed that the fishermen have been picked up by the vessels of the fishing fleet.

STEAMER BRINGS GOLD

WORTH \$500,000 Makes Total of \$2,700,000 So Far—Yukon Steamers Now Running Regularly

DAWSON, Yukon, June 14.—The steamer Tanana has arrived with \$500,000 worth of gold dust making a total of \$2,700,000, received so far this season en route to Seattle. The ice is gone from Lake Lebarge and Yukon. Steamers are running regularly.

DISTINGUISHED VETERAN OF THE CIVIL WAR DEAD

TOLLEDO, Ohio, June 14.—General John S. Kountze, past commander in chief of the Grand Army of the Republic, died in this city of Bright's Disease early today. General Kountze enlisted in Company 3, Ohio Volunteer Infantry, when he was a lad of 15, and was elected commander-in-chief of the G. A. R. in 1884, serving one term.

AMERICAN COMMISSIONERS BACK FROM LIBERIA

LAS PALMAS, Canary Islands, June 14.—The American scout cruisers Chester and Birmingham arrived here today on their way from Liberia back to the United States. They have on board the members of the American Commission who conducted an investigation of conditions in the Liberian Republic.

BOARD OF COMMISSIONERS OF THE I. R. C. INSPECT ST. JOHN FACILITIES

New Arrangements for the Ocean Limited—The Summer Schedule—Held

Conferences With Premier Hazen and Wm. Downie.

The Intercolonial Railway commissioners spent a busy morning in inspecting the facilities in this city. Matters relating to the change in time tables were also discussed, and the commissioners decided to make a check of the schedule. Messrs. Butt and Pottinger held a consultation with William Downie, superintendent of the C. P. R.

Mr. Butt reached the city on Saturday evening. The remaining three commissioners, Messrs. Brady, Tiffin, and Pottinger, arrived here from Moncton this morning.

Accompanied by L. R. Ross, terminal agent of the Intercolonial, Messrs. Brady and Tiffin went taken over the railroad facilities. J. T. Hailsey, superintendent of the road, W. B. McKensie, chief engineer, and T. C. Burpee, engineer of maintenance, were also in the party. A visit was made to the round house and the island yard. The various facilities there were carefully inspected, and the commissioners expressed themselves as highly satisfied with the condition of affairs. The freight and passenger schedules were also visited. There the commissioners spent some time enquiring into details.

In an interview with the Star representative after the inspection, Mr. Tiffin stated that he was thoroughly satisfied with the road here. It was not proposed to make any radical changes.

During a portion of the morning Messrs. Butt and Pottinger were in consultation with William Downie. The time-table for the summer months were thoroughly discussed. The commissioners stated that the changes on the Intercolonial would come into effect on June 17. Connections will be made with all C. P. R. trains.

Another important change will be the consolidation of the Montreal express at Moncton with the Ocean Limited. It has been the custom for the express to continue through to Halifax, but the consolidation with the Ocean Limited will save the extra train. Likewise a consolidated train from Halifax will run to Moncton, where the Ocean Limited will be made up.

Messrs. Butt and Pottinger also had an interview with Premier Hazen. The commissioners brought to the attention of the premier an old claim, which the Intercolonial has standing against the Central Railway. The claim is relative to rails and it is stated the amount involved is between \$40,000 and \$50,000. Mr. Butt stated at the conclusion of the meeting with the premier, that no definite course in the matter had been decided on. The claim will be taken up at Ottawa at a later date.

It is the intention of the board of commissioners to leave for Moncton this afternoon. A change, however, may possibly be made. Mr. Butt contemplates making an inspection of the Canada Eastern line in the near future.

Parents to Blame for Crimes of Children

Corrective Influences Should be Applied to the Fathers and Mothers, Says Speaker at Charlottes Conference

BUFFALO, N. Y., June 14.—Children lawbreakers, ruffians and neighborhood immigrants and state supervisors and administrators, were the subjects of discussion at today's session of the Conference of Charities and Correction.

Frank E. Wade, member of the state probation commission of Buffalo, was the first speaker in the section devoted to lawbreakers. He claimed that most of the offenses of children are due to the fault of parents, and that the child problem can never be solved until corrective influences are also applied to parents. Mr. Wade's exclusive jurisdiction in all cases in which children, or parents who contribute to the delinquency of their children are concerned.

LIZARD DISCOVERED EMBEDDED IN ROCK

Revived and is Apparently None the Worse for Sleep Lasting Thousands of Years.

GREAT FALLS, Mont., June 14.—In a coal mine near here yesterday Moses Martindale, a miner, uncovered a lizard about nine feet from the surface and embedded in solid rock. There is no conceivable method by which the lizard could have entered the cavity since nature closed the gap thousands of years ago. When first uncovered the lizard was dead, but when brought to the light showed more signs of life. There is no evidence that it had been the poor health from which Knapp has suffered of late. The doctor stood the operation splendidly and has since been in good health. He will be able to return to Sackville in a few weeks to take up practice again.

STREET CAR EMPLOYEES OF ST. PETERSBURG ON STRIKE

Demand Better Pay and Different Hours—Strike Organized by Social Democrats.

ST. PETERSBURG, June 14.—A general strike of the electric street car employees of St. Petersburg began today. The men demanded increased pay and a different arrangement of shifts. The authorities declare they will not concede either point. Although the demands are purely economic, the strike has a political basis, and was arranged by the social democrats to test their organization and the moral effect on workmen generally.

THREE PERSONS DROWNED AT BEACH RESORT

ROCHESTER, N. Y., June 14.—Three persons were drowned near Lake Ontario Beach resorts yesterday and one was killed at an amusement park. The first victim was John Diemer, 21 years old, who, clad in heavy rubber boots and a rubber coat, tried to stand up in a canoe. The canoe overturned and Diemer was drowned. James Perth, 15 years old, while walking on a pier, was seized with an epileptic fit, fell into the water and was drowned. An unknown man fell off a pier at Summerville and was dead when life savers reached him.

CAPTAIN WHITE ARRIVES ON INTERESTING MISSION

Captain Moses S. White arrived in the city on the Montreal express today. He was accompanied by Mrs. H. O. Barnaby. Captain White is here on an interesting mission. On Wednesday of next week he will be married to Miss Winifred C. Barnaby, daughter of Mr. and Mrs. W. H. Barnaby. The wedding is attracting considerable interest, as both the parties are widely known.

ITO NOW PRESIDENT OF PRIVY COUNCIL

Korean Bank Will Have Capital of \$5,000,000

Former Judge Given Last Outing Before Going to Penitentiary—Hammerstein's Plans

Lightning Struck Church.

TOKIO, June 14.—Prince Ito today was formally installed as President of the Privy Council of Japan and Viscount Sone as resident general of Korea, succeeding Prince Ito.

TOKIO, June 14.—A central bank of Korea will soon be established at Seoul with a capital of ten million yen (\$5,000,000), six per cent of which will be guaranteed by the Korean government. The bank will be endorsed by the Japanese government.

CHICAGO, June 14.—Former Judge Abner Smith, who probably will be taken to the Joliet Penitentiary tomorrow to begin his sentence for bank wrecking, spent many hours yesterday riding through the parks of the city and visiting scenes he may never see again.

Sheriff Strahelm has arranged to take charge of the former Judge at midnight tonight when his reprieve expires.

PARIS, June 14.—Oscar Hammerstein has engaged Alice Baron, soprano of the Paris Opera, and Henriette Dalm-Varez, the alto of the Antwerp Opera to sing at the Manhattan Opera House, New York, next season. By the signing of these contracts, Mr. Hammerstein has secured 27 principals with whom to inaugurate his "Educational" Grand Opera scheme.

MURDERER DIED IN THE ELECTRIC CHAIR

Wm. Scott Pays the Penalty for Killing His Step Mother

AUBURN, N. Y., June 14.—William Scott was successfully electrocuted in Auburn this morning for the murder of his step-mother near Chautauque Lake, a short distance from Norwich in October of 1897. Two shocks were used to kill. The first one was of 1844 volts at 8 1/2 amperes and lasted for 3 seconds beyond a minute, and the second one, of full strength, was on but ten seconds.

Scott walked to the death chair fearlessly and without evidencing the least sign of emotion. Scott shot his stepmother while they were in a wagon together on a trip, the ostensible purpose of which Scott said was to purchase a stove. The body was thrown into some brush in a wooded part of the country and it was not found until Scott, under arrest on suspicion for murder, led officials to the place several days later.

SIR THOMAS WILL NOT CHALLENGE AGAIN

Under American Rules, Which He Declares Obsolete—Willing to Try Under International Rules.

BELFAST, June 14.—In view of the renewal of the rumors that he was preparing again to challenge for the American's cup, Sir Thomas Lipton to an interview today made it quite clear that he had no intention of competing under present conditions.

"No man will build a boat to sail under conditions that are or should be past," Sir Thomas said. "I am always willing to give the Americans the advantage of their own universal rule under which they have had experience in building and sailing, and I am ready to challenge thereunder. But I will not try again under the rule of fifty-six years ago. If I challenge under the international rules governing Europe they would say I had a 'pull'."

OPPOSITION TO STEEL TRUST SHOWN IN PARIS

Listing of U. S. Steel Corporation on Paris Stock Exchange is Delayed.

PARIS, June 14.—The delay in the final formalities of listing the common shares of the United States Steel Corporation on the Paris Stock Exchange has afforded a certain section of the French press an opportunity to open a campaign upon the measure and several vicious articles have appeared in L'Action and L'Autorité, charging that the introduction of these securities is purely for speculative purposes and inimical to French steel interests.

L'Autorité intimates that the matter will be the subject of an interpellation in parliament.

Morgan Harjes and Co. deny that there has been any hitch in the proceedings and say they expect the negotiations to be consummated any day.

FURTHER DETAILS OF MANILA INSURRECTION

White Men Fortified a Convent and Defended Themselves Against Armed Natives.

MANILA, June 14.—Details of the mutiny of the company of native constabulary stationed at Dakao on the night of June 6 show that the attack on their officers was made unexpectedly by the mutineers. The mutineers fed to the hills after taking thirty rifles and 5,000 rounds of ammunition. Governor Walker hastily summoned the neighboring planters as soon as the mutineers were out of sight and proceeded to fortify a convent in preparation for a long siege. Most of the mutineers were armed only with revolvers but when the natives made an attack on the convent on the afternoon of the seventh they fought with much spirit and drove the mutineers away.

The mutineers made a desperate attack upon the beleaguered garrison and a number were killed and wounded before they retired. Degokouria, the wounded constabulary officer, is the man who cleaned out the bad men of Dakao after the murder of Governor Boston several years ago.

SATURDAY NIGHT'S STORM
PUTS GRIMP IN LIGHTS

BIG PROGRAMME IS PREPARED
Friends of members of the R. K. Y. C. are promised an entertainment on July 1st that will probably surpass anything before attempted by the club.
The entertainment committee met on Saturday to formulate a plan of amusement for R. K. Y. C. members and any friends they choose to invite.
To the Sun last night J. Fraser Gregory, chairman of the committee, gave out the following programme:
Early in the afternoon of July 1st the members will meet their guests at the Club House, Millidgeville, and take them for a sail on the river until 5.30 p. m., when they are requested to be back at the Club House.
From 5.30 until 7 p. m. picnic suppers will be indulged in on shore on board, at cottages or wherever the different parties prefer.
At 7 p. m. a series of water sports begin including swimming, canoe, rowing and other races, tilting and various other amusements.
These sports will continue until 8.30 when dancing in the Club House will be indulged in until midnight, barring an intermission of a few minutes at 9.30 when, at a signal from the Club House, the yachts, cottages and old Club House will all be illuminated and bonfires lighted on the shore.
The City Orchest Band will be in attendance both afternoon and evening, furnishing music for the dancing and other events.
The programme promises to be the banner outing of the season, and the officers and members of the R. K. Y. C. are to be complimented for undertaking such an elaborate affair.

SATURDAY NIGHT'S STORM PUTS GRIMP IN LIGHTS
With the vengeance born of an eminent regard for the fitness of things the weather man acceded to the supplications of a parched city late Saturday afternoon and handed out the rain article aplenty. Incidentally he dropped a few shafts of lightning and rounded out a decidedly opportune stunt with several distinct claps of thunder. The rain which fell during the hour of 4 o'clock was not overly disposed to stay at great length, but it returned later in the evening to complete its half-day's work. In all a rainfall of half an inch was recorded.

CHARLES A MURRAY HAS PASSED AWAY
The death occurred yesterday afternoon of Chas. A. Murray at his residence, 38 St. James street. Mr. Murray was acting superintendent of the railway main service since the death of the late G. M. Ryan and until recently has been able to fulfill his duties.
He has been for the past 45 years in the employ of the government and had risen through untiring efforts in the discharge of his work to acting superintendent of the service.
Mr. Murray, who was 60 years old, was the son of the late Chas. Murray of Campbellton and leaves a widow and son to mourn a wide circle of friends and acquaintances.

GRAVESSEND, N. Y., June 12--J. R. Keene's Hillarious a six to five favorite, nearly won the Carlton Stakes one mile, at Gravesend today, but his rider, Butwell, came very near to losing the victory away by a narrow margin.
Hillarious took a six length lead, going around the lower turn. Butwell then took a good hold of his head and let him race along. At the turn into the stretch he began to ease up here, but J. R. Keene, who was riding with a rush and Hillarious just won by half a length.
Waldo, after a remarkable run, won the Manhattan stakes. He was length behind his field at the turn into the stretch but closed with a rush and won going away by one half length.

SKIN DISEASES.
A diseased or disfigured skin will always leave its stamp on the mind of the individual. Many people suffering from disfiguring skin diseases avoid society and lose all pride in their personal appearance.
When the skin breaks out in eruptions and sores it is due entirely to an impure condition of the blood.
In all such cases Burdock Blood Bitters will quickly purify the blood and drive all the impurities out of the system.
Mrs. J. J. Magee, Jr., Kinross, Ont., writes: "In the spring of 1906 I was troubled with a rash that broke out all over me. It was the worst on my face and head, and I tried the doctor's medicine but it did me no good, so I then got one bottle of Burdock Blood Bitters and before it was all used the rash was entirely gone."
Mrs. Harvey Park, house, Gold River, N.S., writes: "I was greatly troubled with sores on my face and finally came to the point where I had to go to the doctor about it, but he could do nothing to help me. I thought about Burdock Blood Bitters and decided to try a bottle. I cannot recommend it too highly, as I had not taken all the bottles before my face was cured."
For sale by all druggists and dealers.

THE STAR, ST. JOHN, N. B., MONDAY, JUNE 14 1909

SOME GOOD SHOTS MADE
The Artillery's Annual Competition
Three Cups--Solomon Cup is Captured by Company No. 1.
The annual shooting competition of the 3rd Regiment of Canadian Artillery was held on the rifle range Saturday afternoon. Many excellent scores were made. Besides cash prizes there were three cups up for competition, the Solomon cup, donated by Mr. Solomon of South Africa for competition among the different batteries of the 3rd regiment; the Baxter cup, donated by Lieut. Col. J. B. M. Baxter for competition among the N. C. O. and men of number 2 battery, and the Smith cup, donated by Major S. B. Smith for competition amongst the officers, N. C. O. and men of the regiment.
The Smith cup becomes the property of any member of the 3rd regiment who shoots two times winning the trophy.
Shooting started at 2.30 p. m. and continued throughout the afternoon with a short intermission during the rain.
The following individual scores and totals show very good shooting and good percentages:

MOTOR CANOE IS VICTORIOUS
At Millidgeville on Saturday afternoon the first race of the season was held under the auspices of the R. K. Y. C. and was witnessed by a large gathering from the Club House veranda.
In class C there were three entries a motor canoe owned by T. Ryder, motor boats owned by H. G. Evans and W. Fleming.
A class did not fill as defects in the machinery prevented several from competing.
F. E. Dykeman and Stanley Emperson were the only entries.
The Judges, George Armstrong, G. Willich, J. E. Cudde, S. P. Gerow and R. D. Patterson started the boats away at 3.30 p. m. Ryder's canoe was in the lead. The other two boats had some difficulty in starting their engines which gave the canoe lead of about three minutes.
Once started, however, they made a good run on the first leg of the race, which was twice over the following course, of the club house to a buoy at San Point, thence around Indian Island to the starting point.
The splendid time of 56 minutes 32 seconds was made by the motor canoe, H. G. Evans getting second place. Immediately after start the judges boarded Mr. Ryder's yacht and followed the boats around the course.

STERLING IS AGAIN WINNER
Captures the Ten Mile Race.
Fine Sports--Cromwell Wins the Five Mile Affair--Other Events.
In the presence of about 800 spectators the Every Day Club conducted a successful track meet at the Victoria grounds on Saturday afternoon. Ernest Sterling, the champion Maritime runner for five miles, captured the ten mile event. King of the Y. M. C. A. was second and Cameron, a plucky Amateur runner, was the third man to cross the finish line. The runners were given an ovation for their splendid performance.
Probably one of the best five mile intermediate contests witnessed here for a long time took place prior to the senior event. Cromwell led the various teams, followed by the line winner, Ritchie, the "boy wonder," also competed and ran an excellent race. He finished in second place.
There were in addition the customary sprints, jumps and pole vault. Covey, the Every Day Club sprinter, landed first place in the 100 and 200 yards senior, while Finley captured the 100 yards intermediate. Brooks was the winner of both the broad and high jumps, while Lea of Moncton had little difficulty in winning the pole vault event.
At 5.05 o'clock a heavy rain began to fall, followed by an electric storm. The track was made quite heavy by the rain. Nevertheless comparatively good times were made in the various events. The Every Day Club athletes landed premier honors in the events. Seven miles was done in 22.06 and sped by the others on the field.
It was shortly after 2.30 o'clock when Steven Arthur Motzoff called the men to the mark for the first heat of the 100 yards dash.
Special mention should also be made on the ten-mile event, which was started during a downpour of rain. The start was made at 11.30 a. m. The competitors in the event were: A. Graves, E. D. C.; W. E. King, Y.M.C. A.; Cameron, Amherst; Clark, unattached; Penny, unattached. Soon after the start the pace was aggressive and continued to hold the lead, closely followed by Cameron and King. The pace too warm and entered the club house. Penny soon afterwards was forced to retire.
The remaining runners continued at a fast clip their grueling grind. The time for the third mile was 16.44 and the fourth was traversed in 22.06 and the fifth in 23.14. Six miles was done in 33.35, with Sterling still in the lead. Cameron here began to show signs of decreasing speed, and was troubled from a sore leg.
Seven miles was done in 39.40. Sterling closely began to draw away from Cameron and suddenly by a splendid sprint had over a half a lap to the good. At eight miles Sterling had further increased his lead. The time for eight miles was 51.14. Coming in on the last mile Sterling nearly caught his opponent, and King with a pretty sprint came in ahead of Cameron, who finished third. The time was 60.83 1-2.
Following is a complete summary of the events:

GLACIER STREAMS.
The water produced by the melting glacier ice in summer flows down through crevasses to the bottom of the glacier and, forming a channel by erosion, emerges often as a large stream.
DICKENS AND HIS BED.
Charles Dickens refused to lie down unless his bed was placed due north and south. He gave notice of the rule before arriving at a friend's house or hotel, but a compass was always handy in his baggage to make sure.

JOHN J. FLANAGAN BREAKS A RECORD
Throws 16 Pound Hammer, at Traver's Island, 174 Feet 3 3/8 Inches
TRAVERS ISLAND, N.Y., June 12--A new world's record hammer throw by John J. Flanagan, of the De La Salle Institute and New York Club, were the features of the track and field games on the picturesque oval of the New York Athletic Club at Travers Island today. It was the eighty-second semi-annual meet of the "Mercury Foot" Club.
Flanagan established a new world's record with the 16 pound hammer at Celtic Park, L. I., last Sunday, throwing it 174 feet 3 3/8 inches; but today he beat this with a clean throw of 174 feet 10 inches.
MONTREAL, June 13--Harold Davenport, aged sixteen, who was instantly killed on Saturday evening while practicing with some cums with a Florent rifle. The gun was accidentally discharged, the bullet passing through Davenport's heart.

Synopsis of Canadian North-west Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him, or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may preempt a quarter-section alongside his homestead. Price \$20.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate 40 acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$20.00 per acre. Duties—Must reside six months in each of three years, cultivate 10 acres and erect a house worth \$20.00.

A HUGE EXCAVATOR.

The excavation of the New York State large canal is being done on some sections by machine of unusual capacity. Conspicuous among these is a large conveyor, sometimes known as the grab machine. It consists essentially of a cantilever bridge, 428 feet in length and 90 feet in depth supported on two travelling towers, and a grab bucket of truly cyclonean dimensions operated from the cantilever. The bucket weighs 17 tons empty, and its jaws when extended are 20 feet apart and measure 19 feet in width. The capacity of this huge machine is a dozen cubic yards or from 12 to 15 tons at each bite. The jaws crunch together with an ultimate closing power of 137 tons.

COMPULSORY VOTING IN SPAIN.

The introduction of compulsory voting in Spain has brought an unprecedented number of electors to the polls. Parliamentary elections in Spain are notoriously manipulated by the party in power, which can sit itself out with any majority it thinks becoming. Such control from above was made easier by the existence of the large body of electors who stayed away from the polls. These have now been brought out into the open, and as a result, in the recent municipal elections, between 80 and 90 per cent. of the entire electorate cast their votes.

The Three of Them

(By Etelle Becker.)

Into the midst of the amazing combination of modern prosperous farm life, where cornfields, pigs, a dinner bell, a wind pump and wood-piles hold the same relation to one another as the Haviland that was used every day, the piano, the array of classics, the velvet rugs and silken hangings did, Juliet came.

It was a happy-go, a case of a day's visit, a mutual liking among the distant cousins, and an invitation to remain for the night.

It took Juliet some time to get accustomed to Haviland without naps, but she got so she wore her kitchen apron to the table. For she was a domestic body, even if she was tall and slender and given to painting a canvas now and then down along the creek.

Of course, there was a young man who wore corduroy and ate with his knife—sold silver. Such a coupling was really distressing, if you did look at him repeatedly. They heard him cough, and he was your first cousin. When Juliet wandered off down Hazel creek, another, a very neighborly neighbor, indeed, was found fishing, or would come afterwards.

The fifth cousin didn't care for her when she painted—she was a fisherman didn't—and her attractive washing dishes. He was romantic, and a "gentleman farmer" Mr. Ignace Cheltenham. He had graduated somewhere, and knew too much of the world, he said. He liked ideal seclusion, and came to think Juliet the proper addition to that seclusion, which was within the four walls of a small mansion overlooking the creek at the bend.

Mr. Cheltenham knew that Juliet was an orphan, and that she really had her. She shall wear—er—er— Well, you can't expect a gentleman-farmer-fisherman to be a modernist. Nevertheless, he would coach eggs into some vague, blue chiffon "creation," as he went, carrying his pole toward the stream. He would go through the formality of proposing.

The fifth cousin had gone to the fields early in the morning, with the image of Juliet's housewifely manner and sweet white face and red lips in his mind. He could coach eggs into some vague, blue chiffon "creation," as he went, carrying his pole toward the stream. He would go through the formality of proposing.

When J. Schwarz, the grocer, first came to the land of the free and the home of the brave, he was an ardent hater of all governments. The more he saw, however, when blind Mr. Cupid winged a love-tainted arrow through the stacks of Senecio and Sogol's Biscuits into the heart of the grocer, it was love at first sight, clear and unmistakable, but when Mrs. Schwarz, his wife, saw Miss Amelia Green get shook her head.

"No," she answered, "my father fought at Gettysburg; my grandfather was at Landys Lane, and back of that there was continental gentleman at Trenton and Yorktown, and Saratoga Heights. And you are not even an American, Mr. Schwarz!"

"Her Schwarz protested gutturally. He was imagining Juliet in his arms. For his part he didn't believe in governments any more— "Don't believe in government!" Miss Amelia almost screamed. "Then we are not for each other. I am an American."

"Love undt affection!" began Herr Schwarz. "Love nothing!" snapped Miss Amelia. "I love my country!" "After that, the little lady cooled a bit and proceeded to instruct Herr Schwarz. Do you understand?" "Oh, yah," cried Herr Schwarz. "Now we get married, ain't it? Hurrah, der Stars und Stripes! Hurrah—liberty der bald eagle undt love!"

"Then he kissed her to celebrate his naturalization."

ROBBERY BY WIRE. LIVERPOOL, June 12—A daring robbery has been committed at Barnes by means of a skilfully worded telegram. A telegram was received from the city stating that the son of the recipient was very ill. The parents at once proceeded to the city, and their first step was to visit the sick child.

THE CLARINET. The clarinet has the richest, sweetest voice of all the wood wind instruments, although its sound does not travel quite so far as that of the oboe. Whenever, as sometimes happens, there are two melodies to be played at once, the clarinet takes the lower of the two, while the violin plays the upper and more important one. But in a military band, where there are no strings at all, the clarinet is not so smooth or so sweet as the higher, though softer than that of the bassoon—St. Nicholas.

PROMINENT FARMER DEAD AT ANNAPOLIS

Edward Anderson Was the Owner of Largest Farm in Western Nova Scotia

LEAVES MANY FRIENDS

ANNAPOLIS, June 13.—In the death of Edward Anderson, which occurred at his home in Roundhill early this morning, Annapolis county loses a prominent and influential citizen and the province a leading agriculturist. Mr. Anderson has been in failing health for some time and last Wednesday suffered a stroke of paralysis from which he failed to rally, and which was the cause of his death.

Mr. Anderson possessed the largest and finest farm in western Nova Scotia, and in addition was identified with many important business ventures in the county and his death will be a distinct loss to the whole community. A life long Liberal, he passed was esteemed and respected by both parties as a man of sterling character and ability. Mr. Anderson, who had reached the age of sixty-six years, was a member of the Church of St. Paul. About thirty years ago he married Miss Caroline Willett of Grandville, by whom and one sister, Mrs. E. K. Spinney of Yarmouth, he is survived.

The funeral will take place from his late residence on Tuesday afternoon. The lumber district back of Annapolis has again been threatened by forest fires, and although the fire did little damage and is not out of control, the dryness of the country threatened a serious devastation. The fire started late Friday about five miles back of Annapolis at Cossey's Lake, where several summer cottages are situated, and at one time it was feared that this might be destroyed. It is urgently needed.

GERMLESS JAMAICA. A Philadelphia physician, lately returned from a trip to Jamaica, was greatly impressed with the almost total absence of many kinds of insects on the island. Infection is so rare as to be almost unknown, and it is not necessary for surgeons to take the precautions against it which are indispensable here. "I was amazed when I saw that the mosquitoes which poison the white man, was a great pity. The Indians never had tuberculosis and the Europeans came just because they do not have malaria germs for the mosquitoes which transmit them. To me that had no germs would seem a paradise."

TEACHER IN COURT FOR WHIPPING GIRL. It is Charged Pupil's Arm and Shoulder Are Black and Blue

PROFESSOR ARRAIGNED. PENNYN, June 12—Professor Holman, principal of the local grammar school, was arraigned in justice court on a charge of whipping too severely Maimie Bays, a 12-year-old pupil. The case was continued because of the alleged illness of the girl. It is current that the girl's arm and shoulder are black and blue as a result of being whipped.

"Himmel! Am I not an good American?" he urged. But still Miss Amelia shook her head. "No," she answered. "You are a beautiful patriot. Herr Schwarz, but you are not an American." And Herr

SENTENCED TO JAIL FOR THREE MONTHS

Editor of Le Nationaliste Convicted of Contempt of Court

QUEBEC, June 12.—Three months in jail for contempt of court was the sentence meted out today by Judge Langier to Henri Fourrier, editor of Le Nationaliste of Montreal. The paper some weeks ago published an article somewhat scathingly denouncing the administration of justice in the district of Montreal in connection with a number of cases, mentioning the judges by name whom it considered had not done their duty. Fourrier was cited to appear before the court, and after Judge Langier had heard the argument of Mr. Lawfame of Montreal, representing Fourrier, he passed the above sentence. Le Nationaliste is the organ of the Bourassa party and has been in hot water before.

DIRECTOR MURDOCH WILL BE ON HAND

It is said he has something to say to the Aldermen Today

Director Murdoch will in all likelihood be present at this afternoon's meeting of the Water and Sewerage Board. It was stated last night that the city engineer will be able to return to his duties today, as his presence at the meeting is somewhat urgently required. Mr. Murdoch, it is understood, has a somewhat lengthy docket to dispose of in the matter of things to say. He is also reported to have no little to re-fer to. One matter that he has a distinct aversion for is the question of his assistant. He states that he has not the name of no one in view and that the office will first have to be created by the Common Council before he may lay hold of the opportunity of filling it. Mr. Murdoch has conceded much to gain more. He is out after an assistant and the chances are that he will land one before many hours have passed.

COLOURS WITNESS A GREAT SPECTACLE

PORTSMOUTH, June 12.—The delegates to the Imperial Press Conference, who are spending the day here as the guests of the admiralty, have witnessed a naval spectacle that represents a concentration of sea power unparalleled in the history of the world. Stretched out in seven lines in far-reaching lines extending from Gosport Road to the sea forts guarding the entrance to Spithead, the visitors saw the "war head" of the British navy, that is to say that section of the fleet which always is fully manned and equipped in readiness for instant action. Of the 14 ships estimated to be worth all told something like \$4,500,000,000 that had assembled for today's manoeuvres not a single one had been especially commissioned for the occasion. Among the 24 battleships were seven Dreadnoughts, while supporting these lines of capital ships were 24 cruisers, thirteen scouts and auxiliaries, forty-eight torpedo boat destroyers and thirty-five submarines. Had they been placed end to end they would have formed a double line eight miles long. All the vessels were dressed with thousands of flags and with the crews on deck manning ship and the bands playing, the scene was full of animation and color.

I. R. C. WILL BOOM LOCAL INDUSTRIES ALONG ITS LINE

M. J. Butler, Deputy Minister of Railways and Canals, is in the city for the purpose of presiding at the meeting of the Intercolonial commission to be held here at the present time. In discussing the railway Mr. Butler announced the formation of a new branch to the traffic department known as that of "business opportunities." This branch of the service is to be under the direct control of Mr. Butler and will be organized for the purpose of increasing the sources of better class of freight.

Referring to the running of Sunday trains, Mr. Butler stated that the project was evidently not ripe at yet for the seven day service. He believed, however, that the time would come in their development when a radical change in present schedules will have to be made. In the meantime, said Mr. Butler, the C. P. R. will be allowed to run its Sunday trains further than this city. In the matter of the double tracking of the road, Mr. Butler stated that it was not the policy of the commission to proceed with the work at present. Mr. Butler mentioned two important changes in the railroad schedule, which will take effect on June 27. The maritime express will leave St. John three hours and forty-five minutes earlier than at present, consequently the express will arrive in the city at 11 a. m. An extension will also be granted of train service for the convenience of passengers. The night express from Halifax to New Glasgow will be continued to Sydney, St. John and Montreal will thus secure direct communication with Sydney, everyday, while the local mail will arrive in Cape Breton twelve hours earlier than at present.

Mr. Butler said that in general throughout their trip of inspection, the commissioners found the roadways and rolling stock in good condition. On all sections work was being pushed forward as rapidly as possible.

FIRE SITUATION IS VASTLY IMPROVED

Heavy Rains Help to Extinguish Flames in Several Districts.

The heavy rains Saturday night completely drenched the woods near Westfield and put out the fire. About 5:30 Saturday afternoon a bark belonging to G. R. Willist, near Inglewood, in which was stored farm machinery, etc., was burned to the ground. The loss is estimated at \$300, with no insurance, and the origin of the flames unknown. At Fredericton Junction there were only a few scattered showers, but they helped subside the flames. The storm seems to have been universal along the line of the N. B. Southern Railway and all fires in that direction are reported out. Around Hartland the wind for rain has not come, and while the fires are dormant on account of the calm atmosphere they still demand attention from scores of men who work in shifts of 8 hours each. Reports state that the flames are pretty well under control and there is likelihood of getting them stamped out, unless the wind springs up again today. Carlisle is the centre of the case going over, until the June term. It is claimed that the defendant when his superintendent used road money in assisting in building an abode on the 8, and H. Railway, contrary to law, the defence claiming that the building was done to assist in protecting the highway and was fully authorized. Stuart was sent up for trial by Stipendiary Peck, and the latter reserved his committal from Mr. Stuart, who is still a justice of the peace. The appeal in the case of Stipendiary Peck, who was sentenced to jail for two months for assault, also comes up before Judge Wedderburn.

Dutch Caps for American Kidlets.

IN HONOR OF WILHELMINA'S BIRTH MOTHERS ARE MAKING STARCHED AND FLARING HEADGEAR FOR THEIR CHILDREN

A dainty Dutch cap has just reached the United States and our small maids are beginning to wear the cap that is characteristic of the pretty little girls in Holland. It is to be worn by our children in honor of Wilhelmina's birth, the new little crown princess. It is a charming compromise between the cap worn by the royal baby and the Vollemaer cap worn by Dutch maids. The Dutch cap is fashioned of strips of linen spun and embroidered by the thrifty mothers and joined with exquisite lace knitted or crocheted by the same loving hands.

E. J. DE NIVERNAIS' BRIDE TROD ROSES

Versatile Capitalist, Who Was Liverpool, Became the Fourth Husband of Mrs. Zilla Dumouriez.

NEW YORK, June 12.—Edward James de Nivernais, 4977, mine agent, writer and retired representative in Congress of a California labor party, who had the Nevada, courts change his name from Liverpool last month at the time he granted him a divorce, was married last Monday evening in the First Congregational church, Jersey City, to Mrs. Zilla Dumouriez, of New York and commissioned a minister of the Rev. Dr. John L. Scudder, pastor, and the Japanese vallet of the bridegroom, the bridegroom took part in the ceremony. Mr. de Nivernais sent a string orchestra from New York and commissioned a florist to give the ceremony decorations which would adorn a fashionable wedding in Fifth avenue. Mrs. Dumouriez is thirty-five years old and gave as her address Saline Maxine, Department of War, France. She was born in California, the daughter of Stephen Dumouriez, and was married previously three times. Mr. de Nivernais was not questioned as to whether divorce or death had rendered her eligible to a fourth marriage. Mr. de Nivernais, in uniform of blue and gold, held the bride's cloak during the ceremony. Early in the day of the wedding Mr. de Nivernais commissioned Bonnet, a Jersey City florist, to see that the bride should not tread upon anything but rose petals from the time she entered until she left the little church. One of the wedding presents from her husband to the bride was a talking machine which reproduces the singing of the great artists of grand opera. Sol Cloon, proprietor of a Fifth avenue establishment, was surrounded by demands for decoration made by Mr. de Nivernais, who ordered that all the metal mountings be gold plated and the carved wood case for records be decorated with gold leaf and golden designs. This had to be made to order at an expense of nearly \$1,000.

COUNCIL OF WOMEN DELEGATES ENTERTAINED

MONTREAL, June 12.—Yesterday and today Montreal has been entertaining a large number of foreign delegates to the International Council of Women which meets this week in Toronto. The delegation is headed by Lady Aberdeen. The local council of women entertained them at luncheon on Saturday at the Place Viger Hotel, and this was followed by a drive around around the Mountain as the guests of the city of Montreal. The afternoon programme was wound up with a garden party at the residence of Mrs. C. B. Gordon. In the evening there was a reception by the governors of McGill at the Royal Victoria College. This morning there was a special service at Christ Church Cathedral and in the afternoon visits were paid to many charitable and religious institutions of the city, though bad weather interfered with this to some extent. This evening Lady Aberdeen lectured before a large audience on Tuberculosis. Tomorrow an interesting programme has been prepared.

PREACHES SERMON TO COLLEGE BOYS

Yesterday afternoon at 3:15 the annual sermon was preached to the Rotherham College students by Rev. Canon Niles of Sussex. Many city people took advantage of the fine day and drove to Rotherham to attend the church, which was filled to the doors and the congregations who marched to the church in uniform appearance. The music furnished by the choir was under the direction of Mrs. W. Harrison sang the hymn, "Jesus Lover of My Soul," during the service, in an excellent manner.

MODJESKA LEFT ROLE TO AGGRESS

Virtually Bequeathed the Part of Rosalind to Miss Gilda Veresi

LOS ANGELES, Cal., June 12.—Mrs. Helena Modjeska's theatrical moments were disposed of by gift this week. One article only, the promoters copy of "As You Like It" from which Mrs. Modjeska's greatest part, Rosalind, was created, was sold. It was purchased for Robinson Locke, owner and editor of the Toledo Blade. The most interesting bequest of the tragedienne was to an actress now playing with Mrs. Pike, Miss Gilda Veresi. To her was virtually bequeathed the role of Rosalind. Miss Veresi was a great favorite of Mrs. Modjeska. She had played in her company, and had been her understudy in several roles. Modjeska's historical costumes and many other interesting articles were given to her. One of the Polish actress' finest Macbeth costumes was left to Margaret Illington. Souvenirs were given to many great stars of the stage. Two very valuable paintings by Chaimsonski and two paintings by Witkiewicz were given to the Modjeskas of Chicago. All Modjeska's art treasures went to Mrs. Felicie Modjeska, her daughter-in-law, an artist and sculptor, whose house in Chicago is a veritable museum of art. Also to this Chicago family was bequeathed the wall tapestry that once belonged to Prince Rudolph of Austria. All the lace went to Mrs. Felicie Modjeska. She included a magnificent piece of black chandilly and a handkerchief more than three hundred years old. To the Chicago Modjeskas were entrusted ten golden crowns that had been presented to the Polish actress by different countries. One of the most gorgeous of these was the gift of the Polish people. It is a chaplet of laurel leaves, the name of one of Mrs. Modjeska's famous characters being engraved on each leaf. These crowns are to be presented eventually to public institutions, such as museums of art. Mrs. Modjeska's diamonds, which were valued at \$10,000; the gorgeous lizard of sappires and diamonds, which was made for the Chicago World's Fair, and her other jewels go to the Chicago relatives, a few her Polish and Indian shawls, which are of great interest and value.

BERNARD SHAW'S NEXT PLAT.

LONDON, June 12.—Bernard Shaw has written another play since the Showing Up of Blanco Posnet, says the Nation. It is entitled "Press Cuttings." Compiled From the Correspondence and Editorial Columns of the Daily Press, and consists of an ironical discussion of woman's suffrage and universal military service.

MOTORMAN HAS EXCITING TIME

Stunned by Lightning Saturday—Rig Collides With Car Sunday

INJURIES FOLLOW

The electrical storm on Saturday night was responsible for Motorman Thomas Mitchell of a Fairville car receiving a severe shock. Lightning entered the front of the car and danced about the vestibule for a moment. Simultaneously there was a terrific clap of thunder. Mitchell felt a sharp pain in his head and staggered back into the car. For some time he was completely stunned, but later on was able to resume his duties.

AMUSEMENTS.

PRINCESS TODAY.

Today starts a banner week at the Princess. The vaudeville is probably the strongest we have ever had. Reading the list is McKee and Richmond, a lady and gentleman who present "Her Music Master," a good clever comedy sketch. Next on the bill is Verno, a high class juggler who has been making a hit right along the line. Last, but by no means least, comes a sister team, the Langwood Sisters, who have a refined singing and dancing act. The usual programme of movies, pictures and catchy music afternoon and evening.

HOLMES AND BUCHANAN AT NICKEL.

The return of Gertrude Bennett-Holmes and Robert C. Buchanan to the Nickel Theatre will be welcomed by music lovers for no part of vocalists heard in this large picture since its opening over two years ago pleased people as much as did Holmes and Buchanan. Indeed since it has been announced that they were to return to the Nickel people have been the recipients of numerous kindly words and written commendations. Both Miss Holmes and Mr. Buchanan are favorably known for their singing ability, and their versatility adds to the charm of their work. They make their first appearance this afternoon at 2.15, then again at 4.15, and three times at night. The number with which they will open is the now-famous \$1,000 competitive song success, "I Wish I Had a Girl," which is irresistibly tuneful and extremely witty. The stage is to be prettily set and Miss Holmes has some costuming surprises. The Nickel's programme is good from start to finish. Miss Veresi is to sing that rollicking western song, "Friede of the Prairie," the Orchestra is to give something specially good and the picture bill includes, "In the Bad Lands," a western military story, three comedies, etc. The returns of Holmes and Buchanan will undoubtedly cause a rush for seats, which fact should admonish intending patrons to attend the matinee or be early at night.

HAPPY HALF HOUR HAS MAGNIFICENT PROGRAMME TODAY.

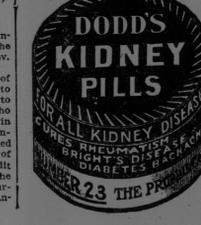

Every day the programme at the Happy Half Hour improves. Today what is by far the best show yet given is promised patrons. Mrs. Bernini will sing Bal My Little Lamb, from the musical comedy hit Marcella. Mrs. Bernini was a member of this company, last year playing the part of the princess of the Ladies Seminary and alternating with Louise Greenly in the title role. The N. Y. Dramatic Mirror of last November promised Marcella to be the best singing and most musical show in New York, and the N. Y. Clipper said it poses what so many others lack—good singing and good music. Signor Bernini will sing Meyer Heilmund's famous Maggie song. Lovers of good songs and good singing should not miss either of these selections. In the Bad Lands is a 1000 foot picture of life on the Frontier. It is founded on the famous western play Northern Lights and is full of good scenery, action and a powerful story. Magic Eggs is a beautiful traced colored trick picture, full of laugh and is considered to be the best picture of its kind ever seen. From Dorge-ling to the Himalaya Mountains will take the audience through a most beautiful trip through beautiful valleys, jungles, and up the highest mountain ranges in the world. The camera was stationed on the front of the engine and a handsome scenic picture has never been seen here. New music just received Saturday will be played by the Ladies' Orchestra. Altogether a splendid programme can be looked forward to by patrons.

"STAR" STARTS WEEK VERY STRONG.

The Star Theatre, North End, which has been making a name for itself through its great service of up-to-date pictures, commences another week in the limelight of another unsurpassed show. Just scan the list of pictures and see if it don't look good to you: "Henry VIII," historical drama; "An Apostle of Gaul," ancient history; "Found on the Rock," a sea drama; and "What the Big Drum Did," a thrilling farce-comedy. Here's fun, education and tingling excitement all in a 46 minute show. At Weston, the Park rush has started. Most evening merry-makers include this new theatre in their list of enjoyments.

HISTORY REVISITED.

The Professor—What was it? Defeated Leontias at Thermopylae? The Bright Student—The new rules. He held the pass too long.—Cleveland Plain Dealer. She—"What would you do if you had money enough to supply your needs?" He—"I'd start in to make a lot more to supply my wants."

NEED OF COMPULSORY MILITARY TRAINING

In times to come, when a less competent generation of Britons, nurtured by a more intelligent patriotism, have reassessed the old principle of manhood training for the defence of a common 'fatherland'...

owing to the steady growth in the number and power of foreign navies, this proportion will become smaller and smaller. In fact, never again, even with the maintenance of a two-Power standard, can we even hope to possess that absolute and undisputed naval supremacy which in the past secured both our overseas possessions and the safety of our home shores.

THE STORY OF STRATFORD

"Do you," we asked, regard the result of the contest at Stratford in the light of a popular condemnation of "compulsion"? By no means, replied the late member confidently.

JUNE CIRCUIT COURT OPENS HERE TOMORROW

No Criminal Cases, But the Civil Docket Will be Large

The June circuit will open tomorrow at eleven a. m. and His Honor Mr. Justice Barry, will preside. This is His Honor's first circuit since his elevation to the bench which officially took place on Friday last. As yet there are no criminal cases, but it is understood the civil docket will be large. The following cases will likely be entered on the jury docket: Washedamack S. S. Co. vs. Phoenix Insurance Co. Dr. L. A. Currey, K. C., for the plaintiff. This is an action brought by the plaintiff to recover the insurance which was on the steamer Aberdeen, which was burned last year.

See. R. McEnough vs. Telegraph Publishing Co. Ltd. Dr. Currey for the plaintiff and MacRae, Sinclair and MacRae for the defendant. This is an action brought by the plaintiff against the Telegraph Publishing Co. for false and malicious prosecution. About a year ago the plaintiff was arrested and held to bail by defendant for five dollars for subscription to the "Telegraph". The plaintiff paid the amount under protest and then went to his home at St. Martins and produced the receipt for the subscription. Hence the action.

Ella May Haley, administrator of John B. Haley, deceased, vs. Donaldson Bros., owners of S. S. "Indrani". John B. M. Baxter, K. C., for the plaintiff. This is an action brought by the plaintiff to recover damages for the death of her husband, John B. Haley, while working on the S. S. "Indrani" in Carleton on May 15th, 1908.

Markus vs. McManus, Mr. A. A. Wilson, K. C., for the plaintiff, and John B. M. Baxter, K. C., for the defendant. This is an action for alleged wrongful conversion of goods of the plaintiff by the defendant.

Go Slow

If an accident should make necessary the amputation of your right hand you would submit to the operation only after the most expert advice procurable. Now a tooth is a much smaller thing than a good right hand, but the part it plays in the economy of health is great. The proper performance of its office means strength of that right hand and health for the whole body. Get the best advice before you submit to the extraction of a tooth. Take the easy, modern, painless Hale Method when you have it extracted.
