MR. PUGSLEY SENDS CENTRAL REPORT

Made Stirring Reply to Op-
position's Charges-Every
Dollar Accounted for.
TAKES LEGAL STEPS.

OTTAWA, May 6.—Hon. Wm. Pugsley yesterday made a crushing and conclusive reply to the charges made against him by his political enemies in New Brunswick who fondly hoped through the medium of the "Morning News" that the Central Railway Commission to counteract the first reverse of the attack, made in connection with the notorious Mayes affidavit and drive him from public life. His four hours' speech in the commons yesterday was of a paragon of recent triumph in reply to this sort of thing, upon the subject of the Central Railway Commission and his vindication at the conclusion of his speech was ample and complete.

He left the Commission's report with scarcely a paragraph upon which any fair-minded man can place the slightest reliance. His deliverance was more than a vindication. It was the most complete and scathing exposure of a supposed judicial pronouncement that parliament has ever been called upon to consider. Never has the dignity and honor of a Royal Commission been more ruthlessly and effectively assailed.

The attack upon Mr. Pugsley was opened by Mr. Crothers, K. C., member for West Elgin, who had been refused by the opposition to prepare with the aid of Mr. Powell, counsel for the commission, the case against the Minister of Public Works, but though he did every faculty afforded him for substantiating or defending the findings of the commission he surprised all who had anticipated a scathing arraignment supported by indisputable facts, by confining himself with reading portions of the report and the commission's findings.

Mr. Pugsley's reply, extending over four hours, as an oratorical effort would rank as one of the most effective in the history of parliament. In his opening sentences he pronounced that he would show conclusively the "unreliability and fallacy of a report intended to drive him out of public life, and never was a promise more abundantly fulfilled.

As evidence of the sincerity of his desire to have all the facts connected with the Central Railway Company investigated he announced that he had instituted proceedings in supreme court of equity in New Brunswick to have a full accounting of the cost of construction of the fifteen mile section and arrears to January 1904 was added to a sum of \$68,770, which they said had been paid to the company. On July 1, 1905 the total would be found to be \$79,000 interest and the commission's report in the total amount of interest over the whole period and upon all expenditures of the company at \$82,900 or \$5,900 less than the two items mentioned. Other serious omissions in the report were shown up by Mr. Pugsley, which he stated was evidence of the grossest carelessness on the part of the commissioners and showed that they did not care whether they did justice or not.

As further proof of motives which inspired the commission or their counsel, Mr. Pugsley referred to the fact that Mr. Dunlop, a Montreal agent, was engaged by the commission to go into the accounts and that his statements purporting to show a deficiency of \$164,000 in connection with the Central Railway was published a few days before the general election, the object of damaging him in the eyes of the people and influencing the election. Fortunately he was able to show that that statement was absolutely untrue and that certain facts had been withheld from Mr. Dunlop.

Hon. Mr. Pugsley said he could point to twenty false statements in the report, false and misleading intimations contained therein, and general unreliability, not overlooking the "typographical error" of \$187,000. He criticized the commission, and touching on its personnel said he did not desire to disparage Mr. Justice Landry, but he did not like to see a judge, conferring with political parties with regard to becoming a candidate when elections came round. As for Mr. McDonald, he was the manager of a branch bank and had for many years remained as manager of a branch bank. Care had been taken to select three good solid Tories and a Tory counsel.

As an illustration of how little reliance was to be placed on the opinions of the Commissioners, he cited their statements that the road was worth not more than \$100,000 per mile. They had not taken the trouble to get the opinion of an engineer but had, in spite of the road themselves and that was their estimate, although the Company had the advice of an eminent engineer that it was worth at least \$21,000 per mile.

As a final refutation of the charge of the commissioners that there was a shortage in the disbursements upon the Central Ry. compared with the receipts Mr. Pugsley submitted a statement in which he included all the items contained by the commissioners and showed as having been paid and added a number which they had entirely ignored. He closed amid ringing Liberal cheers.

KIDNAPPERS SENT TO PENITENTIARY

James Boyle Goes to Prison
For Life His Wife For 25
Years.
BOTH BROKE DOWN.

MERCER, Pa., May 10.—James Boyle, was sentenced today to life imprisonment in the western penitentiary at Pittsburgh for the kidnapping of Billy Willis. Mrs. Boyle, indicted as Mary Doe, received a sentence of 25 years, with a fine of \$5,000 and the costs of the prosecution.

Boyle did not utter a word prior to his sentence. His counsel, however, made a plea for both Boyle and his wife, pleading for leniency in both cases. He stated that until a recent period the extreme penalty for kidnapping in this State was ten years, and in view of the fact that the boy had been kidnapped for a very long time, and that all care had been taken not to injure the mental anguish upon the parents, he felt leniency might be asked for with propriety.

Both Boyle and his wife collapsed completely upon hearing their sentences pronounced.

Minard's Liniment Lumberman's Friend.

A court of equity they knew that probably objection would be raised in this parliament that the matter was subjective and therefore could not be brought up here and they would be further away than ever from their cherished desire of driving me from the government. They have not done so, and I have taken the only course open to me. I yesterday instructed my solicitor, the legislature having provided only a few days ago, to issue a summons in the supreme court of equity of New Brunswick, making the New Brunswick Coal and Railway Company and other defendants parties to the proceedings so as to bring all parties before the court for the purpose of taking an accounting as to the receipts and expenditures made by the company and for the purpose of having a decree made as to the state of its accounts.

The report so far from being a judicial report made by a judicial commission, who had advised these commissioners to regard to it. Criticizing the report, Mr. Pugsley showed that if the sum of \$28,234, which the commissioners admitted to the interest upon the cost of construction of the fifteen mile section and arrears to January 1904 was added to a sum of \$68,770, which they said had been paid to the company. On July 1, 1905 the total would be found to be \$79,000 interest and the commission's report in the total amount of interest over the whole period and upon all expenditures of the company at \$82,900 or \$5,900 less than the two items mentioned. THE GRIFFITH CO. AT OPERA HOUSE

Two Nights, Wednesday and
Thursday, May 12th
and 13th
TWO GOOD BILLS.

Mr. John Griffith Co. will be at the Opera House two nights only, Wednesday, May 12th when he will present "Faust" and Thursday, May 13th when the company will present "Macbeth". It was announced a short time ago that on the occasion of Mr. John Griffith's engagement here he would present "A King's Rival". After thoroughly canvassing the popular sentiment, however, the management decided that there was a greater desire to see Mr. Griffith in "Macbeth" his first, and indeed greatest success. He was notified of the fact and gladly consented to the change. Local players will therefore have an opportunity to enjoy his vivid impersonation of Macbeth, the character in which he has always been conceded to be at his best. Mr. Griffith has previously appeared here, not only in this character, but in several of Shakespeare's roles, and his acting is not unknown quantity. Two Shakespearean productions "The Tenth" and "Macbeth" have been included in his repertoire this season, but in a recent letter to Manager Dimock, Mr. Griffith's business manager, stated that "Macbeth" almost invariably proved the most popular of all the plays in which he is appearing. Complete scenic and electrical equipment is carried and a most elaborate production of the play will be given. Mr. Griffith's support this season is said to be even stronger than he has had in the past. His present leading lady is Miss Edythe Tot, formerly identified with various dramatic successes under the management of Charles Frohman. Miss Tot in her portrayal of "Lady Macbeth" is said to be most pleasing.

WORTH ITS WEIGHT IN GOLD
Mi-o-na Has Reached a Gold Standard
Says Harry Ellis of Fergus, For
Stomach Trouble

Harry Ellis of Fergus, Ont., says "I believe that Mi-o-na for the cure of stomach trouble is worth its weight in gold. It cured me from a stomach difficulty that seemed to puzzle all other prescriptions and remedies. I was unable to eat, the food would ferment and form gas and make a serious pressure on my heart. There were terrible pains in the pit of my stomach. I became weak, drowsy, discouraged and later I got nervous and could not sleep or rest. This disease makes one feel like not wanting to see any human being and produce melancholy and forebodings. I was told to try Mi-o-na and when I commenced on the first box I hardly any faith in it, but the first two treatments made the pain in my stomach cease, and to make a long story short, the upshot of my using Mi-o-na was that it cured me wholly. I gave care at what I like and when I am hungry, I am an ardent advocate of the use of Mi-o-na."

Thos. Wynn sells Mi-o-na Tablets, such surprising cures throughout Canada, for 50 cents a box, guarantees them to cure or money back.

SPECIAL COUNCIL MEETING FRIDAY

Special Committee Chosen
to Watch Arbitration in
Land Matter.
ACCOUNTS PASSED.

A special meeting of the Town Council was held Friday evening. His Worship Mayor Murray and Couns. Richards, Miller, Mowat, Andrew, Moore, McLean and McLeanman being present. S. W. Dimock made application for a two inch pipe for fire protection at the Opera House, referred to Water and Light Committee.

An application from T. Ellsworth for a trucking license was read and referred to the Police and License Committee.

Upon recommendation of the Police and License Committee C. A. LeBlanc was granted an auctioneer's license and R. Stannley license to conduct a restaurant on payment of \$10.00.

On recommendation of the different committees department accounts were passed.

The Mayor suggested that as the arbitration case was to come up shortly, it might be advisable to appoint a special committee to look after this. Coun. McLean moved that a special committee be appointed for this purpose. Carried.

Couns. Andrew, Miller and McDonald were appointed such committee.

The Mayor stated that this afternoon Mr. F. S. Blair had called him up and stated that if the report of the proceedings of the council as reported in the Graphic was correct the facts were not properly stated. Mr. Blair's statement was not correct. His letter distinctly stated that he would supply the necessary coal at \$2.50 per ton, therefore the Graphic's report was correct.

The matter of insuring the town against action for damages in case employees injured while in the service of the town, was discussed, and it was decided on recommendation of the Finance Committee to effect such insurance at once.

The Council then adjourned.

TWO YOUNG LADS BROKE INTO STORE

While Mr. James Murray
Was Absent They Stole
Money.
NOW BEFORE COURT.

Monday afternoon the store of Mr. James Murray, Water street, was entered, the money drawer broken open between three and four dollars was taken.

The police were promptly notified and the Chief was on the scene at once. Two boys Willie Glinier and James Copeland, were suspected of the deed and were later arrested.

On being approached a bag containing about five dollars was given up by young Copeland, who said that Glinier had entered the store while he watched and the money was shared. Mr. Murray was out of the shop between twelve and one o'clock.

Glinier, previous to arrest, gave the Chief, a lively run and would not stop until a threat to shoot was made.

The boys who are about thirteen or fourteen years of age are now before Judge Matheson.

They are a pair of bad boys having appeared before His Honor a few days ago for killing Mr. Wm. Murray's hen. In all probability they will go to the provincial reformatory.

INTEREST INCREASING
Considerable interest is developing in connection with the road race to take place on the 24th inst. and the excitement has reached down town as far as the Waverley Hotel, where apparently a dark horse is developing his muscles. The proprietor of this popular house is advertising a special donation of \$100 to any one of his employees that should win first prize. Mr. Dumbois is an enthusiast in long distance running, and was himself a winner many times in his younger days. The long contest he had was a run of 52 miles inside ten hours, 50 miles he did in less than 4 hours over rough roads.

UPPER BALMORAL
(Crowded out last week.)
Owing to the rigorous climate which prevailed during the past month, the attendance of the children at school was somewhat less than it would have been, had not this condition existed. A few pupils however, with some cordial vitality and a pronounced and unbounded determination to attend to school, did not consider the cold and blizzards of April as being sufficient obstructions to detain them from school, and consequently kept on a perfect attendance all through the month.

The following are the names of the pupils who were present every day during the month—
Boys: Anna Bernard; Jennie McLeith; Corolla Fournier; Marilda Bernard; Florence Doucet; Leonthe LePage; Narcisse; Tardif; Alphonse Doucet; Aurele Fournier; Urie LePage; Elise LePage; Alice Polier.

Those who acquired highest marks regarding the attainments during the month—
Grade V—Rose, Anna Bernard; Jennie McLeith.
Grade IV—Elise LePage.
Grade III—Léon-Polier; Gylliane Savoy.
Grade II—Leonthe LePage; Alphonse Doucet.
Grade I—Narcisse; Tardif; Maria Fournier.

FIVE MILE ROAD RACE MAY 24TH

Manager Dimock Makes
Final Announcement
of Prizes.
THE COURSE.

Manager S. W. Dimock has made final arrangements for the road race to be run on May 24th for the championship of Restigouche County. The starting point will be on Route 1st, near the Opera House, running two miles and a half in the direction of Tide Head, and returning to the starting point.

Six prizes will be given as follows:—
1st—\$100 for 5 miles; men 16 years and over; running.
2nd—\$50 in the above race.
3rd—\$25 in Boys' race from 12 to 16 years of age; running.
4th—\$25 in the above race.
5th—\$10 in 5 mile men's race from 16 years and over; walking heel and toe.
6th—\$25 in above race.

A pose for one week to the youths pictures-entertainment will be given to every one finishing the race, even if not a prize winner.

Entries must be handed in to Mr. S. W. Dimock by May 20. The race will be called at 2 o'clock. The five-mile race will be held at the Opera House, and the 10-mile race at the town of Dalhousie.

Six papers have already been placed in the "Principals' hands" by Misses Muriel Bates, Elsie Mitchell, Hilda Stewart, Elsie McNeill and Mearns. Have Kim and Allan Bates. Others are to follow. The papers will be placed in the hands of three citizens who will act as judges and according to their decision the prize will be awarded.

Those who have accepted to act as judges are Rev. A. A. Boucher, W. A. Tremblay and W. & Smith. An effort will be made to secure a copy of the paper taking the first prize for publication in the Graphic.

Several prizes will be placed in the hands of Principal Jones before the last week in June to be presented in each department. In view of the activity of those who have been competing for the gold prize during the last ten months which demanded considerable searching and inquiring, there should be more than one prize given to those who have worked so well, and it has been suggested that a second and third prize be offered to those writing the history of the town. 1908 to be hoped that some of our citizens will contribute a couple of prizes towards this end.

A gold prize has also been offered to the Convent School for the best paper written on our town and great interest is being taken in the affair.

A large number of books are generally presented as prizes to the pupils of the convent at the closing examination in June and the same course will be followed this year.

Both town schools are crowded with pupils.

Nothing has been done this year towards placing a department of Manual Training in our Public School. It is probable that this matter will be referred to at the examination.

Several new buildings will be erected in the shiretown during the coming summer which will add very much to the appearance of the place.

Your correspondent will furnish a description of the proposed improvements in a later issue of your valuable paper.

Much sympathy will be felt for Mr. and Mrs. Theriault in the death of their two year old son, who passed away yesterday. The child was named Joseph.

The death occurred last week of Mrs. Jewett, nee Miss Theriault, aged 41. She is survived by her husband and one child.

POLICE OFFICERS

Herman Marten Arrested in Windsor.
Ont. The Theft Attempt to Clean Out the Police Station

WINDSOR, May 8.—Without a word of warning Herman Marten alias Kraft under arrest on suspicion of having stolen a bicycle, pulled a 38-calibre revolver out of his pocket as the officers were about to search him at police headquarters last night, and fired five shots in quick succession, four of which took effect. George B. Quimby, caretaker of the city hall, is most seriously wounded the bullet lodging in his back just behind his shoulder. Police Sergeant Wm. Reid was shot twice but not seriously injured. Policeman Wm. Lister was shot through the right arm. That none of the officers were killed is little short of a miracle, as the shots were fired at a range of less than five feet.

DO YOUR EARS RING?

This is the beginning of Chronic Deafness. A simple remedy that many physicians advise is to slowly inhale Catarrh. If not checked the result is "Catarrh" a few times each day. The soothing vapor of Catarrh cures the Catarrhal condition, and hearing is restored at once. Head noises, buzzing ears are cured. For Catarrhal deafness, throat noise and lung catarrh there is probably no remedy so efficient.

H. B. ANSLOW, EDITOR AND MANAGER

CAMPBELLTON, NEW BRUNSWICK

TUESDAY, MAY 11th, 1903

The Canadian Courier prints an article, which points out that the provincial government of New Brunswick like the governments in Manitoba and British Columbia, is going all in its power to undermine the administration at Ottawa. The writer says:—

It will be noticed that the attacks on Mr. Pugsley have come chiefly from the local New Brunswick government. It was Premier Hazen who read the Mayes affidavit to a public meeting; and it is the report of a provincial Government Commission which arraigns Mr. Pugsley in the Central Railway matter. This indicates for the knowing what the New Brunswick situation really is—it is a duel between two able men. Pugsley and Hazen have crossed swords, and it is not likely that both will survive the contest.

Everybody who keeps in touch with political affairs in this province can very readily see who will survive. The outcome of the general elections in October last, the subsequent bye-elections and the unmistakable indications of public disapproval of Premier Hazen's attitude towards his Liberal opponents all show where the leader of the provincial government stands.

Conservative organs do not tell their readers that the Liberals who were absent from the House when the division came unexpectedly signed a strong declaration in support of Dr. Pugsley. Quite a few Conservatives were absent also. If they did not think the vote they probably fled from after Crockett's five hour speech. It is a fact that there are Conservatives who would sooner miss a chance to vote against Dr. Pugsley than listen long to the number for York-Ex.

A country that provides men such as are leading the Young Turk party need not despair. Strength, wisdom, firmness and patriotism have characterized their course from the beginning until now.

Picnics are cheap in the Yukon, but it costs money to get half-shot, whiskey being twenty-five cents a glass.

Speaking of the numerous lives of a cat, the alacrity of the Irishman's flea, the slipperiness of an eel, the shifting colors of the chameleon and the docility of a sleepy-looking mule, Mr. Abdul Hamid has "em all played off the board."

In the British navy mice are employed as signalling agents on submarine boats. If any leakage of naphtha occurs in hidden sections of the boat the mice give warning by incessant squeals to signalize the presence of the odor which they so greatly dislike, says the Boston Globe. An allowance is actually made for the maintenance of mice, who have the honor of being carried on King Edward's naval list and of increasing the admiralty estimates.

A SNAP VOTE

The attempt to attach significance to the smallness of the majority on the division on Mr. Crockett's motion is the veriest childishness. It is hinted that disapprobation of Dr. Pugsley was the reason for the reduced Liberal vote. Of course not a Conservative has any such notion. They know better. The course of a debate in Parliament is invariably a matter of arrangement between the Whigs. That of Thursday had been finally arranged at five o'clock that afternoon. Three men were to talk on each side. Under that arrangement the debate would have been

going to all hours of the night. Relying on this a number of the Liberal members and one or two Conservatives went about other business.

Mr. Tupper was the last speaker on the Liberal side. The Conservative who was to follow refused to do so, and the debate collapsed. The absent Liberals could not be summoned in time for the division. The ovation which greeted Dr. Pugsley's return to the Chamber was swayed by the strong plaudits of the absentees from the division.

Mr. Foster indulged in an uncalculated sneer at Mr. Tupper's speech. He said that was the Government's best answer to Mr. Crockett's five hour oration. There was more in two or three sentences of Mr. Tupper's remarks than in the long drawn out arrangement of the member for York. Mr. Tupper asked why the Legislature of New Brunswick allowed the Commission's report to lie on the table for thirty days without taking action of it—without even adopting it. The report has never been adopted by the Legislature. Mr. Foster may hold Mr. Tupper's effort in small esteem, but he is invited to supply a satisfactory answer to that one clause of it.—Toronto Globe.

'SIMPLE EFFRONTERY'

'Simple effrontery' is the Montreal Herald's description of the conduct of the men who sought Dr. Pugsley's destruction. We observe with regret, too, that the Herald does not speak with anything like object and slavish respect for the Landry commission.

In the course of its comment the Herald says:—

On the mere report of a Commission that has been shown to have been neither judicial nor non-partisan, demands have been freely made for the resignation of Mr. Pugsley of his office of Minister of Public Works. In the face of the most obvious evidence of bias, of attempts to ignore essential facts making for the vindication of the minister, and to exaggerate others tending to cast suspicion upon him; in the face of absolutely correct statistics, afterwards explained as typographical or clerical errors; in the face of the publication of the report at a critical time in an election contest, when the other side of the story could not be told—in the face of all this evidence condemnatory of the Commission as a partisan body to ask for the destruction of the Minister of Public Works is simply effrontery. If our public men are to be driven from office every time their political opponents, through the manipulation of such machinery as was in the hands of Mr. Pugsley's opponents in New Brunswick can level charges of wrong-doing at their heads, we would have little stability of government, and there would be still less attraction in public life for the men who have capacity and desire to serve their fellow-men. In this case the New Brunswick Commission, ers have overshoot the mark. In their zeal for party gain they have shown that they are not men of high standing. Their report carries no weight to the minds of fair-minded men. And these men will be the ones who will justify Dr. Pugsley in so stoutly standing his ground, giving back blow for blow, and challenging the fullest investigation of his conduct.

The Herald's tone is shocking. Does it not know that, in the course of a five hour speech, Mr. Oswald Smith Crockett, B. A., M. P. described in the official guide book as a Presbyterian and a Conservative accepted the Commission's report as so much thunder from Sinai. True Mr. Crockett painted the city and gilded the roof with gold, saying, in a little speech of 25,000 words, that even he believed what the commission said; but nobody seemed to care, and the Herald clearly doesn't.

Now if Mr. Foster had but spoken he might have converted some of the scoffers, for Mr. Foster is a man whom people of this great country love. Didn't they give him their insurance money? But Mr. Foster just moistened his lips, crossed his fingers, and held his tongue. Mr. Foster is not a whit more respectable than Mr. Crockett, but he knows when it's loaded.—St. John Times.

SEVEN YEARS
AN INVALID

Then She Took "Fruit-Active" And
Is Now Well.

Ambridge, Ont., Nov. 27, 1908.
I was an invalid for seven years
from fearful Worm Trouble. I had
falling womb, with constant pain in
the back and front of my body and
all down my legs. There was a heavy
discharge, and this made me weak,
sleepless, restless and miserable. Often
I was obliged to lie in bed for a month
at a time. I was treated by several
doctors, but their treatment did me no
permanent good.

A few months ago, I was persuaded
to try "Fruit-Active." I took several
boxes, and from the outset of this
treatment I was better. The constipa-
tion was cured, the falling womb
lessened. I took, for the painless, sev-
eral bottles of the "Fruit-Active,"
but I feel that it was "Fruit-Active"
alone that cured me.

(Mrs.) Eliza Levesque,
Ambridge, Ont., writes: "I took
"Fruit-Active" and cured myself. I
feel that it was "Fruit-Active" alone
that cured me."

**YOUNG PATTERSON

Sentenced to Serve Two

GOES WILLINGLY.

Young Patterson accused of breaking
into H. E. Berry's meat market and
taking from the cash register a sum
of money, pleaded guilty when brought
before His Honor Judge McLatchey at
Dunsmuir on Saturday and was sen-
tenced to two years in the reformatory
at St. John. He was pleased to be sent
to the institution.

Young Johnson also pleaded guilty of
stealing and doing bodily harm to
young Tope, but was not sentenced
because the Judge allowed him his
liberty on suspended sentence.

GEORGE F. HALL**"THE AMERICAN GIRL"**
Few plays make a more direct appeal to the finer sentiments of humanity and more have a more adroit blending of the component parts that make up a successful offering than "The American Girl" in which the comedian Geo. F. Hall, will appear in the Campbellton Opera House one night only, Monday May 11th. Dripping humor, interest, relieved by spontaneous comedy, which in turn gives place here and there, to taking specially make this an evening's entertainment to please the ladies of all.**CHALLENGE**

I hereby challenge Frank Werner to a public boxing-match as a return match for the wrestling match which was held in January last, in which Mr. Werner proved himself the best. I challenge Mr. Werner again as I think it only fair to receive a return match. I will put up ten dollars as offered by Mr. Werner some two months ago to another match. Ten dollars must be added, the winner to take the entire purse. Also sixty per cent to winner and forty percent to loser out of the door receipts.

GREAT TREAT IN STORE
That sterling actor, John Griffith, will give us his vivid impersonation of "The Devil in Goshawk" great play. Found at the Opera House here. Mr. Griffith has for years held the undoubted title of the greatest living Macbeth. His acting of that somewhat weird character, as well as several of Shakespeare's roles, has given him remarkably high standing in the estimation of playgoers everywhere. His engagement here in "Faust" Wednesday evening will therefore be one of the most important events of the month.

A complete scenic and electric presentation to the play is promised, and the cast is said to be excellent. Miss Edyth Totten, formerly prominent in the "Fruit of the Loom" company, is the daughter of Charles Frohman, is Mr. Griffith's present leading lady, and her portrayal of the charming role of Marguerite is said to be the most pleasing.

Unfortunately the notice of the coming of the above attraction which is certainly one of the best that has ever been booked for Campbellton, is short so our readers should tell their friends of it. Wednesday, May 12th. Tickets five and ten.

SHOULD BE STOPPED
We have policemen, a Board of Health and a sanitary inspector, and yet we can not stop certain people on Water St. from shaking their mats from the balconies over the heads of passersby, and causing citizens to inhale poison laden germs of the most dangerous type.**CATCHING TROUT**
The boys and men are catching trout from the shore and wharves in town. These have been in the river all winter and are not the fat pink sea trout which come up later.**MUDDY STREETS**
Water Street, as well as some other streets, is in a very bad shape owing to the heavy rains of the past few days. The portions coated with gravel last year are not as bad as that portion not so treated.**SPRING IS HERE**
Most house keepers are wondering how they can brighten up their homes for the summer season. Why not procure Paints—Alabaster—Wall Papers, at Moores Bros. They have good goods at right prices.**NO NEW DEVELOPMENTS**
Inspector Duncan Noble has made a complete report of his findings in the Dalhousie mail bag robbery case to Inspector Coulter of St. John and is waiting further instruction from him. No, thing new has been found, and the officers are so far baffled.**OBITUARY**
WINDSOR, May 13.—Death entered the home of J. J. Anslo, editor of the "Hants Journal," Friday morning and removed his wife Catherine Sutherland aged 55 years. If your Stomach Heart or Kidneys are weak, try at least a few doses only of Dr. Shoep's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost.

And here is why help comes so quick. Dr. Shoep doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoep's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerves. When these nerves fail, the depending organs must of necessity failer. This plan, yet vital truth, clearly tells why Dr. Shoep's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by all dealers.

The Dutch baby is Princess of Orange, that being the distinguishing title of the heiress apparent to the throne of Holland. If Queen Wilhelmina is blessed with a son he will be Prince of Orange, and his sister, being princess, may regard him as a woman. At least that is the guess of one paragraph.

Holland's new royal babe has been christened Juliana Louise Emma Marie Wilhelmina, but it is said to reflect that after she grows up some more man will marry her and shorten it all to Lou.
