BEAVER BOARD
 If you are building or going to complete some unfinished rooms let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
 We carry a large stock in assorted sizes.

MAIL ORDERS
 We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the season in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

JUDGE BOTKIN AT MONCTON SUNDAY

Gives Splendid Address to Men's Class of St. John's Presbyterian Church

"The virtue of resistance" was the subject of a splendid address delivered by Judge Theodorus Botkin, American Consul, at Campbellton, at the re-opening session of the Men's Class of St. John's Presbyterian Church, held in Castle Hall yesterday afternoon.

Mr. Laughlin McKinnon presided, and welcomed the members back to the class.

Rev. T. Porter Drumm, pastor of St. John's Church, introduced the speaker of the afternoon.

In his opening remarks, Judge Botkin referred to the present European war and expressed his heart felt sympathy with Canada in the sorrows which war has unavoidably brought to us as a people. As a representative of the United States he would have to avoid giving any opinion as to the merits or demerits of the nations engaged.

Judge Botkin speaking on his subject said that when death comes and the spirit takes its flight, just one single asset is taken, all else being left here. This one asset, he said, is character, and to it he should pay special attention. In life there is a constant conflict between the forces of attack and those of resistance. Sometimes the attacking force is good, and sometimes evil, this being also true of the resisting forces. God, he said, put Adam into the Garden and pointed out to him that there were things he should not do. Why were good and evil placed here side by side and why was man given his choice between good and evil? Adam is not, he said, a free agent unless he has a choice, an independent choice. If there were no evil, man would have no choice but would be mechanically good. He would be as placid as an oyster, with no ambition, no backbone, and no grit. He would merely be good. The things that he would need in going into the next world, he would be without and don't you believe, said the speaker, that our trials will be over when we go to the next world.

Judge Botkin is an earnest, eloquent and impressive speaker and the large audience listened with intense interest during the whole of his discourse.

At the conclusion of his address a hearty vote of thanks was tendered to the speaker. It was moved by W. G. Jones, seconded by Mr. Karker and unanimously carried.

During the meeting the L. P. Band orchestra gave a most enjoyable selection. Messrs. Wilkins and Thomas Steinhause, were also heard in highly enjoyable vocal solos.

PATRIOTIC APPEAL

We have now entered upon the second year of the war, and the end seems as far off as ever. No one imagined, a year ago, that by September of 1915, Canada would have sent across the Atlantic nearly one hundred thousand men with as many more to follow if necessary. This magnificent enlistment, while primarily due to the loyalty of our people, has been, in a large measure, made possible by the Canadian Patriotic Fund.

This greatest of all the national benefactions is now assisting twenty thousand families of men who have enlisted for overseas service. These men have gone forward with the full assurance that the people of Canada will see to it that during their absence, their wives, widowed mothers and little children shall be maintained in comfort. We hear that the drain upon the Fund is assuming large proportions, that to meet the needs of July and August \$700,000 was expended, that the reserves are being materially decreased and that the national Executive Committee now finds it necessary to make a further appeal to the Canadian Public.

There are many funds, most of them worthy, but of them all the Patriotic Fund is the one we cannot allow to fail. It is the duty of the Government to arm, equip and maintain the troops. Not a dollar do the Federal authorities give to the Patriotic Fund. This work depends solely on the patriotism and generosity of our own people. Thousands of brave men are fighting our battles, believing that we meant what we said when we told them as they went forward:—"Go and we will care for the wife and kiddies." It would be to our everlasting disgrace if our pledge were broken.

The national organization, with headquarters at Ottawa and branches or affiliated associations in every part of the Dominion, is worthy of our most generous support in the tremendous and evergrowing task that it has undertaken.

ORGAN RECITAL IN ST. ANDREW'S CHURCH

Last Friday Evening by D. A. Fox of St. John.—Miss Hazel Mowat Vocalist

The first of a series of organ recitals in St. Andrew's Church was given last Friday evening, when a fairly large audience enjoyed a splendid program of organ music. Mr. D. Arnold Fox of Stone Church, St. John, rendered a well varied program and showed the capabilities of this splendid instrument in St. Andrew's Church. He was assisted in the recital by Miss M. Hazel Mowat of this town and an augmented choir from St. Andrew's church.

Miss Mowat, who has lately graduated from Mount Allison Ladies' College, Sackville, was heard to splendid advantage in her two numbers, "Melisande" and "Eye hath not seen". Miss Mowat is the possessor of a remarkably sweet voice and shows splendid taste in the rendering of her numbers in unaffected simplicity, which is very agreeable to her audience. Her voice shows promise of great development and her further appearance on the concert platform will be looked forward to by her many friends and admirers. The choir were heard in three numbers from Stainers' "Crucifixion" rendered in a pleasing manner considering the short time taken up in practice.

The next recital will be given early in October, also for the benefit of the choir funds when the church organist will preside. Full particulars of this will be given later.

The following was the program on Friday:

- Bass Recitative and Choral by Choir
- "The Agony in the Garden Stainer (The Crucifixion)"
- Organ-Overture Stradella Flotow
- (A) Pastorale Guilmant
- (B) Allegretto Fantasia Sicilian Mariners Hymn Lux
- (C) Sanctissima (O. Sanctissima)
- Vocal Solo "Melisande" Miss M. Hazel Mowat
- (A) Moonlight Herman Fincke
- (B) Narcissus Nevin
- Chorale by Choir
- "God So Loved the World" Stainer (The Crucifixion)
- Incidental Music "Queen of Sheba" Gounod
- Aubade B. Johnson
- Overture Semiramide Rossini
- Vocal Solo "Eye hath not seen" Gaul
- Triumphal Chorus Miss Mowat. Ernani
- Hymn by Choir
- "Mystery of Intercession" Stainer
- God Save the King.

Friends of Pte. John LeTurneau, who is at present with the 26th Battalion at East Sandling, have received a letter from him in which he says that they are camped about a mile from a little town about as large as Campbellton. We are only sixty five miles from London and when we came over we passed through London, but did not stop. I am going to get a pass and go there next week if we don't go to the front. I think we will be going pretty soon as they are sharpening our bayonets this week.

The other day we could hear the cannonading, as we are just about twenty miles from the firing line. We are having it pretty hard here just now, we go out on marches for four days at a time and sometimes all night.

There is a lot of boys from town here now, I saw A. C. Roy's son the other day, he is with the 6th Mounted Rifles, he is an officer and came over and shook hands with me, a James Harris is also here and I saw Ned Sargent also. He has been to the front and has been wounded so was sent back.

We have some nice officers with us, Lieut. Ferguson, Lieut. Mowat and Major McKenzie. It is quite cold over here now and rains every other day.

THOMPSON-CHATTERTON
 On Monday, Sept. 13th, Roland Thompson and Elizabeth Chatterton, both of New Carlisle, P. Q., were married in Campbellton. The ceremony was performed by the Rev. J. E. Purdie. Mr. and Mrs. Thompson will reside in New Carlisle.

JOHN MOFFAT KILLED SUDDENLY

Prominent Western Lumberman Meets With Fatal Accident.—Body Brought Home

Word was received here last week of the injury of Mr. John Moffat, of Vancouver, B. C., son of Mr. and Mrs. John Moffat of Head Tide. Later a despatch was received stating that the young man had died.

It appears that Mr. Moffat was at work in his lumbering business when a derrick beam or some of the gear became disarranged and he was struck, expiring the following day from the injuries received.

Mr. Moffat was very prominent in western affairs and his death was heard with regret throughout Vancouver, as well as by many friends in the east.

The body, accompanied by his brother George, is expected to arrive tomorrow morning, and will be conveyed to the home of the deceased at Head Tide. The funeral, which will be under Masonic auspices will be held in the afternoon.

Mr. and Mrs. Moffat and family have the heartfelt sympathy of the entire community in their sudden and sad bereavement.

NEW CARLISLE

Aubrey Blois spent Sunday in Port Daniel. I wonder why?

Mrs. Miller is at present visiting friends in Cascapedia and New Richmond.

Mrs. Arnold is here at present and also her brother Guy is spending his holidays at his home now.

Mrs. James Dunn and her daughter Mrs. John Hennigar of Dawsonville, have returned to their home, after spending a few weeks visiting relatives and friends.

A letter received by C. W. Coles of London, Ont., from N. A. Cole of Scotland, quotes a Scottish officer home on furlough to the effect that eleven German women, disguised and acting as French nursing sisters, were recently shot by French soldiers for poisoning drinking water.

RECRUITING STILL ACTIVE HERE

More Men Sign on For Active Service.—Men Have Been Sent to Sussex

Recruiting is still active here, Recruiting Officer McDonald having signed on eighteen, who have been forwarded to Sussex.

The following men have volunteered: Simon Lavine, Bathurst; Stanley Irvin, Campbellton; Harvey McKinley, Upper Nelson; Abraham Jolicoeur, Dalhousie; Legoura Melanson, Bathurst Village; John Williamson, Campbellton; Howard Porter, Shives Athol; Claude Hall, New Carlisle, P. Q.; William Murphy, Nashers Creek; Joseph Zaliger, Jacques River; Roland Hamilton, Shannonvale; Cecil Dewey, Shannonvale; Robert Malcolm, Dundee; Harvey Oak, Quarryville; William Touchie, Boom Road; Joseph Tarey, Campbellton; Rufus Willett, New Richmond, P. Q.; Dorislie Thibideau, Richibucto.

PATRIOTIC LECTURE

Rev. Father Gonzalve, Superior of the Capuchin Fathers in France is visiting his community at St. Anne de Restigouche. On Sunday afternoon the 26th inst., at 2.30, he will bless a new bell for the Mission of St. Anthony at Pointe a la Garde and at four o'clock he will deliver in St. Anne's Hall a patriotic lecture in French. People will like to hear one from France who is officially in daily communication with his many religious at the front, the companions of Father Albert.

A collection will be taken up at the door of the Hall in favor of those priests and religious chaplains or soldiers. It will be committed to their devoted Father for them.

The ferry will leave Cross Point at six o'clock.

SLIGHT FIRE

The fire brigade were called out Sunday afternoon for a fire among some rubbish in the yard in the rear of the store occupied by E. J. Allingham. By the time water was turned on the fire had spread to the building and a serious fire was narrowly averted, as there was a high westerly wind blowing. More care should be taken to prevent inflammable rubbish from lying about.

STILL RAFTING

The Restigouche Boom Co. is still hard at work rafting last winter's cut of logs. About a month's more work will see the season's work completed.

MARRIED

Miss Mary Ann Ward of Campbellton and Mr. George W. Sherwood of Moncton were united in marriage at the bride's home on Wednesday evening, September 15th, at half past eight by the Rev. Hugh Miller. Only the immediate friends were present.

sent, after which all joined in singing God save the King, and the evening's enjoyment came to a close. Quite a number of the Moncton ladies remain for a day to see the sights in our flourishing town.

PLEASEANT SOCIAL BY LADY ENGINEERS

Entertained Friends in Murray Hall Wednesday Evening.—Moncton Visitors

On Wednesday evening Restigouche Div. of the Grand International Auxiliary to the Brotherhood of Locomotive Engineers held a most enjoyable social in Murray's Hall. The ladies had as their guests about thirty of the members of New Brunswick Div. of the G. I. A. of Moncton, as well as a number of the Moncton engineers and those of Snowdrift Div. of Campbellton with their wives. On the arrival of the "Limited" the visitors were met at the station and taken for an auto ride around town and then to Murray's Hall, where everything had been prepared for the entertainment of the guests. The hall was beautifully decorated with flags and various railway pennants and an abundance of flowers; the whole a most artistic arrangement of color.

An excellent lunch was served the Moncton people, after which Mrs. D. C. Gallan, Pres. of Restigouche Div., extended to all present a warm and hearty address of welcome. The following program was then rendered in a pleasing and efficient manner.

PROGRAM

- Violin solo with piano, Mr. and Mrs. B. Gerrard.
 - Recitation Three little Girls
 - Vocal Solo Miss Jennie Gilker
 - Piano Solo Miss Price
 - Vocal Solo Miss Lou Gilker
 - Vocal Solo Mr. F. Mullin
 - Violin Solo Little Miss Rae Fraser
 - Recitation Miss Ina Currie
 - Vocal Solo Mr. Lavoie
 - Reading Miss Henry
 - Violin solo with piano, Mr. and Mrs. B. Gerrard.
 - Reading Miss I. Fraser
 - Vocal Solo Mr. Guy Mersereau
- After the close of the program Mr. Carey, the new Mechanical Supt. of the Campbellton department, Mr. John Devereau, roundhouse foreman and Mr. Auley Matthews, Chief Engineer of Snowdrift Div., each made a neat little speech.
- Mr. Matthews moved a hearty vote of thanks to Restigouche Div. of the G. I. A., and to those who so acceptably rendered a really fine program. This motion was seconded by Mr. "Andy" Cook of Moncton and unanimously carried. Tea cream and cake were then served to every body present.

THOUSANDS OWE THEIR GOOD HEALTH TO IT

Made From The Juices of Apples, Oranges, Figs and Prunes Combined With Tonics and Antiseptics.

"Fruit-a-tives" means health. In years to come, people will look back to the discovery of "Fruit-a-tives" and wonder how they ever managed to get along without these wonderful tablets, made from fruit juices.

"FRUIT-A-TIVES" is excellent for Indigestion, Dyspepsia and Sour Stomach. "Fruit-a-tives" is the only certain remedy that will correct chronic Constipation and Liver trouble.

"Fruit-a-tives" is the greatest Kidney Remedy in the world and many people have testified to its value in severe cases of Rheumatism, Sciatica, Lumbago, Pain in the Back, Impure Blood, Headaches, Neuralgia, Pimples, Blisters and other Skin Troubles.

"FRUIT-A-TIVES" has been one of the great successes of the century and the sales are enormous, both in Canada and the United States. 50c a box, 6 for \$2.50, trial size 25c. At all dealers, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

AGED COUPLE TURNED BACK AT BORDER

Were on Way to States to See Son's Wife Who is Dying, But Were Sent Back Home

Not having a certain amount of cash on them, Mr. and Mrs. Joseph Paquet, an aged couple, were not allowed by the customs officers to proceed past St. John on their journey to a point across the border, and thereupon found it necessary to return home. They arrived in Moncton Thursday night on No. 184 express, and left on the Maritime Express feeling blue, for Shippegan, Gloucester county, where they had been residing. It appears that Mr. and Mrs. Paquet have a son in Athol, Mass., who whose wife is dying from a lingering illness and it was the wish of the son that they should go to him, enough money for their transportation being forwarded to the old people. It was on this errand they were bent when turned back by the officers at St. John. Mr. Paquet is 77 years of age, but his wife is not quite so old.

Liverpool, Sept. 13.—The White Star Line made the following statement to the Canadian Press with regard to the German Government's explanation of the torpedoing of the Arabic: "The German excuse contained in the note published Saturday is just as audacious as the previous one and is absolutely unsupported by facts. A great point is made of a supposed attempt on the part of the Arabic to ram the submarine, but everyone knows that a course must frequently be changed in the channel and any change of such a kind could not possibly have been taken by the Germans to mean an attempt to ram."

"There is not the slightest question that the Arabic did not try to ram, for the simple reason that the submarine was not seen by Captain Finch. Moreover, the Arabic did not try to escape, the only precaution taken being to put the helm hard over directly the torpedo was seen."

There need be no doubt that Germany intends to annex both Belgium and Poland, and to keep Alsace and Lorraine. She will not be allowed to keep either Belgium or Poland, and France will have the other two.

The men of Toronto are joining the colors just now at the rate of over 200 a day. And this after a steady year's draining of the city's manhood to Europe. It is a splendid record.

A war boom in Canada is quite possible, according to a contemporary fiction!

THE HESPERIAN

Although a German submarine sank the passenger liner Hesperian without warning, endangering the lives of passengers and crew, including two Americans, it is unnecessary to discuss what the United States will do. That phase of the matter concerns only the United States. If the government and people of the great republic accept German apologies and German promises of future good conduct that is their affair and their affair only. If they see in the incident another evidence of German duplicity, and decide that the time has come for a diplomatic break, that also is their affair. What concerns Great Britain is the fact that this disaster to another ship bound to America is further evidence of German determination to strike whenever and wherever opportunity offers. Passenger ships are only safer to-day than they were a week, a month ago, by the fact that Germany's submarine navy has been materially weakened in that time. No promise is binding on Germany, and no promise will be binding on Germany. Whenever a British ship can be struck she will be struck, regardless of other consequences that the hoped for death of the hated British on board, irrespective of their age or sex. Only will there be an end of the piracy when there is an end to Germany's undersea fleet. That Britain knows, and the United States will sooner or later have to recognize. In the meantime Canadians should take to heart this from the New York World, in reply to some English comment on the possible attitude of the United States over the Lusitania and Arabic murders:

Whenever an Englishman's head is punched by a belligerent foreigner in any corner of the earth, the British press rises in solemn dignity and dramatically exclaims: "What does the United States intend to do about this infamy?" If the United States must act as a guardian for Great Britain in this war and fight Great Britain's battles, we shall insist first that the British government be turned over to President Wilson for competent administration. With British troops fighting to protect both Britons and Americans from the German pirates, it is necessary to say in reply only that the American people are satisfied with the measure of protection the United States government, the United States army and the United States navy are affording American passengers on the high seas. Canadians certainly have no reason to complain.—Globe.

Evidence given by Mr. Stewart, M. L. A., before Commissioner Chandler should be sufficient in itself to end the public career of Mr. Stewart. No longer should the government of New Brunswick recognize in any way his official status, and if there is power to deal with his case in a broader way that power should be exercised. Manitoba is showing the way New Brunswick and every other province must follow if clean politics is to mean anything more than a catch phrase.—Globe.

If for nothing else the Alberta wheat crop of 1915 will be remembered for its growth of straw. Both oats and wheat reached five feet or more.

At Houlton, on Tuesday, Mooers Hanning, employed by Mr. Perry, was assisting the threshers. In some manner a bolt flew off the threshing machine, striking young Hanning in the stomach, killing him almost instantly. He was 21 years old.

The number of divorce libels entered in the Superior Court, Portland, Me., Tuesday, was the largest on record, there being about 60 entered during the day.

Bishop Vaylsteke, of Curacao, who is at present in Chicago, says that death by starvation because of four years of crop failure faces the 75,000 inhabitants of the Dutch Island, in the West Indies. The suffering in his diocese, he says, is fully as terrible as in the war-stricken lands of Europe.

According to reports in one Rotterdam paper the town of Brest-Litovsk, before the war, had a population of 53,000. When the Austro-German armies entered it the other day all they found was one family. The rest had been removed and the houses burned.

It is reported that Manitoba will vote on the question of prohibition this coming December. There is also talk of raising the issue in British Columbia.

Waialepe, or Green lake, on the island of Hawaii, is a body of fresh water in the pit of an old crater near Kapoho. This lake covers an area of about five acres and is fed by springs below the surface. A pumping plant takes water from this lake for domestic use and for irrigation purposes.

And now civic scandals have come to the surface in Toronto. One city father charges a confere with having promised to sell his vote on the consideration of getting a fat job, while yet another member of the Council makes the declaration that an alderman promised to vote for an annexation scheme if properly paid.

Sydney Post:—Further reports from the country go to confirm that the potato crop in Nova Scotia is not going to be up to the mark this year. There are reports from some districts that the tubers have been badly affected by potato blight. A traveller coming from Prince Edward Island, stated that he had learned in different parts of the island that the crop there was going to be very much below the average this year.

Harry McGovern, a machinist in an automobile garage of Uniontown, Pa., has received word that he is an heir to an estate of \$64,000 left by an uncle in Flint, Mich. He has been travelling around the country for the last three years and has been vainly sought in nearly every large city in the country.

A medical authority rises to remark that while pollen is the immediate aggravating cause of hay fever, the underlying cause is a nervous one, which can be cured by psychotherapeutic methods. Do you believe that British War Office to oversee the placing of orders for ammunition, made the following statement to a representative of The Montreal Herald:—"There is more 'politics' in Canada at the present time than there is in England, and it is a bad thing for Canada. Big political interests here, at the present juncture, who are intimately connected with manufacturing concerns, are out after orders. Orders come first—the making of munitions being a secondary outcome. It is a bad thing for Canada." This is a very damaging statement, coming as it does from a man of the prominence of Mr. Thomas, and it is safe to say he has not made it without serious reflection. Is it possible that "pull" is still a stronger element at Ottawa than patriotism?

The Shepard & Morse Lumber Co. has again started running nights, after a two weeks shut down.

The Danish steamship "Samathia", 3500 tons, has docked at the Shepard & Morse Lbr. Co's. wharf and is taking a cargo for England. This makes the eighth vessel that has loaded here this season for the old country market. Another large steamer is expected soon.

Mr. John McPhee, son of Mr. J. C. McPhee, yard superintendent, had a narrow escape on Wednesday last. While putting on a belt on the lath mill, the stick he was holding suddenly caught in a fast revolving pulley and broke, and was driven in his leg just about one inch below the groin. Dr. McCartney was immediately sent for, and although the wound is very painful, the patient is practically out of danger.

Business is blooming here at L'Anse Aux Cousins. The Shepard & Morse Lumber Co. are operating a large saw mill, consisting of one 14 inch double cut band saw, one 8 inch horizontal band re-saw. All the rest of the mill equipment is all up to date and is cutting from four to five thousand logs in twenty four hours. About 250 men are employed and are accommodated here. The cook house has ample seating capacity for that amount of men and a large sleeping house has just been completed. Much credit is due to the enterprising spirit of the Messrs. Calhouns. Another mill is also nearing completion consisting of a rotary for long lumber, one sleeper machine, five Dunbar shingle machines and one Perkins shingle machine. This mill will have a capacity of 40 M. of long lumber and 120 M. of shingles and will employ about 80 men, as it is the intention of the company to run this plant day and night.

The St. Maurice Pulp & Paper Co. has shut down their plant owing to the surplus quantity of rooled pulp and the difficulty of getting steamers.

COMMISSIONER CHANDLER HEARS EVIDENCE OF MEMBERS

Messrs. Martin J. Robichaud and A. J. H. Stewart Give Stories of Transactions in Which Graft is Charged

Royal Commissioner Chandler held court at the Court House last Tuesday and Wednesday in the charges preferred by Mr. P. J. Veniot against Messrs. Martin J. Robichaud and A. J. H. Stewart, two of the members of the Legislature for this County.

On Tuesday the evidence of Mr. P. H. Eaton, manager of the Royal Bank here, was taken in reference to his connection with the Knowles property bought by the Farm Settlement Board from the Bank through Mr. A. J. H. Stewart. He said that his Bank had had no dealings with the Farm Settlement Board in connection with this property, but after negotiations with Mr. Stewart and after writing his head office, and receiving authority to sell for \$1000, he had agreed to give Mr. Stewart the property for \$1200. Mr. Stewart had deposited a cheque for \$1500 signed by the Farm Settlement Board to his own account, and when the transfer was made, had given him his own cheque for \$1200. This \$1500 cheque had been made payable to the Royal Bank of Canada, but at Mr. Stewart's request he had credited it to his (Stewart's) account. \$1200 was the amount credited the Knowles estate on the property, the balance of \$300 remaining in Mr. Stewart's account. The \$1500 cheque had been brought into the Bank by Mr. Stewart. The cheque was here placed in evidence and was identified by Mr. Eaton.

Mr. Chandler remarked that the words "Royal Bank of Canada" were not in the same handwriting as the rest of the cheque, but Mr. Eaton said that it was filled in when he saw it first. The witness said that the \$1500 cheque was brought into the bank some time before the deed was given Mr. Stewart. The property had been held by the bank as security for an amount owed them by Mr. Knowles the original owner, who had failed in business. The farm contained 200 acres, and this was the number named in the deed by Mr. Stewart.

Cleophas Chiasson, the servant man of Dosithe Chiasson, the foreman on the Caribou Creek Bridge, whom the latter had testified had worked on that bridge and been entered on the pay roll in the name of Edward Chiasson, said that he had worked some on the bridge and some for Dosithe. Dosithe's son had not worked on the bridge.

On being recalled, Dosithe Chiasson the foreman, said that he was not sure if he worked on it. He had not measured the length of his work on the

Lameque road, but thought it a little more than a mile. Mr. Veniot remarked that he had measured the road and found that Dosithe had repaired eleven-twelfths of a mile, and the other foreman, John J. Robichaud, had done the rest of a total of one and one-fifths mile. Dosithe Chiasson also said that Martin J. Robichaud had hired him to work on the Lameque road, had afterwards made out all the accounts and fixed the wages to be paid, and swore him to the correctness of these accounts.

Word was received from Martin J. Robichaud, M.L.A., who desired to give evidence, that he was ill and unable to come to the court on Tuesday, but would be up on the Caribou train on Wednesday. Mr. A. J. H. Stewart also had asked to be heard, but did not wish to testify until Mr. Robichaud had given his evidence. The Court was therefore adjourned until Mr. Robichaud's arrival on Wednesday morning.

Late on Wednesday morning Mr. Martin J. Robichaud, M.L.A., went on the stand, and on being asked by the Commissioner what he had to say, began by remarking that he understood that his name had been used in connection with some lumber supplied by Peter F. Boudreau for the Caribou Creek Bridge. He would now explain his relations with Peter F. Boudreau in regard to this lumber. In July 1913 this P. F. Boudreau had shipped four cars of timber to Shippegan which I had given him orders to get out. I then told him to cut 220 pcs.,—80 pcs. 16 ft. long, 10 ins. at top, and 140 pcs. 26 ft. long, 10 ins. at top. I was not buying this lumber. I was only acting as P. F. Boudreau's agent. I made no fixed price for this timber, but I told him he would be paid as others were being paid for the same breakwater. He asked me how much this would make apiece. I said, if you are paid according as other people, you should get \$2.00 for the long logs, and about \$2.00 for the short stuff. I told him, of course when the foreman will get his instructions he will take

the lowest offer. When Theophile Robichaud was appointed foreman on Shippegan Ferry Landing, he received with his instructions a bill of material that called for only about 200 pcs. of timber, and after writing few letters to Mr. Stead and talking to him, he agreed to take 200 pcs. at \$2.20. They did take 201. These logs were piled along R. R. track from wharf toward station, about 4 car lengths. This foreman took 201 pcs. from there, and moved them toward wharf when he started work, and he told me a few days after that Peter F. Boudreau had 19 pcs. of timber left. When Val F. Robichaud, bridge superintendent, came from Caribou Creek, to my place and asked where he could procure timber 20 to 25 ft. long, I told him P. F. Boudreau had some at the shore in front of the dog fish factory that he could have. He asked the price and I told him \$3.00 apiece. He said it was high, but if he had to go up the Pocomouche river for it, it would cost \$5.00 apiece before he got them at the bridge, so \$3.00 was the price agreed on and he told me to tell the foreman, Dosithe Chiasson, to take whatever timber he would require. At end of November 1913, Dosithe came over to me with his time book and all bills to make out his returns, and he told me he had taken 14 pcs. of Boudreau's lumber. I took memo of this, and when structural superintendent Robichaud came along I told him, and he made out a bill for 14 pcs. at \$3.00, and then made it up and said to put it in as \$900 ft. at \$14.00. I have only found out lately how to make up round lumber, and now find that each of those pieces would contain 111 ft. as Val.

(Continued from page 4)

Robichaud made it up. I don't know how he made it 3000 ft. I never made any promise to Peter F. Boudreau after he got his cheque from the Dominion Government that I would get what was short from the Local Government. I met him the day he was going up to the bank with the cheque for \$422.50, and he asked if all the logs were included and I said no. The Dominion Govt. had taken 201, and the Local Govt. had taken 14 for the Caribou Creek Bridge for which cheque would come later, and I said there must be five pieces left. He seemed satisfied. He never said the cheque was short. There are five pieces there yet. I saw them on the shore near the dog fish factory last Monday. Peter Boudreau also supplied logs in 1914, 121 pcs. for Shippegan wharf.

It was about the beginning of July 1913 that I met Mr. Stead at the McNally Hotel in Shippegan. I asked if he worked on the Ferry Landing would go on this summer. He said yes. I asked him if he had any idea what kind of round lumber would be required. He said his engineers were not through making the plans, but he could give a rough estimate. It would take 80 pcs. 16 ft. long and 128 pcs. 26 ft. long and 10 ins. at top. I enquired the price. I acted on my own responsibility in telling Boudreau to get out the lumber and told him that he would have to take the risk.

On being asked if Peter F. Boudreau got the Local Govt. cheque for \$4200, Mr. Robichaud said, "It was left at my office by Val Robichaud, and I sent it by registered letter to Peter F. Boudreau at Inkerman."

Continuing, Mr. Robichaud said, "There was an insinuation that Edmond E. Robichaud had sold cedar to the Caribou Creek bridge that he had taken from the Jean Marie bridge. He never did that, because there was no cedar left over from the Jean Marie bridge. I am certain of this because I was on the Jean Marie bridge when it was nearly done—there being about 28 or 30 ft. of flooring yet to do, and the foreman asked me if I could see Val Robichaud to tell him to send more cedar to finish. I told him that Val had told me that he had no more cedar, and more than that he had said to tell him to try to finish the bridge by picking out the old cedar. After the bridge was completed I was there with the foreman of the Duguay bridge to see if the old cedar had not some good among it. There was a little and it was taken to the Duguay bridge. The rest was taken to the Rousseau bridge.

I understand that some of the witnesses at Fredericton said that I fixed prices. All prices were fixed by Val Robichaud, and when I arranged for material, I told people that.

Mr. Veniot recalled that Dosithe Chiasson had testified that the witness fixed the prices for cedar. The witness said that this was not true. Three men from Lameque had come to him regarding cutting cedar, and he had told them to go ahead, but the price would have to be set by the superintendent. These men would testify to this.

The witness was then cross-examined as follows by P. J. Veniot:—
Regarding cheque of \$52.90 to Antime Chiasson, Dosithe Chiasson swore that he told you he wanted to pay some one else. Is it true that you knew of this?
No it is not true.
Dosithe Chiasson swore in regard to the item on Caribou Creek pay list for Cyrano Gionet: 8 days, total \$16.00 for horse and cart, as follows:—
"I don't remember that he worked. I did not put it in time book. If it is there, Martin Robichaud must have put it there." What have you to say to that?
I only put down the names and amounts as instructed by the foreman. He told me to put that down.
Dosithe Robichaud said that he counted the pieces and sizes of lumber, and Martin Robichaud made the calculations. Is that right?

COMMISSIONER CHANDLER HEARS EVIDENCE OF MEMBERS

Messrs. Martin J. Robichaud and A. J. H. Stewart Give Stories of Transactions in Which Graft is Charged

Royal Commissioner Chandler held court at the Court House last Tuesday and Wednesday in the charges preferred by Mr. P. J. Veniot against Messrs. Martin J. Robichaud and A. J. H. Stewart, two of the members of the Legislature for this County.

On Tuesday the evidence of Mr. P. H. Eaton, manager of the Royal Bank here, was taken in reference to his connection with the Knowles property bought by the Farm Settlement Board from the Bank through Mr. A. J. H. Stewart. He said that his Bank had had no dealings with the Farm Settlement Board in connection with this property, but after negotiations with Mr. Stewart and after writing his head office, and receiving authority to sell for \$1000, he had agreed to give Mr. Stewart the property for \$1200. Mr. Stewart had deposited a cheque for \$1500 signed by the Farm Settlement Board to his own account, and when the transfer was made, had given him his own cheque for \$1200. This \$1500 cheque had been made payable to the Royal Bank of Canada, but at Mr. Stewart's request he had credited it to his (Stewart's) account. \$1200 was the amount credited the Knowles estate on the property, the balance of \$300 remaining in Mr. Stewart's account. The \$1500 cheque had been brought into the Bank by Mr. Stewart. The cheque was here placed in evidence and was identified by Mr. Eaton.

Mr. Chandler remarked that the words "Royal Bank of Canada" were not in the same handwriting as the rest of the cheque, but Mr. Eaton said that it was filled in when he saw it first. The witness said that the \$1500 cheque was brought into the bank some time before the deed was given Mr. Stewart. The property had been held by the bank as security for an amount owed them by Mr. Knowles the original owner, who had failed in business. The farm contained 200 acres, and this was the number named in the deed by Mr. Stewart.

Cleophas Chiasson, the servant man of Dosithe Chiasson, the foreman on the Caribou Creek Bridge, whom the latter had testified had worked on that bridge and been entered on the pay roll in the name of Edward Chiasson, said that he had worked some on the bridge and some for Dosithe. Dosithe's son had not worked on the bridge.

On being recalled, Dosithe Chiasson the foreman, said that he was not sure if he worked on it. He had not measured the length of his work on the

Lameque road, but thought it a little more than a mile. Mr. Veniot remarked that he had measured the road and found that Dosithe had repaired eleven-twelfths of a mile, and the other foreman, John J. Robichaud, had done the rest of a total of one and one-fifths mile. Dosithe Chiasson also said that Martin J. Robichaud had hired him to work on the Lameque road, had afterwards made out all the accounts and fixed the wages to be paid, and swore him to the correctness of these accounts.

Word was received from Martin J. Robichaud, M.L.A., who desired to give evidence, that he was ill and unable to come to the court on Tuesday, but would be up on the Caribou train on Wednesday. Mr. A. J. H. Stewart also had asked to be heard, but did not wish to testify until Mr. Robichaud had given his evidence. The Court was therefore adjourned until Mr. Robichaud's arrival on Wednesday morning.

Late on Wednesday morning Mr. Martin J. Robichaud, M.L.A., went on the stand, and on being asked by the Commissioner what he had to say, began by remarking that he understood that his name had been used in connection with some lumber supplied by Peter F. Boudreau for the Caribou Creek Bridge. He would now explain his relations with Peter F. Boudreau in regard to this lumber. In July 1913 this P. F. Boudreau had shipped four cars of timber to Shippegan which I had given him orders to get out. I then told him to cut 220 pcs.,—80 pcs. 16 ft. long, 10 ins. at top, and 140 pcs. 26 ft. long, 10 ins. at top. I was not buying this lumber. I was only acting as P. F. Boudreau's agent. I made no fixed price for this timber, but I told him he would be paid as others were being paid for the same breakwater. He asked me how much this would make apiece. I said, if you are paid according as other people, you should get \$2.00 for the long logs, and about \$2.00 for the short stuff. I told him, of course when the foreman will get his instructions he will take

the lowest offer. When Theophile Robichaud was appointed foreman on Shippegan Ferry Landing, he received with his instructions a bill of material that called for only about 200 pcs. of timber, and after writing few letters to Mr. Stead and talking to him, he agreed to take 200 pcs. at \$2.20. They did take 201. These logs were piled along R. R. track from wharf toward station, about 4 car lengths. This foreman took 201 pcs. from there, and moved them toward wharf when he started work, and he told me a few days after that Peter F. Boudreau had 19 pcs. of timber left. When Val F. Robichaud, bridge superintendent, came from Caribou Creek, to my place and asked where he could procure timber 20 to 25 ft. long, I told him P. F. Boudreau had some at the shore in front of the dog fish factory that he could have. He asked the price and I told him \$3.00 apiece. He said it was high, but if he had to go up the Pocomouche river for it, it would cost \$5.00 apiece before he got them at the bridge, so \$3.00 was the price agreed on and he told me to tell the foreman, Dosithe Chiasson, to take whatever timber he would require. At end of November 1913, Dosithe came over to me with his time book and all bills to make out his returns, and he told me he had taken 14 pcs. of Boudreau's lumber. I took memo of this, and when structural superintendent Robichaud came along I told him, and he made out a bill for 14 pcs. at \$3.00, and then made it up and said to put it in as \$900 ft. at \$14.00. I have only found out lately how to make up round lumber, and now find that each of those pieces would contain 111 ft. as Val.

Robichaud made it up. I don't know how he made it 3000 ft. I never made any promise to Peter F. Boudreau after he got his cheque from the Dominion Government that I would get what was short from the Local Government. I met him the day he was going up to the bank with the cheque for \$422.20, and he asked if all the logs were included and L said no. The Dominion Govt. had taken 201, and the Local Govt. had taken 14 for the Caribou Creek Bridge for which cheque would come later, and I said there must be five pieces left. He seemed satisfied. He never said the cheque was short. There are five pieces there yet. I saw them on the shore near the dog fish factory last Monday. Peter Boudreau also supplied logs in 1914, 121 pcs. for Shippegan wharf.

It was about the beginning of July 1913 that I met Mr. Stead at the McNally Hotel in Shippegan. I asked if the work on the Ferry Landing would go on this summer. He said yes. I asked him if he had any idea what kind of round lumber would be required. He said his engineers were not through making the plans, but he could give a rough estimate. It would take 80 pcs. 16 ft. long and 126 pcs. 26 ft. long and 10 ins. at top. I enquired the price. I acted on my own responsibility in telling Boudreau to get out the lumber and told him that he would have to take the risk.

On being asked if Peter F. Boudreau got the Local Govt. cheque for \$4200, Mr. Robichaud said, "It was left at my office by Val Robichaud, and I sent it by registered letter to Peter F. Boudreau at Inkerman."

Continuing, Mr. Robichaud said, "There was an inscription that Edmond E. Robichaud had sold cedar to the Caribou Creek bridge that he had taken from the Jean Marie bridge. He never did that, because there was no cedar left over from the Jean Marie bridge. I am certain of this because I was on the Jean Marie bridge when it was nearly done—there being about 25 or 30 ft. of flooring yet to do, and the foreman asked me if I could see Val Robichaud to tell him to send more cedar to finish. Mr. Veniot recalled that Dosithe Chiasson had testified that the witness fixed the prices for cedar. The witness said that this was not true. Three men from Lameque had come to him regarding cutting cedar, and he had told them to go ahead, but the price would have to be set by the superintendent. These men would testify to this.

The witness was then cross-examined as follows by P. J. Veniot.

Regarding cheque of \$52.00 to Antime Chiasson, Dosithe Chiasson swore that he told you he wanted to pay some one else. Is it true that you knew of this?

No it is not true.

Dosithe Chiasson swore in regard to the item on Caribou Creek pay list for Cyrano Glonet, 8 days, total \$16.00 for horse and cart, as follows: "I don't remember that he worked. I did not put it in time book. If it is there, Martin Robichaud must have put it there." What have you to say to that?

I only put down the names and amounts as instructed by the foreman. He told me to put that down.

Dosithe Robichaud said that he counted the pieces and sizes of lumber, and Martin Robichaud made the calculations. Is that right?

No, I made no calculations. Val Robichaud did that.

Who gave the figures to the superintendent?

I did, as Dosithe left them with me. Regarding the work on the Lameque road, foreman John J. Robichaud was asked if Clement Lontaigne worked there and he said no, but he had worked on that road the year before so Martin said to put his name down. Is that right?

Yes. Road Commissioner John A. Duguay had told me that he had forgotten to put in Clement Lontaigne's name for work done on the Lameque road the previous year. I knew that the amount was due this man and took this way of paying him what was owed him.

Was it right for you to swear John J. Robichaud to the correctness of this account, when you both knew that this had been done?

No, it was not right.

In the matter of the Caribou Creek Bridge, Dosithe swears that while his son's name was on the pay list, another man did the work. Did Dosithe Chiasson ever tell you that?

No, he gave this name the same as the other men who worked.

Dosithe Chiasson says that you employed him as foreman on the Lameque road. Had you any authority to do that?

No, the road needed the work and I took it on myself. The same applies to the other foreman, John J. Robichaud.

Dosithe Chiasson says that he took travel from several different people and that you fixed the price. Is that true?

Yes, I made the arrangements for the gravel. It was taken off the property of three different men, and they claimed a great deal more than I was afterwards able to settle with them for. I agreed to allow them \$15.00 each.

Before fixing the price, did you visit these places?

Yes, several times.

In that a fair price?

Yes, I consider it reasonable.

In the Lameque road accounts there is an item for Dosithe F. Chiasson, 6 pcs. of Cedar. Chiasson said this was for picks. Do you remember anything about it?

No, I do not remember.

How about the wages of the two men on the Lameque road? John J. Robichaud is down for 10% of his expenditures, which brings his wages to over \$200, while Dosithe Chiasson, who spent twice as much and made more road, is only down for \$2.50 per day or a total of about \$160.

Those were the wages they wanted. I could not get John J. Robichaud for less, and Chiasson was satisfied with his wages.

Mr. A. J. H. Stewart asked that the following question be asked the witness.—Do you know of anyone in connection with the Public Works of the Province who was paid money he did not earn?

No, I do not, was the answer.

This completed the evidence of Mr. Robichaud, and the last witness to be heard in the investigation, Mr. A. J. H. Stewart, M.L.A., was then called.

Mr. Stewart began his evidence with the statement that he admitted the irregularity of many of the transactions in which dishonesty was charged, but that in no case was anybody paid anything to which he was not justly entitled for work or material supplied.

In regard to the item of stone for the Nepisiguit bridge for which Frank Robinson had been paid \$25.00, Frank Robinson hauled no stone to the Nepisiguit bridge. When building the Dempsey bridge, the foreman took 10 stone from a field owned by Frank Robinson, and spoiled some hay. I did not know of this until the following spring when Robinson came to see me and asked \$100 for the damage done. I went down to his place and saw the damage and agreed to settle the matter for \$25.00, which I paid him out of my own pocket. I told him I would have to get this back from the Government in some way, and cheque would come in his name so he would have to endorse it. It often

happens that amounts are omitted from one bridge and the custom has been to charge this to the next bridge on which work is done. The Nepisiguit bridge happened to be the next bridge, and that is the way this occurred.

A letter from Val Robichaud in reference to this matter was offered in evidence, but was not allowed. Continuing, Mr. Stewart said that when the cheque for \$25.00 came, he endorsed it with Frank Robinson's name, using his mark witnessed by himself, as he had received permission from Robinson to do.

The Commissioner asked, "Did you administer the oath to Val Robichaud certifying to the correctness of this bridge account, knowing that Frank Robinson had supplied no stone for this bridge?" The answer was, "I did."

"Is it true that you told Val Robichaud that Robinson had worked for the Government?"

"I do not remember the words used, but I did not say that he worked."

In reference to the cedar along the Carquet Railway, he had, in the course of a conversation with the Chief Commissioner, pointed out to him that it would be economical to buy all cedar needed for the years work on bridges in the winter time when it was easy to have the lumber hauled, and the Commissioner had agreed that it would be a good idea. He therefore had Val Robichaud make an estimate of the cedar that would be required for bridge work in 1914, and had then closed contracts with different people along the Carquet Ry. to have the required quantity got out in the winter of 1913-1914. 7623 pcs. was the quantity bought and paid for. It was not all used in the following season, as some of the work which Robichaud had figured on was not undertaken. Some of the lumber is still along the railway line. Some was used in 1915 on the Whitty and other bridges.

Mr. Veniot asked the following questions through the Commissioner, which Mr. Stewart answered as noted.—

"Why did not Dennis Lordon use some of this lumber?"

"It was bought under the superintendence of Robichaud and the transportation rates would be excessive."

"Why did not Dennis Lordon use it on the Burnville bridge?"

"No cedar was used there as far as I know."

"Did you make any effort to get cedar in Carquet for the Brideau bridge?"

"Yes, but could not get it."

"Did you try to get cedar from the Eureka Lumber Co. for the Brideau bridge?"

"No."

"How far is the Eureka Lumber Co. from the McIntosh bridge?"

"About eight miles. I supplied lumber to different bridges myself, also."

In regard to the item of 13000 ft. of plank for the Pokemouche bridge in 1909, which was done in the accounts as supplied by Edward Jennings, Mr. Stewart said that this was supplied by himself. Some items in other bridge accounts under the name of Oliver Theriault was also his lumber for which he received the money.

"I want to say," went on Mr. Stewart, "that every time Val Robichaud signed for lumber used in bridges supplied by me, he knew all about it. In the Dempsey bridge I admit the irregularity of \$181.00 for Edward Jennings. I used his name with his consent. This money was not spent on this bridge, and Jennings did not get a cent of it. In the year 1909 the roads were very bad and there was little money to spend on them, as the Commissioner had told me when I mentioned the matter, that all the available money was going into the bridge work. I told the men to fix the roads and leave the culverts, and I would find a way to attend to them. I sent a carload of my hemlock lumber, some 9000 ft. at \$14 for this work, and put the charge in on the Dempsey bridge as stone \$181. Jennings endorsed the cheque and handed it to me. Part of the charge was put in under other heads as well. In reference to charges restampage, I held some licenses, and cut some sleepers and lum-

ber on these lands. I did not pay any stumpage, as I did not consider it my duty to look up the scaler any more than other lumbermen do. In my position as representative I had no communication with Scaler Hayden."

The Commissioner asked, "How many ties were cut off your license?"

"I do not know from memory. I have it in my books."

"Would you say that there were 7000?"

"I could not say."

"Did you sell the sleepers to the I. C. R.?"

"Yes."

"Who was your partner when you were cutting off this land?"

"I do not consider that question material to this investigation."

A number of questions were then asked in reference to Freeman Goodwin's operations on these licenses, and his exchange of his license on Nepisiguit river for cutting rights on Bass river. Also in regard to the sale of one of these licensed blocks by the Department to Assade Landry. The witness answered that Goodwin was to pay the stumpage on all logs cut, but he knew he was liable if Goodwin did not pay. He did not consider that the Department exceeded its authority in selling the land to Assade Landry.

Re the Farm Settlement Board charge, Mr. Stewart said that Mr. W. R. Knowles came into his office one day and talked about getting the Board to buy his property from the Royal Bank for his sons, and shortly thereafter sent him a letter, which Mr. Stewart showed the Commissioner.

The four boys were willing to buy from the Board for \$500 each. He took the matter up with Mr. Eaton, the manager of the Bank and asked the lowest price they would take for the property. He said \$1500, which Stewart said was too high. He had no recollection of offering \$1000, but did offer \$1200. He called up Mr. Knowles and told him he could get him the property for \$1500, and he said he was

Much sympathy is felt for Mr. and Mrs. Angus Miller in the death of their twelve year old daughter, Elizabeth Reid. Miss Ida McCurdy of Black Point has been the guest of the Misses Jamieson this week. Mr. James G. Dickie has returned home from a business trip to Chatham and Fredericton. Mr. Wallace Emerson of Bathurst spent Sunday in Charlott. Mr. Wm. Calderwood, who has been the guest of his sister, Mrs. Elizabeth Emerson, Bathurst, has returned home. There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

The Presbyterian congregation has extended a call to Rev. E. J. Rattine of Montreal, and it is generally understood that he will accept. Rev. J. R. Miller of Matapedia paid us a visit in his capacity as moderator on Monday the 6th, returning on Tuesday. Mrs. H. Miller is at present visiting friends in New Richmond. A meeting of the county council took place here Thursday. Quite a number of the mayors in the county were present. Mr. J. O. Sherar made a trip to Chandler on Thursday, returning Friday. W. D. Sherar, Misses I. and F. Sherar, Mrs. G. Ross and Mrs. Opal LeBreton motored to Caplin Saturday, returning the same day. The District Lodge will meet at Port Daniel on the 17th at 7 p. m. A special rate will be given delegates from New Richmond down. We are looking forward to a big meeting on the 22nd, when the Hon. Walter Mitchell, Hon. John H. Kelly and others will visit our Academy. Mr. Scoles will take a big interest and will send special train-up and down the line for clergymen and teachers, and we trust the results will be felt for our good.

In the report of the June Examination in New Carlisle Academy, which appeared in our publication of August 6th, the name of Mary Hall was omitted from the pass list of Grade 1 Academy. This was due to an oversight on the part of the authorities at Quebec. However, the mistake has now been rectified, and the certificate duly forwarded. Appended is the corrected pass list of Grade 1 Academy:

GASCONS
While in the woods Eddie Acteson and James Gillis of Port Daniel were the proud lads to capture a large moose. The boys went in with others on Monday, and on Friday morning at dawn, the both boys went down to the lake, taking their guns with them. The moose was first seen in the lake, but the boys waited until he came to land before they fired. Gillis hit him in the neck, while Acteson shot him in the shoulder. He fell instantly, and before the boys reached him he had ceased breathing. The animal weighed about seven hundred and fifty pounds, and the antlers were about fifty inches. Acteson arrived home on Saturday with one antler, leaving the other with Gillis. We must congratulate both young lads of fifteen, and wish them success if they go again. Mr. Charlie Enright paid a flying visit here Monday. Messrs. Flemming and Levesque motored through here on Tuesday. Rev. A. T. Love motored here on Sunday, accompanied by Mr. Hayes, and Miss I. LeGrand of Port Daniel.

NEWPORT
Pte. Francis Langlois of the 60th Battalion has returned to Valcartier, after spending a few days in town the guest of Mr. and Mrs. Ernest LeMarquand. Miss Irene LeMarquand has returned to Mount Allison Academy. Mr. Willie Jessop left on Monday for Memramcook College, where he will continue his studies. Mr. and Mrs. Ernest LeMarquand have returned from Sackville, N. B., where Master Harold LeMarquand is attending college. Commercial travellers in town lately were Messrs. Scott and Bouley, Mr. Sydney LeMarquand who will train before leaving for the front. Mr. Jack LeQueune of Paspebiac was in town last week. Mrs. LeQueune and little daughter Lillian have returned to their home in Manchester, Mass. Mr. E. Myles of Cape Cove spent Sunday in town. Mrs. and Miss Vautier of Seattle, Wash., are the guests of Mrs. W. J. Baker in Chandler. With advancing years comes constipation. Beazell's Orderlies are a specially good laxative for ageing people. Sold only by Thos. Wran. The Rexall Store, 10c, 25c, & 50c boxes.

Superlative Quality plus the money-back guarantee

WHEN KING COLE TEA first issued its protective guarantee to the purchaser, three years ago, offering to refund the whole of the purchase money for any package of KING COLE returned, there was a very good reason for this radical departure from usual sales methods. We greatly desired a very general trial of KING COLE TEA. Our faith in its quality was unbounded, for we knew the constant care given to its preparation, but we realized the possible doubt the public might have of a TEA then comparatively new, and so we decided to assume the risk of every trial, and pay back the full purchase price of every package of KING COLE that failed to please. No stronger surety of our good faith could be offered, and we felt confident because of the quality of KING COLE TEA that practically every trial would bring us a permanent customer. Things have turned out just as we expected. Not one package has been returned. We have never had a request for "Money Back"—we have never heard of a complaint of "King Cole" quality, while "King Cole" sales have been growing steadily larger year by year. Only exceptional quality could have made such a record, and to-day with more confidence than ever, we invite you to give this tea a test. The "Money Back" offer is still open; every package is sold on that understanding. What better assurance of tea value could you have, and what better encouragement to buy your first package of KING COLE TEA?

SHIGAWAKE
Mr. E. A. Smith of Saint John, N. B., who spent a few days last week the guest of the Rev. A. J. and Mrs. Vibert, at the parsonage, Shigawake, has returned to her home in St. John. Mr. Tedie astle Travers leaves this week for Bishop's College, Lennoxville, Que., where he hopes to take up his first years studies in the Arts course of the University. Mr. Jos. M. Scott of Riviere du Loup, who has been spending sometime at Saint Paul's Parsonage, returns home this week. The Lieut. Col. Rev. Canon Almand together with Mrs. Almand and family, have returned to Montreal, where the Canon hopes to spend the rest of this month prior to returning to the front. The subscriptions taken up here for the Machine Gun Fund of this County has now been subscribed up and amounted to the sum of one hundred and forty-four dollars and fifty cents, and has been forwarded to Mr. R. H. Montgomery of New Richmond, P. Q., who will see to the publishing of the names in due course. Saint Paul's Church here has just received a beautiful memorial in the form of a new Bishop's Chair, which has been presented to the church by Mrs. R. P. Travers in memory of her father, the late Rev. Jos. W. Norwood, at one time Incumbent of this Parish. Owing to the absence of the Rev. A. W. Buckland, the Rector of New Carlisle at the front, the Rev. A. J. Vibert, in charge of this parish, has assumed by order of the Bishop, the supervision of the Parishes of New Carlisle and Paspebiac and on Sunday last preached in Saint Peter's Parish Hall, Paspebiac, after having held services in both of his churches at Shigawake and Hopetown. Miss Ella Hayes, who was home for the week end, returned to New Carlisle Academy on Monday. The farmers here are progressing favourably with the work of harvesting their grain, and have been favoured with beautiful weather for the same.

QUICK PROMOTION FOR SECRETARIES.

The private secretary is the manager's right-hand man. He is the medium of expression between the manager and the factory organization. He is thoroughly conversant with every detail of management and is generally required to assume such responsibility for the carrying out of all programs initiated by the manager. That is why such a position is so attractive to bright young men and women. Can you find any excuse for postponing the time when you are able to accept such positions? Enroll now.

CONGRATULATIONS, SISTER!

When the late Duke of Argyle, then Marquis of Lorne and Governor General of Canada, named Alberta, he dedicated to his royal consort, Princess Louise, one of whose names was Alberta, the following lines:

"In token of the love which thou hast shown
For this wide land of freedom, I have named
A province vast, and for its beauty famed,
By thy dear name to be hereafter known.
Alberta shall it be! Her fountains thrown
From Alps unto three oceans to all men
Shall vaunt her loveliness e'en now;
And when,
Each little hamlet to a city grown,
And numberless as blades of prairie grass,
Or the thick leaves in distant forest bowers,
Great peoples hear the giant currents pass,
Still shall the waters bring wealth and power,
Speak the loved name, the land of silver springs
Worthy the daughter of our English kings!"

We have all been speaking "the loved name" with grateful gladness. We expected victory for our sister on July 21st, but it was not only better than our fears, but better than our hopes. Never has this lovely name made of reality done anything more "worthy the daughter of our English kings" than when she so completely outlived the liquor traffic on July 21st. We are glad that this first application of the principle of direct legislation in Canada had for its trial a cause so worthy and an outcome so decisive.

DO YOUR BEST NOW
Esau filled his life with regret for trading one day; Esther was full of glory for one day's courage. Peter slept one hour and lost a matchless opportunity; Mary's name is fragrant forever for the loving deed of a day. Do your best now.—Malcolm D. Babcock.

WHAT THE WAR IS DOING FOR US
May I tell you in a simple parable what I think this war is doing for us? I know a valley in the north of Wales between the mountains and the sea—a beautiful valley, snug, comfortable, sheltered by the mountains from all the bitter blast.

It was very enervating, and I remembered how the boys were in the habit of climbing the hill above the village to have a glimpse of the great mountains in the distance, and to be stimulated and freshened by the breezes which came from the hillsides, and by the great spectacle of that valley.

We have been living in a sheltered valley for generations. We've been too comfortable, too indulgent, many perhaps too selfish, and the stern hand of fate has scourged us to an elevation where we can see the great, everlasting things that matter for a nation—the great peaks of honor we had forgotten.

Duty, Patriotism, and, clad in glittering white, the great pinnacle of Sacrifice, pointing like a rugged finger to heaven. We shall descend into the valleys again, but as long as the men and women of this generation last they will carry in their hearts the image of these great mountain peaks, whose foundations are not shaken though Europe rock and sway in the convulsions of a great war.—Lloyd George.

AUTUMN EXCURSIONS TO MONTREAL

Montreal is always a city of interest, and especially so in early autumn, when its citizens have returned from the summer resorts to their town homes, the many stores crowded with fashionable shoppers, and the places of amusement in full swing.

The annual fall excursions via Intercolonial Railway will be run this year, Sept. 16, 17 and 18, tickets being good for return October 4th. The rate from Halifax to Montreal and return on these dates will be reduced to \$19.45. From Moncton and St. John \$15.30, and proportionately low fares will prevail from all points in the Maritime Provinces.

Travellers from the Maritime Provinces have the choice of two excellent trains, the "Ocean Limited" and the "Maritime Express", both noted for the high standard of their sleeping and dining car service. A good piece of advice is to reserve your berth early.

The French Government is reserving all suitable places in the public service for named war veterans, regardless of their politics or religious views. Canada might well copy that example.

Who are the "peace at any price" men? We hear a great deal about them but never meet them. We believe they are no more numerous at least than the "war at any price" men.

Rumor has it that Germany is about to make a new move with a view to securing peace. The only move she can make that would be of any avail would be to move out of Belgium.
