NEW TOWN COUNCIL BY ACCLAMATION

Citizens Too Indifferent to Offer Themselves on the Civic Altar

Hartland Town commences its third year with never an election. A brand new Mayor and entirely new Board of Aldermen is again elected by acclamation. The personnel of the new administration is:

Mayor - Frank R. Kelly
Aldermen, Ward 1 - R. H. Hagerman, K. A. Hall.
Aldermen, Ward 2 - J. S. Faulkner, H. H. Hatfield.
Aldermen, Ward 3 - C. R. DeWitt, F. F. Plummer.

Just why none of the retiring council did not seek re-election is not known. Possibly they felt their efforts during the past year had not been properly appreciated and that they were expending too much time and money. If such was their idea the only sure way of finding this out would have been a vote of the people. There is a likelihood that split tickets would have been elected, and such a result would have been for the town's good. If half the old and half the new council had been elected by the people's greater diversity of interests could have been taken care of. There might have been some friction in the council chamber - which would be far preferable to "cut-and-dried" legislation.

The new council, with the exception of the mayor, are inexperienced in town government; but among them are some of the ablest men of the town; they all have eyes and not one of them is likely to fall or "fall down" on the job.

Back From West After 10 Years

Mr. and Mrs. Murray C. Lloyd of Fife Lake, Sask., are here to visit their old home - at Bannock and Pool. They are staying principally with Mrs. Lloyd's brother, Thomas McCrea, at Pool. Mr. Lloyd has spent the greater part of his life in the west - 13 years in Montana and 10 years in Saskatchewan. When he sold Fife Lake he found himself 100 miles from the railway. This year the railway will be within three miles. He has been engaged in stock raising with great success. He has 250 acres under cultivation and this year had 100 acres of wheat and 75 of flax, and sold \$2000 worth of cattle. Fife Lake is near to the Montana boundary and the climate is delightful. They have as yet no snow and farming commenced the first of April. Mr. and Mrs. Lloyd have a family of one son and two daughters. They expect to return to Saskatchewan early in March.

HAD LEG BROKEN

A sad accident happened at Riverbank Thursday noon when Harry Tompkins came in contact with the clutch pulley on a gasoline engine while churning at Dudley Rideout's. After the clothes were completely torn from his right leg he was thrown through the belt and about ten feet from the machine. Dr. Belyea and Dr. Macintosh were called at once and found the injured man was suffering from a compound fracture of the right leg, besides being badly injured. He was brought to Hartland on Friday accompanied by his wife to the home of his mother, Mrs. Florence Tompkins, where he is being given surgical treatment and where everything is being done for his recovery.

Here is Pathos and Remarkable Courage

Mrs. A. F. Campbell, who has been seriously ill for the past sixteen months and who is now nearing the end, wishes to express through your paper her sincere thanks for the many kindly words and deeds tendered by friends and they have been many. Also, especially for the many beautiful flowers sent at Christmas time. My prayer is that your last days may be made as pleasant as mine, by kind deeds and remembrances.

Yours in Christian love,
Mrs. A. F. Campbell.

Mrs. Archie Davis Not Dead

The following letter from Mary Hill speaks for itself:
"In regard to the notice of Mr. Davis' death in Vancouver, in your last issue, you put Mrs. Archie Davis' death in place of Mr. Davis. Now it can be fixed up in any earthly way so that the neighbors of Mrs. Davis' will know that she is still living; you will greatly oblige me."
Thanking you in advance for your trouble, I am, "E. W. Harmon."

MRS. J. N. BELVEA

The death occurred on Jan. 6 of Mrs. J. N. Belyea at her home in Rockland, after three years illness of pneumonia. The late Mrs. C. J. Craig was a daughter. Mrs.

The injured man was taken aboard the train which continued to Florenceville. There the train was held while the crew with the engine and van took the man to Woodstock. Mr. Kearney formerly lived at Plaster Rock but recently came to River Bank. He is survived by his wife and three children.

P. B. QUARTERLY MEETINGS

On January 1 the Primitive Baptists met in quarterly session with the church at St. John's. A good many of the Ministers were present as well as delegates and laymen from the different churches. Meetings were held over Sunday closing with Monday evening service. This was one of our largest January meetings in a good many years. People flocked from the different sections of surrounding country. The spiritual interests seemed very good; at times the tide was well up to the standard of by-gone days. P. W. Foster, Evangelist of Fort Fairfield, remained for a few evenings following the meetings, delivering some very forcible sermons and strengthening the cause much. - H. V. B.

HARTLAND GIRL GAINS PROMINENCE

Miss Sarah M. Barnett is Supervisor of Household Economics Department Vocational Training

Miss Sarah Barnett, supervisor of the household economics department of Vocational training in New Brunswick, whose appointment has been confirmed, is at present at St. John's in connection with the opening of the vocational classes. In her short term of office she has already visited thirteen of the nineteen towns and cities where vocational training has been established this year and she has found throughout the province a keen interest in the work which is extending very rapidly. Woodstock has the honor of being the only place where day and night classes have been held. All other places have established night classes only. Bathurst, Miss Barnett believes, can claim the honors in the completeness of its equipment for vocational classes.

Of the nineteen towns now having vocational classes, four - Fredericton, Woodstock, St. John and Chatham - had classes last year and the other towns which have established the training this year are: Campbellton, Dalhousie, Bathurst, Little Branch, Black River Ridge, Marysville, Devon, Crismian, Minto, Newcastle Creek, Milltown, Perth, Andover, Aroostook Junction and Sackville. Some few towns which established classes last year have not as yet re-organized but in each case temporary difficulties are responsible.

Miss Barnett, who is a sister of Major John Barnett of the Soldier Settlement Board, is a native of Hartland, and has had expert training in her course in Household Science, after which she had one year's special training in household science at a university for teachers in Albany (where she had entered for a B.Sc. degree). She has had six years' experience as a teacher of domestic science.

Speaking of the situation in St. John, Miss Barnett said that she believed the classes had made a splendid start. In the women's classes many more sought to enroll than could be admitted. She believed this year the classes would be still better organized than last year and the pupils would benefit from the fact that their teachers had received summer school training. A graded course had been planned and the pupils who were successful in the elementary course this year could enter for the advanced course next year. She pointed out that the needs of each community are studied in the vocational training and instruction adapted to suit the particular needs, the aim being not simply to give training as a basis for livelihood but to give also training for better citizenship and more intelligent and efficient living.

Death of Old Victoria Co. Resident

THROAT SORE?

Don't neglect it because you think it is only a sore throat. It is often the beginning of serious trouble, which can be avoided if proper precautions are taken. Peps will safeguard you.

"Sore throat" is a sign that your power of resistance has been temporarily lowered, and your system is therefore unable to withstand the attacks of harmful germs which are being constantly breathed in. The germs have, therefore, settled in your throat and caused inflammation, and to prevent more serious trouble these germs must be destroyed.

A Peps pastille dissolved on the tongue throws off fine vapor, which is as certain a germ-destroyer as the fine bactericidal of the Swiss mountain, which doctors so highly recommend. These fine fumes are breathed down into the air passages and lungs, soothing and healing the inflamed membrane that medicine swallowed into the stomach could not possibly reach.

Nothing is as equal this breathing remedy for all affections of the throat and lungs, coughs, colds, hoarseness, asthma, bronchitis, etc. All dealers or Peps Co., Toronto, 31c box, 3 for \$1.25.

Health and Happiness

Women of today seem to listen to every call of duty except the supreme one that tells them to guard their health. Home duties, church duties, war activities, and the hundred-and-one calls for charitable enterprises soon lead women to overdo. Nervousness, headaches, backaches and female troubles are the inevitable result.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, added to my weak condition, kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness. Health and happiness? Yes, I have both now."—Mrs. J. Worthline, 2842 North Taylor Street, Philadelphia, Pa.

The majority of women nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. Avoid them by taking in time

LESS ACREAGE AND MORE CULTIVATION

Short Courses at the Carleton County Vocational School

As intimated by hand-bills and advertisements, similar to that to be found elsewhere in this issue, short courses, to be held at the Vocational School, Woodstock, have been arranged to start on Tuesday, January 25. Inappropriate though it may seem to some, in view of the efforts being made across the line to erect substantial protective wall which will materially injure our potato industry, a short, intensive five day course in Potato Growing has been arranged and will be conducted. The Fordney Bill in original has not yet become law, and it is generally conceded that the Bill's path to materialization is not to be a smooth one. The present status of the potato market would indicate that the suspense incident to the successive steps in passage of the Fordney Bill in the U. S. Senate is equal, or practically equivalent, to the imposition by law of the proposed tariff. Well, what are you going to do about it? Are you going to quit cold, or are you merely going to lessen the acreage to be devoted to potatoes? There's always a happy medium, and it is always well to remember that the "plunger" often finds himself "in" when he should be "out" and "out" when he should be "in". That a much lessened acreage will be planted to potatoes next spring in Carleton county is at present evident. The very fact that such condition is likely to obtain next season, we feel, is a good argument in favor of each and every one of us endeavoring to further increase our knowledge of the best cultural methods that we might obtain maximum results from the lessened acreage. No attempt is herein made to influence a man as to acreage of potatoes he should endeavor to cultivate next season, but a plea is put

forth to endeavor to stimulate an interest and bring about a worth while attendance at a course which we feel is one from which much benefit may be derived at this time. It is not to be a general course. The week may well be termed "potato week." Those gathered together will have a common interest, and, from the discussions

arising, each and every one should obtain valuable information, not only with regard to cultural methods, but with reference to future markets and marketing possibilities.

Those to be present include: T. W. Caldwell, M. P., who having had much to do with the establishment of a form of co-operative marketing of potatoes in connection with the United Farmers' Co-operative Company, will deal with co-operative marketing, as well as give his views on the present market outlook.

W. W. Hubbard, Superintendent of the Experimental Farm, Fredericton, will deal with selection and preparation of seed potatoes for planting, and the relative adaptability of various soils to the growth and quality of potatoes.

A. C. Taylor, Mr. Hubbard's assistant, will deal with the question of fertilizers.

G. C. Cunningham, Fredericton, will handle the topic of fungous diseases, as well as deal with the matter of varieties and the selection of exhibition samples.

George B. Sanders, Annapolis Royal, N. S., has a valuable series of lectures to offer on sprays and spraying, including demonstration work in mixing. Mr. Walker, assistant to Mr. Sanders, will lecture on insects injurious to potatoes.

A. A. H. Margison, Centreville, is expected to be present to assist in the discussion.

O. C. Hicks and J. H. King, both of the Provincial Department of Agriculture, Fredericton, will deal with soils and clovers, and livestock, respectively, in relation to potato growing.

The Course in Cooking and Sewing, which commences January 25 and ending February 4, is one that should appeal to every young woman. The only regret of the Vocational School authorities is the fact that due to the number already requiring attention in the Home Making Department of the school, and the consequent danger of overcrowding, the enrollment in this course must be limited to fifteen young ladies. This course caters especially to young women, sixteen years of age and over, who, being required at home, cannot pursue a course of longer duration. This is a Farm Girls' Course and includes the following topics: Methods of cooking as applied to Cereals, Vegetables, Milk, Cheese, Eggs, Meat, Fish and Quickbreads, giving

special emphasis to preparation of dinner and supper dishes. The training in sewing includes the making of two garments: the Chemise and Blouse.

A short Course in Gas Engine and Tractor work, to take place during the month of February, is being arranged. At this contemplated course, each of the tractor manufacturing companies active in Carleton County will be represented by a tractor and a demonstrator. Not only will the company's expert demonstrate his tractor, but he will lead in discussions pertaining to tractor mechanism. More definite announcement of this course will appear at an early date.

All courses offered, we have been asked to add, are FREE to residents of Carleton county. The first two mentioned courses start on Tuesday, January 25. They will be held at the Vocational School, Woodstock, and the hours are 9 a.m. to 12 noon, and 1.30 p.m. to 4.30 p.m. Applications for enrollment should immediately be addressed to R. W. Maxwell, Woodstock.

Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

When we read of the proposed emergency tariff being adopted by the American government we are sore afraid, and looked for hard times. But as the days go on we remember the old time McKinley bill and how it hit us, and we remember the good times that followed. So now we say "Go on, Uncle Sam, and do as you please and we will pull out all right; it is what happens within a country that counts—not what happens without."

WOODSTOCK TOWN HAS A SUCCESSFUL YEAR

Fine String of Past Ones Assembled for Monday's Racing

(Written on Jan. 10)

The annual town meeting comes off tonight and the Mayor and City Fathers also the town manager will submit their reports for the past year. The reports will show the town in an excellent condition financially with a surplus for the year of \$5,600 and \$3,000 reduction on the net debt.

Town management seems to have been a success and the manager Fraser Armstrong, deserves congratulations. One thing more than another which added to the successful carrying on of the business was the complete harmony existing between the mayor and councilors and the manager.

The assessors last year had to cope with an additional \$10,000 to the warrant which last year was \$61,000 and this year \$71,000. However, they went at it in a business way and not only raised the full amount but succeeded in reducing the rate to \$1.65. Real estate was placed at something near its actual value. Personal property was fixed as fairly as possible and pulls and favoritism entirely disappeared.

The tax already collected is only \$1,200 short of the warrant. Back taxes have been largely paid up and the town is now on a sound basis.

Horse races on the new Island Speedway New Year's Day were well attended and closely contested. Much disappointment was expressed at the failure of Hartland horses to appear. Onward Wilkes being the only representative.

The storm Saturday stopped racing for that day. However today will see the track again in the pink of condition and the racers going fast. There are five proposed classes and we are glad to see four Hartland horses here ready to do battle. Erle Brown of Centreville is also here with an untitled four-year-old colt that the boys say can fly.

We hope Hartland will be able to get an ice track as a little good natured rivalry between the different towns will go a long way towards helping out the sport.

Woodstock now has 23 horses and colts that will be in training next spring. The latest importation is a Graton mare, Minnie Graton, bought by Jas. W. Gallagher and C. F. Rogers. This mare was brought down from Ontario since Christmas by J. W. Hall of Edmundston. Mr. Hall is really a dealer in heavy horses but picks up some speed on the side and some real race horses have passed through his hands.

Oro Fino, the fast-pacer owned by the Woodstock Driving Club, was harnessed yesterday for the first time in five months. He is fat and joggled round.

Clarence Sherman, trainer for J. W. Gallagher, has had charge of Oro Fino since the Overcoat meeting last fall and he certainly has done wonders with the leg that was injured at Presque Isle.

LOCAL AND PERSONAL ITEMS

Another long-time resident of our town passed away at an early hour on Saturday morning, Mrs. John Cormier. Deceased had been in failing health over a long period and had been confined to bed and ministered to by kind hands for the past few weeks. The dread messenger came very quietly. However, Mrs. Cormier was 72 years of age. Her maiden name was Thankful Jordan and her early married life was spent in Florenceville. Coming here with her husband more than 30 years ago, they have been continuous residents of our town since. She leaves besides her husband, three sons—Gordon, Rex and Sam—and four daughters—Mrs. John McLean, Mrs. D. W. Perkins, Mrs. J. C. Burt and Mrs. Elmer Fulton. The funeral services were held from her late home and at the U. B. Church on Monday at 2 p.m. and were in charge of Rev. Hugh Miller, assisted by Rev. H. R. Bell and Rev. John Rees-Jones. Interment was made in the family lot in the near by cemetery.

The special services in the U. B. church on Sunday were well attended despite the inclement weather. A great deal of interest has been manifested at each meeting throughout the past week, a crowded church greeting the pastor at each service, people coming from outlying districts for several miles. The good work being done is already being harvested. Sunday morning Mr. Bell gave a most interesting discourse on the subject "Burying the Hatchet." Mrs. J. I. Gallagher sang a solo on this occasion. At the evening service, the church was crowded to capacity when the minister gave a most timely and interesting sermon on "Where are the dead?" Mrs. Warren of P. E. I. sang a solo at this service. The meetings have been well attended all the week. Subjects for Sunday, Jan. 16, are: 11 a.m., "How God's Balance;" 7 p.m., "How God's Balance."

Mr. and Mrs. J. C. Burt and Mr. and Mrs. Elmer Fulton of Bridgewater were here on Monday to attend the funeral of the late Mrs. John Cormier. Mrs. Fred Porter who has been ill for the last two weeks is getting along nicely towards recovery. Rev. Mr. Clark and M. A. Burt of Bridgewater were in town Thursday evening in attendance at the meeting in the U. B. Church. During the service Mr. Clark lent his assistance to Rev. Mr. Bell and sang a solo very acceptably.

Following the service on Friday evening, Rev. W. D. Wilson, field secretary of the Temperance Alliance, was given an hour to set forth the program of the temperance movement, both federal and provincial. This he did in a clear and convincing manner, and secured the names of a large number of those present as enrolled members of the Temperance Alliance. Rev. Hugh Miller, pastor of the local Methodist church was present and introduced the speaker.

H. A. Sipprell of Hartland worked the community last week in the first of his insurance company.

Miss Leah Crooks, after a vacation with her parents, Mr. and Mrs. Jas. Crooks, returned on Friday to her scholastic duties at the Ladies' Seminary, Wolfville.

John Johnston of Dufur, Oregon, after spending several months with his sisters in Centreville, left on Thursday for Cortland, N. Y., where he will visit his brother Henry, before returning to the west. He was accompanied thither by his sister, Mrs. S. T. Gallagher and her little daughter Helen, who will spend the remaining winter months in Cortland.

Samuel Buxton of Deerfield was in town calling on friends on Wednesday.

Hazen Flemming of Woodstock was here on Thursday purchasing pulp wood from local retailers.

D. A. Campbell of Hartland was in town on Thursday inspecting the work being done on the highway bridge over the Presque Isle. The work is progressing favorably and promises to be a very substantial piece of work when completed.

Mrs. R. Jack Lee was called to her former home in Shediac, last week, owing to the serious illness of her mother, Mrs. Bateman.

Mrs. H. G. Gethell of Vancouver has been visiting at the home of Mr. and Mrs. R. J. Lee.

A. C. Giberson and R. J. Jack Lee are in Woodstock this week attending court.

Miss Mollie Cody who has been visiting friends in Woodstock has returned home.

Mr. Answorth a venerable man of 90 years who has been visiting at his daughter's, Mrs. E. L. West's, was taken ill suddenly on Sunday at the latter's home, and is still in a critical condition.

The Jolly Jazzers, a company of versatile musicians, will give a dance in the Opera House on Wednesday evening next.

On Monday evening D. D. G. M. Saunders accompanied by Bros. Vanwart, Watson, McBride, Briggs, Smith, Stevens and Burt paid an official visit to Centreville No. 102, I. O. O. F., and installed the following officers for the ensuing term:

W. G. G. A. Jameson

Following the installation ceremony the brothers spent a pleasant hour together during which time delicious refreshments were served by the brothers of Centreville.

Dr. Neil K. Forhan, surgeon in the U. S. Public Health Hospital, has been spending the past few days with his mother-in-law, Mrs. Chas. Ritchie, who has been sick. Mrs. Forhan has been with her mother for the past month. We are glad to report that Mrs. Ritchie is gaining and will soon be among her friends again.
