ADJUSTMENT OF INSURANCE LOSSES

Continental Lumber Company Carried Heavy Fire Risk.

Adjustment of the insurance losses, on the plant of the Continental Lumber Company at Charlo, destroyed by fire on September 24th, discloses the fact that the fire was the most costly from an insurance standpoint in the province in recent years. The total insurance carried was about \$425,000 and in the adjustment which has just been completed the insurance loss was placed at approximately \$365,000 or nearly eighty-six per cent of the amount carried.

The approximate individual losses are as follows:
Continental Lumber Company on the plant and contents, other buildings and contents and lumber on the premises, \$230,000, or about 94 p.c.
Goodday and Company Ltd., Quebec, on lumber, \$49,000, or about 75 p.c.

Montreal Lumber Company, Ltd., Montreal, on lumber \$17,500, or about 76 p.c.
Brownlee and Company, Ltd., Glasgow, Scotland, on lumber, \$68,000 or about 51 p.c.

The mill destroyed was one of the most up to date in the province, having been constructed in 1914 to replace one which was destroyed after having been struck by lightning. The owners have decided to rebuild immediately and already the foundations are being laid for a new mill.

Did His Best To.

Johnny (mopping his nose)—I did try to, but he led again with his right, an dat's where he biffed me.

GREAT WELCOME IS GIVEN PRINCE

London Outdoes Itself in Jubilation on His Return From Tour.

London, Oct. 11.—The Prince of Wales, who reached Spithead yesterday on the battle cruiser *Benbow*, made a triumphant entry into London today, on his return after his six months tour of the empire. Hundreds of thousands of persons turned out to give the prince one of the greatest welcomes of the kind in the history of the country.

From Victoria station, where he was met by the royal family, Premier Lloyd George and other dignitaries, all along the route to Buckingham Palace, the streets were lined with vast, cheering multitudes eager to catch a glimpse of the prince. The Duke of York and Prince Henry, brothers of the Prince of Wales, boarded the *Benbow* last night to welcome the prince home.

Lord Beaverbrook cables from London, England, his congratulations upon Mr. Robinson's election. He says had he a vote, his majority would be once more. That is how the world outside views the result. The people of Moncton have no reason to feel ashamed of their verdict. The Transcript also feels satisfied with the result in the city and thinks the result is remarkable considering how split up the electorate was on personal and factional issues.—Moncton Transcript.

RESTIGOUCHE IN OPPOSITION

Both Conservative Candidates Elected—Race for Second Place a Close One.

Saturday was a perfect day for the election, fine and cool and the workers were early on the move. Despite the efforts of all parties only a little over one half the total number of electors on the list exercised their franchise, and of these a goodly number were ladies. One feature of the voting was the large number of ballots spoiled. This was put down to the ignorance of the ladies in the first attempt in the use of this ballot. In the prohibition election they marked the ballot with an X and many insisted in so marking their ballots on Saturday.

The following is the summary of the vote in the town:

	Harrison	LeBlanc	Stewart	Diotte	LaBelle	Duncan
A-B	71	77	61	47	38	31
C-E	50	14	62	41	71	65

U-Z	22	25	40	27	10	12
Total	367	372	327	339	331	286

As the returns began to come in from the county it was seen that Mr. Stewart would be an easy winner, and the race was between LeBlanc, Harrison and Diotte, until the last two polls, Eldon and Flatlands were announced which settled matters.

The vote was as follows:—

	Harrison	LeBlanc	Stewart	Diotte	LaBelle	Duncan
Dalhousie	64	76	221	182	262	203
Eel River	115	80	34	25	88	17

NASTARD BOY FATALITY INJURED

First Public Works Accident to Occur in West Bathurst Mill.

Bathurst, N. B., Oct. 11.—The most serious accident to occur in the West Bathurst mill of the Bathurst Paper Co., since its erection eleven years ago, occurred last Tuesday when Nastard Roy, son of Mr. and Mrs. P. M. Roy of West Bathurst was so badly injured that he died a few hours afterwards in the hospital.

Just how the accident happened, nobody knows, as none of the men working in the mill noticed the young man until he was seen to be caught among the slasher saws.

His work was as a cleaner, and it is supposed that while gathering up refuse in the neighborhood of the slasher equipment, his scraper must have caught in one of the saws and drawn him against it. As soon as the unfortunate man's plight was discovered by one of the edgemen, the machinery was stopped and the lacerated body rushed to the hospital, where it was found that one leg and one foot had been severed and other severe injuries sustained.

The victim of the accident retained consciousness from the time of his terrible injuries until about two hours later when he died, and his courageous bearing throughout was remarkable. The funeral took place on Thursday.

RESULTS OF TAG DAY.

The proceeds of the Tag Day, held on Saturday, Oct. 9th, amounted to \$286.20. This was put on by the Ladies' Aid of the Rest and Bonaventure Soldiers' Memorial Hospital.

S. S. CONVENTION HELD HERE

Interesting and Instructive Session Held in the Baptist Church.

The annual convention of the Restigouche and Bonaventure Sunday School Association was held in the Baptist Church, Campbellton, on Sept. 23rd and 24th. There were four sessions the first one on the evening of the 23rd, the president, Mr. Thos. Young, of Oak Bay Mills, P. Q., occupying the chair.

After devotional exercises and the appointment of the usual committees, Mayor Murray extended a very hearty welcome to the delegates present and wished them all success in their deliberations. This was replied to by Rev. W. A. Ross, the General Secretary.

Rev. J. S. Harrington then delivered a very thoughtful and earnest address on the methods of teaching. He strongly emphasized the need of the teacher to discover a common ground work of knowledge in the mind of the scholar on which to build, as the unknown is always interpreted in terms of the known.

After a hymn had been sung and the offering taken the General Secretary, Rev. W. A. Ross, then gave an address on Our New Association, Plans and Programme, in which he clearly outlined the work of the new organization. The territory was large and there were now 225 districts and 39 County Associations, besides the Summer Schools and Boys' and Girls' Conferences. He pointed out that under the new regulations the work was now definitely taken up by the different denominations, they having appointed Associate Secretaries who will devote their whole time to it. The meeting closed with the benediction.

The second session opened at 9:30 Friday morning the devotional exercises being conducted by Rev. J. H. King.

The president's report showed that following last year's convention plans for organization of six District Associations had been formed and five of the Districts had been organized as follows: Campbellton, Dalhousie, New Mills, Matapedia and Edmundston. Organization had not been effected in New Richmond but it was hoped to have this done shortly.

The report of the District Secretaries showed that very fine conventions had been held at Matapedia and Edmundston.

The Secretary Treasurer, Mr. J. T. Reid, reported that only four of the Districts had reported and these only partially. The total amount received was \$95.30. As our allocation was \$200.00 he impressed on the delegates the need of having the schools send in their contributions at once so that the amount would be in hand before the Maritime Convention.

Mr. Ross then led a conference on County Association Methods during which it was suggested that instead of the General Secretaries trying to cover all the District Conventions that a three day County Convention be held and all the business be disposed of on the first day and the rest of the time be devoted to educational work along the line of the summer school. Nothing definite was decided on the matter, however.

Plans for District Conventions at Campbellton, Dalhousie, New Mills were formulated and Mr. Ross agreed to arrange for a visit from Rev. J. H. A. Anderson of Chatham for this purpose.

Rev. W. Camp then gave a talk on Matt. 22, 42, "What think ye of Christ," in which he deeply impressed upon his hearers the need of getting into right relation with Christ that we might be true witnesses for Him.

The meeting closed with prayer and benediction by Rev. W. A. Ross.

The third session opened at 2:15 with devotional exercises conducted by Rev. H. Miller. These followed reports from Mrs. J. C. Ferguson, Sup't of the Children's Division and Miss Mabel Keith from the Educational Committee showing that some satisfactory work in these departments had been done.

Mrs. M. P. Moores then gave a talk on the work amongst the Older Girls, outlining what her own class had accomplished in a very practical way in adopting a boy in India and in making Sunday School Convention 2

up garments for missionary fields. Rev. E. A. Kinley, Representative of the Baptist denomination, then gave a very earnest address on Christian Education, What We Expect from it and How We Seek to Produce it.

The report of the Nominating Committee was then read and adopted as follows:

President—Rev. W. Camp.
Vice Presidents—All District Presidents.

Sec'y Treasurer—J. T. Reid.
Recording Sec'y—Mrs. Stewart McLauchlan.

Children's Division—Mrs. J. C. Ferguson.

Young People's Division—Boys' Work, J. M. McLean; Girls' Work, Miss M. Keith.

Adult Sup't—Jas. G. Craig.
Gen. Officers' Sup't—D. G. Stewart, Dalhousie.

WORKS WONDERS IN ONTARIO

Jails Are Closed and No Call for Soup Kitchens Since Prohibition.

TORONTO, Oct. 4.—As a result of prohibition in the province of Ontario three of the seven provincial jails have been closed and the prison population reduced from 1970 to about 1,000, according to Brigadier W. H. Fraser, of the Salvation Army here, in an interview.

"Before prohibition we had a soup kitchen, but we don't have to keep one going now," said Brig. Fraser. "Before prohibition I used to have sixty or seventy persons lined up at my office door seeking relief. There is none of that now."

"MY SOLDIER GIRL" COM-

ING WITH AN ALL NEW SHOW

Full of pleasing melodies and offering an amazingly lavish production, the tuncful musical comedy, "My Soldier Girl," will be presented at the Opera House, two nights commencing Wednesday, October twentieth and should live up to its phenomenal magnet for the playgoer when it appears here.

The excellent cast, including Georgia Emmett, Maxine Lockwood, J. Lorch Baber, Moore and Murphy, Geo. B. Hall, Robert Grace and many other talented musical comedy players, are supported by a brigade of wonderful girls, who sing and dance so cleverly that the audience wonder if the management have cornered all the pretty girls in this country. The story is laid in two acts, the opening shows a grand fete in progress at Colonel Stone's home, Miami, Florida, in honor of the many "overseas" boys and girls. The last act presents a bewildering production of the Follies show during its final dress rehearsal under the management of Colonel Stone.

The scenic production is carried out in both acts in its entirety, blending pretty color schemes and novel effects artistically. There are some twenty big song-hits, among the favorites are "My Soldier Girl," "That Dixie Wedding Tune," "Bundle of Love," "Jasper's Ragtime Band," "Just For You Dear," "I Want a Regular Man," "New York" and "When You Dance With the Girl You Live."

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-ika I can eat anything." Adler-ika acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. A. Mcg. McDONALD, Druggist.

Educational Committee—Rev. A. McKay, New Richmond, Mrs. D. J. Bruce, Miss Jessie Norman.

Representative on Maritime Executive and Delegate to Maritime Convention—Mr. Thos. Young, Oak Bay Mills.

Rev. W. A. Ross then conducted a conference on Problems of the Local School in which many points of interest were discussed. Mr. Ross informed the convention that the Maritime Convention would be held in Charlottetown on Nov. 16th to 19th and he would like to have an exhibit of handwork and asked any person having same to forward it to him.

Rev. W. Camp then gave another of his interesting and impressive Bible Messages from John 14, 5, "He that hath seen Me hath seen the Father."

At the Fri. evening session Mr. Ross gave a splendid address on "How Religion Grows." Religion is the matter we are dealing with in the S. S. and is the soul's attitude to God. The grace of God is the love of God in action and the three steps were 1st, Christian Nurture, 2nd, Christian Decision, 3rd, Christian Experience.

Rev. F. E. Boothroyd then spoke on the subject of Temperance and showed how temperance effected the home, the community and in the field of economics. He suggested that the teacher take our idea in the quarterly lessons and press it home and advocate pledge signing in the school.

On motion the time and place of next convention was left in the hands of the Executive.

YOUR RAILWAYS

AND THE COST OF LIVING

BEFORE the Privy Council at Ottawa protest against the new railway rates has been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian Railways.

It was pointed out that the numerous middlemen who act as distributors of goods would each add his percentage of profit to the freight rate, so that although the railways might only receive say 40 cents additional freight charge on a shipment, the public would be forced, by the distributing middlemen to pay many times that amount.

The management of the various Canadian railways desire through this their Association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States railway rates—an increase similar to the increase in Canada—has actually been followed by a decrease in the cost of living in that country!

Furthermore

A great Canadian manufacturer recently made public—without any solicitation and without the previous knowledge of the railway managements—figures which proved that the retail selling-price of a yard of plain white cloth in Winnipeg after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one-half a cent even after the wholesaler had added 20 p. c. profit to the new freight rate and the retailer another 50 p. c.!

He showed that these distributors, whether rightly or wrongly, added 15 cents to his mill-price of 16 cents per yard!

Yet the railways carried the raw cotton for this yard of goods from Texas to Montreal, and the finished goods from the mill to Toronto and Toronto to Winnipeg for one and one-half cents!

One and one-half cents as against fifteen cents!

We venture to believe that, whatever the explanation or the justification may be, the same serious additions to cost by the distributing trades will be found in relation to almost every article of common household use. This is not to attack distributors. They may themselves be victims of a bad system of an over-crowded trade. But it is to point out that if they add whatever percentages they, as a trade, find convenient on top of the freight rates the railways cannot help either themselves or the public. The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down—merely because railway rates can be held down—while other prices soar as the various trades find necessary.

RAILWAY charges always must be a serious item in determining cost of production; but the managements of your railways urge upon your attention this fact: that antiquated, over-loaded and wasteful systems of distributing goods are much more properly a subject for public anxiety!

Canada cannot prosper without prosperous railways. Canadian railroads cannot prosper unless Canada prospers!

In all sincerity let us suggest that the people of Canada beware of those who would restrict and even strangle the railways of Canada **SIMPLY BECAUSE CONTROL EXISTS THERE—AND IS NOT SO CONVENIENT** in other departments of commercial activity!

COMMENTS ON THE ELECTION.

And now the battle is over. The wise men are now accounting for it all, I told you so. Some are feeling glad and some are sorry and some are mad, Oh, so mad. And amongst the latter comes the poor Tribune. If the public could only learn that the Tribune sets itself up as a sort of king-maker and it used to be a Conservative! What fellows Messrs. Stewart and Culligan and Montgomery were! To listen to the Tribune, which fortunately few ever did, success for the Province, the wealth of the town and the destruction of the Prohibition Act, which the Tribune has earnestly set its heart upon would all soon be accomplished. But these gentlemen learned that in order to forward their party interest they must get rid of that barnacle or howler or whiner, in some way. AND THEY DID. The Government party would not touch him with a "forty foot pole" although they do say he showed signs of a changed life. Be that as it may, the Tribune picked up the "sole remaining lay," Messrs. LaBillois and Duncan, poor unfortunate. Such being the case and when the "pen of a ready writer" got to work and decent respectable citizens became berated and brow-beaten and abused by the editor of the Tribune, the success of these gentlemen became hopeless. Their friends seeing this immediately transferred their expressed favour away from Duncan and LaBillois to the Conservative ticket, because says the public, if the Tribune has ceased speaking for the

Conservatives, there must be good in them and we will place our votes for them. But the Tribune speaking for the Government party at once stamped that party with defeat; it matters not who might bear their standard.

And now, this darling editor, this would be king-maker, this modest, gentlemanly speaking, truthful, defender and exponent of the Foster government cause wishes to create some kind of an atmosphere so as to confuse the situation. Our readers have heard of certain animals having recourse to such action. Naturally Mr. LaBillois and Mr. Duncan are asking him for an explanation and he begins to abuse the Sheriff, and his legal adviser. What did the Sheriff do wrong? Evidently the Sheriff sought the advice of Mr. Kelly as to the legality of Messrs. LaBillois' and Duncan's nomination papers. And by the way, if there is a legal man in this province or an intelligent man who can read and write, who will say that the nomination papers presented by these gentlemen are according to the requirements of the N. B. Election Act 1916, this paper would like to publish their statement. Mr. Duncan on nomination day, and right here we may be permitted to say that we believe that Mr. Duncan knows the meaning of words expressed in an Act of Legislature as well as any one, said that certain things had not been done, but that he stood ready then or at any time to do these things, and that such was sufficient. The Sheriff's opinion was only his expression of opinion mildly and gentlemanly given in the discharge of his duty and if objected to as being wrong might be verified in a Court of Law. But the Tribune having made a fool of itself for years, finds it hard to speak sanely at all. There are persons uncharitable enough to say that it's editor having once gotten his eye hurt on the occasion of its having published references to a public man who had not other easy means of redress, at regular and frequent times memory works in that particular eye, literally goes, to use a slang expression, "off his base." But there may be method in his madness; if he can get these gentlemen to turn their attention to the Sheriff, they may forget about him and how he spoiled their last chance. Poor howler, poor whiner, poor eye.

POOR RESTIGOUCHE.
The electors of Restigouche must feel proud of the position she holds today. That this county could turn down gentlemen who had clean records seems hardly to be credited, but the vote of Saturday is a clear indication that our electors favor graft, corruption and ignorance. It is, however, some satisfaction for the Liberals to learn that they are in so great a majority amongst the electors. With two straight Liberals and two self-styled Liberals in the field the lowest Conservative candidate won by a mere thirty-nine votes.

NEW CARLISLE.

The many friends of Mr. John Gilker extend to him their sincere sympathy in the loss of his wife, who has been suddenly called to the Better Land, leaving besides her stricken husband a family of young children, father, brothers and sisters survive.

The funeral was conducted by the Rev. Mr. McCurdy, the minister of the Presbyterian Church and was largely attended by many friends. Mrs. Gilker was greatly beloved, as she was a kind neighbor and friend.

The Meigs Pulpwood Company are loading another steamer with pulpwood.

The rector, Mr. Buckland has returned to the parish after a short vacation, accompanied by his two sons from Montreal.

Commercial travellers are coming and going, some feeling discouraged that more orders are not being received—"Cause everybody is expecting a slump in prices." The sooner the better for all concerned.

Fresh fish is out of the question down here, the pulp company being mainly the cause as they hire every available man and pay good wages.

PORT DANIEL.

Mr. Roland Sullivan of Port Daniel met with a heavy loss on September 23rd when he had the misfortune to have his house and part of his barn

burned. He was burning brush and clearing land on his lot on Range No. 4, when the buildings caught fire. Mr. Sullivan himself in a vain attempt to save household goods, had his hands badly burnt. He had been working on this lot the greater part of the summer and is the second house he has lost by fire. There is no road to this lot, except a path through the forest, therefore it is difficult to get lumber there for building purposes.

It is said, and appearances seem to bear out the truth of the assertion, that Hon. C. H. LaBillois is pleased with the results in Saturday's election. And why should he not be satisfied. Did he not accomplish his purpose of defeating the Foster government candidates. On Sunday he was the chief hero among a large gathering of Conservatives, including the two newly elected members, at Dalhousie. If Mr. LaBillois was never permanently fixed in the past as to his political affiliations his niche has now been prepared and permanently filled. It remains only to see what will be the reward for such faithful service.

LOOSE NO TIME.

Now that the election is over friends of Hon. Chas. LaBillois will look to him to take action to substantiate his denial of the charges the three Campbellton gentlemen made over their signatures. If he does not take such action and prove the falsity of the statement he must remain guilty in the eyes of the entire electorate of Restigouche.

ESCOMINAC FLATS.

The death occurred at this place on Saturday, September 25th of a very highly respected old lady in the person of Mrs. Isabel Pike, widow of the late Mr. Samuel Pike, who predeceased her two and a half years ago, and the loss of whom was a blow from which she never fully recovered. Deceased who was in her eightieth year was active and about the house until about five weeks before her death. She is survived by three brothers, Frank Fraser of Vancouver, Robert of Seattle and John of Escominac and by six sons and two daughters who will deeply mourn the loss of such a kind and loving mother. The sons are Joseph of Wausaukee, Wis., Robert of North Crandon, Wis., Harper of New Berry, Mich., Samuel with whom she lived at the old homestead and Gilford and Bruce of Montreal. The daughters are Mrs. I. J. Munroe of Iron River, Mich., and Mrs. John Dumville of Escominac.

The funeral was held on Monday the 27th, Rev. Mr. King, officiating, assisted by the Rev. Mr. McPherson, both reverend gentlemen testifying to her faithfulness to the Presbyterian Church of which she was an esteemed member and pointing her out as an example for others to follow. The pall-bearers were Messrs. Alexander McKillop, John Day, Daniel and Charles Brown, William Carmichael and Thomas Keays.

ABLE ADDRESS DELIVERED AT FAIR

Bonaventure County Man Appreciates Fine Exhibit.

The following address will no doubt be read with much interest by the readers of the Graphic in this vicinity and on the Gaspe Coast, as it was delivered by Mr. George Montgomery of New Richmond Centre, Que., on the closing evening of the Fair, October 1st.

Ladies & Gentlemen: I remember hearing someone say that the chief excellence of a political speaker consisted in his being able to make a long speech and say nothing. Now ladies and gentlemen, I would like to reverse that order of things and say a great deal in a few words and in a very short time.

To commence, ladies allow me to congratulate you on the success of this fair, success followed energy and perseverance and I wish on behalf of the County of Bonaventure to sincerely thank you for the zeal and perseverance you have manifested in the accomplishment of this success. And while I am on this theme, let me say that I cannot find words to express the gratitude I feel towards the ladies of Restigouche and Bonaventure for the kind consideration they showed to our boys at the front in providing and sending comforts to cheer them when their hearts needed cheering and mothers, wives, sisters and sweethearts let me say that your prayers for the loved ones at the front and in the trenches was a factor in winning the war, the magnitude of which we cannot estimate or form any conception.

Now for the object of this Fair, the creation of a Soldiers' Memorial Hospital. Northern New Brunswick and the peninsula of Gaspesia has long felt the want of such an institution. The distances difficulties and expense of going to Montreal with a patient excluded all but the wealthy from taking advantage of the hospital there, and even people in comfortable circumstances mostly always postponed the trip until the case was hopeless and a great many valuable lives were lost for lack of a hospital nearer home. When this hospital is completed things will be altogether different, when a case is beyond the skill of the local doctor, rush them to the hospital without delay where they will be properly attended. Parties who can pay their expenses will be expected to do so, those not so well circumstanced will pay part and the unfortunate will get free treatment.

Now ladies and gentlemen when the laboring classes come to realize the importance of this hospital the contributions will be much more liberal. In the meantime we talk about it as if it was a skating rink or fire station or a depot or something exclusively for Campbellton, but when they come to know that it is "Our Hospital" things will be different. Of course there will always be difficulties in raising funds, such is life, but remember patience and perseverance overcome difficulties. So much for the hospital.

It is to be an memorial to our boys who went overseas to fight for humanity and freedom, for those who lie "where poppies grow" on Flanders field" as well as those who returned, do they deserve it? I think so. We can scarcely do too much for them. They have earned a name that will live in history. For instance, take Vimy Ridge, it was supposed to be invulnerable. Gen. Sir Arthur Currie thought different and said so. So he was given the chance to try with his Canadians and they did drive the Germans and took the ridge. Probably none of our local boys fell there than in any other single scrap in the war, but their fall was not a failure, for that fight broke the German's courage so that they never put up a good stiff fight after that. And at Ypres when the Germans first used poison gas the Moroccans fled and left the road to Calais open. The Canadians blocked the way and held the Germans in check for thirty-six hours until they were relieved, one of the most heroic achievements we have any account of in history.

Gen. Smith Dorrien said, "when I heard that the Moroccans had fled, I predicted one of the greatest calamities ever befall the British army when the word came that the Canadians were holding I did not believe it, but when message after message came in

MANY CLAIMS FOR DAMAGES

Merchants Claim Damages for Flooded Basements in Last Friday's Flood.

A meeting of the Town Council was held Tuesday evening. His Worship Mayor Murray presiding.

At 8 o'clock there were only two councillors present. At 8.30 another struggled in, still another at 8.35 and another at 8.50.

Couns. Belle-Isle, Bisset, Matthews, Currie and Ingram present.

The minutes of the previous meeting were read and approved.

Coun. Currie rose to a point of order and stated that he did not think it right or proper that the Council should transact important business matters with only four members present. There were important matters pertaining to the Water & Sewerage Department to come up and the chairman was not present, nor had the town an engineer. He moved, that the Council adjourn until a more representative meeting could be called. Coun. Belle-Isle thought that such matters could be held over. He was sure the members present could deal intelligently with all other matters. Coun. Currie said he referred more particularly to the chairman of the Water & Sewerage Committee, who

Baptism Barred.

A recently graduated preacher was assigned to a small church in Northern Ontario.

The good man made it his first business to seek out a suitable lodging, and approached a homely-looking old farmer to that end.

The latter eyed the applicant somewhat doubtfully.

"You'll be a parson I'm thinking?" he asked.

"Yes," was the reply.

"Not by any chance a Baptist, be ye?"

No. Why?"

"Only this, parson. If so be as you had a bin a Baptist I couldn't ha' taken you in. Ye see, we has to haul our water twelve miles."

and reported the Canadians are holding and intend to hold, I was amazed. The Canadians did hold and the Germans did not get into Calais. It is admitted by men who should know that if the Germans had got possession of Calais, Bologne and the other Channel ports, that France and Britain would have had to come to terms and I tremble to think of the terms. When the Belgians and Serbians complained of their terms the Germans retorted, "stop until you see the terms we have arranged for France and Britain when their term comes you will think you got off easy." But before their turn came the tables were turned and the terms came over the left, unconditional surrender or fight to a finish. They chose surrender and the flag that braved a thousand years the battle and the breeze, still floats over us and under that glorious emblem of freedom we are enjoying a measure of peace and prosperity unsurpassed and scarcely equalled by any people under the sun.

Ladies and gentlemen, think for a moment if our boys like the Moroccans had fled we would now be paying exorbitant taxes to support a Prussian Autocrat, for the whole thing was cut and dried, Canada, Australia and New Zealand were to be divided up among the nobles and don't imagine they would have spared us, but thanks to our Canadian boys it did not happen that way, but ladies and gentlemen imagine for a moment that the worst had happened and contrast that with the voluntary contribution of a few dollars towards the erection of a hospital which will be a blessing to those counties, a memorial to our heroes and a thank-offering to Him who doeth all things well, and I think we will consider we got off easy.

It might be well to say that there was a power greater than the Canadians that turned the tide of affairs. O, yes, no man knows that better than yours truly, but the God of battles always choose human agencies to work out His sovereign will and in this case He choose the Canadians, and to my mind the meeds of praise accorded to the Canadians is but rendering unto Caesar the things that are Caesar's.

has hardly attended a meeting of the Council all summer. He should be present to look after the business of the town.

There was no recorder to Mr. Currie's motion.

Communications were read from L. T. Jodry, McRae & McRae, and I. W. Stevens complaining that the water of last Friday's flood had damaged their premises and goods, and asking payment of damages.

The communications were laid on the table.

Town Solicitor H. A. Carr wrote that he had taken testimony of some of town's oldest inhabitants and they had all stated that the road up to the Doherty mill pond had been a public highway for upwards of ninety years. He did not think Mr. Ellsworth could prevent the town from laying sidewalk or erecting poles thereon.

Coun. Currie moved that this communication be embodied on the minutes and the letter filed.—Carried.

George Dunn wrote asking why Mr. Wallis was permitted to come to town and sell carload after carload of horses and pay neither tax or license.

The Clerk explained that he had talked the matter over and the Chief of Police had been instructed to collect a license from Mr. Wallis.

A number of communications were read from ratepayers complaining of their assessments. These were referred to the Assessment & Appeals Committee.

John S. Nelson, fireman at Electric Light Station wrote stating that if he did not get an increase of \$10.00 per month immediately, his letter was to be considered as his resignation to take effect Oct. 15th. Referred to Electric Light Committee.

During the discussion of the flood of last Friday Coun. Currie spoke strongly in favor of asking the ratepayers to favor issuing bonds and paving Water street. The way things were being done at the present time was just a waste of money. He thought if the matter was placed before the electors in a reasonable way they would vote for it. He favored a vote of the people at once so that the work of preparation could be carried on this winter.

Coun. Belle-Iale thought something should be done. Coun. Currie had promised to build no more wood sidewalks, but had done so in Ward I.

Coun. Currie replied that it was impossible to procure further cement at a reasonable price. While he was on his feet he would like to know what was the matter with the street lighting system of Ward I.

Coun. Bissett said that the Electric Light department hoped to have the matter remedied in a month. The department could not get men to do the work.

The council adjourned to meet Wednesday afternoon at 4 o'clock.

Wednesday Afternoon.

The council reassembled at four o'clock. His Worship Mayor Murray in the chair.

There were present: Couns. Currie, Belle-Iale, and Matthews.

A large number of departmental accounts were ordered paid.

One of these for \$218.50 for repairing the road machine was discussed at length.

Coun. Currie said that this was no way to conduct the Town's business. He as chairman of the Public Property and Streets Committee had asked for a new road machine, but he had been instructed to have the old one repaired. He felt sure that for an additional \$75.00 a new up-to-date machine could be bought. This was the Road Machine that the Tribune accused him of selling.

He was over twenty years old, had never cost the town anything but its upkeep and was capable of doing nothing, yet it had been required at nearly the cost of a new machine and we still had an old one.

The Assessment & Appeals Committee reported recommending adjustment of several assessments.

Coun. Currie reported that he had interviewed Mr. Fred O'Leary and that gentlemen had assured him that the matter of deeds of streets on O'Leary property could be adjusted.

Coun. Matthews moved that the Public Property & Streets Committee be instructed to build a plank walk along Road No. 1.—Carried.

The Council then adjourned.

THE OPEN SEASON

(By Allen F. Brewer)

When the first is on the peak and the folder's in the back,
Then the base Bill Smith grows restless 'bout his gun he put in back.
At the close of last year's season, and he boards his pay with care
So that when the shooting opens he'll be sure to be right there.

And he hies him to the office and he brags about his skill,
Speaking words of wondrous promise 'bout the buck he's going to kill.
Every man shall taste of venison; let him wait his appetite
When Bill Smith goes forth a-hunting for the fattest deer in sight.

Then, behold! The season opens and he's off before the dawn;
Through the woods and over the heather 'midst the glories of the morn;
Small as plenty fill his pockets, grub he takes of every sort,
For his road is all the papers hunting deer's a hungry sport.

You will all his preparation as a victim does he see,
The he peers a wondrous excitement over the landscape eagerly,
Till at length the day comes waning and he turns his weary stride
Nowward, planning what he'll tell them 'round the cheery fire.

But, behold! What greets his vision, there beneath a scrubby pine
Can it be—a flash, a roar, the smoke of his gun a single time.
With a yell he dashes forward with his trusty hunting knife
To enjoy the freckle struggles of a quickly rising life.

Then, as the sun rises in glory, and his bones pass quickly by,
Where he passes through the twilight at his quarry's foot to die,
Not a pair of cold antlers, nor yet a yearling's brow,
For his luck runs low, he is old, and his blood is low.

South Africa to Celebrate

Arrival of Chapman, Which

Carried the First Settlers

SOUTH AFRICA has its May-
dower, the little ship Chap-
man, the first of a fleet of
sailing ships which a hundred
years ago brought to its shores a
body of British settlers who left an
enduring mark on the country. It is
coincidence that in the very year in
which America will be celebrating the
tercentenary of the arrival of the
Pilgrim Fathers on the Mayflower,
South Africa is celebrating the cen-
tenary of the arrival of British set-
tlers, or, as they are commonly called,
the 1820 Settlers. At that time
the Cape had been under British rule
less than a quarter of a century, and
was occupied almost entirely by
Dutch speaking settlers, who had
mostly settled in the western districts
owing to the distress and economic
pressure resulting from the Napo-
leonic wars.

The British Government decided to
promote the settlement of the east-
ern province. On this project they
were prepared to expend the sum of
£20,000. The scheme was eagerly
taken up, and out of a large number
of applications some 4,000 men, wo-
men and children were selected,
most never had so small an expedi-
tionary force.

The first batch landed on April 10,
1820, at Port Elizabeth, then a har-
bour of some 200 acres, and they and
their families and belongings were
transported to the interior, many years
before the whole of the eastern
province, one of the richest and
most fertile of South Africa, and
dotted with many busy towns, vil-
lages and smiling farms.

At the suggestion of the Prime
Minister, Gen. Smuts, the special
celebration of the centenary has been
postponed till next year, on account of
the abnormal conditions caused by the
war and the difficulty of making
suitable arrangements. The hope is
also expressed that next year the
Prince of Wales will be present,
which would undoubtedly add much
to the success of the celebration.

The chief centre of the event will
be Grahamstown, a small but flour-
ishing town in the eastern province,
which a hundred years ago was the
centre of the activities of the set-
tlers, and where this year local celebra-
tion is being held by the Wesleyan
Church, which played a very promi-
nent part in the religious and social
life of the early settlers.

South Africa has as much reason
to be proud of the 1820 Settlers as
America has of the Pilgrim Fathers.
Though the cause of the exile was
different, the spirit of indomitable
enterprise and love of liberty were
the same.

The coming year will mark the
semi-centennial of the opening of the
women's college of the University of
Wisconsin.

Furniture, floor
and Woodwork
all Transformed
BY A LITTLE
China-Lac

When the floor, woodwork or furniture gets dull or
cracked, there's one easily applied remedy that both
beautifies and protects the surface. China-Lac stains
and varnishes and gives a tough elastic finish of pleas-
ing lustre and yet does not destroy the natural grain.
There's a suitable China-Lac shade for every piece
of woodwork in your home—also a "gloss white" for
kitchen or bathroom, and a "flat white" for rooms
requiring a soft finish.

Try China-Lac on a stubby table or for brightening
up a floor—a few cents worth goes a long way to make
your home beautiful. Covers up scratches completely
and supplies a surface so permanent that you can
wash it with soap and water without fear of damage.

SPECIAL NOTICE

TO
BOYS and GIRLS
REGARDING
"Excuse My Dust."

Quite a few Boys and Girls are under the impression that in order to win one of the prizes offered for the correct name of the make of automobile used by Wallace Reid in the picture "Excuse My Dust" they must be able to spell this name out of the letters to be found in "Excuse My Dust."

This is not so—simply state what make of car you think it is, regardless of what letters are used in spelling it.

A Tip! You will NOT find the proper letters to spell this make of car in the three words "Excuse My Dust."

WALLACE REID AND THEO. ROBERTS RACE IN "EXCUSE MY DUST"

Veteran Actor Vice With Star in
Big Automobile Feature in
New Picture.

WALLACE REID is not the only one who proves himself a speed demon in "Excuse My Dust," the new automobile racing picture featuring the handsome star at the Imperial Theatre this Friday and Saturday. Theodore Roberts, the veteran character actor, pilots a racer in the momentous contest that provides most of the thrills in the Reid Feature. He did it with all the nonchalance of an Oldfield, guiding the car at a seventy-mile clip from Los Angeles to San Francisco and deriving keen pleasure and heartfelt excitement from the experience. His only regret, according to Mr. Roberts, was that he could not keep lighted the cigar which is constantly between his lips.

"Excuse My Dust" is packed with fun and excitement. It is a companion picture to "The Roaring Road," a former Reid auto story, and like its predecessor, was written by Byron Morgan. Ann Little is the leading woman. The photoplay is a Paramount Aircraft.

'NUFF SAID.

"Tim Sullivan done it," he told his wife as he began to bathe the wounds.

"Shame on ye!" Bridget cried, "big feller like you to be licked by a hard drinking cockroach like Tim Sullivan! Why, he—"

"Whist," said Pat, "don't spake evil of the dead."

THREE MORE BIG WARS PREDICTED BY THIS GERMAN

Three more big wars! That is what a German writer named Otto Autenrieth has prophesied—the greatest of all being between the white and yellow races.

He foretells: Separation of England; end of France, and ascendancy of Germany. "He shows how England," says an advertisement of his book published in the newspapers here, "to make sure of her world position, will be forced to separate from Japan and America, who are as her rivals more redoubtable than was Germany formerly."

"As a result of this breaking up and in an automatic manner, France will find herself on the rack."

"When Autenrieth shows the development of the next three wars he does not allow his desire to direct his thought. For, although he is a good patriot, he is above all a cold and clear-seeing calculator, and he is not trying to create an agitation."

"Without misplaced optimism (continues the notice) but as a natural consequence of facts, he shows the rising again of Germany by work and her mission in the next great conflict that between the white and the yellow races."

"He shows the road by which this recovery is attained, through united work and a wise utilization of the actual situation, which probably will establish itself sooner than the masses of people think."

France must foresee the gnashing of teeth; she will see the day which, they having no further need of her, she will be thrown to one side and then crushed."

CARD.

Campbellton, N. B.

October 13th, 1920.
To the Electors of the County of Restigouche.

Ladies and Gentlemen:—We wish to thank the electors of Restigouche who have worked and voted for us at the last election. The Foster Government, of which we were the only candidates in Restigouche, appealed to the people on an absolute clean record, and upon policies which should have appealed to the great majority of the well-thinking people of this County. We were not successful in placing Restigouche among the Ministerial seats. The fault for it lies at the door of some misguided persons who placed their personal grudge, spite and vengeance before the welfare of the County and of the Province. Those people have succeeded by allying themselves with our opponents to place the County, politically, in an unfortunate position at the present time. Let them enjoy within their bosom the fruit of their personal spite.

We hope that the last election will be a lesson in the future. We abide cheerfully by the vote of October 9th, confident, as we are, that the result in Restigouche will not jeopardize the existence of a good, honest and progressive administration.

Again we thank most sincerely all the true friends of the party, who have stood by us for the sake of a good Government.

Yours truly,
ARTHUR T. LeBLANC,
STUBBERT S. HARRISON.
