FAIL TO RAISE CASH

Great Falls, Mont., July 3 .- The Jack Dempsey-Tom Gibbons heavyweight championship fight suddenly called off at midnight last night, was put back on its feet again today and will be decided in the big pine bowl at Shelby tomorrow as scheduled. Agreed to Allow Fight.

Jack Kearns, manager of the world's heavyweight champion, at a conference which broke up at 2:45 a.m. today, agreed to send Dempsey into the ring against the St. Paul challenger tomorrow and gamble for the final \$100,000 installment due Dempsey on his \$300,000 guarantee. The promoters guaranteed the pre-Ilminary expenses of the show, which include the preliminary bouts, \$5,000 to Jim Dougherty, the referee, and other incidental expenses, which probably will amount to \$30,000.

Some of the newspaper correspondents asked Stanton point-blank if his statement meant that the fight was "As far as I'm concerned it's off."

Kearns, his face flushed with anger turned on his heel and said: "That's good enough for me; it's off." ood enough for me; it's off."

the series of conferences that resultded in the restoration of the battle.
Frequently through the closed doors of the room loud and angry voices were heard. Now and again one of the promoters would shout, apparently at Kearns: "It would be a shame Last money without a fight."

Kearns was obstinate up to the last, insisting that he had a perfectly legal contract which called for the payment of \$300,000 before Dempsey stepped into the ring, However, the compromise aways and the death of the last insisting that he had a perfectly legal contract which called M. The fight was actually called off at 12:30 o'clock this morning after an angry argument between Jack Kearns, the champion's manager, and George Stanton, a local banker, in a room crowded with newspaper correspondents. Stanton appeared to tell Kearns that the \$100,000, which the champion's manager had demanded, was not available, and he saw no arguments of raising it.

The following students of the London South Collegiate Institute have obtained the following standings in the various subjects taken during the school year of 1922-23. Those who have not failed in any subject are hereby promoted to the next higher year. Those who have failed in any subject or subjects will be required to write a supplemental examination in each subject in which they have failed, during the last week in August, if they wish to gain promotion to the next higher year. The champion's manager had demanded, was not available, and he saw no prospects of raising it.

"I feel that Dempsey ought to fight," Stanton said. "He already has received \$210,000. It is cruel to Gibbons that such a condition has arisen, and in justice to the sport it is my opinion that Dempsey should go

BISHOP FALLON OPENS CONGRESS

Western Ontario Roman Catholics Hold Devotional Exercises in London.

AT MOUNT ST. JOSEPH

The twelfth annual Eucharistic Congress, one of the outstanding events of the year among Roman Catholics of Western Ontario, opened at Mount St. Joseph last night with the benediction of the Blessed Sacrament, followed by a sermon to the orphans by Rev. E. F. Goetz of Seaforth. Special services were also conducted in the city churches, while sermons preached dealt with the passion of Jesus Christ and a history of the Eucharistic Congress since its inception some centuries ago.

Hold Special Devotions.

Hold Special Devotions.

The congress proper commenced this morning at 6, when low mass was celebrated at the Mount by Rev. Father Foley. Periodically throughout the day special devotions will be held and the congress will come to an end at 7:30 with holy hour devotions. This morning at 10:15, pontifical high mass was celebrated on Mount St. Joseph grounds by the Rt. Rev. M. F. Fallon, bishop of London. More than 5.000 people, many of whom M. F. Fallon, bishop of London. More than 5,000 people, many of whom came from out of town, thronged the spacious grounds to witness one of the most elaborate and impressive events that has been held in a Western Ontario parish for some months. Bishop Fallon was assisted at the pontifical high mass by priests who claim London as their place of birth, while the sisters of St. Joseph and their pupils formed the choir of the mass, rendering beautifully that ancient hymn, the "Gregorian Chant." In the evening at the holy hour devotions, the St. Peter's boys' chancel choir, directed by the Christian Brothers, will sing.

Brothers, will sing.
Rev. E. L. Tierney of St. Michael's Parish, London, assisted his lordship at the mass this morning, while Rev. William J. Kelly of Logan, Ontario, and Rev. W. T. Corcoran of Mount Carmel, Ontario, acted as deacons

Others of the clergy who took a prominent part in the celebration were: Deacon of the mass, Rev. James Neville of Walkerville; subdeacon of the mass, Rev. Gerald Labelle of Corunna; masters of ceremonies, Rev. E. Ambrose O'Donnell and Mr. Joseph A. Cook of London; thurifer, Rev. J. P. Gleason of Leamington; preacher, Rev. E. G. Doe of Ridgetown.

Blessed Sacrament Procession. At the conclusion of the pontifical high mass a procession of the Blessed Sacrament was held around the grounds. Rev. L. M. Forristal of the grounds. Rev. L. M. Forristal of the city led the congregation in prayer. The canopy-bearers in the procession were Revs. Joseph Fallon, R. H. Dignan, F. Costello and H. Pocock. Rev. E. Weber acted as second thurifer, while Rev. F. Laurendeau and Rev. Victoria Continuation

FRANCE DEEP IN DEBT OVER GERMAN POLICY

Money Credited by Reparation Commission Swallowed Up by Occupation Cost.

Associated Press Despatch.
Paris, July 3.—By the end of the current year France will have advanced 111,255,000,000 francs in bevanced 111,255,000,000 francs in behalf of Germany for reparations, according to figures computed by Deputy Eymond in a report on the receivable budget estimates which the chamber discusses today.

At the beginning of the year, says the report, France had expended 97,740,000,000 francs, and had been credited by the reparations commis-

740,000,000 francs, and had been credited by the reparations commission with 1,780,000,000 gold marks, all of which had been swallowed up by the cost of the army of occupation and by the advances charged against France under the Spa agreement for supplementary coal shipments.

France, therefore, not only received nothing for reparations, but was still indebted with more than 63,000,000 gold marks on the above accounts.

In the covert of thy presence shalt thou hide them from the plottings of man; thou shalt keep them secretly in a pavilion from the strife of tongues.-Psalms xxxi.. 20.

It may be that you and I will never be called to pass through sufferings and trials like those of the author of this psalm. It may be that our country will never forfeit its great privileges and

hasten by the pathway of iniquity to a ruinous downfall. It may be that we shall never have to protest alone against the corruptions of an apostate church. But it can hardly be, if we are true men, that we shall not be forced

at some time or other to take the unpopular side. It can hardly be that we shall never feel the hostile pressure of the plots of man, and the stinging arrows of the strife of tongues. Then we shall need a refuge, and we shall find it only in the loyal adherence to our convictions, in the faithful performance of our duty, which shall bring us so near to God that we can feel his presence encircling, embracing, Liding us, as in a secret pavilion, (Copyright, 1923, by The Republic Syndicate.)

The Timid Little Grouse Baby Is Missing After Reddy Fox Has Paid His Visit

By THORNTON W. BURGESS

There is just as much difference between the children of the little people of the Green Forest and the Green Meadows as there is between little human children. Some are smarter than others. Some are more timid than others. Some are more heedless than others. Some are more detailed. disobedient than others.

In such a big family as Mrs. Grouse had there was bound to be a great difference. You remember that there were twelve young Grouse. If Mrs. Grouse could have been sure that all would do exactly the same thing in exactly the same way it would have made it much easier for her. She would have been far less anxious. what each one would do in time of danger. She was always fearful that when they took to their wings some might fly too far and get lost. So in spite of the fact that those young Grouse were growing rapidly, and every day were better able to take care of themselves, Mrs. Grouse worth and brothers and sisters. She didn't know it then, nor did they.

But when the ground again she was a long way from her mother and brothers and sisters. She didn't know it then, nor did they.

It happened one day that they were so busy getting their breakfast that Reddy Fox managed to steal almost within jumping distance of them before Mrs. Grouse discovered him. Just in time she saw him. "Fox!" she cried. Those young Grouse knew by the sound of her voice that they were in great danger. Without a second of delay they took to their wings. Away they went up over the tree tops, scattering in all directions. Now one of those young Grouse was more timid than the others. She was so timid that in the suddenness of her flight she flew and flew until her small wings would carry her no further. When she came down to the ground she promptly hid. At the time the alarm was given she had been headed in the opposite direction from her brothers and sisters. She had been the first to take to her wings, and, of course, she had flown in the direction in which she was headed. The result was that when

If you shake down the fire you're almost certain to shake the life out of them. Building on ashes is risky work. You may succeed, and again you may not. You poke a few splintered sticks up through the bed, you start a little blaze, you cautiously feed it with a few heavier bits, you grow desperate and put on a shovel of coal. It lies blazely discouraged, and you heave a long sigh and prepare to don your overalls and clean the furnace out and begin anew. If only—

where. He's got to be taught some time. He does not listen to me."
I'm almost certain that when that boy was a little fellow creeping about the house his mother said, "Dicky, pick up your blocks," and then let it go at that. When she fell over the blocks later in the day she groaned at the child's carelessness and picked them up herself.

I can picture her standing at the door calling, "Dicky, come in now. It's time for your nap," and I can see Dicky thumping down on the lawn and yelling himself red in the face with "No; I don't wan'a."

"Well, in a little while then," and she shuts the door. She may remember it again, but she likely won't, or, if she should, she says "I can't give him his nap. He makes such a fuss about it that it tires me out."

After a few years of this the fires of respect and obedience burn low indeed, and Dicky heeds nothing but force, and then only for the time it is employed.

Now begins the relighting. Mother

"He doesn't pay much heed to what is said to him," says the teacher.
"After all, one can only direct him, and if he won't follow the directions it is very difficult to teach him."
So a daily report card is sent home. A weekly report follows that. A tutor is called in. The scoutmaster takes a hand. The athletic man "takes a special interest in him." The principal interviews him. The term ends. He is left back. There's nothing for it. The furnace will have to be cleaned out and a new fire started.

The school receives only what you send there. It can develop, but it cannot create. If you send a heedless, undisciplined child, the school may be able to return a thoughtful, disciplined one to you. But the chances are very slim.

THE DAILY SHORT STORY

BLAME THE FIRE LIGHTER. By JANE OSBORN.

Marjorie Peters had hurried home from school that afternoon, for just as she was leaving her small apart-ment after lunch the parcel-post man had come with a package for her. She had met him in the hall and had just time enough to hurry back up two flights of stairs with the package, unlock the door and slip it into the front hall. To have stopped long enough to see what the package contained would have meant tardiness at afternoon session afternoon session.

So Marjorie changed her mind about keeping Bobby Smith and Tommy Taylor in late, and as soon as the children had filed out of the room at 3 o'clock she turned the key lined with books—a small room with in her desk drawer and hurried out of the room, down the school corridor and off to her little apartment as fast

s possible. So she had a full half-hour to open the package and examine its contents before Grace Baldwin—also school teacher-returned.

"It's a Cape Cod fire-lighter," Marjorie explained, holding up the little brass tray on which rested the brass tankard and torch. "You know—you keep kerosene oil in here and keep the torch soaking and then when you want to light a log in your fireplace you don't need any paper or kindling.

Special to The Advertiser.

St. Thomas, July 2.—Danny McPhee pitched St. Thomas to its third victory in the second series of the Southern Ontario Baseball League here this afternoon by holding London to two hits. The score was 4 to 1. The game was the big attraction in the city and nearly 3,000 fans were present. Danny was right in form and garnered 11 strikeouts in eight frames, not issuing a free ticket. Pring twirled fair ball, walking four and striking out three. He did not get support, however, and London's five errors proved costly. The match was the kind that keeps the fans in a great state of excitement throughout.

out.
Only three Londoners faced McPhee in the first. Burgess struck out; Doherty filed to Barclay, and Coleman whifed. St. Thomas lost no time in the first frame. Doan walked and reached third on an error. He was brought in by Arlein after Binns had reached second on an error. Billings' single brought home Binns. Further damage was prevented when Campbell grounded out after Riseborough had doubled and Cabot walked.

Skips L.R.C. Rink To Final Victory Over Frank Brown's Thistles.

MORREN WINS WARD

Jack Griffith's L. R. C. rink captured the Hyman trophy at the Elmwood's ninth annual Dominion Day tourney, winning out in one of the closest finals staged on the south-side greens over Frank Brown's Thistles, 11 to 9. The Ward trophy went to E. L. Morren, skipping a Thistle rink, who gained the victory in the last end, when, with the score tied and the bowls lying about three against them, his beautiful runner on the last shot carried the jack almost to the ditch and gave him the end and the trophy by one shot. Two Thistle rinks and two L. R. C. rinks had won four with no losses to go into the finals. Their scores were as follows:

E. L. Morren, Thistle, won 4, plus 36; Frank Brown, Thistle, won 4, plus 19, and J. Griffith, L. R. C., won 4, plus 19, and J. Griffith, L. R. C., won 4, plus 11.

Into a hotel room, Major Lane told them that any statement calling off the bout must come from Jack Kearns.

Kearns, who has held out for the full amount of Dempsey's contract, said he would not have any statement until midnight, at which time the limit for the payment of Dempsey's final \$100,000 installment expires.

Major Lane declined to reveal how much money had been raised and also declined to issue a formal statement after he and his associates announced their retirement from all associations connected with financing the fight.

George H. Stanton, the Great Falls banker, who personally advanced \$50,000 two week ago to make up the second \$100,000 due Dempsey, declared he had no statement to make. He hurried across the hotel lobby into the headquarters of the Great Falls Commercial Club to stop the sale of tickets.

Shelby, Montana, July 2.—Finishing touches were being put on plans for holding Shelby's heavyweight championship fight July 4 by officials here today, while Tom Gibbons, St. Paul challenger of Jack Dempsey, tapering off three weeks of gruelling training, went through a light, sparless workout.

The local boxing commission, which has formulated rules for the bout, met today, and an official inspection of the ring was made, official time-keepers were named and other details connected with the staging of the bout were arranged. Gibbons revealed no evidence of suspense over the financial muddle which threatens to stop the fight.

The boxing commission decided today to exercise its option of selecting the referee, James Dougherty, to be final arbiter of the fight, instead of leaving the decision in the hands of two judges, who would have to be local residents. Burke and Eddie Kane inspected the ring today. It is 24 feet square, and will be 20 feet square inside Race Card Gives Good Sport —Delaware All-Stars Win Cup.

Special to The Advertiser.

Hamilton, July 2.—Hamilton won and tost in the twin bill with Saginaw, here today. A timely clout gave the Aces the morning game by a 4 to 2 score. In the afternoon the Hams bounced 3 solid hits off Sam Wernke's delivery and took the fourth game out of five from the Saginaw Aces by a score of 6 to 3.

The largest crowd of the season witnessed the fixture.

Frankie Hess' three-base error in the third inning of the morning game gave the Aces two runs and the game. The final score was 4 to 2.

Winters pitched brilliant ball for the Aces until the seventh, allowing only one hit up to that frame. He was touched for seven hits in the last three innings, but was great in the pinches, leaving 13 men stranded throughout the nine innings:

In the semi-finals Mr. Cadwallader defaulted to Mr. Fulton, due to sickness, and Mr. Barnes lost to Mr. Taggart, after a hard struggle. Mr. Fulton put up a remarkable steady game, accurately returning seemingly impossible shots. He is regarded as a "comer" in the tennis world.

The men's double were postponed because of lack of time, and because so many members were away for the holiday.

It might be mentioned that a first-class style of tennis is being developed at the Jolung Club courts. This club has been in existence now for three years, although not so well known as it might be to tennis enthusfasts, probably due to its slightly out-of-the-way location, although easily accessible by car line. faulted to Mr. Fulton, due to sickness.

20 Pairs At L.R.C. Play-St. Matthews Won By Stollard Four.

City bowlers not taking part in the lmwoods big tourney were accommodated at their own clubs, and Londo R. C. and St. Matts had interesting

programs.

The former staged doubles, 20 pairs competing. Ab Smith and Syd Swift won with three wins and a plus of 20. Saunders and Creech of Exeter were, next with three wins and plus of 19, and Albert Trick and Turner next with three wins and a plus of 17. Donaldson and Walker, Israel Taylor and Phill Fetterly and Joe Vivian and Smith were the pairs next in order in the prize list, the latter duet with the low score.

St. Matts.

W. Stollard's four won the St. Matts open draw affair with four wins and plus of 25, and in the Scotch doubles consolation J. Wilson and A. H. Whitlow won with one win and a plus of 8.

The winning rinks were: A. St. Lawrence, J. Elgie and W. Stollard (skip). A. Bates, A. Rolston and D. Eggett were second.

There will be no bowling Tuesday night, but on Wednesday night the ladies of the club will bowl, the draw taking place at 7:30.

An open draw will be held Thursday night.

A picked doubles tournament will be held on the Thistle Club greens on Wednesday afternoon at 4 o'clock. Two games will be played before lunch and two after. Draw will be made at 3 o'clock.

WOMEN FROM

Will Be Interested in Mrs. Thompson's Recoveryby Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and had certain troubles that women of my age are likely to have. I did not like to go to the doctor so I took the Vegetable Compound and am still taking it right. Compound and am still taking it right along. I recommend it to my friends and to any one I know who is not feeling well."—Mrs. Thompson, 803 Lizzie St., Winnipeg, Man.

When women who are between the ages of forty-five and fifty-five are

beset with such annoying symptoms as nervousness, irritability, melan-cholia and heat flashes, which produce chois and neat hasnes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to

the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to

clay pigeons.

The shooting kept a large crowd of interested spectators around the whole day, but the expert way in which the targets had been laid out prevented any accident. Music was ilso another great feature of the day. There were two military bands in addition to the L. & P. S. cafeteria orchestra and the popular community singing at the beach and free movies

the evening. Every concession and place of amusement did a wonderful business, and at the L. & P. S. cafeteria there was a line-up from noon until 7:30 p.m. The incline railway carried thousands up and down, and in a more satisfactory way than ever. At the Casino the number of dancers is believed to have outclassed that of May 24, and the grill room below was busy all day.

The pier and east breakwater was thronged all day with fishermen, and some very good hauls of perch were

Go fight the film on teeth

Watch the new beauty come

Your dealer will give you a ten-day test of a new teeth cleaning method. Go learn what it means to you.

Millions now employ it. Dentists the world over now advise it. It is bringing to people of some 50 mations whiter, cleaner, safer teeth.

Why teeth grow dingy-why decay

The greatest enemy of teeth is film-that viscous

film you feel. It clings to teeth, enters crevices and stays. No ordinary tooth paste effectively combats it, so old-way brushing left much film intact.

Food stains, etc., discolor film. Then it forms dingy coats. Tartar is based on film. That is why teeth

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. That is why tooth troubles have been

are the chief cause of pyorrhea. And that is alarmingly common. Germs breed by millions in film. They, with tartar,

Two film combatants found

Dental science has long been trying to meet this situation. Two film combatants have been found. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then a new-type tooth paste was created to apply them twice a day. That tooth paste is called Pepsodent. The glistening teeth you see everywhere now are due largely to its use. All the world over it is fast bringing a new dental era.

And you will want all your people to have them.

A scientific tooth paste based on modern research, free from harmful grit. Now advised by leading dentists the world over because of its unique effects.

Multiplies two vital factors

Research also proved two other things essential, and Pepsodent supplies them. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and

Thus Pepsodent, with every use, gives manifold power to these great tooth-protecting agents in the

The use of Pepsodent is delightful. Its benefits are quick and apparent. They will be a revelation to you, and so clear you cannot doubt them.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects. One week will bring you a new conception of what clean teeth mean. It will show you the way to prettier teeth, to better tooth protection. Go get this tube.

Men who smoke

Tobacco stains the film on teeth. So smokers see a conspicuous change when the film-coate are removed. Have you noted how many men show white teeth nowadays? This is one result of this war on film.

Pepsodent is even more important to children than adults. Their teeth are susceptible to film attacks,

You will want these results when you know them. and very few escape them. Dentists advise that children use Pepsodent from the time the first tooth appears. And always before

Avoid Harmful Grit

Pepsodent curdles the film and remov it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combatant which contains harsh grit.

Mothers Unveiled Stone Three Years Ago Tomorrow

Lorne Avenue Mothers' Club First To Erect War Memorial.

Three years ago tomorrow an in-teresting little ceremony was held at the Lorne Avenue School. It was a Sunday afternoon; crowds gathered about the school and sought places of vantage on the near-by verandas; children's voices were raised in pat-riotic song. And all because it was the solemn occasion of the unveiling of the first war memorial stone to be erected in the playground of a city school.

city school.

The stone which stands today in the school yard a witness to that event is a large unrounded boulder, lifted on a base of irregular stones. On it a tablet of bronze glistens in the sun. And on the tablet are inscribed the 23 names of former pupils who paid the supreme sacrifice in the war. An inscription above the names reads: "He lives in fame that

dies in virtue's cause."

The members of the Lorne Avenue Mothers' Club, and the teachers and children of the school are proud of the fact that their energetic efforts more than three years ago, put the Lorne Avenue School in the honored position of being the first school to erect a monument to its fallen pupils

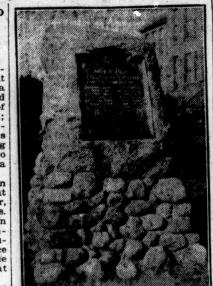

The ceremony was conducted by the Rev. G. Q. Warner, As he ut-tered the solemn dedicatory words, little white clad school-girls pulled the flag which then concealed the stone. There was no hint of sadness in the ceremony. The dedication service seemed rather a festival of The presentation of the monument

ARE COLD FOODS COOLING IN HOT WEATHER?

That depends upon their composition. A cold food, after it is digested, may be very heating to the blood and a very hot tasting food may be cooling to it, depending upon whether food is acid forming or alkaline in nature. There is no difference in the blood temperature from either, acid-forming foods give one hot, "all in" feeling, while alkaline foods give one the clear brain and erect, energized body that disregards the hottest day. That is because the blood is naturally alkaline and alkaline foods keep it so, while acid foods turn the blood acid, which burns up and destroys the vitalizing elements of the blood and mental and physical energy must run down. Acid foods are white flour, refined cereals, meats, fats and white sugar, sweets. Alkaline cereals are whole

Chicago, July 3.—Butter lower; creamery extras, 37c.
Eggs higher; receipts, 28,197 cases; firsts, 21c to 21½c.

Associated Press Despatch.

New York, July 2.—The raw sugar market was a little steadier this morning, but trading was not very active. Cubas were quoted at 5½c, cost and freight, equal to 6.91c for centrifugal, with sales of 12,000 bags to a Philadelphia refiner for July shipment.

The raw sugar futures market was easy early, but after showing declines of 9 to 13 points prices rallied on covering and buying by Wall Street and commission houses. Prices at midday were 1 to 3 points net lower.

There was not much inquiry for refined sugar, and what little business was going on was mostly in second-hand quarters at prices ranging from \$8.90 to \$9. Refiners' prices are \$9.25 to \$9.50 for fine granulated.

Refined futures nominal.

Montreal Stock Exchange Becomes More Steady Over Week-End.

Reported for The Advertiser
by Johnston & Ward.
Montreal, July 3.—The Montreal
Stock Exchange resumed trading after
the long week-end holiday in a more
satisfactory manner than was generally expected. The weakness on Saturday appeared to be the culmination
of the downward movement. There
was a certain amount of margin calling
this forenoon and, judging from the
limited number of offerings, it appears
as if the brokers' calls were well covered.

Not much improvement, however, is to be reported in the local list. The best that can be said as yet is that the market has steadied around its present levels.

Public utilities displayed little ac-Public utilities displayed little activity and not much change in prices. There was a good deal of commotion preceding the special meeting of shareholders of Montreal Tramways and Power Company, at noon today, owing to a ruling by the board of directors which excluded all shareholders that were not registered by April 2nd, threemonhts ago. The directors also had decided to exclude the press. Among those who were refused admission to the meeting was E. A. D. Morgan, K.C., who has been leading the fight against Mr. Robert and through whose efforts the special meeting was called.

the special meeting was called.

TORONTO STOCK EXCHANGE.

Canadian Press Despatch.

Toronto, July 3.—There was no accumulation of orders over the triple holiday, an dthis morning's session on the local stock exchange was a very dull affair. Brazilian and Spanish River preferred, the onlystock in which trading exceeded 100 shares during the first two hours, held within very narrow limits, the former selling between 47 and 46%, while the latter's transactions were all made at 99. Some activity was displayed in standard Bank, with 100 shares changing hands at 206, unchanged from the last previous sale,

The attendance of buyers a was much larger than usually light on the Standard Mining Exchange this morning, following the holiday, but prices were considerably stronger in the golds, where selling covered a mide area. Hollinger was 27c better at \$11.75, and McIntyre improved 10c at \$17.50, while Argonaut gained ½c at 91c, with Teck-Hughes unchanged at Priday's quotation of \$1.40. Lake Shore was 4c lower at \$3.30, and New Ray ½c at 42c. Dome, Kirkland Lake and Schumacher did not appear.

The silvers were very quiet, with La Rose firm at 33c, Mining Corporation at \$2.45, and Nipissing at \$5.60. STANDARD MINING EXCHANGE.

FOR BRITISH DEMAND

Official Says Unrestricted Mar-

ket Awaits Shipments
From Canada.

Canadian Press Despatch.
Ottawa, July 3.—Great Britain offers an unrestricted market for Canadian cattle of the feeder type, in the opinion of Duncan Marshall, commissioner of agriculture, who has just returned from some four months' study of the overseas situation.

Mr. Marshall is convinced that the British markets can absorb as much live cattle as Canada can ship, in addition to the feeders, which arrived from Ireland. In spite of the shorter journey from Ireland, he said, the unanimous opinion of the traders was that Irish cattle compared unfavorably with Canadian on their arrival. Shipments from Canada so far have come off the boat lively and in excellent condition, showing a shrinkage of only one-half of one per cent from Montreal weights. With regard to the cattle killed at Montreal and shipped at chilled. Mr.

Argentina, which plays havoe with the prices.

The readmission of Canadian cattle into Britain came at a very opportune time. Mr. Marshall contended, inasmuch as there was an abundance of feed, especially in Scotland, British traders who remember the Canadian steers of 30 years ago declared that Canada had made remarkable progress in breeding. The farmers who bought from the first shipments this year are anxious for more, and there will be a good demand for Canadian feeders in the fall if crops in Great Britain are satisfactory.

The complete cost of shipping Canadian cattle from Lethbridge, with two days feed in Montreal, and selling them on the Liverpool market paying all fees, amounted to \$3.93 per hundred pounds. The 25 head killed at Liverpool dressed 57.4 per cent. They looked very well hung up except that the flanks showed a trifle dark as the result of the journey. The price obtained was equal, after deducting all charges, to a live weight price of \$8.24 at Montreal.

HOME BANK OF CANADA MAKES STAFF CHANGES

The recent sudden demise of Mr. John Bain, manager of the Home Bank of Canada at Windsor, has necessitated several important staff changes in that institution. The sate Mr. Bain had been manager of the Windsor branch since 1920, and for the previous nine years had been manager at Walkerville. He was well-known and highly respected along the Windsor border.

Mr. W. J. Wright, formerly manager of London, has been appointed to succeed Mr. Bain as the manager of the Windsor office. Mr. Wright has been manager of the London office since 1921, and five years previous to that was manager of the Sandwich branch of the Home Bank.

Mr. O. Chapelle, manager of the Verdun branch in Montreal since 1919, succeeds Mr. Wright as manager at London. Mr. Chapelle has been in the service of the Home Bank since 1907.

Mr. J. Mount Ducket, previously of the Montreal office, will take charge of the Verdun branch.

RECEIPTS OF BERRIES REACH 20,000 BOXES

Prices Display Slight Decline From Last Week's Quotation.

Again this morning it was estimated that over 20,000 boxes of strawberries square. Many loads were brought in, including five or six trucks from Port Burwell and other distant points. The Burwell and other distant points. The prices as a rule were slightly lower than last, and, sales being slow, there will undoubtedly be a further decline before the full supply is sold. Wholesale the fruit was offered at 10c to 12c per box, the retail quotation being 12c to 14c. In some cases the quality fast to 14c. In some cases the quality as to 14c. In some cases the quality was for small and under-sized berries. The season has been rather more extended than was expected, and the offerings much larger. During the past week from 80.000 to 100.000 boxes have been sold in London, and this constitutes a tecord. Though rain was lacking, the crop has been fairly heavy, and the prices quoted more reasonable than for several years.

Hay was rather slow, and the eight loads offered were not easily disposed of at \$10 to \$12 per ton.

Sales of oats are tardy, and the price is now \$1.75 per cwt.

No whea' was offered.

Receipts of old potatoes were quite large, but sales are slow, ranging from \$1.35 to \$1.40 per bag. Dealers report that the dry season and late spring have combined to delay the arrival of the new crop. There have been a few offerings, but the tubers are small, and sell at 15c to 20c a quart. It will be two or three weeks yet before they will arrive in large quantities.

Tomatoes are lower, home-grown being sold at 30c to 35c per lb, while the imported grade is 20c to 25c.

The attendance of buyers and dealers was much larger than usual. Except for berries there were few price changes noted.

of one per cent from Montreal weights. With regard to the cattle killed at Montreal and shipped at chilled. Mr. Marshall said this compared more than favorably with chilled beef from the Argentine Republic. The latter has the disadvantage of a longer journey, and it contains a certain amount of ice from which the Canadian beef is free. The difficulty, how.ver, is that chilled beef from Canada is apt to arrive in Britain at a moment when the market is glutted with large shipments from Argentina, which plays havoe with the prices.

FRIDAY'S OPENING PRICES.

Associated Press Despatch.
Chicago, July 3.—Bears had the advantage in the wheat market today during the early dealings. Favorable weather for harvesting and growth of the domestic crop was reported and Liverpool uotations showed a decline. Sellers, however, were cautious as a result of black rust chances and because of some talk current that insufficient wheat might be available here to fill July contracts. The opening ranged from %c to %c lower, but was followed by a gradual recovery to about the same as yesterday's finish.

Corn and oats were easier with wheat. December corn touched a new low price record for the season. After opening %c to %c off the corn market underwent an additional sag and then scored a raily.

Oats started at a shade decline to %c advance. September, 25%c, and then held near the initial figures.

Be Careful What You Wash Your Hair With

When you wash your hair, be careful what you use. Do not use prepared shampoos or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair

brittle.

The best thing to use is Mulsified cocoanut oil shampoo, for this is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces.

Simply moisten your hair with water and rub the Mulsified in. Two or three teaspoonfuls will make an

water and rub the Mulsified in. Two or three teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, wavy and easy to manage.

MAR

You can get Mulsified cocoanut oil shampoo at any drug store, and a few ounces will last everyone in the family for months. Be sure your druggist gives you "Mulsified." Beware of imitations. Look for the name Watkins on the package.

The dinner dishes are washed, the children are in bed, and Mrs.—has settled down to a night's darning.

A hundred miles away, in the Hotel, Jim—has finished dinner, written the day's report and looked over the local paper. Time hangs heavy till, happy thought, he remembers Long Distance.

"Hello Mary! How are the children? How are you?"

Just three minutes at home, and yet it makes all the difference. The hotel seems brighter. And Mary—well, the holes in the socks don't seem quite so large. Just the effect of a voice you love to hear.

Owners of property for rent want desirable tenants. In many cases, they won't, knowingly, rent to any other kind. A desirable tenant is one who can be depended on to pay rent promptly; who can be depended on to exercise all reasonable eare of the property, so there will be a minimum of "wear and tear"; who can reasonably be expected to be a permanent tenant, or a tenant for a fairly long period, or for as long as the landlord wishes to rent.

Finding the Right Landlord

WANT AD TIPS

To desirable tenants, owners rent property they would only rent to others at a higher rental, perhaps would not rent

at all. When an advertiser who is a desirable tenant starts out to find a new apartment or house, he should let the fact that he is a "quality" tenant help him. He can easily do this by

framing the right Want Ad. Reading any "Wanted To Rent" Ad, the landlord will form a mental picture of the Want advertiser. The latter should help him to form the favorable picture—the picture of

a desirable tenant So, in addition to indicating the sort of rent he is looking for, the Want advertiser should put into his message favorable things about himself. If the family is adults only, that can be stated; many landlords prefer to rent to such. If the family is small, that will interest landlords-they are partial

to small families. Let us assume the Want advertiser has lived in his present rented apartment for four years. He can use effectively at the end of his Want Ad the statement, "Present landlord, from whom I have rented four years, will recommend me."

shrewd Want Ad user inserted this: "Our present home is rented, but the care we have given lawn and garden have made it the most attractive place on the street. We would like to hear from owner who wishes to rent to tenant who will take extraordinary good care of his

property. Oak Park district; 5 to 7 rooms; modern." When searching for an apartment or house, frame a Want Ad which shows what a desirable tenant you are.

Associated Press Despatch. Associated Press Despatch.
Ottawa, July 2.—The Canadian championship bicycling honors were very evenly divided among the famous bicycle stars of the Dominion in the Canadian Wheelman's Association. Which was held here today under the auspices of St. Brigid's Association. Which was held here today under the auspices of St. Brigid's Association. Which was held here today under the auspices of St. Brigid's Association. The big sensation of the event was the hairline victory of Fred McCarthy of Weston, Ont., in the five-mile feature, in which he out-sprinted Bill Coles of London and Ray Thompson of Ottawa. Norman Webster of Toronto captured the quarter-mile championship from Bounsall and McKay in 31 2-5 seconds, which, the officials declared, was a new Canadian record for the distance on half-mile tracks.

Frank Brown of Toronto held his Canadian half-mile title by repeating his win of a year ago, Bounsall being second and Webster third. Time, 1:07 and the "feel" of your clubs—woods and irons alike—and it is the "feel" of the field bounsall of Toronto, who out-sprinted Brown in 2:24 1-5.

A bad spill occurred in the five -mile championship, in which about half of the field of 27 riders went down, but the casualties were not serious. Ottawa, July 2.-The Canadian cham

Qualifying Round At Kanawaki.

Canadian Press Despatch. Montreal, July 2.—Under a scorching sun and with no wind the qualifying round of the Canadian amateur golf championship tournament was played

here today at the Kanawaki course. Four players with scores of 164 played off for the 32 place, and E. C. BIG CROWD SEE BOLTER BENEFIT SOCCER TILT

London Team Beaten 3-1 By St. Thomas Picked Team.

Special to The Advertiser.

St. Thomas, July 2.—Before a great crowd of soccer fans here St. Thomas defeated London by the score of 3 to 1 in a benefit game for the widow of the late George Bolter of St. Thomas, former president of the St. Johns Rovers. The game was fast, neither side scoring during the first period. In the second half Mason scored for London, but Jacks of St. Thomas offset this a few minutes later. He repeated the feat near the blowing of the whistle, and St. Thomas scored their third goal about two seconds before time. A considerable sum will be realized for Mrs. Boiter. Contesting teams were picked from the various clubs in both cities, and result was one of the best games of soccer witnessed here in some time. London—Knowles, Turvis, Ashton, McIntosh, J. Smith (captain), D. Smith, Sutherland, Johnson, Mason, Haywood, Holt. Special to The Advertiser.
