

HINDUS NOT ABUSED AT BELLINGHAM.

British Ambassador Inquires Into the Reports of the Trouble There. Hindus Amply Protected Both in That Place and at Everett.

Portland, Ore., Sept. 20.—A despatch from Olympia says: The disorders at Bellingham several days ago, which resulted in the intimidation of the Hindus and caused their departure from that city, has been brought to the attention of the State Department at Washington through a note from the British Ambassador. The Ambassador states that he has been informed that a majority of the Hindus have left Bellingham for Canada in consequence of the trouble, and that those at Everett are in fear of an outbreak.

ton Jones, at Everett, to ascertain the conditions in those cities, and has received these replies, which were communicated to Washington: Bellingham—Hindus have largely left here. There is no danger of trouble under present conditions. No force has ever been used. They were ordered out of town by a crowd of men and boys. I immediately swore in sufficient officers to protect them, and so notified the interpreter. I also caused the arrest and prosecution of the rioters. Press reports are greatly exaggerated. Hindus are receiving and will receive full protection. (Signed) Alfred L. Black, Mayor.

FATHER DESERTED HIS FAMILY, WAS PURSUED BY HIS SON

And After Many Years in Court Charged With Committing a Statutory Offence.

Chicago, Sept. 20.—John M. Wiles, 66 years old, was confronted in the Central Police Station last night by his son, J. Burr Wiles, 35 years old, whom he had not seen for 34 years. The father was a prisoner on complaint of his son, who had constituted himself his Nemesis in revenge for the desertion of his mother and three children, two of whom are dead, in Binghamton, N.Y., 34 years ago. The son had traced him the last few years until convinced he could convict him of a statutory offence, involving a woman who was acting as his housekeeper, and he caused his arrest.

Misfortune has pursued Wiles since he deserted his wife and family. The wealth he then possessed has been swept away through race track reverses. Several years ago friends in Chicago bought a horse and cab for him, and he has chafed out at Binghamton, since. He denies the charge made by his son.

CHURCH UNDER WAY

Good Progress Being Made With Sherman Avenue Building.

The Sherman Avenue Presbyterian congregation have been planning for some time the erection of a new church, adequate to meet the needs of the ever growing east end of Hamilton. They have at last seen operations commence. The excavation is finished and the foundations are well under way. It is easily seen that those who have had the matter in hand have had prophetic vision. The church is to be 90 feet wide. Ample provision is made for enlargement and that, too, without any sacrifice of what is now being built. This congregation is destined to accomplish a most important work. It is not yet four years old, and has already made such progress as to give one every confidence that the measure of its usefulness has as yet been made as to the time of laying the corner stone, but due notice of it will be given through these columns, as also any information as to the progress of the work.

AUTUMN OPENING.

Miss Kennedy's Superb Display Now Going On.

One of the most exclusive and altogether successful millinery displays is now on at Miss Kennedy's 33 King street west, and is attracting the attention of hundreds of ladies. The superb pattern hats imported from Paris, London and New York need to be inspected before an adequate conception of their daintiness can be formed. With rare judgment and a desire to give Hamilton ladies something special, Miss Kennedy selected these large and small hats that are bound to be winners. They are in fashionable colors, purples, browns, all shades and grey and green. Persian bands and fancy feathers are used on them to good effect, and the paradise and ostrich in new branchings give many new forms that are really artistic.

Pekin, Sept. 20.—An Imperial edict was issued to-day, authorizing Prince Pu Lan, who was Chinese envoy at the St. Louis Exposition, and Sun Chi Ansi, in operation with the grand council, to frame regulations for the establishment of a council of deliberation, to aid the government "so that the foundation may be laid for a parliament."

Armed Men Watch Entrance of Apostolic Palace.

Rome, Sept. 20.—This being the 37th anniversary of the occupation of Rome by the Italian troops, and the fall of the temporal power of the Papacy, all the armed men in the Vatican were detailed to watch the entrances of the apostolic palace or to patrol the garden and court yards, considerable anxiety being felt regarding the possibility of hostile demonstrations, in view of the recent display of anti-Catholic feeling.

GAVE TO CHURCH.

But the Money Was Stolen and Now He is In Trouble.

Nashville, Tenn., Sept. 20.—The mystery of the disappearance here last October of two packages containing \$7,820.70 from a car of the Southern Express Company, was explained yesterday in the arrest of J. L. Smith, who confessed. Five thousand dollars of the money was found buried under his house. Smith is a mechanic, and took the packages while making repairs on the car. He is an active member of a local church, and his recent liberal contributions to it attracted the attention of detectives.

MR. A. G. MACKAY, M. P. P., Likely the Ontario Opposition's New Leader.

Mr. Alexander Grant MacKay, one of the fighting band of Liberals in the Ontario Legislature, was born in Sydenham township, Grey county, in 1860, of Highland-Scotch parents. He was educated at Owen Sound Collegiate and at the University of Toronto, graduating in 1883. For four years he was principal of Port Rowan High School, and during the next four years he studied law. Mr. MacKay was called to the bar in 1891, after a brilliant course, and so speedily did he make himself known as a leader that in 1894 he was appointed Crown Attorney for Grey, an office held by him till 1901, when he resigned to enter politics. Mr. MacKay was first returned to the Legislature in May, 1902, and in November, 1904, joined the Ross Administration as Commissioner of Crown Lands.

LEADER MACKAY. PUT MONEY IN OIL WELLS.

Chosen Head of the Ontario Opposition By Members To-day.

Toronto, Ont., Sept. 20.—(Special)—The Liberal members of the Ontario Legislature unanimously selected Mr. A. G. MacKay, M. P. P., of North Grey, as their leader at a caucus, held at the headquarters of the General Reform Association of Toronto, this morning.

Hon. Geo. P. Graham, who is retiring from the leadership as a result of his selection for the portfolio of Railways and Canals in the Dominion Cabinet, was present, and formally presented his resignation. This was accepted, and the caucus elected Mr. MacKay.

ENDED HAPPILY.

Mabel Ayers Is Now Wife of William Lewis.

Among the September weddings of this week is one which makes a happy sequel to events which brought two young people into public notice a few weeks ago. On August 27 the newspapers recorded an attempt made by William Ayers' eighteen-year-old daughter, Mabel Adelina, to end her own life. It was over a lover's quarrel. She and William Lewis were engaged but they had had a spat and parted. The young lady was so grieved that she decided to end her life. Her attempt, by taking carbolic acid was nearly successful, but medical skill saved her and a day or two later she and Lewis kissed and made up. On Wednesday, in the Church of the Ascension they were quietly married by Rev. Canon Wade. Many friends wish them much joy. They will reside in this city.

AN INTRUDER.

But He Disappeared Before the Police Got There.

A telephone message was received at No. 3 Police Station at 12.45 this morning from Dr. Dillabaugh's residence, Gore and Hughson streets, asking that men be sent there, as burglars were in the house. Sergt. Pinch and Constables Duffy and Bottles went down, and looked over the premises, but found no one there. Mrs. Dillabaugh had been aroused from her sleep, and saw a man in her room. She yelled, whereupon he made himself scarce.

The Man In Overalls

There should be law enough in this country to suppress these false alarms about the sandusucker. Dundas will keep open house to-morrow. Don't miss the fair. The ward system is the honest system. The Board of Works may now be said to have no visible means of support. I suppose it is settled that we will have to shovel the snow off the sidewalks this winter as usual. Suppose we all strike. No wonder horses run away in the Jolley Cut. You should go up and take a look at the roadbed. The weather has helped Gardner Duncaun to keep things looking nice on the Gore. But he does a lot himself. Even the Tories are picking holes and pointing out the dead wood in Borden's somewhat notorious platform. Thanksgiving Day and Halloween are what might be called a 2-in-1 holiday this season. The horseshoe curve is a new one on the baseball fans. Let the Sunday cars ease up a little when passing the churches. There is no need for such hurry on that day. Some of the preachers can't even hear themselves speaking. Have you noticed a lot of half-nude lads fleeing along the streets after dark? For myself I don't think there is much in either the Henry or Nelligan cases, but let the investigation be thorough. If anything is wrong I want to know it. Hon. Mr. Pugsley seems to know a thing or two about the crooked Tories. His speeches will make good reading. The Brockville Times has reached the conclusion that the stuffed Trenton assessment roll was a sort of inspired volume. Everybody thinks he knows how to run a newspaper and some newspaper men seem to think they can run the sandusucker better than the men who are running it. There must be a soft spot somewhere in the make-up of their anatomy. Look out for some "coming men" candidates for Mayoralty and aldermanic honors. The new fire engine treated old Sir John Macdonald to a much-needed bath yesterday afternoon. Now, no swearing. The Tories are complaining that the Labor men in the City Council are putting on too much side. They also refuse to take orders from the Con. Club. Mr. Borden is not making much noise by way of replying to Mr. Pugsley's assertions. There appears to be no end to newspaper fakes. Next thing we will be getting a shave with each newspaper. The Labor men who refused to honor the King at the Winnipeg banquet did not do their cause much good. Even Keir Hardie has a good word to say for good old King Edward.

ARE CONFERRING OVER HERKIMER STREET CASE.

Aldermen Hope to Effect a Settlement---What Will They Do With Barrow?

The Board of Works aldermen have come off their high horse over the Herkimer street case. Yesterday they held a little hole-in-the-corner meeting—a bad habit the members of this year's council has fallen into since their unbusiness-like methods of handling city business have been exposed—to discuss what should be done. The other night they took a very haughty stand, confident that "the street railway will come to us." Mr. A. Levy, representing the company, was present, and the question of the five-foot devil strip for special work at various points was discussed. The aldermen thought the company should pave with vitrified brick between and for two feet outside the rails at the two crossings, Queen and Herkimer and Herkimer and Locke streets. They also wanted the company to contribute towards fixing up the street. Mr. Levy said he would see what the company would do. This morning he informed Secretary Brennan the cost was out of all proportion to what the company felt called upon to bear. The city officials, however, still hope that some arrangement can be made that will satisfy both sides, and Secretary Brennan will have a conference with the company's solicitor this afternoon.

LYNCH THEM.

Crowd Wanted to Do That With Russian Murderers.

Yausanne, Switzerland, Sept. 20.—The crime committed at Montreaux Wednesday by two Russians, who entered the local bank, killed the cashier and fled with a sum of money, and wounded four of their pursuers, before they were captured, is attracting public attention again to the question of the advisability of extending asylum in Switzerland to Russian refugees, who, according to the characterization of the newspapers, exercise the profession of highway robbery under the cloak of politics. The two men arrested at Montreaux Wednesday were brought here yesterday. They were met by a hostile crowd at the railroad depot and an attempt to lynch them was made. Two other Russians have been taken into custody on suspicion of being accomplices in the bank robbery.

FAREWELL GIFT.

Last evening the members of the B. Y. P. U. of Ferguson Avenue Baptist Church met at the home of their pastor, Rev. James Bracken, 366 King street north, to do honor to his eldest son, who is leaving the city to pursue his studies for the ministry in McMaster University, Toronto. He was presented with a suit case, also an address, to which he made a suitable reply. The evening was spent very enjoyably until about 11:30, when light refreshments were served, and the people dispersed to their various homes.

ADAM BECK TO RUN IN WEST HAMILTON.

Such is What Conservatives Who Are On the Inside are Talking.

Trouble Over Hydro-Electric Scheme May Cause Many Changes.

Behind the innocent announcement that Hon. Adam Beck, of London, would soon make Hamilton his home, is a story that has set the politicians gossiping and prophesying of the changes that will take place by the time Premier Whitney is ready to appeal to the country again. The report has John S. Hendrie retiring from the Provincial field at the end of his term as threatened split in the Cabinet over the Hydro-Electric scheme, and Mr. Beck running in Mr. Hendrie's constituency at the next election. The story published some months ago of the tiff among Cabinet Ministers over the power question is substantiated by a politician here, who knows something of what is going on behind the scenes, and who declares that the trouble is not all over yet. Mr. Beck, when in Hamilton two or three weeks ago, announced that the contract for power would be signed by the Government within a few days. The delay is causing considerable talk, and lends color to the statement that Premier Whitney and some of his supporters are not thoroughly in accord with the scheme in its present shape. Colonel Hendrie, Hamilton's member for West Hamilton, is said to be rather indifferent about it, and it is rumored that this, or his tardiness in expressing a willingness to sign the contract, does not meet with Mr. Beck's approval. The story of the threatening trouble is vouched for, and unless it is smoothed out it is promised that London's member will cause an upheaval. In Mr. Beck's rumored decision to make Hamilton his home, these politicians see another reason for arguing that the member from London and the member from West Hamilton do not see eye to eye. They ridicule the theory that Mr. Beck has tired of Provincial politics, and is looking ahead to the Dominion field. The fact that he is to establish a factory here is also looked upon as something more than a mere business transaction, a move to make himself solid. In the meantime, however, Mr. Beck will be a resident of London for some months yet. That Colonel Hendrie will retire at the end of his term is said to be practically assured. Even some of the strongest Conservative politicians say he would have his work cut out to be elected again, owing to the dissatisfaction over the distribution of patronage here. Some of the great moguls of the party are accused of doing the distributing on their own hook and ignoring the workers. The Asylum patronage has caused all sorts of trouble. A deputation of Tory politicians waited on Colonel Hendrie in connection with this, it is said, to read the riot act. He is reported to have told them curtly and courteously that the Asylum patronage was a Provincial matter with which the local executive had nothing to do, and that further when his term was up they could look for another candidate. The appointment of Dr. Murray English, of London, to the position of Superintendent of the Asylum, in preference to Dr. Wilson, brother of the defeated member for North Wentworth, or any Hamilton politician, was one of the chief causes of trouble. Mr. McNaught, M. P. P., one of the Hydro-Electric Commissioners, told the Toronto World yesterday, after a long talk with Whitney, that there was much trouble over the Government's contract for power, which, it seems, has not yet been signed. He says its framing is a matter of great difficulty. A month ago Hon. Mr. Beck stormed a deputation of municipal representatives upon approving of it, while refusing to produce the contract. At that time he professed to regard it as completed, but his refusal to produce it led the Brantford delegate to criticize the scheme and its sponsors very severely. Now it turns out that the contract is not ready, and there is no end of trouble about it. Mr. McNaught does not know whether anything can be done about it this year. The whole matter is still "up in the air," or, as Mr. McNaught says, "in the somewhat delightfully vague phrase, 'ata qua.' This fits in with the information that the cabinet is not agreed on the fact, and that Beck is souring on his colleagues because they won't stay by his pet scheme. The more it has been considered by practical men, the wilder it has appeared, and now that the extravagant promises of Mr. Beck cannot be implemented, it would not be surprising if Whitney's Ministers. Mr. Hendrie included, should decide to let the matter drop in the quietest way possible, even at the cost of Mr. Beck's reputation as "Minister of Power," a title he has gloried in. And that Mr. Beck apprehends some such denouement is amply indicated by his recent utterances. Keep your ear to the ground; you may hear the rumble.

DID IT EASILY.

Automobile Demonstration That Resulted In Court Case.

There was a peculiar case at the Police Court this morning, when Albert Goering, of the automobile garage, King and Bay streets, was charged with running his auto on the sidewalk in front of the Waldorf Hotel on Tuesday evening. He pleaded guilty, but wished to explain. Some men at the Waldorf doubted his ability to run the machine along the sidewalk and into the Waldorf Hotel, but when he landed his party in front of the door, and asked some one to open the doors, they yelled "enough." The Magistrate said that as it was a demonstration, and no one was endangered, he would let it pass, but he recommended defendant not to do it often. The demonstration was made in a Maxwell runabout. The horse trading case of Jobborn v. Trudgen was put on the card for Monday next, as both sides were agreeable. The 2 T's will be out to-morrow between 11 a. m. and 1 p. m. Wonder what they are up to now, must keep on the watch for them, King and James.

T. Goodale, Mrs. L. Campbell, Miss E. Thompson, Mr. and Mrs. W. Waddell, Mrs. Mary Hopper, Mrs. M. Elms. Mr. and Mrs. J. C. Hill went to Cleveland. Mrs. K. Bagwell has gone to Portland, Oregon.

NO PIGEON CLASSES.

At a meeting of the Hamilton Poultry Association held last evening, it was decided to cut out the pigeon lists from the poultry show to be held here in the winter. In place of the pigeons there will be added classes for old English games. The prospects for a good winter show are bright this year.

NAKED AND UNASHAMED.

The North End Improvement Society last night listened to a discussion of the at-large and ward systems of voting for aldermen, which ought to prove enlightening. It was one of those discussions in which strong reasons in the public interest are offset only by pleas in the interest of political and other party cliques.

EDITORIAL NOTES.

The overdraft thrives this fine fall weather. The teachers—beg pardon—professors of the University of Toronto are to have their salaries increased to \$4,000 a year. What a snarl!

and others, are sometimes guilty of, and which show great lack of discrimination, and utter failure to appreciate the harm that may result from their reckless generalizations.

Mr. Borden need not think that Hon. Mr. Aylesworth is to be bluff. That gentleman had a few things to say of him at the Essex Liberal picnic yesterday, which the Tory leader and his organs will not like.

Some of the European Socialists have queer ways of showing their hostility to the established social order. Baroness Grippenberg, of Finland, in a recent magazine article on the women members of the Finnish Parliament, says that the Socialists elected six women of bad reputation to the parliament merely to show their contempt for established society!

The Peterboro Examiner says that the Bell Telephone Company is entitled to great credit for the excellent condition in which it has left the streets in which it has opened and closed trenches for the placing of its system of underground conduits.

Mr. McNaught, one of the Hydro-Electric Power Commissioners, says the Government's contract for electric power—which, by the way, the municipal representatives long ago voted to approve, knowing nothing of its terms—is not yet settled.

Notwithstanding the good work done by the Trades Disputes Act much adverse criticism it has from time to time appeared in the Tory press, some of it through animus and not a little through ignorance of the provisions or intent of the Act.

Mr. Nathan Straus is one of the benefactors of his race. He does not build libraries or provide public parks for the people, but he does something just about as good. Fifteen years ago, we are told, Mr. Straus began selling Pasteurized milk in the poor quarters of New York and giving it away to mothers too poor to buy it.

England has an organization for the promotion of goat culture.

Toronto, which worships at the shrine of the public ownership and operation of parks, does not seem to be able to efficiently manage even her public parks!

The new commercial treaty with France has been completed, but its terms will not be made public till it is laid before parliament.

But it might not be wise to proceed on the theory that the peach crop is not a short one. Undoubtedly in this district there is not 50 per cent. of the average yield.

The at-large machine aldermen rallied for a grand effort to defend the system last night. "We advocate it because it makes us possible as aldermen," was their general sentiment.

Where was the great Hamilton crowd that the Times was going to bring to Dundas to the Grit picnic? Hamilton Grit people evidently do not take kindly to water—Dundas Star.

Not backward, anyway. Brockville Liberals have nominated W. A. Lewis, a local barrister, to contest the seat vacated by Hon. Mr. Graham.

The Liberals of the Legislature are in session to-day considering the question of a leader to succeed Hon. Mr. Graham. The position offers an excellent chance to rise and while the salary is not large the opportunities for effective work are most inviting.

The Secretary of the Ontario Board of Health has created a sensation by declaring that the sanitary conditions of the canning factories in the Niagara Peninsula are disgusting.

GROWTH!

In spite of the scarcity of houses, and kindred difficulties likely to affect the house-furnishing trade, the business of this store is exceeding even the tremendous gains of a year ago.

In some places this might be considered remarkable, but we do not consider it so. Since its beginning, this store has gone steadily ahead, making great records, and the next year always beating the last.

Part of the reason, of course, is the growth of the community, but the real and soundest reason is that we never sell any goods not calculated to bring the customer back again.

To have the quality of the merchandise high, the prices low, and the details of service peculiarly good, are three conditions for which we strive, and on which we base the success of this business.

There are faults sometimes. There always will be faults, so long as it is human to err, and we must depend on humanity. But the disposition is to eliminate faults wherever possible, and the desire is to correct them immediately as soon as they occur.

This manner of conducting this business has brought us such success that we are determined more than ever to insist on our goods being always the first quality, the prices reasonable, and striving always to give the very best service possible.

IN THE WORLD OF AMUSEMENT

Mr. Lorimer has accomplished the marvellous task of appealing successfully to all classes of people. Those who regard the theatre as a place to be avoided, except when used for lectures, bazaars or a commencement have been convinced that "The Shepherd King" may well take the place of an illustrated lecture on Bible history; and those who would not be inclined to seek religious drama have casually dropped in to witness "The Shepherd King" and have been forced to admit that it is a masterpiece of dramatic art and conscientious exactness in all matters pertaining thereto. The piece must take the front rank in its romantic interest, its wonderful love-story, and the splendor of its settings. "The Shepherd King" is one of the most remarkable dramas of the decade, and in producing it, Mr. Lorimer has accomplished a wonderful work.

The cast comprises the following well-known players: Mr. Carl Eckstrom, who plays David; Mr. Charles Kent, Mr. Percival Lennon, Mr. Harry McClain, Miss Helen Holmes, Miss Adelaide FitzAllen, and others of prominence in the profession. The sale of seats opened to-day.

At Bennett's Theatre.

Next week Bennett's will present a racing sketch which is considered without a rival in the vaudeville world as a laughter provoker. Manager Driscoll has been at his wits' end to find a gag old enough and scrappy enough to fill the part to perfection. He is inviting subscriptions of old nags who are to be contributed to the glue works in the near future, and the only stipulation he makes is that the horse shall be just strong enough to hold up for the week. The act will be called "The Sailor and the Horse," and the other principal will be Harry La Rose, the famous comedian. Another act that is going to tickle everybody that sees it is that put on by Mr. and Mrs. Allison, entitled, "Minnie From Minnesota." Other acts will be Jules Garrison, in his excitingly funny burlesques of Shakespearean characters, Dillon Brothers, parody monologists, and the Tennis trio, with a first-class musical act.

The great debate amongst theatre-goers is how Carlotta dares to risk her life on a flimsy bicycle around a treacherous loop. There can be no question of the dare-devil nature of the act, and its exacting demands on the artist. Last night, after she had bowed to the audience and retired to her dressing room, she collapsed, and it was some time before she came round again.

"Desperate Chance" To-morrow.

"A Desperate Chance" will be presented at the Grand to-morrow afternoon and evening. The play, by Theodore Kremer, after the escapade of those notorious criminals, the Biddle brothers, from the Pittsburgh jail, conceived the idea of writing the story of their life and placing it upon the stage. The story begins with their first crime, the murder of the old groceryman, and from that time on to their tragic death their history is fully depicted in this play. In the drama the story is told with enough variations to render it pathetic. It is a great moral lesson to both young and old.

A Good Rural Drama.

The worst thing about the melodrama, "Jessie Left the Village," presented at the Grand last night by Mittenfall Bros. company, was the title, and the best thing was the scenic effects. The play was never seen here before, and it was better than any of the thrillers seen here this season. The plot is a good one, and the play was presented by capable people. The scenic effects were very fine. One of the best scenes was the engine room of an ocean liner, and real engines were at work.

The play is being presented this afternoon, and the closing performance will be given this evening. Those who like melior drama should not miss seeing it.

At the Savoy.

The Savoy management next week will offer a bill of exceptional novelty and attractiveness. Mrs. Egan's Society Circus Horse and Vinella's boxing stunts is a splendid animal act that is sure to delight and please. Charles Kenna, one of the brightest and most original monologue artists in the business, will be accorded a hearty welcome in Hamilton. His act is entirely original and said to be one of the brightest things of the season in vaudeville. W. S. Harvey and company, in his original novelty act and the Max Tourbillon troupe of European acrobatic cyclists will be two exceptionally strong acts. In Edith Helena, the special added attraction, Manager Appleton will present one of vaudeville's greatest feature, said to be the world's greatest soprano. The following from the Illustrated London News is one of the many appreciative notices received during her marvellous performance in London: "The newest engagement at the Empire Theatre is that of an American vocalist, by name Miss Edith Helena, who is described as a 'phenomenal soprano,' and certainly has a voice of extraordinary range and flexibility as well as fine quality. Her choice of songs, as offered last Monday evening, includes an excerpt from 'Rigoletto,' brilliantly rendered, and 'The Last Rose of Summer,' concluded with a cadenza, at the end of which Miss Helena easily reaches the topmost F. But her final performance is the most remarkable.

To Present Creation.

A meeting of those interested in a production of Haydn's "Creation," with a chorus of 500 voices, was held last evening in J. Fackin McDonald's store. Mr. James Egan was appointed temporary secretary, and he and Mr. George Robinson, the conductor of the chorus, were appointed a committee to look for a room large enough for practises. As soon as such a room is found, practises will be commenced, and the work gone on with. There was a fairly good turnout of those interested in the movement.

Marie Cahill, in "Marrying Mary," will come to the Grand on Sept. 30, after her long run at Daly's Theatre, New York, where she broke all the old records for business established by "The Geisha" and "The Runaway Girl." It will be remembered that "Molly Moonshine," the former vehicle of this popular comedienne, scored a triumph. And every one who has seen "Marrying Mary" agrees that it is a better musical play than "Molly Moonshine." Edwin Milton Royle, who wrote the latter play, is also the author of the former, and the music is by Silvio Hein. The lyrics are by Benjamin Haggood Burt. In Miss Cahill's very strong supporting company is Eugene Cowles. The famous "long-skirted" chorus, which can really sing, is also with Miss Cahill.

Dr. F. E. Button, business agent for Shields' Chicago Biograph Co., which will give performances in Association Hall next Friday and Saturday, arrived in the city last night, and advised the committee of the Veterans Fire Department that the chief operator will arrive here on Monday to take moving pictures of the Hamilton Fire Department in action. The "Vets." have arranged for an exhibition run on Monday at 4 o'clock. The pictures will be taken at the Gore extension. The pictures will be shown in connection with the Hale's Fire Fighters.

Tickets for the performances may be had from the members of the Veterans' Association, and at the following places: Hennessy's drug store, Zimmerman's drug store, Anderson's music store, Teeter's drug store.

Shea's Autumn Opening Attracted Great Crowds

Who Saw Splendid Stock of Exclusive Styles in Millinery and All Lines.

Shea's was the centre of attraction at the millinery openings, and the magnificent display and costly millinery was greatly admired. The most fashionable colors are purple, brown of all shades, toupie grey, combined with green, emerald green and magenta for trimming. Persian hands of all descriptions are used with finest effect on pattern hats. Fancy feathers of all descriptions and in novel effects are the season's most conspicuous success. Coque feathers in the bow form make very charming hat trimmings. One very beautiful model is a large mushroom effect, very long at the back, with trimmings of shirred velvet ribbon around the crown, and wonderfully striking mounts, with two fancy pearl ornaments. Another much admired hat was a large black velvet pattern, wide back, turned off at side front, and trimmed with four blue plumes, a scarf of tulle around crown and two jet pins. A very noticeable pattern was a two-toned blue and green silk hat, with blue velvet binding and blue and green shaded coque feathers.

Another department that had many visitors was the mantle department. There was an assortment of mantles imported direct from Berlin, where they were bought by Mr. Shea, who has had a great deal of experience in buying this line. The coats for this fall are long and full, and are elaborately trimmed. Large sleeves, similar to the bishop sleeve, are being worn. The colors that will be fashionable are brown, fawn, tan, moles shades.

A large number of suits from New York were sold yesterday, and the supply will be duplicated later. No output has been the demand. The entire lot of infants' coats in London and Berlin has been purchased by Mr. Shea. A large number of New York skirts were shown; voiles and Venetians. Cluster pleated, with bias folds, predominate.

In the waist department there were silk, net and lace waists in profusion at moderate prices, too. Many different styles were shown. In neck fur, mink and brown squirrel and Isabella fox, mink marmot and genuine mink styles were exhibited and the prices were very reasonable.

The dress goods department is showing many lines of staple and fancy Venetians, stylish tweeds, in large shadow plaids, with a decidedly small check. The tweeds will be very popular this year. There are many beautiful lines of black dress goods being shown.

Many new importations in the table linen department attract attention. Mr. Shea's foreign buyer was able to get large quantities of household nappery at reasonable prices before the prices advanced, so that patrons of this store will be sure to receive many good bargains.

BAL POUDRE.

November 22 Has Been Decided Upon as Date.

St. Elizabeth's Chapter, Daughters of the Empire, met in the Board of Trade rooms yesterday afternoon to further the arrangements for the bal pou dre to be held in the Waldorf Hotel on the evening of November 22. Mrs. W. R. Davis, Regent, presided. Mrs. R. O. Mackay, Treasurer, will have charge of the issuing of tickets, which will be placed in the hands of the members, from whom they can be procured.

A committee was appointed to look after decorations, etc., and other committees will be formed later on. The event promises to be a great success.

When does a son not take after his father? When his father leaves him nothing!

NEXT MONDAY.

Mr. F. E. Button, business agent for Shields' Chicago Biograph Co., which will give performances in Association Hall next Friday and Saturday, arrived in the city last night, and advised the committee of the Veterans Fire Department that the chief operator will arrive here on Monday to take moving pictures of the Hamilton Fire Department in action. The "Vets." have arranged for an exhibition run on Monday at 4 o'clock. The pictures will be taken at the Gore extension. The pictures will be shown in connection with the Hale's Fire Fighters.

Tickets for the performances may be had from the members of the Veterans' Association, and at the following places: Hennessy's drug store, Zimmerman's drug store, Anderson's music store, Teeter's drug store.

VISITING NURSE.

An Excellent Work Is Being Done In Hamilton.

What is the city of Hamilton doing for the prevention of tuberculosis and the relief of those suffering from the disease? Ever ambitious and progressive, Hamilton is the only city in the Dominion possessing a municipal sanitarium for the treatment of pulmonary tuberculosis. Soon there will be established in the city a hospital for advanced cases of consumption also, thanks to the generosity of a prominent citizen.

The work that has been and is being accomplished at the sanitarium is well known to all, and needs no comment, but there is another branch of the work of the Health Association that is carried on in such a quiet, unobtrusive way that it is not so familiar to the general public. It is the work of the visiting nurse, Miss Renton. All cases of tuberculosis that come to the notice of the physician in charge of the sanitarium are referred by him to Miss Renton, who is requested to go to ascertain their condition by taking their temperature, pulse and respiration. She then reports to the physician, who decides whether the case is a suitable one for sanitarium treatment, or whether home treatment would be preferable. There are generally from 20 to 25 names on the nurse's visiting list. Patients who are confined to bed are visited daily, and receive every attention that can be given during her visit. Those who are not so ill are visited two or three times a week. If any family visited is found to be in needy circumstances, the case is reported to the Health Association, and the wants of deserving families are promptly supplied. It is the duty of the visiting nurse to see that each patient who is unable to pay is supplied, free of charge, with a sputum cup, refills and paper handkerchiefs; explicit directions are given as to the use of those articles, and in regard to the care of the sputum, so that the patient may not become a source of infection to those around him. The patient and other members of his family are taught the value of fresh air, wholesome food, rest and cleanliness. The services of the visiting nurse are free to all who make application to the sanitarium physician. Excellent work is being done in a quiet way, and Miss Renton finds her time very fully occupied.

Dr. Unsworth will be at the City Hospital on Thursday at 11 a.m., and will examine, free of charge, all who present themselves for examination.

The service held on Wednesday of last week was well attended, the minister for the day being Rev. J. A. Wilson, of St. Andrew's Presbyterian Church.

Several ladies representing the Auxiliary Board of the Health Association, also several representatives of the Daughters of the Empire, paid a visit to the sanitarium last week to ascertain what was needed in the way of furnishings for the Grafton Infirmary, which will soon be finished.

The following donations are acknowledged with thanks: Mr. Geo. H. Armstrong, clothing; Mr. Dark, basket of apples; Mrs. Goddall, two baskets of plums, dishes; Mrs. J. A. Mullin, magic lantern and slides; Mrs. T. H. Husband, two baskets plums; Mr. C. S. Wilcox, clothing; Mr. Maclellan, one basket plums.

Visitors: Mrs. J. A. Mullin, Miss Helen E. Mullin, Rev. J. A. Wilson, Mrs. W. R. Davis, Mrs. T. H. Husband, Mrs. Gurney, Miss Watkins, Mrs. P. D. Slices of hard, crisp toast.
Cup of Postum Food Coffee (be sure to boil it 15 minutes and it's delicious).

Let these articles constitute the breakfast, a luncheon or supper, and nothing more.

INJURED AT LUCAN.

Lucan, Ont., Sept. 18.—On Wednesday afternoon of last week E. Kitchen, an employee of the Bell Telephone Company, fell from a tree, which he was going to prune, striking a picket fence in his fall. Fortunately for him, the fence was an old one. He had some ribs broken and otherwise badly bruised. He is under the care of Dr. Orme here, and doing nicely.

AYLESWORTH AND BORDEN.

Minister of Justice Declares That the Opposition Leader

Will be Disqualified If Charges Against Him Are Proved.

Windsor, Sept. 19.—The feature of the joint picnic of the South and North Essex Liberal Associations, held at Barber's Grove this afternoon, was the militant speech of Hon. A. B. Aylesworth. The Minister of Justice was merciless in his steady fire of criticism of the methods of political warfare to which Mr. R. L. Borden and his touring supporters have resorted from first to last. Mr. Aylesworth was unreserved, frank and unhesitating in his handling of the Conservative campaigners and their tactics. He carried the war into the enemy's lines; he turned all the weapons at his command upon them, and he showed to all who followed him how flimsy were the fortifications behind which the foe sought refuge, and how poor the ammunition the enemy had been using. As it was with Mr. Aylesworth, so it was with all the other speakers; aggressiveness, in fact, was the keynote of the whole meeting. Mr. A. G. McKay also spoke.

Hon. Mr. Aylesworth, after a graceful acknowledgment of the greeting accorded him, spent almost an hour in a discussion of the scandal campaign being conducted by the Conservative leaders and press. One material influence in this campaign undoubtedly was that of the seventy Conservative members in the House of Commons forty-seven were from the Province of Ontario. These men hoped to win the country to their side by just the same campaign of vilification that was waged in the last Provincial elections. A year ago, he proceeded, the Liberals had repudiated North Bruce, and only yesterday Hon. Dr. Pugsley had been returned by acclamation in the County and City of St. John, N. B., where at the last elections there had been a Conservative majority of over 800. In spite of the plea of their leader made in the city of St. John a month ago, and the slender campaign since, the negatives of the riding, knowing that if they had opposed Hon. Dr. Pugsley they would have gone down to ignominious defeat, had run away without even nominating a candidate.

Deliberate Policy of Abuse. Then he turned his attention to Mr. Borden. During the last few weeks, if never before, the Opposition leader had lent himself, apparently with a willing heart, to the task of mud-throwing and general abuse.

Speaking at Chatham recently, Mr. Borden had in the course of reference to the result of the general elections as they affected the Province of Nova Scotia, stated in effect that his own among other constituencies had been debauched, and that Hon. Mr. Fielding knew of these things and participated in them beforehand. "I felt indignation when I read those words," said Mr. Aylesworth. "I know Mr. Fielding, the people of this country know him, and I venture to say that there is not an honest and right-minded man who does not believe that Hon. Mr. Fielding is as pure and honest a statesman as ever drew the breath of life."

"Last week at a public meeting in the town of Dundas I read an extract from Mr. Borden's speech, and I had a word or two to say by way of answer. Since then the newspapers of this Province have been profuse in their accounts of challenges to wordy war and combat from Mr. Borden to myself. I was waited upon not long ago by the representative of a Toronto newspaper, who wanted to know where I would meet Mr. Borden. I had no other answer to make than that I had met him before on the floor of the House of Commons and would meet him there again. Mr. Borden will be welcome if he comes to any meeting where I happen to be present. I shall be pleased to see him. But it is a vain and idle thing that he as champion of the Conservative party should be issuing vilifications throughout the country and challenging its opponents to meet him. Does he mean going to follow him? I am here, let him come."

"I said before, in referring to Mr. Borden, that he had better look to his own case. I said what I am prepared to uphold anywhere and before any tribunal in this country, that certain statements of what the petitioners in the Halifax election case said they could prove with regard to Mr. Borden's own connection with corrupt practices at the late Dominion general elections had been submitted to me, and I expressed my opinion on those statements, as any lawyer might. I said what I repeat today, that if these things were established at the trial Mr. R. L. Borden would stand disqualified for eight years from the House of Commons in Canada."

In the eyes of Mr. Borden and his supporters, Mr. Aylesworth continued, it would seem that the speaker had been guilty of a crime only to be compared with the charges against which European monarchs were so touchy, because he had ventured to say of Mr. Borden something much less harmful than that gentleman had said of Hon. Mr. Fielding. "I have been attacked right and left," he proceeded, "not merely by Mr. Borden, but by party newspapers as well, but the proof is not upon me. I know nothing personally about the affair. I simply know what it is which the petitioners against Mr. Borden say they have proof of, and I have said to them, as I say to the people of this country, if you can establish that you can succeed in your petition and you can disqualify Mr. Borden."

Mr. Aylesworth made no claim to being a prophet, and especially in regard to the result of litigation, his 30 years' experience as a lawyer having proved the un wisdom of that. "I do not know what Mr. Borden's answer will be," he said. "He tells me from the public platform that there is no truth or foundation for them. If he says that in the witness-box he will be the subject of a cross-examination, and I decline to express any opinion as to the result of the cross-examination."

He wanted the leader of the Opposition to understand that if he preferred to fight political battles by such methods as those followed in his speeches at Chatham and elsewhere he need not expect to escape scot free. He would not hesitate to speak his mind to him at any place or at any time, before his

face or in his absence. At Peterboro' Mr. Borden had said that Mr. Aylesworth was a discredit to Canada. On the floor of the House he had told Mr. Borden that he attached very little value to any opinion he might form of him. It might be that he (Mr. Aylesworth) had a little prejudice against Mr. Borden because he is a comparatively recent convert to the Conservative faith. In any event, that gentleman was welcome to his opinions. The speaker took comfort in the thought that they were not the opinion of the country. When he was told of Mr. Borden's conduct he stood discredited before the people of Canada. As the Conservative leader had not been able to find, even in his own native Province of Nova Scotia, a single constituency that had any confidence in him, "Is he the man," asked Mr. Aylesworth, "to say that I am a discredit to Canada in my position? I reciprocate the compliment."

Gamey Told to Go. Mr. Borden had stated that before there was any repetition of remarks respecting disqualification Mr. Aylesworth had better devote some little time to explaining his connection with the Gamey affair. "Well," he continued, "I say to Mr. Borden it will take me no longer to explain my connection with the Gamey affair than it will take him to explain his connection with the LeFurgey-Fowler-Pope affair, much less, in fact. He spent an hour in the House explaining it, the sum and substance of his statement being that he knew nothing of it, and I say the same about the Gamey affair." Reference was made by Mr. Aylesworth to editorials in the Conservative papers, the lesser lights following the lead of one of the larger organs, attempting in some way or other to connect him with the affair. The sum of their attempt apparently, for it was almost impossible to understand them, was in effect that Gamey when he was, as he said, looking for a purchaser, had come to Mr. Aylesworth's office to ask for money and had been told to leave the room.

What About Mr. Hugh Graham? Continuing, Mr. Aylesworth said Mr. Borden had demanded that he be indicted upon hearsay or street gossip, but upon sworn testimony, and he was declining against his political opponents that they were corrupt and refused to purify the election laws of the country. The people had a right, therefore, to know whether that gentleman practiced what he preached. Some two years ago an action was brought in the courts of the Province of Quebec, in which Mr. Hugh Graham, a wealthy man and proprietor of the Montreal Star, was concerned as a witness. He was a great admirer three years ago of Mr. Borden and was a most liberal contributor to the Conservative election funds. His sworn testimony was that out of his own pocket he had contributed \$30,000 to the organizer of the Quebec district, not the Province of Quebec, but the district surrounding the city of Quebec. He gave not only that district, however, but to other districts and other Provinces. Outside of the section named he did not tell the amount of the other aid or of the districts to which it went.

Planned the Coup d'Etat. "With that statement and challenge," said Mr. Aylesworth, "I think I may say, Mr. Borden, that the beam out of your own eye before you look for the mote in mine." In the 1904 campaign, with the funds then at his disposal, and which they had no difficulty in obtaining, the Conservatives had planned a coup d'etat, by which Mr. Borden and his party were to be expelled from power. They had arranged as part of it the resignation of Mr. Blair. A like amount raised in each constituency would give an aggregate of \$1,000,000 a year. Sir John Macdonald had been turned out of power largely because he had demanded by telegram a movable sum of \$10,000 to be used for election purposes. Mr. Borden was apparently determined to build better even than his great protagonist.

THIRTY WERE KILLED.

A Disastrous Wreck on Mexican Central Railroad.

Mexico City, Sept. 19.—There has been a disastrous wreck on the Mexican Central Railroad. A freight train and a passenger train came into collision at Encarnacion, near the city of Aguas Calientes, and it is reported that thirty persons were killed and many injured. The passenger train was the regular El Paso express, which left that city on Tuesday. No train from the United States has come in to-day over the Central, but one is expected to-night. It is impossible to get further details of this wreck at the moment. The railroad officials here admit that the wreck occurred, but refuse to talk of the matter.

THE BRITISH CRIMINAL.

Leader Begs Canada Not to Reject Him Altogether.

London, Sept. 19.—Referring to Lord Strathcona's correspondence to the Under Secretary of State for the Colonies respecting the sending of offenders to Canada instead of sentencing them, the Leader says it is to be hoped that the colonies will not draw the line too strictly, merely on the ground of amour propre. There is plenty of evidence that the moral which were unable to stand the strain of our complex city life have often been invigorated and strengthened by a fresh start under similar conditions. Perhaps Canada's best advantage is that in these cases the magistrate were to invite the opinion of the high commissioner before taking action.

EUROPE RETALIATES.

Manufacturers Will Not Patronise Sydney's Exhibition.

Sydney, N. S. W., Sept. 19.—The idea of holding an international exhibition at Sydney will probably be abandoned in consequence of the receipt of a cablegram from the New South Wales agent in London, stating that in consequence of the hostile character of the new tariff no support can be expected either from British or continental manufacturers. The Government has accordingly withdrawn requests addressed to probable exhibitors regarding the latter's special requirements.

Will Represent Westmoreland as Long as Wanted.

When the People No Longer Desire Him He Will Cheerfully Retire—Opening of Hall's Creek Bridge Near Moncton.

Moncton, N.B., Sept. 19.—At the reopening of Hall's Creek bridge, near here, to-day the interesting part of the proceedings was the statement made by Hon. H. R. Emmerson, ex-Minister of Railways, to the effect that he would continue to represent Westmoreland as long as the people of the county wanted him. He said: "An idea seems to have got abroad that because I have resigned the position of Minister of Railways in the Government I intend to retire from the representation of the County of Westmoreland. Let me say there is honor enough for any man in the County of Westmoreland to represent the county in the Federal House without being enhanced by any portfolio, and so long as the people of the county want my services just so long shall my services be evening. The very moment you do not want me, say so, and I will bow with the greatest good nature, and will retire with all grace."

He expressed gratitude to the people of Westmoreland for the kindness shown him, and said his gratitude would live as long as he lived. He said that he was thinking of these things after death he was sure his time would be occupied in thinking of the many kindnesses shown him.

NO DEFECTS IN BRIDGE CHORDS.

Commissioners at Quebec Made Thorough Search—Will Now Inspect Design.

Quebec, Sept. 19.—The Commissioners visited the site of the Quebec Bridge accident to-day, returning to town this evening. They went through the twisted chords and girders and made a thorough examination. Chord No. 9, which was frequently referred to in evidence, was also examined, as it had been stated that it was damaged by a fall afterward repaired there. The examination to-day, however, revealed the fact that the end of the chord which was repaired was in perfect condition, even after the fall, although there was a deflection in the chord. As matters now stand, all defects seem to have been cleared up. One question is to find out if there was any defect in the design. The taking of evidence will be continued to-morrow.

WOULD LIBERATE LANCASTERS.

Meeting at Wiarion Discusses Case—A Deputation.

Wiarion, Sept. 19.—At an enthusiastic meeting of the citizens of Wiarion, held to-night, in commiseration with the fate of the three Lancasters, a resolution was passed for routing Agnes Thomas' tent, the following representative gentlemen were appointed a committee to circulate a petition for the liberation of the Lancasters: Mayor McEwen, D. M. Jernyn, Dr. Hoke, Dr. Fisher and Gideon Carter. This committee will meet to-morrow night to appoint a deputation to wait on the Minister of Justice to try and get the Lancasters out of jail.

FUNDS FOR MISSIONS.

The Presbyterian Foreign Missionary Estimates.

Toronto, Sept. 20.—For the foreign missionary purposes of the Canadian Presbyterian Church the Foreign Mission Committee, at a meeting held yesterday, decided that an increase of about 25 per cent, over the estimates for 1907 will be necessary for 1908. The increased opportunities in the foreign fields, such as India, China and Japan, are given as the reason for the larger expenditure. This year \$125,000 was appropriated, and for the coming one it will no doubt amount to at least \$180,000. The reports read to the committee gave a most remarkable account of the increasing opportunity of the missionary in the Orient.

TREATY WITH FRANCE.

Mr. Fielding's Cable Announcing That It Has Been Signed.

Ottawa, Sept. 19.—The following cable was received by Sir Wilfrid Laurier this afternoon from Hon. W. S. Fielding at Paris:—The new treaty respecting the commercial relations of the two countries, Canada and France, has been signed at Paris this afternoon. The treaty is signed by King Edward VII. and is a most important one. The details of the treaty are not to be made public at present, and may not be published until late in the year. The French Chamber and the Canadian Parliament. Ministers will leave Paris in a day or two for London, and will call on Liverpool by the Victoria September 27. (Signed) Fielding.

NORTH ENDERS HEAR SYSTEM DISCUSSED.

George S. Kerr's Able Argument In Favor of Electing Aldermen By Ward.

Paying Chairmen Some Speakers Thought Would Solve the Trouble.

North ends last night heard the merits and disadvantages of the ward and election-at-large systems, a very live topic just now.

Mr. Walter Rollo, another Labor man, said that immediately after the last election he favored a return to the ward system again, but had since changed his mind.

Mr. Edward Porter, President of the society, welcomed those present, and briefly outlined what the North End Improvement Society had accomplished for the people below the bridge.

Mr. Kerr asked Chairman Porter's permission to explain a little remark that Mr. Berry apparently had misinterpreted.

Mr. Porter introduced Mr. George S. Kerr, one of the best friends the North End people have had.

Ald. Farrar, another strong opponent of the ward system, said that the poor put a weapon into the hands of the rich by going back to the ward system.

Mr. Kerr explained that he had served in the Council three years, under the old system, and two under the new, and he had no personal feeling in the matter.

More "Slate" Men. Mr. Walter Rollo, another Labor man, said that immediately after the last election he favored a return to the ward system again, but had since changed his mind.

H. J. Halford, Secretary of the Trades and Labor Council, spoke in favor of the present system.

Comment and Chat

Canadian racing fans will be delighted to hear of the good race run by Kentucky Todd, owned by Miss Wilks, of Gait, at Columbus, Ohio, yesterday. Kentucky Todd equalled the world's record for three-year-old trotting stallions and won the Kentucky Stock Farm's stakes. Fantasy made the record in Louisville in 1893.

lack of finances, which meant that there would only be the Woodbine and Westmount in the O.R.F.U. senior series, so they had to look for new affiliations.

Football To-morrow. Last night the Y.M.C.A. team had their final practice before the game with the Toronto team on Saturday, which was very satisfactory to the manager, as they were about thirty players out. This was really the first practice they have had, but as the team this year is nearly the same as last, the signal practice went off without a hitch.

Baseball will soon be a sport of the past as far as 1907 is concerned, and lovers of a good game, well played, will have only one more chance to see the two crack teams of the league, Britannia and St. Patrick, this season.

TOM LONGBOAT IN A SORRY FLIGHT.

The Caladonia banner of yesterday says: "Thomas Longboat, the famous long-distance runner, arrived in Caladonia on Monday morning, after his run in the C.A.A.U. fall meet at Toronto on Saturday. Tom had a lovely jag along with him and his appearance would almost indicate the finish of a 'trip around the world' without coin or change of clothes. To look at him, one would think that a few short hours previous he had been the idol of the greatest sports in the Queen city or had even seen on the same athletic field with other Canadian champions.

Old Greek Sport of Discus Throwing Coming In.

Throwing the discus in the Greek style has received official recognition as a standard event on the American athletic championship programme, and as it is modelled after Myron's classic statue of the Discobolus henceforth poise will have to be studied by athletes. For some years a sort of go-as-you-please rule governed the contest, and even the Greeks themselves were a trifle at sea as to the conditions of ancient times, but a little while before the Olympic games of last year the old rules were dug up and they prevailed in the stadium.

The invention of disc throwing has been assigned to Perseus, son of Jupiter and Danae, and it ranks third in the pentathlon or all around programme. As to the exact weight of the discus in ancient times there is very little authentic information.

According to Damos, Milo of Croton threw a disc weighing eleven pounds a distance of 90 feet, and about the same distance was credited to Hypseus of Ionia. The discus used at the last Olympiad weighed a shade over four pounds, and the record achieved was 115 feet 4 inches by Jaervinen, of Finland, so that had Milo been present he would easily have held his own with the modern champion.

A GOOD STORY ON LATHAM.

They tell a good story on Arlie Latham. The third time that the St. Louis team took the world's championship, Latham was a member of that scrappy organization, and in those days Latham was one of the cleverest third basemen that cut up around that corner. As a base runner he had no equal. As in fact, he was one of the most valuable men in the baseball business in his time. As a humorist you do not find anything that approaches him in the major leagues to-day.

Latham was the bane of poor Chris Von der Ahe's life, although no player who ever worked for the eccentric, but good-hearted, Dutchman, stood so well with Chris as Latham's plucky little son. Arlie was forever playing jokes on Chris and Chris was continually fining the witty player and then reminding the fines the following day, when Latham would make one of his phenomenal plays.
