UNION CHORAL SOCIETY GIVES FINE CONCERT

People of Virgil Heard a Rare Musical Treat on Monday Night—Orchestra Assisted. One of the most successful concerts put on in Virgil for some time past was the one listened to on Monday night at the town hall by the music lovers of the village and vicinity, when the Union Choral Society of Thorold, St. Catharines and Merritton, put on one of their up to date programmes assisted by the orchestra composed of ten pieces, Mr. E. Smith, principal of the public school acted as chairman for the evening and after a few kind remarks of welcome to the choral society the programme began. The choral numbers were all well given and each one received hearty applause. Mr. and Mrs. Charles Servis in their vocal duet, "Life's dream is over" received also a hearty applause. Mr. William Suckling sang his bass number with such effect that owing to an uproar of applause he had to appear again, his second number being received equally as well as the first one. Mrs. Joseph Martin, with her sweet soprano, sang as usual, and showed her beautiful quality of voice to no small degree. The duet, "The Bitter Sweet" by Mrs. Turner and Miss Theresa Williamson was sung in a perfect fashion, the latter also taking the obligato in the different anthems. Miss Dorothy Frazzell made her first appearance in Virgil and gave some excellent readings which were received with hearty laughter she having to appear again and again Miss Frazzell threw great credit upon her teacher, and no doubt she will appear again in the very near future. Mr. G. T. Strong acted as accompanist for the evening. The orchestra rendered several overtures during the programme and showed their ability on the different instruments to perfection.

MACBRIDE, BANCROFT TURN DOWN PORTFOLIO

Mayor MacBride, of Brantford according to local Labor leaders, was the first of Ontario Labor men to be approached by the Ontario Government with a view to the acceptance of the portfolio of Labor Minister. Others who have been suggested by the Government included Mr. Fred Bancroft and Mr. R. J. Stevenson, of Toronto. Mayor MacBride and Mr. Bancroft have rejected the Government's proposal.

BOY SAVES HIS FATHER FROM BEING GORED

Huntsville Lad Drove Maddened Bull Away With a Pitchfork After it had Wounded the Man. Huntsville, May 7.—The life of Edward Riley, a farmer living near Emsdale, north of Huntsville, was saved Monday by the bravery and presence of mind of his seven-year-old son. The farmer was attending to a bull in the stable when the animal became infuriated, broke loose and attacked him, throwing him to the floor, crushing his breast and breaking several ribs. The man's cries for help attracted the lad, who seized a pitchfork and attacked the beast. He drove the animal into the barn, blinding one eye, and finally so frightened it that it left its victim long enough to permit his escape. The boy was uninjured. FOCH ADVISES FRANCE NOT TO SIGN TREATY

Declares That Security From a Military Standpoint is Inadequate—France Should Hold Rhine Bridgeheads. Paris, May 7.—The Peace Treaty was presented to the minor powers at a secret plenary session this afternoon, which adjourned at 5.15 o'clock. The draft of the treaty is considered now as having passed the final stage before being presented to the Germans. Marshal Foch, in a speech, declared that the security given France was inadequate from a military point of view, and said it was his personal conviction that the treaty should not be signed. The Marshal emphasized the necessity of France holding the bridgeheads along the Rhine, and said that occupation limited to fifteen years was not sufficient. The Chinese delegates presented a brief, formal and dignified protest concerning the disposition of Kiaochow. The Portuguese delegates expressed dissatisfaction regarding the treatment accorded Portugal. The protestations made by the various delegations are not regarded as serious, as no definite reservations were made by the protestants. Italy was represented at the session by Signor Crispi. The Italian spokesman said he desired to make reservations concerning any provisions in the treaty not acceptable to Italy. UNJUST TO CHINA Lu Cheng-Hsian, the Chinese Foreign Minister, asked for reconsideration of the decision regarding Shantung and Kiaochow. The Chinese Foreign Minister said that in the opinion of the Chinese delegation the decision had been made without regard for justice or for the protection of the territorial integrity of China. He said that if reconsideration was impossible he desired to make reservation on behalf of China.

AN ANTIDOTE TO BOLSHEVISM

The best antidote against Bolshevism is to be found in the popularizing of the "get-a-stake-in-Canada" movement. Every right thinking person wants a stake in the country, especially in a country such as Canada, because its national resources and the general nature of its life make it potentially one of the richest of nations and one of the most desirable to live in. Nothing could be easier than to get a stake in Canada. All that one has to do is to put \$4 and a few cents into a War Savings Stamp, which pays 4 1/2 per cent, compounded half-yearly, and one has a stake in Canada in the form of a Government bond, just as secure as a Victory, or any other kind of bond, issued by the Canadian Government.

LIBRARY MAY EXTEND TO THE CITY LIMITS

Board Decides to Take Question of Additional Facilities up With the Public School Board. The regular meeting of the Public Library Board was held last night with the following present: Chairman Erskine, D. C. Hethrington, A. M. Watts, E. C. Nicholson and C. A. Hesson. A deputation from Knox Church in interview the Board asking for the privilege of using the driveway at the rear of the library building. Their request was granted conditionally upon placing the Library grounds in a satisfactory state on completion of the work. Mr. Nicholson reported that he was taking action regarding boiler insurance and expected to report definitely at the next meeting. Mr. Watt presented the report of the Finance Committee recommending payment to the amount of \$765.81. LIBRARIAN'S REPORT The Librarian's report for April showed a total circulation of 5579 books and magazines and receipts of \$30.13 from fines and cards and new members, adult 42, juvenile 78. The Librarian gave a report of the meeting of the Ontario Library Association full of interesting information regarding Library work. On motion of Messrs. Henson and Watts the Secretary was instructed to notify the Public School Board that it is the desire of the Library Board to take up with them consideration of the question of establishing some method whereby Library facilities may be extended to reach certain outlying sections of the City. OTHER BUSINESS The Treasurer's report of \$1,381.30 handled during the year gives only a partial idea of the activities of the Guild, because so many members contribute goods and garments instead of money, and it is impossible to put a valuation on all these articles. Mrs. S. S. Haddiff and Mrs. J. E. Waterhouse were appointed a committee for distribution, and have accomplished much special work in this line. The Guild very gratefully acknowledges splendid help from the Merritton Red Cross Society and the Trench Comforts Club, of Merritton, for French relief work. Latterly these two societies have also made generous contributions to charitable work, and Mrs. Pettigrew, of Merritton, has become a member of the Guild's board of directors. Acknowledgment is also made to The Journal and Standard for many kindnesses during the year. Last autumn the Guild suffered the loss of one of its founders and president, Miss Walker. To-day tribute is paid to Miss Walker's deep interest in all religious, charitable and patriotic work, her great personal worth and the loss sustained by the city in general through her death. The present officers and directors of the Guild have tried to carry on to the best of their ability the work she loved and did so well. The war is over. With deep thankfulness we close that department of our work and look forward to a year when it is hoped much good may be accomplished in helping the sick, the suffering and the needy of the city.

NEEDLEWORK GUILD HEARS FINE REPORTS

Board of Directors, Re-elected at Annual Meeting Held on Monday—Good Work Accomplished During 1918. The Needlework Guild held its annual meeting on Monday afternoon, May 5th, at the residence of the President, Mrs. J. S. Campbell, when gratifying reports were given and many plans made for the coming year. A gift of fifty dollars was voted to the Consumptive Sanatorium. The present board of directors was re-elected, and later this board will elect officers for the ensuing year. SECRETARY'S REPORT During the year May 1918 to May 1919, seven meetings have been held in May, September, October, November, December, January and March. Organized originally for local charitable work, the Guild, like all other societies, was confronted in 1914 by war conditions, and immediately in August of that year began work for Belgian relief, which it has continued until the signing of the armistice. Shortly after that an appeal came from the Canadian commissioner overseas asking all organizations to devote their energy to French relief. This Guild at once complied. One thousand dollars was received from the war chest to aid the stricken people of France. Five hundred dollars was expended on garments of various kinds and five hundred dollars was used to purchase supplies of materials such as flannelette, flannel and wool from the local Red Cross Society and also some accessories, such as buttons, thread, thimbles, etc. Several sewing meetings were held to mark all the goods for France. Hearty thanks are due the Canada Hatcloth Company (Messrs. McLoiry) for providing suitable cases and doing the packing for the second shipment. During the past winter blankets and towels have been renewed for the Needlework Guild room at the General and Marine Hospital. While much time has been devoted to war work, the local charitable work has also been carried on, many cases of need, especially owing to the influenza epidemic, having received attention. The Guild has become incorporated by letters patent to conform to the War Charities Act and later received its war charities certificate. Mr. Boyle has very kindly consented to help the Guild in investigating cases of need, and has already been of much assistance in this way. It is to our regret that two vice-presidents, Mrs. Jagger and Mrs. Seix, have been lost to this organization through removal from the city. THE EDITOR: Sir,—It may interest your readers to receive a few notes and observations on things in general from England. I will hasten to give these now or shall be back ahead of my missive. Between Montreal and St. John we passed en route two trainloads of the Princess Pats just arriving home after their strenuous achievements in France. Needless to say they received hearty cheers. They looked fit and well and very enthusiastic over being once again in Canada. At St. John the S.S. Gramplan was waiting us and we were soon on board and off. There was quite a party from St. Catharines on board. We had an easy and pleasant journey as far as Ireland; between there and Liverpool it was a little on the rough side. GRAND NATIONAL. On our arrival at Liverpool we found the place full of the racing fraternity, who had come from all parts of the country for the "Grand National" horse race. The old sports instincts of the people are once more returning now that the war is over and done with. We heard that our captain, being something of a sport, had hurriedly heaved off to arrive in time for this great sporting event. The boat train for London soon started and we found that winter was still on, for the snow fell as far south as the Midlands. From there it looked more springlike, and as we flew past the pretty homes we could see the daffodils and primroses in the gardens, showing bloom and he grass very green. We were soon in the rush and roar of the London traffic and all speeding in different directions to our various destinations. SNOW IN LONDON. When we woke up the next morning we found that dusky London of overnight was clothed in a white robe, for during the night there had

PEACE MAY NOT BE SIGNED FOR THREE MONTHS

Bill to Extend Orders-in-Council Will not be Proceeded With Says A. Meighen. Ottawa, May 7.—Hon. Arthur Meighen announced at the opening of the House yesterday afternoon that the bill to extend to the end of the present session orders-in-Council, passed under the War Measures Act, would not be proceeded with. An intimation had been received from the Prime Minister, he said, to the effect that arrangements as to the treaty of peace were such that it was unlikely any peace treaty would be formally ratified and the cessation of war formally proclaimed by the King approximately before the first of August. Consequently there was no object in going on with the measure at the present time. The announcement to drop the bill was received with Opposition cheers.

W. A. MCKINNON IS PRESIDENT OF THE U. OF T.A.

St. Catharines and District Graduates of the University of Toronto Organized Last Night—Banquet May be Held in the Fall. A number of graduates of Toronto University and the affiliated colleges met in the Public Library last evening and after considerable discussion organized a local association to be called the "University of Toronto Association of St. Catharines District". The objects of the Association are to foster a spirit of fellowship among the graduate and former students of the University of Toronto and the affiliated colleges, residing in this district and to render such assistance to that university as the association may from time to time be capable of rendering. The following officers were elected: President—W. A. McKinnon, B. A. Vice-President—A. C. Kingstone, B. A. Secretary—T. A. E. Coombs, M. A., B. Paed. Assistant Secretary—Laura Newman, B. A. Send Names In. This Association has been formed as a result of two meetings of graduates and former students which have been held lately. The provisional committee sent notices of these meetings to all graduates whose names they had. It is particularly desirable that others who have not received notices of these meetings should give their names and address to the secretary in order that the mailing lists may be complete. Those who attended the university for a time, and did not graduate are eligible for membership in this does not apply to those at present in attendance. Those who have attended the Agricultural College, and who are graduates, are eligible for membership and are particularly desirable to become members. The membership fee is one dollar a year and the annual meeting for election of officers will be held in October, on which occasion a banquet will likely be held and a prominent speaker will be present. The committee will be greatly assisted in their work if those interested will send to the secretary their membership fee so that individual canvassing may be unnecessary. ONE OF ORIGINAL PRINCESS PATS Corp. Robt. Colgan Nairn Survivor of the Famous Regiment Here on a Visit to his Uncle St. Catharines is being honored this week by a visit from one of the original members of the Princess Pats, in the person of Capt. Robt. Colgan Nairn, a nephew of Dr. Colgan of this city, with whom he is staying. Capt. Nairn enlisted at Moose Jaw in 1914 and went through the heavy engagements at Ypres. He was wounded twice and had his horse shot from under him twice. He was assessed also and is still suffering lightly from the effects, though looking in fine health otherwise. He was a guest at the recent wedding in London, Eng., of the Princess Patricia to Commander Ramsay, being one of the forty-two original members of the regiment which was named after Princess Patricia. Corp. Nairn bears the honorable scars of war and this city. The Journal is certain, is proud to have a surviving member of the famous regiment as a visitor. GRIMSBY BOND ISSUE BRINGS HIGH PRICE A small issue of Grimsby bonds amounting to \$15,000 has been bought by G. A. Stinson & Co., at 102.51. They bear 6 per cent, and are payable in ten instalments. At this price the town gets its money for about 5.47 per cent, which is counted a very good sale for the municipality, and is another indication of the high bond prices prevailing.

BRANTFORD ALDERMAN IS ON "THE GRIDDLE"

Faces Charge of Having Taken Bribe of \$500 to Secure Exemption for Fellow Employee. Brantford, May 7.—Ald. J. Harvey Clement, a member of one of the Exemption Tribunals which heard appeals from exemption from the workings of the Military Service Act, is charged with accepting a bribe of \$500 down, paid in March last year, and \$20 a month from that time to March of this year. The charge is laid by George Tomlin, who alleges that he paid this money to secure exemption for his case would be kept back. When he failed to secure a government release for his money, he stating that Ald. Clement had told him the money went to the Government, he became suspicious and consulted J. W. Bowby, K.C., and the charge followed. The case will come up before Magistrate Livingstone on Friday. Ald. Clement is a foreman and Tomlin an employee of the Verity Plow Company. Interviewed yesterday afternoon, Ald. Clement denied the charges entirely, but refused to talk further or to give the name of his counsel. The case is exciting much interest in the city, the accused being prominent in Labor circles.

\$10 IN BARREL OF FLOUR

Woman's Reward for Using Barrel of Rice Meal as Substitute. A woman living at Martin's Ferry, O., bought a barrel of rice flour when the purchase of wheat flour substitutes were required. The other day when scooping up flour for cooking she found in it two \$5 bills. SUMMARY Ottawa, May 7.—Arrangements for the handling of the summary of the peace terms have been made with the Canadian Press from here. The summary will be eight thousand words in length and will be cabled to North Sydney. It will be then wired to Ottawa, Washington and the West Indies. From Ottawa it will be relayed by the Canadian Press to Toronto. It was first said that this summary would not come until the end of the week, but it is now expected today. The peace treaty will run to about 150,000 words.

AMBULANCE BRIGADE

St. John's Division to Meet in Public Library Basement on Friday Night. For some time past, there has been no activity in the ranks of the baseball, football and lacrosse players in this city. There is every indication that the coming season, will provide many outdoor entertainments, at which the public as well as players, will be present. With this in view, every member of Division No. 29 St. John's Ambulance Brigade, is asked to be present at the weekly drill on Friday night in the basement hall in the Public Library, so that those who can give their services for First Aid, on Public duty, can be assigned to take care of the coming games and events. This will give those present a chance to welcome back Comrade John Bland from overseas, who will as time permits, give us his ideas from a practical war experience with the R.A.M.C., on first aid to the injured. All men holding the Red Cross Certificate, the St. Andrew's Certificate, as well as the St. John Ambulance Certificate are invited to join with us.

CATTLE DEALERS SHOULD BE RECOGNIZED

One of the big points made by the dairy industry in their campaign against oleomargarine is the value of industry in maintaining the fertility of the soil. The fact should not be lost sight of in this connection the live stock industry should receive the same consideration for the same reason and it is pertinent in this connection to know that the fats of beef when manufactured into Oleo Oil or Oleo Stearine for Oleomargarine purposes are worth from \$2 to \$4 per head more than when made into tallow. There is no question but what this difference in the value of the fats is reflected in the selling price of the cattle and there is no reason why the seller of cattle should not have as much recognition as the producer of milk.

LOCAL SOLDIER DIES FROM PNEUMONIA

The death occurred at the hospital yesterday afternoon of Corp. Albert Sargeant who resided at 44 Rodman Street. Deceased enlisted on December 1, 1915, with the 98th battalion and went overseas with that unit being transferred later to the 124th Pioneers. He saw service in France with that unit and was wounded and gassed on November 14th, 1917, and after convalescing he returned to Canada and was discharged on March 22nd of this year. He took ill and went to Toronto last week where he underwent an operation which was successful but he took cold which developed double pneumonia which caused his death. He is survived by his widow and two children. The funeral which will be semi military will be held from Butler and Sons Funeral Chapel on a date to be announced later. During the war the lifeboat service saved more than 5,000 lives.

THE WEATHER

Toronto, Ont., May 7.—Notes—A shallow area of low pressure is passing northeastward across the Great Lakes. The weather is showery in Ontario and fair in all other parts of the Dominion. A moderate rain fall has occurred in parts of Manitoba and southeastern Saskatchewan.

CAUTION FOR A FEW YEARS.

It must be quite evident to all who understand the city's financial condition and who know what the demands are for public works of one kind and another, that there is not money enough available to go all around. The situation is somewhat similar to that of a parent who has three children all demanding food and clothes, and yet only has enough money to fully supply the needs of two. What would suggest itself to the parent and should commend itself to public bodies would be an equitable distribution of monies so that all urgent needs would be given some consideration. For the next four or five years the city, while financially sound, is going through a period when caution and moderation should be exercised. As pointed out in the budget address the amount of debentures maturing in the next seven years is very heavy. When those issues are paid

ont the borrowing capacity of the city will expand tremendously, but till that time comes prudence would suggest that too many heavy demands be not made. The Journal has the utmost confidence in St. Catharines and in its stability, but it advises careful financial administration for five or six years.

EIGHT INCHES OF SNOW

(Continued from page 1)
been a snowfall of eight or ten inches. In fact there was more snow than St. Catharines had had all winter long a curious record of the general order of things. But the sun soon came out warm and the snow disappeared as if by magic. Since then I have been busy visiting all over the country in Leicestershire, Bedfordshire, Suffolk, Surrey, Gloucestershire, etc. I found the city and west end full of troops—Canadians, Australians, Americans and Imperials, all healthy looking and happy and patronizing the theatres, music halls, not to mention the bars, etc.

Coming out of the Coliseum one evening at about 11.15 in the immense crowd round Trafalgar Square, famous for the Nelson monument and the lions, up marched at a rapid pace a contingent of soldiers just arrived from France. Their enthusiasm was intense, and shout after shout rent the air: "We are home, hurrah, hurrah."

At Hindhead and Bramshott, in Surrey, I met numbers of Canadians and all were anxious to get started for their beloved Canada.

Several promised to look me up in St. Kitts. There is a large camp of German prisoners located at Hindhead and they are engaged for the Government cutting down some of the fir woods there for making coal mine props. They looked stout fellows and were hale and hearty. They say that they prefer it here to Germany, and do not want to be sent back.

They are well fed, get about a dollar a day and Saturday afternoons and Sundays off. This is a strange contrast to what our poor prisoners in Germany endured, but such is the attitude of our benevolent Government.

A GERMAN TANK.
In St. James Park, back of the

Horse Guards in Whitehall, I saw a tank which had been captured from the Germans, and the boys were clambering over it and getting inside. Close to this was a huge cannon captured at Bagdad.

I left a number of copies of The Journal with the Secretary at the Royal Colonial Institute, and he is having them put on file in the Canadian section of the reading room.

On the way to the Institute, from the High Commissioner's office, I ran into Westminster Abbey, as I always find it an inspiration and breathe in there the glories of traditions of the British race.

On Sunday afternoon I am due to go to Kew Gardens, on Monday to Oxford to go round the colleges, etc., and meet a brother there, on Tuesday I expect to wind up business and calls round London, and on Wednesday I am due to start back to Canada on the Metagama. This will be the first boat, or amongst the first, to come up the St. Lawrence this season, and this route is always a treat. Yours truly,

EFFECT OF FOOD CONTROL

Dr. Harry E. Barnard, Dairy and Food Commissioner of the State of Indiana in "Effect of Food Control on the Food Supply", says:
"As I look back over nearly 20 years of active control work I find but few

laws that have checked the development of food industries, or tended to increase food prices. Among these few one law in particular stands out as a striking example of vicious legislation, deliberately enacted and enforced against one legitimate industry for the purpose of stimulating another. That law is the oleomargarine law.

"The argument advanced by the dairy interests that their products needs protection, is, of course, as silly as it is unfounded, any product that is constantly advancing in price needs no protection from competition. The demand for butter from every consumer who can afford to pay the price for flavor, food value and universal adaptability in the kitchen will take care of competition. Butter well made from good raw material needs no protection. Oleomargarine as equally good food, should have free access to the table of every one who wants it."

We suggest careful consideration of these remarks by Dr. Barnard by our readers. Isn't it time that Canada adopted a more lenient attitude toward oleomargarine?

#### VETERANS OF 1866

Arrangements Made for Annual Decoration Day the First Sunday in June.

The Veterans' Association of 1866 met at the Armories last evening, with President Chapman in the chair, and Comrades Black, Wilson, Drysdale, Wend and Riddell present. Owing to the indisposition of Secretary Burrows, Comrade Riddell was appointed secretary pro tem. President Chapman called attention to the near approach of the annual ceremony of Decoration Day, the first Sunday in June, when the graves of all those who have served in His Majesty's forces and whose last resting place is in Victoria Lawn should be fittingly remembered as in years past.

It moved by Comrades Black and Wilson that this Association carry out the usual memorial ceremonies of the decorations of graves of deceased comrades, and that the committee appointed last year be continued in office, and that the Secretary is hereby instructed to send invitations to the Mayor and aldermen of the city, the Daughters of the Empire, the Great War Veterans' and all military organizations, the 19th Regiment Band, and that the Rev. Canon Broughall be requested to address the Association at the cemetery. Sergt-Major Bill Stuart, late of the 17th Regiment, was duly elected a member of the Association. The meeting closed by singing the National Anthem.

HERE AND THERE IN SPORT

By J. C. L.

News despatches state that early preparations will be made to hold the trials for the Olympic games in 1920 and Canada will send a strong team to Antwerp.

The International League season is now in its second week and the teams are beginning to take on mid-season form.

Wilbur Robinsons Brooklyn Dodgers are causing a mild sensation in the National League having won seven out of eight games played.

Welland will be here on Saturday to do battle with the Veterans Soccer team and will have a busy time keeping out the forward line of the overseas men.

If grounds are available Tennis will boom in this city this summer and many new clubs will be organized if the reports in sporting circles are true.

Reports from Montreal are to the effect that Charlie Querrie has succeeded in securing a berth for the Tecumsehs in the N. L. U.

CANADA WILL SEND STRONG TEAM IN 1920

Preparations Now Being Made to Hold Trials for Olympic Games at Antwerp.

The announcement that Canada would send a strong team of bicycle racers to the Olympic sports to be held in Antwerp, Belgium, in 1920 has aroused considerable enthusiasm in whetting circles throughout Canada.

The Olympic trials for bicycle racing enthusiasts of Canada will be a feature of sporting events in a number of cities throughout the coming summer, according to statements made to the Star by various officials in charge of bicycle sport.

It is the firm expectation of every cycling man interviewed that Canada can make a showing with any nation in this fast sport. These Olympic trials which will be held under the auspices of the Canadian Wheelmen's Association will be extreme enough to give every cyclist who fancies himself a thoroughly good opportunity for showing his worth.

There are bound to be a very big number of dark horses among the returned men. The Canadian Corps Cyclists in France had some very fine cyclists in their ranks and every Battalion had several signallers who became experts on the bicycle. These men can endure for hours on a bicycle at fast speeds so used are

BASEBALL

The Standard last night contained a write-up about the bunch of wind-jammers employed there, who have the nerve to class themselves as ball players. Well, if hot air and self-praise will win The Standard have already obtained their wish—a good time at our expense, which is the only way a majority of that aggregation of dubs will ever have it.

They to the long hikes over the uneven battered pave and cobbled roads of France. Many of these men, some of whom never bicycled before they went away, have since their return, joined one of the many Toronto bicycle clubs, and are in daily training in anticipation of possibly getting a place on the coveted Olympic team.

FOOTBALL NOTES

Welland will be away from home for the second week owing to the fair grounds being occupied.

St. Kitts should have visited Welland on Saturday, but will now travel to Windle in a league game.

The locals have three home games this month with one away.

Welland will come to the city and be the guests of the G. W. V. A.

## PERMIT FOR BIG BOUT HAS BEEN ISSUED

Immense Arena to be Built at Bay View Park on Maumee Bay

Toledo, O., May 7.—Plans were being drawn today for an immense arena in Bayview Park, on Maumee Bay, in which the Jess Willard-Jack Dempsey 12-round bout for the heavy-weight championship of the world will be staged on July 4th.

Local charities anticipate receiving \$20,000 as a result of the bout, figuring 7 per cent of the gate receipts, estimated by Frank Flourney, associated with Tex Rickard who promoted the bout, to run about \$300,000. The Toledo Boxing Commission yesterday issued a permit for the bout. The arena in which the fight will be staged at three o'clock on the afternoon of July 4 will seat 50,000 when completed.

### MRS. BROWN TRIES IT.

We were talking about the War Savings and Thrift Stamps, and Mrs. Brown said she had noticed the posters in the stores, post offices and banks, and that in one store she had visited recently she had seen the card reading: "Will you take your change in Thrift Stamps?" But she said she hadn't done so, being under the impression that they were more especially for children.

I ventured to enquire if she had a preference for any particular store. "Oh yes," she replied, "I always go to ————'s." "Why," I asked, "I think I get better prices there and good value."

"Do you know how much you save by your careful buying in that manner?" I enquired. "No," she answered, "but I feel sure I do save something, otherwise I'd not take the trouble to compare prices in making out my shopping list."

"Well," I said, "Mrs. Brown, let me suggest an easy plan so that you may know how much you save. Every time you effect a saving by your careful shopping buy Thrift Stamps with the amount so saved. Or if the saving is large enough, buy a War Savings Stamp. You won't miss the money, and in a short time you will accumulate quite a number of these Stamps. You will find it very interesting, and it will give you the satisfaction of knowing what your savings really is."

"I'll do it," she eagerly explained. "I'd never thought of it in that way before."

Have you? Follow Mrs. Brown's example and you will find it worth while.

War Savings Stamps are available in the local post office, banks and most of the city stores and other places of business.

### FOOTBALL

The Veterans Football Club will stage a practice game at the lacrosse grounds on Thursday evening when the Probables will play the Possibles. The teams will line up as follows: Possibles—Large, Morrow, Dicks, Halstead, Cole, Sloan, Broome, Campbell, Woodcock, Handcock and Truman.

Probables—Risidore, Clinton, Bobbs, Mitchell, Read, Kibble, Buck, Henry, Holloway and Rawson.

The teams will meet at the Club House at 7.15 p.m.

A strong anti-American campaign is raging in the Japanese press. As the Japanese secured about everything they wanted at the peace conference, they should be better tempered.

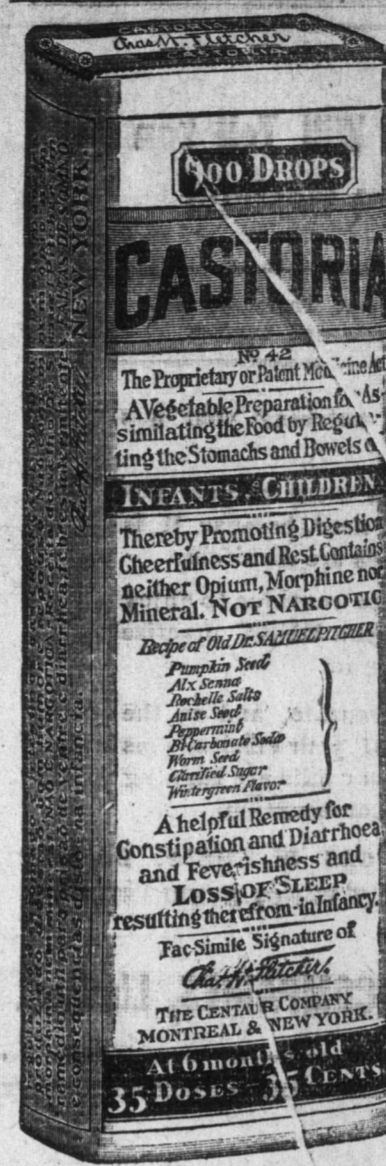

### PROVINCE SAVES OVER \$40,000

A saving of approximately \$40,000 in the cost of fire-rangings will be effected by Hon. G. Howard Ferguson, Minister of Lands, Forests and Mines as a result of the exceptionally late Spring in the north country. Owing to the fact that there is still a good deal of snow in the woods, making it practically impossible for fires to get going, there is no need for rangers, and the Department has decided not to send the men into the woods until the 15th of this month, or about 15 days later than usual. The saving amounts to roughly \$2,700 a day.

### ARE YOU PLANNING YOUR VACATION?

The lines of the Grand Trunk Railway system reach all the famous resort districts of Eastern Canada, and also gives access to the beautiful Maine sea coast and other New England regions. In the wonderful territory served by this railway are scores of summer playgrounds, offering the traveller the widest choice of holidays, vacations by the shores of tranquil, tree-fringed lakes, at the mountain resorts, by the sea coast or in historic cities. Fishing, hunting, boating, bathing, golf, etc., can be enjoyed under delightful conditions, while the bracing summer air is a tonic for tired men and women. The accommodation provided for the visitor is of the highest order. Any Grand Trunk agent will gladly assist you in mapping out your tour and supply you with copies of attractive publications issued by the Grand Trunk Railway system, including "Muskoka Lakes," "Algonquin Park," "Portland, Casco Bay and Maine Resorts," "Lake of Bays" and "Playgrounds, Haunts of Fish and Game."

At the plenary session of the peace conference Monday Marshal Foch made a speech saying that the security to France is inadequate and that the treaty should not be signed. This revelation of the views of the great French military leader cannot fail to make a strong impression on public opinion. The Portuguese delegate also expressed dissatisfaction at the treatment of his country and the Chinese repeated their protest. Italy was represented by her ambassador, who had reservations in regard to matters affecting Italy, showing that the settlement of the Fiume dispute has not yet reached a final stage.

## The Ideal Residence Area of St. Catharines

Glen Ridge is by far the most desirable residential subsection in St. Catharines now on the market, and possesses the following enormous advantages:

1. It is close to the heart of the city, all lots being within one mile radius of the Post Office and City Buildings.
2. There are building restrictions ensuring the erection of only the most desirable dwellings.
3. Beautiful surroundings and park areas.
4. Prices moderate and reasonable terms.

We expect a big movement in this property in the next two months. So act quickly and own a home in the most beautiful sub-division in the Niagara Peninsula.

Your Meter Will Tell You If You Are Wasteful

Forecasts—Showery. Thursday, westerly winds, fair and warmer.

Get the habit of watching your gas meter.

It is easy to use more natural gas than you really need, because it is cheap and its uses are manifold.

But if you are to continue to enjoy its convenience you MUST practise economy in using it.

Your meter is accurate, and is the best indication of your efficiency as a gas user. If your bills are running high, cut down consumption.

AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

SAYS IT'S SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS.

Rheumatism can't be cured so long as your system is weak and run down.

You must first build up and get strength to fight off the disease.

Ferrozone cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poison that cause rheumatism.

It is proved right here that Ferrozone does cure.

Col. H. M. Russ, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferrozone. Read his statement:

"I couldn't get around without a cane and then only with difficulty.

"Rheumatism took complete control of my limbs.

"Suffering was more intense than hardships in the battlefield.

"When my doctor had done his best I got Ferrozone.

"Then came a quick change.

"Ferrozone gave me comfort at once, eased the pain and took the stiffness out of my muscles.

"I am well to-day. Ferrozone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferrozone is known on all sides to be a cure that does cure. Why not get a supply to-day. The sooner you begin Ferrozone the quicker you'll get well. Price 50c per box or six for \$2.50, at all dealers, or direct by mail from The Catarhozone Co., Kingston, Ont.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

GERMAN DELEGATES DECLARE AGAINST PAYING INDEMNITY

LOOKS AS THOUGH THERE MIGHT BE AN IMPASSE AND THAT FORCE MAY BE NECESSARY—ITALY ACCEPTS PROPOSAL OVER FUME

Paris, May 8.—Vittorio Orlando, the Italian Premier, and Baron Comaroff, the Foreign Minister, arrived in Paris from Rome yesterday. The Italian Premier arrived at the Paris White House just as the council of four assembled and resumed his seat in the council. The German delegates to the peace congress declare that they will sign the peace treaty, but that Germany will not pay an indemnity. Hence, the United States, Great Britain and France have concluded an agreement giving supplementary guarantees for France and security for the peace treaty. The Echo de Paris says it has learned that Premier Clemenceau, Lloyd George and President Wilson will at a meeting to-day draft in final form this additional pact, which will not be secret.

ACCEPTS PROPOSAL. As a basis of resuming participation in the peace negotiations, Premier Orlando accepted a proposal that Italy administer Fiume as a mandator of the league of nations until 1920, after which Fiume will revert to Italian sovereignty. During the four years of Italian administration, a harbor for the Jugoslavs lower down the Adriatic coast. The harbor will have railroad communication with Agrum and other cities.

Italy, it is understood, also is prepared to make sacrifices of some of her other claims on the Dalmatian coast. The proposal which induced the Italians to return to Paris was made to them by Camille Barrere, the French ambassador at Rome.

CHINESE MAY NOT SIGN. Peking, May 8.—The Chinese cabinet at a meeting decided to instruct the Chinese delegates in Paris not to sign a peace treaty assigning the German rights in Shantung to the Japanese.

RAILWAY BUSINESS BRISKER ON FRONTIER. Additional Trains on M.C.R. and T. H. & B. Have Been Placed. Bridgeburg, May 8.—Railway business along the frontier is picking up considerably, following the placing of additional passenger trains on the Toronto, Hamilton and Buffalo Railway, and the Michigan Central.

Business has been slackening here for the past two months, and now it is showing indications of picking up. Additional engines are being put to work over the International bridge, hauling freight into Canada at this port.

Denial is made that the T. H. and B. line's cars, here will be closed for car repairing work, which if true would throw a number of men out of work. Instead, west bound repairing will be conducted solely in the new yards, and will likely necessitate the actual employment of more men, rather than a laying off of hands.

THE BANQUET FOR RETURNED SOLDIERS TO BE GIVEN ON MAY 29TH. At a largely attended meeting of the executive of the Re-Patriation Committee excellent reports of the sub-committee were brought in. Every promising promise a most successful affair. While this is the first of its kind for this city, a committee selected by the City Council attended a similar function in Toronto some time ago and have therefore all the experience of Toronto to go by.

The invitations go out to-day and are posted to every returned soldier in this city. If by any chance a soldier fails to receive one, if he appeals to the secretary of the G.W.V.A. he will receive it. The invitation card reads as follows: "The Mayor and Aldermen of the City of St. Catharines request the pleasure of your company, with your wife or lady friend, to a civic banquet to be given to our returned soldiers in the Armory on Thursday evening, May 29, at 7 o'clock. The soldiers name is inserted. This card must be presented at the door. With the invitation is enclosed a reply card, which must be immediately posted, as provision is only being made for those accepting. The nursing sisters in the city and

soldiers indoors are also receiving invitations. A beautiful scheme of decorations is being prepared. A good entertainment will be given throughout the evening, including an address of welcome from the Mayor and an address by General Gunn, the guest of honor. The ladies of each church are asked to provide the necessary cutlery for sixty persons, also the requisite salads and pies, and ten young ladies to act as waitresses, with a handsome number of tables, so that there need be no confusion. Every detail is being carefully worked out by the committee; all other necessities are being provided by the City Council.

It is expected that one or two similar banquets will be arranged later as the remainder of the soldiers return to St. Catharines, possibly by different organizations throughout the city. On account of other things intervening, the committee has decided definitely to postpone the dinner till the 29th.

Provincial School Inspector Recommends That Grant for 1919 be cut off—Notice of Motion re County Pupils.

The regular meeting of the Collegiate Institute Board was held at the City Hall last night, but the session was a short one for only routine business came up for transaction. Those present were: Chairman McBride, Trustees Kilmer, Watson, Trapnell, Burgoyne, Petrie, Sheahan, Stewart, Dwyer and Principal Coombs. Grant for 1919. A letter was read from A. H. Colquhoun, Deputy Minister of Education, stating that he had been directed by the Minister of Education to notify the Board that the High School Inspector has recommended that the annual grant for 1919 be withheld from the Board pending the receipt of a statement showing what steps have been taken to improve the character of the accommodations. The Finance Committee, Trustees Watson, Chairman, recommended the payment of salaries and accounts totalling \$2,512.13. Trustee Petrie reported verbally that an opportunity had been seized by the Building and Supply Committee to purchase a car of coal at a right price. Trustee Trapnell reported verbally that the School Site Committee expected to have their work completed by next month.

Notice of Motion. Trustee Petrie gave notice of motion that at the next regular meeting of the Board he would move that notice be forwarded to the Clerk of Lincoln County by this Board that from September 1, 1919, St. Catharines Collegiate Institute will not be open to County pupils on the same terms as High Schools in municipalities not separated from the County.

Discussion took place regarding the recommendations of the Inspector and the following resolution was passed. Moved by Trustees Burgoyne and Trapnell: That the report of the Inspector referred to the Building and Supply Committee with a request for a report upon such measures as can be recommended to be done during the summer holidays, to improve the conditions as to ventilating, walk ceilings as referred to by the Inspector.

Moved by Trustees Burgoyne and Petrie: That the Chairman of this Board be authorized to reply to the communication from Dr. Colquhoun, Deputy Minister of Education, informing him of the assurances given to our Board by the City Council as to the purchase of a new site for a new institute, and to the measures being taken to improve the conditions of the old building during the summer holidays. Carried.

SIR R. S. BADEN-POWELL ARRIVES AT HALIFAX. Founder of Boy Scouts is Accompanied by Wife, Girl Guides Head.

Halifax, May 8.—Major-General Sir Robert S. Baden-Powell arrived on the Baltic yesterday for the purpose of visiting various cities in Canada and the United States with reference to the Boy Scout movement. Sir Robert, who is accompanied by Lady Baden-Powell, was given an enthusiastic reception at the pier by the Boy Scouts of Halifax and representatives of the Dominion, Provincial and local organizations. Later they were driven to Government House, where they will be guests during their stay in Halifax. Today they leave for St. John. Sir Robert, asked for a message for the Scouts of America, said: "We are bringing greetings to the Scouts of Canada and the United States from their brother Scouts of England, and congratulations on what they accomplished on this side of the Atlantic in the winning of the war."

A big meeting of municipal representatives at Whitby was addressed by Sir Adam Beck in relation to the Toronto and Eastern Railway project at which a Hydro-radial resolution was all but unanimously carried. Much concern is felt for the Stuart W., a coal steamer, which disappeared Tuesday night in Lake Erie.

London, May 8.—The Bolsheviks in great strength have begun an attack on Vilna, the Capital of Lithuania, which was captured several weeks ago by the Poles, according to a Kovno despatch received in Berlin and forwarded by the Exchange Telegraph Company. Vilna is said to be under intense artillery fire. Heavy fighting has occurred.

An important find is reported from the Beaver mine at Cobalt.

FIRE IN CARGO OF LINER ADRIATIC. London, May 8.—The liner O. Adriatic, which left New York on April 28, passed Brohead at seven o'clock Tuesday evening with a fire in her cargo, according to a wireless message received from the steamer at Valparaiso, Chile, and transmitted here. The message said that the O. Adriatic had been sealed up.

THE WEATHER. Toronto, Ont., May 8th., 1919.—The low area which was over the Great Lakes yesterday has moved to the Gulf of St. Lawrence, while an area of high barometer has spread over the Great Lakes from the northwest. Rain fell yesterday in Quebec and the Maritime provinces, and is now falling in New Foundland. The weather is fine throughout Ontario and the west.

Exercise is Beneficial. "But don't let that freeze you. It is time they saw some one besides men and boys and little girls on wheels. Bicycling is especially good for the fleshy lady, and equally valuable for the one of slender physique." By means of this exercise, the line may attain proper proportions and the other breathe in life and health through the fresh air.

MACHINISTS AWAIT ORDER TO WALK-OUT

If the Executive Council Decides to Call Them out Exact Hour for Strike Will be set Before Hand.

The members of the local branch of the International Association of Machinists held a banner meeting in the I.L.P. Hall last night when the men placed themselves on record as being in favor of standing behind the men who are on strike in Toronto and the question of what action the St. Catharines men are to take has been left in the hands of the Executive Council at Toronto and the men here will abide by any policy they decide upon. A Big Meeting. The meeting last night was, from all reports, attended by the largest number of machinists ever gathered together in this city and the I.L.P. Hall was crowded. From gossip here and there, after the meeting closed, the reporter learned that the machinists were enthusiastic on the question of a strike and that they are in a position to make a long-standing fight with their brother machinists in other cities in order to force an eight-hour day. After the meeting was over the officers of the local branch of the Union communicated their decision to the Executive Council at Toronto by long distance telephone, but it is not known what instructions were received by the men here, but it is more than likely that the day and the hour for a general walk-out was set or will be within twenty-four hours.

Are Confident. The men seem to be in an optimistic mood as to the possibility of a long drawn out strike if they do go out, and are confident of getting what they ask in the long run.

One prominent member of the local Branch when asked what he thought of the possibility of an early settlement, said he understood that the manufacturers throughout the province were going to fight to a finish. The men are also prepared to stand by their guns in a do and never say die manner and will fight the question out. Eight hours a day is what they want and they are going to make a strong bid to get it.

The men were all at their work this morning but are only doing what the Canadian soldier did in France, "standing to," and waiting for orders to take action.

BRANTFORD WOMEN ON BUTTER QUESTION. Brantford, May 8.—The butter question is to the fore here. The Women's Patriotic League will forward a petition to Ottawa asking that the sale of oleomargarine be continued, and also that the export of butter be prohibited and all butter in cold storage be released for use. The League threatened to inaugurate a boycott of butter here if the prices do not come down.

PURSUIT OF HEALTH LIFE'S HIGHEST DUTY

America's Best-Known Lady Bicycle Rider Gives Some Reasons on Riding.

The advice of North America's best known lady bicycle rider, Eva J. DeMarsh, to lady riders contains some sound advice and very interesting reasoning. "Women must be content to take their wheeling in moderation. Most of those who tire of, or were injured bicycling did not do that. They rode in season and out of season, up hill and down dale, through wet and cold and in scorching sun, just as hard and as fast as their brothers and then they found it was too hard on them. To men the wheel was a source of recreation and a saver of time in business; to women as a rule, it was a fad taken up because somebody else indulged in it. "Women are prone to overdo in the face of emulation or ridicule. I have a vivid recollection of myself at a picnic when I was about thirteen years old. Everybody went on the water and I took an oar with a boy about my own age. He worked hard and long, and I kept up with him. He enjoyed it, but for many a day thereafter, I nursed my aching muscles and spasms. Today I find pleasure in rowing a boat, but only as I do it in accordance with my own sense of fitness and endurance. So must the women who would obtain health and pleasure from bicycling. Climbing a steep hill or riding through sand and mud, but she who does it will surely pay the penalty."

Walk Up Hills. Miss DeMarsh exhorts lady riders not to be afraid to dismount and walk up hills or through dangerous traffic. "Valour is a fine thing," says Miss DeMarsh. "We all admire the dare devil, but if many of us were to emulate his example casually lists would be unduly long and accident insurance rates prohibitively high. What though some thrills are left by not riding on the edge of the precipice, or by failing to coast down city hills amid motorcycles, motor cars, street cars and wagons?"

"Clouds may drift by with never a drop, the sun is good for you, and there is no higher duty than the pursuit of health. Just put on a good plain skirt, neither too full nor too scant, and of reasonable length, and if you like, a small hat, gloves and coat. Anyway take the coat, but leave the rest at home, if you value comfort above complexion."

"Ride just as far as you can without undue fatigue then dismount, enjoy the scenery, smile at the children, and at everyone. One scarcely realizes how times have changed until some one of a group of children calls out, "Oh, Look! There goes a lady on a bicycle!"

Exercise is Beneficial. "But don't let that freeze you. It is time they saw some one besides men and boys and little girls on wheels. Bicycling is especially good for the fleshy lady, and equally valuable for the one of slender physique." AMERICAN AND BRITAIN TO THE AID OF FRANCE

THIS ARRANGEMENT MADE PROVIDE AN UNPROVOKED ATTACK IS MADE BY GERMANY—SITUATION SOMEWHAT DOUBTFUL.

New York, May 8.—The treaty of peace, submitted to the German delegates at Versailles yesterday by the representatives of the associated powers, reduces Germany to military impotence, deprives her of her colonies, restores Alsace-Lorraine to France and provides for reparation to the nations by her in the war. This was made known in an official summary of her treaty, cabled from the American peace commission to the committee on public information in New York. At the same time official announcement was made that President Wilson had pledged himself to propose to the Senate an agreement that the United States, in conjunction with Great Britain, would go to the assistance of France in case of an unprovoked attack by Germany. The announcement of this proposed agreement was made in a statement supplementing the official summary of the peace treaty, which reads: "In addition to the securities afforded in the treaty of peace, the President of the United States has pledged himself to propose to the Senate of the United States and the Prime Minister of Great Britain has pledged himself to propose to the Parliament of Great Britain an engagement, subject to the approval of the council of the league of nations, to come immediately to the assistance of France

LOOKS LIKE SETTLEMENT. It is believed that as a result of a conference held last night between the City Council and the Public School Board an arrangement will be reached which will be mutually satisfactory to both bodies.

MAIN POINTS OF TREATY. The main points in the peace treaty follow: Alsace and Lorraine to go to France and all the bridges over the Rhine on their borders are to be in French control. The port of Danzig is permanently internationalized and most of Upper Silesia is ceded to Poland, whose independence, Germany recognizes. Poland also receives the Province of Posen and that portion of the Province of West Prussia west of the Vistula. The Saar coal basin is temporarily internationalized. The coal mines go to France. Germany recognizes the total independence of German-Austria and Checho-Slovakia.

THE EASTER EXAMINATION RESULTS AT COLLEGIATE. Below we give the results of the Easter examinations in the lower school of the Collegiate Institute. The examinations in the middle and upper school are being written this week, and as soon as the papers are read complete reports will be sent to the parents. Individual reports have been sent home for all pupils in the lower school, and if any parent has not received the report the Principal will be pleased to hear about it. He will also be glad to confer with parents regarding the work of the pupils. As the promotion examinations which will be held in June is a difficult one, it is highly desirable that all pupils make their greatest effort in these subjects in which they are now below the line. The minimum required is 40 on each subject and 60 on the total. In the report given below the pupils in Class I are in order of merit, and those in Class II were not graded, owing to absence from all or part of the examination.

year marked the delivery to the  
Germans of the sentence handed  
out by her conquerors.

**LOCAL MEN ARE  
ON THEIR WAY HOME**

Mr. John Cameron, Supt. of Victo-  
ria Lawn Cemetery, has received a  
wire from his son Sergt. F. A. Cam-  
eron, of the 20th Machine Gun unit  
which was sent to Siberia that he and  
several other local men have arrived  
back in Canada and expect to reach  
Toronto shortly. The telegram was  
dated at Calgary. With him are re-  
turning among others, Albert Leggett,  
Chas. Shriner, D. Wood, F. E. Fern-  
eaux and the son of Mr. Henry Tay-  
lor. Gunner Neff of Humberstone is  
likewise in the party.

The Ladies' Auxiliary of the G.W.V.  
will hold a masquerade dance at  
Queen's Hall on Monday night next.

The funeral of the late Michael Mc-  
Carthy took place this morning from  
Grubb Bros. Chapel to St. Catherine's  
R. C. Church, where Rev. Father  
Morgan chanted requiem mass, thence  
to Victoria Lawn Cemetery. The  
pallbearers were John O'Gorman,  
Chas. Cassidy, James Donnelly and  
Michael Kimmel.

His Honor Judge Campbell is in  
Sudburyville to-day presiding over a  
session of the Third Division Court.

The Board of Works will soon be  
starting on its programme of local  
improvements for the season. The  
work to be done will make a fairly  
active year.

An effort will be made at a meeting  
to be held next Tuesday night to or-  
ganize a Sunday School Baseball  
League. All the different Sunday  
schools are asked to send representa-  
tives to the meeting.

**PERSONAL**

Ald. C. H. Nash is expected to ar-  
rive back home this afternoon after a  
few weeks' trip to England. He will  
therefore be able to again take his  
seat at the next meeting of the Coun-  
cil.

The Rose Ball which is to be held  
to-night promises to be one of the  
largest social events of the closing  
season. It has been organized by  
the St. Catharines Chapter I.O.D.E.,  
and expectations are that it will be  
largely attended.

Lt.-Col. F. C. McCordick has gone  
to the Maritime Provinces on busi-  
ness associated with the militia.

Miss E. Lalor, of The Journal, has  
gone for a week's visit with relatives  
in Brockville.

A meeting of those interested in  
rowing was held at the Y.M.C.A. last  
night, when plans for a revival of  
the sport were discussed. Another  
meeting will be held in the near fu-  
ture, when it is expected that the at-  
tendance will be much larger.

It has been learned that the stream-  
er erected at the western end of the  
High Level Bridge by the City Coun-  
cil bearing the words "Welcome  
Home" and intended as a greeting to  
returning soldiers, was destroyed as  
a result of boys throwing stones at it.  
The wanton destruction assisted the  
winds to reduce the streamer to  
shreds.

The inquest into the death of Chas.  
Sargeant, who died of injuries re-  
ceived from a blow on the head while  
he was at work at the Engineering  
and Machine Company plant about  
ten days ago will be resumed before  
Coroner Dr. Jory and his jury tonight  
at the Police Station.

There was a splendid attendance at  
the third annual dance held under  
the auspices of the Stage Employees  
and Motion Picture Operators Union  
in the Queens Hall, last night. Col-  
ton's Orchestra supplied excellent  
dance music for the occasion.

The business section of the city pre-  
sented a holiday appearance yesterday  
afternoon with so many of the stores  
closed.

Mr. David Jarvis of Toronto, is the  
guest of Mr. and Mrs. Charles Young  
Albert Street.

**PROHIBITION  
ORDER IS TO BE  
SUPERSEDED**

Before War is Finally Over, New  
Legislation Will be Introduced  
to Meet the Situation—Will  
Not Press Validatory Bill

The Government will leave its bill  
to validate orders-in-council on the  
order paper for the present, but no  
effort will be made at this session to  
introduce legislation to carry over in-  
to peace times the essential provis-  
ions of the prohibition and other ord-  
ers-in-council.

This policy has been adopted by the  
Government, as Sir Robert Borden  
has intimated that arrangements now  
in effect as to the Treaty of Paris  
make it unlikely that any Treaty of  
Peace will be formally ratified before  
next August 1st. For that reason the  
Government is not pressing for the  
movement of its bill to extend the op-  
eration of the orders and regulations  
passed under the War Measure Act,  
because the session will probably be  
before August.

When the war is finally declared  
over, the present prohibition order-  
in-council will be superseded by leg-  
islation to be introduced at the pres-  
ent session.

Mrs. Robertson, who is being held  
on a charge of drowning her baby in  
the old canal, will appear in Court  
tomorrow but it is likely the Crown  
will ask for a remand until after the  
inquest which will be next Tuesday.

The Salvation Army is conducting  
self-denial campaigns from May 17th  
to 24th. An effort is being made to  
raise \$800 the bulk of which is to  
go to the famine fund of India.

**TO BANQUET MR. BEATTY**

Quebec, May 8.—Mr. E. W. Beatty  
President of the C. P. R., who was  
invited to accept a banquet to be ten-  
dered him by the Quebec Board of  
Trade, has written to the Secretary  
accepting the invitation. It is expect-  
ed that the banquet will take place  
some time toward the end of the  
month.

**M'COLLOUGH CAPTURED**

A late despatch from Toronto  
states that Frank McCullough the  
murderer who made a sensational es-  
cape from the death cell at Toronto  
Jail was recaptured this morning in  
the east end of the city by a squad  
of armed policemen.

**TO TOUR THE WEST**

Woodstock, May 7.—W. J. Taylor,  
Managing Director of The Sentinel-  
Review, has left on an extended tour  
of the Western Provinces, and will  
meet with the various Provincial  
Press Associations in his official  
capacity as President of the Cana-  
dian Press Association.

**IMPERIAL OIL COMPANY  
ERECTS PLANT AT WELLAND**

Welland, May 7.—The Imperial Oil  
Company, the largest distributors of  
oil and gasoline in Canada, are now  
ready to erect a forty-thousand-dol-  
lar plant for the handling of their  
product here. The site is three acres  
purchased south of the Electric Steel  
Company has a frontage of 325 feet  
on the canal and runs close to the  
electric railway. The two tanks of  
5,000-barrel capacity will be filled  
direct from the barges in the canal.

Niagara Falls, N. Y., May 7.—  
James Feely, 50 years old, who says  
his home is in Bridgeburg, Ont., stood  
in the middle of Falls Street last night  
and refused to move so the men of  
the third battalion, 24th infantry,  
in the interest of the Victory Loan  
When Patrolman Fleming remon-  
strated with Feely trouble started. It  
took five men to place Feely in the  
patrol wagon. He was fined \$5 by  
Judge Piper this morning and told to  
pass this city up in the future.

York's aerial police force today will  
take up the patrol of the official  
courses of the Atlantic City air port  
in a demonstration of their efficien-  
cy and practicability.

**RURAL SCIENCE CLASSES**

They Are on the Increase in Ontario,  
Says Inspector Leake.

That household science classes in  
the rural schools are on the increase

is testified to by Mr. A. H. Leake, in-  
spector of Manual Training and Do-  
mestic science of Ontario. Particu-  
larly in the past few months, states  
Mr. Leake, there has been noted con-  
siderable progress in the establish-  
ment of classes.

## No Bread Can Be Better

### No Bread Has Better Ingredients Than Ours

No bread has ever been made under a more successful formula. No bread is made under more modern baking methods and more sanitary conditions.

No bread has better ingredients than ours.

When mother baked her own bread, about the only joy she got out of the operation was the relish with which the family consumed it.

Bread as good as ours relieves her of all the work, the standing over the hot stove, wearisome kneading and mixing, and she derives the same benefit of family approval, because no mother ever made bread quite as good and nourishing as this.

An equal standard of goodness is to be found in all our baking products—

Professor Mayor says that the real authors of the movement to oust the bookholders from their settlements are land speculators who are merely trying to make use of returned soldiers for their own purpose, hoping that soldiers will abandon any land they may obtain and sell them at a small price.

The presentation of the peace terms of the German envoys may not be made until the end of the week. This will give the moving picture people more time to get their cameras in position. In 1871 the Germans had their artists on the spot, but the movie camera gives the French all the best of it.

Everything is quiet around the police station this morning.

A bold robbery took place on St. Paul Street last night when the Gents Furnishing Store of Robert Biggs was entered and a quantity of goods taken. The intruders made the entry through the transom over the front door.

A delightful birthday party was held on Monday evening at the home of Mr. and Mrs. Edward Jones, Mill Street, when the 21st birthday of their twin daughters, Agnes and Margie was celebrated. There were a large number of invited guests present from Thorold, Niagara Falls, N. Y., and St. Catharines, in response to the dainty invitations sent out, and a most enjoyable evening was spent, special mention should be made of the assistance given by Jack Brothers, who set all in the best of spirits by their jollity and their ability as entertainers. The gathering dispersed at a very high. It is true that they contain very little from 10 per cent. to 12 per cent. dry matter, but it must be remembered that this "dry matter" is entirely digestible, and consists largely of sugar, one of the most valuable of the nutrients for energy, but an excellent preservative.

The concert given by the choir of the Morrison Street Methodist Church, Niagara Falls, Ont., in the Methodist Church last night was fairly well attended. The vacant seats at the front of the church was possibly due to a number from town who accompanied the Union Choral to Virgil the night previous, where a successful concert was put on, there not being standing room in the town hall at that place.

A joint meeting of the City Council, Collegiate Institute, Public School Board and Council of the Board of Trade was held last night in the offices of the Public Utilities Commission when the various questions in connection with public schools, civic finances, etc., were discussed. The purpose of the gathering was purely educational.

There passed away at the family residence, 104 Niagara street, this morning, George Hainer, at the age of 63 years. Deceased who was widely known and most highly respected had been a resident of this city for the past nineteen years, having moved here from Grantham Township where he was born. Besides his sorrowing widow, he is survived by four daughters, Mrs. D. L. Hutton, Sanbury, N. Y.; Mrs. Thomas Stiven, Flint, Michigan; Mrs. Jessie May, Port Dalhousie, and Mrs. Fred Groombridge, of this city; two sons, Benjamin O. and George E., both of St. Catharines, who are receiving the nearest sympathy of the community in their hour of trouble.

A large number of sympathizing friends and relatives gathered at the family home, 98 James Street, on Wednesday afternoon to attend the funeral of the late George Allie McLean, the well known grocery merchant, who passed away on Monday morning after a few days illness, the result of a stroke of paralysis. Rev. A. W. Howitt of St. Thomas Church where deceased was an ardent member, conducted the service and was assisted by Rev. Canon Broughall of St. George's Church. Those who acted as bearers and conveyed the remains to their last resting place in Victoria Lawn Cemetery were Col. W. W. Burleigh, Harry A. Cavers, Howard Ecclestone, W. H. Merriman, John W. Gordon and George Peterson. The flowers which monopolized the entire room, were beautiful and bore silent testimony of the esteem in which the late Mr. McLean was held.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, soured bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

### THE BARNET REFRIGERATOR

PROTECTS HEALTH  
Thousands of families have experienced illness and death, caused by unsanitary refrigerators.  
Of all food products, milk is the most susceptible to odors, and most easily tainted, and many, many children as well as adults are suffering from diseases directly traceable to refrigerator poisoned milk and food.

THE "BARNET" REFRIGERATOR  
being so highly endorsed by the medical profession is a strong evidence that the Barnet Refrigerator is hygienic and a safeguard to health.

### A DEMONSTRATION

Of these very desirable refrigerators is going on now in our window, and should prove interesting and profitable to you. Come along and see for yourself. It costs nothing to know all about the "Barnet" Refrigerator.

A dear old Grandmother came to us the other day with her little granddaughter.

She informed us that she was wearing a plate that we made for her ten years ago.

"I want you to give this little tot's teeth a thorough examination and see if there is anything wrong with them," she said, and then added, "If I had received this early attention I might not be wearing a plate today."

We could not help but admire this Grandmother's wisdom and it occurred to us that it would be a splendid story to tell the public at large.

A thorough examination of the child's teeth was made and a small cavity was discovered in one of the teeth.

It was immediately filled, entirely without pain and at the small cost of 50 cents.

"This girl is going to have a sound, beautiful set of teeth when she gets to be a young lady, if I have anything to say about it," was the parting remark of the Grandmother.

Her wisdom might well be copied by all who hold the future welfare of their children at heart.

Fine Passenger Touring  
A Reo Owner Says It  
Better Than We Could  
ASKED HIS OPINION as to the relative merits of various competing  
makes of automobiles, a Reo owner after a moments thought said:-  
"THERE ARE MANY good automobiles-but the man who owns  
a Reo is lucky!"  
YOU KNOW THAT WORD "lucky" has come to have a new  
significance of late-since our boys over there used it.  
TO BE "OUT OF LUCK" was their way of expressing any tragic  
or difficult or aggravating condition. It might be the result of bad  
judgment or bad conduct or just chance, but they covered it all by  
the one expressive term "out of luck."  
THIS AUTHORITY WAS RIGHT-used in that sense the owner  
of a Reo is always lucky.  
HE ALWAYS GETS THERE, though his friend in some other car  
stop by the whyside.  
NEXT TIME YOU HEAR a motorist in trouble exclaim, "just my  
luck"-repeat to him what that Reo owner said.  
GOOD LUCK in the ownership of a good automobile is the result of  
good judgment in selecting the right one when buying.  
IT IS EASY TOO to determine which is the best car in any size or  
price class. Just ask owners. And ask garage men-ask anyone  
who knows, to name the two best, and, as one of them he will  
name Reo.  
THEN NOTE how much oftener Reo is mentioned than any other  
comparable car - follow the suggestion, and you can be lucky too!

OAKLAND BARON'S BREEDER

By W. H. Gocher. The recent death of Oakland Baron, 2:09 1/4, at the Hudson River Stock Farm, near Poughkeepsie, N. Y., recalls the name of his breeder, R. G. Stoner. He was a genuine Kentucky colt with an eye for a pretty girl and a good horse, and with more business ability than the average southern gentleman. He was also one of the first Kentucky breeders to cut away from the Mambrino trotters. At an early date he became convinced that the get of Mambrino Pilot through Caliban, which was owned by his neighbor, M. M. Clay, of Bourbon County, and Mambrino Patchen, the property of Dr. Herr at Lexington, could not compete with the northern trotters. After seeing Dexter, George Wilkes and Nettie perform, he also became convinced that the Hambletonian line was the proper one, and in order to get a

representative of the breed he went to Erdenheim and purchased the stallion Goodwin Watson. This horse was by Hambletonian, out of Lady Waterlute, and was kept in the back ground by his breeder, Aristides Welch, on account of him showing a disposition to pace. That, however, did not stop Colonel Stoner. He purchased him, changed his name to Strathmore and placed him at the head of his stud near Paris. After he got Santa Claus and Steiway, a three-year-old champion, everybody wanted a Strathmore trotter and Stoner saw that they were supplied. At that time he also had the horse Mambrino Russell, by Woodford Mambrino, out of the dam of Maud S., at his farm. He was not very successful and passed to Illinois. Later on, when the get of Strathmore showed a disposition to pace, that gait not being as popular then as now, Colonel Stoner sold him to Rockhill Bros. and proper one, and in order to get a Fleming, of Fort Wayne, Ind., and

put Baron Wilkes in his place. The latter was bred by Bryan Hurst, of Lexington, and was one of the youngest sons of George Wilkes. He was a moderate race horse of a good family and proved very successful in the stud. When he got Oakland Baron, the Kentucky Futurity winner of 1895, Stoner sold him to J. E. Thayer and Bros., of Lancaster, Mass., and placed his son in the vacant stall. In a few years it looked as if Oakland Baron was destined to prove even a greater sire than Baron Wilkes, as Lady Gale Hamilton, 2:06 1/4; Baron de Shay, 2:06 1/2, and Rhythmic, 2:06 1/4, were found among his early foals. The latter was a typical show horse. He had the form, style and whiz of a fanfare champion, but unfortunately was blind. The success of this trio made Oakland Baron very conspicuous, and at the proper time Colonel Stoner placed him on the market. He was purchased by Jacob Ruppert and placed at the head of the Hudson River Stock Farm, where he died on April 29.

Although the lists are not yet ready for publication, it is understood that the Industrial Athletic Association summer programme is a heavy one and should provide plenty of outdoor sport for the factory workers. The baseball and football schedules have already been drawn up and are ready for ratification by the general committee, while the schedules for the other branches of sport will be arranged in a few days.

The Public Schools Football League is now assured and some of the teams have already started practice. The School Board, I am given to understand, have taken up the proposal with great enthusiasm, and a regulation football has been purchased for each school. A strong league among the school boys will have a beneficial effect on the pastime in this city, and in this way first-class players can be developed. The officers of the St. Catharines and District Football League intend to do all they can to help the youngsters along and will turn out and coach the various teams.

That the St. Catharines Lawn Bowling Club will stage a big tournament this summer is almost certain, and later in the year the outside clubs will have an opportunity to compete for some silverware donated by the local club. Just what the plans are as regards the tournament is not yet known, but it is expected that there will be a rink competition besides a Scotch doubles and singles trophy offered as prizes. The local club expect to move into their new club house on May 21st, and from that date on the new green will be well patronized by bowling lovers in this city.

You Are Going to Gain Nothing By Waiting For Lower Prices in Boys' Clothing

Like you, we have been looking for this to come. But there is no sign of it. In fact prices for fall are stiffer than ever, and a ten-dollar suit or overcoat will sound cheap next October, and it won't be much at that.

We can quote you good solid Suits and Reefers to-day, made of fabricated cloths, 60 per cent. wool and 40 per cent. cotton, as low as \$7.95 and \$8.95, and the better grades from \$10.00 to \$22.00. And this is better than we can do later on unless a big drop takes place in woolen materials, and this is at best but a gamble.

Now is the safest time to buy, and this store the best place for real values in Boys' Suits, Reefers, Trousers, Hats, Caps, Shirts, Shirtwaists, Neckwear, Stockings and other thing the boys wear.

OAK HALL Clothiers and Furnishers

the meeting held by those interested in rowing last night, and from the enthusiasm shown by those present it is likely that St. Catharines will have one or more fours in competition at the Canadian Henley. There is some good material in this city, and if the right amount of ginger is put into the training there is no reason why the sport should not thrive. Tommy Holden, of The Standard staff is busy gathering together a

cricket team to take a crack at the boys from Ridley College, and he already has the promise of Ald. James Dakers, Courtney Kingstone, George Peterson and one or two more old-time cricketers to be ready on the day of the match if one can be arranged. The War Veterans are also going to have a team this summer, so cricket will also take a front rank in the local sporting world during 1919.

#### EAST ONT. AFTER RADIALS

Municipalities Seek Line From Rawden Township to Cobourg

Warkworth, May 8.—About fifty representatives of municipalities assembled here to discuss the matter of an electric railway from Central Ontario Junction, in Rawdon township, to Cobourg. The proposed line would serve a large agricultural area that at present has no railway, either steam or radial, and would connect at Cobourg with the proposed radial line from Toronto to Napanee, already constructed for some miles east of Toronto.

A committee was appointed to draft a resolution to be forwarded to Sir Adam Beck asking that the Hydro-Electric Commission take action in regard to a radial electric railway through this section of the country.

#### FINDING HONEY

Quantities of Honey are found in the African forests by the natives in hollow trees. The honey is generally at the summit of the tree, and the men knock down the tree, and smoke the bees out of their lodging with burning grass. The honey is then quickly collected and taken to camp.

#### THE SWIFTEST OF ANIMALS

Russian Wolfhounds and Gazelles Are Given the Credit

The swiftest dog in the world, the borzoi, or Russian wolfhound, has made record runs that show seventy-five feet in a second, while the gazelle has shown measured speed of more than 80 feet in a second, which would give it a speed of 4,800 feet in a minute if the pace could be kept up.

#### POLICE COURT

Gambling is a chance and very costly at times, that is if the luck stays away or the "bobbies" pay an unexpected visit without the formality of presenting their cards to the outpost.

But that is what happened to three young men who were exchanging coin of the realm at the T. T. R. as the dice rolled.

In other words they were shooting "crap" when the P. C. put in an appearance and this a. m. the P. M. fined them each five dollars. Five is a sure enough hard point to make, but the men rolled a "natural" looking bill toward the chief and then departed, sadder but wiser.

Lloyd Gibson will spend the next ten days as the guest of the Governor at Castle Bush. Lloyd parloined a gold watch from a fellow roomer at the White House yesterday morning and sold it to Mr. Mike McGuire.

This morning the Court made him out a ticket good for 30 meals at the big County building on Niagara Street.

#### CURRIE HOME IN JUNE

Commander of Canadians is Not to Enter Politics

Ottawa, May 8.—General Sir Arthur Currie, Commander-in-Chief of the Canadian forces, is coming home in June. Rumors to the contrary, he is not going into politics on his return. He contemplates visiting his home in Western Ontario and will afterwards go to British Columbia for a rest. Nevertheless Sir Arthur has had several proposals made to him with regard to entering public life.

#### 5,000 ARRESTS IN MUNICH

Several Leading Communists Among Those Killed or Executed

Berlin, May 8.—One hundred and fifty persons were killed or executed during the fighting at Munich, according to an account of the fall of that city printed in the Lokal Anzeiger. Among the killed were Herr Troller, director of the Soviet Government and Herr Sontheimer, a communist leader. Herr Seidl, who was said to have instigated the shooting of hostages, was beaten to death by Wurttemberg soldiers, it is said.

The Tagblatt states that 5,000 arrests have been made in Munich, the Germans including Dr. Levien, leader of the Bavarian Independent Socialists, and Town Governor Weber. It has been ascertained that Prof. Von Stack, the widely-known Bavarian painter and architect, escaped when the hostages held by the Soviet authorities were executed. An unconfirmed report says that Dr. Leund, leader of the Bavarian Independent Socialists, was captured when an air-

plane in which he escaped from Munich made an emergency landing at Augsburg.

Rheims which had a population of 115,178, before the war, now has

only 8,458 inhabitants—3,087 men, 3,258 women, and 1,213 children.

The "martyr city" was shelled by the Germans on 1,051 days and over 1,000 persons were killed, including some 300 women and 100 children. The cathedral was struck by 287 shells up to March 21, 1918. After that date no record was kept.

April 24, 1917, was the worst day of the war for Rheims. The bombard-

ment was so terrific that no records could be made of the casualties and damage on that day.

### DOROTHY GISH SETS NEW STYLE FOR "TAMS"

Feminine Headgear Feature of Picture, "Boots"

When Dorothy Gish created her famous part of "The Little Disturber" in "Hearts of the World," she set the younger feminine set of the nation to doing two separate and distinct things. One was to walk like "The Little Disturber."

Soon after the large city showings of the picture you could see hundreds of girls on the streets imitating the funny little swagger walk that Dorothy did in the picture. The other thing was to reset the millinery styles for the year. If you remember correctly, you saw girls everywhere in the United States wearing "tams" with jaunty side sweep. Millinery shops all over the country made them and sold them by the hundreds.

So, when "Boots," which is Miss Dorothy's next Paramount picture, comes to the Griffin Opera House to day, the girls of St. Kitts will have still another item to add to their wardrobes. It is a new and still jaunty "tam" with bells on it. Description is too vague to convey the idea, but it is safe to say the girls will get the idea.

### NEW SERVICE FROM TORONTO TO NEW YORK CITY

The Grand Trunk Railway inaugurated on May 4th, 1919, a through train service from Toronto to New York City, leaving Toronto 5.45 p. m., St. Catharines 7.50 p. m. daily, arriving New York at Pennsylvania Terminal 34th St. and 7th Ave. Train handles through coaches and sleeping cars, Toronto to New York, also coaches and parlor car Toronto to Buffalo, dining car Toronto to Niagara Falls.

Also train leaving St. Catharines 6.03 p. m., daily runs through to Buffalo, making direct connections at Buffalo for New York, coaches and parlor-library buffet car Toronto to Buffalo, sleeping cars Buffalo to New York and Philadelphia.

The Pennsylvania Station is so centrally located that it is a great convenience to the visitor to New York, and is in easy reach of some of the latest hotels also the shopping and theatre districts. With the opening of the new tunnel under the East River, Brooklyn passengers arriving at or departing from this station in New York now have direct tube service to and from Brooklyn through the 7th Ave. Subway. Through trains are now running between Pennsylvania Station and Atlantic Ave. Station, Brooklyn by way of 7th Ave. Hudson St., West Broadway, Park Place, Beechman St., William St., and the new tube to Clarke and Henry Streets (Brooklyn Heights) Borough Hall and Atlantic Ave. Brooklyn. m 89 10

### THE TIMAGAMI FOREST RESERVE

Every angler who knows the real thrill of landing a "big fellow" desires to enjoy the sport that the wonderful Timagami region of Ontario affords. Sportsmen who have fished all the important water of the continent declare that the fishing in Timagami cannot be excelled. Lake Timagami with its sixteen hundred islands and three thousand miles of shore line is the home of the black bass, the brook trout and other

game fish, while the innumerable smaller lakes are also well stocked. There are no hardships to be encountered in reaching Timagami. A few minutes after leaving the Grand Trunk through train from Toronto the sportsman finds himself in the bosom of the forest, and in a labyrinth of islands, inlets and channels inviting him to go north, south, east and west. There are good outfitting facilities, and also some boarding establishments, but this great region is still absolutely unspoiled. For full particulars and information regarding this territory apply to Grand Trunk Agent or C. E. Horning, D. P. A. Toronto, Ont. m9

### Ladies! Keep It on The Dresser

Few drops on corn or callus stops pain, then they lift off.

Your high heels have put corns on your toes and calluses on your feet, but why care now? This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it Freezone. Small bottles of Freezone can be had at any drug store for a few cents. Never limp or twist your face in pain again, but get a bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with fingers. Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without suffering one particle, without the slightest irritation of the surrounding skin. Just a touch of Freezone on a sore corn gives instant relief.

### TORONTO NOW HAS AIR TAXI

Two Passengers Called on Monday by a Member of Aero Club

Toronto, May 7.—For the first time in the history of flying the adventure has been taken out of it, and a machine has been adopted to the work of carrying passengers in the city of Toronto.

One of the former pilots of the R. A. F. and an instructor at Deseronto has purchased one of F. G. Ericson's planes and is now preparing to carry passengers, do exhibition flying at fairs, ball games and other attractions for a moderate fee. Monday was the first day of the service and two passengers were carried by the pilot, who is a member of the Aero Club of Canada, and thus a licensed pilot.

From A. J. Thomas, making application for the position of caretaker of the new school to be built on Welland Avenue.

From A. W. Marquis, thanking the Board for appointing him arbitrator in the School Board's arbitration and Mrs. Lancaster.

TWO SEAPLANES MAKE HALIFAX IN NINE HOURS

United States Flyers Accomplish First Leg of Atlantic Flight in Safety—One 2500 Miles.

Washington, D. C., May 9.—With two of the three navy seaplanes which started from Rockaway, L. I., this morning on the first leg of the trans-Atlantic flight arrived safely at Halifax, navy officials, were bending every energy tonight to locating the third, missing plane early in the afternoon.

The report was received and adopted as read, on motion of Trustees Paxton and Dunlop.

Trustee Rutherford submitted his report of the Building and Supply Committee, recommending that the report of the Peninsula Press be accepted for printing report forms.

Inspector Hetherington submitted his report for the month of April, showing the total average attendance to be 2,068, or 87 per cent.

Nurse Riggins reported that during the month of April 1,855 class-room inspections were made and there were found pediculosis, 1; skin infection, 7; ring worm, 2.

The ring worm cases were seen by the family physician and were excluded until clear.

Number of home visits, 5. Chairman Byrne gave a verbal report of the work at the Ontario Educational Association convention at Toronto at Easter.

NOTED JURIST PASSES AWAY AT TORONTO

Judge Winchester Dies at his Home After a Long Illness—Overwork Hastened the end of a Brilliant Career.

Toronto, May 9.—Judge John Winchester died at his home, 77 High Park boulevard, at 7:30 o'clock last evening after an illness of about two months.

The Judge was taken ill toward the close of the recent police enquiry when it was said that he was suffering from stomach trouble. This coupled with a breakdown due to overwork, it is believed, reduced his strength below the rallying point.

Judge Winchester was born at Elgin, Scotland, August 27, 1849, and was brought to Canada at the age of three years.

He was educated in the Toronto schools where he ranked high as a scholar. He was called to the Ontario Bar in 1871, having read in the office of George Morphy.

In 1876 he became a school trustee, and served two years at such, and for the two years following sat in the City Council, representing St. Stephen's ward in both offices.

Refraining from the Council, he became first Reeve of Brockton, and for three years was a member of the York County Council.

Judge Winchester became registrar of the Queen's Bench Division of the High Court in 1889, and two years later received the appointment of first inspector of legal offices.

When but 43 years of age he became Master-in-Chambers at Osgoode Hall, succeeding R. G. Dalton, and four years later was created a O. C. In April 1903 he rose to senior County Judge and was appointed surrogate judge by the Ontario Government.

DELEGATES NAMED

Austria has Selected Men to Attend Peace Treaty Meeting.

Copenhagen, May 9.—The Austrian peace delegation has been named, according to dispatches from Vienna. It is composed of Dr. Franz Klein, president; Prof. Heinrich Lammach, former Austrian Premier; Prof. Von Lann, who was Austrian delegate to the conference of the League of Nations Societies at Berne; Under Secretary Pfeufferl and Deputies Ludwigman and Stegliger.

COEULENT Farmers are elated through the Niagara, Burlington and Vineland districts over the prospects of a fine fruit crop Berry vines, bushes and trees are reported to have never been in finer condition, according to Miss K. F. Hart, director of the Women's Farm Department of the Government Employment Bureau.

All the farmers have made big plans for the coming season, as they are all counting on the girls, who have won a definite place for themselves throughout the various fruit districts on my recent trip Miss M. C. Strath, of the Y.M.C.A., made arrangements to open up camps in the different vicinities in which I have had a big demand for helpers. Ten camps have been arranged for," said Miss Hart.

"In the Vineland and Jordan districts seven camps will be opened, which will accommodate from eight to thirty girls. These camps are all splendidly situated near the lake or within walking distance. At Burlington we expect to place 90 girls in three camps, which are on the lake front. One of these will be opened the latter part of next week, while we are making plans to open the other in the early part of June."

"During last season there were 2,400 girls placed and it is the hope of those in charge of this work that as many girls and women will respond this summer."

CANT DECIDE

Ottawa, May 9.—The Pensioners Committee of the Commons yesterday had under consideration the recommendation of the Great War Veterans' Association. No decisions are expected for a week yet, but it is evident that most of the G.W.V.A. recommendations are regarded as fair.

INQUEST ADJOURNED.

The Sergeant-inquest was resumed before Coroner Jory and his jury at the police station last night, and after eight or nine witnesses were examined by the Crown Attorney, an adjournment was made until the evening of May 22nd.

LIBERALS OF CANADA WILL MEET ON AUG. 5

Convention Called by Mr. D. D. McKenzie for the Purpose of Naming a Leader and Framing Policy. Ottawa, May 9.—Mr. D. D. McKenzie, Liberal Parliamentary leader, last evening gave out the following statement covering in detail arrangements made to date in connection with the National Liberal convention to be held in Ottawa during the first week of August.

Pursuant to the announcement made by Sir Wilfrid Laurier in November, 1918, and in conformity with a resolution adopted by the Liberal members of the Senate and of the House of Commons of Canada, a convention of the Liberal party is hereby called to take place in the city of Ottawa on August 5, 6 and 7 next.

LOCAL COUPLE IN TROUBLE AT NIAGARA FALLS

Philip and Helen Taylor, Colored, Charged With Hiding Men up Over the River.

Niagara Falls, N.Y., May 9th.—Philip Taylor, 48 years old, and Helen Taylor, 24 years old, negroes of St. Catharines, Ont., were arraigned before Judge Piper in police court yesterday on a charge of second degree grand larceny. They were accused of attempting to hold up Dominick Benedict, an employee of the International Railway company and rob him of \$37 in an alley near the terminal station. The woman took \$37 from Benedict's pocket and slipped it to her husband.

Benedict compelled Taylor to return the money to him when he pointed a small monkey wrench at him. Taylor thought the wrench was a pistol. Patrolmen Edward Pierce and Peter O'Dea arrested the Taylors. Bail in their case was fixed at \$1,000. They could not furnish it.

THE AFGHANS PENETRATED KHYBER PASS

Positions on Indian Side of the Border Seized and Heights of Importance Occupied.

London, May 9.—Afghan tribesmen have crossed the Afghan border with the assistance of Afghan regular troops, and have occupied certain positions on the Indian side of the border, according to a despatch from the Indian Foreign Office. Military precautions have been taken by the British, who have addressed a vigorous note to the Amir.

It has been reported for some time that the new Amir had adopted an unfriendly attitude toward the British, and contemplated a violation of the northwest frontier and Khyber Pass, the principal northern pass into that country from India.

No large number of tribesmen are concerned, but they have occupied some heights of importance commanding two roads leading across the frontier.

COURT FINDS FRENCH SENATOR GUILTY

Paris, May 9.—Senator Humbert, who has been on trial by court-martial on a charge of having had dealings with the enemy, was acquitted to-day.

Captain Georges Jile Ladoux, former Chief of the intelligence Bureau of the Ministry of War, a co-defendant with Humbert, was acquitted. Pierre Lenoir, still another of the co-defendants, was sentenced to death, while William Deouches was convicted and sentenced to five years in prison.

THE WEATHER

Toronto, May 9.—The centre of a high barometer in northern Canada has moved to Quebec while the low pressure over the middle and southern States has remained almost stationary. Light rains have occurred during the night in southwestern Ontario. The weather has become fairly warm in the western provinces.
