LLOYD HARRIS TURNED DOWN BY BRANTFORD

Liberal Convention Turns Down Reciprocity Bolter and Names T. H. Peston — Reciprocity Gaining Ground Each Day.

Bulletin Special. Toronto, Aug. 20.—The second week of the campaign closed with the Liberals still gaining ground. The evidence is now overwhelming that the rural sections and the working classes are practically a unit in support of reciprocity, while manufacturers on every hand are coming forward to get in line. At Saturday's conventions in Ontario, no less than twelve manufacturers came out in support of the agreement. Evidence multiplies that the anti-reciprocity campaign of the interests is going to pieces in Ontario. The Globe published on Saturday a facsimile of a letter from Hon. Francis Cochrane, minister of mines, for the province and chairman of the Conservative campaign, to the effect that Arthur Hawkes will write articles for the papers which are to be signed "John V. Borne." The Globe severely condemns the "treachery" which insinuates British intelligence by trying to take the British horn, and characterizes Hon. Francis Cochrane's share in the plot as "dastardly and without excuse."

Alliance Between Borden and Bourassa. Addressing a Toronto meeting Wednesday publicly that a bargain has been made between Borden and Bourassa in which the Toronto News and Le Devoir are to be used as co-operating newspaper henchmen. These papers are to play both ends against the middle, and speakers are warned in Ontario to be very wary of the alliance. Mr. Waldron challenged the parties concerned to meet him, but so far neither Borden nor the News has done so.

The Brantford Liberal convention declined to accept the candidature of Lloyd Harris, one of the Liberal bolters on reciprocity, and made T. H. Preston their candidate. In Welland the Liberals are now pressing Wm. Gorman to abandon his anti-reciprocity position. If he does so he will be the candidate. Reciprocity in the Welland fruit growing district is now strong and the growers are insisting on a non-reciprocity candidate.

The anti-reciprocity interests are making a dead-end on the minister of finance, who is primarily responsible for the reciprocity pronouncement. The Conservatives nominated F. D. McCurdy to contest Mr. Fielding's seat. McCurdy is a stock broker, capitalist and organizer, and a great effort is to be made to defeat Mr. Fielding. Nova Scotia Liberals laugh at the idea and say the minister will increase his majority.

Sir Wilfrid's Tour of Quebec.

Sir Wilfrid Laurier continues his triumphant tour through Quebec, the premier being accorded the most remarkable tribute of his career from his native province, and the eastern Liberals everywhere are jubilant over the effective answer the people are giving to the Bourassa campaign. The Ontario Conservatives in desperation have at last dragged Sir J. Pliny Williford Laurier out, and the provincial premier will address a Conservative convention in his home county of Dundas tomorrow. He has, however, absolutely refused to become a candidate as he also the other Ontario ministers approached. It is believed that the premier will make an announcement on the subject of the navy. As has been announced before the Nationalists aim to shove this subject ahead of reciprocity, and their hope now is to force Sir Wilfrid into devoting some of his time to a refutation of their arguments on it, which will still be a very live issue in Quebec.

To Speak Eight Times. They are crowding over the amount of time which the premier is spending in the provinces and claim that it is owing to the opposition they have created. Whether or not this is the case Sir Wilfrid's program for this week is a fatiguing one for a man of his years. In all his previous campaigns he has, as a rule, spoken only once or twice a day and has himself from being selected to do so. In this case he is to speak eight times this week, all in the vicinity of Montreal.

To Oppose Mackenzie King. Speakers at the Conservative convention for North Waterloo. Brantford, Ont., Aug. 19.—Richard Biss has again been selected to contest Peel in the Conservative election. Fredericton, N.B., Aug. 20.—York County Liberal candidates have met to select a candidate to oppose Dr. A. B. Atherton in the coming elections. Montreal, Aug. 20.—Mr. J. E. Leonard last night announced that he would accept the Conservative nomination in Laval, opposing W. A. Wilson, late member.

Miller for South Grey. Durham, Aug. 19.—South Grey Liberals have selected H. H. Miller as their candidate.

Lindsay. Aug. 19.—Col. Sam Hughes will again be the Conservative candidate for Victoria and Haliburton.

Guelph. Aug. 19.—J. Kelly Evans will be the Conservative candidate for South Wellington, in place of Dr. Groves, who refused the nomination.

Macdonald Independent. Whinney, Aug. 21.—The Macdonald Liberal convention held in the Liberal hall, under the presidency of R. Munro, Miami, unanimously passed the following resolution Saturday: "That the Liberals of Macdonald constituency in convention assembled endorse the candidature of J. S. Wood, the reciprocity candidate, nominated at Carleton Place by the Independents and pledge their fullest and heartiest support."

It was pointed out that although Mr. Wood had Conservative leanings, he was out and out in favor of reciprocity, which was the supreme issue at the coming election. Mention was made of the fact that two Liberal members of the Grain Growers' association were reciprocity candidates in Dauphin and Portage La Prairie, and that they were being supported enthusiastically by the Liberals and Grain Growers alike.

Duncan Ross in Comox-Atlin. Nanaimo, B.C., Aug. 21.—In the Forrester's hall delegates from all sections of the constituency of Comox-Atlin met to nominate a Liberal candidate. The only names to go before the convention were those of Duncan Ross, member for Yale-Cariboo, from 1900 to 1908, and Judge W. B. McInnes, former member of parliament and now county court judge of Vancouver. Ross got the great majority of votes and the nomination was made unanimous. At a public meeting later Hon. Wm. Templeman, who represented the constituency in the last parliament, Duncan Ross, J. S. Cowper, formerly of the Globe, and now editor of the Prince Rupert, G. B. Naden, former member of the legislature, made speeches. It is confidently expected that Ross will retain the seat for the government.

United on T. H. Preston. Toronto, Aug. 21.—The Liberals in the riding of Brantford will try to give their united support to T. H. Preston in securing his return as a member of the Dominion house. Preston has fought three successful contests for South Brant in provincial campaigns and now enters the larger arena. Preston is proprietor and editor

BIG RAILWAY STRIKE ENDED

Men Employed on English Railways Will Return At Once to Work.

London, Aug. 20.—A wave of relief swept over the country last night, shortly after 11 o'clock when the announcement was made from the board of trade offices that the railway strike had been settled and that the men would return to work immediately.

The cabinet had been working night and day since the strike was threatened to arrange a compromise between the railway managers and their employees. Most of the credit of the ultimate settlement of their efforts appears to have gone to the late Mr. Lloyd George, chancellor of the exchequer, who in his statements to parliament by November 1, when the English resumed its stoppage.

Mr. Martin will spend several weeks in the West, but he has to be back in England by November 1, when the English resumes its stoppage.

LLOYD GEORGE CONGRATULATED

King George Sends Message to Chancellor of the Exchequer.

London, Aug. 21.—The strike in the industrial world in the United Kingdom gradually is abating. With a truce in effect on all the railways except the London and North-eastern, the board of trade was occupied all day in an endeavor to reach an amicable arrangement between the employees of this line and the managers and also in trying to settle the strike of the south sea traders. It was announced that both of these controversies are now in line for early adjustment.

There is still much friction on some of the railroads over the impatience of strikers returning to work be accorded full reinstatement to their old positions which in some cases have been strategic railway points about the country will be withdrawn.

There is no doubt that yesterday's affair at Llanelly, Wales, in which the troops fired on a mob, killing two and wounding many, had much influence in England on this strike. This Liberal government had been in power for the first time in three weeks but it will be some time before the congestion of the port due to the dock and granger men's strike is relieved.

King George today telegraphed his congratulations to Premier Asquith, David Lloyd George, chancellor of the exchequer, and Sydney Buxton, president of the board of trade, on the settlement of the railway strike. The King's message to Lloyd George said: "I am very glad to hear that it was largely due to your energy and skill that the strike on the railways has been brought to an end. I heartily congratulate you and feel that the whole country will be most grateful to you for averting a most disastrous calamity. It has caused me the greatest possible anxiety."

Representatives of the railway employees today complained that the companies were not carrying out the terms of the agreement under which the strike was called off, referring particularly to clause two, providing for the reinstatement without prejudice. As a consequence a long conference was held at the board of trade and a protest was made to the audience of three or four thousand people drawn from the counties of Wellington, Huron, Dufferin, Perth, Bruce and Grey, which listened to them at the rink here last night.

Mr. Borden pointed to President Taft's solemn warning that Canada stood at the parting of the ways, leading on the one hand to reciprocal trade with his country, and on the other to membership in an Imperial band stretching from England around the world to England again by a system of preferential tariffs.

Mr. Lucas, in the course of his address, asserted that the adoption of the reciprocity agreement with the United States would be fatal to the policy of the preferential trade which the British Dominions, the hope of great Canadians and of Empire builders beyond the seas.

Wider Markets. Nothing. Many farmers were among those who attended the meeting and Mr. Borden therefore spent considerable time discussing the proposed trade pact from the point of view of its effect upon their industry. He argued that the promise of wider markets for the Canadian farmer could not be fulfilled by the making of an agreement with the United States. The millions engaged in agricultural pursuits in the United States were able to supply the demand in their home market and to produce a surplus for export. He pointed out that the Canadian farmer agreed that no increase in the price paid for barley, for example, could be expected to follow the adoption of the fiscal policy now suggested. The result will be that the United States will merely become the

clearing house of America," said Mr. Borden.

Joe Martin Coming West. Toronto, Aug. 21.—Joseph Martin, member of the British House of Commons for St. Pancras, is on his way to Vancouver, where he is still a large property owner. Mr. Martin had hoped to hold a meeting in Winnipeg to advise the people of the entire Canadian west that it was in their own interest and to their own good that they form an independent western party, so as to get into a position similar to that now held by the province of Quebec, able to dictate terms to any government that was in power.

It was too late now to do this in this election, but he said it would have to be done yet, and that railway reform would be the main plank in the program. Mr. Martin said there was no objection to his sitting in the Canadian House of Commons, but that his constituents in the latter would certainly object. He did not think that the present Liberal party in England would care to take up public ownership of the railroads systems there, but any party that would take it up would carry the country.

Mr. Martin will spend several weeks in the West, but he has to be back in England by November 1, when the English resumes its stoppage.

Field Yield of Grain. Morden, Aug. 18.—Threshing started here this morning on the farm of Matt Gibbs, just east of town. The wheat will grade in number one Northern and weighs sixty-three pounds to the bushel. One field of thirty acres averaged twenty-one bushels. Mr. Gibbs stated that this was his poorest field and expects his wheat will go over twenty-five, his oat crop to yield about forty-five, his barley will go to 35 bushels to the acre.

NOVA SCOTIA IS FOR RECIPROCITY

Halifax, Aug. 21.—A bye-election was held in Yarmouth Saturday made necessary because of the appointment of Hon. E. H. Armstrong (Liberal), to the commissionership of works and mines in the Nova Scotia government. The candidates were Mr. Armstrong and Mr. Dentremont. Mr. Armstrong was elected with a majority of 648. The total standing was 1924 for Mr. Armstrong and 1276 for Mr. Dentremont. Reciprocity was the prime issue, and the overwhelming vote in its favor indicates Nova Scotia's sentiment.
