forces on the British left flank were busily engaged in organizing their newly won positions.

A heavy rain fell during the day, and no attempts at strong attacks were made by either side, although various points there were small forays in the nature of line atraightening operations by the British and French and weak attempts at counter-attacks on the part of the Germans. These latter maneuvers all were repulsed and the almes held the German back all along the line.

PENETRATED FRENCH LINE On the right bank of the Meuse river, in the Verdun sector, the Germans north of the Bois is Chaume, following a violent bombardment, attacked the French line and penetrated it at several points, but were kept from proceeding farther by the fire of General Petain's artillery.

AUSTRIANS WORSTED In the Austro-Italian theater the formans also attempted to gain ground against the Italians on the Carso plateau, but in the furious fighting which followed they were worsted, suffering heavy casualties. Along the Bainsizza plateau lively artillery duels

are in progress.

BENTON AND ROBERTSON ARE HEROES OF THIRD

BENTON PITCHED PERFECT GAME; ROBERTSON'S GREAT EXECUTION

ONLY TWO WHITE-HOSED ATHLETES GOT TO SECOND BASE; ROBERTSON STARTED THE ATTACK, WHICH PROVED DECISIVE

New York, Oct. 10 .- Cheered on by thousands of loyal rooters, the New Tork Nationals turned desperately upon Chicago in the third game of the world series here this afternoon, and shut out their inter-league rivals 2 to 0. It was an entirely different appearing team that faced the White Sox at the Pole Grounds. For the first time since the present struggle for baseball honors began, the Giants fought and won both victory and the breaks of the game.

As was the case in the initial contest in Chicago, the struggle developed into a pitchers' battle, but today it was Eddie Cicotte who was forced to bow before the prowess of Rube Benton, Pitted against Benton, the star of the White Sox hurling corps found a rival as skillful as he in generalship, and who refused to allow Cicotte's teammates a run to ease the strain. Only six of the visitors reached first on hits and on a fielder's choice, and of these only two saw second base.

Glants Played With Dash Behind Benton, the Giants played with a dash and brilliancy which were com-pletely missing in the two preceding Despite Cicotte's fine control and deceptive curves, they smashed into the delivery of the White Sox pitching star delivery of the White Sox pitching star-in the fourth inning and hammered out the two runs which spelled victory and restored their confidence for the contests to come. After the game, the Nationals expressed the belief that they would be able to repeat tomorrow and start westward Thursday night on even terms with American league opponents for the fifth game of the series, set for Saturday in Chicago. Among the fans tonight the name of Dave Robertson is praised in calal proportion with Benton.

Robertson and Benton Between them, these two diamond stars brought about the downfall of the Chicago ination when the outlook for a break of defeats was none to bright. For three and a half innings the opposing boxmen nad proved invincible and the thirty-odd thousand fans present settling down for a hurling due ming, attempting to penetrate the pitch ing of Benton with a great running catel ing of Benton, with a great running catch
of Gandil's long, sizzing drive to right
field, when he hurled himself against the
concrete wall of the grandstand, and
plucked the ball with one hand as it was
about to strike the wall. If he had missed Robertson, rf. . 4 1 3 1 0 Holke, lb . . . 4 1 1 15 0 Rariden, c. . 2 0 1 7 4 Benton, p. . . 3 0 1 2 catch Gandil's hit would have gone for at least a two-bagger.

But Robertson was not done. He doffed his fielder's glove and stepped into the batter's box and picked one of Cleotte's sharp-breaking low balls, and drove high

and far into right center.

The ball sailed upward and onward under the force of the blow until it seemed under the force of the blow until a section certain that it would equal Falsch's homerun drive of the opening game. Both
Jackson and Felsch raced for the ball,
but it hit the bleacher fence and bounded
away from their clutches, Robertson was
sliding into third base when the ball was
returned to the infield.

. Holke Helped Along Holke followed with a two-base drive to left field, scoring Robertson. Catcher Rariden, eatching in place of McCarty, who was injured in the second battle at Chicago, advanced his teammate to third with a sacrifice. Clocotte to Gandil. Ben-

with a sacrifice, Clocotte to Gandil. Ben-ton could not fathom Cicotte's curves, and struck out. As Burns came to bat Um-pire Klem took the ball away from Catch-er Schalk, and after examining it care-fully, threw it into the Ciants' dugout, while the crowd, scenting the "shine ball" When Cicotte hurled up a new ball

Burns hit a puzzling slow grounder toward third, which scored Holke, who was half way to the plate when the bat met the ball. Clotte finelly captured the ball, tried to retire Burns at first, but his throw was wild and the batter continued

With Herzog at bat, the crowd was ting strenuously for a continuance of he hitting, but Gandil checked the raily with a wonderful running catch of the Struggle With slants' field captain's foul, which he peared one handed, as the ball was about to disappear among the spectators in one of the ground row of field benches. That was the end of the run-making for the day, for after that spectacular inning both Cicotte and Benton pitched well-nigh perfect ball. While both teams got runners on the bases the hits to bring them home never were forthcoming.

Americans here today. The score was As was the case in the 2 to 1 win of Saturday, the winning pitcher was forced to deliver more balls than the defeated pitcher. Benton today pitched 109 balls to Cicotte's 97. During the fine innings which Benton pitched, the Giants' grenadier hurled 26 strikes, 38 balls, 14 white White Ser weeks the hits drove out 21 field-outs and fouled three Cleveland 000 000 100-1 5 2 Eller and Wingo; Bagby, Coumbe, Mor-

Cicotte, pitching 97 times, secured 27 strikes, 13 fouls, gave 26 bails, and was fouled five times. The Giants reached him for eight hits, went out 16 times on fielding plays and J. Collins' two errors on Kauff's drives account for the remainder.

While there was little, if any advantage, While there was little, if any advantage, between the two pitchers, it appeared to many as if Benton had more on the ball Cicotte. His delivery came up with wide, sweeping curves, or broke with almost right angle elants which had the White Sox missing or popping up most of the time. The Chicago hurler varied his pitching to a greater extent than Beaton and his control was as perfect as usual. To those who saw his work in the first game, it appeared as if Cleotte was not exactly 'right.' Cleotte's record today was eight hits and two runs, while Benton let the White Sox down with five hits and no

Early in the game there was some attempt to start an organized booing against Eddie Collins, apparently in re-taliation for Zimmerman's treatment rlier in the series, but this was soon seed down. In every other respect the

control was all that world series contest should be. The sky was slightly overcast and there was little wind, but the cold, damp atmosphere made wraps necessary. Who Starts Today?

With Cicotte turned back for a few days at least, the Giants' supporters are looking for McGraw to start either Schupp or Sallee in the next game, but the New statement that at last the team had got going, and that he expected them to con-tinue the winning pace from now on. Victoria's Application Accepted

Principal Massey of the Victoria scho made application for membership in the Intersch olastic association yesterday morning and President Aberhart accepted it provisionally. This will enable the Prevo. boys to compete this afternoon. The keenest kind of interest was displayed yesterday in the meet by the students, and, in the absence of recent scholastic athletic meets, they are at sea in judging the strength of any school,

consequently all kinds of guesses are being made as to what schools will carry Trophies to Be Competed For

WILL LECTURE ON SERBIA'S PLIGHT

Helen Losanitch Lectures on Behalf of Serbian Relief Tonight

Having just fought through two wars the people of Serbia were penniless, exhausted, reduced in numbers and longed only to be left alone and unmolested, so that their country might grow again and develop into a hardy little nation, when at the end of July, 1914, the first guns to be fired in the great war rained their shower of shells on the city of Belgrade. In contrast to this scene she tells how 30,000 peasant boys were gathered together so that they might not fall into the hands of the enemy, how these boys, between the ages of eight and fourteen years, started out singing their national songs, merry round-faced, wearing their Sund clothes, and how 6,000 of them arrived at the coast, a pitiful remnant, hunger stricken, ragged and almost dead.

Historical Facts Miss Losanitch traces the succession of historical facts that have led the Serbian people, king, peasant, priest and soldier, from its happy national life into a desolate, starving throng of war-ravaged refugees. She knows how Serbia barred the highway from Berlin to Constantinople, which the ambition of the Hun demanded should be under his control. Having been present at the bombardment of Belgrade by Mackensen's hordes, after the Austrians had twice been thrust back, and taken part in the retreat of the Serbian people she is able to tell a vivid story from personal experience. Miss Losanitch's address will be illustrated by a number of views of the "Terrible Retreat" camps. The meeting will begin at eight sharp. Splendid Exhibition of Vacant Lot Garden Products Brings Out Large Crowd; Competition Was Very Keen

President Calhoun, of the Vacant Lots Garden club, in his annual address last night, called attention to the dress last night, called attention to the fact that the Calgary club had responded more readily to the call for increased production than any other club in Canada. He explained the difficulty experienced in covering the club in the early part of work of the club in the early part of the season, which was owing to a lack funds, so that there was a congestion later on and some dissatisfacin consequence.

spite of the early drought the In spite of the earned and the lesson results have been good, and the lesson who is mentioned as the probable new does intensive cultivation gets the best

The president suggested the need of a thorough reorganization of the office records and the plans of operation. Owing to the loss of funds by plowing the fees will have to be increased. Will Raise Grain

He believed that in future consider able grain will be raised on the vacant lot gardens. The returned soldier problem can be solved by settling them on acreage in the city rather than on large tracts in the country districts. The new executive will once again endeavor to induce the city council to grant a reduction in taxes where lots have been cultivated. By beginning to plow this fall, Mr. Calhoun thinks a great deal of the rush will be avoided next spring.

Secretary's Address
The secretary, L. U. Fowler, reported on the great difficulties encountered in taking over the work of Secretary Burrows, and at the same time meeting the combined rush of applications from old and new members. and 6,000 visits were made to the office by would-be gardeners. Other Reichstag Members Declare That the Socialist Leaders in Reichstag Must Be Punished

London, Oct. 10 .- A dispatch to the Central News from Amsterdam says that at the conclusion of Admiral von Capelle's statement in the reichstag on the mutiny in the German navy, there were scenes of a most disorderly character, the shouts from the other depu ties being heard above the interruptions of the Socialists.

The Centrist member, Herr Trim born, declared that if the three deputies named by Admiral von Capelle had transgressed the law it would be a question of high treason. The Conservative member, Herr Kretch, said if the three men were guilty their parmentary immunity must be rescinded and that they must be prosecuted. "If the charges are true," this member continued, "the German language contains no word strong enough to brand such action."

Herr Ebert, the Socialist leader, said the government ought to have considered the effect of such grave charges never heard of it before. on domestic and foreign politics. MASTER PAINTERS MAKE AN OFFER WHICH IS REFUSED

Masters Now Offer 55c an Hour for Nine Months

The master painters have made another offer to the journeymen painters. The men offered, as a compromise, to work for 55 cents per hour from now until April 1, after which they want 57 1-2 cents until July 1. This was the compromise suggested by Fair Wage Commissioner Harrison and accepted by the men. A schedule was prepared for the masters to sign and left at the Labor Temple. Only one firm signed up. Last night the men re-ceived another offer from the master painters. They are willing to pay 55 cents per hour for nine months. They claim that they made this offer through Fair Wage Commissioner Harrison. But the men dispute that statement, as they

The men refused to accept the offer on principle. They are still out and have inserted an advertisement in the local press advising all painters to keep away from Calgary.

REAL LADY SET NEW RECORD FOR THREE-YEAR-OLD TROTTERS

Lexington, Ky., Oct. 10.—A. H. Cosden's grand filly, The Real Lady, driven by Thomas Murphy, today reduced the world's record for 3-year-old trotters to 2.03, beating the record of 2.03 1-2 made by Peter Volo here in 1914 in a trial against time. The Real Lady is also the world's champion 2-year-old in her class. Murphy had a great day, for, in addition to the performance of The Real Lady, he drove two winners, Poor Man in the pacing division of the Futurity, and Ruth Mainsheet in the 2-year-old trot. In the Futurity, there were four starters, and in the trot, six.

The best race of the day, if not of the entire meeting, proved to be the Ashland stake, which went to Lu Princeton, after five hard heats, the time of 2.05 3-4 setting a new world's record for a fifth heat Royal Mack winning the first and third heats. Only two starters.

The 2.15 class went to Ardelle after six hard heats. Nine starters. The result of today's racing leaves three drivers tied for first honors, Valentine, Mur Cox having won four races each

GERMANS PLANNED DESTRUCTION OF CANADIAN ROADS

United States State Department Gives Publicity to Some Interesting Correspondence on Subject

Correspondence Places Von Bernstorff in Very Undesirable Position

Washington, Oct. 10.—Secretary Lansing drew up on his collection of secret German diplomatic correspondence again today to shed further light upon what the German foreign office and general staff were doing in this country while nominally at peace with the United States.

He gave to the public, without comment, as usual, three brief cablegrams, disclosing that more than a year before submarine piracy drove America to war, the Berlin government was instructing Ambassador von Bernstorff to arrange for destruction of Canadian railroads, and to use Irish-Americans in carrying on sabotage in their own country. They showed, too, that von Bernstorff, on his part, was even at that early date seeking authority to support a campaign to influence con-

gress. The statement follows: "The secretary of state publishes the following two telegrams from the German foreign office to Count von Bernstorff in January, 1916:

"January 3.—Secret general staff desires general action in regard to proposed destruction of Canadian Pacific railway at several points with a view to complete and protracted interruption of traffic. Capt. Boehm, who is known on your side and is shortly returning, has been given instructions. Inform the military attache and pro-

vide the necessary funds.

What About Dr. Hale?

In this latest step of exposures, the moved the last doubt that Count von Bernstorff was the directing head in government. America of the German machine for espionage. The revelations of the part to change the road rules in British Co played by Jeremiah O'Leary was not lumbia to make them conform with the unexpected and the fact that his name was suggested by Sir Roger Casement. who later was executed in England on the charge of treason, already had been ndicated in earlier disclosures made by the department. The injection of the name "Dr. Hale" into the German or- ble. ganization was something of a surprise however, and gave immediate rise to speculation as to just what individual was meant. Dr. William Bayard Hale, was then in Germany and admittedly close to the Berlin government.

Secretary Lansing adhered to the same policy of silence today as has heard at the preliminary hearing. characterized previous disclosures, adding this last chapter of German perfidy without comment or interpretation. It has been understood that the state department and the department of justice have other records of Bernstorff's

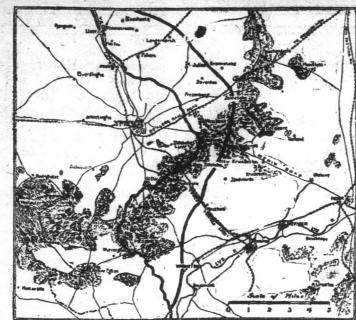

Publication of the German foreign office message referring to Jeremiah O'Leary caused many smiles of grim satisfaction at the White House. It was recalled at the presidential camaign O'Leary, as president of the American Truth Society, telegraphed the president that he and many other Americans would not vote for Mr. Wilson on account of his international policy. The president replied from his ner home at Shadow Lawn, under late of September 29, 1916:

RETURNED HOME Major T. W. MacDowell, V.C., D.S.O., M.C., Suffers From Effects of War

Brockville, Ont., Oct. 10.-Major T. W. MacDowell, V.C., D.S.O., M.C., hero of one of the most sensational single-handed episodes of the war, is in a serious condition at the general hospital here, trench fever and shell shock having developed since his arrival on furlough at his home at Maitland, a Brockville suburb. Since Thursday last he had not slept until today, when he secured a few fitful snatches of broken sleep. Two other brothers now overseas have also good records, each aving won the Military Cross, and one

the D.S.O., also, Major MacDowell, achieved the Victoria Cross by storming a Hun trench supported solely by two N.C.O.'s, whom he left to cover a withdrawal, if necessary. He, alone with a bomb and an automatic pistol, forcing the surrender of thirty odd

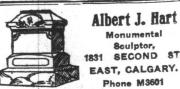

ON A NEW TRAIL U. S. Has Hopes of Getting the Go-Betweens.

New York, Oct. 10. Secret service agents of the United States are following a new trail, which they believe will lead to the arrest of the men who were the go-betweens of von Bernstorff and the various spies sent from the United States, during the first two and one-half years of the war, to England and France and probably Russia also, to gain military and other information.

One of the men who is believed to know much concerning Bernstorff's activities in this line is said to be a constant of the control of t wealthy resident of a neighboring city. He is an American citizen and city. He is an American citizen s believed to have been one of principal links in the German spy chain. Another is a Canadian-born American citizen.

PLANS FOR NEW REGIME Helsingfors. Oct. 10.—The Finnish senate has formulated plans for a new

political regime in Finland. The Finnish newspaper Vetchern Vremya in a dispatch from Helsingfors on September 9 announced that the Finnish senate had drafted a bill for the definite separation of Finland from Russia. No action toward separation, however, has yet taken place.

Lake of the Woods Milling Co. Reports Satisfactory Prospect

Shareholders Hear That Western Crops Are in Quality and Quantity Basis for Confidence in Future

Montreal. Oct. 4.-In presenting to the shareholders on Wednesday of this eek the statement for the year ending August 31, 1917, of the Lake of the Woods Milling company, the vice-president, Mr. W. W. Hutchison, referred to "the most satisfactory condition of the western crops, both as regards quality and quantity" as a basis of confidence in the future business of the country. Mr. Hutchison presided in the absence of the president, Brig.-Gen. F. S. Meighen, who is on active service.

The annual statement shows net earnings of \$569.747.75, apportioned

Payment of a dividend of 7 per cent per annum on \$1,500,000 preferred

account. In view of the fact that the bonds of the company mature in 1923, this end in view, have transferred from surplus account the sum of \$200,000-00 isvie; living spring, good water.

Price \$25.00 per acre; \$2,000 cash, After providing for this amount and adding the surplus carried forward this balance in four equal annual payments, interest at 6 per cent.

An Unmerciful Slashing of Prices Follows Government Report

Chicago, Oct. 10 .- Unmerciful slashing of prices took place today in the com and provisions markets, largely owing to reports of more drastic government food control after November 1, but also influenced by peace talk and by weakness of securities in Wall Street. The close was flurded, both in corn and provisions, with corn 4% to 5% net hower at \$1.48% to \$14.18% for December and \$1.08% to \$1.08% for May. Oats showed a setback of 1%c to 1%c. Provisions finished 47%c down. Heavy unloadings of holdings of corn was unaccompanied throughout the day assertions that under pressure from Vashington corn was destined for \$10 bushel to match with hogs at \$10 a nundred pounds. In connection also with the talk of government regulation it was stated, a list of twenty-five com-modities to be subjected to a scaling down of values would be made public

Liberal buying for export gave com parative firmness to oats. Urgent stop loss selling, especially of pork, carried the provisions market rapidly down-ward. Owners seemed dazed by the current forecasts of \$10 hogs, which im-plied a cut of nearly 50 per cent in

within a few days, and that corn might

be included. Short selling that reached unusual volume accompanied the ex-tensive liquidation which was in pro-

DRASTIC MOVE ON N.Y. MARKET

Disheartened Investors and Bear Raids Cause Upset of Prices

New York, Oct. 10 .- Liquidation of a nore drastic and comprehensive character than that which swept over the market a month ago, accompanied to-day's extensive operations on the stock exchange. The urgent selling forced quoted values still lower by 3 to 7 points, most leaders reaching lowest prices of the year, while many others longer period, with not a few low records.

The movement was augmented by a period, with not a few low

series of bear attacks, but the greater part of the offerings originated with disheartened investors and impaired buil accounts. Activity of commission houses suggested much out-of-town

By Recent Advances British Have Captured Large Fortified Ridge System

British Front in France and Belgium Oct. 9.—(By Associated Press.)—The blow struck by the British and French forces today against a wide section of the German defenses between the Houltholst forest and Broodseinde has resulted in another great success. Over much of this front the attacking troops swept forward to a depth of 1,200 yards more, overrunning man important strongholds of the scattered enemy. This afternoon the allies were digging in almost on the outskirts of Houlthoist forest, the British were beyond Poelcapelle after sanguinary hand-to-

hand fighting, and further south they had gained the Passchendaele ridge within less than 1,000 yards of Passchendaele, thereby wrenching away almost all that remained to the Germans of their famous Passchendaele-Ghelu velt ridge system of fortifications.

German Losses Great Again the German losses have been great and reports from all along the line indicate that their organization and morale were hit hard.

It has been another wonderful per ormance on the part of the allies and the victory has been more remarkable because of the tremendous natural difficulties to the advance. The rain of the last two days had turned much of the battle ground into a morass, through which the French and the men of the British empire floundered knee deep. How they could make their way rward over much ground, less fight over it, is the amazing thing. This young German was about to follow this very fact undoubtedly contributed to the day's triumph, for German prisoners say nobody on their side thought the allies would advance under such The appearance of the rud-covered allied troops, coming out of the marshes before the German lines, apparently unnerved the enemy. They urrendered in large numbers in many places or ran away as fast as they seinde, was still holding out at the

The Germans attempted one counterlattack of considerable size. This was astride the Ypres-Roulers railway and was smashed by the British artillery

Virtually Wiped Out

As in the battle last Thursday a large body of Germans was caught unawares and virtually wiped out. An entire German division — the 227th — was brought up during the night to relieve the division in the line between Poelcapelle and the Houltholst forest. They were transported in motor lorries from Roulers and arrived at the advanced positions about 3 o'clock this morning. They were ignorant of the nature of the country, and when caught in the attack some two hours later they were bewildered and put up little resistance.

The attack was launched as dawn was breaking. The French army on the left flank of the British were facing probably the worst section along the line, for the ground over which they had to advance was interlaced with little streams, and the rain had turned

The French pushed forward rapidly, however, reducing numerous German pill boxes and redoubts, and had acby 10 o'clock. This meant that they ing in numerous newspapers in all were some 500 yards beyond Mange-parts of the world. were some 500 yards beyond Mangelaer and almost at the edge of the Houltholst forest, Heavy casualties were inflicted on the Germans by the preliminary bombardment and during the fighting. At an early hour the French reported the capture of several hundred prisoners, and also that their own losses were light.

Mud and Water Encountered The northern flank of the British attack had to cross the Broonbeek river and much mud and water were encountered. The troops, however, negotiated the crossing without much delay. The region was studded with concrete redoubts and the embankment of the Ypres-Staden railway furnished good cover from which the Germans could work their machine guns to advantage. The other redoubts gave little trouble, but several near the railway northwest of Poelcapelle put up strenuous resistance. There was heavy fighting at Kolkut, north of Langemarck, where there was a nest of redoubts. For the most part the Germans in this region

prendered without making strong re-

Hottest Work of Day Some of the hottest work of the day occurred in the town of Poelcapelle. In last Thursday's drive the British had half of the village and fighting has continued there ever since. At dawn today hand-to-hand fighting among the ruins began in earnest and the Germans were gradually pushed back to the eastern outskirts of the town, where they took up a position in a big brewery. This place was well fortified and every window furnished an opening for a machine gun. The battle the afternoon it was announced that ate the brewery and to withdraw still

Held Thinly by Germans The forward line in the region of Poelcapelle was held thinly by Germans, and except for the fight in the town itself the British had com paratively little difficulty in breaking through. The advance on the Pass chendaele ridge involved the capture of many redoubt positions. A small party of British troops who joined in the attack in this section had marche M hours through the deep mud and water before they reached their assembly line. During the journey they fell into shell holes full of water, and often had to pause to pull one another out of the boggy ground. Half an hour after their arrival they went over the top and fought gallantly. The story of the fighting in this section is much the same as elsewhere, the German apparently being demoralized and giv-

ing little resistance. . Machine Guns in Trees One temporary disconcerting feature was encountered as the troops neared the town of Passchendaele. The British shells had not destroyed all the trees here and the Germans had mounted machine guns in them. From these

nests the enemy was able to worry the advancing troops, but ultimately the gunners were cleared out.

It was from this section that a wounded British soldier came back to a clearing station this morning leadin, a youthful German prisoner. The young German was about to follow this up with a bayonet thrust, but Tommy pushed the steel aside and made his antagonist a prisoner. antagonist a prisoner.

"He was so young, I could not kill him." was the Tommy's explanation. On the ridge north of Broodseinde the British pushed forward over the ruins of the hamlets of Keerslaarhoek and Nieuwemolen without much difficulty Daisy wood, just north of Brood-

A separate attack made by the British south of the main offensive line —on a narrow front embracing Reutel and Polderhoek—was reported to be successful. No deep advance was attempted here, the operation being mainly to improve the positions reached last Thursday.

ed last Thursday.

On the whole the Germans made a weak resistance today. Their infantry appeared to be demoralized in many sections and their artillery fire was weak and erratic. No estimate of the total German losses is possible, but they are believed to have been exceedingly heavy. The British and French losses are reported to have been light. It is estimated at a conservative calculation, that in the attack last Thursday the German losses aggregated 20,000. ed last Thursday.

HOW TO CURE

How To CURE

DEAFNESS

A simple preparation has recently been discovered by an eminent physician, which has been found wonderfully effective in curing deafness and head-noises.

Severe and obstinate cases which had resisted all the ordinary remedies and expensive treatments, have been permanently cured in a few days by this simple preparation called "AURALON."

Mr. Wm. Bristow, of Worthing, writes: "The curative properties of your new remedy, 'Auralon,' are truly wonderful. After being deaf for nearly 20 years I am now able to hear distinctly and the head-noises, which were so distressing, have completely disappeared. No sufferer should hesitate to try this splendid cure."

This is just one report out of many. "Auralon" is sold in packages at \$1.00 each, and can be sent to any address post paid upon receipt of remittance. Send your order direct to "AURALON," care of Kirk's Agency, 12 Rallway Crescent, West Croydon, Surrey, England.
