'Tis the human touch in this world that counts, the touch of your hand in mine, that means far more to the fainting heart than shelter, or bread that's fine. For shelter is gone when the night is o'er, and the bread lasts only a day, but the sound of your voice, and the touch of your hand will sing in my soul away.

On Friday evening last a number of classmates and friends of Miss Aleta Mahon met at A. Eleanor McIntosh's home to spend a social evening with her before her removal to Port Stanley. During the evening the young people presented Miss Aleta with a dainty basket filled with gifts each bearing a message of good cheer and companionship.

Labor Day was very quietly observed in Watford. The heavy showers during the night and early morning freshened up everything and made it delightful for motoring and as the day advanced many had a delightful outing in the country. Some of our bowlers went to the tournament at Petrolia and other citizens to different points of interest, while quite a few formed the home guard.

Keyser and Gordon Fabric Gloves for women. See our leader at 75c.—A. Brown & Co.

Glencoe Transcript.—We understand that an order went forth from the Ontario Department of Public Works on Monday discontinuing widening operations on the Longwoods Provincial Highway. Other work on this road will be greatly curtailed for the present. The policy of the Government evidently is to economize as far as possible by cutting down all unnecessary expenditure. In this they are to be commended.

Total 62 mills

BOOST THE WATFORD FAIR

The E. Lambton Agricultural Society's Fair will be held at Watford two weeks from to-day. It should be the endeavor of town and country people to make this annual event a big success. It is an undeniable fact that a successful and well-contested exhibition means the raising of farm property values, attracts stock buyers, grain buyers, besides getting the attention of commercial interests directed our way. Everyone must realize that the holding of a fair is one of the best means of general advertising yet hit upon. The prizes arranged for are liberal, so get a list from Secretary J. R. McCormick and see what you can do for your share to make the 1923 fair bigger and better than ever. We have fine purebred cattle, horses, sheep, pigs and poultry and many of the farmers are specializing in pure seed. Let's see what progress has been made in every department as compared with last year.

THE THOMAS PICNIC

The annual Thomas picnic was held on Wednesday, Aug. 29. When four generations foregathered at Lake Side Beach, Mich. Mrs. Thomas Luckham of Birnam being the eldest and little Bobbie Woods of Arkona the youngest members present. The whole day was spent in renewing and cementing family ties. Relatives were present from Bay City, Finton, Brown City, Detroit, Pt. Huron, Mich., Sarnia, Forest, Arkona, Warwick, Birnam and Watford, Ont.

There were upwards of one hundred present. The weather was ideal for a picnic and the young folk enjoyed a spirited game of ball on the fine beach. A program of speeches was carried out and closed with community singing of old pioneer songs.

The gathering was properly organized for next year. Dr. Campbell of Brown City was appointed president and the place of next meeting to be Lexington, Mich., on the first Wednesday in August.

LAWN TENNIS

In continuation of the series of home and home matches being played between the various Tennis Clubs of the district Watford were "at home" on Wednesday of last week for the first time this season and Strathroy were the visitors.

Unfortunately the heavy storm prevented one match viz. Men's Singles being played, but some very nice tennis in the other four events was witnessed by quite a large and enthusiastic crowd.

The ladies in their doubles match were the most even and each set produced some really good play, but though the Watford pair showed up best at the start and won the first set Strathroy were a little more steady, lasted better and took the other two sets.

The ladies singles and the mixed doubles both went to Watford with some to spare although Strathroy went down fighting all the time and they had their revenge in the men's doubles for the couple Strathroy put up were in a different class altogether to the Watford pair and the latter although perfectly game right through, never had a chance of winning.

On the afternoon Watford scored 16 points to their opponents 12 and this should be increased when the one postponed match is played off.

The Watford Club is very grateful to those kindly ladies, some of them not players themselves, who gave so much time and thought to the preparation of dainty viands which they so graciously dispensed during the afternoon and which were thoroughly enjoyed by visitors and home people alike.

A resume of the play this season so far show Watford in the position of having 84 points scored in their favor to 49 points against with two more tournaments, both on the home courts to play.

R. D. Swift is in town.

YOUNG PEOPLE'S LEAGUE FIELD DAY

The Field Day of the Young People's League of Strathroy District Methodist church, held last Wednesday afternoon in Waterworks Park was a decided success, and was enjoyed by several hundred people. Keen and friendly rivalry was manifested in all the events, listed below.

Girls' Relay race, won by Appin League.

Boys' Relay race, won by Watford League.

Basketball, Bethesda vs Uttoxeter, won by Bethesda.

Soft ball, Cairngorm vs Appin, won by Cairngorm.

Soft ball, Bethel vs Arkona, won by Bethel.

Baseball, Zion vs Uttoxeter, won by Zion.

A picnic supper was enjoyed by all in the Park. The evening program was held in the church, at which Rev. W. K. Hager, chairman of the District, presided. The first hour was spent in community singing under the leadership of Rev. Mr. Hosking of Oil Springs, followed by an impromptu play. The chief feature of the evening program was the debate "Resolved that great events make great men, rather than great men great events." The affirmative side was upheld by Mr. Moorhouse and Mr. Johnston of Kerwood, while Miss MacDonald and Miss Lotan of Appin upheld the negative side. This was the final debate in the District Tournament and the Appin League is to be congratulated on winning the District Championship.

In recognition of their debating ability they were presented with a Diploma neatly framed. Piano duets by Miss Craig and Miss Moir were also much enjoyed. The Leaguers have decided to make their District Field Day an annual event.

FAREWELL TO MRS. J. H. MAHON

The ladies of Women's Institute gathered at the home of Mr. J. H. Mahon to bid goodbye to Mrs. Mahon ere she leaves for her new home in Pt. Stanley. The evening was spent in social talk, after which various lively games were played. Mrs. Mahon was then presented with an address to which she gave a very feeling reply, thanking the ladies and hoping that she could find a W. I. in Pt. Stanley. Dainty refreshments were then served after which, with singing of "For she's a jolly good fellow" and "Auld Lang Syne" the company left for various homes.

Following is address: Mrs. J. H. Mahon, Watford, Ont. Dear Mrs. Mahon,—

As time rolls on we have been called upon to part with one loved member after another and to-night we assemble here to wish you "Bon Voyage." We have learned with deep regret and sorrow that you have decided to leave our town, for we have ever held you most dearly as a friend and member of our society, represented here to-night, yet in parting with you we know that by our loss some other will gain very much indeed, and we hope that in your new field your surroundings will be very pleasant indeed and that there you will find friends both staunch and true.

During your short stay among us, your whole influence socially, morally and intellectually has been for our welfare. We have ever found you both willing and anxious to answer any call and have given freely of your time and talents.

We shall miss you, dear Mrs. Mahon, in the home, in the town and very much in our meetings as it was always an inspiration to have you with us. Hoping that remembrance of pleasant times spent together will always prove as great a source of gratification to you as to us, we unite in wishing you every success in your new home.

"Good luck to the boat that will take you afloat;

And good luck to your journeys on shore;

Good luck to each day that you stay far away;

And what good luck to see you once more."

Signed on behalf of W. I., President, Mrs. J. H. Humphries

Secretary, Mrs. R. A. McIntosh.

LAMBTON SCHOOL FAIRS

Arrangements have been completed by W. P. Macdonald, district representative of the Ontario department of agriculture, for the staging of the annual rural school fairs of Lambton county.

The programs that have been drawn up for this year's fairs are practically replicas of the ones which have featured the fairs of past years. Included are live stock, live stock naming, public speaking and sports contests. Of course, the contests mentioned in the foregoing are ones in which boys will compete exclusively. For the girls there will be cooking, sewing and drawing competitions, also sports.

The roots, grains, vegetables and other produce which the boys will exhibit have been grown from seeds supplied and certified by the Ontario department of agriculture. In the poultry class the birds exhibited must have been reared from eggs supplied by the same department.

According to Mr. Macdonald the fall school fairs of this year will excite more interest and produce more entries than any previous year since he assumed office. He, together with his assistant, J. D. Matheson, will be responsible for obtaining competent judges. The agricultural representative also pointed out that only pupils who are members of the School Fair association are eligible to win prizes. The dates on which the various fairs will be held are as follows:—South Enniskillen, Oil Springs, Sept. 8; Sombra, Wilkesport, Sept. 11; Bosanquet, Jericho, Sept. 14; Plympton, Camlachie, Sept. 15; Warwick, Arkona, Sept. 17; North Enniskillen, Petrolia, Sept. 18; Warwick, Warwick Village, Sept. 19; Sarnia Township Hall, Sept. 20; Plympton, Uttoxeter, Sept. 22; Moore, Moore Centre, Sept. 26; Euphemia, Cairo, Sept. 27; Dawn, Rutherford, Oct. 1.

SMALL ACCOUNTS WILLINGLY HANDLED

It is the aim of the Bank of Montreal to serve willingly in little things as well as large—to be generally helpful to its customers regardless of the size and extent of their dealings with the Bank.

For years the Bank of Montreal has co-operated with its customers, assisting in various ways in matters of finance and business.

If you require information or any other banking service, you have merely to write or call.

NOTE AND COMMENT

There is a growing feeling that life should not consist of just one coal strike after another.—Boston Transcript.

Every town, village and hamlet, blessed with a name, ought to have suitable signs, bearing its name and greeting tacked up somewhere so that passing strangers can easily see and read it.—Perth Courier.

The London Advertiser proposes that all insane chatter by telephone should cease, such as "Do you know who is speaking? No, guess again! Surely you know who it is, and so on. This is a great nuisance and should be cut out. Agreed!

The Government of Ontario is making an elaborate inquiry with a view to determine whether the provincial savings offices should be discontinued and it has given instructions that canvassing for business shall cease.

Oshawa Reformer:—The failure of the Home Bank is a most unfortunate happening. The public, however, should not become alarmed. Canada is passing through a readjustment process, but the foundations of the country are sound and she will emerge alright.

So we are to have bi lingual excise stamps. Looks as if this country was being run by the French. Bi-lingual postage stamps will likely follow and then look for the return of the bilingual post card. This is an open violation of the British North American Act.

"Send me telegrams and send them collect," said Mayor Rolph, speaking into the microphone as he opened a new radio broadcasting station at San Francisco. "Come on, everybody. I want to find out how far my voice is carrying." He found out. By the next day the telegraph tolls had exceeded \$3,000. By now he may wish that he hadn't spoken so loud.

Glencoe Transcript.—We understand that an order went forth from the Ontario Department of Public Works on Monday discontinuing widening operations on the Longwoods Provincial Highway. Other work on this road will be greatly curtailed for the present. The policy of the Government evidently is to economize, as far as possible by cutting down all unnecessary expenditure. In this they are to be commended.

Most parents will agree with Mr. Ferguson in his belief that the function of an educational system is not to cram the student, but to develop the intellectual and moral fiber. He proposes to maintain this aim to reduce the number of subjects in the public schools, and in the place of the standardized examination to create a spirit of healthy rivalry which places more responsibility upon the honor of the student. Outside of educational faddists there will be general agreement with Mr. Ferguson's views that the pupil has thrust upon him a multiplicity of subjects.

Ottawa Citizen: The need today is to throw off the mental condition which cannot see the wood for the trees and to look a little farther ahead. Courage, confidence and good cheer will do much in restoring the right attitude toward the nation's future. Have faith in Canada. Her people have advantages which are the envy of other nations. Use those advantages wisely, forget the forebodings of the faint-hearted, have confidence in the superior position and ability of Canadians, and the outlook will undergo a much needed change.

EARTHQUAKE IN JAPAN CLAIMS 200,000 VICTIMS

Tokio and Yokohama Burned and Their Streets Heaped With Dead

San Francisco, Cal., Sept. 2.—Tokio, Yokohama and neighboring cities to-night were burning ruins, while more than 200,000 persons in the vicinity of these cities were reported dead as a result of Saturday's earthquakes, according to advices received here by the Associated Press from its Shanghai correspondent and by the radio correspondent from its station at Tomioka.

Death and destruction were spread over an area roughly comprised within a radius of fifty miles of Tokio.

All sources of news confirm the appalling extent of the disaster in Japan from earthquake, fire and tidal flood. The Japanese Minister of Marine estimates that the fatalities in Tokio alone will number 150,000. In Yokohama only ruined walls are visible, the business and foreign sections being wiped out, and over 1,400 houses destroyed by fire. Other populous cities have been virtually demolished. Yokosuka, Nagoya, Ito, Hakone Kamakura are heaps of ruins. The Japanese naval bases at Kamakura and Yokosuka were shattered and destroyed. As internal communication by wire and telephone has been completely cut off, all information from the stricken area comes by messenger service or by aeroplanes, which are now flying over these districts gathering the extent of the disaster. The loss of life is so great that it cannot yet even be estimated, except in the larger cities.

OBJECT OF COMPANY

The Dominion Alloy Steel Corporation, Limited, has been organized and organized for the purpose of erecting a modern plant at Ontario, for the manufacture of Alloy, High Carbon and Quality Steel.

The plant will include both "Hearth" and "Electric" finishing mills, heat treating plant, rolling mills, and testing plant, machine shops and testing laboratories.

MANAGEMENT

The plant will be constructed under the supervision of men who have been associated with the growth and development of the Alloy Steel industry and who are recognized as leaders in the ALLOY STEEL to the point it has become indispensable to the automotive industry and manufacturers whose products require steel of special quality.

No period of experimentation will be encountered as this plant will duplicate the equipment now used by the successful Alloy Steel plant in the United States.

PLANT LOCATION

The Company has acquired a valuable site, consisting of 500 and fifty (250) acres situated on the St. Clair River immediately adjoining the Imperial Oil Company at Sarnia. This site is on the direct route between the iron route between the iron Minnesota and the coal field advantageously situated the lowest water freight raw materials and shipping products. The plant will have excellent railway facilities at the junction of two trunk lines, Sarnia, being a lake port.

Dominion Alloy Steel Corporation Preparing to Build Next Month Their Big Million-Dollar Plant on St. Clair River. Will Be Unlimited Benefit to Lambton County.

OBJECT OF COMPANY
The Dominion Alloy Steel Corporation, Limited, has been incorporated and organized for the purpose of erecting a modern plant at Sarnia, Ontario, for the manufacture of Alloy, High Carbon and Special Quality Steel.

The plant will include both "Open Hearth" and "Electric" furnaces, rolling mills, heat treating plant, machine shops and testing laboratories.

MANAGEMENT
The plant will be constructed and operated under the supervision of men who have been associated with the growth and development of the Alloy Steel industry and who are recognized as leaders in developing ALLOY STEEL to the point where it has become indispensable to the automotive industry and many other manufacturers whose products require steel of special quality.

No period of experimental work will be encountered as this Canadian plant will duplicate the modern equipment now used by the most successful Alloy Steel plants in the United States.

PLANT LOCATION
The Company has acquired a very valuable site, consisting of two hundred and fifty (250) acres of land situated on the St. Clair River immediately adjoining the plant of the Imperial Oil Company at Sarnia, Ontario. This site is on the direct water route between the iron mines of Minnesota and the coal fields and is advantageously situated to obtain the lowest water freight rates for raw materials and shipping of finished products. The plant will also enjoy excellent railway facilities, being at the junction of two trunk lines. Sarnia, being a lake port, has a

very low rate on coal and other necessary raw materials.

Electric power is available from the Hydro-Electric Power Commission at a low cost, and is a big factor in the production of ALLOY STEEL.

The St. Clair River, opposite the Company's site, furnishes a natural harbor, having an ample depth for heavy shipping on the entire frontage of the property. The land is perfectly level, at an elevation of about twenty-five (25) feet on its entire front. On account of this elevation, foundation troubles are eliminated and good drainage assured.

Mr. J. J. Mahon, formerly of the Crucible Steel Company, and a Director of this Company, is a rolling mill engineer and metallurgist of international reputation. For three years during the World War, he had complete charge of shell steel production in Canada for the Imperial Munitions Board. Mr. Mahon, writing on "The Steel Situation in Canada," says:

"In my opinion, steel can be produced at Sarnia cheaper than at any plant now operating on the American Continent."

The Company will have the use in Canada of very valuable ALLOY STEEL patents owned by Mr. C. Harold Wills.

Mr. Wills began his active career with Mr. Henry Ford, and helped build the first Ford car. For a number of years he was chief engineer of the Ford Motor Company. The Ford car owes its success and wonderful record to ALLOY STEEL and the development of ALLOY STEEL probably owes more to Harold Wills than to any other man in the world. This Company will have the full benefit not only of Mr. Wills' won-

derful knowledge of and experience with ALLOY STEEL and his ALLOY STEEL patents, but will have the advantage of the continued development and research work he is constantly carrying on.

SOURCE OF REVENUE
Manufacture and sale of Alloy, High Carbon and Special Quality Steel required by the automotive and other industries of Canada.

The automobile industry in Canada is growing rapidly. Alloy Steel is necessary to the successful manufacture of automobiles. A very large tonnage of Alloy Steel is at present required by automobile plants within a radius of sixty (60) miles of Sarnia. Practically all of the Alloy Steel now used in Canada is being imported from the United States at rates of duty ranging from twelve and one-half (12½) to over thirty-seven (37) per cent. in addition to freight.

STEEL and Steel Products imported into Canada:—
1919—\$178,304,779.
1920—\$178,210,710.
1921—\$249,632,055.

SPECIAL CONCESSIONS
The following are a few of the special concessions granted the Dominion Alloy Steel Corporation by the City of Sarnia.

The City annexes the added territory with equal rights and privileges enjoyed by other sections of City, included among which are the following:

The City will open up streets and put down sewers as rapidly as conditions warrant.

The City will supply the Steel Company's property with water and permit gas mains to be laid.

The City will grant franchise for

extension of City Street Railway to Company's plant.

The City will grant fire protection as in other like localities.

The City has granted the Company a fixed tax assessment at a low figure for ten years.

SUMMARY OF INFORMATION CONTAINED IN STATUTORY PROSPECTUS

The minimum subscription upon which the Directors may proceed to allotment is one share of Preferred Stock.

The number of shares fixed by By-law for qualification of a Director is one share of Common Stock.

No provision has been made for the remuneration of the Directors.

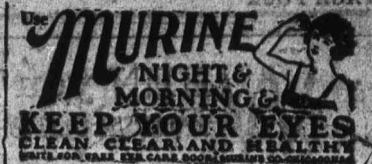

The preliminary expenses of the Company are estimated to not exceed Fifteen thousand dollars (\$15,000.00).

The Company has acquired its site of two hundred and fifty acres of land and no part of the purchase price thereof was paid, or is payable for good will.

No Director of the Company has any interest in the promotion of, or in the property acquired by the Company.

A copy of the Prospectus dated the 13th day of February, 1923, has been filed with the Secretary of State at Ottawa and also the Provincial Secretary at Toronto.

When dynamite caps that he had found, exploded in a pocket of his coat, Clarence Cousineau, 14 years old, son of Joseph Cousineau, former Sandwich West hotel proprietor, was killed instantly at Petite Cote, Monday, Frederick Bensette, 12, a companion was burned badly. The boys were hunting snakes, according to Bensette, when they found a cache of dynamite caps near Ojibway. Filling a bottle with the caps, and placing others in his pocket,

Cousineau struck the bottle with a rock. There was a flash, and Cousineau was enveloped in flames, his companion said. Bensette was taken to his home on Tecumseh road Sandwich West. The body of Cousineau was taken to the morgue.

A resolution asking that the department of education do away with the fifth year examination for entrance to the University of Toronto, passed the Windsor council Monday night. The resolution was introduced by Alderman Howell, who claimed that four years was long enough for students to matriculate in and pointed out that when the University of Toronto had sufficient students, the examinations for the fifth year were put on a standard that the pupils could not reach.

Sanford Loughton, a farmer living on the Ekfrid-Metcalf townline, has been committed to the Ontario Hospital after having been adjudged insane and dangerous to be at large. Loughton is about 65 years of age and his committal came as a result of a complaint lodged by a neighbor, whom he attacked on Saturday night last. According to evidence submitted Loughton went to the home of Joseph Blackmore, a neighbor, on Saturday night and without any apparent reason, attacked Blackmore, using a neckyoke as a weapon. After a terrific battle Blackmore with the aid of his son, managed to overcome the accused man and finally trussed him up.

Along more than a quarter mile front the shale on Ipperwash Beach between Kettle and Stoney Points is burning and unless steps are taken to put it out it is feared that the fire will reach the bush and eventually the summer homes located in this region. Due to the fact that the fire which will never die out of its own accord, lies inside the Indian Reserve, a technically arises since the Government is the only agency which has the power to put out the conflagration. The Indians apparently are not interested in the matter and the protective laws enacted for their benefit prevent any white residents from fighting the fire in this territory.

The Alvinston Free Press says:—Mr. Parlan McTavish, of Brooke, this week brought into this office as queer a specie of reptile as one would wish to see. In this we refer to that of a Swift, which was killed after considerable effort on Robert Gray's farm south of town. This reptile, which is a cross between a lizard and a snake, is about four inches long in the body and has a tail about three inches long, with flat head like a snake. We are told that these little reptiles are very uncommon in these parts. Rapid in movement they are well named and it is very hard to get close enough to them to strike them, and even then, so quick can they move, that one very seldom hits the mark. They are said to be very poisonous, the poison being transmitted to its victim through the striking of its tail. This specimen may be seen at this office where it is being preserved in alcohol.

William Desmond, of Oil Springs, was charged with resisting an arrest, in police court before Magistrate Woodrow. On or about August 1 the defendant is alleged to have tried to prevent a police officer from arresting his son, Vaughn, who was charged with stealing two bottles of whisky from A. Walker's drug store, in that village. His son, later found guilty, was let go on suspended sentence. The father did not meet with such good fortune. He was found guilty and let go on paying the costs of the court, which were in the neighborhood of fifteen dollars.

CHOP STUFF

The Parkhill Gazette is taking a holiday this week.

The Stratford people who are using Alberta coal are satisfied with it.

In one day recently 74 persons were killed at grade crossings in the three States of New York, Illinois and Indiana when trains hit their automobiles.

Roscoe McHattie, a Bothwell boy, while wrestling with some other boys bit his tongue so badly that the teeth went right through and a physician had to 'stitch the wound.'

A Stratford man claims to have concocted a mixture that if sown with grain will stop the ravages of the destructive wire worm. In tests on farms in Perth County this summer, the results appear to bear out his claim.

Harry Hilborn, a fruit farmer, while crossing the interurban tracks near Kingsville on Monday, was run down and seriously injured by an electric mogul engine. The truck on which he was riding was hurled into the ditch.

Mr. and Mrs. Jas. Mitchell of London, announce the engagement of their eldest daughter, Evelyn Perle, to Dr. Frederick W. James, of Stratford. The wedding is to take place at Empress Avenue Methodist Church, London, on the 18th of September.

While playing at the Denfield flax mill last Tuesday, Master Jack Freeborn got his hand in the brakes and had a piece taken off one of the fingers of his right hand. He is progressing favorably however and we hope he will soon be O.K. again.

Preparations are rapidly being made for the advent of hydro at Courtright. With the coming of power Courtright will be thoroughly modern, as a waterworks system and several residences have been wired and a number of other contracts have been let.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year.

Arthur Quellet, a young farmer of Pike Creek, was literally kicked to death when he fell from a farm wagon near Tecumseh directly under the hoofs of his team, Sunday afternoon. He was alive when picked up, but died within a short time.

Rt. Rev. David Williams, D.D., Bishop of Huron, chairman of the missionary society of the church of England in Canada, which gave signal aid to the starving people of China during the famine that visited China a year ago, has been notified by the Pekin government that the Republic of China has been pleased to decorate him for the part he had in the rendering of assistance to the people of that country.

A resolution asking that the department of education do away with the fifth year examination for entrance to the University of Toronto, passed the Windsor council Monday night. The resolution was introduced by Alderman Howell, who claimed that four years was long enough for students to matriculate in and pointed out that when the University of Toronto had sufficient students, the examinations for the fifth year were put on a standard that the pupils could not reach.

Sanford Loughton, a farmer living on the Ekfrid-Metcalf townline, has been committed to the Ontario Hospital after having been adjudged insane and dangerous to be at large. Loughton is about 65 years of age and his committal came as a result of a complaint lodged by a neighbor, whom he attacked on Saturday night last. According to evidence submitted Loughton went to the home of Joseph Blackmore, a neighbor, on Saturday night and without any apparent reason, attacked Blackmore, using a neckyoke as a weapon. After a terrific battle Blackmore with the aid of his son, managed to overcome the accused man and finally trussed him up.

Along more than a quarter mile front the shale on Ipperwash Beach between Kettle and Stoney Points is burning and unless steps are taken to put it out it is feared that the fire will reach the bush and eventually the summer homes located in this region. Due to the fact that the fire which will never die out of its own accord, lies inside the Indian Reserve, a technically arises since the Government is the only agency which has the power to put out the conflagration. The Indians apparently are not interested in the matter and the protective laws enacted for their benefit prevent any white residents from fighting the fire in this territory.

A FINE COMPLEXION

Can be Had Through Keeping the Blood Rich and Pure.

A girl's complexion is something more than a matter of concern to her vanity. It is an indication of the state of her health. Pallor in a growing girl means a thinning of the blood. Eruptions mean impurities in the blood. Mothers should be watchful of their daughters' complexions and see to it that these signs are corrected—not covered up.

When a girl in her teens becomes pale and sallow, especially if, at the same time, she shows an inclination to tire easily, a listlessness and inattention to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in just the elements that Dr. Williams' Pink Pills can supply, but the physical signs are plain. The girl with a bad complexion, or who suffers from occasional headaches, who is easily tired and breathless after slight exertion, should begin taking Dr. Williams' Pink Pills at once. A good appetite, sparkling eyes and rosy cheeks follow the fair use of this medicine.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective is mild.

Asthma Victims.—The man or woman subject to asthma is indeed a victim. What can be more terrifying than to suddenly be seized with paroxysms of choking which seem to fairly threaten the existence of life itself. From such a condition Dr. J. D. Kellogg's Asthma Remedy has brought many to completely restored health and happiness. It is known and prized in every section of this broad land.

ALVINSTON

A very pleasant afternoon was spent at Bright's Grove on Wednesday when the congregation of St. John's Anglican church enjoyed their annual picnic, although the day was rather cool and cloudy members of the church, together with the scholars of the Sunday school gathered, with well-filled picnic baskets intent on having an enjoyable day by the lake. A sumptuous dinner was served by the ladies of the congregation and the afternoon spent in baseball, races and other sports, while a few went in the lake although it was rather rough and cold. A feature of the afternoon was the tug-of-war between the men and ladies, the latter declaring it a "tie" as the result of the rope breaking. At the conclusion of the program the tables were again well-laden and the merry-makers did full justice to the meal.

Strathroy, Aug. 30.—One of the few remaining direct links with the pioneer days of the Township of Caradoc was severed by the death last night of Peter Case in his 81st year. For about 70 years the deceased had run a blacksmith shop on the Caradoc road leading into Strathroy, and had seen it change from a mere winding ox-trail to the motor-travel highway of its present state, with innumerable telegraph and telephone wires lining its sides. He had seen the deer-populated forests disappear and the potato-producing township take its place.

Peter Case, blacksmith, hunter, fisherman and all-round sportsman, was one of the younger sons of the late George Case of the Township of Warwick in Lambton County, and was of United Empire Loyalist stock from the State of Connecticut. His mother was a daughter of the late John Patrick, one of the first settlers to come to Lambeth, near London, who was himself a U. E. Loyalist, and in his day a mighty hunter.

McLEAN—LITTLE

Kilmartin, Aug. 25.—A charming wedding took place on Saturday afternoon at 5 o'clock at the home of the bride's father, Mr. John Little, when his daughter Christine, became the bride of Mr. Aneas Earl McLean of Kerwood. While the wedding march was played by Miss Marian Monroe, the bride, who was given in marriage by her father, took her place beside the groom, under a beautiful arch of evergreen, white asters and white bells, the ceremony was performed by Rev. Mr. Robertson of Kilmartin Presbyterian church. During the signing of the register Mrs. Angus McLean sang very sweetly "All joy be thine". The bride was prettily gowned in pearl grey silk georgette with long front panels trimmed with silver beads and wearing a corsage bouquet of roses and sweet peas, her only ornament being a string of pearls. After the ceremony the guests numbering fifty repaired to the diningroom, which was prettily decorated for the occasion with astors, the color scheme being pink and white. The tables, laden with their bounteous repast, looked very nice with the ribbon streamers from ceiling to table with place cards on end. Young lady friends of the bride served the wedding dinner. The gifts were beautiful and costly. The groom's gift to the pianist was a pair of fancy vases, to the soloist a piece of silver.

The happy couple left that evening amid showers of confetti for their honeymoon trip to St. Catharines, Toronto and Niagara Falls. The bride travelling in a handsome suit of navy blue tricotine, with grey fur collar, and white hat. They returned home last Saturday evening and will reside on the groom's farm near Kerwood. The best wishes of the community are theirs.

DEATH OF JAS. S. CLARK

In the death of James Sylvester Clark, in the C.E.E. Hospital, on Friday morning, Petrolia loses one of its well known residents. Mr. Clark's early demise was unexpected. He was taken to the hospital on Monday and was operated on for appendicitis from which he failed to rally, passing away the following Friday. Deceased was born in Metcalfe township, Middlesex, forty-seven years ago, moving to lot 24, concession 11, Enniskillen, when three years old, with his parents, the late Robert Clark and Mrs. Clark, who still resides on the homestead. In 1899 he married Florence Lett, daughter of Mr. and Mrs. James Lett, Brooke township, and moved to Petrolia three years later where he has resided ever since. His wife predeceased him twelve years ago.

During the past four years the deceased had been dealing in real estate and was quite successful in this venture. In religion he was a Methodist.

There remains to mourn his loss two daughters and two sons, Mrs. C. Coke, Brooke township, Howard Jas. and Robert Alfred, Sarnia, and Rato Florence, Brooke township. Also his mother, Mrs. R. Clark, Enniskillen, who is 77 years of age, and six brothers and two sisters survive, viz., Robt. H., Parkhill; Thos. W., Enniskillen; John J., Buffalo; David L., Enniskillen; Chas. W., Sarnia; Henry W., on the homestead; Mrs. Wm. Blackstock, 10th line, Enniskillen, and Mrs. Albert Welch, 8th line, Enniskillen.

The funeral took place on Sunday to Hillsdale cemetery where the remains were interred. Rev. Wm. Raithby conducted the ceremony. The pallbearers were—Messrs. Robert Henderson, Ed. Williamson, F. Blackstock, John Blackstock, George Blackstock and Wm. Willoughby.

Reward is Offered

A reward of \$100 for information of the whereabouts of William A. Shaw, editor of Tilbury Times, who disappeared from his home, Tuesday, Aug. 7th, has been posted. Information regarding his whereabouts is to be forwarded to Mrs. Shaw at Tilbury, Ont.

Mr. Shaw was last seen on King Street, Chatham, between 8 and 9 p.m., on the night of his disappearance. A description of the missing editor is as follows:

Age 61 years, height 5ft. 8in., weight about 160 pounds, light hair, very bald, eyes blue, complexion fair, clean shaven, slightly stooped shoulders. When last seen he was wearing a dark suit, brown cap, black shoes, light shirt, no collar or tie. He also wore, on the third finger of his left hand, a gold ring with a red stone in a claw setting.

If the above comes to the notice of Mr. Shaw, his distracted wife pleads with him to communicate with her immediately. Please do, for my sake and because of the anxiety of everyone in your home town.

BOSANQUET COUNCIL

Council met Aug. 20th. All the members present. Minutes of last meeting read and confirmed. A By-law for the construction of the Elliot McBryan drain was provisionally adopted. A GOOD MEDICINE FOR THE BABY

Nothing can equal Baby's Own Tablets as a medicine for little ones. They are a laxative, mild but thorough in action, and never fail to relieve constipation, colic, colds and simple fevers. Once a mother has used them she will use nothing else. Concerning them Mrs. Saluste Pelletier, St. Damas des Aulaines, Que., writes: "I always keep a box of Baby's Own Tablets in the house. They are the best medicine I know of for little ones and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WIGHT—FULLER

The home of Mr. and Mrs. Joseph Fuller, 2nd con., Bosanquet, was the scene of a very pretty wedding at 2.30 o'clock Saturday, Sept. 1, when their daughter, Minnie Constance, became the bride of Floyd Leon Orval, younger son of Mr. and Mrs. Albert G. Wight, also of the 2nd con of Bosanquet. Rev. C. L. Couzens of Bothwell, Methodist minister formerly of Arkona, was the officiating minister. The bridal party entered the parlors to the strains of the wedding march played by the groom's only sister, Mrs. J. A. McIntyre. The bride, who was given away by her father, looked lovely in her wedding gown of white duchess satin with panels of lace and trimmings of pearls. She carried a bouquet of pale pink sweetheart roses and maiden hair fern. Her bridal veil was also caught with a wreath of pale pink roses and fern. Little Ruby Fields, niece of the bride, in a dainty pale pink silk frock, was a sweet little ring bearer. She carried a nice basket of asters and roses.

Miss Edythe Couzens of Bothwell, gowned in a King Tut gown trimmed with touches of net and lace, was bridesmaid; Mr. Wilfred Fuller, of Flint, brother of the bride, was best man. The groom's gift to the bride was an elegant necklace set with diamonds and pearls; to the bridesmaid a crescent brooch set with pearls and diamonds; to the bestman a tie pin set with pearls.

The spacious parlor where the ceremony took place was tastefully decorated in white and the large arch under which the ceremony took place was decorated with streamers of white and banded with an abundance of autumn flowers. The dining room was decorated in pink and white and autumn flowers. During the signing of the register Wilfred Fuller and Mrs. Fields, sister of the bride rendered some appropriate music. After a sumptuous wedding dinner the party went to the lawn where photos were taken. The bride's traveling suit was a smart navy blue trimmed with braid and chic hat to match. The happy couple amid showers of confetti left on a few weeks auto tour to London, Brantford, Toronto, Whitby, Niagara Falls, Bowmanville, St. Thomas and other places. After their return they will reside at Maple Shade Homestead.

The home of Mr. and Mrs. Robt. Crosbie was the centre on Wednesday evening of a very interesting event, the golden wedding anniversary of Mrs. Crosbie's parents, Mr. and Mrs. John Clarke, which was celebrated by the gathering together of the sons and daughters and grandchildren of Mr. and Mrs. Clarke. The celebration took the form of a family dinner, the table was beautifully decorated in white and gold. The happy bride and bridegroom of fifty years ago were the recipients of many good wishes. Mr. and Mrs. Clarke made their home for years in London where both are remembered by many in the business and social life of the city. Mr. and Mrs. Chas. J. Clarke of London, Mr. and Mrs. Wm. Clarke and daughter, Miss Margaret, of Sarnia, and Mrs. J. W. Bowen and son Jack, of Chicago, participated in the happy event. The good wishes of all go out to Mr. and Mrs. Clarke.

LAST WEEK a jury in Superior Court awarded \$50 for the life of a very old woman killed in a street railway accident.

YESTERDAY a majority of the same jurymen gave a verdict of \$20,000 for the life of a man of 28 killed by a train at a grade crossing.

IN OTHER WORDS, a jury has said that the life of a healthy man just stepping into 30 is in money value equal to a capital of \$20,000; Which reminds us to ask:

For How Much, Sir, Have You Capitalized Your Life?

The Capital Value of YOUR Life is equal to the Amount of Insurance you carry on it.

SOME men think they carry enough Insurance if they have \$1,000.

BUT, OBSERVE: \$1,000 will earn only \$60 a year for your wife and children if safely invested at 6 percent.
