COUNCIL EXPECTED TO SUPPORT MAYOR

Motion to Appoint Expert Counsel Will Not Be Blocked.

MAY BE TRICK WORK

In Connection With City Architect Question—Charges Will Be Made.

There is not likely to be prolonged debate in the city council today upon the request of Mayor Hocken for authority to employ expert counsel to be associated with Corporation Counsel...

The appointment of city architect may provide cause for more trick work, but the necessary two-thirds vote to break the deadlock will very probably be illusory.

How the latest recommendation to widen Yonge street will be disposed of is uncertain. The property owners of the section object to the assessment...

FEDERAL COURTS TO DEAL WITH THAW

CONCORD, N. H., Nov. 8.—(Can. Press.)—Gov. Feltner today honored the request of the State of New York for the extradition of Harry K. Thaw.

The governor based his decision on the indictment returned against Thaw in New York County and which charges a conspiracy for which Thaw was the insane asylum to which he was taken after the killing of Stanford White.

Thaw's attorneys announced that they would immediately amend the habeas corpus application for which was made soon after Thaw was arrested in this state following his deportation from Canada.

Because the extradition has now been granted on the strength of the New York County indictment it will be necessary to amend the petition accordingly.

Referring to Postmaster-General Samuel, he said: "When you see a man trudging, it is a sign of a false statement, it is a sign of a man who is willing to make such a statement in the City of Montreal which he knew to be false. FOUNDED 1860. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited, 11 E. S. Maclean, Managing Director.

MONDAY MORNING, NOV. 10.

NO COST TO THE TAXPAYERS.

A lot of people around the city are saying we can't afford to buy the street railway. They seem to think that the purchase money will come out of the taxes, or when they don't make that mistake they fear that the city won't be able to give as good a service as the citizens need and keep out of debt.

The reports made by Messrs. Arnold and Moyes on the subject are being investigated by an expert accountant, and if his report agrees with that of Messrs. Arnold and Moyes then we can be assured that it is quite safe to depend on the very low estimate of the business to be done by the railway in the next eight years.

The Telegram announced on Friday that Ald. Maybee and Ald. McBrien are opposed to the purchase of the street railway. Both these gentlemen are reported as having the belief that the taxpayers are going to pay for the street railway.

From the annual report of the British postoffice, recently issued, it appears that during the fiscal year ending March 31, 1913, a further expansion of business occurred in most of its departments.

The Globe says it would be satisfied with \$8,000,000. If it is really in earnest it should jump at the chance of getting such a good bargain as \$2,700,000 over and above its demand.

It will be remembered how, a few years ago, the opponents of public ownership tried to frighten the citizens by telling them that hydro-electric light and power would raise the taxes and burden the citizens and ruin the city's credit.

Citizens should read the expert reports and remember that the city's own lawyers are drawing the agreement to purchase.

TO AID THE FARMERS. After the banking and currency measure had been guided thru congress, the next great task and duty of President Wilson will be the establishment of a complete and adequate system of rural credits.

How invaluable the provision of facilities for cheap rural credit is for the betterment of agricultural conditions, was strikingly impressed on the European states commission during the European tour of inspection and investigation. Iceland was found to

have been wonderfully transformed by the action of the land bill, which enabled the large estate to be acquired divided up into small farms and sold to the tenantry on the amortization plan that allows the payments of principal and interest to be met by annual instalments spread over a period of from fifty to sixty years.

That something must be done to stimulate food production is now universally admitted. Urban population has increased at a much greater rate than rural population, and beef cattle show not only a relative but an actual decrease.

There are seven planks in the platform of organized labor in this campaign, as follows: 1. Corporate control of public utilities gives no consideration to the rights of the people; municipal control of public utilities establishes and maintains the rights of the people and cleans up the monopolies of corporate control.

but rising against last year to 7.5 and 6.8 per cent. The influence of cheap postage is shown when it is seen that the average rate of increase for the ten years preceding the introduction of penny postage was about 5 per cent.

BRITISH BY-ELECTIONS. After every allowance is made for the adverse local circumstances under which the Liberal candidates fought the by-elections of last week in Scotland and England it cannot be denied that their result must adversely affect the position of the Asquith Government.

Reading again was only retained by Sir Rufus Isaacs after a hard fight, his majority being only 99. With a Socialist candidate in the field the Unionist success was generally anticipated.

LABOR GIVES SEVEN REASONS WHY CLEAN-UP SHOULD GO THRU

Men Who Will Pay the Big Share of the Purchase Price Stand Behind the Deal—Seven-fold Platform Refutes Ragtime Argument of Ransom-Holders.

In organized labor circles there is a solid fighting force in support of the street railway purchase. A feature of the approaching municipal elections will be the aggressiveness of organized labor in the campaign. If the bylaw is ready to be submitted on Jan. 1 organized labor will fight its best to carry it.

Organized labor regards with amused tolerance the form of opposition The Globe is giving to the street railway purchase. The leaders express the opinion that because there is no reasonable argument against the purchase The Globe is using "ragtime" as a catch word, hoping it may have the popularity that a catchy ragtime song has, and thus sway the vote on the bylaw.

SARNIANS WORKED UP OVER GOOD HIGHWAYS. (Special to The Toronto World.) SARNIA, Nov. 9.—The recent construction in Sarnia of a mile of demonstration highway by the Ontario Government engineers has accomplished its purpose and is a silent lesson in the advantages of good roads, which has found expression in the town council. The custom in the past has been to dump gravel on the common earth roads without any tile draining or steam rolling. This plan was found to be impracticable, and the town council

## TIGERS SWAMPED THE DOUBLE BLUE

### Argo Hopes for Championship Shattered—Hamilton Have a Clear Lead Now.

The shades of night were falling fast when the referee finally stopped the assault arms of Rosedale Saturday and the Tigers, purring sweetly to the tune of 21 to 7, marched off the field at least it had been one before the struggle started—and left the Argonauts lamenting their loss and consoling themselves with the thoughts of former victories. The Tigers showed their stripes, wagged their tails, and left for Hamilton in one glorious and jubilant ensemble.

They have already secured two legs of the trophy for the championship and it will be long odds against Ottawa that they won't be able to beat Argo in the second game of the series. The Tigers showed their stripes, wagged their tails, and left for Hamilton in one glorious and jubilant ensemble.

They have already secured two legs of the trophy for the championship and it will be long odds against Ottawa that they won't be able to beat Argo in the second game of the series. Saturday and the Tigers, purring sweetly to the tune of 21 to 7, marched off the field at least it had been one before the struggle started—and left the Argonauts lamenting their loss and consoling themselves with the thoughts of former victories. # Double Rugby Attraction Next Saturday in Toronto

## THE RUGBY FOOTBALL GAMES RESULTED ABOUT AS EXPECTED

### Tigers Buck Over for Three Tries and Display Clever Straight Football Against Argos in the Rain—Varsity and McGill Score Easy Victories Over Kingston Teams—Double Attraction in Toronto Next Saturday.

There wasn't a surprise in Rugby on Saturday. The games were just as expected, only more so. Argos were 20 match for Tigers, but there were a few who had not seen the Justice Kings perform labored under the delusion that the oarsmen had a chance. The contenders in the college union, Varsity and McGill, each let out a link at the expense of the in-and-outers of Kingston.

The game at Rosedale was contested under circumstances, it was none the less interesting and enjoyable. Play started soon after 2:30, in a downpour of rain. It was finished intermittently all day, and the heavy rain was not, but afforded a full workout for the players. Play had not progressed long until the men were recognizable only by their figures.

The scrimmage and line men had frequently to clear the soil from their faces. They were a sight to behold. It was amusing when Red Dixon, a point against the Argos, replaced Chagnon, to see his sculler friends treat him to a mud bath, as they waited for the referee.

It was a toss up whether Sam Manson or Rose Craig was the best man on the field. A popular vote would likely be given to the youth captain. His work was marvellously clean, clever, fast and sure, and he was not without effort. Manson's coolness was tantalizing. Twice he delayed signaling for play and was penalized ten yards. However there was not a weak spot forward of aft and you wonder how they dropped a game some time ago to that Ottawa outfit.

Tigers take a rest next Saturday, and will come down in a body to see Argonauts make them champions by trimming the Combination from the capital. The game will be played at Rosedale, starting at 2:30. The naming of the referee and other details are being attended to by a special meeting of the Big Four tomorrow night.

McGill will also be present for the final intercollegiate fixture at the Stadium. Varsity should win this, necessitating another play-off at Ottawa a week later, as the O.A.C. has a year ago.

The Hamilton Rowing Club blew up at the Stadium, the Toronto having practically a walk over. Indeed the visitors were so puny that they are likely to default their remaining game, which would permit the two local teams to play off for the O.A.C. title. There would be a triple Rugby card in town next Saturday.

Tigers were favorites at 1 to 2, and some business being transacted at that quotation.

## LEAGUE BASEBALL TO END IN AUGUST

### American Association Proposes Long Post Season Series With International.

CHICAGO, Nov. 9.—Teams of the American Association and the International League will play a round robin series next summer to end in August, officials of the latter organization agree to a plan already endorsed by the clubs of the association. This was announced by President Chivington of the Association today. Concluding negotiations between the leagues are expected to follow a general discussion of the proposal by the managers of each circuit who will attend the minor leagues' convention at Columbus next week.

Before throwing down the gauntlet to the International League President Chivington first made a canvass of his own circuit, and found, he reported, that the club owners were heartily in favor of the series. It is believed that such a tournament would freshen interest in the game as the season approaches its end, thus giving a financial benefit, particularly to those clubs whose teams are out of the races and whose patronage therefore falls off. President Chivington suggested the series, believing it would help settle the old question of superiority between the two leagues.

Details of the tournament have been worked out only in part. It is proposed to stop the regular campaign early enough in August to permit time for each team to play 15 games with teams of the rival leagues—three on four—with every club and three with each on its home grounds. Thus Minnesota would play in Baltimore, Newark, Jersey City, Providence, Rochester, Buffalo, Toronto and Montreal, and then meet teams from these cities later at home.

The prominent winner in each league would be the team leading when the regular season ended in August. The special honors would be given the club making the best showing in the inter-league series.

They have already secured two legs of the trophy for the championship and it will be long odds against Ottawa that they won't be able to beat Argo in the second game of the series. ## RIVERDALES CHAMPIONS

Riverdales and High Park played the final game for the city intermediate championship on the campus on Saturday afternoon. Riverdales winning by 15 to 2. The going was very sloppy and muddy, but the Riverdales team, through the mud and slime, High Park seemed outclassed, although they showed up well at times, making their only points in the second quarter. Rain fell steadily until the final quarter, and all the players looked like coal black at the finish. High Park officials stated that they would protest the game, claiming that Riverdales had fifteen men on the field during the first quarter. Final score: Riverdales 15, High Park 2.

## MATEUR HOCKEY IN SASKATCHEWAN

### Officers Elected at Association's Annual Meeting—Groups Formed.

MOOSE JAW, Sask., Nov. 5.—A. Eustace Hayden of Saskatoon was elected president of the Saskatchewan Amateur Hockey Association here at the most representative gathering of the body to ever attend a hockey meeting in Saskatchewan. Representatives were on hand from twelve clubs, while eight failed to have delegates present. The following officers were elected for the 1913-14 season: President—Hon. Walter Scott, Regina. Vice-president—Rev. A. Eustace Hayden, Saskatoon. Secretary-treasurer—P. D. Shand, Moose Jaw.

Much discussion took place regarding the formation of the different groups, but the following were finally agreed upon:  
 Group 1—Regina, Regina Capitals, Weyburn, Rouleau, Moose Jaw, Moose Jaw Shamrocks.  
 Group 2—Imperial, Watrous, Seaman, Young, Nokomis.  
 Group 3—Melville, Yorkton, Canora, Kamack, Balcarres and any others who elect to come in prior to Nov. 25.  
 Group 4—Mooseomin, Broadview, White-wood, Woleley.  
 Group 5—Saskatoon, Prince Albert, Battleford, North Battleford, Humboldt.

The delegates present from the smaller divisions asked that two of the clauses in rule 6 be altered. This rule governs the eligibility of players competing, referring in particular to the distance a player may travel from town and still be eligible. Mr. Hall of Humboldt pointed out that some prospective players for his club lived further away from the town of Humboldt than was specified in the clause, but still would not be eligible to compete on any other club in division 5. The clauses were then unanimously altered.

All clubs in the different divisions will be assessed the same as last year for the 1913-14 season. The annual meeting of the local division will be held in Regina on Nov. 15. It is expected that the annual meeting of the local division will be held in Regina on Nov. 15. It is expected that the annual meeting of the local division will be held in Regina on Nov. 15.

## YEARS' HADRESS HORSE RACING ON MARITIME PROVINCE TRACKS

HALIFAX, N.S., Nov. 8.—Montreal horses are among those which figure in the annual returns of harness racing in the Maritime Provinces, showing that 214 heats were trotted or paced during the season in 2,339 or more heats, and 43 of these were in 2,241 heats.

Frank Raker, driven by Frank Adams, was the fastest time in the Maritime Provinces this season, the not on a provincial track, his new record of 2:11 1/4 being made at Brockton, Mass. His stable mate, Dingolo, also owned by J. B. Mitchell, Halifax, set a record of 2:24 1/4 in the three-year-old race at Halifax, equaling the fastest mile on a provincial track, he was paced two successive heats at Fredericton in 2:13 1/4.

The Fredericton track, as last year, has had the fastest mile of the season to its credit. Dingolo thus also equals the stallion record for the province, which is held by Frank Hatch, so that Mr. Mitchell has in his stable the two fastest stallions in the provinces.

The fastest gelding in the Maritime this year was the pacer Jack K. Newbro, owned by Hamilton Kitchen, Fredericton, and handled by Tommy Raymond. He paced both the first and third heats in a 2:19 class at Chatham, N.B., in 2:13 1/4.

Henry R. owned in Montreal, was the next fastest gelding on the Maritime tracks, with his mile in 2:18 1/4, at Chatham, N.B.

The fastest time by a mare on a Maritime Province track this season was 2:14, also at Chatham, by Jennie W., owned in Fredericton.

Devilish Dorothy, owned by the veteran turfman, Dr. J. T. Jenkins, and driven by Fred Cameron, was the champion trotter of the season, with her miles at Charlottetown in 2:18 1/4. This mare started in eight races this season, winning five, and she was the best mare at the track of the season for the year \$1,075.20. Her best time was 2:18 1/4, at Fredericton, her best time of the season on provincial tracks.

Fastest New Performer.

The fastest gelding in the Maritime of the year owned in the Maritime was William the Great, owned by W. H. Forsythe, Miramichi. His best time was 2:13 1/4, at Bonaventure, N.B. This gelding had a previous trotting record of 2:16, but this was his first year at racing. The fastest new performer of the year on provincial tracks was the mare owned by Hugh Love, St. Stephen, and driven by Johnson, who took a record of 2:15 1/4, which is the fastest mile ever made in the Maritime by a pacer.

The fastest two-year-old of the season was The Abekwail, owned by C. P. Thorne, Charlottetown, and driven by R. E. Brown, who paced at 2:13 1/4. The fastest two-year-old was Upton Prince, owned by Dr. J. B. Jenkins, Charlottetown (driven by Fred Cameron), who trotted at 2:14 at Halifax. Baring's Comet, owned and driven by W. H. Musgrave, Fredericton, was the fastest three-year-old race at Halifax, equaling the three-year-old record for the province, while Baron Cecil, owned by R. H. Gray of Thorburn, and driven by Carpenter, took a mark of 2:20 1/4 at Worcester, Mass., and driven by Spurgeon Gammon, won at Charlottetown in 2:21 1/4, the fastest mile not only by a four-year-old, but by any trotting stallion on a provincial track the past season. Dan Paine, with 2:19 1/4 at Fredericton, owned by P. D.

HON. C. SIFTON TO SHOW AT NEW YORK

Horse Will Be King at Madison Square Beginning on Saturday.

NEW YORK, Nov. 8.—The horse will be king in this city this week. He will receive homage in the Madison Square Garden for seven days, beginning next Saturday, Nov. 15, until the evening of the following Saturday. This will be the 29th annual exhibition of the National Horse Show Association and it promises to be the best from a horse standpoint because of the entries and the quality of the horses entered.

This year the horseman and horsewoman have been very liberal in their support of the show and every class except two announced in the prize list has been filled. In some classes the support has been so generous that the support has been increased and it is pleasing to see that the harness horse is again becoming popular and that the roadster class, too, has been revived. In the class for single roadsters there are 28 entries. This is the largest entry made in this class in the history of the show.

For several weeks now horses that are to compete at this show have been quietly arriving in the city. The British, French, English and Norwegian horses are all here and their owners have been busy schooling them in the park. The international contests this year will be much more interesting than they have been in former years because there are seven countries and horses in these competitions and because of the quality of the horses sent here. Every horse brought across the ocean has a record. They have been seen in the best of the European shows and have been winners at London and at the Harrogate, which are the big shows on the other side. The Russian horses won the International Cup at the London show, and Capt. Paul Rodzianko is anxious to capture more of the big and big horses in the show here.

In the saddle classes M. F. Goodbody has sent over Beau Sabreur, a hunter that took first prize at London, first prize at the Harrogate and American horsemen are hoping that this wonderful animal, a thoroughbred and son of Lord Robe, may meet his Waterloo here.

The Canadians are coming in force. The Hon. Clifford Sifton of Ottawa has sent eleven horses from his famous stable of hunters and jumpers, and as these have been seen in the best of the Col. Sifton is the largest exhibitor in the show. His own horses are Skyscraper and Sunday Morning, two fine hunters; Capt. J. W. Sifton will exhibit Wasp, Mayfield and one team. Lieut. Clifford Sifton will have Hercules and Elmhurst, and Lieut. W. R. Sifton's Ironsides. Confidence, the famous high jumper, in addition to competing in other events, will be seen in the high jump. These horses will show the fine quality of the Canadian horse and the horses from across the water are in fine shape for the Canadians should win many prizes. The Siftons are all very clever and fearless riders.

The horse show marks the opening of the winter season in the city. The show will remain out of the city late in the autumn return to town to attend the show show and this year they have been made a rule more than in the past. Those in the city will find many rooms engaged for out of town visitors during the horse show week for a long time. The sale of horses this year has been larger than it has been for a long time and the subscribers for membership badges of the association is this year the largest in the history of the show. The club, which is established in the corner of the Garden, will be a very popular place and will have meals served in the club restaurant which has been built in the room. This part of the Garden will be suitably decorated and arranged just as well as any club in the city and the conveniences will be just the same as any other club.

The show will open next Saturday afternoon, and then each day there will be three performances, morning, afternoon and evening.

HEAVYWEIGHTS LAST LONGEST

Scholes and E. Gibson, Winners First City Tournament, Still in Training.

The city amateur boxing tournament, which opened last night, Thursday, at the Arena, is the twenty-first of its kind. It is interesting to note that nearly all the winners of the first show have been out of training, and that nearly all of them are forgotten. Not so, however, with the winners of the second show, the heavyweights, viz. Lou Scholes and E. Gibson, whose battle was a memorable one and resulted in a close decision. Lou is still actively engaged in training, and he takes different kinds of exercise, and a fall out of other training, and runs up to the first prize.
