BRITISH SHELL GERMAN WITH GREAT EFFECT

Bombardment of Hostile Strongholds and Gun Positions Successful. ENEMY'S REPLY WEAK. Two Mines Sprung Opposite Givenchy—Ten Britons Buried.

LONDON, Dec. 2.—An official communication issued this evening, says: "During the past four days successful bombardments of hostile trenches and strong points and gun positions have been carried out. The damage inflicted on the enemy was considerable. The reply of his artillery to our fire was weak."

"On Nov. 30 we sprung two mines opposite Givenchy. While the craters were being consolidated by us ten enemy soldiers were buried in the craters. Yesterday we exploded a mine east of Bois Français, and the enemy replied with a mine in the same locality."

GEN. JOFFRE'S POWERS HAVE BEEN INCREASED

He is Given Supreme Command of the French Armies. GOVERNMENT DIRECTS Broad Question of Military Policy in Hands of Cabinet.

PARIS, Dec. 2.—Gen. Joffre has been appointed commander-in-chief of all the French armies, except those in North Africa, including Morocco and dependent ministry colonies. President Poincaré signed the decree today.

"The appointment was made on the recommendation of Minister of War Gallieni, who, in a report to President Poincaré, said: "By the decree of Oct. 23, 1913, the government, charged with the vital interests of the country, alone has the right to decide on the military policy. If the struggle extends to several frontiers it alone must decide which is the principal adversary against whom the majority of the forces shall be directed. It consequently alone controls the means of putting them at the disposal of the general commanding-in-chief in the different theatres of operations."

"I do deprecate accompanied the report on creating the post of commander-in-chief of the French armies and the other appointing Gen. Joffre 'commander-in-chief of the armies of the northwest' to the new supreme command."

JAPANESE BATTALION IN BRITISH COLUMBIA

VANCOUVER, Dec. 2.—Japanese of this city are endeavoring to secure permission to organize a battalion of Japanese veterans now resident in British Columbia, composed only of men who have become Canadian citizens.

The proposal will soon be submitted to the military authorities, it was said today. THREE RIVERS VOTING "DRY." Three Rivers, Dec. 2.—Ninety and fourteen voters were polled today, giving a majority of 100 for prohibition. The total majority so far in favor of prohibition is 346. Voting will continue.

ENEMY LEAVES VELES TO MEET RUSSIANS?

Sudden Shifting of Austro-German Forces Reported at Saloniki. LONDON, Dec. 3, 3:05 a.m.—Unconfirmed London morning papers state that the Austro-German forces, which are in possession of the Veles district, have been suddenly deflected toward the Bulgarian-Roumanian frontier to meet a possible Russian attack. According to these despatches there is a feeling that the Bulgarian army might not fight against the Russians with the same spirit as against the Serbians.

IMPROVING CITY GOVERNMENT

Editor World: Every voter should favor your plan of a better board of control, and why not a better mayor, too? With Mr. Flavell serving the country with his ability in this time of need, why should not men of like standing serve our city in time of real need, too? Why not drop party and elect a mayor and board of control from men like J. W. Woods, Lionel Clarke, A. E. Ames, S. J. Moore, W. D. Ross, E. R. Wood, Home Smith? With any five such and a smaller council there would be no such year's farce as the fire chief episode and the radical railway muddle in the north.

These men would serve the city for the honor, as did Chamberlain, serve his loved Birmingham to its lasting benefit. Were the city, however, to pay such men \$20,000 a year each for five years, we would save money and accomplish much more. May The World keep at this until some able men are brought to the city's aid. Citizen. "I would sooner our correspondent had named just one man to begin with—W. D. Ross for instance.—Ed. World."

BLOCKADE BY BRITISH NAVY IS EFFECTIVE

Lord Cecil Makes Reassuring Statement in Reply to Critics. DUTCH GET MUCH OIL But Measures Taken Guard Against Re-Exportation to Germany.

LONDON, Dec. 1.—Lord Robert Cecil, under-secretary for foreign affairs, admitted in the house of commons this evening that there had been a large increase in the export of oil from England to Holland, but he claimed that since the formation of the coalition government no lined oil had been exported from this country.

The question was raised by Sir Henry Dalziel, who urged the government to declare oil contraband and said that much oil, especially lined oil, from which glycerine for explosives could be made, was reaching Germany thru neutral countries.

The whole question of exporting oil producing substances to Holland, the under-secretary said, was a very serious matter and the government was making it up as rapidly as possible. It was necessary for England to get a sufficient supply of margarine at reasonable prices and to do this it was necessary to let Holland import the oil needed in its manufacture. To prevent this oil from reaching Germany, arrangements were being made for a periodical examination by British agents.

FIFTY THOUSAND CLUB ENROLS NEW MEMBERS

Duke of Connaught Urged People to Subscribe for Worthy Object. AN INDIVIDUAL DUTY Big Fund Needed to Help Families of Men at the Front.

Additional impetus was given to the campaign launched by the Fifty Thousand Club last night at Convocation Hall when the Duke of Connaught gave his hearty endorsement to the scheme and expressed his hopes that 50,000 other people would wear the same decoration that he had on his coat as an emblem that they were willing to help to provide for the dependents of the men at the front.

Enthusiasm reached a high pitch and several hundreds of cards were signed by people who expressed their desire to help the club attain its object. The reception given Lieut. Victor L'pikoff of the Russian naval aerial corps was perhaps the most noteworthy event of the evening, with the exception of the warm welcome tendered the duke when he entered the hall between two lines of boy scouts, attended by Sir John Henderson, Sir William Mulock, Col. W. A. Logie, with the other members of the general staff at Convocation camp.

Addresses explaining the aims of the club, how the money will be spent, and the organization which has charge of the administration were given by J. E. Atkinson, G. A. Wall, Burton and N. W. Rowell, and the ball was set rolling, with the intention that active campaigning shall continue until the objective has been realized.

The Duke's Address. After expressing his pleasure, as president of the Canadian Patriotic Fund, at being present, the duke gave his warm approval to the scheme, and declared that Toronto had done nobly without being appealed to personally, commenting that this city was anxious to anticipate his wishes. The duke expressed the hope that the club would not stop at the \$50,000 mark. The object of providing for the dependents of soldiers in Canadian battalions as well as those of our allies who have left families in Canada was declared to be a duty resting on each individual who

LARGE CREDIT IN CANADA NEEDED BY GREAT BRITAIN

Bankers Discuss With Hon. W. T. White Financing of War Orders, Which Are Expected to Reach Six Hundred Millions Next Year.

By a Staff Reporter. OTTAWA, Dec. 2.—Hon. W. T. White had an interview with a committee of the Bankers' Association today with a view to considering methods by the establishing of credits or orders to assist in the financing of war and other supplies. The object is to facilitate such purchases and to improve the sterling exchange situation.

Great Britain's financial burdens have been added to by the adverse rate of exchange and the time has now come when there must be established in Canada a system of credit for Great Britain. Finance orders are being placed in the Dominion, which up to now have been paid for in cash by the imperial government and if Canada is to bear her fair share of the burden of the war she must release the mother country from these cash payments.

\$600,000,000 in War Orders. Hitherto Canada has received heavy credits from the motherland. The situation is to be reversed during the remaining period of the war at any rate. It is estimated that Canada's expenditure on the war up to Dec. 31, 1915, will be about \$400,000,000, and of this \$150,000,000 will have been borrowed from Great Britain. Against this the estimate is that the mother country will have spent \$800,000,000 on war orders in Canada. Canada's cash benefit will therefore be about \$200,000,000, \$375,000,000 received.

Shell orders received from Great Britain now total the immense sum of \$375,000,000. The number of shells ordered is 20,000,000 of which 3,500,000 have been shipped to England and nearly 100,000 employees are engaged on the manufacture of shells. General Alexander Bertram of the imperial munitions board gave these facts today.

NEXT RUSSIAN MOVEMENT IN NUMBERS OF MILLIONS

AT THE RUSSIAN FRONT, via Petrograd, Dec. 2, to London, Dec. 2.—The next forward movement of the Russian armies will be in numbers of millions, not army corps, according to the statement of a high army official. THIRD CANADIAN DIVISION READY

Announcement of Composition Made by Sir Sam Hughes. ENLISTMENTS HEAVY Only Sixty Thousand Men Required to Reach Quarter Million.

By a Staff Reporter. OTTAWA, Ont., Dec. 2.—The total number of enlistments in the Canadian expeditionary force to date is over 190,000, of whom 118,000 have gone overseas, according to a statement made by Sir Sam Hughes today. It is expected that the authorized total of 250,000 will be reached shortly.

It is also announced that the third Canadian division at the front will be composed of the following: 7th Infantry Brigade, including the Royal Canadian Regiment, the Princess Patricia's, the 12th of Montreal, the 49th of Edmonton, the 8th Mounted Rifle Brigade, including four battalions of mounted rifles, fighting on foot, each of the same establishment as an infantry battalion, the 8th Infantry Brigade, including four battalions not yet selected, divisional troops consisting of mounted rifles, a cyclist company, divisional artillery, engineers, signal company, a machine gun brigade, a pioneer battalion, field ambulance, motor ambulance, workshop, etc.

There will also be corps troops consisting of the Royal Canadian Dragoons and Lord Strathcona's Horse, hitherto in General Seely's Cavalry Brigade, two engineer fortress companies, a pioneer battalion, a depot for medical transport, remount pay and postal services.

Lord Brooke May Command. It is expected that Brigadier-General Lord Brooke, who is in command of one of the brigades of the second division, will be given the command of the third division. Lord Brooke is well-known in Canada, having been twice at Petawawa.

He attended Meetings of War Council and Cabinet Yesterday. RESUMES OLD DUTIES Statement by Premier Asquith Has Definitely Cleared Air.

LONDON, Dec. 2.—Earl Kitchener, the British secretary for war, did not visit King George today, having paid the customary respects of a cabinet minister returning from a trip yesterday. Earl Kitchener today attended a meeting of the war council and afterwards was present at a cabinet meeting, at which he doubtless made a report on his trip to the near east and to Rome and Paris.

Premier Asquith in parliament today stated that Lord Kitchener had resumed his duties, thus disposing of rumors of his resignation. BRITAIN REQUISITIONS U. S. STEAMSHIP HOCKING Vessel Taken Over Without Prize Court Proceedings—Washington to Protest.

WASHINGTON, Dec. 2.—Official information that the American steamship Hocking had been requisitioned by the British government without the formality of prize court proceedings was received by the state department late today in a despatch from Consul-General Young at Halifax, where the ship has been detained since she was seized by a British warship while on the way from New York to Norfolk.

This procedure will be vigorously contested by the United States government as being illegal and in violation of recognized rights under international law.

FRENCH GUNS DAMAGE TURK WORKS GREATLY

Artillery Active on Both Sides—Temperature is Appreciably Milder. PARIS, Dec. 2.—Tonight's French official statement on Dardanelles operations says: "Nov. 30 and Dec. 1 were marked by activity on the part of both sides in a hospital train from Constantinople. Our guns caused important damage to the Turkish works. The temperature after having been rigorous for several days, has become appreciably milder."

FRANCE AND GERMANY EXCHANGING PRISONERS

Hospital Train Laden With Crippled Frenchmen Arrives at Berne. BERNE, Switzerland, via Paris, Dec. 2, 7 p.m.—With the arrival here today of a hospital train from Constantinople, Germany of 370 wounded and invalid French soldiers, there began, between France and Germany, a new exchange of men "incapacitated for further fighting."

The repatriation of 20,000 French soldiers who evacuated the northern departments of France will begin soon. Swiss committees intend to provide all these 20,000 persons, who are mostly poor women and children with fresh linen and underwear.

FOUR HAMBURG LINE OFFICIALS FOUND GUILTY

New York Jury Convicts Germans of Conspiracy to Defraud U.S. SUPPLIED WARSHIPS Sent Vessels Laden With Coal and Other Supplies to Cruisers in Atlantic.

NEW YORK, Dec. 2.—Three high officials and a subordinate officer of the Hamburg-American line were found guilty tonight in the federal district court of having violated the laws of the United States in sending coal and other supplies to German cruisers in the South Atlantic in the first few months of the European war. The jury returned a verdict of guilty on each of two indictments.

The specific charge against the defendants was conspiracy to deceive and defraud the United States. The maximum penalty for each indictment is two years imprisonment and \$10,000 fine. Sentence was not imposed today because of the late hour when the verdict was reached. Judge Howe deferred till tomorrow morning a hearing on the formal motions to set aside the verdict and arrest judgment which

Applications for passports by members of the expedition have been subjected to the closest scrutiny and passports have been granted only for travel in neutral countries. Seventy-five were issued late today. In several instances passports were refused on account of improperly prepared applications or because the applicants were not American citizens.

Secretary Lansing recently ordered that the peace advocates be given no passports for nations in the war zone. At the British embassy today it was indicated that without passports in proper form no one would be permitted to land in Great Britain from the Ford ships.

ANNOUNCEMENT OF ITALY'S FULL CO-OPERATION SHOULD CLEAR GREEK SITUATION.

RUSSIANS IN ROUMANIA? Report of March on Bulgaria Unconfirmed—Serbs Hold Monastir.

LONDON, Dec. 2.—Italy, thru her foreign minister, Baron Sonnino, has announced her adherence to the Treaty of London, whereby the allied powers undertake not to conclude a separate peace and at the same time has declared her intention of sending help to the Serbian army in the Balkans.

This news, the most important for some days, is believed here, will go far to clear the situation, especially in Greece, where negotiations are still proceeding between King Constantine, his cabinet and the ministers of the quadruple entente. These negotiations have been protracted owing to Greece's unwillingness to allow the allies free use of the railways and the right to police Greek waters against submarines. They are not yet completed, but the latest advices indicate that they are likely to end in complete satisfaction to the entente powers. The assurance that Italy, as well as Great Britain, France and Russia, is to give military support to the Serbians in their efforts to regain their lost territory, making the case for Greek assistance stronger.

Still Hold Monastir. Otherwise the situation in the Balkans remains unchanged. The Serbians still hold Monastir, but their position is almost hopeless, as the Bulgarians have cut communications between that city and the Greek frontier, and the Serbian troops still there must like animals, when the pressure becomes too strong.

There is a report that the Russians have crossed the Roumanian border and are marching thru that country.

FIFTY THOUSAND SERBS CAPTURED BY BULGARS?

Large Quantity of War Materials Also Taken, Sofia Reports. SOFIA, via London, Dec. 2.—An official statement from general headquarters, issued Tuesday, says: "Our troops continued the offensive beyond Plovdiv."

"Since the beginning of the war against Serbia, Sept. 14, to the occupation of Plovdiv, Nov. 25, we captured 50,000 prisoners, 286 guns, 126 railway cars, 100,000 cartridges, 38,000 grenades, 3,000,000 rifles, 2350 railway carriages and 65 locomotives."

"After the capture of Kichevo and Krushevo we occupied Brodi, on the road between Kichevo and Plovdiv. On the front occupied by the Anglo-French troops there is no change."

AUSTRIANS IN PLEVLJE AFTER STUBBORN FIGHT

VIENNA, Dec. 3.—An official statement from the Austrian general headquarters, issued Tuesday, says: "Southern front: This morning we entered Plevlje, the capture of the town being the result of stubborn fighting. Groups of our troops, advancing over Plevlje, stormed the heights north of Plevlje. Another group repulsed near Jabuka, Montenegro, who attempted rear guard actions while retreating."

NEWS OF SPECIAL INTEREST TO WOMEN

WOMEN'S HOME GUARD AGAIN IN LIMELIGHT

Rival Factions Now Contend in Court for Possession of Battalion Treasury.

NOT UP TO PROMISES

William W. Dredge Claims Agent Misrepresented Lease Property He Purchased.

Since the wars which occurred at Dundas Heights early in September between the two factions of the Women's Home Guard under the command of Miss Jessie McNab and Miss Galloway respectively, the parties have practically disappeared from the eyes of the public, although they have been drilling at different places throughout the city. Now, however, the question as to who controls the treasury has arisen and the legal authorities at Osgoode Hall will have to give a decision. All the money during the early stages of the society's organization was placed in two banks in the city in the name of the Women's Home Guard, with Miss Jessie McNab as the officer commanding.

Couldn't Control Funds.

When the large faction who swore allegiance to the King and Lieut.-Col. Galloway broke away from the smaller force of Miss McNab it was found that they could not control the money in the banks, despite many sheets of correspondence addressed to their former officer and leading towards a reconciliation. Possession being of no avail it was finally decided to use force, and now an action has been entered at Osgoode Hall by Miss Jessie McNab, one of Miss McNab's former recruiting sergeants and right-hand "men" who was on her own behalf as well as on behalf of the Women's Home Guard of Canada, Toronto. Miss Jessie McNab, Mary Calvert, the Bank of Montreal and the Dominion Bank are named defendants.

Also Asks Injunction.

The plaintiff asks a declaration that all money on deposit in the Bank of Montreal, Yonge and Queen streets branch, and the Earlscourt branch of the Dominion Bank, to the credit of the Women's Home Guard is the property of the branch of the Home Guard represented by her, free from any control or interest of the defendants. She also asks for an injunction restraining the banks from paying over the money and the other defendants from drawing cheques on it.

Mr. Justice Bettison granted an interim injunction in accordance with the application until next Wednesday.

According to a report filed by William W. Dredge, a farmer of Nassagaweya Township, in the County of Halton, property in Leasehold bought by him from an agent of Neely's Limited, a Toronto real estate company, was represented by the agent W. E. Brody, to be two and a half miles from the Toronto city hall, and immediately adjacent to the district of Rosedale. It was also represented that miles of graded roadway and five or six miles of paved streets had been made in the subdivision. A street

railway was also to be built to have communication with Toronto and the spring of 1914, and a site for the Canadian Northern Railway car shops had been staked out in the subdivision and work actually commenced. The agent also represented that a Canadian Northern round house would be built in the spring of 1914, a wire factory to employ 300 men had been started and would be completed and operated, and water mains, sewers, electric light, telephone service and all conveniences had been arranged for and would be laid down immediately. These are the allegations on which the farmer makes a counter claim against the company for \$1000 damages, the recession and cancellation of the purchase agreement and the return of \$300 the first instalment paid by the lots, of which the purchase price was \$3000.

Neely's Limited, claim \$1259 payments, alleged due on the property, which was purchased by Dredge in 1912. On a motion made by the company yesterday, Mr. Justice Bettison struck out the jury notices in both cases.

His lordship remarked that the notices might be restored at the trial if the trial judge decided.

The appeal of Mrs. Mary J. Anderson of Epploek's Corners, Wentworth County, against the decision of Judge Snyder in her action against the Clark Blanket Company has been dismissed by the second judge, who held that \$1000 damages and an injunction to prevent further trespass on the part of the company, who she claims, by allowing the water from their dam to back on her property, which she purchased in 1912, had hurt her land considerably. The court held that the mill did not raise the water as high as she was entitled to under their deed.

A case is being argued before the second appellate court in which judgment for \$16,911.77 was awarded in June, 1914, amounting to \$223,700. They allege that the defendant took delivery of \$15,000 worth of the bonds but repudiated the rest and as a result the plaintiffs were forced to resell bonds amounting to \$208,700, there being a loss of \$10,000. The bonds were guaranteed by the provincial government of Alberta.

Mr. Frank Squires was awarded \$15,357.77 by default against Louis and Ray Dubinsky for the foreclosure of a mortgage on Osgoode street property.

Gerard E. Strathy was awarded \$12,104.21 by default against J. C. Cole and others on a mortgage on property on Wellington place.

The second appellate court list for today is: Knight v. Confederation Limited (two cases), Campaigne v. Carver, Interurban v. Lochrie, re Michael O'Meara, Boukydis v. Paapas.

DEMANDS OF FASHION CHANGED FOR BETTER

Utility and Beauty Are Combined in Fur Models of Current Season.

COMFORT AND WARMTH These, as Well as Style, Are Aimed at in Garments Now Being Offered.

Utility and beauty are not always possible in close company, but the combination is noticed to a conspicuous degree in the wonderful stock of furs now on view at Sellers-Gough's noted emporium at 344 Yonge street. Contrasted with the demands of fashion during the last season, those of 1915 show a decided change for the better, in correspondence between the practical and the artistic, this feature being particularly noticeable in the full length flaring coat with high collar and contrasting trimming, which ensures comfort and warmth, while at the same time presenting a most attractive exterior. Small, snug neckpieces and closely fitting muffs also emphasize this statement.

Hudson Seal a Favorite. Judging by the many models shown, the Hudson seal coat is a favorite. This is usually of three-quarter length, with full, flaring skirt, outlined with some contrasting fur. A design much admired was lined with a band of ermine at the hem and square back collar and cuffs of the same royal insignia. A smart turban of the same material capped the beauty of the outfit. Squirrel with sable trimming, Persian lamb with sable or altogether plain, muskrat for dressing and utility purposes generally, are displayed in great variety. A very handsome model was of Hudson seal, long and belted at the back, having shawl pockets and set off with a handsome trimming of light natural lynx. For dressy occasions a beautiful mink with sable finishing was greatly admired.

Mink is shown in large quantities.

Generally speaking, it may be stated that the merchandise on the premises of Sellers-Gough, Fur Co., Ltd., at 344 Yonge street is the largest in the history of a firm which has a continental reputation for carrying one of the finest and best assorted stocks to be found anywhere amongst even the greatest of the world's best known markets.

Closing of Navigation On Muskoka Lakes. Advice has just been received by the Grand Trunk Railway that navigation on the Muskoka Lakes will close on Saturday, December 4. Train No. 41, leaving Toronto 3:05 a. m., and train No. 40, from North Bay, will not run via Muskoka Wharf after December 4.

The auxiliary are anxious to get in touch with American women willing to help in the knitting of socks, for which wool will be distributed and in other ways assist the work.

CHRISTMAS HERALDS ALREADY ARRIVED

Dame Fashion First to Make Preparation for Holiday Season.

CHARMING COSTUMES

Handsome Motor Wraps and Practical Modish Top Coats Are on Display.

A glance into Toronto's gaily decked shop windows gives startling proof that Christmas, with all its attending festivities, is drawing rapidly nigh. Dame Fashion is among the first to make extensive preparation for the holiday sports and pleasures, some of the season's most charming costumes for every occasion being effectively displayed in the windows of the new G. L. Mackay shop, excellently located at Yonge and Charles streets. Mr. Mackay has been in business as ladies' tailor in Toronto for 14 years, formerly occupying lower Yonge street and King street premises. For the past few seasons he has made a specialty of dress costumes and tailored waists, and among his most exclusive models now being shown are stunning skating costumes and practical modish top coats. A handsome motor wrap in gray camel's hair cloth, with large check design, illustrated one of the present season's latest fads. The camel's hair comes in a splendid array of good serviceable colors, including several tones of blue, green and brown.

Skating Costumes. Noticeable among the jaunty little skating costumes, being shown by this firm is a chic model in Garibaldi red crepe serge, trimmed with black fox fur at collar, cuffs and hem of the coat and skirt. Rather daring was another sports costume in a bright orange and black fancy check. This was made up in full short skirt with shoulder straps, and a short ripple coat with high snug collar and broad belt at the normal waist line. A row of black bone buttons fastened the skirt up the back from hem to the top of the belt. Smartly tailored waists in striped fannels are made to order for \$5, while exclusive Georgian crepe models for more dressy occasions illustrate French features in hand-made edgings and narrow black velvet ribbon ties. The semi-annual sale of street costumes is now on, and beautifully tailored two-piece suits are being made up for \$25. These are really priced at \$55 and \$60, but are being

Dr. Cassell's Tablets are the Proved Remedy. Take them for all Kidney & Urinary Troubles.

In these trying complaints Dr. Cassell's Tablets are of proved value. They restore perfect efficiency to the kidneys by nourishing the nerves which control kidney action, and thus enable the system to get rid of uric acid and other impurities which are the cause of Urinary Troubles, Dropsy, and Rheumatism.

Dr. Chas. Forshaw, D.Sc., F.R.C.S., etc., the well-known scientist, says: "I have thoroughly tested Dr. Cassell's Tablets, and can conscientiously recommend them as an eminently safe and effective remedy for all forms of nerve and bodily weakness. My knowledge of Dr. Cassell's Tablets leads me to the opinion that the ingredients form a remarkably potent medicine, quite safe for young and old in cases of nervous prostration, debility, anaemia, loss of flesh, malnutrition, children's weakness, spinal and nerve paralysis, and many forms of stomach and kidney troubles."

Dr. Cassell's Tablets raise the vital standard of the entire system, and thus promote kidney health and general health when other means fail.

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-Spasmotic, and of great Therapeutic value in all derangements of the Nerve and Functional Systems in old or young. They are the recognised home remedy for Nervous Breakdown, Nerve and Spinal Paralysis, Infantile Paralysis, Rickets, St. Vitus' Dance, Anemia, Sleeplessness, Kidney Disease, Dyspepsia, Stomach Catarrh, Brain Fog, Headache, Palpitation, Wasting Diseases, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and during the Critical Periods of Life.

MEETS DIFFICULTY FINDING TEACHERS

Dr. Merchant Says This is Obstacle in Training of Disabled Soldiers.

USE OF OCCASIONALS Satisfactory Results Might Be Obtained Thru This in Outlying Districts.

Dr. Merchant, in a lengthy report on the possibilities for vocational training of disabled soldiers, says that the securing of proper instructors will be the greatest difficulty to be met with, and suggests the utilization of the services of some of the occasionals.

Special Classes. Dealing with measures to be taken in organizing special classes for soldiers, Dr. Merchant says: "If these special classes are organized through the advisory industrial committees of the province, the following particulars will require attention: 1. The committee will have to be advised regarding the needs of the soldiers, and the character of the work to be undertaken."

2. It will be necessary for the committee to provide accommodation for the classes, outside of Toronto; the accommodations for the evening classes are utilized during the day for whatever ordinary school purposes. In most centres suitable buildings could be found which might be used temporarily for the purpose of vocational classes, and some of the equipment used in day and evening schools could be utilized.

3. The committee will have to secure suitable teachers. This is the most important requisite. In fact, the only real limitation to the character of the technical or trade instruction undertaken at any centre is the difficulty in securing satisfactory instructors. But judging from our experience in selecting teachers for evening classes work, I am convinced that in most of our larger towns satisfactory teachers could be found for a variety of trades. In the case of events, if vocational education of soldiers become a matter of wide concern in many localities in the province, some system of utilizing occasional teachers who will give a certain amount of time at different centres could be devised.

Thru Technical School. "In Toronto organizations could be completed thru the principal of technical school, who is very anxious to utilize all the facilities of the new school for the benefit of the returned soldiers. Unlike conditions in other centres thru the adequate accommodations in this school, the equipment can be provided for in form of technical or trade work. Toronto, with its large and varied industrial activities, affords opportunities for the selection of teachers of the various classes of instructors in various forms of trade or technical work."

CANADIAN NURSE FOUND BROTHER ON DEATH BED

Miss Edith Alway Visited Malta Hospital to Make Discovery

Canadian Associated Press Cable. LONDON, Dec. 1.—Sister Edith Alway of the Canadian Red Cross, writes that when doing duty on a hospital ship plying between the Dardanelles and Malta, she learned that an Australian private named Alway was lying in Malta hospital. She visited the patient and discovered that he was a brother whom she had not seen for six years. Private Alway was dying of pneumonia. He recognized his sister and was just able to murmur her name in greeting before he died.

BRITISH CASUALTIES EXCEED HALF MILLION

Losses of Navy Only Slightly Over Twelve Thousand Men.

LONDON, Dec. 2.—The total of British military and naval losses from the beginning of the war to Nov. 9 was 510,230. This figure is given in a report issued by Premier Asquith to a question addressed to the government in the house of commons. The losses were distributed as follows: Killed, Wounded, Missing: Officers..... 4,920 9,751 1,583 Other ranks..... 69,272 240,284 54,446 Mediterranean: Officers..... 504 3,860 366 Other ranks..... 21,931 70,148 10,211 Total..... 106,610 Casualties: Officers..... 227 337 76 Other ranks..... 2,052 6,587 3,223 Total..... 2,279 Navy—Marines: Officers..... 589 181 52 Other ranks..... 9,128 1,920 310 Total..... 12,189 Grand total..... 510,230. The totals given as killed include those who died from wounds or other causes as well as the officers and men killed outright in battle.

TROOPS BEING FED UP FOR A BIG KILLING

That is Opinion Expressed by Sgt. Burns in Letter From Front.

A letter just received in Toronto from northern France and O.K'd by Gen. No. 1548, contains a significant statement respecting the satisfactory condition of the British forces. The letter says: "Our regiment of the Northumbrian Brigade is now 15 miles behind the firing line. We have been given a month's rest after ten weeks in the trenches."

The Northumbrian Brigade combines the 5th Yorkshire Regiment, which distinguished itself at St. Julien when it reinforced the Canadians who were holding the gap against the German attempt to break thru the British lines in the dark of Calais. Sgt. Burns of the Canadian Military Police Cavalry in a letter to his father, assistant secretary of the board of education, says: "We are having a great time of present resting and being fed up perhaps for a big killing of some kind."

SEEKS HOUSEKEEPER GETS PENITENTIARY

Frank Julien Sent Down for Theft from One Prospective Employee.

IGNORANCE NO EXCUSE Jacob Adel Had Military Boots in His Possession and Was Fined.

When Frank Julien ran an advertisement in an evening paper for two housekeepers it is alleged that he had sinister motives behind his action, and that he was endeavoring to decoy respectable women to engage in an immoral calling. The running of the ads resulted in Julien being sent to the penitentiary yesterday for two years by Col. Denison in the police court on a charge of stealing a kitchen range, bedstead, and other household furnishings belonging to one of the girls who applied for a position.

In her evidence the girl stated that when she answered the advertisement Julien mentioned that he was just furnishing the establishment, which he intended for a rooming house. She told him she had some furniture she wished to sell and named the garage where it was stored. When she went to the garage next day she found the articles missing. The other girl said that on going to Julien's house she was ushered into a room filled with smoke and men, and she refused to stay. Returning later, she found the police in the house. The crown stated that Julien was an undesirable character and had a bad record.

On a charge of peddling liquor to soldiers George Sibbard was yesterday fined \$300 and costs or three months in jail. As in previous cases, the military police used marked money in purchasing the liquor from Sibbard.

Ignorance No Excuse. For having military boots in his possession Jacob Adel was yesterday fined \$20 and costs by Magistrate Denison in the police court. Adel pleaded guilty, but stated that he was ignorant of the law in the matter. He said he had purchased a quantity of rejected boots from a contractor, placed them in the window and later exchanged several pairs for military boots brought to him by soldiers who wanted a better fit.

BRINGING WINNIPEG CLOSER TO LIVERPOOL

Hudson Bay Railway Will Place It About Same Distance as Montreal.

In an address before the Empire Club yesterday Sir James Grant, K. C. M. G., stated that the construction of the Hudson Bay Railway would bring Winnipeg as close to Liverpool as was Montreal, and the increase in Canadian trade would be tremendous. Speaking of the prosperity in Canada at the present time, he said that an evidence of this was the success of the Canadian war loan. Sir James referred to the great fight which is being made against consumption and was very optimistic as to the future in this connection. In conclusion he dealt with the war and expressed confidence in the ability of Great Britain, together with her overseas dominions and her allies, to bring the struggle to a successful issue.

“Christmas in Canada as Usual”

To observe Christmas in true spirit, much Music, instrumental as well as vocal, has been written, and we call special attention to the following—

Holy Night Hosannah
Hark! the Herald Angels Sing! Hallelujah Chorus
It Came Upon A Midnight Clear Star of Bethlehem

HAVE YOU EVER HEARD THIS GLORIOUS CHRISTMAS MUSIC ON

The Victrola?

If not, let us suggest that you visit our Victrola Department. We will be pleased to play these Records for you. We carry THOUSANDS of Records—Records of the best Music Man Has Ever Made!

“Adeste Fideles”
—(O, Come, All Ye Faithful)—
SUNG BY
John McCormack and Male Chorus

We call your special attention to this new Christmas Record. To hear it is a treat,—it is a splendid Record;—it does full justice to John McCormack's glorious voice in a composition in which the Christmas spirit is most exquisitely expressed. Come in, and hear this gem;—then you will more than ever realize that the Victrola is one of the most capable and expressive instruments the world produces, and should be in YOUR home.

We suggest that you get a Victrola for your family as a Christmas present far reaching for good; one that lubricates the wheels of existence, rests, refreshes, stirs the imagination, brings into play new emotions;—one that lifts you out of yourself, that makes you forget your troubles, that helps to make the home into a BETTER and HAPPIER place!

NO SEPARATE PEACE

Italy Gave Adherence on Monday Last to Entente's Agreement.

ROME, Dec. 2.—Baron Sonnino, minister of foreign affairs, has informed parliament that Italy has adhered to the agreement that no separate peace should be signed by the entente powers. This agreement was signed at London, Sept. 8, 1914, by France, Great Britain and Russia.

This announcement by Baron Sonnino would seem to dispose of reports current the past few days that there was a possibility of a separate peace between Italy and Austria, in view of the fact that there has been no formal declaration of hostilities between Italy and Germany.

PROVIDENCE, R. I., Dec. 2.—The Journal today says: "Two startling developments in the case of C. C. Crowley, arrested last week for illegal complicity in explosions on the Pacific coast were laid before the department of justice in Washington by the Providence Journal yesterday. One of these concerns the German consul-general at San Francisco, F. Bopp, who, the Journal asserts, has received within the last two months nearly \$400,000 for work in connection with the destruction of wharves, ships and munition plants in San Francisco, Tacoma and Seattle."

PUT CHEMICALS IN COAL.

NEW YORK, Dec. 2.—Acting upon suspicion that the fires which have started in coal bunkers of several steamships leaving here with munitions of war for the entente allies were caused by chemicals mixed with the coal, federal and city detectives are working as coal trimmers in the bunkers of some of the steamships now loading here. One of the steamships whose coal supply was carefully inspected by detectives is the French liner Rochambeau, which caught fire on her last eastbound voyage, and which leaves here Saturday for Bordeaux.

Hope of Recovering Hundred Thousand Dollars From College Abandoned.

MONTREAL, Dec. 2.—A desistment has been filed in the celebrated suit of Senator E. S. Edwards and the defunct college of St. Monnor and Mr. Bernard, Bishop of St. Hyacinthe. The senator loaned \$100,000 to the college, and when the ecclesiastical authorities dissolved the college corporation, he claimed his security was taken away, and took action to recover his money.

An important matter to be decided was the nature of the decree promulgated by Mr. Shearrett, when papal disagee to Canada.

Attempt made by legal processes and thru the British foreign office to get evidence from the delegate failed. The case has accordingly been dropped by Senator Edwards.

What London Thinks of It

The Toronto Mail and Empire publishes the following cable from London: London, Dec. 1. —The immediate success of Canada's first internal loan, coupled with the remarkable figures for exports for October, should be significant enough, says The Times in an editorial on the credit power of Canada.

Thus it will be seen that English papers and magazines are discussing the problem which so far has not interested the press of Canada, namely: how the Dominion is to finance the orders for war munitions that the allies desire to give us.

The credit might be extended by floating an Anglo-French loan in Canada, like the one floated in the United States, but the objections to that plan are apparent.

The Times is good enough to suggest that we might utilize the credit of \$200,000,000 which the favorable balance of trade will give us.

In short we think the government will have to come to the relief of the situation by applying the collective credit of the nation thru an issue of national currency.

An Ottawa despatch in this issue tells us that now that the munitions board is under way, Hon. R. W. Brand, a London banker who represents Lloyd George, minister of munitions, has not in touch with our minister of finance and the two of them called into conference at the capital yesterday.

After the War Senate Reform! Dr. Sprule, speaker of the house of commons, goes to the senate. Few will begrudge the honor this is one of the rare cases of transfer from the

A URIAH HEEP ATTITUDE

popular chamber to the other house that go without criticism. As for Mr. Milne of Hamilton, he also is worthy of recognition, both on his merits as a business man and as an earnest worker for his party.

Doing Well Quite aside from party politics, we think public opinion at this time will generally commend the Borden government. The government acted with force and decision in commanding the wheat. The British authorities will be encouraged to develop further the Canadian preference.

Hydro Power Development Next Wednesday Sir Adam Beck is to address the city council on the by-law which is to be voted for on Jan. 1. LARGE GROSS PROFITS FOR HOLLINGER MINE... Over Hundred and Eighty Thousand Dollars Cleared in Four Weeks.

Gross profits of \$184,758.81, are shown in the Hollinger Gold Mine's report of the four weeks ended Nov. 4. Assets are given as \$4,502,792.12, including \$207,070.57 in gold. A favorable balance of \$1,424,571.76 is shown after payment of dividends.

During the four weeks, expenditures on the plant amounted to \$18,281.15. Milling costs for the period were \$18,754.4 and 28,137 tons of ore were mined. The mill ran 92.3 per cent. of the possible running time, treating 38,896 tons, of which 28,401 tons were treated for Acme Gold Mines Limited.

The average value of Hollinger ore treated was \$10.34. Milling costs on 28,401 tons were \$4.87 per ton. Harper, Customs broker, 39 West Wellington st., Corner Bay st., ed

"CARMEN" AT THE STRAND... Excellent Film Portrayal of Famous Opera Given by Theda Bara and Good Company.

Theda Bara, in William Fox's production of "Carmen," which is being shown at the Strand Theatre, sustains her reputation as "the vampire woman of the screen." Her presentation of the passionate young cigarette maker is wonderful and she is ably assisted by an excellent cast. The settings for the different scenes are excellent portrayals of the quaint old Spanish town of Seville.

The fight between the two cigarette makers, although short, is extremely realistic, but perhaps the best scene of all is that at the bull fight. Here the great amphitheatre is crowded with thousands of people and the climax in which Carmen is stabbed by the wounded Isidore, is extremely compelling a reconciliation, is extremely well acted.

A comedy and the Pathe News complete the bill. TURKO-GERMANS BOAST WIN IN MESOPOTAMIA... British Losses in Victory at Ctesiphon Magnified Into Five Thousand by Enemy.

FOUR HAMBURG LINE'S OFFICIALS CONVICTED... New York Jury Finds Germans Guilty of Defrauding United States

WILL APPEAL VERDICT... Matter Will Be Carried to the Supreme Court—Sentence Deferred.

(Continued From Page 1)... the defence is sure to offer. A date for passing sentence will then be designated.

The jury was out seven and one-half hours. Defendants Affected. The four defendants affected by the verdict are Dr. Karl Buerz, managing director of the Hamburg-American line in New York City, former German consul-general here, former German minister to Mexico, and German commissioner in the Venezuelan arbitration proceedings before The Hague tribunal.

George Kottler, general superintendent of the line; Adolph Hasenheimer, general purchasing agent, and Joseph Poppinghaus, a former officer in the German navy, at present in England, were also defendants. Felix Seifner, supercargo on one of the German fleet, was not brought to trial. He was captured by the British while on his errand of relief, and is at the present time a prisoner in a Canadian detention camp.

Law of U.S. Must Prevail. Defendants' counsel was silent as to the verdict. Roger B. Wood, the assistant U.S. district attorney, who conducted the government's case, had this to say: "This verdict means only one thing—that the laws of the U.S. must be observed by citizens of all the belligerent powers; that if laws are violated in any one of them and the American Government finds it out they will be prosecuted."

An appeal, it seemed certain tonight, will be made to the federal court of appeals and in case the verdict is upheld to the supreme court of the U.S. in the history of this country, it is believed, will be admitted to bail.

WIFE OF MAJOR GRACE SUDDENLY STRICKEN... Taken Ill at Dinner Tuesday and Succumbed Within a Short Time.

Sincere regret at the death of Mrs. Grace, wife of Major J. C. Grace, is the best health of her many friends in which she was widely known and admired. Apparently in the best of health, she was taken ill at dinner, she succumbed to the illness and it is supposed that the formation of a clot of blood, which shortly proved fatal, was the cause of death.

OF charming personality and wide sympathies, which led her to give assistance to any individual or cause which needed help, Mrs. Grace had found many outlets for her generous philanthropy during the last few months of her life. She was particularly interested in the work of the Secours National, she had found an avenue to assist in many directions the allies across the sea.

Before her marriage Mrs. Grace was Miss Mary McKelvie Ross, daughter of the late Capt. John Ross, and sister of James Ross of Montreal. The funeral takes place from her late residence, Agulaville, Avenue Ross, on Saturday morning, when a service will be held at 9 o'clock. The 9 o'clock train will then convey the remains to Lindsay, where interment will take place.

HONOR MRS. RITCHIE... Presented With Cabinet of Silver by Employes and Business Association.

On the eve of her departure for London, Eng., Mrs. T. T. Ritchie, formerly Miss E. M. Galloway, was presented with a handsome cabinet of silver by her fellow employes of W. D. Beath & Son, Limited, and business associates. Mrs. T. T. Ritchie is the wife of T. T. Ritchie, formerly chief engineer in the Dominion of France, who joined the third university company in August last and is now in the trenches "somewhere in France." They were married in Montreal before his departure for England in August last.

An secretary-treasurer of W. D. Beath & Son, Limited, Mrs. Ritchie has by her ability, tact, and kindly disposition, made many warm friends among her fellow employes and business associates as evidenced in their hearty and unanimous contributions to the remembrance presented.

SOCIETY

His Royal Highness the Duke of Connaught spent a very busy day yesterday, in Hamilton and Toronto. He visited the Stenop Surgical Convalescent Home and spoke to each one of the wounded men in the house. He took tea at the York Club, 9 o'clock, in Toronto, and at Government House, and going to the 90,000 meeting in Convocation Hall.

Countants of the margarine factories; for the strengthening of the Netherlands trust and for the prevention of smuggling from Holland to Germany.

With these means it was hoped to prevent fats and oils from being sent to Germany, obtain the necessary supply of margarine for this country and secure for Holland her rights of neutral trade, to which she was entitled.

The foreign office had endeavored, the under-secretary continued, to secure the country's rights without getting into dangerous or acrimonious disputes with neutrals. The government policy had been to deprive Germany of essential articles, but they could not hold up articles unless there was evidence that they were destined for an enemy country.

JONES DIDN'T KNOW HORSE WAS PAINTED

Learned of It Later and Informed Purchasing Agent of What Had Been Done.

BUYER ON THE STAND

James F. Fallis, M.L.A., Gave Straightforward Account of Dealings for Government.

By a Staff Reporter. BRAMPTON, Dec. 2.—The royal commission to investigate the rumors regarding the buying of horses for the government was resumed today before Sir Charles Davidson. Ten or more witnesses were examined and very little new evidence was brought out. About 500 horses were purchased here and the evidence would show that they were a good lot, very few if any inferior ones being purchased.

Albert Koo was recalled today. He had sold 400 horses to Fallis. Some of the horses which he sold Fallis had been rejected by a former buyer, were 4-year-olds. The government buyer on the first visit would not accept any under 5 years, but had changed the standard for the second purchase. They also accepted heavier horses on the second visit. This made others eligible. When asked why he said Jones \$110 commission. "Why not \$100?" He could not say just why the amount was \$110.

Root Simpson, farmer, Bolton, was the next witness. He had sold one horse to Fallis in January. This horse had been rejected on account of lameness. Had sprained leg on the way to Brampton. He said it had never been lame before. He had taken it to Davidson and sold it.

"Did you not have the horse treated for lameness by Dr. Tighet?" "Yes, he gave me a bottle of liniment."

"Was any other drug given her to hide her lameness, cocaine?" "Nothing but the liniment."

Get No Commission. Fraser Hunter, farmer, but a liveryman at that time, had a number of horses put up his stable for sale. He had sold 11 horses to Fallis and represented them as his own, which was not correct. Cheque was made out to him. He received no commission on this. He sold one of his own for \$140 that he paid \$175 for. He got a horse from Fleury which cost him \$90 in a deal. This one was sold for \$120 by Jones, who received \$5 commission. It had a lump on its leg, but was not lame. The horse might be 15 years old.

E. J. Jones was questioned about the age of this horse, he said it was easy to be fooled in the age of a horse, but did not think he was that old.

John Ferguson, farmer, Centre Road, was next called. He said he had sold the Simpson horse to Fleury for \$40 cash, on time. The animal foaled in 1909, was consequently 15 years old at the time it was sold to the government. It had contracted feet and was lame in front.

Sir Charles called Mr. Jones. "Why did you not tell us this horse had contracted feet and was lame?" "The horse was not lame. It is not unusual for horses to have contracted feet and get better from proper treatment. Its feet looked good."

Horse Was Painted. A. F. Jones, recalled, when questioned about painting horses, admitted that a horse of his had been painted by a man named Young, but without his consent or knowledge. This was a black horse with white legs, the white portion having been blackened. A good job had been made of it. He called the man down for doing it, and before the horse was sold told Fallis about it and had the horse entered in Fallis' book as having white legs. He thought the horse would have gone thru anyway.

James Young, stableman for A. F. Jones, admitted painting the horse. He had the dye two years and got it in Rochester. He did not think he was doing any harm. He was just trying the stuff to see how it would work. His boss didn't know he was going to do it and objected when it was done. Other witnesses were examined, but nothing of interest in the case was produced.

The session resumes at the city hall, Toronto, tomorrow morning.

KING GEORGE FIFTH

has endeared himself to every one of his subjects, both in the United Kingdom and in the Dominion beyond the seas. He has acquitted himself with such dignity and discretion during the troublesome time through which his country has passed in the past sixteen months, that he has earned the distinction of being the greatest constitutional ruler. At no time during this eventful period has there been the slightest indication of resentment on the part of anyone of his subjects as to the correctness of his attitude towards his government, and their dealings with foreign questions and domestic complexities.

A firm of art publishers has prepared at great expense a magnificent Photo Lithograph in seven colors of His Majesty, in order to satisfy a demand for a portrait that would appeal to the discriminating taste of the best people. This Engraving was to be issued at a cost of \$1.00 per copy, but with fine patriotism they concluded to place this picture within the reach of everyone, and to that end invited The World to make the distribution on their popular coupon plan. While the distribution lasts, it may be obtained from the Offices of The World, at Toronto or Hamilton, for 21c and one coupon clipped from the current issue of The World. For further particulars see coupon which appears in another column.

to Bulgaria. This, however, lacks confirmation, and such a movement is hardly likely to occur unless Roumania gave her permission, which would be tantamount to joining the allies. Another report credits the Russians with diverting their Bessarabian army toward Galicia, where a big offensive is to be undertaken. This likewise is unconfirmed.

FRENCH FRONT QUIET

Tonight's French official statement said: "The Serbians still occupied Monastir on Dec. 1. On the Cerna there has been an exchange of cannon shots. The Bulgarian artillery has likewise been firing on Krivolak and Vossau. Calm prevails on the rest of the front."

An Athens despatch to the Havas Agency of Paris says that the news from Monastir is contradictory. According to some accounts the Bulgarians have suspended their march on Monastir, but are making a turning movement so as to cut off the retreat of the Serbian troops along the Greek frontier.

Austro-German Threat. Representatives of Austria and Germany have informed the Greek government, according to the Neon Asty, that if the demands of the quadruple entente are granted the central empire will "cease to consider Greek Macedonia as friendly territory," says an Athens despatch.

Italians Land at Avlona. Detachments of Italian troops were landed at Avlona, Albania, on Tuesday, according to information from a reliable source in Athens. A despatch to The Paris Temps from the Greek capital says:

"Alto Avlona, in southern Albania, on the Adriatic, has been under occupation by Italian troops for some months past. The statement that Italy is sending additional forces there may readily be taken to mean that they are intended for use in connection with the allied operations in the Balkans."

Montenegrins Forced Back. Tonic forces, pressing their campaign against Montenegro, have occupied the towns of Plevlje and Jabuka, in northeastern Montenegro, near the Serbian border, German army headquarters announced today.

Capture of 4000 additional prisoners and two cannon is also reported in the official statement of the Montenegrin war office received at the Montenegrin consulate here today.

"The enemy, having received reinforcements, directed his attacks upon Pribos and Plevlje on Nov. 30. Our troops were obliged to retire upon their rear positions to defend Plevlje. We took 30 prisoners."

Serbian Approach Monastir. The latest reports from Monastir state that Serbian reinforcements, which are advancing to the aid of Col. Vassitch from the north, are nearing Monastir, says a Reuter despatch from Salonika.

If these arrive in time, the despatch adds, the Serbs will be able, in the opinion of Col. Vassitch, to retain possession of the town, "in the face of which in the face of tremendous odds, already has evoked admiration."

Monastir was still holding out Wednesday morning, according to a telegram received today from Gen. Vassitch, commander of the southern Serb army.

TORONTO CITY MISSION DOING SPLENDID WORK

Over Five Hundred Families Visited and Assisted During the Month of November.

The new board of the Toronto City Mission held its first meeting in the Central Y. M. C. A. yesterday afternoon. A number of new members were present and were introduced by Rev. John Nell, D.D., president. All received a cordial welcome. Much business was transacted, on account of the annual meeting which was held a week ago, and Mr. Hall's plans for the winter's work received the approval of the board.

Poor families whose circumstances are well known to the district missionaries will as usual be provided on Christmas eve, with material for a good Christmas dinner. Colosse meetings will be resumed in homes in the poorer districts and meetings will be held among the homeless in the wards of the House of Industry, and services will be continued in the Toronto jail. Treasurer H. L. Stark's report was encouraging, but the receipts are still insufficient to warrant the filing of the two vacancies on the missionary staff. Mr. Hall presented the reports of the three missionaries for November. Over 600 families were visited, 39 Gospel services were held in various places, with good results; 700 Gospels and Gospel tracts were distributed and over 700 articles of clothing were supplied to struggling families unable to make full provision for themselves. Several families won to Christ through the ministry of the mission were received into membership in the churches of their own choosing.

MUCH BLOODSHED AT BERLIN IS REPORTED

Troops Are Said to Have Killed Two Hundred Rivets.

PARIS, Dec. 2.—The Journal des Debats publishes a Milan despatch of the Pournier News Agency to the effect that a great demonstration of working people in Berlin, occasioned by the scarcity of food, was broken up by troops. The despatch, which says this information was received from Berlin by way of Berno, Switzerland, asserts that the troops fired on the crowd, killing 200 persons. The Journal des Debats says this report should be accepted with reserve.

FRANCE WILL BUILD UP MERCHANT FLEET

Fifty or More Vessels Will Transport Oil and Food.

PARIS, Dec. 2.—The French Cabinet this morning authorized the ministers of finance and marine to introduce into the chamber of deputies in the name of the government a measure authorizing the purchase by the state of a merchant fleet of 50 ships. These vessels are to include tank steamers for the transportation of petroleum and cold storage vessels for the transportation of frozen beef to provision the population of France. A semi-official note says the project continues to rest under the British flag and with British crews, the note adds, as all nations have been forbidden to transfer flags during hostilities.

NEWS FROM THE CITY HALL

FUNDS OF KHAKEI DAY CENTRE OF A STORM

Men of Recruiting League Attempted to Keep Women Out of the Meeting.

ATTEMPT UNAVAILING

Women Had Final Say in Decision as to Distribution of Moneys.

A farce comedy, tinged with a little drama, seems to be peculiar to meetings held within the precincts of the city hall. Yesterday's occasion was the meeting of the Citizens' Recruiting League, held for the purpose of discussing the distribution of the funds collected on Khakei Day, as well as those received from other sources. Objectors on the part of some of the male members of the league to the presence of the women members who were not invited, but came having seen the announcement of the meeting in the newspapers, brought forth a storm of protest, not only from the ladies themselves, but also from some of the male members of the league, and the remarks of Dr. Norman Allen, vice-chairman, were called in no uncertain way by Miss Constance Boulton, who was specially appointed by the National Council of Women to represent that body at the meetings of the league.

Dr. D. Fairbairn opened what might be termed a disgraceful session by a body appointed to distribute the moneys in the aid of recruiting in Toronto. He wanted to know why the meeting was called and he understood that the meeting was called to arrange for the distribution of the funds and that he thought that having a number of women present interfered with the business of the league. He acknowledged the great assistance that the women had rendered on that day, when their efforts \$22,000 was collected, but said that it had been suggested to him that they should not be invited and that he understood that they were not members of the league. Miss Boulton, who was evidently prepared to defend the rights of the woman, said that she had acted on the Khakei Day teams, protested against the remarks of Dr. Allen, asking for an explanation and demanding that the women were members of the league and of equal standing with the men.

But the matter is not to be allowed to rest here, and just prior to an hour and a half that has not been overstated by any of the stormy strikers of the city council this year. Miss Boulton demanded an apology for the treatment that had been accorded the women who had lent their aid in assisting the work. "I beg the courteous of this committee for five minutes," said Miss Boulton. "I am exceedingly edified by the way the vice-chairman has spoken of the women and others on their aid to raise the \$22,000 on tag day. If you want work done you come to the women. And I would like to point out that the women were in this committee before tag day. Several months ago I was nominated by the National Council of Women to represent that body on this committee, and I consider that the women did the work on tag day, and I demand an apology from the gentlemen on this committee. I have never heard anything the equal of the treatment we have received, and I demand that you take my protest and put it in the papers of this town. I think we are due an apology from the vice-chairman, who says we have interrupted the business of this league."

"Lack of Knowledge." "I beg to say that the interruption has been because of the lack of knowledge on the part of the vice-chairman of the constitutional proceedings in committees of this kind and I am not going to give up my right on this committee. I came here as a spokesman for the women who have heartily supported you on this recruiting league."

"Includes Women Captains." Miss Merritt, one of the captains of tag day teams, pointed out that the women had been quite willing to work on the league, but thought that they should all be included in the ladies' advisory committee. The unanimous carrying of the motion in the membership of all the women captains of tag day teams. It was evident from the first that the meeting was not for the purpose of raising and no one seemed to know what it was called for, and the report of the executive as to the distribution of the funds was not on hand at the opening. It later appeared, however, that Mrs. C. Smith tried to railroad through an immediate adjournment as there was no report, but this was objected to on the ground that the criticisms appearing in the press demanded immediate action.

Official Report. When the report finally put in an appearance, Oliver Hezletwood gave the receipts of the league as follows: Balance on hand before tag day..... \$ 5,730.43

Rate of tags on Khakei Day 22,000.00 Collected by men's committee..... 11,500.00 Ontario Government grant 5,000.00 Total..... \$45,730.43

City grant recommended..... 5,000.00 Total..... \$50,730.43

The expenses to date, accounted for by the advertising in tag day and concert, have been \$1823.08, leaving a net balance of \$48,907.35.

Initial distribution is approved by the committee as follows, and cheques will be sent to the proper authorities immediately: Queen's Own Rifles..... \$1500 19th Royal Grenadiers..... 1000 42nd Highlanders..... 1000 10th Regiment..... 1000 8th Mississauga Horse..... 1000 Governor General's Body Guards..... 1000 11th Regiment, Irish Guards..... 1000 12th York..... 500 2nd York Rangers..... 500

CITY HALL NOTES

Commissioner Harris will recommend to the works committee today the construction of 26 pavements and 11 curbing jobs.

Cottage number two at the Men's Industrial Farm has been completed and is ready to accommodate 140 people. It has cost \$21,000 and with the other buildings, runs the total expenditure up to \$200,000.

The Automobile Owners' Association has asked for permission to put in a steel box between the sidewalk and curbing on Oakes street, near Yonge, to house a hose connected with a hydrant tank. The works commissioner does not favor the scheme.

Toronto's central recruiting depot will also get an immediate grant of \$5000, which will be reimbursed to the League when the city council approves the recommendation as a grant to the depot of the same amount. The figures given are not in every case the same as those in the report, leaving open changed by a vote of the meeting. Some of the modifications were only to get \$600, and Mayor Church's dissenting voice, and the example, whereupon Controller Spence declared that the report showed careful consideration, and that all the money was shown to be going for recruiting purposes. He moved that the report be adopted, but this did not satisfy the mayor and some other members, and the matter was dealt with singly.

Only Progress Report. More or less of a queasiness was put on the objections that there were discriminations by T. A. Stevenson, who pointed out that the report in hand was only a progress report, which had to be prepared, as the public were "hollering" because the money was not distributed. The report was only \$25,000 was provided for, leaving a balance of over \$25,000 in the treasury, any discriminations could be remedied later.

Will Cut Off Irish. Capt. William Crawford objected to the grants to the Irish Guards on the ground that they had not recruited many men for overseas service, but his objection was quashed by Mayor Church, who declared that the Irish regiment had recruited as many men as any regiment. Capt. Crawford was content to withdraw.

The proposed grants to the already recruited overseas battalions caused a tumult and the women's right to vote was challenged, the result being that the women won the day and the grants were approved. When the excitement was at its height, E. D. Fairbairn interrupted with the remark that the mayor would no doubt feel at home after presiding over the city council.

FOR WANT OF QUORUM BOARD DID NOT MEET

As Result, Hydro Radial Scheme Will Be Discussed at Today's Session.

For want of a quorum the board of control did not meet yesterday morning and as a result the hydro radial scheme will be discussed at today's meeting. If the bylaw is to be submitted to the ratifiers Jan. 1, council must pass upon it Wednesday, although the necessity for advertising the matter three weeks in advance could be done away with by securing special legislation. It is probable, however, that the latter course will not be resorted to.

According to City Solicitor Johnston, the location of the lines and character of equipment must be submitted to the commission as well as the agreement to be entered into between the corporation and commission. If the bylaw is approved, the debentures could be issued without the assent of the electors.

WOULD NOT CUT DOWN CIVIC EMPLOYEES' PAY

Mayor Church Says That is Not Idea in Reducing Maintenance Charges.

Department heads are not very enthusiastic regarding the proposed cutting down of maintenance charges by 15 per cent, as suggested by Mayor Church and passed by the board of control at its last meeting. They believe it means a cut in salaries and that it will be a hardship on a large number.

Mayor Church informed the World yesterday that such a thing as cutting down salaries was never anticipated. "That wasn't the idea," he said, "There have been enough men go away to the front to reduce maintenance charges 15 per cent, and that is where the reduction comes in. We do not want to cut anybody's salary or cause any man to lose his position."

HELD CONFERENCE OVER NEW SYSTEM

Board of Control to Take Up Traffic Report on Tuesday.

TORONTO WILL BE HUB

Centre of Radials Thruout Province, According to Proposal.

There will be a conference on Tuesday of the board of control, harbor commissioners and Engineers Gaby, Harris and Cousins, who form the traffic commission, at the city hall, according to Mayor Church, when the report of the traffic commission will be presented and discussed. A special meeting of the city council will follow on Wednesday, and the matter under consideration will be the submission of a money bylaw, amounting to \$2,000,000, the city's share of the expense to the ratifiers of the provincial hydro-radial system.

Under the revised statutes of Ontario, the municipalities thru which the radials will run will be obliged to guarantee the bonds as well as assume the responsibility of any loss which might occur in operation. Mayor Church stated yesterday and the municipalities will be assessed on a percentage basis according to mileage. The terminals in Toronto will be operated with the idea of having the radials pass the city according to the amount of traffic. The plan proposed is similar to that in use at the Union Station.

The rapid transit system of London, Ont., was cited by the mayor who referred to the radials as having put London on the map. One million dollars of bonds had been guaranteed without a dissenting voice, and the example, he thought, should encourage other municipalities.

Rapid Transit System. For Montreal proper for Greater Toronto with proper radial entrances, and will provide for a subway for a portion of the older part of the city.

The mayor, who is president of the Radial-Hydro Union, says Sir Adam Beck's bylaw should go to the people on Jan. 1, next, but not the local civic scheme. He believes Sir Adam's scheme will make Toronto the hub of the province and will settle the question of radials for all time to come.

Reduce Rates. "Another set of rates in the local hydro light and power will be announced shortly by the local commissioners," said Mayor Church yesterday. "There should be another reduction," he said, "all along the line. The proposed bylaw for Jan. 1 has to be considered by the board of control further before the meeting of council next Wednesday. It is just a guarantee of bonds, and the debentures will not be sold but will be deposited with the Provincial Power Commission."

When the matter was before the board of control last week the mayor said that Mr. Cousins' local transit report would not go to the people next January, but he did not say that Sir Adam's would not.

which the street cars traveled was closed. Yesterday he and his wife gave a dinner before Dr. Dryden K. O. official arbitrator. The claim is against the city and the Grand Trunk Railway. He was questioned regarding some cheques which, it was said, were not honored and in view of that fact it was asked whether he was making a profit yearly of \$5000. Mr. Brooker explained that some of the cheques were issued by his wife while he was away, but that subsequently they were met.

The World did not realize that there were so many people desirous of obtaining some reminder of the Kaiser. The fact that we had a model of

"The Kaiser in the Stocks"

COPYRIGHT 1915

was first announced in last week's Sunday World, with the result that the staff have been kept busy handing them out to the steady stream of callers. It was designed by a Toronto sculptor, modelled in imperishable clay, bisque colored, and to those who obtain it will be an everlasting reminder of the vicious tyrant, who for a while yet will direct the destinies of a great country. The model as pictured represents the head and mailed arms of the Kaiser imprisoned in the stocks. The well-known Prussian helmet is in the form of a skull, the parted lips are an orifice, the space of which can be utilized as an ink-well, pin or match receptacle. It will lend itself for use as a paper-weight, or will form a statuette which can be placed on plate-rail, mantle, etc.

For a short time it will be distributed by The World on the popular coupon plan. See coupon on another page for particulars.

TRAIN ALL THE BOYS OVER TEN YEARS OLD

Board of Education Would Enlarge Scope of the Cadet System.

ABOLISH WARD PLAN

Trustee Houston's Notice of Motion for This Purpose Introduced Last Night.

As the in answer to the constant murmurings heard in city council meetings of late, that members of the board of education should be elected annually instead of every two years, at present, the board at its meeting last night was served with a notice bearing on the question, and it carries at the next meeting, legislation will be asked for providing for the old system which was in vogue up to some five years ago. Another matter which occupied the attention of the board had to do with military training in the public and high schools, a system which if put into practice would, it was stated, tend to greater interest and efficiency. These questions, together with one dealing with the experiment of Orde Street School for teaching children in the open air, brought out most of the discussion of the evening.

It was Trustee Houston who gave notice that he will move what the ward system, electing trustees annually to represent the whole city, and that the legislative assembly be requested to enact amendments necessary to effect the proposed changes. There was little or no discussion on the question, the board contenting itself with allowing it to stand and as a consequence it will come up and be discussed at the next meeting.

Enlarge Cadet System. Trustee Shaw opened the subject of military training in the schools by moving that the board should take necessary steps to enlarge the cadet system and make it obligatory that boys and young men over ten years of age be given efficient rifle training and practice, as well as other cadet work. The motion was passed and will be dealt with by the management committee.

A number of opinions were heard when the report of the finance committee dealing with the placing of insurance on the Grand Trunk Railway was taken up. The amount of insurance is \$1,000,000 and it has already been placed on the Grand Trunk Railway. Trustee Fairbairn to his feet. He expressed the opinion that that way of doing business was "all wrong." Trustee C. A. B. Brown stated that the method in use was quite fair and up and above board, and it was placed with by the management committee any one firm being \$20,000.

Open to Inspection. Trustee McTaggart said the list was open to inspection, and was supported by Trustee Vokes, who declared that a low rate was secured, 45c on the dollar for three years. Mr. Fairbairn said he was not consulted in the matter and believed the principle was wrong. However, he had no objection to passing the account, which was favored by the chairman of the committee, Dr. Steele, Trustee Vokes, Dr. Hopkins and others. The uselessness of it, however, was pointed out by several opposed, particularly Trustee Dr. Noble who said: "Of all the scatters brain, fool experiments that I have seen, you have spent \$4000 on the roof; why not have had the rooms in the yard, and now you want to spend \$1500 more trying to heat the whole west end of the city so Dr. Hopkins will not need to buy any more coal."

The board decided to reinstate Miss Ada F. Lemon after a number of members had vigorously opposed the principle involved. The question of Christmas holidays was also decided and they will be from Dec. 22 to Jan. 3, although this will make it necessary for caretakers to work on Sunday cleaning the schools used for polling purposes. In answer to Trustee Hopkins' motion at the last meeting, George H. Lockwood, chief librarian, replied by letter that the question of keeping libraries open on Sundays had often been discussed. The communication was sent on to the management committee. A letter from the bureau of municipal research was read requesting copies of the inspectors' reports held from the last annual report. This also was referred to the management committee.

Want School Taken Over.

During the evening a deputation from school section 15 was heard and the request was made that the board take over that section thus allowing children to go to near-by schools instead of having to go a mile and a half away from them to their own school. A. Watt, J. Little and R. E.
