

\$10,000

will buy block of eight houses, convenient to Bloor and Bathurst. Annual rental \$2500. Plans can be required. H. H. WILLIAMS & CO. 25 King Street East.

PROBS: Moderate winds, some local showers in southern portion, mostly fair and cool.

# The Toronto World

FOURTEEN PAGES—FRIDAY MORNING, AUGUST 25, 1911—FOURTEEN PAGES.

FOR RENT—UP-TO-DATE MODERN-  
DENCE.

Jarvis and Bloor vicinity, 6034 block detached, twenty-one rooms, hot-water heating, gas and electric light, three bathrooms, well adapted for rooming house, furnished or unfurnished. H. H. WILLIAMS & CO. 25 King Street East.

## THREE GREAT WAVES.

In 1878 a great feeling arose in this country and sustained Sir John Macdonald in the making of what is now known as the National Policy, which was opposed by Sir Wilfrid Laurier and his then friends.  
In 1891 a similar national wave arose and rejected the proposal of commercial union advocated by Sir Wilfrid Laurier and his then political friends.  
In 1911 a similar wave is sweeping over the country to reject the anti-national proposal of reciprocity put forward by Sir Wilfrid Laurier and his friends.  
You cannot beat a nation in asserting its nationhood and resisting all or any efforts to destroy it.  
And this last wave of national feeling is the greatest yet.  
Be a Canadian and assert your birthright.

An old York County boy, graduate of the Ontario Veterinary College, now practicing in the United States, and in Toronto this week, says he has no doubt that if reciprocity carries, the price of horses in Ontario will drop to one-half of what it is to-day.  
One reason is that branded horses, now barred from the Dominion will come into Canada from the Western States in large numbers. At present the Canadian Government inspects all horses coming over the border for glanders and other diseases; on account of the difficulty of doing this in the case of the wild, unaltered horses of the roundup, branded horses are kept out altogether. But the minute reciprocity is passed, he said, and free trade in horses established, there will be free trade in disease as well, and the danger of glanders, which the Canadian Government has spent large sums of money to stamp out, will increase to three times its present extent.  
Nor will the western farmer under reciprocity, he continued, come 1100 miles to buy horses in Ontario if he can get them south of the line at a distance of four to six hundred miles from his home. At the present time, he said, a lot of Canadians now cross the border into the United States to buy horses, pay the duty thereon, and take them back to Canada. These are the horses that are competing with Ontario horses, and once the duty is taken off there will not be a single Ontario horse sold to the farmers of Manitoba and the west. Good unbroken horses weighing from 1100 to 1300 lbs. can be bought for \$26 to \$27 a head in carload lots at Dickinson, South Dakota, which is the main roundup station for the western states, and it is the ranchers in those states who are looking for an outlet for their horses. He went on to say that never had he seen such good prices for work or farm horses as there are in Ontario to-day and it was a market that would last if protected.

Here is confirmation of the Toronto farmer, if he needs any, of the reality of the competition ready to swamp him in the western market, and anxious now, as at all times, to have a convenient dumping market for surplus stock or in crop emergencies as at present. The Globe is trying to divert attention from the main reciprocity issue, which is the submergence of the Canadian farmer. There is a very old fable about a dog who had a fine piece of meat, and crossing a stream saw another dog with another fine piece of meat in the water below. Making a dash at the reflection the dog lost what he had. The Globe has a fine piece of shadow-beef in mind, but the Canadian voter will have just enough dog sense to view his own good business and enjoy his own good market and leave the Americans to arrange their tariffs to suit themselves as they have done in the past.

And here is a view of the stream into which The Globe would entice the Canadian farmer to leap. It is a circular which a Saskatchewan bank handed to a shipper of horses from Ontario to the west:

James River National Bank,  
Jamestown, N.D., Aug. 7th, 1911.

Gentlemen:—

There are from eight to ten carloads of horses for sale in this county at a very low figure, due to poor crops, and we ask you to make inquiry of your horse dealers and put us in communication with anyone who will be interested and whom you can recommend. We enclose stamped envelope for your reply, which we hope to receive by return mail.

Yours truly,

JAMES RIVER NATIONAL BANK,  
Jamestown, N. Dak.  
Cashier.

ABD.-JN.

### FRUSTRATED ROBBERY

Young Couple Had Assaults of Old Gentleman Arrested.

Two suspicious looking men were seen following an elderly gentleman down McCaul street last evening by L. F. Landers, 210 John street, and Miss Blanch Edwards, 98 McCaul street. The young couple followed the men, partly from curiosity and partly to protect the old gentleman should anything happen him.

The two suspicious looking men kept close on to the heels of their would-be victim until he was passing The Grange, and then they stepped forward and pushed him into a secluded and dark corner. They divested him of his watch and other salable articles of value. A little way of the road of evil was extracted from his hip pocket, and as that was the chief interest in the eyes of the robbers, they proceeded on their way, leaving their prey to shift for himself.

Mr. Landers and Miss Edwards followed the men and at the corner of Richmond and Yonge streets pointed out Charles Martin, aged 27, living at 125 Spadina avenue, and William Gashart, 41 Simcoe street, to Detective Sackett, who placed the men under arrest and charged them with assault and robbery. The victim has not yet been found.

### BY REQUEST.

Controller Ward is said to have consented to run in South Toronto at the special request of Sir Wilfrid Laurier. Ald. Maguire has supplanted L. Heyd as the candidate for Centre Toronto, and he is also running on the solicitation of the premier. Two of the five Toronto wards are now again of Reform candidates. Sir Wilfrid will, perhaps, use his personal influence to get three more candidates.

Premier Whitney's Program.  
Sir James Whitney leaves to-day for Walkerton, where he will address a meeting to-night. He will return to the city to-morrow.  
Sir James has a tentative list of places arranged where he intends to speak during the coming week.

### HOTEL ACCOMMODATION

Plenty of Room for All Visitors to the City.

With all the city's 110 hotels assisting, and aided by the City Information Bureau, accommodation for visitors to the fair is assured. The large hotels have been taxed to their utmost for the past week, with the many conventions and advance fair visitors. The City Information Bureau is one of the busiest places in the city, people pouring in looking for rooms. The bureau has no trouble locating them in suitable quarters.  
"They complained last year," said the manager of the bureau, "that many people walked the streets during the fair. If people did that they were very foolish, for if they had come to us we could have fixed them up." There are more than 110 hotels in the city, in addition to which excellent rooming and boarding houses and private homes can be called upon to take care of their share of the visitors.

### A SOUND SLEEPER

This Girl Goes Into Trances of Several Days' Duration.

MONTREAL, Aug. 24.—The identity of the young girl who was brought to the Royal Victoria Hospital from St. Henri car barn, apparently under the influence of a drug, at an early hour this morning, has been established. She is Blanche David, 18 years of age, who lives with her parents at 87 Grande-avenue. Her mother states that she was not drugged, but in a trance, and that she has been subject to trances, from which it is impossible to awaken her, ever since the month of January. The trances last from two or three days to a week. Between trances the girl enjoys perfect health. She has been treated unsuccessfully at every hospital in the city. At present she is resting easily in the hospital, and all appearances merely sleeping an unusually deep sleep. The doctors expect her to awaken in a few days.

## GOING TO MARKET

An unfortunate slip for Uncle Will.

## PROVINCE OF QUEBEC WILL REJECT LAURIER

French-Canadians Almost Unanimously Hostile to the Reciprocity Agreement.

MONTREAL, Aug. 24.—(Special.)—With the nomination of a candidate in Quebec County, all of which province, to oppose Mr. Alphonse Verville, the opposition will have all their men in the field on the island, and about all in the district, a record never before established by the Conservative party in its history.

A funeral director named Mr. Henri Bougie was nominated this evening to bring about, if possible, the political extinction of Medie Martin, and at the same hour the Liberals nominated J. C. Walsh, K.C., and ex-M.P., to oppose ex-Judge Doherty in St. Ann's.

The news from the Quebec end of the province is also interesting as there is every probability of Chase Casgrin accepting the party candidature in Montmorency, and L. Pelletier in Quebec County, all of which provinces the increased activity of the opponents of the government. As Mr. Papineau Mathieu, the French secretary at headquarters announced this evening, three years ago at nomination day some 12 counties were taken care of by sending the amount of their deposit to 12 stop-gaps to prevent the government from carrying the seats by acclamation. To-day almost every Conservative candidate is in the field, and the chances are bright for redeeming many constituencies.

### PARTITION OF FINLAND

Two Parishes to Be Added to Province of St. Petersburg.

ST. PETERSBURG, Aug. 24.—The emperor has approved for submission to the Duma the draft of a bill cutting the Kivinevo and Nykirka parishes from Viborg Province and adding them to the Province of St. Petersburg. This measure is regarded as the first step in the partition of Finland.  
These two parishes cover an area of nearly 1000 square miles and contain a population of 30,000, for the most part Russian summer dwellers. The area is important, strategically, as it skirts the coast line for a distance of about 25 miles to the north of the present boundary of St. Petersburg Province.

Broke Leg on Steamer.  
While working on the Steamer Dundee, at the foot of Bay-street last evening, John Morrison, a deck hand, slipped and broke his leg. He was removed to Grace Hospital in the city ambulance.

### A Backhander for King.

BERLIN, Ont., Aug. 24.—(Special.)—In a letter published in the local papers to-day Dr. Fisher, furniture manufacturer, strongly criticizes Mackenzie King for having read on Tuesday night's meeting here a letter written by him in reply to one from Mr. King, following the announcement of the reciprocity agreement, asserting that it was a private communication. In that letter Mr. Fisher said that so long as manufacturers were not affected by the agreement, but it should not have got into party politics. In to-day's letter he accuses Mr. King of making political capital of the letter, but announces his unequivocal opposition to carrying the seats by acclamation in any form, and will do all in his power to defeat the measure. Owing to Mr. King's action he will appear on Mr. Welch's platform at the next meeting he holds here.

### North Toronto Annexation.

Friends of the hydro-electric project are puzzled over the attitude of some of the city opponents of North Toronto annexation. The very serious element in the problem is the legal situation in connection with the corporation, claims that are held to exist upon the town's light and power franchises. Some of the aldermen have made light of the matter, but a corporation and municipal law suit is not a matter to be made light of, and if it goes to the privy council it may take all the five years before which annexation will become imperative, to be settled. Why not settle it at once?  
Another misleading article in yesterday's Evening Telegram leads many to ask why that paper is playing the game of the electric and traction interests. The Telegram article states: "It is public property that the railway will give \$23 a mile and eight tickets for a quarter to the people of North Toronto." That is the double fare arrangement the traction interests want to make. The Telegram is advising the people to accept that, rather than the single fare concession all over the city, which annexation means. The other arguments against annexation are on a par with this, and should easily be recognized as ammunition bearing the corporation stamp.

The people of Toronto do not want a double fare to their suburbs within four or five miles, when they can travel ten miles in the present city limits on one fare. Nor can the aldermen afford to tie the city up with a street car franchise imposing a double fare on North Toronto traffic as it is now imposed on East Toronto, and partly on West Toronto.

These matters of the double fare and the power and light franchises will lead every friend of public control of city franchises in the council to vote for annexation.

## MORE MONEY FOR FILTERS IN VIEW OF CONSUMPTION

Water Department Has an Extensive Program, But the Water is Now All Right.

Because the city has been using more water on some days than the filtration plant would clean, it is now proposed to build seven more filtering beds at a cost of \$430,000. The matter will probably be submitted to the people in the form of a by-law on Jan. 1.  
The present plant has 12 beds, and they can handle 50,000,000 gallons per day. But some days 60,000,000 gallons of water have been used by the city. When the new pumps are in use they will be able to send 110,000,000 gallons of water through the day. In a few years it will probably be necessary to build even more filtration beds in addition to those now proposed.

The city council will be asked to send the matter to the polls. The council will probably deal with it in November.

Contract for Intake.  
The board recommended the council to give the contract for the 800-foot intake extension to Cumming & Robertson, on a basis of 20 per cent. profit on cost.

The mayor announced that Premier Whitney had told him that the government would give Toronto permission to issue another \$100,000 worth of debentures to cover the cost of the rest of the intake pipe repairs.

To Bore for Tunnel.  
Willis Chipman, secretary of the board of water experts, advised the board of control that in order to find if a tunnel could be constructed to get water from the lake east of the city, it would be necessary to make two deep borings at a cost of \$1200. The city engineer will be asked for a report. A boring machine will have to be purchased. Holes will be made in order to discover the nature of the ground, so that an estimate of the cost of the tunnel can be made.

Dr. Hastings, M.H.O., reported to the board that he water was good.

### BEAUTIFY TORONTO.

To-night the Toronto Horticultural Society will hold its fourth exhibition of this season in the large tent in the Allan Gardens. One of the main features of the show will be a grand display of gladioli, from the garden of an enthusiast who makes a specialty of this flower. Although the tropical heat of this summer dried up many of the varieties of flowers, yet it has helped the rose wonderfully, as will be seen by the large number of these flowers on exhibition this evening. An orchestra will add to the enjoyment and the public is invited to attend without fee and without price.

## FIRST NUMBER OF PUBLIC OPINION IS AGAINST THE PACT

Life-long Liberals Beginning to Desert in Hon. George P. Graham's Constituency — Cannot Stand for Reciprocity — Arthur Hawkes to Speak in Quebec.

BROOKVILLE, Aug. 24.—(Special.)—The landslide is beginning and if Hon. George P. Graham is buried beneath it on Sept. 21, it will not greatly surprise close observers of political conditions in this constituency.  
W. Braund, one of Brookville's leading merchants and a life-long Liberal, comes out in yesterday's local press with a strong letter against reciprocity, and signifies not only his intention of voting against Hon. G. P. Graham, but calls upon all patriotic Liberals to do likewise. Mr. Braund sends a highly patriotic note in his discussion of reciprocity, pointing out the danger of weakening the imperial ties by a trade alliance with the United States.  
"I have not a word to say against Mr. Graham," he remarks. "I wish I could vote for him, for he has done good work. He is ready to give away Canada, not that he wants to do it in his very heart, but he has promised to do it and he must."  
In his letter Mr. Braund makes an appeal to the clergymen of Brookville by name, and requests that they discuss the matter from the pulpit, directing the people how they should vote to keep Canada for Canadians. The letter has proved a bomb in the Liberal ranks.

Another Bolter.  
But Mr. Braund was not the only bolter and it looks as if his letter had already begun to set in its effect. A mammoth meeting in Victoria Hall to-night addressed by Arthur Hawkes, secretary of the Canadian National League, a letter was read from Rev. S. J. Robins, pastor of Calvary Baptist Church, regretting his absence and highly commending the cause. Mr. Robins explained that he had never yet cast anything but a Liberal vote. It had cost him a great deal to take the position of opponent to the Hon. G. P. Graham, "but," he added, "in the crisis that is upon us the duty of every loyal son of the empire is to cast aside all considerations of party and do that which we know will benefit and maintain Canada's position within the empire as against continentalism, advocated directly and indirectly by the champions of reciprocity on both sides of the great St. Lawrence."  
With Mr. Hawkes on the platform was Rev. F. Deahly Woodcock, rector of Trinity Anglican Church, who gave a brief address on the necessity for more political independence in Canada. Then the leaders of both great parties would undertake to reply to certain criticisms leveled at him thru the Liberal press and on the platform. He was observed to echo when he emphatically denied being in league with the Conservative party to defeat reciprocity by stirring up racial strife. Mr. Hawkes said he was too busy himself to enquire what Messrs. Monk and Bourassa were saying to the British-born press. He was observed to be closed, he hoped to visit that province for a series of addresses such as he is now conducting in Ontario.

Hawkes to Speak in Quebec.  
Mr. Hawkes made a strong and vigorous plea to the British-born to oppose reciprocity. He also took occasion to reply to certain criticisms leveled at him thru the Liberal press and on the platform. He was observed to echo when he emphatically denied being in league with the Conservative party to defeat reciprocity by stirring up racial strife. Mr. Hawkes said he was too busy himself to enquire what Messrs. Monk and Bourassa were saying to the British-born press. He was observed to be closed, he hoped to visit that province for a series of addresses such as he is now conducting in Ontario.

## ANNEXATIONIST SORRY AT ELECTION SYMPTOMS

E. B. Luke of Oklahoma Believes Reciprocity First Step Towards Political Union.

"I am very much disappointed," said E. B. Luke of Ardmore, Oklahoma, at the Walker House, last night to a World man. "I have just returned from thirty days' trip up around Fort Arthur, Fort William and other places, and all I heard was 'defeat reciprocity,' and it looks to me like they are going to do it."  
Mr. Luke said reciprocity was simply a stepping stone to annexation, and he hoped the United States would get hold of Canada. He was observed to be disappointed to see the opposition to annexation.

Since he has seen the country and realized its importance in the matter of undeveloped natural resources, he says the Yankee is bound to get Canada some way. But he does not believe it will be by the present reciprocity route.  
Mr. Luke is a prominent piano and musical instrument jobber in Ardmore, a Democrat of the old school, and a great admirer of Chalmers Clark, speaker of the house of representatives.

### JAPANESE PREMIER RESIGNS.

TOKYO, Aug. 24.—Count Katsura to-day tendered his resignation as premier. He recomended the appointment of Marquis Saionji for that post. The cabinet, of which Count Katsura is premier and minister of finance was formed July 15, 1910. The resignation of Count Katsura was forecasted nearly a month ago and it was known that many changes in the cabinet had been under consideration for several months.

R. L. Borden Carrying His Campaign Into What Were Liberal Strongholds With Unvarying Success — The Chances Are Good for Redeeming West Peterboro.

PETERBORO, Aug. 24.—R. L. Borden continues to carry his campaign into what were Liberal strongholds with unvarying success. To-night he addressed 1500 people in this city, which has sent J. R. Stratton to parliament for several terms, but if the temper of to-night's meeting is any indication, the Conservatives' chances for winning West Peterboro next month are good.  
The "swing of victory" is found in Mr. Borden's speech.  
"I have held a dozen meetings in this province during the past ten days," he observed, "and I am convinced that the trend of public opinion is strongly against this compact. There are in Sir Wilfrid Laurier's cabinet six ministers of the crown from Ontario. Not one of them has safe seats to-day except Sir Richard Cartwright. His seat is only safe because he is a member of that senate which he so roundly denounced in the old days in which his numbers are now unbroken by any concern or apprehension about an expenditure nearly four times greater than that which once appalled him."  
"Some of the leading Liberal journals in Ontario are giving evidence by their angry tone that they realize their fight is a losing one. They know that hundreds, yes, thousands, of Liberals in this and other provinces cannot and will not support the government on this question."  
If the government was anxious to provide relief for the wage earner and reduce the cost of living, Mr. Borden pointed out that scientific farming should be taught and practised by the department of agriculture. Mr. Fisher had failed altogether in this branch of the department's activities, and in fact, none of the problems before the cabinet were being properly handled.

Breaks New Ground.  
J. H. Burnham, the Conservative candidate in a brief speech proceeded to break new ground. He congratulated the ladies upon their presence and expressed in the hope that the day will come, and come speedily, when women will have votes. "The substance of the arguments put forward by the government was that the people might take it or leave it. Reciprocity would benefit the country, but in any event, 'put us in power,' was their cry. Confronting Mr. Burnham declared in favor of the old age pensions and thought more money was wasted every year in graft by the Laurier government than would be necessary to provide for such a system.

Mr. Borden arrived at Peterboro early in the day. He was met by a committee of the local Conservative Association, and before the meeting had an informal reception in the corridor of the hotel.  
James Kendry, president of the West Peterboro Conservative Association, who was in the chair, declared the meeting to be one of the finest gatherings he had ever seen in the city. The Liberal leaders and before the Canadian factories being closed down in 1878 and he predicted similar results if this proposed pact went into force.

Mr. Borden's reception was equal to those which have been tendered him on previous occasions during the present campaign, and as he advanced to Continued on Page 7, Column 2.

## BOURASSA, THE IDOL SMASHER.

What is the main issue that Bourassa has raised? If you analyze it you come to the conclusion that it is Laurierism and nothing else. Like many another young man in politics, like the Indian doctor on the market, Bourassa has first to get an audience; and he gets his audience by rather startling statements and methods. But now that he has his audience, when he has all Quebec lined up in the street, he is talking about Laurierism; Sir Wilfrid's methods, his administration of Canada, of the departments, of double deals, of misrepresentation, of talking imperialism one minute and the opposite the next, of corruption, of jobs, of infidelity to professed ideals, of offering nostrums, most of all of a departure from Liberalism. For doing this he is now being slated from one end of Canada to the other as an enemy of his country, and in Quebec of being the city of the Orangemen!

It is hard enough to fight an entrenched and unscrupulous enemy; but hardest of all is to fight the misrepresentations that the Liberals make of those who attack them and their idol. Whoever attacks Laurierism in its stronghold is the object of vituperation, of misrepresentation, of bitterness. Associated therewith is a glorification of Laurier into deity, his elevation to an idolatrous pedestal, his exaltation before all the people as the Very One. When an outraged people start to smash this Canadian Baal his prophets curse and cry all sorts of sacrifices; they are now cursing Henri Bourassa's the crime of all crimes. Bourassa is guilty of the unforgivable and unpardonable sin of smearing an over-worked idol. Bourassa at last sickened of the worship.

HAMILTON HAPPENINGS

LIBERAL CANDIDATE SHIRKS JOINT DEBATE

Gordon Wilson Sent Him an Ultimatum, But No Reply Was Received.

HAMILTON, Aug. 24.—(Special.)—Mildred Hendrie, the 16-year-old girl who was found unconscious in Dundas Park Tuesday morning, died in the City Hospital this evening from the effects of carbolic acid which she had taken with suicidal intent.

A fire at the Kilsour Box Co. factory on Avenue called the fire department out at 8.32 to-night, and for a while threatened to become a serious matter. Prompt work on the part of the fire fighters, however, held the loss down to about \$200.

John C. Leeder was arrested by the police to-night at the request of the Bracebridge authorities, who allege that Leeder eight months ago deserted his wife and three-month-old baby at that place.

Gordon Wilson to-day sent his ultimatum to W. O. Sealey in the matter of holding joint debates in the Wentworth constituency, and offered to meet the Liberal member at any time.

In order to meet several immediate demands for hydro power, the board of control this morning passed a resolution for the construction of a temporary transmission line to supply Gore Park, the city hall, city hospital and other municipal buildings, as well as current consumers along the line.

The Barlow Challenge Cup with individual miniatures was won by the 7th Regiment, score 372; team—Major H. C. Blair, 94; Lieutenant W. H. Semple, 88; Lieutenant O. G. Heard, 84; Lieutenant F. A. Stock, 82; Lieutenant W. M. Scott, 82; Lieutenant A. A. Crawley, 81; Canadian Army Service Corps next with a score of 365 and then the 14th Regiment with 364.

Some of the local doctors have expressed resentment at the story published in The World this morning in regard to the mutilation of the body of a poor patient who died at the city hospital. The dissection of the body of Pavel, the Romanian, led to the form of the autopsy, which is the form ordinarily used in order to determine the cause of his death.

Felix O'Neill, for many years well known cab man of this city, dropped dead from heart disease this morning at his residence at 133 John-st., where he had lived for the last 29 years.

48TH HIGHLANDERS WIN THE CORONATION CUP

Score Was 480—Queens' Own Came Third, With Score of 468.

OTTAWA, Aug. 24.—It was a great day for possibilities at the Dominion Rifle Association matches to-day when weather conditions, particularly in the afternoon and the latter part of the forenoon were almost ideal.

The City of Ottawa Coronation Cup goes to Toronto. The 48th Highlanders of that city annexed it at the first match for which it has been shot.

The great feat of Sgt.-Major Dymond was much talked about. He began in the Ottawa match at 890 yards with a bull and maple for his two sighting shots. From that on it was a complete procession of bulls.

The 90th Regiment of Winnipeg is doing great work, either capturing or being well up in the team matches and figuring in the individual competitions.

A little more interest was taken in the judging distance competition this year than last. Of the 675 competitors who are at the D.R.A., about 300 took part in the judging distance.

The Barlow Challenge Cup with individual miniatures was won by the 7th Regiment, score 372; team—Major H. C. Blair, 94; Lieutenant W. H. Semple, 88; Lieutenant O. G. Heard, 84; Lieutenant F. A. Stock, 82; Lieutenant W. M. Scott, 82; Lieutenant A. A. Crawley, 81; Canadian Army Service Corps next with a score of 365.

OTTAWA, Aug. 24.—(Special.)—The week of Sept. 4 will see Laurier back in Ontario for half a dozen meetings, after which the goose back again to Quebec.

At Mount Pleasant Cemetery yesterday afternoon the remains of John G. Ridout, the well-known Toronto patent attorney, were laid to rest.

OTTAWA, Aug. 24.—(Special.)—The week of Sept. 4 will see Laurier back in Ontario for half a dozen meetings, after which the goose back again to Quebec.

OTTAWA, Aug. 24.—(Special.)—The week of Sept. 4 will see Laurier back in Ontario for half a dozen meetings, after which the goose back again to Quebec.

FRIDAY MORNING, AUG. 25, 1911.

CANADIAN CO-OPERATION IN IMPERIAL DEFENCE.

On Monday last the Hon. W. L. Mackenzie King, minister of labor in the Dominion Government, was nominated as the reciprocity candidate for the constituency of North Waterloo. In his speech accepting the nomination he referred to the questions of imperial defence and the establishment of a Canadian navy and in the latter connection to the counter-proposal made by Mr. Borden to go to Britain's aid with a Dreadnought and a cash contribution. As reported in The Globe, Mr. King then said: "Are the people of this country going to place at the head of affairs a man who will precipitate into such a position as this, who will take from the treasury of this country and who would have taken enough money to build two Dreadnoughts and send that money to England so that they could spend it as they pleased? And against what? He was ready to send money to build warships to fight Germany."

It will be remembered that the immediate cause of the recent movement for co-operation in imperial naval defence was the challenge brought by Germany to Britain's predominance at sea. Rightly or wrongly Germany is credited with the determination sooner or later to acquire a maritime supremacy similar to that she holds now on the continent of Europe and the hope of that ambition prompted the action taken by the governments of Canada, Australia and New Zealand. Sir Wilfrid Laurier preferred, with Australia, to begin the formation of a Canadian fleet subject to the control of the Canadian parliament, but he has all along been particularly careful to assert the right of Canada to refuse co-operation in any war which might not meet with her approval. Does Mr. Mackenzie King's very distinct intimation to the German delegates throw any light on Sir Wilfrid Laurier's retorted reservation?

At the present moment there is no country in the world except Germany with which the mother country is likely to engage in serious naval war. Should Germany ever attempt to achieve supremacy at sea it could have but one object—the disruption of the empire and the gratification of her hunger for colonial possessions that are fitted for German settlement. In the event of such a war, involving as it would the whole future of the empire and of British civilization, what is Canada going to do? Looking to this remarkable utterance of a responsible cabinet minister, Canadian loyal to the empire, have a right to know whether its implication that Canadian money or Canadian ships should not be used to fight Germany had or has the sanction of the prime minister of the Dominion and his colleagues. Mr. King, no doubt, was endeavoring to make some political capital for himself and his party out of the German sentiment in his constituency, but having condescended to this weakness the matter ought not to be allowed to rest. The minister of labor should be forced to give a straight answer to the question whether in a war with Germany, menacing the safety and omnipotence of the British Empire, he does or does not support Canadian co-operation with the mother country and the imperial states.

COLD STORAGE AND U. S. PRICES.

In an article on the cold storage situation in the United States, The New York World casts some additional light on the ways and methods of the particular business. It was shown before the senate committee in Washington that more than \$2,000,000,000 in meats, game, dairy produce, foods and vegetables were annually put in cold storage in that country. Evidence was also adduced showing that their representation that only the surplus stock was so handled was a lie. The storage men themselves admitted they rather in the products in the season of abundance and maintain retail prices at abnormal levels. Apples, for example, purchased from the growers at \$1 to \$2 a barrel are placed in storage, whence the stock is issued to the public at a big advance on the regular fall prices, including all the storage charges. Grocers complained that since the food speculators began to put cheese in cold storage it was not mature properly, with the result that the public not only pay a higher price

then ever before, but have to put up with a poorer article.

Egg production in the United States has increased in ten years more than twice as fast as the population, yet the wholesale price—under cold storage auspices—has risen about 50 per cent since 1900. Similar conditions prevail in other lines of food products and the huge profits these methods secure go into the coffers of the storage trusts. As usual the United States governments have permitted the system to grow unchecked. Only when the day of having is postponed the longer it will be before the greater prosperity be realized. Begins to-day. One dollar will open an account with this old-established institution. We have many small depositors, and many who began in a small way and now have a large sum. The credit. Every dollar deposited bears compound interest at three or four per cent.

HARVEST CROWD AT UNION.

Some idea may be had of the great number of people necessary to take care of the wheat crop in western Canada, when it is known that 5800 Ontario people alone left the Union Sifton on Wednesday for the harvest fields. The C. P. R. carried 4380 and the G. T. R. 1200.

ON THE WATERFRONT.

Habitual bathers were indulging in their daily pastime yesterday, causing the ever-present inexperienced on-lookers to think of buttoning up their coats, not being aware of the fact that cool winds tend to make the water feel warmer to the bather. Water in the lake reached its lowest ebb of the season yesterday, when the register showed 62 below the zero mark. Dredges of the harbor commission are working in the slip of the Toronto Electric Light, Scott-street, preparatory to the receipt of several thousand tons of coal. It being difficult at the present low stage of the water for the coaling steamships to enter the slip.

Tommy Beaton Will Get Better.

Tommy Beaton, a lad of 12 years of age, living at 119 Erie-street, was perched up in a tree at the corner of Queen-street and Morley-avenue, the day of the circus, and became so fascinated with the procession that he forgot where he was and fell to the ground, a distance of 15 or 16 feet. He was taken to the Hospital for Sick Children, and until last evening it was feared he was suffering from concussion of the brain, but now he is recovering and will be out again in a day or two.

C. P. R. Traffic.

MONTREAL, Aug. 24.—C.P.R. traffic for the week ended August 21, 1911, was \$2,367,969. For the same week last year it was \$1,897,000.

Wanted to Die.

NIAGARA FALLS, Ont., Aug. 24.—(Special.)—Without explaining his reasons for attempting to commit suicide by going over the falls yesterday, Walter Marks, was sufficiently recovered to-day to be removed to his home in Buffalo.

THE FOUNDATION OF SUCCESS

The difference between the clerk who spends all his salary and the clerk who saves part of it is the difference between a business and the man out of a job.

—JOHN WANAMAKER. Most of the fortunes have been accumulated by men who began life without capital. Anyone who is willing to invest a little of the day of having, is postponed the longer it will be before the greater prosperity be realized. Begins to-day. One dollar will open an account with this old-established institution. We have many small depositors, and many who began in a small way and now have a large sum. The credit. Every dollar deposited bears compound interest at three or four per cent.

Water in the lake reached its lowest ebb of the season yesterday, when the register showed 62 below the zero mark. Dredges of the harbor commission are working in the slip of the Toronto Electric Light, Scott-street, preparatory to the receipt of several thousand tons of coal. It being difficult at the present low stage of the water for the coaling steamships to enter the slip.

Tommy Beaton Will Get Better.

Tommy Beaton, a lad of 12 years of age, living at 119 Erie-street, was perched up in a tree at the corner of Queen-street and Morley-avenue, the day of the circus, and became so fascinated with the procession that he forgot where he was and fell to the ground, a distance of 15 or 16 feet. He was taken to the Hospital for Sick Children, and until last evening it was feared he was suffering from concussion of the brain, but now he is recovering and will be out again in a day or two.

C. P. R. Traffic.

MONTREAL, Aug. 24.—C.P.R. traffic for the week ended August 21, 1911, was \$2,367,969. For the same week last year it was \$1,897,000.

Wanted to Die.

NIAGARA FALLS, Ont., Aug. 24.—(Special.)—Without explaining his reasons for attempting to commit suicide by going over the falls yesterday, Walter Marks, was sufficiently recovered to-day to be removed to his home in Buffalo.

FOSTER SPEAKS TO 1500 PEOPLE AT GORRIE, ONT.

James Bowman, the Conservative Candidate, Heartily Received By the Electors.

GORRIE, Aug. 24.—A mass meeting in the interests of James Bowman, the Conservative candidate for East Huron, was held in Victoria Park here this afternoon. Fully 1500 people attended and listened with merited attention to the various speakers. The chair was occupied by Dr. T. Chisholm, the former member. The first speaker was the candidate, Mr. Bowman, who dealt in an able manner with the various phases of the campaign. His remarks were brief, they were very much to the point and were heartily received by the electors. H. Musgrove, M.L.A., for North Huron, in a speech of half an hour, devoted to the reciprocity question, fully occupied the audience by his stirring appeal to the patriotism of his hearers. The speaker was Hon. G. E. Foster, ex-finance minister, who was in fine form, and in a speech of an hour and a half, dealt in his well-known manner with the questions of the day. He placed before the people in stirring language a few questions regarding the debt which should the government carry out their agreement with Tait, and claiming a dollar a day for the man who really did steal the wheel. Mr. Foster was given very close attention; he was questioned once or twice by one of the audience on certain points of the agreement, and to the questioner he replied with the precision of a lawyer. Mr. Foster was given very close attention; he was questioned once or twice by one of the audience on certain points of the agreement, and to the questioner he replied with the precision of a lawyer.

BURNED TO DEATH

Mother Extinguished Curtain Unaware Daughter's Clothing Was on Fire. GOENWALL, Aug. 24.—(Special.)—Miss Mabel Whyte, daughter of Mr. and Mrs. F. E. Bailey of Massena, across the river from here, was the victim of a horrible accident at her parents' home. Mabel and her mother were preparing supper with an alcohol stove, and Mabel having a bottle of alcohol in her hand while lighting the fire, the fluid exploded, setting fire to her clothing, and she rushed from the house by the front door. Her father, who was in the room at the time, saw the smoke and ran to her aid, but she was already dead. Her mother, who was in the room at the time, saw the smoke and ran to her aid, but she was already dead.

SLEPT UNDER FREIGHT CAR

Curtis Lay Down Between Rails and Was Killed. Becoming tired with the arduous work he was commissioned to do, Samuel Curtis, 28 Beant-street, crawled under a freight train in the G. T. R. Don shunting yard to sleep for a short time. His work was finished and his parents, who were in the yard, found him unconscious to the world a yard or two from the tracks. The train was moving and Curtis was crushed between the rails. His death was a tragedy for the family.

HIS OWN VALUATION.

Ten cents was the contribution of an intoxicated man on the steamer Corion toward a collection for Fireman Jennings. The man had been taken so much "spirit control" that he dropped off the gang plank as he stepped on to the boat. He fell into the water and was rescued by the crew. He was taken to the hospital and died of his injuries.

STEAMER HARD AGROUND.

GOENWALL, Aug. 24.—(Special.)—The steamer Riverdale of Brookville is aground in Bergin Lake, above Mills, for several days. The boat is stuck on a rock and cannot be moved. The crew is stranded and the passengers are in a state of anxiety. The company is trying to raise the boat but without success.

MOTOR UP AGAINST IT.

Two real estate men had a narrow escape from death on Wednesday morning when their motor car was set on Eglington-avenue, near Avenue Rd., where sewers are being laid and the excavated earth is piled up on the roadside. The car was stuck on the pile of earth and ran right into it. The driver was killed and the passenger was injured.

CONTEMPLATE!

Do not weigh anything in a second, but take a second thought when a druggist or dealer asks you to accept a substitute for Dr. Fowler's Extract of Wild Strawberry. This preparation has been on the market for over 35 years, and so far as we know has never yet failed to either relieve or cure the worst cases of DIARRHOEA, DYSENTERY, COLIC, CRAMPS OR PAINS IN THE STOMACH, CHOLERA MORBUS, CHOLERA INFANTUM, SUBTLE FEVERS, OR ANY LOSS OF STRENGTH.

MALEVOLENT NIGHT CAR.

A floor-st. night car crashed into one of the Standard Bakery Company's wagons at the corner of Bloor-street and Dalton-avenue, throwing the driver, Harris Greenberger, 87 Agnes-st., to the ground with considerable force and smashing up the wagon. Greenberger was taken to the General Hospital after being attended to by Dr. Close. He is considered to be in a very serious condition.

Rats Kill Elephants.

In 1868, a pack of elephants, just brought from Africa, were attacked by rats, which ate thru the wooden floor on which they (the elephants) stood and gnawed the timber beneath. All three died, no doubt from fright rather than from pain. Mr. Robinson, in quoting this story as the "most dreadful" apparently his collection of anecdotes of elephants attacked by puny enemies, seems to be unaware that the same thing has happened to African elephants in the Congo. The first chronicled instance, we believe, belongs not to the Regent's Park Zoological Gardens, but to Clifton, and has been duly recorded by Frank Buckland. But there has been trouble in the Londyng gardens before now with rats attacking the large animals; the old hippopotamus Guy Fawkes was one of the sufferers.

FROST DAMAGE LIGHT

Warmer Weather in Prospect for the Northwest. WINNIPEG, Aug. 24.—The frost danger has, temporarily at least, passed eastward, for all over the west last night's higher temperatures prevailed. The lowest was recorded at Calgary, where 34 degrees above was the minimum.

PROXY PRISONER

Dollar a Day for Substituting in Chambers' Donjon Keep. Rose Allen, wife of Fred Allen, whose address at present is care of Rev. Dr. Chambers, across the Don, had a grievous complaint to make to the police court, regarding George Allen, who, she alleged, assaulted her. The case, however, was dismissed and then Crown Attorney Corley asked her a few questions regarding the theft hanging over the head of her husband. "No, he didn't steal the bicycle for which he is serving a term, but it belongs to the man down the street who really did steal the wheel."

AFRICAN HERO SHAFT

Completed With Addition of Figure of Winged Peace. Yesterday afternoon the South African veteran monument at the foot of University-ave. was fittingly completed when the statue representing the peace of the Victorian age, by the Toronto sculptor, Walter S. Allward, was placed upon the top of the granite pillar. The figure itself is of bronze, measuring 14 feet in height, and weighing 2000 pounds. In its hands, which are extended upwards, is a crown of solid gold. The moulding is the work of the Gothic Revival style. The monument is in the neighborhood of 35,000.

CITY ENGINEER RESIGNS.

KINGSTON, Aug. 24.—(Special.)—The city council has accepted the resignation of City Engineer H. E. Craig, and the board of works has been given power to advertise for new applicants. Assistant Engineer R. J. McLellan and former City Engineer E. R. Beckwith and G. C. Wright are after the job.

BACK TO AUSTRIA.

The lad picked up near the Queen-street subway on Saturday evening has been identified as Mike Maxwell, who just recently arrived from Austria, and who was living with his aunt at 63 Dundas-st. The lad made the trip across the deep alone and it appears as if the strain of traveling so far from home had been telling on the lad's mind, for he was very bright before leaving home and had never had any trouble mentally. He will be deported to Austria.

PICKPOCKET CAGED.

Dillon King, the noted pickpocket, who was arrested at the circus, was arraigned before Magistrate Ellis yesterday morning and remained for a week. He will be kept in custody until after the fair and then possibly deported as there is no charge against him here.

Smoker, as Usual.

Someone in the upper storeys of the Traders' Bank building yesterday morning threw a cigar butt out of a window, which lighted on the awning over the window of Irish and Montreal. Limited, on the sixth floor. The canvas was quickly ignited and for a few minutes intense excitement prevailed, but Engineer Ross noticed the flame and soon had the burning awning torn from its bearings and the flames extinguished. Awnings are often set on fire from similar causes.

George Green's Watch.

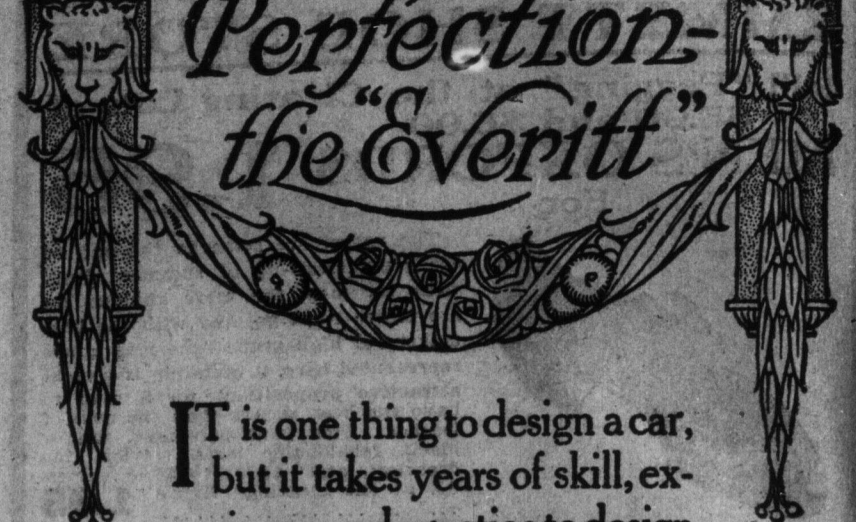

Flight month's hard labor in the Central Prison sentence meted out to Albert Lawrence in the police court yesterday for stealing a watch from the home of George Green, with whom he was visiting.

\$1100 Atlantic City and Return

From Suspension Bridge, via Lehigh Valley, Friday, September 1st. Particulars at King Street East.

The Morning World is Delivered

breakfast to any address in Toronto for twenty-five cents per month. Phone 36, 2095.

It is one thing to design a car, but it takes years of skill, experience and practice to design a car that is self-protecting and road-proof. Yet such a car is the Tudor-built "Everitt." Its design does three things remarkably well: 1—Ensures Low Gasoline Cost—through solid, unit cast engine construction; 2—Saves Tire Cost—through elimination of weight and the use of 2000 parts where ordinary design would call for 4000; and 3—Saves Adjustment Costs because "Everitt" Motors are built to take care of themselves—and because accurate machining throughout saves vibration to a wonderful degree. In this Tudor car you get motoring perfection. Big responsibility is put on the design—little responsibility on you.

Tudor Motor Sales Limited, 166 King St. West, TORONTO. Send for Catalogue. Demonstration Arranged.

IN SEARCH OF POINTERS.

WINNIPEG, Aug. 24.—One hundred prominent Western Canada business men will visit the chief industrial cities of Great Britain during June next year. This was definitely decided at a directors' meeting of the Winnipeg Industrial Bureau to-day. Leading financial and commercial men representing all western cities will be invited to accompany the Winnipeg party, covering six weeks' itinerary abroad.

LOST NEARLY \$10,000.

NIAGARA FALLS, N.Y., Aug. 24.—(Special.)—Under Sheriff Bolck's aid to-night that warrants had been sworn out for the arrest of the members of the gang that operated a fake polo room at Lewiston recently, where many Toronto men were fleeced. Warrants were sworn out by a man who is said to have lost nearly \$10,000. The whereabouts of the gang are known and arrests are expected shortly.

Real Estate Signs.

Three and a half acres of land adjoining the Grand Trunk tracks, to the south, and immediately east of Greenwood-avenue, has been sold by J. E. Ashbridge, the owner, for a lumber yard. The price mentioned is \$25,000. A permit has been issued for a new western district Orange Hall, to be erected at a cost of \$25,000, at the corner of College-st. and Eglinton-ave. It will be built of brick and three stories high.

Found Body in River.

NIAGARA FALLS, Ont., Aug. 24.—(Special.)—The body of an unidentified man, 30 years old, was taken from the upper river to-day. The body had evidently been in the water a long time. Nothing was found that would aid in his identification.

Dalhousie City's First Run.

Two hours and five minutes is the record dock to dock run made yesterday by the Dalhousie City, owned by the Niagara, St. Catharines and Toronto Navigation Co. Taking into consideration the low rate of speed permitted to boats in the harbor, the light to light run was made on this trip in one hour and five minutes.

Bodily Buried.

KINGSTON, Aug. 24.—(Special.)—Mrs. R. J. Free was badly burned about the arms while working over a gas stove. The sleeve of her dress caught in the blaze.

A MISAPPREHENSION.

Editor World: The article in the World of Aug. 24, re how to hold a baby, ought to create indignation to every mother who has the knowledge of the responsibility of childhood.

What is the "little mother" doing? It distinctly reads on the board in the McCaul-st. school—"Supervised Play Grounds for Children 4 to 10 years of age."

No, the foreign mother is the one to be trained. Let us open a school and teach them how to bathe their own offspring, bathe their children, care for their eyes, and make proper food for their little stomachs.

No, the foreign mother is the one to be trained. Let us open a school and teach them how to bathe their own offspring, bathe their children, care for their eyes, and make proper food for their little stomachs.

The public school system of Canada, and especially of Ontario, is considered the best in the world.

There is no better training school for nurses in America than the Toronto General Hospital.

I speak from experience. For I have taken post-graduate courses in the United States, and our Canadian nurses are perfectly capable of teaching mothers their duties without spending their money to train children.

Let us open a school and teach them how to bathe their own offspring, bathe their children, care for their eyes, and make proper food for their little stomachs.

PUBLIC OPINION AGAINST THE PACT

Continued From Page 1.

the front of the platform every head in the large audience held aloft a Union Jack, while the cheering continued for some time.

Mr. Borden's speech was positive and optimistic. He congratulated both the riding of East and West Toronto on the candidacies which had been selected.

Mr. Borden's strictures upon the government over the hasty dissolution of parliament and the attendant breach of faith over the equity were convincing.

He went fully into the events in parliament immediately preceding dissolution. He spoke of the general movement of the whole country of want of confidence in the government.

"There are thousands of Liberals," he asserted, "who have out of party allegiance and have preferred their duty to Canadian country and British connection to any duties laid upon them by the Liberal party."

He spoke of the general movement of the whole country of want of confidence in the government.

SHAW AND BORDEN STRICTLY PARTY BASIS

Rev. J. A. Macdonald Declines to Oppose Foster—Joseph Oliver Will Not Fight Now.

W. H. Shaw again enters the field against the Hon. George E. Foster. No one else seemed anxious to do battle for reciprocity in the North Toronto riding and consequently Mr. Shaw was the unanimous choice of the nominating convention held in St. Paul's Hall yesterday evening.

The names of Ex-Mayor Oliver, the Rev. J. A. Macdonald, J. W. Curry, K.C., N. W. Rowell, K.C., C. W. Kerr, and J. A. Paterson, K.C., were placed before the convention, but when these gentlemen withdrew in favor of Mr. Shaw, who had easily the support and sympathy of the majority of those present.

Although the meeting was large the enthusiasm shown was hardly what is expected of a gathering of this character. It was a very quiet affair, and it is only on a great national issue you can expect a man to leave his party behind him.

Mr. Borden's strictures upon the government over the hasty dissolution of parliament and the attendant breach of faith over the equity were convincing.

He went fully into the events in parliament immediately preceding dissolution. He spoke of the general movement of the whole country of want of confidence in the government.

"There are thousands of Liberals," he asserted, "who have out of party allegiance and have preferred their duty to Canadian country and British connection to any duties laid upon them by the Liberal party."

VETERINARIANS' BANQUET INTERNATIONAL FEAST

Director-General Rutherford Toast-master—Degree Standard Will Be Raised.

Upwards of 250 visiting members of the American Veterinary Medical Association, and their lady friends attended a banquet at McConkey's last night, and the hilarity was still in progress long after the winking hour.

The repeat was a sumptuous one, and the toast list long and interesting. The toast-master was Dr. J. G. Rutherford, veterinary director-general of Canada.

Among the speakers was President Creelman of the Ontario Agricultural College, Guelph, who criticized to some extent the comparative failure of veterinary surgeons to acquaint themselves with the treatment of all branches of live stock.

He urged the desirability of students being obliged to spend one or two years on a farm or at an agricultural college as part of their college curriculum. The toast list was as follows: "The King," "The President of the United States," "The City of Toronto," responded to by Ald. Hiltton in the absence of Mayor Geary.

Contributors to the Advancement of Veterinary Science," by Dr. W. Horace Hoskins of Philadelphia; "The live stock industry of Canada," by Dr. C. Creelman, "Veterinary Sanitary Science," by Dr. A. D. McNeil, chief of the United States Bureau of Animal Industry; "The Royal College of Veterinary Surgeons," by Prof. Hobbay; "Veterinary Education in the United States," by Dr. G. H. Glover; "Veterinary Education in Canada," by Dr. B. A. Granger; "The Practitioner," by Fred Torrance; "The Pacific Slope," by Dr. S. B. Nelson and Dr. R. A. Archibald; "The Press," by Dr. W. E. King; "The Ladies," by Dr. R. P. Lyman.

Raising the Standard. At yesterday's session of the convention a resolution was passed to have the college course lengthened from 3 years to 4, and after the session of 1914-1915, students in veterinary science must have had at least one year in a Canadian high school, or graduate from the tenth form in a United States school.

The association is also working for a uniform degree similar to what has already been enforced in England with much success. The degrees recommended yesterday were D.V.M., Doctor of Veterinary Medicine.

In the afternoon the visiting ladies of the association were entertained by Lady Pellatt, and a horse show afterwards held at the stables of "Casa Loma," where Sir Henry Pellatt's science must have had at least one year in a Canadian high school, or graduate from the tenth form in a United States school.

The association is also working for a uniform degree similar to what has already been enforced in England with much success. The degrees recommended yesterday were D.V.M., Doctor of Veterinary Medicine.

WORK COUNTY West Toronto North Toronto East Toronto

CAPT. WALLACE HOLDS A FINE MEETING

Fine Team of Horses Killed at Unionville—Big Grist of County News.

UNIONVILLE, Aug. 24.—(Special).—On Tuesday night, sometime between midnight and morning, two valuable horses were either thrown or fell from the Grand Trunk bridge, a short distance south of the village, and their bodies hurled into the stream beneath. The horses were first noticed on Wednesday morning shortly after daylight, one being dead and the other terribly injured. Dr. Kelly, V.S., of Unionville was called in after the animal was shot to terminate its misery.

So far it has been found impossible to locate the owner, but the animals are thought to have strayed from the city, each being city shod, and none of the farmers within a wide radius so far having reported any loss.

One of the horses was a dark brown and the other a bay, both were apparently valuable animals. It is thought that the horses had probably taken the track at the Hagerman side-line, going northerly until the high bridge was reached, and at this point the midnight way freight had caught up and forced them from the track, the fall of which alone was sufficient to kill the animals.

The G. T. R. cattle guards of some years ago have been removed, and at many of the crossings there is practically no protection.

Constable W. H. Stiver has tried so far, the unsuccessfully, to locate the owner or owners. The friends of Capt. Tom Wallace held a rousing organization meeting here this afternoon in the interests of the Conservative candidate in Centre York, every subdivision being thoroughly represented. The evening was one of enthusiasm and reports from all over Markham Township are of a most cheering nature.

President George Bowers was in the chair and short but interesting addresses were given by a score of more of the enthusiasts present. Organization work was well advanced and a number of public meetings will shortly be held. Capt. Wallace was present, and the cordial reception accorded him left no doubt as to the warm place he occupies in the hearts of his constituents.

On Wednesday evening next, in Markham Village, a big meeting will be held, at which Hon. James Duff and Capt. Wallace will be among the speakers.

Two teams of Markham bowlers visited the village this afternoon and a friendly match with the local men was played. The green was in excellent shape, and the Markham men did not seem to possess the staying power, and the score is said to have been somewhat biased in favor of the visitors. But they are all good sports, and a delightful afternoon was spent.

SCARBORO VILAGE. A fruit social in connection with the Women's Auxiliary of Christ Church will be held on Friday evening, Aug. 25. Refreshments will be served from 6 to 8 p.m. after which a program will be given by local and city talent. Admission 10 cents. Scarcboro cars pass within a few rods, and a delightful evening is assured to all.

WOODBINE HEIGHTS. The Woodbine Heights Ratepayers' Association held a meeting in St. John's Church parish house, Norway, on Wednesday night for the purposes of electing officers.

Petitions were sent to the city council for hydro lights and better water service. The following officers were elected: President, Mr. Johnson, secretary, Mr. G. Newton, 619 Woodbine avenue; treasurer, Mr. Herison; committee, Messrs. Hawson, Hobson, Hamilton, Priddy, Johnson and Messrs. E. Johnson and Preston. The ratepayers' meeting Wednesday night, 30th inst., in St. John's Parish House.

RIVERDALE NEWS. The first annual banquet of the Chester Baptist Brotherhood was held last evening at Loye's Cafe. Addresses were delivered by Mr. Thomas McMillen and Mr. Frank Yeigh. Mr. H. G. Warren, past president, was presented with a watch at 8:30.

WEST TORONTO

WEST TORONTO, Aug. 24.—(Special).—W. F. Maclean's Liberal-Conservative committee rooms were opened today at 1546 Dundas-street, opposite Western Avenue. The rooms are in charge of Mr. J. W. Dodds, and all the city have anything but a loyal appreciation of his work during the past year.

WEST TORONTO, Aug. 24.—(Special).—The young people of St. John's Church are holding their annual "corn roast" on Saturday afternoon, leaving the church grounds at 2 o'clock for the Humbler. This concludes a series of summer outings arranged for the benefit of the winter and spring indoor meetings.

MILLIKEN'S CORNERS. Lots of Good Money Soon Went Up in Smoke. MILLIKEN'S CORNERS, Aug. 24.—A \$5000 touring car on the Kennedy road caught fire before last week the owner was attempting to crank it up, and before anything could be done to stay the progress of the flames was reduced to a heap of scrap.

A FINE NEW SCHOOL. Trustees and Friends to Hold Reception. The board of trustees of S. E. No. 13 have pleasure in announcing the appointment, as teacher of Miss Mary C. Pepper, under whose supervision the new school on Chester-avenue will open for the registration of pupils on Tuesday, Sept. 5, at 8 a.m.

NORTH TORONTO, Aug. 24.—(Special).—A phase of the North Toronto situation which has hitherto apparently been overlooked, and which is of vital importance, is the telephone situation.

The Drought in India. The Indian climate is as stable as our own as regards the weather. On rare occasions does the weather afford a topic for conversation. But one of those rare occasions is now before us, and that is the "drought" in India.

Time Proven Truth. The man who said he did not know what good life insurance would do him until he was dead, must have been a hopeless object for the agent.

Trying on Shoes. If possible try on your shoes in the evening. The feet are larger and more sensitive at night, because of the expansion of the feet during the day.

Commercial Reports

Nothing New in Crop Advices Market Safe of Its Own Weight

Dull Trading at Chicago with Fractional Loss in Wheat Prices—Corn and Oats Slightly Higher.

CHICAGO, Aug. 24.—Largely because buyers were holding off expecting lower prices to follow the Canadian vote on reciprocity, the wheat market today eased off. Latest figures were 1/2 to 1/4 under last night's advance, corn 1/4 to 3/4, oats a shade 1/4, and provisions 1/4 to 1/2.

Other leading staples all showed advance, corn 1/4 to 3/4, oats a shade 1/4, and provisions 1/4 to 1/2. The wheat market took its cue mainly from northwest messages, referring to slackness in demand for flour.

Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2, 42c; No. 3, 41c; lake ports, Ontario, No. 2, 42c; No. 3, 41c.

Wheat—No. 2 red, white or mixed, 82c to 84c, outside points, nominal; new wheat, 80c to 81c.

Barley—For feed, 60c to 65c; for malting, 67c to 70c, outside nominal.

Manitoba wheat—No. 1 northern, 81c; No. 2 northern, 80c; No. 3 northern, 79c.

Manitoba flour—Quotations at Toronto are: No. 1, 100c; No. 2, 98c; No. 3, 96c.

Manitoba flour—Quotations at Toronto are: No. 1, 100c; No. 2, 98c; No. 3, 96c.

Manitoba flour—Quotations at Toronto are: No. 1, 100c; No. 2, 98c; No. 3, 96c.

CROP ADVICES SHOW NO CHANGES

And Chicago Market Proves a Decidedly Dull Affair—Closes at a Decline.

J. P. Bickell & Co. received the following report from Logan & Bryan: Wheat—The best prices for wheat today were made on the opening trade.

Prices advanced daily by E. T. Carter & Co., 85 East Front street, Dealers in Wool, Yarns, Hides, Calfskins and Sheepskins, Raw Furs, Tallow, etc.

Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2, 42c; No. 3, 41c; lake ports, Ontario, No. 2, 42c; No. 3, 41c.

Wheat—No. 2 red, white or mixed, 82c to 84c, outside points, nominal; new wheat, 80c to 81c.

Barley—For feed, 60c to 65c; for malting, 67c to 70c, outside nominal.

Manitoba wheat—No. 1 northern, 81c; No. 2 northern, 80c; No. 3 northern, 79c.

Manitoba flour—Quotations at Toronto are: No. 1, 100c; No. 2, 98c; No. 3, 96c.

Peaches are ripe

Peaches and the exhibition usually reach Toronto about the same time, but this year the peaches are ahead of the big fair, and by nearly a week are ahead of their time of arrival of previous years.

Only one thing is responsible for the earliness this year of the luscious fruit and that is the very warm summer we have just passed thru.

Just now only the yellow peaches are coming in, mostly the St. John's and the very best of the season.

A convention of the Independent Labor Party of the city will be held next Wednesday evening in O'Neill's Hall, corner of Parliament and Queen-streets, to consider the advisability of placing a labor candidate in the field in East Toronto.

They Call It Another Week is here and the question remains unanswered. Meanwhile, those who think it don't seem to care what it is—Toledo Blade.

# Porcupine Stocks Succumb to Selling by Tired Holders

## Dome Ex. Fails To Hold Advance Mining Market Sags Lower

Porcupines Find It Hard To Hold Up in Face of Liquidation, and Prices Slowly Yield to Pressure—Cobalts Unchanged.

World Office, Thursday Evening, Aug. 24. The sharp upturn in some of the Porcupine issues yesterday was carried on with a little too much flourish if the action of the market to-day can be taken as an indication of true conditions surrounding the gold mining stocks. Liquidation was pronounced from the very opening of business, and prices proved too hard to hold the majority of instances, so that the net result of the session was a decline which put values back in short order.

The mining market is in a decidedly vulnerable condition at the moment, and the trend to values depends largely on the immediate feelings of the floor trading fraternity. Stocks show an all-round resiliency on any signs of improvement in the buying power, but just as surely develop weakness whenever any material selling puts in an appearance.

This latter factor was the contributory influence in arranging the course of the list to-day. Pressure on Dome Extension was the characteristic feature at the opening of the session, and was continued throughout, so that the issue was on the down grade most of the day. The opening sale was made at 68, which was the top figure reached, and the shares got down to 64 before the close.

Outside of a flurry in Rea, and a consequent higher range of values for that issue, the rest of the list followed the instance above cited. Lower prices were reached in the majority of instances, but these were restricted in the main, the market sagging in a very gradual way, and no time showing any sign of getting out of bounds.

Rea showed a better tone, the shares rallying sharply and getting as high as 2.35, an advance of some 25 points for the day. The usual distribution on the buge occurred, and sufficient stock was forthcoming to put the price back to 2.22, the shares being on offer at that point at the close.

The movement in Rea was founded on the report that the company had requested the withdrawal of Messrs. Bewick, Moreing & Co. from the board, and their entire disassociation from the company. This interest has gotten into disrepute of late, and the feeling is expressed that the action of the directors will prove of material benefit to the company.

Cobalts were quiet and slightly depressed, with small losses shown in special instances when selling orders put in an appearance.

## Rea Showings Improve at Depth

Interim Report Indicates Satisfactory Progress at the Mine.

An interim report bearing date Aug. 19, has been issued by President C. Plummer Hill, of Rea Mines, at Porcupine. It is brief and merely recites the mining position without giving widths and values. The underground situation has improved somewhat, and at the 200-ft. level the ore shoot is represented to be 50 feet longer than it was at outside of some 200 feet. The 200-ft. level has been driven for a distance of 310 feet, and the intention is to sink to the 225-ft. level and to continue to the west shaft, which has attained to a depth of 137 feet. When the 300-foot level has been developed Mr. Hill intimates that a mill will be provided.

## Bewick-Moreing Co. Asked to Get Out

The Rea Consolidated Mines, Ltd., have asked the firm of Bewick, Moreing & Co. to resign their position as mine managers of the Rea Co. The reason given is that the company has the services of a highly expensive engineer in Mr. Kingsmill, and with the employment of Bewick, Moreing & Co. as mine managers, the cost of the mine management was unduly expensive.

Big Dome stock was on offer at \$40 a share on the Standard Stock Exchange yesterday. A small lot of the shares changed hands some three months ago at that figure, but no bids were obtainable on yesterday's offer. The company is capitalized at \$2,500,000 in 250,000 shares of \$10 each. There is also a \$100,000 two year bond issue, making the total capital \$2,900,000.

MCKINLEY PAYS TEN PER CENT. McKinley-Darragh directors have declared the regular quarterly dividend of three per cent., with a bonus of 7 payable Oct. 1, 10 per cent. in all. This is the same as was paid in the previous quarter, July 1. Previous to that McKinley paid two fifteen per cents. on Jan. 19 and April 1.

EDITOR J. L. HUGHES. In a book of 16 articles, written by the late B. C. Gregory, superintendent of schools in Chelsea, Mass., which Inspector Hughes has just finished editing, he found seven quotations from his own writings.

## Expert Report on Lucky Cross Claims

Engineer Tyrrell Leaves for Swastika to Examine the Property.

Mr. J. B. Tyrrell returned from London, Eng., on Monday last, and left for Swastika last night. He will be located at the office at the Lucky Cross Mines for the next few weeks, and will proceed to make a thorough examination of the property as their consulting engineer. He expressed great pleasure on being told of the many valuable finds that Mr. Vandergriff had opened up during his absence.

## ENGLAND'S LARDER

It Might Be Stripped Pretty Quickly If She Had a War.

With ships bringing foreign food supplies into England at the rate of 2,434 every minute of every day in the year, Great Britain cannot accumulate a stock of provisions large enough for a year's supply, some experts say not enough for half a year.

## "CROCODILES" ON PANAMA CANAL.

Workers on the Panama Canal have encountered two "crocodiles." They are a small, old, male or female with seven full sets of teeth on the upper and lower jaws.

## Weight in Gold.

About the 1st of January King George will be old, more or less, and there will be the old Hindoo ceremony of weighing the king against quantities of silver and gold, which are then given to the poor, relates The New York Tribune.

## DIVIDEND NOTICES.

## The Home Bank of Canada

Quarterly Dividend Notice. Notice is hereby given that a Dividend at the rate of Six Per Cent. per annum upon the Paid-up Capital Stock of the Home Bank of Canada has been declared for the three months ending 31st August, 1911.

## HAD NO FIRE ESCAPE.

MONTREAL, Aug. 24.—Seven proprietors and managers of factories were summoned to the recorder's court to-day by Mr. Alcide Chausse, the building inspector, on charges of violating the fire by-law by having no fire escapes on their buildings. Three were let off with costs, because they had complied with the law after having been summoned to court. The four others were remanded till next week, to permit their constructing escapes.

## MARKET MOVING SENSATION

Great Northern and United Porcupine, etc., Porcupine and Matheson, Head Office, 201 Lumsden Building, Toronto, Ont.

## Exhibition Notes

The exhibition does not open till Saturday, hundreds of people were there yesterday. But outside of the delegation of press representatives they were not sightseers, but workers, getting things into shape.

The art gallery is now probably the most interesting part of the exhibition, because most of the rest of it needs to be "going" before it can amuse. But the art gallery needs no action to interest. The hanging committee, E. Wily Greer, Executive Director of the Ontario Society of Artists, William Brynner, R.C.A., President of Royal Can. Academy, Homer Watson, H.C.A., President of the Royal Canadian Art Club, J. E. H. MacDonald, O.S.A., and George E. Reid, R.C.A., were busily engaged.

Fewer Canadian Pictures. This year the Canadian artists are not as well represented as they might be. It has been the custom to hang the current work of Canadian artists and as every picture of the year is not a chief devotee, they have compared somewhat unfavorably with the masterpieces of foreign artists.

Snake and School Boys. The educational building has a queer assortment of exhibits. From what the visitor to the exhibition can pass directly to a number of snake exhibits. The snakes are an interesting set of specimens. Whether they will be more interesting than the boys at work remains to be seen.

# TIMMINS THE NEW GOLD CENTRE IMPORTANT AUCTION SALE

Of Choice Business and Residential Lots at the Terminal of the Porcupine Branch of the Temiskaming and Northern Ontario Railway

The Timmins Townsite Company announces the sale by public auction of choice business and residential lots in the Town of Timmins, laid out on the Campbell Veteran Claim near the centre of the Pearl Lake Mining District, and a short distance west of the Hollinger Mine.

The location is an ideal one for a townsite, soil being sandy and capable of perfect drainage, and has been selected after careful consideration as the best available spot for industrial and residential purposes for this new mining centre. The Porcupine branch of the T. & N. O. Railway will be extended to and station and terminals erected on the townsite as rapidly as possible.

Lots will be offered for sale by auction on the site on Labor Day, Monday, September 4th, 1911. Special railroad rates will be arranged. For particulars and terms of sale apply to—

## Timmins Townsite Co., Limited 24 King Street West, Toronto OR ON THE PROPERTY

BIG MARKET IN SIGHT The mining market during the last few days has been in a period which may be characterized as the "dog days." The rally yesterday was due entirely to short covering and was so rapid in its movement that the trader should not expect to purchase at the low point. We believe that the turn for the better is already in sight, and we therefore strongly advise the immediate purchase of the better grade Porcupines, and of these Eldorado appeals strongly to us.

**Baseball Bats**. Regular 75c. Saturday ..... **.39**

**Roller Skates**, for boys and girls, extension style, leather heel supports. Saturday ..... **.49**

The rising tide of Autumn, which brings with it thousands of Exhibition visitors, will be upon us next week.

There is practically only one half day's shopping left, of the summer of nineteen-eleven!

But we have planned to make it a delightful half-day at the Simpson Store. All the merchandise mentioned here is either **new this week or marked at greatly reduced prices.**

Such a combination of newness and bargains should make a very profitable morning for many men and women in Toronto, who want to get the bulk of their shopping done before the Exhibition visitors arrive.

## Parlor Suite Day in the Simpson Furniture Sale

(Fifth Floor.)

It is only half a day at that, but these suites will sell on sight, because they are perfectly made and splendidly finished. They are priced, we think, so as to give you the best parlor suite bargain ever offered in Toronto. Here are further particulars:

**Three-piece Parlor Suites**, frames made of birch-mahogany finish, spring seats and panel backs, settee, arm chair and rocker. Regular price \$24.60. August Furniture Sale ..... **16.90**

**Three-piece Parlor Suites**, settee, arm rocker, mahogany finish frames, spring seats and upholstered backs. Regular \$26.75. Furniture Sale ..... **21.60**

**Three-piece Parlor Suites**, plain spring seats and panel backs, mahogany finish, highly polished. Regular \$37.50. Sale ..... **26.90**

**Three-piece Parlor Suites**, frames made of solid red birch, finished mahogany, tufted panel backs and spring seats, settee, arm chair and arm rocker. Regular \$41.00. Sale ..... **33.60**

**Three-piece Parlor Suites**, plain spring seats with neatly tufted backs, solid red birch frames, finished mahogany, highly polished, arm chair, arm rocker and settee. Regular \$42.00. Sale ..... **34.90**

**Three-piece Parlor Suites**, neatly upholstered, with tufted backs and plain spring seats, covering of silk tapestry, arm chair, settee and arm rocker. Regular \$51.00. Sale ..... **39.00**

**Three-piece Parlor Suites**, a massive design, well made and well finished, arm chair, settee and arm rocker, deep spring seats, with tufted backs and covering of silk tapestry. Regular \$65.00. Sale ..... **48.90**

### Quilts, Sheets and Tablecloths—Three Great Bargains

(Second Floor.)

**LARGE WHITE QUILTS.** White English Damask Quilts, hemmed ready to use, 72 x 84 inches, for double beds, good designs and very serviceable. Only about 100 to clear Saturday, each ..... **.98**

**HEMMED BLEACHED SHEETS.** 200 pairs only, good sturdy English sheets, ready-made, 69 x 90 inches, for double beds. Saturday, per pair, only ..... **1.25**

### Saturday's China Includes Limoges Dinner Sets

AT LESS THAN HALF-PRICE.

**Three Dinner Sets in Genuine Limoges China**, Barnardand manufacture, crimson band and lace border design, solid coin gold handles, Kermis shape cups. Complete set of 102 pieces. Saturday, less than half-price ..... **72.00**

**Cut Glass Sugar and Cream Sets**, rich deep cut, flaring design. Saturday, pair ..... **1.98**

**900 pieces Art Pottery and Fancy China**, comprising Rubian art vases, Nippon vases, jardinières, chocolate pots, fruit bowls, Doulton rail and cake plates, tobacco jars, brush and comb trays, fern pots, etc. Saturday ..... **.75**

**STORE CLOSING AT 1 P.M. TO-MORROW**

The **SIMPSON** Company Limited

## 100 Men's Suits at Half-Price

Here are the particulars sent up from the departments:

**32 English and Scotch Tweeds**, brown and grey checks, \$18.50. Saturday, for ..... **9.25**

**40 Young Men's Fancy Worsteds**, browns and tans, in 2-buttoned single-breasted sack styles, \$18.00. Saturday ..... **9.00**

**28 English Fancy Worsteds**, medium weight, grey and blue grounds, with hairline stripe, \$20.00. Saturday ..... **10.00**

That division by 2 brings the cost to you down to less than cost from the manufacturer. There is no profit, but we want the room badly. The suits are beautifully tailored throughout, and at their original price represent splendid values. Saturday morning, half-price.

### More Saturday Bargains for Men and Boys

The inrush of new goods has forced the price of these two items down; the present figure provides you with what is commonly called "a snap."

**75 Paramatta Waterproof Coats**, double texture material, in a greenish fawn shade; both waterproof and dustproof; single-breasted, auto style; sizes 36 to 44. Saturday ..... **8.00**

**Boys' Russian and Sailor Blouse Suits**, made from English fancy worsteds, tweeds and Venetian cloths, medium and dark shades, single and double-breasted styles, with and without sailor collars; pants bloomer style; sizes for 2½ to 8 years. Regular \$5.00 to \$7.00. Saturday morning ..... **3.49**

### New Underwear and Sweater Coats For Men

The best sweater coat we've ever seen at the price will be put on sale Saturday morning at three dollars and eighty-nine cents. Only by buying in large quantities were we able to drop the price from five dollars—what you'd expect to pay. They have high storm collars and double knitted cuffs.

The new "Body-Guard" underwear is in pure natural wool, and all that good fall underwear should be. You cannot buy any better value at a dollar a garment.

### \$18 Bracelets for \$7.95

These Bracelets were made in England and were a special purchase. They are advertised for Saturday at so much below the regular prices, viz., \$12.00, \$15.00 and \$18.00, that the announcement should prove attractive. But a sight of the bracelets will be a further incentive to find equally attractive wists for them. The \$18.00 qualities predominate. You must see them to appreciate their beauty, but this description will give you some idea:

**6k Gold Bracelets**, real pearls and assorted colored stones. Many dainty designs, plain Roman oval style with three real sapphire settings.

**Four Clover Leaf Pattern**, 55 Real Pearls, single stone amethyst with spray of 23 real pearls, three amethyst with fancy scroll of 43 pearls, crescent and star of pearls with olive centre, 15 pearl bird design, sunburst and scroll of 30 pearls. Regular \$12.00, \$15.00 and \$18.00. Saturday, each, **7.95**

### Hats and Caps for Men (Main Floor.)

**400 Men's Soft Hats**, new fall shapes, sample lines, extra fine quality fur felt, colors brown, fawn, pearl, slate, steel and black. Regular prices \$2.00 and \$2.50. Saturday ..... **1.00**

**Men's and Boys' Golf Caps**, small, medium or large peaks, extra quality tweeds, serges and worsteds. Regular up to \$1.00. Saturday ..... **.45**

**Men's Stiff Hats**, English fur felt, up-to-date shapes; small, medium or large brims; fine quality trimmings. A Saturday special ..... **.95**

### Gloves and Hosiery (Main Floor.)

**Women's Lisle Thread Hose**, broken lines, embroidered silk fronts, black and opera shades; also fancy patterns. All sizes. Regular 35c and 50c. Saturday ..... **.29**

**Women's "Llama" Cashmere Hose**, fine soft black cashmere, English made, double spliced heel, toe and sole. All sizes. Saturday ..... **.29**

**Boys' and Girls' Ribbed Black Cashmere Hose**, all wool, sizes 5 to 7½. Regular 30c. Saturday, pair ..... **.19**

**Women's Silk Gloves**, broken lines, long and short, long, tan, cardinal; short, white and colors. Regular 75c and \$1.00. Saturday, pair ..... **.49**

**Girls' and Boys' Tan Cape Leather Gloves**, English made, pique sewn seams, dome fasteners. A perfect glove for street wear. All sizes up to 16 years. Regular 75c. Saturday, **.59**

**Men's Grey Suede Undressed Kid Gloves**, dome fasteners, neat point on back, a dressy street glove. All sizes, Regular \$1.00. Saturday ..... **.49**

**Men's Fancy Lisle Thread Socks**, stripes, checks and plain colors, sizes 9½ to 11. Regular 35c. Saturday, 2½ pairs ..... **.69**
