## RUSSIAN VICTORY SOUTH OF BUCHAREST AGREEMENT OF 1915 GIVES CONSTANTINOPE AND STRAITS TO RUSSIA To Reconstruct British Cabinet LLOYD GEORGE RESIGNS POST PRECIPITATES CABINET CRISIS

### Premier Treppoff Makes Formal Announcement of Agreement Made in 1915 by Which Russia's Right is Definitely Established.

London, Dec. 3.—An event surpassing in far-reaching importance the actual military operations of the war comes today in the public announcement by the new Russian premier, Alexandre Treppoff, that by an agreement concluded in 1915, and subsequently adhered to by Italy, the allies definitely established Russia's right to Constantinople and the straits. The existence of this agreement has been for a long time alleged, but never before was it thus publicly and formally admitted.

The semi-official news agency says that in the doctina today Premier Treppoff read a proclamation announcing officially that an agreement concluded by Russia, France and Great Britain in 1915, and later approved by Italy, "establishes in definite manner the right of Russia to the straits and Constantinople."

Premier Treppoff's announcement is quoted by the news agency as follows:

"For more than a thousand years Russia has been reaching southward for a free outlet on the open sea. This age-long dream, cherished in the hearts of the Russian people, is now ready for realization.

Turkey Sealed Doom.  
"From the beginning of the war, wishing to spare human lives and suffering, we and our allies did our utmost to restrain Turkey from mad participation in hostilities. Turkey refused formal assurances guaranteeing her, in exchange for neutrality, the integrity of her territory and independence, and also conferring on her certain privileges and advantages. These efforts were vain. Turkey surreptitiously attacked us and thus sealed her own doom.

"We then concluded an agreement with our allies which establishes in the most definite manner the right of Russia to the straits and Constantinople. Russians should know for what they are shedding blood, and, in accord with our allies, announcement of this agreement is made today from this tribune."

Absolute agreement on this point is firmly established among the allies, and there is no doubt that Russia has obtained sovereign possession of a free passage into the Mediterranean. Russia will grant freedom of navigation for the Roumanian flag, which now, not for the first time, floats in battle side by side with the flag of Russia.

Cannot Stop Russia.  
"It thought it my duty not to conceal from you the difficulties and sacrifices which we have still to endure in order to bring the present war to a victorious conclusion, but no difficulty and no sacrifice will stop Russia, and her brave allies on the path of reconstruction and consolidation. A bright future will be the heritage of all nations fighting for a just and holy cause.

"Our heroic troops and fleet are doing their great work without pause. The first task which falls on the rest of us is to devote all our strength and every hour of our time to organizing all the power of the nation and hurling it against the enemy. Nothing will resist that force."

"Remember that however cruel the enemy blows may be, the final victory is ours. It is surely approaching us. Let us march united to meet it."

Polish Policy.  
In his address to the doctina, as given out by the semi-official News Agency, Premier Treppoff made the following declaration concerning the Russian policy in regard to the Polish question:

"One part of the task before us is to reconquer and recover the Kingdom of Poland, temporarily detached by force of arms. But that is not enough. We must also wrest from our enemies territories, formerly Polish, beyond the old frontier. We will then reconstitute Poland, free within its ethnographic boundaries, but inseparably united with Russia."

Socialists Expelled.  
A Reuters dispatch from Petrograd says that when Premier Treppoff mounted the tribune in the doctina to read the government's statement, the parties of the extreme left began a hostile demonstration which prevented the premier from speaking for a quarter of an hour. Mr. Treppoff thrice appeared on the tribune, but each time left, owing to the turmoil.

In order to end the demonstration, the president of the doctina proposed the expulsion for eight sittings of 12 members of the Socialist and Labor parties, including the leaders, Tcheldin and Kerenski. This proposal was adopted and the premier was then able to deliver his speech.

Medical Stores "Scandal" Applies to One Hospital  
Canadian Associated Press Cable.  
London, Dec. 2.—We are informed irregularities recently revealed regarding Canadian medical stores apply to one hospital. These stores were property of auxiliary societies, not of a Canadian military organization. Only one court enquiry was found necessary.

### ITALIANS ADVANCE LINE IN FIGHTING ON CARSO Make Gain of More Than Three Hundred Yards on Front of Five-Eighths of Mile

Rome, Dec. 3.—Via London.—An advance of 300 metres on a front of one kilometre was made yesterday by Italian troops on the Carso Plateau, the war office announces.

"On the Trentino front there were artillery-duels in the Adige, Astico and Brenia Valleys," the statement says. "On the northern slopes of the Dosso Valley and on Monte Seluggio small encounters took place.

"On the Julian front the enemy's artillery was particularly active in the Plava area and in the region from a point east of Gorizia to the sea. Our batteries replied effectively and hindered movements behind the enemy's lines.

"On the Carso our troops straightened out their lines on a front of one kilometre, advancing 300 metres.

### FARMERS PREPARE PLATFORM FOR INDEPENDENT CANDIDATES Tariff Barriers to Trade With Motherland Must Be Removed and Many Articles Put on Free List.

By a Staff Reporter.  
Winnipeg, Man., Dec. 3.—The agitation which has been apparent among the western farmers for some time now for direct representation in the Dominion Parliament, was crystallized at a meeting of the Canadian council of agricultural producers held when a strong resolution was passed embodying the platform to be submitted for approval to provincial organizations in Ontario, Manitoba, Saskatchewan, and Alberta, and urging farmers to only support candidates who would stand for such a platform, and asking that the best possible representative farmers who will stand for that platform, be put up as candidates in every rural constituency. Further, the council went on record as being opposed to farmer organizations making any organized effort along political lines.

A special sub-committee was appointed to draft the platform in a clear and concise manner, and this will be sent out from the head office of the council in Winnipeg, on Tuesday, by R. McKenzie, secretary. Directors of the various grain growers' local organizations and companies represented on the council, will receive copies of the platform and will be asked to consider the best means of placing this before the farmers in their respective districts.

Free trade and free wheat will deal planks in the platform, which will deal with the tariff along the lines of the presentation made to the Dominion Government by the Canadian Council of Agriculture in 1913. These demands, which it is asserted, have not been given effect to, will be couched in strong and unmistakable terms, and will be more far-reaching than were the resolutions presented in 1913.

Large Membership.  
All organized farmers from Ontario to Alberta, aggregating well over 50,000 almost every one of whom possesses a vote, are represented on the Council of Agriculture. Those present at Saturday's meeting of council were, H. B. Cowan, and J. Hal-

### Premier Asquith Decides to Advise the King to Consent to Reconstruction of the Government, With View to Most Effective Prosecution of the War — Will Make Statement in House of Commons Today Regarding Crisis in the Government.

Special Cable to The Toronto World.  
London, Dec. 3.—David Lloyd George handed to Premier Asquith this afternoon his resignation as secretary for war. A few hours after news of this sudden turn had startled the country, it was officially announced that Premier Asquith had decided to advise the King to consent to the reconstruction of the government. This move, it was emphasized, was for the purpose of bringing about the most effective prosecution of the war. The statement read:

The prime minister, with a view to the most effective prosecution of the war, has decided to advise His Majesty the King to consent to the reconstruction of this government.

What will be the changes in the coalition cabinet is a matter of conjecture. It is quite impossible that both Lloyd George and Premier Asquith will retain their offices after the most critical upheaval in British politics since the beginning of the war. It is just as possible that the recent predictions that Premier Asquith would be replaced by Lloyd George will come true.

Asquith Makes Concession.  
It is generally believed that by his resignation Lloyd George has indicated his belief in the power of the opposition to defeat the premier. But Asquith has now stolen much of Lloyd George's thunder. The latter has constantly expressed his dissatisfaction with the conduct of the war. The premier, by announcing his determination to bring about "the most effective prosecution of the war," has made a big concession to Lloyd George and perhaps saved his own office.

Thru the day there have been many hurried consultations and meetings of party leaders at the premier's residence.

A Fierce Conflict.  
The conflict has become what amounts almost to a fight between representatives of the old governing classes of Great Britain and leaders of the new democracy. Lloyd George and his adherents declare the methods of their opponents in the present war council have been characterized by dilatoriness and indecision, and that the possibility of a decisive victory for Great Britain is now almost extinct. They contend further that their op-

ponents are old, outworn men, whose strength cannot deal with a crisis like the present.

Before tendering his resignation, Lloyd George suggested a compromise, but he must have known the impossibility of its acceptance, for it included the exclusion of Asquith and Balfour from the war council and the substitution for them of Sir Edward Carson.

General Dissatisfaction.  
The chief factor which has brought about the present situation is the general dissatisfaction which has been expressed by both ministerial and opposition newspapers, with the recent methods of the coalition in conducting Great Britain's share of the war. Altho the country has not departed in the slightest degree from its intention to fight the war to a final victory, no matter at what cost, it is an undisputed fact that a wave of depression has swept Great Britain. It has been felt she was putting forth only half her available effort. To remedy this condition is the desire of Lloyd George and his supporters.

Lloyd George undoubtedly holds the complete confidence of the country. His work in the munitions department and in the war office has made him indispensable in the eyes of his countrymen. If, after he and his followers leave the coalition, he carries out his declared intention of commencing a whirlwind spellbinding tour thru the principal cities demanding stronger policies in the conducting of the war, he will undoubtedly sweep the people before him, with the result that a general parliamentary election will unquestionably send him back to Westminster as prime minister.

Such a result, in any case, is believed to be only a question of time, but the best judges of the situation believe Asquith may force matters by resigning himself, together with his entire following.

Asquith has worked like a Trojan thruout the war. No other man probably could have kept the diverse elements of the coalition together.

## RUSSIANS DRIVE BACK FOE IN BATTLE FOR BUCHAREST

### BRITISH RESUME RAIDS ON GERMAN TRENCHES Other Infantry Fighting is Lacking on Western Front—Artillery Keeps Active.

Special Cable to The Toronto World.  
London, Dec. 3.—No important infantry actions have been fought on the western front in the past two days owing to the unpropitious weather. The operations today were marked by considerable artillery activity on the French front south of the Somme and by mine fighting in the Argonne. The British forces carried out a raid on the trenches of the enemy south of Fauquissart and eastward of Ypres last night. These took some prisoners and inflicted heavy casualties on the enemy. German artillery was active in the neighborhood of Les Boesias. Violent artillery fighting is reported last night south of the Somme. A trench raid of the enemy on British trenches north of Le Sars partially succeeded in his entering them, but the foe was at once ejected. A German long range gun fired several shots in the direction of Nancy.

### GREEGE GIVES UP GUNS AFTER FIGHT IN ATHENS

Special Cable to The Toronto World.  
London, Dec. 3.—A despatch from Athens says that according to Gen. Callaris, commander of the first Greek Army Corps, the following casualties resulted from the fighting in the streets of Athens between Greek and extreme troops:

Greeks—Killed, 3 officers and 26 soldiers; wounded, 5 officers, 45 soldiers, 4 machines and 7 civilians.

French—Killed, 2 officers and 45 men.

Italians—None.

The correspondent adds that Queen Sophie is personally superintending the care of the allied wounded.

### Czar's Forces Make Tremendous Effort to Assist Roumania—Win Important Successes; South of Capital.

London, Dec. 3.—While the fate of Bucharest is still hanging in the balance, comes the news that Russia, which has been accused "in some quarters of failing to render assistance to its sorely pressed ally, is making heroic efforts to turn the tide of events in Roumania, in addition to exerting vigorous pressure against Von Falkenhayn in Moldavia, where the Russians have gained a footing at Kirilbaba, and the battle is continuing with the utmost energy.

The new Russian effort is visible on the Danube, south of Bucharest, where newly arrived Russian troops are making an important attack on Field Marshal von Mackensen's rear, already, according to the Russian official report, with some success, 26 guns and a number of prisoners having been taken and the Germans and Bulgarians having been driven from Tzomana and Gostinari and compelled to retire. The Russians are also successfully applying pressure in Dobruja.

These Russian attacks on the two extreme flanks of the central forces, altho they may be too late to save Bucharest, may, if successfully prosecuted, change the complexion of the Roumanian campaign, as there is no indication as yet that the enveloping movement of the central powers has succeeded in cutting off any considerable portion of the Roumanian army. It was for the purpose of saving Bu-

The Nickel Scandal Continued Must End in Public Clamor

What is the most serious part of the nickel scandal? This, that Germany knows now, as she has known all along, that she owns and controls the nickel deposits of Canada by means of dummy shareholders in the States, and that Hon. Walter Nesbitt of Toronto, as the accredited agent of International Nickel, has been able to influence, if not direct, the nickel policy of every government in Canada...

Can anybody explain why Frank Cochrane, minister of railways, should be entrusted with the Dominion Government's policy in regard to nickel? Or what is the connection between nickel and railways? True, he comes from Sudbury, where the nickel mines are. And he has been in intimate relations with the International Nickel Co....

Was Frank Cochrane ever in favor of a smelting and refining plant in Canada? And if so, how was it that he suddenly changed his attitude and championed the International Nickel Co.?

And why was it that even when the war began nothing was done by our governments to control our nickel output; that anything that was done was done under pressure and only elicited resentment from Mr. Cochrane and Mr. Nesbitt?

And how is it that ever since Mr. Cochrane came into politics and Mr. Hearst into cabinet rank the International Nickel Co. has been allowed to evade the payment of its legal taxes to the Province of Ontario?

And who was it that put forward the proposition of a long-winded commission, named by the Government of Ontario, to stall off and delay a truly national and patriotic policy in nickel? Has Mr. Nesbitt been the mover of the fingers of the clock?

And who chloroformed the opposition in the Ontario Legislature? We mean Mr. N. W. Rowell and the papers that support him? Neither governments nor opposition have ever made a move.

And who framed up the suggestion that the responsibility for the nickel mispolicy of Ontario and Canada should be placed on the British Government?

And why is the British Government being so regularly implored to come to the relief of the Nesbitt policy here?

In England there has been repeated public clamor for a change in the policy of the government in regard to the war. Cabinet minister after cabinet minister, high official after high official, have been forced to retire!

Must there be a similar great public clamor here for changes in men and policy in regard to nickel? Will no one get out until the people rise? What forced out Haldane in England? A supposed German leaning!

Here is the unworthy situation of Canada in this war: Germany knows what Canada's sons, sent in great numbers to the battlefronts, are made of, and of them she now has a wholesome dread.

But Germany also knows that her agents made Canada's unpatriotic and unpatriotic nickel policy and are able to keep things in the same way, even in time of war; and that Wallace Nesbitt is still the duly accredited agent of International Nickel, with the freest entry into influential quarters, almost to the door of the council chambers!

Our soldiers are true; what shall we say of our public men? And Germany knows that Canada, unlike Australia, is still willing to allow things to remain in the same rut and to hide behind the government of the mother country!

And speaking of mothers, we wish to say to the Ottawa and Toronto Governments, that a day of clamor, directed by women, against their nickel policy, is near at hand!

Why does Mr. Cochrane refrain from taking the one step that will abate the growing scandal and make way for a radical departure on the lines of Australia in regard to zinc? Why does he longer jeopardize the future of the party that made the national policy and was long the champion of duty to the motherland. He is wrecking a great historic party as well as a government!

**Madeira Hand-embroidered Linen Centre-pieces**, exquisitely worked in eyellet designs with scalloped edges; size 22 x 22 inches. Each, \$1.00. —Second Floor, James St.

**J. Have you considered the possibilities of a chintz-cushioned wicker chair? In sunroom, bedroom or living-room it might well find a much-appreciated place. And that sketched below should have a special appeal not only by reason of the aesthetic shade of the brown willow frame and the comfortable shape, but because of the handsome design of the cheery rose, green and brown shadowed chintz on the tufted cushions. The price is \$11.50. —Furniture Building, Cor. James and Albert Sts.**

**A. Just a little different from ordinary brass jardinières is this above with its classically symmetrical proportions and simplicity of design. The pierced band border at the top and the lion's head and ring handles also add to the classic effect. It is made of bright finished brass, and is priced at \$4.00. —Basement.**

**K. Comfort, strength and artistic appearance—the three requisites of a really good chair—are all most happily combined in that which is drawn below. Made of that pretty, durable brown rattan, it has a specially deep seat and a back that seems just the right height, while the padded back and the loose cushion of the seat are covered with a charming printed linen—a harmony in orange, brown and tan, with a hint of rose, a somewhat Futurist color scheme, though a naturalistic rose design. Price, \$13.50. —Furniture Building, Cor. James and Albert Sts.**

**L. The vogue for pretty little work tables is as prevalent nowadays as in the far-off times when Queen Mary made them fashionable. And who that practises the craft of the needle wouldn't revel in the possession of a dear little "William and Mary" table like this? Made of mahogany, with cup and ball turned legs, antique finished brass drop handles on its two drawers, and having those convenient flap ends, it is \$16.00. —Furniture Building, Cor. James and Albert Sts.**

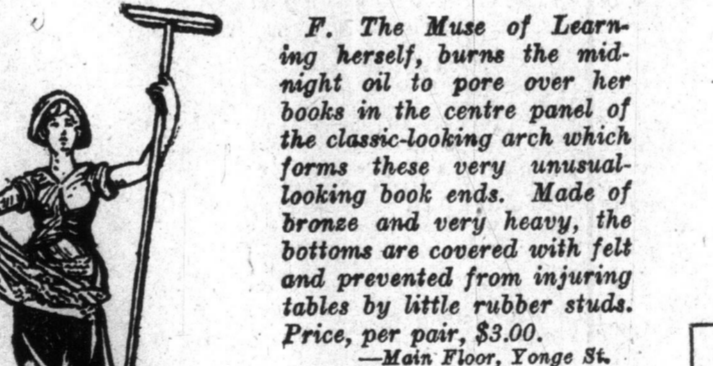

**B. Here is a "curate" that will rejoice the heart of the woman who has suffered nervous shocks from the sudden upheavals caused by cake stands that are unsteady on their feet! Made of bright brass in the simplest possible design, it is so well constructed and so perfectly balanced that it is quite difficult to overturn. The plates that accompany it are easily inserted and fit into brass rings. They may be obtained in various makes, those sketched being Royal Doulton, in a green, Sheraton, medallion and wreath design. The price is \$9.50. —Main Floor, Yonge St.**

**D and E. Those who through force of circumstances or from choice go to bed by candlelight might well appreciate one of these "art nouveau" candlesticks. Their simple design is most highly recommended by the fact that it is so easily kept clean, and the trays avoid being cumbersome though they are just big enough to catch the grease. D is in bright finish, E with a lower stand and larger tray in dull finished brass, and each is \$1.75. —Main Floor, Yonge St.**

**F. The Muse of Learning herself, burns the midnight oil to pore over her books in the centre panel of the classic-looking arch which forms these very unusual-looking book ends. Made of bronze and very heavy, the bottoms are covered with felt and prevented from injuring tables by little rubber studs. Price, per pair, \$3.00. —Main Floor, Yonge St.**

**C. "Faneuse" (hay-maker), a clever bronze copy of a statuette by Guillemin, is one of a number of figures. It shows a French peasant girl with a pretty, youthful face, but its chief charm lies in the swing and movement of the graceful pose. It is mounted on a wooden base, the price being \$3.00. —Basement.**

**If you've despaired of finding a "grandfather" with the stateliness that is essential in such a clock, but of proportions that will not incommode a small hallway, stairway, or even a dining-room, behold it here—in this clock of simple Gothic design, just over 6 feet high and 22 inches wide. The sides are absolutely plain, but above the engraved silver dial, with its curiously shaped hands, the mahogany top is carved in Gothic design. It strikes the Westminster chimes every quarter hour. The price is most moderate at \$250.00. —Main Floor, Yonge St.**

**Chippendale in its simplest, most dignified form is the mahogany clock above—as attractive a grandfather clock as you'd wish to find, ringing out the lovely Westminster chimes every quarter hour on nickelled tubes, which, with the heavy brass weights, may be seen through the glass door. The silver dial is beautifully engraved, has raised numerals in black enamel, and the arched calendar at the top shows the lunar month, the phases of the moon and the hemispheres. This is extremely good value at \$285.00.**

In the Fifth Floor Christmas Bazaar is a Veritable Harvest of Attractive Gifts

Here also is located the great Wishing Well, into which Puss-in-Boots or Teddy Bear drops a bucket and winds it up again. Every time he brings up a surprise parcel, for which you pay 25c.

**Santa Claus in Toyland**  
He will be found there from 9 to 11 a.m. and 2 to 4 p.m.  
In case of any information or adjustment regarding Toys, whether non-delivery, breakages on delivery, etc., telephone, write or report to  
**Toyland Adjusting Bureau**  
—Furniture Bldg., James and Albert Sts.

**O. If you're seeking a Christmas present of uncommon distinction, and practical value, consider well this walnut writing table. After a Chippendale design, with the typical fret-work corners at the junction of legs and top, the effective Chinese moulding and beading on straight legs and drawers, and Chinese antique brass handles, it is immensely decorative, and the letter racks and narrow shelf at the back give it additional charm. It is splendidly constructed, is 40 inches across, and is very moderately priced at \$80.00. —Basement.**

#### The Shopping Service Will Assist You With Your Christmas Shopping

If you find any difficulty in choosing your gifts, write to the Shopping Service, and one of the staff of trained shoppers, who are conversant with all the resources of the Store, will offer suggestions, and, if you desire, will make the purchases for you. If you live in town and cannot come to the Store yourself, call the Shopping Service, Main 3501.

**M. It may be more blessed to give than to receive, but there's a solid satisfaction in receiving a chair that is as thoroughly comfortable and has as attractive an appearance as the arm chair below. Its deep spring seat and back and its roll arms are well upholstered, and, being made in our own workrooms, it is very moderately priced. Covered in green denim it is \$22.50, in a handsome floral tapestry showing a design of roses and hydrangeas in dull rose amid green leaves on a brownish ground, is \$34.00.**

**N. A "Windsor" chair of mahogany has a very sure appeal for the artistic, and this is a fac-simile of the famous chair in a shepherd's cottage which so captivated the imagination of George III. that he had it copied for the great Royal Castle of Windsor. It is surprisingly comfortable, with its bent back, and is such a desirable possession, having a myriad uses—before a writing table, for sewing, etc. The price is most moderate, being \$5.50, and a rocking chair in similar design is the same amount. —Furniture Building, James and Albert Sts.**

MONDAY MORNING, DEC. 4.

"Send in His Name."

A return of 600 names to the appeal of the Q. O. R. indicates the initial success of the recruiting campaign started on this new plan. As it becomes understood it should not be long before the name of every eligible man in Toronto or its vicinity is on the list...

All the more necessary then is it that all who can assist in the simple plan of "send in his name." We have had many letters in the past two years suggesting that such a one and such another should be in khaki. Now is the time to send in the names of all such to the recruiting staff of the 25th Battalion.

It is believed that this new campaign for recruits will have a greater success than any that has been planned since the early days of the war. The indignation of those who have already made the greatest sacrifices, and who see around them thousands without the slightest thought of sacrifice, is naturally very great.

No one need be alarmed that any incivility or discourtesy will be shown in carrying out the plan outlined. The appeal is a perfectly legitimate one, and will be made by men especially trained for the purpose, and to each man approached by one of his own class.

It is highly satisfactory to find opinion in the United States definitely and clearly crystallizing itself in this way. We are gratified to find also that The Times has adopted as its policy the idea which we have frequently expressed to be easily and swiftly achieved.

We are surprised to find The Times asking, however, that the entente allies should suggest this to the people of

Germany. Have they ever ceased to suggest it? Is not this policy implicit in all we say or do? Did not all the pro-German movements in Britain before the war have this idea as chief inspiration?

"Would it be impossible," asks The Times, "for our brethren in England to make it known within the Kaiser's dominion that their quarrel is with the Prussian hydra, not with the German people?" It is the one idea above all others that has been presented to the Germans, but they prefer to "Hooh der Kaiser" to getting rid of him as an anachronistic incubus.

A. E. AMES ON ELECTION AND COALITION GOVERNMENT.

Editor World: Having done something to do with arranging and having spoken at a meeting held in April, 1915, to protest against a federal election, I wish to place myself on record now, when the question is evidently again becoming acute.

My friend, Prof. Wrong, has written an admirable letter to the papers, and with his plea for the sinking of partisanship in this crisis, and the formation, without election, of a government which shall typify the nation and not a party.

My friend, Mr. P. C. Larkin, has also written an admirable letter, in which, referring to Prof. Wrong's letter, he writes that "it differs radically from the one when he advocates parliament in Canada again extending its own life." I agree with both. Mr. Larkin surely is right when he says that the precedent which has already been set of prolonging the life of the government without a mandate from the people is most dangerous.

High praise for the manner in which the members of the 124th Toronto Highlanders Battalion have conducted themselves while completing their training in England is given in a letter just received by Lieut.-Col. Duncan Donald, who commanded the unit in Toronto and Camp Borden, but overseas with his unit.

My own creed is: That an election would be regrettable under any circumstances, the blame for it to attach to the party making it necessary. Party strife, "jockeying for position," and wanton charges of disloyalty in Canada are playing the Kaiser's game.

"Without any exception the entire battalion is one that you are quite justified in reflecting great credit upon their old commanding officer. During their entire stay in Bramshott Camp, neither I nor any member of my staff have had occasion to even so much as rebuke any member of the 124th; their conduct has been exemplary and it has been indeed a pleasure to find such a unit quartered in our midst."

RUSSIA IS BOUND TO FIGHT TO END

Trepoff Declares Nothing Can Change the Nation's Determination.

USE ALL RESOURCES

Russia and Allies Prepared to Mobilize to the Last Man.

London, Dec. 3.—Alexander Trepoff, the new premier, at the opening of the douma in Petrograd yesterday, says a Reuter despatch from the Russian capital, reiterated Russia's determination to prosecute the war until victory is attained.

"More than once it has been declared from this place that there never will be a premature or separate peace," the despatch reports the new premier as saying. "Nothing can change this resolution. The whole world must know once more that whatever differences and whatever temporary checks are encountered, Russia and her valiant allies will mobilize to the last man and will sacrifice all their patrimony."

To Decisive End. "But the war will be carried on to a decisive end until the German yoke and German violence have disappeared forever. The power of the enemy is slackening and the hour of the desired retribution approaches even more rapidly."

Nevertheless immense efforts will be required to definitely break the resistance of the enemy, who is using all his strength against us. The resources of Russia are inexhaustible, but the harmonious and close co-operation of the whole population for the use of these resources is a necessary accomplishment to the desired end, namely, the overthrow of our enemies."

Liquor Importations. Drop of Nearly Hundred Thousand Dollars in Year.

Special to The Toronto World. Ottawa, Dec. 3.—Despatches to the trade and commerce department from Australia, show that the price of the built million tons of wheat, which the British Government purchased in the commonwealth has not been disclosed, but that it is probably 40 cents per bushel.

The terms of sale relieve the Australian Government of the obligation to provide tonnage for the transportation of the wheat before proceeding to England. The amount involved in the transaction is slightly less than \$20,000,000.

TWENTY-NINE WOUNDED

Two Reported Missing, Lost Man Found and One Goes to Hospital.

Toronto names total forty-two in the latest casualty lists. Six soldiers are reported to have been killed in action, three to have died of wounds, two missing, one reported missing has been found, one has been admitted to hospital and twenty-nine are reported wounded.

Word has been received that Lieut. E. T. Leslie, reported wounded last week, has died of wounds. He had only been a very short time at the front, having left Toronto last August with the first draft of officers from Camp Borden. His parents live near Georgetown. He was a member of the 20th Halton Rifles.

Lance-Corp. Geo. Thomas Pellow is reported "missing since November 19, and believed killed." He is 31 years of age, was born in Toronto and by profession a chartered accountant with A. C. Neff & Co. He was a gold medalist. He enlisted with the Cyclist Corps but was drafted to a battalion at the front. His mother and sister live at 20 Bain avenue.

Corp. J. R. Lambie, reported killed in action, leaves a wife and three children to mourn him. They live at 186 Galt avenue. Prior to enlisting Corp. Lambie was employed at the Grant Contracting Co. as a cement finisher.

Corp. J. Brokenshire, reported killed in action, was the youngest son of Mrs. J. Brokenshire, 75 Galley avenue. A brother is with the 29th Battalion at Exhibition camp. Corp. Brokenshire enlisted with a Lindsay Battalion and was several months in Bermuda before proceeding to England. Pte. D. M. Seaborn, killed in action

CHRISTMAS CHEER

THERE is no season of the year when the pleasures of the table are so much to the front. And this, the first Christmas in Ontario under prohibition, finds us with beers to meet the new conditions, while retaining all the old-time excellency of flavor and purity in the table beverages.

As a matter of fact, you can hardly tell the difference between the old O'Keefe brews and

O'Keefe's IMPERIAL ALE LAGER STOUT. Drink all you wish of these tonic beverages. Always have a case in the house. And if you have never tried IMPERIAL, it will be a welcome Christmas surprise to open a bottle and sample the cheery contents.

Brewed exclusively from best Canadian Barley Malt and Hops. Rest assured of the absolute purity of Imperial Ale, Stout and Lager. They uphold in every particular the O'Keefe name for brews brewed exclusively from Malt, Hops and Filtered Water.—HERE'S TO A MERRY CHRISTMAS!

Conservatism Displayed by Ontario Hockey Association

Six Man Proposal Lost by Large Majority—Fair Body Checking Will Still Be Considered Legal.

The 27th annual meeting of the Ontario Hockey Association was held in the Temple Building on Saturday morning, with delegates present from all parts of the province. The business of the meeting was handled with ability and despatch under the chairmanship of Sheriff Paxton of Whitby, the first vice-president, who presided in the absence of the president, Capt. Jas. T. Sutherland, who is at present overseas as quartermaster of the 1st Canadian Training Division.

The present O.H.A. rules meet with the approval of the competing teams was evident by the hesitancy which was shown when proposed amendments to the rules of play came up for consideration. J. Ross Robertson pointed out, when amendments to the constitution were before the meeting, that many of the amendments that were proposed by him were brought up by the sub-committee in order that they might be discussed by the delegates at the meeting, and the committee were not bound to then or necessarily in favor of them. The present rules were not changed in any way except that the words "charging" were changed to "body checking" in order to conform with instructions to the referees regarding charging of body-checking a man into the boards. A clause was inserted to conform with recent rulings of the matter. The proposal to permit a defence man taking the puck on a pass or rebound from the goalkeeper within 20 feet of the goal instead of the present 10 feet was defeated, as was the proposal to play six-man hockey on rinks of less than standard size.

The delegates present were: Sergt. H. Kingcott, 25th, Belleville; Major G. R. Rodgers, 17th, Barrie; J. J. Brown, St. Catharines; Brantford, 21st Battalion; A. G. Davis, Brantford; J. W. Hynds, Bowmanville; Thos. J. Dawson, Hamilton; A. Carlske, Collingwood; J. Mac Shiel, Toronto; Lieut. H. L. Elton, 24th Battalion; Lieut. G. E. Brown, St. Walker, Paris; Lieut. F. J. Hayes, 24th Battalion; Peterboro; H. Dault, Fort Colborne; D. E. Gibbon, Sarnia; J. Colborne; Ellis, Sarnia; J. H. Rodgers, 1st St. John's; Lieut. G. E. Brown, St. Thomas; Geo. O'Donoghue, Toronto St. Patrick's; Wm. Marsden, Aura Lee, Toronto; F. J. O'Connell, Sarnia; J. F. Yull, St. Andrews; F. J. Walsh, St. Paul; John Degruchy, T.R. & A.A.; E. Dorr, Riverview; Lieut. G. E. Brown, 22nd Battalion; D. J. Gray, University School; W. F. Ferguson, High School Association; R. Ferguson, Hamilton; Sergt. R. A. McKinnon, H. B. Wettlaufer, Brantford; Wm. Cook, Kingston Juniors; Sergt. T. Gregory, Kingston Artillery; E. Brand, London; Lieut. G. E. Brown, St. Frank Selke, 11th Battalion; E. A. Doyle, 17th, Newmarket; Lieut. H. F. Hanan, 17th, Niagara Falls.

In accordance with the procedure of other provincial hockey associations there was no annual election of officers. The officials of last year continuing in office. These are: President, J. Dawson; Past president, Charles Farquharson; Stratford; president, Jas. T. Sutherland (overseas); life members, J. Dawson, sub-committee, J. Ross Robertson; first vice-president, Sheriff Paxton; second vice-president, J. F. Faxon; Glover, Peterboro; A.A.V. of C. governor, Francis Nelson; treasurer, Wright, Peterboro; secretary, W. Hewitt; elected executive committee, A. E. Copeland, Midland; J. J. Brown, Sarnia; Frank Hyde, Woodstock; C. L. McNab, Orillia.

The president's address, which was read by Sheriff Paxton, was as follows: To the officers and members of the Ontario Hockey Association. Gentlemen—The annual meeting of the president of the Ontario Hockey Association has in the past been usually presented by the incoming president. This year the opportunity of meeting the delegates from the numerous O.H.A. districts and submitting my address personally will for obvious reasons be denied me.

Only Goal of Replayed Cup Tie at Varsity Stadium Scored in the First Half.

At Varsity Stadium on Saturday, Ulster beat Overseas-Hearts, 1 to 0, in the replayed second round Bruden Cup game. Ideal weather conditions prevailed when the teams lined up under Referee Johnson, as follows: Ulster (1)—Williams, Burdett, Allen, Carby, Carroll, Adgey, W. Forsythe, Long, Dobson, G. Forsythe, Campbell, Overseas-Hearts (0)—Kinsley, Robinson, Armstrong, Valentine, Galbraith, Buchanan, W. Whiting.

A fair crowd was on hand when Dobson kicked off for Ulster. Overseas pressed immediately but Armstrong shot behind when well placed. A corner to Overseas was finely placed by Wilding and Carroll shot and was blocked by Burdett. Ulster now had the ball and Allan cleared. Ulster now had the ball and Allan cleared. Excelsiors Are Junior City Rugby Champions. Excelsiors won the junior city rugby championship on Saturday afternoon at Tottenham Hotspur. The winners played their opponents steadily and kept their lead throughout the game. Excelsiors scored 4-0 at the end of the first quarter, 3-2 at the end of the second and 12-2 at three-quarter time. Excelsiors secured three points in the first quarter, two being lost through miffing on the part of Arlington's halves, which put the winners in a position to kick over at the deadline. Burbridge kicked for two of the corners and Ryder for the other.

THE HARVESTER GAINS IN FAME AS GREAT SIRE

His Record Beaten by Lee Axworthy, He Leads All Stallions in the Stud.

New York, Dec. 3.—White The Harvester lost his crown as the fastest stallion of the trotting turf to Lee Axworthy the past season, the great son of Walnut Hall being named as the fastest stallion in the ball of fame down at the Currier Neck Farm...

Last year the youngsters by The Harvester something over 30 in number, brought an average of \$224, and this was not as high for weanlings, particularly as The Harvester had yet to sire anything...

The Harvester himself was a star in the auction ring at the Garden, when he was an untamed, wild, and headstrong colt...

That same season The Harvester, in the hands of the veteran Pop Geers, won three futurities without losing a heat, making a record of 2.08 1/2.

Of the stallion champions previous to Palo Alto, only George Wilkes and his two grandsons, Axial and Abington, are mentioned as really great sires.

### KING VISITS HIS CONQUERING ARMY

Told of British Advance While German Shell Fire Rages.

### SEEN IN LATEST FILM

Represent Fitting Sequel to "Battle of the Somme" Pictures.

A series of official motion pictures entitled "The King Visits His Forces in the Great Advance," representing a fitting sequel to the "Battle of the Somme" films have arrived in Canada and were approved by the Ontario Board of Censors recently, to be released in Toronto in the near future. The film, which was taken under the direction of the war office, by the British tropical committee for war films, is 2,500 feet long, requiring three quarters of an hour for presentation. Like the Somme pictures, the film is of historic interest and will in all probability arouse as much if not more attention from Toronto theatregoers.

King George's tour of the battlefield lasted five days and the thirty-two incidents, each of which have been photographed in a most dramatic and spectacularly vivid impression of what his majesty saw and did during his inspection and journey. Motion picture experts declare this film to be the greatest success yet produced. Everything is clear and distinct and gripping.

When it was presented in the private view to members of the Ontario censor board, each was intensely interested and heartily endorsed its exhibition in Toronto. The members of the board saw many pictures during a year, but it is doubtful if any has proven as interesting to them as the most recent war film release.

Historic Meeting. King George throned the pictures is seen in the most natural and easy positions, and the good humor and characterized him is faithfully portrayed. At the historic meeting of His Majesty, President Poincare of France and Gen. Joffre, commander-in-chief of French forces; Gen. Sir Douglas Haig, commander of the British forces, and other officers, the king is seen to be evidently enjoying a good joke, for he is laughing unrestrainedly. There is naturalness about all the scenes and the cheerfulness of the soldiers becomes almost infectious.

The picture opens with the arrival of the King in France, his reception by the representatives of the French army, the inspection of the guard of honor and the visit to headquarters, where he is met by the Prince of Wales, who salutes his father with a kiss. Then follows the important conference at Gen. Joffre's house, the arrival of Lloyd George, British minister of war, and later on his majesty, after visiting the wounded at a clearing station, receives a hearty welcome from the Australian, New Zealand and Canadian troops, who are seen vociferously cheering him.

The visit to the Belgian headquarters where King Albert and his queen, with their two sons offer a warm welcome, is pleasing in the extreme and the "au revoir" is most touching. Story of Advance. The second part of the film consists of a tour of the battlefield at Fricourt and Mametz, where his majesty hears an explanation of how the advance was made by the army commander. While the king is being inspected, German shell fire is going on and the bursting of explosives in the air can be seen in the distance. The ground is rough and is covered by shell explosions and there is scarcely a trace of vegetation. Hugo craters are also shown and the king, who went into one of these, had to be helped up his steep rugged side by an officer.

Through a field-glass and a telescope supported on the branch of a tree sheltered by shell fire, the king watches the bombardment of Pozieres and in the distance the German shells can be seen bursting over the village. Other incidents on the battlefield are equally interesting and when the king quits the scene he is cheered by a contingent of his army. The passage home, the ship being escorted by destroyers, a most interesting feature of the film was shown. The king himself was shown the film and was vastly delighted. A private exhibition was held in Windsor Castle, at which her majesty and the royal household were present. Those who go to see this picture will see what the king has seen, and how he has been carefully edited and "dolled down" to 2500 feet, enough to give spectators an intensely interesting three-quarters of an hour. As a companion picture to the "Battle of the Somme" film, it could not be more fitting.

### HISTORY OF ANTHEM VERSE

At St. Paul's Church last night Ven. Archdeacon Cody struck a deeply patriotic note in his sermon on the "National Anthem." He gave the origin and history of the second verse, which had been left out of the original hymn. He saw no reason for this and personally could utter a prayer after each word in the verse, which has caused considerable discussion and comment in religious circles.

### QUEEN'S OWN RALLY

Audience Enthused by Addresses at "Wake Up Canada" Meeting.

The "Wake Up Canada" meeting with which the 25th Queen's Own Rifles Overseas Battalion inaugurated its recruiting campaign in Massey Hall last night was attended by over 2000 people who were enthused by the deeply patriotic addresses of Major-General Logie, Lieut.-Col. Geo. C. Royce, Justice Riddell and Archdeacon Cody, under the chairmanship of the lieutenant-governor, Sir John Hendry.

The lieutenant-governor said that in raising the new battalion, the help of many thousands of Toronto's citizens was needed in order to get the unit equipped. Lieut.-Col. Royce said that on Nov. 22, the order had been issued for the raising of the battalion of 1117 men and officers. It was a very difficult matter to do so at the present time and it was felt that the only way was to secure the assistance of every man and woman in the city. Thru the press they had been asked for the name of every man that was thought to be eligible for overseas service.

If the plan was a success, it would not only benefit the 25th Battalion, but the services generally. The casualties were ahead of the enlistment and there were thousands of men in Toronto of eligible age and fitness. The new unit wanted everyone to turn himself or herself into a recruiting officer and fill in the cards that the battalion distributed with the names and addresses of men eligible for service.

Time for Support. Major-General Logie said that except in one or two instances he had not previously addressed recruiting meetings in Toronto, but felt that the time had come for him to add any weight he could to recruiting appeals. It was not necessary for him to say anything about the Q.O.R., which had given some of the finest officers that Canada had produced, including Gen. Otter, who, in his opinion, was the greatest of any co-ordination in the Canadian forces. When the battalion was recruiting he felt that every old Q.O.R. man and every connection of a Q.O.R. man should assist.

Recruiting had come to the place where pressure was necessary but the pressure would in many cases be well warranted. There was a large number of unmarried eligible men in Toronto who might enlist under this mild system of compulsion. He paid a tribute to General Mercer and the Q.O.R. men at the front. General Logie said he relied upon the regiment's connection and he believed that Colonel Royce would not be disappointed.

If the last resort, compulsion by law, was to be avoided, the method of the opinion of Justice Riddell, who said that there were at least 10,000 eligible young men in Toronto. He names should be sent in. The young man who did not put on a khaki uniform at this time was facing a life of remorse, bitterness and shame. No man could be in a position to judge the merits of the Q.O.R. men at the front. The Q.O.R. men at the front were wholly cowards and self-centred, and if the better nature of a man could not be reached his name should be known so that he might be held as he deserved.

Approved Compulsion. "If you think what is in your mind," he said, "your idea is that the government ought to take this thing with a strong hand and force these men to enlist. This statement was received with deafening applause."

Canada was attacked now, and it was only the British fleet that prevented invasion. Should the fleet ever be broken it would forever be too late to aid Canada, the empire and the world.

In a strong appeal Ven. Archdeacon Cody, hon. chaplain of the Q. O. R., said that this was the last kind of recruiting attempt that would be made before more direct government pressure was applied. People were too ready to cheer at the mention of victory, but they were not at hand. Every prophecy of victory carried the condition that the full force of the empire had to be exerted. It must not be forgotten that the enemy had all the resources of science and wonderful powers of organization at his disposal and no moral consideration. A draw could not be afforded by the empire or the world.

There were many that could go if they would, but he did not know what power short of the state could induce them to go if public opinion failed. The meeting, he said, was no ordinary one, but was connected with the greatest of all crusades.

### FINE POULTRY SHOWING AT THE PROVINCIAL FAIR

Judging of Birds Practically Concluded—Tomdorden Man Wins Prizes. Guelph, Ont., Dec. 2.—The judging of poultry at the Ontario Provincial Winter Fair was practically completed tonight, although there are a few of the smaller classes and some specialties yet to be judged. Some remarkable winners were made in a few of the large classes. Sid Saunders of Ingersoll, Ontario, made a clean sweep in the White Wyandottes, capturing all the silver cups and the special ribbons. He had a fine string of birds on exhibition, and his notable victory of two years ago was repeated. In the class for Banded Plymouth Rocks, John Deagle of London won the Nash trophy for the best collection and the special for best cock, cockerel, hen and pullet. William Moore of the Long Point special for the best colored bird in the Buff Banded Rocks, while G. H. Findley of Brampton cleaned up in the Partridge Plymouth Rocks. In the Black Minorcas, Martin Schiel of Waterloo carried off all the special, while in the C. C. Black Minorcas, T. A. Pauls of London got a special for the best cockerel and R. E. Skirrow of Tomdorden specials for the best cock and best hen. Mr. Skirrow also got the silver cup for the best three cockerels and best three pullets.

### MUNITION PARTY LEAVES TORONTO

Batch of Fifteen Women Lent By Government Bureau to St. Catharines.

### FIRST WEEK'S TOTALS

Hundred and Thirty-Four Apply for Work—Fifty Vacancies.

The first batch of women sent out by the government's free employment bureau from Toronto to work in a munition factory outside the city will leave today for St. Catharines. There will be 15 in the party.

Interesting figures as to the registration of women for munitions during the first week in which the bureau on Bay street was open were published by Dr. W. A. Riddell, superintendent of the trades and labor branch, on Saturday. They show that 374 women applied for this work. Of these the majority, 164, were married. Single applicants numbered 153, widows 51, and deserted women 6.

While rush orders for women are beginning to come in, one important one arriving late on Saturday morning, there are not more than 50 applications from manufacturers for help of this kind.

The statement issued by Dr. Riddell shows that the majority of the applicants are in their thirties. One woman who applied was over sixty. The age limit figures are: Teens, 28; twenties, 17; thirties, 124; forties, 68; fifties, 13; and sixties, 1.

A fair proportion of those who have "just been at home" is tabulated, showing that a great many women who have no very urgent necessity of going to work if the wages offered are any inducement, at all are willing to take up the work from a purely patriotic standpoint. It is believed that this number could be augmented very considerably by a strong appeal on the basis of service.

The other figures supplied by the superintendent are: People to work in factories, 158; already in munitions factories, 55; just been at home, 59; house workers, 41; shops, 23; professional women of different kinds, nurses and teachers, 19; officials willing to go out of town, 52; will go out of town, but prefer to be in Toronto, 21; government inspectors, 28; ratrons, 10.

### DAIRY TEST PROVES GREAT ATTRACTION

Jersey Cows Standing the Trial Best at Guelph Winter Fair.

Guelph, Dec. 3.—Never in the history of the Ontario Provincial Winter Fair has there been the same interest manifested in the dairy test as this year. There have been more entries at other shows, but this year's fair will eclipse all in the keenness of the competition. There are 75 cows in the contest, which has been progressing since Thursday night, and which closed at 9 o'clock tonight. One of the features many Jersey men and women are proud of is the presence of so many Jersey men and women at the back-ground, while the Holstein and Ayrshire dairies have been carrying off most of the prizes. Some of the Jerseys have been giving between 65 and 70 pounds of milk per day, and those dairies are in a position to judge the opinion that the Jersey cow is the best of the breed. The results at the test, which is being worked out until Tuesday forenoon.

All of the stock entered for the winter fair is not comfortably quartered in the buildings. Owing to poor railway service, stock which should have reached Guelph not later than Saturday at noon did not get here until early Sunday morning, and it was necessary to extend the time. As a result some of the animals were sick thru confinement in the cars. There is considerable dissatisfaction regarding the service.

The exhibit of beef cattle this year is the finest ever seen. As usual, the list of over 800. All the famous breeds of the popular breeds are on hand with large numbers, and the judges will have their troubles in selecting the winners. In view of the fact that the feed is so dear this year, and also so scarce, the exhibit is a most creditable one. Such breeders as James Leckie & Sons, Seagrave; John Watt, Elora; Selk, Stewart and James Bowman of Guelph, have entries. There are some handsome 2-year-old fat steers in this competition.

Many Heavy Horses. The accommodation for horses is completely taken up. As usual, the heavy horses predominate, such as the Clydesdale, the Percheron and the heavy draught, but there are more light horses than usual. The Hackney is the popular ring horse of the show and there are more of them this year than usual. The swine and sheep classes are well filled, especially the latter, of which there is a record entry, owing to lack of room and for other reasons the lectures, which have always attracted a great deal of interest among the farmers, have been eliminated this year. There is considerable dissatisfaction in some quarters because of this action on the part of the organizers, but the lectures are the educational feature of the fair, and were attended by farmers from all parts of the province. In their place a new experiment is being tried out. Luncheons are being held at noon at the Royal Canadian Cafe, and at these luncheons special speakers will deliver addresses, such as Dr. Creelman, O.A.C.; Hon. Duncan Marshall, minister of agriculture for Alberta; Prof. George E. Day of the University of Toronto and others. Invitations are being sent out to these luncheons and they will be attended by the various breeders only. There will be demonstrations of various kinds during the week with poultry, eggs, cattle, etc., all under the supervision of the live stock branch of the department of agriculture.

Col. Frazer introduced the subject of losses to buildings by fire caused by railways. It was pointed out that in case of such fires the railways insisted that, when buildings were insured, the insurance company pay the loss to the full extent of the amount covered by the policy, and the railways refused to become responsible for loss either to the owner or to the insurance company.

This question was referred to the executive committee to inquire into.

### IS YOUR TROUBLE Dyspepsia?

Don't let it spoil your life. Don't let it ruin your chances.

Consider This. Dyspepsia means that your stomach has lost tone and cannot properly deal with food. If you take digestives such as pepsin, you don't help your stomach; you only enable it to shirk its work. It will go on shirking. Stimulants on the other hand, whip up the digestive organs and end by exhausting them. You can't cure yourself that way.

Real cure consists in strengthening the digestive organs, and that you do when you take Dr. Cassell's Tablets. These Tablets (the most popular of all British remedies) restore the digestive organs by increasing the vital force of the system. Their power to increase vitality is phenomenal. That is why they are so sure, not only in dyspepsia but in all run-down conditions. Try them and see. You will be astounded at their efficacy.

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-spasmodic, and the recognised remedy for indigestion, flatulence, headache, nervousness, nervous breakdown, neurasthenia, anæmia, malnutrition, dyspepsia, palpitation, kidney trouble, brain fag.

INSPIRATION GOLD.

H. B. Willis, in his weekly market letter, says on Inspiration: "As the diamond search continues their course downward in search of the extension of the known world, the gold mines in the Inspiration Gold continue to be in the hands of the most productive strikes yet made in the Inspiration section of Porcupine in the basaltic schist rock, and as soon as the miners learned that the diamond drill cores, at a depth of 175 to 225 feet, showed intrusions of the basaltic schist, they were confident that the all hesitation was cast aside and heavy buying followed."
