LABOR MAN FINDS MANY FAULTS WITH BRITISH GOVERNMENT

M. M. MacBride Questions Premier's Sincerity and Criticizes Actions.

The government was put on the defensive in the legislature yesterday, and instead of the usual verbal bouquets which it has been handed by various speakers in the debate on the address to the throne...

BILL IN ARGENTINA FOR RETALIATION

Deputy Will Introduce Measure to Put Heavy Duty on U.S. Goods.

Buenos Aires, Feb. 2.—As a measure of retaliation for the Fordney tariff bill, now before the United States senate, Deputy Sacone announced today his intention to introduce a bill in the Argentine parliament providing for a levy of duties of 40 per cent. on all goods imported from countries increasing their import duties in such manner as to affect Argentine exports.

PEASANTS IN INDIA KEEP UP DISORDERS

Thousand Lay on Track to Halt Train Bearing Arrested Leader.

London, Feb. 2.—Unrest continues among the peasants of the united provinces of Agra and Oudh, British India, according to a despatch to the London Times from Allahabad. Agitators are reported to be carrying on a violent campaign against the government, despite the fact that legislation has been promised to remedy their grievances.

OTTAWA, Feb. 2.—(Can. Press).—An order-in-council has been passed cancelling the contract between the government and Griffenhagen and associates for the re-organization of the civil service.

PUBLIC WILL INSIST ON RAILWAYS TRYING TO CUT DOWN COSTS

President Beatty of C.P.R., Addressing Engineering Institute Banquet, Says Easy Tolerance of Abnormal Conditions That Marked Inflation Period Is Passing Away.

"The one supreme obligation of railway officers and executives today is to convince the public that whatever is humanly possible is to be done to bring costs down to being done by the companies."

Canada's Problem. President Beatty said the engineer must play an important part in solving the problem which Canada had to face in the immediate future, and touched upon the country's great resources in land, minerals, forest and water.

CONAUGHT OPENS COUNCIL OF BENGAL

Says British Parliament Ten Years Hence Will Widen Scope of Administration.

London, Feb. 2.—The Duke of Connaught, who is on an official visit to India, formally inaugurated the Bengal legislative council of state on Tuesday, says a Calcutta despatch to the London Times. The ceremony was simple but impressive. He reviewed the political progress of India and referred to the difficulties and dangers besetting the councilors under the reform scheme, which placed unaccustomed tools in their hands.

RAPALLO TREATY HAS BEEN RATIFIED

London, Feb. 2.—A despatch to the Exchange Telegraph from Rome says ratifications of the Rapallo treaty have been exchanged by Count Sforza, the Italian foreign minister, and M. Antonievitch, representing Jugoslavia. This treaty was drawn up some time ago in settlement of the Adriatic question.

DOUBLE DISTRIBUTION OF FOOD BY SOVIET

London, Feb. 2.—Food distribution thru the food commissariats of the Russian Soviet government was twice as great in 1920 as in 1919, says a wireless despatch from Moscow.

'REDS' GAIN CONTROL OF LABOR MEETING

Ask Confiscation of Surplus Goods for Benefit of Workless.

Confiscation of all surplus commodities for the benefit of the unemployed, opening up trade with Russia in order to find a market for these commodities, a doubling of the food allowance to the families of unemployed, establishment of unemployment insurance, and legislation to protect builders of their own homes, now behind in their payments, forming the basis of resolutions at a mass meeting, held under the auspices of the trades union unemployment committee at the Labor Temple yesterday afternoon.

MONOPOLY IN DRUGS TENDS TO FAVORING OF RICH PATIENTS

Medical Man Says Wealthy Can Secure Treatment Denied to Others.

"It is inconceivable to me how any government can justify itself in the exclusion of any article of so vital importance to the public health as these arsenical products for the treatment of blood diseases," said Dr. Hastings, M.O.H., of Toronto to the World.

LIBERALS AND BURNHAM RALLYING THEIR FORCES

In First and Last By-Election Speech Burnham Says Meighen and Calder Seized Reins.

Peterboro, Ont., Feb. 2.—(By Canadian Press).—Victoria Hall, which holds about 600 persons, was crowded to the doors this evening to hear Mr. J. H. Burnham deliver verbally his first and last election address in connection with the present by-election in West Peterboro.

Execution Four Times Postponed, Is Now Given Life Imprisonment.

BUDGET OF GERMANY SPECIALLY PREPARED TO INDICATE POVERTY

Late Czar's Sister Buried in Gethsemane

Paris, Feb. 2.—Germany is told exactly how to eliminate the 76,000,000,000 marks deficit in her 1920 budget in the report to the allies of the conference of financial experts held in Brussels, made public here today.

EXPRESS COMPANIES ARE GRANTED RIGHT TO INCREASE RATES

Federal Ruling Allows Thirty-Five Per Cent. Advance in First Class Division.

Ottawa, Feb. 2.—(Canadian Press).—In a lengthy judgment, containing some 27 typewritten pages, the board of railway commissioners grants to Canadian express companies an increase of 35 per cent. on first class rates, 25 per cent. on second class and 10 per cent. on commodity rates, including principally cream, fish and fruit. The judgment, which is expected to be issued by all the commissioners who sat in the case, was written by Chief Commissioner Frank B. Carvell, and was made public late this afternoon.

LIBERALS AND BURNHAM RALLYING THEIR FORCES

Peterboro, Ont., Feb. 2.—(By Canadian Press).—Hon. W. S. Fielding and Hon. Charles Murphy, former secretary speakers at a meeting held here tonight in the interests of G. N. Gordon, Liberal candidate in the West Peterboro, by-election, were the guests of the evening.

COMMUTE SENTENCE ON SINN FEINER

Execution Four Times Postponed, Is Now Given Life Imprisonment.

Dublin, Feb. 2.—The death sentence imposed on Joseph Murphy, convicted by court martial of having led an attack in Cork, October 8, against the military, has been commuted to life imprisonment, the court was considered an act of mercy to commute the sentence in view of the anxiety thru which the prisoner had passed by the repeated postponement of his execution. Altogether four dates had been set for the execution of Murphy.

FLOOD OF ORATORY IS NOW LOOKED FOR ON U.S. TARIFF BILL

Closure Defeated and All Attempts to Set Date for Voting Fruitless.

Washington, Feb. 2.—Showing aside all pending legislation, including a dozen big appropriation bills, the senate today voted to continue consideration of the Fordney emergency tariff bill. The gates were opened wide for a flood of oratory when the motion for adjournment was voted down, 38 to 11, securing far less than the requisite two-thirds majority.

ALWAYS PROTEST, BUT LATER SIGN

Ultra-Radical Leader in Reichstag Says Situation is Mirth-Provoking.

Berlin, Feb. 2.—The reichstag parties thru their leaders today seconded the government's attitude in the Paris agreement. The debate, which lasted three hours, was distinguished by frequent interruptions during the communist leader's speech, the sole dissenting note in the parliamentary chorus of approval.

MAGISTRATE SHOT AND SON WOUNDED

Dublin, Feb. 2.—Dublin Castle reports that this morning a Mr. Dunlavin, County Wicklow, Robert Dixon, a magistrate, was shot dead, and his son, James, seriously wounded, while resisting armed men who demanded money from them.

COMMUTE SENTENCE ON SINN FEINER

Execution Four Times Postponed, Is Now Given Life Imprisonment.

Flowers Bloom in Kansas. Topeka, Kansas, Feb. 2.—Wild flowers are in bloom and wheat is as green as in spring, an almost unprecedented condition for early February. The weekly report issued today by the weather bureau.

URGERS BANK SYSTEM AIDS AGRICULTURE

New Plan to Meet Farmers' Requirements Suggested at Grangers' Convention.

Moore Jaw, Sask., Feb. 2.—(Canadian Press)—That the Canadian Council of Agriculture start without delay an expert examination into the possibilities of developing the Canadian banking system to meet the requirements of agriculture was the suggestion of Hon. C. A. Dunning, provincial treasurer, who spoke before the annual convention of the Saskatchewan Grains Growers' Association here today.

He held that the province without limit cannot adequately and successfully finance a rural credit system to meet the requirements of those on the land, and said that at the biennial convention of the Canadian bank act in 1922 the farmers' party may be able to cut its "eye-teeth." The present banking system is held to have two fundamental qualities: Safety to depositors and facilities for the shifting of credits to the points in the Dominion where they are needed at a moment's notice. Its bad points he gave as (1) it is a commercial system; (2) the system of management which leaves it to the head office to grant the loans. Mr. Dunning held that there would be little difficulty in getting the loan officers to discuss the question and asked that the farmers, if the system can be adapted, not to balk at the security necessary.

BLOOR AND BATHURST BUSINESS MEN MEET. The executive and committee members of the Bloor-Bathurst Business Men's Association had a delightful luncheon at 509 West Bloor street yesterday afternoon. Plans were discussed for the holding of a special ladies' night, a date being set for Wednesday evening, Feb. 16. An interesting and entertaining evening has been promised and the program will consist of cards, concert and dancing.

CHARGED WITH THEFT. Robert Howland, 25 Widener street, was arrested last night on a charge of stealing a diamond ring, valued at \$300, from Edeh Runcie, name address, the woman stated to the police that she loaned Howland the ring and that he failed to return it to her.

Headaches from Slight Colds GROVE'S LAXATIVE BROMO QUININE Tablets relieve the headache by curing the cold. A tonic laxative, it cures the cold, and restores the vitality of the body. (Be sure you get BROMO) 30c.

SHOPBREAKING CHARGED. Annie Alsenberg, 171 Euclypsus avenue, was arrested yesterday afternoon on charges of shopbreaking.

EXPRESS COMPANIES TO INCREASE RATES

(Continued From Page 1.) pay interest on investments at seven per cent. Mr. Carvell takes the ground that the express companies have proved that they are entitled to an increase. He states that the figures filed by the applicants show that the Dominion Express Company claims its deficit for the past year will be \$1,809,444. He prefers to accept the figures presented by this company in preference to those submitted by Mr. Carvell, and K.C. counsel for the City of Toronto, and compiled by Messrs. Clarkson, Gordon and Dilworth, accountants, on the ground that the company, which is doing business and paying the bills, must have a much more intimate knowledge of actual conditions than any accountant could have. Two Great Express Firms. Mr. Carvell agrees with Mr. Geary that the Dominion Express Company could get along with no material increase in rates if it paid the C.P.R. less money for carrying goods. He says, however, that the principle that the basis upon which all express companies should pay for the carriage of their goods should be similar. After the amalgamation of the Canadian National Railway with the Canadian National System, there will be two great express companies operating as subsidiaries of the Canadian National and the Canadian National systems. "It is important," he says, "that the express rates should be considerably higher than the freight rates; in fact, sufficiently high to force the transportation of ordinary freight upon freight trains, rather than upon passenger trains. If, however, the freight rates of person who travels that passenger trains are being constantly delayed, both as to making running and as to reaching their points, and at all stations by the handling of express business. A large amount of heavy commodities is carried by express which might be just as well carried by freight, and thus relieve the passenger trains of much unnecessary traffic."

ITCHING PILES

PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application. All druggists are authorized to refund the money if PAZO OINTMENT fails to cure any case of ITCHING, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days. It is guaranteed by Paris Medicines Co., St. Louis, Mo., Manufacturers of the world-famous Grove's Laxative Bromo Quinine Tablets. C. W. Brown This signature is on every box of PAZO OINTMENT. 60c.

CIVIC CAR LINES MEET APPROVAL

Earlscourt and Oakwood Residents Express Satisfaction With St. Clair Service.

EARLSCOURT. An outstanding feature in the Earlscourt and surrounding districts at the present time is the service on the St. Clair civic cars at rush hours. According to comments, the residents are completely satisfied with the service and the systematic manner in which the rush hours are handled. There is always a line-up at Yonge street and another at Avenue road, not only at these hours but also between 11 and 12 o'clock at night. The service is held to be of the most convenient nature and is well appreciated. The proposed extension of St. Clair passengers every day, it seems improbable that only a comparatively few years ago there was no such service in existence as a civic line, or any means of transportation from the city to the suburbs. The fact that it is now being provided is an indication of the rapid growth of the city, Earlscourt and Oakwood parishes. The new passenger cars are being completed in the Oakwood district and the proposed extension of the North and Westwood Lines at Earlscourt tend to make Oakwood another Rosedale. The community spirit existing amongst local residents is one of the main causes of the rapid progress of the two districts. The children of St. Clare's school are being trained to take part in a sketch, which will be offered at a concert to be held in the basement of the church tomorrow afternoon and evening. Other talent from the school will be included in the program. The arrangements are being carried out by the Christian Mothers' Society, to whose fund the proceeds will be applied.

COOKSVILLE FIRE CAUSES BIG LOSS. The Port Credit fire was called to an outbreak of fire at Cooksville early yesterday morning. The fire, which started in the firemen to save the property affected, damage to the extent of \$15,000 was done by the flames. A poolroom and barber shop occupied by John Limer, and a garage run by C. J. Limer, were destroyed. Mr. Limer's premises were a one-story brick structure, and the garage a two-story brick structure, and the building, both owned by W. Turner of Inlington.

PROSPECT PARK WOMEN HELD SUCCESSFUL SALE. At yesterday's meeting of the Ladies' Aid of Prospect Park Methodist Church final returns for the recent rummage sale were brought in, nearly \$300 having been realized instead of \$200, as previously reported. The chair was occupied by Mrs. Wm. Joyce.

PUBLIC TO INSIST ON LOWER COSTS

(Continued From Page 1.) bring the costs down is being done in the companies. In the period of one week, the conditions were artificial and abnormal conditions following peace. In people of this country have been content to actual consequences of these abnormal conditions. With a return to normal times the attitude of the public mind will change. In other words costs will continue to rise until they are accepted as a fact of life. If these rates are accepted as costs which cannot be reduced by any act of the companies themselves, we owe this to the people who are paying the rates and we owe it to ourselves, because the property that which is obtained by a free movement of goods under rates which are moderate. Any increase in the rate of goods and borders on the unnatural. Lieutenant-Governor Speaks. In introducing His Excellency, the Hon. Colonel Lamb, D.S.O., spoke of the fact that the lieutenant-governor had been warmly received in Ontario. The important engineering profession, played by the fullest extent. At the present time there was existing a great deal of engineering, and it was to the engineers of which Canada looked to the future. There was no country which engineer. Such a vast treasure-house of amazed Canadians when they realized and only with the assistance of the Canadian engineers could the development from coast to coast be carried out. Disagree on Filtration. The Engineering Institute convention continued yesterday afternoon following a dinner, when Mayor Church welcomed the convention to Toronto, followed by a discussion on provincial legislation protecting the engineers as well as establishing professional status. In his paper on "The Toronto Filtration Plant," James Milne outlined the advantages of a drifting sand filter at the island plant and was taken on by task by Allen Hazen of New York, who had been retained as consulting engineer before the new system had been installed. Mr. Hazen in replying said that on the face of the returns shown the slow sand plant was more satisfactory and was more successful in purifying the lake water. After eight years he still held to the belief that the slow sand filter was better adapted to treating Lake Ontario water at the plant than the drifting sand filter. Captain Dahlen of the provincial board of health said that sludge was coming to have a greater fertilizer value as the amounts were withdrawing from that field, and in answer to the assertion that certain hard feelings toward the board should be designated, he said that he understood the situation fully. The program of the board had advanced a number of cases of street pollution, but could not commit the board on a policy of that kind. The afternoon session was mainly taken up with a discussion of sewage disposal.

WYCHWOOD FIRE HALL TO GET NEW CORNERS

The fact that surveyors have been on the spot around the Wychwood fire hall is an indication that the corners of the entrance sidewalks will be rounded off at an early date. This matter has been under consideration for some time by the Corporation, the last few years by the B.I.A., especially by Thomas Jones, J.P., who sensed the danger when the fire and ladder wagons had no room to make a hurried exit to St. Clair avenue, on account of the narrow passage at the fire hall entrance.

Banquet ENTERTAINER.

When arranging your banquet, phone Will J. White, Palace 508. G. SAPIORITO Consulting Optician and Optician, 25 ADELAIDE ST. WEST, Main 7916. Suite 25.

YORK COUNTY AND SUBURBAN NEWS

YORK PIONEER SOCIETY ELECTS NEW OFFICERS

The following officers for the York Pioneer Society were elected for the ensuing year: Past president, William Crocker, president, James L. Hughes, vice-president, Edward Galley, A. E. Wheeler, Joshua C. Moore, R. W. Dean, F. C. Jarvis, treasurer, J. West, secretary, N. Z. Caswell, editor, Thomas Renzie; historian, E. S. Caswell; committee of management, George J. St. George, R. J. Davis, James A. Wales, William C. Grubb, H. D. Ramsden, C. W. Nash and Mrs. O. B. Sheppard; William Hughes and A. G. Baker, thanked to President Dr. J. L. Hughes, president of the society, for his efforts during the past year, was unanimously cheer.

WELFARE LEAGUE HOLDS MEETING

The executive of the North Toronto Welfare League, the new name for the North Toronto Patriotic League, met yesterday morning in their rooms at the corner of Yonge street and Blythwood avenue, with a very good attendance. The chair was taken by Mrs. M. Leird, president, and interesting addresses were given by the two public health nurses of the district, Miss Mowry and Miss Joyce, who explained the relief work. One significant fact brought out was the great amount of unemployment in North Toronto, which, it was explained, made much relief work necessary.

LEASIDE LEASESIDE TRANSPORTATION COMPANY LIMITED, on behalf of the residents on Laird street, is applying to the Board of Control to improve the condition of the road in the vicinity of the Canadian National Railway property. The residents desire that the bus terminal should be at the entrance of the C.N.R. and the present terminal at the Canadian Wire and Cable Company's gates. The management of the bus company is willing to comply with the request of the residents providing the roads are graded and repaved.

According to James Bristow, Marston street, many employees of the Canadian National Railway at Leaside are grumbling regarding the lack of houses in the neighborhood. He stated that the road should build houses in the vicinity. Mr. Bristow recalled that 600 men, the majority being married, were brought to Leaside from Trenton, and were compelled to find housing accommodation as best they could in Toronto.

The Canadian National Railway management is being requested to erect suitable houses in Leaside and district. A well-attended meeting of Leaside Town Council was held in the public school last night, Mayor R. P. Ormsby presiding. The resignation of Councillor Wrench was accepted and arrangements made for the nomination of a successor. A sum of money was appropriated for road improvements.

GLENHOLME SCHOOL IS MODERN BUILDING

The Eglington Orange Hall was last evening the scene of a delightful reception, when Santa Claus paid a visit on the occasion of the annual Christmas party. The hall was crowded with the loyal Northern League, M.U., L.O.F.E., No. 252. About 40 youngsters were present, and Santa Claus, in a very creditable manner, and Nimble Doo, aged eight, and Alice Doo, ten, gave a duet. Those responsible for the success of the affair were Mr. and Mrs. Greenway, H. Drew and Mrs. R. Chitty, who was head of the amusements.

LOCKERS ARE PROVIDED.

Lockers are provided. The new classroom building has a large kindergarten with sliding panel doors and French windows. A domestic science room consists of dining room, small rooms, each room leading into another, including a pantry, kitchen, bedroom, sewing and making rooms. Other rooms, suitably equipped, are the assembly room, a large room with a stage, and a moving picture booth. Rooms are also located for the principal's office, and from one of the class.

NEW TORONTO BORROWS PENDING TAX PAYMENT

New Toronto Council have decided to borrow the sum of \$30,000 to meet current expenses until the first instalment of taxes is received. A by-law has been passed by the council for the issuing of debentures amounting to \$21,730 for payment of construction work on the Toronto-Hamilton highway.

BACK TO FACE CHARGE OF THEFT OF FUR COAT

Detective-Serg. Charlie Taylor left for Montreal last night to bring back Jim. Cowan who was arrested in that city yesterday for the Toronto Police. Cowan, along with another police, Thomas Sinclair, is alleged to have stolen a valuable Russian sable fur coat from a wagon standing in a lane at the rear of the Holt, Renfrew store, Yonge and Adelaide streets, last September.

HAD KNUCKLE-DUSTER TWO OTHER CHARGES LAID

Harry Molton, 279 Simcoe street, was arrested last night by P.C. Smith on charges of theft, assault and carrying an offensive weapon. The police allege that Molton stole a blanket from Mrs. Bella Starkman, at whose place he boarded, when accused of the theft by the woman and her husband, Isaac, attacked the latter with a "knuckle-duster" when she tried to stop him. When searched at the station, a wick-knuckleduster was found on him, which resulted in the third charge being laid.

OFFICERS ELECTED BY "ELECTIONS". At the first annual meeting of the Association Association, held last night, the election of officers for the ensuing year resulted as follows: President, C. J. Brown, second vice-president, G. J. King, and treasurer, D. V. Melvinn, Executive, W. J. Rice, L. G. Donald and H. D. Gibson.

ANOTHER INSPECTOR FOR YORK SCHOOLS

Increasing Number of Teachers Throws Heavy Burden on Present Staff. YORK. "We have so many schools and teachers in the County of York that we feel the burden is becoming too great for the school of two or more teachers, known as the graded school. There are 117 rural schools. Two years ago there were 70 teachers, compared with 44 in 1920. North York has 102 teachers, 65 being in rural schools; East York has 133 teachers and there will be 15 more by the end of 1921. West York has already added six teachers since the beginning of 1921, and the total increase expected for 1921 is 21 teachers, making 134 teachers." The rural school required more attention than the urban school, said Inspector Chisholm. The inspector cannot even at his best, spend more than half a day at a visit, and he should spend more than two half-days in the year. He also stated that the rural teacher did not stay long, the average teacher in Ontario remained only one and a half years in a school. The rural school needs more teachers under one inspector, but it was also pointed out that many of the public school principals in the city had inspectors' qualifications. A report from the Children's Aid Society was given, showing that since 1913 183 children had become wards of the county, of which number 172 are still on the list. There were 112 complaints of children being neglected, and investigations regarding 228 had been made. There were 25 placed in foster-homes, and some were left with their parents. Since the chief inspector Chisholm explained that there were two classes of schools in York—the one-teacher, or rural, and the school of two or more teachers, known as the graded school. "There are 117 rural schools. Two years ago there were 70 teachers, compared with 44 in 1920. North York has 102 teachers, 65 being in rural schools; East York has 133 teachers and there will be 15 more by the end of 1921. West York has already added six teachers since the beginning of 1921, and the total increase expected for 1921 is 21 teachers, making 134 teachers." The rural school required more attention than the urban school, said Inspector Chisholm. The inspector cannot even at his best, spend more than half a day at a visit, and he should spend more than two half-days in the year.

TODMORDEN LAND TOO HIGH PRICED

According to prominent residents of Todmorden, the high prices asked for vacant land on Pace avenue and other main streets in the district will be detrimental to the building boom which is shortly expected. It is stated that prices on a par with the Danforth district are being asked elsewhere. Prices ranging up to \$125 a foot have been asked on Pace avenue.

PERMANENT PAVING FOR "DEVIL'S DIP"

According to an official report, the "Devil's Dip" on East Gerrard street, which is now sufficiently settled after the work of filling in, will be permanently paved during the year by the works department.

EARLY CLOSING OF WITHROW PARK PAVILION GOES BEFORE WORKS COMMITTEE.

Alderman F. M. Johnston, taking up with the works committee complained voiced by visitors to Withrow Park, who object to the closing of the pavilion and lavatories at five o'clock, instead of ten o'clock, as was arranged by the parks commissioner. The alderman will also take up with the works committee the complaints about the insufficient lighting in the park.

DANFORTH DEFER MIMICO TENDER.

A tender for plumbing work in the local school submitted by Jas. Doughty, mayor of Mimico, has been held over for consideration, owing to some doubt as to his eligibility to do town work while he holds the position of mayor.

ENDORSE THE BAN ON "PASSION" FILM

Joint Executive of C.W.V.A. and Auxiliary Passes Resolution. WEST TORONTO. The Joint executive of the West Toronto G.W.V.A. and Auxiliary last night, following information that the board of censors had banned the German film, "Passion," congratulated the board upon the action taken. Prior to the receipt of this news, the joint executive of the branch had passed a resolution protesting against the proposed presentation of the photodrama in Toronto, as a direct insult to the French, Frenchmen and Frenchwomen, as pro-German propaganda.

COMMERCIAL DEAL SPOILS EXPERIMENT

Boy Had Sold Groundhogs Dad Relied on to Test Ancient Theory.

Monmouth, Kansas, Feb. 2.—John Willheimer's experiment with the groundhog theory of ancient origin and annual discussion, ended in failure today.

MRS. SYLVIA FOSTER, of Buffalo, N.Y., who says she wishes she could go into every home and tell how Tanlac completely restored her health after she had lost all hope of ever being well again.

"They had given up all hope of my ever being well again, but thanks to Tanlac I am feeling as well now as I ever felt in my life and I only wish I had time to go to every home and tell every sick person about this grand medicine."

"A year ago last January I had a severe attack of influenza which left me in a terribly weakened condition and my appetite was so poor that I ate little more than enough to keep body and soul together."

"My heart palpitated so dreadfully at times that it seemed like it had stopped altogether and I would think my time had come. I was so weak that I couldn't go up the steps without holding to the railing. It was impossible for me to do any housework. I was so nervous that I couldn't drink my tea or coffee without spilling it."

"I finally started taking Tanlac on the advice of a friend and before I had finished taking the second bottle my neighbors could tell I was improving right along. Well, it has only taken five bottles to restore my health completely."

"My appetite is just splendid now, my nerves are strong and steady, my housework is a real pleasure and I can sleep like a child at night. In fact I never felt better in my life than I do now."

The above remarkable statement was made by Mrs. Sylvia Foster, of 208 S. Division St., Buffalo, N. Y., a well-known and highly respected resident of that city.

Tanlac is sold in Toronto by Tamblin Drug Stores, and by an established agency in every town.

LABOR MINISTER ATTACKS DRURY

(Continued From Page 1.)

House to be a mutual admiration society. He proposed to vary the monogamy, but hoped his criticisms would be taken in good part. The premier had been delightfully vague regarding his broadening out policy. He skated all around the question; no one knew exactly what he meant. It would seem since coming to Toronto he had learned the legislation waltz. (Laughter.) It was also said he was an expert in the shimmy.

The premier was always preaching sincerity, and Mr. MacBride said that Mr. Drury has implied that all previous political leaders in Canadian history had lacked that quality. He referred to Sir John A. Macdonald, declaring that no "untired man, only a year in power and undiscovered eighteen months ago," should thus slight the memory of so able and earnest a leader. He recalled that Mr. Drury had been defeated in his own riding in a previous election.

Exploiting Ontario. Ontario had been exploited by grasping corporations, Mr. MacBride declared, but the free trade barriers were removed to allow the gold of Wall street to enter, those responsible for it would be country destroyers and wreckers. The premier was always preaching free trade, and if he tried to ride to Ottawa on the free trade horse he would be there blocking his way for all he was worth.

The government mothers' pension act was a disgrace to the province. "Shame on you, gentlemen, with all the money the province has to hand a paltry cheque for \$40 or \$50 to a mother with two children," cried Mr. MacBride. "It is charity of the worst kind. It should be increased as a measure for the improvement of the conditions of women on farms, you will find me behind you, and I will not quibble. But this mothers' pension act is humiliating."

As for the administration of the act it was shameful. Mr. MacBride read several letters from widows who had their cases considered by government investigators. They disclosed a very unsatisfactory state of affairs. There was too much red tape.

Compensation to injured workmen had been increased last session to 85 per cent of their earnings after a fight. Even that was not enough.

Cause of Labor Troubles. "If you want to eliminate 89 per cent of the strikes in Ontario today, enact eight-hour legislation," said Mr. MacBride. "But under this administration the eight-hour day is not practicable. It is more sincerity regarding this matter is badly needed."

The eight-hour day, continued Mr. MacBride, was generally recognized and approved as being both advisable and desirable.

There was a little breeze at this point. Mr. MacBride had said that Karl Homuth (St. Waterloo) had the help of "Jimmy" Simpson in his campaign.

Mr. Homuth said this was an absolute falsehood, and demanded a withdrawal. Mr. MacBride refused to withdraw, but the speaker ruled that he must. He bowed to the ruling, but intimated he would later make good his assertion.

Mr. MacBride was indignant over the government's proposal to license white women to work in Chinese laundries and restaurants. Where was the government's manhood? Rome in her worst days never made such an indecent proposal. Such a thing had never even been suggested among the blacks of the southern states. If the Labor party stood for it he would sever his connection with that party. He noticed the attorney-general laughing. That gentleman would laugh at anything but his pet hobby, the O.T.A.

As for Hydro-radial affairs, Mr. MacBride thought the appointment of a commission of inquiry had been a great mistake. If it was information they wanted why could they not get it from their own experts? If the government was going to delegate its powers to others it should not wait for the recall, but simply go right straight home.

O. T. A. Enforcement. Regarding the enforcement of the O.T.A., Mr. MacBride said it was a matter of shame the way the attorney-general was attempting to force an observance of the act. He had adopted a kaiser-like spy system to aid him when he asked for the formation of citizens' committees thruout the province to advise the government.

The attorney-general denied this. "There," answered Mr. MacBride, "we have another instance of the attorney-general's insincerity." Mr. MacBride then read a letter signed by the premier, in which the request was made that ten or fifteen names of citizens be furnished the government, who proposed to consult them regarding enforcement matters.

The smallness of the salary paid to officers responsible for the enforcement of the O.T.A. was the subject of a vigorous criticism by Mr. MacBride. As for the timber inquiry, there had been too much muck-raking. If the government had anything up its sleeve it should take the country into its confidence. Muck-raking was driving good public men out of private life. Let the government come thru and come thru clean if they had anything regarding the timber areas of the province.

Labor Leader Speaks. G. C. Halcrow, leader of the Labor group, thought Mr. MacBride had at last learnt the little hymn, "Dare to be a David, Dare to Stand Alone."

Mothers' pensions and increased compensation for workmen were, according to Mr. MacBride, the result of his efforts alone, the Labor group of the house having nothing to do with them. (Laughter.) He had also complained that the Labor group were doing nothing in furtherance of humanitarian legislation. The contrary was the case.

The position of his group in the house was to get every possible bit of labor legislation they could. Regarding Hydro affairs, he would, on some future occasion, make some observations which were not in line with the expressed views of the government. The O.T.A., too, was another question which he proposed to also discuss later.

Politics and Good Roads. R. R. Hall, Liberal, (Parry Sound), demanded a new system of supervision in the construction of good roads. As things now stood, politics entered into the construction of roads.

The Liberal group in the house, said Mr. Hall, would extend a helping hand on every possible occasion to the government so long as it stayed on the straight and narrow path of

SERVICE.—Our highly-developed service is available at all times for the benefit of our customers. Every well-grounded business man appreciates the importance of the co-operation, guidance and information on financial matters of his Banker.

MORAL CALL MEETING ON PROPAGANDA.

City Solicitor Advises That Any Public Money Spent Would Be Illegal.

The board of control yesterday declined to call a public meeting for Feb. 10, in compliance with the petition sent to the mayor on Jan. 3 by thirty-nine citizens, urging a public protest against the spread of anti-British propaganda in Canada.

"I am in receipt of a letter from the city clerk asking for a report to your board as to the legal obligation upon the mayor to call a public meeting in compliance with the petition from T. H. Warrington and others."

"In reply to this request I beg to say that there is no obligation upon this board to call a public meeting as requested. The statute found in the revised statutes of Ontario, 1897, with reference to the calling of public meetings, being chapter 280 of that revision of the statutes, was repealed in 1914 and has not been re-enacted.

"The solicitor's advice is wrong in fact and in law," said the mayor, after hearing the letter. "I am prepared to call this meeting on my own responsibility."

"Such a meeting will not tend to promote harmony," said Controller Gibbons. "A good deal of Irish Catholic blood was spilled in helping to build up the British empire, and the reflection cast on them by this petition is unjustified."

"The proclamation will be issued for the meeting and the city will pay the bill," said the mayor.

"I don't know about that. Are they asking for that?" asked Controller Hill.

"Well, regarding the expense, we will be guided by the practice in the past," replied the mayor.

With only Controller Gibbons opposed, the board decided to call the meeting for the 10th inst.

FIRST EXAMINATIONS UNDER OPTOMETRY ACT. The first examinations under the new optometry act, 1919, are being held in the Central Technical School.

RECTOR OF ST. JUDE'S RETIRES FROM CHARGE. Rev. J. L. P. Roberts, for 21 years rector of St. Jude's Anglican Church, has retired from his charge.

SOCIAL EVENTS. Items intended for this column should be addressed to The World City Editor.

Mrs. Lionel Clarke will hold a reception at Government House from four to six o'clock this afternoon.

Mrs. W. G. Armstrong arranged a very attractive program at the Women's Art Association yesterday afternoon when the artists' assistance force was Mrs. Myrtle Webber.

The Long Branch Club held their winter dance at the Metropolitan assembly room Tuesday evening when the 250 guests present spent a very enjoyable evening.

Mrs. James Lumbers and Mrs. Leonard will give a tea in Jenkins Art Galleries on Feb. 4.

The Ladies' Association of the C.P.R. are having a social at the Hotel McAlpin on Feb. 4.

Baron Shaughnessy of the C.P.R., accompanied by C. M. Omar, arrived in Toronto on Tuesday.

Miss Kay Northey will give a young people's dinner at the Brantford Hall on Feb. 4.

Ontario Ladies' College Alumnae Association had special guests at their annual dinner at the Hotel McAlpin on Feb. 2.

Mrs. and Mrs. Arthur Connor, Highland avenue, have returned from a three weeks' visit to Charleston, W. Va., Washington, and Atlantic City.

Mrs. and Mrs. Richard Hill, two of the oldest and best known citizens of this township, near Oroon, yesterday celebrated their 35th wedding anniversary.

Mrs. Ethel Moore, who has been spending the winter with her sister, Mrs. Charles Moore, at the home of Mr. and Mrs. Aquilina today with Mrs. Robert Goodwin.

Mrs. John M. Kerr, formerly Miss Iris Nye, of Halifax, received yesterday afternoon the first time since her marriage, at 14 Concord avenue.

Mrs. Helen Wiener of Barris is staying with Mrs. Phillip Strath in Barnard avenue.

Mrs. Helen Wiener of Barris is staying with Mrs. Phillip Strath in Barnard avenue.

The ladies attending the annual meeting of the Engineering Institute of Canada visited Hart House yesterday afternoon.

Miss Phyllis Oler is leaving town today to visit in Kingston and Montreal for a few weeks.

WILL GIVE LECTURES ON DIET FOR HEALTH.

Head of University Department of Household Science to Deliver Course.

A series of free public lectures on "Diet for Health and on Textiles" has been arranged by Miss Laird, head of the department of household science, University of Toronto.

Household science deals with various problems in the home. One of the most important of these is the question of "food."

Standpoint of Health. Household science deals with the question of food from the standpoint of health. What must food supply offer for optimum well-being?

Another important phase in household science deals with textiles, or household and dress fabrics. In this day of high prices, when cost is no guarantee for quality, it is important to know how to distinguish between different fibres, so as not to pay unreasonable prices for cotton, or silk prices for inferior silk weighted with tin.

Registration at the Hotel McAlpin on Feb. 2 during the past week have been: Mrs. H. Irving, Mrs. K. B. Bennett, Mrs. Wm. A. Rogers, C. McLeod, B. J. Bennett, Wm. A. Rogers, C. McLeod, B. J. Bennett, Wm. A. Rogers, C. McLeod, B. J. Bennett.

Mrs. Maurice Drew-Brook (formerly Mrs. Mrs. G. G. G.) will receive for the first time since her marriage, at 44 Highlands avenue, on Monday, Feb. 7, at 8 p.m.

Receptions. Mrs. T. A. Mitchell and Miss Jean Mitchell will receive for the first time since their marriage, at 105 Chestnut street, on Friday, February the 4th, from 8.30 until 6 o'clock.

SEPARATE SCHOOLS GIVE BIG CONCERT.

Six Hundred Boys in Grand Chorus at Massey Hall—Other Numbers.

Six hundred of the boys of the Toronto Separate Schools formed a grand chorus on the platform at Massey Hall last night where they sang to a capacity house in a program in which they were assisted by the De La Salle Orchestra, folk dancing, physical drill with the cadets and solo numbers.

Opening with the National Anthem the orchestra did good work in various selections and was particularly happy in the Ketyby number "In a Monastery Garden," in which the instrumentalists were added to at intervals by the voices.

National airs were sung by the chorus, and Masters Raymond Sears, accompanied by C. C. McEgan, and Hilary Pursonod received the laurels for their solos. Master Mack Hockridge, Toronto's clever nine-year-old cornet player, played "The Dream" by Bartlett, and wore Harry Lauder Mother-ton had a humorous role in Scotch selections. The Highland Fling, Irish reel and jig and the sailors' hornpipe were danced by boys in costume.

A special feature was the physical drill which was remarkable for the precision of its work and for the exhibition of athletic skill shown in the pyramids of living figures which formed a series of picturesque tableaux.

As numbers of recruits were given in an oratorical contest, the decision being given by Mr. W. C. Kennedy, M.P., University of a former De La Salle student, and the donor of the medal, Mr. D. A. Bainford, president of the De La Salle Alumni.

The Sunday World for More and Better Pictures.

Pictures on every page of every section. Features illustrated. News illustrated.

Not a feature omitted; not a department curtailed.

This week—every week—the leader for sports, news, features and pictures.

Toronto Sunday World. Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide 4682.

Canada Must Supply Capital for Farm and City Building.

It is well recognized throughout the world—and Canada is no exception—that if the country is to develop to the utmost their natural resources, and their industries, agricultural pursuits are followed by at least 40% of the population.

Security of Capital Remains Even If Building Costs Drop.

In spite of the fact that the aggregate value of the mortgages in Great Britain and Europe by mortgage lending companies during the last year, was long this movement will continue it is difficult to say.

Assess Again Show Gain.

The assets which have come under our administration during the year, namely, \$5,449,458.25. They are made up of Estates, Trusts and Agencies for which the Company has been called upon to act as Executor under Will Administrators and Trustees, and by the increase in the

MORTGAGE LOAN SITUATION PRESSING FOR SOLUTION

Mr. W. E. Rundle Points Out to National Trust Shareholders the Bearing of Scarcity of Capital on Country's Requirements for Farm and City Mortgage Loans—Exchange and High Interest Rates Make Importation of Capital Impossible.

The mortgage loan situation has become of national importance, as a view expressed by Mr. W. E. Rundle, General Manager of the National Trust Company at the Annual Meeting of Shareholders yesterday, Mr. Rundle said:

NATIONAL TRUST HAD GOOD YEAR

Company's Combined Paid-Up Capital and Reserve Increased to \$4,000,000—Assets Under Administration Also Increase. Elements of Company's Strength Enumerated.

great disappointment in building activities even should the cost of building materially fall. The situation in Toronto is but typical of that which prevails throughout the Dominion. Like most problems it is easy to point out the difficulties. It is not so easy, however, to construct a way out of them.

Companies Must Share More In Liquid Funds.

We have made this question the subject of much examination and study, and I submit that the practical solution of the difficulty must come largely through the Companies—Trust Companies and others which society in Canada has so far evolved for meeting Mortgage Loan needs, obtaining a large part of the liquid funds which are available in Canada itself.

The Security for Guaranteed Trust Funds.

No better security than our Guaranteed Trust Certificate can be found. The holder has a double security:—First—That of the mortgages or bonds which his money has been invested for (and which are marked with the Trusts). Second—The Guarantee of the Company's Balance Sheet.

Elements of Strength In Company's Position.

Turning to the Company's Balance Sheet, the Shareholders will think be impressed with certain of its outstanding features. These might shortly be recapitulated in the following manner: 1. That 63% of the total assets held on Capital and Guaranteed Trust Account are invested in Mortgages.

Mortgage Loans.

Mortgage interest payments have been well met, and with very few exceptions our Mortgage Loans are in excellent condition. In no case do we anticipate being unable to collect the full amount of the company's claim. In this connection it will interest the Shareholders to know that during the twenty years of the Company's history, there has been no default on any one year made up of net loss of one dollar on total Mortgage business. I do not

Capital Stock of the Company to which reference has already been made.

The net earnings for the year were equal to 15.58 per cent upon the average assets and amounted to \$28,825.96, a decrease of \$28,814.22 from those of the preceding year. The decrease in earnings is due to the Company having had substantially less Guaranteed Trust monies in the aggregate for investment during the past twelve months than for the preceding year. While our Deposits—which are part of our Guaranteed Trust funds—show an increase, the Guaranteed Trust Certificates which we issue in respect of monies received for a fixed period (usually from 6 to 12 years) show a decrease in amount. The rates of interest which Victory Bonds, Provincial Government and Municipal securities have yielded have been so high during the last two years that Trust Companies have been unable profitably to dispose of their existing Trust Certificates. In common with other mortgage lending Companies we have also experienced a wide range of funds by British and European investors.

Remuneration For Handling Estates Small.

The increase in our volume of business helps to offset any decrease suffered through the loss of profit on Guaranteed Trust funds. Our income, however, as has already been pointed out, comes mainly from Estates for which we act as Executor under Will, and as Administrator of Estates, and from the remuneration received for the management of this class of business is small indeed compared with the expense involved in handling it. I have on several occasions pointed out to the Shareholders that the business of a Trust Company is bounded only by the activity of man and that, therefore, the staff required to deal with it must possess varied qualifications. I doubt if it is sufficiently well realized by the public that the fact that our business is readily ascertained by reference to the detailed reports of the Companies—that Trust Companies could not provide the organization necessary to the efficient management of Estates and Trusts nor render the highest technical services required in the administration of so complex a business unless their earnings from this source were supplemented by the profits they receive from the investment of their Guaranteed Trust monies. This principle was recognized in the first legislative enactments creating Trust Companies and has received continued recognition throughout all subsequent Company Legislation. I think it well specially to direct the attention of the Shareholders to this point to say so that they may assist the Company in building its Guaranteed Trust funds whenever opportunity offers. These funds are an asset which will improve farm and city property, in Dominion and Provincial Government bonds and in Municipal securities.

The Security for Guaranteed Trust Funds.

No better security than our Guaranteed Trust Certificate can be found. The holder has a double security:—First—That of the mortgages or bonds which his money has been invested for (and which are marked with the Trusts). Second—The Guarantee of the Company's Balance Sheet. The net profits for 1920, together with the \$28,814 brought forward from the previous year's Profit and Loss Account and \$75,000 premium received from the New York Loan and enabled our Directors to pay dividends amounting to \$18,231.80; to add \$400,000 to the Reserve Fund; to provide \$1,000 for Dominion Income Tax, and to carry forward \$84,417.31 in open Profit and Loss Account.

Elements of Strength In Company's Position.

Turning to the Company's Balance Sheet, the Shareholders will think be impressed with certain of its outstanding features. These might shortly be recapitulated in the following manner: 1. That 63% of the total assets held on Capital and Guaranteed Trust Account are invested in Mortgages. 2. That 84% of the bonds and debentures held are those of the Dominion of Canada, the Province of Ontario, or Canadian Municipalities. 3. That the amounts invested in Call Loans and carried as Bank balances aggregating \$1,086,941.11 evidence the strong liquid position of the Company. 4. That the Company's total investment in Stocks is less than 5% of its Capital Assets. 5. That only a small proportion (10%) of the Company's Capital funds is invested in office premises, notwithstanding the fact that the Company has six Branches in Canada. I am glad to be able to assure the Shareholders that every asset appearing in the Balance Sheet is worth the figures mentioned therein. In fact notwithstanding the sharp decline in market prices of securities in recent years our Assets are carried in the Balance Sheet presented to you to-day below present market prices. The Company is able to make this showing because of a policy established some years ago of setting aside from time to time a portion of the year sums which would be applied sufficient in the judgment of the Directors and Management to take care of all contingencies.

Mortgage Loans.

Mortgage interest payments have been well met, and with very few exceptions our Mortgage Loans are in excellent condition. In no case do we anticipate being unable to collect the full amount of the company's claim. In this connection it will interest the Shareholders to know that during the twenty years of the Company's history, there has been no default on any one year made up of net loss of one dollar on total Mortgage business. I do not

mean to say that in individual cases there have not been small losses, for there have been, but these have been more than offset during the year in which they were made by profits received from the sale of other foreclosed property. I think this is a striking tribute to the care which has been exercised in the selection of our Mortgage Loans. It is largely due to the vigilance of our Inspectors, who are, of course, salaried officers of the Company and who see personally an report to our Managers and the Board of Directors upon every farm and city property offered as security.

ALLIED MINISTERS ANGER CONSTANTINE

Says They Are Wearing Blinks Like Horses and Don't Want to See Him.

King Constantine did not care to comment on the results of the meeting of the supreme allied council in Paris, because his words might prejudice the case of Greece at the London conference.

The King declared that demobilization was a leading plank in the platform of those who led his party to victory in the elections. He declared he felt sure that the decision at London would not hinge upon his occupancy of the Greek throne.

HOUSE SHORTAGE IS MOST ACUTE

Montreal Landlords Are Raising Rents 100 Per Cent.—Tenants Helpless.

Montreal, Feb. 2.—Newspapers here today are publishing statistics showing the huge profits landlords are now making by raising rents, now cases over a hundred per cent, knowing full well that if their present tenants cannot get to stay, there are many people who, owing to the shortage, are only too glad to obtain a home at any price. A prominent Montreal newspaper gives a long list of cases where landlords have raised their tenants' rents from below \$50 to over \$100. Attempts made to form tenants' associations have not yet been successful because the money required to construct houses is not forthcoming.

HELP TO MISSIONARIES FROM ANGLICAN SYNOD

Kinross, Ont., Feb. 2.—(Special).—At a meeting of the executive of the diocese of Ontario Bishop Bidwell announced that the synod would contribute on May 21st. The executive discussed a report of Franchise and allocation of the Anglican forward movement fund received by the diocese of Ontario for diocesan local needs. Up to date, the diocese has received \$23,464 as its share. It was decided to give immediate help to the diocesan of Ontario for the year 1921 to receive a bonus of \$100,000 for last year and \$100 for this year.

SENATOR McSWEENEY CALLED BY DEATH

Moncton, N.B., Feb. 2.—Hon. Peter McSweeney, a member of the senate of Canada, and well known not only among parliamentarians but among business and professional men as well, died at his home here this morning. Senator McSweeney had been in the usual state of health up to a few days ago, when he was stricken with illness.

JAPANESE IMMIGRATION BEING CLOSELY WATCHED

Ottawa, Feb. 2.—That Canada in British Columbia had a similar oriental immigration problem to that of the United States in California, that he was fully alive to the situation and was watching it with a view to such steps as would assure that no such settlers should be admitted to Canada as could be assimilated in Canada, was a statement made last night by Dr. F. F. Tolmie, minister of agriculture in an address to the members of the Ottawa Poultry Association.

The Toronto World

FOUNDED 1826. A morning newspaper published every day in the year by The World Newspaper Company, of Toronto, Limited.

THURSDAY MORNING, FEBRUARY 3.

Private Papers and Public Documents.

The former secretary of the former minister of lands, forests and mines, admits having in his possession certain documents which were at one time on file in the department.

That rule, as we understand it, is that any letter addressed to a public official in any wise dealing with or referring to public business, is a public document.

The reason is plain. A letter received by a minister of the crown must, on its face, relate solely to his private business, and yet it might be of such a nature that it would become important upon an inquiry into the official conduct of that minister.

The private secretary of a minister is employed by the government. He is a civil servant, and his time, labor and loyalty belong to the crown.

The Housing Scheme.

Shortage of houses should not be permitted to carry the city council off its feet. Alderman MacGregor wants to put up houses for rent, while the mayor desires to build houses for sale.

As we see it, \$4,000 is too large a figure to impose on a man with a small income. If men are put into houses above their financial ability to carry, the housing movement will be a failure.

LORD SHAUGHNESSY: You see, it's only a matter of time till he is kicked out.

need of houses and the class of house they think they are able to pay for. All the indications are that not only Britain but other countries will have an airplane that will carry fifty men or five tons of freight a thousand miles in twelve hours or less.

Smelling Out Oil by Airplane.

The indications are that not only Britain but other countries will have an airplane that will carry fifty men or five tons of freight a thousand miles in twelve hours or less.

Remarkable in Passing.

It is now a fairly well-proven fact that the Toronto public do not want German products.

Hospital Grants.

Dr. A. Groves of Fergus might be called into consultation by the Toronto Hospital Trusts. The city is groaning under the onus of administration of these institutions, which are continuously growing.

Starting Off Right.

Premier Taschereau of Quebec is quoted as saying that his government will not take over the stocks of liquor now held by the dealers in Montreal who have been largely supplying the Ontario market.

FRENCH CHAMBER ELECTS CHAIRMAN OF COMMITTEES.

Paris, Feb. 2.—Former Premier Lyautey was today elected chairman of the commission on foreign affairs of the chamber of deputies.

SEE MEIGHEN SATURDAY ABOUT HELP FOR CHINA.

Ottawa, Feb. 2.—The matter of the Chinese famine, with a request for official help from Canada, will be placed before the Right Hon. Arthur Meighen and the members of the minority next Saturday.

THE WORLD'S WEEKLY NOVEL THE HERITAGE OF CAIN

By ISABEL OSTRANDER - Copyright 1916, By W. J. Watt & Co.

(Continued From Yesterday's World.) "It wasn't Hession for the inquest; the coroner took my statement and released me, and I came down on the night train. They didn't need me up there, and I have some stocks I was a little worried about."

"Mr. Burke, what can I do for you?" he began. Then a sidelong glance disclosed Phillip standing in the doorway and he wheeled around in his chair.

"Hello, Phil!" he exclaimed. "I didn't know you were in town. This gentleman is a friend of yours?"

"He isn't; I—that is—Phillip felt himself getting uncomfortably warmed, and he said to himself, 'I don't want to get into any more of this business.'"

"I do," affirmed Mr. Burke, a trifle grimly. "Your cousin left my employ suddenly without any notice, after a fortnight's work," he added, turning to Phillip.

"I've heard nothing from him since," Mr. Burke went on. "He's a little matter of salary."

Yorks waived the question aside. "I've heard nothing from him since," Mr. Burke went on. "He's a little matter of salary."

"I've heard nothing from him since," Mr. Burke went on. "He's a little matter of salary."

The Toronto General Trusts Corporation

Report of the Proceedings of the Thirty-ninth Annual Meeting

Total Assets Under Administration Exceed One Hundred and Thirteen Millions.

The Thirty-ninth Annual General Meeting of the Shareholders of The Toronto General Trusts Corporation was held at the Head Office of the Corporation in Toronto on Wednesday, the second day of February, 1921...

The President of the Corporation, Hon. Featherston Osler, K.C., D.C.L., presided, and Mr. W. G. Watson, Assistant General Manager, acted as Secretary of the Meeting.

The Report to the Shareholders was then read as follows: THIRTY-NINTH ANNUAL REPORT OF THE BOARD OF DIRECTORS (Being for the year ended 31st December, 1920)

Your Directors have pleasure in submitting the Thirty-ninth Annual Report of the Corporation, together with the usual statements showing its operations for the year ended 31st December, 1920.

The gross profits for the year, after providing for all ascertained or anticipated losses, amount to \$380,389.88. The administration expenses, including salaries, Directors' and Auditors' fees, advertising, rents, taxes, etc., amount to \$468,555.90.

The Assets and Liabilities Statement shows an increase of assets over the preceding year of \$1,839,293.87, making the total volume of assets now in the hands of the Corporation \$113,762,824.18.

It is with regret your Directors have to record the death during the year of Mr. Thomas Long, an efficient and valued member of the Board since 1915. The vacancy on the Board has been filled by the appointment of Mr. Thomas Bradshaw of Toronto, General Manager of the Massey-Harris Company, Ltd.

Mr. Bradshaw is a well known and successful business man of the city of Toronto, and is now General Manager of the Massey-Harris Company.

It only remains for me again to remind the Shareholders that each of them can do his own part in the extension of his Company's interests by his employment in any of the numerous classes of business which have been so abnormally accentuated in each year since 1915.

The usual statements submitted to the Shareholders, which are very voluminous and fully explained and laid on the table, also the Reports of the Inspection Committee, as well as the Auditors' Reports of the Head Office and Branch Offices of the Corporation.

You, of course, are aware that, owing to the extent of our business, we must of necessity have departments especially organized to give attention to and supervision to each particular class of work.

The following comparative statement of the growth of the Trusts Corporation is published for the information of the Shareholders.

It is so summarized in the books of the Corporation as to show the particular Trusts and Estates to which they belong. The Bankers' Balances, after deducting outstanding cheques, agree with the books of the Corporation.

After due consideration we have formed an independent opinion as to the position of the Corporation. In our opinion so formed, according to the best of our information, and the explanations given to us, we certify that the above statements set forth fairly and truly the state of the affairs of the Corporation and are in accordance with its books.

The President, Hon. Featherston Osler, K.C., D.C.L., in moving the adoption of the Report, which was seconded by Dr. John Hoskin, addressed the Shareholders as follows:

In presenting the 39th Annual Report of the Board your Directors feel a reasonable confidence that it will be received with satisfaction by the Shareholders, indicating, as it does, the continued growth and prosperity of the Corporation.

It seems needless to repeat in extenso the figures and details which appear in the report, as you will presently hear from the address of the General Manager a full account of the various activities of the Corporation during the past year.

There has been transferred to the Reserve Fund the sum of \$50,000 (which includes the sum of \$171,395 received on account in respect of the new stock issue) and the balance of the Reserve Fund now stands at \$2,350,000.

The Shareholders may fairly be congratulated upon the result of the year's operations, and probably most of them will reflect, after reading the report, that the Corporation has responded to the recent reports of the banking and other financial institutions of the country, that, large as is our National debt, heavy as are our taxes, and that, in spite of the serious and persistent unemployment and returned soldiers, there is no country which, at present at all events, is suffering less than Canada from the aftermath of war.

As time goes on pressure will probably be brought to bear upon Financial Corporations, as upon individuals, to contribute to charitable and other objects worthy of support. Individuals have responded freely in the past, and no doubt will continue to do so, but a Corporation, without their consent, cannot thus dispose of the money of its Shareholders.

I need not again dilate upon the advantages which in the effective administration of estates a Trust Corporation affords.

Your Directors are again pleased in being able to present to the Shareholders a satisfactory report of another year's operations, notwithstanding the fact that there have been in business generally many uncertainties and difficulties with which to contend, as well as the ever-increasing cost of management and the regular charges, which have been so abnormally accentuated in each year since 1915.

The usual statements submitted to the Shareholders, which are very voluminous and fully explained and laid on the table, also the Reports of the Inspection Committee, as well as the Auditors' Reports of the Head Office and Branch Offices of the Corporation.

You, of course, are aware that, owing to the extent of our business, we must of necessity have departments especially organized to give attention to and supervision to each particular class of work.

The following comparative statement of the growth of the Trusts Corporation is published for the information of the Shareholders.

The following comparative statement of the growth of the Trusts Corporation is published for the information of the Shareholders.

distinctions between the amount of investments negotiated by the Corporation as Trustee, and the amount of assets still remaining in the original state in which they came into the hands of the Corporation, will, I am sure, be of interest:

Table with 3 columns: Year, Investments negotiated by the Corporation, Original Assets taken over.

These figures not only indicate the continually increasing volume of estate business, but also the fact, after taking into consideration investments made for our Capital and Guaranteed Accounts, that the Corporation is one of the largest investing companies in Canada.

The public have no conception of the amount of detail and the number of enquiries for information and advice that the Corporation is called upon to consider and deal with in affairs of estates involving the management of assets. It is the natural result of the conduct of a business such as Trust Companies have to carry on that our affiliations with members of families are bound to bring us into the closest personal contact with all their business relations, and it is only natural that they consult us for advice and information on many matters even apart from the pecuniary interests which we represent.

The demand for mortgage loans has been a steadily increasing one during the past year, and in the case of the Northwest Provinces, where the money has been required in many instances to pay off advances made by the Banks to the farmers. There is every indication that the demands from the West will continue to increase.

It is with particular pleasure that I am able to report that the collections of interest on our investments in Ontario, where the great bulk of our investments are made, are satisfactorily maintained. I tell you that out of \$2,014,591.45 of interest charged up during the year, including \$38,801.44 brought forward from the previous year, there have been collected up to this date the equivalent of \$2,450,000, which is an excellent showing. Our normal collections do not show up as favorably nor do we expect it, owing to local conditions, the percentage of collections as at this date being 74.03%.

In regard to the Corporation's own Capital account as shown in the Assets and Liabilities Statement, I have referred to the increase in our Capital Stock and the purchase of office premises for our Vancouver Branch, and in order to conform with the prescribed form of annual statement by the Ontario Government it has been necessary to change the construction and arrangement of our balance sheet, and the item "Real Estate" has been divided into "Real Estate" and "Real Estate Held for Sale," amounting to \$1,551,778, appearing for the first time, in property that has been acquired by foreclosure or under power of sale proceedings, and is well secured.

The only other Real Estate owned by the Corporation is that of our three income producing properties in the Province of Ontario, and our Branch buildings, including the Safe Deposit Vault, which also form a part of this investment, and stands at \$726,000, shows a net profit of \$1,000,000, which is a very satisfactory result, which stands in our books at \$100,000, is not yet occupied by us, as the work of remodeling has not yet been completed, and consequently no proper income return on this investment is as yet available.

Our Holding of Real Estate for Sale, which is included in the Assets and Liabilities Statement, is a matter of very considerable importance, and requires very close and constant attention. An anticipated letter part of 1919, an active interest in the public mind, and for the reason that our manufacturing industry in the West has not been so successful as in the past, and the extent of our \$2,500,000. It is difficult to say what the market may be in 1921, owing to the general uneasiness with regard to trade, but it is hoped that, while it may not be as good as in 1920, a fairly active market may develop.

Now, coming to generalities, it is not my intention on this occasion to give expression to any extent to the various practical problems or future possibilities—these matters have been fully commented upon by the Presidents and Managers of Banks, Loan, and Life Insurance Companies at the Annual Meetings which have been held recently, and the ground has been fully covered. You have obtained a very excellent conception of the conditions which have occupied our attention during the past year. The difficulties with which we have had to contend during the year in the various classes of industry, prices, commercial and labor problems through the recent period of reconstruction have been the cause of much anxiety. That there have been in the West greater advances in the industrial and agricultural fields, as well as the Corporation, to make a further issue of Capital Stock to the extent of \$500,000 at \$175.00 per share to Shareholders of record on the 30th of December, 1920. I am pleased to say that the new issue has been subscribed, and is being paid for in accordance with the terms of issue.

You will remember that a Branch office of the Corporation was opened in Vancouver in 1915, and offices were secured in the Bank of Ottawa Building. The lease of these premises being about to expire, your Directors considered it wise that the Corporation should own its office building in that city. Very excellently located and suitable premises were purchased at the southeast corner of Seymour and Pender streets, at a cost of \$100,000. The building is now being remodelled to suit our requirements, and we expect to be in possession of same in the course of another month.

The demand for Safe Deposit Compartments and Storage space has steadily increased during the past year, necessitating additional needs of compartments in Toronto and Ottawa, besides which we are also providing Safe Deposit Vaults at our Vancouver Branch. These facilities for the public, we find, add not only considerable revenue to our real estate investment, but are also greatly appreciated by our clients in other branches of the Corporation's business.

You, of course, are aware that, owing to the extent of our business, we must of necessity have departments especially organized to give attention to and supervision to each particular class of work. One of these departments is the Publicity Department, which is essential to a trust company's business, for, notwithstanding the fact that the Corporation's work and the largely increasing volume of business that is being entrusted to us, we are convinced by daily inquiries that a continuous campaign of publicity and information to the public must be maintained to the advantage of the Corporation and its clients. In this connection I may say that the Corporation, through this Department, issues a quarterly bulletin, which is greatly appreciated and favorably commented upon; pamphlets and circular letters are issued periodically, besides many daily newspaper insertions. Of course, to effect and obtain the results desired by the Corporation, publicity must be maintained, and in the past we have found that the great majority of our clients, satisfied as they are, become the best advertising medium we have.

Under the control of the Corporation, and in accordance with the terms of issue, amount to the very large sum of \$113,762,824.18, or an increase over 1919 of \$1,839,293.87. The volume of new Trust Estate and business taken over by the Corporation during the year just ended again exceeds in value that of any previous year. Such results encourage your Directors more than anything else to feel that there is an increasing confidence and recognition on the part of the public in the results obtained by the Corporation in the management of estates. The public has a proper conception of its duties and responsibilities, and the best security to the parties interested, and also gives the greatest satisfaction in the results obtained by the Corporation in the management of estates, and the investment of the funds to be held in trust.

HOCKEY OTTAWA 4 ST. PATRICK'S 3

SAINTS DOWNED, MINUS CLEGHORN

Gave Ottawa a Merry Battle —Forbes Was Shining Light

Ottawa, Feb. 2.—(By Canadian Press).—The Ottawa Senators gained an equal footing with Canadiens at the top of the National Hockey League in the second half of the league schedule by defeating Toronto here tonight by a score of 4-3, while the Frenchmen were suffering defeat at the hands of Hamilton in the Bengal City. Ottawa deserved to win on the play and except for a tendency to rough it, turned in one of their best performances this season. The visitors also adapted a "set man" style of play and it was while they were playing a man short in the second period that the locals evaded matters up and played the Saints to submission. Both teams suffered considerably thru lack of good substitutes—Toronto's advantage in this respect being more than offset because of the many penalties issued to them.

The game on the whole was good, but was somewhat spoiled from a spectators' point of view thru the failure of the rink lighting system. Twice during the night the game was delayed when the rink was plunged into utter darkness. The lights were out for a few minutes and cheered themselves hoarse as rink attendants appeared on the scene and placed a line of candles along the ice surface.

The work of Vernon Forbes, diminutive goaltender of the visitors, was the feature of the night. His stopping was nothing less than marvelous. He was repeatedly cheered to the echo. Reg Noble led the visitors in the attack and worked hard all through the game. Benny and Nighbor were the stars for the local team, but the latter hurt an otherwise perfectly good night's performance by an evident attempt to "play to the safety."

Sprague Cleghorn, former Ottawa star, did not accompany the St. Pat's in their division of Ottawa. He is still suffering from the effects of injuries received in Montreal last Wednesday night. His presence on the Toronto defence might have materially affected the result of the game. The teams:

Ottawa: Toronto. Forbes, Goal; Cleghorn, Defence; Randall, Centre; Nighbor, Defence; Noble, Defence; Daragh, Right Wing; Denny, Left Wing; Dye, Left Wing; Ottawa subs.—Bruce, McKell and Graham. Toronto subs.—Stuart and Smylie. Referee—Harry Hyland, Montreal.

PESTERING TIGERS AND GRANITES ON CARD

Granites entertain the Hamilton Tigers at the arena this evening. The curling club are right up with Kitchener and a slip-up would do them in. They are a fast-breaking outfit and have a wicked shooter in Cooper. Granites will need to batter him down tight or there will be trouble.

UPPER CANADA HOLD ST. MIKES TO DRAW

St. Michael's, with the honors of Section A of the prep. college group packed away, ran into a hot usual yesterday when they tackled U.C.C. The Avenue road school were ahead nearly all the way, and the Saints had to extend themselves to get on even terms. The score was 7 to 7, and no overtime was played.

BEACHES AND VICTORIAS DRAW IN OVERTIME

Beaches and Victorias played a tie, five goals each, in twenty minutes of overtime in a scintillating hockey match at the arena last night. The teams battled until midnight, and then the game had to be called. The teams were tied at the full time and there was a battle for the full time and there was a tie. The whole U.C.C. and the Avenue line worked smoothly.

PARKDALE REMAIN IN THE RUNNING

Parkdale are very much in the running in their junior O.H.A. group. The west-end paddlers turned in a nice effort at the arena last night and defeated Moose 3 to 4. The winners showed a strong defence and a hard-effective attack that waded into effective possession.

Waller uncovered several grand pushes and snatched a team shot that moved up and for the corner each time. He collected three goals with this tough shot.

GOALS TO DATE

Table showing goals scored by various players in different games.

VARSITY SECONDS ARE VICTORS AT GUELPH

Guelph, Feb. 2.—In an intermediate intercollegiate hockey match, played at the O.A.C. arena tonight, Varsity Seconds won from the Aggies by the score of 3 to 0. The game was one of the fastest played at the college rink of the year.

KITCHENER INTERMEDIATES WIN

Kitchener, Feb. 2.—(Special.)—Kitchener Intermediates by 6 to 3 at the local stadium. The local club defeated the visitors and deserved the victory. The game was a hard-fought one.

HOCKEY GOSSIP

The game arranged to take place at Oakmount Park on Thursday night between Parkview and Victoria, Intermediate, of the Toronto Hockey League, has been postponed until next week.

Bythwood ladies' hockey team, who play in Welland next week, are in need of two more players. Telephone Mr. Birch, 312.

FIGHT WILLARD MEETS WINNER SEPT. 5

AFTER HAVING SIX TEETH OUT

Is it a dream, or will I really come back?

BILL BOX AT CENTRE AGAINST AURA LEE

Kitchener, Ont., Feb. 2.—(Special.)—Radical changes will likely be made by Coach Dick Carroll in the Kitchener team for the Friday night game with the Toronto Aura Lee team here. The changes will be made with two things in mind: First, the using of the available material to the best advantage, and, secondly, to put more weight and bumping ability into the forward line, a thing which the Kitchener seniors have lacked all season.

HOW CLUBS STAND IN WESTERN CITY LEAGUE

Table showing the standings of various hockey clubs in the Western City League.

TIMMINS MEETS SOO OR SUBURBY

Timmins, Ont., Feb. 2.—By handing Soo the first defeat of the season here last night in an N.O.H.A. game, Timmins, the Timmins team practically secured the right to meet the winners of the Soo-Suburby series for the honor of the Soo-Suburby series for the honor of the Soo-Suburby series.

ALLISTON BEAT MEAFORD

Meaford, Feb. 2.—Alliston defeated Meaford tonight in the O.H.A. junior series, resulting in a victory for Alliston by six to two.

LINDSAY TIES SCORE

Lindsay, Ont., Feb. 1.—Lindsay Intermediate had to exert every ounce of strength to tie the Toronto team at Markham 4 to 4. The ice was fast, and provided a good game.

ENGLISH CUP REPLAYS

TIGERS IN OVERTIME

Frenchmen Adhere to Hockey, With Newswy Lalonde Playing Game Game

Hamilton, Feb. 2.—Hapington witnessed its first overtime game of the season tonight, when the Tigers defeated Canadiens 6 to 5. The teams did not have to go much longer than the regulation hour before the game was decided 38 seconds after overtime started.

FRIDAY, FEBRUARY FOURTH

COMPLETE REVERSAL IN WHEAT MARKET

Futures at Winnipeg Rise on Reports of France Again Entering Market

Winnipeg, Feb. 2.—A complete reversal occurred in local wheat market today and prices, which have been weak for many days, after opening firm, commenced an advance until a gain of over 4 cents was registered. This strength was attributed to the report that both Belgium and France were again in the market, and that the latter country had taken an aggressive selling today and a better tone was in evidence during the afternoon.

The cash wheat situation was unchanged with a very limited offering and a fair demand, especially for milling grades. On the coarse grain markets prices were firmer, in sympathy with wheat, but the volume of trade was very small. Spreads were unchanged. Oats closed 1/2c higher, barley 1/2c higher to 3/4c lower; flax, 5c higher, and rye, 1/2c higher.

Wheat—May—Open, 1.58 to 1.68; close, 1.68 bid. July—Open, 1.50 to 1.60; close, 1.50 bid. Oats—May—Open, 47 1/2c to 48c; close, 48c bid. July—Open, 48 1/2c to 49c; close, 48 1/2c bid.

CHICAGO CASH PRICES. Chicago, Feb. 2.—A complete reversal occurred in local wheat market today and prices, which have been weak for many days, after opening firm, commenced an advance until a gain of over 4 cents was registered.

ARGENTINE CROPS SUFFER. London, Feb. 2.—Lord St. Davids, at a special meeting of the stockholders of the Buenos Aires Pacific Railway, gave an unfavorable report of Argentine conditions.

BOARD OF TRADE. Manitoba Wheat (In Store Fort William). No. 1 northern, 1.75 to 1.80; No. 2 northern, 1.70 to 1.75; No. 3 northern, 1.65 to 1.70.

TRENDS UPWARD IN GRAIN MARKET

Heavy Declines Are Thought to Have Discounted Unfavorable Aspects.

Chicago, Feb. 2.—Belief that at least for the time being, all bearish conditions had been discounted, led to material gains in the price of wheat. Closing prices today in the wheat market were 1 1/2c to 3 1/2c higher, with March 1.56 1/4c to 1.57 1/4c, and May 1.46 1/4c to 1.47 1/4c.

ST. LAWRENCE AND PRODUCE MARKETS

General Trend of Business Is Toward Lower Levels.

We quote these prices: Wholesale prices to the retail trade: New-laid, cartons, 80c to 85c; 70c to 75c; 60c to 65c.

ACTION FOR ALLEGED BREACH OF PROMISE

Before Justice Kelly and a jury at the court hall, Miss Estelle S. M. Rowe yesterday began her action for unsated damages for alleged breach of promise of marriage against Alexander James Johnston of Toronto.

She says that they met in Guelph in 1913 and became engaged in 1914. A ring being presented in December, 1914. In July, 1918, Johnston called but returned in February, 1919, and revisited her at her home, staying four days. Other visits were made and letters written until February, 1920, when Miss Rowe says Johnston ceased to write.

LIVELY SESSION AT RADIAL INQUIRY

Motor Truck Representative Gives Opinion on Operating Costs.

F. C. Cowan, the motor truck expert, employee of one of the large tire companies in Toronto, who was cross-examined at yesterday's continuation of the radial probe, came into hot conflict with counsel for the Hydro-electric commission.

AT THE MILK PRODUCERS' CONVENTION

SAY MARRIED WOMEN HOLD JOBS SELFISHLY

The officers of the organization in the photograph (left to right) are: E. H. Stonehouse, president, Weston, Ont.; W. E. Thomson, director, Woodstock; J. L. Cook, vice-president, Beachville; Thos. Shafer, director, Perth county; Robt. McCulloch, director, Peel county; J. P. Griffin, director, city.

At a meeting of the board of control yesterday afternoon it was decided to ask the employers of Toronto to make a survey of their staffs and to replace all married women with unemployed men except in cases where the woman is the sole support of herself or family.

MAYOR'S HOUSING PLAN TO COUNCIL

His Worship Expresses Desire to Relieve the Labor Situation.

The mayor's plan to relieve the labor and the housing situation by appointing a civic commission to build one thousand houses was sent along to council by the board of control yesterday.

Con. Maguire said there was a shortage of houses and that council might proceed fully informed on the question, but his worship replied that that would involve delay.

The committee expressed the opinion that the cost of the houses would be an investment which would pay for itself in the long run.

TORONTO MAN HAS HOLD-UP EXPERIENCE

Harry Goodman Was in Gun Fight in New York—Thugs' Long Terms.

A thrilling gun fight following a hold-up at his shop on forty-second street, New York, has been the experience in one short week of Harry Goodman, 35 Cecil street, Toronto.

Goodman, who has been managing a store for Club's Tobacco Company, was recently transferred to their New York branch and was behind the counter on Friday last when he was informed that a hold-up had been planned to take place at his shop that night.

At about ten o'clock that night three men entered the shop and pointed their guns at Goodman, forcing him to put his hands up into the air.

At this point the detectives jumped from their places of concealment and a hot gun fight took place, during which one of the gunmen was shot in the abdomen and died a few hours later.

The following new directors were elected: Humphrey Dymally, Dundas; Robert McCulloch, Stuehr, and E. H. Stonehouse, Weston.

A prolonged discussion ensued over the dairy standards act, passed by the legislature in 1916, but which has never been enforced.

The executive committee was authorized to arrange for a line of credit of \$7,000 at the Royal Bank.

SAY MARRIED WOMEN HOLD JOBS SELFISHLY

Unemployment Committee of Board of Trade Calls on Employers to Give Work to Those in Utter Need—Situation Declared to Be Growing Steadily Worse.

Married women holding business positions when their husbands or other bread-winners of the family are working will have difficulty keeping unemployed men from taking their jobs if the aims of the unemployment committee of the Toronto board of trade are achieved.

At a meeting of that body held yesterday afternoon it was decided to ask the employers of Toronto to make a survey of their staffs and to replace all married women with unemployed men except in cases where the woman is the sole support of herself or family.

The following new directors were elected: Humphrey Dymally, Dundas; Robert McCulloch, Stuehr, and E. H. Stonehouse, Weston.
