Reds There Occupy Iletak After Severe Fighting — Rumanians Prepare for Offensive to Join General Denekine — Danube Opened

London, Aug. 20.—Anti-Bolshevik forces have occupied Iletak, on the Danube River for the purpose of joining forces with General Denekine's army in southern Russia, according to the Echo de Paris.

Budapest, Aug. 19.—Navigation on the Danube has been opened on Ragnsburg to the Black Sea, Admiral Trowbridge and his French, Italian and American colleagues having succeeded in clearing a channel 150 yards wide through the mine fields laid during the regime of Bela Kun between Pressburg and Baja.

The commission which controls navigation on the Danube has succeeded in constraining the Rumanians to conform to its decision not to interfere with shipping. Regular service has been interrupted between Pressburg and Budapest.

Omsk, Aug. 15.—(By the Associated Press)—Two thousand Bolsheviki and Magyars who had escaped from prison camps on July 30 by Siberian troops, 200 of the prisoners being killed in the fighting, the exception of sixty, being surrounded and captured, according to a Czech report.

The prisoners had planned to attack the prison camps from a hill, but were defeated. Czech troops prepared to cooperate with the Siberians against the Bolsheviki and Magyars, but their assistance was refused.

Selenki, Aug. 19.—Reports of serious encounters in Asia Minor between Greek troops and Turkish bands were exaggerated, according to a statement made by General Paraskevopoulos, commander-in-chief of Greek forces in Asia Minor. He says the Turkish bands in that region were dispersed when sufficient Greek forces arrived.

LATEST REPORT SAYS MAXIM GORKY SHOT

"Jake" Peters, Known as "The Man Killer," Said to Have Ordered Execution

London, Aug. 20.—Maxim Gorky has been captured and shot by Lithuanian troops by order of "Jake" Peters, the extreme Red, who was leader of the Housiditch gang of thieves there in 1911, says Vorwarts, the Socialist organ in Berlin.

The arrest of Gorky, Russian novelist and politician, has been reported several times in recent months. Born in 1868, he was successively a painter of icons, a peddler of beer, a scullery boy, gardener, watchman and baker's apprentice. He visited the United States in 1906 and was so impoverished that he served as a waiter in an Adirondack hotel.

Gorky's fame as a novelist came quickly and declined as rapidly. He enlisted in the Russian army in 1914. After the revolution he seemed to be friendly with Lenin and Trotsky and was reported to have accepted the post of director of Bolsheviki propaganda. Then he and the Bolsheviki leaders quarreled and Gorky wrote in The New Life, a journal he published in Petrograd, thus: "Lenin, Trotsky and his comrades are already infected with the indolent poison of power."

Recent despatches from Russia have called "Jake" Peters "the man-killer," and accused him of slaying hundreds of persons suspected of fomenting a counter-revolution.

PLAN NEW PACIFIC CABLE

San Francisco, Aug. 20.—A new trans-Pacific wireless as well as a proposed cable system is under consideration by American and Japanese business interests, according to Kakechi Uchida, a former Japanese secretary of communications, who arrived here yesterday in the interest of the proposed cable line. He will confer with Secretary of State Lansing in regard to the cable and will meet business men in San Francisco and New York to promote formation of a company to assume approximately half of the \$25,000,000 expenditure proposed for the new system.

He will leave for New York Friday, and after visiting Washington, will go to London.

Appointments On C. N. R.

M. F. Tompkins General Freight Agent For This Section

Toronto, Aug. 20.—In a circular issued by George Stephen, freight traffic manager of the Canadian National Railways, the promotion of A. T. Weldon to the position of assistant freight traffic manager at Montreal, with jurisdiction over all lines east of Fort Arthur and Armstrong Ont., is announced. Mr. Weldon previously held the position of assistant freight traffic manager at Moncton, N. B. with jurisdiction over the lines of the Canadian National Railways in the maritime provinces only.

STREET RAILWAY TRACKS TAKEN UP IN UNION STREET

Paving Work Between Brussels and Waterloo Under Way

The tracks have been removed from Union street, between Waterloo and Princess, where the new pavement will be laid. The efforts of the paving crew will be concentrated on the track section so that work may be completed there and street car traffic resumed as promptly as possible. The concrete foundations will be laid in this section first, and when it has hardened and the tracks are replaced, it may be possible to allow the cars on one of the tracks before the rest of the street is finished, if the time taken stretches out too long. Meanwhile passengers are transferring around this block and the interruption to street car traffic is not so serious as the inconvenience caused to general traffic. On account of the importance of this section, every effort is being made to rush the work as much as possible.

The next street to receive attention will be Germaine, between King and Union, where paving work will be commenced when the contractors who are laying the curbing are through.

HERE AFTER ATTENDING SONS OF ENGLAND CONVENTION

After having been in attendance at the convention of the Sons of England in Hamilton, Ontario, Edward A. Lawrence returned to the city yesterday well pleased with the work done and the reports presented as to the state of the order. T. H. Carter of this city holds the honor of being elected vice president by acclamation. He is expected home tomorrow or next day.

OUTLOOK FOR THE OTTAWA SESSION

Ottawa, Aug. 20.—While the list of orders-in-council to be continued in force after the formal proclamation of peace has been made promises to be a fairly long one, the actual legislation which it will be necessary to introduce when the House meets on September 1 may not be heavy. The majority of the bills to be introduced will simply make provision for the continuance in force of orders-in-council for a specified period. Supplementary estimates to be introduced will be light. Provision of course will have to be made for the cost of the session, including the indemnities of members of parliament and the senate. Other items will be such as in ordinary years are covered by the issuance of government warrants. The matter of relief for certain western districts which are in a bad way because of successive crop failures is now engaging the attention of Hon. Arthur Meighen and Hon. J. A. Calder, who are in the west, and may call for some legislation and financial assistance from the federal parliament.

RAILWAY STRIKE IN ENGLAND IS AVERTED

London, Aug. 20.—An agreement has been reached between Sir Auckland Geddes, minister of reconstruction, and the locomotive engineers and firemen settling the men's demands. The insistence of the railroad men on Aug. 18 that the long-pending wage dispute be settled immediately threatened for a time to result in a strike that railroad men said would have disastrous effects on the country.

The government offered the locomotive engineers and motormen of electric lines fifteen shillings daily and the firemen eleven shillings, these wages being a substitute for the present system of wages and bus bonuses. Representatives of the men recommended acceptance of the government's scale.

As Hiram Sees It

The Settlement, Aug. 19.—A blueberry pie from the oven of Mrs. Hiram Hornbeam is not to be described as a dream, but a blessed reality. There is depth to the top crust is a lovely brown. The bottom is not a pasty substance, but thoroughly cooked, beyond compare. To devour a quarter section is to create a desire for a second. It is only with reluctance and because of a sense of shame that a third quarter, covered with happy to whose lips take on a bluish tinge from the kisses of such a lover.

Hiram and the Times reporter had a day on the blueberry farms, and Mrs. Hornbeam did the rest. And then the dumpling, boiled to perfection and drenched with delectable sauce. There came the heat of the afternoon, the bride wore a huge tulle traveling suit with hat to match and taupe fur. Mr. and Mrs. Francis will leave this evening for Winnipeg, where they will reside. En route they will visit Toronto, Ottawa, Niagara and other places.

CHINA HOLDS HER STIFF ATTITUDE

Will Not Sign Peace Treaty and Will Not Negotiate With Japan

Peking, Aug. 17.—(By the Associated Press)—A mandate declaring war with Germany at an end will not be issued until the treaty with Austria is signed. In the meantime the government is considering what measures will be taken when the mandate is issued. It is decided to still determine whether to sign the German proposals for mediation regarding the signing of the peace treaty.

POUND TODAY'S DOWN TO \$4.14

A Drop of Almost Five Cents Since Yesterday

OTHER EXCHANGE AFFECTED

French and Italian Money Drops — Rumor of Stabilizing Loan by French—Wall Street Opening Firm With Steel Strike Vote Near

New York, Aug. 20.—British exchange fell to a new low today, demand sterling dropping almost five cents to \$4.14. French and Italian exchange were similarly affected. Paris demand bills falling to 1.5 francs to the American dollar and demand lire to 9.12.

Reports current in the financial district that the French government is negotiating for an American loan of \$100,000,000 to \$200,000,000 for the purpose of stabilizing its credits in this market. Lacked confirmation in well-informed banking circles.

Gold to Canada
New York, Aug. 20.—Gold coin valued at \$125,000 has been withdrawn from the sub-treasury here for shipment to Canada, it was announced today. The gold is being sent to Toronto, where it will be placed in the hands of the people.

In Wall Street
New York, Aug. 20.—A firm of strong tone prevailed at the opening of today's stock market despite the imminence of a strike vote to be taken by steel employees. Equipments and tobacco extended the general list to higher levels, rails and shipping also displaying better tendencies. Mexican Petroleum registered an initial fractional reaction but soon rallied almost two points and Pre-American Petroleum gained a point. United States Steel rose half a point and Gen. Leather was among strong price exchangers.

Noon Report
Less than 200,000 shares changed hands in the first hour, trading coming almost to a standstill after the opening. Gains were irregularly extended, various specialties joining in the advance. Reassuring advices respecting the Mexican situation impeded further strength to oil, metals, also improving. There was a good undertone to shippings and rails of the minor class hardened with investment transportation, but noon, however, much of the rise was cancelled, sailing resulting from the further demoralization shown by foreign exchange.

Corn and Oats
Chicago, Aug. 20.—The corn market today opened strong with limited offerings which were readily taken. Resting orders to sell on the uptick checked the early advance and the market sagged. Further sharp declines in foreign exchange rates which touched a new low level were reflected in heavy selling of corn, at prices about one cent lower than the opening figures on all deliveries. Opening prices ranged from one-half a cent lower to one cent higher than the closing of yesterday. Opening figures were unchanged to 3-4 cents higher, with September at 78 1-2. The early decline was checked at about yesterday's closing. Provisions were dull with prices slightly advanced, figures ranging from ten cents to seventy cents higher.

BRITAIN REMOVES SOME RESTRICTIONS ON EXPORT OF CAPITAL

London, Aug. 20.—(Reuters)—The treasury department announces the removal of certain restrictions on the export of capital. Remittances can now be made for the purchase abroad of any form of property. Hitherto money could be remitted only for the purpose of paying for merchandise. Securities held abroad can now be sold on the stock exchange provided they have not been in enemy ownership since the outbreak of the war.

EFFECT OF DOWNWARD TREND OF THE MARK

Berlin, Aug. 19.—(By the Associated Press)—As a result of the continued downward trend of the German mark, the food controller has ordered the discontinuance of purchases in Holland and Denmark. While the action is ostensibly based on the pretext that supplies already under contract meet most urgent needs and that these sources of supply may be temporarily dispensed with in view of increasing arrivals of overseas shipments, official concern over the exchange situation is held to be the real reason for the controller's orders.

GOING WELL ON AIR TRIP FROM FRANCE TO TURKISH CAPITAL

Paris, Tuesday, Aug. 20.—(French Wireless Service)—Two French aviators, Major Guillaume and Lieutenant Deniau, who left Marseilles on August 12 by airplane for Constantinople and Cairo, landed at Saloniki on August 15 and resumed their flight the following morning, according to messages received here yesterday. They carry fuel tanks for a non-stop flight of 900 miles.

GERMAN LEGISLATION TO PROVIDE WAY FOR MEETING PEACE TERMS

Sweeping Bill is Introduced in National Assembly at Weimar

Berlin, Aug. 20.—(By the Ass'd Press) A bill providing ways and means for carrying out the peace terms was presented before the National Assembly at Weimar on Monday with the approval of the imperial council. It is a far-reaching measure, the purpose of which is to set definite limits and establish control of all sorts of activities in commerce, finance and in industry bearing on the means of meeting the responsibilities laid upon Germany by the conditions of peace. It empowers the government, for instance, to demand and enforce industrial, mercantile and forest work closely concerned with the work of paying indemnities.

The government is authorized to demand information about wages and material and may inspect the books, papers and business documents of firms, as well as fix prices, adjust labor conditions and supervise the efficiency of industrial equipment. It also imposes penalties up to three years imprisonment and a fine of 50,000 marks for illegal payments of money.

CASSANDRA REACHES QUEBEC, THE BALTIC AT HALIFAX TOMORROW

Quebec, Aug. 20.—The Cunard liner Cassandra, from Liverpool, docked here last night at 6 o'clock. She had slightly more than 1,000 passengers, among whom were approximately twenty-one officers, 400 other ranks, 323 dependents and 162 cabin passengers.

After landing the troops and dependents here, she left for Montreal at 11 o'clock. A wire received by Charles Robinson, secretary N. B. Returned Soldiers' Commission, states that the following officers and other ranks arrived on the Cassandra and will proceed to St. John by regular train: Corp. J. H. Wailes, Woodstock, Carlton county; Pte. H. Pte. N. Peacock, Stanley, York county; Sergt. P. Henry, Pte. S. C. Howell, Mrs. P. Marley, South Devon, York county.

Mrs. Maggie Scoble and Mrs. Sadie Muise, convicted under the Indian act of having liquor in their possession, were ordered by Police Magistrate Limerick this morning sent for six months to the Home of the Good Shepherd at St. John.

LABOR MATTERS IN CITY

Union Officials Report Seventy-Five Per Cent. Organized

The assertion that seventy-five per cent of the men regularly employed in manual work in St. John are organized in trades unions was made this morning by F. A. Campbell, president of the Trades and Labor Council of the Association. They said that the union movement has been growing steadily in St. John and that the only important classes of workers not organized were the textile workers, laundrymen and tanners.

There are now forty-three unions affiliated with the Trades and Labor Council, in addition to others which are not affiliated. Since the beginning of this year fourteen new unions have been organized and affiliated with the council and three others also organized but not affiliated.

From the standpoint of the labor leaders and the men themselves, the employment situation in St. John is reported encouraging, with little unemployment among the men employed in the building trades. The chief drawback has been the lack of building operations which has resulted in idleness among the men employed in the building trades. As a result of this condition carpenters, painters, plumbers and masons have been leaving St. John for other parts of the province, where work in their line is more plentiful.

THE HARBOR

There was an informal discussion of the harbor commission proposals in the mayor's office this morning when E. W. Wigmore, M. P., called to see His Worship. In the course of the discussion the city chamberlain referred to statement that the sinking of the ship had been in hand against the harbor debentures would be equivalent of an increase in the price to be paid by the federal government. He said that this fund had been raised by general taxation and did not come from harbor revenue, and therefore had no more relation to the price the government should pay than any other of the city's assets. The comptroller recalled the time when St. John men employed through traffic to use of the facilities provided by the city, practically free of charge, a substantial contribution to the business of the nation which does not appear in the records of the city's investment.

MAY BE MURDER CHARGE AGAINST HUN HEINRICH

Lille, France, Aug. 20.—(French Wireless Service)—Evidence adduced before the French military court inquiring into crimes committed by the Germans during the occupation, indicate that a charge of murder may be brought against von Heinrich, a former military governor of Lille.

Testimony against von Heinrich was given yesterday by Mesdames Jacques and Martens, widows of men shot by the Germans. It was testified that after sentence of death had been passed on Jacques and Martens, von Heinrich authorized the lawyers of the condemned men to appeal to the German emperor.

While the appeal was being made, von Heinrich, it was declared, ordered that the men be executed and they were shot twenty-four hours later.

Will You Send Your Boy to College?

Of course you will—if you live.

—But supposing you die, what's to become of the lad? Will he, at fourteen or earlier, be forced out into the world to earn his living?

Or will you give him the chance of his lifetime, anyway?

You can do it, whether you live or die, by means of an Imperial Endowment Policy. Let us tell you more about it.

DOESN'T DOUBT GOOD SHE HEARS

St. John Woman is a Firm Believer in Tanlac Now—All Her Troubles Are Overcome.

"I don't doubt anything good I read or hear about Tanlac since it has done so much for me," said Mrs. S. W. Wilband who lives at 49 St. David street, St. John, the other day.

"I had about reached the point where a good night's sleep was out of the question," continued Mrs. Wilband, "for my nerves were in terrible condition. In fact, I was so completely run-down in every way that I was hardly able to be up and about. I just had a tired draggy feeling all the time and couldn't do my housework without stopping now and then to lie down and rest a while. I also suffered with pains in my back nearly all the time, and would often have severe headaches. This trouble had been going on for about two years, and while I was taking different medicines and treatments, my condition gradually grew worse all the time, and finally about got the best of me.

"Then I began to read about Tanlac, and I saw where several people who had suffered like I did, had been greatly relieved by using it, and I decided to give it a trial myself. Tanlac was just what I needed for I commenced to improve right from the first, and I just kept on getting better until I am now as well and strong as I ever was. I have a fine appetite, and my nerves have gotten in such fine condition that I sleep like a child every night. I never have those awful headaches now, and that pain has left my back entirely. I can do all my housework now without the least bit of trouble. In fact, Tanlac has completely overcome my troubles."

VOLUNTEER WORKERS TO ERECT Y. M. C. A. BUILDING

Winthrop, Mass., Aug. 19.—A building bee will be held at the Y. M. C. A. camp at Lake Cobosseecontee in Winthrop Center, beginning on Saturday. Twenty volunteer workers will be present from each of the 16 counties and will contribute two weeks to the erection of the 16 county buildings, Frank A. Rumery of Portland will have charge. One carpenter and one stone mason from each county will be present.

The training centre, to comprise 29 new buildings, a 200-acre site, complete equipment and a large corps of instructors and lecturers, in the plan of the state Y. M. C. A. to train men and boys will be engaged in volunteer work at the state camps the next two weeks. During the building period there will be recreation, athletics, swimming and social sessions.

It was through the training camp that 1,000 boys were trained for farm work during the war period and another 1,000 interested to turn their attention to the production of food.

HARBOR SURVEY OF COMMISSION PLAN ACCEPTED

Terms Offered by Federal Government Discussed by Council—Grandstands for West End East Ends

As a result of an address on Harbor Commission, given before the Rotary Club and published in the press yesterday morning, there was a discussion on the matter at the weekly council meeting of the commissioners yesterday afternoon. Commissioner Bullock and Mayor Hayes both spoke, the former on what the city was doing in the way of trying to arrange for a plebiscite on the important matter of harbor commission, referring to communications from Ottawa to direct queries from the city showing that there was nothing definite in the act of parliament in regard to the city's properties in connection with the harbor commission, while his Worship the Mayor stated that he could not follow the figures quoted in the report of the speech to show where the city was receiving \$2,800,000.

The motion of Commissioner Bullock, for the city engineer to make a survey of the city properties in connection with harbor commission, was put and carried unanimously.

Commissioner Bullock introduced the following motion which passed the council.

Another general discussion was engaged in by the city commissioners in regard to the disposition of the stand erected at Reed's Point in connection with the prince's visit to the city. On motion by Commissioner Bullock the West End Improvement League and the East End Improvement League will each receive half of the stand to be erected as bleachers for baseball games. Commissioner Jones urged that a portion of the stand should be granted to the South End League also.

A communication was read from Charles A. Perry, secretary of the Fire Fighters' Union, No. 192, asking the council to arrange for a delegation from their union to appear before the commissioners. Commissioner Jones moved that the council express its willingness to meet the delegation. Commissioner Fisher said that he would advise acknowledging the communication and the commissioner also asked why the request had not come through the commissioner in whose department the fire fighters were. Commissioner Bullock moved that the communication go before Commissioner Thornton, the latter to arrange for a hearing of the association before the city fathers. This motion carried.

Commissioner Bullock asked the clerk to notify in writing Fred A. Dyke-man to the effect that the matter of the Alexandra Heights proposition had been referred to the Town Planning Commission.

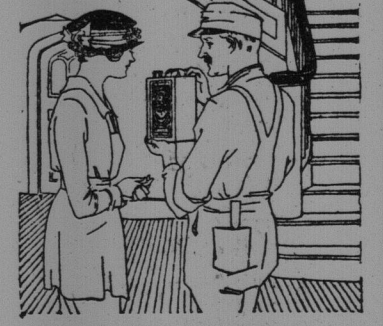

A communication was next read from Roy A. Davidson on behalf of the Motor Agency & Repair Company, asking permission from the council to erect a gasoline tank at 69 City road. The matter

BIG WHISKEY STOCK IS SEIZED AT WHITBY, ONT.

165 Gallons in Cans Found Under Ties on Premises of Foreigner

Whitby, Ont., Aug. 20.—Chief Chas. P. MacGretty has made a seizure of a big stock of whiskey, thirty-three cans of five gallons each, on the premises of a foreigner named Ulyanowich here. The chief has been watching the place for some time, and on Friday night made a search, but succeeded in finding only a barrel full of some sort of mixture which was evidently the "mash" in process of distillation. Later the search was resumed and the chief was rewarded by finding the 165 gallons in cans under a pile of ties. He also discovered caps and labels which were presumably attached to bottles filled with the whiskey. The principal offender wanted by the chief is said to be a man living in Toronto, who had disappeared before the property was searched. The whiskey was being sold at \$11 a gallon.

Some 40,000 Members Already in Various Parts—Secretary Speaks of Cash Bonus From Ottawa and Figures on \$1,200 at First

(Special to Times)

Boston, Aug. 20.—Canadian army veterans numbering 250, comprising Boston men who crossed the border to join the dominion overseas forces, decided on Monday night to form the nucleus of a local post of the American volunteers of the Canadian expeditionary forces, an organization inaugurated across seas, which has 40,000 enrolled members.

J. Barry, a Boston attorney, presided. E. L. Donnell, the secretary, spoke of the agitation in Canada to give each man who served overseas in the dominion forces \$2,000.

This bonus, he predicted, might be cut to \$1,200, although later a bill might be introduced making it \$2,000, but he advised his hearers to reckon for the present on not more than \$1,200. Among the aims of the movement, he said, was to show the world that more than 110,000 men had the courage to cross the international boundary voluntarily and enlist for the war—men who were not bound by any obligation to do so.

There are twenty-two camps already and upwards of 40,000 men are enrolled.

GEDDES CHOSEN TO REPRESENT BRITAIN

Minister to Attend International Trade Conference in Atlantic City

Washington, Aug. 20.—Sir Eric Geddes will represent Great Britain at the international trade conference in Atlantic City during the week beginning Sept. 29, if the coal situation in England is cleared sufficiently to permit him to leave his post.

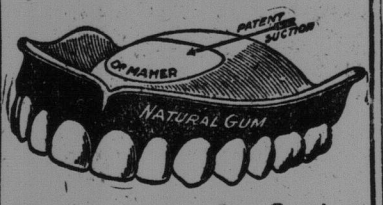

Great Britain, France, Italy and Belgium are the only countries invited to send representatives, it having been intimated in advance to the United States Chamber of Commerce that the holding of a trade conference in this country and the extension of invitations to those nations would be acceptable. It was also declared that if the conference should be called persons of great weight and influence would be charged with the duty of representing the countries invited.

M. Clementel will represent France and Signor Crechi Italy.

It is understood that other nations would like to have delegations at the conference, and the question of inviting them is under consideration.

CHARGED WITH HELPING ENEMY ALIENS TO LEAVE THE DOMINIONS

Montreal, Aug. 20.—First steps in the probe of what promises to be a serious state of affairs in regard to passports issued to alien enemies, following discoveries made by Captain J. N. Carter, registrar of enemy aliens, were commenced yesterday before Judge Marin of St. Hyacinthe in the local police court. Two accused are Ioan Thomassco alias Edou Popesco, and Rev. Doistei Constantinescu, two Roumanians. The charge was knowingly assisting enemy aliens to leave the country without first ascertaining

whether they had permission from the registrar.

After some evidence the case was postponed until the 27th, and bail was granted.

Last week Captain Carter discovered that some Austrian subjects were leaving Montreal en route for home with Roumanian passports, and took them off the ship. So far as Canada is concerned the war still exists, the peace treaty not yet having been ratified by Canada.

Suicide, Says Jury

Woodstock, N. B., Aug. 19.—The verdict of the coroner's jury at the inquest into the death of Agnes Montgomery, was suicide by drowning. The inquest was held this evening and from all the evidence at the disposal of the jury the only possible finding was suicide, although it is thought by some that there is some mystery connected with the unfortunate affair and that there may be some further developments.

MINISTERS' SALARIES.

A letter from Rev. J. E. Gosline, printed in The Telegraph a day or two ago, on the cost of living and the salaries of clergymen, has caused much quiet and earnest discussion, because it went deeply into a situation of general interest and dealt with it by means of some striking comparisons.

They must be rigidly enforced. Good health is an asset which cannot be measured in dollars and cents, and any attempt, malicious or otherwise, to break down the safeguards thrown around it should be stamped out by bold and determined action.

Readers of The Times are reminded that this newspaper does not publish anonymous letters. All communications intended for publication should contain the name and address of the writer, given in such a way that verification is quickly possible.

That is a good record made by the civil service employees of Canada in the war as disclosed in enlistment figures and compilation of decorations won, sent out from Ottawa.

THE PUBLIC HEALTH.

The Canadian Official Record warns the people of Canada that an insidious effort is being made "in the name of religion" to frustrate health regulations and retard the work of health authorities and others to improve conditions generally.

In the current issue of Conservation of Life, an official publication of the Commission of Conservation, a similar warning is given. The public will do well to be on its guard against such propaganda and members of Parliament and of the Legislatures will no doubt refuse to be influenced by it.

MID-AUGUST. Spiders are spinning their webs, I hear pears falling, Birds are still, yesterday They were singing and calling.

Grapes are swelling now, Globes of silver green, Their leaves lie close, but the sun Slips in between.

There's a blue haze in the air, A butter fly's questing flight Leads where petunias bloom, Crimson and mauve and white.

Goose-necked poppies are dead— They have had their flaming hour, Marigold buds are green— We wait for the yellow flower.

The goldfinch sits like a jewel By dried hollyhock seeds; The wayside is adorned With vivid weeds.

The fields are dappled brown, The barns are filled, And sweet with hay that spills Clover, distilled.

August's a quiet time, Do you hear pears fall? Cicada sings all day And at nightfall

The katydid's sharp cry, Prophetic, calls the hour Of him for the fruit, And death for the flower.

—Louise Driscoll in N. Y. Times.

A Hopeless Case. A doctor came up to a patient in a lunatic asylum, slapped him on the back and said: "Well, old man, you're all right. You can run along and write your folk that you'll be back home in two weeks as good as new."

The patient went off gallily to write his letter. He had it finished and sealed, but as he was about to fix the stamp the letter slipped through his fingers to the floor, alighted on the back of a cockroach that was passing, and stuck. The patient hadn't seen the cockroach. What he did see was his escaped postage-stamp zigzagging aimlessly across the floor, and following a crooked trail up the wall and across the ceiling.

In depressed silence he tore up the letter that he had just written and dropped the pieces on the floor.

"Two weeks!" he said, "I won't be out of here in three years."

RECENT DEATHS

Mrs. Louis Goodine. Frederickton, Aug. 19.—Mrs. Mary Estella Goodine, aged thirty-seven years, died Monday at her home, Springhill. She is survived by her husband, Louis Goodine, five sons and one daughter.

Mrs. Ellen Melanson. The many friends of Mrs. Ellen Melanson will regret to hear of her death which occurred on Tuesday at the residence of her daughter, Mrs. Maude McKenna, 197 Chesley street. She was the widow of Michael Melanson and has been in failing health for some time. She was a very well known resident of the North End. She is survived by three sons, John, Henry and W. R. Melanson, all of this city; by two daughters, Mrs. Maude McKenna, of this city, and Mrs. Catherine Terven, of Los Angeles; also by three sisters, Mrs. Thomas Dugas, of this city; Mrs. Patrick O'Grady and Miss Margaret Sullivan, both of Boston.

The death of Leonard Alton, aged eighty-two, occurred at Jacksonville on August 11. He had been living in Boston for fifteen years, and had returned a month ago for a visit. His wife and two daughters survive.

Robert Anderson, a well-known resident of Wolford, died on Sunday in his seventy-fifth year. He was a member of the county council for several years. His wife, five sons and four daughters survive.

GUN IN MOTHER'S HAND KILLS SON

Clifford Wilde, of Toronto Aged 14, Dead as Result of Revolver Accident

Toronto, Aug. 20.—A bullet accidentally discharged from a revolver in the hands of his mother mortally wounded Clifford Wilde, the 14-year-old son of Mr. and Mrs. John Wilde, Sunday at 995 Queen street east. The tragedy occurred as the lad and his mother were packing a suitcase in preparation for a journey to Stayner, Ont. The boy had brought the revolver together with a belt of cartridges to his mother, and asked her to pack them in her suitcase as his grip was full. Mrs. Wilde took the revolver from her son and, while examining it, the weapon was accidentally discharged, the bullet entering Clifford's right side and penetrating his lungs. As the lad toppled dead at her feet Mrs. Wilde, hardly realising what had happened, screamed for her husband, who was downstairs at the time.

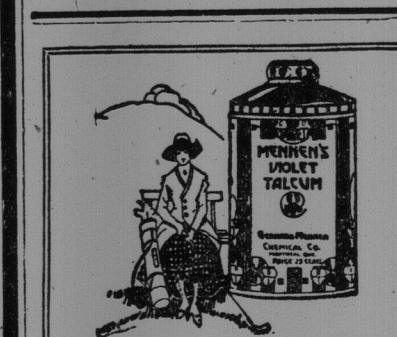

Mrs. Wilde was unaware that the wound in her boy's side had been fatal and when the police were forced to break the news to her she became hysterical. At detective headquarters, where she was taken by Detectives Wickett and Mitchell, she repeated the tragic circumstances to Inspector G. G. Gentry, who, after hearing the facts, permitted her to return to her home. No inquest will be held.

FINE WAR RECORD OF CIVIL SERVICE EMPLOYEES

Enlistments Large, Many Honors Won and Large Number Become Casualties

Ottawa, Aug. 20.—More than 4,800 civil servants, or more than enough for a full brigade of four battalions, with several batteries of artillery besides, if mobilized together, volunteered for military service during the war, according to statistics published in The Citizen. It is said that the list of names is several hundred short of the actual total. The names listed were exclusively volunteers and the thousand employees of the government railways who went to the front as the civil service went overseas as nurses. One civil servant became major-general, several brigadier-generals and many commanded infantry battalions or artillery brigades. Decorations won by civil servants numbered 204 and include two Victoria Crosses, forty-seven Military Medals and eleven D. C. M's. Foreign decorations totalled twenty. The total casualties incurred were about 1,700, and the known dead 477. There were twenty-six prisoners-of-war.

Rothsley Entertainment. An interesting and pleasing entertainment was given in the Rothsley Consolidated School last evening under the direction of Arthur McCloskey and Miss Stella Pyne. The proceeds, more than \$100, are in aid of the Fair Vale Association. Those who took part in the programme included Mrs. E. P. O'Driscoll, Miss Tessie Melliday, Miss Bernice Mooney, the Misses O'Brien, Miss Martha Butler, Miss Justina Rodrick, Miss Pyne, Miss Alice McCloskey, Miss Helen Sullivan of Boston, Arthur McCloskey, Frank Hazel and Lloyd King. Len Quinnan was accompanist and selections were played by Holder's orchestra.

C. P. TELEGRAPHERS AND OTHERS GET RAISE

Award Made by Canadian Railway War Board is Announced

Montreal, Aug. 20.—Substantial increases in wages are accorded the operators of the Canadian Pacific Railway

After a Hard Day's Work

Rub the tired muscles with a few drops of the soothing, refreshing, antiseptic liniment, Absorbine, Jr. You will find it pleasant and convenient to use and remarkably efficacious. This liniment vigorously jaded muscles, limbers the joints and prevents second day soreness and lameness after a strenuous, tiresome day of sport or work. Absorbine, Jr., is concentrated and therefore economical—only a few drops are required at an application. One ounce Absorbine, Jr., to a quart of water or which hazel makes an invigorating rub-down and general purpose liniment. Send 10c. for liberal trial bottle or procure regular size from your druggist today. W. F. Young, Inc., 317 Lymanas Bldg., Montreal, Can.

Company's telegraphs by an award handed down by the Canadian Railway War Board, adjustment No. 1. An increase of \$10 a month is given to Morse operators at "outside points," and of \$12 a month to the three percentage groups in the percentage offices, including Montreal. The wages in these three percentage groups will now be \$133.25, and \$129.50 and \$122, with a minimum of \$100 over the entire system, with the exception of city branch offices (sending only) where the minimum will be \$75, and also at one or two specified points. An eight-hour day will be worked in all outside centre offices. The increase is to date back to June 1, and in future the clerks are to be included in the wage schedule. In a case between the C. P. R. and the employees of the dining car service a decision was also given. It abolishes the allowance for excess mileage, terminal delay, etc., and substitutes the following monthly rates: Stewards, first year \$185; second year, \$185; third year, \$185; dining car chefs, first year \$135; second year, \$140; third year, \$150; second cooks, first year \$105; second year, \$110; third year, \$115; fourth and fifth years, \$120; cafe car chefs, \$125; waiters, first year, \$65; second year, \$75.

P. E. I. HONORS PRINCE OF WALES AND THE VETERANS

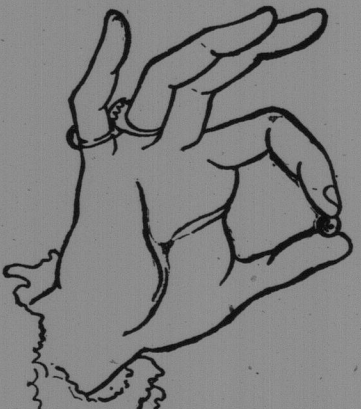

Charlottetown, P. E. I., Aug. 19.—The loyal people of this little sea-girt island, the majority of it, through this city today and extended a warm-hearted welcome to the Soldier Prince of Wales. The occasion was a dual celebration, Tuesday being also the first of the "joy days" arranged in honor of the returned soldiers of the province. The Prince landed at noon at the marine wharf and was received by Chief Justice Mathieson, administrator of the government, Premier Arsenault, Mayor Wright and others. After inspecting the guard of honor His Royal Highness was driven to the provincial building. Here he was presented by the government of P. E. Island with an address read by Premier Arsenault. An address from the City of Charlottetown was also read by Mayor Wright. After a number of citizens had been presented to his royal highness the latter was then driven through the streets lined with cheering thousands to Victoria Park where he decorated battle-scarred heroes with medals. The prince also inspected the veterans, boy scouts and cadets. This part of the programme over, he motored to the Prince of Wales College where he was the guest of honor at a luncheon given by the government. The prince visited the Woodman Fox ranch and the Experimental Farm. The scene was then changed to the driving park when trotting races were in progress. Leaving the gaily decorated royal box, the prince ascended to the top of the judge's stand, chatted with the judges and watched two heats with true boyish excitement. "This is the first time I have witnessed trotting races," he informed the Canadian Press representative and it is good sport. The last function was a garden party at Brighton Villa, given by the administrator of the government, Chief Justice Mathieson and Mrs. Mathieson. Nearly a thousand guests were present and these

were all presented to His Royal Highness. At 6 o'clock the prince amid the roar of saluting guns from the Park Battery left to rejoin his ship. He boarded the "Dragon" and the latter accompanied by the Dauntless steamer out to meet the Renown which lay outside in the straits and to which the prince was transferred to continue his journey to Quebec.

Buried on Tuesday. The funeral of Mrs. Sarah F. Finch, Douglas avenue, took place yesterday afternoon, the Rev. R. T. McKim officiating. Interment in Cedar Hill cemetery.

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

BEAVERBROOK IN ON STEEL MERGER?

Montreal Hears Interesting Gossip In Connection With Recent Buying

(Financial Post, Toronto.)
Montreal—One of the afterthoughts of the visit of Lord Beaverbrook to Canada is a report that he has interested himself largely in the Dominion Steel Corporation with the idea ultimately of arranging a merger of the three properties that figure largely in the steel list in Canada, Dominion Steel, Scotia and Steel of Montreal.

A large shareholder of "Iron" told The Financial Post that the heavy buying recently of this stock is credited to three men who are closely connected with the Dominion Steel Corporation, and Lord Beaverbrook is said to have an interest in the 12,000 to 13,000 shares that were bought at the time, and which were released by a Montreal pool that had them for some time.

Nova Scotia Steel & Coal Company as a maritime province concern, presently so at least in the early days, has been identified with Lord Beaverbrook for local reasons. It is recalled that two were together for a greater part of the tour of the visitor. Steel Company of Canada has been regarded as a sort of "pet" of the former Canadian, and the former close relations between this company and Wm. McMaster, of the Steel Corporation, (whose son is assistant manager of the Steel Company of Canada) needs little demonstration. A merger of the three big companies would appear not to be at all unlikely development of the next year or so.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles such as indigestion, gas, sourness, stomach-ache, inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, and a consequent formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphated magnesia, a good and effective corrector of acid stomach, should be taken in a glass of water at once.

An antacid, such as bisulphated magnesia can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestion.

WEEKLY REPORT ON NEW BRUNSWICK CROPS

Fredericton, Aug. 19.—The hay crop is reported good on the Tantramar Marshes. Cutting is quite general in that section which produces a lot of hay and is later than other parts of the province.

Generally speaking, the grain crop is inclined to be somewhat thin on the ground, but is heading and filling well. In Carleton and Kings some oats are being cut. The quality will be good and the yield quite satisfactory, although not a heavy crop.

Potatoes on the whole are growing well and give promise of a good yield. In some sections they are reported as being at a standstill and tops wilting down, while from other districts come reports of an excellent crop. Taking the province as a whole, if nothing unforeseen happens between now and the harvesting time, there will be a good average crop in the province.

Pastures are good for the time of year, but are gradually becoming poorer, with a consequent falling off in milk production. Drivers who have provided green crops for feeding are beginning to use them with good results. This practice is not general enough in the province. It is the only way to keep up milk production when pastures begin to go down. Factories and creameries report a gradual falling off in milk production. So far for the season has been good and the output for the year will be higher than last year. Creamery butter is selling wholesale at 50c. a pound.

MONTREAL PROPOSAL TO CHANGE CUSTOMS REGULATIONS

Value For Duty on British Goods on Basis of Rate of Exchange at Time of Shipment

Montreal, Aug. 20.—The council of the Montreal Board of Trade yesterday adopted resolutions in support of the proposal of Mr. Sifton, minister of customs, urging the removal of the discrimination against British imports by making such changes as may be necessary in the customs regulations to permit of the establishing of value for duty on the basis of the rate of exchange current at the time of shipment from British ports.

In the matter of the payment of ocean freights, the board of trade yesterday was successful in inducing the steamship companies to accept as a basis a premium of 9 1/2 per cent, or \$4.86-2-3 to the pound sterling, which basis has remained in effect up to the present, and was until recently acceptable to all.

At present sterling exchange is quoted at about \$4.80, while ocean freights continue to be settled on the basis of \$4.86-2-3. The council decided to ask the shipping interests temporarily to adopt the system in effect in New York and allow the settlement of freights to be made on the basis of the rate of exchange current on the day of the ship's entry at the customs house, a fixed rate to be reverted to on the return of normal conditions.

THE STRIKING ACTORS AND MANAGERS GET TOGETHER

New York, Aug. 20.—Representatives of the Actors Equity Association and the Producing Managers Protective Association met yesterday for the first time since the actors' strike began, in a conference held in the city.

The recognition of the Equity Association was found to be virtually the only obstacle in the way of a settlement, was announced last night. Equity representatives denied vigorously that a "closed shop" was demanded by the union. A second conference will be held today.

The twentieth play house was closed by the strike last night.

CANADIANS' HARD HITTING HELPED END WAR IN 1918

Ottawa, Aug. 19.—The last one hundred days of the war in which the Canadian Corps struck many heavy blows which finally brought about the collapse of the German military machine, came after the decision of the Supreme Allied War Council that only one more battle should be fought in 1918, Sir Arthur W. Currie, commander of the Canadian Corps and now Inspector of Canadian forces told an audience of 700 persons at today's Canadian Club luncheon in the Chateau Laurier.

"On August 1, 1918," said General Currie, "The war council had decided we would fight only one more battle, which was to be an effort to free the Paris-Amiens railway and gain the Amiens defense line. Then all the allied forces on the Western front would make their positions secure and wait until this spring for the American army to get there in strength. Then it was planned that we would finish the war."

However, said Sir Arthur Currie, the attack on the Amiens line had resulted so splendidly that it was decided to push ahead, and the result was the collapse of the German defense system and the signing of the armistice on November 11. Previous to the victory of the great hammer blows planned by Marshal Foch, the Canadians had been held in reserve, and

had held thirty-five miles of front, which was one-fifth of the entire British front and included ground than which there was no more tempting bait for the Boche.

Careful organization and great secrecy were among the factors vital to the Canadians' success, said the commander.

The Canadian artillery, said General Currie, had done its share during the final days. In the last three months of the war the Canadians had fired twenty-five per cent of all the ammunition fired by the entire British army.

General Currie referred to the growth of respect of the Canadian forces from their arrival in France until the end of war. When the enemy had first used poisoned gas General Smith-Dorrien had said to him that knowing the enemy tactics and the retirement of the troops to the left and right of the Canadians, he (General Smith-Dorrien) had foreseen the worst disaster in the annals of the British army.

When the news came back that the Canadians were holding Smith-Dorrien, he could not believe it and had sent up

again and again for news. The reputation made for doggedness was more than borne out by the Canadians in later years until in the end the Canadian corps had come to be recognized as the hardest hitting force on the whole Allied front.

The returned soldier problem, said General Currie, had been brought to his notice since his return. He thought there was no such problem and urged the business men of Canada to give the men a chance on their return. "You cannot expect them to know the stock markets and fall right into office routines," he said.

"Before the war," he said, "Canada was able to absorb more than five hundred thousand immigrants yearly; surely we can absorb five hundred thousand men who are your own brothers."

K. OF C. REPORTS ON WAR ACTIVITIES

Gives Accounting of Money Received from United War Work Fund

Has Disbursed \$17,130,294—Spent \$7,000,000 on Free Creature Comforts for Soldiers—Discounts Pay For Administration

(New York Times.) A detailed statement dealing with the disposition of the \$17,000,000 received by them up to June 30, 1919, from the United War Work Fund of \$17,000,000 was made public yesterday by the supreme board of directors of the Knights of Columbus. The report takes up each of the war activities of the Knights of Columbus, and it also gives an accounting of the \$1,776,409 obtained in an earlier campaign.

The war work drive was \$25,000,000, and up to June 30, 1919, the exact amount received was \$17,000,000. Of this amount the disbursements were: For activities in the United States, \$5,468,000.79; for activities overseas, \$9,550,000.22, a total of \$15,018,001.01, leaving an unexpended balance on June 30 of \$2,112,151.46. As the monthly expenditure for war work approximates \$2,000,000, this balance has since been expended and fresh requisitions are being made on the fund collected in the United War Work Drive.

On the creature comforts of the K. of C. spent \$7,000,000, which was, according to the report, more than all other organizations participating in the United War Work Drive. This included the comforts distributed on transports by the 108 K. of C. secretaries engaged in transport work. This sum represents goods purchased in the United States. Overseas the organization spent large sums for supplies for free distribution. Items included in the list are 900,000,000 beef cubes, 618,000,000 cigarettes, 3,750,000 pipes, 546,851 pounds of pipe tobacco, and 3,000,000 pounds of candy.

For collection, care and general administration of their funds the Knights spent \$166,616.76, or 2.03 per cent of entire disbursements, a sum exceeded by the total discounts accruing from prompt payment of merchandise bills. In concluding the report it was said that the K. of C. would continue without charge their work for the temporal and spiritual welfare of all the men in the nation's service.

"The sum of \$5,468,000.79 was expended for activities in the United States, of which the building programme, including new construction and additions, rentals, operation and maintenance and equipment, took \$1,903,022.85. The Knights had 461 buildings and thirty-two tents. Eleven buildings were being constructed, at permanent army posts, on June 30.

"Personnel expense, excluding headquarters staff, cost the Knights \$1,046,680.11 for a total personnel of 1,131. Activities or service programme, including athletics and sports, motion pictures and other entertainments, educational, social and employment service, cost \$745,659. Motor transport service cost \$170,244.01. On supplies for free distribution, including stationery, periodicals, tobacco, food and candy, and miscellaneous supplies, such as soap, shaving materials, &c., the Knights spent \$1,033,308.63. Freight and insurance cost the Knights \$92,411.53, and general administration, \$188,038.18; this item covered salaries and expenses of headquarters staff, publicity, and rents and office supplies and incidental expenses. Other disbursements, including funds at offices of department directors and camps and hospitals to meet the hourly needs of operations, amounted to \$908,616.25. "For their overseas work the Knights

spent \$9,550,000.22. Of this amount \$50,294.41 was spent on building and

equipment. The Knights maintained 125 huts and clubs of substantial size, while other more or less ephemeral clubs were equipped and maintained to bring the total number of K. of C. points of contact with the troops to 260.

"The Knights sent 1,075 workers overseas out of a total number of 7,434 applicants. Every state in the union was represented in the overseas ranks of the K. of C."

WORLD'S BEEF PRODUCERS.

According to figures recently compiled by the Bureau of Crop Estimates of the United States Department of Agriculture, Argentina, the United States and Australia, in order named, are the chief beef-exporting countries of the world. For many years the United States was far in the lead as an exporter of beef until in 1909, when the beef-producing resources of Argentina began to be utilized systematically. In that year the Argentine exports amounted to \$21,000,000 pounds. By 1917 this quantity was more than doubled, and the record of that year stands at 1,384,000,000 pounds.

In the fiscal year beginning in 1906, the beef exports of the United States reached 731,000,000 pounds, with only a trace of imports. A downhill course followed until in 1914 the imports exceeded the exports by 93,000,000 pounds. The gross exports of domestic beef in 1918 were about 800,000,000 pounds.

Australia, as far back as 1898, exported 250,000,000 pounds of beef, but the subsequent exports were much below this until 1910, when 222,000,000 pounds were exported. The quantity rose to 491,000,000 pounds in 1915, dropped to 165,000,000 pounds in 1916, and reached 341,000,000 pounds in 1917.

A fast and exciting game of baseball was played on the Victoria square diamond last evening when the Portlands defeated the Champions by a score of 4 to 2. The batteries were: for the winners, Yeomans and Laskey; and for the losers, White and Moore.

A Tie Game.
The North End Cubs and the Fort Howe Stars played a tie game Monday evening, 10-10. The battery for the Cubs was Burke, Grant and Kennedy and for the Stars, McInnis and Wilson.

A Challenge.
The Ames Holden McCready baseball line wishes to challenge the team from W. H. Thorne & Company to a game of baseball on Saturday afternoon at three o'clock (daylight time) on the Barrack Square. An answer is requested through this paper.

Record Crowds Attend Games.
These are days of the unusual crowds record crowds, in fact, along the major league circuits. Only a few days ago the greatest throngs in New York baseball history gathered at the Polo Grounds to see Giants and Reds in a double header. Yesterday the top mark was reached in a crowd when 31,000 gathered to see the players Senators, and another record was reached at St. Louis when 27,000 attended the double header between Red Sox and Browns. During their recent home stand at the Polo Grounds the Yankees surpassed all previous attendance figures with 38,000 for a Sunday game and 23,000 for a mid-week double header.

Again Postponed.
Poughkeepsie, N. Y., Aug. 19.—On account of a heavy track, due to the recent rains, the Grand Circuit races were again postponed today. The card originally scheduled for the opening day will be run tomorrow, with the addition of the 2:30 trot for a purse of \$1,000.

AQUATIC.
New Canadian Record.
Toronto, Aug. 18.—In the Canadian swimming championships at the High Park Swimming Club on Saturday Jack Barnes of the High Park Swimming Club, broke the Canadian record for the long plunge when he recorded an effort of sixty-three feet. The previous mark was fifty-eight feet. George Vernot, the eighteen-year-old swimming marvel of Montreal, was second with sixty-two feet, but in the 200 yards race he ran away from his field, showing sensational speed, and won by the full length of the

The action of the management of the Imperial Theatre and that of Messrs. White and Gregory in presenting silver cups to the three juveniles who rowed in the recent regatta is highly commendable and will tend to encourage that line of sport. The three boys give promise of developing into exceptionally good oarsmen and they deserve encouragement.

The weather man called a halt to the ball game last evening between St. Peter's and Fairville in the St. John League fixture. In some other local leagues games were played, but under most unfavorable conditions.

New York is fighting hard to keep the Cubs from ousting them from second place. Since Alexander has rounded into shape the latter team has been winning consistently and in Chicago there is hope expressed that both Chicago teams will clinch the pennant in their leagues. However the Cubs have a hard road to travel to beat either the Giants or the Reds to the flag.

The New York Yankees have run into a bad batting slump and unless they can recover and show some of their former pep they will be landing in the second division instead of winning the American League pennant. Quinn and Shawkey were overworked and cracked up with the team falling to a low hit.

Liefield pitched a great game for St. Louis yesterday, shutting out the Red Sox and holding them to a lone hit.
The talk of holding a rowing regatta on Lily Lake is beginning to strike the fancy of local lovers of the sport. The waters would be smooth and there would be no tides or currents to worry the oarsmen. In addition there would be an excellent view of the races all along the shores and no motor boats to worry the contestants. There is some talk of arranging another programme of events for Labor Day.

Miss N. Poretsky was the victor in the ladies' 100-yard championship of Canada race, with Miss Boutell second.
Will Also Be Awarded Prizes.
Frank White and J. A. Gregory, rowers at the regatta held in Courtenay Bay on Soldier's Joy Day, are to present a cup to Master McCavour, who finished third in the juvenile race. His rowing was greatly admired by all.

Wins in Record Time.
Riverton, N. J., Aug. 16.—Eugene T. Bolden, sailor of the Great Lakes Naval Training Station, furnished one of the biggest surprises of the season when he won the ten-mile national swimming championship in the Delaware River today, setting a new record for the event. His time was one hour 59 minutes 18 seconds. He defeated twenty-eight men, among them some of the best swimmers in America.

Johnny Kerry of Canada and Harold Kreuger of the Oklans, A. C. backstroke champion, had a great battle for second place, the Canadian winning by a margin of only one second. They finished about half a mile behind Bolden. Bolden swam a four-boat straight crawl, with no pounding of the legs and a splendid hip movement. His stroke was so rapid that many thought he would not be able to maintain the pace throughout the race. He never wavered, however, and at the finish appeared comparatively fresh.

Revival of Rowing.
(New York Times.)
Few branches of sport, if any, were so completely quelled by war as was rowing, in both collegiate and club circles. Now no sport is showing a closer return to the normal conditions of pre-war times. During the past spring, rowing underwent a revival that was surprising and indications now point to a busy fall season for the oarsmen. Several regattas have been arranged, and the interest manifested is a guarantee that the sport will come close to the best standards of other years, in spite of the handicaps due to inactivity.

TENNIS.
Australians Take Championship.
Newton, Mass., Aug. 20.—The lawn tennis doubles championship of America was won yesterday by Norman E. Brookes and Gerald L. Patterson, Australian. They took the title from its defenders, William T. Tilden of Philadelphia and Vincent Richardson of Yonkers, N. Y., in five spectacular sets 6-3, 6-4, 4-6, 4-6, 6-2, on the course of Longwood Cricket Club.
Although the Americans got only two games in the final set, it was perhaps the hardest fought of the five. The clock-like steadiness of Brookes and the

THE ST. PETER'S TEAM GOING TO MONTREAL
Will Play the Indians, City League Leaders, on Saturday Aug. 30 and Labor Day, Sept. 2

St. John is certainly coming into its own as a baseball city and the game has received a boost this year which is unprecedented in history. Arrangements have practically been completed to have St. Peter's baseball nine travel to Montreal to play the Indians, the crack baseball club in the Montreal City League, on Saturday afternoon, Aug. 30, and on Monday, Sept. 2 (Labor Day). This is the longest trip ever arranged by a local team and the event is being looked forward to with interest not only by the members of the team but by a number of their friends, who are planning on going to Montreal as "royal rooters."
St. Peter's nine recently defeated Montreal by a score of 17 to 3, won two out of three games from Halifax and won from St. Stephen on last Saturday. They have also won thirteen straight games in the St. John League.

HE, TOO, IS CHEERFUL OVER CROP OUTLOOK.
Toronto, Aug. 20.—F. S. McLeod, vice-president of the Canadian National Railways, who has just returned to Toronto after an extensive survey of the railway property in western Canada, said that he did not think the total wheat crop of Canada would be any less than the yield of last year and perhaps a little better.

SPORT WRITER THINKS GIANTS HAVE POOR CHANCE TO WIN PENNANT

(New York Times.)
The fall of the Giants in four games of the series of six against Cincinnati last week just about settles the National League baseball argument for 1919. New York now has only a fighting chance. It is not out of the realm of possibility for the Giants to overtake the Reds, since stranger things have happened in baseball. Under present conditions, however, this seems like only an outside chance. The six-game series at the Polo Grounds showed a vast difference in the spirit of the two clubs. Moran's players are ambitious, fighting, aggressive, and confident. The spark of ambition seems to have gone from New York's makeup. Winning pennants is an old story with the Giants, while with the Reds it is a grand and glorious feeling of novelty.

If some of the other National League clubs were stronger and could give the Reds a battle in the remaining games of the season New York might have a chance, but with the Cincinnati club in such excellent condition and spirit as they showed here last week it does not look as if they would have much trouble with any club, outside of the Giants. New York can easily hold its own with the other clubs, for its pitching staff is easily as formidable as Cincinnati's. What made the Giants look so poorly in the Cincinnati series was their hitting slump. When a baseball club isn't hitting, nothing they do on the ball field looks right. New York stayed at the top of the race so long because their sluggers were clubbing the ball hard when the pitching was weak. Now that the pitching is stronger the hitting has fallen away sadly and there is nothing to offset it.
The experience of the Reds from now on will be like that of the Boston Braves

SIR FRANCIS DRAKE'S CUP BRINGS \$19,000 IN LONDON.

London, Aug. 10.—(Correspondence of the Associated Press)—The cup which Queen Elizabeth gave to Admiral Drake for defeating and scattering the Spanish Armada has been sold at auction here for \$19,000.
It is in the form of a terrestrial globe engraved with a map of the world as it was known in the sixteenth century. The cover is surmounted by a vase chased in cherubs, grotesque masques and fruit. It was made in Zurich about 1570 and weighs forty-two ounces.

VICTORY OVER O. B. U.

Vancouver, B. C., Aug. 20.—International unionism scored a victory over the One Big Union in supreme court chambers yesterday, when J. A. Elder, counsel for the new One Big Union teamsters' local, failed to obtain the use of the international union's office furniture, minute books, etc., pending trial of an action in which the ownership of these chattels and a bank account is to be determined.

Ocean Rates Increased

Montreal, Aug. 19.—One and after tomorrow, Aug. 20, there will be a decided increase in all passenger rates on the North Atlantic, both coming and going between all points in France, Great Britain and Canada and the United States. The increase will amount to a flat raise on the minimum rates for all classes as follows: First-class, increase \$1; second-class, increase \$1; third-class, increase \$5.

KILLED IN RIOT AT THE CUDAHY PLANT
Serious Trouble Starts When Strikers' Wives Stone Women Office Force

Milwaukee, Wis., Aug. 20.—One man was killed, eight others were shot, one of them probably mortally wounded, and scores of other persons cut and bruised in a riot of strikers from the Cudahy packing plant at Cudahy, near here, yesterday.
The outbreak occurred when women from the office force attempted to leave the plant and were stoned by wives of the strikers. When deputies attempted to assist the works to safety, the women rioters screamed for their husbands, and when the men joined the fighting the officers were helpless under a fusillade of missiles. Each side accuses the other of starting the gun-fire.

AGAIN POSTPONED. The garden party to have been held today at Hasen Castle has been further postponed. Weather permitting, it will take place tomorrow.

BEEN AWAY LONG TIME. Mr. and Mrs. David Saunders of Cambridge, Mass., are visiting Mrs. Saunders' aunt, Mrs. Elizabeth Princey Forest street. Mr. Saunders is a former North End man but has been living in the States for the last twenty-six years. He has met some former old friends here with whom acquaintance has been pleasantly renewed.

WELCOMED BACK. Sergt. F. S. Callow, accompanied by his wife, arrived in the city at noon today from Quebec, where they had arrived from overseas aboard the S. S. Corsica. Sergeant Callow is an original 28th Battalion man and has been twice wounded. For some time he has been serving with the C. A. M. C. in hospital at Folkestone. Friends gave them a hearty welcome. They are at present guests of F. Z. Fowler, Charlotte street.

ORCHARD FIELD DAY. The board of trade has been invited to join with the provincial department of agriculture and other bodies in the celebration of Orchard Field Day on Thursday, August 28. The programme covers inspection of certain orchards and nurseries on the St. John at Barton, a lunch at the Dominion Experimental Station, inspection of the orchards and farm, and also an inspection of orchards at Douglas and Springhill. The object of Orchard Field Day is to boost apple-growing in New Brunswick—a most worthy object indeed.

HOME WITH BRIDE. Within a short time after his return from overseas where he had been serving with the American army, C. Edward Gorham was married in New York to Miss Alice Prager and they arrived in the city today to spend their honeymoon. Mr. Gorham is a son of George Gorham of the midtown and was living in the United States when war broke out. He joined with the Yanks and served in France and Belgium with the 24th Balloon Co. and went to Germany after the armistice in the American army of occupation. His wedding took place about two weeks ago in New York, where he and his bride will make their home. Numerous friends will wish them all possible happiness.

Man in The Street

Prohibition, observes a contemporary, has fairly taken some people's breath away.

And now Coca Cola's been boosted to a dizzy height in the morning more insignificant and ashamed of itself all the time.

All our sympathies are with the drug-gist who is helping the little coin nickel in its fight for life—the chap who is still selling "Coke and —" for five.

Local advertisement, speaking of showing celebration pictures here, says they "skin them all by a smile." We trust the operation was painless.

No matter how hard up a young man may be he does not stop to consider the high cost of living when he falls in love—and the high cost of loving is not to be sneezed at either.

Strange that among all the nice things the visitors said about us and our city last week we did not hear a single word of congratulation on our unique city streets.

Duke of Connaught has been suggested as king of the Coochee-Slowacks. Let that be a nice quiet job for an elderly man who seeks a haven for his declining years?

MUST HAVE FIRE ESCAPE PLACED

Y. W. C. A. Hostel Regarded As A Hotel

Court Decision to Await a Week so That Arrangements May be Made to Have the Work Done

Whether the Y. W. C. A. hostel in King street might be called a hotel and those who were eligible for accommodation there should be called the public, charged with the act to prevent accidents by fire in hotels, were points upon which turned a case heard in the police court this morning against Edward Sears, charged with not having a fire escape on the Sears building in King street used by the Y. W. C. A. Magistrate Ritchie gave Mr. Sears one week in which to make arrangements to have the necessary escapes erected, in the meantime accepting a deposit of \$300.

Mrs. Mary E. McAvity, president of the Y. W. C. A., said that the hostel had been in operation since March; there were five dormitories, each containing two to six beds, and some small rooms for accommodation for thirty-eight to forty ladies, on the fourth and fifth floors. The place was intended as a business girls' home, but any woman coming under the Y. W. C. A. standards could obtain lodging there.

Miss Margaret Maxwell, matron, said that a staff of five were resident in the hospital and they have had as many as forty girls and women sleeping there over night, mostly all permanent residents. She said that the expression, "coming up to the standards of the Y. W. C. A." meant that the building would promise to become members of the Y. W. C. A. and do all they could to further the work of the organization.

Chief Blake said that he had visited the building; that there was a very narrow hall way and he had recommended that a fire escape be erected. He was of the opinion that if a fire took place in the building while there were forty people in it, they would never all get out. "They would exit through the stairs in the rear except through an alley way into King street. He said further that the wiring in two places next door had been condemned by the electrical inspector and that at the present time there was a pile of shavings in the rear courts where some carpenter work was being done. "At the present time," the chief said, "the city has not a ladder that will reach to the top story of the building in question."

Factory and Hotel Inspector Kenney said that when the Y. W. C. A. took over the building he inspected it and concluded there should be more protection. He wrote to Postmaster Sears and later met him in the post office and at his request left the matter over until the end of the month as the postmaster was busy. He said he wrote Mr. Sears again at the end of that time and his lawyer, J. B. M. Baxter, asked the inspector to put the matter off for another week. Three weeks later, nothing having been done, he again wrote Mr. Sears soliciting to say that if the fire escape was not erected by the last Saturday in July he would take action.

This concluded the case for the prosecution, and Magistrate Ritchie advised the defendant, moved for a dismissal on the grounds that under the act hotel means an inn, tavern, public house or place of refreshment where lodgings are provided for the public. According to the evidence, he contended, the lodgings in this place were not available to the public.

Mr. Kenney replied that if the magistrate decided that the hostel was not a hotel under the act the act should be amended.

The magistrate declined to dismiss the case and Mr. Sears was called.

He explained the construction of the house, also saying that a ladder led through an opening from the top story to the roof and there was also a coil of rope kept in the third flat.

Magistrate Ritchie said that he considered that the act applied in this case and if it was not right steps should be taken to have it amended. He said the ladies who use this place should be protected just as much as those who use hotels, where protection is demanded. He agreed to let the case stand over for one week to allow Mr. Sears to take steps to comply with the law and asked that a deposit of \$200, equal to the maximum penalty for an offence against the act, be left.

PRESENTATION TO BRIDE

In honor of her recent marriage Mrs. W. H. Cole, formerly Mrs. Mabelle Cole, pianist at the Lyric Theatre, was pleasantly remembered yesterday afternoon by the members of the staff of that house, the Unique and the King Musical Comedy Company. She was made the recipient of a handsome silver bon-bon dish and a silver almond basket. After the presentation three cheers were given by those assembled and Mrs. Lund made a fitting reply, thanking her co-workers for their kindness.

The presentation was made by S. C. Hurley, who read the accompanying address:

"To our dear pal, Mabelle, and our good friend, Mrs. Lund: The announcement that you had decided to embark on the sea of married life was received by us, the members of the King Musical Comedy Co., and the staff of the Unique and Lyric theatres, with much pleasure, and now, dear Mabelle, that you have forsaken the army of the single, we ask you to accept this gift as a memento of our good wishes for health, happiness and prosperity, and ask you to extend our sincere congratulations to Mr. Lund.

"May your joy be as deep as the ocean, "Your troubles as light as its foam."

HAPPY WOODSTOCK BOYS

The secretary of the board of trade has received the following appreciative letter from Scoutmaster George Ransom, of the 1st Woodstock troop, Boy Scouts:

"Most heartily I thank you on behalf of the lads themselves, on behalf of our Scout troop, and on behalf of our town for your kindness to our five boys during their stay in St. John. "It would be hard to imagine happier or more loyal boys than the three who have returned home, and from seven years' experience with these lads, I can assure you that the memories of their eventful hike will always bring gratitude to you for having made possible the greatest event of all—their meeting with their prince."
