HAS TURKEY TAKEN LAST STEP?

Direct Appeal To Bulgaria Is Reported

RUSSIA'S WARLIKE MOVE

Keeps Time-Expired Soldiers With Regiments Till Spring—Another Massacre by the Turks is Told of—A Diplomat Said to be Flooded

(Canadian Press)

Cologne, Germany, Nov. 8.—It is reported in Sofia, Bulgaria, that the Porte has proposed to Bulgaria to begin peace negotiations without the mediation of the powers, according to a despatch to the Cologne Gazette.

St. Petersburg, Nov. 8.—The Russian government has decided to retain all the time-expired soldiers of the Russian army in active service with their regiments until next spring. This plan of the Russian army practically on a war footing, as the order affects several hundred thousand men whose places would, in the ordinary course, have been taken by the same number of recruits who have just been called up.

It is announced that the government has taken this step as the best means of preventing war, and it is thought that this can mean only that the government foresees the possibility of complications arising out of the Balkan situation.

The detention of the time expired men will entail a cost of many millions.

Another Tale of Massacre

Constantinople, Nov. 8.—Fugitive Turkish soldiers are reported to have massacred many of the inhabitants of the village of Silivri on the coast of the Sea of Marmora to the southeast of the city of Constantinople. The fleeing soldiers, who were in a state of semi-starvation and very demoralized, are said to have set fire to all the houses in the village.

Was Hard Fighting

Belgrade, Nov. 8.—Official reports describe the two days' fighting which preceded the surrender of Plopp, twenty miles to the northeast of Monastir. The Serbian command had been ordered to give up the town to the Turks, but the nature of the ground were unable to use their artillery. They could bring only one machine gun to bear.

The Serbians were not able to form up; fighting lines were obliged to make big sacrifices, taking one position after another at the point of the bayonet. The Turks held strong positions that they should have been able to annihilate the storming parties. At the ending of the second day the Serbian infantry succeeded in driving the enemy from their strongholds and putting them to flight in the direction of Monastir. The Serbian wounded number many more than those of the Turks.

At Adrianople

London, Nov. 8.—Belov Adrianople, says a Sofia despatch to the Standard, the Bulgarians have dammed up the River Maritza so that the water had been sent back and flooded the town. It is expected that this will compel an early settlement.

Plans for the New Home of Merchants' Bank in St. John

The Merchants Bank of Canada have under consideration the remodeling of the building on the corner of Prince William and Church streets, which they purchased last spring. At that time it was the intention to remove the present building and erect a modern structure with accommodation for suites of offices in the upper stories.

The present plans, which are being drawn by F. Neil Brodie, provide for the removal of the first floor and all partitions thus throwing two stories into one and giving commodious bank offices. The two top flats would be remodelled for offices and would be reached by an electric elevator. The plans will have to be submitted to the directors for approval before they are accepted.

MOVE ROYAL GEORGE TO BETTER POSITION

Quebec, Nov. 8.—That the stranded liner Royal George is not stuck in an immovable position on the rocks is indicated by a partially successful attempt to move her back today. She is in a better position.

This morning the weather was too rough for the tugs to go near the Royal George, but another attempt to refloat her this afternoon may be made.

It is hoped by the Canadian Northern officials to get off the remaining five hundred stowaway passengers this morning and the steamer North was sent out for this purpose.

STREET BLOCKED. Traffic was at a standstill in Bridge street this morning and no teams could get past the place where the blockade was on, near the lower end of the street towards Marble Cove. Here the blacksmith shop of Charles Bradley is being moved to the opposite side of the street, that is, towards the river front, it being the intention to place it between Williams' machine shop and Glazier's office. But the work was held up this morning, as some mis-calculation had been made and the building was not moved into position, but remained wedged across the street, preventing passage.

POLICEMAN McCOLLUM TO BE CHIEF IN FREDERICTON

Hawthorne and One of His Men Let go by Commission as Result of Inquiry—St. John Man Successor

(Special to Times) Fredericton, N. B., Nov. 8.—As a result of revelations made at a meeting of the city police commission last evening, Chief Hawthorne has been removed from office and Policeman McCollum, of St. John, has been appointed in his place, and will take up his duties on next Monday. Policeman George Finamore, now away on vacation, has been dropped from the force, but the other three members will be given a trial.

At the meeting last night the members of the force appeared and acknowledged the truth of charges preferred against them. They admitted that they had often visited bar-rooms in uniform and had been supplied with liquor free of charge, and they had also been under the influence of the force, but said that he had done the best he could under the circumstances.

The commission held its sitting behind closed doors, while hundreds of citizens clamored for admission.

W. C. Miller, of the archives department, is here today.

THE NEW PASTOR OF SUSSEX CHURCH

The Sussex Record has been favored with an appreciation of Rev. W. F. Parker, of Ottawa, who will soon take over the pastorate of the Church across Baptist church, from a friend of Mr. Parker. It is as follows:

Rev. W. F. Parker was born in Killenny, Ireland. When three years of age his parents removed to St. John, N. B., where he lived until he attained his majority.

After graduating at the Grammar School in St. John he entered the Postal Service. As the age of twenty-one years he was appointed and united with the German Baptist Church, being baptized by the late Dr. G. M. W. Carey. His zeal for the cause of Christianity led him to engage actively in mission work in and around St. John. He held mission services at the Marsh Bridge, Roswick's Hall, and at Star Cove, among the colored people.

At the very commencement of his Christian career he gave ample proof of his call to the ministry of the Gospel. His passion for the conversion of souls led him to resign from the postal service and prepare for what was to prove his life work. He entered Newton Theological Seminary, took the four years' course, and graduated.

His first pastorate was at Hampton, Kings county. He has very acceptably filled the pulpits of several of the principal churches in the maritime provinces. For nearly seven years he has been pastor of the McPhail Memorial Church, Ottawa, where he is greatly beloved.

PLANS FOR THE NEW POSITION OF GERMANY, AUSTRIA AND ITALY

Berlin, Nov. 8.—Germany, Austria-Hungary and Italy will not interfere in the Balkan situation, so long as their special interests are not affected, unless they are requested to do so by the contracting nations. This determination was reached during a meeting of the three powers, in a statement it was announced that the powers, while agreeing to the triple alliance, were at the same time keeping in friendly touch with the other powers.

FUNERALS

The funeral of Mrs. Amanda Case took place this afternoon at 2:30 o'clock from her late home in Sewall street. Funeral services were conducted by Rev. B. J. Traflet and interment was in Cedar Hill.

The funeral of Leonard R. Smith took place this afternoon at 3 o'clock from his late home in Victoria street, West End. Funeral services were conducted by Rev. W. H. Sampson and interment was in Cedar Hill. Members of King Edward Lodge No. 21 Fraternal Boys, attended the funeral in a body.

The funeral of Douglas Olive took place this afternoon at 3:30 o'clock from the Home for Incubables. Funeral services were conducted by Rev. G. A. Kurling and interment was in Cedar Hill.

The funeral of Isaac Fawcett took place this afternoon at 2:30 o'clock from his late home at East St. John. Funeral services were conducted by Rev. Archdeacon Raymond and interment was in the Church of England cemetery.

The funeral of William Ramsey took place this afternoon at 3:30 o'clock from his late home at Little River. Funeral services were conducted by Archdeacon Raymond and interment was in Fernhill.

HOME FOR INCUBABLES. At a meeting of the board of management of the Home for Incubables yesterday afternoon an patient was accepted. Two applications had been received, but action on the other was deferred.

The contract for caring for and operating the police patrol wagon and the ambulance has been awarded by Commissioner McLean to W. J. Shackhouse & Son, who had the contract last year. The contract calls for payment of \$120 a month by the city.

I. C. P. TO USE C. P. R. SYSTEM

Change in Accounting Being Introduced on Government Road

TO BE DEPORTED

Two Men From Penitentiary To be Sent Out of Canada—Aunt of Rev. Dr. Campbell Seriously Ill—Bank Official Transferred

(Special to Times)

Moncton, Nov. 8.—Rumors that the I. C. P. was about to adopt the "divisional system" of accounting in vogue on the C. P. R. are confirmed by Mr. Millard, a fiscal officer of the railway department at Ottawa, who is here to introduce the new system.

Two foreign convicts were taken to the Marine express for deportation. Both had been convicted of theft, one in Digby, the other in Halifax. One was an Englishman, the other a Frenchman. Both had been in Dorchester penitentiary pending the decision of the department of justice.

Rev. Dr. G. M. Campbell, president of Mount Allison Ladies' College, who was laid, and died at the St. John School Convention, received a telephone message that his aunt, Mrs. M. Moran, widow of Robert Moran of Wallace, N. S., was dangerously ill. He left for Wallace this morning.

Wesley Memorial church on Sunday next will celebrate the twenty-first anniversary. Rev. Dr. Campbell will preach. He was at the laying of the corner stone twenty-one years ago. The present pastor is Rev. W. G. Lane. The church recently acquired property in St. George street, valued at \$1,500 was paid. The erection of a school room will be begun soon.

The United Baptist church at Petford will be reopened on next Sunday. Rev. Dr. McLeod of St. John will preach in the morning. Rev. G. A. Lawson, of this city, in the afternoon and Rev. J. B. Ganson of Harlock, in the evening. The pastor is Rev. Milton Addison.

Mrs. Mary Foster Bayner left last night after the Sunday school convention. Next morning she was conveyed to a hospital in Michigan and the following week in Missouri.

A. W. J. Little, for some time accountant in the Bank of Montreal here, has been transferred to Toronto. He left this morning for that city.

Inquiry into charges against Chief of Police Ridgway by judicial constables will be begun this afternoon before the police commission.

The marriage of Charles J. Wilson and Miss Blanche Barbara Livingston of Albert was solemnized in Highfield street Baptist church on Wednesday evening by Rev. E. H. Cochrane.

ANGLICANS MAKE CHURCH UNION MOVE

Appeal Being Sent From Toronto to All Church of England Clergymen in Canada

Toronto, Nov. 8.—A movement that may result in the Church of England taking the question of church union is under way in Canada. Thirty prominent members of the Anglican communion have attached their signatures to an appeal on behalf of Christian unity and have forwarded it to every Anglican clergyman in Canada with the request, that, if they approve the principles and the practical propositions set forth, they sign and return to Rev. A. P. Stratford of Montreal, acting secretary of the movement.

The present time is regarded as most opportune for action of some kind looking toward a closer relationship between the Church of England and other churches and the navigators of the movement intend to promote, if possible, such legislation in the synods as shall give effect to the practical measures suggested.

MAN MURDERED IN STREETS OF REGINA

Regina, Sask., Nov. 8.—One of the most cold blooded murders ever perpetrated in the city was committed last night when Frank Zatoski, a German real estate agent and former police court interpreter was done to death with a bludgeon in the open roadway, at the corner of Montreal street and Tenth avenue.

The crime was witnessed by an onlooker, but at too great a distance to identify the three assailants of the murdered man. After striking down their victim they went off across a nearby vacant block.

AUSTRALIA SERVICE. The steamship service between Canada and Australia, inaugurated last year, will be continued this winter under the same arrangements, with five or six sailings. The first steamer will reach St. John early in December. E. W. Toule, manager of the Australian-New Zealand steamship line, is in the city on business connected with the winter service.

MAINE JAIL BIRDS ESCAPE AND FLEE INTO NEW BRUNSWICK

Take Advantage of Attack on Guard

FRAGS IN HOULTON JAIL

Passes Pursues Runaways and it is Believed They Will Be Recaptured—Two Were in on Arson Charge, Third as Burglar

(Special to Times)

Houlton, Me., Nov. 8.—Three prisoners in Houlton jail escaped, while a fourth was attacking Henry D. Smart, a guard, today and fled over the New Brunswick border. The fugitives are: Henry Brigham, of Wayland, Mass., who was bound over on the charge of breaking and entering and larceny; John Richmond, held under an arson charge; A Frenchman known as "Shorty," also charged with arson.

When last seen they were headed for the New Brunswick line, two miles away, with a posse of deputies in pursuit. It was expected they would be caught in day or two, as it will be difficult for them to remain in the woods owing to the heavy rains of the last three days.

Turkey Smart was assaulted by Fred Rose, who is being held on a burglary charge. While he was cleaning out his cells he was struck over the head with some sort of a weapon that Rose had obtained and rendered unconscious for a few minutes. His injuries are nothing serious than a badly scarred face and a blackened eye.

LONGWORTH LIKELY WILL NOT GO BACK

Roosevelt's Son-in-Law Probably Delected—Street Car Motorman Elected

New York, Nov. 8.—A street car conductor, who did all his campaigning from the rear platform of the car over which he officiated, is one of the successful Brooklyn candidates for the state legislature. He is Joseph Monahan, a Democrat, elected from a hitherto rock-ribbed republican district. His opponent was two lawyers, Edward Kuruz, Republican, and Jacob Kernfeld, Progressive. The result gave Monahan a plurality of nearly 3,000 votes.

Cincinnati, Nov. 8.—Congressman Nicholas Longworth, Colonel Roosevelt's son-in-law, was defeated for re-election by Stanley Bowdler, Democrat, by sixty-five votes, according to the unofficial canvass of the vote in the first Ohio district. Congressman Longworth will not admit his defeat, however, and the result will not be finally known until the board of election has made its official canvass.

Dr. MacPhedron, professor of medicine, has been engaged more than a year in securing a portion of it to an investigation of tuberculosis.

Toronto, Nov. 8.—That a medical research fund of from \$20,000 to \$50,000 annually subscribed for Toronto University Medical Research

Word was received here yesterday by John McKenna, of Barker street, to the effect that his son, John A., is lying in a critical condition in the Massachusetts General Hospital in Boston. The young man has lately been employed on the New York, New Haven & Hartford Railroad in Boston, where it is supposed he met with an accident. His father left last night for Boston to investigate.

Strathroy, Ont., Nov. 8.—The worst flood in years covers the lowland through which the Sydenham river flows. The river has been unusually high all the fall and the heavy rain of yesterday was all that was needed to make the stream overflow its banks.

The abutments on the second Cardo street bridge and on one of the Head street bridges have been washed out.

THE NEW POST OFFICE. No further word has yet been received from the department at Ottawa concerning the establishment of the new post office, by G. E. Fairweather, the local architect, who has been given charge of the work. Slight changes are now being worked out.

HEROIC ACT OF QUEBEC COOPER

Crawls Through Burning Building and Stops Gasoline Leak, Saving Imperial Oil Company's Plant

Quebec, Nov. 8.—With the leakage from an open tap from a tank containing 2,000 gallons of gasoline catching fire and threatening to destroy the entire works of the Imperial Oil Company of this city, Albert Guigery, a cooper in the company's employ, crawled on his hands and knees along the floor of the burning storage building and turned off the tap from which the explosive fluid was pouring.

Three streams of water were played upon Guigery by the firemen as he crawled toward the tank. He cut off the flow of gasoline and saved the company's property from complete destruction. The entire contents of the 2,000 gallon tank were consumed before the fire was under control.

On Keeping Time Accounts
By RUTH CAMERON

TIME is money. Doubtless you have heard that saw so often that you think it is good, but is it?

Apparently that sentiment is supposed to make us realize the value of time. In reality it underlines that precious commodity. Time is much more than money. For money is merely one of the good things of life; time is life itself.

And yet how very few people have any system in regard to their expenditure of time.

Almost every careful housewife keeps an account of her household money. She plans just how much shall be expended in each department, she files the bills, she jots down the expenditures in her expense account and insists upon tracing each missing penny to its lair.

But how many housewives have the slightest system about how they spend that which is even more precious than money, their time?

An alert young college graduate whose work as librarian has taught her the value of system, has recently become a housewife, and has made system the watchword of her days. Breakfast over at a certain hour. The next half hour is devoted to picking up the room. In the next fifteen minutes the dishes are washed; ten minutes is then allowed for reading the morning paper, etc., and so on throughout the whole day.

Of course, the older housewives make great fun of her, but I notice that she gets more time to herself and a great deal more out of life than they do.

"What use is it to keep account of the way you spend your time?" says one of the stick-to-the-rut housewives.

And yet this woman would call anyone shiftless who did not keep an accurate account of household expenses.

Why not say, "the money is gone and that's all there is to it." The expense account shows you how you are spending your money. It makes you realize if you are devoting a disproportionate sum to any purpose, and it helps you to stop leaks.

Very well, why shouldn't the time account do the same.

Of course any housewife knows it's possible to stick absolutely to any exact system. Accidents and interruptions will happen in the best regulated of families. But to have a plan and stick as closely to it as possible and feasible certainly helps us to be more economical of our time.

In the words of Victor Hugo, "He who every morning plans the transactions of the day and follows out that plan, carries a thread that will guide him through the labyrinth of the most busy life. He who does not plan his life is like a ray of light which darts itself through all his operations. But where no plan is laid, where the disposal of time is surrendered merely to the chance of incidents, chaos will soon reign."

Day Hints For the Cook

SPONGE CAKE.
Two eggs, 1 cup of sugar, 1 cup of flour, 1 teaspoon of baking powder, 2 1/2 cups of boiling water, 1 teaspoon of vanilla. Frosting, 1 teaspoon of melted butter, 2 teaspoons of hot water, 1 teaspoon of cocoa and add enough powdered sugar to thicken.

ORANGE CAKE.
Cream three-quarters of a cup of butter, add slowly two cups of the granulated sugar and cream together. Sift together two teaspoons of baking powder with three cups of pastry flour. Add one tablespoon of the prepared flour to the creamed butter and sugar, then add four eggs, one at a time, without first having beaten them. Add a tablespoon of flour before breaking in each egg, and continue adding the flour alternately with one cup of milk. Flavor with one teaspoon of extract of orange. Bake in two pans in a moderate oven about 35 minutes, or until the cake shrinks slightly from the edges.

REV. J. C. B. APPEL OF ST. JOHN PRESIDENT

Close of Sunday School Convention — Sensational Queries by Clergyman to Moncton Council

Moncton, Nov. 7.—The N. B. and P. E. Island Sunday School Association closed its annual convention tonight.

President F. R. Murray, St. John, presented a splendid report on Adult Division. The number of classes reported is 135, compared with 110 the year previous. An association, the report said is arranging a strong forward movement looking to the organization of 20,000 classes on June 25. Last year the classes reported were 31,240. The number allotted to St. John is 109.

Rev. H. R. Boyer presented a paper on the Adult Standard of Service. Men for men, and women for women, he said, is the key to the success of adult Bible classes.

Mrs. G. A. Lawson, Moncton, gave an excellent address on the Activities of a Woman's Adult Bible Class.

Rev. W. A. Rose continued his series of talks on How the Mind Works, his subject being The Will, the secretary.

Rev. Dr. W. H. Smith gave instructive addresses on The Power of the Subconscious Mind.

Robert Reid, St. John, submitted the report of the nominating committee, recommending as follows: President, Rev. J. C. B. Appel, St. John; vice-president, Rev. J. H. Anderson, St. John; recording secretary, B. B. Jordan, St. John; treasurer, A. H. Chipman, St. John; secretaries of divisions, elementary, Mrs. W. A. Rose, St. John; secretary, Rev. S. J. McArthur, Newcastle; adult, Rev. J. A. Wilson, Fredericton; home and visitation, Rev. C. F. Flemmington, St. John; Sunday school education, Rev. J. B. Ganong, Havelock; temperance, Rev. W. Wiggins, Moncton; missionary, Rev. W. J. Kirby, Point de Bute; I. B. R. A., Rev. R. T. Mawhinney, Mac's Bay. Adopted.

The convention was brought to a close this evening, Rev. B. Jordan, St. John, read the devotional service; Mrs. Bryner gave an address on Sunday School Progress During the Last Decade. Rev. Dr. Smith spoke on Religion as an Educational Process. The address of the evening was given by Dr. G. Campbell on The Vision for the Teacher of Today. The convention then closed.

At tonight's meeting of the city council a statement from the Moncton Tramways Electricity & Gas Company was read showing gross receipts from natural gas for three months ended Sept. 25 last, to be \$6,483.68.

Rev. J. L. Batty wrote the council asking certain questions regarding the actions of Police Magistrate Steeves when he was occupying the position of city solicitor. He asked if it was true that on March 6, 1912, Judge Kay sentenced a certain rum seller to a month's imprisonment and on the case being appealed Mr. Steeves allowed it to go by default before the higher court. He asked if it was true that a case against a certain wholesale rum seller of St. John had passed from Kay's court into Steeves' hands last May and had never been heard of since. Further he wanted to know if Magistrate Steeves, as city solicitor, accepted \$50 from a prisoner in payment of \$80 fine imposed by Magistrate Kay.

No action was taken by the council on the communication.

MRS. RUTLEDGE RECEIVES A LIFE MEMBERSHIP CERTIFICATE

One of the features of the twenty-fifth annual meeting of the Women's Missionary Society of Queen Square Methodist church last evening, was the presentation of a life membership certificate to Mrs. William Rutledge, one of the charter members of the organization. The presentation was made by Mrs. Stoeper, the first vice-president of the society, and was attended by speeches of congratulation from the president, Mrs. Sarah Groulx and other members.

There was a very large attendance at the meeting and Rev. Mr. Reddick, who lately returned from missionary duty among the Indians of British Columbia, gave a very interesting address on his experiences and work there. He spoke of the good work being done by women's missionary societies and chiefly of the great influence the missions had on the girls and young women. From his experience Mr. Reddick was able to give some interesting details of the missionary work in British Columbia and he made a strong impression upon his audience.

A collection for the red fund was taken up. This fund is for the purpose of providing for those missionaries who are too old to continue their work or who have retired on account of ill health and there was a large sum subscribed by the members present last night.

The meeting of the united missionary societies of the various churches of the city will be held on November 26 in the Queen Square Methodist church, where there will probably be some important matters discussed.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Keen on the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Now, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Weyth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and this, what is most to be desired, is color coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a city sized bottle of Weyth's Sage and Sulphur from your druggist and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents: Wasson's Drug Store, 100 King and 679 Main.

Sixty Per Cent. of the Homeless Blame Drink

New York, Oct. 29—A "Straw Vote" of nearly 20,000 destitute and homeless men on the streets of New York City, just completed by the Charity Organization Society, shows that 60 per cent. ascribe that destitution to intemperance; 17 per cent. to sickness and injury, and 23 per cent. to old age and slack work.

We claim that a city of 500,000 population furnishes at least 500 drunkards annually. Look at our own little city with a population of 100,000, over 300 men and women have been successfully treated for alcoholism in the past year, and how many more do you know that need a treatment? What better good can you do than save a poor fellow from destitution or a drunkard's grave? Think of the poor little children and mothers at home. Do you realize what happiness and sunshine could be brought into each one of these poor unfortunate homes, if they could be persuaded to take some sure, safe and harmless treatment where they would be freed forever from this curse.

If you have a friend or loved one at home who needs our help, try and persuade him to spend three days at the St. John Neal Institute. The treatment that makes homes happy.

HOME RULE AMENDMENT DEFEATED

There was a long debate in the House of Commons last Monday night over an amendment to the Irish home rule bill, offered by John Robert Newman, Unionist, providing for the application of the principle of proportional representation in the election of members of the Irish House of Commons.

The parties split up on the question. Timothy Healy and his followers among the Irish Nationalists supported the amendment, while the government opposed it. Bonar Law, the conservative leader, and Arthur J. Balfour, the former leader, supported the amendment in speech but it was rejected by a vote of 265 to 162.

AWAY WITH CATARRH A FILTHY DISEASE

A Safe Old-Fashioned Remedy Quickly Relieves All Distressing Symptoms

If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sore in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just about the nostrils or rub the throat, or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and your friends by constant hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. This healing, antiseptic Balm does not fool you by short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all the rank poison, soothes, heals and strengthens the raw, sore membranes, making you proof against colds and catarrhs.

An application will convince you, and a 50 cent bottle will generally cure the worst case of catarrh. It is guaranteed. Get it from your druggist today.

ST. JOHN 'LONGSHOREMEN' WILL BE INTERESTED

Boston, Nov. 7.—The importance of St. John as a shipping port became apparent today when a movement was set on foot to have the "longshoremen" of that city, Montreal, Quebec and Halifax federate with their confederates in New York, Boston, Brooklyn, Hoboken and Portland.

At the conference, which opened here, the opinion was unanimously expressed that a new district organization, allied with the existing international union, should be formed, and that the men in eastern Canada should act with Boston, New York and Portland longshoremen on wage questions and strikes.

If the plan proves a success, it is understood the longshoremen at the ports named would refuse to load and unload steamers of any line involved in strike at any of the other cities mentioned.

J. E. Tighe, of St. John, was appointed on the organization and credentials committee. John O. Montague, of St. John, to the committee on rules, and F. Hyatt, St. John, on resolutions.

Tighe is international vice-president.

BEANS SCARCER
As reported in the Times some days ago, the stock of Canadian beans on the local market is well advanced. The operations of foreign supplies are already on. Beans are now selling at \$3.10 a bushel, owing to the scarcity and the slow movement of the present crop, although it is within the memory of many of even the younger generation when they could be bought for seventy-five cents. The price on the opening market, it is expected, will range about \$2.20, but there will be no new beans to hand for some time.

RECENT DEATHS

The death of Robert Gale occurred at his home in Yarmouth on Wednesday last. He was seventy-one years of age and was one of Yarmouth's most prominent citizens. His wife and one daughter survive. Mrs. J. O. Biederman of this city is a sister of Mrs. Gale. Miss Pauline G. Biederman went to Yarmouth this morning to attend the funeral.

The death of Thomas Samuel Brown, chief preventive officer in the Canadian Customs in Yarmouth, occurred at his home there yesterday afternoon. He was seventy-six years of age.

Moncton Transcript.—Mrs. B. W. Kay, of the Glades, received news by telegram on Nov. 7 that her brother, E. Simpson of Lacombe, Alta., was dead.

The death of Reta M., wife of Ellis Russell, of Douglstown, occurred Monday at the home of her parents, Mr. and Mrs. David Gellie, Douglstown. She was twenty-six years old and leaves two baby girls in their third and first years, respectively.

Miss Gertrude Drilen died yesterday at the home of her mother, Mrs. Henry Drilen, in Fredericton. Besides her mother, three brothers and two sisters survive.

BOYS STRAY AWAY.
Two young fellows of Lancaster are causing considerable worry and anxiety to their parents, Thomas Marsland and Harry Mawhinney. They left their homes about one o'clock yesterday and had not returned up to a late hour this morning. The lads were reluctant to go to school so they decided to remain away. They did not go to sea last night and it was found that they had not been at school. Their whereabouts last night and during the storm since early morning are unknown, but their people are hopeful of either their returning voluntarily today or else being found and brought back. Both boys are young and their chief fault is that they are not particularly fond of study.

Potatoes and Hay
Sackville Tribune.—Up to the present time George A. Fawcett has shipped thirteen cars of potatoes, four of them to the West Indies, where he finds the market a most excellent one. Into his potato storeroom, which he has had enlarged, he is storing away 6,000 bushels to be held in reserve for a rise in the price, which he regards as at present objectionably low. This week he is supplying the University, the Ladies' College and the Academy with a car load each of Cape Tormentine potatoes. Although this particular crop this year is far from large and the price, as stated above, not very high, our farmers are doing well with their

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 8, 1912

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening. (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

KEEP TO THE FACTS

There are some Conservative journals which appear to think that the people have very short memories. For example, the Frederickian Gleaner says that the development of St. John as one of the great national ports of Canada has been going on since the change of government at Ottawa last year, and that there is a great difference in the view of the people today and the view they held twelve months ago, when they had promised plenty but no real hope that they would ever reach fulfillment.

tion of schools. The latest report of that official device several pages to this feature of the schools of our town and while commending some other places on the progress they are making along this line, his own words on the subject are, 'Amberst leads.' We are also making a wider use of school buildings and grounds than any of our sister towns and cities.

An enthusiastic admirer of Mr. Borden described him at the Borden Club last evening, as a statesman who is not in danger of bickering and petty squabbles. As Mr. Borden delayed matters for a considerable time. It was the Laurier government which awarded the contract for the wharf building and the dredging which are now in progress at West St. John.

It is being figured out that Mr. Woodrow Wilson did not receive a majority of the votes cast, but there are so many Progressives who would prefer Wilson to Mr. Borden, that they will have the support of a majority of the people.

WHY THESE WEEPS? The Globe last evening sent up the following doleful wail: "Despite conditions which, as respects the future, seem to be quite hopeful, there is a considerable emigration of young, active and pushing men from St. John. One can hardly understand why it is that in the face of a future most alluring, as pictured by the prophets, in the face of land sales showing, if nothing more, an increase of considerable selling value; despite the promise of new industries; despite the creation of hopes in many forms, many ambitious young men do not place as much confidence in the prophecies and in the alleged prospects as one could wish they would. Have the doubts any justification?"

Is the Globe one of the doubters? Does it believe that the prophets who predict a bright future for St. John are false prophets? Is it really necessary to talk about pictures rather than facts? Why not present the facts in an alluring way and let it go at that? The Globe speaks of the promise of new industries. Why the promise? Are not several new industries under construction and others not only promised but assured? It is quite true that the city continues to lose from time to time active and pushing young men. The like is true of every city on the continent. It will always be true. But St. John is also gaining active and pushing young men, and its population is actually increasing. We are told that there is a real scarcity of desirable houses for sale or to rent, and a considerable number of houses have been built this year. Never, in the history of St. John, has there been so universal a spirit of confidence in the future as now prevails. There are even those who predict that the Globe itself will eventually grow cheerful and content.

HERE'S AN EXAMPLE There is a movement in Amberst to secure what is called Christie's Pond and its surroundings as a public park, and the News announces that one citizen has five hundred dollars ready to contribute to the fund. In an article, pointing out directions in which Amberst leads the News tells a story which may well be pondered over by the people of some cities which have much larger populations. It says: "It is a well known fact that Amberst leads all other Canadian towns of its size industrially. Our factories and shops are busy and rapidly expanding. Work is plentiful at good wages. Let us see where in Amberst does lead and may lead in other directions. Educationally we are making rapid strides. Our school board is alive to the necessities of the day as never before and our educational staff is working hard and accomplishing great things as a visit to the busy school rooms will readily prove. On the very best of authority—Superintendent of Education McKeay—Amberst leads in medical inspec-

There were eighty-six deaths from tuberculosis in St. John during the last year. This is a most unfavorable record in this respect, and this will continue until a sanitarium is provided for advanced cases.

Great improvements have been made in the county jail. Paint, whitewash and scrubbing, along with improved sanitary conveniences, are said to have made it quite a model dwelling. The board of health should go up in a body and inspect it, and then turn their attention to some of the tenements in backyards in the city, in which people who are not offenders against the law are compelled to live.

The Good Roads Association has adopted a good programme. It will encourage the organization of associations in all the counties, so that a provincial association work be formed and meetings held in every district during the winter to discuss the question of good roads. It favors the employment of a good roads engineer and the establishment of three trunk roads in the province, upon which would be expended any grant for roads that may be made by the Federal government.

Mother—"Nellie and her husband are still quarrelling."

Father—"What does he still object to her wearing high heels?"

Mother—"Yes, and why should she lower herself to please him."

The Boy—"What is a den?"

Father—"A den, my son, is a place where wild beasts make their homes."

The Boy—"No, I mean a den in a man's house."

"Biddle," interjected the mother, "your father's definition applies to that also."

Boy in charge of a bookstall to old gentlemen who has been perusing a volume for a considerable time without any sign of purchasing—"Would you like a bit of carpet for standing on while you read all the books? It's very cold!"

Mrs. Chin—"You know, my husband just won't listen to good, common-sense talk."

Mrs. Frank—"How do you know?"

Grace—"I'm sorry your brother's marriage has turned out such a failure, and such a rich wife, too!"

Blanche—"That's just it; rich things never did agree with Jack."

Little boy (who has just seen his mother dismiss the servant for frowning ways from home the previous night five or six hours without leave)—"Mamma, wasn't it very wrong in Mary to stay away so late?"

Mamma (indignantly)—"Yes, Charlie, and very impudent, too, she was. But I won't keep such a person in my house."

Little Boy—"When are you going to dismiss papa?"

The officer who was making a physical examination of candidates for military service noticed a fine lot of tattooing on the back and limbs of the young man under his immediate consideration. "So let us leave."

"Who did that tattooing?" he asked.

"My father," replied the young man.

"Oh, I see," said the officer, "illustrated by the author!"

"I see you have my pamphlet on your desk," said the economist. "What do you think of it?"

"It's betwixt and between," answered the heartless friend. "It's too light as an argument and not heavy enough for a paper-weight."

"How did you manage to meet that carpet man?" asked the other.

"In a business way," "I just floored him."

COLD WEATHER COMING!

Perhaps not for a while yet, but it can't be long before we will be having it, so if you will need a heating stove this fall, it is time to consider the matter. For this season we will have a better line than at any time before and it will therefore be worth your time to examine them.

"ENTERPRISE" SCORCHER

A heater made in three sizes and which we can recommend with every confidence, as we have sold hundreds of them during the last three years and know that they have given the greatest satisfaction.

If you are interested call and see the "SCORCHER" as well as our other heating stoves, or send for illustrated circulars.

HEATERS

If you are in doubt what the best kind of heater to buy for your store or house call and examine our line, explain to us what you want to heat and we will advise you. Our list includes Silver Moon, Hot Blast, Retorts, Oaks, Franklins, Globe Heaters, Wood Stoves, Box Stoves, and Oil Stoves. This is as complete a line as you will find in any stove store in St. John today. We want your business and in return will give you the best value at prices right. Give us a call and we will send you away satisfied. Remember that the Fawcett line that we are handling is sold from coast to coast and their long experience of manufacturing gives them the knowledge of what is needed to suit all cases. My experience of fifteen years selling stoves in this city is at your disposal to assist you in making your selection.

WASTING VALUABLE TIME

Far Too Much Spent in Doing Things Not Worth While

Most of us spend a great deal of our time doing things that are not worth the doing. Sometimes we don't realize it; sometimes we imagine that we are obliged to do them occasionally, but it is rare, we really do have to do them.

Let us eliminate the other two and you'll have a lot more time to do the things that are worth while.

Sit down some morning and study the situation out carefully as it regards yourself. Give the things you spend your time on a close scrutiny, and see just how many of them lead to nothing and result in dissatisfaction neither to you nor any one else.

Call for instance. Calls on people who interest you, who are congenial to you, or of whom you are fond, are a good and a relaxing thing in every life. They give us a relaxation and an inspiration that are valuable as well as pleasant. But many of the calls we make are too often on women whom we do not care for, and who contribute nothing real to our life, precisely as we are unable to give them

Anything in return. One can, after all, assimilate only a certain number of friends and acquaintances; beyond that amount it is a waste of time to cultivate social relations. After you have found friends who mean something to you in life, with whom you are happy or stimulated, or to whom your society gives true pleasure, confine yourself to them in the ordinary run of existence. If you were a woman of leisure, you might afford to entertain your friends. But the business woman is too circumscribed in time to give away any of the precious hours to anybody who is not a must remain a mere outsider.

Another waste of perfectly good time can be traced to letter writing. To that struggle to keep up a correspondence whose vital spirit has long since died out. We are continually being separated from people; they go here and there, and often we have been very friendly with them when they were close by. This friendship does not survive the test of distance, yet we keep on writing, groaning inwardly, "O, Lord, here's another letter from Jane to answer—what on earth am I going to say to her this time?" Well, it is time to quit, if we could only admit it. Probably Jane is giving the same kind of Nick!

groom at her end of the line, if we but realized it, and all that is required is a bit of common sense from one or the other of you to put an end to what has come to be merely a task to both.

These are only two of many of the little thieves of time who steal away your few hours of leisure without a just return. You can afford to make sacrifices great or small where something is to be gained either for yourself or anyone else, but you can not afford to throw away your time in doing things that are not worth the doing.—Indianapolis News.

A LONG WALK.
A University Professor, who has greatly endeared himself to his students on account of his kindness, has one particular failing - that of absent-mindedness. He visited his married nephew a few days ago, and had listened to the young wife's praise of her first born. The gentleman felt that he must say something to give the impression that he was interested. "Can the dear little fellow walk?" he inquired.

GOVERNMENT FINED ITSELF FOR 50 YEARS

British Official Red Tape
Comedy Ends After
Half Century

FEUD BETWEEN DEPARTMENTS

One Declined to Put Stamps on Official Documents, The Other Regularly Charged up The Double Postage - The Circumlocution Office

(Times Special Correspondence.)
London, Oct. 26 - British officialdom is as fond of red-tape now as it was in the days when Dickens penned his roast of the Circumlocution office, and the face of the British crown's unmastered report was red-tape in excelsis. Incidentally, during the half a century and more that it has held sway, it has involved delay and bother in connection with about one million eight hundred thousand letters, and has led to one government department solemnly paying another some \$76,000 in excess postage, four cents at a time.

For more than fifty years it has been a point of honor with crowners not to put a stamp on the envelope containing the reports of juried verdicts which he sends to the local registrar. It was the registrar-general's department that started the trouble. "As a government department writing to ourselves about a matter of state," it said, "we shall not pay for the postage of these certificates," but the result of this pronouncement was to bring the registrar-general's department up against a doubly awkward situation in the shape of His Majesty's post office, which took refuge in its famous and impenetrable formula, "We have no regulations governing this matter." To the postman it said: "You will treat a chemist's letter, and charge double postage for it if it bears no stamp."

As a result, registrars of births, marriages and deaths long have been in the habit of diving into government pockets every time the postman brought them a certificate, and paying the government expense which is four shillings of government money which the government had fined itself.

Now, however, the old quarrel has been settled. The registrar-general's department emerges triumphant, the postmaster-general having climbed down. New sets of certificate forms have just been issued, marked "officially paid" and were first used at an inquest in Haverly, of government money which the government had fined itself.

FOR HOUSEHOLD ACCIDENTS

Zam-Buk is so Very Useful

Read How Beneficial it Proved In This Case

Mrs. H. Sawyer, of Keene, Ont., writes: "My husband is a carpenter. One day, while chopping wood, the top of the axe broke and fell upon his foot, cutting a nasty gash. The wound was so bad that we first thought we would have to get a doctor, but we finally decided to treat the cut with Zam-Buk. It was a great success. It not only eased the pain, but it prevented any inflammation, and right from first applying Zam-Buk, the cut began to heal. It is now completely healed, and my husband says he will never be without a box of Zam-Buk in the house, for we are sure it saved us a great deal of expense."

Over and over again Zam-Buk has been proved to be the worker's best remedy. As soon as applied to a cut, a burn, a scald, or any skin injury, it relieves the pain and it sets up healing. It also prevents blood-poisoning or inflammation. It is a sure cure, too, for eczema, piles, ulcers, old wounds, leg, ringworm, scalp sores, festering, running sores, eruptions, cold sores, chapped hands, etc. Its absolute purity, also, makes it the ideal balm for babies.

ALICE IN WONDERLAND

The Opera House was packed to the doors last evening when Alice in Wonderland was given by the juvenile amateurs with a swing that delighted those who saw it. Most favorable comments were heard after the performance.

It was announced last night that the advance seat sale for tonight's performance was very large, and also for the two performances tomorrow.

All the performers have acquitted themselves with the greatest credit, and a prominent gentleman said yesterday that it was the finest amateur performance he had ever seen.

Last evening Miss Ruth Simonds was presented with two bouquets and a basket of flowers was given to little Miss Lawlor. The presentations called for tremendous applause.

GIFT FOR MR. ALLISON.
Sackville Tribune - Dr. Jost brought with him to Sackville yesterday a gift to the museum of the University in the shape of a Japanese suit of mail, supposed to be three hundred years old. The suit was presented to Dr. Jost's daughter, Miss Hattie J. Jost, missionary, by the church in Kanawha, Hirocaski, Japan, upon Miss Jost's departure on a year's furlough. The suit, which is made of steel bands, covered and bound together with silk, was of course designed as a defence in fighting with the sword. The suit was given to the University by Miss Jost, who recently left on her return to Japan.

MONARCHS AS BUSINESS MEN

The Kaiser Not the Only Money Making European Sovereign

The Kaiser is a great business man and cultivates the friendship of financial magnates of his own and foreign countries. He is said to possess a very large interest in a prominent steamship line and is interested in the great enterprises connected with diamond fields in the German colonies of West Africa. The forest lands which form part of the patrimony of the crown, and other lands which comprise his own real estate, give him an income much greater than that of most of his brother rulers. He has, besides, a stock farm in Western Prussia and is the principal shareholder of a municipal brewery in Hanover. He owns a factory for the manufacture of cere-

Gustav, King of Sweden, Disposed, on his accession, of all the interests which his father, King Oscar, had in breweries throughout his kingdom and invested the money in mills and mines and what in America we call "model tenements."

He began by buying at a low price in the poorer districts of Stockholm, land and tumbledown houses. On these sites now appear sumptuous houses that have raised the value of the land and neighboring land 100 per cent. Gustav is also the chief owner in a hotel built in the mountains and run on an ideal plan, it is said. He is deeply interested in construction work of all kinds and civil engineers get special attention at court. The land owners and the municipal authorities of Sweden rally to the support of the king with gratifying unanimity, whenever there is a royal hint making toward improvement. Few monarchs have made such a success in the handling of their wives' dowries as has the present King of Denmark.

During recurring financial reversions and reversions of wealth in the royal family he has kept steadily at work multiplying the original dot of the queen.

In many of his enterprises he has been associated with his brother, King George of Greece, who possesses an immense fortune, owing to a lucky and accidental stroke of business which had its inception thirty-five or forty years ago when the ports of Southern Russia were closed to the exportation of wheat. The Greek king immediately acquired large interests in wheat lands in the United States, which managed by his representative, have yielded him immense returns. The reigning Prince of Bavaria has a large income from the sale of beer, and King George of England makes a good deal with his model stock farms at Windsor, Balmoral and Sandringham. He possesses many hundred head of cattle that have taken first prizes at various exhibitions. -Harper's Weekly.

THE BARGAIN SALE

Many months had passed since first he met the sweet, sweet girl. He loved her dearly, but he was woefully shy, and his suit made but slow progress.

Finally, it was the lady who decided to improve the shining hour and add a trifle to the pace of the proceedings. To make up her mind was to act, and the very next time the young man called she pointed to the rose that adorned his buttonhole. "I'll give you a kiss for that rose," she blurted out. A crimson, guilty flush overspread the young man's face, like the light of the setting sun. There was, however, no hesitation on his part, and he clinched the bargain in good, old British style. Then he grabbed his hat and proceeded to rush from the room in double-quick time. "And where are you going?" she asked, in great surprise. "Oh," he answered, tremulously, "I'm just off to the florist's, to buy up his stock of roses!"

ANGLICANS TO HAVE CITY MISSIONARY

Important Matters at Closing Sessions of The Synod

KING'S COLLEGE REPORT

Congratulations on Recovery of Bishop Richardson—Next Meeting in Fredericton on First Tuesday of November, 1913

The Church of England Synod concluded its business last evening. In the afternoon the question of a missionary chaplain for the deanery of St. John was brought before the members.

The King's College report evoked warm praise of that institution and the report showed the progress that had been made in recent years. The synod called for more hearty co-operation on the part of the clergy and laity in support of the work of the college.

Canon Neale submitted the report of the Bishop Kingston memorial, which was adopted by the synod after some discussion. In submitting his report, Canon Neale said that while the fund had lagged to some extent it was not for lack of interest in the object of it, but for the most part was caused by the fact that it had not been placed before the public in a sufficiently prominent manner.

Archdeacon Newnam, as secretary of the synod, submitted the report concerning the affixing of the seal of the synod to various documents. The report was adopted. The report on constitutional and canonical matters was submitted and approved. The representation was made to be on the basis of communicants and not the qualified voters of the parishes.

It was moved by Rev. G. A. Kuhring and seconded by Rev. R. A. Armstrong in the opinion of the synod that city missionaries should be appointed whose duties shall be to look after, and take services, and visit the residents in the city hospital, Home for Incurables, Home for Aged Ladies, Seaman's Institute, the prison and other institutions that may need his services. Also to perform any duties that may fall within the scope of his position and whereas the work of the city missionaries will be very largely required to attend the members of the church who live outside of the city in the opinion of the synod, it is resolved that the stipend of the city missionary be mentioned that the board of missions if found at all possible. The motion was adopted after discussion.

The Bishop: "Is the work sufficient to take up a man's whole time?" Rev. Mr. Scovill: "Yes, I have just completed my month at the hospital and have had twenty-five patients, while Rev. Mr. Hooper has made as many as eighty visits. Before he had taken up the work there had been Church of England people there for four weeks without a visit from a clergyman, while there were Presbyterian and Baptist chaplains. They are, so said, more fortunate than we as regards time."

The choicest cocoa beans from the tropics are used for Lowney's Cocoa. We could buy beans at much lower prices. They would make a very fair cocoa—but not Lowney's.

The beans are thoroughly cleaned. After cleaning comes the roasting. Cocoa beans from different localities are roasted in separate roasters. The roasting is carefully timed to bring out the full richness of the flavor.

The beans then go through a cracker and fanner to remove the shells. The product of this process is called "Cocoa Nibs."

Next comes the blend. The rich flavor of Lowney's Cocoa is largely attributable to skill and experience in blending cocoa beans from different localities.

The blended cocoa nibs are then ground into a semi-liquid.

Cocoa beans have a natural excess of cocoa butter. The excess butter is removed by a hydraulic process.

The cocoa, now dry, is ground again to a fine powder and sifted through silk to insure the proper fineness. The sifted powder is then packed in tins.

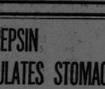

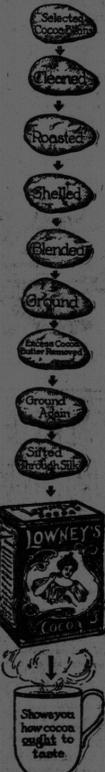

Each package, with the Lowney label, contains a blend of the world's choicest cocoa beans, thoroughly cleaned, skillfully roasted, relieved of excess cocoa butter and ground to a fine powder, which, in boiling, yields its full, rich flavor. It gives a beverage which, as we say, "shows you how cocoa ought to taste."

Our Montreal factory is in keeping with the cocoa it produces—a model for the cocoa business.

Sold at grocers. In tins—10c to 50c sizes.

PAPE'S DIAPEPSIN REGULATES STOMACH

Time It! In Five Minutes the Gas, Sourness, Heartburn and Indigestion Misery is Gone

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is, disordered you will get happy relief in five minutes, but what please you most is that it strengthens and regulates your stomach, so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears, and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

TURKISH ARMY A QUEER COMBINATION OF EFFICIENCY AND MEAGRE EQUIPMENT

Constantinople, Nov. 7.—While the Turkish army is in many respects the equal of the fighting machines of her foes, in other respects she compares favorably only with the semi-civilized people. The cavalry horses, as a rule, are fine animals and are fully equal to the work expected of them.

Why English Men Lose. A brand new explanation, but not a bad one, of the decline in the prowess of British boxing is offered by Boxing, a London weekly and the only paper in the world devoted exclusively to fighting. Boxing says the English custom of having bouts of two-minute rounds has induced laziness in training and encouraged dilatory tactics in the ring.

Strongest Man in the World. Montreal, Nov. 6.—Louis Cyr, "the strongest man in the world," is dying at the residence of his son-in-law, Dr. A. J. D. Cyr, this city.

Baseball. Chicago, Nov. 7.—It is probable the first player to sign for Johnny Evers, new manager of the Cubs, will be Eddie McDonald, former third baseman of the Boston Nationals, who was released to Sacramento of the Coast League.

DELICIOUS "SYRUP OF FIGS" FOR A BAD LIVER OR SLUGGISH BOWELS

This Gentle, Effective Fruit Laxative Thoroughly Cleans Your Stomach Liver and 30 Feet of Bowels of Sour Bile, Poisons, Gases and Clogged-up Waste

A harmless cure for sick headache, for biliousness, for a sour, gassy, disordered stomach, for constipation, indigestion, coated tongue, allowens, pimples—take Delicious Syrup of Figs. For the cause of all these troubles lies in a torpid liver and sluggish condition of your thirty feet of bowels.

A teaspoonful of Syrup of Figs tonight means all poisons waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning without gripping, nausea or weakness. It means a cheery day tomorrow—many bright days thereafter.

Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for luscious figs, gentle and aromatic can not injure anyone. This remarkable fruit preparation is a

There are drawbacks even to being the wife of a wealthy man, as Mrs. Rich found out. Although they had only been married out a few weeks she hardly ever has quite an hour with her husband.

"Do you think any girl ever proposes in Leap Year, as they say, Jennie?" he asked. "Not unless she is obliged to," answered the maiden. "I had I hadn't thought of that," he said after a pause.

BIG SEASON ON INTERCOLONIAL ASSISTANT

MR. DOWNE

Only Adverse Element at Present is Prospect of a Possible Car shortage

Promotion For H. C. Groat is Announced—Has Been at Brownville

The lack of cars to handle the business offering is the only fault the I. C. R. can find with the prospects for the coming winter, according to E. Tiffin of the railway board of management, who is in the city today. Mr. Tiffin said this morning that freight is offering in such large quantities that the I. C. R. like almost every other road in the country, will be embarrassed by the scarcity of rolling stock in proportion to the business. They have some very good contracts for coal to be handled through St. John and other lines of traffic will also be heavy.

Wm. Downe, general superintendent of the Atlantic division of the C. P. R., returned home today from Montreal. Speaking to a Times reporter, he confirmed the news that there had been some changes in the way of promotions so far as this division and No. 1 and No. 2 are concerned. H. C. Groat, who has for some time acted as superintendent of Division No. 1 with offices at Brownville has been promoted to a new office which has been created here, assistant general superintendent of the Atlantic division. His place at Brownville has been taken by W. A. Cowan.

Mr. Groat has arrived in the city and already assumed his duties. His appointment has come after several years of faithful and efficient service with the company and he is being heartily congratulated by his friends. Mr. Downe will leave in a few days with his wife for Old Point Comfort, Virginia, on a three months' sojourn, and Mr. Groat will have charge of this division during his absence.

MAY ENLARGE PLANT.
The early spring may see a considerable addition to the plant of the Sussex Manufacturing Company's works. This concern has been showing a constantly increasing output of the present quarters are partly being outgrown. At present the plant is working to its full capacity to fill orders.

POTATOES DEARER.
Potatoes took a slightly firmer tone on the local market, advancing to \$1.30 a barrel. Farmers are reported holding back supplies, although there is an abundance of potatoes in the country and it is said they must be cheaper during the closing months of the season because of being so plentiful. Apples are scarce and selling at \$1.50 a barrel. Apples range from seventy-five cents to \$2.00, the price asked for 1 Greenstein and also winter stock.

TWENTY YEARS MARRIED.
Friends Call and Make Presentation to Mr. and Mrs. Wm. J. Fitzpatrick

A pleasant and happy surprise was accorded Mr. and Mrs. Wm. J. Fitzpatrick last evening when friends called at their home, 142 Carmarthen street, to congratulate them upon the twentieth anniversary of their wedding and to remember them in a substantial manner by presenting to them a handsome china tea set as a souvenir of the event. Both enjoy the esteem and best wishes of a large circle of friends and this was touched upon during a pleasing speech by Rev. D. S. O'Keefe, who made the presentation on behalf of those assembled.

Mr. Fitzpatrick, who is accountant in the inland revenue department in the customs, made a fitting response, thanking his friends for their kindness and remembrance. An enjoyable time was spent with cards and music, refreshments were served, and the gathering dispersed a little after midnight.

COMMISSIONERS TAKE UP 1913 ASSESSMENT.

The commissioners will meet the chairman of the board of assessors this afternoon to deal with matters relating to the assessment for 1913.

An application from W. I. Fenton for a water main through DeMonte street, Carleton, was before the city commissioners this morning and was referred to the commissioner of water and sewerage.

With regard to the application of the Exhibition Association for the amount of the city's guarantee in addition to the grant the commissioners decided to ask the association to submit a detailed account of the revenue and expenditures with all vouchers, for audit by the city comptroller.

HEAVY ON THE RIVER.

Travel on the river steamers was seriously hampered today and the down-stream boats were delayed for several hours. Heavy freights were mainly responsible but the strong wind and rain-storm played havoc along the river. The steamer May Queen, due here yesterday afternoon about four o'clock did not reach Indiantown until this afternoon being nearly a whole day behind time, because of the large cargo she was compelled to carry. The May Queen was due at Chipman on Wednesday night but Salmon River was as far as she made. There she lay for the night, leaving yesterday morning for her last stop.

She was reported at Gagetown a little after eleven o'clock with a heavy freight and was expected to reach Indiantown about 2:30 o'clock or later.

The steamer Ozone, which is due at Indiantown at eleven o'clock was also several hours late today having a large cargo. She was not expected until some time this afternoon.

The steamer Champlain due about one o'clock was also held back today both by the storm and the heavy freights and was not expected to arrive at Indiantown until well on in the afternoon. It is believed that each of the three steamers has put up at a wharf until the storm has abated somewhat for reports from up-river indicate that it was fairly heavy.

HEAVY RAINFALL AND HIGH WIND.

St. John Was in the Grip of a Severe Storm Today

From two o'clock this morning up till noon today three-quarters of an inch of rain had fallen, and the prospects were that the total fall would be materially increased before the storm abated for at that time the rain was still falling heavily. The storm started last night and rain fell almost incessantly since then. Early this morning a heavy south westerly gale sprang up and between seven and eight o'clock this morning it had reached a velocity of thirty-six miles an hour. Within the temperature was very high, the official thermometer registering fifty-eight degrees at nine o'clock.

The storm made things very disagreeable, especially along the harbor front. The Eastern S. S. Company's steamer Calvin Austin, scheduled to get away at nine o'clock was about twenty minutes late getting away. On account of the heavy gale the services of a harbor tug were requisitioned to aid the big liner in getting away from her wharf. The tugmaster carried a very heavy general cargo and about twenty or thirty passengers.

The L. A. R. steamer Yarmouth left for across the bay, but experienced some little difficulty in getting out of the harbor. The smaller craft in the harbor were tossed about like chips by the heavy sea.

MRS. DOROTHY YOUNG.

The death of Mrs. Dorothy Young took place last evening at the home of her niece, Mrs. M. Brown, Waterville street. She was the widow of Thomas Young, and was born in this city, but resided for many years in Sussex. Since the death of her husband twelve years ago, she had made her home in this city.
