## CAPITAN RIFLE TEAM IS CHOSEN FOR BRISLEY

New Brunswick Riflemen Not Represented on the Team This Year.

VANCOUVER MAN TO COMMAND THE TEAM.

Team Assembles at Montreal and Sails on Tunisian on Friday — Col-Sgt. Perry, King's Prize Man Among Marksmen.

Ottawa, June 23.—R. J. Birdwhite, secretary of the Dominion Rifle Association tonight announced the names of the riflemen who will represent Canada at Brisley this year. There have been quite a number of the men who originally made the team unable to make the trip abroad, with resultant changes.

The team, which will be inspected at the Craig street armory in Montreal, on Thursday afternoon of this week, and sails on Friday morning per Allan liner Tunisian, is as follows: Commandant, Lt. Colonel J. Durr Sturt, sixth regt. D. C. O. R., Vancouver; Major R. J. Birdwhite, secretary, H. A., Ottawa; Adjutant Major R. B. Simmonds, 66th regt. Halifax; Captain G. R. Crowe, 20th regt. Quebec; Ont. Sgt. S. S. Brown, 19th A. D. Public Works, Edmonton; Col. Sgt. S. J. Perry (C. M.), sixth D. C. O. R., Custom House, Vancouver; Sgt. James Freeborn, 15th regt. 30 Clarke avenue, Hamilton; Sgt. R. B. Clarke, 6th regt. 13 Allen street, Halifax; Private A. Denholm, 79th regt. Candillie Block, Winnipeg; Sgt. J. Steele, C. A. S. C. Guelph; S. Sgt. F. C. Rawley, 90th regt. Bettes Block, Winnipeg; Q. M. Sgt. F. Hatcher, 5th C. A. 1422 Pembroke street, Victoria; Lt. F. A. Steck, 76th regt. Truro, N. S.; Lt. P. Richardson, C. of C., 13 Cook street, Victoria; Sgt. A. G. Ballcock, 2nd Queen's Own Rifles, 84 Montrose avenue, Toronto; Lt. J. F. Stora, Scotia, P. E. I.; Sgt. G. G. Galt, 43rd regt. D. C. O. R., 300 Mackay street, Ottawa; Sgt. T. Laman, 1st C. A. Halifax; Sgt. W. H. MacPherson, 7th regt. St. John; Sgt. M. J. Lee, 7th Fusiliers, London, Ont.

## DEATH TOLL OF THE AIR

English Aviator Falls 1,000 Feet into Sea and is Drowned — Rochester Birdman Dies in Lake.

London, June 23.—An aviator, Fairbairn, was drowned off Shoreborough this evening. He was experimenting with a new type of machine with which he projected a trans-Atlantic flight in July. Fairbairn fell into the sea from a height of a thousand feet and sank.

Rochester, N. Y., June 23.—Fred F. Gardner, an aviator, was drowned in Lake Keuka this afternoon, according to a despatch from Bath, when his aeroplane fell about 150 feet. Gardner is said to have lived in Portland, Me.

## FREDERICTON WANTS UNION STATION AND RAILWAY SHOPS

Special to The Standard. Fredericton, June 23.—Hon. Frank Cochrane, Minister of Railways, and the official party left by special train this evening shortly after 5 o'clock for the north shore. Tomorrow they will make an inspection of the section of the Canadian Eastern division between Blackville and Chatham Junction which it has been proposed to abandon.

This morning they inspected the St. John Valley Railway construction work for eighteen miles above the city and this afternoon they went

## GOVERNMENT'S AIMS TO CANADA'S INTERESTS

Important Works to be Started This Year

LARGEST OF AMERICA'S DRY DOCKS AT LEVIS

Generous Appropriations Make Possible Start on Many National Projects — To Meet Demands for Up-to-date Facilities.

Ottawa, June 23.—That the government is fully alive to Canada's great need, that of transportation, and its allied projects, is indicated in the more than generous appropriations for the purpose made this year. The engineering staff of the Public Works Department is now applying itself to the preliminary arrangements for calling for tenders on several new and very expensive works, and of proceeding with other undertakings already in progress.

## WHAT HAPPENED TO M'CARTHY'S SHARE OF FATAL FIGHT MONEY

Inventory of Estate Filed at Springfield Shows Net Return of Only \$26 on Calgary Venture.

Springfield, Mo., June 23.—Probate Judge G. G. Lydy today refused to approve the inventory of the Leiber McCarthy estate because it listed his proceeds from the fatal fight at Calgary as only \$26. He said he would begin an investigation into the matter. The gate receipts at the fight were several thousand dollars, and McCarthy was to get fifty per cent. The petition accompanying the inventory declared that William McCarty, the late pugilist's manager, paid out of the fight proceeds the fare for Mrs. McCarthy, himself and the pugilist's body to Fiqua, Ohio, burial expenses and \$100 for a monument.

## SUMMER HOTEL BURNED.

Boothbay Harbor, June 23.—The Menawun Hotel, which had just been opened for the season was burned today. Twenty persons occupying rooms on the upper floors found escape by the stairway cut off by the flames, but they climbed out on the roof of a piazza and were taken down on a ladder. One man jumped and was slightly injured. The monetary loss is about \$12,000.

## INJURED BY FREIGHT STRIKING TROLLEY CAR

Moncton, June 23.—H. G. Rolfe, chief electrician of C. N. R., and Heber A. Carson, were brought home to Moncton this evening badly bruised and cut up as the result of their gasoline trolley on which they were going over the road being struck by a freight train this afternoon near Wentworth, N. S. Rolfe and Carson understood there were no trains on the road in their vicinity, and when they suddenly met a freight they barely had time to fling themselves off as the engine collided with their trolley and smashed it to pieces.

## BORN IN ST. JOHN, DIES IN MONCTON.

Moncton, June 23.—Captain R. J. Faulke, a well known old resident, passed away suddenly this afternoon at Bourgeois' Hotel, aged 72 years, of organic heart trouble. The deceased was a native of St. John, but had resided in Moncton for the last twenty-five years.

## MEDICAL MEN WILL REPORT AGAINST FRIEDMANN "CURE"

Tuberculosis Expert Will Declare in London, Ont., Today that Turtle Serum is Dangerous to Sufferers from White Plague.

London, Ont., June 23.—Tuberculosis, and the alleged "cure" of Dr. Friedmann, the German scientist, will be an important part of the discussions of the Canadian Medical Association, which opens here tomorrow with the most noted medical men of Canada and the United States in attendance. Dr. Geo. Adams, of Montreal, chairman of the committee appointed by the Association for the Prevention of Tuberculosis, to inquire into the alleged cure, will give out a statement embodying the findings of the committee in the Friedman treatment. That this statement will be anything but complimentary to Dr. Friedman is stated by a prominent local medical man, who is in touch with the work of the committee.

## SENSATIONAL SUICIDE OF AUSTRIAN ARMY OFFICER

Vienna, June 23.—A second suicide in connection with the Austrian army corps, Col. Alfred Redl, who has been employed at the war office, but was in Vienna, personal business. It was later disclosed that Col. Redl had been betraying Austrian military secrets to the Russian government.

## AGED MAN IS FOUND AFTER WRECK LEADS TO THREE DAYS' SEARCH

Anthony McDougall Wandered in Woods and Was Lost — Worn Out from Cold and Hunger.

Sydney, June 23.—After wandering about thinly clad in the woods for nine days, Anthony McDougall, of Big Pond, was found in the woods back of his home on Friday last, the 20th instant. McDougall, who is a bachelor, is an old man of about 70 years of age and disappeared on Thursday the 12th. Search parties were sent out and the country side scoured but without success, and the hunt was given up when a week had passed. On Friday, a neighbor passing through the woods on the mountain back of Big Pond came upon him by chance. He was practically exhausted from cold and hunger and when found was crawling on his hands and knees. He was taken home and attended by friends and is now on a fair way to recovery after his arduous experience.

## SIX MONTHS IN JAIL FOR KILLING STRIKER

Striking Garment Worker Beaten to Death Companion Who Threatened to Return to Work—Fined \$200.

Cleveland, June 23.—Morris Labin, convicted of assault and battery for his part in killing Morris Gelbman July 27th, 1911, during the garment workers' strike, today was fined \$200 and sentenced to six months in the workhouse, the limit sentence, by Judge Vickers.

## TO FLY 1600 MILES.

St. Petersburg, June 23.—The French aviator, Marcel G. Brindejone, of returning to work, charged with flight of more than sixteen hundred miles from Paris to St. Petersburg, started on the return journey this evening.

## DECEASSED SOBBING IN CROWDED COURT ROOM

Youth Tries to "Shoot Up" Lawyers and Police.

JUDGE FORGETS DIGNITY AND HIDES UNDER DESK

Spectators in Wild Scramble Jump Through Windows to the Ground — Witness Chokes Prisoner.

Washington, June 23.—Judge, lawyers, policemen, and spectators were sent scurrying to cover in the criminal court here late today when Ray M. Stewart, aged 18, first three wild shots in an attempt to "shoot up" the court. At the first crack Justice Wendell F. Stafford disappeared beneath his desk and out in the court room there was a wild scramble for places of safety.

Justice Stafford had just refused to release Stewart on probation, after conviction for attempted highway robbery. The boy whipped out a .32 calibre automatic pistol and fired three shots, two of which narrowly missed Assistant United States Attorneys Samuel McComas Hawken and Harvey Given and Policeman Moffat.

## KEEN OPPOSITION TO PRESIDENT WILSON'S PLAN FOR EVENTUAL FREE SUGAR

PROPOSE TO LEVY TAX ON COTTON GAMBLERS

Senator Clarke Has Special Amendment Aimed at "Future Dealers" — Diamond Merchants Object to Duty on Uncut Stones.

Washington, June 23.—Democratic senators opposed to free sugar entered the senatorial caucus late today, and began their final effort to change the schedule before the tariff bill reaches the senate for general debate. Western and Louisiana senators were primed to make a titanic fight against the provision approved and urged by President Wilson, which provides that sugar shall be free of duty in 1914.

## GIRL'S DEATH IS SHROUDED IN MYSTERY

Found Dead in an Office — "Pills" Found in Box Near Her and Said to Have Contained a Drug.

Salisbury, Md., June 23.—With closest secrecy, police officials here are investigating the mysterious death of Miss Florence Wainwright, who was found dead in the office of the Home Gas Company here last Friday evening.

## AWARD CONTRACT FOR OBSERVATORY HERE

Special to The Standard. Ottawa, June 23.—A meeting of the Cabinet was held today at which several contracts were awarded, among them being that for the observatory building at St. John, N. B., to the British American Construction Co., whose figure was \$24,000. The contract for the breakwater at Orléans, N. S., was granted to E. R. Reed, \$6,300 being the figure. The dredging at St. George, N. B., was awarded to J. S. Gregory, of St. John, N. B., \$21,500 being the price.

## TO DOUBLE TRACK I. C. R. MONCTON TO HALIFAX

Special to The Standard. Ottawa, June 23.—Important plans for the improvement of the Intercolonial Railway are under consideration following the visit of Hon. Frank Cochrane to the Maritime Provinces.

These plans involve the double tracking of the line from Moncton to Halifax. Mr. Cochrane and F. P. Goulet, the new general manager of the I. C. R., have been making a thorough study of the conditions of the road as the time at their disposal would permit.

and it is understood that the decision to have a double line of railway from Moncton to the new terminals at Halifax has been reached. Before this work is begun the road will be improved in respect to grades so that when the present plans have been carried out the Intercolonial will be in a first rate position to take care of the increased traffic which the officials of the road expect. Mr. Cochrane will return from the east this week.

# THE MOST STUPENDOUS SALE

OF

# BOOTS and SHOES

EVER OFFERED THE PEOPLE OF ST. JOHN

## UNION AND MILL STREET STORES

10,000 Pairs of Shoes Bought at Our Own Price and Offered at Less Than a Third of Actual Cost

The memory of this sale will live in the minds of the people for years to come. There never has been a chance like this to buy shoes. A Manufacturer determining on giving up the carrying of goods in stock reluctantly accepted our offer for the lot—some thousands of pairs—and our offer was so low that we had not the faintest doubt of it being accepted. We have decided on confining the sale to our UNION AND MILL STREET STORES. Extra staff of salespeople in attendance. People will await this sale as they know that when we advertise to give bargains we do just what we advertise. Unquestionably this will be the GREATEST EVENT OF THE YEAR. Just think, you will be able to buy a pair of shoes for less money than the bare leather costs. Now whilst there are thousands of pairs in the lot it goes without saying that the real plums are soon picked out. So be on hand early.

# WATERBURY & RISING, LIMITED

### TO ENCOURAGE PUPILS TO STUDY AGRICULTURE

Department to Give Teachers  
Special Opportunity at Summer  
School—Prizes for Cul-  
tivation of Home Gardens.

R. B. Steeves, of Sussex, N. B., who was recently appointed the director for elementary agricultural education had a conference yesterday with Dr. W. S. Carter, chief superintendent of education, and J. B. Dagggett, the secretary for agriculture, and has arranged the schemes which Mr. Steeves will work will be the promotion of elementary agricultural teaching in the country schools, the formation of school gardens and nature study. Teachers are to be given special inducements to take a course in the Rural Science School at Truro, N. S., the present summer season beginning July 8th and closing August 10th. Teachers desiring to attend should apply to the director at Sussex.

Those who go will have transportation expenses one way paid and will receive a bonus of \$15 toward other expenses provided they devote their entire time to the work in hand and pass the examinations at the close of the course. Also at the Summer School of Science at Halifax a shorter course will be given for those who wish to work at other subjects at the same time. Those who take the full course and obtain certificates on passing the examination and actually engage in the same will be required to teach the subjects in the districts where they are engaged during the next term. Trustees are also to be encouraged by financial aid under the regulations to provide the facilities so that the work undertaken will be of practical benefit. The Department of Agriculture wishes to encourage students by competition and will award prizes for the cultivation of plots at home by the pupils. These competitions will be conducted in the county as groups of schools. The awards will be made at the close of the year through the inspector and officials of the agricultural department.

Plans are to be worked out whereby it is hoped elementary household science subjects shall form a part of elementary school work, and for this line as well financial assistance will be given.

The school grounds are to be given greater attention in the way of beautifying and improving. The districts that give special attention to such work will be assisted by supplies of trees, shrubs and general instruction as to how to properly place and plant the same to the best advantage. Instruction in pruning and tree cultivation and general ornamentation will form a feature of the work. Prizes for this line of work will also be offered. Teachers who have taken a full or partial course in school gardening, nature study and agriculture, and who desire to introduce such work in the schools during the coming term, and trustees who wish to secure such teachers will receive information from Mr. Steeves.

### GOVERNMENT GRANT MUCH APPRECIATED BY AUTOMOBILISTS

Provincial Government will  
Give \$1,000 Toward Im-  
provements on Rethesay  
and Westfield Roads.

Early in May about thirty of the automobilists felt that the roads to Rethesay and Westfield should be improved, and that by instituting a system of road patrol of filling in the bumps and repairing culverts and keeping this work up for three months, the surface of the highways could be made fairly smooth and the drainage improved, as well as remove the obstructions from the turns in the roads. The Rethesay road from the Three Mile House to Rethesay was taken over entirely by the road patrol instituted by these automobilists, and the Westfield road fund was augmented from the subscriptions raised.

After the work had proceeded about a month it was found that the funds at the disposal of the automobilists were inadequate. Like all the other roads in the province, the winter has been very hard upon these two highways, so an appeal was made to the provincial government for financial assistance. The co-operation of Hon. John E. Wilson, J. B. M. Baxter and L. P. D. Tilley was secured, as well as the Board of Trade, and the result has been that the Hon. John Morrissey has telegraphed that the government will grant a thousand dollars to help out this good work.

This result is most pleasing to the automobile subscribers, as they feel that not only have they been improving these roads, but that they have secured the co-operation of the members of the government, who evidently recognize that good work is being done and should be encouraged.

**DEATHS.**  
TITUS—On June 22nd, at the residence of her daughter-in-law, Mrs. Angus McLean, 206 Douglas avenue, Mrs. Eunice M. Titus, widow of the late Charles Titus, of Upham, Kings county, in the 73rd year of her age, leaving four daughters and three sons to mourn.  
Funeral from 206 Douglas avenue, on Wednesday afternoon at 2.30 o'clock. Service at the house of interment at Fernhill.

**IN MEMORIAM.**  
In loving memory of Rev. Robert Wilson who fell asleep June 24th, 1912.  
"Until the day break, and the shadows flee away."

### DEMOCRATS SQUABBLING OVER TARIFF CHANGES

Continued from page 1.  
The committee decided to change the tariff on diamonds to 10 per cent. ad valorem, and cut diamonds at 20 per cent. The merchants want the present rates retained, cut diamonds at 10 per cent. and uncut diamonds free.

**Would Tax Cotton Futures.**  
Senator Clarke, of Arkansas, the president pro tem of the Senate, has prepared for consideration by the caucus an amendment to the tariff bill which would levy a tax on cotton sold for future delivery. It would assess a tax of one-tenth of one cent a pound on all cotton sold, agreed to be sold or agreed to be purchased for future delivery upon any cotton exchange, board of trade, or other similar place. The amendment would provide, however, that when cotton thus sold for future delivery actually was delivered in good faith, the tax levied should be refunded to the person or corporation which paid it under regulations to be prescribed by the secretary of the treasury.

The measure is designed to prevent stock jobbing and gambling in cotton futures. The secretary of the treasury under the amendment proposed would be authorized to appoint agents to conduct inspections necessary to collect the cotton future tax. Exchanges, persons or corporations who failed to pay or attempted to evade payment would be liable to a fine from \$1,000 to \$20,000 for each offence and in the case of individuals or unincorporated associations an additional punishment by imprisonment for not less than one year nor more than three years might be imposed. Senator Clarke will press his amendment before the caucus when the cotton schedule is reached. It resembles a general amendment introduced by Senator Cummins, which would provide for a special tax on all commodities sold through stock exchanges or boards of trade.

### A FISHY STORY.

The famous little man went fishing on the Twenty-Fourth of May. But the fish were not biting on account of rain that day. So Ha-Dick drove hotelwards for he was extra dry. And he tried to quench his awful thirst with mixed Bourbons and Rye. As the night was dark and dreary to leave his family in the lurch, He started early Sunday and arrived in time for church. Since then he has been boasting of the trout he might have caught. But he never even mentions the curtain lecture which he got.

**Leaves for Sydney.**  
Last night Daniel H. McDonald and Mrs. McDonald left for Sydney, where they will, in future, reside. For the past eighteen months Mr. McDonald has been the manager of the Opera House and proved one of the most genial and energetic managers that this popular theatre has had at its head. He will be greatly missed by the citizens. Mr. McDonald in resigning his position as manager of the Opera House has accepted the management of the theatre in Sydney owned by L. R. Acker and his many friends will wish him success in his new position.

**PERSONAL.**  
H. W. Woods, M. L. A. of Queens county, was in the city yesterday.  
J. B. Dagggett, provincial secretary for agriculture, was in the city yesterday.

**Off to Camp Sussex.**  
F Company, 6th Infantry, from Victoria county, passed through the city last night en route to Camp Sussex. The bearer company also went through. The party comprised about twenty-five men.

Dr. Chase's Ointment will relieve you in three days, or certainly cure you. 50c a box all dealers, or Edmondson, Adams & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 1c. stamp to pay postage.

## Jogging Laziness into Activity

The merchant whose business lags in the summer has himself to thank.

To slacken the selling pace in the hot season—to lessen Advertising activity—indicates a resignation which has no place in modern business.

If we think we cannot keep our business booming in summer time, we surely will not.

What a jolt it must have been to the fur trade, when the first mid-summer fur advertisement was run in a daily paper! Now many fur stores are following the example of that progressive fur man who dared to believe that fur sales need not go down as the mercury goes up.

Energy, linked with Advertising, has turned the month of January into the biggest selling season for white goods. Advertisements of a high stimulative power, combined with a disregard of "seasons," have opened up automobile selling two months earlier than was once thought possible. Advertising has started Christmas shopping early in October instead of the middle of December.

Advertising rises superior to seasons and thermometers. The right kind of Advertising strikes a responsive cord in human nature—and human nature is the same in August as in December.

### THE LA MARINE NOTES OF THE WORLD

WILL INVESTIGATE MYSTERIES OF THE SEA.  
Fishermen Fight Sharks—Set Fire to Dock—Sighted a Derelict—Steamer Sunk—Dangers to Navigation.

**DERELICT SIGHTED.**  
The Boston schooner Future, which capsized in a storm off Hatteras in January last, drowning her captain, mate and cook, and which subsequently drifted when her deck load of lumber was washed overboard, is now a derelict somewhere between the Bermudas and the farther shores of the Atlantic, the schooner having been sighted recently by the British steamer Burtonbank.

**STRUCK DOCK.**  
Quebec, June 23.—Str Pina (Ger) which arrived here Friday from Hamburg, while docking, struck the dock damaging her stern; she is leaking slightly.

**DANGERS TO NAVIGATION.**  
Revenue cutter Miami reports June 19, cruised in lat 44 45 N. between lon 46 and 43 25 W—Current NE, one mile per hour. Sira Calcedonia and Samoset report no ice.

**THE FURNACE LINE.**  
The steamer Kanawha, Capt. Killman, arrived yesterday from London via St. John, Nfld., and Halifax, with general cargo.

**STEAMER SANK.**  
San Francisco, Cal., June 21.—St. Riverside, from Everett, Wash., to San Pedro, Cal., sank off Cape Mendocino today. All the crew were saved.

**THE ALLAN LINE.**  
Allan line Corinthian is due at Quebec Tuesday night; Montreal, Wednesday night.

Allan line Scandinavian arrived at Glasgow on Sunday at 3 p. m.  
Allan line Pretorian is due at Quebec Tuesday morning. Montreal, on Wednesday morning.  
Allan line Corsican arrived at Liverpool at 6 yesterday morning.

**FISHERMEN FIGHT SHARK.**  
Portland, Me., June 22.—Mel Darling, the well known South Portland fisherman, whose adventures on the water would fill a good sized volume and another thrilling experience yesterday. In company with his brother he was fishing in a Hampton boat off Cape Porpoise when three large sharks were discovered in close proximity. Two of them commenced edge in nearer the boat, one of them finally coming alongside when Mel gave it a vigorous thrust with a lance, the iron striking a vital spot. The water instantly became red with blood and the shark dove below striking the boat so hard with his tail as he went down as to nearly upset it and filling it half full of water. The sharks were of the "hammer-head" species and were never seen in this vicinity until last season, being supposed to come up from the Gulf. Although of immense size, Mel claimed the one he struck to be fully 60 feet long (and he would not take off an inch), they are considered harmless, although fishermen generally give them a wide berth.

**WILL INVESTIGATE MYSTERIES.**  
London, June 23.—Since 1908, when Lord Muskery, who was supported by Lords Ellenborough, Salisbury, Haldane and Morley, raised a question in the House of Lords concerning the loss of the missing steamers Neptune and Grindon Hall, regarding which inquiries were held by the Board of Trade have invariably ordered investigations in all cases of missing British ships. Since that date public attention has been focussed on the mysterious of the sea. During the past two years quite a number of inquiries have been held in various parts of the United Kingdom. Today, the marine department of the Board of Trade have informed the Guild that on the 23rd July an inquiry will be held at Newcastle-on-Tyne into the circumstances connected with the supposed loss of the Mountford, a steamer of 244 tons gross, owned by Messrs. Lunn and Maceoy of Newcastle-on-Tyne, and commanded by Capt. D. C. Stearnard, I.M.S.G. The vessel was reported passing Cape Henry on the 22nd February, 1912; since that date her whereabouts have become a mystery.

Another loss is that of the steamer "Grimsby Number 7," owned by the Consolidated Steam Flaming and Ice Company, which left Lowestoft on 14th February, during the present year.

**New Home Treatment For Removing Hairs**

(Bondole Secret.)

Any woman troubled with superfluous hairs can remove them in the privacy of her home without pain or trouble by applying a delatone paste to the hairs not wanted. This paste is made by mixing powdered delatone with a little water. The paste is to remain on the skin 2 or 3 minutes, then rub off, wash the skin and the hairs are gone. This treatment is quick, harmless and leaves the skin without spot or blemish. An original once-package of delatone is ample. To make eyebrows grow thick and glossy, rub pyroxin on frequently, and for stubby, straight eyelashes apply pyroxin at lash-roots with thumb and forefinger. This makes them grow long, silky and curly. Use care and don't get any pyroxin where you do not want it.

## DIARY OF EVENTS

### HISTORIC DAYS IN CANADA

"DISCOVERY DAY."  
This is Canada's "discovery day," for it was on June 24, 1907, that John Cabot landed on these shores. Whether the great Venetian landed on Cape Breton or Labrador cannot be known, but a majority of modern investigators favor the Cape Breton theory.

### LORD DUFFERIN.

Lord Dufferin, who ranks among the greatest of the administrators of Canada, was born in Florence, Italy, of Irish parentage, eighty-seven years ago today. He had already won fame and high honors when, in 1872, he was appointed Governor-General of the new Dominion. He arrived in this country the day after his forty-sixth birthday. The "Confederation" had been in operation only a few years, and many serious problems remained to be settled. Lord Dufferin commuted the death sentence imposed on Louis Riel by banishment from Canada, encouraged the growing prosperity of Manitoba, and in 1876 visited the recently added province of British Columbia, where he was given a hearty welcome. In his efforts to enhance Canada's welfare, Lord Dufferin was ably seconded by his accomplished wife, Lady Herriet, who was a gifted writer as well as a woman of rare social graces and tact. During the Dufferin administration, from 1872 to 1878, Lord Dufferin took a hearty interest in woman's educational work, and in various philanthropic measures, and also wrote "My Canadian Journal," an interesting narrative of viceregal journeys to various parts of the Dominion, with some highly entertaining chapters on social life and customs.

### KING ALFONSO'S TACT.

Politics in Spain are just now passing through an interesting phase. Both Conservatives and Liberals are holding out olive branches to the Republicans, and the latter have even been invited to join the Front Bench ranks of the present Liberal Administration. A recent report from Madrid states that in addition to this, the Republican leaders have been making speeches eulogizing King Alfonso, while the Liberal Premier declares his wish to co-operate with the Conservatives. The immediate reason for this conservative and Liberal bids for Republican favor is the instability of the present Government and the hope to gain support from the more moderate Republicans.

### FIRST THINGS

#### FOUNDER OF THE RED CROSS.

The first to suggest the formation of a society to care for soldiers who were wounded in battle was Jeanri Durant, a French physician, who thus became famous as the originator of the Red Cross Society. Durant witnessed the battle of Solferino, fought fifty-four years ago today, June 24, 1859, and the horror and despair which he witnessed at the terrible scenes of strife and carnage led him to write "In Souvenir de Solferino," which popularized the idea of such a society as now exists under the name of the Red Cross. The book, published in 1862, had a profound and immediate effect, for in August, 1863, just half a century ago, the Geneva convention instituted the Red Cross Society, in Austria, France, Great Britain, Italy, Prussia, Russia, Spain, Sweden and several minor states were represented in the first convention, and the society has since been extended to all important countries. In Turkey it is known as the Red Crescent Society. The real work of the society is to aid the wounded in operation during the Franco-Prussian war.

### THE PASSING DAY

#### HENRY WARD BEECHER.

Henry Ward Beecher, most eloquent of American clergymen, was born in Litchfield, Conn., one hundred years ago today. Love was the keynote of the life of the great pulpit orator whose centenary is celebrated today. Born of the New England clerical caste, coldly intellectual, he was yet inspired largely by his mother's love. His affection embraced all humanity of whatever color, race or creed. Firm in his religious beliefs, he could yet extend the right hand of fellowship to an Infidel, and claim him as his life-long friend. Brooklyn people are now engaged in erecting a fitting memorial to the man who made Plymouth Church famous throughout the world. It will take the shape of a building devoted to the needs of Brooklyn's young working people, and will be completed in time to be opened next Autumn. The bodies of Beecher and his wife now rest in Greenwood Cemetery, but they will be removed to a crypt in the memorial building. The edifice occupies a site west of Plymouth church, with a little park between, and in the open place there will be erected a Beecher statue, the work of Gutson Borglum.

### PRES. WILSON'S WEDDING DAY.

Savannah, Ga., June 24.—Miss Ellen Louisa Axson, daughter of the late Rev. Edward Axson, and granddaughter of the Rev. Dr. I. S. K. Axson, pastor of the Independent Presbyterian church of this city, was married today to Thomas W. Wilson, a son of the Rev. J. R. Wilson, of Wilmington, N.C. The wedding was a quiet, one and was solemnized by both the bridegroom's father and the bride's grandfather. It is a coincidence that both ministers are of the Presbyterian faith, as was the bride's father. The lovely old colonial home of the Rev. Dr. Axson formed a charming setting for the nuptials. Immediately after the ceremony the happy young couple left for Ardren Park Lodge, in western North Carolina, where they will spend their honeymoon. The bride is a favorite in Savannah society, and is famed for her beauty, intelligence and charm. Mr. Wilson is a graduate of Princeton and also studied law at the University of Virginia. In some such manner the Savannah newspapers reported the wedding of twenty-eight years ago today, of the future President of the United States and the first lady of the Republic. The above "despatch" therefore, is a bit belated, since on June 24, 1885, Mr. Wilson was married to Mrs. Mary, then to be known as Mrs. Woodrow Wilson, and his wedding had no general interest.

## IN LIGHTER VEIN

**A Futile Financier.**  
"Ma," exclaimed young Teddie, bursting into the house, "Mrs. Johnson said she would give me 5 cents if I told her what you said about her!"  
"I never heard of such a thing!" answered his mother indignantly. "You're a very good boy not to have told! I wouldn't have her think I ever mentioned her. Here's an apple, sonny, for being such a wise little lad!"  
"I should think I am, ma! When she showed me the nickel I told her that what you said was something awful, and worth a quarter at least!"

**Irish Repartee.**  
Standing by the entrance of a huge estate in the suburbs of Dublin are two huge dogs carved out of granite. An Englishman going by in a motor thought he would have some fun with the Irish driver.  
"How often, Jack, do they feed those two big dogs?"  
"Whenever they bark sir," was the straightforward reply.

**An Alternative.**  
"That house I have rented from you," said the dissatisfied tenant, "is horrible draughty. When I was sitting in the middle of the room, my hair blew all over my face. Can't you do something?"  
"Don't you think, sir," replied the house agent, suavely, "it would be easier and cheaper for you to get your hair cut?"

**A Professional Secret.**  
Magistrate: "How did you manage to extract the man's watch from his pocket when it was provided with a safety chain?"  
Prisoner: "Excuse me, sir; that is a professional secret. I am willing to teach you, however, for ten dollars."

**Happiness in Three Words.**  
"After all, the sum of human happiness may be totalled up in three words," said she.  
"What are they, dear?" inquired her partner in life's joys and sorrows.  
"Oh, I thought you meant 'Pay to be happy!'"

## PROPOSAL OF COMMISSIONER McLELLAN

Should be Discussed in Public Meeting—Water Pressure Length.

That the commission form of government cannot be satisfactorily operated without private meetings was the decision of the city council yesterday, after Com. Schofield had naively remarked that when he took part in the commission campaign he was greenhorn, and after Com. Agaz had stated that while publicity was a principle of the commission campaign, he felt it was not intended to prohibit private committee meetings.

Com. Wigmore made a statement about the water service at the 23-month street fire, and Com. McLellan made some caustic comment on the distribution system.

A communication from F. Hyatt, secretary of the Trades and Labor Council, asking that a labor representative be appointed to the School Board was referred to the committee of the whole, which will be minus Com. McLellan in the future.

Com. McLellan moved that hereafter all meetings of this commission in council committee or otherwise, at which civic business is being discussed or considered, except as provided for by the commission charter, shall be open to the public.

## Thanks Change Unwise.

Com. Schofield said that as a greenhorn he had during the commission agitation spoken in favor of the fullest publicity. But now he felt it would be a grave mistake to adopt Com. McLellan's motion. He felt that in private sessions discussion was freer; matters of a confidential nature were brought out that they would not like the public to know, and this assured more mature judgments.

He had heard no complaints about the private meetings, except from the newspapers, which probably thought this might get more news, or more information upon which to base their criticism of civic affairs. They had precedents in the private meetings of the federal and provincial governments. When matters were dealt with in committee, the discussion was announced, and often in consequence of some light remark by the public, they had changed their attitude before the matter was finally disposed of in council. If the course were changed, it would mean with public objection, it was easy to change it.

## Advantages of Privacy.

Com. Agaz said publicity was one of the guiding principles of the commission campaign, but he did not think it was intended that the commission were not to meet in private committee meetings. He felt the commission suffered in public esteem because of the public committee meetings. Very often a misleading construction had been put on what he said, and where in consequence of new information the aldermen had changed their minds between committee meetings, there was a possibility that the motives had been misconstrued by the public. He thought the resolution carried would work more harm and danger to the community than good.

He remarked that in past committee speeches were made playing to the gallery, which were an infliction on the public. He did not think that a commissioner should become a debating society.

Com. Wigmore opposed the motion, saying that he had heard of nothing but discussion in private anything but discussion in private was freer. He had had experience of both systems, and felt the present practice facilitated business. He had heard no complaints.

## Favors Publicity.

Com. McLellan said the commission agitation was to have all the meetings public. He knew public opinion would change overnight. He had learned the power of public opinion when the people thought he had made a mistake, though no mistake had been made by him, as the public would realize, eventually. "Everybody was trying to cater to public opinion a few weeks ago," he added, "I am catering to public opinion this week. This is my week."

## The Motion Lost.

The Mayor made no comment on the motion, which was then put to a vote, and Com. McLellan voting for it.

Com. McLellan—Well, I will not attend any more private meetings, but I will attend the majority vote rule. If every member was to be law unto himself they would have peculiar situation.

Com. McLellan—There is nothing in the commission charter providing for committee meetings. When I have a proposition to bring up I'll submit it to you on Wednesday, and you'll have time enough to discuss it before the council meeting. It has been said by some people that I have been bossing the show. I wanted to give the public an opportunity to see I'm not bossing the show.

COMMISSIONER McLELLAN'S COMMITTEE MEETINGS

Proposal of Commissioner McLellan that All City Business Shall be Discussed in Public, Voted Down at Yesterday's Meeting — Water Pressure at Sunday Fire Discussed at Length.

That the commission form of government cannot be satisfactorily operated without private meetings was the decision of the city council yesterday, after Com. Schofield had naively remarked that when he took part in the commission campaign he was a greenhorn and after Com. Agar had stated that while publicity was a principle of the commission campaign, he felt it was not intended to prohibit private committee meetings.

Com. Wignore made a statement about the water service at the Exmouth street fire and Com. McLellan made some caustic comment on the distribution system.

A communication from F. Hyatt, secretary of the Trades and Labor Council, asking that a labor representative be appointed to the School Board was referred to the committee of the whole, which will be minus Com. McLellan in the future.

Com. McLellan moved that hereafter all meetings of this commission in council committee or otherwise, at which civil business is being discussed or considered, except as provided for by the commission charter, shall be open to the public.

Com. Schofield said, that as a greenhorn he had during the commission agitation spoken in favor of the fullest publicity. But now he felt it would be a grave mistake to adopt Com. McLellan's motion. He felt that in private sessions discussion was freer; matters of a confidential nature were brought out that they would not like the public to know, and this assured more mature judgments.

He had heard no complaints about the private meetings, except from the newspapers, which probably thought this might get more news, or more information upon which to base their criticism of civic affairs. They had precedents in the private meetings of the federal and provincial governments. When matters were dealt with in committee, the discussion was announced, and often in consequence of new light vouchsafed by the public, they had changed their attitude before the matter was finally disposed of in council.

Advantages of Privacy. Com. Agar said publicity was one of the guiding principles of the commission campaign, but he did not think it was intended that the commissioners were not to meet in private committee. He felt that the public suffered in public committee meetings because of the public committee meetings. Very often a misleading construction had been put on what they said, also where in consequence of new information the aldermen had changed their minds before the council meeting, and the council meeting, there was a possibility that the motives had been misconstrued by the public. He thought the resolution if carried would work more harm and danger to the community than good.

Com. Wignore agreed with Mr. Schofield's views. The communication from the Trades Council was referred to the committee of the whole.

Com. McLellan said the commissioners must have travelled in long small circles, if they could not say they had never heard anyone speak in favor of open meetings. A little while ago he had sat for a week with the press and public clamoring about him. But thank God, his actions had been clear, and though he felt worried he was not ashamed of his course.

As regards changing their minds, he felt the commissioners had a right to change their mind. In committee he favored improving a certain street when the matter of giving a contract to a firm whose work had been unsatisfactory came up in council he voted against it.

Last Saturday four commissioners stood up and voted away \$20,000 of the city's money, but he opposed it, not because he did not believe in doing the work, but because he wanted something more than a mere word from Mr. Murdoch as to the estimated cost.

He thought the intention of the commission agitation was to have all the meetings public. He knew public opinion would change overnight. He had learned the power of public opinion when the people thought he had made a mistake, though no mistake had been made by him, as the public would realize, eventually. "Everybody was trying to cater to public opinion a few weeks ago," he added. "I am catering to public opinion this week. This is my week."

The Motion Lost. The Mayor made no comment on the motion, which was then put and lost, only Com. McLellan voting for it.

Com. McLellan—Well, I will not attend any more private meetings. Com. Agar said the majority should rule. If every member was to be a law unto himself they would have a peculiar situation.

Com. McLellan—There is nothing in the commission charter providing for committee meetings. When I have any proposition to bring up I'll submit it to you on Wednesday, and you'll have time enough to discuss it before the council meeting. It has been said by some people that I have been bossing the show. I wanted to give the public an opportunity to see I'm not bossing the show.

NOVELTY FEATURE AT THE NICKEL A WINNER

Ermet Duo Made First Appearance in Entertaining Act — Good Picture Programme — Return of Miss A. Harney

The Nickel offered a very attractive bill to its patrons yesterday, and during the afternoon and evening large audiences visited the popular picture house.

Another of the delightful features which the management provided yesterday was the return of Miss Adela Harney. Since leaving here some weeks ago Miss Harney has had a successful tour, her initial one, and has proved as much of a favorite elsewhere as in her home city. On her return yesterday she was accorded a warm welcome, and her work was charming as usual.

BOMBS FROM AEROPLANE. El Paso, Tex., June 23—After several months of delay, the French flying man with the rebels in Sonora, succeeded in making his aerial work effective on Saturday by dropping bombs into the Federal trenches, effecting a terrible havoc.

The Mayor—Is there a vacancy? Com. Agar said George E. Day's term as a trustee expired on the 21st of July, and his successor should be named at once. Mr. Russell had resigned, but his place had been filled by Dr. Manning.

The Mayor's View. His Worship said that in his opinion all appointments in the school board under the control of the city should be filled from among the commissioners, as the city had to put up so much of the money for the schools.

Com. Wignore said he agreed with the principle enunciated by the Mayor, but he felt personally that he was not able to give sufficient time to his duties as a school trustee. A school trustee should give considerable attention to the schools.

Com. Schofield said he agreed with the principle enunciated by the Mayor, but he felt personally that he was not able to give sufficient time to his duties as a school trustee. A school trustee should give considerable attention to the schools.

Com. Wignore recommended that the sewer and water extension of an eastern extension of Clarendon street, from Douglas street to Douglas avenue, be made by way of what is known as Anne street, at an estimated cost of \$2700, of which about \$1400 will be chargeable. Adopted.

A Little River Lease. Com. Wignore recommended that a lease be granted to the Department of Marine and Fisheries of Canada for the use of the Little River.

The Kidneys Are To Blame WHEN A WOMAN'S BACK IS NOT STRONG.

Women are coming to understand that weak, lame and aching backs from which they suffer are due to wrong action of the kidneys.

The kidneys are overtaxed—given more work than they can possibly do—then they cry out in protest through the pain in the back.

When the back aches and pains it is almost impossible to do her household work, and so she is forced to stop. On the first sign of backache Doan's Kidney Pills should be taken so as to avoid all this suffering.

Mrs. Harvey W. Brownell, Northport, N.S., writes:—"I now take pleasure in writing you, stating the benefit I received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad at times I could not sweep my own floor. While looking through B.B.B. Almanac, I saw Doan's Kidney Pills were a great kidney remedy, so I bought a box and took a few. I did so and found great relief. After using five boxes I was completely cured, and I am very thankful to have found so speedy a cure."

Price, 50 cents a box, 3 boxes for \$1.25, all dealers or mailed on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct, specify "Doan's."

CAMP SUSSEX OPENS DAY

The Number of Men Under Canvas this Year will be Largest Since Camp was Established.

The New Brunswick regiments comprising the 6th Division of the Military Forces of Canada will commence their annual training at Camp Sussex today, when upwards of 3,500 men will be under canvas. The camp this year will be commanded by Colonel Humphrey, D. O. C., and consists of the largest body of men gathered at Camp Sussex since the inception of the annual training.

For the first time in the history of the camp a provisional cavalry brigade will be present, composed of the 8th Princess Louise Hussars, and the 28th New Brunswick Dragoons. The brigade is commanded by Colonel H. H. McLean, who has been succeeded in command of the Dragoons by Major C. H. McLean. Both regiments will be well up to strength and will prove a valuable aid to the different armies in the mimic warfare.

The infantry will consist of the 67th, 73rd and 74th regiments, and the 10th, 12th and 19th field batteries will also be present. The recruiting officers this year have been very successful in their efforts to obtain men with the gratifying result that all the regiments will be up to full strength.

The 62nd Regiment of St. John Fusiliers will go to camp on Friday, the 27th, and will entrain at the depot at half past eight a. m. Colonel J. L. McAvity will be in command. This regiment, which has been drilling during the spring, is in first-class shape, and Colonel McAvity expects to take nearly 500 men to camp. Captain Ronald McAvity will leave with the advance guard on Thursday to prepare for the arrival of the main body.

Major A. E. Massey and his men of the Army Service Corps have been at camp for several days preparing the ground and locating the positions for the lines of the different regiments. Colonel Walker will command the Army Medical Corps and will take a first-class body of the different regiments. This corps is also up to strength. H. Company of the R. C. R., from Fredericton, will also attend Camp Sussex.

A LONDON SENSATION. London, June 23—Several prominent politicians, a distinguished and well known society persons are concerned in a scandal Scotland Yard is now investigating. In a police raid on a Haymarket flat, run by a woman named Queenie Gerald, detectives discovered some extremely compromising documents, implicating his names in London society. They included letters from three Liberal and two Conservative members of parliament, also letters from the Earl of Queensberry. Gerald is charged with carrying on a "white slave" traffic. She threatens to make disclosures on the witness stand.

Other Matters. The comptroller was authorized to order for payment all accounts, properly certified, that are with him not later than June 25.

The road engineer was authorized to make such changes, as he may deem necessary, in the grade and curbing on the work being done on the north side of King Square.

On recommendation of Com. McLellan the offer of Samuel Thorne to supply labor for putting down a new floor in No. 1 Engine House for \$250 was accepted.

The Mayor was authorized to invite the Canadian Medical Association to meet in St. John next year, and to place the old council chamber at the disposal of the convention of the N. B. Medical Society this year. Council adjourned.

WINDSOR TABLE SALT

Grocers are firm friends of Windsor Table Salt. It is pure and clean and good. Ask any grocer for his best salt, and he will give you Windsor Salt every time. Not because it costs more—it does not—but because the grocers know that Windsor Table Salt pleases their customers.

JOHNSON'S ANODYNE LINIMENT Used 102 years for internal and external ills.

A sure relief for coughs, colds, sore throat, cramps, cholera morbus, diarrhoea, cuts, burns, bruises, sprains, etc.

Persons afflicted with Coughs and Colds should use Johnson's Anodyne Liniment.

THE FINANCE OF THE HOSPITAL

Interesting Ideas Advanced at County Finance Committee Meeting when Improvements to Hospital were Discussed.

A meeting of the Finance Committee of the County Council was held yesterday afternoon, at which there was a long discussion in regard to proposals for enlarging the General Public Hospital. The question at issue was that discussed tentatively at the last meeting of the council. There appeared to be some difference of opinion as to whether more land should be bought, and the new building put up in such a way as to form the nucleus of a new hospital, or whether a new wing should be built on the present building without looking very far into the future.

There was some argument to the effect that the general tendency to specialization would result in the erection of hospitals to handle different classes of diseases, and that the present institution would have its services eventually restricted to emergency cases.

The committee, however, reached no decision in regard to what should be done and another meeting will be held today, when the discussion will be resumed.

RUMORS ABOUT PANAMA. Panama, June 23—Numerous alarming rumors of damage have gained currency as a result of the crack that recently developed in the cut-off wall of the northwest wing of the Miraflores locks of the Panama Canal. One of the reports has it that the gates had pulled away some of the portions of the supporting masonry, and that the cost to demolish and rebuild the damaged structure would be \$1,500,000. The canal engineers say that it is only a minor one and that it probably was due to a slight settlement of the masonry.

Headaches and Heart Trouble. Nervous Prostration of Three Years' Standing Cured a Year Ago by Dr. Chase's Nerve Food.

Anyone who knows the discouragement and despair which accompanies the helplessness of nervous prostration will appreciate the gratitude felt by the writer of this letter. Mrs. H. C. Jones, Scotch Lake, C. B., writes: "I suffered from nervous prostration for nearly three years, but frequent headaches, loss of appetite and was troubled with my heart. After consulting two doctors, without obtaining satisfactory results, I began the use of Dr. Chase's Nerve Food, and was completely cured by this treatment. It is nearly a year since I was cured, and I want others to know of this splendid medicine. I now attend to my housework with pleasure and comfort, and an glad to have the opportunity of recommending Dr. Chase's Nerve Food."

At least some benefit is bound to be derived from each dose of this great food cure, as day by day it forms new blood, and builds up the system. 50 cents a box, 6 for \$2.50, all dealers, or Elmsford, Bates and Co., Limited, Toronto.

Health and Beauty Answers BY MRS. MAE MARTYN.

Ada: The unlovely condition of your skin is due to the powder and crease you use. Make up and use this daily lotion and your complexion will be the envy of your friends. Dissolve 4 teaspoonfuls of either 1/2 pint hot water or witch hazel, and add 2 teaspoonfuls glycerine. This delightful lotion dries quickly, and leaves the skin soft and velvety smoothness. The surmex lotion cannot be detected when on and it makes rosy, "muddy" skins smooth and clear. Use it for freckles, tan and sunburn.

Myrtle: That unwelcome fuzz on your cheek will vanish after one application of a delatone paste, made by mixing 1/2 ounce delatone and water to cover the hairs not wanted. After it is on 2 or 3 minutes rub off, wash the skin and it will be smooth and hairless. This method is unfailing, but be sure to get delatone.

Mrs. Geo: You can have pretty eyebrows and lashes by rubbing a little pyroxin on eyebrows nightly, and for short, straight lashes, apply pyroxin at bedtime with thumb and forefinger. This treatment will give you thick, glossy eyebrows and long, curly lashes. Be careful and don't get any pyroxin where no hair is wanted.

Margie: From what you say, I believe your weakness and languor are traceable to your anemic condition. Make up and use this old-fashioned cleanser and tonic and your health and strength will soon return: Dissolve 1 ounce karene in 1/2 pint alcohol (never use whiskey), then add 1/2 cupful sugar and hot water to make a quart and take of this 1 tablespoonful three times a day. This rids the blood of poisonous accumulations, builds up worn tissues and fortifies the body against disease. The karene tonic is especially good for banishing pimples, blotches, "nauseous" and other complexion blemishes and after a regular course of this treatment your skin will be clear and soft.

Lydia: You hardly need to consult an oculist. Try this simple home remedy: In 1 pint clear water dissolve 1 ounce crystals, then put a few drops in each eye twice daily. This will reduce inflammation and take out the soreness. If after this is done, your vision still remains blurred, you of course will require glasses. The crystal medicine is an excellent for granulated eyelids and weak, watery eyes.

Miss G: The cause of your hair being streaky and unmanageable no doubt is the use of soap or some other harmful thing for shampooing. Cleanse your scalp and hair with a solution of cantrox. Just dissolve a teaspoonful of it in a cup of hot water and you will have ample mixture. It creates an abundance of white, thick lather that dissolves every atom of dust, dandruff and excess oil, and rinsing leaves the hair and scalp wonderfully clean. After a cantrox shampoo the head feels good and the hair dries quickly without streaking and is soft, fluffy and easy to do up.

Alma: You can soon get rid of that burdensome fat if you take the parrotis treatment, made by dissolving 4 ounces parrotis in 1 1/2 pints of water. Strain when cool and take 1 tablespoonful before each meal. This parrotis treatment is entirely harmless and reduces the weight without resorting to dieting or tiresome exercises.

The Best Friends of Red Rose Tea are those who have returned to it after trying other teas. No stronger recommendation of the good quality of Red Rose Tea could possibly be given. N.B.—Coffee users will find Red Rose Coffee as generally good as Red Rose Tea.

10¢ The rare flavor and the sustaining qualities of Kellogg's Corn Flakes have made it the favorite cereal of the people of North America. Look for this signature on the package.

Maritime Nail Preferred Stock Is Selling Freely

This week since we sent out to the clients on our mailing list the descriptive circular of this issue—scarcely time for our friends to thoroughly digest the facts and figures therein presented.

Yet orders are steadily coming in from various sections of the Maritime Provinces and Newfoundland at a very gratifying rate, and a goodly portion of our holdings have already been taken.

Numerous inquiries have also come in from the West and North in answer to these little investment talks of ours.

If you have not yet had a copy of this circular you really should not let today pass without writing for one. Remember, that this is the fully-secured Preferred Stock of an established industry with a 7 p. c. and cumulative dividend. The 50 p. c. Common Stock Bonus is, moreover, another desirable feature warranting your investigating this issue.

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

THE STANDARD, ST. JOHN, N. B., TUESDAY, JUNE 24, 1913

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.) Montreal, June 23.—No new life was instilled into the stock market as a result of the weekend rest. Prices were on the easy side and trading was extremely dull.

Yet orders are steadily coming in from various sections of the Maritime Provinces and Newfoundland at a very gratifying rate, and a goodly portion of our holdings have already been taken.

Numerous inquiries have also come in from the West and North in answer to these little investment talks of ours. If you have not yet had a copy of this circular you really should not let today pass without writing for one.

NEWSPAPERS ON SITUATION IN MARKET

(F. B. McCURDY & CO.) New York, June 23.—American—Those who take advantage of the low price of securities now ruling, must, if they exercise prudence in their selections, realize substantial profits in time.

FUNERALS. Dr. Charles A. Secord. The funeral of Dr. Charles A. Secord took place yesterday afternoon at 2:30 o'clock from St. John's (Stone) church.

Mrs. Elizabeth South. Mrs. Elizabeth South's funeral took place yesterday afternoon at 2:30 o'clock from her late residence, 43 Somerset street to Holy Trinity church, where the burial service was read by Rev. Father Walsh.

James Riley. The funeral of James Riley took place on Saturday at half past two o'clock from his late residence, 43 Somerset street to Holy Trinity church, where the burial service was read by Rev. Father Walsh.

Long Service. and satisfaction are assured if you purchase knives, forks, spoons and serving pieces bearing the trade mark.

CLOSING LETTER ON COTTON MARKET

(F. B. McCURDY & CO.) New York, June 23.—The tendency to open up commitments for over the government report and in view of the recent sharp advance, was at the expense of prices today owing to the good weather over the holidays, renewed anxiety as to political conditions in Europe, and hush rumors as to the preliminary figures of the National Ginners' Association.

The market opened at a decline of 4 to 6 points, quietly rallied to about the closing figures on Saturday, then turned easier on realizing by old longs and scattered selling for a turn.

WEDDINGS. Lawson-Scott. Yesterday morning at 6 o'clock, Rev. R. McKim united in marriage Miss Bessie Helena Scott, daughter of Mr. and Mrs. A. A. Scott, and Frederick P. Lawson of the Custom House.

CLOSING STOCK LETTER FROM RANDOLPH

(F. B. McCURDY & CO.) New York, June 23.—Business was extremely dull in the last hour, fluctuations in that period being confined to comparatively narrow limits, with a further recession in Union Pacific.

ATTEMPT TO WRECK EXPRESS. London, June 23.—What is suspected to have been a militant suffragette attempt to wreck an express train from London to Plymouth in a tunnel near Devonport on Saturday, is reported today.

OFFICIAL SCORER KILLED. Jersey City, N. J., June 23.—A foul tip from the bat of a player in a game between fraternal order baseball teams here Saturday, struck the official scorer, Harry C. Harved, on the head, and he died yesterday from the effects of the blow.

Concrete Pavement. In Favor of Concrete Roads On a Par With Old Roman Roads. PAVING EXPERT ADDRESSED MEETING ADVANTAGE OF CONCRETE EMPHASIZED. CONCRETE PAVEMENTS IN BRANT COUNTY THOSE LAID GIVE GOOD SATISFACTION.

Everybody is building Concrete Roads

CONCRETE roads have literally taken Canada by storm. From Halifax to Vancouver, road commissions, town and county engineers, town councils and good roads associations, have been quick to discover the remarkable advantages of the concrete pavement.

An Authority's Statement

Extract from paper recently presented by Edward N. Hines, Chairman of the Board of County Road Commissioners, Wayne County, Mich., before the National Association of Cement Users, at Pittsburgh, Pa.

"It is a sad commentary on the conduct of an undertaking of any magnitude, that individuals, municipalities, states or nations, all seem to find it necessary to do a certain amount of experimenting and dilly-dallying before accepting the conclusions and avoiding the failures of previous demonstrations.

"The initial cost of a good concrete road is little, if any, greater than that of a first-class bituminous road. One of the greatest fallacies indulged in by communities starting to improve their highways is that cheapness in cost of original construction of roads means economy and that the highway official who can build the greatest area of roads at the least outlay per square yard is working for the community's best interest.

"On one of the main highways out of Detroit, Grand River road, the first two miles is tar macadam. If someone had offered to build this road absolutely without a penny's cost to Wayne County, stipulating only that we should maintain it in a fairly average condition, at the end of eight years we would have been money ahead by rejecting the offer and building it of concrete under our present specifications.

"Of course, six years ago, when we built this road, we did not possess this knowledge, but our experience was one of the reasons for abandoning the construction of this type of road and turning to concrete. When it comes to annual cost, the concrete road stands pre-eminent. With more than 60 miles of concrete road in Wayne County, some of it in its fourth year, we have spent less than \$300 on its surface for maintenance and this is what makes this type of road the cheapest of all roads."

Our Good Roads Lectures, illustrated with lantern slides showing photographs of roads of all kinds, and delivered by members of our own staff of road experts, will be given free of charge to better councils, road commissions, good roads associations, or any other organizations interested in better roads. If you are interested, and think your community would welcome a lecture engagement, write for full information and Good Roads literature to:

LIVE TOPICS OF SPORT AT HOME AND ABROAD

F'TON WON DOUBLE HEADER

Fredericton, N. B., June 23.—Fredericton won two games from Bangor today, taking the afternoon game by a score of 3 to 2, by a ninth inning rally, and the second game, which was played in the evening, by a score of 11 to 9 for seven innings.

The Bangor club made a good bid for both games, and the fans have hoped that the Fredericton club has been chased the jinx which has been laid on their trail all last week.

In the afternoon game Ahearn, for Fredericton, and McPhee, for Bangor, were the opposing pitchers. To the last inning the Eastport schoolboy was going along like a house afire, but then he faltered. He had allowed but a single hit until Callahan opened with a hit over second. Then Wakefield batted safely. Murphy came through with a double over third base that scored Callahan. Then Condon drove out the single to right field that sent the winning run over the pan.

For the evening game there was a crowd of well on to a thousand people and they saw one of the greatest exhibitions of free-hitting that has ever been given in the history of Scotia's grove.

The box scores for the two games follow: First Game. Fredericton. AB R H PO A E. Fryor, ss, 4 0 0 2 6 1. Ganley, cf, 3 0 0 3 1 0. Duggan, lf, 3 0 1 1 0 0. White, rf, 1 0 0 0 0 0. Conley, 2b, 3 0 0 3 3 0. Callahan, 3b, 4 1 2 3 0 1. Wakefield, lb, 4 1 2 3 0 1. Murphy, c, 3 0 1 4 1 0. Ahearn, p, 2 0 0 1 0 0. Condon, p, 1 0 1 0 0 0. Totals, 27 3 5 27 15 4.

ARTHUR PELKY AQUITTED OF MANSLAUGHTER

Calgary, June 23.—Arthur Pelky, the pugilist, tonight was acquitted of a manslaughter charge which was placed against him as a result of the death of Lester McCarty, who died in the first round of a scheduled ten-round bout at the Burns arena here on May 25 last.

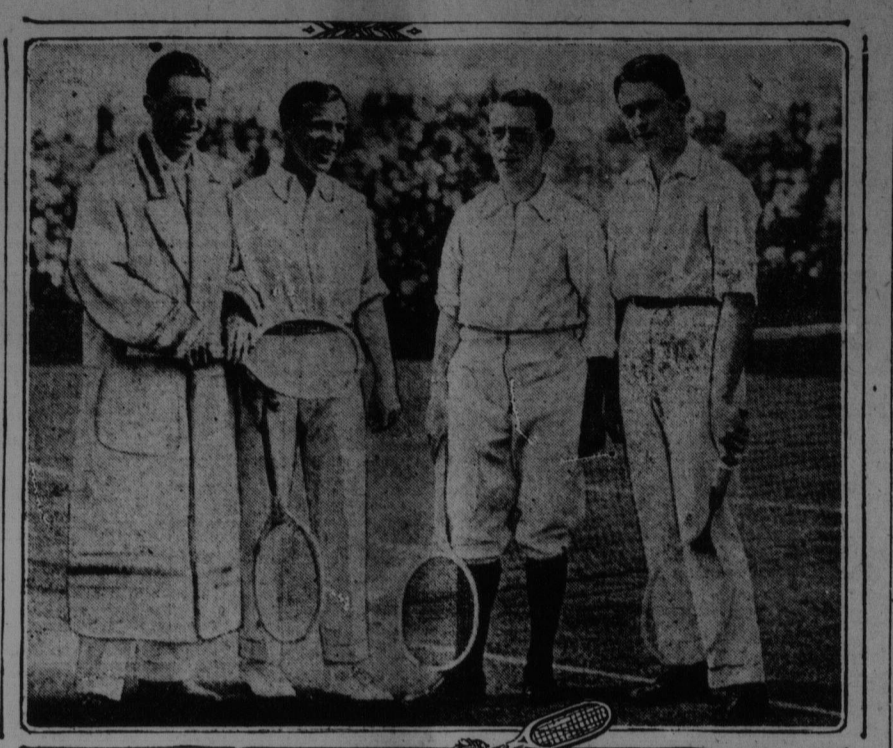

It was charged by the government that McCarty died from a blow administered by Pelky. The jury was less than an hour before returning the verdict, although Chief Justice Harvey's charge was said to be unfavorable to the defendant.

In his charge to the jury the chief justice admitted that there was some doubt as to whether or not the contest was illegal, but he said there was no doubt that death had been caused by a blow and that the jury should consider only whether the defendant was guilty of causing the death of his opponent in an effort to win the prize placed upon the contest.

Pelky was jubilant when he learned of the verdict and declared it was exactly what he had expected. The case was given to the jury at 2:30 o'clock. The jury was out forty-five minutes and the verdict was to the effect that the contest was a prize fight and that Pelky was not guilty of manslaughter, inasmuch as the blow he struck was not intended to cause death. A big demonstration followed the announcement of the verdict, and as Pelky stepped from the prisoner's box he was warmly congratulated. A general rush was made by friends of the accused to shake his hand and to extend congratulations.

The contest which resulted in the manslaughter charge was a scheduled ten-round affair, and terminated when it had been in progress less than two minutes. The great crowd hadly had settled in their seats in anticipation of a long, grueling battle when McCarty fell to the floor after a quick exchange of blows. The Crown contended it was during this exchange that the blow to the jaw was struck. When McCarty wilted to the floor, Pelky's followers in the stands cheered vociferously, believing a knockout blow had been administered. Death-like stillness followed, however, when the pitiless failed to show any sign of life; doctors soon pronounced him dead. Scenes of wild disorder followed, and the crowd rushed into the ring, sweeping all before it.

FREDERICTON TODAY AT 3.15 O'CLOCK

The Marathons, who are now the league leaders of the New Brunswick and Maine circuit, will clash with the Fredericton nine this afternoon at 3.15 o'clock on the Marathon grounds when ball of the manly variety will be in order. Woodbury is expected to be on the mound for the Greeks and this guarantees fast ball. Fredericton will undoubtedly put their star twirler to work as the winning of this game means much to the capital players.

The Marathons as a team have of late shown a most laudable determination to knock the ball over the outfield fence, one Shanksy being to the lead in this line of endeavor, and the team having gained the league leadership will defend it to the best of their ability. A large attendance of fans is expected this afternoon as the feeling between these two teams is well known and each will be out to win. Excellent batting, fast fielding, combined with star twirling always goes to make the kind of a game which brings the fans yelling to their feet.

The game will be called at 3.15 sharp by Kellar holding the indicator or Pinkerton is still out of the game will be a sore ankle and Eddie Ramsey will be seen holding down second base in his usual good form. In all the game this afternoon will be one well worth seeing.

BOUTS OF THE WEEK. Tuesday. Chas. Ledoux vs. Ed Camp, Vernon, Calif. Willie Beecher vs. P. O'Brien, New York. Paddy Sullivan vs. F. O'Brien, New York.

Friday. Phil McGovern vs. Young Limbo, Rockaway, N. Y. Saturday. Jimmy Walsh vs. Ad. Zoltie, Salt Lake City. H. Thiel vs. Jim Blute, Brooklyn. Young Rector vs. J. Drummler, New York.

Superior Club down without the semblance of a hit in the first game of a double header and beat Schaner, the Giant \$10,000 beauty, 6 to 0. Comstock struck out 11 of the visitors and only two reached first base. Only 28 men faced him. For six innings only three men an inning faced him and he would have got away without having a man left on base but for a pass in the seventh.

Minneapolis, 25.—Ralph Comstock strode into the magic circle of no-hit fame today when he let the

IMPROVEMENTS TO THE WASSON STORE

After having been in the hands of carpenters, masons, painters, etc. for the last three months the changes made in the building occupied by Wasson's drug store on King street are now completed. The entire premises have been made over to meet the needs of this growing business and St. John has at last a modern drug store with a properly equipped plant.

It is just six years since Mr. Wasson purchased from the late C. P. Clarke his drug business at 100 King Street. Mr. Wasson learned the business in this store and being well acquainted with the trade, he was in a position to make it a success.

Business at this stand has steadily grown until at last it was found necessary to departmental the store in order to serve the public properly. Large stocks and equipment provided a great handicap, as many who have patronized the store know. Much to the regret of the proprietor the public was not able to secure the attention he desired them to receive, but everything possible was done to overcome the cramped condition of things. At last arrangements were made with the owners of the building to remodel the premises suited to the modern drug store, with the result that about 600 square feet were added to the main store and a modern addition front replaced the old style one. These improvements, together with a new soda fountain and show cases make Wasson's the largest and one of the finest drug stores in the province.

Upon entering the store one is struck immediately by the soda fountain. This apparatus is constructed entirely of marble and plate, with a magnificent back tier of mahogany. An immense French plate mirror sets the whole off to fine advantage. It has all the modern features for keeping syrups, fruits, ice cream, etc., chilled to the proper temperature. Also sinks with hot and cold water, where all glasses and dishes are thoroughly cleaned. A Murphy of Cambridge, Mass., is in charge of the fountain. He came to St. John from the Liggett store in Boston, where he had a wide experience in the soda water business. J. J. McLaughlin, Ltd., of Toronto, installed the fountain, and it is indeed a credit to the Canadian manufacturer.

Opposite the fountain is the candy department, where are stocked Hertzler's, Liggett's, Moir's, Nelson's, Willard's and many other popular lines of high-class confectionery. Your sweet tooth will be well taken care of there, if the attractive display on counter and cases means anything. Where all glasses and dishes are thoroughly cleaned, where you buy perfumes, lotions, soaps, etc. The Violet, Dilce and Harmony lines are featured in this department.

Photographic goods of the Eastman make are displayed next. Brownie cameras and Kodaks to suit young and old. This department also takes care of finishing for amateurs. Stationery which is now found in every up-to-date drug store is featured alongside the cameras. Bell's agents for the United Stationery Co. gives this store the advantage of many exclusive lines, and also of buying in conjunction with 5,000 other dealers in America. The values offered in writing materials indicate this is a real advantage. Rexall Remedies, infant foods, patent medicines and package drugs, take up a large portion of the shelves. The modern way is to have everything in this dispensing department. The basement is given over to drug and candy stocks. A new ice cream machine is on hand.

Three graduate pharmacists or registered druggists, look after the prescription end of this business, an indication in itself that the public and modern men have perfect confidence in this dispensing department. The basement is given over to drug and candy stocks. A new ice cream machine is on hand.

**AROUND THE CITY**

**Premier Fleming in Newcastle.**  
Premier Fleming went to Newcastle yesterday to be a witness in a case regarding crown lands.

**Abusive Language Charged.**  
Harry Short was arrested yesterday afternoon on a warrant for using abusive language to Leonard Crosby.

**Express Horse Runs Away.**  
Yesterday morning a horse owned by White's Express Company ran away on Smythe street and was caught before any damage was done.

**Play Festival This Afternoon.**  
The public is invited to the play festival which marks the closing exercises of the Free Kindergarten this year, and which takes place at Seaside Park this afternoon, commencing about 2:30.

**Marine Official Here.**  
W. A. Pound of the Marine and Fisheries Department, Ottawa, is in the city at the Royal. Mr. Pound is here on an inspection trip and to The Standard last evening reported that everything was in good shape.

**On Anniversary Trip.**  
Mr. and Mrs. George Frauley, of St. George, arrived in the city yesterday and are guests at the Victoria Hotel. In addition to a pleasant visit Mr. and Mrs. Frauley were yesterday being congratulated on the tenth anniversary of their marriage.

**Found by the Police.**  
The police report finding a bunch of keys on the City Road yesterday and they were afterwards returned to the owner. A gent's cuff link found on Charlotte street yesterday afternoon can be obtained by the owner calling at central police station.

**Luscious Berries.**  
A box containing ripe strawberries, grown by John Dougan at Hampstead, was presented to The Standard yesterday. The fruit are excellent specimens of this luscious berry and reflect credit on the grower. Mr. Dougan looks for a good crop of strawberries this season.

**Dr. Carter in the City.**  
Dr. W. S. Carter, superintendent of education for the province, was at the Dufferin yesterday and will leave today for Grand Manan to look into various matters there in connection with the schools. He said he expected there would be a fair representation from New Brunswick at the summer school of science in Halifax this year.

**St. John Girl Wins Honors.**  
At the closing exercises of St. Mary's Academy at Newcastle on Friday last, among those prominent in the honor list was Miss Florence A. Newman of this city. Miss Newman was the winner of the gold medal for general application. She also carried off first prize for music and for sewing. Miss Newman is spending a vacation in the city.

**A Small Fire.**  
Shortly after five o'clock yesterday afternoon fire was discovered in the rear of a house on St. Andrews street owned by Judah Day and an alarm was sent in from Box 36. The fire was quickly extinguished and the damage was slight. This is the thirteenth time that the department has been called out this month, not counting a number of still alarms.

**Bad Forest Fires.**  
Two bad forest fires are reported to be burning at points along the river. A blaze in the vicinity of Boat's Head, sweeping its way towards the city, has wrought considerable destruction and the fire burning at Kettepec has destroyed much land. A serious blaze, which started Sunday in the vicinity of Lake Latham, is reported to be still raging. Much forest land has been burned. Fire Warden Deam left yesterday afternoon for Kettepec.

**A Troublesome Scotchman.**  
Yesterday afternoon, when David Brown, a Scotchman, passed through the West Side ferry turnstiles he claimed that the collector had not given him change he claimed was due him. The collector informed him that he had received his change all right and that Brown lost his temper and started in to make a rough house, with the result that Supt. Waring gave him in charge of Supt. Baxter for acting disorderly and breaking a door in the West Side toll house.

**Had Narrow Escape in Harbor.**  
Two men had an exciting time, and narrowly escaped being drowned in the harbor yesterday afternoon. They were at work on a mud scow and when the tug boat was towing it the scow upset. As it was slowly turning over the two men managed to get on the bottom of the scow without being thrown into the water, and they were afterwards taken off by the tug. A number of people on the shores witnessed the accident, and for a short time the affair caused no little excitement.

**NORTH END MAN LOST IN THE WOODS FOR NINE HOURS**

**Frederick Latham Became Separated from Friends and Lost His Way—Wandered About all Day Unable to Find Path—Almost Exhausted He Follows Brook and Reaches Open**

After wandering for nearly twelve hours through thick woods, with only now and then the crackling of an odd tree or the rustling of the leaves to break the silence of the day, Frederick Latham of 80 Portland street was guided to safety by a winding brook, and after much hardship crawled out of the woods near Wickham, nearly 20 miles from where he had entered.

Mr. Latham was a member of a party of North End men who left the city early Saturday evening intending to spend Sunday in the fishing territory back of Oak Point. While going to the lake he became separated from the rest of the party and was obliged to grope his way through the thick woods with nothing but the light of day to guide him on his trying journey. Searching parties were sent out but failed to trace the lost man.

Meanwhile Latham was roaming in the dense wood, exhausted with thirst, hunger and fatigue and had practically given up hope of ever coming out alive, when by following a small brook he was led to the open.

The party consisting of Frederick and Thomas Latham, Rodney Rose and Frederick Watson, left Indiantown Saturday in a boat of Mr. Latham's and went up river to Oak Point where the boat was moored to the landing and the party drove to a point about seven miles from Oak Point where they were to camp.

They spent the evening with a family named Quirk, preparing to make an early start at fishing on the following morning.

About six o'clock Sunday morning the four men left for Fairville, about a mile and a half through the woods from the Quirk house. Before they had proceeded over half the distance, Frederick Latham grew tired of the walk and decided to return to the camp in which he had spent the

**VICTORIA AND OCONEE ON THE RIVER TODAY**

**Will Help Relieve the Traffic Congestion of Past Few Weeks.**

**BOTH STEAMERS HAVE BEEN OVERHAULED**

**Leave Today on First Trip of the Season—Additions to River Service will be Welcomed by Merchants.**

The demand that has been found for better steamship service on the St. John river will be met this week when two more boats will be put on the route, making good connections between St. John and points along the river. The steamer Victoria will, this morning, commence her sailings between this port and Fredericton and later in the week, probably on Wednesday or Thursday, the Oconee, which is now practically a new boat, will start her runs between St. John and Wickham.

The Victoria, which was recently purchased by a company composed of St. John and Fredericton men known as the Victoria Steamship Company, has undergone much repairing and is now in first-class condition. The boat has been remodelled, her guards renewed, a new spring beam placed in her. The boiler and engine have undergone a thorough overhauling and she is fresh from the hands of the painters.

The Victoria is scheduled to leave her wharf at Indiantown at eight o'clock this morning in charge of Captain Edwin G. Day and return from the capital tomorrow. The engineer in charge will be Joseph Williams.

There is now a pressing need for the improved service on this route as so far this season there has been only one boat making connection with Fredericton, whereas last year there were three boats on this route. The Majestic, which is the property of the Victoria on the route this morning will establish a daily connection by water between the city and the capital.

The hull of the steamer Oconee was rebuilt by Harvey Wheelpley, of Glenwood. The boat was saved in the centre and twenty-five feet added to her length and four to her width.

The upper portion of the Oconee which is newly constructed and affords more accommodation to passengers was built by Percy Belyea. Besides the extensive remodeling of the woodwork the engine has been overhauled and a new boiler installed by the St. John Iron Works. The steamer, which is the property of the Suburban Steamship Company, will make daily runs between the city and Wickham. She will leave at four in the afternoon and return the following morning. Captain O. A. Flewelling will be in charge.

**REFRIGERATORS**

Get one now. Don't miss another day's comfort. It will pay for itself in a short time. Ours are lined with Galvanized Iron, Enamel and Porcelain; insulated with mineral packing and air space. Finished in Oak and Ash.

**Prices \$7.00 to \$84.00**

**Manchester Robertson Allison Limited,**

**SAYS BOARD OWES HIM AN EXPLANATION**

**R. M. Tobias Claims His Firm did not get Fair Deal in Lancaster Sewerage Contract—Were Lowest Tenderers.**

R. M. Tobias, of Tobias & Ferris, who tendered for the excavation and connection with the Lancaster Sewerage extension, claims his firm submitted the lowest tender, and thinks the Sewerage Board should give an explanation of why they awarded the contract to Murray Long. In a statement given to The Standard Mr. Tobias says he was informed that Mr. Long's tender was \$25,269.95, while the tender of Tobias & Ferris was \$23,994.52, a difference of \$1,275.43.

"When I saw in the paper that Mr. Murray Long had been awarded the contract," said Mr. Tobias, "I telephoned Coun. Bryant and asked him what the contract price was. He said that Mr. Long's tender was \$25,269.95, and was the lowest, so our tender figured out at \$25,596.00. I told him that was wrong."

"The specifications called for the excavation of so many yards of earth or stone, etc., at prices to be filled in by the tenderer. I had a duplicate of our tender, went carefully over it, and again figured out that the total amount of our tender was \$23,994.52."

"So I went to Fairville and saw Coun. Bryant. He admitted a mistake might have been made in figuring out the totals, and promised to call another meeting to see if a mistake had been made. I had a duplicate of the contract. If our tender proved the lowest, I got in communication with Coun. Golding, who also agreed to go over the tenders again."

"A meeting of the Sewerage Board was held Monday afternoon, and in the evening I telephoned for information. I was told that matters were as they stood before. I then asked if I could see my tender and was told that the tenders were the property of the board and they could do as they pleased with them. When I asked to have my deposit returned, I was told it would be returned later on, but not now."

"In view of the action of the board I do not want the contract now, but I think the board owes us some explanation. Why should they advertise for tenders and induce contractors to go to the trouble of figuring on the work if they did not intend to accept the lowest tender? I had figured on this job as low as possible, and felt sure of getting it that I did not figure on any other jobs I might have had."

"The Standard tried to get in communication by telephone with the Supervisor of the Sewerage Board last evening, but was unable to do so."

**Pleased With the Roads.**

A Kings county resident of the Parish of Westville yesterday expressed much indignation over the condition of the roads in the parish. He said the roads were in poor condition. The highway was never in better condition, he said, than when he was a boy. He said the Supervisor B. W. McKenna and his men have been working in an efficient manner with excellent results. He said the result of the system now in force is one which is receiving the high commendation of all clear-thinking New Brunswickers.

**ASSAULT CASE MAY PROVE SERIOUS FOR THE MEN INVOLVED**

**Preliminary Hearing of Men Charged with Beating John Kelley whose Leg was Broken During Fight.**

In the police court yesterday afternoon Charles and Frank Boyton were charged with assaulting John Kelley, a North End teamster. It is alleged that as an outcome of the assault Kelley's leg was broken and he is now receiving treatment in the General Public Hospital. The case developed from a preliminary hearing and the defendants were represented by E. S. Ritchie.

A son of the teamster who was assaulted gave evidence that his father had been treating a horse that was ill and that Charles Boyton went into the yard and told Kelley that the horse was not sick and asked what he was going to do with him. Kelley asked Boyton if he wanted to purchase the horse at which Boyton said that he would not give two cents for the animal, but that he would purchase it if Kelley would sell it to him for \$25.00. Kelley then went to elect Boyton and the latter struck Kelley on the face, knocked him down and beat him in the face while he was down. The witness said that he tried to haul Boyton off, but when Frank Boyton took a stick and assaulted him, injuring his face. Witness said that his mother had wanted to leave the scene and ordered the Boytons to leave the yard and they refused to do so. They afterwards went away with a number of young men.

Mrs. Kelley gave evidence of seeing Charles Boyton assaulting her husband and of seeing Frank Boyton and that after he had left her husband found that he had a broken leg.

"The evidence of Kelley and the man who he arrested the two Boyton brothers a few hours later for being drunk but he did not know any more about the assault than what was told to him."

Frank Boyton was allowed to leave the court on leaving a deposit of twenty dollars while his brother was allowed to go after getting two sureties of two hundred dollars each for his appearance when the case is next brought up. It will be necessary to get the evidence of Kelley and the man who he arrested in the hospital for some weeks yet.

If you would have the newest when you are planning for that white summer suit, shirt or coat, go to F. A. Dykeman & Co. They are showing a big range of prices in wide Bedford cords at 29, 25, 27 and 29 cents. These are the newest material for summer suits, separate shirts or summer wear and they are also made largely for the new Bulgarian waists. They wash well and give the best of wear. The suits can be had in there in white at 29 cents, 29 inches wide and in double width. Natural shades. The suits are made up showing a large range of Brocade materials from 19 cents to 35 cents per yard.

**Festival of Saint John Baptist.**

The members of Charlotte Union Lodge, No. 8, F. & A. M., will meet at their Hall, Charlotte street, West, Tuesday evening, June 24th, at 7:30 for the purpose of attending Divine Service in the First Presbyterian Church, West St. John. The service will be conducted by the pastor, Rev. J. A. Morrison, D. D., assisted by Rev. G. P. Scott. Contributions for the festival is extended to all members of the fraternity.
