Dee Side

The weather for the past few days has been very mild and looks very much like spring as a large number of birds are beginning to make their appearance.

Mr. D. Sharpe is spending a few days with friends here. Miss Minnie Sharpe made a flying trip to Matapédia on Tuesday while Mr. D. Sharpe was away.

There she was the guest of Mrs. D. Lawlor.

Mrs. J. McNaughton and Mr. Cameron McNaughton were visitors in Upsaliquita Sunday.

Mrs. J. L. Wyer is the guest of Mrs. David Ferguson.

Mr. David Ferguson is spending a few days at his home here.

Mrs. William McNaughton and Miss I. Pratt were the guests of Mrs. J. McNaughton Tuesday evening.

H. M. S. HAMPSHIRE WAS BLOWN UP

Confession of a German Mechanic Says Vessel was Sunk by Torpedo

Toronto, March 16.—The British Cruiser Hampshire, bearing Lord Elphinstone on a mission to Russia, was sunk in the summer of 1918 by the German submarine U-22, according to a story told by a patient in a Philadelphia Hospital to newspapermen. The Mail and Empire this morning publishes the following despatch in this connection from its correspondent in Philadelphia: With papers to prove his identity, Heinz Hickmann, born in Hamburg, Germany, a patient in Stages' hospital here, told a story that seems to furnish the first authentic information published as to the manner in which the British Cruiser Hampshire, on which Lord Elphinstone died, was blown up. Hickmann, a mechanic on the U-22, the German submarine, told his captain, who was in the summer of 1918, that the British Commander was on the Cruiser Hampshire, and ordering the ship to be sunk at any cost. The U-22's Captain picked up the Hampshire with the periscope, when she was fifteen miles away, and prepared for the execution of the order from the German staff. Hickmann says they could see the Cruiser had an escort of torpedo boats. He does not know how many, but he was sure of it, because they saw when they came to the surface, after firing the fatal torpedo into the heart of the cruiser. Asked whether he could be more explicit in detail, Hickmann said he could not, as the U-boat was probably fifty yards under the surface when the torpedo was fired. After seeing the Cruiser sink, they submerged again. Subsequently he said orders came to congratulate the officers and crew on the "Good Work."

215 MILLION TONS OF COAL IN THE NEW BRUNSWICK AREAS NOW WAITING TO BE MINED

WILL DELAY MURDER TRIAL

Trial at Rimouski in Connection With Death of Game Warden Postponed

Quebec, March 18.—Unless Emmanuel Michel, the Frenchman, alleged by the five men already behind the bars for the murder of Joseph Blaquiere, to have fired the fatal shot, which caused death of the Matapédia Club game warden, is arrested before Saturday, the sensational case will be postponed for hearing until another term according to orders issued this morning by the Attorney General.

This decision was arrived at after a conference held this morning between the latter and the detectives, who are handling the case. The latter contend that the whereabouts of the sixth man wanted are now known but due to the present season the arrest is rendered very difficult on account of the remote region to which he has resorted.

As a result unless Michel is arrested within a few days, the Rimouski term of the Assizes, which will be presided over by Justice Sevigny will have a roll, which will comprise only three cases namely: the King v. Bernier, manslaughter, in which the accused is alleged to have caused the death of a young man named Tremblay who he struck with his automobile; a charge of neglect to account against a man named Levesque, former secretary treasurer of a municipality, and finally a charge of arson against a servant.

Coal from This Province Proves Equal to Best from U. S. For Producing Coke.

The physical properties of New Brunswick coal, essential in the manufacture of coke, and such that in recent tests conducted on a large scale at Hamilton, coke samples proved equal to the best American coke.

This interesting information in connection with the mining industry of the province was given by Dr. Chas. Camsell, Deputy Minister of Mines for the Dominion, to W. E. McMullin, of the Provincial Department of Lands and Mines, who represented the province at the annual meeting of the Canadian Institute of Mining and Metallurgy in Toronto, and who returned home yesterday afternoon.

In addition to attending the annual meeting of the institute, Mr. McMullin also spent a day in Ottawa conferring with officials of the Federal Mines branch.

The approximate quantity of coal in New Brunswick coal fields, as established by a survey made to determine the quantity last summer is 215 million tons. An interesting paper was read in this connection by W. S. Dyer, who had charge of this survey for the department, before this year's meeting of the institute.

The amount of coal mined last year in the province was slightly in excess of one-quarter of a million tons considerable prominence was given to this report by Toronto papers, indicating the general interest in the fuel situation and possibilities of trade for this province.

The Iron Ore Bounty.

The province of Ontario is at present interested in a proposed bounty on the production of iron ore. For years past no iron ore has been produced in Ontario, owing to the lack of a sufficient per cent. of iron in the ore to compete favorably with the United States product. It is for the purpose of encouraging production that a bounty of one-half cent per unit (a unit being one ton) is being considered. It is expected that the Federal Government will co-operate by payment of half the bounty which has been proposed for a ten-year term.

This may interest New Brunswick, in that there is near Bathurst an unworked iron mine which was forced to close for the same reason that Ontario mines could not continue.

THOSE WHO PAY HEAVY STUMPAGE

List of Firms in New Brunswick Which Pay Over \$1000.

Following is a list of those who have paid \$1,000 and over in stumpage during 1923, together with the amounts as shown in the 63rd annual report of the Crown Land Department. The total stumpage payments are shown as \$768,011.91. Those paying \$1,000 or more:

Anderson, W. S. Company	\$2,687.24
Bamford Brothers	2,687.25
Bathurst Company, Ltd.	23,686.04

USING CANADIAN MAILED TO DEFRAUD

Bathurst Man Alleged to Have Offered to Sell Spurious Bills

Bathurst, March 16.—C. H. Marcoux, for about a year a resident of Bathurst, where he carried on business as a veterinary surgeon, is under arrest on the charge of using the mails to defraud, and his preliminary hearing took place before Police Magistrate Sutton. N. A. Landry, K. C., represented the crown and C. T. Richard appeared for the accused. After hearing evidence, produced by the prosecution, the accused was sent up for trial before the next session of the County Court, which opens next Tuesday, and not arranging bail, he was committed to jail.

Mr. Marcoux is said to be a native of France, who served during the war and has since been living for some time at Carleton, Que., where his family resides. He has been well thought of here and is known in Shippegan, where he was connected with the organization of a new packing company last summer. He feels his position keenly, and his friends hope that he may be able to clear himself. The action was taken by Chief Giller upon information furnished by the Chief of Police of Quebec, and has to do with circulars received by persons there offering to sell counterfeit or bad money. The Post Office Department was represented at the hearing by Inspector Emerson.

Escuminac

Mr. Albert Williamson of Nouvelle was a visitor for a few days last week to the Glen.

Mrs. John Keays of Nouvelle is spending some time here with her mother Mrs. Matthew Williamson who is ill.

Friends of Mr. Eddie McKenzie regret to hear that he is ill with measles at his home here.

Mr. Fred Gaudin of Escuminac is a patient at the Hotel Dieu Hospital, Campbellton. His relatives and friends hope to hear of his recovery.

Mr. J. H. Gaudin spent Sunday in Campbellton.

Mr. Henry P. Gaudin is spending some time in town.

Fashions for 1924

Clothes play an important part in a man's life. The sense of "being well dressed" gives one a feeling of inward tranquility that few things on this earth have the power to bestow.

NEW SPRING TOP-COATS in the season's models \$20.00 to \$35.00.

NEW SPRING SUITS

In imported tweeds and worsteds, two and three pieces in single and double breast—\$18.00 to \$22.00.

Borsalino Hats, New Shapes and Colorings \$7.50.

Ferguson & Wallace.

Belledune

Mr. F. J. Devereaux was a business visitor in Campbellton Monday.

Mr. and Mrs. Harold Ellis are receiving congratulations on the arrival of a son March 10th.

Messrs. Ernest G. Adams and Alex. Turvey spent Friday evening with Mr. Aubrey McCurdy.

Miss Ruby Beaudry who has been visiting her sister Mrs. James Robery for the past few weeks returned home again.

Miss Gertrude Godin who is staying for the winter months with her sister Mrs. M. H. Lavasseur, spent the week end in Campbellton.

Mr. Albert McCurdy has just finished unloading another car-load of hay this week.

Mrs. Joseph F. Guitard was the guest of her sister Mrs. Alfred Doucette Sunday evening.

Mr. Thomas McCurdy was the guest of Mr. and Mrs. M. H. LaVasseur Saturday evening.

Mr. Joseph Malouin drove to the lower end of this town on business last week.

The many friends of Mr. and Mrs. Joseph Talbot will be pleased to hear that their baby is recovering from a bad attack of "flu."

Mr. Leonard Legacy spent Saturday and Sunday at his home, and returned to his work again Monday morning.

Mr. Alex. Landry was a visitor in Green Point this week.

Mrs. Stanley Doucette has gone to Campbellton to undergo an operation on her eyes on Monday.

Miss Minnie LaPoint was the guest of her sister Mrs. Alex. Landry Tuesday evening.

Mr. Harold Chalmers spent Monday afternoon the guest of Mr. and Mrs. James Chalmers.

BRANDY BROOK

The Misses Ida and Beatrice Myles spent the week-end at their home here.

Miss Olive Fraser is spending a few days the guest of Mrs. D. Myles.

Miss Francis Wyers is the guest of Miss D. Fraser.

Mr. Dudley Ferguson is spending a well earned vacation with friends in Matapédia West.

Miss Sadie Boltonhouse is visiting friends in Campbellton.

Mr. John Wyer passed through here Saturday enroute to Chatham.

D. H. B. passed through the village Sunday.

Out of Practice.

He (madly in love)—Can you cook, dearie?

She—I don't know, Jack. But I want to make the most wonderful meal possible.

LATE G. E. MERCIER BURIED SATURDAY

Services Largely Attended—
Rev. Father Hartt Official-
at at Requiem High
Mass.

The funeral of the late George E. Mercier, which was held on Saturday morning at 9 o'clock, was largely attended. The cortege left the Mercier home on Renfrew St. to the R. C. Church, where a Requiem High Mass was celebrated by Rev. Father J. A. Hartt. The church was draped in mourning and the Convent choir pupils sang the favorite hymns of the deceased. The pall bearers were Mayor Andrew Barberie, Alex. J. LeBlanc, S. Blanchard, George Vermette, John O'Keefe and Arthur J. Arsenault.

Flatlands

Mr. G. R. Firth was in town on Saturday last.

Mrs. Hinden Ward was the guest of her parents Mr. and Mrs. J. Henderson of Eel River.

WATER STREET

A NEW SCHEME TO KEEP THE ST. LAWRENCE ROUTE OPEN

A Roumanian engineer, Dimitrie Ioanovic, who some time ago proposed a scheme to divert the icy northern currents away from the Gulf of St. Lawrence by constructing a \$500,000,000 rock dam across the straits of Belle Isle, has advanced a new and less expensive scheme which he predicts would achieve the same purpose. He now proposed a scheme to divert proposed to build a spiked anchor between Carroll Point and Halfway Brooks, at an approximate cost of \$3,000,000.

WHAT FOREST FIRES IN 1923 HAVE COST NEW BRUNSWICK

The total damage to standing timber caused by forest fires in New Brunswick in 1923, irrespective of damage to young trees and the soil, is estimated at over \$3,500,000 by Chief Forester G. H. Prince in the 63rd annual report of the Crown Land Department which was tabled in the Legislature today. This damage, the worst since the Miramichi fire in 1825, will be felt for at least 80 years, he adds, and at the end of that period without considering interest this revenue would aggregate nearly nine millions, the burned area having been capable of producing a perpetual annual revenue of \$110,000. The property damage amounted to \$100,000.

The cost of fire fighting accounts for more than the over-expenditure of \$50,000. Convictions were recorded in 63 of the 70 cases taken into court in connection with violations of the fire laws. During the year \$12,000 has been spent in the erection of lookout towers, construction of telephone lines, and purchase of fire fighting equipment. The number of fires are classified as follows: general 134, railway 130, railway ties and ashpan fires 438, fishery, smoker, and neglected camp fires, 30; neglected slash fires, 72; incendiary, 6. The total cost of fire prevention was \$120,148.81.

the weather-warm sunny days with frosty nights being favourable to a copious flow. It is advisable to have everything in readiness before hand, including the sugar making utensils and a generous supply of dry mixed wood ready to use. Bulletin No. 30 of the Dominion Department of Agriculture, "The Maple Sugar Industry," recommends tapping with a three-sixteenth, or one-half inch bit. The hole is bored in a slightly upward direction about one and one-half inches deep in a medium sized tree and two inches deep in an older one. The point of tapping recommended is about thirty inches from the ground, where the bark has a healthy look, and some distance from an old tapping hole. This bulletin, which is available at the Publications Branch of the Department of Agriculture, Ottawa, shows types of spouts and buckets to be used, as well as designs and plans of a modern sugar house.

Misses Rhoda MacDonald and Kathleen Murray spent Tuesday in Matapedia.

Mr. Robert Murray spent the week end in Atholville.

Miss Jessie Bain was the guest of her sister Mrs. H. Bartley of Tide Head.

Miss Christine Downes has resumed her position as teacher in Dawsonville school.

Mrs. G. Lutes and little daughter Green are spending a few weeks with Mrs. W. Gillis.

Mr. LeRoy Gilmore was the guest of Miss Muriel G. MacLeod on Saturday.

Miss Laura MacLeod was spending a few days in town the guest of Mrs. G. Mann.

Mr. and Mrs. A. C. Simonson spent Sunday the guest of Mrs. Simonson's parents Mr. and Mrs. W. J. Cooling.

Mr. Jack Bain and son George were in town on Monday.

Mr. William Bulmer spent Saturday evening in Matapedia.

Mr. Sanford Wyers spent the week end at his home in Wyers' Brook.

Mr. N. B. MacDonald spent Tuesday in town on business.

THE MAPLE SUGAR SEASON
The sap of the maple tree may start to flow during favourable weather at any time during the late autumn and winter, but experienced sugar makers do not tap their trees until spring is approaching, at which time a more continuous flow is to be obtained. Conditions are seldom right before March. The proper time is indicated by the condition of

the weather-warm sunny days with frosty nights being favourable to a copious flow. It is advisable to have everything in readiness before hand, including the sugar making utensils and a generous supply of dry mixed wood ready to use. Bulletin No. 30 of the Dominion Department of Agriculture, "The Maple Sugar Industry," recommends tapping with a three-sixteenth, or one-half inch bit. Notice to Creditors

The Bankruptcy Act.
In the Estate of J. H. Gorayeb, Kedgwick, N. B. (Bankrupt).

Notice is hereby given that Joseph H. Gorayeb carrying on business as a general merchant at Kedgwick County of Westchester, Province of New Brunswick, was adjudged Bankrupt and a Receiving Order made on the 29th day of February, A. D. 1924, and that the Court has appointed us to be the Custodian of the Estate of the Debtor until the Creditors at their first meeting shall elect the Trustee to administer the Estate of the Debtor.

Notice is further given that the first Meeting of Creditors in the above Estate will be held at the Office of the Official Receiver which for this purpose will be the Office of H. A. Carr, Campbellton, N. B., on March 27th, 1924 at the hour of 2.30 o'clock in the afternoon.

To entitle you to vote thereat proof of your Claim must be lodged with us before the Meeting is held. Proxies to be used at the Meeting must be lodged with us prior thereto.

And further take notice that if you have any Claim against the Debtor for which you are entitled to rank, proof of such Claim must be filed with us within thirty days from the expiration of this notice. For from and after the expiration of the time fixed by Section 87, Sub-section 8 of the said Act, the Trustee shall distribute the proceeds of the Debtor's Estate among the parties entitled thereto, having regard only to the Claims of which he has then notice.

Dated this 16th day of March 1924, at St. John, N. B.

POULTRY STATION NOW AT MARIA

Department of Agriculture Encouraging Improvement of Poultry on Gaspe Coast

The public of Bonaventure and Gaspé will certainly be pleased to learn that Maria has a Poultry Breeding Station this year.

Distance as we are from breeding centres we suffer each year from the importation of eggs and cockles needed to ameliorate the flocks.

These eggs and cockles or chicks very often are not what we expect them to be or else are notably depreciated by transportation.

To obviate to these wants the Bonaventure Poultry Association, whose headquarters are in Maria, has taken the initiative of producing at home the stock appropriated to the region. The Association possesses an incubator of strong capacity and from this fact will be able to supply from 2500 to 3000 chicks.

These baby-chicks, once hatched are immediately shipped in special boxes by express or mail.

The breeds distributed are the Barred Plymouth Rocks, Rhode Island Reds, Wyandottes and a few Chanteclers. These are the general utility breeds the most in demand here.

Agriculture has made perceptible progress in this district since a few years and nothing surprising since profits are found in it. We should then continue to ameliorate it by encouraging the organisations made in this line.

Keeping fowls should keep good pure-bred ones since they do not require any more care.

We need not mention that a flock where perfect uniformity is found, has a firmer hold on the ambition of the keeper.

I will leave aside all the advantages of ameliorating one's flock of fowls to end this propaganda by things of more interest to us presently.

Send your orders immediately to the Secretary of the Association at Maria. We are not traders we are directors nominated by the members to take their interests. This is what we endeavour to do by sparing neither time nor the means.

We must also reckon, the grants given by the Provincial Department of Agriculture and the help of its promoters; these are notable.

From the beginning of April to the end of May we will make three incubations. Order your chicks for the time most convenient to you without forgetting however that subjects hatched early are ready for the market before the cold season.

A great number of circulars with order blanks have been distributed all over the County. Those who have not received any are cordially invited to write for some.

Doris Mann, 67; Clifford Wyers, 66; Isabel Myles, 59.1; Tessie Myles, 57.1.

Grade IV (b)—Robbie Englehart, 74.4.

Amherst Country Districts Cut off From Communication.

Amherst, N. S., March 18.—Mail teams to the outlying districts here, held up by the four days' snowfall, started out this morning for Tidnish, Northport, Amherst, Shore and Le-center, although none of the drivers were confident that they would get through. On some of the roads the drifts are estimated to be twenty feet in height. With the snow still falling, there is a prospect that the surrounding country districts will be cut off from all communication with Amherst for some days.

Campbellton, N. B., March 20, 1934

A LOCAL NEED

In advocating the foundation of a branch of the Society For Prevention of Cruelty to Animals, a citizen, from whose letter we will quote, has touched on something that is sorely needed in Campbellton. Our town is blessed with many fine societies, each one organized for some worthy purpose but, not to our recollection, has any move ever been made to form an organization for the Prevention of Cruelty.

Probably there are those who may doubt its need, but any opposition will be founded merely on ignorance of conditions. Let those who doubt the necessity for such a society here, train themselves to be a little more observant and it is safe to say that the incidents which will then come under their attention will promptly dispense their doubts.

Were it necessary we might cite numerous incidents of the nature to which we allude. It is not an uncommon sight to see horses, apparently in poor condition from lack of sufficient food, drawing an overloaded and staggering under the driver's whip. Such abuse may have been excusable centuries ago but in this age it should not be tolerated. Below we quote from the letter above-mentioned:

"During our winters, even on very cold days, can be seen, horses standing around our streets, by no means properly protected. Often they have been driven hard and get wet, with sweat, the driver cares nothing for his faithful horse but rushes in to some place where he can get himself warmed leaving his horse to suffer from the cold.

"It is a common thing here any

time of the year to see men and boys driving horses (often horses that look as if they have been half fed) and they usually do not go ten lengths of their rig before down comes the big devilish whip; and it is the whip, morning, noon and night. It would do these unchristian mortals good if they had the same whip used on their own backs. Give them in one month what they give their horses in one day.

"Owners of delivery teams should watch the way their delivery boys use their horses; this may be hard to do but they might get a surprise if they went and examined their horses when they come in from a trip around town, to see the marks of the lash. Our Police, whenever possible, should make drivers of horses protect them properly, especially during cold weather."

Let us hope that a few citizens may get together and take the initial steps in founding a society of this kind. Once started there is no doubt but what the leaders would receive hearty support. It is something in which all, to some degree, are interested.

A COMMERCIAL CLUB

In another column of this issue will be found an article in which a local travelling representative of a Nova Scotia firm advocates a commercial club for the merchants, manufacturers and other business men of Campbellton as a most valuable organization in view of its possibilities for promoting the common interests of its members and the general good of the community.

The idea of forming such an association is obviously a good one. In many towns and cities the Merchants Association is a live organization but here, to all appearances, it is either dead or in a state of complete coma. Not having recently enjoyed the benefits which a live organization of this kind is productive of, it is possible that many local merchants may not feel the lack of a commercial club, but without doubt there are many others who, being familiar with the experience of men in their own calling in other towns and cities, realize the value of organization in business and a greater degree of co-operation in dealing with its multitudinous problems.

In planning special co-operative sales such a club would be of special value. At its meetings ideas relative to various phases of business activity would be advanced by the members and clarified through the crystallizing process of argument. In this way the loss often attending individual experiment would be lessened if not entirely eliminated. In its advocacy of home buying, such a club would not take long to manifest its

value to its members, and in many other ways such an association could be made a powerful factor in promoting and developing industrial and commercial activity in Campbellton. Composed of responsible and reliable business men such an organization could become the very nucleus of progress and advancement in the business life of our town and district. It is to be hoped that a few of our progressive business men will get together and start things. There is little doubt but what they would meet with hearty support.

MOTOR CAMPS

At a recent meeting of the Town Council the advisability of establishing a motor camp for tourists at Campbellton was discussed and arrangements made for further consideration of the matter. Whatever obstacles there may be to an undertaking of this kind, this district has a wealth of natural advantages to recommend it to travelling vacationists.

Regarding motor camps the secretary of the Washington Automobile Club says that automobile camping for summer tourists and the public, have become a barometer indicative of the spirit and progressiveness of the community tributary to it, and are either an asset or a handicap to the community. To be an asset, they need, he says, to be provided with comfort stations, water, a few cooking units and a caretaker.

In the west many fine tourist camping grounds have been provided for summer tourists and the undertakings appear, from all reports, to be profitable. While a few similar camping sites have been provided in the Maritime Provinces no attempt has been made to do it on the western scale, and the winter is the proper time to consider what may be done in the spring to make certain localities more attractive to tourists, whose sojourn in a place means money. For hotel proprietors and others directly interested in tourist traffic here, now is the time to prepare for next summer's business and also to make some effort, through the medium of effective advertising, to draw a good share of the tourist business to the North Shore.

BUYING BY MAIL

How would you like to journey to the nearest city for a pound of sugar or a yard of muslin, or a spool of make the trip when you need a prescription filled in a hurry, with thread? And how would you like to draw a pound of sugar or a yard of muslin or a spool of thread, or even get a prescription filled in a mighty poor excuse for a town and not worth living in.

Yet our merchants can only afford to keep these things for your convenience so long as you buy other things from them. It is not doing the town any good to buy the little things here and then chase off to a city or send to a catalogue house when you want something on which the merchant has a chance to make a dollar.

Neither is it doing you any good for the prosperity of each citizen is depending to a large extent on the prosperity of the community at large. We are not telling you something you do not know.

We are simply refreshing your memory in hopes the time may come when our people will conclude that a town that is worth living in is worth trading in.

SIGNS OF PROSPERITY

Canada has not received any better news for a long time past than the statement of Sir Henry Thornton that the Government will be asked for twenty million dollars less this year than last for the Canadian National Railway system. These \$20,000,000 will go a long way towards the much desired balancing of the national budget, while for next year Sir Henry looks for a further betterment to the extent of some ten million dollars. Nor is this splendid showing the only evidence of Canada's increasing prosperity. C. P. R. returns are so remarkably satisfactory that it has been found possible to pay 12 per cent on the common stock, the best showing made by the company since 1917. These figures are indicative, not only of the soundness of Canadian business but also of public enterprise and prosperity. From every part of the country come evidences of renewed activity in all branches of industry, a fact which means even more to the country at large than appears on the surface, since industrial prosperity means as much or more to the agricultural community than to any other class, because of the enlarged markets furnished by the industrial centres for the products of the farm. Both the present and the future prosperity of Canada in general are well reflected these days on the stock exchange of the country and the monthly bank returns—Quebec Telegraph.

ESTIMATES OF GRAND FALLS WORK

Information is Officially Revealed for the First Time in Report

Fredericton, March 19.—Official estimates of the cost of development of Grand Falls, exclusive of real estate damages, and detailed information in connection with the project which has not hitherto been officially made public is contained in the annual report of the New Brunswick Electric Power Commission, which was tabled in the Legislature last night.

"The preliminary plan for the development of the Grand Falls site is based upon an initial development of 10,000 horse power in two hydro electric units of 20,000 horse power each, and upon an ultimate extension to 140,000 horse power in seven units.

The proposed development includes a head dam of piers and stone Sluice type steel gates to maintain the water in the head pond at spring freshet elevation; a canal around the town of Grand Falls to carry the ultimate capacity water supply; forebays at either end of the canal; a powerhouse at the shore of the lower basin parallel to the lower forebay, and separate steel penstocks from the latter to each unit.

"The whole construction will be upon ledge rock foundation.

"Static head at Grand Falls with head water at elevation 235 and mean tail water 103 will be 132 feet.

The Power Available

"The amount of power available at Grand Falls will vary from 10,000 continuous horse power with no storage to 70,000 horse power with full storage development in the dryest years. As a commercial loss factor of fifty per cent, there will be between 20,000 horse power and 140,000 horse power depending upon the amount of storage development.

"Of the natural storage sites, i. e., existing lakes, seventy-three per cent of the capacity is located in Maine, twenty-three per cent in Quebec, and four per cent in New Brunswick. Further study is being made with a view to concentrating the storage in larger reservoirs near the head pond.

"The estimated capital cost of the power development is from \$150,000 per horse power for the initial development to \$100,000 for the ultimate installation the estimates not including real estate damages. The cost per horse power for the development would be well below the average cost of all the hydro electric installations in Canada.

"Grand Falls, if developed, would be the principal central power station of the Commission's proposed province wide electrical system.

"A northern transmission line would be built to Campbellton and Bathurst. A line is already in operation between Bathurst and the Miramichi. Another high tension line would be required between Grand Falls and St. John. At the latter point the Musquash system line could be served with as much more power as required. When the provincial market has developed beyond the capacity of Grand Falls the smaller power sites in the province can be harnessed and their output delivered over the same system.

"Under this provincial system all parts of the province will have equal opportunity to develop industry in so far as power supply is concerned.

MILLIONS OF POUNDS SPENT ON BRITISH FAIR

London, March 18.—When the British Empire Exhibition opens at Wembley April 23, it will represent a direct expenditure of \$500,000,000. The amusement park alone has absorbed \$50,000,000. Two of the main buildings, one the largest concrete structure in the world, will cover 25 acres. At night some 2,000,000 electric lights will make the grounds brilliant.

PLACE NAME AND ADDRESS ON ENVELOPES

Over 2,000,000 undelivered articles go to the dead letter office every year. Many of these articles would never reach the dead letter office if reasonable care was taken in the addressing of them. Moreover, in the majority of cases the senders fail to put their name and address on the outside of the letters and parcels which means that the articles have to be opened for examination and in many instances there is no indication of the senders' name and address, so that the articles have to be sold. Therefore, see that your name and address are on the outside of any article that you send in order that if it is undelivered it may be returned to you promptly and unopened. Insure your mail by having your envelopes printed. On thousand-gauge commercial envelopes printed with your name, business and address on front or flap for \$5.75 or post-paid for \$6.00.

VOCATIONAL CLASSES CLOSING
 The final closing of the local evening vocational classes will be held in the Assembly Hall of the Grand Mar School on Friday evening at 8 o'clock. An exhibition of the work done in the Dressmaking Department will be given and Typing Tests will also be held for all those wishing participation. A musical program will also be a feature of the evening. All are cordially invited to attend.

HURT IN FALL
 While at work on a landing at lumber camp near Napier, Sids Tuesday Augustus Klippert sustained injuries in a fall. He on taken to Campbellton on the evening train and conveyed to the Soldiers' Memorial Hospital where his injuries were found to be not of a serious nature. His condition was reported favorable this afternoon.

HAS RESIGNED
 At a special meeting of the Woodstock Town Council Friday night, consider the budget, M. G. Rath, town manager, presented his resignation to take effect on June 1st. The resignation was accepted, Ald. G. G. Lougher voting nay. Mr. Rath had been the manager for several years. It is rumored he has accepted a more lucrative position in Montreal.

FINED FOR RIDING
 THE BUMPER
 Being requested by Chief Police at Bathurst on Sunday to apprehend a man who was escaping from Bathurst by stealing passage on a train, Chief Adams arrested the offender on his arrival here. Appearing before Police Magistrate Matheson the following day the man was fined \$10 and costs, the fine being allowed to stand on condition that he would leave town immediately.

JUST SKIPPED A WEEK!
 Many enquiries were received Monday and Tuesday by the Opera House management as to why "Teacher Fustler" series was not shown. This was due to a mix-up bookings whereby it became necessary to leave one blank week. Numbers will be reinstated however. There are still two numbers of the third series to be shown and these will appear on Monday and Tuesday during the next two weeks starting this coming Monday.

MILLINERY OPENING
 The annual Spring Opening at the Bathurst-Rust Millinery Parlors will be held on Friday and Saturday March 21st and 22nd. The Bathurst-Rust Parlors this spring have a truly exceptional display of the season's most attractive in chic millinery. While the trend seems toward becoming large hats, the dainty and models are much in evidence. The splendid assortment contains many exclusive styles—pleasing mode for every occasion and all apparel very moderately priced.

His condition was reported favorable this afternoon.

HAS RESIGNED
At a special meeting of the Woodstock Town Council Friday night, to consider the budget, M. G. Rutledge, town manager, presented his resignation to take effect on June 1st. The resignation was accepted, Ald. Gallagher voting nay. Mr. Rutledge has been the manager about a year. It is rumored he has accepted a more lucrative position in Montreal.

FINED FOR RIDING
THIS BUMPERS
Being requested by the Chief of Police at Bathurst on Sunday to apprehend a man who was escaping from Bathurst by stealing passage on a train, Chief Adams arrested the offender on his arrival here. Appearing before Police Magistrate Matheson the following day the man was fined \$10 and costs, the fine being allowed to stand on condition that he would leave town immediately.

JUST SKIPPED A WEEK!
Many enquiries were received on Monday and Tuesday by the Opera House management as to why the "Teacher's Fustian" series was not shown. This was due to a mix-up in bookings whereby it became necessary to leave one blank week. No numbers will be shown, however. There are still two numbers of this third series to be shown and these will appear on Monday and Tuesday during the next two weeks starting this coming Monday.

MILLINERY OPENING
The annual Spring Opening at the Barthe-Best Millinery Parlors will be held on Friday and Saturday, March 21st and 22nd. The Barthe-Best Parlors this spring have a truly exceptional display of the season's most attractive in chic millinery. While the trend seems toward the becoming large hats, the dainty small models are much in evidence. The splendid assortment contains many exclusive styles—pleasing models for every occasion and all appear very moderately priced.

Royalties on raw furs 2,224.45
Fishing licenses, trout 2,200.00
Fishing licenses, salmon 3,575.00
Fishing leases and rentals 26,640.00
\$39,294.41

ASKS TO DIE IN CHAIR IN PLACE OF A SLAYER
Man Who Wanted to Shock The World.
Philadelphia, March 11.—Walter J. Kirkwood has asked to be allowed to die in the electric chair in place of Joseph Trinkle whom he has never seen. Kirkwood explains he is too ill to work and his life would be no loss to the world while Trinkle could be reclaimed for use to society.

WANTED—2 Girls for Ice Cream Parlour. Apply MANDYS Sweet Shop.

OBITUARY

Frank Nells
The death of Mr. Frank Nells of Head Tide took place at his home on Monday. Deceased was a well known resident and is survived by a widow and a grown up family. He was in his 57th year.

Peter Archer
Chatham, March 17.—Peter Archer, a well known resident of Chatham, died at his home here early this morning. Mr. Archer was born in Tracadie 66 years ago. He built the Hotel Touraine here and personally conducted it for years. He was a prominent member of the Exhibition Association and for several years was an active member of the Chatham Curling Club. Those who survive are his wife, an adopted daughter, his mother, three brothers, one sister, a half-sister and a half-brother.

Mrs. W. P. Burns
The sudden death of Mrs. W. P. Burns which occurred at her home on Tuesday night is being mourned by many friends and acquaintances both here and in other parts of the country. The late Mrs. Burns, who was in her 55th year was in good health until the day of her death. Taken suddenly ill on Tuesday evening she died from heart failure before medical aid could be secured. The deceased lady is survived by her husband and one daughter Kathleen, eight years of age, to whom the sympathy of all is extended. The funeral services will be held from the deceased's late residence tomorrow afternoon at 2 o'clock.

Mrs. Stephen Landry
The death of Mrs. Stephen Landry occurred at her home in Nash Creek March 14th at the age of 61 years after a painful and lingering illness of eight months. She leaves to mourn the loss of a kind and loving wife and mother, her husband and two daughters, Mrs. Hector Doucet, Hector Doucet, W. M. Savage, James McNair, Fred Hickie, Reguier High Mass and service was conducted by Rev. Father LeBlanc. Her death is mourned by many friends and the sympathy of all goes to the bereaved family.

Wm. Crockett
Moncton, March 18.—The death occurred at his residence, 145 Cameron Street at six o'clock Tuesday evening of Ex-Cond. Wm. Crockett following an illness of three weeks from pneumonia. The late Mr. Crockett was born in St. John, N. B., 72 years ago but moved to this city when a young man where he has since resided. He had been an employee of the C. N. R. for 46 years and had run as conductor of the Ocean Limited between Moncton and Campbellton for a number of years, and was well and favorably known to the travelling public. He retired from active railway service two years ago under the provisions of the Provident Fund. Deceased had been for thirty-five years Secretary of the Order of Railway Conductors in which organization he took an active part until his illness. He was a member of Keith Lodge No. 23, A. F. & A. M. of this city. Besides his widow, who was Miss Minnie Weir of this city, deceased is survived by one son and two daughters. The son is Fred, C. P. R. conductor, Calgary, Alta; and the daughters are Mrs. A. Roy Spence, and Mrs. Henry White both of Moncton.

The Late Wm. Murray Nichol
In the rather sudden death of William Murray Nichol at his home in New Mills on Wednesday, Mar. 12th, that community mourned the loss of a highly respected citizen and one who was well and favorably known to a large circle of acquaintances. Death was due to kidney trouble from which he late Mr. Nichol had been periodically suffering for a number of years. Up until a week prior to his death the deceased had been about his work as usual. Upon his taking ill at that time it was believed that the attack was nothing more serious than usual but when medical attention was secured it was found that there was no hope of his recovery.

The deceased was 20 years of age and was a great sufferer and even during his many protracted spells of ill health he maintained a patience and cheerfulness which was most admirable. As a friend and neighbor his characteristic sympathy and kindness won him a permanent place in the esteem of all his associates and because of these splendid qualities he will be the more missed. The writer knew him intimately and recalls many incidents in which his generosity of heart and mind was most eloquently demonstrated.

Besides his bereaved wife and two young children Dorothy, aged 6 years and Arthur, Boyd, aged 6 months, the late Mr. Nichol leaves to mourn their loss, his mother, Mrs. Wm. Nichol of Glenora, four brothers and one sister. The home, WALTER'S CATHARTIC, he had in British Columbia. The late Mr. Nichol was a resident of Vancouver. The deceased's father died some years ago and a fifth brother, Boyd, lost his life in the last war.

The funeral services which were held on Friday afternoon and which were conducted by the Rev. Mr. McDonald were very largely attended by friends and acquaintances from this part of the country. Interment took place in their hour of sorrow.

MAY HAVE HIGHER HARDWOOD RATE

Large Increase in Hardwood
Cut Throughout Province—
Stumpage May be
Raised.

Fredericton, March 15.—It is reported that the increasing heavy cut of hardwood in New Brunswick and the tremendous difference between the stumpage rate charged on Crown Lands and the price being paid at present for the manufactured article in the general market, is drawing attention to the fact that an increase in the stumpage would well be made. The general impression is that for some years to come there will be increasing attention given to hardwood manufacture in this province and that the quantity cut will be greater as time goes on. The rate of stumpage is only \$1.25 on Crown Lands while softwoods which have been the general object of the lumber men heretofore have a rate several times as great.

Formerly Unimportant
A few years ago when increased rate of stumpage went into effect hardwood was allowed to remain as it was as the cut was so small, little difference in the revenue of the province would have been made. A few years has made a great difference in the cut however, and this winter extensive hardwood operations have taken place in different sections.

Extensive Planting
The Crown Land report which was tabled in the House of Assembly a few days ago, shows pictures of an extensive hardwood plant in the province and of large beech, birch and maple logs being sealed.

It is known that some connected with the Crown Land Department are of the opinion that hardwood should be paying a considerably higher rate of stumpage.

PROLOGUE OF QUEBEC LEGISLATURE

Quebec, March 15.—The first session of the 16th Quebec Legislature closed at 8 o'clock to-day when the Chambers were prorogued by His Hon. The Lieutenant Governor, Hon. Narcisse Perreault, who dismissed the members with the usual courtesies and best wishes.

BUY-AT HOME

And Divide Your Dollar With Your Neighbor
Should Be The Rule

Everybody has a certain amount of Civic Pride—that sort of pride which helps make a village a town and a town a metropolitan city.

The growth of a community is dependent upon the support given its citizens. If we fail in our co-operation the town either stands still or retrogrades. If we uphold the town by sustaining it wholeheartedly we help ourselves and the community. The theme of this advertisement is "Help our town, buy at home."

Let us divide our dollars among our merchants and fellow citizens who have the interests of the community at heart. Help them and they will help us to greater values—for increase volume means decreased costs.

The town needs our support and we need the support of the town. Let's get together and share our fortunes.

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-lives"

The Marvellous Fruit Medicine
Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, F.C., tried many remedies and went to doctors and specialists; but nothing did him any good.
Finally a friend advised him to try "Fruit-a-lives"—now he is well. As he says in a letter:
"For seven years, I suffered terribly from headaches and indigestion, had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-lives and this grand fruit medicine made me well."
50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-lives Limited, Ottawa, Ont.

MUCH INTEREST IN COMING ELECTIONS

Many Problems for Ratepayers To Consider—Vote Taken About April 15

Dalhousie, N. B., March 18.—As the time approaches for the town elections, which will be held about the middle of April, there is considerable interest being taken. As a new era is opening up for the shiretown, the ratepayers are seriously considering the many problems that are coming fast since the great war before our growing population. That our young people are not giving the advantages that should guide them along in the future, that we are forgetting the sacrifices that were made by our boys on the battle fields of France and Flanders, where twenty five of our Dalhousie boys are sleeping their last sleep, is clear to be seen. All political issues, the old questions of the past should be forgotten. A great heritage has been handed down to the people of Dalhousie by a good providence since the time that Alexander Dean and Edward Harquail, great-grandfather of John and David Harquail of Campbellton, built log cabins and became the pioneers of the plot of land, which is now the incorporated town of Dalhousie, many noble men and women, have left a never to be forgotten souvenir of their love for the old town. If we follow the example of those who preceded us we will banish all selfish motives from our minds and the best talent of the shiretown will unite to make two blades of grass grow where only one is growing now, by electing to our Town Council are Mayor, Andrew have.

Let us not forget what strangers think of us and how they appreciate all the advantages we possess, while we fight among ourselves and waste valuable time.

A famous New York writer and sportsman, who visited Dalhousie, when the Inch Arran House was in existence, closed an article about Dalhousie, with the following paragraph. "Then there are good roads, game and fishing. The road along the waterfront from Dalhousie to Campbellton reminds one of the entrance to Buenos Aires of South America, really a magnificent view across the river harbour and hills. With hospitable and friendly people, generous and fine, with such beauty and lure to the lover of the reel and gun and auto that one hesitates to mention its manufacturing advantages, its cheap building sites, low taxes and easy rents, its fine water-plants, electric lights, model schools, churches and streets, lest the eager coming of business, the beauty and the lure of its crystal waters, its famous fishing, hunting, bathing and outing facilities, be forgotten. For near as it is to the edge of the forests and lakes and streams, Dalhousie is a fine residential town with all that makes a place of home."

The members of the Dalhousie Town Council are, Mayor, Andrew Barberie; Aldermen, John B. Delaney; Caleb McNeill; Arsene Allain; John Barbour; Arthur J. Arseneault; Wm. J. Simpson; Charles Blodgett; Joseph Valerand.

WEDNESDAY MARCH 26
"WANDERING DAUGHTERS"

and another round of
"THE LEATHER FUSERS"

The Rev. R. J. Coleman had arranged to hold divine service at Dawsonville on Sunday morning. The church bell was rung and many teams were gathered around the church.

But Mr. Coleman, with several others from the Quebec side were unable to cross the ice, as along the New Brunswick shore the ice was in such a condition that travel was impossible.

LOCAL AND PERSONAL NEWS

A quiet but very enjoyable whist party was held on St. Patrick's evening under the auspices of the R. C. Sewing Circle, with Mrs. Albert Saville and Mrs. Philippe Main in charge, and assisted by Mrs. Ed. Litalian and her daughter Mrs. Chas. Callaghan. The gathering was held at the home of Mrs. Ed. Litalian it being the second whist party held there this winter, and a very interesting game of plain whist was played at 16 tables from 8.30 till 11 o'clock, when a light lunch was served and prizes presented as follows: Ladies 1st prize, Mrs. Gus O'Neil; 2nd Miss Lena Letourneau; gent's 1st prize, Mr. Lawrence Cooke and 2nd, Mr. Arthur Comeau.

Miss Marguerite Letourneau, Amel P. Q., and her sister Miss Philomena Letourneau, Campbellton, spent Sunday in town, the guests of their mother, Mrs. John Letourneau.

Mr. and Mrs. Walter Cabot were visitors to Campbellton on Monday.

Many old Bay Chaleur friends, who were acquainted with the members of the Rudolph family, who for many years were the neighbours of the families of the late P. C. Campbell, H. A. Manderson, Levi Miller, Finlay Cook, W. H. Clapperton, Normand Carwell and other English families of Maria, Bonaventure Co., P. Q. will regret to learn of the passing away of Mrs. A. Normand Des-Brisey, Bathurst, N. B., on Wednesday evening March 13th. She occupied a prominent place in the life of the community and a secure and abiding position in the regard of many friends.

Many friends, she was born 87 years ago, her maiden name being Annie G. Rudolph. After residing some years at Maria, Bay of Chaleur, she was married 41 years ago and several years later went to Bathurst. The sorrowing family consists of her husband, Mrs. F. W. Walker, Montreal, Mrs. A. E. Loosen of Bathurst and N. Rudolph Des-Brisey, General Passenger Agent at the C. P. R., Toronto. She leaves two sisters, Mrs. G. A. Wilson of Toronto and Mrs. Samuel Bishop at present in Montreal, and one brother A. Rudolph in town. Her funeral took place on Friday March 14th to the Presbyterian cemetery and was largely attended despite the unfavorable weather.

Many friends will be glad to learn that Mr. Charles Stewart, who took a week turn on Monday March 10th, at his home at Bellevue, is able to be about the house.

Mr. Henry Diette, M. L. A., who spent the week end with his family in Bathurst, was in the shiretown before he returned to his legislative duties at Fredericton.

Mrs. Henry McIntyre, Mrs. John McIntyre, Mrs. Eust. Campbell; Mrs. Nadeau, Notre-Dame-de-Grace Montreal; Mr. Foubert, and Mr. J. S. Benson, representing the Shives Lumber Co., Campbellton; James Comeau, Restigouche, P. Q., and, Edgar Shannon, Campbellton, were in town last Saturday on account of the death and funeral of the late George E. Mercier.

Mr. W. H. Priest was a visitor to Campbellton on Monday.

The Misses Jessie Armand, Alice Campbell, the Misses Mabel, Isabella and Martha McNeill, went to Eucumacine, P. Q., on Thursday, March 13th to attend the concert given by the pupils of the Eucumacine school.

The teachers of the school are the Misses Norton and Briard. The entertainment was held in the large store now occupied by Mrs. Keith. The handsome sum of \$75 was realized for the school.

Mrs. Louis J. LeBlanc and her two little children were visitors to Campbellton for the week-end.

Under the auspices of the W. A., the afternoon tea and sale of home cooking held in the MacDonald store on Saturday was a gratifying success.

Miss A. M. Harrison was in town on Monday and she addressed a meeting in the Presbyterian Church in the evening.

Miss Mae Shaw, late of this town, was recently married to Joseph J. Kelly, of Cambridge, Mass. The marriage took place in Cambridge, where Mr. and Mrs. Kelly will reside. Her Dalhousie friends join in wishing her and the groom a happy married life.

Mr. Ed. Mrs. W. S. Montgomery were visitors to Campbellton last week.

Mrs. A. G. McKenzie is having a thimble party at her home this evening.

Mrs. Albert McParlane and child

The Rev. R. J. Coleman had arranged to hold divine service at Dawsonville on Sunday morning. The church bell was rung and many teams were gathered around the church.

But Mr. Coleman, with several others from the Quebec side were unable to cross the ice, as along the New Brunswick shore the ice was in such a condition that travel was impossible.

HAPPENINGS OF THE WEEK

The great demand being made for houses at this early season, means that there will be quite an increase in the population of the shiretown, during the summer months.

It is said that a special meeting of the Dalhousie Social Club is to be held soon, to take into consideration, the placing of a Radio in the Club Rooms.

The ladies of the W. A. who held a sale of Home Cooking, etc., in the MacDonald store on Saturday afternoon, were delighted with the financial results.

Much praise is showered on Mrs. J. E. Dean and her lady clerk, Miss Myrtle McNeill, daughter of Police Magistrate McNeill, for the very attractive window of the Dean store, to do honor to St. Patrick's feast.

The snow is steadily sinking under the continued mild weather and the shore ice is getting shaky. Up-river, there are patches of open water along the banks twenty-five feet or more in length.

There is an epidemic of measles among the children of the town.

LOCALS WON FROM CAMPBELLTON

Fast Game Here on Saturday With Score of 6-2

A picked team of Hockey players from Campbellton, under the name of Ramblers, played a friendly game with the Dalhousie locals in the shiretown rink on Saturday evening March 15th before a large attendance of spectators. Despite the soft weather, Mr. Trudelle, the manager of the rink, had the ice in fairly good condition. The game was the fastest seen here this winter. Both teams played a very clean game and with terrific pace right through. The Campbellton boys were a little slow in the first period and Elaliger, Williams and Blanchard were beginning to pile up a score for the locals, while Sanson, who played a brassy game was showing some brilliant flashes down the ice at the Campbellton net. But Campbellton's goal tender played a very cool game turning the shots away. Deacon, the old reliable played great defence. The shiretown boys were victors by the score of 6-2.

The following was the Line-up:
Dal. Locals Camp Ramblers
Albert LaViolette, Goal Chas. LeBlanc
Irrin Deacon Point Delaney Murray
Paul Samson C. Point Jack Young
Edder Elaliger Centre Jack Howard
Leo Blanchard R. Wing Ivan Mann
Geo. Williams L. Wing L. Anderson
Sparres

Don. Campbell Ed. Shannon
Freddie Arsenault Willie Coy
Charles Cabot, Dalhousie, and Wallace Henry, Campbellton, handled the whistles to the satisfaction of all. George LeBlanc and Manny Monzillo acted as time keepers.

LATH MAN WANTED

We have two lath machines and are looking for a party to take machines by the thousand for our season's cut at Gaspe Mills. Apply immediately to SHEPHERD & MORSE LUMBER COMPANY, Canada, Ltd. Gaspe, P. Q. Mar. 18-3 wks.

ESSEX MOTOR CARS
A Thirty Minute Ride Will Win You
Essex closed car comfort now costs \$165.00 less than ever before also with this lower price you get an even more attractive Coach body and a Six Cylinder motor built on the principle of the famous Hudson Super Six.

It continues Essex qualities of economy and reliability known to 135,000 owners. It adds a smoothness of performance which hitherto was exclusively Hudsons. Both cars are alike in all details that count for long satisfactory service at small operating cost.

You will like the new Essex in the nimble ease of its operation Gears shift quietly, Steering is like guiding a bicycle, and care of the car calls for little more than keeping it lubricated, that for the most part is done with an oil can.

The chassis design lowers the centre of gravity, giving greater comfort and safety, at all speeds, on all roads. You will be interested in seeing how this is accomplished.

Greater fuel economy is obtained. The car is lighter, longer and roomier. You will agree from the standpoint of appearance, delightful performance, cost and reliability, the new Essex provides ideal transportation.

Coach \$1650.00, Touring \$1450.00
Fully Equipped F. O. B. Campbellton
Hudson Super Six Touring \$2350.00
Coach 2500.00
Sedan 3600.00

SPLENDID PROGRESS MADE IN PUBLIC HEALTH WORK HERE

Infant Mortality Rate in Campbellton Considerably Lower—Report of Public Health Nurse's Work Shows Busy and Progressive Period Last Year.

Probably no more work undertaken in Campbellton for many years is more generally known than that of the Public Health Nurse, who has been carrying on her work since the summer of 1922. And yet, probably there is no work of which the public knows so little.

That a splendid campaign in health education and health service is being carried on is well known to local physicians and those intimately associated with hospital and other work and is most evident from the figures which appear below. Nothing is more eloquent of the value of this work than the fact that since the Public Health Nurse's work began here the infant mortality rate has been considerably decreased and is placed at 15.4 in 1923 as against 26.5 in 1920.

Table with 2 columns: Category, Value. Rows include: Number of patients treated during year, Number of nursing visits, Child Welfare Visits, Tuberculosis Cases Treated, Prenatal Cases, Maternity Cases, Number of School Children Examined, Defects Corrected, Eye, Dental, Tonsils and Adenoids.

The above facts, though constituting merely a brief summary of the health work carried on here during the past year, are very significant of the great work for medical, treatment and health education particularly among the young, who, largely because of their own irresponsibility, are too often neglected.

Duties of the Health Nurse. The duties of the Public Health Nurse are many and varied. They embrace School Work, Child Welfare Work and Prenatal and Maternity Work. While the public health activities are promoted by the Red Cross Society, the public health nurse is under the direction of the Department of Health receiving her instructions from Miss McEljohn of the Health Commission.

Any citizen is privileged to call the assistance of the health nurse and this alone is a feature which has done much to place public health work in great favor wherever it has been inaugurated.

The School Work is a most important department of the Health Nurse's activities and in view of the great number of cases treated among school children this alone is fully occupied the time of one nurse throughout the year. Besides the actual defects, many of which would prove serious if not attended to in youth, that are found among school children are a valuable work of health education is carried on by the health nurse.

Visiting the different class rooms at regular intervals Miss Maloney gives "health talks" to the students. This, too, is a most valuable work of health education is carried on by the health nurse.

As time goes on this interest will certainly increase. Public Health work is merely in its infancy and with the splendid record it has established there is no doubt but what citizens, realizing the vital importance in the community, will lend more hearty support in the future.

Health Partnership. The Health Nurse is always on the look out for dangerous or unusual. Advice along the lines of hygiene, sanitation, proper ventilation and a number of other matters vital to the health of the community is always cheerfully given for the asking and in this way the Public Health

SCHOOL BOARD APPOINT COMMITTEE

Five Appointed To Investigate Matter of Increased School Accommodation

At the meeting of the Board of School trustees a committee of five was appointed to investigate the matter of increased school accommodation for Campbellton.

The committee named consists of F. B. Blackhall, Dr. L. G. Plouffe, Mayor N. C. McKay, David Champoux, and W. E. Milligan.

This Committee is to look into the matter and report at a special meeting of the School Board which will be called within the next two weeks to receive their report.

DALHOUSIE STILL HOPES FOR HOTEL

C. N. R. Official Again in Shiretown—New Propositions Offered.

(Special To The Graphic) Dalhousie, March 19.—Mr. Frank L. Dougan, "Travelling Passenger Agent, Canadian National Railways, (Eastern Lines)" was in town last week a guest at the "Queen." Since Mr. Dougan's first visit here a few days ago, new and encouraging propositions have been made, which will enable the C. N. R. authorities, whether they decide to build the proposed hotel at the east or west of the town, to secure sufficient space for golf links and all other outdoor sports which would be anticipated by guests at a big summer hotel.

The probability that Dalhousie may be chosen as the site for a Tourist Hotel seems still more favorable.

Mr. Dougan, who was shown the Nadeau Hotel site, was delighted with it and stated to your correspondent that he had made mention of it in his report. He also visited the Social Club Rooms, and was surprised and delighted to see, on the walls, so many views of "interesting points on the C. N. R." and said that he would see to it that the Club was furnished with a large picture of the Quebec Bridge. He said that it was a credit to the town of Dalhousie, to have such a nice place for the business men of the town to meet at times of leisure.

The Graphic \$2.00 year.

Campbellton Dollar Days Proved Very Successful

Many Merchants Report Very Satisfactory Business During Friday and Saturday

The wisdom of giving the buying public an opportunity to secure a few genuine bargains in staple commodities of one kind and another was again proven in no uncertain way on Friday and Saturday of last week when a number of local merchants co-operated in a Dollar Day Bargain Sale.

With but one or two exceptions, the merchants who interested themselves in the event, report very satisfactory business. Several merchants, although not anticipating any great rush of sales in view of the general quiet which seems prevalent at this season, were greatly surprised by the amount of business transacted in their stores during the two dollar days. One store reports total cash sales during Friday and Saturday of approximately \$1500.

Although probably in a position to offer a wider range of bargains the general stores were not alone in their increased business, for merchants in other lines have declared their week-end business equally satisfactory.

The Graphic \$2.00 year.

Town Topics Tid-bits on the Tip of Everybody's Tongue

VA. I. N. 29 CAMPBELLTON, MARCH 22, 1924 FREE

A Globe Trotter. This fellow once came from Montreal, first offered a few days later by one from New York, making the

be placed on board the Dominion at Halifax, to accompany him to England. Mr. McRae's hope to hear from him when he reaches Loxor and

DELORME JURY DISAGREES

Polled Only 46 Votes out of 213 Members in House of Commons.

Montreal, March 19.—Disagreement was reported by the jury in the Delorme murder trial when court opened this morning. The jury was discharged.

The judge adjourned the court till to-morrow. In the meantime Crown officials will confer in regard to future action in the case.

RAILWAYS CUT FREIGHT RATES

Traffic Between Maritime Provinces and Rest of Canada is Affected.

Montreal, March 18.—The following announcement was made here to-night by the Canadian Freight Association:

The Canadian Railways directly interested in the movement of freight traffic between the Maritime Provinces and Ontario and Quebec have been engaged for some months past in making an analysis or survey of the situation with the result that effective on April 14, certain reductions will be made in the class rates between points in New Brunswick, Nova Scotia and Prince Edward Island and territory of Montreal and west to Windsor, Sault Ste. Marie, Port Arthur and Armstrong.

These reductions will restore in some measure the relationship which existed for many years prior to the war and prior to the changes introduced from time to time by various orders by the governor-in-council and by the board of Railway Commissioners for Canada.

NARROW ESCAPE OF MONTREAL PRIESTS

One Hundred and Twenty-five Fathers of Redemptorist Order Saved

Montreal, March 19.—One hundred and twenty-five fathers of the Redemptorist Order were probably saved from asphyxiation by the timely action of a policeman when fire broke out in a wardrobe of the monastery on Cremazie Boulevard, in this city late last night. The constable broke into the building when he saw smoke issuing from a window and roused the occupants of the monastery who escaped in their sleeping attire.

There were no casualties, and the flames were under control within twenty minutes. The fathers then returned to the monastery.

SWALLOW FALSE TEETH

Sheffield, Eng., March 19.—Lionel Allen lived for several weeks after swallowing two false teeth, but finally succumbed, refusing to undergo an operation.

DECISIVE DEFEAT OF CONSERVATIVES

Polled Only 46 Votes out of 213 Members in House of Commons.

Ottawa, March 19.—By the biggest majority in the memory of parliamentary old times, 121 votes, the government was sustained in the first division of this session at an early hour this morning.

On the motion to present to the Governor-General an address in reply to the speech from the throne, the combined Liberal, Progressive, Labor and Independent members voted against the Conservative amendment which was technically an expression of non-confidence. The vote was 167 for the government, 46 against. Only the Conservatives supported the amendment.

WRIT IN SLANDER SUIT IS SERVED

Some Other Developments in Prohibition Circles at Newcastle.

Newcastle, N. B., March 17.—As an aftermath of a temperance meeting held in the Baptist church here last Wednesday evening at which the principal speaker was Donald Fraser, president of the New Brunswick Temperance Alliance, papers were served on Edward McGruar, of Newcastle, this afternoon by Sheriff on the instance of Chief Inspector Hawthorne, charging slander during an address before the meeting. McGruar is alleged to have made slanderous statements against Chief Inspector Hawthorne to the effect that he could be "bought," and also the local inspectors.

URGES THE FORMATION OF A COMMERCIAL CLUB HERE

Travelling Representative of Halifax Firm Points Out the Many Advantages of Such a Club for Business Men.

That Campbellton merchants are missing a splendid means of promoting greater co-operations by not having some sort of commercial club here, was the opinion expressed by Mr. R. H. Wetmore, Maritime Representative of Smith Webster & Co., Ltd., Halifax, in a conversation with the Graphic a few days ago.

"Not having such an organization the local merchants probably do not realize just what benefits could be derived from an association of this kind, but in many towns and cities they have proven invaluable in promoting the interests of the merchants. For instance, in Halifax there are four clubs of this kind, each of course differing somewhat as to rules and regulations but with the same objective. The membership of these is composed of local merchants, manufacturers, and travelling representatives of business firms. They have their regular meetings and also special "club nights" when a supper is put on by the association. Business men from other cities who happen to be in town are frequently invited to attend and often the supper inspires a speech along business "get-together" nights there is always an exchange of ideas and a discussion of business problems which are of great value for it tends to develop a greater spirit of unity and co-operation among even rival interests. And, after all," Mr. Wetmore continued, "the old spirit of competition with its tendency to resort to small selfish methods is about gone and merchants and other business men have found that the policy of helpful co-operation is not only more profitable but is also more profitable in the end."

"Another thing about clubs is their value in promoting local industries and commercial activity. Every club is a progressive business organization with the best interests of the community one of its chief aims and every member is a booster. In this way a real live commercial association of this kind can lend splendid service in promoting the growth and expansion of a town in much the same way as a Board of Trade. I am sure that such a club in Campbellton would be a splendid thing in many ways for our local business firms, and, in time, prove a most valuable commercial organization."

CHAIRMAN WANTS TOURISTS. A joint meeting of the Chatham Board of Trade and Town Council expressing how Chatham might attract many tourists. A public parking and camping ground was suggested and the attractions of the town will be set forth in printed form and distributed.

CITIZENS SHOULD GET BEHIND TOWN BOOK PROPOSITION

Publisher Makes Offer of Valuable Advertising; for Tourists and New Industries Which Should Have Consideration of Citizens.

NEW PRESIDENT

C. C. AVARD President of New Brunswick Tourist and Resources Association.

Is Campbellton open for a proposition which means the boosting of the town in a tourist and industrial way? This was the question which was recently put up to The Graphic and in reply we answered, Yes.

But it seems that we were mistaken in our opinion of the progressiveness of our city fathers at least, as we understand that at a committee meeting of the whole council, they in their wisdom decided that "the time was not opportune."

The following is the proposition which was laid before the Campbellton Board of Trade, and the individual members of the Town Council. Mr. C. C. Avard of the Busy East, Sackville, and also President of the N. B. Tourist and Resources Association proposes to issue in May a special Campbellton edition of the Busy East. He visited Campbellton about three weeks ago, met the members of the Board of Trade and laid the proposition before them. The Board appointed a committee of three to go fully into this, and that committee decided to assist Mr. Avard in every way possible, and to recommend that the Board be responsible for the distribution of 750 copies of the special edition at a cost of \$150.00.

The proposition put up to the Mayor and Councilors was that the Town Council pay for the engraving of general views of the town and nearby country, and the public buildings, the entire cost not to exceed \$300.00 and the town to own such engravings which would be returned to Campbellton as soon as the Busy East was through with them.

This proposition we understand from Mayor McKay has not been favorably looked upon giving as a reason that "the time" is not opportune. While many cities and towns throughout eastern Canada are spending thousands of dollars to advertise their attractions to tourists, why should we in Campbellton hesitate to spend two or three hundred dollars as a capital expenditure, as the engravings can be used over and over again.

The Board of Trade will hold a meeting early next week, probably Tuesday evening, and if you as citizens and business men believe in your town, be present and be prepared to express an opinion on this matter. Mr. Avard will be present to set the matter fully before the meeting.

ANOTHER BOON FOR GASPE COAST

Government Makes Arrangement for Use of Biological Station at Truro, N. S.

Quebec, March 19.—As a result of a conference held yesterday between Hon. J. E. Perrault, Minister of Colonization, Mines and Fisheries, Messrs. L. A. Richard, Deputy Minister of Fisheries, and Mr. F. J. G. of the Federal Maritime Fisheries Service in Ottawa, fishermen of this province will be extended all the advantages offered by the Biological Station to be opened at Truro by the Federal Government shortly.

The object of the interview between the Provincial and Federal officials was to establish exactly whether the province of Quebec fishermen needed the establishment of such a station to give them the advantage of the scientific observations which are made at those stations and also to benefit from the special courses and lectures, which are given by professors of such institutions.

Hon. Mr. Perrault was given guarantees that fishermen from this province would be given exactly the same advantages as those of the Maritime provinces. Not only would they have access to the Biological Station for information but experts would visit them in the Gaspé peninsula and at any other points where it may be deemed necessary and give them all the information they would need.

To develop experts in fisheries, who will be kept in fishery centers to instruct other fishermen, the province of Quebec has taken the initiative by sending already a student to the Seattle University, in the State of Washington. This student, Mr. Berube, will return to this province next summer and will instruct the fishermen on modern methods of fishing, of keeping the fish in good condition and also of canning.

SUSSEX WON FIRST ROUND IN MARCH CH'SHIP

Defeated New Glasgow at the Latter Place Tuesday Night by Score 4-2.

Sussex and the New Glasgow squad will hook up in the "Dairy Town" Wednesday night in the final game of the home and home game series for the Maritime title, Sussex have a decided advantage over the Nova Scotia Champions a two goal "lead" and playing on home ice.

Jack Brown of this city will handle the whistle, with Currie, of New Glasgow, acting as judge of play. Following the game there will be a meeting of the M. A. H. A., with representatives from all the clubs affiliated will be present.

PROSPECTS OF THIRD DELORME TRIAL

Conferring with Representatives in Montreal and will Act on their Advice

Asked if he had any declaration to make regarding future plans in connection with the Delorme case, which has now reached another stage, Mr. Charles Lanctot, K. C., Assistant Attorney General, stated that he had nothing to say for the present. "We are now conferring with our representatives in Montreal and we will act on their advice," he said.

On the other hand from an authoritative source the Telegraph was told that the Abbe would simply be brought for trial again and that there was nothing in the law to provide for any suspension or prosecution.

Legal authorities are of the opinion here that basing themselves on what has occurred in several cases in the past, which were not, however, murder cases, the accused may be released on bail to-morrow. If such is done, later on if the Attorney-General consents to do so, he may order a "Nolle Prosequi," when the cases called for hearing at the Criminal Assizes.

INSANE DO PRINTING

Lima, March 19.—Printing done by inmates of Lima State Hospital for the Criminal Insane has impressed State officials so favorably they have decided to send to the hospital part of the State printing.

KING GEORGE NOT TO RACE HIS YACHT

London, March 19.—King George who is a keen yachtsman, announced he has decided "with the greatest regret" not to race his big yacht Britannia this year in consequence of lack of competitors in her class. He will, however, commission her for guilting purposes, during the Cowes Yachting season.

It is recalled that the King laid up the yacht in 1922 for reasons of economy, but had her thoroughly overhauled in 1923, when in great racing trim, she won eleven first, six seconds and one third in twenty-six races. This was the Britannia's thirtieth season.
