OUR-- Millinery Opening

Will Continue To-morrow

We are delighted with the result of our first opening day of the fall season 1904, not only were the sales large, but the crowd was immense and all were loud in their praises of the magnificent display.

Dress Goods

A description of the many new lines that are here awaiting your admiring gaze is simply impossible; we mention a few and invite your inspection of the whole stock, whether you want to buy or not. Syndicate buying enables us to save you dollars on every dress.

Fine Zebeline Cloth

Handsome zebeline cloth in browns, navy, greys and blacks, 56 inches wide, regular price 75c, on sale at 50c a yard.

Handsome Dress Suitings

Fine new lines of tweed effects, in rich color combinations—browns, greens, navy and black mixed—and arranged in such a manner to make the handsome suiting of the season; 54 inches wide, very special at 60c a yard.

Fancy Flaked Dress Goods

A magnificent range of flaked dress goods, comprising every new effect, in all the leading shades, a line you cannot equal elsewhere at less than 75c, on sale, extra special, at 50c.

Silks

This has long been the foremost silk store in the county. Every lady purchasing silk here knows that they bear the stamp of reliability, and backing this up comes our guarantee. This is the safe and profitable place to buy silks.

Taffata Silk

In all leading shades, extra heavy and fine finish, equal to silk usually sold at 75c. Our special price 50c. a yard.

Black Taffata Silks

We do not care to appear boastful in regard to these Black Taffata Silks, but the values are so exceptional that you cannot afford to miss them if you need silks. Extra special, 50c, 75c and \$1.00.

Sheer Dress Goods

In Voiles, Etamines, Eolines, in Black and all the popular Evening Shades—not one missing—and extra value at the popular prices—50c, 65c, 75c and \$1.00.

MANY MARVELS IN MILLINERY

Fascinating Fall Effects
Daintily Displayed at
Maple City Establishments.

Distinctive Features of the Ensuing
Season—Sombre Color Effects
are Popular—The Planet's
Tour.

The millinery season is now on in full swing—but it is unnecessary to tell this to the ladies of the city, for they have all been looking forward to this season for some time, ever since the announcements have been made, and the men—well, perhaps they know all about it, too. If they don't they will begin to realize it when the Maple City merchants send out their monthly accounts.

There is nothing more dear to a woman's heart than a millinery opening and, as a result, all of the stores were crowded yesterday, which was the opening day, and delight was evidenced in every store.

It would be hard to specify where the best hats can be procured. They are all beautiful and every millinery show-room is decked out in its best attire, and continually crowded with visitors. A Planet reporter called at the different show-rooms this morning and gained considerable information regarding the hats.

NORTHWAY COMPANY

This store is especially attractive at present, and Miss Haydon, the head milliner, deserves great credit for her ability as shown by the excellent array of millinery.

Not for many seasons past have there been such picturesque designs as there are at present. For the winter season the hats are unusually large, and this, combined with the high crowns, floating streamers and high collars, is responsible for the theatrical effects to which one hears so much comment. There is a perfect craze for all dull shades which tone with brown, of which a great deal is worn, such as cinnamon, bronze and rosetti shades. Silk hats are enjoying considerable favor. A clever idea was successfully demonstrated on a simple sailor shape of brown taffeta. A high shirred collar of the taffeta formed the trimming, finished with rosetti and touches of eoque de broche. A characteristic of the silk hat is the simplicity of its trimming and the elaboration of the silk foundation. The feather novelties this season are exquisitely dainty. In many instances ostrich and marabout are combined in several novel ways and in delicate colors, with most beautiful results. Bunches are the accepted form of treatment, whether the ribbon be wide or narrow, or of silk or satin, crushed bows are still in favor. One is becoming accustomed to high crowns, for they are displayed so freely that even now plateau effects appear conspicuous. Both pot and steeple or mother goose crowns are favored as well as the pronounced belle.

Velvet flowers and foliage will be excellent. Roses are the flowers which will be most used and are of such enormous size and variety of color that their appearance is barely suggestive of the rose. Beads to no end are used on the French hats, in all sizes and colors. Not only are they used to decorate the crowns but are used lavishly on the upper and under brims, with terra cotta for the keynote of color.

Worthy of mention was a chic hat of the French sailor order covered plainly with the velvet. Over the edge was a band of shirred velvet. The crown was broad and low, encircled with two inches of ribbon; the only other trimming on this clever hat was two cabbage roses and foliage.

C. AUSTIN & CO

Nowhere have deft fingers and bright up-to-date ideas been combined to make a more beautiful showing of Fall Millinery than that which can be seen at the Bargain Centre.

Miss Thompson, the courteous and obliging head milliner, has excelled herself this year and the result is that the Austin Store has now on exhibition the finest array of fall millinery ever shown by this firm.

The millinery show room presents both a pretty and an attractive appearance. It is a splendid show room and the milliners have taken advantage of every opportunity to make it pleasing and pretty. Trimmings, flowers, palms, and plants, gracefully adorn the tables and nooks and two large Egyptian retreats beautifully draped gives the room the appearance of a magnificent drawing room.

From an inspection of the display considerable information was obtained.

There seems to be no doubt that the fashionable colorings will follow the green, eoque de roche, mulberry, mandarine, brown and yellow combinations. Certainly there is much greater novelty in color this season than for many seasons past.

Quite as varied as the colors themselves are the names by which they are designated. Generally speaking, copper and mahogany color, covers them as a class for those charming

shades. The material used for the fall hats were never more beautiful. Velvet is without doubt the chosen of all for the pattern hats. It may be combined with silk on the same tone, or it may be used either plain or in tuck or shirred effects but the quality must be good and the colorings rich.

In size and shape of the hats are of enormous proportions, with extremely high crowns.

Ribbons play a conspicuous part in millinery this season and flowers, especially roses, are used extensively. Some of the newest models are showing fur tulle and fancy ornaments. It will be a season of harmony in color and grace of outline, which produce wonderfully picturesque effects. A very effective creation is made of cream thread lace and velvet of the new brili effects. Ostrich tips are used as a trimming.

The entire top of this pattern is covered with white velvet and trimmed with mink finished with an aigrette. Lace and tulle faces the under brim.

This hat is unusual because of its being so severe. The left side of brim is rolled back on crown, which is surrounded with black roses, with yellow centre and finished with a strap of ribbon.

THE GORDON STORE

Here beauty is right at home. Art and lovely materials are combined in a way that produces the most effective attractions. There are many new styles in view and one particular feature of the showing is the elegant grace with which the hats are made and arranged.

An idea of the most popular and stylish hats may be gathered from the following descriptions and notes:

A small close fitting hat, rust brown velvet and cera lace with large roses in same shading attracted a great deal of attention.

Another was a mole skin white kid, mahogany moire, ribbon nine inches wide with a St. Louis rosette Paradise sweeping osprey. These materials combined make a very stunning head covering.

One very beautiful hat was a mole color chiffon, velvet shirred brim, close fitting turban, coil blue, mirror velvet draped, trimmed with crown burnt onion roses. For back trimming, steel ornaments caught on crown and brim.

A very stylish one also was a Gainsborough with an eight inch crown, black Lyons velvet, chenille spider web, and embroidery Gainsborough plumes with lobster curl, and a bunch of roses on bandeau. This makes a very becoming effect.

A high crown picture hat of chiffon velvet, Hunter's green, white silk embroidery inserted in brim, ostrich plumes to match in trimming, steel buckles, face trimming green roses, was the subject of much admiration.

Ostrich feathers and Paradise feathers will be the feather trimmings, to which fashion gives greatest prominence; shaded effects are considered good.

The new colors are eoque de roche, burnt and copper shades, mole color, brown, rust brown, different shades of green and red. Flowers are much used in all shades, also ospreys, plumes, breast, wings, etc. Foliage is abundant everywhere.

In knock-about hats and mourning hats this firm shows an especially fine line. Miss Rowan, the head milliner, would be pleased to receive a call from every lady who is interested in the fall hats.

COUNT IS CALM

Views the Girls' Strike With Placid Indifference—It Is Capital That Counts, He Declares.

"We're still delivering the goods," remarked Count von Eberts to a Planet reporter this morning, concerning the strike of his dining room girls. "They simply can't run up against capital. The girls thought they'd have their own way of things, but have found out they couldn't. Of course it's a little hard to get good material for the dining room labor around here, but there's lots down the line that understand the business, too, and are accommodating instead of shoving up their noses at the least thing."

"They kind of got to believe they were part of the hotel, like the great, big old rats that we're killing off around here."

"No, sir, they're up against it when they run into capital."

"Oh! business, the big fall rush is on and the house is running to its capacity," concluded the diamond king as with majestic swing he tapped the bell and shouted, "Boy!"

A WOMAN'S FACE

P. C. Tom Groves is a great admirer of a woman's face that a prisoner sketched in the cell just five years ago. It has withstood the ravages of time and the water that has been used to wash the wall off. The face is a work of art and the author of it must have been an artist. He has painted the face of a woman with a soul and the soul is in the face. That is what appeals to the big policeman. There is a lot in the picture and it seems out of place amidst the coarse inscriptions of other prisoners. The artist apparently realized this for he drew the face of his ideal high above the crude and vulgar writings of the lower grade of criminals.

COULDN'T SCARE HUGH CLARK

Stratton's Tactics in Center
Bruce Failed—Wanted a
Saw-off with North Grey

Prosecution that was Really
Persecution—Efforts to Purchase
Evidence.

Walkerton, Sept. 21.—There is general satisfaction here over the dismissal of the petition against Major Clark. It is felt that the Liberals went out of their way to unnecessarily annoy an honorable opponent, and even those who voted against Major Clark are pleased that the machinations against him have failed. The prosecution, in fact, was looked upon as persecution, and has gone a long way towards strengthening the Major in the riding.

The sole object of the petition was to frighten the Major into agreeing to a saw-off with North Grey. The Liberal knew of no crooked work, but it was impossible for them to conceive that any representative could carry an essentially Liberal constituency without employing bribery and corruption.

When it was found that Major Clark wasn't frightened, and that there was really nothing to be proved against him, agents were sent to convince him that his better course would be to agree to a saw-off.

One man was promised \$500 if he would get Mr. Clark to agree, and had the trial gone ahead he would have gone into the witness box and sworn to this. As a matter of fact the witnesses on whom the Liberals chiefly relied were those who had either been paid or to whom pay had been offered, and their evidence would have told strongly against those who called them.

To every attempt to scare him and cajole him into a saw-off the Major made the same reply. He would stand firm and his opponents could go on with their petition. In the meantime, however, he had gone carefully into all the charges, and had found that there was nothing in any of them. Every man whom it was alleged had been bribed denied the charge, and those who were said to have handled the money were no less strenuous in declaring that the accusations were a tissue of falsehoods.

Mr. Clark perceived that his opponents had been merely fishing in the hope that some lucky accident would enable them to lay their hands on some offence against the law, and it was only at the last moment that the Liberals themselves lost hope of finding something to hang their charges on.

The petitioner, Dr. Stewart, long ago became disgusted with the whole business, and washed his hands of the matter. Indeed, he declined to be responsible for or have anything to do with some subsequent charges, and they had to be sworn to by a Toronto lawyer, who was certainly not in a position to say whether they were true or false. The only thing left, therefore, was to abandon the investigation.

The whole business had been a most valuable advertisement for Mr. Clark and if an election were being held now his majority would no doubt be five or six times what it was at the last election.

HOME FROM ST. LOUIS

Ex-Mayor T. A. Smith has returned from a five weeks' trip to St. Louis, Chicago, Grand Rapids, and Mount Clemens. He is full of the big Exposition. The Buffalo and Chicago Fairs could be put inside the St. Louis Show. A night's visit is worth the price of admission alone. There are seven million electric lights changing from red to white and to green every half hour creating a fairy land. What interested Mr. Smith most is the foreign country exhibits, including the Philippine villages. The Pike is a mile long and a trip down it is a sight of itself. Some of the shows are very, very good shows, and some are very very rotten. The Canadian building is nicely constructed and the most homelike building on the ground, although it is not as elaborate or as costly as other buildings still it is more homelike. The pictures in the Canadian building, depicting Northwest life, are well executed and true to nature. Mr. Smith didn't take in the Boer war scenes as the American people showed their partiality to the Boers by applause at the latter's success at Colenso, and looked with disfavor on the British success at Paardeburg. The art galleries were well worth a visit as they had a great display of pictures, sculptures and works of art. A lover of art could easily spend a month there to take them all in and do it well.

The prices in St. Louis city were not outrageous but on the grounds it cost money to eat and the prices were exorbitant. In purchasing souvenirs in the Italian section especially, the cost of them was very reasonable. Seeing the St. Louis Fair is practically seeing the whole world.

Remember the dates of Peninsular Fair, Chatham, Sept. 27th, 28th and 29th.

NO EXCUSE

The plea that "the other party is just as bad" would be no excuse if it were true. But the reverse is proven to be true in two of the cases tried in court.

In Muskoka Mr. Mahaffy was confirmed in his seat after a trial which showed no evidence of misconduct. Now Centre Bruce is declared to have been won fairly by Major Hugh Clark. No evidence whatever was offered in this case. Mr. Clark testified in his examination for discovery that he expended only \$70 on his election. This left no margin for the employment of "human devices."

It must make every decent-minded Liberal ashamed to hear of the dirty tricks which befell so many of their elections. Can any respectable church member continue to adhere to a party which stands for that sort of thing?

PROPOSED PEACE CONGRESS.

It is said that President Roosevelt will be asked to issue a call for a world's peace conference similar to that held a few years ago at the Hague. The President is to be requested to take this action by the Interparliamentary Congress, which has assembled at St. Louis. It is believed Mr. Roosevelt has given assurance that the call will be issued.

This is a highly interesting announcement. Since the conference at the Hague there have been three wars. The United States has conquered the Philippines; Great Britain has destroyed the Boer republics of South Africa; Russia and Japan are fighting for supremacy in Southern Asia. Because the Hague conference did not immediately usher in the era of universal peace some cynical persons assert that it was a melancholy failure; that there is no use in having an international exchange of views for the purpose of promoting the cause of arbitration. There is no force in their objections. No important reform was ever effected without persistent agitation and persistent labor. Universal peace is an ideal which is well worth striving for. If it cannot be attained now it may be possible to persuade the nations to go to war only as a last resort and for a vital principle.

MODERN BATTLESHIP.

Sir Hiram Maxim, the noted expert, was recently interviewed in London about the performances of the battleships in the present war. He does not consider that the Russians are as good fighters, man for man, as the Japanese, and that one Japanese ship is as good as any two Russians, considering the way they are handled. He does not think that it would be wise for the Japs to go into Port Arthur and attempt to sink the Russian fleet bottled up there, even if they lost only two ships, because then it would not be in a position to meet the Baltic fleet. Continuing, Maxim said:

"All the world knows that England is building two big battleships for Japan, but we are not allowed to deliver them until the conclusion of the war. The Japanese, however, having lost one battleship are always keeping a good distance away. They are acting very cautiously and endeavoring to preserve their ships until the Baltic fleet arrives, as of course, there is a possibility they may do. But if it does, it is extremely doubtful that the fresh fleet could overpower the Japanese."

"As to modern armor-plate, so far the present war has shown that armor is proof against the heavier guns at the distances which have invariably separated the fleets—from two to four miles—but if the ships got to close quarters it would be quite the reverse. Naval battles are now so different to the old days when the practice was for every ship to fasten on to its opponent. Nowadays, no two ships would remain afloat long at close quarters."

"It would appear to me on this side of the water that the old French saying that Nephew is always on the side of the Anglo-Saxon race is quite true, and I think we shall find that in the fighting in the far east the Japanese will show themselves as much superior to their enemies as the Anglo-Saxon has shown himself superior to the Latin races in the past."

"I do not see any reason why Japan will not in the immediate future become the Great Britain of the east. Its population is just about the same as England, Scotland and Ireland—40,000,000. This war, without the least doubt, will be an epoch-making event. Heretofore, the Christian nations had it all to themselves, but in Japan we have a non-Christian na-

tion that is showing itself superior to its Christian antagonist. The war will make us more tolerant as to the rights of the far eastern nations, and will make us allow them to acquire the same rights there that we claimed for ourselves."

THE ART OF WARFARE.

Toronto Telegram.

The only thorn to the blossom of any victories the Ottawa Government may win will be to hear Ontario's proud boast:

"Cap Sullivan learnt 'em the art of warfare."

HEROIC EFFORTS.

Guelph Herald.

The heroic efforts of the pluggers of the Minnie M. to secure good government for the Soo should call forth from the head of the Mercury's morality department the ejaculation:

"Bless you, my children!"

HOW THEY SIZE IT UP.

Toronto News.

From the comments of the Liberal press we gather that there was widespread, sickening but untraceable corruption in Muskoka, and a solitary, isolated and regrettable indiscretion in North Perth.

SLINKING INK.

Guelph Herald.

Surely our literature will be enriched and our politics elevated when Frank Sullivan and the editor of the Globe begin slinging ink at each other in a mad attempt to solve the problem—Who Are The Barnacles, and How Should They Be Removed.

WHAT THEY CONDEMN.

Toronto News.

The corruption condemned by the Liberal press is (1) all that which the Conservatives have perpetrated or are suspected of having perpetrated; (2) that portion of Liberal corruption which is admitted by a court to be established by overwhelming evidence and proof of agency.

THE SOO REVELATIONS.

Galt Reformer.

The revelations at the Soo election trial now in progress will bring the blush of shame to every honest Liberal. The desperate and disgraceful attempts of the local organization to secure Mr. Smith's election have well nigh encompassed the candidate's political undoing and involved the whole Liberal party in the odium which must for years attach to the Soo election of 1903.

RUSSELL SAGE'S "FRUGALITY."

Exchange.

Mr. Russell Sage attended a financial conference not long ago, at which Mr. Gates was present. After the business was completed, Mr. Sage suggested that inasmuch as the lunch hour had arrived all the party join him to a "frugal bite." The word "frugal" caught Mr. Sage's ear, and he assented. Mr. Gates led the way into one of the most expensive of New York's restaurants, and ordered what he termed "a neat little appetite-stayer, including some wine. Mr. Sage asked for a glass of milk and some biscuits. At the conclusion of the meal, Mr. Gates slipped a \$5 bill to the waiter and told him to keep the change. Mr. Sage calmly laid a 10-cent piece on the table and the watchful waiter picked it up and walked away. "Why, Uncle Russell, I did not know that you ever tipped the waiter," said Mr. Gates tactlessly. "I never do," replied Mr. Sage, sharply. "That time was to pay for my luncheon."

NOT GUILTY.

Exchange.

"We propose to show, gentlemen of the jury," said counsel for the defense, "that it is impossible for the defendant to have committed this crime."

"In the first place we will prove that the defendant was nowhere near the scene of the crime at the time the crime was committed."

"Next we will offer the indisputable testimony of persons who saw defendant on the spot and who did not see the defendant commit the crime."

"We will show that no poison was found in the body of deceased."

"Not only that but we will prove that it was put there by the prosecution in this case."

"We will furthermore show that the deceased committed suicide."

"And last, but not least, we will prove beyond the shadow of a doubt, that the deceased is not dead."

"In view of all of which corroborative facts, gentlemen of the jury, we respectfully ask for an acquittal."

SATCHEL OF THE SATELLITE

Chatham are the champions.

Poor Daddy Grace got battered, but we won.

Hurray for the Tecumsehs! They are the winners!!

The Galt people knew a good team when they saw one.

I'll tell you I think Frank Babcock is the goods as a team manager.

Jack McCoig wears a smile and the Chatham boys brought home Orillia money.

And the Grits still use the mails for the free distribution of political literature.

Mr. R. L. Borden quickly gave his temperance views. His statement was mainly and straight-forward.

"Let us heed the call to Consecrated Canadian Citizenship"—R. L. Borden to the people of Kent.

The lacrosse team and their admirers came home last night with cheering news. You could hear the cheers all along King St.

I guess when Will Coupland and Aussie Jahnke missed the train yesterday morning, the Chatham team left their hoodoo behind.

The Galt people covered all the Orillia money before Chatham arrived, that's why Galt feels so cordial towards Chatham.

According to law no one except the cabinet ministers can frank any mail after the gun fires for pro-rogation, but what do the Grits care for law.

John W. White said Borden was very good so far as he went, but that he didn't cover enough ground. The champion sprinter should be an authority on this point.

Of course it's not to be expected that Mr. Borden with one definite policy for all Canada should cover as much ground as Sir Wilf with a different policy for every township in Canada, etc., etc.

Tom Martin—Whoever is sending me that Grit campaign literature can save themselves the trouble and Canada the expense. It isn't doing me any good and I have to pay two cents to send my letters away just the same as ever.

T. A. Smith—I couldn't go to that Boer war show. I would have been sure to say something. Yes, I'm home safe and sound. I don't know whether I weigh as much, but I know I'm considerably lighter.

...SOCIETY...

BLACK-BRACE.

Peterborough, Sept. 21.—A very interesting wedding ceremony was performed at the residence of the Rev. A. H. Brace, this afternoon, when his only daughter, Annie Arnold, was married to Mr. Arthur J. Black, of Chatham, son of Mr. William Black, of Abingdon, Ont. The ceremony was performed by the father of the bride, who is pastor of the Park Street Baptist Church, assisted by Rev. A. P. Brace, B. A., B. D., of Newtonbrook, brother of the bride, and Rev. M. McKinnon, of Gilmour Memorial Church. The wedding took place beneath an arch of flowers, and as the wedding party entered the drawing-room Mendelssohn's Wedding March was played by Master Lincoln Brace, the bride's youngest brother.

The bride was dressed in a beautiful gown of ivory silk, with berthe of satin ribbon on a ground work of lace and a shirred silk yoke of white roses. The bridesmaid, Miss Lillian Butler, of Hamilton, was dressed in a champagne silk voile over taffeta, and carried pink roses. The bride's mother wore a black silk voile dress over taffeta, with a berthe of real lace. The groom was assisted by Mr. Garfield Brace, of Toronto, brother of the bride.

After the wedding the guests, numbering over one hundred, partook of a dainty dejeuner, and the bride held a reception prior to their departure on the 5.10 C. P. R. train for a wedding trip including in its itinerary, Toronto, Newtonbrook, Hamilton, Brantford, London, and to their future home in Chatham. The bride's going-away gown was blue ladies' cloth, trimmed with black silk and buttons, with hat to match. She was the recipient of many beautiful gifts, those of the groom being a piano and a pearl crescent.

Mr. and Mrs. Black will take up their residence on Lacroix Street, on their return. Mr. Black is a tin-smith in the employ of J. C. Wanless.

STEPHENSON—SUTHERLAND.

Hamilton, Sept. 21.—The marriage of Isabelle McLaren, daughter of Mr. Angus Sutherland, to Mr. George E. Stephenson, of Toronto, took place yesterday at the residence of the bride's parents, "Dunrobin," 181 Jackson street. The officiating clergy-

man was the Rev. Dr. Fletcher, assisted by the Rev. J. D. Cunningham, M. A. The bridesmaid was Miss Jean Sutherland, cousin of the bride, and little Margaret Fisher, of Chatham, the bride's niece, was flower girl. The bridegroom was assisted by Mr. John A. Pettit, of "Balsam Lodge," Burlington, Ont. The bride was dressed in white poplin de chine, over taffeta. The bridesmaid wore cream crepe de chine; and the flower girl a frock of Swiss muslin. The house was beautifully decorated with pink and white asters. The bridegroom's present to the bride was a pearl sunburst, to the bridesmaid a pearl crescent, to the flower girl a gold bracelet, and to the groomsmen a pearl stick pin. Before the bride entered the drawing-room, Miss Annie Sutherland sang "The Voice That Breathed O'er Eden," and the wedding march was played by Mrs. James Pettit, of Burlington. After the wedding Mr. and Mrs. Stephenson left for the Eastern Provinces. They will reside in Toronto on their return.

CANADIAN MANUFACTURERS.

Committee Meetings Arranged After Which Reception Was Held.

Montreal, Sept. 21.—The thirty-third meeting of the Canadian Manufacturers' Association convened yesterday at the Windsor Hotel. The morning was taken up with arranging the committee meetings of the various trades.

A reception was held in the afternoon, and the first business meeting took place in the evening. Rev. Dr. Barclay, pronounced the invocation, after which Mayor Laporte extended the welcome to the city to the delegates. Mr. McGill, president of the Montreal branch, and W. K. George, vice-president of the association, replied. The vice-president referred to the progress made by the association in three years, when it increased from 800 to 1,500 members.

George E. Drummond, president of the association, then read the annual address.

The dwelling of George Chalmers had a narrow escape Tuesday afternoon from fire. A young nephew of Mrs. Chalmers was playing in the basement with matches, and is thought to have started the fire, which burned through the floor in several places. The furniture was removed, the fire department called, to the scene, and the loss from smoke and water will be considerable. Mrs. Chalmers was attending the Borden demonstration in Chatham and knew nothing of the disaster until his return on the midnight train.

NORTHWOOD.

Quite a number from here went to Chatham last Tuesday to hear R. L. Borden, the coming premier, speak.

The harvest home supper in the Methodist Church on Monday evening was a decided success. There was a large crowd present and everybody enjoyed themselves. The proceeds of the evening were \$58.

James Reid has leased his farm for a term of years and will move into town.

ROMEO & JULIET.

Simville's scenic and electric production of the immortal bard's most beloved and popular play will be given in its entirety at the Grand on Monday, Sept. 26.

The plays of Shakespeare are the most widely read literary productions that have ever been written in the English tongue—or in any other tongue, the Bible alone excepted. If it were possible to collect a copy of each of the various editions that have been printed since Shakespeare's time a large library could be made of them alone. His plays have been translated into the language of all civilized nations, and they have been printed and circulated in almost every conceivable fashion. His plays have been enacted in every land that has a stage by actors of high and low degree. Even the Japanese have played Romeo and Juliet—and a peculiar Romeo and Juliet it must have been in the land of harikari. These facts show the immense popularity of Shakespeare as a literary force—greater probably than that of all other writers combined.

Every college that even pretends to liberal culture has the plays in its course of study. Congressmen quote from Shakespeare in their speeches; lawyers repeat his sayings in summing up their cases; divines weave his good and wholesome advice into their sermons. Many business men and women read Shakespeare after a hard day's work for relaxation and instruction. The vagrant, arraigned before the magistrate, holds up a well-thumbed volume, and tries to prove that he is respectable because he reads Shakespeare.

Why is Shakespeare every man's author? Why is there not the same interest attached to Johnson, or Marlowe, or the dozen other great writers of Shakespeare's time? Why do we read or see Shakespeare's plays at all?

It is because Shakespeare knew the human heart and soul as no other writer has known them; because he was not only a great writer, correct in form and artistic in expression, but also the greatest philosopher of all ages as well.

Those who are familiar with Shakespeare embrace at all times the opportunity to see any of his immortal plays. To those who are not it is a revelation—so far beyond the petty plays of modern dramatists from any and all points of view that there is no possible chance of comparison.

SONG AND PIANO RECITAL

On Friday evening, Sept. 16th, a large crowd assembled in the Orange Hall, Florence, to hear the concert given by the pupils of Miss Margaret Trotter, assisted by Mr. Jas. Trotter, basso, Chatham.

Promptly at 8.30 the program commenced with a double piano number, "Mazurka," and "Spinning Song" from Krogman, played with good expression by Miss Buchanan, followed by a pleasing song, "A Night in June," by Miss Mawlin, who also gave the popular number "Blue Bell" later on the program.

Miss Moorehouse then played a pretty selection, "Reapers Parting Song" by Heins. Mr. Sharp, who possesses a very sweet tenor voice, gave "The Choir Boy." He was followed by Miss Boothroyd in a spirited piano number, "Cabaletta," by Lark. A pretty duet, "Lullaby," by Hart, nicely rendered by Misses Thomas and Mawlin, came next.

A pleasing feature of the evening was Brownies "Clover Song," by Mr. Roy Coates. Mr. Coates' interpretation of the song was excellent and in response to a hearty encore he sang "A Bunch of Violets." He also appeared later on the program in an Irish song, which he gave by request, and which was applauded so vigorously that he was forced to respond again.

As a rare treat came Mr. James Trotter's solo, "Asleep in the Deep." Mr. Trotter received a warm ovation upon appearing. He is one of Chatham's most promising basses and his rich melodious voice was heard to great advantage in all his selections. His second number was comic, "The Man Behind." Responding to a rousing encore Mr. Trotter sang "The Sea is the Home for me."

The Shetland male quartette sang "In the Gloaming," and were followed by Miss Boothroyd in "The Holy City," and two selections which she gave later showed good musical ability and a splendid voice.

The "Bandolero," "Sands of Dee" and "Off to Philadelphia," by Mr. Badgley, showed to advantage his baritone voice and were well received. Miss Lowes, who is no stranger to a Florence audience, sang two numbers, "The Naughty Rain Drops" and "Gypsy Maiden" in her usual good style.

Mr. Moorehouse's three solos, "Fear not ye O Israel," "Thou art like unto a Lovely Flower" and "The Green is on the Grass Again" were all excellently rendered.

Miss Thomas captivated the audience with her sweet soprano voice in her two songs, "Loch Lomond" and "Sing On."

Little Miss Stella George displayed considerable talent in her piano selection, "Petite Valse."

Miss Corlett contributed a spirited two-step.

Miss Margaret Trotter's song, "Summer Time's Song," was given in her usual good style and it was her efforts that the success of the concert was due.

The accompanists of the evening were Miss S. Unsworth and Miss Trotter.

The Start

In married life is generally made on an equal footing of health in man and wife. But how soon, in many cases, the wife loses the start and fades in face and fails in flesh, while her husband grows even more rugged and robust.

There is one chief cause for this wifely failure and that is, the failure of the womanly health. When there is irregularity or an unhealthy drain, inflammation, ulceration or female weakness, the general health is soon impaired.

Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, dries unhealthy drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery,' which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help my work. I used three bottles in all and it cured me. Now I do all my housework. It is the best medicine I ever used."

The Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

DON'T SMOKE 10 G. HAVANAS

A pleasant little company were seated in a certain doctor's office all enjoying a smoke via the cigarette route. The conversation turned to the evil effects of tobacco. One of the party stated that it was something new for him to see the doctor smoke, when the latter replied in his suave way, all great men smoke, supplementing his remark with a horse wink, and instancing the case of Labouchere, the celebrated editor of Truth, he being willing to go to prison for speaking against the government, provided he could have his customary cigarettes while there; and John Morley, the famous author of the Life of Gladstone, and a member of the House of Commons of England. The crusade against cigarettes, explained by the doctor, was due in great measure to the serious effects they had on the boys in making them stupid, nervous, stunting their growth, etc. However, the doctor said, if men must smoke, they should buy only the best tobacco, and roll their own cigarettes, and thereby lessen the danger of catching the white plague from bacilli taken from cigars.

He instanced the danger of smoking Havana cigars, in the fact that the natives, who are housed in miserable, close and unsanitary quarters, and whose ratio of deaths from consumption is dreadfully high, in wrapping the cigars use their lips in sticking on the wrapper, conveying bacilli by this means, and having a tendency to make the ratio larger in our own Ontario.

Morale:—Don't smoke Havanas, an admonition which does not need to be strongly emphasized in our fair city, as most people find the five-cent article good enough for all intents and purposes. In support of the Havana cigars being attributable to the spread of consumption, the Doctor stated that on examination, under the microscope, sputum taken from a lady whom he knew, produced 30,000 to 40,000 bacilli or germs. If that number came from the lady, a proportionate number would be in the wrapper means indicated.

First Annual Meeting Held—Pacific Terminal Not Yet Selected.
Montreal, Sept. 21.—The annual meeting of the shareholders of the Grand Trunk Pacific was held at the general offices of the Grand Trunk Railway at noon yesterday. The former directorate was elected, and the meeting then adjourned.

Mr. Hays on his return from the tour of inspection of the West, said yesterday that the western terminus for the Grand Trunk Pacific had not yet been decided on, but Port Simpson and other places of possible choice along the coast to Vancouver had been visited.

Experts, he said, were now collecting data as to the approaches, both by land and water to several ports, which would later on be submitted to the directors, following which an announcement of the choice of a terminus would be made.

John Morley Coming.
Toronto, Sept. 21.—Hon. Richard Harcourt received an interesting letter from Mr. Hon. John Morley yesterday.

He had written him in regard to his approaching visit to Pittsburgh and expressed the hope that he would not lose the opportunity of visiting Canada.

In reply Mr. Morley said that he hoped to be in Toronto for a day or two in October prior to his visit to Pittsburgh.

Mr. Harcourt said that arrangements would be made to give him a proper reception, and the university would tender him an honorary degree.

Union of Municipalities.
London, Sept. 21.—The fourth annual meeting of the Union of Canadian Municipalities was opened here yesterday. An address of welcome was read by Mayor Beck and was replied to by the president, ex-Mayor Cook, of Ottawa.

In the evening, foregoing the regular program, the delegates attended the performance of "Love's Lottery."

A feature of to-day's session will be an address on municipal ownership of telephones by Ald. Andrews of Brantford.

Netherlands Falling Behind.
The Hague, Sept. 21.—Queen Wilhelmina reopened the States General Assembly yesterday. In the speech from the throne the Queen said the home industries of the Netherlands were not competing satisfactorily with foreign enterprises, and that the finances of the Dutch Indies and the Netherlands needed strengthening. Her Majesty announced also the forthcoming introduction of bills providing for old age pensions and higher education.

King's Prisoner Made Sergeant.
Vancouver, B.C., Sept. 21.—Private Perry, King's prize winner, was entertained at dinner Monday evening by the officers and men of his company in the sixth regiment, Duke of Connaught's Own Rifles. During the course of the evening the announcement was made that Perry had been promoted to the rank of sergeant.

POUNDING PORT ARTHUR

The Japanese Land Forces and the Fleet Are Engaged.

Related Telegrams From Gen. Stoessel Indicate That Garrison Expected to Hold Out Despite Japs' Furious Onslaughts—Later Captured Two Forts—Battle Imminent At Mukden, As Japs Are Advancing With Nine Divisions.

St. Petersburg, Sept. 21.—Interest is again concentrated upon Port Arthur, owing to news that a general storming of the fortifications there has begun. A few belated telegrams from Gen. Stoessel, the commander at Port Arthur, strengthens confidence in the ability of the defenders to hold out, despite the furious onslaughts of the Japanese.

The last attack mentioned by Gen. Stoessel took place the night of Sept. 14 and was directed against redoubt No. 8, which protects the water supply of the city. The redoubt is about two miles beyond the line of permanent forts and the attack upon this shows that the Japanese were not within striking distance of the main fortress.

The sensational announcement that Gen. Kuroki has crossed the Hun River unopposed, and that the whole Japanese army is advancing upon Mukden does not receive credence here.

General Attack on Port Arthur.
Chefoo, Sept. 21.—Authoritative information has been received here of a general attack upon Port Arthur by the Japanese forces which began before daybreak yesterday and continued until dark. All indications point to an effort to capture certain of the northeast main forts.

Two Forts Captured.
Shanghai, Sept. 21.—The general attack on Port Arthur in which the Japanese fleet is co-operating, began yesterday morning. The Japanese captured two ports on either side of Sutzeizing, north of Port Arthur.

Attack Near Waterworks Repelled.
St. Petersburg, Sept. 21.—Lieut. Gen. Stoessel, commanding the Russian military forces at Port Arthur, reports by telegraph that on the night of Sept. 16 the garrison repelled two attacks on the redoubt protecting the waterworks.

Battle Imminent.
Mukden, Sept. 21.—A battle is imminent. The Japanese are advancing with eight, and possibly nine, divisions.

The crops of tall millet have nearly all been harvested, affording a better field over which to form on the flat plains.

The Hun River is the direct front of the Russian army.

G.T.P. DIRECTORATE RE-ELECTED.

MANY MARVELS IN MILLINERY

Continued from Page 1.

THIBODEAU & JACQUES

As usual, Thibodeau & Jacques had one of the most attractive and elaborately dressed windows in the city for their millinery opening. The chief feature in it was the figure of a bride dressed in a magnificent bridal robe with a hat to match. It was indeed beautiful and attracted considerable attention and admiration from the pedestrians on King St.

This firm has had a very successful opening and they are in every way deserving of patronage and success. Their millinery show-room presents a charming appearance, decorated with curtains, palms, etc.

In a brief conversation with Miss A. Wrighton it was learned that the chief trimmings this year are huckle-

leathers, plumes, paradise ospreys, and fancy feathers of all kinds. High crowns are extensively shown and the shades mostly used are pistache, mole-skin, grey, coque de roche, mahogany, new brown moss and greens. Blue and brown are still very popular shades. Furs of all kinds are much used, especially moleskin and mink.

The principal shapes are Eulalie, Rosalie, Jean, Rembrandt, Blanche King, Rostand, Alexieff, Kamurai, Port Arthur, Juliette, and Alexandria.

One very beautiful hat was made with a large frame and a high box crown covered with white lace.

One which was particularly admired was trimmed with white net facing around the brim and the crown of mink, trimmed with a brown paradise osprey and steel ornaments. It was made on the Alexandria shape.

One of the latest hats was a new model, showing left side roll, and high crown covered in shaded green chenille braid, and trimmed in shaded green paradise feather.

Another was made with the Gainsborough effect in brown velvet, high crown of crushed velvet, crown collar of nasturtium colored ribbon and fancy wing.

Still another Gainsborough hat was made with pale blue chiffon velvet with glock lace, insertion, and white Persian lamb for trimming. This was a very becoming hat.

A very tasty creation was a pretty little French sailor with a rosette and Mandarin shade ribbon, and widely bound edges.

The Alexieff, one of the new hats, was made of mahogany shade velvet, the edge shirred with three shades of mahogany, the side crown trimmed with large silk roses.

One very popular hat was a brown taffeta, shirred and folded, steel ornaments the only trimming.

This firm are also specialists in dress goods and guaranteed kid gloves, also in dressmaking.

(Reports of other millinery openings, which are crowded out of this issue, will appear to-morrow.)

CHATHAM WON A GREAT GAME

Defeated Orillia in Galt by a Score of Two Goals to One.

Brutal Assault on Frank Grace to be Investigated By C. L. A.—Championship Disputed.

The last struggle of the season for the Tecumsehs was fought at Galt on Wednesday when Chatham and Orillia met in the final match for the intermediate championship. About two hundred, including the Chatham City Band, accompanied the team and saw a very fast game, the Tecumsehs winning by 2 to 1. This team was not the same as played in the two former matches. Pickering, Carter and Elliott being unable to play owing to illness, O'Dougherty was prevented being present on account of business, and McBride would not reach Galt in time for the game, and while outsiders were put on it was not with the idea of strengthening the team but to merely make it just as strong. The cup may go to Orillia owing to this having been done but Chatham won the game on the field, just what they wanted. The game was to have started at 2 o'clock but it was after 1 when the Northerners arrived, nearly three hundred strong, and as a result it was about three o'clock when Referee Jack Kelly, of Brantford, blew his whistle and the game was on. In the first quarter Chatham made a rush and had the best of the play, tallying about fifteen minutes' play, MacFarlane doing the trick. No scoring was done in the second quarter, but in the third Orillia jammed one past Robinson from the side. "Robbie" hurt his ankle in the first quarter and was unable to turn in time to get it. Stewart scored for Chatham soon after this and while Orillia tried hard for another they couldn't get it and the game ended 2 to 1, for the Tecumsehs.

The game grew rather rough towards the last, Orillia's idea being to put some one down and out and this they succeeded in doing about five minutes before time was up when Hammond deliberately struck Grace across the face and he fell to the ground. A doctor was summoned and attended to the wound, which required nine stitches. A more unchristianly act was never perpetrated by any one calling themselves a sportsman. The matter should be taken up by the C. L. A. executive, as several members of that body witnessed the game. The injured player was taken to the hospital as soon as he arrived home and it will be several days before he will be around. On arrival of the train an immense crowd greeted the boys and cheered them to the echo. The band played several selections, closing with God Save the King. The teams were: Chatham—Robinson, Pitcher, Francis, Richardson, Harris, Pickering, Hayden, Grace, McLaren, Quesnel, McKay, Stewart, MacFarlane, Bethune field captain.

Orillia—Arens, Quinn, Hinds, O'Connor, Marshall, Anderson, Dunn, Hammond, Curran, Wilkinson, Whitehead, Penneck, J. C. Miller, field captain.

Referee Kelly handled the game in good shape.

Among those present were noticed George Stephens, M. P., Crown Attorney H. D. Smith, O. L. Lewis, C. H. Heath, Manager Thornton & Douglas Store, Jos. Tilt and P. B. Fetterly, of London.

Here is the way the game appeared to one Chatham enthusiast: The Chatham team was swifter than Orillia, but the latter aggregation played a better combination. The Maple City boys, however, had better staying powers and were in the game to the finish. The attack on Frank Grace was entirely unprovoked and the Orillia man who hit Grace should be prosecuted. Grace and Tommy MacFarlane were the stars of the game. The only goal Orillia got was obtained through the exhibition of a little poor judgment on the part of one of the Chatham players. Goal-tender Robinson had his knee put out at the beginning of the game, but that didn't prevent him making some elegant stops. Taken as a whole, the game was a very good exhibition of lacrosse. The second quarter was a series of brilliant attacks by Chatham on their opponents' goal. The star player of the Orillia team is their goal-keeper. He not only put up a stone wall game in goal, but he kept directing the whole defence. The roughest playing of the game was done by Marshall, of the Orillias, and the referee's action in sending him to the fence several times was fully justified, but it struck the spectators that time should have been doubled up on Marshall when he was such a constant offender. As a whole, however, Referee Kelly proved very efficient. There were nearly 2,000 people at the game.

ASSOCIATED PRESS.

The Toronto World prints the following despatch: Galt, Sept. 21.—The intermediate championship of the C. L. A. goes to Orillia this year. That was decided here to-day, when Chatham defaulted the final game. A few minutes later Chatham put a built-up team in the field and gave the champions their first beating. Orillia is pretty well pleased with the result, though a number of supporters were heard to kick for having been brought so far to see an exhibition match. Manager Babcock, of the Chatham team, claims that as McBride has left for Brandon and that as Pickering, O'Dougherty and Carter are sick, he was forced to substitute and consequently forced to

default. Pitcher, of the Chippewas, Richardson, of St. Kitts, and a brother of the regular Pickering, were the subs. The teams proved very even on the field. The Chatham home had a better style of play on goal and that was perhaps their only point of superiority. The combination bordered on brilliancy at times and the passing was neat and clean, almost throughout. MacFarlane got the first goal after 11-12 minutes playing. It was on a pass from McLaren. In the third quarter Whitehead scored at close range on a pass from behind the goal. Directly after Chatham walked into the lead again. McLaren made a magnificent run. A few lightning passes ended in a tally by MacKey. The last quarter was very ragged, with Orillia slightly in the lead. Thus Chatham kept up its good record by not having lost a game this year. Referee Kelly was very strict, but the players got away with a lot of rough work and in this Orillia offended worst. Those penalized were: Penneck twice, Quinn three times, Whitehead, Hammond twice, Hinds twice, Pitcher and Quesnel.

Hammond gave Grace a terrific slash across the face, causing a long wound, that bled profusely. It was the worst thing of the kind a crowd has ever been permitted to see and Hammond's suspension will be considered at a meeting of the council of the C. L. A. to-morrow night. The attack was wholly unprovoked and the blow was struck at a time when the ball was far distant. Arnes got a bad blow in the eye and several others of the players were more or less injured. The crowd numbered 1,500 people, made up of large contingents from Chatham and Orillia.

BRUTAL ASSAULT.

The Toronto Globe says: No scoring was done in the last quarter. In this period Grace, Chatham's centre, who played a great game, was the subject of a brutal assault by Hammond. Both men were racing for the ball, and Hammond, seeing that Grace was out-running him, struck him on the face with his cheek. He laid open his cheek and eye. When Grace was picked up, he staggered across the field and wanted to get at Hammond. The crowd intervened, however, and there was no fight. Hammond was ruled off for the remaining few minutes of the game.

Entries for the trials of speed at the Fair here have been coming in freely by mail and telephone this morning and Secretary Robinson is wearing that smile that presages an extra good fair is coming his way.

BIG ARBITRATION

A meeting of arbitrators to consider the proposed alteration of the boundaries of Union S. S. 22, Dawn, Camden, Chatham and Sombra, will be held in Dresden to-morrow, when it is expected that the matters in question will be finally disposed of. The board is unusually large, consisting of one arbitration from each of the four townships concerned, Inspectors Barnes and Mosher, of Lambton, Inspectors Colles and Park of Kent, and Judge McWatt, of Lambton. This large board is necessitated by the fact that the school section is situated in two different counties, four townships and four inspectorates.

On account of hog cholera there will be no exhibit of hogs at the Chatham Fair, and the Secretary has been instructed not to take any entries in the above class.

DO YOU KNOW

That on Sept. 22, 23 and 24 you can go to Detroit and return for \$1.50 and Chicago for \$7.75. Tickets good until October 10th. Special train will leave Chatham on above dates.

Secure tickets in advance at Grand Trunk City Ticket Offices, 115 King St. W. E. Rispin, Agent.

HARWICH COUNCIL.

The Municipal Council of Harwich
met on Monday, Sept. 6, as a Court
of Revision on Proctor, Hartwick and
McKinley Drains.

Members all present. The members
of the council excepting C. W. Huff-
man, who was an interested party,
took the necessary oath to set on the
Court of Revision on the Proctor
drain. The appellants were heard as
well as the drain viewers, the evidence
of same being on file with the drain
papers. The members of the council
all having taken the necessary oath,
entered into a court of revision on
the Hartwick drain, the appellants
being heard and the evidence on file
with the drain papers. The court of
revision on the McKinley drain was
next taken up, all the members acting
excepting Jas. Campbell, he being an
assessed ratepayer to the drain.

On motion of Bentley and Clark the
court of revision on the Proctor, Mc-
Kinley and Hartwick drains were ad-
journed until Monday, Sept. 19th, inst.,
for adjusting the assessments thereon.

The Collector's bond for 1904 being
presented, was duly accepted by the
council.

The reeve was served with a copy
of the engineer's report on the Mc-
Cargon drain from Howard, the as-
sessment on Harwich lands and roads
being \$66.50; also received a service
from Kaleigh of a copy of the en-
gineer's report on the Lewis drain
in said township, the assessment on
lands and roads in Harwich being
\$250.63.

Moved by Clark and Bentley that
the Reeve and Mr. Campbell be a com-
mittee to meet the Howard council at
its court of revision on the McCargon
drain on Sept. 18th inst.—Carried.
A communication was received from
Chas. A. Doyle re work on the Doyle
drain, urging it to be done at once
to avoid damages to him.

The commissioner reported the con-
tractor having stated he was going
at it at once.

A number of accounts were ordered
paid.

Meeting adjourned.

GEO. M. BAIRD, Clerk.

A regular meeting was held on Mon-
day, Sept. 12th, at 10 a. m., members
all present. Minutes of Aug. 8th and
16th read and adopted.

Communications were read as fol-
lows:—John Stenton, with report of
G. T. Rye re assessment on Harwich
drain; C. S. Rye re assessment on the
Proctor drain; J. McCormick with
explanation re McCormick and Nash
ditches as per request; J. McCully re
grievance Howard drain; R. Palmer
requesting the engineer to be sent on
the Geo. Smyth D. & W. for inspec-
tion; Houston & Stone with notice re
damages J. K. Laird; Bell & McCab-
bin with plans re Morgan, Rushton
and Mull drains; A. Bell, Judge Co.
Kent, fixing date for appeals on
drains as follows:—Cameron drain, on
Wednesday Sept. 28th, at 10 a. m.;
Morrison drain, Thursday, Sept. 29th,
at 10 a. m.; and the Pearson drain
Monday, Oct. 3rd at 10 a. m.; Wilson,
Pike & Gundy, with by-law re auto-
mobiles.

A notice was received from J. H.
Hughson requesting notice to be given
to Blenheim to have the work on the
Pearson drain done at once.—Referred
to Blenheim council.

Petitions were received from John
Green and John Dowling to be placed
in the County House of Refuge as
Township indigents. On motion of
Clark—Bentley, was referred to a
committee of the Reeve, Campbell and
Huffman to investigate.

G. W. Huffman, commissioner, re-
ported the Township portion of the
Reed-Wilson and Jackson-Nash ditches
completed. Adopted.

A. McDowell, C. E., reported the
bridge over Barfoot drain completed.
Moved by Bentley and Clark, that
the Reeve and Clerk be a committee
to investigate the complaint of J.
McCully re Howard drain.—Carried.

Moved by Clark and Bentley, that
a month's extension be given for the
completion of the work on the Cam-
eron, Scott and Lucas extension
drains.—Carried.

Moved by Huffman and Clark, that
the Clerk prepare a by-law instruct-
ing the Reeve to take steps to have
a drain constructed under the D. &
W. Act for draining the Centre Line
along concession 5, R. T.—Carried.

Moved by Clark and Huffman, that
the Clerk notify the drain viewers,
engineers and also the Township sol-
licitor to attend the Court of Appeal
on the Cameron, Pearson and Morris-
son drains.—Carried.

Moved by Huffman and Clark, that
the Clerk forward the by-law for sale
of road allowance between concessions
1 and 2 E. C. R., across lot 25 to
the County Clerk for ratification.—
Carried.

Moved by Campbell and Huffman,
that this Council grant the West
Kent Agricultural Society the sum
of \$75 for the year 1904.

Yea—Huffman, Campbell,
Nays—Buchanan, Clark, Bentley.—
Lost.

Moved by Clark and Bentley, that
the grant to the West Kent Agri-
cultural Society for 1904 be \$60. Car-
ried on following division: Yea—
Huffman, Campbell, Clark and Bent-
ley. Nay—Buchanan.

There were also a number of ac-
counts, which were passed.

The adjourned Court of Revision on
the McPhail and Barfoot drains was
taken up and further adjourned un-
til Monday, Sept. 19th.

The engineers' reports on the Mor-
gan, Rushton and Mull drains were
read. The report on the Rushton
drain was referred back to the en-
gineer on account of a portion of the
course being changed, one of the par-
ties affected by the change claiming
that it would injure him.

On motion of Bentley and Clark the
report on the Morgan and Mull
drains was adopted and by-laws on
them provisionally adopted, fixing the
Court of Revision on Monday, Oct.
17th, the Morgan at 10 a. m., the
Mull at 2 p. m.

A by-law regulating the speed of
automobiles was read and passed,
limiting the speed to 15 miles per
hour, and other precautionary provisions
embodied therein.

The Clerk reported receiving word
of the death of D. Miller, a ward of
the township, at the Home of the In-
curables at Toronto.

Also reported a telephone commu-
nication from the Clerk of Howard,
that Howard Council had reduced the
assessment on the McCargon drains
by \$5 off roads.

Meeting adjourned.

CHATHAM TOWNSHIP COUNCIL.

The Township of Chatham Council
met at the Township Hall on Mon-
day, the 15th day of August, 1904,
pursuant to adjournment and the
notice in that behalf.

The members were all present ex-
cept Coun. Templeton.

The report of W. G. McGeorge on
the construction of a new drain,
being the upper portion and the di-
vision of the Carlton drain some-
where through lot 14 in the 9th con-
to Little Bear Creek,

was read in the presence of the rate-
payers present. The report was
discussed and considered by the rate-
payers and the council. As there
were none of the ratepayers re-
quested to have their names with-
drawn from the petition, on motion
of Couns. Abraham and Irwin, the
report was adopted and the by-
law to provide funds for the complet-
ing of the work was provisionally
adopted and the clerk instructed to
have the same published in the
Dresden Times newspaper. It was al-
so appointed that a court of revision
of the engineer's assessment, con-
tained in said report, be held in the
township hall on the 16th day of Sep-
tember, 1904, at 10 o'clock, a.m.

A letter was read from the clerk
of Camden township, stating that
the council of said township had
been notified that the Miller drain
is out of repair within the limits of
the township of Camden; also that
the council of Chatham township of
Chatham have the portion of said
Miller drain within the limits of the
said township of Chatham repaired
under the provisions of the drainage
act.

A notice was received from R. A.
Tompkins and other ratepayers to
the effect that the 4th con. drain in
the township of Chatham is out of
repair and that the said drain should
be put in good condition.

A notice was received from Alvin
Campbell and others to have the
Purdie drain repaired.

George—Irwin, that as notice has
been received from the council of the
township of Camden to have the por-
tion of the Miller drain in the
township of Chatham repaired, J.
W. Shingleton, C.E., is hereby in-
structed and appointed to make an
examination and survey of the said
Miller drain in Chatham township,
and report on its repair as soon as
possible. Carried.

Abraham—George, that the clerk
be hereby requested to make an ex-
amination and survey of the 4th con-
cession drain in the township of
Chatham with a view to its repair.
Carried.

Abraham—Irwin, that the clerk
notify W. G. McGeorge, C.E., to make
an examination and survey of the
con. or Purdie drain, as this
council has received notice from
Alvin Campbell and three others
complaining that the said drain is
not of sufficient capacity to carry
off the water that it should. Car-
ried.

Abraham—George, that the tax
collector for the first division be in-
structed that the taxes of Jas. and
Thorne Everett are cancelled for
the year 1903 for the reason that
the said persons have sustained a
serious loss by fire. Carried.

Abraham—Irwin, that the com-
missioner of the first division in-
spect some work of grading on the
centre sidewalk in the 4th con-
cession. G. Blackburn claims was let
to him by ex-commissioner Tompkins
last year, and report at next meet-
ing. Carried.

Abraham—George, that the clerk
be instructed to notify the
council of Dover township that the
said municipality will be held liable
for any damage that may be caused
from the non-repair of the Mills ex-
tension drain as said drain is a con-
tinuation and an outlet for the
Mills drain in the township of Chat-
ham, as the township of Dover coun-
cil has notified in 1903 that the
said Mills extension drain is out
of repair. Carried.

Abraham—Irwin, that the en-
gineer's report on the report of the
Carlton drain west of the out-off be
adopted and the by-law on the
same be provisionally adopted and
published in the Dresden Times news-
paper, and that a court of revision
on the engineer's assessment be
held at the township hall on the
16th day of September, 1904, at the
hour of 10 a. m. Carried.

Abraham—Irwin, that the by-law
providing for the repair of the
Bear drain in the township of Chat-
ham is hereby finally passed and
that Hugh Summing (reeve) is appoint-
ed to let and superintend the work
of said repair according to the plans
and profile of the engineer. Carried.

Abraham—Irwin, that Engineer
W. G. McGeorge be instructed to
make an examination and survey of
the part of the Mills extension drain
in the township of Chatham as soon
as possible, as said drain is out of
repair. Carried.

George—Abraham, that the matter
of injury to a horse belonging to
Mr. Albert Vandusen in a bridge
across the Caledonia road be referred

to the reeve with power. Carried.

The striking of the several general
rates to be levied and placed on the
tax rolls for collection was proceed-
ed with.

George—Abraham, that the fol-
lowing be the general rate to be rat-
ed upon the whole assessment of the
township of Chatham and Gore for
the current year, and same to be
placed upon the collector's roll for
collection, and the by-law determin-
ing the same is hereby finally pass-
ed: On rate, 2.5 mills, general town-
ship rate 4 mills, roads for drains
1.5 mills, general school 1.8 mills,
Whitebread indebtedness debenture
1 mill, Turn Bridge debenture and
additional cost of construction 1.2
mills, indigent and Board of Health
1 mill. Carried.

Abraham—George, that the clerk
notify Andrew Buist, commissioner
on Headley drain, to have said drain
completed as soon as possible. Car-
ried.

Resolutions ordering payment of
the following were passed:
W. Marshall, goods, Mrs. Hin-
chen, indigent\$ 1.30

A. D. Thornton, sheep ins. fees 2.00
Meeting adjourned.

Regular meeting held Sept. 5, also
court of revision on the engineer's
assessment for repair of McFarlan
outlet drain in Dover township.
The members took and subscribed
the necessary oaths.

The clerk presented the following
list of appeals, all being against the
number of acres assessed:
B. Warnock, n w cor lot 8, con. 1.
H. Clements, w pt lot 8, con. 1.
D. Forsyth, lot 11, con. 4.

The appellants were heard in evi-
dence and the following resolution
passed:
Abraham—Templeton, that the
following lands be struck off the
engineer's assessment for repair of
the McFarlan outlet drain in the
township of Dover, as the owners of
the said lands made oath that they
drain no water into the said drain:

and that the said court of revision
is hereby finally closed. Carried.

The minutes of the last meeting
were then read and adopted.

A petition for a new drain to be
constructed along the boundary be-
tween lots 4 and 5 in the 10th and
11th cons. to Little Bear Creek,
signed by Jas. Baynard and others,
was received and read.

A deputation of ratepayers on the
Johnston drain addressed the coun-
cil in reference to having some re-
pairs done on said drain.

Irwin—Abraham, that the petition
of Jas. Baynard, Stanley Strain and
others for a new drain be en-
tertained, and if the clerk find a
majority of the names of the rate-
payers in the area described to be
on said petition to notify W. G.
McGeorge, C.E., to make an exami-
nation and survey of the location of
the proposed drain and report as
soon as possible. Carried.

A PAIN ACROSS

THE STOMACH

Can Always be Relieved by a Few
Doses of Dodd's Dyspepsia Tablets.

"I could not take the simplest food
without a pain across my stomach."
That was the miserable condition
Marie Ann Bujold, of Maria Cap. Bo-
naventure County, Que., was in. Thou-
sands of Canadians could sympathize
with her. For they know just how
miserable she was. They are that
way themselves. But listen to the
rest of Miss Bujold's experience:

"I finally consulted the doctors, but
they did me no good. Then an adver-
tisement led me to try Dodd's Dys-
pepsia Tablets. One box completely
cured me."

No one can appreciate the amount
of condensed happiness contained in
a box of Dodd's Dyspepsia Tablets
till they have suffered as Marie Ann
Bujold did, and found the relief that
came to her. That relief can always
be found in Dodd's Dyspepsia Tablets.

The less experience a man has the
more advice he gives.

TO OUR CUSTOMERS.

We have just put in, at great expense, a WONDERFUL MACHINE, heated by steam, for only passing through the rollers once; the result—WORK IS ELASTIC, WILL NOT BREAK, and will last much longer than when ironed by the old method, heated by gas, which has to pass through the rollers eight times.
P.S.—We have also added a newly invented machine to iron the edges of Collars and Cuffs.

Paul Dunbar Dying.

Dayton, Ohio, Sept. 21.—Paul Lawrence Dunbar, the Afro-American poet, is critically ill of consumption. The doctors say he probably will not live longer than a month.

Aylmer Named By Rumor.

London, Sept. 21.—(C. A. P.)—An Aldershot rumor says Lord Aylmer is to be made inspector-general of the Canadian militia.

DANGER OF LIVING WITH CONSUMPTIVES.

Is real danger, because the sputum of affected persons diffuses itself through the air and finds lodgment in the systems of others. If exposed to consumption use fragrant, healing Catarrhazone, the most efficient germicide known. No case of catarrh can withstand Catarrhazone, which cures this loathsome disease thoroughly. Cold in the head is cured in a few minutes, and bronchitis, asthma and lung trouble are cured to stay cured if Catarrhazone is employed. "I don't know any remedy so good for catarrh and bronchitis as Catarrhazone," writes N. T. Eaton, of Knowlton. "It cured me after years of suffering and saved me from consumption. Two months' treatment \$1; trial size 25c."

St. Howard Vincent.

Toronto, Sept. 21.—Sir Charles Edward Howard Vincent, K.C.M.G., C.B., J.P., Senior D.L., for the City of London, A.D.C. to the King, Colonial Commandant of the Queen's Westminster Volunteers, and M.P. for Central Sheffield, arrived in this city yesterday afternoon. At 3.30 o'clock Sir Howard Vincent addressed a special meeting of the Board of Trade.

In the evening, at 6.30, Sir Howard was entertained by the Empire Club to an informal dinner.

THE SMALL-POX QUESTION.

Any intelligent physician will admit that you don't catch small-pox because someone else has it, but because your condition favors it. Low vitality always encourages sickness, and at this season especially, everyone should take Ferrozene, which destroys disease germs and makes the system so strong and healthy that sickness can't exist. Ferrozene is a vitalizing tonic that makes rich, red blood, builds up the nerves, cures nervousness and drives away tired, languid feelings. To get strong and keep strong use Ferrozene; it assures health and costs but 50c. at all drug-gists.

Damages For Seduction.

Berlin, Sept. 21.—The fall assizes opened here yesterday afternoon before Justice McMahon. The first case called was that of Henry Beatty of Galt v. John Williamson of the same town, for the seduction of the plaintiff's daughter, Mary. The jury brought in a verdict of guilty, and assessed the damages at \$1,000.

IS YOUR DOCTOR BILL LARGE?

Best way to keep it small is not to call the doctor, but use Nerviline instead. For minor ailments like colds, coughs, chills, cramps, headache and stomach trouble Nerviline is just as good as any doctor. It breaks up a cold in one night, cures soreness in the chest, and for neuralgia, toothache and rheumatism you can't get anything half so good as Nerviline. The fame of Nerviline for cramps, colic, and pain in the stomach extends far and wide. Good for everything a liniment can be good for and costs but 25c. for a large bottle.

Looking Pleasant.

Photographer—Now, sir, if you'll look a little less as though you had a bill to meet and a little more as though you'd just been left a legacy you'll be a picture.

BE QUICK!

Not a minute should be lost after a child shows symptoms of cholera infantum. The first unusual looseness of the bowels should be sufficient warning. If immediate and proper treatment is given, serious consequences will be averted. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the sole reliance of thousands of mothers and by its aid they have often saved their children's lives. Every household should have a bottle at hand. Get it to-day. It may save a life. For sale by all druggists.

Held Up at Petrol.

Petrolia, Sept. 20.—On Saturday evening a bold highway robbery was committed in this town. Edward Metcalf of Glencoe and William Wilcox of Oakdale were walking on the G.T.R. track, about 10 p.m. A little north of the pork factory they came up with a stranger to whom they bade good-night, for reply he pointed a revolver at them and demanded their money. The former handed over \$17 and the latter \$22. The highwayman ordered them to walk backward about 100 feet, which they did. The stranger then hurriedly departed in the opposite direction. The men ran downtown and informed the police, and though a thorough search is being made no clue has yet been found to trace the highwayman.

We determine destiny by our answer to the call of duty.

Lindsay M. KUBANI INJURED.

Thrown Out By Lunacy and Found Unconscious on Road.

Lindsay, Ont., Sept. 21.—Yesterday afternoon, A. Primrose, grocer and butcher, and for 25 years a prominent business man of this town, drove out into the county west of here for a load of produce.

Last night two bicyclists found him lying unconscious on the Little Britain road, a short distance from town.

He was brought to the Ross Hospital, where he now lies unconscious as a result of severe concussion of the brain.

His horse had run away and thrown him out.

His recovery is very doubtful.

Gun's Recoil Upset Cases.

Port Arthur, Sept. 21.—V. Mill, a Nova Scotian, was drowned by his canoe upsetting in Nebling River yesterday morning. He and companion went out duck shooting. Both men fired at a bird and the recoil of the gun upset the boat. Neither could swim. One man grabbed the boat and held on until he reached shore.

Roller Under Fender.

Ottawa, Sept. 21.—Joseph Dorrie of Maxville, Ont., an excursionist to the fair, lies in a precarious condition in the Protestant Hospital as the result of a street car accident. He was caught under the fender and dragged a considerable distance. He is about 22 years of age.

Losses His Right Hand.

Peterboro, Sept. 21.—Burns Doble, a young man whose home is in Sunderland, had his right hand taken off here yesterday afternoon while working at the Peterboro Canoe Factory. He was engaged in running one of the planers when his hand became caught in the rollers. He is about 22 years of age and had been in town for two months.

Eight Passengers Injured.

Winnipeg, Sept. 21.—The eastbound Imperial Limited ran into the west-bound Transcontinental Express at Medicine Hat yesterday. Eight passengers were injured, though none seriously. The cow-catchers on both engines were badly damaged, and the cars of the trains more or less damaged. The explanation given by the engineer of the limited was that while passing from an engine on a side-track had obscured his view of the signals and the Transcontinental standing before the station.

Freights Collide in Fog.

Forest, Sept. 21.—During a heavy fog yesterday morning about one o'clock a freight train, westbound, ran into the rear of another freight train, near the town line crossing. One engine was derailed and a cattle car was thrown into the ditch. No one was injured except Brakeman J. J. O'Rourke, who received a slight injury to his nose.

FROSTS NIP WESTERN GRAIN.

Average Wheat Yield Will Not Be More Than 16 Bushels.

Winnipeg, Sept. 21.—Heavy frosts were general throughout the west Monday night, ranging from 2 to 8 degrees, practically no district escaping. Although the great bulk of wheat is now in, certain sections in Saskatchewan and Northern Assiniboia have still a considerable percentage to harvest.

According to the C. P. R. weekly crop reports, given out yesterday, wheat growers all over the country are being greatly handicapped by the rains of the past week. In some parts it has been raining continually for the past four or five days, while in other places, frequent showers are putting a complete stop to threshing. As a result, at some points, from 5 to 25 per cent. of wheat and oats still remains to be harvested.

Many sections of country were not visited by rust at all, but at many of these places frost has nipped the grain considerably, although, in no instance, in comparison with injury by rust. It would appear that the average yield of wheat will not reach higher than 16 bushels to the acre. Some points show a yield as high as 30 bushels, with oats averaging up to 40 bushels, but these places are extremely rare.

C.P.R. After Another Loss.

Tillsonburg, Sept. 21.—C. C. L. Wilson of Ingersoll, vice-president, J. H. Teall, general manager, and W. A. Dowler, solicitor, of the Tillsonburg, Lake Erie and Pacific Railway Company, and A. L. Hirtzberg, engineer of the western division, and A. L. McMurphy of Toronto, solicitor of the C.P.R., met here yesterday and discussed the matter of the leasing of the T. L. E. & P. by the C.P.R. Co. The officials declined to give information for publication. Another meeting will be held at an early date to settle the matter.

Lady Teacher's Suicide.

Ottawa, Sept. 21.—Miss Harmon, principal of the Harmon School for Ladies, committed suicide Monday night by jumping off the Alexandria Bridge. She was evidently mentally deranged, as a note in her pocket read: "Dr. McCarthy has killed me with his theories about keeping boarders. Take my body to Rogers' morgue, Rideau street, and from there to Montreal to Kate." She jumped off the bridge into the Ottawa River about 10 o'clock, and her body was recovered yesterday morning.

\$50,000 Gift to McGill.

Montreal, Sept. 21.—The medical faculty of McGill University has been enriched by a gift of \$50,000 from Lord Strathcona, the money to be used for general endowment purposes. Announcement of the gift was made by Dean Roddick at the opening lecture yesterday.

Experiment Worth Trying.

London, Sept. 21.—(C. A. P.)—The St. James' Gazette, regarding the establishment of a colonial class at the public schools, says the theory seems good enough to warrant the experiment.

Cables—Firm—Hogs Active and Firm in U.S. Markets.

London, Sept. 20.—Cattle are firmer at 10c to 12 1/2c per lb.; refrigerator beef, 8 1/2c to 9 1/2c per lb. Sheep 10 1/2c to 11 1/2c, dressed weight.

TORONTO LIVE STOCK.

Receipts of live stock were 102 car loads as reported by the C. P. R. and 107 by the G. T. R. Cattle, 300 head, 3100 sheep and lambs, 300 hogs, 121 calves.

There seemed to be no demand for shipping cattle, and had there been any dealers wanting them they could not have got any of choice quality. There may have been one or two loads that were intended for exporters, but they were bought up as feeders by W. H. Bailey, weighing 1470 lbs., sold at \$4.00 per cwt. but this was the best quality bull seen on the market in months.

There were few good quality butchers' cattle offered and only a limited number brought over \$4 per cwt. The highest sale reported was for a picked lot of 8 weighing 1025 lbs. each at \$4.37 1/2, sold by May & Wilson. Corbett, Headerson & Mayne sold two weighing 1100 lbs. each at \$4.35; and McDonald & Mayne sold 24 weighing 170 lbs. each at \$4.25, and one lot of 24, averaging 1010 lbs. each, at \$4.15 per cwt. and another lot of 5 cattle at \$4.00; and Mayne & Wilson sold a lot of 20, weighing 1000 lbs. each at \$4.12 1/2 per cwt. Medium sold at \$3.50 to \$3.75; common sold at \$3.25 and inferior rough at \$2.50 to \$2.75 per cwt.

The bulk of offerings of feeders and stockers, which was large, were of common inferior quality, only a limited number of choice lots being offered. Trade was good for the best qualities, but slow for inferior lots. Feeders weighing from 600 to 1000 lbs. each sold at the way from \$3.00 to \$3.90 per cwt.; those weighing 800 to 900 lbs., \$3 to \$3.40; stockers of good quality \$2.12 to \$2.50; and inferior from \$2.00 to \$2.50. Distillers bulls, 1000 to 1300 lbs. each, at \$2.75 to \$3.12 1/2 per cwt. and Mayne & Wilson sold a lot of 20, weighing 1000 lbs. each at \$4.12 1/2 per cwt. Medium sold at \$3.50 to \$3.75; common sold at \$3.25 and inferior rough at \$2.50 to \$2.75 per cwt.

There was a liberal supply of milch cows and springers, many of which were of medium to good quality. The demand for them was good and prices ranged from \$20 to \$35 each. The bulk of offerings sold from \$35 to \$45 each.

The demand for real calves was good for all of good to choice quality. Prices ranged from \$3.50 to \$5.25 per cwt. for the general run, with extra choice quality at \$5.30 per cwt.

The run of sheep and lambs was large, over 3000 being sold. Sheep were firm at \$3.00 to \$3.25 per cwt. Lambs sold at \$2.50 to \$3.00 per cwt. The bulk going at about \$4.40 per cwt. While the trade was reported as being good for sheep, the lamb trade was reported as being slow.

Prices of hogs were not large and prices were easy at the decline reported on Saturday last. Mr. Harris reports the quality as not being good, in many instances he had to cull out a large percentage of lean stubble hogs, with little or no fat on them. Price for select was \$3.15, lights and fat \$1.90 per cwt.

Dysentery causes the death of more people than small-pox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera and diarrhoea remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases, both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it to-day. It may save a life. Sold by all druggists.

THREE CHARGES PROVEN

Bribery in North York During the Last Election There.

Four Men Reported, But Judges Do Not Consider That Their Agency Was Established—Argument on Charge That Hon. Mr. Davis Engaged W. J. Robinson, a Reputed Corrupt Practitioner, As His Agent in Sutton, Not Concluded.

Newmarket, Sept. 22.—The second day of the North York election trial was prolific of some result, the petitioner succeeding in proving that bribery was resorted to in three different cases on behalf of Hon. E. J. Davis, but the court ruled that agency had not been established; hence the Minister is not held responsible for the corrupt acts.

Four Men Reported.
Chancellor Boyd and Mr. Justice Teetzel agreed that these charges had been fully established: That Elias Pegg paid his son-in-law, William Rolling, \$5 by dropping it in his buggy and calling attention to the fact.

That Pegg paid Harry Hodge \$6 by dropping it in the stable and telling Hodge "you'll find the money for yourself."

That Pegg paid Henry Stickwood \$2. He handed him the money. Stickwood objecting to the roundabout methods suggested.

It was shown that James Hison got \$2 from Pegg, but nothing was said about the election, and the charge was dismissed.

Pegg, Rolling, Hodge and Stickwood were reported for corrupt acts. The Robinson Charges.

The second charge was much more serious. Mr. Blackstock forged a chain of circumstances to show that one W. J. Robinson, who was reported by the judges as being guilty of a corrupt act in North York, which act resulted in the voiding of the election, was brought into North York, and that he acted as agent for Mr. Davis at Sutton; that he generally assisted in the work of the campaign, and that he was seen in the presence of Mr. Davis and a man named McArdie. The act of personally engaging Robinson is sufficient to unseat Mr. Davis. Here is the section of the act respecting the election of members of the Legislative Assembly, which covers the case:

The Law is the Case.
"If, on the trial of an election petition, any candidate is proved to have personally engaged at the election to which the petition relates, as canvasser or agent in relation to the election, any person, knowing that such person has within eight years been found guilty of any corrupt practice, by a competent legal tribunal or by the report of the judges upon an election petition, the election of such candidate shall be void."

How Davis Shields Himself.
Hon. Mr. Davis shields himself behind his general ignorance of what was going on in North York during the bye-election campaign. He says that he did not know Robinson, and that the man was engaged without his personal knowledge. It was established that Mr. Davis signed the certificate appointing the man his agent at Sutton. And it was conclusively proved that Hon. Mr. Davis was told by Candidate Lennox that such a man was at work in the riding.

A series of point meetings was held, and at one of two of these meetings Mr. Lennox informed Mr. Davis that Robinson, the man reported for corrupt practices in North York, was at work in North York in the interests of the Liberal party. That Mr. Davis heard what is said was indicated by his reply to the speech of his opponent. In that reply, Mr. Davis sought to modify the character of the offence committed by his worker.

Mr. Blackstock's Argument.
Mr. Blackstock presented this case in a lucid and convincing manner, quoting several precedents to show that candidates have been held to have personally engaged workers, even when the actual engagement was not made by the candidate in person. If the personal liability was not conceded by the court in this case, he pointed out, it would be practically impossible to hold a candidate responsible for the corrupt act of any worker.

Mr. Aylesworth has still to put his construction on the meaning of the law that applies to this case. The decision of the court is expected before noon to-day.

Mr. Borden at Stratford.
Stratford, Sept. 22.—Mr. R. L. Borden was accorded a magnificent reception here last evening by the "Conservatives of North Perth. Nearly 2,000 people from this city and surrounding districts assembled at the opera house and the words of Mr. Borden upon the questions of the day were listened to with an enthusiastic interest that found expressions of applause. Mr. Borden's confidence in the outcome of the coming general election as being favorable to the Conservative party was seconded by that of A. F. MacLaren, M.P., as to the result of the fight in North Perth. Mr. Borden undoubtedly made a strong impression.

Engineer on C.P.R. Sentenced.
Winnipeg, Sept. 22.—Engineer Crowell, an engineer running on the Regina division of the C.P.R., was sentenced yesterday morning at Regina to two years in the penitentiary for being intoxicated while on his engine. Crowell was taken off his engine under this charge alone, no accident being at the root of the trouble.

KING PETER I. CROWNED

No Echo of the Regicide Tragedy at the Coronation.

Saluting Guns Increased By Stages Until They Reached 101—Monarch Kissed the Crown and Placed It On His Own Head—Wearing the Crown the New King Rode Through the Streets to the Palace.

Belgrade, Serbia, Sept. 22.—Peter Karageorgievich was crowned King of Serbia yesterday. There were no hostile demonstrations and no attempt to carry out the numerous threats which had been made against the new king's life. In the solemn ritual of the Greek Church and in the elaborate state procession which preceded and followed the coronation the tragedy of Serbia's previous ruler found no echo. Amid the thunder of the saluting guns from the royal palace and the garrison King Alexander's murder was at least outwardly forgotten.

King Peter on Horseback.
Here and in every garrison town of Serbia the dawn of day was marked by a salute of 21 guns and before the sun was well up King Peter, on

horseback, rode out from the palace. The brilliant procession then started for the cathedral through the troop-lined streets. Behind the soldiers were packed dense crowds who in spite of the rainy weather stood patiently awaiting to see the King. The Royal Herald, Cavalry and Life Guards (the Herald bearing the Royal Standard) and carriages with the Montenegro and Serbian princesses, preceded the monarch. Beside King Peter rode his two sons, George and Alexander.

Metropolitan Consecrated Him.
The cathedral was reached shortly after 8 o'clock. There the representatives of the foreign powers, the Cabinet Ministers and others had already been waiting for some time. As King Peter entered the metropolitan consecrated him and more military salutes were fired. The King then took up his position under a canopy where the metropolitan, assisted by many bishops and other clergy, commenced the solemn service. After the prayer the Premier and other ministers handed the crown and regalia to King Peter.

Kissed the Crown.
He kissed the crown, placed it on his head and robed himself in the royal garments. An artillery salute of 101 guns then announced to the people of Belgrade that King Peter had been crowned. The King then took up the crown on his head and fully robed the King left the cathedral, remounted his horse and rode through the crowded streets to the palace. There, in the grand fustal hall, King Peter received the congratulations of the diplomatic corps, ascended the throne and once more took the sceptre and orb in his hands.

MONTREAL'S LATEST BLAZE.

Half a Million Fire Loss in the Wholesale District of City.
Montreal, Sept. 22.—A disastrous fire broke out about 1 o'clock yesterday morning in the block bounded by St. Sulpice, Desbrosses, Leroy and St. Claude streets, near the rear of Notre Dame Church. The block was devoted entirely to the wholesale trade in various lines, and it is estimated that the loss will be \$530,000.

The fire broke out in the premises of the Canadian Hardware Company, midway in the block between St. Sulpice and St. Claude streets, and the five flats were soon a raging furnace. From there the fire spread to the Central Agency's warehouse on the west, and Chaput, Ellis & Co., on the east. The Central Agency is the warehouse of the British Thread Trust, while Chaput's carry one of the largest stocks of groceries and liquors in the city, and occupy a larger warehouse than the other two firms put together. The value of their stock is computed at close to half a million dollars.

The Revised Fire Losses.
A revision of the loss places the total at \$530,000, and the insurance at \$385,000. The losses and insurance are distributed as follows: Chaput, Ellis & Co., loss \$320,000, insured for \$250,000. Canada Hardware Company, loss \$150,000, insurance \$75,000. Hotel Bien, owners of buildings, loss \$50,000, fully covered. Central Agency, loss \$10,000, fully covered.

BATTLE EXPECTED SOON

Kuropatkin Likely to Resist Japanese at Mukden.

Both Armies Have Recovered From Effects of the Fight at Liaoyang and Are Fit—Troops in Touch in Reconnaissance Along Mukden and Fushun Roads—Japanese Failed to Capture Dai Pass—Turning Movement Checked.

Tokio, Sept. 22.—An impression is growing general that an engagement will soon take place at Mukden. Gen. Kuropatkin is evidently preparing to make a determined resistance to any attempt to dispossess him, and is' entrenching and constructing defences. He has an immense force available, but the opinion is expressed that the Japanese would be a more favorable location for defence. The Russians, however, are unwilling to suffer the loss of prestige which would be involved by the abandonment of Mukden. Both armies are now resting and have recovered from the effects of the fight at Liaoyang.

Troops Were in Touch.
A telegram received yesterday from military headquarters in Manchuria says that portions of the Russian troops engaged in reconnaissance while returning from Ping-Tai-tze continued in touch with the Japanese lines along the Mukden and Fushun roads on Sept. 18. There was no fighting.

Japanese Failed to Capture Dai Pass.
St. Petersburg, Sept. 22.—General Kuropatkin, telegraphing under Tuesday's date, declares that the situation at the front is unchanged. He describes an outpost fight Tuesday at Dai Pass, half way between Bentziapuzze and Sintsintin. A Japanese force, consisting of four companies, marched up from Dzian-tchan, twenty-three miles northeast of Saimadzi, and tried to capture the pass and turn the Russian left flank, but the Russians repulsed the attack, and the turning movement was checked by machine guns.

Pushing Northward.
Gen. Kuroki's Headquarters in the Field, via Fusan, Sept. 22.—The Japanese are slowly pushing northward. The outposts are in touch near Ventki, and skirmishes between outposts and patrol parties occur daily. It is believed that the Russians are gathering a force at Ventki, preparatory to making a strong stand for the protection of the coal mines.

Hun River Not Crossed.
St. Petersburg, Sept. 22.—The reports that Gen. Kuroki has crossed the Hun River at Fushun turns out to be false. The Russians strongly hold the road to Fushun and Bentziapuzze. It is pointed out that if the Japanese had occupied Fushun the Russians would have been compelled to evacuate Mukden, since Fushun is nearer to Tie Pass.

Russians Doubt It.
While the despatches to the War Office do not indicate that Field Marshal Oyama's main armies have yet resumed their forward movement, advance detachments of Japanese are feeling out the strength and disposition of the Russian forces.

Mukden Battle News Premature.
The reports that a battle at Mukden is imminent are, however, regarded as premature. All that seems to be definitely established is that Oyama is again essaying to flank Gen. Kuropatkin from the east. His advance forces are seeking to obtain command of the roads leading twenty to thirty miles east of Mukden. Tuesday, they attempted to seize Di Pass, on the road to Fushun, in order to turn the Russian left, but they were repulsed. In addition to the two Russian corps already mobilizing, seven other corps are to be called to the colors.
